

I Am Born With A Silver Spoon Chapter 221

"Xueqing, you came too!"

Wang Rui and the rest of them greeted Jiang Xueqing with a smile.

"Chen Hao, how long have you been waiting?"

At this moment, Jiang Xueqing looked at Chen Hao and smiled.

"Not too long," Chen Hao replied.

Jiang Xueqing looked really pretty today. Indeed, she could make anybody's heart flutter at first glance.

However, Chen Hao did not have any other thoughts apart from admiring her beauty.

"By the way, Xueqing, they were discussing in the group yesterday that you have found yourself a good job. How did you get into the Dreamer Investment Group? I heard that the registration fee alone cost 10 billion!" said Wang Rui with admiration.

Originally, she had gotten into a relationship with a tycoon whose family owned some shops, which granted her a typical well-to-do life now. It was certain that she would have a good life ahead of her with no worries.

Therefore, Wang Rui was considered to be more superior compared to the other students.

However, she felt inferior when she compared herself to Jiang Xueqing.

Everybody knew that Young Master Chen founded the Dreamer Investment Group, and it would spearhead the development of Ping An County in the future. Anybody who entered this group would be guaranteed an annual income of one or two million.

Hence, when the news broke out in the group, it instantly became a hot topic.

Everybody knew that Ping An County would undergo a drastic change soon.

"I started my job not too long ago. However, I am not too sure about my future development in this company. To be honest, I don't really have the confidence as well. Besides, the place that I am in currently is not the headquarters of the Dreamer Investment Group, but a small company under them. It is not as mysterious as they say it is," said Jiang Xueqing with a bitter smile.

"That is still great as well. Don't be so humble, Xueqing," said Wang Rui with a hint of jealousy.

On the other hand, Chen Hao who was standing by the sides was surprised.

It turned out that Jiang Xueqing worked in a company under the Dreamer Investment Group.

Furthermore, who owned this group?

Of course it was Chen Hao.

It was no wonder that he bumped into Jiang Xueqing and the rest of them at the large square outside the venue yesterday after he finished officiating the ceremony and was preparing to leave on his bicycle.

Many celebrities graced the celebration party yesterday, so naturally it was crowded.

Since Jiang Xueqing was one of the employees of Dreamer Investment Company, she could bring along a few people to the party with her.

Chen Hao could not help but think that this was such a coincidence.

“What a coincidence, let’s go there together later!”

Jiang Xueqing was talking about their gathering.

Wang Rui said, “It’s ok Xueqing, you can sit in our car later. Somebody will pick us up soon.”

Jiang Xueqing was about to say something when her phone rang.

After answering the call, she looked embarrassed and walked to the sides. Then, she hung up the call after agreeing twice.

“Did your boyfriend call you?”

Chen Hao looked at Jiang Xueqing’s embarrassed face and couldn’t help but ask her with a smile.

“What do you mean? I don’t have a boyfriend yet. That was one of my friends.” Jiang Xueqing smiled awkwardly.

On the other hand, Chen Hao took out his car keys and prepared to drive his car here to pick up Jiang Xueqing.

At this moment, a brand new white-colored Audi A4L sped down the street toward them like a fierce tiger coming down the mountains.

Suddenly, the car braked and stopped directly at the entrance of the station.

The windows were wound down and a guy who was wearing sunglasses poked his head out.

“Let’s go, Xue Qing. All the students will be going there later. Let’s reach there before them,” said the guy to Jiang Xueqing.

Of course, this car attracted the attention of the crowd who was waiting for the bus at the bus station.

Sigh! Sure enough, beautiful girls tend to be picked up by rich Young Masters, thought some of the guys pettily.

“Li Wenyang! Yang, is that you? Is this your new car?” asked Wang Rui in delight as she recognized that guy.

Li Wenyang was surprised when he saw that Wang Rui and the tycoon were there as well.

And so, he came down from the car.

With one hand in his pocket, he leaned against the car and smiled as he said, "I got it half a month ago. Only now did I manage to get the hang of it after several months of practice."

Li Wenyang was also from Chen Hao's class.

Back in the days, there were only two guys in Chen Hao's class who had power and money.

