

Skeletons Of The Marital Closet by Wen Tang Tang

Chapter 741 - 750

Chapter 741

Now that Gale is back, what does Shawn want them to do?

Joe exhaled the smoke slowly and asked awkwardly. "Do you think you can hold onto Gale now?"

No reply.

If eyes could kill, Joe would have died thousands of times in Shawn's eyes!

Not a word was heard!

"Well, pretend I didn't say it." Joe made a gesture of shutting his mouth. "You are going to accompany your wife and daughter, and the company's affairs will fall on my head again!"

"Yes. Nicole has leukemia and needs my bone marrow. Before her operation, I must stay in the hospital to cooperate with the doctor's examination"

Joe nodded. "I wish Nicole a speedy recovery. Speaking of which I'm really jealous of you."

Shawn crossed his arms and raised his eyebrows slightly. "Is it just a little?"

"What the hell! How can a big and rough, fierce and indifferent man have such a lovely sweetheart of a daughter?"

The first time Joe saw Nicole, his heart almost melted.

Maybe, men are born with no resistance to cute little girls!

Nicole is so precious, like a porcelain doll. Everyone wants to hug her and kiss her hard!

The more he thought about it, the more unconvinced Joe became. 'Hey, I want to have a daughter

too! Be the little princess, buy a princess dress for her, little bows.

Shawn poured cold water on him. "It's not up to you to decide things like having children."

"If the first child is a son, then fight for the second child!"

"What if the second is also a son?"

"Shawn, can you shut up? Crow's mouth!"

Anyway, he was going to have a daughter!

He did not believe that he could ever give birth to a daughter!

Shawn continued, "First of all, even if you decide to keep having children until you have a daughter, Is your future wife willing to keep having children? Is she willing to have two or three children?"

"Secondly, you don't even have a girlfriend now, so you want to have a baby? How dare you?"

"Finally, gender is a probabilistic event. What is born is what it is. It doesn't matter, Joe, if you give birth to a son in the future, our Nicole can recognize you as a godfather."

Joe slammed the cigarette butt out. "It's amazing to have a daughter!"

"It's just amazing."

Joe turned around and left.

Shawn won this round.

He looked at Joe's back as he went away. "Come on. It's a lifelong event. You and Summer haven't made any progress so far... It's not a good sign."

Both were unmarried.

It was clear that they could get together, but they are both egotistical and all hold their heads proudly, unwilling to express their feelings.

Joe needed to take the initiative. As a girl, Summer would naturally be more reserved.

In the ward, Summer's eyes were red from crying.

Gale did not speak and just looked at her silently.

Summer poked her forehead. "Tell me what happened. Be honest!"

"It's a long story, Summer, and there are some things you don't know, and it is to protect you."

“Okay, if you don’t tell me, i won’t ask. But why did you come back?”

“Because Nicole has leukemia, only Shawn’s bone marrow is a match.”

Chapter 742

Summer suddenly realized.

No wonder Gale returned to Sea City with Nicole!

The tears she had just stopped began to fall again. “My Gale... You have started a new life, but G**d is playing such a joke on you again!”

Gale sighed. “Don’t cry. Nicole is too scared by you to speak.”

“I can’t control myself...”

After finally escaping, she had to come back again.

Summer felt upset just thinking about it!

“Shawn said that when Nicole’s illness recovers, he will let me go.” Gale lowered her voice as she spoke. “I don’t know if it’s true or not...”

“That man isn’t reliable! Take a step back, Gale. If he really lets you go, will you never see each other for the rest of your life? Will Nicole miss Daddy? You would need to be in touch!

Gale was taken aback.

She had not thought of that, but now that Summer said that, she realized it.

Yes...

Even if she returned to the small county, Shawn would come every now and then.

He had a well-known and justifiable reason to visit the children!

The relationship between Nicole and him was getting better every day. Maybe Nicole is more willing to stay in Sea City when the time comes!

“Forget it. Forget it for now. Let’s take one step at a time. Nicole’s illness is the most important thing. It’s really a crime for such a young child to have a major operation.” Summer’s eyes were full of distress.

Nicole blinked. "Godmother, I'm not afraid of pain. With my father to save me, and my mother to accompany me, I will soon become a healthy child!"

