

I Am Born With A Silver Spoon Chapter 335

“What’s up?”

Chen Hao was stunned.

Chen Hao had no idea what the old man was up to. After all, he looked so old and scrawny.

However, when he placed his hand on Chen Hao, his five fingers were as heavy as steel bars and Chen Hao could not budge at all.

How could he be so strong!

Mr. Qin cheekily smiled and asked, “Nothing much. Let me see, did you meet somebody today? I sense an unusual aura around you.”

“What unusual aura?”

Chen Hao saw the old man being so jumpy and mysterious, thus believed that the old man’s senile dementia must be acting up again.

Mr. Qin suddenly lowered his voice and whispered, “Gu poison!”

“The person you came into contact with today is poisoned with Gu poison. Therefore, upon coming into contact with that person, your body emits the aura of the Gu worm as well. I can feel it!” said Mr. Qin.

“Damn! You must have been watching too many Thai movies!”

Chen Hao was speechless.

He got up and decided to leave.

However, a second thought crossed his mind. Even though Mr. Qin sounded so mysterious and weird, by the looks of Su Ziyue’s condition, it might be possible since the cause of the disease could not be detected.

That would explain a lot.

Chen Hao had heard of Gu poisons before, and in simpler terms, it was similar to infections and viruses.

These parasites would reside within the human body.

Since there is nothing else that I can think of and Mr. Qin sounded like he’s onto something, I might as well give it a shot. Who knows? Maybe he really has a way to treat it.

Chen Hao then said, “Since I can’t find a doctor for now, do you think you can check it out?”

Mr. Qin said, “Of course! I can do anything. Like I said, I am not a beggar and I used to be rather capable back then!”

“Haha, really? How capable were you?”

Mr. Qin said, "I can be as capable as you need me to be! If you don't believe me, let me go ahead and show you!"

If it weren't for the fact that there was no other way, Chen Hao would not have wasted his time rambling with this old man.

Mr. Qin's hometown is in the Southwest Region, so he might have an understanding about this disease.

Therefore, Chen Hao agreed to let him try and actually brought him to the hospital.

As Chen Hao returned to the ward, an old chinese medicine practitioner from his medical team had stayed behind to take care of the patient.

At that moment, he was giving Su Ziyue an acupuncture treatment.

Many chinese medicine practitioners from other hospitals stood respectfully next to his side as they observed and learned.

Tian Long and Di Hu were also present.

"What's the point of taking two useless needles and poking around? They're not going to be of any use!"

Chen Hao brought Mr. Qin into the ward.

Mr. Qin glanced over and sneered.

"Who are you? Do you think you are in any position to comment about Miracle Doctor Hu? Guards, come and get this man out of here!"

The deans of the hospitals who stood by the sides snapped. They were instantly infuriated upon hearing what Mr. Qin said.

Miracle Doctor Hu had been famous for many years and it was an honor to be able to see him performing his skills. Thus, these younger doctors could not be happier being given this opportunity.

How could they possibly withstand such insults thrown at their idol?

Even Miracle Doctor Hu frowned.

However, because this old man was brought in by Young Master Chen, he had no choice but to keep his anger in.

"From what you are saying, I am guessing you know the art of healing as well?"

Miracle Doctor Hu chuckled and said, "How could you be of such an old age yet spouting nonsense!"

"Who is spouting nonsense? Shoo, move aside!"

Mr. Qin pushed Miracle Doctor Hu aside and plucked off the few needles pierced into Su Ziyue's arm.

“Y-Y-You!”

Miracle Doctor Hu’s face turned red.

Mr. Qin said, “What! She is poisoned with Gu poison yet you’re simply piercing needles onto her. You are only accelerating the blood flow within her and allowing the parasites to spread throughout her system!”

