

## Sky&Earth 21

Chapter 21: Will it crash?

Among the candidates from the Song Family and the He Family, the only ones who made it into Sacred Mountain were Song Wu Qiu and He San.

While the Mo Family had Mo Bu Fan and a young girl around 13-14 years old passing the test, causing the upper echelon of the Mo Family to become overjoyed and the Head of the House had a constant wide grin on his face.

He San, Song Wu Qiu and Mo Bu Fan, these three people were all beaming and shaking with excitement after this test. They could all finally go to Sacred Mountain to see Liu Ruoxi.

Su Yi, you are dead meat this time!

Mo Bu Fan, He San and Song Wu Qiu, the three of them laid their eyes upon Su Yi. They would take good care of him later, considering it as a gift for Liu Ruoxi when they see her.

Finally, it was the Su Family's turn for the test.

On the platform, the Su Family upper ranks and Su Jing Ting began getting nervous.

Even though Sacred Mountain had seven open places for new disciples and currently there were only five who were qualified to enter Sacred Mountain, but the remaining two may not be for the Su Family.

Only those who had high enough talent could enter Sacred Mountain. If he or she does not have, then the open place would be invalid.

Other than this, if there were more than seven people who passed the test, then Sacred Mountain would choose only seven disciples from those who were qualified.

Su Yu, cultivation level of Refining the Void and Forming the Path. Metal, Earth, and Water, three Yuan Qi attributes which are chaotically conflicting with each other. Fine Grade Talent, but not enough to enter Sacred Mountain!

There were disciples from the Su Family who went up to test and had Fine Grade Talent, but still, they were not qualified to enter Sacred Mountain.

A few more disciples went up and the results were similar. The man from the Sacred Mountain failed all of them with his calm tone.

On top of the platform, Su Jing Ting, the Grand Elder and the rest of the upper echelon were all getting increasingly nervous. Only Su Wei and Su Yi were left.

Next, Su Wei!

Hearing the call from the man, Su Wei slowly walked up to the Yuan Testing Stone. His right arm was in a cast, so he could only lift his left hand and place it on the stone. Nervousness was clear in his narrow eyes. After taking a deep breath, the aura on his body exploded and Yuan Qi gushed out.

At this moment, the people from the Su Family were all brimming with anxiousness. Their eyes closely staring at the Yuan Testing Stone beneath the platform as they held their breath in wait.

Boom!

Three blinding colors of light shot out from the Yuan Testing Stone, red, black and golden. The aura of the stone shook the space around it.

As the light gushed out, the man beside the Yuan Testing Stone also slightly changed his expression and said, Su Wei, Yuan Soul Realm Third Grade. Fire, Earth and Metal, three Yuan Qi attributes. Commander Grade Talent!

Wow!

Commander Grade Talent, that's even better than Liu Yannis!

That's awesome! If a person has Commander Grade Talent, then his future is boundless and he will become one of the strong in the future!

The results came out and the crowd grew wild immediately.

Not bad. This Su Wei and Liu Yanni both have three Yuan Qi attributes, but the main attribute is Metal and there are still the fire and earth attributes which will not restrict each other. If he had been able to establish his Foundation Building on Sacred Mountain, though there would be some difficulty, entering King Grade Talent would not be impossible, Dharma Protector Wang explained why Su Wei and Liu Yanni, while both had three Yuan Qi attributes each and their age and cultivation were similar, but their talents differed by a grade.

The five elements complement each other as well as restrict each other. Su Wei's attributes complement each other, so his talent would naturally also be better.

But what was slightly regretful was that Su Wei had long since entered the Yuan Soul Realm. If he had established his Foundation Building Stage on Sacred Mountain, everything would be different.

With Sacred Mountain's resources, it was enough to raise Su Wei's talent again during his Foundation Building Stage. The Su Family's resources had no way to compare with Sacred Mountain.

This also signified that talent does not purely represent the cultivation level, the foundation was also equally important.

Congratulations Su Family!

Hearing the results, the big families all congratulated the Su Family while being jealous beyond comparison in their hearts.

In the coming days when Su Wei is at Sacred Mountain, I am afraid that I would need to trouble Dharma Protector Wang would need to take care of him, Su Jing Ting stood up and bowed to Dharma Protector Wang. His heart could barely contain his emotions of bliss and excitement. Commander Grade Talent, that was definitely not average.

The Su Family's upper ranks were all also elated, washing away their initial worries and anxiousness.

You are welcome. Su Wei's talent is not bad, his future is limitless, Dharma Protector Wang slightly smiled and was very polite to Su Jing Ting.

