Chapter 191: How Is He So Strong?

The next second in front of Su Yi's scorching palm print, it was as though it contained a massive and burning hot air current that was shrinking and then expanded like an exploding bomb

Rumble

Explosion sounds rang like thunder with a frightening scorching hot aura like that of an erupting volcano blasting open.

Roar!

The massive body of the Serene Void Brutal Heavenly Leopard staggered backward as its paw was burnt black. Its dark black scales were dyed deep red under the hot temperature. It cried out in agony due to the peerlessly scorching heat.

Pat pat!

Su Yi's feet staggered, and he also retreated by two steps. His gaze was secretly astounded.

The Serene Void Brutal Heavenly Leopard, as expected, could not be compared to a typical beast. Although he had broken through to the mid-staged of Yuan Xuan Realm Second Grade and had used all of his power on the Crimson Flame Palm, he could only knock the Serene Void Brutal Heavenly Leopard back.

It was known that when he, was at the Yuan Xuan Realm First Grade, Su Yi could already contend directly against a typical beast in the Demonic Xuan Realm Fifth Grade. Using all of his power, killing it would not be a problem.

Eh Yuan Xuan Realm Second Grade. How is he so strong?

Looking at Su Yi's attack, the three young men were alarmed and astounded.

They could distinctly sense that the aura on Su Yi's body was only in the Yuan Xuan Realm Second Grade. However, the young man before them with a similar age as them, had a battle strength that could be stated, as a monster. He actually could contend against the Serene Void Brutal Heavenly Leopard in the Demonic Xuan Realm Fifth Grade.

Shangguan Xi Wei's gaze was also secretly astounded. It seemed like the one who had just rescued her was this young man before her.

Human, you are going to die today!

The Serene Void Brutal Heavenly Leopard furiously roared in beast language. As a Serene Void Brutal Heavenly Leopard, a beast on the same cultivation level as it had to be respectful to it and show much more respect. How could it bear to let this human young man gain the upper hand?

At this moment, the Serene Void Brutal Heavenly Leopard could also feel that the human young man did not have a higher cultivation than it. While ignoring the scorching heat and the excruciating pain on its paw, its body glowed as it pounced forward like a leopard preying on its food.

Unquestionably, the Serene Void Brutal Heavenly Leopard was truly furious as it wanted to kill Su Yi.

Come on!

Su Yi deeply yelled as the battle intent in his eyes became thicker. Yuan Qi in his broad and sturdy meridians was like a torrent gushing out from his body, giving out faint slosh slosh sounds as Yuan Qi spilled out, converging into a Yuan Qi shield.

When he reached the Yuan Xuan Realm, currently Su Yi could already wield the method to make his Yuan Qi spill out.

Yuan Qi spilled out onto his Indestructible Vajra Body, adding on another layer of defense.

Boom!

Facing the attack of the Serene Void Brutal Heavenly Leopard, Su Yi did not retreat but advanced as Yuan Qi surged forward while the aura on his body had climbed to the peak. He swung his fist while emitting a radiance, wanting to blast the Serene Void Brutal Heavenly Leopard.

Roar!

The Serene Void Brutal Heavenly Leopard deeply roared with a scary glow in its eyes. Its big blood-dripping mouth spurted out a light. Not only was its momentum frightening, but its speed was also shocking as it had actually avoided Su Yi's punch.

Crack

Its body stopped in midair as the Serene Void Brutal Heavenly Leopard rapidly turned its body while using its hook-like sharp claws, it tore towards Su Yi's back.

The speed of the attack made Shangguan Xi Wei and the three young men to unknowingly coldly shiver.

They finally realized that this was the real strength of the Serene Void Brutal Heavenly Leopard.

When it faced the four of them, the Serene Void Brutal Heavenly Leopard only had retained a heart of toying with them as it entirely did not use its full strength.

Be careful!

At the moment, seeing that the Serene Void Brutal Heavenly Leopard was furiously using all its might, Shangguan Xi Wei and the three young men couldn't help but be anxious for Su Yi.

On the contrary, Su Tian Que stood at one side while tucking its tail. It watched with interest as its expression was incomparably relaxed, totally not worried about the outcome.

With the speed and rapid attack at the scene, Su Yi felt the claws on his back as though he had long since been expecting it while the Hundred Transformation Steps moved under his feet like an afterimage.

As he broke through to the mid-staged of Yuan Xuan Realm Second Grade, the Hundred Transformation Steps Su Yi was currently casting had also become a lot quicker.

At the same time, while avoiding the claws, Su Yi also stretched out his hand as his fist became a palm, smacking towards the Serene Void Brutal Heavenly Leopard once again.

A human and a beast kept exchanging blows. Regardless of the speed or the power, it was rapid and violent.

Bang bang!

Without pausing, the human and the beast contacted and collided as all kinds of Yuan Qi elements surged, bringing along a violent and raging wind sweeping through.

He seems to have four kinds of elements. How is he still so strong?! A young man was astounded. Usually, the more elements ones body was born with, the more restrained his talent would be.

However, the young man before them seemed to have broken this boundary as he was so powerful to this extent, even though he was about the same age as them.

The Serene Void Brutal Heavenly Leopard is indeed a child of the demons with unrivaled valiance! The expression of the young man moved. The Serene Void Brutal Heavenly Leopard was indeed true to its name. Whether it was speed or power, it was unbelievably mighty. If they could really subdue this Serene Void Brutal Heavenly Leopard and bring it back, they would most likely win.

Sadly, with their strength, they could only hope and happily sighed. In the first place, if it wasnt for the help of this strange young man, right now they might have already been fraught with grim possibilities.

Roar!

Within moments, they had already exchanged more than ten blows.

The Serene Void Brutal Heavenly Leopard was getting fiercer with each clash. The human young man had already made it suffer pain several times, causing it to sustain wounds. It angrily roared as its entire body glowed.

Hum hum

The dark black knife-like scales on the Serene Void Brutal Heavenly Leopard also furled out as though countless sharp blades had unsheathed with a turbulent aura, bringing along a sweeping violent wind. A wave of light fluctuated and charged towards Su Yi.

The attack was frightening and horrifying to the extreme, causing peoples guts to tremble and their hearts to palpitate!

Su Yi also further surged the more he battled. There was a rare merry and lively feeling as sweat dripped, and Yuan Qi surged forth. His expression also flushed with an unusual battle intent as his eyes were awe-inspiringly stern and the Yuan Qi in his body followed along the special meridians and circulated. A whiff of aura abruptly skyrocketed and climbed.

Seven Injuries Fist!

He roared deeply in his heart while he did not retreat but advanced as usual.

Su Yi raised his arms and shook as black colored earth element Yuan Qi surged. When the fist retracted and pushed, he faced the opponent while abruptly blasting out.

Bang!

One person and one attack once again suddenly collided. The energy rang with an explosion sound like thunder as it resounded out.

The surrounding sand flew, and rocks rolled while the dust surged!

Pat pat

Under the violent and raging wind, Su Yi staggered backward by several steps before he stabilized his body. His face also emerged with a faint pale color.

Crack

The massive figure of the Serene Void Brutal Heavenly Leopard that was struck, seemingly rolled on the ground several times before it could stabilize its body.

At this moment, some of the scales on the body of the Serene Void Brutal Heavenly Leopard, were already broken as wounds filled its body. Its tattered face had blood flowing smoothly down while the corner of its blood-dripping mouth was also bleeding.

The Serene Void Brutal Heavenly Leopard got injured!

While looking at this result, Shangguan Xi Wei and the three young men were continually shocked as they found it unbelievable.

That young man was only at the Yuan Xuan Realm Second Grade, yet he could injure a leopard cub of a Serene Void Brutal Heavenly Leopard in the Demonic Xuan Realm Fifth Grade while only using brute force without any weapons.

Serene Void Brutal Heavenly Leopard, a child of the demons. The strength and speed of its physical body went without saying that it was an absolute king among the beasts.

Commonly, if a human cultivator in the Yuan Xuan Realm Fifth Grade had met with this Serene Void Brutal Heavenly Leopard, they would also only make way for it as it was impossible to contend against it.

However, right now, that strange young man with a cultivation of Yuan Xuan Realm Second Grade while only using brute force, could actually injure the Serene Void Brutal Heavenly Leopard.

Chapter 192: Strongly Defeated!

Then, how frightening was that young mans body?

That was even more terrifying than the child of the demons!

The Serene Void Brutal Heavenly Leopard deeply roared. There were many scales on its body that were broken and cracked. There were even wounds on its chest and back as fresh blood dripped like a river, causing it to look very miserable.

The Serene Void Brutal Heavenly Leopard is very mighty!

At this moment, Su Yi had also suffered some small injuries, but they were not visible. There were tiny blood traces on his shoulders and arms. He was almost in trouble, but because of the Hundred Transformation Steps, he had narrowly escaped from it.

Presently, Su Yi was also praising the Serene Void Brutal Heavenly Leopard. It was indeed deserving to be called a child of the demons with incomparable valiance. He had gone all out, yet it was only hurt.

If currently, someone had known of Su Yis praises, they would fiercely roll their eyes.

Su Yi, with his cultivation of Yuan Xuan Realm Second Grade, was able to injure the Serene Void Brutal Heavenly Leopard in the Demonic Xuan Realm Fifth Grade and yet, he was even praising the Serene Void Brutal Heavenly Leopard. That was obviously slapping them in their faces.

However, what Su Yi had said was the truth. He distinctly knew that if he hadn't cultivated the First Level of the Chaotic Yuan Demonic Body, the Indestructible Vajra Body, under normal circumstances, it was impossible for him to contend against the Serene Void Brutal Heavenly Leopard.

At the same time, the Serene Void Brutal Heavenly Leopard was also incomparably shocked as its heart was astounded!

It had actually gotten wounded by a human with a weaker cultivation level than it. That was hard to believe!

Roar!

The Serene Void Brutal Heavenly Leopard angrily roared. Its cultivation level was higher than that human young man, and also, it was a Serene Void Brutal Heavenly Leopard. However, right now, it had actually gotten wounded, which was equivalent to being humiliated. It was unwilling to give up now, and it was not going to forgive that human.