One of them was Li Chao, whose family had connections with the Public Health Bureau, while the other rich guy was Li Wenyang.

Li Wenyang and Li Chao often hung out, and would sometimes cause mischief in class.

Since both boys came from a rich background, they managed to get along well even after they graduated.

What surprised Chen Hao was the fact that Jiang Xueqing and Li Wenyang's relationship was actually quite bad back then. They even got into an argument a few times before this. However, their relationship seemed to have improved since then.

They chatted for a while before Wang Rui pointed at Chen Hao and said, "Yang, why aren't you talking to Chen Hao? He is here as well."

Only then did Li Wenyang shift his gaze toward Chen Hao who was standing by the sides.

"God damn it! Rui, if you have not reminded me, I would not have recognized him. So, Chen Hao came as well!" Li Wenyang smiled casually.

"Hmph! Seriously Yang, how could you have forgotten about him? Back in high school, when you wanted to copy Chen Hao's homework and he refused, you picked up the stool and hit him all the way from the rostrum until the back of the classroom. You were really vicious back then, and everyone was scared out of their wits," said Wang Rui with a smile.

She didn't mean anything by it, but it made Chen Hao feel very embarrassed.

Of course, Chen Hao remembered the scene vividly, to the point of being traumatized by Li Wenyang. Li Wenyang had always ridiculed him in front of everybody and beat him up from time to time.

Hence, when Chen Hao heard his name, he would feel terrified to the bones.

Furthermore, due to the beating he received, Jiang Xueqing and Li Shihan had gotten into an argument with Li Wenyang in order to help him. It was quite a serious argument.

Jiang Xueqing, in particular, hit Li Wenyang's head with a textbook in order to avenge Chen Hao.

In short, it was quite a nasty argument.

Chen Hao only laughed bitterly.

Li Wenyang tried to change the topic of conversation. "Alright, let's not wait anymore. Let's go now. Just now when I gave Xueqing a call, I thought she was alone. However, since you all happened to be waiting for the bus together, why don't you guys hop into my car as well and we will go there together?"

It seemed that the call that Jiang Xueqing received just now was from Li Wenyang.

Chen Hao thought to himself that Jiang Xueqing might have been afraid that he would think too much about it, hence she went to answer the call in secret.

He chuckled to himself as he thought that it wasn't necessary since he felt indifferent about the whole thing.

They had planned to go there together originally. In the end however, not only did Jiang Xueqing ask him out, she had asked Li Wenyang as well. This made Chen Hao a little bit upset.

"Ok then, Chen Hao, let's sit in Wenyang's car together. Then, you won't have to take the bus anymore."

At this moment, Jiang Xueqing looked at Chen Hao and blushed.

On the other hand, the tycoon and Wang Rui agreed to his suggestion wholeheartedly. How prestigious it was to be able to sit in an Audi?! Moreover, they could get closer to Young Master Yang. How nice would that be?

"I don't think that is possible. I am fetching one of our friends later, so if we count him in, then we would exceed the maximum number of people in a car," said Li Wenyang with a bitter look on his face. At this moment, he had gotten into his car while Jiang Xueqing was already seated in the passenger seat.

This made Jiang Xueqing feel even more embarrassed. "Huh? Then, what should we do?"

"Chen Hao, why don't you hail a cab then? Besides, the cab fare is only about 10 bucks," said Li Wenyang apologetically.

"What do you mean 'hail a cab'? Aren't there some sharing bikes by the roadside? Chen Hao, you can just scan the code and cycle your way to your destination," said Wang Rui.

"Hahaha, that is just too much!" Li Wenyang roared with laughter.

Then he said, "Ok, Chen Hao, we will meet you at the restaurant later."

With that, Li Wenyang drove away.

Jiang Xueqing wanted to say something to Chen Hao. However, the words were stuck in her throat, so she could only wind up the windows. Sigh! What could I say to him?

After they left, many people at the bus station gave Chen Hao a pitiful glance, while some of them were snickering behind his back.

This kid was obviously looked down upon by other people as shown by the situation just now. Sigh! He is really quite a pitiful person.

Chen Hao ignored it and only smiled helplessly.

Following that, he walked to the parking lot beside the bus station and drove his G Wagon out...??????
