

Skeletons 212

Chapter 212

Her fake pregnancy and miscarriage had been a secret, and very few people knew about it!

At the hospital, her father had deliberately paid everyone off to keep their mouths shut... How did Gale know?

Did someone betray her?

No, it's impossible. Gale did not have the financial resources to find out!

Therefore, Susan will not admit to it, no matter what!

"Mr. Wood, don't listen to her!" Susan turned to look at Shawn. "She's a lunatic, she's been in a mental hospital for two years, and she's already lost her mind. You mustn't trust her!"

Shawn's gaze was deep, and his eyes dark, making it impossible to see what he was thinking.

His silent treatment made Susan a little overwhelmed.

She had a guilty conscience, but now she was even more helpless. "Mr. Wood, you...you must believe me! You can investigate. Ask the hospital and the doctor instead of listening to Gale's one-sided story!"

Seeing that Shawn had not spoken, Susan hurried over, but because she was too scared, her legs went weak, and

she fell to the ground. She got up again, knelt on the ground, and crawled to Shawn's feet. "I can't lie to you, Mr. Wood. I like you so much. I want to have children with you. How would I do such a shameless thing!"

Shawn remained silent.

Gale watched this scene quietly.

She knew that be it right or wrong, Shawn could see through it.

Ordinary people could not deceive him. "Gale!" Susan pointed her finger at her. "Don't stir up troubles here and destroy my relationship with Mr. Wood! Now that I have a miscarriage, and I have no children by my side, you think you can just slander me like this?"

"You know best in your heart whether I have actually done so."

Susan shouted, "It's just your speculation! Have you gone to the hospital to investigate!" She believed that at her father and the doctors would have planned a response if ever asked!

She had not expected that Gale would laugh instead.

"Susan, Susan, how can we even investigate? You've bribed everyone, and they will keep it a secret for you.

Unfortunately, there is only one thing you forgot." "What... What is it?"

Gale said, "No other person's proof is needed. A doctor would be able to examine whether a woman has ever been pregnant or has had a miscarriage. If you really did have one, it would be obvious. Understand?" Susan's face instantly turned pale.

Examination...

How can she withstand the examination?

She is still a virgin! She had never been touched by a man!

Although Susan was an internet celebrity who loves to flirt and go to bars, she also treasured her virginity.

In particular, she was ambitious and single-mindedly wanted to trap a rich man and marry into a wealthy family, so she has always ensured she did not sleep around.

Unexpectedly, this would now be her downfall!

A lot of secrets would be revealed with just one examination, not just her fake miscarriage! Shawn would find out...she was not the woman from that night!

Once this was discovered, it would be over!

Gale continued, "The most direct and quick way is to go directly to the gynecology department for an examination. Susan, do you dare?"

Susan was so frightened that she almost fell to the ground.

How dare she go to check! However, she could not admit it! Susan was extremely flustered. Her eyes rolled quickly, thinking hard about countermeasures.