Su Wei's Commander Grade Talent was basically equivalent to King Grade Talent, his future was definitely limitless.

But at this moment, the youths from Sacred Mountain still did not make much of a fuss about this result. They only casually glanced at Su Wei.

But to the youths who were taking the test, they were astonished. Liu Yannis face also changed.

Beside the Yuan Testing Stone, on Su Weis face hung a smile, his eyes shone. Commander Grade Talent, he was destined to not be an average person.

After bowing to the man, Su Wei retreated. His eyes swept across the surroundings and fell upon Su Yi, coldness brewed in his eyes.

Yesterdays mistake was only at that moment. Commander Grade Talent, after entering Sacred Mountain, he would rise up. Who had the final laugh was still hard to say!

Last, Su Yi.

The mans voice appeared once again.

Su Yi is that jinx.

I heard that Su Yi defeated Su Wei yesterday, but I still do not know whether its the truth!

Impossible! I heard that Su Yi was a cripple on the path of cultivation!

Just now, how Su Yi crawled like a dog to get off the platform should already be enough to prove that he still is a piece of trash!

Hearing Su Yi these two words, the atmosphere in the place became unique as soft sounds of whispers traveled throughout.

On the platform, there were many different expressions on the faces of the respective upper ranks of the big families.

Liu Yuan Zong was seated down and looked at the stage below. A light flashed for a mere second in his eyes and disappeared as soon as it appeared, undetectable.

Rather, it was the beautiful lady among the youths from Sacred Mountain who was around 17-18 years old who looked curiously at Su Yi.

He is quite handsome, but sadly he is a perverted beast, such a pity!

Some girls looked from a distance away feeling a slight regret.

As Su Yi stepped forth, Su Wei, Mo Bu Fan, He San and Song Wu Qiu, four pairs of eyes followed his back closely.

Dong! Dong!

Su Yi arrived in front of the Yuan Testing Stone. Under the eyes of everyone, he was shifting his head from side to side examining the stone and asked the man beside him worriedly, Will this stone have any malfunctions or errors, what happens if it crashes?

Hearing Su Yis words, the mans face could not help but twitch.

On the platform, the faces of the upper ranks of the Su Family were not pleasant to see currently.

There were even some elders who felt like slapping Su Yi dead at that very moment and end all of this if not for the experts from Sacred Mountain.

This is the test of Sacred Mountain! This jinx was still not acting straight. If he offends Sacred Mountain, they would just go back and murder this jinx and end everything!

Do not worry, this Yuan Testing Stone is a treasure. There will be no errors!

Though the mans face cramped slightly, he still replied Su Yis question.

Treasure, then if I am able to enter Sacred Mountain, could this Yuan Testing Stone be given to me as an entrance gift? Hearing the mans words, Su Yis eyes lit up.

The man was stunned. This was the first time he met such a shameless person. He glanced at Su Yi and said, If you have Emperor Grade Talent, or even King Grade Talent, even though the Yuan Testing Stone is a treasure, but at that time if you want it, it would not be difficult to get it.

I see. Then its fine, I will begin my test.

Su Yi felt a slight pity, but hearing the mans words, his eyes lit up. Though that Yuan Testing Stone might be a treasure, it was still not to the point of an extremely valuable treasure.

After finishing his sentence, Su Yi inhaled deeply.

Su Yi was actually quite nervous now. If he could not enter Sacred Mountain, then he would be very embarrassed.

Chapter 22: Misfortune in Test

Extending his hand, Su Yi placed his right palm firmly on the Yuan Testing Stone. At the same time, the Yuan Qi in his body started flowing. Following what the man from Sacred Mountain said, he relaxed his body and Yuan Qi started flowing through his meridians and surged into the stone via his palm.

Everyones eyes including the upper echelon of all the big families were staring closely at this scene, not wanting to miss even a single moment.

The expression in Liu Zong Yuan and Su Jing Tings eyes changed for an instant and faded away without any traces.

Boom!

As Su Yi channeled Yuan Qi into the stone, the Yuan Testing Stone started shining and at the same time, a strong aura burst out like a tornado with the stone being the eye of the storm.

Whoosh!

The aura roared and those youths who had already taken the test, although they had prepared for it, this aura was far bigger and violent than any other aura and one by one, each figure started stumbling backward and some at the front even fell down onto the floor.

Liu Yanni was not an exception. Her delicate figure staggered backward and her face changed. Yuan Qi moved at her feet. Only after three steps did she manage to stabilize herself.