Roar roar

Human brat, you have thoroughly angered me. Go and die!

The Serene Void Brutal Heavenly Leopard angrily roared in beast language. Its aura surged as it pounced towards Su Yi once again, wanting to butcher and tear Su Yi into pieces to get back its dignity.

Arrogant, foul beast!

Hearing the roar of the Serene Void Brutal Heavenly Leopard in beast language, Su Yi's eyes sank while there was a brilliant glow like the blinding flashes of lightning within his eyes. His robes fluttered, and his black hair flew with unknown momentum as though carrying along with the wrath of thunder.

In the blink of an eye, a whiff of black Yuan Qi from Su Yi's body loudly blasted out with a leading motion. Then, it finally converged onto his right foot as he stepped towards the direction where the Serene Void Brutal Heavenly Leopard was pouncing at him.

Underneath his foot, there was a Yuan Qi whirlpool like a windstorm engulfing everything!

Boom

When his foot landed, the ground shook as the empty air roared without any reason!

Circles of black earth element Yuan Qi energy came from under Su Yi's foot and spiraled outwards like a wave sweeping through.

Ka ka

Lines with the thickness of an arm cracked on the ground like a spider web as it spread and extended everywhere while the boulders collapsed, sand flew, and rocks rolled along with a whiff of majestic and arrogant aura descending.

Roar

Currently, for an unknown reason, the eyes of the Serene Void Brutal Heavenly Leopard that was pouncing over trembled as it uncontrollably deeply roared. Then, with a massive force, it swept forward.

Pu

An explosion sound filled with pain traveled from the mouth of the Serene Void Brutal Heavenly Leopard while the area around its four large feet continuously cracked.

In an instant, the complexion of the Serene Void Brutal Heavenly Leopard for no reason, abruptly changed as shock filled its fearsome eyes.

The frightening aura caused fear and reverence to gush out from the depth of its heart as though it desired to pay homage. Such an aura, why would it appear on a human?

So strong!

Not far away, Shangguan Xi Wei and the three young men had retreated to the side while the astonished expressions on their faces once again trembled.

Such power actually came from a cultivator at the Yuan Xuan Realm Second Grade. That was too unbelievable!

Su Yi's foot landed. That was the first layer of the Wrath of the Eight Wastelands, Oppressing the Mountains and Rivers with a single foot.

The Wrath of the Eight Wastelands came from the Supreme Chaotic Yuan Technique. Although wielding it would provide immense power, its consumption was too much.

Foul beast, let's continue!

Su Yi knew that the Wrath of the Eight Wastelands could oppress beasts and its power was already immense. At this moment, he had the upper hand and was unforgiving. Without any delay, his figure instantly pounced towards the Serene Void Brutal Heavenly Leopard.

Boom!

When Su Yi got close to the Serene Void Brutal Heavenly Leopard, he raised his arm and shook as his long sleeves fluttered. He clenched his fist tightly while a radiance exploded. A whiff of terrifying Yuan Qi energy like an erupting volcano momentarily fiercely boomed out.

Rumble rumble!

At this instant, under the gazes of Shangguan Xi Wei and the rest, Su Yi's fist directly landed with exploding radiance onto the body of the Serene Void Brutal Heavenly Leopard.

At that instant, the fist seemingly had inflated and carried along with a clear clang of wind and thunder like a thunderclap rumbling.

In that fist, it brought along a feeling as though an overlord was awakening while tremendous pressure spread like the descent of an emperor.

Such a pressure had made the Serene Void Brutal Heavenly Leopard's heart palpitate as its guts trembled and heart throbbed. Its spiritual soul felt numb as it was, unknowingly oppressed.

Bang!

Massive raging wind formed airwaves like a windstorm as it directly flew over.

Pu pu

At the moment, the enormous body of the Serene Void Brutal Heavenly Leopard got directly flipped as it flew away backward while at the same time, fresh blood from its mouth was sprinkling down like rain.

Bang bang!

The ground moved, and the mountains shook as there were lines of cracks on the ground that was hit by Su Yi's fist. The body of the Serene Void Brutal Heavenly Leopard landed heavily onto the floor as fresh blood dripped. A large area of its scales, was tattered as blood from its wounds flowed like a river while the scene was too horrifying to look.

Roar roar

The Serene Void Brutal Heavenly Leopard cried in agony as its fearsome eyes were replaced with shock while it struggled to climb up, but failing to do so.

Shangguan Xi Wei and the three young men were entirely shocked as they glanced at the surrounding where presently, the raging wind energy of the windstorm was still spreading around with a feeling of arrogance, and sharpness. Within the majestic energy also revealed a destructive power with a scary aura.

Under such a powerful aura, the four youngsters could feel that if they were to meet with such an attack, they would absolutely not be his opponent.

That strange young man was too horrifying.

They wondered what the origin of the young man was and why he would appear here?!

Seizing the chance that it was still weak, Su Yi decided to quickly take its life. That had always been the attitude of Su Yi.

Crack!

Looking at the Serene Void Brutal Heavenly Leopard that was heavily wounded, Su Yi's figure once again swept forward and instantly appearing before it. Raising his arm and shaking it, he clenched his fist, trying to smash it towards the middle of its eyebrows, killing it.

Wait!

A delicate cry sounded from Shangguan Xi Wei's mouth.

Seeing that the young man was going to kill the Serene Void Brutal Heavenly Leopard, Shangguan Xi Wei returned to her senses from the shock and quickly stopped him.

The fist that Su Yi had blasted out was already close to the Serene Void Brutal Heavenly Leopard's forehead. It was too late to stop his attack. His gaze secretly moved as he maneuvered the fist, gently touching the scales of the Serene Void Brutal Heavenly Leopard.

Simultaneously, Su Yi's body took advantage of this and raised his hand, directly landing onto the back of the Serene Void Brutal Heavenly Leopard.

His figure stood straight and tall as his robes fluttered while his hair slightly moved with a majestic sharpness!

Su Yi glanced at Shangguan Xi Wei. He could finally see her clearly. The young girl had the appearance of 19-20 years old. Her black hair that was formerly pulled up, to show her triangular hairline in the middle of her forehead, was now disheveled, slightly revealing her misery. But, it could not hide the face that was like a silver plate, which was very beautiful.

Chapter 193: Are You Stupid, Or Am I Stupid?

The collar of the young girls yellow dress was opened very low, showing a light yellow brocade wrapped around her chest that outlined the peaking horizon. With a skinny waist and long legs, her figure was graceful, causing Su Yi to keep involuntarily glanced at her.

So strong!

The three young men uncontrollably softly mumbled. A young man with a similar age as them was currently stepping on the Serene Void Brutal Heavenly Leopard as his hair slightly moved with a saber and sword crossed on his back. Along with his natural elegance, it added a touch to his heroic bearing. The strength displayed just before had entirely astonished them!

Thank you for rescuing us. My name is Shangguan Xi Wei, and they are brothers from my clan, Shangguan Yu, Shangguan Ye, and Shangguan Yan. I wonder how I should I call you, Sir and where are you from?

Shangguan Xi Wei spoke as she slowly introduced themselves.

However, when she glanced at the young man before her, Shangguan Xi Weis heartstrings couldnt help but get stirred up by something as a blush uncontrollably crept up her face while she secretly got a little feverish.

How can I be like this? He is still a youngster

Shangguan Xi Wei secretly laughed bitterly while softly mumbling. He was still a youngster about the same age as Shangguan Yu and the rest. How could she have such a reaction?

Yi Su, and why are you guys here?

Su Yi did not mention where he was from, but he was curious as to why these young boys and girl would appear at this place. Right in front, it would almost be the Demon Woods where mighty cultivators would also not be daring enough to enter carelessly, much less to be said about these young people. Could a strong cultivator be leading them here to train?

We live not far away from here. Brother Yi Su, are you from the outside?

Shuangguan Yan replied, under the tight clothing, his figure was strong and tall, revealing a whiff of energy that had a sense of explosiveness. He had a handsome appearance while he glanced at Su Yi full of passion.

Live here

But when he heard Shangguan Yans words, Su Yis complexion secretly changed color as he was shocked.

They live in the area. Werent the Demon Woods the heaven for beasts? Many powerful demons had occupied the place while mighty beasts in there were like the clouds, a restricted area for the humans. How could humans be living there?

Dont speak nonsense.

Shangguan Xi Wei seemingly had a scruple about something as she shot a glance at Shangguan Yan without leaving any traces. Her pale face then squeezed out a smile as she said to Su Yi: The elder from our clan brought us here to train for some time. Are you also here with your clan to train?

Su Yi watched the expression of Shangguan Xi Wei. It was not hard to know that she was trying to hide something, but he was not that interested in it.

Roar roar

The Serene Void Brutal Heavenly Leopard kept struggling while roaring deeply. Its body was still bleeding.

At the moment, just counting the broken sword that Su Yi was carrying on his back alone, was already 500-kilograms, making it hard to struggle and escape. It seemingly wanted to flip Su Yi over however it could not do so as it was heavily injured, and had a weak aura.

Why do you want to leave the Serene Void Brutal Heavenly Leopard alive?

Su Yi turned his head down to look at the Serene Void Brutal Heavenly Leopard beneath his feet while asking Shangguan Xi Wei.

These people had almost died inside the mouth of the Serene Void Brutal Heavenly Leopard, yet at this instant, they unknowingly wanted to keep it alive which made Su Yi somewhat curious.

Not withholding the truth, we must catch a beast back. That is the mission that the clans elder had arranged for us.

Shangguan Xi Wei looked at Su Yi with a sincere expression and said: This Serene Void Brutal Heavenly Leopard, was defeated by you and we appreciate your help in saving us. Your great kindness, will be remembered for as long as I live. We can give you some remunerations and hope that you will leave this Serene Void Brutal Heavenly Leopard to us.

Su Yi glanced at Shangguan Xi Wei while he arched his eyebrow and asked: What remuneration can you give me?

