

## Sky&Earth 181

Chapter 181: Su Tian Que!

Even though those beasts are indeed not simple and seem extraordinary whereas my cultivation has also regressed and I might not be able to defeat them, with just these beasts alone in the Demonic Spirit Realm will not be enough to trap me. Once I leave, I will tell that big snake that you have taken its egg. Im afraid that it will not let you go even if it has to chase you to the end of the earth! The featherless meat chicken said to Su Yi.

Su Yis gaze was a little stunned. To think that the featherless meat chicken could actually still threaten him.

Su Yi was aware that this featherless meat chicken was not easy to deal with and had a mysterious origin.

However, from the state of the featherless meat chicken, he naturally did not entirely believe that even if the Fire-Eyes Beast Tiger and the rest had ganged up, they would not be able to deal with this featherless meat chicken.

Nevertheless, he was still secretly a little worried that the featherless meat chicken would have some battle techniques to rely on.

Give me a reason to believe in you. Otherwise, the cooperation will end here. Su Yi responded to the featherless meat chicken. Even though he was afraid of being chased by the Blazing Heavenly Dragon, bringing along a featherless meat chicken with a mysterious origin would also undoubtedly be a time bomb. Both were dangerous.

I have no ill intentions towards you, and I truly do not know where to go. Seeing that you, this young man, seem to be pretty fun, so I want to join you along the road!

The featherless meat chicken flapped its short wings with a pretentious appearance of arrogance on account of ones seniority, as it stared at Su Yi and said: One day when I have recovered, maybe by then I could even give you some treasures, allowing you to become the strongest cultivator in this world. That is also not impossible. How about it? Are you moved?

Treasure, if you have the ability, then give it to me now, and I will believe in you. Su Yi glanced at the featherless meat chicken while responding. If it was indeed the peacock from the legends, then it should have some treasures.

I already told you that I cannot recall anything now, so where would there be any treasures?!

The featherless meat chicken rolled its eyes at Su Yi.

Su Yi was deep in thought. Looks like, the featherless meat chicken was determined to follow him, and he could not get rid of it. However, he would still feel uneasy if it were to follow him.

All of a sudden, Su Yis eyes shone as he looked at the featherless meat chicken and stated: You can follow me, but for reassurance, I have a proposal. If you agree to it, then we can be together. If you disagree, then we will go our separate ways!

Say it. The featherless meat chicken curiously glanced at Su Yi and replied.

We will be sworn brothers and smear our blood as an oath. Su Yi smirked. In this world, an oath was seemingly looked upon with high regard, especially for cultivators. Reportedly, once someone had violated the oath, that person would most likely suffer from tribulation.

Sworn brothers, it seems like a great idea.

Within the small eyes of the featherless meat chicken that was brimming with vigor, it abruptly shone with light as it said: I have lived for such a long time, so I shall undertake the more difficult task. In the future, I will be your peacock elder brother while you will be my human younger brother.

The featherless meat chicken had surprisingly unhesitatingly agreed, unlike Su Yi.

Su Yi initially thought that by swearing with the featherless meat chicken, he would not undertake any losses.

At least he could confirm that this featherless meat chicken was not simple. Perhaps in the future, there would indeed be chances to become a strong cultivator.

No way. You say that you are a peacock, but there are no ways to prove it.

Su Yi's eyes moved, and he slightly smiled. His gaze secretly turned as he said to the featherless meat chicken: On the journey of cultivation, the one who reaches first wins. Why not we shall have a friendly match between us. You are not allowed to hide, and if you win against me, you will be the elder brother, whereas I will be the elder brother when you lose. In the future, it will also be like this. Whoever has the greatest strength will become the elder brother. How about it?

I am a dignified peacock! To become your sworn brother was already because all of your 18 generations of ancestors had burned a good incense. It must be that your ancestral graves are emitting green smoke. How can I call you my elder brother?!

The featherless meat chicken glanced at Su Yi with its head held high while speaking.

On the journey of cultivation, the one who reaches first wins! Su Yi responded.

The small and misty eyes of the featherless meat chicken moved as it knew that it could no longer insist and nodded its head while saying: That is also fine!

Then shall we have a friendly match now? Su Yi stated. He secretly sized up the reaction of the featherless meat chicken, trying to seize this chance to test out the real might of the featherless meat chicken.

Previously when the featherless meat chicken was battling against Mo Yue, Su Yi had seen it with his own eyes that the featherless meat chicken kept on avoiding and did not strike back.

Never mind about that now!

The featherless meat chicken shook its head and glanced at Su Yi while saying: I will endure it and let you become the elder brother for a few days. After all, in the future, you will not have the chance to become the elder brother anymore. As your elder brother in the future, I will take good care of you and let you taste the feeling of being an elder brother.

Uh

After hearing this, Su Yi rolled his eyes at the featherless meat chicken.

Moments later inside the cave, a human and a chicken were respectfully kneeling.

I still do not know what is your name? Su Yi glanced sideways at the featherless meat chicken and questioned.

His eyebrows slightly arched. Looking at the featherless meat chicken right beside him, in Su Yi's heart, he abruptly had a feeling of regret for trying to be a sworn brother with this featherless meat chicken.

Once words get out that my brother is a chicken, it wouldn't be nice.

I have also forgotten my name. The featherless meat chicken shook its head.

Then I shall help you name one. Since you have no feathers on your body, how about featherless? Su Yi stated.

You are the featherless one. Your whole body has no feathers. The featherless meat chicken rolled its eyes.

You came out from that volcano and can also spit fire. What about Fire Doll?

Fire Doll because it can spit fire. Then if it is spitting saliva, should it be called Spitting Saliva Doll?!

You look like a chicken with a golden comb and claws. How about Golden Chicken?

Why do I find it uncomfortable? Is there anything good?

Then, you name yourself!

I am a peacock then I shall be called Qing Tian, Qing Tian Que! The featherless meat chicken answered with a glow seemingly sparkling within its small eyes.

My name is Su Yi. Let's do it like this. Since you are my sworn brother, your name will be Su Tian Que.

Su Yi helplessly rolled his eyes at the featherless meat chicken. Qing Tian Que, for such a featherless turkey, the name was indeed exceptional.

A featherless meat chicken called Qing Tian Que, once people knew about it, they would uncontrollably laugh their heads off.

Su Tian Que. Fine, Su Tian Que, it is then!

The featherless meat chicken nodded its head, seemingly with no objections.

I, Su Yi, with Qing Tian Que, Su Tian Que shall become sworn brothers today. We do not ask to be born in the same year, same month or even the same date, but we ask to die in the same year, same month and same date. We will share our wealth unitedly, to go through hardship together. Those that break the oath shall suffer lightning strikes, be executed by heaven and destroyed by the earth while intolated by the heavens and earth! Su Yi finished. Glancing towards the featherless meat chicken, he said: Your turn!

The featherless meat chicken looked at Su Yi as it did not seem to expect that Su Yi would swear such a ruthless oath. It rolled its eyes and could only repeat the sentence towards the sky without missing any words.

Dong dong dong dong dong

A human and a chicken later respectfully kowtowed their heads loudly and then stood up.

Why do I feel that I have been taken advantage of.

Chapter 182: The Blazing Heavenly Dragon Loses Its Temper!

Su Tian Que got up while its small misty eyes turned as though it finally comprehended something and said: I am a peacock, a king among the demon race with a long lifespan. Dying in the same year, same month and same date, so if you die, aren't you dragging me down too?

I am even more afraid that you will be stewed into a chicken soup by people at any time. Su Yi was speechless. This fellow had sincerely thought that it was a peacock.

However, for the oath, Su Yi did find that it was alright.

The beasts from the demon race had a much longer lifespan than humans.

Even if, they were at the same cultivation level, for example, a beast in the Demonic Xuan Realm compared to a human in the Yuan Xuan Realm, typically, the beast would have a much longer lifespan than the human.

Howl.

My lord.

Outside the cave, Fiery Red Demonic Mink and the rest had finally returned.

My lord, we have inquired about the news.

From the words of the Silver Spirit Demonic Butterfly and the rest, Su Yi finally knew about the situation.

Presently, the large number of beasts on the outside at everywhere indeed had a connection with the Blazing Heavenly Dragon. It was an act ordered by the Blazing Heavenly Dragon.

According to the news that the Silver Spirit Demonic Butterfly and the rest had inquired, the Blazing Heavenly Dragon itself was the king of the Grand Beast Canyon. After it had stepped into the Demonic Emperor Realm, it had further become the Demon Emperor of the Grand Beast Canyon and had ordered for the search of all the humans in the Grand Beast Canyon, killing every single one of them whenever they saw one.

At the moment, every beast inside the Grand Beast Canyon had unitedly moved out, including many strong beasts in the Demonic Void Realm.

These armies of beasts were conducting searches for humans in a large-scale. Once they saw a human, they would be merciless.

The Blazing Heavenly Dragon has gone mad!

After receiving the news, Su Yi did not find it strange.

Most likely, this had an absolute connection to the egg of the Blazing Heavenly Dragon. Because it had a big battle with Cheng Jian and the people from the Raging Dragon Mercenary Alliance and had later found out that its egg had gone missing, it would naturally put the blame onto Cheng Jian and the rest.

Su Yi reckoned that Cheng Jian and the rest must have escaped in the end, so the Blazing Heavenly Dragon then order for the search of every human being, killing them every time they encountered one.

My lord, apparently that Blazing Heavenly Dragon seems to be preparing to undergo the Changing Shape Tribulation recently. The Fire-Eyes Beast Tiger stated.

Changing Shape Tribulation!

