Chapter 101: The Tides have Turned

Su Yi hoped that his spiritual power could improve.

As he cultivated, there was a sudden movement of energy near him, giving off a faint glow as they shot towards the center of his forehead, in between his eyebrows.

The energy that entered Su Yi was like a warm gentle spring breeze, which gave indescribable comfort to him.

Su Yi was already quite familiar with this phenomenon.

This energy occurred due to the cultivation of Heavens Taming Incantation and it was able to strengthen his spiritual energy, it was just like the Yuan Qi he cultivated within his body.

The soul was a formless thing.

But under this surge of energy, Su Yi could feel some sort of movement by the materialized spiritual energy deep within his mind.

With the warm energy enveloping him, the spiritual energy within his mind shone bright and moved at his will.

The feeling was so intriguing. It gave him indescribable comfort.

As time gradually passed, Su Yi continued to be enveloped in light making an ancient aura spread through the place.

At this moment, at the foot of the steep cliff, a gigantic snow-white ape could be seen climbing up. Its movements were swift and agile as it climbed up.

The apes speed was fast as he climbed up and soon it had climbed up the cliff which was several hundred meters tall.

At the same moment, Su Yi who was immersed in the cultivation of the Heavens Taming Incantation undid his hand seal and opened his eyes as he looked forward.

During cultivation, Su Yi could perceive everything within his surroundings forming a clear image in his mind, including the giant snow-white ape.

Snow Jade Ape!

Su Yi became cautious. He had never imagined that the Snow Jade Ape would come after them. No wonder the Flaming Beast Eagle did not immediately fly away when it was facing off against the Snow Jade Ape, the ape knew where its nest was located.

Roar!

The White Jade Ape looked at Su Yi and let out a deep roar. It stayed at the side and did not dare approach him, looking at him with its eyes filled with respect.

Su Yi was slightly confused. The Snow Jade Ape did not seem to have any ill intent, but he could not figure out as to why the ape followed them to the nest of the Flaming Beast Eagle.

The Snow Jade Ape could understand the human language, but it could not speak it.

Though the White Jade Ape seemed to have no ill intent, Su Yi did not dare be careless. The Flaming Beast Eagle was still within the mysterious space absorbing the Spirit Essence to heal its injuries. With his cultivation level, he was still unable to beat the White Jade Ape.

He stopped cultivating the Heavens Taming Incantation, he kept his guard up against the Snow Jade Ape as he started to practice his martial art techniques.

Whether it was the Wrath of the Eight Wastelands, Crimson Flame Palm, Seven Injuries Fist or the Three Sabers of the Raging Dragon, Su Yi was able to use them quite proficiently, but if we take the Three Sabers of the Raging Dragon as an example, he could only use the first two sabers and as for the Seven Injuries Fist and the Crimson Flame Palm, Su Yi may be proficient with them, but he still had not reached the greatest extent of the skill .

Practice makes perfect, repeated practice and refining would make him swifter with his moves and give him many advantages in actual battle.

Depending on the individual proficiency of the martial technique, cultivation level, skill, and many other factors, the amount of potential power one could force out from the technique was also different.

But that is only when the cultivation level of the person is not being considered in judging the situation, among cultivators of the same level, the ones with greater proficiency, skill, speed, etc, will naturally prevail over the others.

The adventurer party was still out there trying to hunt him down. Su Yi intended to cultivate here for a period of time to increase his ability.

From the beginning, the journey was supposed to be one, full of ordeals to train himself. The adventurer party could be considered adding a bit color to his dull life.

Boom!

Bam! Bam! Bam!

Whoosh! Whoosh!

Under the gigantic tree, there were continuous sounds of explosions, the howling, and screeching of the wind, as well as the sound of blades cutting through the air.

In the upcoming days, Su Yi was completely immersed in practicing his martial art techniques.

Crimson Flame Palm, Seven Injuries Fist, Three Sabers of the Raging Dragon and others. Su Yi was practicing every one of them countless times.

Rumble Rumble. The sounds of howling wind echoed within the nest.

The Snow Jade Ape continued standing far away and looking curiously at Su Yi. It did not approach him, neither did it have any intention of leaving, whenever it occasionally felt the aura of Supreme Chaotic Yuan Technique from Su Yi, its eyes were filled with even more respect for Su Yi.

Su Yi was slightly more at ease towards the White Jade Ape, after the few days of interaction with it. Every day after he had exhausted himself, he would start to meditate and recover.

Recovering after every session of complete exhaustion would cause his cultivation level to rise.

No matter how tired he was, Su Yi did not put down the 500-kilogram sword on his back even once. Only when he needed to train his arm strength with the sword did he take it off.

Seven days later, feeling a movement within the mysterious space Su Yi immediately entered it.

He summoned the mysterious space within the cave, the White Jade Ape felt the aura which was coming from the cave. After hesitating for a while, it could not resist walking towards the cave.

Screech!

Within the mysterious space, the movement of blazing hot air within the dense energy of heaven and earth, the Flaming Beast Eagle was stretching its wings which were over 30 meters wide. The vivid crimson feathers on its body was like a blazing fire, its aura surged through the air and the energy within the surroundings poured into its humongous body.

Demonic Spirit Realm First Grade!

Su Yi was delighted. The Flaming Beast Eagle had not only fully recovered from its injuries, but it had also entered the Demonic Spirit Realm First Grade. After consuming the Spirit Essence, it immediately had a breakthrough.

The Snow Jade Ape appeared within the mysterious space under the watchful eyes of Su Yi.

Feeling the aura within the mysterious space, the Snow Jade Ape prostrated itself on the ground, its gigantic body quivering as if it had seen the most horrifying thing in the world.

Looking at the Flaming Beast Eagle which had a breakthrough, the Snow Jade Ape was shocked. Its eyes expressed its current turbulent emotions.

Not long after, the aura of the Flaming Beast Eagle calmed down and receded back into its body. Then, a wave of strong aura rippled through the mysterious space like a storm.

Screech!

Its sharp gaze locked onto the Snow Jade Ape, a blazing fire was lit within its eyes as it got ready to lunge at the ape.

Stop!

Su Yi saw the situation and immediately hollered.

Screech!

The Flaming Beast Eagle screeched and moved in front of Su Yi. Its sharp gaze never leaving the ape even once. Seems like the two beasts had quite a lot of enmity between them.

The White Jade Ape continued prostrating itself on the ground. The aura within the space had made it extremely astonished.

The White Jade Ape felt the strong aura coming off the Flaming Beast Eagle and it knew that it was no longer a match for it.

Su Yi caressed the Flaming Beast Eagle while looking at the White Jade Ape as he said, Follow me in the future. I will help you make a breakthrough.

Roar!

Hearing Su Yi's words, the Snow Jade Ape instantly nodded its head and pounded its chest, showing its excitement and happiness.

Good, then it is decided! Su Yi smiled slightly. Since the mysterious space and the Supreme Chaotic Yuan Technique had special effects on beasts, why not make use of it?

The tides have turned. Wait for me, the next time we meet, we shall see who will be the one running away! Su Yi's eyes expressed a faint happiness. With the Flaming Beast Eagle and the White Jade Ape by his side, the next time he sees the adventurer party, the roles would be switched.

Chapter 102: Yuan Soul Realm Seventh Grade

Same as what he did for the Flaming Beast Eagle, Su Yi gave the Snow Jade Ape a bottle of Spirit Essence.

After the Snow Jade Ape consumed the Spirit Essence, it stayed within the mysterious space while Su Yi brought the Flaming Beast Eagle out.

Su Yi felt that something was odd. Back when the Golden Python and the other five beasts entered the mysterious space, they were enveloped by light.

That light descended from the depths of the mysterious space and onto the six beasts.

Even the two small golden eggs, only the size of a palm, were enveloped by the light.

Afterward, the six beasts had gotten some huge benefits and undergone a transformation.

But this time, the Flaming Beast Eagle and the Snow Jade Ape both entered the mysterious space, but nothing happened to them.

This made Su Yi slightly surprised, but he thought nothing more of it.

After all, everything to do with this mysterious space was like fantasy and shrouded in secrecy. There were still many things that Su Yi did not understand, it was just that he was too lazy to think about them. In the end, as long as it was nothing harmful to him he would leave it be.

Howl!

From within the depths of the forest, Hell Wolves howled and ran through the trees.

There are more beasts in the area up ahead, we should be more careful!

What other choice do we have? The leader is currently going crazy and wants to find that kid at all costs!