When we came out this time, we did not bring much. We can only give you a Mirage Grade Beginning Level Fiery Yuan Elixir. It has tremendous benefits for cultivators with the Fire element Yuan Qi. Even cultivators in the Yuan Xuan Realm Ninth Grade will get immense benefits when consuming it. Shangguan Xi Wei gritted her teeth and said, hoping to get the Serene Void Brutal Heavenly Leopard.

Su Yis eyes moved, then he glanced at Shangguan Xi Wei for a moment. He faintly laughed while saying: Wanting to exchange the Serene Void Brutal Heavenly Leopard for a Mirage Grade Beginning Level Elixir. It is a child of the demons. Are you stupid, or am I stupid?

The price for a Mirage Grade Beginning Level Elixir was very costly.

Su Yi also knew of this Fiery Yuan Elixir. It was refined especially for cultivators with a fire element to strengthen their fire element Yuan Qi.

In this world, the Fiery Yuan Elixir was not the only kind of elixir that was, specially made for a single attribute.

However, Su Yi was not stupid. A Fiery Yuan Elixir could not even be compared, to a leopard cub of the Serene Void Brutal Heavenly Leopard.

A Serene Void Brutal Heavenly Leopard. That was a child of the demons.

The rank of the bloodline of the Serene Void Brutal Heavenly Leopard was comparable to the Blazing Heavenly Dragon.

A tiny little Mirage Grade Beginning Level Elixir for a Serene Void Brutal Heavenly Leopard, are you thinking that we have not seen the elephant or that we are stupid?

Su Tian Que leisurely joined in while its eyes faintly rolled at Shangguan Xi Wei and then giggled towards Su Yi as it said: We should still roast this little cat. The taste of it will definitely be great.

Roar roar

A low hum hum roar came from the mouth of the Serene Void Brutal Heavenly Leopard when it heard that the chicken actually wanted to roast it to eat. It was mad, but it could not struggle against Su Yis suppression while its heart was still in fear and dread.

Shangguan Xi Weis dark brows secretly frowned. She also knew that the price of the Mirage Grade Beginning Level Elixir indeed could not be compared to a Serene Void Brutal Heavenly Leopard.

However, right now, she honestly could not take out anything that was of value.

Furthermore, a leopard cub of the Serene Void Brutal Heavenly Leopard, could not be compared to any ordinary things.

But, she really needed this Serene Void Brutal Heavenly Leopard, or else the consequences for the whole village would be worrisome.

This time, the entire village had placed their hopes on them.

Su Yi did not pay attention to Sue Tian Que as he stared at Shangguan Xi Wei and said: If you guys have any treasures of similar value, I will hand you the Serene Void Brutal Heavenly Leopard. Otherwise, the deal is off.

Su Yi was not stupid to randomly give people a Serene Void Brutal Heavenly Leopard. The value of this could be worth multiple cities.

We genuinely cannot take out anything else. Why not we give you all of our scraps of elixirs and medicinal herbs. Shangguan Xi Wei responded as she honestly needed this Serene Void Brutal Heavenly Leopard.

Nevermind. The Serene Void Brutal Heavenly Leopard is mine. Please leave!

Su Yi had no interest in these scraps of elixirs and medicinal herbs that were, randomly gathered. Most likely, those did not have any value and totally incomparable to the Serene Void Brutal Heavenly Leopard.

When his words landed, a glow surged around Su Yis body. His feet stepped down with massive force gushing out, ruthlessly descending onto the back of the Serene Void Brutal Heavenly Leopard.

Roar

The Serene Void Brutal Heavenly Leopard, had already been suppressed until it could not struggle. At this moment, under the massive force, its body once again groveled as it let out unresigned deep roars.

Surrender to me or else you will die!

Su Yi firmly asked, feeling that what he had done previously to be a little reckless.

A leopard cub of the Serene Void Brutal Heavenly Leopard that was comparable to the bloodline of the Blazing Heavenly Dragon. Earlier, if he were to kill it, the price of it would drop exceedingly.

If he could subdue the Serene Void Brutal Heavenly Leopard and let it grow on its own, with time, it would be equivalent to having a strong demon around him.

Chapter 194: A Great Opportunity

Roar roar

I am a Serene Void Brutal Heavenly Leopard, a king of the demons. How can I surrender to a human? If you dare to kill me, the clan of the Serene Void Brutal Heavenly Leopard will never let you off!

The Serene Void Brutal Heavenly Leopard deeply roared and replied in beast language. As a king of the demons, it had an innate arrogance. Surrendering to a human was a humiliation that was much more intolerable than being killed.

Boom!

Su Yi's eyes sank while he circulated the Supreme Chaotic Yuan Technique. An arrogant and mighty aura swept out from his body.

Roar!

The Serene Void Brutal Heavenly Leopard deeply roared. Under this aura, its spiritual soul deep inside was agitated. The blood in its body was boiling as it uncontrollably wanted to lie prone and pay homage.

I will ask you one last time, surrender or die?

Su Yi deeply questioned. If he could successfully keep this leopard cub of the Serene Void Brutal Heavenly Leopard, it would be great as it would mean that he had another beast that was going to become a strong demon.

Roar roar

Master, I am willing to surrender.

The Serene Void Brutal Heavenly Leopard deeply cried in the beast language. Under the oppression of this aura, it had no other choice as it could not resist.

Hearing that, Su Yi stopped circulating the Supreme Chaotic Yuan Technique as a smile hung at the corner of his lips. Then, he leaped down from the back of the Serene Void Brutal Heavenly Leopard.

Roar!

The Serene Void Brutal Heavenly Leopard appeared as though it had unloaded a heavy weight as it could finally struggle to stand up.

The Serene Void Brutal Heavenly Leopard stood behind Su Yi as the fierce glint in its fearsome eyes had become docile. Although there were still some wildness and obstinacy in its eyes, there was also reverence.

As they watched the scene before them, Shangguan Xi Wei, Shangguan Yan and the rest were secretly dumbfounded, with their tongues tied. It was unbelievable that the Serene Void Brutal Heavenly Leopard had actually seemed to surrender.

Sigh, no roasted meat to eat!

Su Tian Que had a face full of disappointment. This Serene Void Brutal Heavenly Leopard had actually surrendered, so it could no longer be eaten.

Lets go

Su Yi turned around to leave, not wanting to be involved with Shangguan Xi Wei and the rest, lest he provoked a strong cultivator.

The Serene Void Brutal Heavenly Leopard followed behind miserably while its body was still bleeding with its very wretched state.

Sir, as long as you leave this Serene Void Brutal Heavenly Leopard behind, you can ask for anything in return. We really do need this Serene Void Brutal Heavenly Leopard.

Seeing that Su Yi was definitely leaving, the complexion of Shangguan Xi Wei turned dark as she immediately tried to persuade.

Su Yi did not even turn his head around as he waved his hand back. He had already subdued this Serene Void Brutal Heavenly Leopard. Even if they were to take out treasures to exchange, he would not be handing over the Serene Void Brutal Heavenly Leopard to them anymore.

Sir, please halt your steps. We only need to borrow this Serene Void Brutal Heavenly Leopard. When the time comes, Sir will be able to gain a great opportunity that ordinary people seek but fail to get!

Seeing that Su Yi had indeed walked far away with the Serene Void Brutal Heavenly Leopard, Shangguan Xi Weis pearly white teeth bit on her ruby lips as she hesitated before shouting.

A great opportunity

Su Yis footsteps stagnated as he slightly turned his head back and questioned: Only borrowing the Serene Void Brutal Heavenly Leopard?

Thats right. Only borrowing it. Shangguan Xi Wei nodded her head as her eyes revealed signs of hope.

The opportunity you mentioned, it better be able to convince me.

Su Yi responded. The so-called great opportunity had indeed attracted Su Yis attention.

He was currently working hard for a breakthrough in his cultivation. If he could get this great opportunity, that would be getting twice the result with only half the effort.

Such a temptation, Su Yi could not refuse.

Shangguan Xi Wei secretly gritted her teeth and said: If we can borrow your Serene Void Brutal Heavenly Leopard, at that time, you will get a chance to increase your strength. Most importantly

When she spoke until here, Shangguan Xi Wei's eyes involuntarily flashed with a glimmer as she paused for an instant. Afterward, with a higher pitch, she glanced at Su Yi and said: Most importantly, you can even receive a type of spiritual power to fortify your own!

Fortify the spiritual power!

Su Yi secretly trembled. It must be known that regardless of an Alchemist, Tool Refiner or a Soul Tamer, it would be exceedingly hard to strengthen one's spiritual power, much less to be said of an ordinary cultivator.

Spiritual power, how difficult it was to strengthen it.

If, there was a method to strengthen the spiritual soul, it would be enough to make people go mad to snatch it.

As for Su Yi, to be able to get a spiritual power to fortify his spiritual soul, this would unquestionably be the requirement for the Heavenly Yuan Demonic Soul.

The second layer of the Chaotic Yuan Demonic body, Heavenly Yuan Demonic Soul, needed to absorb all kinds of spiritual souls and refine it with the Supreme Chaotic Yuan Technique to strengthen and fortify his spiritual soul.

To take away the souls of all beings to strengthen his own was the method to cultivate the Heavenly Yuan Demonic Soul.

Perhaps it can be used to cultivate the Heavenly Yuan Demonic Soul!

Su Yi was deep in thought. To be able to get a type of spiritual power to fortify his spiritual soul, he might be able to use this to cultivate the Heavenly Yuan Demonic Soul.

From the previous cultivation of the Heavenly Yuan Demonic Soul, Su Yi could distinctly feel that this would have tremendous benefits to him being a Soul Tamer as they could complement each other.

But Su Yi needed to know the exact situation as he was hesitating. He asked Shangguan Xi Wei: I will need to know the exact details of the situation. What is going on and why do you need a Serene Void Brutal Heavenly Leopard?

It is a long story. You can follow me back to the village, while I tell you everything on the way back. Shangguan Xi Wei replied.

Sister Xi Wei, you truly want to bring him back to the village?