"Yeah!" Summer kissed her on the cheek. "Nicole is the bravest and the best!"

Gale smiled.

Summer recalled something and slapped her thigh suddenly. "Oh, this is the first time my go**er and I have met, and I'm actually empty-handed, and I haven't prepared anything!"

"There is no need."

Summer said, "No, no, it's necessary. Money is too vulgar, and I'm going to buy a gift! Nicole, think about it. What is the gift you want the most right now? Godmother will buy it for you!"

Nicole looked at Gale and asked her permission.

Gale nodded, and she immediately jumped up happily. "I want a doll! A big, big doll!"

"No problem! Godmother will take you to buy it!"

Opposite the hospital was a large shopping mall, Summer hugged Nicole and left. "Let's go for a stroll, Gale. I'll be back soon."

"Okay, don't buy her random snacks. It's bad for her teeth."

"Okay, okay."

As soon as he reached the door, Shawn turned back.

"Hello, Summer. What are you doing?" he asked.

"Doesn't matter. Give way."

Nicole replied in a clear voice, "Godmother is going to buy me a gift! The biggest doll!"

"That's right, he's a rough man, so he won't understand."

Summer walked away in a hurry.

However, Shawn was worried. He kept staring and asked Gale, "Can Summer take care of Nicole? She is always clumsy."

“Nicole is very well-behaved, and it’s in the opposite shopping mall. She will be back soon.”

Shawn was still worried. “How about I go and have a look?”

He had the mentality of a new father.

Gale could not laugh or cry. “Nicole is not as delicate as you imagined, and Summer is not a clumsy person. The doctor used the best medicine for the past two days, and her condition has improved a lot. She used to have nosebleeds every now and then.”

Chapter 743

Shawn pursed his lips deeply, raised his hand, and glanced at the time.

If Summer had not brought his daughter back after an hour, he would immediately kill her!

However...Summer reminded him of something.

Shawn said, “Gale, should I also prepare a meeting gift for Nicole? I haven’t bought anything for her yet.

“Your bone marrow matching is the best gift for her.”

“This is what I should do. Even if it costs my life, I will sacrifice to save Nicole.”

Gale shook her head. “No need. Nicole is not short of anything.”

Shawn kept quiet, and Gale thought that he had given up on this idea and quickly put it behind him.

It just so happened that the nurse came and needed Shawn to go over and do a physical

examination.

Gale stayed in the ward, ready to cook.

She had just picked up the spoon when someone knocked on the door. Knock, knock.

“Coming!”

When Gale opened the door, she saw a doll taller than the door, blocking the entire door tightly. without a single gap.

"Hello, is this Gale? Please sign for it."

The courier forced the doll into the door with difficulty.

This was just the beginning.

Immediately afterward, the salesperson at the counter of the mall came with large and small bags.

It was all Nicole's clothes and shoes!

There was also a clerk in the dessert shop who sent a three-layer cake.

Hairpins, a whole set of limited edition series of toys, and more...

Gale signed off on everything, and soon the wards were almost overwhelmed with toys.

'Summer, what are you doing buying so much! We agreed to only buy a doll!' she thought.

Sure enough, once a woman started shopping, she would go crazy and could not stop at all!

When Shawn came back from the inspection, he saw the room full of things and asked, "Did Summer buy it for Nicole?"

"Yeah, too many..."

Shawn glanced deeply and did not ask any more questions.

In the next two days, a crazy woman appeared out of nowhere in Sea City.

Her hair was disheveled, her face was full of dirt, and her body smelled sour. She could often be seen in the trash can and under the ov**ss.

This crazy woman was none other than Winnie!

She sometimes talked to herself, said some incomprehensible words, and her face was distorted.

Sometimes, when she grabbed a person, she would say, "People can't be resurrected after death. That's not Gale, definitely not! She is a fake, a liar, and everyone is kept in the dark by her!"

"Why doesn't anyone believe me? Gale died. She jumped into the sea, and her body was swollen! What I saw was not Gale!"

"My face...my face has to be there. I won't fix plastic surgery marks, and this is what I look like! This is what I always look like!"

These crazy words quickly spread in Sea City.