Is that kid really only at Yuan Soul Realm Sixth Grade? He actually managed to kill quite a few of our brothers already!

We are in the same party, but we are not obligated to give our lives to the leader. What right does he have to order us to search for the kid? If we encounter Yuan Xuan Realm beasts, we would be in deep trouble!

Several figures which were alongside the Hell Wolves searching for Su Yi within the forest were all mumbling among themselves, their tone laced with obvious discontent.

Stop whining, since that kid killed our men, naturally we cannot let him off. A lean man acting as the leader said. He was dressed in skin-tight clothes and his slightly yellow skin gave off a special glow. The several scars on his shoulders, giving him a savage look.

Third Brother, I heard that the kid may be the one that killed the Young Master of Black Fiend School. Black Fiend School is currently offering a big price for his head, is that true? A bulky man asked, his eyes brimming with expectation.

There is a 90% chance that it is real, so we must find the kid. At that time, not only can we get our revenge, we can also hand him over to Black Fiend School for a big reward. Then this trouble would not be in vain and the reward would also allow us to rest for a long time. The man-in-charge responded.

We must find that kid! Hearing the confirmation, the few men who were originally discontented immediately became fired up.

As time passed by, Su Yi continued cultivating within the nest of the Flaming Beast Eagle, practicing his martial art techniques, cultivating the Heavens Taming Incantation feeling the residual souls in the environment.

Su Yi was also using the heavy sword to train his body. Under the condition of not using Yuan Qi to help himself. He originally started off by struggling to raise the sword with one hand and now, half a month later, he was able to wield the sword and swing it around during combat.

Su Yi had especially made a huge improvement in controlling the residual souls.

With the Flaming Beast Eagle by his side protecting him, Su Yi felt even more at ease and threw himself entirely into training and cultivation.

Whenever Su Yi exhausted himself completely, he went back into the mysterious space to recover. This way he would be able to raise his cultivation level faster.

Whew

Within the illuminated mysterious space, Su Yi was sitting down cross-legged and meditating. The sword and saber were crossed over his back and the aura radiating off him was growing stronger by the minute.

The amount of Yuan Qi within Su Yi's body continued increasing and the Yuan Qi Whirlpool within his Dantian spun faster at a rapid pace, turning into a cyclone and giving off rumbling sounds like that of wind and thunder.

This phenomenon continued for hours, Su Yi's aura reached a new height it started to stagnate and compress, ready to erupt at any second.

Boom

Suddenly, there was the sound of an explosion within Su Yi's Dantian and it was followed by a wave of energy from the surroundings surging to his body, causing his hair and clothes to flutter in the air.

After quite a long while, everything started to quieten down and finally returning to its previous silence.

Once the aura completely died down, the closed eyes of Su Yi who was meditating opened, a blinding light shot out from within his body, a different type of majestic and destructive aura radiated from him.

Whoosh

The aura died down and the light within his eyes faded away.

Yuan Soul Realm Seventh Grade!

When everything returned to normal, Su Yi smiled.

Feeling the changes within his body and his aura, Su Yi was very satisfied. Though he had spent almost a whole month, he had finally reached the Yuan Soul Realm Seventh Grade.

Right now, if someone were to know what Su Yi was thinking, the person would probably be rendered speechless.

Su Yi had only spent a total of one month in reaching Yuan Soul Realm Seventh Grade from Sixth, yet he was still not satisfied. Then what about the other people who couldn't reach it even after years of practice?

Roar!

At this time, not far away, there was a roar like thunder. A gigantic ape was crying out, its body standing upright, a glaring light surrounding its body as its aura intensified and shook the mysterious space.

Looks like it had also made a breakthrough! Demonic Spirit Realm First Grade!

Su Yi looked at the ape with obvious delight within his eyes. It was exactly like what he had imagined, the White Jade Ape had also consumed a bottle of Spirit Essence and successfully broke through to Demonic Spirit Realm First Grade.

Dusk fell, and the sky's painted with the glow of sunset started to become peaceful.

When one looked straight up of the giant cliff, they could see quite a few stars already hanging on the deep blue curtain, shining and becoming brighter as time passed by.

In front of the cave, on the vast flat ground, Su Yi formed a hand seal making air currents occur around him. Something in the air seemed to be shining.

I cannot rush this. Residual souls are also souls, I must use my attributes to grow close with the residual souls if I want to summon, I cannot forcibly summon them as I wish.

Within the depths of his heart, Su Yi recalled the words of the mysterious old man. He remained calm and let loose his formless spiritual energy, giving him an illusion that he had no physical shape whatsoever. In this formless state, he could see the various colorful residual souls floating around and interacting with each other as if they were alive.

Gradually, with Su Yi's body as the center, strands of red energy started moving around him.

These strands of energy were like strings of fire converged together, becoming brighter and hotter and finally, turning into a sphere of fire in front of him.

Roar!

When Su Yi formed his final hand seal, his face instantly became pale white and from within the sphere of fire, came the roar of a lion.

In the next moment, the sphere of fire seemed to have erupted forming a figure of a leaping fire lion appear which was nearly three meters long.

Its roar was like that of thunder, its eyes blazed with fire, its appearance overwhelmingly majestic and fierce as if it really was alive.

When the figure of the lion appeared, the Flaming Beast Eagle and the Snow Jade Ape who were near Su Yi became shocked. Their eyes sparkled with a surprise.

Roar!

The lion moved around Su Yi as it roared, majestic and intimidating. A wave of strong aura burst out and instantly turned the surroundings into a sea of fire, the temperature rapidly skyrocketed.

As Su Yi undid the hand seal, the giant figure of the fire lion faded away and turned into countless sparkling lights before dispersing into the surroundings, returning back to nature.

Whew

Su Yi gasped for air, his face completely white, but he could not hide the happiness within his eyes.

I should make some preparations, it is about time I go out !

Looking at the Flaming Beast Eagle and the Snow Jade Ape, Su Yi was looking forward to his next encounter. He had grown a fair bit stronger. Even if he were to meet the Yuan Xuan Realm Second Grade cultivator again, he should be able to face him head-on if he used all his might.

The most important thing was that he had two beasts which were at Demonic Spirit Realm First Grade. They were equivalent to two strong Yuan Spirit Realm cultivators.

Within the small adventurer party, there would probably be no one stronger than them.

Chapter 103: Bi Ling

Early morning, Su Yi who was meditating walked out of the cave from within the mysterious space.

Whew

Taking a deep breath of the refreshing morning air, Su Yi stretched his back rode on the Flaming Beast Eagle and went down the cliff.

But his action almost caused the Flaming Beast Eagle to crash head-first into the ground. Su Yi's 500-kilogram sword was not in the mysterious space anymore, it was strapped on his back.

Luckily, the Flaming Beast Eagle was now Demonic Spirit Realm First Grade. It was still much stronger than Yuan Spirit Realm First Grade cultivators. 500 kilograms was nothing near heavy to it.

Snow Ape, Fire Bird, you guys follow behind me. But do not follow me too closely.

At the foot of the cliff, Su Yi got off the Flaming Beast Eagle and gave some instructions to the Snow Jade Ape and Flaming Beast Eagle. Snow Ape and Fire Bird were names that Su Yi had given them.

Su Yi could have continued riding the Flaming Beast Eagle to look for the adventurer party.

Though Su Yi really wanted to ride the flying beast, he knew from his three years of experience that riding a beast like this within the Forest of Demons may not be completely safe. There was a possibility that some strong cultivator doesn't like him flying around and beat him down instead.

Within the Forest of Demons, there were strong cultivators who specialized in killing strong beasts.

If Su Yi rode the flying beast and the adventurer party may spot him first. No matter how small a party was, there would always be one or two strong cultivators leading them.

Only when one knows the enemy and himself can one achieve a complete victory. Before knowing the full extent of the adventurer party's might, Su Yi did not want to reveal the Snow Jade Ape and the Flaming Beast Eagle.

This time, Su Yi intended to go on full offense and attack. It was time for some payback.

If the adventurer party was still searching for him, then he will not show mercy and give them what they were looking for.

A day later, Su Yi did meet some people, but they were not from the adventurer party. They were five young males and females.

The five of them were around the age of 16-17 and were not much older than Su Yi.

Three males and two females, each one of them had a unique presence.

The lady on the left was wearing a dress with flower-like designs. Her shiny black hair was let down, her skin as white as snow and her two beautiful eyes sparkling beautifully.