Su Yi's eyes moved. Demons, whether they were Spiritual Beings or beasts, once they reached the Demonic Void Realm, they had to undergo the First Tribulation, and when they had entered the Demonic Emperor Realm, they would then faced the even more terrifying Changing Shape Tribulation.

If a beast could successfully pass through the Changing Shape Tribulation, then in the future, it could transform into a human shape and be almost the same as a human.

It was stated that, among all the myriad beings, the ones most suitable for cultivation were humans.

Though the beasts and the Heavenly Beings had a longer lifespan, the lifespan of a beast in the Yuan Soul Realm could last around 200 years before their light extinguished. Some could live even longer.

However, for a human cultivator in the Yuan Soul Realm, they could only last for at most 150 years before their lights, would be extinguished.

The Heavens treated all beings fairly, hence, the humans were more suited for cultivation.

The strong demons all hoped to undergo the Changing Shape Tribulation to achieve a human form. Although at then, their cultivation speeds would still be slower than a real human, compared to their original pace, it would be much faster.

My lord, what should we do now? The Spectral Mouse questioned. According to the news that they had inquired, currently, there were beasts everywhere in the Grand Beast Canyon with no shortage of strong beasts. Whenever they were to see a human, they must not let them go.

Su Yi frowned. According to the situation at present, even if he was to left the Grand Beast Canyon, it would still be dangerous.

From the news that Su Yi had gotten recently, most of the armies of beasts were heading towards the exits of the Grand Beast Canyon.

The closer to the outskirts of the Grand Beast Canyon, the more humans there were. Instead, there were fewer humans in the deeper parts of the Grand Beast Canyon.

The Blazing Heavenly Dragon is undergoing the Changing Shape Tribulation

Su Yi pondered as he was deep in thought.

He had indeed gotten into trouble. Not to mention that in the end, he had lost the egg of the Blazing Heavenly Dragon, he did not think that right now he was unable to get rid of this trouble.

With his strength together with that of the Fire-Eyes Beast Tiger and the rest, dealing with a few small beasts, would not be a problem. However, right now, all of the beasts in the Grand Beast Canyon had moved out.

That big snake is enraged. It is losing its temper. Once it successfully passes through the Changing Shape Tribulation, it will definitely personally come out for revenge. Su Tian Que held its head up high as if it did not care too much about it.

From here, how far are we to the Demon Woods?

After a moment, Su Yi asked the Silver Spirit Demonic Butterfly and the rest.

It should not be far. Over the canyon in front of us will be the Demon Woods! The Silver Spirit Demonic Butterfly replied.

Hearing this, the corner of Su Yi's mouth slightly curved up in a smile as he said: Then, we shall go to the Demon Woods.

Demon Woods!

After listening to Su Yi's words, Spectral Mouse and the rest were astounded.

Right now, there were beasts outside everywhere looking for humans. There were even more beasts in the Demon Woods that whenever they saw a human, without the orders from the Demon Emperor, they would unquestionably not let them go.

That's right we will go to the Demon Woods. Haven't you guys always wanted to go to the Demon Woods?!

Su Yi was very sure that the Blazing Heavenly Dragon would only order the beasts to place importance on the exits of the Grand Beast Canyon. Once the Blazing Heavenly Dragon had passed through the Changing Shape Tribulation, it definitely would come out personally. By then, it would be even more frantic.

Therefore, presently, he should do the opposite. Anyway, since he had already arrived at the Grand Beast Canyon, going to the Demon Woods would be no different.

Furthermore, the Fire-Eyes Beast Tiger, Silver Spirit Demonic Butterfly, Spectral Mouse, Golden Python, and the rest had always been wanting to go to the Demon Woods. That was a heaven for the beasts, having more benefits for them to sharpen themselves and to grow stronger.

My lord, are you sure that you want to go to the Demon Woods? But you are a human! The eyes of the Fiery Red Demonic Mink shone with light as if flames were dancing inside its eyes as it found Su Yi's decision to be shocking.

There was a shock in the eyes of the Silver Spirit Demonic Butterfly and the rest as well.

Although they indeed desired to go to the Demon Woods to sharpen themselves, their lord was only a human. Going deep within the Grand Beast Canyon was already a tremendous danger to him.

Right now, they were in a dilemma. Once they reached the Demon Woods, it would be even more dangerous.

When the words of the Fiery Red Demonic Mink landed, Su Yi's eyes secretly slightly moved.

Boom!

All of a sudden, Su Yi's robes fluttered as a mighty and overbearing aura surged on his body without reason.

When the aura surged, although the Golden Python, Silver Spirit Demonic Butterfly and the rest were already used to it, their bodies still uncontrollably instinctively trembled while their eyes shone with light.

Eh

Su Tian Que could also feel something as its small misty eyes abruptly stared closely onto Su Yi's body. Then, its gaze suddenly widened.

Activating the Supreme Chaotic Yuan Technique, the moment the aura was released, Su Yi immediately kept it while looking at the Silver Spirit Demonic Butterfly, White Jade Swallow and the rest while asking: With this, do I still feel like a human?

The aura on my lord's body just now is very mighty as though it is not from a human. It will naturally oppress us as if it came from a powerful member of the demons. The White Jade Swallow shook its head as it replied to Su Yi. The mighty and overbearing aura from his lord's body was unlike that of a human while it was greatly similar to a powerful member of the demons.

Then that will be enough. After I have finished recovering and meditating, we will head towards the Demon Woods!

Su Yi lifted his head. At present, on his face that was as white as paper, was a pair of firmed eyes.

Heading towards the Demon Woods was a big opportunity for him to continue to train himself.

What he lacked the most now was strength.

Without a famous master or big sects and schools supporting him from the back, everything could only be relied on himself to train!

Chapter 183: The Rising Of The Beasts!

The Grand Beast Canyon with a continuous chain of mountains that went on for unknown thousands of miles with seemingly no end deep within.

The lofty chain of mountains formed into a canyon that had no limits.

Occasionally there were densely covered forests. The crowns of these shocking and ancient sky-high trees rose into the sky with a height of several hundred zhang like a giant umbrella whose size could even rival some big mountains.

On the sky-high trees, there were tree vines wrapped around it for a long time looking like a dragon that was ancient and vigorous.

Howl!

Inside the forest, beasts were rising.

Beasts continuously appeared everywhere from the top and bottom. There were even beasts that drilled out from under the ground.

Not good! Why are there so many beasts? What is going on?!

Quickly retreat. Quickly!

A small mercenary group was trapped as their gazes abruptly changed drastically. Their eyes flashed with shock.

Chirp

A cry was heard from mid-air as several enormous ferocious birds swooped down while spreading their wings like black clouds looming over their heads with hook-like sharp claws as a glow flashed on their bodies. With swift and bloody auras, they directly tore through the people at the scene into pieces as blood spilled onto the ground.

Howl!

There was also a gigantic beast. With just a paw that smacked down like a pillar from the sky, it smashed the humans into meat paste.

Crack!

There was also a beast that directly drilled out from the ground. With a rapid speed and frantic movements, its blood-dripping mouth instantly swallowed down a human.

Such a gory, sharp, and violent scene immediately caused the peoples hair to stand with their flesh breaking out in goosebumps!

Quickly flee. Quickly!

The strong cultivator from the mercenary group shouted as he immediately ran away frantically, not daring to fight.

However, it was too difficult to escape, as there were beasts all around them.

Howl

Beasts roared like thunder one after another within the forest and the canyons, without pausing.

There were even more beasts coming from afar as those strong beasts had also started moving out.

The whole forest was revolting as densely packed beasts charged out like a beast tide that everywhere they passed would be destroyed.

In the empty sky, all kinds of ferocious birds were flying with hook-like sharp claws and a sharp-tipped mouth as they blotted out the sky and covered the ground while they directly ate the humans whenever they found one. Their feathers were floating in the air.

Run!

No one dared to contend against the beasts as they abandoned their comrades bodies while hating themselves for not having a longer pair of legs.

Some people could form Yuan Qi into shapes and flew into the air, but they were instantly smacked down by the ferocious birds and the strong beasts.

fly

The mercenary groups that had dared to enter the Grand Beast Canyon were powerful with an exceptional cultivator leading the group. Otherwise, they would not have dared to enter.

Nonetheless, right now, when facing such a revolting beast tide, even a cultivator in the Yuan Void Realm would turn around and flee.

What is going on? Why would all the beasts in the Grand Beast Canyon come out? Exclaimed someone with a pale complexion as his body was trembling.

Ah

There were people who fled to distant places and thought that they would be safe when suddenly, numerous pythons and scaly beasts drilled out from the ground with big blood-dripping mouths, directly swallowing the people alive.

Bone-crushing sounds resounded from the mouths of these beasts.

And following that, fresh blood would spill out from their blood-dripping mouths, which was incomparably gory.

What happened in the Grand Beast Canyon?!

Some of the people were unaware of the situation as their bodies coldly shivered with a pale complexion. They had never heard that such a thing would happen within the Grand Beast Canyon.

From the Grand Beast Canyon to the entrance, the beast tide was tempestuous.

Densely packed beasts were madly charging out and slaughtering humans. Their bloody auras assailed the nostrils.

The erupting volcano was still blowing out ashes with a steady flow of lava spilling out even though several days had passed.

The surrounding aura was scorching hot, with an endless limit of roaring flames.

The temperature around was terrifying as though a sea of fire was boiling.

Raging Dragon Mercenary Alliance, we are not over. It is a deadly feud between us!

An enormous dragon was, at the moment, directly wandering in the boiling lava with its head held high and brass bell-like fearsome eyes that were blinding like the sun as though they contained a volcano within them.