After all, the name 'Gale' was considered a legend in Sea City.

She was Shawn's first wife.

She married into the Wood family as the daughter of an enemy of the Wood family.

She was Shawn's most beloved woman. After her death, Shawn loved her forever.

Her body was buried in the back mountain of Temperley Hall, where flowers were everywhere, and the scenery was perpetually like spring.

How many people envied her, and she became Mr. Wood's favorite woman.

How many people felt sorry for her because she died?

However, the lu**ic said Gale was still alive!

After the news spread, everyone did not discuss it publicly, but they kept gossiping in private.

"Is Gale really alive?"

Chapter 744

"I heard that Mr. Wood didn't come to the company for several days and was hospitalized."

"Did you meet Mr. Wood's post lately?"

"Could it be that Gale not only survived but also gave birth to a daughter?"

For a while, Sea City was filled with various speculations and gossip.

However, no one dared to confirm it.

This was a private matter of the wealthy Wood family. Whoever inquiries would be courting death!

Peach heard it too.

She secretly ran to ask Summer, "Is Gale really back? Is she not dead?"

Summer also showed Nicole's photo. "That's right. Look, Gale's daughter, my go**er, isn't

she cute!"

Peach opened her mouth wide and could not close it for a long time!

"It turned out to be true!"

Summer said, "Yes, I've seen it with my own eyes, verified it, and she's right!"

Peach suddenly became excited, and her eyes were about to shoot stars. "Then, when will she return to the company? I would still like to work under her! The position of the chief designer is

hers!"

Before Gale jumped into the sea, she deliberately cultivated Peach.

So after she left, Peach lived up to what was entrusted to take her place.

"Hush, keep your voice down. I don't know about that."

Peach nodded, tears welling in her eyes.

Her favorite and most admired sister was not dead!

Great!

She was not the only one who was excited.

Sam.

Sam had nowhere to ask for evidence.

Sam needed to figure out who to turn to for inquiries. After Gale's death, he and Shawn completely cut off contact and concentrated on their careers.

Now that he hastily asked Shawn, Shawn might not answer him.

Natalie ran to ask Aurum. "Aurum, I heard that, Gale..."

Aurum nodded. "Yes. I've seen her before."

"What!? When did you meet her?"

Natalie turned pale with shock!

She only heard the news, but Aurum had even met her?

Was his relationship with Gale so good?

Aurum explained, "Peter and I were drinking and chatting that day, and she suddenly appeared, holding her and Shawn's daughter by the hand. It was the first time she showed up after four years, and I happened to be there."

Natalie breathed a sigh of relief. "So that's how it is..."

However, she was still upset.

A person who was already dead was suddenly 'resurrected'!

The sense of crisis that Gale once brought to her swept over her again!

Natalie still remembered that the first time she quarreled with Aurum and lost her temper was

because of Gale...

Natalie asked, "Aurum, she has a daughter, so the relationship between her and Mr. Wood should be stable, right?"

"Hard to say."

"Huh? Why?"

Aurum replied, "If the relationship is good, why would Gale not return to Sea City for four years and live alone with his daughter?"

Natalie nodded. "You're right, but she finally chose to come back. Aurum, these four years...have you had any contact with her?"

Aurum denied it without a second thought. "No. Everyone thought she was dead, including me, naturally."

He chose to lie, and he did not want Natalie to get involved.

Therefore, his tone was a little impatient.

Natalie was a little uneasy but did not want Aurum to see it.

She had never liked Gale!

Just stay dead!

Chapter 745

The more Natalie thought about it, the more unappeased she became. Gale once snatched her crown, stole the limelight at jewelry fairs, and had a close relationship with Aurum...

The security guard's cursing voice suddenly came. "Hey, what are you doing? Let go. Don't stay here. Get out!"

Natalie looked up and saw that the security guard was waving a stick in his hand and was chasing away a woman standing next to the trash can.

The woman grabbed a few rotten buns, stuffed them into her mouth non-stop, and tried to find some more food from the trash can.

"If you don't leave, I'll hit you. This area is a rich area, and the food thrown away is not something ordinary people can eat!"

Natalie walked over. "What's going on?"