After listening to Shangguan Xi Wei's words, Shangguan Ye, Shangguan Yu, and Shangguan Yan were a little dumbfounded as no outsiders had ever entered their village before.

I know what I am doing. I will explain everything to grandma. Shangguan Xi Wei forced her voice down and responded to Shangguan Yan and the rest.

Back to the village? You guys live near this area?

Su Yi was astounded. These people, as expected, indeed lived around this area.

However, this was where the Grand Beast Canyon and the Demon Woods converged. Surprisingly, humans did indeed live here!

Strictly speaking, we live inside the Demon Woods. Only that the place is, separated from the world while outsiders have no idea at all.

Shangguan Xi Wei could see the hesitation and worry from Su Yi's eyes as she continued: Don't worry, it will be safe for you to follow me back. I promise that I will tell you everything on the way.

Looks quite mysterious, do you want to go? Su Tian Que raised its head and asked Su Yi.

Lets Go!

Su Yi gritted his teeth. Although it was a little risky, faced with the temptation of being able to cultivate the Heavenly Yuan Demonic Soul, it was worth a try.

Take the elixir.

Afterward, Su Yi popped an elixir into the mouth of the Serene Void Brutal Heavenly Leopard to help with its recovery. If something were to happen, it would be able to help.

A moment later, Su Yi and Su Tian Que brought along the Serene Void Brutal Heavenly Leopard and followed after Shangguan Xi Wei.

Along the way, from the words of Shangguan Xi Wei, Shangguan Yan and the rest, Su Yi learned about the situation, but his heart was peerlessly shocked.

It turned out that, in the Demon Woods, not only were there humans staying inside, there were plenty of humans living inside there.

These people seemed to have lived there for generations. After a long time, it had gradually formed into a village and two tribes that were respectively called the Ancient Spirit Village, Mighty Bear Tribe, and the Hunting Tiger Tribe.

The Ancient Spirit Village, Mighty Bear Tribe, and the Hunting Tiger Tribe had always been living in a heaven of peace and happiness that was, separated from the world. They were naturally born with the talents of cultivation. Their lifestyle, was based on the women weaving and the men hunting which was completely self-sufficient.

Between the village and the two tribes, there was also frequent exchange of daily necessities.

Chapter 195: Entering The Village.

However, behind the seemingly harmonious scene, hidden a large tournament.

Inside this heaven of peace and happiness, there was a precious land where people could increase their strength and fortify their spiritual soul.

Whoever could gain this opportunity, would be destined to be much stronger than the people of their generation in the future.

According to the tradition of the Ancient Spirit Village, the Mighty Bear Tribe and the Hunting Tiger Tribe that was passed down from the ancient times, for every ten years, teens aged 20 and

below would battle for three rounds and the ones that won the most rounds, would be rewarded with the rights to control that precious land.

Whoever could control that precious land would be able to send their juniors inside to train.

After training there for a long time, these juniors would be able to surpass their seniors, which these benefits were no trivial matter as it would have enormous benefits.

And for the Ancient Spirit Village where Shangguan Xi Wei lived, in the past thirty years, there was no harvest as they had continuously failed for three times.

If the Ancient Spirit Village still could not win against the two tribes this time, the precious land would naturally belong to either of them.

If they were to continuously be unable to enter the precious land for forty consecutive years, this would be a big blow for the younger generations of the Ancient Spirit Village.

Inevitably they would fall further and further behind the Mighty Bear Tribe and the Hunting Tiger Tribe while the people from the Mighty Bear Tribe and the Hunting Tiger Tribe would keep getting stronger too.

When one rose, the other would fall. In the next competition after ten years, if the Ancient Spirit Village want to win, it would be harder than ever!

The competition is divided into three rounds. The one with the best out of the three rounds will win. The first round, is won by the cultivation of the beast that was apprehended.

The second round is the battle between the beasts that were apprehended.

The third round is the battle between the younger generation of the two tribes and the Ancient Spirit Village. Whichever tribe had the most wins, could take over the control of the precious land for ten years.

If the Ancient Spirit Village, the Mighty Bear Tribe and the Hunting Tiger Tribe all have one win each, then there will be another round. Humans will bring their beasts along to attack while cooperating. The one who wins is the final winner.

Shangguan Xi Wei spoke, telling Su Yi of the situation without holding any information back.

You mean, you want to borrow the Serene Void Brutal Heavenly Leopard, and the Serene Void Brutal Heavenly Leopard still has to fight in the second round?

Su Yi frowned. The Serene Void Brutal Heavenly Leopard had been wounded heavily by him and covered in injuries. Within a short time, it would be hard for it to recover to its peak condition.

Thats right.

Shangguan Yan nodded, his burly figure seemed like a small beast as his handsome face revealed a smile. On the road, Shangguan Yan, Shangguan Ye, and Shangguan Yu were very friendly to Su Yi.

Shangguan Yan continued: However, Brother Yi Su, you dont have to worry. With the might of the Serene Void Brutal Heavenly Leopard, the chances of it winning are more than 90 percent. With the strength of the Mighty Bear Tribe and the Hunting Tiger Tribe, trying to apprehend a beast like the Serene Void Brutal Heavenly Leopard will definitely be difficult.

Is that so

Su Yi was still a little worried, mainly because the wounds of the Serene Void Brutal Heavenly Leopard were too severe.

No need to worry. The second round has seven days of preparation. In these seven days, we will think of ideas to heal the Serene Void Brutal Heavenly Leopard. Furthermore, the Mighty Bear Tribe and the Hunting Tiger Tribe have to apprehend the beasts too, so a vicious battle is unavoidable. Their beasts would definitely have wounds too.

Shangguan Xi Wei explained, hoping that Su Yi would be reassured.

Having a beast like the Serene Void Brutal Heavenly Leopard in the Demonic Xuan Realm Fifth Grade, their Ancient Spirit Village would have a bigger chance of winning this time.

Whatever good Spiritual Herbs and elixirs your village has, they have to take out all of it to ensure that the Serene Void Brutal Heavenly Leopard will recover faster.

Su Tian Que had long ago leaped onto the back of the Serene Void Brutal Heavenly Leopard as it was too lazy to walk. Its gaze was filled with yearning as it looked at Shangguan Xi Wei.

When it thought of the Spiritual Herbs and elixirs while mentioning the treatment of the Serene Void Brutal Heavenly Leopard, Su Tian Ques saliva almost dripped out.

At then, the elders in the village will definitely arrange for it.

From time to time, Shangguan Xi Wei would keep sizing up the featherless meat chicken as it was very odd. She was seemingly curious about its origin.

As for the Serene Void Brutal Heavenly Leopard, it kept following behind Su Yi honestly. It initially did not want Su Tian Que to stand on its back, but it was, unknowingly suppressed that it could not resist.

Very quickly, the sun set on the western mountain while red clouds covered the sky.

Shangguan Xi Wei glanced at the sky and said: Right in front will truly be the Demon Woods. We will rest for the night. Tomorrow, at about this time, we should be back in the village. Shangguan Xi Wei said.

Okay.

Su Yi also had no objections as this would allow the Serene Void Brutal Heavenly Leopard to recover. After the Serene Void Brutal Heavenly Leopard had been settled down, he fed quite a few recovery elixirs to it.

If only there is some roasted meat to eat

Su Tian Que mumbled with an expression as though there was nothing to live for anymore.

The night was like the running water as the moonlight silently flowed above the chain of mountains and the sky-high trees as if they were seemingly, covered in a faint fog.

Although tonight was a full moon, there was a faint layer of clouds in the sky.

The moonlight shone through the gaps between the trees. At a high altitude clump within the shrubs and dense trees, it displayed uneven motley light figures.

Su Yi sat cross-legged while mulling over the thoughts in his mind.

Although going to that Ancient Spirit Village might be a little risky, for the cultivation of the Heavenly Yuan Demonic Soul, this risk was worth a try.

Seeing that Shangguan Xi Wei and the rest had been entirely honest, Su Yi reckoned that the place should not be dangerous.

And towards such a mysterious village and tribes, Su Yi was also curious.

The auras and the temperaments of Shangguan Xi Wei, Shangguan Yan and the rest coupled with the fact that they had already reached the Yuan Xuan Realm at such young age was comparable to the disciples in the Sacred Mountain and the Taihang Sect. This kind of gifted talent was unmistakably remarkably powerful.

A mysterious heaven of peace and happiness that existed for generations in the Demon Woods, and also had such a group of young juniors. That would most likely prove that the Ancient Spirit Village, the Mighty Bear Tribe, and the Hunting Tiger Tribe were not that simple.

After some time, both of Su Yi's eyes slightly shut as he condensed a hand seal and started to meditate.

The night was cooling like the water. Shangguan Xi Wei also sat cross-legged as her eyes landed on the not so far away straight and tall figure with a sword and saber crossed on his back. Her eyes faintly moved with a glow while they appeared even more dazzling in the dark. Afterward, she also closed her eyes and meditated.

A night without words. When the morning came, a group of people tidied themselves and continued down the road.

With Shangguan Xi Wei and the rest leading the way, Su Yi had not met with any beasts along the way while the road they walked on was extremely furtive and rugged.

From the words of Shangguan Xi Wei, Shangguan Yan and the rest, Su Yi found out that the place where the Ancient Spirit Village, the Mighty Bear Tribe, and the Hunting Tiger tribe located at, was extremely furtive as for thousands of years, no one seemed to have entered before.

At noon, when the sun was burning hot.

Why haven't we reached yet? Su Tian Que leaned on the back of the Serene Void Brutal Heavenly Tiger with abundant leisure and contentment.

It's not that far ahead.

Shangguan Yan replied while he had always been curious about the talking chicken.

In these two days of getting along, Shangguan Yan and the rest were also getting more familiar with Su Yi. They were very friendly and kept asking Su Yi about the matters regarding about the outside as they were seemingly very curious about it.

Wait

All of a sudden, Su Yi stopped as he glanced at the surrounding chain of mountains between the canyon while he slowly sized up the area.

They were in the perimeter of the Demon Woods, therefore, Su Yi had always been vigilant in his heart and had not relaxed at all. He could feel that something was wrong with the surroundings.

