

Silly Teen 86

Chapter 86

As if pretending not to see me, Ms Lin got up and greeted Xu Ying. She looked at my arrival and was surprised too.

I was even more nervous inside.

But Xu Ying was calm as she sat right across from Ms Lin. She greeted Ms Lin first and confirmed her identity. It was the first time they had met and Ms Lin introduced herself, while Xu Ying did explain, "This is my cousin."

Ms Lin was aware of my family situation.

She had probably guessed that this so-called cousin of mine was a fake, but she didn't break me down.

Xu Ying took me to sit down with her.

Not wanting to waste time, Ms Lin cut to the chase.

She pulled out a pile of photos from her bag, full of various room types, and listened to the two of them talk. I was a bit puzzled what was Xu Ying doing buying a house?

And still buy with Mr. Lin!

With Xu Ying's understanding of me, she couldn't possibly not know that Mr. Lin is my class teacher!

From the photos, this is all the kind of high-class real estate, garden villas and buildings within buildings.

After introducing the information on these properties, Mr. Lin casually came up with the comment that all these houses were sold for a friend.

I was even more puzzled.

How did Ms. Lin, a teacher with a salary of over 3,000, come into contact with such rich friends? Could it be her boyfriend?

Xu Ying said while holding a red wine in one hand and nodding frequently, "It doesn't matter to me, it's mainly because my boss is good at saving face and wants to buy a small flat, or as an investment waiting for appreciation."

"Then my friend's house will perfectly meet your requirements." Mr. Lin said.

Xu Ying then poured a glass of wine for Ms. Lin: "Just talking, come Ms. Lin, have a drink."

Originally, Ms. Lin was not a strong drinker, but seeing that this business was about to be completed, she could not be offended, so she had to drink a glass of wine with Xu Ying.

Xu Ying then asked a few more questions. Such as traffic problems, what schools are nearby, hospitals make it sound like you really want to buy a house! In the end, she actually shelled out 10,000 yuan as a deposit and settled on a high-rise flat.

Lin teacher took a look at Xu Ying so bashful, also some excitement, “actually do not have to do so house you have not yet seen it, you will either we go to see the house first, I have the key.”

Xu Ying waved his hand and said, “It doesn’t matter, anyway, almost, set one in advance, come we finish the wine.”

Throughout the whole process, from the beginning to the end, Ms Lin and I didn’t say anything about us being ‘teacher and student’!

If she didn’t say anything, I couldn’t say anything either!

And as soon as Ms Lin saw that she still had to drink, she was a bit worried about her stomach and went to the bathroom first.

Just as she left on the first foot, I saw Xu Ying secretly take out a red pill in her bag and put it inside Teacher Lin’s wine.

“Manager Xu, what are you doing?” I was a little surprised and wondered what she meant.

Xu Ying made a shushing gesture and whispered to me, “Stay out of it, you’ll get your money’s worth later.”

When Mr. Lin came back from the bathroom, Xu Ying lifted the glass of wine in her hand and indicated that this was the last one for Mr. Lin. Lin had no choice but to drink the wine. Before she left, she left an address and welcomed Xu Ying to come over to see the house at any time.

She said so and then left.

Xu Ying didn’t stop either!

“Manager Xu, is it hard for you to really want to buy a house?” I asked at her.

“Don’t worry so much about that. Eat the food on the table and let’s get out of here!”

Xu Ying said flatly instead.

After eating, I talked to Xu Ying again. Xu Ying said it was about time and took me away. I thought it was to take me home, but the direction Xu Ying’s BMW drove was a bit unfamiliar to me, and I soon arrived in an isolated neighborhood.

I remembered what Xu Ying had said on the phone this afternoon, and it became even clearer in my mind what she had brought me here for.

I didn’t ask too many questions and followed her up to the thirteenth floor. As Xu Ying took out her keys and opened the door, she said to herself, “It should be about time, right? It’s been forty minutes.”

She took out a key and opened the door straight away.

That didn’t surprise me.

She told me to go in first, she had some stuff in the car that she hadn’t brought over.

I knew, of course, that this was just an excuse on her part. I walked into the room, the flat was quite small and there was a light on in the direction of the bathroom, I followed the direction of the light and there seemed to be a voice inside, stammering.

I knocked on the door and no one answered.

The bathroom door was unlocked and a strange sound came out of the door. It was not loud, but the sound was more than a little ambiguous!

I pushed the door in as soon as I could, only to see an incomparably exposed woman appearing in front of me, soaking in the bathtub, covered in foam, her face a little flushed, her mouth saying, "Well, it's Jin Chao ah, you come over here teacher so hard."

My sudden dumbfounded.

I could never have imagined that what I saw here, was actually Teacher Lin!

"Teacher Lin, what's wrong with you?" I hurriedly asked, secretly feeling in my heart that this matter, must be related to Xu Ying! That red pill from earlier was the culprit that made Teacher Lin look like this!

I looked at Ms. Lin anxiously.

But she lost her senses, and with a pair of soft hands, she wrapped them around my body: "Jin Chao, will you help teacher? The teacher is going to not be able to take it anymore!"

My face brushed up hot and red.

Sweat rose up inside my palms, not knowing what to do.

When Teacher Lin saw me standing there dumbfounded, her tone became even softer: "Good Jinchao, hurry up even if Teacher begs you."

I was a burst of scalp tingling.

Teacher Lin was like this, how could I lay hands on her? Besides, she was simply my teacher! And also before that, had helped me a lot!

That's all the more reason for me not to!

"Jinchao, what are you thinking about now?" Teacher Lin grabbed my hand and placed it on her chest, her skin was particularly smooth, my body went through an electric shock and my whole body stiffened in place, allowing her to play with my hand as she took it and stroked it all over her body.

My hair stood on end especially when I touched my chest.

She asked me again, "Jinchao, don't you want to have sex with your teacher"

"Teacher Lin, don't do that!" I shook my head hurriedly.

But she stood up from the bathtub, flawlessly white, with two slender thighs, this woman who usually stood tall, now stood in front of me as naked as a D woman

And today's scene was something I had never dreamed of.

Ms. Lin started touching my pectoral muscles, gagging as she did so, and then ripped off my jacket as soon as she could. I resisted, and it was between our pulling and tugging that my buttons popped open due to the force.

She started kissing right up against my neck and even nibbled lightly on my earlobe with her teeth, the aroma from her mouth puffed up next to my face as she sputtered, "Good girl Jinchao you just don't resist, I'm really hard!"