Emperor Blazing Dragon, at the time of the incident, our wolf cubs had seen two young humans, a boy and a girl running among them. Probably, those two humans, the boy, and the girl are still alive!

A large Ice-Cold Wild Wolf emerged from the empty sky with a frosty aura emitting from its body. It was precisely the alpha wolf of the Ice-Cold Wild Wolves.

Those humans must know something. Find them. We must find that two humans! Hearing this, the vicious eyes of the Blazing Heavenly Dragon gushed out with a brilliant glow of scorching heat as if flames were raging unceasingly.

Inside a secluded cave, Su Yi was sitting cross-legged. With the help of an elixir, his ashen face had become rosy. The Yuan Qi in his body was abundant while seemingly transmitting roars like the air current as though the wind and thunder!

Hu

Moments later, Su Yi kept his hand seal as the glow on his body gradually dispersed. At the same time, when he exhaled a breath, his eyes abruptly opened with blinding lights. After it resided, it revealed a pair of brooding and determined eyes.

Su Yi's eyes squinted slightly as his face revealed a faint smile when he sensed the condition of his body.

You, this fellow, what cultivation technique are you practicing? It does not seem to be simple!

Su Tian Que swayed its small little head while tucking its tail, arriving before Su Yi.

It had stared at Su Yi for a very long time. Feeling the aura emitting from Su Yi's body when he was cultivating, it had made its heart to have an unexplainable throbbing feeling.

At the moment, Su Tian Que also found it strange as such an aura seemingly should not have appeared on a human.

The techniques that I cultivate naturally will not be simple! Su Yi got up and stretched his waist. A cracking sound resonated from all his joints, which felt very refreshing.

It seems to be a little mysterious. Su Tian Que wagged its head. Although it was curious, it did not ask too much.

My lord!

Silver Spirit Demonic Butterfly, Da Bao, and Xiao Ling unitedly came closer.

Go. Let's set off!

Su Yi faintly smiled as the corner of his mouth curved up in a smile. A light secretly flashed past his resolute eyes.

The strong preyed on the weak. In this world where strength was looked up to, only by working hard to become stronger could he stand steadily in this world.

After some time, a handsome young man walked out of the cave with long hair on his shoulders while carrying a sword and a saber on his back. His figure was clean and skinny yet stood tall as the ruthless and arrogant temperament from his bone could not be hidden.

A day later, a team of dozens of beasts appeared before Su Yi, Su Tian Que, Golden Python and the rest.

Wu wu

Emperor Blazing Dragon has already given out the order to kill a human whenever you come across one. Why is there still a human?

In this team of beasts, the ones leading were three Robust Vicious Hunting Pigs with hideous appearances. Although their appearances were hideous, they had endless mighty strength while inside their mouths were two long and two short sharp teeth.

This is not a human. It is a Demon Emperor. Quickly submit to him!

The Fire-Eyes Beast Tiger announced hoarsely in beast language as the tiger roar quivered the whole area with frightening momentum.

Even though there were many beasts in the team, their cultivations were only average. Although the leading three Robust Vicious Hunting Pigs were at the Demonic Spirit Realm Sixth or Seventh Grade, they were not placed within the eyes of the Fire-Eyes Beast Tiger and the rest.

Chapter 184: The Might Of Su Tian Que.

Demon Emperor!

A series of gazes abruptly landed onto Su Yi that even the three Robust Vicious Hunting Pigs also fiercely stared, while revealing shocked expressions.

Among the beasts, high levels and ranks were awe-inspiring while their statuses were distinct. With strength as a principle, whenever they met with a Demon Emperor, they had to submit to it based on their ranks.

However, afterward, within the astounded gazes of the three Robust Vicious Hunting Pigs, suspicious gazes were also revealed.

Such a young Demon Emperor had seemingly never appeared before and judging from his aura, it certainly did not appear like a beast.

The three Robust Vicious Hunting Pigs were skeptical while they were hesitant.

I wonder which Demon Emperor has come over. Please let us know so that we can notify Emperor Blazing Dragon! A Robust Vicious Hunting Pig finally said towards Su Yi in beast language as it was also trying to probe. If, he was a human, then he would not be able to understand the beast language.

You are unworthy to know who I am!

Su Yi responded with a faint voice and a sharp expression.

Seeing that Su Yi could actually understand the beast language, the three Robust Vicious Hunting Pigs were once again astounded as humans usually could not understand the beast language.

Emperor, this is the order of the Emperor Blazing Dragon that no humans are allowed to live and if a Demon Emperor comes, they must report their names so that we can notify the Emperor Blazing Dragon! The Robust Vicious Hunting Pig that had just spoken once again responded in beast language.

Get lost, or be executed without excuse!

Su Yi's eyes sank as a chilly intention flashed through his eyes. Naturally, he could not alert the Emperor Blazing Dragon, who was the Blazing Heavenly Dragon.

During this time, Su Yi had met with countless beasts along the way.

Under the aura of Su Yi's Supreme Chaotic Yuan Technique, some beasts were directly frightened off.

Some beasts' teams were also impudently killed by Su Yi and the rest, treating it for training.

Fire-Eyes Beast Tiger, Silver Spirit Demonic Butterfly, Golden Python and the rest also required a real sharpening.

Emperor, the territory of the Grand Beast Canyon now belongs to the Emperor Blazing Dragon. Other emperors that have come over are required to notify the Emperor Blazing Dragon, or else it will anger the Emperor Blazing Dragon! The Robust Vicious Hunting Pig gritted its teeth with a hideous expression. They had submitted to the Blazing Heavenly Dragon which meant that they had a Demon Emperor to rely on behind their back.

Roar!

Kill!

The hot-tempered Fire-Eyes Beast Tiger could no longer bear it as it roared like thunder, quivering the forest while making the surrounding sand to fly and rocks to roll with its roar.

Roar!

With a menacing glare, the body of the Fire-Eyes Beast Tiger abruptly leaped out fiercely as it dived down, directly opening its big blood-dripping mouth and killing them.

Howl!

The Spectral Mouse, Snow Jape Ape, Flaming Beast Eagle, Golden Python and the rest instantly attacked while exploding out with all kinds of surging glows, causing the surrounding ground to move and the mountain to shake.

The team of beasts and the Robust Vicious Hunting Pigs seemingly did not expect that the Fire-Eyes Beast Tiger and the rest would attack the moment they said it.

It was too sudden, and they were a little unprepared to defend. Immediately, some of the beasts, were directly killed by the Silver Spirit Demonic Butterfly and the rest.

The three leading Robust Vicious Hunting Pigs, were hindered by Golden Python, Fire-Eyes Beast Tiger, and Fiery Red Demonic Mink.

Although the Fiery Red Demonic Mink and the Fire-Eyes Beast Tiger had not yet reached the Demonic Spirit Realm Sixth Grade, they both had a ferocious aura that bore with a fierceness which seemingly came from the Ancient as they directly attacked the two Robust Vicious Hunting Pigs in the Demonic Spirit Realm Sixth Grade without being inferior.

When the Golden Python was dealing with the Robust Vicious Hunting Pig in the Demonic Spirit Realm Seventh Rank, the both of them were also similarly equally skilled.

Swish!

At this moment, Su Yi already held the Yuan Weapon saber in his hand.

The original saber had its edge curved whereas this was the saber that Su Yi had gotten from the treasures of the Blazing Heavenly Dragon.

Kill!

Su Yi attacked while instilling Yuan Qi into the saber in his hands, causing it to abruptly emit light.

A Yuan Weapon was unlike ordinary weapons. With a frightening sharp aura, Su Yi directly chose a beast in the Demonic Xuan Realm Second Grade.

A beast usually had a very sturdy defense while their physiques were robust, surpassing a human cultivator on the same level.

Crack

Su Yi initiated the Hundred Transformation Steps while the saber in his hand shone with sharpness. Raising his hand while cutting down with the saber, the beast was instantly beheaded and fell onto the ground.

Howl!

Another scaly beast appearing like a crocodile and a turtle, sneaked upon Su Yi from the side as its sharp claws stretched out with twinkling chilly light and shocking power, wanting to tear Su Yi into pieces.

Swish!

Su Yi turned his body around with speed like that of a sudden clap of thunder which left no time for covering ones ears while the light of the saber in his hand was like the crescent moon as it directly slashed out as though it was going to cut through the void space.

Crack

The claw of the beast got directly broken into even pieces as an excruciating shriek sounded from its mouth.

Kill!

Su Yis attack was neat and clean while he ran towards the crowd of beasts with Yuan Qi rolling in his body along the meridians like a torrent pouring through as his saber twinkled with light.

Following the landing of Su Yis saber, another beast got sliced and flipped over.

You actually dare to bully me. You are looking for death!

Inside the crowd of beasts, Su Tian Ques voice kept resounding out.

Some of the beasts completely did not place Su Tian Que in their eyes and wanted to directly step on it beneath their feet, causing Su Tian Que to be furious.

Its short wings flapped as its body leaped out. The claws on Su Tian Que shone with a golden light. When its claws passed by, a beast almost in the Demonic Spirit Realm got directly slit open on its belly.

Howl!

A ferocious bird dived down from mid-air with raging wind under its wings. Before the sharp claws was a ray of a strong wind that could shear the void space. It was a beast that had already reached the Demonic Spirit Realm First Grade.

Aiyo, even a small bird dares to be so impudent!

Su Tian Que was angry as its short fluffy wings rapidly flapped while a glow suddenly surged out on its short wings. The glow was like the radiance of stars, utterly bright and blinding.

