

## Sky&Earth 201

Chapter 201: Xiong Zhan!

However, this made the people in the Hunting Tiger Tribe even more bewildered, especially the young man wearing a battle suit while riding a tiger. With his understanding, although Shangguan Xi Wei was not weak and comparable to Shangguan Chen Feng.

But, the strength of Xiong Lie was also not weak and seemed slightly stronger than Shangguan Xi Wei. So why would he suffer a loss in front of her?

As Xiong San kept getting criticized by Shangguan Qing Ming without pausing, he felt aggrieved and couldn't help but glared at Xiong Lie, blaming him for being such a disappointment.

Shangguan Qing Ming, your Ancient Spirit Village actually bring an outsider back. Your Ancient Spirit Village should give us an explanation! Glancing at Shangguan Qing Ming, Xiong San stared at Su Yi as he finally found a chance to refute.

Su Yi's soul secretly trembled as he could feel that Xiong San was trying to pry him.

He was a tall and well-built middle-aged man that resembled a bear with a powerful aura that was much stronger than High Elder Bi and the rest from the Black Fiend School.

Outsider

The gazes of the people at the scene instantly landed onto Su Yi with curiosity as well as wary.

Su Yi was secretly on guard. At such a mysterious place, it seemed like an outsider had indeed never entered here before.

No need to worry. You are my Ancient Spirit Villages esteemed guest. The Mighty Bear Tribe and the Hunting Tiger Tribe will not dare to do anything! Shangguan Xi Wei silently came to Su Yi's side and softly whispered.

Su Yi faintly smiled and did not mention anything. Looked like those people at the scene, were from the Hunting Tiger Tribe and the Mighty Bear Tribe.

Su Tian Que stood on top of the Serene Void Brutal Heavenly Leopards body and did not say anything as he had long been warned by Su Yi not to talk.

The ancestors instructions also did not mention that an outsider, cannot be brought back. This time, if not for this young man, the sneak attack of your Mighty Bear Tribe would most likely succeed. That's why my Ancient Spirit Village has invited a benefactor back, which is not a big deal.

Shangguan Qing Ming slightly paused and then said in a much louder voice: The time is now almost up. The winner for the first round, I believe everyone has seen it with their own eyes. My Ancient Spirit Village has, in the end, brought back a Serene Void Brutal Heavenly Leopard in the Demonic Xuan Realm Fifth Grade. Nobody should have any objections that my Ancient Spirit Village has won this round, right?!

This

Hu Ben and the rest of the leaders from the Hunting Tiger Tribe glanced at each other. Although their complexion was ugly, they did not have any opinion.

Anyway, even if the Ancient Spirit Village had not brought back the Serene Void Brutal Heavenly Leopard in the end, they would still not be able to win this round.

Shangguan Qing Ming, this Serene Void Brutal Heavenly Leopard seems to belong to the outsider, right? Xiong San had an opinion. From Xiong Lies words, he had found out that the Serene Void Brutal Heavenly Leopard seemed to belong to the young man who came from the outside.

What a joke!

Shangguan Xi Wei said in a crisped tone after hearing that. Yuan Qi surged under her feet as her exquisite body leaped and sat on the back of the Serene Void Brutal Heavenly Leopard with valiant and heroic bearing, adding on to her enchanting posture.

Roar!

The Serene Void Brutal Heavenly Leopard roared like thunder with a whiff of fearsome and overbearing emitting everywhere.

Before they entered, Shangguan Xi Wei had already expected this and discussed with Su Yi to entirely borrowed the Serene Void Brutal Heavenly Leopard.

Howl!

With the splendor might of the beast, the surrounding beasts were affected by the Serene Void Brutal Heavenly Leopard as they kept roaring while revealing expressions of fear.

Seeing such a scene, the people in the area all glanced at each other. At least from what they could see, this Serene Void Brutal Heavenly Leopard was indeed subdued by Shangguan Xi Wei, otherwise, how could the Serene Void Brutal Heavenly Leopard allowed someone else to sit on its back.

Haha

Shangguan Qing Ming laughed out loud. Staring at Xiong San, he stated: Xiong San, just accept the truth that this time, your Mighty Bear Tribe had lost!

This is only the first round. In the second and third round, your Ancient Spirit Village will not be able to win.

Xiong San had an ugly expression as he glared at Shangguan Qing Ming. Then, he turned around and beckoned for the people from the Mighty Bear Tribe to leave.

Xiong San was very clear that although the Scarlet Searing Raging Bear that Xiong Zhan had apprehended was quite strong, it was indeed inferior to the Serene Void Brutal Heavenly Leopard. That was the truth that he could not deny.

Instead, the muscular young man wearing an armor that stood beside the Scarlet Searing Raging Bear did not leave immediately. Glancing at Su Yi, his gaze sized Su Yi up as he asked: Outsider, what is your name?

When the young man spoke, the people from the Mighty Bear Tribe that was leaving, abruptly turned around.

He is the strongest from the younger generation of the Mighty Bear Tribe, Xiong Zhan. Xiong Lies biological elder brother with an exceedingly powerful strength! Shangguan Xi Wei softly said beside Su Yi while she frowned.

Su Yi had long felt the aura on Xiong Zhans body. The young man was remarkably extraordinary and mighty!

My name is Yi Su!

Since the other party had come over to him, he also would not be able to hide. This Xiong Zhan must be seeking trouble with him because he had hurt Xiong Lie.

Xiong Zhan, what are you trying to do? If you want to fight, I can accompany you right now!

The young man wearing a white robe did not have a loud voice, yet it was like a sharp sword coming out of its sheath, bringing along a gust of indistinctive sharpness.

Are they going to fight in advance?

All of the expressions of the people changed while some of them, were filled with anticipation.

That was Xiong Zhan and Shangguan Chen Feng, the strongest within the younger generation of the Mighty Bear Tribe and the Ancient Spirit Village.

If two such people were to fight in advance, it would definitely be a splendid fight that must not be missed!

Shangguan Chen Feng, I choose to defeat you seven days later in front of everyone and not now.

Xiong Zhan stared at Shangguan Chen Feng, seemingly not caring too much about it.

Really? Im afraid that is impossible! Shangguan Chen Feng responded as he stared back.

When the time comes, you will find out. Wait for it!

When Xiong Zhans words landed, he no longer paid attention to Shangguan Chen Feng and continued to glance at Su Yi. He then nodded his head and said: Yi Su. Good, I remembered it.

When his words landed while faintly glancing at Su Yi, he then brought the Scarlet Searing Raging Bear along and turned around to leave.

The expression of Shangguan Chen Feng did not change as he stared at the direction that Xiong Zhan had left. The glow in his eyes was like a sword.

The gazes of the people on the scene were astonished. Initially, they thought that Xiong Zhan was going to seek trouble, yet the ending was a little unexpected.

Lets go!

As though there was nothing fun to watch anymore, the people from the Hunting Tiger Tribe also left.

We finally won the first round!

Sister Xi Wei, good job!

Seeing that the Mighty Bear Tribe and the Hunting Tiger Tribe had left, the youngsters of the Ancient Spirit Village boiled up with excitement as though they could see the glimmer of hope of winning the competition this time.

Haha, many thanks to this young hero for helping. You will be the esteemed guest of my Ancient Spirit Village.

Shangguan Qing Ming reached Su Yi's side with a smile on his face, expressing his gratitude.

Greeting to senior and it is nothing worth mentioning. Su Yi bowed his head in greeting.

What senior. I am not that old. My name is Shangguan Qing Ming. Since you are about the same age as Shangguan Yan, this little whelp, why don't you call me uncle. Shangguan Qing Ming smilingly said as he sized up Su Yi with kind eyes.

Brother Yi Su, this is my father. Shangguan Yan came to Su Yi's side while touching his head and simple-mindedly declaring that Shangguan Qing Ming was his father.

Su Yi was a little stunned but immediately followed up with a smile. He had a good impression of both the father and son. Without being bashful about it, he said towards Shangguan Qing Ming: Then junior shall be imprudent. Greeting to Uncle Qing Ming.

Haha, good. It is getting dark, so let's head back first! Shangguan Qing Ming laughed loudly. Today they had won the first round, so his mood seemed to be exceptionally cheerful.

Chapter 202: An Honest Village

We won! Let's head back to the village!

Everyone will be very excited.

A group of people encircled around Shangguan Xi Wei and the rest while chatting massively. Even the elders of the Ancient Spirit Tribe had smiles on them.

Brother Yi Su, please don't be ill-at-ease.

Shangguan Yan, Shangguan Yu and the rest reached Su Yi's side and were very friendly.

The other young people from the Ancient Spirit Village kept curiously sizing Su Yi up on the way back. All of them were curious towards a young man that had come from the outside.

Especially on the road, Shangguan Yan, Shangguan Yu and the rest kept telling them the stories of how Su Yi had saved them and defeated Xiong Lie while adding some exaggeration touches to it, causing those youngsters to be extremely astounded.

The elders from the Ancient Spirit Village accompanying them heard about it and secretly had a change of expression. Along the way, they kept hiddenly sizing Su Yi up.

While Su Yi was chatting with Shangguan Yu and the rest, he was also secretly sizing up his surroundings.

This heaven of peace and happiness had an endless mountain range where the surrounding of it were lofty mountains with a grand ravine.

There were chains of groups of mountains with continuous giant peaks and towering verdant.

Occasionally, many spiritual birds and strange beasts could be seen leaping from the mountain forest.