At that instance, four glaring lights radiated from the stone, black, green, red and white. Four colors of light poured out, bright and dazzling.

The four colors of light alternated, all dazzling.

As the four dazzling colored lights alternated, there was a change in the expression of the initially calm Dharma Protector Wang on the platform, but afterward, his gaze was filled with some regret.

As Yuan Qi was channeled in, Su Yi felt that inside of the Yuan Testing Stone. There was a thick and abundant energy moving within.

This energy moved into him like it was prying about everything in his body.

Rumble! Rumble!

At that moment, in Su Yi's mind, as if that mysterious sphere of light was guided by something, it started coming back to life.

Light burst out in Su Yi's mind. A mysterious power gushed out like lightning and sealed the energy from the Yuan Testing Stone inside his body.

Su Yi was powerless to stop what was happening, but he could clearly feel that from the inside, that mysterious sphere of light was emanating a strange power and was absorbing the energy from the Yuan Testing Stone, or engulfing may be a more suitable word.

But it didn't end there. The strange power from the sphere of light traveled straight into the Yuan Testing Stone via Su Yi's palm.

Su Yi could feel that within his palm, there was a power which could engulf other energies. Finally, like extracting the silk from a silkworm cocoon, the power extracted the energy from the stone.

Boom!

On the stone table, the Yuan Testing Stone started giving off the sound of trembles and wobbled from side to side.

The initially contrasting black, green, red and white, the four colored lights started to mix together forming a gorgeous light and encased Su Yi.

This occurrence was one which had never happened before, causing the expression of the man to change greatly due to surprise.

But this didn't last for long. After a few seconds, everything calmed down and the light dissipated.

But the Yuan Testing Stone was no longer crystal clear. It had already lost its luster and turned into an ordinary piece of stone.

Cr-Crack!

Faint sounds of cracking appeared, and among the stunned gazes of the people, cracks started forming on the Yuan Testing Stone, increasing in number by the second until it was like a spider web.

And finally, the stone collapsed into a pile of dust.

What happened?

The youths which sat for the test were the first to be dumbfounded and looked at each other.

The man was also shocked. He examined the pile of dust which was once the radiant Yuan Testing Stone, no clue of what had just happened.

On the platform, the upper ranks of the five big families and Dharma Protector Wang were all also stunned at this scene.

Whoosh!

Afterward, the man stretched his arm and lifted the stone table. Yuan Qi materialized under his feet into a faint figure of a leopard and soared into the air, landing right in front of Dharma Protector Wang who was on the platform.

Dharma Protector Wang stood up, his face solemn and carefully inspected the pile of dust.

A few others from Sacred Mountain also came forward to inspect the dust, their faces confused.

The people of the Su Family at the side had their hearts in their throats. This happened in front of Su Yi. If there was trouble, it would definitely be related to Su Yi.

On the stage, Su Yi was also stunned and had not recovered.

Su Yi had no idea that this would happen. That mysterious ball of light in his mind actually did something at that moment and turned the Yuan Testing Stone into a pile of dust.

Su Yi recalled. It seemed that a strange power rushed out from the mysterious ball of light and absorbed the energy within the Yuan Testing Stone, and afterward, the Yuan Testing Stone turned into that state.

What did that jinx do? Even the Yuan Testing Stone was jinxed!

The youths in the area slightly broke out of their daze.

Eyes after eyes stared at Su Yi. This person really was a jinx. Even the Yuan Testing Stone was destroyed.

On the platform, after a series of checks, Dharma Protector Wang shook his head the people beside him and looked at Su Yi who was below him.

His eyes slightly moved and without seeing Dharma Protector Wang making any form of movements, his body suddenly appeared in the air and landed in front of Su Yi.

You are called Su Yi?

Dharma Protector Wang looked at Su Yi and observed him carefully like he was trying to see through Su Yi.

That's correct, Su Yi nodded. He could feel that this Dharma Protector Wang was far stronger than the man just now by his shapeless aura.

What did you do just now? Why would the Yuan Testing Stone suddenly shatter? Looking at Su Yi, Dharma Protector Wang asked, his gaze turned sharp.

I did nothing.

Su Yi put on a face of innocence. Obviously, he would not talk about the mysterious sphere of light. The more he could make up the better. He shrugged his shoulders and said helplessly, I have said it before, what would happen if there was an error in the Yuan Testing Stone and it crashes. Here it is, there is now a problem with the stone.