When the glow appeared, the aura on Su Tian Que abruptly became a little different as though it had instantly become much stronger.

Su Tian Que did not retreat and went forward while brandishing its claws, clashing towards its opponent!

Dang!

When two such claws clashed, one big and one small, it suddenly rang out like the sound of metals clashing, shaking the surrounding air and reverberating with the sound of thunder.

Crack

In a short instant, the claws of the ferocious bird revealed cracks as it kept dripping blood.

Chirp

The ferocious bird angrily cried with a whiny roar as one of its claws had directly broke while blood dripped onto the ground.

Kill!

Su Tian Que had the upper hand and was not forgiving as a brilliant light surged within its small eyes. With hook-like sharp claws, it sliced across the neck of the ferocious bird, sweeping out with a sharp glimmer.

The body of the ferocious bird in the Demonic Spirit Realm First Grade trembled as its fearsome eyes had unwillingness and a type of fear while it fell, lying in a pool of blood.

Swish

Su Yis saber sliced across the neck of a beast in the Demonic Xuan Realm Third Grade with a figure of several zhang long. A bloody glow burst forth as the head, and the large body separated and fell onto the ground at the same time. Fresh blood was trickling, forming a small lake.

Other beasts, under the combined attacks of the Silver Spirit Demonic Butterfly, Spectral Mouse, Flaming Beast Eagle, White Jade Swallow, and Snow Jade Ape were speedily being taken care.

Instead, the battles of the three Robust Base Hunting Pigs with the Golden Python, Fire-Eyes Beast Tiger, and the Fiery Red Demonic Mink were like a raging fire. It was the most vigorous!

Very strange, this does not seem like their attacks!

Su Tian Que was somewhat relaxed after killing an opponent in the Demonic Spirit Realm. Although its aura had remarkably weakened, no beast would dare to provoke it casually.

Watching the Golden Python, Fire-Eyes Beast Tiger and the rest attacked from the corner of its eyes, Su Tian Que was secretly puzzled.

From its distant memories, the Golden Python, Fire-Eyes Beast Tiger and the rest which at the moment, could contend against an opponent that was another grade higher than them with many powerful attacks did not seem to have come from themselves nor from the inheritance of their bloodlines.

Chapter 185: Where Did This Chicken Come From?

The bloody battle did not continue for very long.

Except for the three Robust Vicious Hunting Pigs, the rest of the beasts only had average strength, and they were not the opponents of the White Jade Swallow, Flaming Beast Eagle and the rest.

When the surrounding beasts, had almost been settled, White Jade Swallow, Silver Spirit Demonic Butterfly and the rest went over to help Golden Python, Fire-Eyes Beast Tiger and the rest.

Wu!

The three Robust Vicious Hunting Pigs let out furious sounds. From Su Yis attacks, they had already realized that he was not a genuine Demon Emperor.

And right now, they were being suppressed horribly as they gradually suffered severe injuries.

Although the three Robust Vicious Hunting Pigs had endless powerful strength, they were being suppressed horribly by Fire-Eyes Beast Tiger and the rest, unable to escape while the situation kept getting worse.

Roar!

A tigers roar shook the sky. The roar of the Fire-Eyes Beast Tiger resounded like thunder. With quick and ferocious movements, the giant tiger claws landed fiercely onto the Robust Vicious Hunting Pig.

The Robust Vicious Hunting Pig that was just attacked heavily by the White Jade Swallow could not avoid in time as its body got smacked by the tigers claw. On the surface of its rough skin and thick flesh, there were several torn wounds that were deep enough to see bones. Its blood dripped as its body got directly flung away.

Bang!

Following as the explosion sound landed, the body of the Robust Vicious Hunting Pig was flung onto a sky-high tree not far away, as lines of cracks extended on the dry tree. Then, the skin of the tree blew apart and cracked like scales.

The Robust Vicious Hunting Pig also lost its life as it laid on the pool of blood.

Wu wu

Immediately following up, the two Robust Vicious Hunting Pigs, had also been killed under the alliance of the Golden Python, Fiery Red Demonic Mink and the rest.

Su Yis figure leaped onto a large rock as Yuan Qi surged under his feet. Then he flew down from the large rock while tightly clenching the Yuan Weapon saber in his hand and swept out.

His body momentarily left the ground as his aura was sharp and arrogant, instantly diving onto the top of an enormous figure of a scaly beast.

The scaly beast looked like a pangolin, but its appearance was savage while its body had thick furling scales, emanating a cold aura.

When Su Yis body appeared on top of the head of this scaly beast, the beast stood with its head held high. The aura spurting from its mouth was just like frost causing the Xuan Qi in Su Yis body to be, extensively impacted as if he was going to freeze.

This frosty air was not ordinary.

Boom!

Su Yi had prepared long ago as he had already sensed the frosty air from this beast was not simple. The Supreme Chaotic Yuan Technique seemed to naturally have the effect of restraining all types of freezing aura when he instantly activated it. The Supreme Chaotic Yuan Technique, along with his Yuan Qi instantly chased the frosty air away as though there was a holy fire gushing out from within his body.

Swish!

The saber in his hand directly cut down at this moment.

A thunderous clang alongside the wind separating sound accompanied with the sabers glow of the Yuan Weapon in Su Yi's hand shone brilliantly. In this instance, it looked alive as it formed a saber glow that was almost real and looked gorgeous as it harshly struck onto the head of the scaly beast with fierceness.

Crack

The saber was akin to lightning carrying an overbearing and sharp force that was so fast that it did not even give the scaly beast any time to maneuver.

The saber glow directly chopped onto its head as the tough scales along with its skull cracked and broke into pieces while blood gushed out from it.

A beast in the Demonic Xuan Realm Fifth Grade, had been directly killed by Su Yi like this.

Both of Su Yi's legs landed on the ground while he kept the saber in its sheath. The surrounding beasts were also nearly killed off cleanly.

Clean it up!

Su Yi spoke. Within the pile of beasts, there were some valuable items.

For example, some of the hair, scales, and horns on the beasts could be used to refine weapons.

Even the meat of these beasts, could be sold for a high price outside.

Especially the meat of a beast in the Demonic Spirit Realm. If, this was inside the City of Man, a typical family certainly could not afford it.

Apparently, by frequently feasting on the meat of a strong beast, it could even increase your cultivation.

Very quickly, with the help of the Silver Spirit Demonic Butterfly and the rest, some of the valuable materials of the beasts had already been sorted out and placed into Su Yi's interspatial bags.

At present, the sun was setting as it covered the chain of mountains in a golden radiance.

Far away, the cliffs were covered by the dusk of twilight as the white clouds in the horizon became fiery with a fresh red.

Find a place to rest. We will continue to set off once the sun rises! Su Yi said.

There were beasts everywhere. In less than two days, they had already fought off numerous waves of beasts as they frequently met up with the beast teams.

Fire-Eyes Beast Tiger and the rest needed to rest while he had also consumed a lot of energy till the point that he was now exhausted.

When the sun set over the western mountains and the night covered the sky, Su Yi and the rest finally found a secluded area.

Deep within the canyon at a small valley that was covered by the surrounding sky-high trees and the dragon-like vines, it was hard to be discovered.

I am so tired. I am going to rest.

Su Tian Que tucked its tail while waving a tiny pair of wings, appearing a little naive and childish.

Su Tian Que, can I trust you?

Inside the valley, Su Yi suddenly glanced sternly at Su Tian Que and questioned.

Of course, we are already sworn brothers. Su Tian Que arched its eyebrows as its small eyes curiously stared at Su Yi.

I also hope that I can trust in you.

Su Yi sternly nodded his head. Swearing brotherhood together with Su Tian Que was not solely done on a whim while also not entirely because he wanted Su Tian Que to swear. He also hoped to trust this featherless meat chicken that seemingly had a mysterious origin which claimed that it was a peacock.

Boom!

The moment the words landed, Su Yi condensed various obscure and complex hand seals while a glow in the middle of his brows shone like the holy light as the mysterious space was summoned out.

Light permeated like rippling holy light as it emitted out of Su Yi's whole body.

Blinding obscuring light radiated as if it was going to cover the whole valley. Fortunately, there were densely packed sky-high trees covering the light.

When the eyes of the Fire-Eyes Beast Tiger and the rest became blurry, and they opened their eyes again, they got directly brought into the mysterious space.

What is this place?!

When Su Tian Que glanced around the mysterious space, his expression of arrogance on account of one's seniority abruptly filled with shock as its small misty eyes were struck dumb with amazement!

Inside the mysterious space, there was a whiff of aura that made its heart palpitate with uneasiness as it surged with respect, wanting to bow down without reason.

It had forgotten too many things, but this respect was born from within the depth of its heart.

The surrounding spiritual energy was so thick to the extent that it had started to exert pressure on people. It was blurry like in an abyss, emitting a faint radiance as though separated from the outside world.

Su Tian Que scanned the surroundings as its instincts let it know that this was a treasure land!

This place that was peerlessly mysterious was a precious treasure!

Where is this?!

The eyes of Su Tian Que were uncontrollably trembling as its heart was extremely shocked.

No wonder this young man was so extraordinary, giving it a strange feeling. It was because there was such a precious treasure with him. Most likely everything on him, had a connection with this place.

I am also unsure where this place is. However, I always cultivate in here as it can double the effects.

Su Yi replied, hoping to trust Su Tian Que.

On the way to the Demon Woods, for the sake of everyone's cultivation speed and the fact that he also could not be like a typical cultivator absorbing Yuan Stones, Su Yi could only rely on this mysterious space.

## Chapter 186

Previously Su Yi was unwilling to travel with Su Tian Que because, in the end, he was still worried that he could not summon the mysterious space out conveniently.