Finally, when the sunset was illuminating while the night was approaching, a large ancient construction emerged at the front with a vintage vibe. It was an extensive village.

They are back. Brother Chen Feng, Sister Xi Wei, and the rest are back!

At the moment, at the village entrance with chains of huge rocks and a small square, it was squeezed full of crowded figures. Seeing the returning people, all of them were boiling with excitement.

Some kids with tender and delicate appearance while their faces were still chubby with baby fat, rushed forward to welcome them.

There were also youngsters that were younger than 20 years old that came rushing forward passionately and affectionately to welcome the people returning to the village.

Haha, little brats, we are back!

Shangguan Qing Ming laughed loudly and came forward, lifting a 3-4 years old boy and a girl with an apple hair and chubby face into his arm, while intentionally rubbing his face full of beard onto the faces of the two small little kids.

Hehe, bad Uncle Qing Ming.

The boy and girl kept avoiding him as his beard prickled them, yet they were very affectionate with Shangguan Qing Ming.

Did you guys goof off?

Have you guys train hard for your cultivation?

Shangguan Xi Wei, Shangguan Yan and the rest also came forward happily, mixing together with those young people, but with the pride of an elder sister and brother.

Even Shangguan Chen Feng with a sharp and cold temperament was also presently bending his body down to hug a little girl into his arm with a face full of adoration.

Oh my, is this a Serene Void Brutal Heavenly Leopard?!

And Cold Jade Demonic Eagle!

Everyones attention subsequently fell onto the bodies of the eye-catching Serene Void Brutal Heavenly Leopard and the Cold Jade Demonic Eagle.

With such two enormous beasts, it would be impossible to avoid peoples attention.

Thats right it is the Serene Void Brutal Heavenly Leopard and the Cold Jade Demonic Eagle!

Shangguan Xi Wei announced towards the shocked young men and women while her gaze gradually looked at Su Yi who was beside her and gave him a face of smiles as she nodded her head with a message.

Su Yi had been continually sizing up everything in secret. Was this the Ancient Spirit Village? From the mass of people at the entrance of the village, regardless of age and gender, all of them had exceptional auras.

The leading elders and middle-aged people at the front had bronzed skin and wore simple clothing, yet their eyes were shining with vitality while indistinctly their auras were extremely powerful.

So many strong cultivators. What a terrifying village.

Su Yi's heart was secretly surging in big waves as he tried hard to bear with the shock.

It was definitely a terrifying village. Just by counting the number of auras at the Yuan Void Realm alone, Su Yi could secretly feel many of them.

Qing Ming, how is it?

After an elder at the village entrance saw the Serene Void Brutal Heavenly Leopard, his gaze secretly shone as he asked Shangguan Qing Ming with an anxious expression.

The first round, we won!

Shangguan Qing Ming placed the two fellows down and nodded his head to the elder that had spoken.

Won, we have won the first round!

Hearing that, the entire people were boiling up as many secretly imposing and anxious hearts finally let out a breath.

We won the first round.

Many people revealed the expression of happiness as they looked very excited and happy.

Xi Wei, my place is not big, so I'm afraid that I won't be able to give my good nephew, Yi Su, a place to stay. Your place seems suitable. Why not bring my good nephew, Yi Su, to your place to stay? Shangguan Qing Ming suggested to Shangguan Xi Wei.

No problem.

Shangguan Xi Wei glanced at Su Yi. An expression that was hard to detect by people flashed past her eyes without leaving any evidence.

That's good. My good nephew, Yi Su, you will first follow Xi Wei to rest. Tomorrow I will let Shangguan Yan bring you to walk around the village. Shangguan Qing Ming said towards Su Yi while smiling.

Sure.

Su Yi nodded his head. When he witnessed such a scene before his eyes, his heart felt touched. In this village that was, separated from the world, every one of them was honest, which caused the guard in his heart to be secretly a little relaxed.

Shangguan Xi Wei came forward and brought Su Yi into the village.

Eh, who is he?

There is also a featherless chicken.

Can this chicken be roasted and eaten?

Serene Void Brutal Heavenly Leopard followed behind while Su Tian Que who was on top of the Serene Void Brutal Heavenly Leopard, became the center of attention.

Qing Ming, that is.

Glancing at Su Yi, the elder who had spoken also felt very doubtful.

I will tell you later. That is little brother Yi Su, the benefactor of my Ancient Spirit Village, an esteemed guest. Shangguan Qing Ming interrupted the elders words.

The people at the entrance of the village all became even curious.

Su Yi did not find it strange. At such a village that separated from the world where no outsider had ever been before, it was natural for people to find it odd for an outsider like him that suddenly came in.

Following after Shangguan Xi Wei, Su Yi entered the village.

Even though this was only a village, Su Yi could feel that the village was huge with a large population.

Su Yi was very interested in this village with an air of antiquity. Many of the buildings had been, built with huge rocks.

There were also sky-high trees in the village like a large umbrella. Unexpectedly, there were also spirit birds and strange beast swaggering in the village.

All these are raised and trained in the village. We are separated, from the outside world, so this might be a little different.

Shangguan Xi Wei could see through Su Yis curiosity and continued: You can stay in my house for the time being. I dont have a lot of family members as only my grandma, and I live here, therefore it will be a lot quieter.

What about your parents? Su Yi was a little surprised.

I

After hearing that, there was some fluctuation rising in Shangguan Xi Weis eyes as though something in the depth of her heart, was stirred.

After a slight pause, Shangguan Xi Wei had the same expression with a smile on her face as she replied: Before I was born, my father had left the village. After my mom gave birth to me, she had depression. No medications worked, and when I was two, she had left this world. Hence, in our house, only me and my grandma remained while we depend on each other.

After listening to Shangguan Xi Weis words, Su Yis heart for no reason was as though struck by electricity as it trembled.

His parents had also left him when he was small while his grandfather and him, depended on each other.

Sorry.

Su Yi stagnated as he glanced at Shangguan Xi Wei with full of earnestly.

The feeling of having no parents since young, Su Yi knew it all too well.

In comparison, Su Yi felt that he was a little more fortunate than Shangguan Xi Wei as his mother seemingly had no choice, but to leave.

## Chapter 203: The Second Round Will Be Ours!

Its okay since I have long been used to it. We better return first as the sky has become dark.

Shangguan Xi Wei had a smile displayed on her enchanting face while a sadness revealed in her eyes flashed past which was difficult to grasp.

Su Yi was unsure of what to say and could only continue to follow after Shangguan Xi Wei.

On the stony road in the village, the last touch of sunset had gradually submerged under the western mountains.

If there is a chance, can you tell me what the outside world is like?

Shangguan Xi Wei broke their wordless and awkward atmosphere as she was seemingly very interested in the outside world.

Of course. But the outside world is not as good as here. Su Yi smilingly replied.

Really?

Shangguan Xi Wei was a little skeptical. She had heard that the outside world was notably huge, vast, and boundless. How could it not be better than here?

Could it be that you guys never had anybody that been to the outside?

Su Yi was very curious. Could it be that in this village that, was separated from the world, nobody had ever left here for generations?

It must be known that this was a terrifying village with many strong cultivators.

We have ancestors instructions that nobody can leave this place, including the people from the Hunting Tiger Tribe and the Mighty Bear Tribe. Shangguan Xi Wei responded.

But, you just mentioned that your father had left the village

Su Yi was puzzled. Previously Shangguan Xi Wei had clearly mentioned that her father had left the village.

My dad left sneakily. According to the ancestors instructions, he can never come back. Shangguan Xi Wei said. That was the ancestors instructions where nobody could be an exception.

So that is why.

Su Yi softly replied, but in his heart, he was getting more and more suspicious. Why would a terrifying village separated by the world, unknowingly have such an ancestors instructions?

Following from Shangguan Xi Weis words, Su Yi roughly knew about the situation of the Ancient Spirit Village.

Such a village, was indeed remarkably large with two thousand people, but everybody lived nearby.

At this place that, was separated from the outside world, the Hunting Tiger Tribe and Mighty Bear Tribe also resided here.

Reportedly, the places that the Hunting Tiger Tribe and the Mighty Bear Tribe lived in, were based in caves and their population was also somewhat smaller compared to the Ancient Spirit Village.

This place that was, separated from the world was huge, with extensive mountain ranges and many beasts inside here too.

There was a primitive forest full of mighty beasts and poisonous bugs that were extremely dangerous.

There were also some places which were stated to be very mysterious that even the senior powerful cultivators in the village, did not dare to enter as apparently, there was great danger in there.

We have reached.

When the night had descended entirely, Shangguan Xi Wei finally brought Su Yi to an old traditional Chinese courtyard-like building.

The courtyard was very spacious, and the surroundings were very peaceful, with mountains on three sides.

Grandma might not be home. You can stay at the west wing while the Serene Void Brutal Heavenly Leopard can rest in the courtyard. If you need anything, you can tell me. I will go find my grandma first to see where she has gone.

After Shangguan Xi Wei brought Su Yi to the west wing, she immediately left.

Su Yi sized up the room. It was very tidy and well-prepared with all the daily necessities there.

So suffocating. I can finally talk!

Su Tian Que followed Su Yi to the room and could no longer bear it. It felt very aggrieved and gloomy.

This village is abnormal. You should cause less trouble and don't tell anybody that you are a peacock. I think the people from this village seem to like to eat meat. If by any chance that they like to eat a peacock, even I cannot save you! Su Yi warned Su Tian Que as he was absolutely afraid that this fellow would cause trouble.