How would Dharma Protector Wang believe that there would be a malfunction with the Yuan Testing Stone? All the Yuan Testing Stones of Sacred Mountain were made and refined by strong experts. Though theoretically there was a possibility of a malfunction, such a thing had never happened before.

Swish! Swish!

From the platform, another two figures descended. It was Liu Zong Yuan and Su Jing Ting.

Su Yi, did you do something just now? Do not mess around in front of Dharma Protector Wang! Su Jing Ting looked at Su Yi and asked with his gaze stern.

Uncle, I really did nothing. I also have no idea why it would turn out like this. It must be that the Yuan Testing Stone had a malfunction, Su Yi replied. No matter what happened, he could not reveal the mysterious sphere of light in his mind.

Dharma Protector Wang, though Su Yi may be slightly mischievous, he would not dare do anything to the Yuan Testing Stone. I hope that Dharma Protector Wang would check carefully once again, Su Jing Ting glanced at Su Yi, then turned to face Dharma Protector Wang and said while clasping his hands and bowing.

Dharma Protector Wang waved his hand slightly, hinting Su Jing Ting that he need not say more.

Dharma Protector Wang knew in his heart. A youth from a remote city, even if he had wanted to do anything to the Yuan Testing Stone, he would not have the ability to.

Chapter 23: Talent of an Errand Boy

Do you have anything on you? Carefully looking at Su Yi, Dharma Protector Wang raised his eyebrows and asked.

No, I have nothing on me, Su Yi patted his body, he really did not bring anything with him.

This matter is a bit special. After returning to Sacred Mountain I will check it thoroughly, Dharma Protector Wang suspected that this youth may have some sort of treasure which would cause the Yuan Testing Stone to shatter.

But after thinking once again, how would a young master of a small family in a small remote city have that level of treasure? There may not be even a single interspatial bag in the entire family.

Dharma Protector, then what about the results of my test? Am I qualified to enter Sacred Mountain? Su Yi opened his mouth and asked.

Hearing Su Yi's question, Su Jing Ting, Liu Zong Yuan and the youths in the area looked at Wang Quan De, waiting for his response.

This is such a pity, really such a pity.

Facing Su Yi, Wang Quan De sighed and said, From the Yuan Testing Stone, you have the wind attribute which is extremely rare.

Wind attribute, special attribute!

Hearing the words, Su Jing Ting, Liu Zong Yuan and the rest changed their expressions.

Metal, Wood, Water, Fire, and Earth, other than these five elements, there were still two more special elements in the world. One was the lightning element and the other was wind.

Rumors say that martial artists which have a special element will surely become extremely strong. But the appearance of one of this special Yuan Qi attributes is very, very rare.

Though you have the wind attribute Yuan Qi, at the same time, you have the earth attribute, water attribute, and fire attribute. These four attributes are not only chaotic, having no main attribute, there are even two attributes which restrict each other among the remaining three attributes.

Dharma Protector Wang looked at Su Yi, feeling pity and said, At your age, having already entered the Yuan Soul Realm, even at Sacred Mountain, it is also not a usual occurrence, but it is such a pity that your Yuan Qi attributes are chaotic and restrict each other. Your future cultivation will not have too much progress.

Hearing the words, Su Jing Ting and the upper ranks of the Su Family all felt pity, the higher their hopes, the greater their disappointment.

Liao Zong Yuans eyes also showed quite a bit of disappointment.

Trash will always be trash!

Su Wei who was not far away was slightly nervous at first but hearing Dharma Protector Wangs words, the nervousness in his eyes immediately changed into mockery.

So, what if he lost yesterday? He has Commander Grade Talent, destined to have a bright future. How could that piece of trash compare to him?

He really is in the Yuan Soul Realm!

Many people present were shocked. Su Yi had actually entered the Yuan Soul Realm.

Especially, He San, Mo Bu Fan and Song Wu Qiu. Waves rose and fell in the hearts of these three people. They had never imagined that the jinx was already in the Yuan Soul Realm.

Then can you tell me directly, am I able to enter Sacred Mountain? Su Yis heart right now had also fallen. With his talent, he was actually such a piece of trash. In any case, he was already in the Yuan Soul Realm and he felt that the Supreme Chaotic Yuan Technique should not be like this.

Your talent is still not enough to enter Sacred Mountain. If you really want to enter Sacred Mountain, you will barely be able to be an errand boy, Dharma Protector Wang said. This kind of talent does not have much future, going into Sacred Mountain he would be destined only to barely become an errand boy.

I thought he would be something unthinkable. In the end, he only has the talent of an errand boy.

