

I Am Born With A Silver Spoon Chapter 374

Fang Jiannan was helpless now when it came to this.

She wanted to help, but she couldn't just use her identity as someone from the Fang family to help them out.

Back to Chen Hao.

Currently, a bunch of people were entering the joint classroom, and Xu Yangyang was extremely terrified.

To be honest, even Shen Junwen felt a little scared.

Obviously, this had all been blown out of proportion.

"What do we do now? The head of department can't hold them back for long!" Xu Yangyang cried.

Shen Junwen finally looked at Hu Huimin. "Huimin, didn't Yang Yufei give you her contact information before? If this really comes down to it, then you should contact her. She did say that we could go to her if we had any problems we needed help with!"

Hu Huimin replied, "What if she was only being polite then? She's so high up on the ladder, so why would she even bother about us?"

In fact, Hu Huimin had considered asking Yang Yufei.

"Ahem, let's not bother about those. Right now, Yang Yufei is the only saviour we have!" Shen Junwen said.

Xu Wentao and Xu Yangyang also placed their hopes on Hu Huimin's shoulders.

"Alright then, I'll give it a try!" Hu Huimin nodded.

She quickly dialed the number Yang Yufei had given her.

Hu Huimin didn't expect Yang Yufei to pick up so quickly.

Without having any time to beat around the bush, she quickly told Yang Yufei everything that was going on.

"Yang Yufei, thank you so much! To have you helping me out is truly the best!" Clearly, Yang Yufei had agreed to Hu Huimin's request, thus Hu Huimin thanked her excitedly.

But just as quick, Yang Yufei called her back.

"Huimin, this situation is really different from last time. I've asked around for help and Young Master Huang will make an appearance. However, to solve the overall problem, you need to go see President Zhu of Chengdu. He has to understand the whole story before deciding whether he will step in or not! Sigh. I can only help this much," Yang Yufei said with a sigh.

When Yang Yufei called Young Master Huang, he had agreed and also asked President Zhu about it.

Young Master Huang was Young Master Chen's godbrother, so President Zhu didn't dare to be too careless while handling the situation.

That's why they had to go find President Zhu personally, and at least let him know the gist of what's going on.

After hanging up, Hu Huimin and the others quickly rushed to meet him.

"They're so lucky to have someone who is willing to help them!" Wang Xiaohua said in an upset tone.

Chen Hao shook his head with a bitter smile.

To be fair, wasn't he the one helping them then?

Chen Hao honestly wanted to publicize his identity. If he did that, then at least things wouldn't be so troublesome for him.

But just like his father had warned him, once he revealed his identity to the world, the amount of trouble he would get from that would not be smaller than the issues he had now.

So, he couldn't do anything except to let things be.

Meng Chuan couldn't find the others anymore, and he wasn't so unreasonable as to drag in other classmates into this.

Therefore, they finally started class like they were supposed to.

After the four periods of class in the morning, everything was back to normal by afternoon.

Chen Hao then prepared to go home.

Right at that moment, Chen Hao received a call from Zhu Ming.

"Young Master Chen, after our restless search over the last few days and nights, we've finally found some information on Fang Mengxin!" Zhu Ming said excitedly the moment Chen Hao picked up.

"Ah? That's great! Then, I'll go over to you right now!" Chen Hao said excitedly.

It sounded as if Zhu Ming was pretty busy on the other side of the phone.

Chen Hao didn't waste time and hung up the call.

Right away, he drove to the mansion that Zhu Ming was at.

When Chen Hao arrived, there were plenty of cars outside Zhu Ming's mansion.

After all, Zhu Ming had connections all over the place, so Chen Hao was not surprised that there were many people who came to find him.

He parked his car to another side.

After walking over only did he see how busy Zhu Ming was. The people waiting for him made a line all the way outside the entrance.

It was pretty similar to Li Zhenguo's situation.

There were a bunch of people standing in front of the door, and he probably had to face every single one of them.

Chen Hao smiled bitterly before walking in that direction.

"Huimin, how long do we have to wait for? There are so many people here! My dad still isn't back home, I'm worried to death!" At one side, Xu Yangyang and the others were still waiting.

They were anxiously waiting for their turn.

"Don't panic. Yang Yufei already said that President Zhu will meet us to settle this issue, and that means he definitely will meet us!" Hu Huimin said.

"Sigh, seriously, who knows what President Zhu is doing in there? We've been waiting for almost two hours!" someone else complained.

Just then, Hu Huimin's gaze zeroed in on a youth who had just walked in from the outside.

In fact, plenty of people looked over when the youth walked in.

Most of the people who came here were looking for President Zhu to discuss proper business and make deals.

Hence, they were all afraid of meeting business rivals here.

Once they saw that it was a young man, quite a few of them looked at him with contempt.

Someone like this wanted to talk to President Zhu? Hehe.

This youth was none other than Chen Hao.

Obviously, Chen Hao immediately saw Hu Huimin and Xu Yangyang as well.

He just didn't know that they would still be here waiting after so long.

Chen Hao didn't bother hiding anything at this point.

He walked over to them. "Still waiting?" Chen Hao asked.

"Hmph, what are you doing here?"

Once Hu Huimin saw Chen Hao, she immediately recalled how Chen Hao had embarrassed her a few times. She instantly felt uncomfortable.

As for Xu Yangyang, she just looked at Chen Hao with a face full of rage.

If it wasn't for him stealing Liang Fei's limelight that day, causing Liang Fei to feel sad, he wouldn't have been extremely moody for the next few days and kicked Xu Yangyang yesterday. Moreover, she wouldn't have been so angry that she didn't eat dinner. And, she certainly wouldn't have ended up losing control of her emotions and starting a fight this morning.

To put it simply, the root to all her problems was Chen Hao.

At least, that was what Xu Yangyang thought.

"Why else would he be here? Clearly, he just wants to laugh at our misery! I never knew you were this kind of person, Chen Hao. How disgusting! F*ck, you piss me off!" Xu Yangyang cursed fiercely.

Hu Huimin also had a hateful expression as she agreed with Xu Yangyang's opinion. "Chen Hao, I know you're rich now and everything, but don't you dare get on your high horse and stay here to watch our misery for your own pleasure. I'm telling you, I will not let someone like you get a free show!" Hu Huimin said urgently.

Hehe. Chen Hao shook his head and smiled bitterly.

Before, Chen Hao had already felt like he'd seen enough of the drama unfolded earlier. Apart from that, they somehow managed to climb up the ladder to reach Huang Yonghao and President Zhu.

Seeing as they used to be classmates, Chen Hao didn't really mind helping Hu Huimin out of sentiment.

But right now, Hu Huimin didn't seem to care that they used to be old classmates. She scorned and mocked him no matter what he did.

So Chen Hao just smiled helplessly. "You're both wrong. I'm not in the mood nor do I have the energy to pay attention to you guys, and it's not like I had nothing better to do and come all the way here just to laugh at your misery!"

Chen Hao glanced at Hu Huimin.

He then stuck a hand into his pocket before walking directly to the main entrance of President Zhu's mansion.?????
