

Silly Teen 53

Chapter 53

“What’s wrong Chao?” Xu Dazhi asked, puzzled, as he watched me stand up.

“I’m going out to check.”

I said and walked out.

Xu Dazhi and the others were a little puzzled, but didn’t follow. By the time I got to the entrance of the milk tea shop, but I could no longer see the figure from earlier. I searched around for them, but I couldn’t find them either. I was not sure if what I had just seen was Guan Dongxuan or not.

In the short time I had been out, where could the figure I had just seen have gone? I don’t know!

“Brother Chao, what did you just go out for?”

Xu Dazhi asked at me.

“It’s just that I just saw a man who kind of looked like Guan Dongxuan, so I went out to take a look.” I explained and sat down as well.

“Hasn’t Guan Dongxuan been on leave for over a week now?” Xu Dazhi still didn’t know exactly what had happened to Guan Dongxuan.

“What’s wrong with him, and he’s taken off work for so long?”

Guo Xiaoming asked instead.

“Who knows? Nine times out of ten, it’s because he knew he couldn’t handle Chao and simply didn’t come to school. Didn’t want to lose this person either.” Xu Dazhi said contemptuously instead. Before, Guan Dongxuan was not very good to Xu Dazhi, but he was not bad at all, and he would take him with him when he had anything to do.

But now, after Guan Dongxuan had been stepped on by me, Xu Dazhi had such an attitude.

Although I despised him very much in my heart, I didn’t show it.

“Haha, it’s possible!”

Zhao Yangbo’s little brother also said.

“Forget it, this is all irrelevant. Let’s hurry up and get on with the discussion.” I was using the matter of discussing the plan to change the topic of the crowd. I didn’t want to go any further on this topic, either. We stayed in the milk tea shop for almost two hours until it was almost time for class, and we also settled on a preliminary plan.

Although we thought about it on all fronts and came up with a more thoughtful plan. But I instinctively still had some reluctance to use it. Just because following this plan would not be the equivalent of cheating Guo Xue-fu?

Even if things did turn out the way we wanted them to, and Guo Xuefu's attitude towards me improved, then I certainly wouldn't be happy.

When we arrived at school in the afternoon, Guan Dongxuan still hadn't shown up.

I tried calling Xu Ying, but her mobile phone was simply switched off, and I didn't know what the reason was. I sat in my seat and looked in the direction of Guo Xuefu. She felt my eyes, but glanced back at me and turned her head to continue listening to the lesson.

With a long sigh, I opened the book and translated what the teacher said into notes in the book.

The technical school's Qin Shou and the others only had to have two classes in the afternoon, that is, before we were out of school, and they started setting up.

"Chao, the beast is ready at their end." It was right after class ended that Zhao Yangbo texted me.

"Good!" I replied.

"Brother Chao, let's go." Xu Dazhi laughed and it was that he and I were ready to leave the school together.

But it was before we were about to leave that Guo Xuefu was walking past us. She was carrying her school bag and she totally just looked like she didn't see me. And as I looked at her back, there was an indescribable feeling in my heart.

"Let's go Chao, what are you still standing there for?" Xu Dazhi then urged at me.

"Oh, let's go." I responded.

The two of us, Xu Dazhi and I, headed out the door, while Zhao Yangbo and the others gathered outside the school with me. I didn't want to be noticed by Guo Xuefu because I had a large group of people with me, so she would notice something in advance.

"Brother Chao, the beasts are already in ambush." Zhao Yangbo looked at me and confirmed with me.

"Then let's just about go over." I said in a very even tone, but I was also in a tense mood.

But it was when we were about to arrive nearby that Qin Shou and the others suddenly sent a text message saying that something had happened. When Zhao Yangbo took a look, he hurriedly called back and asked them what was going on. Qin Shou on the other end of the line explained anxiously that there was a massive armed fight near their ambush.

According to this situation, our plan, at all, could not be carried out.

We told Qin Shou and the four of them to rush back, but they were in a very awkward position, right at the radiant centre of the armed fight. Those were all social people. The beast and the others, at this point, were making themselves look like sociopaths in order to carry out their plan. If they were to go out of the alleyway, they would definitely be caught up in the incident.

I listened to the suddenness of the situation and just had a pang in my head.

“Bo, you guys hurry up and contact Cao and the others, tell Cao and the others to hurry up and come over!” I said hurriedly.

“What about you, Chao?”

“I’ll go over and take a look first!”

“But it’s too dangerous for you to go over alone!” Zhao Yangbo was also a bit worried and said.

“But if so many of us go over, what do you think they’ll think of us as? If we all get involved, won’t things get even more troublesome?” I said looking back at Zhao Yangbo’s.

“That’s true.”

“Chao, you’d better stay here, I’ll go over and have a look.” Xu Dazhi seemed to say so to show his attitude towards me.

But I shook my head.

“No need. This matter is, by its fundamental nature, because of me. It is enough for me to go there.”

I turned around and headed in the direction of Qin Shou and the others, and when Zhao Yangbo and the others saw that they could not stop me, they could only let me go. They went to contact Cao Ge, while I went over to have a look.

But when I arrived nearby, I found that it was not what Qin Shou and the others had said. There wasn’t an armed fight between two groups of people, but a gang of people beating up one man! And a bald guy covered in tattoos!

“Brother Chao.” Qin Shou and the others hastily called out as they watched my arrival.

“What’s going on here?”

I asked hurriedly.

“We don’t know either. We were standing here and suddenly a large group of people came after us and started a fight right here.” Qin Shou, who was also looking at the centre of the armed fight, said to me.

“Then why didn’t you even call 110?” I questioned them.

“Panicked for a bit and forgot!”

Qin Shou said awkwardly.

I looked at the bald head who was surrounded in the centre met tedium. With him alone, he was no match for these twenty or so people. Although I was a bit disgusted with the twenty or so of them bullying one. But these are all social aspects, how am I, a student, supposed to intervene?

It would be nice if I could help to call the police!

But when we were about to leave, I felt that something was wrong.

It seemed like there were some of Xu Ying’s people among those 20 or so people!
