

I Am Born With A Silver Spoon Chapter 372

Chen Hao had actually wanted to chat with Fang Jiannan for a little longer.

But after Fang Jiannan finished speaking, she seemed to treat him with disdain, turning her head to the side.

Obviously, she no longer wanted to talk to him.

Chen Hao didn't continue speaking and ran to sit in the row behind them instead.

Fang Yi then turned around and glared at Chen Hao.

Indeed, she had assumed Chen Hao to be a straightforward and honest person. Who knew that he was pretty rich, and even had good fighting skills?

Even when Fang Jiannan was quite strong, she got beaten by him easily.

If it wasn't for Fang Jiannan telling Fang Yi to not start anything with Chen Hao, then Fang Yi would definitely have wanted Fang Jiannan and Chen Hao to have a rematch.

They had been waiting for class to start as usual, but after quite a while, there were still not many students in the classroom.

There were only a few girls from Chen Hao's neighbouring class.

On previous occasions, the classroom would be full by now.

"Where is everyone? Why are so many people missing?"

Just then, the teacher arrived. Seeing how there were barely any students in the classroom, he asked a female student about it.

Fang Jiannan and Chen Hao were rather curious and lifted their heads to look as well.

"Well, professor, the class monitor of Class Three seems to have gotten into trouble. A lot of people are blocking the class doorway. I'm not sure why either, but quite a number of guys from our class are there watching the commotion," the female student replied.

Chen Hao met eyes with Wang Xiaohua.

This morning, they had straight away come to this classroom and hadn't stopped by their own at all.

Looks like something really did happen.

Furthermore, it was regarding Xu Yangyang.

"What happened?" Wang Xiaohua asked, obviously looking a little pleased to hear that Xu Yangyang was in trouble.

"I'm not entirely sure, but I think she fought with someone. I don't think she started the fight, but instead, it was started by someone else because of a fight she's had before. I'm assuming that's what's going on. Isn't she your class monitor? How would you guys not know?" the girl asked.

"Ah, that's because we came straight to the joint classroom, so of course we had no idea!" Wang Xiaohua smiled and sat down after that.

He then made a call to ask a classmate what was going on.

After ending the call, Wang Xiaohua slapped the table in delight. "Haha! This is poetic justice! Finally, someone can knock some sense into Xu Yangyang and take her off her high horse!"

The question of who treated Wang Xiaohua and Chen Hao badly in their class could be easily answered by one name, and that was Xu Yangyang.

Now that she was in trouble, Wang Xiaohua was obviously delighted.

"What's going on?" Chen Hao asked, being rather curious himself.

"Chen Hao, remember how Liang Fei lost the fight yesterday? He was doing really well until you stole his limelight. Xu Yangyang had already been feeling bitter because of that, and to add fuel to the fire, she came to class today with Xu Wentao, Shen Junwen and that girl who's always following him around. And guess what? They got laughed at for being an embarrassment by some rich young masters! Then, with Xu Yangyang's horrible temper, she couldn't help but go over and slap one of the rich young masters across the face. Obviously this person had to retaliate, and after that, Shen Junwen and Xu Wentao joined the fight as well. They managed to beat those young masters up pretty well, but guess who one of them was? The son of Chengdu's Meng family, Meng Chuan! He's such a dandy and an extremely arrogant one at that. He'd never been beaten up like this in his life! So that's when he called for backup to go to their classroom and handle Xu Yangyang. Apparently he called over more than ten cars worth of people!" Wang Xiaohua said.

Chen Hao nodded.

He had been in many situations like this before.

However, he never needed to step in and help personally.

Indeed, this did happen in his classroom, but it was Xu Yangyang who caused trouble. To be honest, he really wanted Meng Chuan to teach her a proper lesson as well as gaining some satisfaction from it.

If he wasn't concerned about how it would negatively affect the situation, Chen Hao would have wanted to go over and watch the commotion himself.

Hehe!

"She's really done for, Chen Hao. The Meng family is apparently a vassal of a really famous family of Chengdu, the Situ family. It wouldn't be wrong to say that they're the most domineering family out there right now," Wang Xiaohua informed Chen Hao of some details about Chengdu.

Fang Yi and Fang Jiannan obviously heard everything, being seated right in front of them.

When he mentioned the Situ family, Fang Jiannan tilted her head slightly.

After a while longer, a bunch of footsteps resounded from outside the classroom.

All of their classmates had finally arrived.

Xu Yangyang was the last to enter.

Lin Shengnan was supporting her. The fresh red slap marks on both sides of Xu Yangyang's face were very obvious, and she was crying devastatingly.

She was bawling as she said, "I didn't notice it was him! I didn't hit him on purpose!"

"Alright, at least the head of our department and the tutors have gone over to hold him back so that you could come to class. If it weren't for them, we would have been killed today trying to talk things over with those people!" Lin Shengnan said with a face full of worry.

The Meng family was just too powerful. Lin Shengnan's family was rich, but they could not be compared with the Meng family.

Even Liang Fei's family was not up to par.

Just now, everyone watched as Meng Chuan slapped Xu Yangyang twice, yet no one dared to stop him.

If it weren't for the department head and tutors finding an excuse to talk things over with Meng Chuan, giving Xu Yangyang the chance to run to her lesson, then she really would have been done for.

It was also to give Xu Yangyang the chance to quickly call for help.

As for their teacher, he knew he wasn't going to be able to proceed with this lesson for now, since Young Master Meng was not someone a regular teacher dared to deal with.

After answering a call, he didn't return.

"What do I do? I just got off the phone with my mother. She was crying when she told me that my dad had been dragged away from work by people from the Meng family, and they have even beaten my dad a couple of times. What should I do?!"

Xu Yangyang finally experienced what true fear felt like.

Even her dad got beaten up because of what she did, and even got chased away.

She was really helpless now.

Both Lin Shengnan and Liang Fei were silent.

They had all gotten calls from their parents, warning them not to interfere.

Besides, everything had started because Xu Yangyang had made the first move.

Apart from that, getting beaten up in school with a whole crowd of onlookers was a giant slap to the face.

After that, the rich young masters along with Meng Chuan got another beating from Shen Junwen and Xu Wentao.

Meng Chuan did start the fire, but overall, Xu Yangyang was also in the wrong.

Liang Fei didn't dare to interfere, so he sat by a corner and lowered his head.

"Douchebag! You're f*cking disgusting!" a few girls said with disdain as they looked at Liang Fei.

Xu Yangyang couldn't bother about Liang Fei, since she had been scared half to death herself.

Right then, some students stood in the doorway.

Chen Hao lifted his head to see Shen Junwen, Hu Huimin, and Xu Wentao.

Their faces all looked upset, obviously having gotten into trouble as well.

They walked in right away.

"Xu Wentao, Shen Junwen, what should I do? My house is about to get destroyed!" Xu Yangyang asked quickly.

Xu Wentao lowered his head with his hands on his waist.

As for Hu Huimin and Shen Junwen, they were at a loss as well. At that time, Shen Junwen had acted without thinking, but something like this would probably require him to pay for it ten times over.

Besides, he and Hu Huimin...??????