## Chapter 196: The Mighty Bear Tribe!

After Su Yi's words landed, Shangguan Xi Wei, Shangguan Yan and the rest momentarily glanced at their surroundings with imposing eyes.

Haha, to think that you guys have really found a beast.

A burst of raucous laughter rang out. Afterward, from behind a large boulder in front of them, three beasts mounts walked out.

The three cow beasts were around one zhang tall with long horns. Their entire bodies, were covered in meat callus-like hairs that were emitting light. Their eyes were like brass bells, and whenever they breathed out, they would spurt out white fog.

These were a type of beast called the One-Horned Sturdy Cow which had quite a powerful cultivation. However, their personalities compared to other beasts were quite gentle.

Su Yi arched his eyebrows as five youths were sitting on top of the One-Horned Sturdy Cows bodies.

Two strong and muscular youths sat on each of the two One-Horned Sturdy Cows on the side.

The four youths looked to be around 16-17 years old, only slightly older than Shangguan Yan and the rest.

On the back of the One-Horned Sturdy Cow in the middle, sat a youth alone that seemed about the same age as Shangguan Xi Wei and was much stronger and muscular than the others.

The youth had a broad back like that of a tiger and a waist as thick and robust as the bear. Under the tight clothing, the muscles bulged on his broad shoulders as if it was going to rip open the shirt. He had a broad forehead and a big face with shining eyes.

Eh, it seems to be the Serene Void Brutal Heavenly Tiger!

The five youths emerged, and when their gazes fell onto the body of the Serene Void Brutal Heavenly Tiger, their complexions changed.

Xiong Lie, what are you guys trying to do?!

Shangguan Yan glanced at the sudden appearance of the five youths as his complexion secretly changed color. Gathering up his courage, he questioned loudly.

These are the people from the Mighty Bear Tribe. The one in the middle is Xiong Lie, one of the stronger opponents battling against us this time. His strength is not something to be belittled, and I'm afraid that they have come here with ill-intentions. Shangguan Xi Wei said softly beside Su Yi.

Su Yi followed Shangguan Xi Wei's word and landed his gaze on the leading youth, Xiong Lie. He looked about 18-19 years old and as strong as a bear. With a glance, it could be perceived that he was an opponent with a robust physique.

Shangguan Yan, you still do not have the qualifications to talk!

Xiong Lie sat on the One-Horned Sturdy Cow without paying much attention to Shangguan Yan. Instead, he directly glanced at Shangguan Xi Wei.

Xiong Lie had also secretly and curiously sized up Su Yi with one glance as he then showed a faint smile to Shangguan Xi Wei and said: What good luck to be able to get a leopard cub of the Serene Void Brutal Heavenly Leopard. Are you going to hand it over to us obediently, or do you want us to take it by ourselves?

Xiong Lie, are you trying to steal from us?

The color of Shangguan Xi Wei's face changed. After taking the recovery elixirs for two days and a night, she had mostly recovered. The two curved sabers were held tightly in her hands while her hair slightly moved. These people had come with ill-intentions, so she had to prepare for it.

Schwing

Shangguan Yan, Shangguan Ye, and Shangguan Yu had also drawn their treasure swords out from the sheath as the four of them gathered together with faintly surging auras while they stared at Xiong Lie and the rest.

Ha ha ha ha

Glancing at Shangguan Xi Wei and the rest, Xiong Lie and the rest laughed loudly and brazenly as though they totally did not place Shangguan Xi Wei and the rest in their eyes.

With just you guys, you are absolutely not my opponents. As long as this Serene Void Brutal Heavenly Leopard hasn't gone back, it is not considered, as yours.

Xiong Lie glanced at Shangguan Xi Wei as a faint chilling smile gushed out from his eyes and said: Shangguan Xi Wei, seeing that Big Brother Xiong Zhan likes you and that sooner or later you will become my sister-in-law, be a little tactful and voluntarily hand over this Serene Void Brutal Heavenly Leopard then I will let you guys go this time. Otherwise, I don't mind letting you guys eat some sourness so that you won't be able to stay for the third round. I hope that you guys won't refuse the toast, only to drink a forfeit!

Xiong Lie, what is the meaning of your words? You are clearly stealing! Do you still want face? Sister Xi Wei also completely spurns Xiong Zhan! Shangguan Yu was resentful while his entire face, was filled with anger.

Shangguan Yu, you still do not have the qualification to talk. It is your village's blessing to have Big Brother Xiong Zhan set his eyes on a girl in your Ancient Spirit Village!

Moo!

When Xiong Lie's words landed, he raised his hands and waved. The One-Horned Sturdy Cow underneath him abruptly raised its head and deeply roared. A large hoof directly headed towards Shangguan Yu and stomped down with power and arrogance, not placing Shangguan Yu in its eyes at all.

Do you think that I will be afraid of you?!

Shangguan Yu was furious as all young people were hot-blooded. Yuan Qi stormingly gushed out while the treasure sword in his hand glowed. The radiance of the sword pervaded, charging towards the One-Horned Sturdy Cow and stabbed.

Dang!

All of a sudden, a sharp arrow with the shrill sound of wind separating, instantly clashed with the treasure sword that Shangguan Yu was holding. Metals collided with sparks of flame.

Pat pat!

Under the enormous assault, the treasure sword in Shangguan Yus hand was shot down while his body staggered and trembled.

Overestimating your ability!

A faint cold shout, was heard while someone laughed. It was a youth behind Xiong Lie with a powerful aura holding a bow as he shot out.

Be careful!

Shangguan Xi Wei tenderly cried as her figure, akin to lightning, pushed Shangguan Yu away.

Boom! The leg of the One-Horned Sturdy Cow landed while gravel flew and dust spread around the big piece of land within the canyon. The place, where the foot landed, was cracked as though an earthquake had occurred.

Luckily, Shangguan Xi Wei had pushed Shangguan Yu away. If not, when such foot had landed, even if he did not die, he would have been left with severe injuries.

Hand over the Serene Void Brutal Heavenly Leopard, otherwise, next time, you wont be so lucky!

Xiong Lie glanced at Shangguan Xi Wei and faintly smiled. Everything was within his control. This time as they had waited in this place, it was as good as secured!

Not on my watch!

Shangguan Xi Weis face became cold as a chill seeped out from her eyes while the curved saber in her hand reverberated.

Lets fight them!

Shangguan Yan and Shangguan Ye were also furious, wanting to fight with all their might as the Serene Void Brutal Heavenly Leopard absolutely could not land into the hands of the Mighty Bear Tribe.

Dont you guys forget that the Serene Void Brutal Heavenly Leopard is mine

At this moment, Su Yi spoke. His gaze was sizing up Xiong Lie and the rest.

Initially, this was a matter between the Ancient Spirit Village and the Mighty Bear Tribe. However, in these two days, Su Yi had a good impression towards Shangguan Yu and the rest. At least from what he could see now, this Mighty Bear Tribe was quite overbearing.

Moreover, what the Mighty Bear Tribe had wanted to steal was Su Yis Serene Void Brutal Heavenly Leopard. That would naturally make Su Yi unhappy.

After hearing Su Yis faint words, the tense atmosphere that was about to explode in one move had abruptly become somewhat unusual.

The youths from the Mighty Bear Tribe also suddenly glanced towards Su Yi and curiously sized him up.

The five youths from the Mighty Bear Tribe had already noticed Su Yi from the start, but they did not pay too much attention to him. At this moment, only did they finally looked at him in detail.

Who are you? Xiong Lie looked at Su Yi with curiosity. He did not seem to have seen such a young man in the Ancient Spirit Village before that appeared skinny, yet unknowingly gave him a remarkably impactful feeling. He then secretly became vigilant.

Yi Su, the owner of this Serene Void Brutal Heavenly Leopard! Su Yi faintly responded.

Yi Su, you are not from the Ancient Spirit Village?

After hearing that, Xiong Lie frowned. The people from the Ancient Spirit Village did not have anyone whose first name was Yi. No wonder he had never seen him before as he was not from the Ancient Spirit Village.

No. Su Yi faintly replied.

Chapter 197: You Guys Are The Ones Who Provoked Me!

Shangguan Xi Wei, your Ancient Spirit Village actually dares to bring an outsider back?!

Xiong Lie frowned as his complexion turned dark. For generations, no outsider had ever stepped into the place where they lived.

Does the ancestors instructions mention that no one is allowed to bring an outsider in? Shangguan Xi Wei questioned.

This.

Xiong Lies words got stuck in his throat. Although the one village and two tribes did not allow outsiders to enter, it was more of an unwritten rule that had not been, written in the ancestors instructions.

Is this Serene Void Brutal Heavenly Leopard yours? A youth behind Xiong Lie asked Su Yi.

Correct. It is mine. Su Yi nodded his head.

Then, this is easy to handle. We want this Serene Void Brutal Heavenly Leopard. You can leave!

Although the youth had found it weird that why would a cub of the Serene Void Brutal Heavenly Leopard stood beside Su Yi as it was a child of the demons, after looking at Su Yis age, he absolutely did not place him in his eyes.

Su Tian Que kept leaning on the back of the Serene Void Brutal Heavenly Leopard with slightly squinted eyes as it was totally disinclined to understand the meaning of the youth.

Su Yis gaze swept past the youth that had spoken. He slightly smiled while saying: If you have the capability, then you can come here and take it!

Seeing that Su Yi wanted to intervene, Shangguan Xi Wei, Shangguan Yu and the rest reached an unspoken consensus as they did not say anything else.

They even wished for Su Yi to intervene because he was a frightening fellow that could easily hurt the cub of the Serene Void Brutal Heavenly Leopard severely.

Brat, you seem to be quite arrogant!

The youth was stunned, and then he revealed a cold smile. He leaped down from the back of the One-Horned Sturdy Cow and walked towards Su Yi with huge steps while coldly saying: I am coming now to take it, so what are you going to do about it?

Seeing that the youth was finding trouble with Su Yi, Shangguan Yan, Shangguan Yu and the rest secretly laughed at him as the fellow was asking for humiliation.