This village is indeed abnormal.

Su Tian Que tucked its tail with a solemn appearance. However, when its small eyes turned, it returned to its normal state and muttered: I wonder if there is anything good to eat here. If I can find some treasure here, how great will that be.

Su Yi rolled his eyes at Su Tian Que and felt very helpless. He could only pray that this fellow would be a little honest and not cause him any trouble.

Howl.

At a vast mountain range with beasts roaring.

In a large cave that was smooth and tidy, bright and broad, there were many inscribed of tiger-shaped pattern runes as though it was a living thing that added on to its sharpness and fierceness might.

At the moment, many elders were sitting inside the cave. Among them, there were Hu Ben and Hu Chi, the young man who rode the tiger.

Except for Hu Chi, the rest of them had imposing faces as they slightly frowned.

To think that this time the Ancient Spirit Village has unexpectedly won the first round. With the bloodline of the Serene Void Brutal Heavenly Leopard, the chances of it winning the second round is high.

In the middle of the hall, presently, an elder had spoken with a slightly imposing gaze as the Ancient Spirit Village had won the first round. With the bloodline and the cultivation of the Serene Void Brutal Heavenly Leopard compared to the Black Profound Demonic Tiger that Hu Chi had found and the Scarlet Searing Raging Bear that Xiong Zhan had found, it would most likely win.

The Black Profound Demonic Tiger might not lose. Based on its strength, my Black Profound Demonic Tiger is definitely not weaker than the Serene Void Brutal Heavenly Leopard and the Scarlet Searing Raging Bear!

Hu Chi stated while his battle suit slightly fluttered. His facial features were dimensional like the edge of a knife.

The Black Profound Demonic Tiger might not lose. I presume that the Mighty Bear Tribe will most likely focus on the Ancient Spirit Villages Serene Void Brutal Heavenly Leopard. Then when both the Serene Void Brutal Heavenly Leopard and the Scarlet Searing Raging Bear are wounded, our chance would come

Hu Ben revealed a face full of smiles. Although the battle strength of the Serene Void Brutal Heavenly Leopard and the Scarlet Searing Raging Bear, could not be underestimated, the Black Profound Demonic Tiger of the Hunting Tiger Tribe still had its chances.

The night had fallen while the outside was pitch dark and too hard to see clearly.

Howl

The inside of the mountain range was not tranquil as occasionally, roars of the beasts would transmit and shake the mountain forest.

Within a bunch of mountains, there were flames flickering, appearing even more blinding during the night time.

The large cave had pearls sparkling as the flames on the walls flickered like the daylight.

To think that the Ancient Spirit Villages luck is actually so good to get a Serene Void Brutal Heavenly Leopard in the Demonic Xuan Realm Fifth Grade. If not, our Mighty Bear Tribe would have won for sure!

Inside the cave, there were numerous figures with virile auras. There was Xiong San among them in a bad mood as the Mighty Bear Tribe had almost won the first round.

This time, Xiong Zhan had apprehended the Scarlet Searing Raging Bear. Everyone dont forget, my Mighty Bear Tribe still has a treasure that is precisely suitable for the Scarlet Searing Raging Bear!

Inside the cave, a big and tall elder revealed a face full of smiles as he said with eyes brilliantly twinkling like the stars.

Scarlet Searing Raging Bear. Thats right. In my Mighty Bear Tribe, there is precisely such a treasure!

That Serene Void Brutal Heavenly Leopard is only at the Demonic Xuan Realm Fifth Grade. With that treasure, the Scarlet Searing Raging Bear will win for sure!

There are still seven more days, which should be fine. The second round will be ours!

The Ancient Spirit Village must be thinking that with the Serene Void Brutal Heavenly Leopard, they have more or less won the second round, right? Sadly, hehe.

All of a sudden, everyone on the scene seemed to have thought of something as they became excited.

With that treasure, it would be enough for the Scarlet Searing Raging Bear to win.

Xiong Lie, that young man from the outside, is he really that strong like what you have said?

Suddenly, at the top of the cave, an elder in his sixties stood up and questioned Xiong Lie at the end of the cave.

Chapter 204: Celebration!

The elder had disheveled black hair with a faint red glow blossoming in his eyes that even his pupils seemed to have a sort of redness too.

The figure of the elder was actually not small, but when surrounded by such giant and tall majestic figures, he appeared skinny, yet his aura was unknowingly frightening. From within that thin figure, a whiff of fearsome momentum spread out.

Replying to the head, that young man is very unusual. Even though he only has the cultivation of Yuan Xuan Realm Second Grade, his battle strength is notably powerful.

Xiong Lie did not dare to lift his head. He was at the peak of the Yuan Xuan Realm Fourth Grade, only away from the Yuan Xuan Realm Fifth Grade by half a step. But, he had actually been defeated so severely, that it was a sort of humiliation.

Listening to Xiong Lie's words, everyone at the scene had remarkably astonished gazes. They were well-aware of Xiong Lie's might while that young man from the outside was only at the Yuan Xuan Realm Second Grade yet, he could actually severely injure Xiong Lie, which was too shocking. Could it be that the people from the outside were all that strong?

You used the [Mighty Desolate Verse] and still lost? The skinny elder followed up with another question. The eyebrows and beard on his face had a little silver in them, but his face was purplish-red, appearing to be brimming with energy and vitality.

I have already done my best, but that young man was too unusual! Xiong Lie responded. He had indeed done the best he could, yet he was still not his opponent. The young man called Yi Su was too strong.

A young man from the outside is truly that powerful? Someone mumbled softly as his heart was in shock. The young man from the outside was not that old. If he was really that powerful, with that gifted talent, how frightening was he?

People from the Mighty Bear Tribe cannot be defeated in the hands of an outsider. If there is a chance, I will pay him back!

Xiong Zhan spoke. With a broad back like that of a tiger and a waist as thick and robust as a bear, his entire body, was filled with bulging muscles. The golden breastplate on his chest emitted a mysterious pattern with a sparkling glow as though he was the ancient young battle god from the legends.

At night, where the night scene, was enveloped by the bright moon and the dimly lit stars. The moonlight was like silk as it covered this mysterious village.

The Serene Void Brutal Heavenly Leopard was resting at the outside of the courtyard. It was refining the power of the elixir inside its body while closing its eyes to meditate.

All of a sudden, a figure came over.

The Serene Void Brutal Heavenly Leopard opened its eyes with radiance sparkled within them, horrifying people in the dark night.

An old lady in her sixties slowly walked over, slightly hunching her back. There was some silver hair mixed within her head full of black hair while she did not have any wrinkles on her rosy face.

When the peaceful old lady's eyes glanced at the Serene Void Brutal Heavenly Leopard, the formerly fearsome eyes of the Serene Void Brutal Heavenly Leopard, for unknown reasons, quivered while its body shook a little. Then, it quietly lay prone on the ground, not daring to make any sound.

Is this that Serene Void Brutal Heavenly Leopard? Indeed not bad.

The old lady spoke with a kind voice while she sized up the Serene Void Brutal Heavenly Leopard before her.

Yes, grandma. However, this Serene Void Brutal Heavenly Leopard, was lent to me. Luckily it was lent to me, or else for the first round, we would have been Shangguan Xi Wei stood beside the old lady. She had changed into new clothes. A blue silk dress that could not hide the arch of her towering peaks at the front of her chest. Her face was like the hibiscus while her skin was as white as snow. Her black hair was pulled up, revealing a triangular hairline in the middle of her forehead. Under the screen of the moonlight, it added a charm to her.

That is because we have no other choice The old lady heaved a little sigh.

Someone is coming

Inside the room, Su Yi and Su Tian Que were meditating when Su Yi abruptly opened his eyes and stopped meditating.

After hesitating for a while, Su Yi pushed open the room door and met with Shangguan Xi Wei and an old lady that was currently walking over.

Grandma, this is the person who saved me. If it wasn't for him, your granddaughter might not have been able to see you now. Shangguan Xi Wei flashed a smile towards Su Yi and then said to the old lady beside her.

The old lady had long been sizing Su Yi up. On her rosy and kind face with a smile in her eyes, she said: A man of striking appearance. What a good young man with talent. Not only did you save Xi Wei, Shangguan Yu and the rest, but you were also able to subdue the Serene Void Brutal Heavenly Leopard and defeat Xiong Lie. My Ancient Spirit Village does not have such an outstanding young man like you.

Senior

Su Yi greeted the old lady while sizing her up without leaving any evidence. His heart was secretly in extreme shock.

There were seemingly no fluctuations of aura from the old lady, yet it indistinctly gave Su Yi an unfathomable feeling.

Instinct told Su Yi that this old lady was definitely not an ordinary person.

No need to be so polite. You seem to be younger than Xi Wei. How old are you? The old lady sized up Su Yi with kindness.

Replying to senior, junior is only a few months away from my 16th birthday. Su Yi counted the days. He had been in this world for almost sixteen years.

A few more months to 16

The eyes of the old lady had clearly moved. At an age not yet 16 and being at the Yuan Xuan Realm Second Grade, yet was able to defeat Xiong Lie and subdue the Serene Void Brutal Heavenly Leopard in the Demonic Xuan Realm Fifth Grade. How could she not understand what this represented?

Not yet 16 but you already have such achievements. As expected, you are indeed exceptional.

