

Silly Teen 63

Chapter 63

Guo Xiaoming is a total loudmouth, if he knew I was here to buy sanitary napkins, then Zhao Yangbo and his gang would basically know. And if Zhao Yangbo knew, Xu Dazhi would definitely know too. If Xu Dazhi knew, our class would know that I was buying sanitary napkins.

My head was full of black lines, and I hurriedly hid the things in my hands, under my clothes, so that he wouldn't see them.

"Hey, what are you doing!"

The cashier at the front desk was looking at me warily.

"Nope, not doing anything." I smiled dryly and all I could do was take the tampons out again.

"Holy sh*t I'm a big grass! Chao, you came to buy sanitary napkins?" Guo Xiaoming looked at me in surprise.

"Hahahaha, Chao, you actually came to buy sanitary napkins!" Guo Xiaoming was even covering his stomach in laughter. There were not many people at the side, but I was also very embarrassed by his laughter. Because of his downward birth, the waiter at the side was also looking in our direction.

There was something odd in the waitress' eyes. And the look in her eyes made me feel even more embarrassed inside.

"Okay, okay, can you stop laughing? Several people are watching!" I whispered to Guo Xiaoming.

And as soon as Guo Xiaoming heard that, she stopped laughing, "Right Chao, you came to buy sanitary napkins, surely it's because of your sister-in-law, right?"

"It's just a friend."

I checked out at the cashier.

"Just a friend and let you come to buy sanitary warp? Holy sh*t, this kind of friend can develop well!" Guo Fu Ming looked at me in amazement. As if this was some great big deal.

"What the hell! It's not like I want anything between me and her." I said with a blank look at Guo Xiaoming. I took a black plastic bag from the cashier's hand and walked out, ignoring Guo Xiaoming behind me. When Guo Xiaoming saw that I didn't wait for him to settle the bill and didn't even want what was in my hand, he hurriedly chased after me.

He followed me.

But I was even more speechless as I tried to shake him off.

"What are you still following me for?"

"It just so happens that I'm fine, too, Chao."

Guo explained just like that.

“Why are you following me if you’re fine to go home? I’ve got things to do later!” I looked back at him and spoke to him very seriously.

“Oh, I understand I understand!” Guo Xiaoming said with a bad smile, “Then I’ll leave first?”

I gave him a blank look and cursed with a smile, “Get lost and hurry up.” Hearing my words, Guo Xiaoming turned around and left with a smile. I made sure that Guo Xiaoming left before I went upstairs. I stood at the door of the toilet and looked around, but I didn’t see Ouyang Xiaxue’s figure.

I was a bit puzzled, I had clearly asked her to wait for me here, where had she gone all of a sudden?

“Xiaxue?” I called out from the doorway.

“I, I’m in there.”

Her voice came out of the toilet.

“You come out and get it. I didn’t know which brand you were going to use, so I stopped by the shelves and grabbed a few extra packs of the smaller ones.” I explained. But it was between my words that she still showed no sign of coming out from inside. I stood in the doorway, not daring to also look inside the toilet as hard as the perverts did.

I was standing in front of the ladies’ room and I didn’t want to be mistaken for anything else!

“Jin Chao, can you bring it in for me for a moment?” Ouyang Xiaxue’s voice came out weakly from inside.

“I bring it in?”

“Yes. I can’t leave now.”

Her voice was tinged with embarrassment.

“But”

I said, was looking around. Since this was the corner of the mall, not many people usually walked here either. Plus it wasn’t the peak time of the mall, I stood in the doorway for a minute and still didn’t see any other people. I was beating my head against the wall and was hesitant to go in.

“Well, I’m coming in!” I gritted my teeth and stepped into the middle of the ladies’ room.

The toilets in the mall were not compared to the toilets in the school. When I walked in, I could even ask for a faint scent. Inside was a row of separate cubicles with a sink and mirror at the front. The orange light coming down from above accentuated my reflection in the mirror.

My mood grew more and more tense.

“Where are you?” I asked.

“In here”

Ouyang Xixue was quietly opening a slit. From my angle, I couldn't even see inside. Instead, I carefully handed the plastic bag in my hand to her. Her silky and delicate little hand touched me inadvertently, which made me even more nervous.

"Ah!" A sudden shriek came from the toilet door, directly to me.

'Clang-'

My body accidentally bumped the door on the side, and Ouyang Xixue's appearance inside was exposed to my view in a flash.

"I... I didn't mean to!" I hurriedly turned around, and then explained to Ouyang Xixue.

"It's alright, since someone is here, you should hurry up and go out first." Ouyang Xixue's face, too, turned red all of a sudden.

I listened to her words and was rushing to walk out with my head down. I didn't dare to look at that woman's face at all. If I did, I was afraid I would be even more embarrassed. And it was when I passed by that woman that I smelled a perfume, very faint, but very charming.

This kind of perfume, I had only smelled on Xu Ying's body. Just asking once made it unforgettable for me.

"Wait, where are you going?"

The woman spoke to me abruptly.

I turned my head to look, but I froze in my tracks for a raw moment. How could I have ever imagined that I could be here on top of her!

"Jinchao, you're not just learning badly now. You even dare to enter the ladies' room in the mall?" She looked at me very seriously.

"I'm just helping my friend deliver something and I don't want to" I said with a bitter laugh.

"Anyway, you're wearing our school's school trousers. It would be a disgrace to our school if people saw that. Have you thought about that?" She said and asked me with a 'very serious consequences' tone.

"Jinchao, what's wrong?"

Ouyang Xixue asked me.

"It's nothing, I just ran into my class teacher." I explained to Ouyang Xixue.

"When I come to class next Monday, I want to see your review on the podium." Teacher Lin said to me with a stern face then.

"Teacher Lin, it's not that serious!"

I asked hastily.

I had a reason for this!

“It’s a matter of nature and I don’t want to repeat it again.” Teacher Lin said and was about to head for the toilet.

“Teacher Lin, Guan Dongxuan is already back, can you stop taking it so personally?” I couldn’t get angry at all in the face of Teacher Lin. It was just more of a chagrin in my heart.

“He’s back?”