Whereas the remaining youths from the Mighty Bear Tribe, presently, did not even take it to heart.

Seeing that the muscular youth had walked over, Su Yi had a face full of smiles as he went forward two steps while softly saying: If you want to take the Serene Void Brutal Heavenly Leopard, you have to walk past me first!

Then, you better get lost!

The youth from the Mighty Bear Tribe did not think that the other party would dare to be so provocative. He deeply roared as he abruptly erupted with a cry that could deafen the ears.

Boom!

Yuan Qi surged under his feet as the full aura of the Yuan Xuan Realm Second Grade exploded out. The youth leaped and directly pounced towards Su Yi with a clenched fist and detonated out.

At this instant, the youth was like a mighty bear while his entire aura monstrously burnt as though he wanted to make Su Yi directly detonate!

Boom!

Su Yi raised his eyes. He did not retreat, but instead, went forward while raising his arms and shook as he directly struck out with his fist.

The youth from the Mighty Bear Tribe had exceptional skills. With the cultivation of the Yuan Xuan Realm Second Grade at this age, he would be one of the top few students of the big sects and schools on the outside world with this sort of talent in cultivation. That had aroused Su Yi's heart to probe him out.

Bang!

The instant when the two fists collided, explosive clangs sounded like metals clashed while violent raging wind swept out with Yuan Qi light exploding.

Pu

In an instant, under the gazes of several surprised and awed eyes, the body of the youth from the Mighty Bear Tribe flown out as he spurted out fresh blood from his mouth, heavily crashing several zhang away.

Xiong Qi, be careful!

The youth that sat with him cried out loud as his expression suddenly changed. He was also the one with the bow from before. He immediately placed his sharp arrow onto the bow as Yuan Qi surged and the arrow shot out.

Swish

The sharp arrow was like lightning piercing through the empty air. With the swish swish sounds of wind separating along with radiance, it instantly pierced towards Su Yi's chest.

Su Yi's complexion changed. That arrow was a sneak attack that was vicious and ruthless.

If the arrow had struck him, the consequences would be severe.

These people from the Mighty Bear Tribe were truly unreasonable and bossy.

Crack Yuan Qi formed under his foot like a whirlpool as radiance surged. Using the Hundred Transformation Steps, Su Yi's body abruptly dragged out a chain of afterimages as the arrow flew past him. He then instantly pounced towards the youth with the bow.

At this instant, Su Yi had become seriously furious!

The color of the complexion of the youth changed as he did not expect Su Yi's speed to be actually that fast.

Moo!

The One-Horned Sturdy Cow roared as it directly protected its owner. The sharp horn glowed, and with its body that was like a huge rock, it charged towards Su Yi.

Insolent beast!

Su Yi's foot stepped down with glimmer gushing out from his eyes. The force from the ground made his hair rise as he did not dodge it.

In the next instant, under the gazes of many flabbergasted eyes, Su Yi reached his hand out and directly grabbed onto the horn of the One-Horned Sturdy Cow. Yuan Qi surged as he fiercely obstructed the body of the One-Horned Sturdy Cow.

Boom!

At the same time, Yuan Qi in his body surged from his meridians while a whiff of powerful force exploded out as he hurled the One-Horned Sturdy Cow that had a massive build and forcefully flipped it over.

Moo

The One-Horned Sturdy Cow roared as it revealed fear in its expression. However, it could not control its body and was directly flung over, landing harshly onto the ground.

Bang bang!

As though the earth was moving and the mountain shaking, the poor One-Horned Sturdy Cow fell onto the ground with blood dripping as it could not climb up. The scene was too horrifying to watch.

The youth with the bow, who was sitting on the back of the One-Horned Sturdy Cow scurried to leap down from the cow's back with staggering footsteps as his face was full of shock while he retreated miserably.

Crack

A figure like a ghost with unbelievable speed directly appeared before the youth and struck out with a crimson palm as fire element Yuan Qi rendered the surrounding space to be incomparably scorching.

The color of the complexion of the youth changed. In a panicked, he could only shake his right hand and welcome the palm as Yuan Qi spilled out to form a Yuan Qi light shield before his body.

Bang!

The body of the youth was sent flying away while the Yuan Qi light shield on his body cracked. Blood spurted out from his mouth as he landed several zhang away.

In just an instant, two people, had been heavily wounded, and there was also the insanely frightening scene where the One-Horned Sturdy Cow was flipped over, causing the gazes of all the people on the site to be bewildered and lost for words.

Shangguan Yan, Shangguan Xi Wei and the rest already knew that Su Yi would be able to handle these youths.

But they had never thought that he would use such an astounding and mighty method to solve it.

That was too frightening!

The remaining other two youths and Xiong Lie from the Mighty Bear Tribe were even more astounded.

A young man that they formerly did not place in their eyes was actually so terrifying.

You are going to die today for hurting the people of my Mighty Bear Tribe!

Very quickly after the fall of the second youth, Xiong Lie returned to his senses while his complexion changed exceedingly. His powerful and muscular body with a broad back like that of a tiger and a waist as thick and robust as the bear leaped down from the One-Horned Sturdy Cow and landed right before Su Yi. The ground quivered where he descended. His eyes shone with the surge of chilling light and anger.

Yi Su be careful. Xiong Lie has cultivated his Mighty Bear Tribe [Mighty Desolate Verse] and has reached the peak of Yuan Xuan Realm Fourth Grade. Seeing that Xiong Lie was going to attack, Shangguan Xi Wei immediately warned Su Yi. Even if, she was to go all out, she would still find it hard to handle Xiong Lie.

The Mighty Desolate Verse of the Mighty Bear Tribe was no trivial matter.

However, Shangguan Xi Wei seemed to have recalled something as her words ceased abruptly.

The Serene Void Brutal Heavenly Leopard in the Demonic Xuan Realm Fifth Grade was also not an opponent of this fellow, so no matter how powerful Xiong Lie was, he would not be able to deal with a Serene Void Brutal Heavenly Leopard in the Demonic Xuan Realm Fifth Grade.

She was worried for nothing.

You guys are the ones who provoked me!

Su Yi glanced at Xiong Lie and could feel a powerful and virile aura. This fellow should be a hard boss to handle.

The two youths were rude with their ruthless attacks which had made Su Yi furious. He naturally would not be polite too.

Chapter 198: Every Punch That Hit!

Humph. I hope that you actually have the strength that allows you to have the backbone to provoke me!

The moment Xiong Lies words landed, his figure that was twice as large as Su Yi, directly struck with his cattail leaf fan-like palm towards Su Yi and smacked down.

Boom!

Xiong Lies attack was even harsher and the aura from his body, compared to the two youths that had attacked before, was several times more powerful.

Su Yis black hair flew and danced while light twinkled within his eyes. His body did not evade and welcomed the attack with his palm, striking towards Xiong Lie.

The hong sound of an explosion like that of wind and thunder rang out as the two palms collided, causing the surrounding sand to fly and rocks to roll with surging waves of energy.

Pat pat

The bodies of the two people, were simultaneously pushed back. However, Su Yi only retreated two steps before he stabilized his footsteps, whereas Xiong Lie had been completely blown off by six steps while the gravel under his feet had become powder. His expression of disdain had turned into pure shock.

Xiong Lies face was full of astonishment as he secretly waved his palm that was, hidden behind his back. His hand felt a little numb while transmitting pain.

His opponent looked as though he could not stand a hit, but earlier, he had a feeling as though his palm had smacked onto an iron board.

The youths from the Mighty Bear Tribe were also astounded. All of them had never thought that Xiong Lies attack would be at a disadvantage.

Could it be that you only have this little strength?!

At the same time, when Su Yi had stabilized his footsteps, he had the upper hand and was not forgiving, as he seized this chance to understand the Mighty Bear Tribe.

With a hong sound, Yuan Qi madly surged as Su Yis body emitted radiance while he took the initiative and directly moved towards Xiong Lie.

Humph, lets see how strong you are!

Although Xiong Lie was astounded, he immediately cried loudly and pounced forward, having a vigorous battle with Su Yi.

Bang bang!

In an instant, the two people fought against each other with unrivaled fierceness as neither of them was willing to step back.

Both of them knew that if they were to step back, they would be suppressed and at a disadvantage, and would have to be very passive.

Su Yi had the intention to probe as he finally met a strong opponent with a very robust physical body where he got braver with each clash.

In contrast, Xiong Lie got more and more shocked with each clash.

The other party obviously did not have a stronger cultivation than him, but the degree of power of his physical body, the physical body that he was so proud of, was suppressed every time.

Seemingly the one who suffered the losses with every direct confrontation was always him.

Vicious Mountain Fist!

Barren Mountain Explosive Fist!

Xiong Lie had entirely become imposing as he cast all of his hidden cards of ultimate techniques with supreme strength while his power leaked out and kept blasting the rocks into pieces.

Seven Injuries Fist!

Crimson Flame Palm!

Su Yi intensely shouted as he had also used King Grade Martial Art Techniques to fight against Xiong Lie.

He had to admit that Xiong Lie was indeed powerful with cultivation higher than him. His physical body was also robust with frightening battle capability.

However, Su Yi's physical body had been fortified under the Chaotic Yuan Demonic Body and had reached the Indestructible Vajra Body that was much stronger, even stronger than the children of the demons.

Adding on to Su Yi's Hundred Transformation Steps and other tricks, it was enough to exceedingly suppress Xiong Lie.

Such an intense battle between the two of them with such ruthlessness and fierceness where every punch hit, made Shangguan Xi Wei, Shangguan Yu, the youths from the Mighty Bear Tribe and the rest to be incomparably astounded!

Mighty Desolate Verse, attack!

Battling till the end, Xiong Lie already had no ways to retreat as he initiated the Mighty Desolate Verse with all of his strength while his shining eyes gushed out a glimmer like a whirlpool. A whiff of frightening aura emitted an ancient air as though it could suppress the surroundings collapsed towards Su Yi.

Overlords Fist, attack!