Mr. Qin suddenly turned around to face Su Ziyue and asked, “Let me ask you, did these symptoms start appearing when you were eight years old? I am guessing the symptoms back then were just slight dizziness? By the time you were twelve, it happened again, only this time around, the dizziness was much more severe? And by the time you were sixteen, things escalated and I’m guessing not only did you feel very dizzy but you also started losing strength in your limbs? Now that you are twenty-two, I’m sure that you must have fainted on the spot!”

Su Ziyue, who was lying down on the bed, was shocked. “How did you know that?”

Chen Hao also looked at Mr. Qin with shock.

I had no idea this old man has such skills! How could he pinpoint everything so accurately?

Then again, Chen Hao recalled the very first time he bumped into Mr. Qin. The old man was not so glorious back then and his legs were injured as well. Chen Hao even had to help bring him to the hospital.

However, it was not convenient at that time to ask about Mr. Qin’s background.

All things aside, it’d be great if he could treat Su Ziyue.

“Alright, you are my grandson’s close friend so I will help treat you and remove the parasites!”

Su Ziyue said, “Thank you old man!”

Mr. Qin said, “You’re welcome. Anyway, the whole lot of you should get out. I am going to use my skills and remove the Gu. Ordinary people are not allowed to view it!”

Everyone’s gaze landed on Chen Hao.

It goes without saying that if you doubt a person then you should not appoint him. If you appointed a person then you should not doubt him.

Hence, Chen Hao trusted Mr. Qin as he was the one who brought him here.

Not only that, Mr. Qin sounded so knowledgeable and the dots seemed to connect.

Therefore, Chen Hao nodded and the few of them left.

Miracle Doctor Hu naturally kept quiet as well. He shook his head, sighed and left.

“Wait a minute!”

Mr. Qin shouted at Miracle Doctor Hu, "I can tell that your skills are decent. You can stay back and help me!"

Miracle Doctor Hu was in disbelief and said, "You want me to help you?"

Qin Yifan looked at Chen Hao.

Chen Hao then said, "It's better if you stay behind, Miracle Doctor Hu. That way I'll feel more at ease!"

In that case, it would be another form of assurance.

After that, Chen Hao walked out of the ward.

On the other hand, Tian Long and Di Hu crossed their arms and stared coldly at Qin Yifan.

Both of them could not stand such a mysterious and deceiving old man. Furthermore, Miracle Doctor Hu was their colleague and they naturally felt infuriated about how he was bullied by the old man.

Therefore, they glared at him until the very last minute before leaving the room.

"Pfft! All these needles of yours are quite worthless!"

Mr. Qin took a look at the needles from Miracle Doctor Hu's pouch and threw it away.

"Y-Y-You... This is too much! Too much!"

Miracle Doctor Hu was so furious that his hands were trembling.

Mr. Qin snorted and said, "Hmph! I am only telling the truth. All these needles of yours are rubbish. If anything, I would have to use Tian Long and Di Hu's needles. You two, take out your needles and let me use them!"

Both Tian Long and Di Hu looked awkward and their expression changed.

"What! Stop staring at me and stop hiding the needles in your sleeves. I would return them to you all after I am done!"

Upon saying that, Mr. Qin moved and with a flick of his hand as well as a slight pinch with his fingers, their pouch was already in his hand. Tian Long and Di Hu could not react in time at all.

"You!"

"Brother!"

Tian Long's forehead was covered in cold sweat and hurriedly stopped Di Hu who was about to make a move.

Tian Long felt that this old man was not how he portrayed himself to be as his movements were way too swift.

To the point where it was so fast that Tian Long's heart thumped.

Tian Long had never felt that way before.

With a look of disbelief, he glanced at Mr. Qin and dragged Di Hu out of the ward.

Miracle Doctor Hu clasped his hands behind his back and stood aside. He did not believe what kind of capabilities this deceiving old man could have.

However, when he saw how skillfully Mr. Qin placed the needles as well as the brilliant techniques used, his lips trembled in shock.

“Is that the... Ghost Gate Technique?”