Su Tian Que was so shocked that it finally returned to its senses after a long while. From the moment it had entered the mysterious space, it could feel that if it were to keep cultivating in here, perhaps one day it could remember and go back to its peak form, recalling everything!

Then Su Tian Que glanced towards Su Yi. Inside those small misty eyes, the sternness in its eyes flashed and passed without leaving any trace.

Su Tian Que knew evidently that for the young man to be willing to bring it inside such a treasure denoted that he had absolute trust in it.

Furthermore, this young man had kept guarding against it with only a few truthful words from his mouth. At this instant, it was, truly trusted.

Wow, is this the Blood Spiritual Ginseng? Why are there so many Spiritual Herbs?

Very quickly, Su Tian Que recovered its normal state as it instantly saw the Blood Spiritual Ginseng within the field of Spiritual Herbs. There were also numerous Spiritual Herbs causing its eyes to abruptly shine with light, while its drool almost dripped out.

If you dare to touch them, I will not roast you but only cut you a little to drink your blood. If it is genuinely a peacocks blood, it should also be a treasure, right?

Su Yi warned Su Tian Que. The Blood Spiritual Ginseng definitely could not be touched, and he was honestly afraid that the balding chicken would ruin his medicinal herbs.

Gulp

After hearing that, Su Tian Que swallowed back its saliva as it glanced at Su Yi and responded: Got it, I will go and rest first.

However, after the words landed, Su Tian Que was still staring at the Blood Spiritual Ginseng reluctant to part with it. Its gaze could not bear to part with it.

Why did you bring such an ugly chicken in?

The Blood Spiritual Ginseng was alarmed. It opened its eyes as the lively green leaves on its head comfortably stretched out and emitted a glow. It glanced at Su Yi, and when it saw Su Tian Que, it revealed a surprised expression.

Granddaddy Seng, this

Su Yi helplessly smiled bitterly. Su Tian Que indeed looked too much like a chicken, and it was even an ugly one.

Your daddy, I, am a peacock!

Su Tian Que abruptly stared at the Blood Spiritual Ginseng with both of its eyes. The most intolerance thing for it was to be recognized as a chicken by people.

Peacock, to think that you would also dare to say that.

The Blood Spiritual Ginseng completely did not believe in such a featherless meat chicken. No matter what, it did not look like the peacock from the legends.

The Blood Spiritual Ginseng then ignored Su Tian Que and once again closed its eyes.

A blind radish!

Seeing that the Blood Spiritual Ginseng had actually ignored it, Su Tian Que was brewing with anger, yet it could not do anything to it. It angrily went to a side to close its eyes and meditate.

Da Bao and Xiao Ling stood on their mother, Golden Pythons neck as they reached their tiny heads out, staring at the Blood Spiritual Ginseng while secretly drooling.

They had always wanted to eat its spiritual root too, knowing that it was a treasure.

Fire-Eyes Beast Tiger and the rest could already operate with ease as they started to look for a place to cultivate and meditate.

Su Yi, however, was not in a rush as he first checked on the growth of all the medicinal herbs and then checked the various kinds of elixirs he had placed inside the mysterious space. He also took some elixirs with him in case he might need it before going to rest.

Sizing up the small pit in the center of the space, after the Blood Spiritual Ginseng had absorbed the Spiritual Essence, it no longer produced any new Spiritual Essence.

The surrounding space from the previous expansion had not continued to have any more changes.

Was it because the mysterious space could only be this big or because of other reasons? Su Yi totally had no idea.

Su Yi was deep in thought as he was pondering. He could feel that although the heaven and earth energy in this mysterious space did not weaken, it had also not become stronger.

It was known that before it had devoured the Yuan Stone, the energy within the mysterious space, would slowly be maintained at a rich consistency on its own.

The mysterious space itself seemed to always soundlessly devoured the heaven and earth energy from the outside.

Other people could absorb Yuan Stones to quicken their cultivation, but Su Yi knew that it was impossible for him.

Once he wanted to absorb the Yuan Stone, the mysterious space would seize it for itself, directly taking it away.

So if he wanted to quicken his pace of cultivation, he could only rely on this mysterious space.

The stronger the heaven and earth energy inside the mysterious space, the better it would be for his cultivation and the growth of his medicinal herbs.

Su Yi could still remember that previously when the Spiritual Essence had appeared in that small pit, that was when the energy of the heaven and earth in the mysterious space was the richest.

His speed of cultivation during that time was also the fastest.

Could it be

Su Yi wondered. Then his eyes faintly shone as though he had recalled something and immediately sat cross-legged. He took out an interspatial bag which was the one ransacked by Mo Yue and later recovered by him with more than ten thousand One Star Yuan Stones in it.

Gritting his teeth, Su Yi opened the interspatial bag in his hand and poured out the Yuan Stones.

Boom!

All of a sudden, the mysterious space shook while implicating the entire space. In an instant, light sparkled, and a blinding light bloomed. Deep within the empty space, there was a brilliant glow blooming like that of a waterfall.

Rumble rumble

A sound like that of wind and thunder rang out as the clanging sound could deafen the ears. A whiff of immense and mighty aura as though it had traversed from the Ancient caused all beings to palpitate and be suppress!

Fire-Eyes Beast Tiger, Su Tian Que and the rest were jolted awake by the trembling while the vast aura made them to uncontrollably bow.

Even the Blood Spiritual Ginseng had also climbed out from the soil and uncontrollably kneeled under this immense and mighty aura.

Before Su Yi, the Yuan Stones from the interspatial bag had instantly become powder due to the mysterious space. At that moment, the glow on the Yuan Stones that was splendid like the fireworks immediately flashed and passed, turning into powder.

Rumble

The mysterious space was expanding. All of the sides were extending with an obscure holy splendor rippling all around. When the radiance dissipated, the expansion of the space, could be seen with the naked eye.

All of these did not continue for long, only about a minute before the radiance disappeared, and everything became peaceful.

The originally 100 zhang of space, had now increased to twice the size with rich heaven and earth energy.

The inside has expanded

Su Tian Que was the first one to lift its head as its small eyes, were filled with shock and amazement.

The mysterious space had actually become huger right before its eyes.

Su Yi opened both of his eyes and looked around the surroundings. The space had already become more than 300 zhang.

Although the heaven and earth energy had increased by quite a lot, the small pit in the center still did not produce any Spiritual Essence as though the heaven and earth energy in the mysterious space had not yet reached its richest moment.

Initially, Su Yi reckoned that the expansion of the mysterious space and the richness of the heaven and earth energy were related to his cultivation level and the absorption of the energy in the Yuan Stones.

Last time when he had broken through to Yuan Xuan realm, the mysterious space did not expand. It might be because the heaven and earth energy in the space, had almost been absorbed by him. Therefore, Su Yi planned to try by using the Yuan Stones.

Like what he had expected, the mysterious space indeed expanded.

However, even with so many Yuan Stones, it had only made the space huger, which caused Su Yi's heart to be in pain.

Danger can never be overcome without taking risks!

His gaze glimmered and then became determined. Su Yi gnashed his teeth and once again took out several interspatial bags.

His heart secretly throbbed as he opened the interspatial bags.

Rumble

All of a sudden, the mysterious space that had just become peaceful, once again rumbled and shook like the ringing of wind and thunder with a radiance that could be seen for over ten thousand zhang, blinding like the sun!

Chapter 187: Unitedly In Seclusion.

The entire space once again rippled with holy light, while continuously expanding which, could be seen by the naked eye.

Above the sky within the empty space, a light appeared as though the falling of holy chains, covering the entire space.

A whiff of immense and mighty aura collapsed on all beings as if it had traversed and descended from the Ancient!

Howl.

Fire-Eyes Beast Tiger, Flaming Beast Eagle and the rest uncontrollably roared as their body lay prone on the ground like they were paying homage. Their gazes were full of reverence!

This time, the commotion was even more vigorous and continued for a longer time.

When everything became peaceful, Su Yi once again opened his eyes as the powder of Yuan Stones before him had stacked into a small mountain, yet his gaze remained dumbfounded.

At the moment from what Su Yi could see, the space had expanded from the earlier three hundred zhang to exactly five hundred zhang and when his eyes looked over, it was quite vast.

What a rich heaven and earth energy!

Afterward, Su Yi was surprised to find that the energy in the space had once again reached the state of richness where it would shock people.

Inside this space of several hundred zhang, the heaven and earth energy was so thick to the extent that it had started to exert pressure on people with haze everywhere, emitting a faint radiance.

Fog was drifting around the area of five hundred zhang on that soil-like broad ground, which did not dissipate and floated in the empty space.

The drifting fog was the materialization of energy.

Hu

Su Yi took a deep breath and felt like he was directly sucking in energy.

So many Yuan Stones were not wasted in vain!

Su Yi's eyes were brimming with happiness after feeling the increased energy and the enlarged space inside the mysterious space. At last, he did not waste the Yuan Stones he had gotten from the Blazing Heavenly Dragons nest in vain as he endured the happiness in his heart.

The space had once again expanded meaning that he could plant more medicinal herbs and keep more spiritual beings inside.

There is Spiritual Essence again!

Su Yi arrived at the center of the space. He could only see a bulge like a small hill. The formerly small pit which was only the size of half a zhang, presently, had also expanded quite a bit, having the size of a small pond.

The surroundings of the pond were still clear, and brilliant but, at the moment, there was a thin layer of crystal-clear liquid that was flowing inside.

Spiritual Essence

Su Yi rejoiced. That was precisely the Spiritual Essence.