"Ms. Yarn." The security guard immediately smiled when he saw her. "I don't know where this lunatic came from. I'm chasing her away. I'm sorry to disturb you."

Natalie glanced at her. "What's left in the kitchen, give it to her. She's a poor person."

"Ms. Yarn, you are really kind."

There was a stench coming from the woman. Natalie covered her nose in disgust and turned to

leave.

However, at this moment, the woman suddenly rushed up and grabbed her hand.

"Ah!" Natalie was shocked.

Seeing it, the security guard quickly stepped forward, swung his baton, and hit the woman heavily on the back.

The woman screamed and fell to the ground.

"Ms. Yarn, go in quickly, don't stay here. I'll send this crazy person away!"

The woman raised her head with difficulty, showing her dirty face. "It's me, Natalie. Don't you

know me?"

Natalie paused.

This voice... seemed a bit familiar!

"I'm Winnie... We used to drink afternoon tea together, go shopping and watch movies together. Have you forgotten?"

"Winnie?"

"Yes, yes, yes!" Winnie nodded again and again, reaching out to wipe the dirt on her face, but it got darker and darker. "You remember me!"

Natalie stood behind the security guard and looked at her carefully.

Winnie cried, "It's really me, Natalie. For the sake of our good relationship before, please help me..."

"I remembered. But Winnie doesn't look like you. Besides, Winnie has been blacklisted for several years, so what's the use of you using her name to bluff and deceive?" Natalie said.

The security guard said, "Ms. Yarn, this is a lu**ic who talks crazy every day and even dares to talk about the dead young lady of the Wood family. Please ignore her, lest you get into trouble!"

"What? Is she the lu**ic who tells everyone that Gale is not dead every day?"

"Yes indeed!"

Natalie was silent for a few seconds, then suddenly said, "Bring her in!"

The security guard was stunned. "Ms. Yarn..."

"Do as I say. Take her to take a bath and change into new clothes!"

"Yes."

Winnie cried and laughed, "Natalie, you're so kind. I will serve you like a cow or a horse in this life.

It's worth it!"

Natalie waved her hand, motioning for the se**nt to take Winnie in.

She herself was under the faucet, constantly washing her hands.

At the same time, she did not forget to tell the security guard, "Just treat what happened just now as if it never happened, and don't mention it to anyone who asks. I haven't seen any female

lu**cs, and I haven't brought her to the house. Do you understand?"

"Yes, Ms. Yarn."

Natalie realized that there were many secrets in this woman who called herself 'Winnie'!

Especially things about Gale!

If she was really Winnie, then... she could use her!

Chapter 746

'If she's just a nameless lu**ic, then just let her go!

Soon, the door was quiet again, and the cleaner was cleaning the trash bin that Winnie had messed up.

A black car drove by.

Inside the car, there were two bodyguards wearing uniforms who looked well-trained.

The co-pilot's bodyguard pressed his headset and said, "I didn't see Winnie. Are you sure she's been around here?"

"Yes, she was captured by surveillance."

"But we didn't find out."

"Look around more. Maybe she's sleeping in the trash can or in the grass. Shawn ordered her to be caught and reversed her plastic surgery! If things don't work out, we'll all have to walk around without food!"

The bodyguard replied, "Understood."

However, the car went around and around, but Winnie was never found.

There was no other way. The bodyguard had to report the truth to Shawn.

Shawn picked up the phone, and after listening to it, he frowned. "It's fine to let her run away, but now you can't find her? Trash!"

Two days ago, the bodyguard was ordered to take Winnie to the plastic surgery hospital.

Winnie was pinned on the operating table, and when she was about to undergo surgery, she actually bit the nurse, grabbed the anesthesia needle next to her, stabbed the doctor, and ran

away!

Then, she became crazy, her whereabouts were erratic, and she went around saying that Gale pretended to die!

"Shawn, we will continue to look for it."

"If you still can't find it before sunset tomorrow, take the initiative to receive the punishment!"

He absolutely could not let Winnie run around in Sea City with a face that resembled Gale's.

Maybe at some point, she would be targeted by someone who wanted to use her face to make a big fuss!

Moreover, because of Winnie's nonsense, the news of Gale's return to town became known to everyone, causing quite a stir.

