Chapter 81

Fatty Zhu's boys, looking at me standing beside them with a side of spring in my step, had expressions so wonderful they didn't know how to describe it! They must have sensed that things were bad, so they didn't ask Cao Ge and Brother Ah Chang what they were doing here, so they just said that Fatty Zhu wasn't there.

Cao Ge looked at them lazily and also handed me a cigarette in front of them, showing my importance first

"Oh, Fatty Zhu isn't here? Where's he gone!" Cao Ge then asked at them.

"Just, it's just that there's a temporary matter at my sister-in-law's end, so I asked Zhu to go over there." Fatty Zhu's little brother hurriedly explained.

"Then you guys hurry up and call him back."

Cao Ge said almost like an order.

As soon as Fatty Zhu's little brother heard this, he hesitated for a moment, but still walked to the side and took his mobile phone to make a call. But whether he was calling Fatty Zhu or not, I didn't know. We were some distance away, and we couldn't hear what he was saying at all. And between his words, he couldn't stop looking in our direction.

It seemed that, in his eyes, there was a certain amount of caution and panic. It seemed that they too felt that their actions last night had barrelled out the basket!

"Brother Cao, Brother Zhu really can't get away right now. Otherwise you can come back in a couple of days to look for him?" Fatty Zhu's little brother walked back in an embarrassed manner.

"Can't get away? Sh*t! Fatty Zhu thinks he's the boss of hundreds of thousands of dollars a minute, and he still can't get away, who are you bluffing?"

Cao Ge said with great displeasure.

"Brother Cao, please calm down first. Brother Zhu really can't leave, he doesn't mean to be perfunctory."

Fatty Zhu's little brother then hurriedly said.

"I didn't say he was trying to perfunctory me either, why are you guys so nervous?" Cao Ge then asked rhetorically. But when his words came out, it caused Fatty Zhu's junior disciple who stood out to speak to be speechless. I was afraid that Fatty Zhu's little brother had already told Fatty Zhu about the situation here by bending the needle, so that Fatty Zhu did not dare to appear.

Or maybe Fatty Zhu was in some hospital right now, examining his crotch, which I had kicked one after another!

"I don't care what Fatty Zhu is daring! Get him over here right now, right now, right now!" Cao Ge bellowed solemnly.

“Didn’t you hear what Cao Ge said? Hurry up!” Achang, who was on the side, then stepped forward and said.

“If Fatty Zhu doesn’t show up in half an hour, your place will be overrun by the rest of us! If I say something, I’ll do it, and it’s not like you guys don’t know my temper.” Cao Ge exhaled a smoke ring and sneered at them.

Cao Ge’s words even made their faces look embarrassed.

“Brother Cao, aren’t you making it difficult for us, the junior disciples?” Fatty Zhu’s little brother said with a face full of bitterness.

“Then when you guys made your move against Ah Chao, did you not think about now!” Cao Ge yelled right at them with a stern face.

“This

Those minions of Fatty Zhu didn’t know how to respond. By my thinking, they must not have thought that I would be taken so seriously at Cao Ge’s end before they did it last night! They must have thought that just me, a high school student, must be a dispensable figure on Cao Ge’s side!

“Hurry up and get Fatty Zhu back to me, I won’t repeat it for the third time!” Cao Ge’s tone was all but unquestionable.

Along with Cao Ge’s words, they even realized the seriousness of the matter. The little brother who had come forward to speak hurriedly went to the side and made another call. He didn’t have to call for long, but then he came back: “Brother Cao, Brother Zhu said he would be back in a while.”

“How long is a while?”

Cao Ge asked in a condescending tone instead.

“An hour at most mainly because he’s really in a hurry right now, otherwise he would have come over by now.” Fatty Zhu’s little brother said.

“Then give me the phone and I’ll talk to him. Chang and I have come to the door, only for him to make me wait for him for another hour? One hour is enough time for me to tear your venue apart!” Cao said without giving any face at all. He took the phone right from Fatty Zhu’s little brother’s hand.

And the first words Cao Ge spoke to Fatty Zhu after answering the phone made the atmosphere even more tense: “Fatty Zhu, I don’t care where your people are now. Show up in fifteen minutes! Otherwise, after fifteen minutes, I will start to partly smash up your venue!”

I didn’t know what Fatty Zhu was saying on the other end of the phone, but I heard Cao Ge say in a very serious voice, “I, Cao Ge, will do what I say!”

Under the tense atmosphere, Cao Ge hung up the phone. He handed the phone back to Fatty Zhu’s boys and with a “Go!” and led us into Fatty Zhu’s place with him. Fatty Zhu’s boys looked at this scene and did not dare to stop anything.

Fatty Zhu's mahjong hall was basically the only hall in the village, with a large area. If you want to play mahjong near you, you have to come to his place.

It was between us walking in that those people in the venue looked at us and got even more nervous.

"Everybody get out!" Cao Ge then bellowed at the 40 or 50 good people in the hall. Fatty Zhu's boys were standing by to stop them, but it was too late. A group of villagers in the venue who were afraid of causing trouble left the place at the first opportunity, even before they had even settled the venue fee.

"Brother Cao, aren't you going too far with this? How much you've cost us directly!"

"None of my business! I had already given Fatty Zhu face enough before, and held back my heart and smiled with him. But you guys are really touching my brow this time! No matter what, I came here today to get a statement!" Cao Ge took a seat to the side and said in a direct manner.

"Thirteen minutes left, tell Fatty Zhu to watch his own time." Cao said as soon as he lit the cigarette on his mouth.

"Ah Chao, Ah Chang, you all don't stand around either, sit down!" Cao Ge then led us, sitting very calmly amidst this panic, just waiting for Fatty Zhu to return. And the flow of customers in the venue made Fatty Zhu's minions even more anxious.

Seeing that after another ten minutes, Cao Ge still had not seen Fatty Zhu's figure, he was even more impatient.

He urged Fatty Zhu's little brother.

And Fatty Zhu's little brothers, too, kept calling. They kept saying that Fatty Zhu would be coming soon, but in the blink of an eye, fifteen minutes would soon be up. Cao Ge looked at the time and stood up in a flash: "Brothers all get ready, first one district at a time!"

"Brother Cao, don't be impulsive yet! Brother Zhu is already at the entrance of the village!" Fatty Zhu's junior brothers hurriedly stepped forward to stop him.

"Oh, it's none of my business at the entrance of the village!" With a cold cry, Cao gave an order to the crowd, "If you're not here, you're not here! Brothers, do it, smash the shop!"
