

Silly Teen 45

Chapter 45

I didn't know if Uncle Chen could tell that I was lying or not.

He was a police officer and had raised me since I was a child, so he naturally knew me very well. I was not good at lying, so I was really afraid that Uncle Chen would see the flaw in my face. I didn't want Uncle Chen to know that my engagement with Xu Ying was similar in nature to my previous job as a publicist at 1908!

Uncle Chen stared at me.

My persistent denial also left him no choice. He sighed and told me that if Xu Ying said any conditions, I should tell him.

And to this, I was agreeing.

When I went to school early the next morning, Guan Dongxuan had already taken a leave of absence. Originally, it would have been fine to talk to the class president about such a thing as a leave of absence. But Ms. Lin had to announce the news in public during the morning reading. As she said this, she cast her eyes on me.

The look in her eyes clearly meant to ask me if I had forced Guan Dongxuan to take a leave of absence!

I felt the look in Ms. Lin's eyes, and my heart was getting harder and harder. I knew that Ms. Lin's attitude towards me was only getting worse and worse. I had missed class all afternoon yesterday, and she didn't even bother to talk to me!

"Jin Chao, what have you been thinking about all morning? Listen properly to class!" Guo Xuefu was passing me a note. As I looked at the note, I looked in her direction and was met with her very serious eyes.

I was a bit amused and I replied back on the note, "Who told you I wasn't listening?"

She then passed on another note: "Who needs to tell me? I noticed it myself, of course! And why did you miss class yesterday afternoon?"

"I just had a family problem yesterday afternoon! It wasn't a truancy, was it? I said with a deliberate exclamation point for emphasis, with an air of confidence. But if I were to say that to her face, I'm sure I'd be a bit vain.

"Really? I'm a person who is casually more deceitful, but don't lie to me either!" Guo Xuefu's tone was tinged with playfulness.

"Of course it's true."

I responded to her.

It was only with her reminder that I was able to focus on the blackboard and concentrate on the lesson. I already had the basics, and with Guo Xuefu tutoring me after class, in a little while I would be able to

catch up with my current class. I am not like other people, I can concentrate quite well whenever I want to do it.

This is also due to the environment I grew up in. Without friends I had to be focused on my studies. Over time, this also developed into a habit.

“Jinchao, let’s have lunch together at noon. My parents happen to be on a business trip.” Guo Xuefu then said as she walked up beside me.

“That’s fine.” I agreed.

But at this time, Xu Dazhi came up to me, “Brother Chao, are you free at noon? Let’s have a meal together!”

“I’ve promised Xue Fu.”

I then explained to Xu Dazhi.

As soon as Xu Dazhi heard that, he looked at me with a bad smile, “Ya, Brother Chao. Since you and your sister-in-law have made a date, then you guys go ahead and eat. Little one excuses himself!”

“Xu Dazhi, f*ck you. What sister-in-law? It’s unpleasant to hear!” Guo Xuefu snapped, and her face flushed.

“Haha, sister-in-law is blushing.”

Xu Dazhi was still laughing in a good way.

“Xu Dazhi, are you looking for a punch?”

I scolded with a laugh.

“Fine, fine, I won’t say anymore, I’ll leave first.” Xu Dazhi said and was about to run away. But Guo Xuefu, who was listening to his words, blushed and walked away straight away. I hurriedly followed behind her and left right along with her. It was before we left that Xu Dazhi was even winked at me.

I felt Xu Dazhi’s wink and rolled my eyes even more speechlessly.

After Guo Xuefu and I walked out of the school, I asked her where she wanted to eat. She then took me to a fast food restaurant by the school and ordered a few random dishes.

“By the way Jin Chao, how come you and Xu Dazhi have become so close?” Guo Xuefu asked me in a very puzzled manner.

“He’s the one who took the initiative to approach me.”

I explained to her.

I didn’t hold back much in this matter.

I also told Guo Xu Xuefu directly about my impression of Xu Dazhi, and even Guo Xiaoming and Zhao Yangbo in the year section as well. The change in everyone’s attitude towards me was more on Cao Ge’s part. And this relationship also struck me as very unreliable.

“So what do you think about these people?” Guo Xuefu then asked at me.

I said thoughtfully, “I don’t want to have too deep a contact with these people, either. But at this stage, if these people are around me, at least I can be assured that no one will hit on me. I can also settle down to study.”

Guo Xuefu listened to my words and said with a serious nod at me, “Then you must be careful! I don’t want to see you turn into the same person as Guan Dongxuan and the others.”

“Haha, you can rest assured of that.”

I said with a smile and her assurance.

“Hmph, if you dare to turn out to be like them, you’re dead!” Guo Xuefu pouted and squeezed her pink fist, then gave a threatening cry at me.

I couldn’t help but laugh out loud at her words, “You’re even threatening me?”

“Can’t I?”

She asked in return.

“Yes, yes, yes!” I affirmed breathlessly. After we finished eating, I took the thousand yuan Xu Ying had given me last time and came out to settle the bill. She wanted to give me the money, but I insisted that I didn’t want it. She couldn’t pass me, so she had no choice but to agree.

She said to me that she wanted to go home for a lunch break first and asked if I wanted to come along.

I listened to her and froze for a moment.

I hurriedly said no, and she looked at me and couldn’t help but laugh. She then told me that that was all she was saying. She didn’t really want me to go to her house with her. After all, it wasn’t very nice for us to stay alone together.

It was her saying that that was what relieved me this time.

It was after she left that Xu Dazhi suddenly jumped out.

“Chao, why don’t you go with your sister-in-law?” Xu Dazhi then asked at me.

“Xu Dazhi, what are you talking about? There’s nothing between me and Xue Fu!” I hurriedly explained to Xu Dazhi.

But Xu Dazhi had a bad smile on his face, “Brother Chao, don’t say anything, I understand, I understand!”

“What the hell do you understand?”

I said, giving him a blank look.

“Okay, okay, Chao, I won’t get involved in what’s going on between you and your sister-in-law. Bo and the others have already taken up a place for us at the internet cafe, and Cao and the others are there too, so let’s go there together.” Xu Dazhi then said to me.

“Well, first of all, just go over there and play for an hour, you’ll still have to come back to class then!” I said seriously.

“No problem!”

Xu Dazhi agreed to do the same.

But that’s when we got on the machine and were about to start jerking off when suddenly a cop came in
.....
