

I Am Born With A Silver Spoon Chapter 491

"Um... I jumped down the slope when he caught you and made my way back," Chen Hao explained.

"Dang, you're actually pretty smart!" Yu Jinxiang said in surprise.

Chen Hao shook his head mutely.

When they arrived at the foot of the mountain, they saw a number of luxury cars racing toward them and surrounding them.

"Oh my god, that's my dad's car. Ningning must have told my dad. I'm so dead!" Yu Jinxiang said anxiously.

A middle-aged man came out of the car and stuttered, "Miss Yu, a-are you alright?"

"Hmph, if you had arrived any later, you wouldn't have been able to see me again." Yu Jinxiang finally realized how dangerous it was just then and fear was starting to catch up on her.

"Ningning told me that you might be in danger so I came here as soon as possible! Thank god you're safe!"

Several boys came over to hit on Li Ningning earlier and they let it slip that the guy with Afro hair was not a regular here. He was new and quite rich as he had booked the whole place today.

This made Li Ningning suspicious.

If he was really that rich, there was no way he would drive such an ordinary car.

Better safe than sorry.

That was why Li Ningning immediately told her dad.

"So my guess was correct. Jinxiang, did you get into some kind of trouble? Where's your car?" Li Ningning asked worriedly.

Yu Jinxiang told them everything.

But in her version, she was the bait that attracted her kidnappers' attention, giving Chen Hao the opportunity to knock them out.

Uncle Li immediately sent people to search for her kidnappers and shut down Mount Babuling for investigation.

Uncle Li smiled and nodded politely at Chen Hao. "You must be Mr. Chen. Thank you for saving Miss Yu! You are Yu Family's savior. After I bring Miss Yu to her father, you will be heavily rewarded."

"It's nothing. Jinxiang is my student," Chen Hao replied.

"You're being too courteous. How about I give you a lift back to school first, Mr. Chen?" Uncle Li suggested.

“Alright,” Chen Hao said.

Then, the fleet of cars escorted Chen Hao and his students back to school.

After he got out of the car, Chen Hao told his students to return to their classroom and he went back to his office.

“Something’s wrong!”

That was the first thing he heard when he stepped into the office.

People were running out of the office.

“What’s the matter?” Chen Hao stopped a teacher and asked.

The teacher replied, “Sigh, don’t even start. Ms. Shen Meng and Mr. Yu Jiang might be in trouble. They were having their class together and a boy in Ms. Shen Meng’s class who likes to show off was smoking in the bathroom during the break. He got into a fight with some boys from another class, and we’re not sure what happened. That boy from Ms. Shen Meng’s class was severely hurt.”

The teacher continued, “This whole fiasco would have ended and the school would have taken care of it. However, Mr. Yu Jiang stepped in and led several boys in his class to argue with the students in the neighboring class who fought with Ms. Shen’s student. Mr. Yu Jiang has a hot temper and he hit the student that he was arguing with.”

Chen Hao shook his head, smiling resignedly. “So that’s what happened. It’s not really appropriate to hit students.”

He could tell that Yu Jiang liked Shen Meng.

The teacher sighed. “If that was the case, everything would still be under control. Mr. Chen, do you know who was hit by Mr. Yu Jiang?”

“Who?”

“He’s the son of a millionaire from Tian City and this millionaire is close with the gangs in Tian City. Apparently, this student told the gangs to come over. We’re really in trouble now!”

Then, she ran out to take a look.

Seeing her run toward that direction, Chen Hao thought that he might as well take a look as he was going back to his classroom, which was in the same direction.

Sure enough, the entire hallway of the biology building was packed with people.

“Mr. Chen, you’re here!”

Chen Hao saw the boy with glasses and students from his class. The staircase was blocked so they couldn’t go back to their classroom for their lesson.

“What happened?” Chen Hao asked.

The boy with glasses replied, “Yu Jiang who took our laboratory earlier is being beaten up. Damn, he’s in big trouble! He hit the son of Mr. Liu and their family has connections with gangs.”

Chen Hao looked ahead.

Yu Jiang was surrounded by men in black. Shen Meng, who was terrified by the sight, also stood beside him, along with a couple of female teachers.

“This isn’t over!” a boy shouted.

Representatives of the school were trying to reason with them.

Judging by the marks on Yu Jiang’s face, it seemed like he was slapped a couple of times.

At that moment, Yu Jiang swiped the blood off his glasses.

Laughing coldly, he said, “It’s okay, Headmaster. Let me make a call.”

“Ha, make the call. Let’s see who you can call!” the boy shouted angrily.

Yu Jiang shook his head and took out his phone.

Shen Meng looked at Yu Jiang and finally felt reassured.

He was also going to ask people to come help him!

The tension increased instantly.

“I heard Mr. Yu Jiang is from Tagou Town.”

“Yes, Tagou Town is filled with ruthless people.”

“I heard from my dad that there’s a powerful force in Tagou Town, and they have territories in Tian City as well. Is Mr. Yu Jiang going to ask for help from people in Tagou Town?”

“Seems like it!”

The students who were informed murmured among themselves.

They waited for twenty minutes.

“Damn! Look over there!” A student looked out the window and pointed downstairs.

Nearly a hundred black luxury cars stopped and surrounded the building.

Many bodyguards in black got out of the cars.

Soon, they arrived at the hallway.

They looked very impressive.

The students made way for them.

Shen Meng and other female teachers gently bit their lip, excited by this sight.

“Make way! Make way!”

The people who came were aggressive and pushed the crowd aside.

Chen Hao stood aside but was also pushed away by a bodyguard in black.

Young Master Liu was a bit frightened by their aggressiveness but he stepped forward to negotiate.

The head bodyguard asked, “Young Master Yu Jiang, are you alright?”

Someone from Young Master Liu’s side asked, “Are you from Tagou Town? Who do you work for?”

The head bodyguard replied, “We’re from Tagou Town but this time, we are under Tian Long Group’s orders!”

Then, he made way for another man dressed in black respectfully.

“You’re from Tian Long Group?”

People on Young Master Liu’s side were shocked.

In Tian City area, Tian Long Group was known as the powerful dark horse that conquered the Five Forces in Tagou Town in a day and occupied an entire street in Tian City area. They were ruthless!

Small forces in Tian City usually wouldn’t dare take on Tian Long Group.

The person in sunglasses said, “Yes. Young Master Yu’s father is friends with Tian Long Group, which is why we are going to help Young Master Yu. Who do you work for? Can you do us a favor and end the fight?”

“Of course!”

The spokesperson of Young Master Liu nodded with a smile.

“Are you just going to let it go?” Young Master Liu asked angrily.

“Please bear with it, Young Master Liu. Tian Long Group is searching for their next target, and Boss told us not to mess with them,” he replied in a low voice.