The old lady was not stingy with her praises and smilingly said to Su Yi: I already said that you dont have to be so polite. Senior here and senior there like a stranger. This old lady here is the village head of this Ancient Spirit Village. My first name is Cheng, given name Ya while I later followed my husbands surname. The people from the Mighty Bear Tribe and Hunting Tiger Tribe call me Shangguan Cheng Ya. Since you are about the same age as Xi Wei, why dont you call me grandma too.

Greetings to Grandma Shangguan. Su Yi could hardly contain his shock. It turned out that this old lady was actually the village head of the Ancient Spirit Village.

Today is coincidentally the grand event that comes once every ten years for the one village and two tribes. Additionally, the first round, was won by my Ancient Spirit Village. Tonight, there will be a small celebration ceremony. You are the benefactor of my Ancient Spirit Village, and an esteemed guest of my Ancient Spirit Village. Our win this time is also because of you, so you must join and also meet with everyone else. There are many people in the village, but everyone is curious about such a young hero like you. Shangguan Cheng Ya stated.

This

Just go. Many people want to meet you too. Shangguan Xi Wei flashed a smile towards Su Yi, interrupting his words.

Okay. Su Yi nodded his head. Since he was here, he might as well stay and make the best out of it.

I also want to go.

Su Tian Que tucked its tail and ran out while flapping its meat wings as it was truly afraid that Su Yi, would leave it behind.

Chi chi

When she saw Su Tian Que, there was a glow that flashed past within Shangguan Cheng Yas eyes. There were surprise and suspicion in her eyes, but she did not voice it out.

Lets go together. It has been such a long time that the village was so lively. This old lady will also go and take a look. Afterward, the body of Shangguan Cheng Ya stood straighter as the smile in her eyes overflowed.

The square of the Ancient Spirit Village, was brightly lit as many bonfires burnt ragingly. Many beasts were being roasted on top as the aroma assailed the nostrils.

The top of some of the stone piers, was filled with fresh fruits and delicious wine.

Hehe

Many young children that just started to walk were running around the bonfires, chasing after some of the older brothers and sisters.

Shangguan Hou Yu this brat is only six years old, yet he can already lift over 100-kilograms. Back then, when Shangguan Chen Feng was six, it was also nothing like this!

Shangguan Qi this little girl is only seven, yet she is not that simple too.

The adults around the area glanced at those children with their faces overflowing with happiness and satisfaction.

Chapter 205: A Total Mess!

We have won the first round while the chances of winning the second round are above 60 percent.

As long as we can win the second round, we will directly win the competition!

A Scarlet Searing Raging Bear on the same cultivation level is hard to defeat the Serene Void Brutal Heavenly Leopard!

The winning today was the main topic for tonights celebration as everybody was talking about it.

Gradually as time passed, the people on the square was getting more and more crowded.

Brother Yi Su is too strong. Not to mention about the others from the Mighty Bear Tribe, even Xiong Lie is completely not his opponent and got humiliated badly.

A bunch of young men and young women were gathered together with Shangguan Yan, Shangguan Yu and the rest as the main while talking about the glorious deeds of how Su Yi defeated Xiong Lie.

Is that Yi Su truly that strong? The strength of Xiong Lie should be enough to be in the top five of the Mighty Bear Tribe, right? A young man questioned as though he had found it a little hard to believe.

That young man also only looked about 15-16 years old. It had to be, known that Xiong Lie was one of the best within the younger generation of the Mighty Bear Tribe, enough to be within the top five.

I also think that it is impossible. That Xiong Lie is not that easy to deal with.

Xiong Lie is at the peak of Yuan Xuan Realm Fourth Grade, right? He should be comparable to Sister Xi Wei. Is that young man truly that strong like what you have mentioned?

Some young men and women expressed their suspicions. After all, they had not seen it with their own eyes, so they found it hard to believe.

Defeating Xiong Lie in the peak of Yuan Xuan Realm Fourth Grade with the cultivation of Yuan Xuan Realm Second Grade. Shangguan Yu, and Shangguan Yan, you guys are speaking randomly and talking nonsense. If it is like this, then back when Brother Chen Feng is at Yuan Xuan Realm Second Grade, he also could not defeat someone from the Mighty Bear Tribe at the peak of Yuan Xuan Realm Fourth Grade. Furthermore, Xiong Lie is one of the best from the Mighty Bear Tribe and have cultivated the [Mighty Desolate Verse].

A young man about the age of 17-18 years old that when compared to Shangguan Yan, Shangguan Ye, and Shangguan Yu, he was even more matured while, wearing long robes and appearing unbelievable graceful.

He also did not believe in what Shangguan Yu, and the rest had said as that was an unquestionably impossible matter.

Even Brother Ming Hou also do not believe!

Many young men and women glanced at the young man while they became even more doubtful.

Shangguan Ming Hou, what we said is the truth. Shangguan Yu and the rest had firmed eyes.

Some matters have to be witnessed with their own eyes, not by echoing the views of others. Shangguan Ming Hou spoke with a sharp gaze and an impressive presence.

What Brother Ming Hou said make sense. Many young men and women nodded their heads. With the third ranking in the younger generation of the Ancient Spirit Village, Shangguan Ming Hou had many followers.

What we said is truly the truth. Shangguan Yan and the rest felt very helpless and wronged. They also could not say that the Serene Void Brutal Heavenly Leopard, was actually subdued by Su Yi as they had already announced to the outside that the Serene Void Brutal Heavenly Leopard, was apprehended by Shangguan Xi Wei.

Quickly look, the elders have come!

All of a sudden, there was a commotion at the front as many elders, middle-aged men and women came over. Their eyes were as bright as the stars while Shangguan Qing Ming was also within that group.

Greeting to elders!

Many people greeted with their hearts filled with respect. All these were the villages strong cultivators and elders.

Today is deserving to be happy. Everyone should celebrate it.

There were elders with smiles in their eyes as they made everyone to forgo formalities and celebrate.

The village head has come.

On the square, someone had spotted Shangguan Cheng Ya.

Village head!

Village head granny!

Suddenly, the square began to boil up as the villagers did not expect that the village head would actually come while all of them rushed forward to welcome her.

So lively!

Su Yi could see from afar that at the front, was densely crowded with people with the brightly lit bonfire. It was exceptionally lively.

Everyone go and enjoy yourselves. Shangguan Cheng Ya had a face full of kindness as she made the surrounding children that had gathered to play.

Brother Yi Su.

Shangguan Yu, Shangguan Yan and the rest saw that Su Yi had come and instantly squeezed into the crowd to reach his side.

Yi Su, come. I will introduce some of the elders of the village to you. Shangguan Cheng Ya stated as she wanted to introduce some elders to Su Yi.

Greeting to senior. Su Yi bowed to each one of them while his heart at the moment was incomparably shocked.

This village was too terrifying. The number of strong cultivators was like clouds. Just by the auras of the Yuan Void Realm alone, Su Yi could sense many of them on the scene.

There were even some auras that were unfathomable, causing Su Yi to be unable to snoop it out.

A man of striking appearance! Young one, you have a promising future!

The elders from the Ancient Spirit Village were all very kind without airs on them as they nodded and smiled towards Su Yi.

My good nephew, Yi Su, come and try our best wine in the Ancient Spirit Village. Only at an important occasion will there be a chance to taste it. Shangguan Qing Ming smiled as he pulled Su Yi towards the square.

Haha, we can finally drink wine

Shangguan Yan, Shangguan Yu, and the rest were very excited as they usually did not have the chance to drink wine.

Roasted meat and spirit fruits

Su Yi walked to the square with curiosity. At the moment, there were many roasted meat and spirit fruits in the square.

All these were hunted by the village. Eat more of these beast meats as it can strengthen your body and have great benefit for your cultivation. These spirit fruits are also not that simple as there are also benefits to eating them.

Shangguan Qing Ming helped solved Su Yi's doubt. With a face of smiles, after he made Su Yi sit on a stone pier, he lifted the wine jar and poured out a bowl of delicious wine.

The wine was crystal-cleared, emerging with a faint milk color. At the same time that it was spreading the aromatic smell of the wine, there was also the fragrance of herbs emitting.

Glancing at Su Yi, Shangguan Qing Ming said while smiling: The best is this Hundred Fruit Wine which used more than a hundred spirit fruits and Spiritual Herbs to infuse and then buried under the ground for hundreds of years to brew. After drinking it, you will be able to know the benefits!

It is definitely a treasure!

Su Yi's expression changed. He could already smell the aroma of the wine and the fragrance of herbs. He was not embarrassed and polite as he held the big bowl, instantly drinking it.

The wine was mellow while the fragrance of herbs assailed his nostrils. It went down his throat sweet yet a little burning.

After a mouthful, Su Yi could abruptly feel that the energy of the wine was spreading inside his body, making his body warm and had an indescribable comfort.

Good wine!

Su Yi was amazed. This wine was much better than Xi Wu Qings wine from previously. It was definitely a treasure.

Haha, then drink more. This wine is very troublesome to brew. Shangguan Qing Ming looked at Su Yi's astounded face and laughed loudly.

Brother Yi Su, we will accompany you to drink!

Shangguan Yan, Shangguan Yu, and the rest had long could not bear it as they quickly held their bowl and poured the wine.

Little brats, today I will allow you guys to drink. Shangguan Qing Ming smiled as his mood was remarkably good.

Come, Brother Yi Su, eat meat!

Afterward, Shangguan Yan, Shangguan Yu and the rest took many roasted meats over as they surrounded the stone pier to accompany Su Yi to pig out.

Currently, all the villagers in the area had gathered together as they drank and ate meat.