The one on the right was of similar age, but her looks and presence were even more outstanding. She wore a light red silk robe, the eyes on her perfect oval face were lively, giving her face a unique striking look and presence. People could not resist looking at her.

Su Yi looked at the two ladies, especially the second one. He could not help but take a few extra glances.

Punk, do you believe me when I say that if you continue looking at them, I will dig out your eyeballs?!

Su Yi heard a shout. Among the three males, one of them who was roughly 17-18 years old stared at him coldly, full of arrogance and pride.

This kid seems weird, but he does have quite the courage. He actually dared to stare at our Junior Sister Bi Ling and Yi Yun. Does this toad want to eat swan meat ?!

Another youth in yellow clothing simply glanced at Su Yi, not hiding the mockery in his eyes.

Hearing the words of the two boys, Su Yi glanced at them and had quite a few thoughts.

These five people were quite young, but their aura was not at all weak. Su Yi felt that the five of them were at least as strong as the Young Master of Black Fiend School and some of them were even stronger than him by a large margin.

These five youths were in such a place and their auras and presence were not average. Su Yi inferred that the five of them came from a large background. Entering the Forest of Demons was probably some form of training.

The younger generations of major sects, schools and clans would often enter the outer boundary of the Forest of Demons to train for a period of time. This was a frequent occurrence within the Forest of Demons.

These younger people only did not dare to enter the Chaos Realm, but they still had the courage to enter the Forest of Demons.

Just taking a few looks at people would require my eyeballs to be dug out. You are far more arrogant than I am. If a lady is beautiful and her looks are soothing to the eyes and heart, so what if I take a few extra glances at her? As for you wanting to dig out my eyeballs, I do not think that you have the ability to do so! Looking at the young male that spoke first, Su Yi did not want to attract more trouble, he already had enough of them, but the words of the male made Su Yi feel really unpleasant. Su Yi was never one to submit to humiliation.

Hearing the words of Su Yi, the five youths were stunned, especially the three young males. They looked at Su Yi completely shocked by his words.

The two ladies were also surprised. They looked at each other, then they turned to observe Su Yi curiously.

Punk, you sure have some courage! Do you really think I will not dig out your eyes?

The face of the young male who spoke first fell. In front of his two Junior Sisters, he was looked down on by some stranger. This was the same as slapping him in the face, he immediately started to stare at Su Yi with a cold gaze.

This kid sure has some guts!

The second male said after a short stun, the mockery on his face became even more apparent.

Su Yi's eyebrows twitched. Though these five people were strong, he was not afraid of them at all.

Just the Flaming Beast Eagle or the Snow Jade Ape alone could deal with this lot. If they attacked him, then he need not be so polite as well.

Elder Brother Guoyan, the High Elder told us to not look for trouble. I think we should move on. This place is not the same as the sect. A clear crisp voice came out from the lady who was more beautiful. She investigated Su Yi with her eyes and said, You should leave this place quickly. The Forest of Demons is fraught with dangers. Do not recklessly run around, you should hurry and leave the forest.

Count on your lucky star, punk! Since you have Junior Sister Bi Ling plead for you, scram! The next time I see you, I will not be polite!

The mouth of the young male called Guoyan twitched. Since Junior Sister Bi Ling has spoken, he could not say much more.

Who will not be polite with who, we still do not know it yet. Su Yi raised his eyebrow. This young male who was from some sect was as arrogant and prideful as the apprentices from Sacred Mountain. They all think themselves better than the rest, Su Yi really could not stand this kind of attitude.

Punk, you really are looking for death!

Hearing his words, a cold light flashed across Guoyan's eyes. He never imagined that this pathetic kid would dare to disrespect him time and time again. If this matter was made known back in the sect, he would become a laughing stock.

Junior Brother Guoyan, did you not hear the words of Junior Sister Bi Ling? The High Elder has told us not to look for trouble, why would you argue with a kid like this? If you kill him, what would you be able to prove? Would stepping on an ant be able to prove that you are strong?

The final male which had not spoken finally opened his mouth. His eyes were calm and he had an air of pride around him.

He wore green clothes and was really handsome. Especially his unique presence which gave the feeling of being dignified and merciful.

Chapter 104: Harboring Evil Intentions

Yes, Elder Brother Qingfeng.

Guoyan seemed to fear the youth who had spoken. But he still continued to stare at Su Yi coldly.

Su Yi observed the dignified youth. He looked calm and peaceful but something about him made Su Yi feel uncomfortable.

Let us move on. We need to make it to the rendezvous point and meet up with everyone else as soon as possible. The lady which was called Junior Sister Bi Ling said. She smiled at Su Yi and left.

The others followed the lady and went off as well.

Guoyan glared at Su Yi and said, Punk, count yourself lucky this time. You should hope that you would not meet me for a second time!

Guoyan then turned around and did not care about Su Yi anymore.

Su Yi smiled bitterly. He did not want to make any trouble for himself as well.

From the actions of these few youths, they were definitely from a major sect or school. They were most likely training or there may be strong cultivators nearby watching over them. He may have Fire Bird and Snow Ape by his side, but it was best that he did not invite any more trouble. If he could tolerate the matter, then so be it.

That person was quite strange, he sure did have quite the courage. He was looking at Elder Sister Bi Ling the entire time. Far away, there was a sound of a young girl. It was the other lady teasing the girl called Bi Ling.

Junior Sister Yiyun, he was obviously looking at you. Bi Ling said.

Humph! It was all because we are within the Forest of Demons that the High Elder told us not to incite hatred, or else I would have taught him some manners!

Seeing the clothes of that kid, he is definitely not a good person. The next time we see him, we will definitely give him a lesson.

Elder Brother Guoyan, Elder Brother Zhou, we should hurry and remain cautious. Bi Ling's voice started to fade away.

Su Yi shook his head. His spiritual energy had risen quite a bit. These voices nearby would not be able to escape his ears.

Movement!

Suddenly, Su Yi's expression changed. He had felt something coming.

Rustle

In the trees up ahead, there were sounds of rustles of leaves approaching him.

Howl!

Then, there were the deafening howls of beasts and three Hell Wolves lunged out of the bushes and stared at Su Yi.

But in an instant, the three Hell Wolves seemed to have sensed some sort of aura and their approach ground to a halt, not daring to take another step forward.

Hell Wolves. So, they really are still searching for me!

Looking at the three Hell Wolves, Su Yi raised his eyebrow. He was not surprised, rather he was delighted. The adventurer party was still relentlessly searching for him.

Faster! There's something up ahead!

Among the trees, there were voices of anxiety and seemed like there were a couple of figures rushing towards Su Yi.

Hehe

Suddenly, Su Yi thought of something. He could not resist having a big smile on his face. He thought, Since you guys are here, I will not be polite.

Boom!

He initiated the Chaotic Yuan Supreme Technique and then, there was an aura of authority spreading through the place.

Howl!

In the blink of an eye, the three Hell Wolves were prostrating on the ground. Their eyes filled with fear, their bodies trembling.

Follow me.

Su Yi looked at the three Hell Wolves, a crimson color flashed in his eyes. He turned and left, rushing in a particular direction.

It's just a small Forest of Demons. I do not get why the High Elder told us to only stay on the outer boundary and did not allow us to enter deep within.

I heard that the three major powers within the Forest of Demons are not pushovers. Within the Forest of Demons, there are also some extremely strong beasts, that's why the High Elder did not allow us to venture deeper into the forest.

Anyways, just be more careful.

The five youths walked through the forest quickly.

Howl!

Suddenly, there was a howl.

Watch out!

The five youths immediately turned their heads, their eyes filled with caution, their faces changed in an instant.

But when they turned around and saw only three Hell Wolves, their faces relaxed a little.

Its that kid.

These five people were the ones which Su Yi had ran into. When they saw Su Yi who was running towards them, they all looked surprised.

Go!

Su Yi saw the five people that he had caught up to and slowed his steps. He smiled and waved his hand forward, signaling the Hell Wolves to lunge after them. His eyes harboring some evil intentions.

Howl! Growl!

The three Hell Wolves lunged forward, not giving a care about themselves. Their teeth bared and their aura fierce.

Be careful! Kill them!

The face of the person called Elder Brother Qingfeng fell. He took the lead by stepping forward a few steps. A strong aura burst out from him, his Yuan Qi came out of his body and formed a palm seal, together with a complicated body technique, he went to strike one of the Hell Wolves.

Die!

At the same time, Guoyan and Zhouda both stepped out as well and attacked the Hell Wolves.