Shawn knew that Gale did not like to be in the limelight, and she did not like to receive too much attention. He did not intend to publicize her return.

Only his friends knew.

After hanging up the phone, Shawn had a gloomy face, always thinking that something would happen to Winnie.

He had to keep an eye on it!

"Shawn!" The elevator door opened slowly. Lucas hurried over, leaning on a cane. "I heard some news... I don't know if it's true or not?"

Even Lucas, who has always asked about anything other than his heirs, came to him! One can imagine what the outside world was like!

Shawn asked, "What did Grandpa hear?"

"In the past two days, a lu**ic appeared, saying everywhere that Gale is not dead."

"Well, she's not dead."

Lucas was stunned. "Where is she?"

Shawn pointed in the direction of the ward.

Lucas was about to go there immediately, without hesitation for a second.

Shawn stopped him. "Wait. Grandpa, before that, I'd like to tell you something so you can be me**ly prepared."

After all, grandpa is old and has high blood pressure, so he could not stand being surprised.

"Oh, can't you wait until I see Gale?"

"It's too late to say then."

Lucas waved his hand. "All right, all right. Hurry up!"

"Grandpa, Gale is not the only one in the ward."

Chapter 747

"Who else?"

"A little girl."

Lucas asked in surprise, "Whose? Gale's?"

"Right."

Lucas said, "You haven't seen her for four years. She has remarried and had a child? Then what

should you

do!"

Shawn coughed deeply. "No..."

Lucas said very earnestly, "I know you like Gale very much, and you risked your life for her, but look, she put it down and had a new life. You just bless her from afar."

“Grandpa, that’s my child.”

“Grandpa is someone who has seen years and years of...”

Shawn interrupted him and repeated again, “Grandpa, that’s my daughter.”

Lucas paused, opened his mouth halfway, and forgot to blink his eyes, staring at Shawn in a daze.

After a long time, he came back to his senses. “What did you just say?”

“I say it for the third time, Grandpa, it’s...”

“She is you and Gale’s daughter?!?”

As soon as the child was mentioned, Lucas regained his energy.

“Yes.” Shawn nodded deeply.

L**s’s crutches fell off with a bang.

He clasped his hands together, raised his head, and kept saying, “G**d is real. My Wood family finally has a descendant! I have an heir! It’s amazing!”

“Shawn, is the child yours? Have you done a paternity test? How old is it?”

“Are you lying to me? Don’t lie to me just to be with Gale and justify it.”

Shawn pursed his lips deeply. “Grandpa, I’m sure it’s mine. The child’s name is Nicole. She has leukemia and needs my bone marrow to save her. Don’t worry now!”

“Leukemia? Oh, poor thing, what a pain!”

Lucas was excited and distressed as if he wanted to rush to the ward.

After taking two steps, he suddenly stopped again.

“Grandpa?”

Lucas quickly turned around. “No, no, I’m empty-handed. I can’t just go to see my granddaughter like this.”

It was the first time Shawn saw such a bewildered grandfather.

He bent down, picked up the cane, and handed it over. “What gift is Grandpa planning to prepare?” Lucas did not answer. After taking the crutches, the first thing he did was

hit Shawn with them! "It's all your fault!" Lucas blew his beard and stared. "You didn't tell me about such a big matter, let alone send someone to notify me! If I didn't rush here today, I still wouldn't know about it!"

After finishing speaking, Lucas was still angry and hit him several times with his crutches!

"Now I'm empty-handed. I don't have the face to meet my great-granddaughter ! I'm even more embarrassed to see Gale!"

Shawn pursed his lips deeply. "I'm also thinking about what kind of meeting gift I want to give... to Nicole."

Lucas thought about it for a while and said, "Shares?"

Shawn raised his eyebrows deeply. "Yes, I thought about that."

Any gift can be bought with money, so it is not unusual.

However, the shares of Wood Group...

That was what many people dream of!

Lucas said bluntly, "Okay. Then give the shares! All under my name, give it to Nicole!"

"Those under my name, give it all to her too."

Chapter 748

"Anyway, I will give it to her from now on. I'm so happy, and I finally have a granddaughter!" Lucas said with a smile.

