

## I Am Born With A Silver Spoon Chapter 225

"Holy shit, this G wagon cost more than two million!" someone said worriedly.

The damage done on the Mercedes Benz G500 after the collision turned out to be not as serious as they thought.

However, Li Chao was afraid that he would have to pay at least a few hundred thousand as compensation for the repairing fees.

"It's all my fault! If it wasn't because of me, you wouldn't have crashed into the car!" Guilt was written all over Jiang Xueqing's face.

Sigh! I have only myself to blame for today's incidents. Li Wenyang was beaten up because of me, and now I've caused Li Chao to crash into a car. What should I do?

Jiang Xueqing felt like her head was going to explode.

At the same time, the other classmates were frantically discussing solutions to solve the problem.

"Well, it's not a big deal. Just leave it," Chen Hao said with both hands in his pocket.

What a coincidence. This car's owner was none other than Chen Hao.

He felt himself to be quite unlucky as his Lamborghini was knocked by someone before this, and now his G Wagon was crashed by someone else too.

Although his car had been hit, Chen Hao saw that Jiang Xueqing and the rest were anxious as they saw this as an emergency. And so, he felt that it was not appropriate to ask for the repairing compensation at the moment.

"What the f\*ck! You sound so chill. Do you even know what car this is? It's a Mercedes Benz G500! Who dares to just leave it like this? We can't bear the consequences if we are found out by the owner of this car. Do you f\*cking understand?" Wang Rui ridiculed out of agitation.

"How about we just wait for the owner and apologize to him once he's here? Perhaps he might appreciate our sincerity and let us go," one of the girls suggested.

"That's right. Leaving the car is surely not a wise thing to do now!" Many of them agreed.

Some of the girls even decided to stay to see if the owner of the car was a young and handsome guy.

"Li Chao, why don't you leave with them first? I'll stay here to wait for the owner and talk to him about the compensation," Jiang Xueqing said at this moment.

Although she wasn't rich, she wouldn't let Li Chao bear the compensation for the car.

"No way! I'm not leaving you alone here. Why don't we try asking our family and friends about the owner of this car? Perhaps it might be someone we know!" Wang Rui suggested at this time.

Obviously, everyone agreed to this suggestion and started calling up their friends and family.

“One of my cousins is working as an earthwork engineer. I will ask him now!”

“My uncle is a contractor, so he has some connections. Let me ask him!”

“One of my distant relatives is a teacher. He should know many people!”

Many classmates had started to call up the people they know.

Jiang Xueqing hesitated for a while and was about to do the same thing everyone did.

“Stop calling. Seriously, listen to me. Just leave it to me!” Chen Hao was speechless to see everyone making a big fuss over the matter.

“Leave it to you? What can a useless person like you do?”

“You’re so hopeless!”

Beep!

Chen Hao didn’t want to say anything more and pressed on his car key after taking it out of his pocket.

His action made everyone on the spot completely stunned.

“What?”

“What the f\*ck?”

Some of the girls exclaimed.

Even Jiang Xueqing put down her phone and looked at Chen Hao in shock.

Not to mention Wang Rui and Li Chao. The scene before them was rather hard to swallow for the both of them.

This G Wagon belongs to Chen Hao?

Didn’t he come in a cab?

Isn’t he a poor loser?

Everyone at the scene froze in shock.

Chen Hao got into the car and drove it out to check the damage. Luckily it wasn’t that bad, so it wouldn’t be a big problem after sending it to an automobile repair shop.

On the other hand, Li Chao’s car, which the hood had folded after the crash, was not able to start anymore.

Since Jiang Xueqing was in trouble, and taking their friendship into consideration, Chen Hao couldn’t just leave her alone.

“Let’s go. Get into my car, I will give you guys a ride to the hospital!” Chen Hao said nonchalantly.

This made everyone feel that Chen Hao wasn’t the guy that they had known before.

In fact, Chen Hao had been talking indifferently all the while since they were at the bus stop.

However, everyone only saw him as a useless idiot when he talked in that way earlier.

But now, when Chen Hao spoke again in this tone, it made people feel that he was cool and admirable.

“Chen Hao! This is your car?” Wang Rui gaped and asked surprisingly.

“Yup, I just got it not long ago!” Chen Hao nodded his head.

“My god! It’s a G Wagon! Chen Hao owns a G Wagon!” Wang Rui said excitedly.

“Chen Hao, can I sit in your car?”

“Sure!”

“Ah! Oh dear! I finally get the chance to sit in a G Wagon!” Wang Rui clapped happily and got into the car.

Jiang Xueqing was standing at the side with her face flushed.

She was just educating Chen Hao to find a proper job a while ago, and now she realized that he actually owned a G Wagon!

Moreover, before they came here, Chen Hao asked to meet her at the bus stop so that they could come here together.

It turned out that Chen Hao was going to fetch her here with his own car!

“Xueqing, come on!” Looking at Jiang Xueqing who was feeling embarrassed, Chen Hao said with a faint smile.

Jiang Xueqing hesitated for a moment, but then nodded her head and got into the passenger seat.

Soon, the car was full. Chen Hao then started his car and left the place.

“Chen Hao, quick, tell us! How did you buy this car? Have you become a rich tycoon now?” While on the way, Wang Rui rolled down the car window and stretched her head out to take pictures as she asked him curiously.

“I didn’t buy it. I won it in a lucky draw session!” Chen Hao didn’t lie about that.

After all, the Lamborghini which he bought was still parked in the garage at the Cloud Mansion.

“Huh? You won it?” Wang Rui was slightly disappointed.

As for the girls sitting beside Wang Rui, they were already daydreaming about their future since they were all still single.

After all, Chen Hao already owns a property worth two million. He could be living a typical well-off life once he buys a house and a normal car after selling off this luxury car.

Suddenly, all the girls had become interested in Chen Hao.

As for Jiang Xueqing, her surprise was quickly replaced by contempt once she heard that this car was just a gift he won from a lucky draw session.

It was just a free gift he won. She felt that Chen Hao asked her out for a meal today just to show off his car in front of her.

But it was a different case for Li Wenyang, as he had the money to buy the Audi A4 by himself. Hence, Jiang Xueqing didn't feel guilty toward Chen Hao anymore.

"Chen Hao, I didn't expect you to own a G Wagon! No matter how you got it, you're now considered rich! That's so cool! Why did you keep such a low profile during the gathering just now? Haha, you should be swanking it up!" Wang Rui flattered.

"Haha, I don't think a person should be snobbish or swanky about his wealth even if he becomes rich. Moreover, don't simply look down upon anyone. Even though he might look ordinary, you'll never know if he may be the one who can help you when you're in trouble."

The girls all agreed on what he said, except Jiang Xueqing.

Looking at Jiang Xueqing who frowned with disgust and then glanced out of the window, Chen Hao did not continue the conversation.

Soon, they arrived at the hospital.

At the moment, Li Wenyang's wound had been treated and bandaged. He was calling someone on his phone when the classmates entered his ward.

"Mr. Jin, my dad has given you a call right? I'm in the hospital now. Would you be able to drop by? I heard my dad say that the people from the other side who had beaten me up are quite troublesome!"