Though the Hell Wolves were not weak, they were only at Demonic Soul Realm cultivation level.

Any of the three young males would be stronger than Ji Chao whom Su Yi had fought against in the City of Man. Their movements were skilled and swift. Their auras strong and their martial art techniques were not average as well.

Bang! Bang! Bang! In just a few moments, the three Hell Wolves were already dead.

Punk, are you courting death?!

After he had killed the Hell Wolf in front of him, the eyes of Guoyan turned cold and locked onto Su Yi.

Not talking about Guoyan, no one else had expected Su Yi to actually bring three Hell Wolves to attack them. No greetings, just a straight attack.

What? Just with the few of you? My men are arriving soon. If you have the guts, dont try to run. If you decide to kneel before me and kowtow three times, I can spare your pitiful lives. Su Yi looked at the three young men and said casually.

Punk, you are going to die!

How could Guoyan tolerate this? Even within the sect, their positions were still extremely high. They were Inner Disciples. Even when they went out, they were still respected by everyone.

When have they ever been insulted and looked down upon by such a pathetic looking kid? Once he finished his words, he immediately lunged towards Su Yi.

If you have the ability, then come and chase me! My men are just up ahead! They will show you whos boss!

Seeing Guoyan heading towards him, Su Yi turned tail and ran at once. Though he had a 500-kilogram sword on his back, Yuan Qi swirled under his feet, his speed was not slow either.

Kid, where do you think you are going?!

Seeing Su Yi running away, Guoyan chased after him. How could he let Su Yi go?

Zhouda and Qingfeng saw the situation. They were also fuming and went chasing after Su Yi as well.

Bi Ling and Yiyun looked at each other, still in a slight daze.

Lets watch out. The two girls were worried and could only follow the boys.

That kid escaped! Hurry up and chase him, we cannot lose him!

Several figures came dashing forth, their weapons drawn, and an air of bloodlust surrounded them.

The Hell Wolves had found something. It must be that kid. During the period of time where they were looking for the kid, everyone had suffered. Furthermore, if they caught the kid, Black Fiend School would pay them a hefty sum. No one wanted to miss out on that reward.

They had wasted all their time on this kid during this journey into the Forest of Demons, naturally, they must receive an adequate reward for their efforts.

Chapter 105: When shepherds quarrel, the wolf has a winning game

The Hell Wolves have detected something up ahead, hurry up!

Eight figures quickly dashed out of the trees, each one of them bursting with excitement.

Look, its that kid!

Suddenly, the eight of them saw a familiar face and rapidly approached him.

They had a picture of the youth and heard the details about him so they could confirm that it was the young male they had been bitterly searching for.

Especially the leader of the group. He had exchanged blows with the kid, how could he make such a mistake?

My helping hands are here! The Hell Wolves have been killed by us and now we shall take our revenge! Die!

Under the confused gazes of the eight men, a youth rushed towards them with a saber in his hand.

Behind the kid followed three angry-looking youths. Their Yuan Qi bursting out from their bodies and was slightly older but not much different from Su Yi.

Not good, the kid has found help! The Hell Wolves have also been slaughtered!

Seeing this sight, the expression of the eight men changed. So, the kid was not alone. He had people to help him and after seeing the age of the three youths behind him with in addition to the fact that they had killed the Hell Wolves, these youths were definitely together.

Its only four little brats! What are you afraid of? Catch them alive!

The leader hollered out his orders. They were a bunch of experienced men within the Forest of Demons, why should they be scared of a few newbies? He instantly rushed forth to meet the youths in battle.

The leaders words had a great motivational effect. The morale of the men behind him skyrocketed and fiercely rushed forth.

The kid does have help!

Zhouda, Guoyan, and Qingfeng were hot on Su Yis tail.

As they were about to catch up to him, they suddenly saw eight men furiously charging towards them and they became worried.

They are only a bunch of trash! We cannot let the kid escape!

Guoyan became enraged. He felt that the auras of the few men were not all that strong and did not retreat. Instead, he sped up and charged at the men.

Kill them! How could we be afraid of this mob?! Zhouda bellowed. He was not afraid of the men. He no longer held back his Yuan Xuan Realm aura.

Yuan Qi formed under Su Yis feet and he instantly sped up. Looking at the eight men charging straight at him, he did not even need to think to know that they were the ones from the adventurer party. His eyes seemed to be smiling coldly as he maintained his fast speed.

150 meters, 90 meters, 30 meters

The two sides were about to clash, and everyone let loose their aura without any hesitation.

You guys deal with them first, I shall go and find more help!

Su Yi was in front of everyone else. Just as the people from the adventurer party was about to reach him, he abruptly turned and dashed towards the forest on the side.

Kill!

And at the current moment, Zhouda, Guoyan, and Qingfeng were already right behind Su Yi. The men from the adventurer party could not stop their advance as well. No one had expected Su Yi to make such a move.

But each side thought that the opposing side was Su Yis allies, hence each of them was ruthless and attacked each other.

Kill them! There is no need to show mercy!

Qingfeng had absolute authority over Zhouda and Guoyan. His hand was already holding a treasured sword, his Yuan Qi bursting. The light of his blade seemed to be solid, swift and sharp. He clashed fiercely with the adventurers.

You guys handle these few brats! I will chase after that kid!

The leader's eyes were glued onto Su Yi. He was the main objective and he went on to chase Su Yi.

Among his people, other than him, there were still two more Yuan Xuan Realm cultivators. There was no need to fear these youths who were not average. Rather, he must not lose sight of the main target.

Su Yi turned and ran. Anyways, he had no good feelings towards the few youths.

He also knew the ability and cultivation of the group of youths. It was more than enough to deal with the adventurers.

So, when he saw the three Hell Wolves, he had a eureka moment. When shepherds quarrel, the wolf wins the game. He could just sit by the side and watch with glee as the two sides fight with each other.

But Su Yi was also afraid that the two sides would suddenly realize that they had been fooled. At that moment, it would be bad news for him.

So, he would not stay and fight. It was better for him to retreat to a safer distance.

Brat! Where do you think you are going?!

Suddenly, there was a shout behind him and a figure rapidly chasing.

Su Yi felt that the voice was familiar like he had heard it before, but he did not slow down, it was better for him to leave this place.

But with the 500-kilogram sword on his back, Su Yi had been slowed down heavily. It did not take long for the Yuan Xuan Realm cultivator behind him to catch up.

Kid, let's see how you can continue to run!

The man behind him yelled. His hand held a short spear filled with Yuan Qi and threw it towards Su Yi like a streak of lightning.

Enveloped by Yuan Qi, the short spear glowed, and its sharp tip ripped through the air, howling as it shot towards Su Yi's back as fast as lightning.

In the heat of the moment, Su Yi leaped to the side while turning around and barely dodged the attack. But as a result, he had to stop.

Chak!

After Su Yi dodged the spear, it pierced into a tree behind him.

The immense force of the spear nearly shot it through the tree. The bark splintered, and cracks ran up and down the entire tree as leaves fell to the ground.

Whoosh!

With Su Yi completely stopping for a brief moment, the man rushed forth with the second short spear in his hands and stabbed towards Su Yi like lightning, cold and precise.

Three Sabers of the Raging Dragon, First Saber, Raging Dragon Slash!

Su Yi sneered coldly. He had already prepared for this, the mercilessness in his eyes was together with a bit of hope. As he shouted in his heart, he had already initiated the technique. Yuan Qi surged through his body and the special meridians before converging on the huge saber in his hand.

Shiing!

In that single instance, there seemed to be a dragon roar coming from the saber. Its momentum was thunder and violent winds. With an unmatched ferociousness, it slashed at the short spear.

The spear and saber collided and the auras of the two sides surged through the air. With a crack sound resounding through the air, there was a ripple of force followed by a violent wind tearing through the place, sending stones and sand flying.

Pat, Pat!

Su Yi staggered backward a few steps and wherever his foot landed, the ground shook slightly.

His opponent, on the other hand, slid backward several meters, his face filled with shock.

The man was the Yuan Xuan Realm Second Grade cultivator that had fought Su Yi last time. Now, the pulcrue was sore and the hand holding the short spear was quivering.

He was astonished. The last time he fought, even though the kid was stronger than average, he was still able to suppress him.

But from what he could tell from the strike, the kid now seemed to be able to suppress him instead.

He turned his hand and pulled out the short spear stuck in the tree behind him, holding two short spears in his hands once again. The man did not dare let his guard down for even a second. He stared closely at Su Yi.