The old man was not patriarchal at all, and his ideas were very open and avant-garde.

He even thought that girls were pretty good.

They were fragrant, soft, and coquettish, so it was easy to be with them, much better than boys!

In addition, the three generations of the Wood family were all boys, and now they finally have Nicole!

Lucas said, "Wait, I'll come back later. I'll ask the secretary to prepare the share transfer certificate..."

Before he could finish speaking, the door of the ward opened suddenly.

Gale walked out, holding Nicole.

“Daddy!” Nicole saw Shawn at a glance, shouted sweetly, and then looked at the old man. “Hello, Grandpa!”

Nicole has always been polite.

When she sees someone old, she naturally calls them Grandpa and Grandma.

However, for Lucas, the word Grandpa warmed his heart, and he was even so excited that tears filled his eyes!

Gale corrected, “You can’t call him grandpa. Nicole, this is Daddy’s Grandpa. You should call him. Great-grandpa.”

“Daddy’s Grandpa? Great-grandpa?”

“Right.”

Nicole nodded. “Mommy, I suddenly like it here more.”

“Really? Why?”

“Because in Sea City, there is a father, a grandpa, and a godmother, and now there is another great- grandpa! I have many relatives at once!”

Gale could only smile. A sour feeling welled up in her heart.

Should she also take Joshua over? 1

He should also hope to have so many relatives who care for him and love him.

The two children should not only revolve around her. They have many relatives...

Gale bent down and put Nicole down.

Nicole walked up to Lucas. “Great-grandpa, I’m Nicole.”

Lucas was so excited that he did not know what to say. He kept nodding his head with tears in his

eyes.

“Grandpa, go in and sit down, don’t stand all the time. You are getting old. You need to rest more.”

Nicole thoughtfully held L**s's hand and walked slowly into the ward.

Lucas has been completely subdued by his great-granddaughter.

"Nicole, Grandpa... prepared a gift for you, but I didn't have time to bring it to you."
Sitting on the sofa, Lucas said lovingly, "I'll give it to you next time."

Nicole waved her hand. "No need, I have everything, Great-grandpa, don't waste money. My godmother just bought me a bunch of presents!"

"Hey, my Nicole is too sensible."

"Grandfather, take care of your body. Just come to the hospital to see me when you have time."

Lucas laughed loudly and said, "My health is very good, especially after seeing you. I feel full of energy!"

Gale said beside him, "Nicole is still young, so she doesn't need too many material things. Your

don't need to buy her anything."

She treated Lucas like an ordinary elder.

Lucas treated her... neutrally.

Gale knew very well that Lucas did not like her very much, but he did not dislike her either. It was good to just get along peacefully like this.

As long as her existence does not conflict with the interests of the Wood family, the old man can accommodate her.

Once there was a choice between her and the Wood family, the old man would choose the Wood family without hesitation.

While, Shawn would choose her.

Chapter 749

Therefore, when there was nothing to do, everything was peaceful.

As long as something touches the principle, all the contradictions will be thoroughly stimulated.

Lucas replied, "There is everything in the old house, but there are no children's toys. However, the things I want to give her cannot be bought outside."

"Can't buy it?"

Gale felt a little strange.

What was he going to give to Nicole?

"I always wanted a great-grandson in my dreams. Look, this wish has come true today! There is a successor to the Wood family. I am so excited!"

Gale thought about it and said, "Nicole is my child and Shawn's, but that doesn't mean she will be the heir of the Wood family."

Lu**s's smile froze suddenly.

"I hope that Nicole can have a free life. She can choose any life she wants. If she is willing to inherit the Wood Group, I will definitely respect her choice. But I never wanted her to be raised as

an heir since she was a child."

"Nicole will be your great-granddaughter. The blood relationship is here and cannot be changed. You can visit at any time. But there are some things I still want to clarify."

"Her name is Nicole Warm, not Nicole Wood."

Wealthy families always pay attention to inheritance and family names.

The descendants of the Wood family did not carry the surname.

Not to mention the Wood family; even children from ordinary families have their father's surname.

Lucas glanced at her. "Yes, it was indeed hard work for you to give birth to Nicole and bring her up with one hand. I also understand what you said just now. Gale, I want to tell you that I don't care

about her last name."

