

I Am Born With A Silver Spoon Chapter 496

"I get it, mom. But, it's a little strange, isn't it? The head of Tian Long Group seems really mysterious. He never takes part in most events, but who knows? Maybe he'll show up at our big event! To be able to rise rapidly in Tian City in such a short amount of time means that this person must be pretty impressive!" Yu Jinxiang said.

"Once I returned from abroad, I definitely did hear news about Tian Long Group. I only heard that the head of Tian Long Group was extremely young and that he has extreme power in his hands, but as for where he came from, I have nothing. Mom, do you know anything?" Yu Jinfei asked curiously.

When she heard that the head of Tian Long Group was her age, Yu Jinfei felt even more curious. What did this young man look like? How did he have such capabilities that caused so many people to follow him willingly?

Obviously, many girls looked up to this hero-like character.

Even Yu Jinfei was the same.

"I'm not too sure about this. When they started their business, Yu Family did send people over to congratulate them. However, the head of Tian Long didn't make an appearance!" Su Hong said.

"However, I really do think he will attend this auction. After all, the temptation of the King Ginseng is not easy to withstand. When the people from Tian Long come here, the two of you must be on your best behaviour! If he happens to set his sights on any one of you, then our Yu family will really rule Tian City! As for the Wei family and whatnot, they can go to hell!" Su Hong laughed as she crossed her arms.

"Mom, I'm already married!" Yu Jinfei said, frowning.

"Lies! Married? Don't think that I don't know what you're trying to do, marrying a fool like that! I don't care. After this event, you must immediately get a divorce! How embarrassing!" Su Hong was so angry that her face was pale.

"Aunt Su, our teacher is pretty good! He even saved Jinxiang previously!" The boy with glasses and his friends had come to help, and they stood up for Chen Hao.

"Shoo, go away! You're all just kids! What do you all know? Gratitude and love are two different things!" Su Hong said.

"Professor! You're here!"

As for Chen Hao, he had followed Yu Jinfei's instructions and gone to settle the guests into their rooms.

He walked over right then.

"Yeah!"

Chen Hao nodded with a smile. "I'm glad this coincided with school holidays, so you guys can have some fun!"

"Yes, Professor!" The boy with glasses and the others smiled.

“Hmph! You’re just a piece of trash. Why are you acting like some big shot here? Just look at your attitude! If it wasn’t for Jinfei, would you even be able to come to an event like this?” Su Hong said as she jabbed Chen Hao in the chest.

To be honest, based on Su Hong’s requirements, her son-in-law must at least be someone with some sort of title. However, her son-in-law was someone like this.

Of course she felt unhappy.

“Miss Su, greetings!” Just then, a group of people walked over.

A woman with shoulder length hair who was dressed in a business suit was leading them. She was fresh-looking and also pretty.

Her arrival attracted quite a few glances.

However, mandarin was obviously not her first language.

“Ah, so it’s Miss Takena Miko! I’m sorry, I didn’t see you come over!” Su Hong immediately changed her demeanour and smiled as she spoke.

“It’s no problem, Miss Su. I saw that you seemed rather busy just now, so I didn’t want to come over and trouble you!” Takena Miko smiled.

She glanced at Chen Hao, who had just been reprimanded, and nodded at him.

It couldn’t be denied that this Japanese girl was definitely very pretty when she smiled.

Her adorable eyes curved into crescent moons when she smiled, making people feel at ease.

“Ah, I was just scolding an irresponsible worker of mine. It’s no trouble! Miss Takena Miko, you must be tired having travelled all the way here from Japan. I’ll immediately take you to your room so you can rest!” Su Hong said awkwardly.

“Worker? But I heard you say son-in-law just now,” Takena Miko said, stroking a lock of her hair.

“You must have heard wrongly. How is that possible?”

Su Hong smiled at Takena Miko, as well as the five or six aloof-looking, young Japanese men standing behind her.

Chen Hao looked at these five or six underlings from head to toe. They all seemed pretty extraordinary, and seemed rather capable.

This Japanese woman was not just any normal woman!

Just then, another large group of people were walking up from the bottom of the Mountain Villa.

There were also quite a few other forces walking by the side of the mountain road.

However, when they saw this particular group of people, everyone moved to the sides and let that group walk in the middle path.

“Madam, Tian Long Group has arrived!” A butler who was standing at the side informed Su Hong.

Immediately, Su Hong’s attitude became extremely respectful.

“The Tian Long Group!”

As for the Yu sisters, they also turned to look at this group of people.

They wanted to see exactly what the young head of Tian Long Group looked like.

Takena Miko was about to leave but she slowed her steps.

“What’s happening, Miss Takena Miko?” An underling asked.

“Before I arrived, I had heard of Tian Long Group of Tian City. They are very capable. Within less than a month, they had already taken over half of Tian City. If we can get to know the head of the group, then it will greatly benefit us in the future!” Takena Miko smiled as she stopped walking.

“Mrs. Su, greetings. I am Zhang Long, and this is Shen Wanshan. We are representing Tian Long Group!”

With Chen Hao’s help, Zhang Long’s injuries had already healed by quite a lot. He couldn’t fight yet, but he could still attend some events without any problem.

“Tian Long Group has already shown great respect to the Yu Family by attending this event, and I thank you sincerely! I will immediately arrange rooms for you! But what about Tian Long Group’s...?” Su Hong smiled as she looked around.

She wanted to ask, What about your boss?

“Our President Chen will attend, but right now he is a little busy!” Zhang Long said.

“Ah, so your president’s surname is Chen! I understand. If President Chen is able to attend, it will truly be great!” Su Hong said hurriedly.

After that, she changed her expression and yelled at Chen Hao, “What are you doing dozing off here? Quickly, bring our honored guests, Tian Long Group and the Takena family, to their rooms!”

“Alright.” Chen Hao nodded lightly.

He turned around and glanced meaningfully at Zhang Long and Shen Wanshan before leading them away.

“Ugh! He makes me so agitated. How can others be so well-off, but someone like him still has the privilege to be alive? They both have the surname ‘Chen’, but how can they be so different?” Su Hong said.

Yu Jinfei didn’t say anything. After all, it was her intention to find such a foolish man.

Chen Hao first settled Zhang Long and the others into their rooms. He reminded them that the forces that were attending the auction were far more dangerous than he had expected, and there were quite a few experts in the mix. He warned Zhang Long and Shen Wanshan to not act rashly.

After that, he quickly went off to settle Takena Miko and the rest into their accommodation.

“Miss Takena Miko, this is your room. There are personal helpers for you outside. If you have any needs, feel free to ask them!” Chen Hao smiled.

After that, he turned to leave.

“Mister, please wait!” Takena Miko suddenly called after Chen Hao.

“Is there anything else?”

“Mister, could you please help me with something?” Takena Miko stood up and bowed slightly to Chen Hao as she spoke.

“Help you?”