Su Yi raised his eyes and looked at the man in front of him. He had fought against him before. The original two short spears which had been broken in half seemed to have been replaced by two new spears.

Chapter 106: Head-On Fight

Seeing the person in front of him which had a cultivation level of Yuan Xuan Realm Second Grade, Su Yi was burning with a fighting intent.

Kid, you have finally shown yourself. This time, you will not be able to escape!

The bulky man stared at Su Yi, his eyes cold. He had suffered badly in the duration of the time taken to find this kid.

Do you think it is you guys who found me?

Seeing Su Yi smile, the man suddenly felt really uneasy. The loud sounds of fighting behind him caused him to start thinking. The other youths probably were no flock of sheep.

Bang!

Suddenly, the man searched through his body and then, a tower of light shot into the air and exploded. A sound echoed through the forest there was a glaring light even against the background of the white sky.

Signal flare.

Su Yi's face sank, and his eyebrow twitched. This was a signal flare. This bastard was actually calling his companions to this location. This group of people near him may not be as small as he had thought, there may be others nearby.

Tsk, tsk. Kid, even if you had wings, you would not be able to fly off anywhere today!

The man looked coldly at Su Yi and sneered. The adventurer party had been searching for the kid in a never-resting fashion. Once the kid showed up, they made sure he would not be able to escape.

Really? I think you better watch out for yourself first!

Su Yi shot forward. He did not want to waste any time. Quick fight, quick end.

Kid, you may not be average, but trying to deal with me? You are still too young! The man shouted as he brandished his two short spears. His Yuan Xuan Realm Second Grade aura burst out without any restraints.

Yuan Qi focused on the tip of his spears, forming a luminous arc.

The man unleashed his full strength. One spear in front of him, the other behind him. One on the left and the other on the right. His aura ripped through the surroundings, sand, and stones hurled into the air, spiraling towards Su Yi.

Tyrant Dragon Whirlwind Slash!

After the training that he underwent, Su Yi did not only make a breakthrough for his cultivation. He was also more proficient in the various martial art techniques he practiced, plus he had also gained a deeper insight into them.

Swish

Yuan Qi surged through his meridians and converged on his blade. Three Sabers of the Raging Dragon, Second Saber descended upon its target.

A streak of light revolved in the air and then like an arc of lightning, similar to a waning moon it sliced through the air.

The terrifying pressure was swift, fierce and violent, like a rampant dragon, sending stones and sand flying into the air.

This saber technique seems to be even stronger than before!

The man had witnessed this saber technique from Su Yi before and could clearly remember it. This saber technique compared to the previous time was not only a whole level stronger than before in pressure and strength, but the ferocious and violent aura seemed to be on another new level as well.

Clank! Clank! Clank! Clank! Clank!

Everything happened way too fast. Saber and spear clashed, sparks flew through the air as a violent wind like a hurricane tore through the surroundings. The earth cracked, and debris flew.

Pat! Pat!

The man staggered backward and only after several steps did he manage to stop himself.

Yuan Soul Realm Seventh Grade! This kid had actually made a breakthrough in such a short time!

The man was shocked. The previous time he had fought him, the kid was only Yuan Soul Realm Sixth Grade and now, he had already made a breakthrough to the next grade.

What made him even more shocked was that this kid was already so strong that he could suppress him, but he was only at Yuan Xuan Realm Seventh Grade.

Pat! Pat! Pat!

Su Yi was also forced back, but after a mere three steps, he had already stabilized himself. When he stopped himself with his final step, the fighting intent within his eyes grew even stronger.

He licked his dry lips and a crimson color within his eyes was getting increasingly obvious. Everything was as he had expected it to be. When he stepped into the Yuan Xuan Realm Seventh Grade, he no longer needed to fear this man and could fight him head-on.

Continue!

Su Yi stepped out and made his move. He wanted to take this chance to suppress the man and kill him.

Kid, you may be Yuan Soul Realm Seventh Grade, but it still isn't enough! Yuan Soul Realm and Yuan Xuan Realm, these are two completely different levels!

The man hollered. He was shocked and furious. He swung the two short spears in his hands, Yuan Qi flared from his body and his spears glowed with a faint black light. Earth attribute Yuan Qi shot out from the tips of his spears and formed multiple layers of Yuan Qi shields in front of him. He had set up his defense and wanted to stop Su Yi right in front of him.

Really

Seeing the man's defenses, bloodlust streaked across his eyes and a wave of black Yuan Qi surged within his body, through special meridians and finally converging on his right foot.

In this instance, Su Yi's Yuan Soul Realm Seventh Grade aura was fully unleashed and the light within his eyes was as glaring as a thunderbolt. His black hair fluttered in the air and his aura was like the wrath of heavens.

Oppress the Mountains and Rivers with a single foot!

Suddenly, Su Yi's right foot stomped and the Yuan Qi whirlpool under his foot spiraled outwards like a hurricane. The ground trembled and the air roared.

Rumble

In an instance, rings of black Yuan Qi rippled outwards like waves from where Su Yi stomped his right foot.

Cr-Crack

The ground split apart and cracks as thick as an adults arms spread out like a spider web. The surrounding broken trees and stones were shattered into dust at that moment and waves of power surged towards the man.

The man had not been able to react completely in time. His figure was sent staggering backward and wherever his feet landed, the ground cracked and the shields in front of him also started cracking.

Break!

In the next second, Su Yi had already finished his preparation as he swung his large saber brimming with Yuan Qi down.

Cr-Crack!

Sparks scattered with a loud metallic sound followed by a violent gust of wind.

The mans Yuan Qi shield had been completely shattered. His short spears were also broken, only half remained in his hand.

Boom!

Taking the opportunity presented to him, Su Yi rushed forth. He clenched his left fist and punched the man mercilessly in his chest.

The man was sent flying backward. His eyes filled with shock, but then he sneered. A strong aura rushed out from his body and formed a cocoon of Yuan Qi.

Su Yis fist landed and was completely blocked by the Yuan Qi cocoon.

Tsk, tsk. I had already told you. Yuan Soul Realm and Yuan Xuan Realm are two completely different levels. You cannot do anything to me! The mans pale white face now had a cold and evil smile, Yuan Soul Realm and Yuan Xuan Realm, they were two completely different cultivation levels.

Oh, really?!

Su Yis eyes blazed with a fighting intent, then they turned cold and an aura suddenly started to rise.

Seven Injuries Fist!

He shouted in his heart and at the same time, the aura around Su Yis body pulsed. A black Yuan Qi enveloped his fist tightly. Su Yi drew his fist and struck onto the mans chest once again.

Boom!

A loud explosion sounded from the mans chest. The coat of Yuan Qi only lasted for a moment before it disintegrated.

Puh!

Finally, under that terrifying impact, the man could no longer tolerate it and spat out a mouthful of blood. His eyes were brimming with shock and then, there was fear.

How could it be?

What made the man even more astonished was the fact that this kid who was only Yuan Soul Realm Seventh Grade was able to break open his Coat of Yuan Qi.

His fist held terrifying power, waves of boundless energy struck him. Within that fist was seven different types of concealed power, his Coat of Yuan Qi had absolutely no way of blocking those continuous waves of power.

Chapter 107: Killed

Pat, pat

The man staggered and fell face-first on the ground. His injuries were too severe. The continuous attacks by Su Yi had dealt him great damage.

Swish

He felt something cold placed on his neck. A large blade was held against his skin, making his hair stand on their ends as a chilling feeling of fear crept into the very depths of his soul.

How many of you are there? What are their cultivation levels and who is the strongest? Su Yi appeared holding a large saber against the mans neck as he asked casually.

Punk, what are you trying to do?! If you dare kill me, my entire party will not let you off, you will never be able to escape! The man was terrified. He never imagined that his second encounter with Su Yi would result in such an outcome.

Chak!

Before the man even finished his words, Su Yi swung his saber and blood scattered across the air. With his one swing, Su Yi had sliced off the mans left arm cleanly making blood gush out like a fountain.

Argh!

The man cried out in pain. He writhed around in agony as numerous beads of cold sweat dotted his forehead.

I will only ask this question one more time, how many of you are there? What are their cultivation levels? And who is the strongest? Su Yi asked coldly, it was important to know your enemies.