Back then, the Blood Spiritual Ginseng had wrecked the Spiritual Essence. Finally, some had once again emerged now.

This Spiritual Essence was definitely a treasure.

There is Spiritual Essence once again!

A pleasantly surprised voice sounded as the Blood Spiritual Ginseng had unknowingly come over. Seeing that the Spiritual Essence had once again emerged, its eyes shone brightly.

Granddaddy Seng, you cannot have any thoughts about the Spiritual Essence anymore! Su Yi directly pulled the Blood Spiritual Ginseng away. Last time, it was the Blood Spiritual Ginseng that had wrecked all of the Spiritual Essence.

So what, I only want a little bit. The Blood Spiritual Ginseng's eyes shone brightly as they secretly turned. It knew precisely the benefits that the Spiritual Essence would give it.

No.

Su Yi refused, totally not believing in the Blood Spiritual Ginseng. He could not let the Blood Spiritual Ginseng wreck this Spiritual Essence again as he did not have any more Yuan Stones on him for the mysterious space to absorb.

Lets talk it over. I only want a little bit of it. The Blood Spiritual Ginseng did not give up as the Spiritual Essence was way too important for it.

Gulp gulp

Fire-Eyes Beast Tiger, Silver Spirit Demonic Butterfly, Spectral Mouse and the rest had also gathered around, watching the Spiritual Essence in the pool as their throats felt a little hot and swallowed their saliva.

This is definitely a treasure. Su Tian Que tucked its tail as its small black eyes shone while drooling from the Spiritual Essence.

Su Yi felt very helpless. Even if he could protect against the others, looking at the appearance of the Blood Spiritual Ginseng and Su Tian Que, most likely he could not guard against them.

In the end, he and the Blood Spiritual Ginseng had an agreement. With two roots of the Blood Spiritual Ginseng, they would trade for a small bottle of Spiritual Essence for it to absorb.

For the other root, Su Yi broke it into half for Da Bao and Xiao Ling to take.

The energy within the ginseng root was enormous, so he did not dare to let Da Bao and Xiao Ling take too much.

As for the remaining Spiritual Essence, he also handed the Fire-Eyes Beast Tiger, Silver Spirit Demonic Butterfly, Spectral Mouse and the rest a small bottle each, allowing all the beasts to increase their strength.

As for Su Tian Que, naturally, he would not forget about it.

Su Yi made Su Tian Que promised that under the condition that it would absolutely not steal the Spiritual Essence, he would give it one bottle. Su Tian Que agreed and happily went to one side to take it.

There was not much left of the Spiritual Essence, to begin with, and after Su Yi had distributed it to everyone, there wasnt much of it left.

When he looked at the remaining Spiritual Essence, Su Yis eyes moved.

Last time when Su Yi had absorbed the Spiritual Essence, he was still at the Yuan Soul Realm. Right now, he had reached Yuan Xuan Realm so he could consume it once more as it was significant for him to advance his cultivation quickly.

Taking out a bottle of Spiritual Essence that contained way more than last time, Su Yi sat cross-legged right at the side of the pool and drank it all in one gulp!

When the Spiritual Essence went into his mouth, it was refreshing like the sweet spring water as it slid past his throat. In the blink of an eye, it transformed into massive energy, directly assaulting inside Su Yis body.

Su Yi had previously experienced the feeling of the assault of the Spiritual Essence and had prepared himself. However, his body still trembled as a whiff of massive energy assaulted like a bomb had exploded inside his body.

Whoosh

All of a sudden, from the inside of Su Yi's body to the outside, surging energy gushed out with an immaculate and pure white brilliant glow that enveloped his entire body.

In just an instant, the liquid turned into turbulent and surging energy within Su Yi's body, gushing out in a manner akin to blotting out the sky and covering the ground.

Refine!

Su Yi gritted his teeth and initiated the Supreme Chaotic Yuan Technique to start refining the surging energy.

Whoosh

The surging energy was assaulting his body. Following when Su Yi activated the Supreme Chaotic Yuan Technique, it started to be absorbed and refined.

Based on the circulation of the Supreme Chaotic Yuan Technique, the energy was flowing between Su Yi's meridians and fortifying it before gradually turning into pure Yuan Qi, going into the Yuan Qi Whirlpool within his Dantian.

Within Su Yi's Yuan Qi Whirlpool, strands of pure Yuan Qi flowed in while the whirlpool started to spin slowly. Faintly, a clang of thunder rang out.

Over time, Su Yi's pale complexion steadily recovered its rosininess.

Strands of Yuan Qi flowed into the Yuan Qi Whirlpool within his Dantian. After several hours, not only had the aura around Su Yi recovered, it was also starting to escalate.

Inside the vast mysterious space, Fire-Eyes Beast Tiger, Su Tian Que, Blood Spiritual Ginseng and the rest were also enveloped within the layers of blinding light while the auras on their bodies were fluctuating.

Even Da Bai and Xiao Ling, were wrapped in light. They had finally gotten what they wanted, which was to eat the root of the Blood Spiritual Ginseng. The energy for them was absolutely massive.

A continuous group of mountains within the mountain range that was boundless and limitless.

A series of mountain peaks had risen from the ground like a jade bamboo shoot with a towering and sharp mountain peak that stood endlessly tall. Sky-high trees densely covered the surroundings with a river meandering in the middle of the thousand peaks coexisting with majesty and beauty.

In a vast canyon, the ridge stretched continuously while the slope was steep, with verdant peaks in the distance outlining an enchanting landscape like a painting.

A party of four figures appeared. It was actually four boys and girls, around the ages of 17-18 years old.

It was three boys and one girl. However, the appearance of the young girl seemed to be older than the three boys by several years.

The young girl was estimated to be at the age of 19-20 years old. Her face was like a silver plate with lips that were naturally red without any lipsticks, and eyebrows that were black even without drawing.

Chapter 188: Yuan Xuan Realm Second Grade!

Her black hair was pulled up, revealing a triangular hairline that was in the middle of her forehead. The collar of the young girls yellow dress was opened very low, showing a light yellow brocade wrapped around her chest that outlined the peaking horizon. With a skinny waist and long legs, her figure was graceful.

The three young men had similar ages with the appearance of 16-17 years old, wearing clean and tidy sturdy clothes. Their temperaments weren't bad, and their features were handsome too.

At the moment, the four of them looked a little miserable and moving cautiously as though they were alert to react to anything at any time, not daring to be careless.

I wonder how the other teams are. We haven't even gained anything yet.

A young man with an imposing bearing and a worried expression mumbled softly: We must not lose, or else Xi Wei will be

We will not lose. In front of us is the Grand Beast Canyon. The cultivation of the beasts there will be weaker. The young girl with enchanting bright eyes spoke. She was pretending to be relaxed, but the melancholy between her eyebrows, could not be dispersed.

Right, we might not even lose. Sister Xi Wei had already reached Yuan Xuan Realm Fourth Grade. There is also Brother Chen Feng and the rest. We have a bigger chance to win. The second young man spoke with full of confidence.

As long as we can win the first round, our chances of winning will be big! The third young man said with added confidence.

Be more careful. The young girl replied.

Whoosh

Inside the mysterious space, the aura around Su Yi's body continued to escalate.

When feeling these changes, Su Yi's heart was overjoyed. The Supreme Chaotic Yuan Technique circulated, filling the Yuan Qi Whirlpool within his Dantian with endless pure Yuan Qi from the energy of the Spiritual Essence.

At the moment inside the Yuan Qi Whirlpool within Su Yi's Dantian, the Yuan Qi in his Dantian was spinning faster and faster as though forming a hurricane while giving out a deep rumble rumble sound like the clanging of the wind and thunder.

Finally, following an explosive bang that rang out from Su Yi's Dantian, the Yuan Qi Whirlpool within his Dantian abruptly stagnated and exploded, transforming into real air.

Whoosh

Only, after an instant, the Yuan Qi Whirlpool once again spun in another direction, violently gushing in causing the Yuan Qi Whirlpool, to be forcefully doubled in size.

Afterward, a whiff of heaven and earth energy frantically gushed towards his body, instantly transforming into Yuan Qi. It was compressed again and again in the Qi Ocean of Su Yi's Dantian, crazily flooding into his Yuan Qi Whirlpool.

At this time, the ocean of Yuan Qi inside Su Yi's body was incomparably violent as the surging aura was frightening.

The aura on Su Yi's body instantly reached a new stage while the pleasant sensation was beyond comparison.

Whoosh

Violent and rich heaven and earth energy was still flooding in as though it was endless until the remaining Spiritual Essence inside Su Yi's body, was forcefully crushed. Then it finally became peaceful.

Everything was peaceful, and the glow on Su Yi's body had also disappeared.

Crack!

His eyelashes slightly moved, and Su Yi opened his eyes. In his eyes, a blinding glow that seemed as though it was real, shot out and flashed before it passed.

Rumble!

At the same time around Su Yi, his shirt and hair fluttered with no wind blowing at him as a whiff of a valiant aura swept out from his body as though it had awakened, bringing along a tremendous majestic and destruction.

Afterward, the aura and the glow from his eyes became calm as his aura dissipated while the glow in his eyes once again subsided into the firm and brooding eyes.

Yuan Xuan Realm Second Grade!

Feeling the aura and the changes in his body, the corner of Su Yi's mouth curled up in a slight smile as his aura had reached the Yuan Xuan Realm Second Grade.

The massive energy from the Spiritual Essence was very frightening as it could forcefully charge to the mid-staged of Yuan Xuan Realm Second Grade.

His flesh, bones, meridians and his internal organs were as though they had once again been reforged, becoming quite robust.