Eh, where is Su Tian Que!

Suddenly, Su Yi felt something amiss as Su Tian Que that fellow had actually disappeared.

Quickly look, a chicken that can talk!

Ya ya, this chicken knows how to talk, so fun!

This chicken is so strange. It will definitely taste great when it is roasted!

You bunch of wimpy kids, Great Uncle, I, am not a chicken. You guys get lost. Quickly get lost or else Great Uncle, I, will beat your buttocks!

Brats, don't pluck my feathers

Ah, save me

Afterward, Su Yi finally found Su Tian Que.

Chapter 206: Terrifying Village

At the moment, for an unknown reason, the square had become a total mess.

A bunch of children were surrounding Su Tian Que, placing it in the center as all of them were curious, trying to grab Su Tian Que.

Poor Su Tian Que only wanted to steal meat to eat, but at the moment, it was surrounded by a bunch of wimpy kids as it jumped around trying to escape, yet it got caught by some wimpy kids like the newborn calves not afraid of tigers while its feathers were also plucked out. Then it finally managed to get away.

Help.

Su Tian Que felt very helpless while it kept flapping its short and featherless wings, escaping towards Su Yi as it was scared of those wimpy kids.

Such a scene made the entire people at the square to be stunned.

A chicken that could speak the human language, it must be a strong beast at least in the Demonic Void Realm, yet this chicken did not seem like it

Su Tian Que fled to Su Yi's side as it tucked its tail while feeling very speechless and helpless.

Brats, all of you behaves.

The bunch of wimpy kids did not give up and chased after Su Tian Que until Shangguan Yan, and Shangguan Yu spoke and chased them off.

Give me some to eat. It smells so delicious.

Staring at the meat in Su Yi's hand, Su Tian Que did not stand on ceremony and directly snatched it. Even the delicious wine was not spared, making Shangguan Qing Ming at one side to be flabbergasted.

Is this really a chicken

Shangguan Qing Ming was slightly stunned as he was very puzzled.

Brother Chen Feng has come!

Within the crowd, people were loudly cheering as a young man in a white robe with sword-like temperament had come over. It was precisely the first rank of the younger generation in the Ancient Spirit Village, Shangguan Chen Feng.

Brother Chen Feng!

Many young men and women went up and surrounded him. As the leading figure for the younger generations of the Ancient Spirit Village, Shangguan Chen Feng definitely had a charisma to the younger generations.

Shangguan Chen Feng slightly smiled as he greeted everyone and bowed to the village head and the elders at the scene.

Su Yi also saw Shangguan Chen Feng, but he only lifted his head and took a glance before continuing to chow down on the roasted meat while drinking the Hundred Fruit Wine.

Delicious, too delicious. What kind of wine is this? So tasty! Don't snatch what's mine. There is still more next to you! Su Tian Que hugged a big piece of meat and a jar of wine in its wings not letting

them go, forcefully seizing it and not giving anyone else. That sort of appearance made people to unbearably laughed.

The surrounding people were all curious and secretly sized it up.

Nonetheless, there was honestly nobody that snatched with Su Tian Que.

After all, once word got out that they had snatched a food with a chicken, it was also not good.

Everyone please listen to me for a second.

All of a sudden, the voice of village head, Shangguan Cheng Ya traveled over from the top of a towering stone stand as it gently flowed into the ears while clearly landed into everyones ears in the square.

Su Yi also raised his head and looked over, only to see that the village head, Shangguan Cheng Ya, was standing on a stone stand as she glanced at the villagers with smiles on her face and said: This time the competition that occurs once every ten years, my Ancient Spirit Village has won the first round. It was something worth celebrating. In addition

Her words abruptly paused as the village head, Shangguan Cheng Ya glanced at Su Yi.

Sha sha

Following the gaze of the village head, the gazes of all the villagers also simultaneously landed onto Su Yi.

Shangguan Cheng Ya smiled at Su Yi and announced: Today, my Ancient Spirit Village has an esteemed guest called Yi Su that came from the outside. Thanks to his help, Xi Wei can come back safely. And also because of him, we had managed to win the first round. Here, this old lady will represent the Ancient Spirit Village to thank you.

You flattered me. Su Yi got up, not daring to be impolite in front of a kind old lady.

I heard that this Yi Su is very mighty and had defeated Xiong Lie!

He seems to be quite young. He actually could defeat Xiong Lie?

Within the surrounding crowd, people were softly discussing with full of curiosity while many gazes were curiously sizing up Su Yi.

Okay, everyone can now resume celebrating. Shangguan Cheng Ya spoke.

My good nephew, Yi Su, come and lets drink.

Shangguan Qing Ming once again reached Su Yis side, drinking wine with him.

Little brother Yi Su, no need to stand on ceremony and drink more.

Following after, many villagers came forward and were very friendly to Su Yi.

It was difficult to refuse such kindness, hence Su Yi was not polite as he kept drinking.

Some young men had also come forward curiously while greeting Su Yi.

There were even some daring young women that had also come forward. With a straightforward personality, they chattered with Su Yi as if they were curious about everything outside.

Perhaps it was because he had drunk too many of the Hundred Fruits Wine, Su Yi gradually became loosened up as he became friends with some of the youngsters.

Oh..

Good job, not bad!

A moment later, in the middle of the square, a lively uproar of shouts traveled over with a deep, and low sound of an explosion.

Su Yi lifted his head and looked over. The densely packed figures had formed a big circle in the square as two young men with similar ages at around 12-13 years old, were battling against each other intensely.

The ages of the two young men was not old, but their strengths were extraordinary as they exchanged fists with the vigor and vitality of the tiger as though like a fight between a dragon and a tiger.

On such a celebration, it is a tradition for the younger generation to spar. It can be considered, as reviewing your own strength while the winner can also get a prize from the village!

Shangguan Yan followed Su Yi's gaze and said in Su Yi's ear: If you are interested, you can also go up the square and try.

I will pass.

Su Yi smiled. However, he was interested in the two young men that were fighting.

Looking at the auras and the attacks of the two young men, their cultivation technique and martial art technique were exceptional. What was the origin of this village that was the heaven of peace and happiness? It made Su Yi be more and more curious about it.

While they were talking, the winner, had already been decided for the match.

The two men were actually relatively equal in strength with exceptional performance, making the elders in the village to keep praising them.

Later, another young man went up.

This time, it was a man and a girl. Their performance was also exceptional. After dozens of rounds, the young girl won the match by a notch.

Su Yi watched as he ate meat and drank wine.

On the other hand, Su Tian Que gobbled like the wolves. Its small stomach was like a bottomless pit as though it could stuff down countless of roasted meat and Hundred Fruits Wine.

There were still young men and young women continuing to battle as the atmosphere gradually rose to the peak while the cheers were endless. Shangguan Yan, Shangguan Yu and the rest had also crowded over.

However, Su Yi was getting more and more shocked. This village was too terrifying. The ages of these young men and young women were not that old, yet their gifted talents were not that simple.

Once again, there was another round of battle. The two young men were tied as they were neck to neck.

Following as these two young men went up, there were still many young men at the bottom that were itching to have a go and high spirited.

Suddenly, within the crowd, an extraordinary youth went up.

The young man had an appearance of 17-18 years old while wearing a long robe. His figure was tall, and his face was quite handsome, especially his eyes that were sparkling with delicate light.

It is Brother Ming Hou!

Shangguan Ming Hou!

Many people on the scene, even the elders in the village were surprised when they saw the young man going up.

The surrounding youngsters that were formerly itching to have a go abruptly stood back.

Chapter 207: Accept The Challenge!

That was Shangguan Ming Hou, ranked third within the younger generation of the Ancient Spirit Village, only below of Shangguan Chen Feng and Shangguan Xi Wei.

Except for Shangguan Chen Feng and Shangguan Xi Wei, there was no one else in the younger generation that was the opponent of Shangguan Ming Hou.

At this moment, all of the gazes of Shangguan Xi Wei, Shangguan Chen Feng, Shangguan Cheng Ya and the rest, also landed onto Shangguan Ming Hou.

Under the gazes of everyone at the scene, within the calm expression of Shangguan Ming Hou, there was also some sharpness while he was light on his feet as he walked casually up to the field. That slender and tall figure was like a long sharp spear!

Brother Ming Hou is going to challenge Brother Chen Feng or Sister Xi Wei?

Some youngsters softly discussed. With Shangguan Ming Hous strength, he could only challenge Shangguan Chen Feng or Shangguan Xi Wei.

Su Yi stood on the stone pier as he looked through the densely packed crowd and also sized up Shangguan Ming Hou. His heart quivered as he could feel that the aura on the young man was extraordinary. Most likely, he was not that much weaker than Shangguan Xi Wei, but his age was not as old as Shangguan Xi Wei.

Looks like it is going to be a little lively.

Some elders at the scene were slightly stunned when they saw Shangguan Ming Hou went up. Then, their faces revealed smiles as they were quite looking forward to it.

All of the people were looking forward as they wanted to know whether Shangguan Ming Hou was going to challenge Shangguan Chen Feng or Shangguan Xi Wei.

Regardless of who Shangguan Ming Hou wanted to challenge, it would definitely be an exciting battle!

Village head granny, can I ask, if I can randomly seek for anyone to battle today?

After Shangguan Ming Hou glanced one round around the surrounding under the watch of everybody, he then asked Shangguan Cheng Ya respectfully.

Listening to Shangguan Ming Hou's words, all of the villagers at the scene revealed expressions of uncertainty.

