

Chapter 47

Cao Ge's sudden words were more than enough to give me a moment of consternation. I didn't know whether I should believe him or not, but from his point of view, there was absolutely no need for him to lie to me again. When I was trying to save Guo Xuefu and clashed with Cao Ge, Cao Ge's little brother was on the sidelines saying that it was Guo Xuefu who had seduced Cao Ge.

And after that, I just ignored this remark of theirs as if it was a whisper. But at this point Cao Ge's rehashing of the old story was making me feel that things, seemed to be a bit different from what I had imagined!

"Chao, this is the most faithful advice I can give you, but if you don't listen to me, there's nothing I can do." Cao Ge said, just spitting out a smoke ring: "Anyway, anyway, you really need to pay attention to this woman! I'm very serious about this statement, and I'm not joking with you either!"

"I understand."

I said with a nod of my head.

"Alright, you go back to school first. I'll take up the machine for you at the end of the school night, come over and play a few games before you go back." Cao Ge and I said, also watching our departure.

The internet cafe was not far from the school, only five or six minutes away at most. We spent most of the way back discussing the results of the battle we had just fought. As for Guan Dongxuan's abduction, we didn't let everyone know about it. As for those people like Guo Xiaoming and Zhao Yangbo, they still didn't know about it.

When they saw that I didn't say much, they thought it was because I didn't play very well at noon and blamed myself for pitting them. They then came up and relieved me, telling me not to be so concerned. After all, I had only been exposed to LOL for just over nine hours plus my lunch time, and to be at this level was good enough.

But they didn't know that I didn't talk much, not because of the noon game, but because of Guan Dongxuan and also because of Guo Xuefu.

When I arrived at school, Guo Xuefu's whole body was slumped over his desk, looking listless.

I came in through the back door.

And it was when I passed the hygiene corner that I saw the two boxes of cakes that Guo Xuefu had thrown into the rubbish bin. When she saw my approach, she even tilted her head to the side, not wanting to see me at all. I took the initiative to go over and talk to her, but she simply ignored me.

We came back just as class was about to start, so I listened to the bell ringing outside and sat back in my seat.

The teacher on stage was spouting off, but I couldn't listen to her. My seat was at the front, but Guo Xuefu's seat was closer to the lectern than mine. I looked at her from time to time, and she too looked listless and in no mood to listen to the lesson.

“Xuefu, what’s wrong with you lying on your desk?” The teacher also asked at her with concern.

“It’s just that my stomach is a bit uncomfortable.” Guo Xuefu gave an explanation. Her feeble appearance convinced the teacher even more.

“Then should we go to the infirmary first?” The teacher even deliberately paused the class for a while for her sake.

“No need teacher.”

Guo Xuefu said, shaking her head.

As soon as the teacher heard that, she continued with the lesson. Then, from the back, Xu Dazhi passed me a note: “Brother Chao, is sister-in-law still angry with you?”

I sighed and as the note came back, “Eh, go find her after class and apologise to her.”

“Go for it then, Chao.” Xu Dazhi even spent a smiley face at the end, but as I watched, why did it feel so unkind?

That is, after the teacher left the classroom, I was rushing to Guo Xuefu’s voice. But Guo Xuefu looked at my arrival, but straight away she got up, turned around and left the classroom. I followed after her. She turned her head to look at me with some impatience and questioned me.

“Jin Chao, what are you doing following me?”

I listened to her words and was embarrassed: “Xue Fu, about what happened at noon, I want to explain to you.”

“There’s nothing to explain!”

Guo Xuefu said.

She dropped this sentence and turned around to leave, not giving me a chance. I looked at her back and thought about it, but followed her.

“Why are you still following me?”

Guo Xuefu’s brow furrowed for a moment.

“Xuefu, listen to my explanation. I came out of the internet cafe at noon, it’s not what you think.” I hurriedly spoke to her.

But she looked at me with an indifferent expression: “You came out of the Internet cafe because of what exactly, and what does it have to do with me? Why are you explaining so much to me? I didn’t misunderstand anything, and I don’t want to. Jin Chao, if you don’t have anything else, I’ll go to the toilet first.”

Her words were clearly asking me not to follow her over. And as I looked at her words, my heart felt even harder.

She was the only person I counted as a friend in this school. But the look in her eyes at this moment was the same as the disappointment Ms. Lin had for me.

Xu Dazhi walked up to me and asked me, "How's it going, Chao? Has your sister-in-law still not forgiven you?"

I sighed and walked back, "Okay, Xu Dazhi, don't mind calling Xue Fu your sister-in-law. It wouldn't be good if people misunderstood you later."

Xu Dazhi looked at my low mood and had no choice but to go along with my wishes.

But when I was about to walk back to the classroom, Chen Xuan'er, my class monitor, came towards me. She told me that Mr. Lin was looking for me, and as soon as I heard that, I headed for the office.

I already had an answer in my mind as to why Ms. Lin was looking for me.

After Ms. Lin looked at me, she took me to the corridor of the office: "Jin Chao, do you know what your teacher wants to see you about?"

I asked with a nod, "Is it because of the kidnapping of Guan Dongxuan?"

A look of surprise flashed across Teacher Lin's eyes, and then her face turned even darker, "How did you know about this?"

Faced with her question, I was telling her roughly what had happened at noon. I didn't hide the fact that I had gone to an internet cafe, mainly because I was afraid that if I didn't make it clear, she would not believe my words.

"Then the teacher asks you, this matter of Guan Dongxuan being kidnapped, did you have any involvement in it?" Teacher Lin asked in a very serious manner.

"No!"

I said underhandedly.

I explained to her that there was absolutely no need for me to do so. At this juncture, I had a conflict with Guan Dongxuan. There was definitely no way I could do that, after all, with something like this happening, it would undoubtedly lead the spearhead towards me. I wasn't so stupid as to not even have this bit of common sense.

"Teacher Lin, my words are right here. If you don't believe me, there's nothing I can do." I said helplessly.

"Well, with something like this happening, the teacher needs to understand clearly too." Teacher Lin's attitude was flat.

"Well, you go back to class first."

I listened to her words and was turning around to walk in the direction of the class.

But just as I was about to walk to the classroom door, my mobile phone, suddenly, rang!

It was a call from Xu Ying!
