

Silly Teen 49

## Chapter 49

I listened to Xu Ying's words and was frozen for a moment. Didn't Xu Ying say earlier that she had found Guan Dongxuan because of me? How could she say that now? And this made me feel that something was wrong. While we were talking, two men suddenly surrounded us with steel pipes in their hands.

Xu Ying also noticed the other side.

Her face changed and the bag she was carrying was suddenly thrown at me. She then turned around and dealt with the two of them. The last time I saw Xu Ying do it was yesterday, when I watched her insert a blade into Guan Dongxuan's father's thigh.

Even before, I had always felt that she was more of a 'vase' level character. She had her own set of tips when it came to seducing men. But at this point, I was no longer daring to think so when I looked at her.

How good she is and when she learned ..... her skills I don't know! But I looked at her at this time, but I felt that if I clashed with her head on, I would have been held down by her in just ten seconds!

The two robbers beside us, who looked somewhat fierce, were no match for her.

"That's the level?" Xu Ying was gently clapping her hands after settling the two, with complete contempt.

"I'll leave the rest to you guys. I don't want anyone else coming over out of nowhere!" Xu Ying's words were more of a warning to those socialites on the side.

"Sister Xu, don't worry."

They also agreed.

And then Xu Ying took us out of the factory, and she took the bag from my hand, "Right Jin Chao, I see the way you look, is there something you want to say to me?"

I could only say stiffly, "Manager Xu, even if you take Guan Dongxuan away, can you bring him to school before 10pm? I'm still waiting for him, to turn in with the teacher."

"Ten o'clock, huh?" Xu Ying listened to my words and was showing a thoughtful look, "It should be in time."

"Manager Xu, I must have this before ten o'clock ah, otherwise my teacher will have to call the police." I said to her awkwardly. I also knew that Xu Ying must have something more important to do with Guan Dongxuan than me. But I didn't want to see the look of hatred that Ms. Lin gave me even less.

"What are you afraid of by calling the police? It's not like you kidnapped Guan Dongxuan." Xu Ying asked instead, rhetorically.

"But I'll be in a lot of trouble."

I said hastily.

“Alright then, I’ll get things sorted out as soon as possible. You just wait for my call at school dad.” That was all Xu Ying said. And I could only agree to it. She drove the car and just dropped me off by the school. Because I hadn’t brought Guan Dongxuan back yet, I didn’t dare to go back to school.

With the time now, it was just the end of the second period in school, and Xu Dazhi and the others hadn’t finished school yet.

It was this point in time that I had to contact Cao Ge. And Cao Ge was the one who told me that he was still playing games at the internet cafe and let me go over there. After I went over, whether it was the internet fee or the money for drinks, it was all paid for by Cao Ge for me.

“Brother Chao, why did you come over so early?” That was what Cao Ge called me when there were only a few of us.

“Just went to settle the matter of Guan Dongxuan.” I sat down beside him, “Brother Cao, you don’t have to call me Chao one moment and Chao the next. Just call me Chao all the time, I feel quite awkward hearing you call me Brother Chao.”

Brother Cao laughed out loud instead.

“What’s so awkward about it?”

“It’s just awkward.”

I didn’t explain too much.

“Then I’ll really call you Chao from now on, as long as you don’t mind.” Cao Ge then said to me, and to that I came down with a nod of affirmation. For the height of our identities, even if Cao didn’t care that I called him ‘Chao’, he must have been able to tell the difference.

He must have gotten a corresponding benefit from Xu Ying because of me. But what exactly the benefit was, I don’t know.

Cao Ge opened a five black, and took me along to play matchmaking. At first I didn’t know the rhythm and still listened to Cao Ge’s command. But later on I gradually figured out the ropes and even without Cao Ge saying much, I knew when and what to do.

We played LOL in the internet cafe until after 8pm.

In the process, Xu Dazhi and Zhao Yangbo and the others also came to the internet cafe. But our five blacks had already formed, and they came over and had to be the ones to start a new team. And in the mechanism of LOL, five black, matching is also basically five black lineup, the biggest words to ensure the fairness of the game.

The four of them are all gold or above, taking me a newbie who has only just entered the pit, which makes it even more difficult.

“Walk, flat A, turn around and throw Q, W slow, big move!” Cao Ge was already dead, but he was directing me from one side of me.

“Crap, I single-killed him!”

I said excitedly.

“Haha, Chao, your level still needs to be improved. But as far as handling is concerned, it’s at least Silver 1 or above. After teaching you some more time, you’ll totally be able to take a number and team up with us to fight the gold tiles.” Cao Ge’s words were a great affirmation to me.

“Mmm!”

I nodded solemnly.

In the past, there wasn’t really anything else that I could be affirmed by other people, except in my studies. And the affirmation from Cao Ge and the others was certainly a great encouragement to me. And it was on this game that I found my confidence, and another one besides my studies!

“I feel like they’re stealing the big dragon, Chao, hurry up and speed over to check it out.” Cao Ge reminded me.

I didn’t think much of it, so I did as he said. Sure enough, just as Cao Ge had said, the five of them were really surrounding the Grand Dragon pool, preparing to kill the Grand Dragon. My position was just outside the wall of the dragon pool. I put an eye down, but then drained it for them.

“Chao, come back, we can’t get there in time, so why don’t we just release the big dragon.” Cao Ge then said to me in the ensuing.

I, however, had my own ideas.

The earlier eye position was already showing me the blood level of the big dragon, and I calculated the approximate number of seconds by excluding the damage done to the big dragon before the eye position. As soon as the time was up, I went straight for the E of the barrel and flipped down the dragon pool. The Dragon just happened to have the last 500 points of blood left, so I went down with a Punish and the Dragon was in hand.

The people on the other side of the table were obviously frozen for a moment as I robbed them of the Dragon.

I then placed a small barrel on the ground, and blew back the ADC who was running, and solved two more bloodied ones who had no more than 500 blood left, and replaced the ADC, completing a wave of three kills.

And my action was directly what made Cao Ge and the others blow up straight away. They made so much noise that even the whole internet cafe could hear it!

“What’s going on?” Zhao Yangbo was on the opposite side and hurriedly asked.