Shangguan Cheng Ya slightly smiled and nodded her head while replying: Of course, it is also alright if you want to challenge the elders in the village as long as the person you challenged also agrees to it.

Then, I understand.

Shangguan Ming Hou nodded to the village head granny. Afterward, he turned his body around as the sharp eyes were presently emitting a glow, directly looking towards a direction.

The crowd moved as they followed along Shangguan Ming Hou's gaze and looked over.

The crowd even automatically split open a road as series of gazes landed onto Su Yi.

Su Yi was currently watching the scene when he abruptly felt the gaze of Shangguan Ming Hou on the field, landed onto him and directly stared at him. He was clearly prepared for it and had come prepared.

It's him

Can it be that Brother Ming Hou wants to challenge Yi Su that has come from the outside?!

Someone softly mumbled as they were surprised.

Shangguan Ming Hou wants to challenge Brother Yi Su?

Shangguan Yu, Shangguan Yan, and Shangguan Ye glanced at each other.

Someone is seeking humiliation for himself!

Then, within the gazes of the three people revealed smiles of malicious intentions.

Su Yi stood on the stone pier while he was still chowing on the beast meat in his hand. His heart involuntarily became stunned when thousands of gazes looked over.

The sharp gaze of Shangguan Ming Hou landed onto Su Yi as he directly spoke: I heard that Sir had defeated Xiong Lie of the Mighty Bear Tribe, so with your strength, you should be able to fight with me. I, Shangguan Ming Hou, want to ask for guidance from my Ancient Spirit Villages esteemed guest. Of course, you are the esteemed guest of my Ancient Spirit Village. If you don't have the courage to accept, you can reject it.

Shangguan Ming Hou stated that he was asking for guidance, but in actual fact, he wanted to testify and confirm.

Shangguan Ming Hou also did not say challenge as he deemed that the other party did not have the strength to obtain his challenge.

Looks like Shangguan Ming Hou had come prepared!

The elders of the Ancient Spirit Village at the scene could understand his intentions, but they did not stop it while there were still smiles on their faces.

Series of gazes also curiously glanced at Su Yi. They also wanted to know if this young man really had the ability to defeat Xiong Lie like the rumor.

Shangguan Cheng Yas face was calm as usual while there was always a faint smile in her eyes.

Following as Shangguan Ming Hous words had landed, the eyes of the group of youngsters stared even more closely onto Su Yi with expectations and suspicions.

His age does not seem to be old. I also do not believe that he has the strength to defeat Xiong Lie!

Brother Ming Hou is going to fight. Whether it is true or fake, we will immediately find out!

Just not sure whether that Yi Su will dare to accept the challenge or not!

Within the crowd, someone softly muttered.

Su Yi glanced at Shangguan Ming Hou. He did not say anything, but in his heart, it was somewhat laughing bitterly.

Sir, you can also reject it. Once you reject it, I will immediately get off the field. Seeing that Su Yi did not say anything, Shangguan Ming Hou looked at Su Yi and said.

On Shangguan Xi Weis face, there was also a bitter smile as she felt very helpless.

She knew that Shangguan Ming Hou was doing it on purpose. If Yi Su really rejected him, then in the future, he would not be treated as an esteemed guest in the Ancient Spirit Village anymore.

With the tradition of the Ancient Spirit Village, if one did not dare to accept the challenge at such a grand affair, not only was it an act of a coward, it was also a humiliation that could not be wiped off in ones entire life.

Big brother, that fellow seems to want to challenge you. Su Tian Que hugged the wine jar. Its small eyes did not even look at Shangguan Ming Hou once as he only cared about drinking wine and eating meat.

Hehe

Su Yi faintly smiled while he threw the remaining meat in his hand to Su Tian Que. Then slightly lifting his head, he faintly smiled and responded: Okay, I will accompany you to play!

Su Yi knew that he could no longer hide and there was also no need to conceal.

In this world where strength was respected, it was the same for this terrifying village too.

Su Yi understood that if he did not accept the challenge today, in the future, there would be no position for him anymore in this village.

Swoosh When his words landed, Xuan Qi surged under Su Yis feet as he stepped on the stone pier while his figure abruptly leaped down, landing before the people.

Within the crowd, a path, was already created as Su Yi strode to the field.

The surrounding gazes were slightly stunned before they immediately got excited.

Hehe, someone is going to get humiliated!

Shangguan Yan and the other two giggled as they sat properly, awaiting for a great show to start.

After all, they were the ones who knew Su Yis strength the best.

From the beginning, Shangguan Ming Hou had not believed in it. Now, he still sought for humiliated, so naturally, they would be glad to watch the fun.

Brother Ming Hou, go for it!

Brother Ming Hou will definitely win!

Following as Su Yi got on the field, the surrounding youngsters started to cheer for Shangguan Ming Hou.

Ultimately, this was the Ancient Spirit Village, so most of them hoped that Shangguan Ming Hou could win.

Looking at Su Yi that had come over, Shangguan Ming Hou sized up the skinny young man before him. On that handsome face, his gaze revealed some smiling intent while the sharpness did not diminish as he said: It is already out of my expectation that you will accept the challenge. However, even if you are the esteemed guest of my Ancient Spirit Village, I will still not be lenient to you later.

Get on with it. Even if you give it your all, you are still not my opponent!

Glancing at Shangguan Ming Hou before him with a similar age as him while the atmosphere was now incomparably enthusiastic, as a youngster, the blood within Su Yi's body also uncontrollably began to somewhat boil up.

Chapter 208: What A Big Tone!

Hearing Su Yi's words, except for Shangguan Xi Wei, Shangguan Yan and the other two, everyone else was stunned. This Yi Su that came from the outside was seemingly much wilder than they thought.

Shangguan Ming Hou was even more startled and was briefly stunned. Then, the corner of his lips lifted in a cold smile as he glanced at Su Yi before him and softly spoke: Since you are so confident, then I will also be imprudent. But later, when you beg for mercy, I will still be softer. Now, you can strike first!

Following as the last word landed from Shangguan Ming Hou, a whiff of vigorous and firmed Yuan Qi emitted out from his body, causing his long robe to flutter.

The temperature in the square also suddenly became hot.

Fire element Yuan Qi.

Su Yi's gaze, was calmed as he remained unmoved. Looking at Shangguan Ming Hou, he faintly smiled and stated: Nevertheless, you will strike first while I will let you two moves!

What a big tone

Letting two moves to Brother Ming Hou, this tone is too big. Even Sister Xi Wei also does not dare!

The moment when Su Yi's words had landed, the surrounding was in an uproar.

Some of the expressions of the villages strong elder cultivators also changed. This tone was unlike typical and was too wild.

Shangguan Xi Wei's complexion secretly moved as her eyes glanced at Su Yi. At the moment, she was also surprised as the young man today seemed to be different from usual.

Shangguan Ming Hou stared at Su Yi as the corner of his eyes started to unbearably twitch twice. As though he was enduring the anger in his heart, he looked at Su Yi and nodded his head while softly answering: Fine. You are the guest that came from afar, so I shall do as you wish.

When the last word fell from Shangguan Ming Hou, the scorching aura in the square abruptly fluctuated while the long robe fluttered on his figure, seemingly leaving behind a series of afterimages as he instantly pounced towards Su Yi.

When Shangguan Ming Hou's body moved with afterimages, a glimmered also sparkled out in Su Yi's eyes.

The guest must accord with what the host likes!

At the same time, when the words fell from Su Yi, Xuan Qi surged under his feet.

Crack

Shangguan Ming Hou's figure emerged with speed akin to lightning. A fist detonated out and directly landed onto Su Yi's chest.

At this instant, many youngsters in the surrounding revealed smiles. That Su Yi had a big tone, but it turned out that he had actually collapsed at the first blow.

In contrast to that, presently, the elders and strong cultivators of the Ancient Spirit Village had astonished gazes as they were secretly shocked.

Shangguan Ming Hou's fist blasted out. When that fist landed onto Su Yi's chest, that originally indifferent expression became shocked and his pupils shrank.

From Shangguan Ming Hou's vision, that skinny yet straight figure before him, was seemingly blasted into pieces, yet there was no splatter of blood.

Afterward, that skinny yet straight figure gradually emerged clearly before his eyes at several zhang away, perfectly fine.

Eh

Many youngsters that were initially happy before, their expressions were instantly replaced with shock.

What a fast speed. It is an exceptional wind element martial technique!

An elder of the Ancient Spirit Village revealed a delicate glimmer in his eye as he saw through the action, concluding that Su Yi's movement was not simple.

Let's see how fast you are!

Seeing that his attack had landed onto nothing, Shangguan Ming Hou suffered a setback. His complexion abruptly became cold while he quickly condensed a hand seal. The Yuan Qi beneath his feet were like tides as he pounced towards Su Yi. Simultaneously, fire element Yuan Qi covered his palm as a crimson palm print condensed.

Fiery Tian Lou Palm!

After a deep roar, the hand seal on Shangguan Ming Hou kept shooting out seemingly transforming into densely packed palm prints that hovered towards Su Yi.

That was Fiery Tian Lou Palm, one of the ultimate skills of Shangguan Ming Hou which was long cultivated by him until proficient. Currently, combining with his vigorous and firm Yuan Qi, it was like adding wings to the tiger when it was executed, with exceedingly strong might.

Densely packed palm print hovered towards Su Yi, enveloping Su Yi from all around.