There are over 60 of us. 20 of us are Yuan Xuan Realm cultivators. The leader is Yuan Spirit Realm First Grade and the vice-leader is almost breaking through to the Yuan Spirit Realm as well. If you kill me, our entire party will not let you go! If you let me go, I may be able to persuade the leader to forget about this entire matter, hows that? The man was completely terrified, his body struggling to create a distance between him and the youth. He never thought that one day, despite being a Yuan Xuan Realm cultivator, he would end up in such a pathetic state in the hands of a Yuan Soul Realm brat.

I was considering if I should spare your life. But it is such a pity, that I hate threats. Chilling words came out of Su Yis mouth as he swung his saber once again.

Shrak!

The blade plunged into the mans chest. His desperate cries stopped, and his eyes bulged out. The last thing he saw in this world was the youth who stood there like the God of Death. Only at that

moment did he understand, the youth was far more difficult to deal with than they had ever imagined.

Su Yi searched the mans body. Other than a few bits of medicinal herbs, Su Yi found nothing else. The man did not have an interspatial bag as well.

Swish!

Without any further delay, Su Yi immediately left the scene.

The man had just launched a signal flare and soon there would be others from the adventurer party arriving, it was not a place where Su Yi could stay for much longer.

Judging from the information that Su Yi had just gotten from the man, he could not afford to be careless.

The strongest in the party was a Yuan Spirit Realm First Grade cultivator. It was an existence which he could not fight against, for now.

There were also another 20 Yuan Xuan Realm cultivators. Most likely there would be Yuan Xuan Realm Seventh Grade and Eighth Grade cultivators. Su Yi knew that he would be unable to fight against them as well.

But Su Yi was not afraid. After all, he had a trump card in his hand.

Boom! Bang!

Die!

Bi Ling and Yiyun had joined the battle. Five youths against seven adventurers. But the result was already decided from the start.

Out of the seven adventurers, there were only two Yuan Xuan Realm cultivators and they were only First Grade.

Guoyan and the rest were far stronger than them, whether it be martial art techniques or cultivation techniques.

Soon, the seven men were killed.

Guoyan and Zhouda had blood on their clothes, their hair tousled and they looked slightly pathetic.

The seven adventurers may not be high in cultivation level, but every one of them was a bloodthirsty beast. In terms of actual combat, they were far more experienced and had given the five youths some trouble.

The kid had escaped that way, chase him!

Guoyan and Zhouda had gotten the short end of the stick and were furious. The kid could not have gone very far, they could not let him escape.

Something is not right. Wasnt this person on the same side as the kid?

At the moment, the five youths surrounding a corpse were utterly confused.

From the looks of the injury, it should be the work of that kid. Strange Bi Ling spoke, her beautiful eyes gleaming.

Swoosh! Swoosh!

Suddenly, there was movement all around them.

In a few seconds, nine figures jumped out. Fierce auras exploded from their bodies.

It seems that these brats were the ones that killed our men!

Among the nine adventurers, the face of a middle-aged man darkened with anger. He looked and observed Guoyan, Zhouda and the rest of the kids.

Humph! They are but a flock of crows banding together, lets just kill them all. Zhouda looked at the nine people and was not at all worried.

What an arrogant brat! But, those two ladies are not too shabby. A man spoke, his eyes hooked onto the bodies of Bi Ling and Yiyun, not bothering to hide his lustful eyes.

Not bad at all. The two ladies are not too shabby. They may be the Young Misses of some influential clans. Our brothers have not experienced some pleasure in a long while and we have never tasted the Young Misses of any large clans.

Tsk, tsk. They are still two virgins; the feeling should be quite different.

The men laughed and they were very motivated. Their vulgar eyes licking Bi Ling and Yiyuns bodies.

They had ventured out for so long and recently, had even suffered from a lot of hardship to find that brat. They had been holding themselves back for so long.

Now that they had seen these few ladies, how could they resist any longer? They wanted to just pounce on them so badly. Within the Forest of Demons, sometimes, not even major sects or factions mattered.

Seeing those lustful gazes and hearing the disgusting conversation, Bi Ling and Yiyun were not happy. Within their eyes, a cold light gradually appeared.

Humph! You guys are courting death!

Hearing those words, Qingfeng could not hold himself back any longer. How could he stand someone teasing his Junior Sister Bi Ling like this? He clutched his sword and formed a sword-thrusting gesture. Yuan Qi spiraled under his feet as he lunged towards the men.

Die!

Guoyan and Zhouda followed, bursting with Yuan Qi holding nothing back.

These few kids are a bit troublesome. Be more careful and just leave the two ladies alive. The face of the leading man fell. Once the youths started their attack, he knew that they were not weak, he did not dare let his guard down.

While the two sides clashed, Su Yi was resting in a safe place, instructing the Fire Bird and Snow Ape to protect him from within the shadows. He sat down and started to meditate to recover his Yuan Qi.

Continuously using the Three Sabers of the Raging Dragon and Wrath of the Eight Wastelands had expended too much of his energy.

He did not let Flaming Beast Eagle and the Snow Jade Ape help him. Su Yi wanted to see how much he had improved over the past period of time while he was training. He was quite satisfied with the result.

Roar!

After around six hours, Su Yi was woken up by the Snow Jade Ape.

Someone is here.

Su Yi stopped meditating. His previously pale face had already regained much of its rosy color.

Within the range of towering mountains, there was a small pass.

Three young males and two ladies were currently walking within the pass, their auras were weak and their faces grim as they kept on turning their heads to look behind them.

Its them. At the peak of a mountain, in the mouth of a cave, Su Yi looked at the five figures below, his eyebrows slightly raised. He never expected to see those five people again.

Chapter 108: Hand over your Interspatial Bag!

Their backgrounds dont seem simple. Hmm, maybe

Su Yis eyes gleamed. The origins of those five people were certainly not simple.

It doesnt look like they have caught up to us. Let us rest and recover as much as possible and head to the rendezvous point.

Within the mountain pass, Bi Lings spoke her beautiful robe was tainted with blood, her aura was weak and her face was pale, but the pair of lively eyes on her oval face still retained a stunning vitality.

Puh!

Zhouda stopped in his tracks. Then, he spat out a mouthful of blood, almost collapsing to the ground. He could only hold onto a giant boulder for support to stand upright.

Bastard! After we meet up with everyone else, I must kill that guy !

Guoyan hollered out furiously. His face was a deathly white, the corner of his mouth was stained with blood. He was in no better condition than Zhouda.

Make use of the little time we have to recover. The expression on Senior Brother Qingfengs face was even worse. He popped an elixir into his mouth. His body was stained with blood, his aura was weak and he looked disheveled.

The other four youths also took out healing elixirs and they ate them without any hesitation.

All five of them all looked very disheveled, Bi Ling and Yiyun were no exceptions. All of them were injured, and those injuries were in no way light.

Yo! We meet again!

Suddenly, just as the five youths had finished consuming the elixirs and wanted to find a place to recover, they heard a voice.

Their expressions immediately changed, and they hastily looked towards the direction of the voice.

Following their line of sight, the five people saw a familiar figure which had appeared from out of nowhere. His clothes were tattered, but he had a complex temperament.

Its him!

Yiyun was surprised. She looked at the youth who stood there with his saber and sword, looking at them with a deep but firm gaze. This was a sight that one could not easily forget. She could not help but take a few extra glances at Su Yi.

Brat, what do you want to do?!

Seeing Su Yi appear, Guoyans expression changed immensely. His eyes could not help but shift behind Su Yi as if he was trying to find out if there was anyone else behind him.

The road sure is narrow for enemies. How about you guess what I plan to do?

Su Yi looked at the five people and casually smiled as he gradually walked towards them.

Seeing the state of the five people now, it was not hard for Su Yi to know that they had an intense fight with the adventurers and were already severely injured.

Brat, just you alone?

Zhouda stared at Su Yi. He found it weird that this kid was alone.

Of course, it is only me. Su Yi smiled as he walked to the space right in front of the five people.

You are alone and yet you still dare to come, you are seeking death !

Guoyan could not suppress his anger any longer. He was forced into such a pathetic state and that he even had to retreat. When had he ever been in such a lowly state and humiliated by others?

Finishing his words, Yuan Qi moved under Guoyans feet. He excluded a fierce aura as the sword within his hands went flying towards Su Yi.

Everything happened because of this brat! How could he let him off?

But suddenly, Su Yi who was in front of the flying sword vanished.

Not good!

Guoyan was no retard. At this moment, he knew something was wrong.

But it was too late.

Your ability from the start was never enough to face me, furthermore now that you are in such a state!

There was a faint voice beside Guoyans ears. As soon as the voice stopped, a fierce aura plunged onto his back.