Gale was a little surprised. "You don't care that Nicole's surname is Warm?"

"Yes. After so much I've been through, I am not a stubborn old man who doesn't know how to adapt. As long as the family is harmonious, I don't value some nihilistic things."

Gale was speechless.

"Anyway, Nicole is a descendant of my Wood family. This is an ironclad fact. No one can change it. That's enough." Lucas laughed as he said, "And the meeting gift I prepared is a share transfer letter."

Gale was even more surprised.

"This is for Nicole, and she deserves it. After I pass away, the property under my name must be

inherited by someone. This person is Nicole."

Lucas gently stroked Nicole's hair.

He could not help sighing. "Girl is good, good. She can take care of the company if she wants to. If she doesn't want to, find a good husband and let him help manage it. In this Sea City, who has such a bold spirit?"

Gale said, "It's better to slow down the matter of shares. Nicole is too young now."

"She's still young, but half of my body is about to sink into the soil. It's better to give it to her earlier, so I can feel at ease earlier."

At this time, Shawn, who had been silent by the side, suddenly handed over a document.

Gale took a look. It read, [Share Transfer Contract].

She looked at Shawn in surprise. "What does this mean?"

Shawn said, "This is a contract under my name to be transferred to Nicole. Fiona was preparing for it a few days ago. I just got it today, and now I will give it to you."

"Your shares?"

"Yes. Grandpa's is grandpa's, mine is mine. There is no conflict."

The largest shareholder of the Wood Group is Lucas, followed by Shawn.

The two of them hold 95% of the shares.

Now...

Lucas and Shawn will transfer all the shares to Nicole, then the largest shareholder of Wood Group will become Nicole!

A child just over three years old will be the largest shareholder of a listed company!

How could Nicole understand this? She took the share transfer document and flipped through it casually as if it were a children's book.

Chapter 750

Gale was stunned.

'Isn't this a problem for her?!'

"Shawn, can you stop making trouble? What does a child want hundreds of billions of wealth for?"

she said.

"This is what my daughter deserves."

"That will have to wait until she becomes an adult!"

Shawn looked deeply into her eyes. "Then... transfer it to your name first? You will transfer it to her after she becomes an adult."

Gale smacked her forehead.

They sounded as though it was just like passing on a vegetable in a market.

These were shares!

Worth hundreds of billions!

Gale does not want these things. For her, these shares will become her burden!

Lucas said, "Then there's no need."

It was okay to give it to Nicole, but if it was given to Gale, Lucas still needed to think about it carefully.

What if Gale remarries?

Shares are the foundation of a company. It would be terrible if her next husband controlled the shares!

"Yes, you don't have to give it to me, and I won't ask for it. Lucas, Shawn, if you really want to be good to Nicole, you can spend more time with her, play with her, and give

her enough love. A confident and well-loved childhood – that's better than anything!" Gale said.

Lucas pondered for a few minutes and finally said, "Well, the one under my name will be transferred to her first. As for the others... We will talk about it later. How about it?"

Shawn agreed.

Gale did not say a word because it was useless for her to say it.

Nicole is a girl, and the Wood family attaches great importance to it... If they knew that there was Joshua, what would it be like?!

Joshua would definitely be raised as an heir!

After seeing off Lucas, Gale returned the share certificate to Shawn. "Put it away."

He did not answer.

No matter what Lucas was planning, Shawn really wanted to give Gale all the shares under his

name.

This would be her life's guarantee, her life's reliance.

With these shares, no one would underestimate her anymore, and she would become the richest woman in the country!

He could give her everything he had, including his life.

So, what are shares?

And... Shawn has his own selfishness.

Once Gale accepted these shares, she would become a shareholder of Wood's Group.

In the future, she would need to be present at the company's shareholders' meeting, board of directors, and other major meetings!

In this way, even when Nicole recovered from her illness, even if Gale wanted to leave Sea City... She still had to come back from time to time!

Shawn wanted to use shares to hold her back!

He could not have her, so at least he had to... be able to see her from time to time.

This was his humble, only wish.

Shawn said in a low voice, "Gale, take it."