Su Yi was not afraid. With a loud roar, he battled with the Overlords Fist. A whiff of overbearing majestic aura descended and swept through, directly colliding over.

Moo!

Under such an aura, the three One-Horned Sturdy Cows suddenly roared without reason as their bodies trembled while they revealed expression of fears.

Boom!

Monstrous raging wind accompanied by blinding light rang with an explosive sound like that of thunder as the energy transformed into a whirlpool forming a windstorm.

Ka ka

The surrounding ground cracked as the gravel raged around. The scene was too shocking!

Pu

In the middle of the monstrous raging wind, Xiong Lie with a body like a small bear flown out as blood spurted out from his mouth and he crashed onto the ground.

However, Xiong Lie could still climb up, looking miserable with a disordered aura. His injuries were also severe.

Su Yi retreated a few steps as his heart was in awe.

Supposedly, if it had been a typical beast in the Demonic Xuan Realm Fourth Grade that was struck by his Overlords Fist, even if it was not dead, it would have been severely injured.

But this Xiong Lie had countered it whereas the aura of the Mighty Desolate Verse on his body which was also no trivial matter.

Gulp gulp

Shangguan Yu and Shangguan Ye glanced at each other. After several breaths, they finally came back to their senses while their throats were unbearably hot as they sucked in a cold breath.

Xiong Lie, was actually defeated like this.

Who exactly are you?

Xiong Lie climbed up while the gaze which he looked at Su Yi, was filled with astonishment.

Until now, he still could not believe that under the circumstances that the other party had a lower cultivation level than him, the other party could nevertheless actually win against him. How was this possible?

A group of wimpy kids, that just a jack of all trades and master of none yet still dares to want the Serene Void Brutal Heavenly Leopard. Quickly get out of our sights.

Su Tian Que that was on top of the Serene Void Brutal Heavenly Leopard had finally spoken. It lazily leaned on the back of the Serene Void Brutal Heavenly Leopard while its small eyes faintly swept past Xiong Lie and the rest.

A chicken that can speak the human language. Demonic Void Realm!

The youths from the Mighty Bear Tribe had finally noticed that the featherless meat chicken on top of the Serene Void Brutal Heavenly Leopard was actually not a random unknown small beast following around but was a highly possible powerful beast in the Demonic Void Realm.

Ancient Spirit Village and the brat. This debt, my Mighty Bear Tribe will definitely get it back!

Xiong Lie's gaze swept past Shangguan Xi Wei, Su Yi and the rest while he was entirely afraid of Su Tian Que. The moment his words landed, he left scurrying with unwillingness and fear, not daring to have any more ideas about the Serene Void Brutal Heavenly Leopard.

Get lost. That is the consequence for wanting to steal the Serene Void Brutal Heavenly Leopard. Serves you right!

Shangguan Yan, Shangguan Yu and the rest were overjoyed.

The Mighty Bear Tribe had always bullied them. This time, they finally felt proud and satisfied.

Brother Yi Su, good job!

Afterward, Shangguan Yu and the rest gathered around as they were ecstatic.

Su Yi smiled slightly. It seemed that going to the Ancient Spirit Village would not be as peaceful as he thought.

However, for the opportunity to have a chance in improving his Heavenly Yuan Demonic Soul further, Su Yi had no other choice.

Even though he clearly knew that there would be trouble, he still had to go.

The Heavenly Yuan Demonic Soul came from the Chaotic Yuan Demonic Body while the Chaotic Yuan Demonic Body came from the Supreme Chaotic Yuan Technique.

Su Yi knew distinctly that from the time he could not cultivate, till the transformation he had today to be able to defeat opponents at higher cultivation levels than him, all of it was because of the Supreme Chaotic Yuan Technique.

The first layer of the Chaotic Yuan Demonic Body, Indestructible Vajra Body allowed the physical body to be incomparably powerful. The second layer, Heavenly Yuan Demonic Soul, aimed at the cultivation of the spiritual soul, which was also naturally extraordinary. He definitely must do everything he could to cultivate it.

Dont worry. You dont have to bother about that Xiong Lie. The Mighty Bear Tribe cannot do anything to our Ancient Spirit Village. This time they actually dared to be so shameless trying to steal our beast in the middle of the road. I will personally report this to the elders to get even with the Mighty Bear Tribe!

Shangguan Xi Wei walked over with mincing and light footsteps. Looking at Su Yi's expression, she thought that Su Yi was worried about provoking the Mighty Bear Tribe and afraid that the Mighty Bear Tribe would seek trouble with him in the future.

Chapter 199: Black Profound Demonic Tiger!

Okay.

Su Yi slightly nodded his head, without saying much. He could still recall Xiong Lie mentioning that no outsider had ever been to the place where they resided in and asked Shangguan Xi Wei: The place where you guys live, have no outsiders been there before?

Indeed. I have never heard of an outsider entering before.

Shangguan Xi Wei nodded her head while she gently bit her lips with her pearly white teeth as though she could see Su Yi's trepidation and continued: But you can rest assured. You saved us two

days ago, and this time, you have even defeated Xiong Lie who has sneaked up on us. Once we reach the Ancient Spirit Village, you will be our Ancient Spirit Villages esteemed guest!

Hearing this, Su Yi was even more curious towards this heaven of peace and happiness that separated from the world. What kind of existence did the place have?

Dusk, when the sun was setting down.

Su Yi followed after Shangguan Xi Wei and the rest as they bypassed many mountain roads and rugged stone roads. Finally, a canyon appeared before them.

At the place, it was white everywhere as a layer of thick fog floated in the surroundings, making it hard to see anything.

We have reached. Shangguan Xi Wei said softly while letting out a breath. Along the way, they had not met with any more setbacks.

What is this place?

Su Yi was astounded. The surroundings were filled with white fog, making it hard to see what was on the inside. Could it be that the people of the Ancient Spirit Village, Mighty Bear Tribe and the Hunting Tiger Tribe lived inside there?

Sizing up the place, Su Yi was amazed.

From this place, he could faintly sense a remarkably special feeling, and on the way here, the closer they got to this place, the fewer the beasts they met.

From the surroundings, Su Yi could not even see an ant, which was very unusual.

This place seems to be a little peculiar. Su Tian Que stood up from the back of the Serene Void Brutal Heavenly Leopard. It raised its head as its small eyes sized up the surroundings as though it had also felt something peculiar.

We have lived here for generations. According to what our ancestors had passed down, this place is a treasure land. This heavy fog is also not that simple. From afar, you wont be able to find this place at all as if such a place totally does not exist. Even if you have reached till here, without people guiding the way through the vast fog, it is impossible to go in. Reportedly, someone had unintentionally intruded here and still did not walk out for dozens of years. Shangguan Xi Wei slightly smiled and said.

Listening to Shangguan Xi Weis words, Si Yu was secretly in awe. The place looked more and more mysterious. He must better be more careful and vigilant.

Lets go. Just follow us, and you will be alright. Shangguan Xi Wei flashed Su Yi with a face full of smiles as her eyes resembled clear water. The smile was enough to make any guy unable to move their gazes away.

At a vast and boundless cliffs with three sides of broken cliffs that were peerlessly steep that even apes would find it difficult to climb up.

The place only had one side of a natural canyon to enter and leave while the surroundings were still submerged in natural heavy fog, covering everything.

Dusk and the sunset clouds gradually dissipated as night had already started to extend from far over.

After entering, one could see flat land. Several figures stood on top of a few large boulders while they were all seemingly glancing at the direction of the thick fog from afar.

The line-ups were mainly separated into three while there were men, women, young and old.

There were also numerous beasts on the scene.

On the line-up at the left, there was a young man that had yet to reach 20 years old wearing a battle suit with an unknowingly sharp and dignified temperament, while the outline of his face was dimensional like the edge of the knife, making many young girls beside him to secretly gaze at him.

The young man was riding on a several zhang big black tiger that had a fierce gaze as its body permeated a brilliant black glow. With a glance, it could make peoples hearts tremble.

From the line-up at the right, there was an almost two-zhang tall big bear with crimson hair all over its body and a fearsome aura.

What made people even more shocked was that on top of the left shoulder of the big bear, it stood a young man as robust as a bear.

The young man stood on the shoulder of this fearsome big bear, that also could not conceal his momentum. With a broad back like the tiger and a waist as thick and robust as the bear, his entire body, was filled with bulging muscles while he wore an armor that revealed his shoulder and on his chest, there was a golden breastplate that emitted a mysterious pattern with a sparkling glow as though he was the ancient young battle god from the legends!

The ages of the young man and the one wearing a battle suit riding on the tiger were about the same. One had a sharp and dignified temperament while the other had a fierce and brave temperament like a young battle god, giving people an unneglectable impact.

Furthermore, from the middle of the line-up, there was a young man wearing a white robe with a tall and straight figure and a handsome appearance along with an elegant temperament that also stood out in the crowd.

The young man was also not old with the appearance of 18-19 years old. He did not have either sharp and dignified or fierce and brave temperament, yet he was like a sharp sword that, once it was out of its sheath, it would be razor-sharp.

At the side of this young man, there was a big eagle as tall as a human prone on the floor. Its eyes were sharp with a pointed hook-like mouth while the feathers on its body looked similar to scales. It was snow-white like jade while emitting a frosty aura.

At the side of the young man, presently, there were many men, women, and elders with an imposing complexion. Their eyebrows were secretly knitted together, which could not be dispersed.

Haha, Shangguan Qing Ming, the time is almost up. I think we dont have to wait anymore. A hearty middle-aged voice with obvious mocking intentions that could deafen the eardrums rang out from the side of the young man wearing armor while riding a bear.

Xiong San, the time is not up yet, so what are you happy about? Our people have still not come back. Not far from the side of the white-robed young man, a middle-aged man with a broad forehead glared at the one who had just spoken.

He was a person from the Ancient Spirit Village. He could see that Hu Chi from the Hunting Tiger Tribe had apprehended a Black Profound Demonic Tiger in the Demonic Xuan Realm Fifth Grade while Xiong Zhan from the Mighty Bear Tribe had also apprehended a Scarlet Searing Raging Bear in the Demonic Xuan Realm Fifth Grade.

