

## I Am Born With A Silver Spoon Chapter 52

“Chen Hao, over here!”

When Chen Hao reached the girl’s dormitory, there was indeed a huge crowd gathering there.

The crowd was a mixture of guys and girls.

The police were there. Even their tutor Meng Cairu and Lu Chen’s tutor were there as well.

It was indeed very lively.

Yang Hui waved at Chen Hao from the crowd.

Chen Hao walked over.

Only then he saw Yang Xia and Lu Chen’s figures.

It seemed like the both of them were entangled in a fight. There was a slap mark on Yang Xia’s cheek and her hair was in a mess. She was crying while scolding Lu Chen.

At this moment, Lu Chen was held down by the police and he was handcuffed.

He was so scared that his face looked pale.

One of the police was trying to get statements from both tutors to help them understand the situation better.

“What... happened here?”

Chen Hao asked in shock.

“What do you mean what happened here? Damn it, Chen Hao, weren’t you wondering how Lu Chen became so rich since that day? Guess what, Lu Chen was so bald that he borrowed 100,000 from an online loan company for 7 days. I guessed he was scammed by the people behind the scenes, because within 7 days, he had accumulated a 500,000 debt. I think Lu Chen secretly mortgaged off the shares of his father’s company to other people!”

“Anyway, it’s a huge mess now. The police were called in by his father!”

“Lu Chen can’t run now. He wanted Yang Xia to pay him back-I think he had spent about 100,000 on Yang Xia-but she didn’t want to pay him back, so he hit her!”

“F\*ck, these unlicensed online loan companies are ruthless. In the past, I saw in the news that somebody had borrowed 10,000. However after a week, it had ballooned up to 100,000. That’s ten times the original amount! I thought it was fake, but now I believe it. It’s just too frightening!”

After listening to this, Chen Hao looked at the crying Yang Xia.

Then, he looked at Lu Chen who was led to the police car. He was still cursing her. "Let me tell you this, you b\*tch, I spent 100,000 on you and I haven't even bedded you yet. You better f\*cking watch out! If you do not pay back my money, I will ask my father to hire somebody to kill you!"

"Get in!"

Before Lu Chen had time to finish his sentence, he had been stuffed into the car by the policeman.

"Why the f\*ck would you want me to return your money, have I been your girlfriend for nothing?!"

Yang Xia stomped her legs angrily.

"You're a liar, and you deserve it!"

Although Yang Xia was cursing at him, in her heart, she was really afraid. Lu Chen's family wasn't someone to be trifled with. At the very least, they were much more powerful than her family.

Seeing Lu Chen being escorted away by the police, Yang Xia's heart was beating very fast.

Suddenly, she turned her gaze and saw Chen Hao within the crowd.

At this moment, Yang Xia's eyes turned red.

She immediately rushed to Chen Hao's side and lifted her hands. She gave Chen Hao two slaps on his face. It was very loud!

"You b\*stard, how could you stand here and watch somebody hit me? You b\*stard, you should have dragged him away and hit him!"

Yang Xia was like a madwoman. She tore Chen Hao's clothes while shouting and shrieking.

In her eyes, Chen Hao was the type of person who would do anything for her.

Not now, but in the past, Chen Hao would carry her on his back to the infirmary even if she only had a slight flu.

When she said she was hungry, even in the middle of the night, Chen Hao would run out the campus to buy something for her and send it all the way to her dorm.

When she wanted to buy a mobile phone, even if Chen Hao were to work until he was half-dead, he would buy it for her.

Hence, when she was being hit, subconsciously, she thought that Chen Hao would definitely stand up for her.

In the end, he only stood there and watched like a dumbo.

Yang Xia was so angry that she nearly went crazy.

"Yang Xia, I am not your boyfriend anymore!"

After enduring two slaps on his face, Chen Hao wanted to return the favor.

But when he saw the slap marks left behind by Lu Chen on her face, Chen Hao could not bear to slap her.

He could only push her away!

Chen Hao had really loved her back then.

Ok fine, you are not my boyfriend anymore, but don't you want to get back together?!"

Yang Xia cried out.

She had calmed down a little.

However, Chen Hao felt like a stranger to her.

Could it be that this poor loser doesn't love me anymore?

How could this be?

Even if I were to be in bad shape, Chen Hao should still kneel down and beg me.

"No, I don't want to!"

Chen Hao shook his head and turned on his heels and left. Actually, Chen Hao still felt hurt.

"You b\*stard, if you do not get back together with me, how am I supposed to pay back the money? If it weren't for your competition with Lu Chen to see who was richer, then I wouldn't be in this situation at all!"

Yang Xia was hysterical!

Chen Hao did not love her anymore. However, now she had a 100,000 debt to pay and she didn't want to offend Lu Chen's family.

What should I do? What should I do now? 100,000! Even if she sold herself, she would not be able to earn that much money!

Yang Xia crouched down on the floor and started crying bitterly.

Chen Hao, on the other hand...