Bang!

Su Yis fist was brimming with Yuan Qi.

With the Hundred Transformations Step, Su Yi dodged the initial desperate attack and went directly behind Guoyan.

Puh!

A fountain of blood spewed out from Guoyan's mouth. His body fell forward and hit the ground face-first.

Guoyan struggled to get up but his effort was in vain. He was already running on his last fumes and he was also seriously injured. Though Su Yi did not kill him, he did not show mercy.

Bastard!

Senior Brother Guoyan!

Qingfeng and Zhouda saw what happened and hollered. They both made their moves, each holding a sword.

Raging Dragon Slash!

Drawing out his saber, Yuan Qi surged within his body and through the special meridians before converging on the large saber, causing a faint roar of a dragon to sound from the saber like that of thundering wind.

Su Yi did not hesitate and immediately counterattacked. With the slash of the saber, a glaring light swept through the place.

Boom!

Clang! Clang! Clang! Clang!

The terrifying aura surged through the air, the sound of the explosion was like that of thunder. Following the thunderous sound, continuous clanging sounds were heard. The swords of Zhouda and Qingfeng flew out of their hands, their bodies were sent flying back. The hands which held their swords were broken and a lot of blood seeped out of their wounds like a fountain.

Pa! Pa!

Zhouda and Qingfeng landed heavily on the ground and spat out blood once again, painting their shirts a bright crimson red as they struggled to get back up.

You three small little runts, behave! Or else, I do not mind taking your petty lives!

Su Yi stepped forth, his saber leaning against the top of his shoulder. He squatted down and searched the three youths, and after he had taken an interspatial bag from each of them, he stood up satisfied.

Is he a bandit?

Seeing the unique appearance and tattered clothes of the young man who was carrying a large saber like a bandit, the scene made a special impact on the viewers' eyes. Bi Ling and Yiyun stood there dumbfounded, stunned by what they were witnessing.

Such a youth who was so peculiar had struck their hearts.

Oi, it's your turn! Choose whether you want to hand over your interspatial bags yourselves or you want me to do it.

Su Yi while carrying his blade with one hand, looked blatantly at the two young ladies and did not stand on ceremony.

These people who came from a major sect would definitely have some good stuff on them. In his previous life, someone had once said, if you had no guns or cannons, your enemies shall make them for you. He had no major sect backing him and no large clans to provide him with cultivation resources, so he could only have his enemies deliver whatever he needed to him.

How could you do this? The interspatial bags are ours!

Yiyun was in a daze. Her lush black hair was now in a mess. With her skin as white as snow, she looked at Su Yi shocked. How could this youth want their interspatial bags? Isn't this robbery?

If you are not going to hand it over, then I can only do it myself, hehe!

Su Yi looked at the two young ladies in front of him. A smile crept up his face. These two ladies were quite the beauties.

Junior Sister Yiyun, give him your interspatial bag!

Bi Ling said to Yiyun. She took out an interspatial bag and looked at Su Yi while slightly biting her lips, and asked, There is a grudge between the adventurer party and you, am I correct? You purposefully used us to deal with the adventurers, right?

How could that be? Those were all my lackeys. I advise you to just hand over your interspatial bags nicely without any tricks. If not, I will hand you ladies over to that bunch of males who would not hold themselves back once they see females. At that time, it would be too late to regret anything. Su Yi looked at Bi Ling and Yiyun. How could he admit the fact that he was the wolf that won when the shepherds quarreled?

Chapter 109: Taking the Initiative

You-you're lowly and shameless

Hearing Su Yi's words, Yiyun instantly cried out with her high pitched voice. But her body was quite honest as she took out her interspatial bag.

Look at the two of you, fine young ladies as beautiful as flowers and as exquisite as jade. If you were to end up in the hands of those brutes, I think you would know what is truly called lowly and shameless. Su Yi pouted. He had done absolutely nothing to them, yet how did he suddenly become a lowly and shameless person?

Here!

Bi Ling gritted her teeth and tossed her interspatial bag to Su Yi.

She did not believe what Su Yi had said. Those adventurers are most definitely not on the same side as Su Yi.

Instead, it should be the opposite. Those adventurers bore a huge grudge against Su Yi and both sides were used by him.

Here.

Yiyun did not think twice and immediately tossed her interspatial bag towards Su Yi as well she seemed to have become afraid, that Su Yi would really hand her over to those brute adventurers.

Hehe

Catching the two interspatial bags, Su Yi smiled pleased and kept them with him, without a single hint of unease. He then picked up the three treasure swords of Guoyan and the others from the ground.

Based on the appearance of these three swords, he could already tell that they were not bad and would fetch a hefty price. Su Yi did not intend on letting them pass.

With their eyes wide open, Guoyan, Zhouda, and Qingfeng were seething with anger as they witnessed the daylight robbery.

But what could they do? They were already injured to the point, where they could not fight anymore. It was a struggle for them to even get up.

If you do not have food to eat, clothes to wear, your enemies shall deliver them to you. If you have no guns or cannons, your enemies shall make them for you. Never fear even if the mountains are tall and the water is deep

Su Yi carried his saber, singing a song. He looked like he was on cloud nine, he then waved his hand and left, leaving only a striking scene of his back for the five people to see.

What a special guy, regrettably he is slightly hateful.

Bi Ling mumbled to herself. That youth was unlike any other she has ever seen.

Senior Sister Bi Ling, were we just robbed?

Abruptly, Yiyun snapped out of her daze. She looked at Bi Ling, her eyes showing how stunned and dumbfounded she was.

Su Yi was merrily singing a song. He was in a great mood after all he had reaped quite the harvest.

There should be a lot of good stuff within the five interspatial bags, but he was in no rush to open them.

The adventurers had fought with them. It should have been the second batch of the men

Su Yi did not let his guard down. He kept on analyzing things in his mind. With the cultivation levels of those five youths, the first batch of adventurers shouldnt be able to harm them to such an extent, so they must have fought with the second group of adventurers.

After all, the Yuan Xuan Realm Second Grade cultivator, who he had just killed, did fire off a signal flare.

Well, I will just sit back and wait. Lets have some fun with them!

Su Yi had an idea. From what he knew, he did not fear those adventurers,

As expected, when it was dusk, Su Yi met the search party from the adventurer group.

The four adventurers were stunned for a moment when they saw Su Yi, but they were delighted right after and wanted to fire off a signal flare.

Screech!

But just as the adventurer wanted to fire the signal flare, they heard a loud screech coming from the sky. A swift and horrifying wind passed by sending sand and rocks flying before the person could figure out what was going on, his head became a bloody pulp.

Howl!

Out of nowhere, a huge white ape appeared. Then its giant palm slammed down and turned the guy into a bloodied pancake.

Two gigantic beasts had appeared and their auras were ferocious and terrifying.

The remaining two surviving adventurers trembled in fear, they were weak in their knees and their eyes were in a daze. Both of them nearly collapsed onto the ground due to fear.

Then a figure like lightning, leaving behind only a trail of afterimages appeared. A flash of light came from a saber and blood spurted out from the two men's necks; their bodies fell onto the floor lifeless.

The four adventurers were experienced and stayed in the Forest of Demons all year round, but they could not respond to this sudden event as they were scared soulless by the two savage beasts who had appeared so suddenly. They were killed without knowing how they died.

Wiping off the blood on the saber, Su Yi glanced at the three bloody corpses on the ground. A cold light flashed from within his eyes. Since you guys can't bear to forget about me, then from this moment forth, I shall take the initiative and attack you guys. Let us raise the stakes higher!

Six hours later.

From the depths of the forest, three corpses laid. Blood flowed down Su Yi's saber, cold glint laced with bloodlust shone in his eyes.

The second night.

The night was starry, but the moon was dull. Under the faint moonlight, the entire mountain range was cold and creepy.

Bang!

Boom! Boom! Boom!

From the mountains, numerous sounds of explosions could be heard.

Several bodies left strewn across the ground. Pools of blood formed on the ground and the eyes of the corpses bulged terrified. The last thing they saw in this world was the face of the bloodthirsty youth.

The third day, the darkness before the dawn had just passed and the first light of the day had not completely risen.

Howl!

The thunderous roars of beasts were resonating through the entire valley.

Boom! Boom! Boom!

The sounds of explosions rang and the ground shook.

There were numerous corpses lying all across the ground. Fresh blood painted the entire valley red and the smell of blood and fear lingered in the air.