The Black Profound Demonic Tiger and the Scarlet Searing Raging Bear could be regarded, as reaching the level of a child of the demons. If its luck was good and with excellent training, they had a high chance to step into the Demonic Void Realm.

Although Shangguan Chen Feng had also apprehended a Cold Jade Demonic Eagle in the Demonic Xuan Realm Fifth Grade.

And even though it was also a flying beast in the Demonic Xuan Realm Fifth Grade, from the aspect of its bloodline, it was worse off than the Black Profound Demonic Tiger and the Scarlet Searing Raging Bear.

Shangguan Qing Ming, only that girl Shangguan Xi Wei hasn't come back, right? With that girl's cultivation, what kind of beast do you think she can subdue? Haha, this time you guys will definitely lose!

In the line-up of the young man that was riding a tiger, a middle-aged man spoke with hearty voice. He had long hair with a gaze like that of a torch while the taunting in his eyes was evident.

The contest this time, they had one less competitor as the Ancient Spirit Village already had no more hope for the first round which only left the Mighty Bear Tribe remaining.

Hu Ben, stop flaunting yourself. The Black Profound Demonic Tiger you guys have apprehended also does not seem to be as good as the Scarlet Searing Raging Bear! Shangguan Qing Ming said firmly without being polite.

Though the Black Profound Demonic Tiger had a high bloodline, however, everyone knew that if the Black Profound Demonic Tiger and the Scarlet Searing Raging Bear were both placed before them, those who knew better would also choose the Scarlet Searing Raging Bear.

Humph

Listening to Shangguan Qing Mings words, the expression of Hu Ben was a little unhappy.

Indeed, for this first round, they were also at a disadvantage now. Most likely the Mighty Bear Tribe had gotten a steal.

Chapter 200: A Miracle Had Appeared!

Following Shangguan Qing Mings words, there were fluctuations in the thick fog at the front with flickering figures.

Is Sister Xi Wei back?

Behind Shangguan Qing Ming, many young men and women had faces full of expectation.

Lights secretly flashed past within the gazes of many of the elders, including Shangguan Qing Ming.

Moo

Beast roars rang out, followed by figures emerging from the vast white thick fog.

One-Horned Sturdy Cows, they are from the Mighty Bear Tribe!

It is Xiong Lie and the rest while they seem to be badly injured. What had happened?!

When those several figures and the three One-Horned Sturdy Cows emerged, the complexion of everyone at the scene instantly changed secretly.

One of the One-Horned Sturdy Cows was also severely wounded.

Xiong Lie and the other three youths also looked miserable with grave injuries.

Xiong Lie, what happened?!

Besides the young man who was riding a bear, the complexion of numerous people changed to shock while they immediately rushed forward to carry them back.

Seeing that it was not Shangguan Xi Wei, the gazes from the line-up of Shangguan Qing Ming secretly became a little disheartened.

Looks like Xiong Lie did not have any acquisitions but had instead suffered severe injuries!

Xiong Lie and the rest were acting suspiciously yesterday. Why will they suffer severe injuries today?

There were discussions all around as they softly mumbled.

When Xiong Lie, was carried back to the line-up of the Mighty Bear Tribe, the young man wearing armor and riding on the Scarlet Searing Raging Bear leaped down and reached beside him, asking him something softly.

Xiong Lie had an ugly expression as he replied softly. Occasionally, his gaze would land on Shangguan Qing Mings line-up.

After listening to Xiong Lies words, many gazes from the Mighty Bear Tribe became ugly while some of the gazes secretly looked towards the direction of Shangguan Qing Ming.

It seems something has happened!

Many people were guessing as the atmosphere had abruptly become somewhat strange without reason.

Someone is back again.

It should be Sister Xi Wei. Only Sister Xi Wei, Shangguan Yu and the rest have not returned.

At the moment, figures were flickering within the thick fog once more. In Shangguan Qing Mings line-up, all of the gazes were once again full of expectation.

Right now, Shangguan Xi Wei and the rest were the only ones not back yet, rushing back at the last second. Hopefully, Shangguan Xi Wei and the rest had acquired something

That was the last chance for the Ancient Spirit Village, and they could only wish for a miracle to appear.

The Ancient Spirit Village had already lost several times. This time, they must not be defeated otherwise ten years later, winning would be much harder.

The people from the Hunting Tiger Tribe, however, felt that it was impossible for a miracle to appear for the Ancient Spirit Village as they already knew about Shangguan Xi Wei's strength.

Even if Shangguan Xi Wei could apprehend an extraordinary beast, it could not be much stronger than the Scarlet Searing Raging Bear and the Black Profound Demonic Tiger. Nevertheless, they still glanced over with curiosity at this instant.

Under the watchful gazes of everyone on the scene, several figures gradually walked out until they became clear to the eyes.

It is Sister Xi Wei!

Shangguan Xi Wei!

When these several young men along with one woman appeared, the gazes of all the people on the scene changed, whereas the young men and women of the Ancient Spirit Village cheered.

But, when they saw such a stranger, Su Yi, had followed them back, the gazes from the Ancient Spirit Village secretly became surprised.

Eh, what is that? Is that the Serene Void Brutal Heavenly Leopard?!

That is the Serene Void Brutal Heavenly Leopard. Has Shangguan Xi Wei apprehended a Serene Void Brutal Heavenly Leopard?!

From the Hunting Tiger Tribe, some people immediately saw the Serene Void Brutal Heavenly Leopard and abruptly had a change of color as they were very shocked!

Roar!

The Serene Void Brutal Heavenly Leopard roared deeply. When it saw the numerous beasts at the scene, lights flashed within its fearsome eyes with an aura of overbearing and fierceness.

Howl!

Roar!

The Black Profound Demonic Tiger and the Scarlet Searing Raging Bear immediately roared with surging auras.

Howl

The beast mounts on the scene felt oppressed as many of them roared while showing expressions of fear.

Serene Void Brutal Heavenly Leopard. It is the Serene Void Brutal Heavenly Leopard!

The people from the Ancient Spirit were boiling up. The beast that had followed Shangguan Xi Wei back was actually a Serene Void Brutal Heavenly Leopard.

In the ranks of the beasts, the bloodline of the Serene Void Brutal Heavenly Leopard was definitely much stronger than the Black Profound Demonic Tiger and the Scarlet Searing Raging Bear.

Serene Void Brutal Heavenly Leopard. A Serene Void Brutal Heavenly Leopard in the Demonic Xuan Realm Fifth Grade!

Shangguan Qing Ming and the rest of the elders from the Ancient Spirit Village were astonished. Feeling the fluctuations from the aura of the Serene Void Brutal Heavenly Leopard, it appeared to be a Serene Void Brutal Heavenly Leopard in the Demonic Xuan Realm Fifth Grade.

Unquestionably, this Serene Void Brutal Heavenly Leopard had already outweighed the Black Profound Demonic Tiger and the Scarlet Searing Raging Bear.

Sister Xi Wei, you actually apprehended a Serene Void Brutal Heavenly Leopard. So impressive!

When Shangguan Xi Wei and the rest appeared, they were instantly clustered by many young men and women of the Ancient Spirit Village as they were overjoyed.

When the young man wearing a white robe saw Shangguan Xi Wei and the Serene Void Brutal Heavenly Leopard in the Demonic Xuan Realm Fifth Grade, he also secretly revealed some happiness. However, his gaze then landed onto Su Yi with some curiosity.

Su Yi stood beside the Serene Void Brutal Heavenly Leopard. The instant he walked out of the thick fog, he suddenly came across a panoramic scene from the entrance of the valley with a big group of people wearing different varieties of clothing that caused his heart to secretly quiver.

So many strong cultivators!

Under his acute spiritual power, Su Yi instantly sensed many strong cultivators at the scene with several of them at least in the Yuan Void Realm.

There were many young people at the scene with a young age wearing simple clothing, yet they unknowingly had extraordinary temperaments while faintly emitting remarkably strong auras.

Very extraordinary!

Su Yi secretly marveled. The young people on the scene were not that simple. From his instinct, many of them felt much stronger than Ji Chao from the Sacred Mountain with a King Talent.

A mysterious place that was separated from the world and hidden inside the Demon Woods, unexpectedly had so many extraordinary young juniors.

It was not hard for Su Yi to know that these so-called Hunting Tiger Tribe, Mighty Bear Tribe, and the Ancient Spirit Tribe were definitely not that simple.

When Su Yi was sizing them up, Shangguan Xi Wei had reached the side of Shangguan Qing Ming and the elders, softly mumbling something while glancing at Su Yi before looking towards the Mighty Bear Tribe.

When Shangguan Qing Ming and the rest were listening to Shangguan Xi Wei, their gazes moved as they curiously sized up Su Yi and then glanced towards the Mighty Bear Tribe.

Mighty Bear Tribe, you are truly shameless. Sneakingly attacking on the midway while wanting to snatch the Serene Void Brutal Heavenly Leopard. Unfortunately, you have overestimated your powers!

After listening to what Shangguan Xi Wei had said, Shangguan Qing Ming had a face full of boiling anger as he cursed the Mighty Bear Tribe.

Seemingly because what Shangguan Qing Ming had said was the truth, Xiong San was a little guilty as his face secretly twitched. In a much softer voice, he responded: Shangguan Qing Ming, stop

making slanderous charges against us. As long as the person has not come back, everyone has the chance to fight for it.

Claiming that snatching is the same as fighting for it, only your Mighty Bear Tribe is that shameless! Shangguan Qing Ming sneered and coldly laughed as he said: Knowing that this time, you guys cannot win the first round, you actually used such a lowly method. Sadly, you have overestimated your powers and brought humiliation upon yourselves.

The people from the Hunting Tiger Tribe looked at each other. Listening to the confrontation between Shangguan Qing Ming and Xiong San, they could roughly understand the situation.

It looked like previously when, Xiong Lie and the rest had returned in a miserable state with severe wounds, the reason was because of Shangguan Xi Wei.
