

I Am Born With A Silver Spoon Chapter 608

Chen Hao described the mansion in detail, as if he had lived there for a long time.

If not, how could he be so familiar with it?

Su Chuchu and Su Ranran looked at him in surprise, while everyone in the hall, including the Shen Family blanched.

Shen Nianhua, however, was moved by his explanation.

He looked at Chen Hao even more respectfully. He knew a little about the Cloud Hill Mansion due to certain reasons, and Chen Hao's description was not just apt, but also weirdly detailed.

Up till now, no one dared to suspect Chen Hao's identity.

"I didn't know that such a distinguished guest like yourself is visiting. The Shen Family apologize for the lack of a warm welcome!"

Shen Nianhua walked down the platform quickly and bowed slightly to Chen Hao, not to show respect to Chen Hao the messenger, but to the Young Master Chen.

Su Ranran looked at Chen Hao appreciatively.

Initially their cover was about to be blown, but she didn't know that Chen Hao had such knowledge. It was pretty impressive.

As for Guo Xing and Guo Qiang, the pair of father and son could barely sit still as they had a sudden urge to rush in front of Chen Hao and kowtow to beg for his forgiveness. They wouldn't mind even if they had to kowtow until their head hurt!

"He... He's actually Young Master Chen's servant!" the woman said apprehensively.

Smack!

Guo Xing turned and slapped the other side of the woman's face until it was swollen. She fell to the ground, almost passing out.

"You b*itch! You brought misfortune to the Guo Family! We're going to be obliterated!" Guo Xing gritted his teeth.

"Something's wrong!" a young man suddenly stood up and said.

"Hmph? What's wrong?" Shen Nianhua asked.

"A few months ago, I went to the Southern Region for business, and I heard some rumors as Young Master Chen's family is located in the Southern Region. A year ago, something big had happened at the Chen Family. From what I heard, Young Master Chen had left the Chen Family and disappeared mysteriously. As for the Cloud Hill Mansion and even the Hot Spring Villa, they were transferred to the Mo Family six months ago. But why did Young Master Chen suddenly return and invite Young Lady Su to

stay a night at the mansion? I've just asked my friend in the Southern Region—they said that the whereabouts of Young Master Chen is still unknown!"

He bravely pointed out his speculations.

"Hmm... You might be right!"

Shen Nianhua suddenly remembered something as he returned to his senses.

Su Ranran was stunned once again before looking at the young man resentfully.

Damn it, we've already pulled it off! Why do you have to chime in? F*ck! She was so anxious that she wanted to just throw a fit.

"May I ask if Young Master Chen is back to Jin Ling?" Shen Nianhua asked Chen Hao.

"Not yet, but he's preparing to go back in a while," Chen Hao replied.

Apparently, his reply did not satisfy the young man who questioned him.

However, Shen Nianhua raised his hand and interrupted the young man just when he was about to open his mouth.

"Please be patient. There's no use if we discuss whether Young Master Chen has returned or not. Let's wait quietly for the special guest to arrive. Everything will clear up once he's arrived, because he's part of the Chen Family!" Shen Nianhua suddenly laughed.

"What?" Everyone's curiosity was piqued by his words.

Perhaps Shen Nianhua is collaborating with the Chen Family?

"Young man, since you are working for Young Master Chen, do you know who the guest is? Didn't Young Master Chen inform you that he's coming along too?" Shen Nianhua asked.

He was very experienced in life. Hence, he wouldn't dare to offend anyone with great power.

So he kept the respectful tone when he spoke to Chen Hao.

Chen Hao shook his head. "I have no idea who is coming. Young Master Chen had only asked me to send the invitation card here," Chen Hao explained.

At the same time, he wanted to see which member of the Chen Family was going to arrive.

"Hmph!"

This is weird! Everyone started discussing among themselves.

"Bro, you have to think this through. The reason why I dare to question you is because someone tried to impersonate Young Master Chen to fool everyone in the Southern Region. After the Chen Family found out, this man and his entire family suddenly disappeared without a trace. If you are impersonating him,

you have to own up quickly and seek their forgiveness. Maybe you'll be allowed to remain alive this way!" the young man continued.

Su Ranran gulped fearfully as things seemed to be blown out of proportion.

How should she wrap everything up?

When she heard that her entire family might be obliterated if they tried to impersonate Chen Hao, Su Chuchu was extremely anxious.

After all, someone from the Chen Family was going to arrive soon.

"I'm not impersonating him!" Chen Hao retaliated firmly.

"Enough!" Su Chuchu stood up.

The crowd went quiet once again and looked at her.

Su Ranran knew she had gotten them into big trouble. She was so scared that she was at a loss for words.

Madam Su knew that something else was going on. All her previous excitement had been replaced with fear.

If they were going to be obliterated, they had no power against the Chen Family.

"I'll be honest with you guys—this invitation card is fake!" Su Chuchu bit her lips and threw the invitation card to the floor.

The words 'I hereby invite Young Lady Su Chuchu to stay a night at the Cloud Hill Mansion' seemed to be smirking back at her sarcastically.

She couldn't stand it anymore.

"It's fake?" The atmosphere at the hall became heated once more.

Upon hearing her words, Shen Nianhua froze.

Guo Xing, however, almost fell to the ground. He was under great pressure just now until the extent of almost peeing his pants. When he couldn't hold it in anymore, the pressure was suddenly removed. No one was able to withstand such an emotional rollercoaster.

"I-I'm going to change my pants!" Guo Xing exclaimed excitedly, as if he was reborn.

He then ran outside hurriedly to change his trousers before coming back to witness the drama.

"Girl, what's happening?" Madam Su was so anxious that her eyes were brimming with tears.

Su Chuchu let out a long sigh. "I knew Shen Yang was going to propose to me today, and I didn't want to agree to his proposal. So I thought of this idea to deceive everyone, and to let Shen Yang down. Ha! Look

at me! Young Master Chen from Jin Ling has tons of beautiful girls around him, do you think he would invite me to his Cloud Hill Mansion?"

Su Chuchu explained everything and shouldered all the responsibility herself.

"Sis, I—" Su Ranran sobbed.

"If the guest from the Chen Family wants to pursue this matter, ask him to blame it on me. I'm the one who is behind all this. This has nothing to do with my family!" Su Chuchu said.

"It's all because of you! You bastard! Our Su Family is going to die because of you!"

Madam Su had lost all composure. She seemed to experience the ups and downs of her life in just a few minutes.

She relinquished all her fury on Chen Hao—she grabbed some candies on the table and threw them at Chen Hao wildly.

The crowds booed as they looked at Chen Hao and the hypocrite, Su Chuchu, disdainfully.

Tears flowed down Su Chuchu's cheeks as she tried to stop the hysterical Madam Su.

Chen Hao, however, had a calm expression.

He bent and picked up the invitation card on the floor which was thrown by Su Chuchu before looking at her and said, "I hereby announce that this invitation card is still valid. If Young Lady Su is free, you are welcomed to the Cloud Hill Mansion for a night!"

"What?"

Silence fell on the hall once more.