Within the mysterious space, Su Yi was sitting down and meditating. The dense energies of heaven and earth flowed around his surroundings and strands of energy slithered into Su Yi like snakes.

Within these three days, Su Yi had taken the initiative and had killed several search parties belonging to the adventurer group. The number of bodies that had fallen at his hands was no less than 30.

There were also Yuan Xuan Realm Sixth Grade and Seventh Grade cultivators that had been killed by the Flaming Beast Eagle and the Snow Jade Ape.

With the baptism of blood and killing, Su Yi had once again improved in combat. He was becoming more and more skilled in using the Three Sabers of the Raging Dragon, Seven Injuries Fist, Crimson Flame Palm and other techniques.

But Su Yi still could not manage to use the Third Saber of the Three Sabers of the Raging Dragon.

With the constant exposure to blood and killing, the Supreme Chaotic Yuan Technique surged and boiled within Su Yi. Endless fighting spirit burned inside him as the more he killed, the more he wanted to fight.

After every baptism of blood, Su Yi meditated and recovered. He could clearly feel how much he had improved and how the Supreme Chaotic Yuan Technique was becoming more and more alive within him. Together with this mysterious space, he had improved by leaps and bounds.

It was as if the Supreme Chaotic Yuan Technique naturally influenced him to fight and kill.

Have you heard? Recently, Tao Tiancheng has become anxious. He seemed to have offended someone. Many of his subordinates have already been killed and his losses are said to be enormous!

I have also heard about it. Someone said that many others did not support his actions anymore and left!

Everything seems to have been done by a youth!

Are you sure? Would one youth be able to kill so many subordinates under Tao Tiancheng?

You guys only know a little information. I heard that the youth murdered Tao Tiancheng's younger brother.

Tao Tiancheng wanted to take revenge, but he never expected that he would meet a hard opponent and take such heavy losses!

I also heard that the youth is not alone, but there are several of them!

No wonder. No matter how strong a youth is, he wouldn't be able to kill so many of Tao Tiancheng's men!

Black Fiend School seems to be offering a large reward for capturing/killing a person who is also a youth. Could it be the same person?

Oh, if that was true, I would be rich if I were to meet the guy!

Such news traveled far and wide like a spreading wildfire.

Chapter 110: The Hunt

Once the news had spread numerous mercenary groups and adventurer parties began gathering at the outskirts of the Forest of Demons.

As soon as they saw any younger-looking youths, they immediately put their guard up, trying not to attract any trouble.

But some had hope. If the youth really was the person that Black Fiend School was looking for, they would be well compensated, even if they just provided them with information regarding the youth.

Leader, many people have already died, and many brothers have also left. We cannot continue like this, lets notify the Black Fiend School.

At the peak of a mountain, a lean man could be seen, his eyes were gleaming dangerously and his aura fierce. He was talking to a man in grey clothes.

He is taking the initiative to attack us now, this brat is trying to challenge us! I must catch that brat personally! I, Tao Tiancheng, want him to be reduced to a state where he cant even beg for his life or death! Only then can the hatred and anger in my heart be extinguished! The leader was extremely furious. A cold glint flashed through his eyes as a scarlet hue filled his eyes.

But Leader, we do not have many men left! If we continue on like this, the entire party may fall apart!

The face of the lean man was grim. Originally, the entire team was considered to be a respectable party with great power and held a certain position.

But now the party had lost more than half of the men they originally had, and many of their brothers had left.

There were not many people in the party anymore. They could not afford any more losses!

Hearing the mans words, the leaders face fell.

How could he, Tao Tiancheng, have known that a youth who came out of nowhere could deal such huge losses to the adventurer party that he had nurtured through his blood and sweat?

But it was because of this situation, that he could not tolerate being unable to take revenge.

Maybe the only way to recover all their losses was to hand that brat over to Black Fiend School alive.

Notify the vice-leader. Have him come and meet up. Since that kid wants to come looking for trouble, then let us give it to him. We will attack him from every direction. Once he dares show his face, he will become a helpless fish caught in a net. I want to see whether that kid really has three heads and six arms to escape! Tao Tiancheng said chillingly.

From the information that we have received, the brat seems to have several helpers. The helpers dont seem like the average lackeys, they come from a special background. Our men have fought with them before but they did not manage to gain the upper hand. The lean man could not help but start to worry. Everything that had transpired had proven that the kid did not come from a simple

background. If they provoked a major sect or power, they would have a big problem on their hands to deal with.

So, what if he has a large backing? This is the Forest of Demons. Furthermore, that kid seems to be the one that Black Fiend School wants. Do not let anyone related to the brat escape! Search for them! Tao Tiancheng commanded. This was the Forest of Demons, not the outside world. In here, only the Black Fiend School and the other two powers were the bosses.

Leader! Leader!

Suddenly, a person came dashing towards the mountain, panting heavily.

What is the matter?

The lean man asked first, slightly frowning. After going through so much he was afraid of receiving any news. Every time his men came to deliver any news, it would always be inevitably about another group of dead men.

We have discovered the five other people who were together with the youth they had a huge fight, those five people have been seriously injured and would be unable to recover, it would be hard for them to retaliate against our men. But they escaped very quickly, our men are currently chasing them. The messenger said while panting.

Hearing the news, the lean man's face relaxed. After so many days, finally, he had received better news.

Was the kid seen? Tao Tiancheng asked.

No, only the five people were seen. The messenger shook his head, confirming that there were only five people and not the main target.

Everything was quiet and peaceful.

But this was the Forest of Demons, no one would ever believe that it was truly peaceful. A savage beast may lunge out from the shadows suddenly and gobble someone up in the blink of an eye.

A fatty who looked around thirty years old was battered and bloodied, his face was pale. Blood was dripping from the corner of his mouth as he dashed through the forest in panic.

The fatty turned around to check what was behind him from time to time. As soon as he saw a youth hot on his tail, his face filled with horror and fear.

To him, the youth was far scarier than any beast he had ever encountered.

Someone, please! Help! Save me, save me!

The bloodied fatty ran as he hollered out for help, hoping that there would be comrades nearby who could come and save him.

The youth continued following the fatty. He wore a tight and long-sleeved robe, his black hair fluttered in the wind, and his handsome face had a pair of deep and resolute eyes.

What was most striking about the youth was the sword and saber on his back, especially that broken sword which looked like it was going to disintegrate any moment.

The youth was Su Yi. When he opened the five interspatial bags that he had gotten from the five youths, he had found plenty of cultivation resources, even several martial art techniques and also some nice fitting clothes.

And just now, Su Yi had found several mercenaries who were alone, and their cultivation levels were not high either.

The strongest was only this fatty, a Yuan Xuan Realm First Grade cultivator.

Su Yi purposefully did not kill the entire bunch and let one escape. He wanted to make use of the survivor to find the rest of this mercenary group.

Anyways, Fire Bird and Snow Ape were in the shadows following after him. Even if he was to meet a large mercenary group, Su Yi had nothing to fear.

Save me, save me!

The bloodied fatty kept on shouting at the top of his lungs. He looked pathetic and, panicked. His face was filled with fear.

He had seen it with his own eyes. The youth may be smiling, but really, he was a god of slaughter, he was absolutely merciless. His movements were cleaner and faster compared to them who are used to killing daily.

Especially the aura from that kid, it caused their hearts to tremble and gave them a chill which ran down their spines.

He had never thought that with his Yuan Xuan Realm First Grade cultivation, he would be hunted down by a Yuan Soul Realm Seventh Grade cultivator and the youth clearly looked like he was enjoying playing a game.

Whoosh!

Suddenly, a figure dashed out from the trees ahead.

The figure looked like it was also trying to run away from something. When it saw someone dashing in its direction, it was completely filled with terror, and quickly stopped.

It was a girl, around 16-17 years old. Her robe had already been stained with plenty of blood. Her oval face was now deathly white, only her eyes still looked alive. Her aura was weak, but it could not hide the unique charisma she held.

When the fatty suddenly saw a girl appear, he also became stunned and unconsciously stopped.

Whoosh! Whoosh!

Behind the girl, several figures ran out. Their fierce auras spread throughout the place, causing the air to be filled with a cold bloodlust, creating a nervous tension in the air.

Brother Chu, save me! Its this kid, I have found the kid!

When the fatty saw a man, who looked around forty standing in front of the figures that appeared behind the girl, the face of the fatty which was filled with horror and fear just a moment ago instantly turned into one of, hope and happiness as if he had seen his savior.
