Chapter 416

However, he understood that Peter suffered because of him.

“Zach deceived you into thinking my dad was the murderer, and you put him in jail. But why did you ask Susan to pour hot water on him?” Gale said, her voice becoming choked up.

She still remembered her father’s tragic situation at that time!

Shawn frowned tightly. “I didn’t do that.”

“No? Then where did these scars come from?” Gale lifted Peter’s sleeves. “Look carefully! How did Susan get the courage to do it? She was arrogant and cruel and clearly said this is what you ordered her to do!”

Shawn’s face darkened, and he immediately understood what was going on.

Susan had more tricks up her sleeve!

“I never let Susan visit the prison, let alone bully your father. You were lied to, I was used!” Shawn replied.

“You...haven’t?”

“No, never!”

Gale gritted her teeth. “It turned out to be Susan’s idea!

She has such a vicious heart!” 1

That femme fatale woman deserved to be hacked to relieve her hatred!

Peter said, “Forget it, Gale. It’s all in the past. Let’s live a good life in the days to come”

“Dad, I love you.”

“It doesn’t hurt anymore, but there is a scar. At my age, I don’t care if it looks good or not.” Peter smiled and looked at Shawn. “Mr. Wood, the past is the past, and there is no grievance.”

“From today on, our family will not owe your family. I didn’t kill your father. It was all a misunderstanding. I know you are rich and powerful, but I don’t care about the so-called compensation. Our family is half destroyed, and it is impossible to restore the original state.”

“But our family of three will continue to live

optimistically. Let’s just write off all the things we have done before. We will not meet again in the future, let

alone communicate. Just pretend that nothing happened.

After this calamity, Peter only wanted to live an ordinary life and spend the rest of his life with his wife and

daughter.

Peter pulled Gale and was about to leave.

Shawn's voice came with the wind. "Father-in-law."

Peter paused for a long time before answering, "You...

what do you call me?"

Shawn repeated, "Father-in-law. Even if you really don't hate me, don't blame me for putting you in prison, and don't care about the past, but... Gale and I are married."

Peter looked at Gale. "He said..."

Gale nodded and said, "It's true. Dad, Shawn and I are married."

"You..."

"It's a long story. Don't be angry!" Gale explained.

Peter asked, "Did you marry him voluntarily? Do you love him? Or...he forced you!?"

Gale opened her mouth, not knowing where to start.

She was forced.

However, she loved him too.

However, she would never say it in this life.

"I understand. He forced you! Before the truth came out, he hated us so much. How could he marry you and treat you well? Gale, divorce, divorce him right now!" Peter said

"Dad, we will get a divorce."

"Let's divorce now!"

Peter could not accept this fact at all.

Just like when Wendy heard the news from Susan, she also fainted from anger.

Shawn's voice sounded, "I will not divorce. Father-in-law, I guarantee with my life that I will only love Gale. I will only have Gale as a wife, and I will only want children born by her."