His feelings were in turmoil as he walked back to his dorm. He wanted to catch a quick shut-eye, but no matter how hard he tried, he couldn't fall asleep.

Seeing the slap mark on Yang Xia's face, Chen Hao's heart really hurt.

If Yang Xia had remained by his side, then she would have gotten whatever she wanted now.

If she was bullied, Chen Hao would definitely stand up for her without a second thought.

But ironically, she betrayed him.

She lied to him, saying that she needed some time alone, but within those three days she had gotten together with Lu Chen.

Although Chen Hao rarely brought up this incident, he would never forget it!

He lay on the bed thinking about the times that Yang Xia was good to him, and also the times where Yang Xia ridiculed him. Half an hour past, just like that.

At this moment, Chen Hao's phone rang. He picked it up and saw that it was Su

A phone call came from Tongxin.

"Chen Hao, where are you now? Come to my house quickly, we have prepared a meal for all of you!"

Su Tongxin sounded excited.

"I am back in my dorm, what's up?"

Chen Hao could roughly guess what had happened, but he pretended not to know and asked her that question.

"Hehe, our family's financial crisis is over. Besides, did you know that my family's company had obtained a 1 billion investment from Jin Ling Commercial Group? Come over here quickly and let us have a meal together!"

Su Tongxin was very happy. Chen Hao was happy too, but he was surprised as well.

Zhenguo was a very efficient person. What Chen Hao did not expect was that he would invest 1 billion. Such a huge amount of money! Wow...

If this was in the past, he would have gone to her house to join in the lively atmosphere if Su Tongxin wanted him to go.

But now, Chen Hao's feelings were in turmoil after Yang Xia's incident.

"It's okay. You guys go ahead and eat. I am not going anymore. I am a bit tired now and I want to take a nap!"

"Ah! What's wrong with you Chen Hao? Why won't you come? Are you afraid that they would mock you? Don't worry, I am here, so they won't do that!"

"It's not that, I am just really tired!"

"It's alright then, wait for me at the college tonight. I will treat you to a meal, just the two of us. Come to think of it, I have always wanted to treat you to a meal, but haven't gotten around to do so!"

"Ok!"

After he hung up the phone, Chen Hao wondered whether he should find an opportunity tonight to tell Su Tongxin that he was the one who helped her.

Should he tell her his real identity as well?

But he was at a loss on how to start the conversation.

Would it be too sudden?!

Ugh, Chen Hao felt his head was nearly exploding!

At the same time, in Su Tongxin's house...

"What? Your poor friend is not coming? What kind of show is he putting on now?"

When Wang Huimin saw Su Tongxin looking glum after she put down the phone, she couldn't help but say.

She really did not understand why her daughter was so concerned about that kid.

"It would be better if he did not come. My dear cousin, it's better if you do not pay attention to this guy anymore. You should know by now that you and him belong to different worlds. Currently, with Jin Ling Commercial Group's investment, our Su family's business would definitely expand rapidly. You should put a stop to his dreams of being with you as soon as possible!"

"That's right! Why would you still keep in touch with that kind of person?"

The youngsters continued chattering away.

"By the way, Zhuang Qiang, was it because of your father's connections that he was able to get Jin Ling Commercial Group to invest in us? You must know that this is Jin Ling's top group, so why would they suddenly invest in us?"

At this moment, Wang Huimin suddenly directed the topic of conversation to Jin Ling Commercial Group.

This was the biggest question she had in her heart.

Zhuang Qiang only shook his head.

"I don't think it was my father. There are only two persons who could get the Jin Ling Commercial Group to invest. Even General Manager Li does not have a say in it! They are the two Presidents of the group. The elder one is President Chen, who is currently not in the country. Hence, according to my guess, the one who initiated the investment this time around would be that extremely mysterious Young Master Chen!"

"Young Master Chen? Why haven't I heard of him before?"

As soon as the remark came out, everyone became silent.

Li Zhenguo was one of the richest guys in Jin Ling. Now, there were two powerful patrons above him, and one of them happened to be Young Master Chen.

Didn't that mean Jin Ling Commercial Street was also under his name?

How rich could he f\*cking be?

Zhuang Qiang wore a very respectful look as he said, "Young Master Chen is a very mysterious person, and his identity and his background are shrouded in mystery. In addition to that, the wealth that his family owns is way beyond our imagination... Since Young Master Chen just came to Jin Ling, of course he would like to show off his abilities. Hence, Madam Wang, I suspect that your company had caught his attention!"

"I think that's it!"

Wang Huimin was nodding her head in delight.

The girls, including Jiang Weiwei, could not hold back their curiosity anymore.

"Young Master Zhuang, tell us quickly how mysterious is that Young Master Chen? Does the entire Jin Ling Commercial Street belong to him? Oh my God!"

Zhuang Qiang snorted, "What? Jin Ling Commercial Street? Haha. Let me tell you something I heard from my dad. That Jin Ling Commercial Street-that cash printing machine of Jin Ling -is nothing in the eyes of Young Master Chen's family!"

"What?!"????