In a short instant, the densely packed palm prints seemingly enveloped Su Yi's body from everywhere as the area around him was all scorching hot palm print.

The ultimate skill of Brother Ming Hou. This Yi Su is going to lose!

Seeing that Shangguan Ming Hou had used his ultimate skill in his second move, the eyes of the surrounding youngsters had excitement emerging in them.

Crack

Su Yi's footsteps shockingly moved as Yuan Qi surged. He was not careless when facing against those densely packed palm print while his body traversed and retreated within them, appearing in a very critical state yet coincidentally avoided it.

Bang bang bang

All of the palm prints landed onto nothing as though inciting a chain reaction in the air as it kept exploding.

The scorching heat aura swept out, shaking the surrounding as though the ground was moving and the mountain was shaking while the entire square quivered.

When the last palm print landed onto nothing, Su Yi's figure once again retreated as his robe lightly fluttered and his hair softly danced. The saber and sword crossed behind his back did not move a single bit.

Seeing that Su Yi was once again safe and sound, the surrounding atmosphere became silence without reason.

When Shangguan Ming Hou's two-moves had landed onto nothing, it made those youngsters that looked upon him to feel that it must be either luck or coincidental.

At the center of the square, Shangguan Xi Wei did not find it strange as within the calmness of her eyes, there was some intention of smiles.

Alternatively, at the moment, the eyes of the village head, Shangguan Cheng Ya, had light shining in them as though she had an interest while watching the field.

Brat, what capability is there by depending on dodging. If you have the ability, then let's face each other head-on!

Shangguan Ming Hou tightly stared at Su Yi with an ugly expression.

Shangguan Ming Hou could feel that the brat's speed was definitely not ordinary, meaning that he was relying on his speed and martial techniques to dodge.

It is not avoiding but letting you!

Su Yi slightly lifted his head and glanced at Shangguan Ming Hou. He faintly smiled and said: Two moves have passed. Then the guest shall accord with what the host likes. Let me see how strong you are!

If you have the ability, then decide the win in one strike!

Shangguan Ming Hou deeply roared while both of his hands shook. Tightly clenching his fists, the Yuan Qi in his body was currently surging all-out. The cultivation of Yuan Xuan Realm Fourth Grade was also emitted out without reservation.

Boom!

Scorching heat aura exploded. At this moment, Shangguan Ming Hou gave his all as vigorous and firmed Yuan Qi along with burning fire element made the temperature of the entire square to rise.

Series of hand seals condensed while at the moment, Shangguan Ming Hous eyes had also become crimson. The surrounding Yuan Qi condensed in his hand like the fluctuations of the raging tides.

Brother Ming Hou is using his most powerful hidden card!

Glancing at Shangguan Ming Hous movement, the faces of the youngsters on the scene shockingly changed while their eyes also exceedingly changed.

Yi Si, if you have the capability, then take my Ablazing Fluming Fist!

The cry landed, and in a short instant, Shangguan Ming Hou had successfully condensed the hand seal as a vigorous and firmed scorching hot Yuan Qi converged in his fist. Then, his arms shook with a whiff of burning aura like the tide while a strong raging wind tore through the air and a fist directly detonated towards Su Yi.

Ming Hou has improved a lot recently. The Ablazing Fluming Fist, has a frantic might and adding on to the other techniques he had cultivated, it is like adding wings to the tiger. He should be able to contend against a cultivator in the peak Yuan Xuan Realm Fourth Grade!

An elder in the Ancient Spirit Village revealed an approving gaze. Shangguan Ming Hou with the existence of the top three among the young generation in the Ancient Spirit Village was definitely not an unearned reputation.

At a corner of the crowd, Shangguan Chen Feng looked at Shangguan Ming Hous fist with a grave expression as he kept an eye on the field.

Chapter 209: Defeated In One Move!

So what if I take it!

Su Yi shouted loudly with Yuan Qi as it resonated around the square.

From coming out of the City of Man to currently this Ancient Spirit Village that separated from the world, Su Yi could be said to have been hunted down and always hiding around.

And this time when facing against Shangguan Ming Hou, Su Yi had exploded.

It was a real verification. If he could not defeat Shangguan Ming Hou in one move, then he should not think about stepping into the Sacred Mountain or wanting to take revenge against the Black Fiend School.

Boom!

As his words fell, a scorching heat aura erupted from within Su Yi's body while at the same time, a frightening burning aura turbulently surged, shaking the entire square.

Following as Su Yi's arm shook, fire element Yuan Qi was fluctuating as though his palm had emanated a naked flame. The scorching hot aura caused the surrounding air to seemingly burn up.

This scorching heat aura was evidently much hotter than the former, causing people's skin to sting and hairs to raise!

Shangguan Ming Hou's fist had already reached the empty space before Su Yi.

Crack

Afterward, when the fist was about to land onto Su Yi's chest, Su Yi's palm also struck out with the same fire element Yuan Qi raging wind while colliding onto that fist with speed akin to lightning.

A fist and a palm clashed while a whiff of terrifying and raging wind abruptly surged out with a horrifying scorching heat aura.

Ka ka

On the floor of the field, cracks rapidly spread out from their feet as some of the gravel instantly turned into dust.

Such a clash had made the strong cultivators and the elders of the Ancient Spirit Village on the scene to have glistening eyes.

A strong cultivator was already on the move. Using Yuan Qi as a barrier, it isolated the space between the battle of the two young men.

Silently, the surface of Shangguan Ming Hou's body had Yuan Qi spilled out, forming into a Yuan Qi shield and covered his entire figure. The scorching hot Yuan Qi on his fist was currently charging towards Su Yi while the corner of his mouth lifted in a cold smile as he chillingly stated:

Contending head-on, you won't be

Following as the former coldly smiled, the corner of Su Yi's mouth was also lifted in a faint smile as he softly muttered: Explode!

When Su Yi's words landed, it was as though from within his palm contained a whiff of frightening scorching hot air current that was shrinking and then swelled which in the end, directly exploded open like a bomb

Rumbling

The explosion rang like thunder while an aura like a small volcano exploded out. The air current was like a tiny tornado wind storm surging through with monstrous raging wind.

Whoosh

The monstrous scorching raging wind was like a big turbulent wave as it blotted out the sky and covered the ground, turbulently howling inside the square.

If it wasn't for the strong cultivator in the Ancient Spirit Village that had seen through the signs and isolated them, many people on the surrounding would be affected by the ripples now.

Pu

Almost at the same time, before Shangguan Ming Hou's word could land, his fist shook, and his complexion instantly became as white as paper. Then, his body flew out like a kite that had its string snapped while the Yuan Qi shield on his body cracked into pieces and blood directly spurted from his mouth.

Thump

Shangguan Ming Hou crashed onto the square while the surrounding howling scorching raging wind also instantly calmed down.

The entire square had already unknowingly become a dead silence.

Series of gazes glanced at Shangguan Ming Hou that had crashed and then looked towards the skinny young man that was currently in the field.

Hu hu

Many gazes became dumb like a wooden bird while the sound of someone sucking in cold air emanated out from their throat.

It seems he still has some reservations. That Yi Su is not simple!

On the square, the elders and the strong cultivators of the Ancient Spirit Village revealed astounded gazes.

Many strong cultivators and elders could not return to their senses.

Shangguan Ming Hou at the Yuan Xuan Realm Fourth Grade while also being older than the young man by a few years, was instead defeated like this.

Strictly speaking, he was defeated in just one move.

Most importantly, the eyes of these strong cultivators and elders of the Ancient Spirit Village were all very sharp. How could they not see that the young man called Yi Su, had seemingly not used his real strength or at least, had not gone all out? That was the most frightening part.

Su Yi stood at the field while his hair flew around and danced. Unknowingly, a whiff of overbearing and majestic air emitted out.

The surrounding youngsters that were initially rooting for Shangguan Ming Hou were now silent. The shock in their eyes could not return to normal after a long time.

Seeking humiliation for himself!

Shangguan Yan, Shangguan Yu, and Shangguan Ye were not surprised with the result as everything was within their expectations.

They knew even more distinctly that if it wasn't for the latter purposefully giving him face and letting him two moves, Shangguan Ming Hou would not be able to have the chance to cast one strike.

Back then, the Serene Void Brutal Heavenly Leopard in the Yuan Xuan Realm Fifth Grade was also defeated by Yi Su with that strong might. Shangguan Yan and the rest could still recall it vividly in their minds.

In the middle of the square, the village head, Shangguan Cheng Ya revealed a smile on her face which then returned to being calm.

Shangguan Ming Hou climbed up and wiped the bloodstained on the corner of his mouth. The gaze in his eyes was looking at Su Yi with unbearable shock in his heart.

Shangguan Ming Hou found it hard to accept that he had actually collapsed at the first blow and was defeated, in just one move. The previous two strikes were obviously Yi Su letting him.

With the existence of being the top three among the young generation of the Ancient Spirit Village, his status had always been high among the young generation, but right now he had gotten defeated this badly which was hard for him to accept.

However, the fact had already been placed before his eyes, that he was indeed defeated.

Moreover, Shangguan Ming Hou could feel that the other party still had some reservations. Otherwise, he would be, defeated even terribly!

While tightly gritting his teeth and under the watch of everybody, Shangguan Ming Hou took a deep breath as he stared at Su Yi. With some unwillingness and a little shock, his gaze was a little perplexed, but he also admitted the truth while declaring: I have lost. I should not have doubted that you do not have the ability to defeat Xiong Lie. Will the esteemed guest please forgive my rudeness!

