

Skeletons 178

Chapter 178 Aurum reached out and stopped him. "Gale is still in a coma." "I want to take her away!"

Aurum asked, "Why? She is very weak now and needs hospital treatment."

"No reason!"

Shawn waved his hand heavily and still wanted to enter the ward.

However, Aurum is also very strong. "Mr. Wood, she needs to rest now."

Shawn narrowed his eyes. "Are you... forbidding me from seeing Gale?"

This woman has such an ability to seduce men.

He and she have a deep blood feud, and yet she has managed to tease him over and over again. He had gotten soft-hearted for her...

What more other men! Aurum replied, "Mr. Wood is joking. I have a girlfriend. I'm just a friend to Ms. Gale." A high-quality man like Aurum was already taken. His girlfriend is a well-known daughter of another powerful family.

Aurum, who is rich, handsome, gentle and responsible... any smart woman would hang on to him.

Aurum, who is rich, handsome, gentle and responsible... any smart woman would hang on to him.

What's more, they were both talented and beautiful. Shawn said, "Friend? How many times have you met? Aurum, we have worked together for many years. I don't want to have bad blood with you because of a lowly woman."

"You can't say that to her."

Aurum has always been standing up for Gale, and the impatience in Shawn's heart became more and more obvious.

Sam left, and Aurum came.

Sam had at least lost her and gone abroad, so Shawn did not take him seriously.

However, if Aurum really likes her, Shawn is not sure he could beat him.

He wanted to win.

He was afraid that Gale would be moved by other men.

This thought flashed by, causing Shawn's deep eyes to darken.

He has such a strong possessiveness toward Gale, which is the kind of possessiveness a man has over a woman!

"Oh, Aurum, Gale is not as noble as you look. Do you know her identity?" Shawn said coldly.

"Who is she?"

"My lover."

Aurum was stunned. "Lover? The child in her womb..."

Shawn replied, "I let her go. She doesn't want to and secretly asks you for help to keep the child. She is clearly scheming?"

LIL

He did not make it clear whether the child was his.

Let Aurum guess for himself.

However, Gale's image was definitely ruined.

Aurum was still immersed in shock and did not regain his senses for a long time, but Shawn had already taken advantage of this time, kicked open the ward door, and walked in.

A loud voice woke up Gale, who was in a coma.

She opened her eyes and saw Shawn's angry face.

The familiar sense of fear struck, and she shrank her shoulders deliberately. "Shawn..."

"You are so courageous!"

"Mr. Wood!" Aurum then rushed in. "You scared her."

Looking at Shawn, then at Aurum, Gale's consciousness slowly returned...

She suddenly looked down at her lower abdomen. "My child!"

Aurum said, "Saved. Fortunately, I arrived in time and arranged for the doctor to operate on you."

Gale looked at him blankly, her eyes slightly wet with tears."

Thank you, thank you..."

If there were no Aurum, she would have lost her child.

"However, the doctor said that your body is too weak, and the condition of the fetus is somewhat dangerous. Next, you need to carefully care for the fetus. Otherwise... there will still be a possibility of a miscarriage."