Su Yi could feel that the spiritual power in his mind was also improving. Ever since the last time, he could already sense that the Spiritual Essence also had massive benefits to spiritual power.

Hu

After breathing out a long breath, a smile hung on his face. The result had been within his expectations. The Spiritual Essence, was indeed a treasure.

Looking at his surroundings, presently, the refining process of the Fire-Eyes Beast Tiger, Silver Spirit Demonic Butterfly and the rest did not seem to be quicker than his own as they were still refining the Spiritual Essence.

The Blood Spiritual Ginseng had taken root in the soil as its body was sparkling with a green-red glow, immersing in a strange state while emitting an alluring and aromatic smell.

Great treasure, truly a great treasure

A crisp voice entered his ears with a fluctuating scorching aura. Su Yi momentarily followed the sound and glanced over.

From his gaze, he could see that at the moment, not far away, Su Tian Que was covered in scorching flames around its body. Its short wings flapped while its body was flowing with a holy-like crimson-gold color.

Whoosh

The glow and flames later subsided, revealing the clear image of Su Tian Que with its still featherless meat chicken appearance, but there was a glow sparkling in its small eyes that were not going away while its expression looked happy.

Have you recovered or recalled something? Su Yi got up and questioned Su Tian Que.

That, I have not. However, this Spiritual Essence is extraordinary. I feel that if I can have a little bit more, I will surely recover faster and might even recall something from the past. The small eyes of Su Tian Que secretly turned as its gaze hiddenly swept towards the Spiritual Essence in the pool which was almost gone, as though it could not forget about it.

You cannot have any thoughts about it anymore. Su Yi's attitude was very firm. Not much of the Spiritual Essence was left, so he had to leave it by his side in case something happened in the future, and he needed it.

Afraid that Su Tian Que would steal it, in the end, Su Yi could only bring Su Tian Que directly out of the mysterious space.

Anyway, there were no problems with the Fire-Eyes Beast Tiger, Flaming Beast Eagle, Da Bao, Xiao Ling, and the rest being inside the mysterious space.

We are already sworn brothers. Didn't we promise to share our wealth together? Inside the deep valley, Su Tian Que was in a bad mood as it still wanted to drink more of the Spiritual Essence.

I have already shared the Spiritual Essence with you. Shouldn't it be your turn? Su Yi rolled his eyes at Su Tian Que.

Don't worry, after I have fully recovered, I will surely take good care of you. By that time, I will let you live comfortably, while doing whatever you wish! Su Tian Que said very generously.

Hehe

Su Yi glanced at Su Tian Que and faintly laughed.

What is the meaning of your laughter? Do you not believe me?!

Hey, where are you going? Are you going to the Demon Woods?

Wait for me! How did you break through again? So fast!

The voices of a human and a chicken echoed around. Their figures were leaving the deep valley.

Roar

Beasts roared like thunder at a chaotic mountain peak with broken sky-high trees and crushed huge rocks. Everywhere around was in ruins.

A fearsome beast roared. It was three zhang long with a height of no more than two zhang. Its entire body, was covered in dark black thick sword-like scales. But, on its head that appeared like a lion and a leopard, it had a golden marking.

That was a fearsome beast with a frightening aura. Its eyes were emitting a chilling light that could horrified people. Inside its mouth were sharp teeth glowing with radiance as it tightly stared at the four figures in front of it.

Chapter 189: Serene Void Brutal Heavenly Leopard

Four figures, three boys and a girl.

The three young men had an appearance of around 16-17 years old.

The young girl was older, but she did not look like she had reached 20 years old.

The four of them stood together and relied on each other. The auras on their bodies surged as their hairs were disheveled and looked messy.

Serene Void Brutal Heavenly Leopard. Why is this leopard cub so strong?!

A young man spoke with a pale complexion while panting. A glowing treasure sword was held in his hand as he stared at the Serene Void Brutal Heavenly Leopard before him with an incomparably imposing expression.

To think that inside this Grand Beast Canyon, there is actually a Serene Void Brutal Heavenly Leopard!

The second young man clenched his weapon tightly, which was also a three-foot long treasure sword with a sharp aura. His expression was imposing.

The Serene Void Brutal Heavenly Leopard was a child of the demons with a bloodline that was far above any ordinary beast.

An ordinary beast had to reach the Demonic Void Realm to be qualified as a member of the demons.

However, for the Serene Void Brutal Heavenly Leopard, ever since it was born, it was already a child of the demons.

That was because, its bloodline had destined that as long as it could grow up successfully, it would be sufficient for it to step into the Demonic Void Realm and above.

Demonic Xuan Realm Fifth Grade. As long as we can subdue this Serene Void Brutal Heavenly Leopard, we will win for sure!

The third young man had an imposing expression, but there was scorching heat in his gaze. If they could subdue this Serene Void Brutal Heavenly Leopard, they shall be able to win.

Be careful a Serene Void Brutal Heavenly Leopard is difficult to deal with! The young girl called Xi Wei spoke with a pale complexion as she knitted her brows.

A human cultivator with the same cultivation level as a beast would already be hard to win against it.

Furthermore, she was only at the Yuan Xuan Realm Fourth Grade, while the beast was at the Demonic Xuan Realm Fifth Grade as well as a child of the demons which was much stronger than a regular beast.

Glancing at the leopard cub of the Serene Void Brutal Heavenly Leopard before her, Shangguan Xi Wei clearly knew in her heart that even if she had reached the Yuan Xuan Realm Fifth Grade, most likely she would still be unable to do anything to this Serene Void Brutal Heavenly Leopard.

However, the most important thing right now was not the problem of whether to subdue it or not, as it was too late for them to escape.

The Serene Void Brutal Heavenly Leopard had already targeted them.

The leopard cub of the Serene Void Brutal Heavenly Leopard, stared at the four figures before it with fierce eyes glowing like the bright moon. On the dark black knife-like scales was a profound radiance.

At this moment, the Serene Void Brutal Heavenly Leopard was also thinking that the guts of these humans were actually quite big for having thoughts about it.

Roar!

The leopard cub deeply roared as its body pounced forward without delaying any longer. With a fearsome aura on its entire body, its sharp claws reached out as its blood-dripping mouth opened wide.

Boom!

Although the Serene Void Brutal Heavenly Leopard was still small as it was only a cub, its momentum was already incomparably strong.

The moment it pounced forward, it swept the surrounding crushed rocks with a surging immense violent wind. A glow surged, causing the people to be terrified and trembling!

Fortunately, although these young men and the girl looked miserable, they did have some capabilities.

The four youngsters seemed to have frequently fought with beasts as their reactions were quick. They once again fought seriously with the Serene Void Brutal Heavenly Leopard while the fear in their hearts, on the contrary, had become lesser.

You guys, be careful!

Shangguan Xi Wei had the mightiest strength, so she charged forward first. She tightly clenched the two crescent moon sabers in each of her hands. The curved saber had a very long arc and an enchanting style while emitting a glow, yet the light on the edge of the saber was emanating a cold air.

Crack

The curved saber swept out, leaving a trace on the empty air.

There were fluctuations of Xuan Qi on Shangguan Xi Wei's feet as the beautiful figure flew swiftly like a frightened swan goose, bringing along a clean and neat bearing of grandeur and heroism at

the same time. On the saber technique of the martial techniques she was casting, there was a sharp saber glow with Yuan Qi whistling, converging together onto the edge of the saber.

The edge of the saber swept out like a monstrous wave, slashing towards the Serene Void Brutal Heavenly Leopard.

The saber was very powerful as the edge poured down with an incomparable sharpness as though it could eliminate everything.

This is Sister Xi Wei's ultimate technique Sharp Golden Ring Chopping Slaughter

A young man secretly spoke. That was the ultimate technique and the hidden card of Shangguan Xi Wei. The consumption was remarkably large that usually, she would not readily cast it. However, its power was very mighty, having the potential to fight against an opponent with a higher cultivation level than her.

Clang clang!

The edge of the saber swept out as it directly clashed with the glowing claws of the Serene Void Brutal Heavenly Leopard.

Immediately, energy burst out from the frightening aura clashing against the metal. The glow of the saber tattered as though a small hurricane was dispersing.

The complexion of the three young men changed instantly. Facing such a battle, they had no choice but to retreat. If they were to be hit by the waves, they would not be able to bear it.

Roar!

Within the dispersing hurricane-like energy, a furious deep roar resounded as though the Serene Void Brutal Heavenly Leopard had suffered a hidden loss.

Crack..

Large sharp claws enveloped in a black glow with a shocking aura, dropped down like a big mountain with an unknown fierce yet machismo momentum that made people tremble.

Boom!

The sharp claws ruthlessly collided with the curved saber, making the edge of the saber be swept away as the enormous power collapsed.

Pu

A mouthful of fresh blood spewed out from Shangguan Xi Wei's mouth as the saber in her right hand directly dropped and fell. Her body staggered as her complexion became even paler.

Crack

The claws of the Serene Void Brutal Heavenly Leopard landed, and it opened its broad blood-dripping mouth with a dark black glow in its mouth like black lightning as it spurted out towards Shangguan Xi Wei.

Shangguan Xi Wei's face lost all color as her Yuan Qi spilled out, forming a Yuan Qi light shield around her body.

At the same time, she condensed a hand seal as the curved saber in her left hand emanated a golden light and spread, as though it had formed countless saber lights that blocked before her.

Bang!

The black glow spurted out and clashed. Everything happened as fast as lightning. Momentarily, an explosive thunder sound rung out from the golden saber light as a whiff of frightening and violent power swept out and charged.