Brother Ming Hou has admitted defeat!

Looking at Shangguan Ming Hou, even though some of the youngsters had clearly seen with their own eyes that he had lost, they still felt a little unbelievable when hearing it from Shangguan Ming Hous mouth.

You are too polite. I am just lucky.

Su Yi faintly smiled. He did not expect that this Shangguan Ming Hou could take it up and put it down.

Win means win. My strength is not as good as you!

Shangguan Ming Hou was very firm. He had lost meant that he had lost. Being bashful about it was not his character.

Fine, then I will concede! Su Yi laughed.

Shangguan Ming Hou, you are now convinced, right? We already told you earlier, but you dont believe in us! Shangguan Yan and the rest walked over while teasingly said towards Shangguan Ming Hou.

I have to confirm it myself to naturally believe in it. If you guys are not convinced, then try and challenge me! Shangguan Ming Hou rolled his eyes towards Shangguan Yan and the rest.

Challenge you? We are not stupid. Why should we fight you when we obviously knew that we are not your opponent?! Shangguan Yu shook his head, not wanting to be humiliated.

Thats enough. Winning or losing a battle is a common occurrence. There is a human beyond another human and a mountain beyond another mountain. All of you must remember to work hard on

cultivating. You guys must definitely work hard on cultivation as you are the future of the Ancient Spirit Village!

The village head, Shangguan Cheng Ya spoke as her voice echoed in the entire square, landing into everyone's ear.

Yes, village head granny!

All of the youngsters nodded their heads while some of the children stood up with the arrogance of an elder as their expressions revealed full of yearning.

My good nephew, Yi Su, has allowed me to widen my horizon with his exceptional might!

Shangguan Qing Ming stepped forward and reached Su Yi's side.

Chapter 210: The Benefits Of The Hundred Fruits Wine!

It is only by luck.

Su Yi revealed a smile on his face while he was currently a little satisfied in his heart.

This time, the real verification was not done with a beast but with a cultivator.

With Shangguan Qing Ming's talent and might, it proved that the period of time he had forked out and spent on every sharpening had not been wasted and had gained.

Win means win. Do not be polite. It is a great chance to sharpen these brats.

Shangguan Qing Ming patted Su Yi's shoulder. With a more serious expression, he said: Follow me. The village head has invited you to discuss some matters with you.

Hearing this, Su Yi turned his head back and found that the village head, Shangguan Cheng Ya had unknowingly left the square and even Shangguan Xi Wei was also missing.

Su Yi nodded his head and followed after Shangguan Qing Ming.

Moments later, at the courtyard he was put up with, Su Yi saw the village head and Shangguan Xi Wei who had just left the square.

At the moment, on the scene, there were two elders and one middle-aged lady.

Su Yi had already greeted them beforehand in the square. These three were also the elders of the Ancient Spirit Village.

Presently, these people were sizing up the Serene Void Brutal Heavenly Leopard. Seeing that Su Yi had come, they lifted their heads and glanced at him.

Greeting to Grandma Shangguan and every elder. Su Yi came forward and slightly bowed.

Yi Su, the promise between you and Xi Wei, Xi Wei had already told me. There is no problem with everything, but I have to discuss some matters with you now. Shangguan Cheng Ya looked at Su Yi as she spoke.

Grandma Shangguan please say. Su Yi nodded his head and reckoned that this must be related to the Serene Void Brutal Heavenly Leopard.

Later, Su Yi found out that everything was like what he had expected. All of this was indeed related to the Serene Void Brutal Heavenly Leopard.

And of course, it was also related to the competition between the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe.

Like what Su Yi had been told earlier, the competition had three rounds.

The first round, based on the cultivation and the bloodline of the beast the juniors of aged 20 or younger of the Ancient Spirit Tribe, Hunting Tiger Tribe and the Mighty Bear Tribe had apprehended as a rule, they must choose the strongest or the one with a higher bloodline if they had the same cultivation level, as the winner.

For the second round, the winner was decided with the battle strength of the beast.

Typically speaking when the first round had won, the chances of continuing winning in the second round was more than 60 percent.

However, it was not definite, as with any situation, there might be an unforeseen accident.

From the previous competitions, there was no lack of defeats on the second round of real battle force of the beast that had won the first round.

The third round was the battle between the strongest of the younger generation between the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe.

With the winner that had the most wins as the standard, but what if when all of them had each won one round?

Then, there would be another additional round in the end, with the method of cooperation between the human and the beast where the last one who won would be the final winner.

The Serene Void Brutal Heavenly Leopard has won the first round and the second round, will be held seven days later. At then, Im afraid that both the Mighty Bear Tribe and Hunting Tiger Tribe will target the Serene Void Brutal Heavenly Leopard. Although the Scarlet Searing Raging Bear from the Mighty Bear Tribe and the Black Profound Demonic Tiger from the Hunting Tiger Tribe have slightly worse bloodline than the Serene Void Brutal Heavenly Leopard, under the same cultivation level, they are not too far off from it. Also, the Serene Void Brutal Heavenly Leopard still has severe wounds on its body, so the winner at that time will be hard to decide!

Shangguan Cheng Ya looked at Su Yi and continued: Therefore, the village had decided that in these seven days, we will take out some elixirs and medicinal herbs to make the Serene Void Brutal Heavenly Leopard recover while also trying as much as possible to improve the strength of the Serene Void Brutal Heavenly Leopard. You do not have to be responsible for the elixirs and medicinal herbs. Most probably, the Hunting Tiger Tribe and the Mighty Bear Tribe are also now trying with all of their might to strengthen the Black Profound Demonic Tiger and the Scarlet Searing Raging Bear. We cannot fall behind.

Of course, this is not a problem.

Su Yi unhesitantly nodded his head as this was a good thing.

Someone wanted to aid the Serene Void Brutal Heavenly Leopard while providing elixirs and medicinal herbs and not requiring him to be responsible. This sort of good thing, once he missed the bus, there would no longer be that shop.

If the Serene Void Brutal Heavenly Leopard can win the second round, then the condition that Xi Wei had promised you, the village will naturally uphold it. Shangguan Cheng Ya nodded while saying.

Many thanks to Grandma Shangguan.

Su Yi was somewhat yearning. He had followed Shangguan Xi Wei to this heaven of peace and happiness, Ancient Spirit Village, all for the benefit that Shangguan Xi Wei had mentioned.

The second round is still seven days later. You can walk around in the village for these few days and find Xi Wei for anything. Shangguan Chen Ya said kindly. Then, she left with the elders from the village along with the Serene Void Brutal Heavenly Leopard.

In seven days, under the full support of the Ancient Spirit Village, the Serene Void Brutal Heavenly Leopard should be able to improve a lot. Shangguan Qing Ming patted on Su Yi's shoulders and then took his leave.

Inside the big courtyard, the moonlight was like silk while it enveloped a boy and a girl as the atmosphere unknowingly appeared to be a little awkward and quiet.

Are you still going back to the square? Shangguan Xi Wei pearly white teeth gently bit her lips as she broke the silence first.

Not going back.

Su Yi slightly smiled as he could vaguely hear the chattering noise from the square. However, at the moment he suddenly felt a little dizzy, seemingly as though he had drunk too much of that Hundred Fruits Wine and it had started to get to his head.

Smacking his head, Su Yi bitterly laughed and said: The after-effect of the Hundred Fruits Wine is truly quite strong.

The Hundred Fruits Wine is different from the rest. It has great benefit for Yuan Xuan Realm cultivators. You seem to have drunk quite a lot tonight. Quickly go and meditate as this is your first time drinking it, so the benefit of it will also be the greatest. Shangguan Xi Wei smiled radiantly. She had been observing him the entire night and seen with her own eyes that this fellow had drunk quite a lot of the Hundred Fruits Wine.

And for the first time drinker of the Hundred Fruits Wine, the benefits were also the greatest. The next time when they drank it again, the effect would get diminished with each time. That was also very normal as it was also the same for any treasures.

Like eating medicine, when the human body had the resistance to medicine, the effect of it would get worse.

Then I will be going back to my room.

Hearing that, Su Yi immediately returned to his room. Since it had a tremendous effect, then he naturally could not miss it.

It was also because of the benefits that Su Yi deliberately drank a lot of the Hundred Fruits Wine today.

Looking at Su Yi's appearance of hurriedly rushing back to his room as though there was nothing more important than cultivation, there was some astonishment in Shangguan Xi Wei's eyes.

Afterward, as if Shangguan Xi Wei was pondering about something, she only turns around and leaves after a moment with mincing and light footsteps.

Su Yi had returned to his room. Currently, he was at the Ancient Spirit Village, so he did not dare to casually summon out the mysterious space as he sat cross-legged on the bed.

Feeling that his head was getting dizzier and dizzier, the Hundred Fruits Wine he had drunk was slowly transforming into surging energy while traversing within his body.

The Hundred Fruits Wine was not as strong as Xi Wu Qings wine that he had drunk previously and was even gentler. However, right now, it was gradually becoming more and more violent. The after-effect was too overwhelming.

Initiating the Supreme Chaotic Yuan Technique, Su Yi started to refine the energy within his body.

Not long after, there was light twinkling around his body, wrapping his body around.

Inside the Ancient Spirit Village, the square was still bustling while there were still youngsters battling against each other.

But, with the fiery battle between Su Yi and Shangguan Ming Hou from earlier, the later battles could no longer make the surrounding crowd be that stimulated and acclamation.
