

Silly Teen 90

Chapter 90

In the empty classroom, I sat alone in my seat. I was the first to arrive at school. The old me, sitting here, was a model of a third-best student. But at this time, I was burdened with the stigma of fighting, blackmail, kidnapping and strong girl fuck on my body.

Life, at times, is so dramatic and more than that, it catches people off guard.

I had my feet up on the desk.

And that was the first time I did that!

I followed the example of those delinquent students and leaned my whole body against the desk at the back, all in a very lazy manner. I couldn't even help but light up a cigarette in the classroom. I was flipping through the textbooks in front of me, but my heart was indescribably bitter.

I had already helped Xu Ying to complete her mission, so in all probability, I should be abandoned by her.

I'm no longer of any use!

"Oh ....." I let out a bitter laugh.

As the time pushed on, gradually people were walking into the classroom. The first ones to come were basically all the residential students in the school. They were even a little surprised to see me in the classroom already. They also noticed the cigarette ash at my feet, but didn't say anything.

Since the incident with Guan Dongxuan, my image in their minds had instantly deteriorated.

The original ones did not approach me because they were afraid that I, the 'sweeper', would bring them trouble. They were afraid that after walking in with me, they would be targeted by Guan Dongxuan and the others.

But at this moment, they did not dare to approach me because of my sudden change and my sudden rise to power! They didn't dare to approach me because I had stepped on Guan Dongxuan's feet. They were afraid that I would take revenge on them for their previous reaction.

I looked at them with that bitter smile still on the corner of my mouth.

I, Jin Chao, had lived for so many years, and I hadn't had many friends that I really made friends with.

That's really enough too!

"Jin Chao, why are you here so early today?" Guo Xuefu then curiously came up to my side.

"Just something happened."

My explanation was more like a perfunctory one.

"What happened ....." Huh, why do you smell like smoke? You just smoked didn't you!"

Guo Xuefu asked me warily.

“No.” I said in response.

The cigarette ashes I had just shaken on the floor had been swept up by the day student of the day. It was only my retort that made Guo Xuefu move even closer towards me. She sniffed carefully at me, and I subconsciously tried to dodge, but on second thought, there was no point in my hiding now even if I did.

“You’re just smoking!” Guo Xuefu looked at me with an even more intense look.

The relationship between us had eased up because of Hua. But at this moment, it was tense again.

“Xuefu, I’m sorry, I’ve let you down once again.” I said bitterly.

“Jinchao, what really happened last night?” Guo Xuefu saw that something was wrong with me and was the first to ask me.

“It’s nothing, it’s all in the past. I’ll just wait for the consequences next.”

I said with a long sigh.

“What consequences? Jin Chao, what the hell have you done!” Guo Xuefu asked me even more anxiously.

But I listened to her words, but I stood up and I turned around and walked towards the outside of the classroom. But Guo Xuefu called out behind me, her voice loud, “Jin Chao, don’t tell me that you stabbed someone!” Her tone, more than anything else, was shocked and unbelievable.

Because of her words, the crowd in the class froze even more.

And at the same time, the way they looked at me was even more scandalous. For her to have such a reaction, I could understand. After all, Wah went to jail because of this.

“Brother Chao, you stabbed someone?” Xu Dazhi suddenly appeared and looked at me even more surprised.

I didn’t bother to pay attention to him and was looking back at Guo Xue-fu.

I assured her that I definitely did not stab anyone.

But after I dropped this, I left the classroom door. Xu Dazhi shouted twice behind me, and even more hurriedly followed me. For some reason, after such an experience, I suddenly wanted to smoke very badly, even though I had been smoking all morning, yet I still wanted to go to the toilet and light another one.

Guo Xuefu did not follow.

Xu Dazhi and I whiled away the time in the toilet until it was nearly time for class to start, and then we walked back.

I thought if I got caught in the classroom, I might even be able to take some of the heat off of Ms. Lin!

The English teacher who walked in stood right on the stage, "Students, your teacher Lin has taken the day off, it seems that something has happened at home ..... During the time Lin is not here, if you have any problems, you can all come to me."

I listened to her words, but I couldn't help but stand up, "What, Teacher Lin took a leave of absence?"

"Yes, what's wrong?"

The English teacher did look at me with some confusion.

"Did Teacher Lin say anything when she asked for leave?" I hurriedly asked the English teacher.

"I didn't say anything either. Jin Chao, you are so nervous, are you looking for Mr. Lin for something?" The English teacher asked me.

"No, it's nothing." I responded and fell heavily onto the bench as if I had lost my support.

"Jinchao, what's wrong with you? You're really weird today eh!" Guo Xuefu then turned her head and told me to pay attention to the text message she had sent me.

But I watched, but put my phone away with a "Nothing" back.

Ms. Lin had taken off work but hadn't arranged anything, so it was hard to believe that ..... she hadn't called the police at all?

That's not right!

Given Ms. Lin's level of anger, she would have totally gotten the police involved!

"Wait, this wouldn't be Xu Ying going after Teacher Lin again, would it?" I snapped to attention.

That was the only possibility I could think of at that moment!

If Xu Ying used the video as blackmail, Mr. Lin would have no choice but to agree to Xu Ying's demands. After all, what teacher would want his or her indecent video to be made public?

In between my thoughts, there was a sudden movement from the English teacher on stage.

"By the way, apart from the news about Mr. Lin, I have one more piece of news to tell you." The English teacher suddenly said, "From today onwards, your PE teacher will be replaced by the new teacher, Mr. Zheng. I will invite Mr. Zheng in now so that you can get to know each other."

Her words were suddenly a little strange to me.

Normally, there would never be a change of teacher while the term was in progress. And our previous PE teacher, who was a man, couldn't have taken maternity leave with the school. Even if a family member had died, surely she would only be away for a while, not enough to change teachers.

And along with the English teacher after welcoming the new 'Mr. Zheng' in, I froze in my tracks.

This .....

How could it be him!