Pu

Under such a massive power, Shangguan Xi Wei's body once again shook as the saber light was tattered and fresh blood had once again spewed out from her mouth.

Bang!

This time, the delicate body of Shangguan Xi Wei flew away and crashed heavily onto the ground.

The three young men were shocked as their expressions changed exceedingly.

The Serene Void Brutal Heavenly Leopard seemed to be finally serious, as its real strength was actually this scary.

Roar

The Serene Void Brutal Heavenly Leopard had the upper hand and was unforgiving as it stepped onto the curved saber that Shangguan Xi Wei had dropped and deeply roared. Its eyes revealed a fearsome light as its stance looked as though it was going to pounce.

Risk it, let's go all out!

The three young men gritted their teeth as three whiffs of auras exploded out. There was already no way to retreat.

Whoosh whoosh whoosh

Three brilliant sword lights with three different Yuan Qi elements emanated and converged together into a sword net.

That was a simple form of a combined attack.

The three young men had only just stepped into the cultivation of Yuan Xuan Realm First Grade.

With this kind of talent for the outside world, it was definitely not weak.

At this instant, when they joined hands, it was even more powerful.

However, the three of them were facing a child of the demons, a leopard cub of the Serene Void Brutal Heavenly Leopard with the cultivation of the Demonic Xuan Realm Fifth Grade. It totally did not even place the attack of the three young men in its eyes.

Humph!

A disdainful deep humph had sounded from the mouth of the Serene Void Brutal Heavenly Leopard as it lifted its thick and sturdy, sharp claws wrapped with knife-like scales. In the profound black glow emitted out, with powerful and sweeping powers, it clashed against the sword light.

Dang dang dang dang dang

The clang of metal sounded crisp as the sword light energy swept out.

Pu pu pu

The three young men spewed out blood from their mouths as the treasure swords in their hands were swept down while the three bodies also directly flown out.

Chapter 190: Coming To The Rescue!

Bang bang bang!

The bodies of the three young men had coincidentally landed beside Shangguan Xi Wei with an incomparably miserable expression.

Roar

The Serene Void Brutal Heavenly Leopard coldly roared as its enormous body stood tall with inexplicable fierceness. Its fearsome eyes glared coldly at the four people as its sharp claws once again waved out, ruthlessly landing without mercy.

If the claws were to land, the four people on the ground, would be smashed into meat paste.

You guys, quickly run. I will block this beast for a while!

Shangguan Xi Wei delicately shouted as the last bit of energy exploded out from her body while she stood up with messy and flying hair. The final burst of Yuan Qi surged out from her meridians, emitting a golden light as her palm ruthlessly pushed out to intercept.

Shangguan Xi Wei had to block this Serene Void Brutal Heavenly Leopard. She was the eldest and a sister to the three young men. She had to protect them.

However, at this instant, she also knew clearly in her heart that with her current condition, she was only using her life to block that blow, hoping to delay it even for a moment to allow Shangguan Yan, Shangguan Yu, and Shangguan Ye to have a chance at escaping.

A palm struck out while her eyes faintly closed.

She distinctly knew that she was no longer an opponent of the beast.

While the incoming claws would most likely smash her into meat paste or tear her apart.

Sister Xi Wei! No

The three young men were shocked as their complexion lost color. Their bloodshot eyes were scarlet as they got up and cried loudly. They averted their gazes, somewhat not daring to view the scene.

Bang!

A thunder-like sound rang out from the collision of profound energy as the ground shook, sand flew, and rocks rolled. Then, it became calm.

Shangguan Xi Wei did not dare open her eyes as she had already prepared to welcome death.

But, afterward, she seemed to feel that something was not right. Wasnt she supposed to die? Why was there no movement?

Her eyes opened as the surrounding energy fluctuated while her hair slightly moved.

A tall and straight back emerged before Shangguan Xi Wei's eyes. There was a sword, and a saber crossed on his back while his black hair leaned on his shoulders as his robe fluttered and hair danced.

Such a back as if like a tall and straight mountain peak that was both sharp and determined had unknowingly assaulted Shangguan Xi Wei's heartstrings.

Who is he

When they saw the sudden appearance of the back, the eyes of Shangguan Yan, Shangguan Yu and Shangguan Ye that did not dare to view the scene, at the moment, were astounded with shaken eyes. Afterward, they looked at each other with blank dismay.

Are you guys, alright?

The person turned his head back, revealing a tan face.

Although his face was tan, he had dimensional features, bright eyes under the long and thin sword-like brows, with a determined and brooding gaze. There was also a whiff of mixed temperament of a little arrogance and a little ruthlessness.

The ruthless and arrogant temperament seemed to have come from his bones causing the heartstrings of Shangguan Xi Wei, to once again quiver as though there was an unknown ripple causing fluctuations inside her heart.

The sudden appearance of the newcomer at this instant, who could it be other than Su Yi?

Su Yi and Su Tian Que, were attracted by the commotion and had come over. After sizing up the situation, he revealed himself at the last moment, seeing on the account that all of them were also humans too and came to the rescue.

We are fine

After being dumbfounded for a moment, Shangguan Xi Wei then came to her senses.

Such a young man with the appearance of 15-16 years old. Was it him who had struck back and rescued her?

Roar roar

The retreated Serene Void Brutal Heavenly Leopard was currently staring at Su Yi. Its right claws were still a little numb with pain spreading from its palm.

The skin on the palm of the Serene Void Brutal Heavenly Leopard, was split by Su Yi who had suddenly appeared. It stared fixedly at Su Yi, the young man who had abruptly emerged, and who seemed to be much stronger than the four people earlier.

Serene Void Brutal Heavenly Leopard, its bloodline does not seem to be weak. It is passable!

A crisp voice transmitted from a large rock at the side. A creature that looked like a featherless meat chicken was sizing up the Serene Void Brutal Heavenly Leopard.

However, the creature that looked like a featherless meat chicken did not pay much attention to the Serene Void Brutal Heavenly Leopard as it landed while flapping its short wings. Tucking its tail while swaying and walking with its pair of short legs towards Su Yi, it said: Why not later, we roast

this Serene Void Brutal Heavenly Leopard to eat? The meat of this leopard cub should be very tender.

When the words landed, the saliva of Su Tian Que almost dripped out.

It was still thinking of the chicken that Mo Yue had roasted. Although previously it was fooled, the taste of the roasted chicken was indeed excellent.

A chicken in the Demonic Void Realm!

When Shangguan Xi Wei, Shangguan Yu and the rest glanced at Su Tian Que, the four pairs of eyes were trembling as though they had been struck by lightning. A chicken that could speak the human language, could it be a powerful beast in the Demonic Void Realm?!

Roar!

What beast are you?!

Hearing Su Tian Ques words, the Serene Void Brutal Heavenly Leopard questioned. Its gaze was tightly staring at Su Tian Que as it was puzzled. It thought that it was a beast in the Demonic Void Realm, yet when it had thoroughly sensed it, it did not seem to be the case. Furthermore, that fellow had actually wanted to eat it!

Humph, who am I? A little cat like you still does not have the qualifications to know. Su Tian Que rolled its eyes towards the Serene Void Brutal Heavenly Leopard with disdain in its gaze. Its expression had a sort of arrogance on account of its seniority.

Go away, or else I will kill you!

Su Yi looked at the Serene Void Brutal Heavenly Leopard and said deeply.

After cultivating the Supreme Chaotic Yuan Technique, under normal circumstances, Su Yi did not want to kill any beasts without reason unless it had provoked him as that would be another matter.

Roar roar!

Human, are you looking for death?!

The Serene Void Brutal Heavenly Leopard stared at Su Yi. Just now, it had suffered a loss, so it was still fuming with anger.

And faced with such a young human, although it had suffered a loss earlier, as a Serene Void Brutal Heavenly Leopard, it had an air of arrogance.

The Serene Void Brutal Heavenly Leopard did not even put beasts with the same cultivation level as it in its eyes, let alone a young human.

An egotistical foul beast wanting to seek death. Then I shall grant your wish!

Su Yis complexion drastically changed. He had already warned it, yet the Serene Void Brutal Heavenly Leopard still did not want to step back. Then, it could not blame him anymore.

The Serene Void Brutal Heavenly Leopard had an extremely high bloodline. Ever since it was born, it was destined to be a part of the demons. It could not be, compared to a typical beast cub.

Su Yi had already probed it. This Serene Void Brutal Heavenly Leopard was in the Demonic Xuan Realm Fifth Grade and even a child of the demons.

Therefore, presently, Su Yi still surged out with a battle intent as he wanted to find out what would happen if he directly contended against such a leopard cub of the Serene Void Brutal Heavenly Leopard!

His battle intention rose while he initiated the attack. Yuan Qi surged under his feet as he stomped on the ground and charged out with his body akin to lightning.

Boom!

Simultaneously, Su Yi also condensed a hand seal. Yuan Qi surged within his palm as a scorching aura violently gushed out.

Yuan Qi of the fire element surged out as though his palm had emanated a naked flame which he ruthlessly smashed towards the Serene Void Brutal Heavenly Leopard.

Roar!

The Serene Void Brutal Heavenly Leopard was still puzzled that the human before it seemed to understand its beast language when it saw that Su Yi had actually charged over first. It was immediately infuriated.

As a Serene Void Brutal Heavenly Leopard, how could it endure a young humans provocation? With hook-like sharp claws, it directly collided.

Bang!

Under such a collision, a scorching aura caused the surrounding air to heat up as though it was going to burn and sting peoples skin. Immediately, an explosion sound blasted out.

However, the blasted sound, was emitted from Su Yis palm.
