

I Am Born With A Silver Spoon Chapter 529

“What are you doing? Help! Help!” Yang Xia yelled in panic.

A piece of white towel covered Yang Xia’s lips. Soon, her eyes blurred out and she stopped struggling.

At the same time, in the dungeon, Chen Hao, who was in a coma, moved his ears slightly.

Then, his eyes opened wide all of a sudden.

Suddenly, a dark green light flashed in his eyes.

After a short while, he returned to his state of calmness.

However, the surprise in his eyes couldn’t be concealed.

Chen Hao realized that although the dungeon was dark and gloomy, his eyes could clearly see every detail of the space surrounding him.

In addition, his ears could hear the sounds from afar, as long as he was willing to listen to them.

Chen Hao’s body trembled slightly, then with a whooshing sound, he leaped into the air; his body was so light that it was no trouble for him at all.

However, as he glanced at his skin, he saw lots of black and dirty substance seeping out from his skin; these should be the impurities from within his body.

The holy blood is indeed amazing! Not only did it help to stabilize my mind and soul, but it also helped to improve and strengthen my body!

Chen Hao was elated from the bottom of his heart.

He felt that his Inner Energy improved tremendously compared to three days ago.

Originally, I thought that I would come to the Mo Family personally for a revenge after obtaining the holy blood. I didn’t expect that they would bring me here at their own initiative! Chen Hao sneered in his heart.

Oh right! Yang Xia!

Chen Hao came to a sudden pause.

He could faintly hear Yang Xia’s call for help just now.

Although Chen Hao was in a serious coma, he knew everything that happened in these three days; his consciousness was still on full alert.

On the night three days ago, Yang Xia told him a lot of things.

He would be lying if he claimed that he wasn’t touched at all.

Yang Xia saved his life previously, and there she was, risking her life again to visit him.

Chen Hao knew that it wouldn't be easy to repay her kindness.

She seemed to be in danger right now!

Chen Hao frowned.

There was a metal gate in front of him.

Chen Hao reached out his hands and pulled the gate.

Boom! A loud bang was heard, and the metal gate collapsed together with the surrounding walls.

Chen Hao then walked out of the dungeon.

At this moment, he saw a person walking toward the dungeon.

"C-Chen Hao? Y-You're awake!" It was Mo Lin, who was there to bring him some porridge.

"Anybody there? Help!"

Mo Lin witnessed the eight dead bodies, all of them killed by Chen Hao in the Lu Villa previously. Hence, he had an innate fear toward Chen Hao.

His capability was weak, hence he wanted to run out of the dungeon to ask for help.

A disgusting sound of something being torn apart was heard?—he was being torn into two halves!

Chen Hao walked up the stairs and out of the dungeon slowly. He immediately followed the sound to determine Yang Xia's location.

The Mo Family members were in the backyard right now.

There were not many people in the living hall.

The few people that Chen Hao bumped into were all easily killed by him.

Soon, Chen Hao arrived at Yang Xia's room.

He kicked the door open with his legs.

"Who's that?"

Mo Qiang was undressing Yang Xia.

He was startled when the door was blasted open.

What startled him even more was the fact that there was dirt all over the person's body; that person by the door seemed like he had just crawled out from the mud.

However, Yang Xia, who was physically weak, immediately recognized the person.

“C-Chen Hao, p-please save me!” Yang Xia called for help in panic.

“Chen Hao? H-How did he escape?”

Mo Qiang was dumbfounded; he was extremely shocked and his legs felt like jelly. He leaned onto the wall and was planning to sneak out of the room along the walls of the room.

“Huh?”

Chen Hao grabbed him by the neck and lifted him up.

“Have mercy on me, please don’t kill me!”

“Everyone in the Mo Family should die!”

Crack! He exerted a light force and Mo Qiang was killed.

“Chen Hao, are you okay?”

Yang Xia sat up weakly and asked anxiously.

“Yes!”

Chen Hao nodded as he glanced at her.

“I need to use your bathroom for a shower!”

“Hmph! What a bunch of crap! You veterinarians couldn’t even treat a few dogs!”

All the members of the Mo Family were in the main hall.

Mo Yu was ranting in anger.

Mo Yu cared about each and every dog that belonged to him. These dogs were trained by him personally with enormous effort.

As such, this matter was also important to the members of the Mo Family.

“Get out! All of you!” Mo Yu yelled again.

The group of veterinarians fled in embarrassment.

“The situation doesn’t seem right!” said the old man beside Mo Yu.

His name was Mo Yunshan; he was the main butler in the Mo Family and was one of the most capable and experienced people among the Mo Family members in Long Jiang.

“What’s wrong now?” Mo Yu asked, displeased.

“Ever since we came back from An Ling, I felt that something was not right. Half of our dogs went insane and died in three consecutive days. This was surely a bad omen. I have something in mind, but I’m not sure if it’s appropriate to say it,” Mo Yunshan replied.

“Pray tell, what do you have in mind?” Mo Yu waved his hands.

“I felt that something was about to happen to the Mo Family. I felt exceptionally anxious and restless whenever I thought about Chen Hao. I did order someone to add some poison into the porridge the servants fed to him...”

Before he could finish, Mo Yu interrupted him.

“Butler Mo, are you scared silly because of Chen Hao? Indeed, Elder Mo Yunhai and the others died disastrously, but we couldn’t take Lu Family’s words as the whole truth. Think about it, Elder Mo Yunhai was in practice for many years. When he was younger, he was one of the top talents in the Mo Family. It’s impossible that Chen Hao would have such a great ability to kill Mo Yunhai so easily. My guess is that the Mo Family colluded with Chen Hao to deceive Elder Mo Yunhai and the others!” Mo Yu shook his head.

Mo Yunshan let out a long sigh. “I hope so. It would be ideal if we could stay safe and sound before the return of Master Mo!”

“Bad news! Bad news!”

At this moment, one of the servants stumbled into the hall.

“What’s wrong this time? Did more of the dogs die?” Mo Yu slammed his hands on the table.

“No! It’s not the dogs, it’s the people! Mo Lin was murdered brutally in the dungeon. A total of seven members were killed in the VIP hall. Based on my judgement, they were all killed in one strike! The dungeon is empty now!”

“What?”

At this moment, every member of the Mo Family began to panic.

Mo Yunshan’s body trembled slightly as he held his breath, trying to stay focused; he didn’t utter a single word.

However, the beads of cold sweat on his forehead revealed the worry he had for the past few days.

“It seemed like someone was bold enough to commit a murder in the compounds of the Mo Family. Where’s Chen Hao?” Mo Yu panicked.

“Chen Hao is missing!”

Hiss! Everyone was in a state of panic.

The skies were dark at this moment and the wind was chilly outside; the fallen leaves in the courtyard were blown around restlessly by the wind.

Woof! The dogs in the backyard were barking more intensely.

The people who heard them grew terribly anxious upon the barking.

This had never happened in the Mo Family's thousand years of history.

The Mo Family had killed many people in the past, so they weren't afraid of corpses.

However, these corpses were people from the Mo Family, and they died in the compounds of the Mo Family, causing them unprecedented fear.

This had never happened in a thousand years! some of the people thought.

"Take action immediately, everyone. Use every way possible to find out who's the murderer and get hold of Chen Hao!"

Mo Yu angrily hit the table and it broke into pieces.

Mo Yunshan stared at the pitch-black night outside the main hall.

At this moment, he nonchalantly uttered, "Young Master Mo Yu, it seems like he's here!"