The Su Family only has Su Wei who is strong, Su Yi is still only a rich playboy!

In the surroundings, sounds of discussions traveled, there were mockery and ridicule.

Dharma Protector, the Yuan Testing Stone had a malfunction, could I retake the test? Su Yi inhaled deeply and asked. The Yuan Testing Stone did have an abnormality, maybe the test results were due to the interference of the mysterious sphere of light.

Sacred Mountain, that was a paradise for cultivators, Su Yi really wanted to go and did not want to pass up such a chance.

The Yuan Testing Stone did have some problems, but the test results were at the front. There would be no mistake. Your talent was definitely not enough to enter Sacred Mountain, Dharma Protector Wang was a bit surprised. This was the first time he had met someone who wanted to retake the test. You must know all the youths who took the test in front of people from Sacred Mountain were all nervous and cautious, none of them were like this.

Furthermore, though the Yuan Testing Stone may not be an extremely valuable treasure, it still could not be simply obtained.

This time, Dharma Protector Wang only brought one piece and came to the city. Even if he wanted a retest, that would also be impossible.

No, this is not fair. It is obvious that the Yuan Testing Stone had some problems. Why did you say that I do not have the talent? Su Yi shook his head slightly, looked at Wang Quan De and said.

I have said that there would be no problems with the test results, then there would be no problems. You only have the talent of an errand boy. You will not have much of a future! Wang Quan De stared at Su Yi, his gaze started showing displeasure. He was a Dharma Protector of Sacred Mountain, how could he allow a youth to spout nonsense and suspect his words.

Su Yi, back off. Do not spout nonsense!

Seeing that Dharma Protector Wang was already unhappy, Su Jing Ting scolded Su Yi. In front of an expert from Sacred Mountain, he would not allow rebuttals.

Hooo.

Su Yi composed himself and inhaled.

Since Sacred Mountain's Dharma Protector had already said so, why bother forcing it to happen.

Even though Su Yi does not want to miss out on going to Sacred Mountain to cultivate, but sucking up to someone, that was not his personality.

Not being able to go to Sacred Mountain, then so be it. There are many places I could go in this world, not only Sacred Mountain.

Su Yi faced Wang Quan De. His thin figure was not as upright as a spear, but his eyes showed resolution. He said, But Dharma Protector Wang, nothing is final. Anything is possible in the world. There is nothing which can be called the talent of an errand boy. Maybe one day, I would show Dharma Protector Wang what I can do!

On the platform, a lady around 16-17 years old was smiling. Her soft lips were the color of cherries, her eyebrows like a fine stroke in a beautiful painting, her eyes could not resist but glance a few more times at Su Yi, as if she was curious.

Hearing Su Yi's words, Su Jing Ting, Liu Zong Yuan's faces changed color. This was a clear act of challenging Dharma Protector Wang.

Hehe.

Hearing Su Yi's words, Wang Quan De was slightly stunned. His face fell slightly. He smiled and said while looking at Su Yi, Average talent and such arrogance. I, Wang Quan De say this today, with your trash talent, one day, if you are able to enter the Yuan Spirit Realm, I, Wang Quan De would take back my words in front of everyone.

Su Yi, you are way too audacious. This time once we go back you will be punished severely. Now hurry up, kowtow and apologize to Dharma Protector Wang!

Su Jing Ting stared at Su Yi and scolded him furiously. His face changed completely. This Sacred Mountain Dharma Protector had already become angry.

Dharma Protector Wang, this child does not know better. Please do not bother with him, Liu Zong Yuan immediately apologized to Wang Quan De.

Dharma Protector Wang, this little bastard has been lacking in education since young. When we go back, I will punish him severely! Su Jing Ting apologized, his forehead already filled with cold sweat.

No worries, no worries, Wang Quan De tolerated his anger. Arguing with a young boy, this would damage his reputation and image.

Su Yi snickered. From what he could see, maybe Sacred Mountain was not as good as he thought.

The son-in-law greets father-in-law.

Afterward, Su Yi looked at Liu Zong Yuan and bowed.

Chapter 24: The Dream of a Toad

Father-in-law.

Everyone was stunned. Not only Wang Quan De but even the upper ranks of all the families on the platform were stunned as well.

Liu Zong Yuan himself was also stunned.

Su Yi, what nonsense are you spouting?!

You are so shameless, Su Yi!

Su Yi, you bastard. Do you not know shame!

After a short daze, He San, Song Wu Qiu and Mo Bu Fan, the three of them started scolding.

If not for the experts from Sacred Mountain, they would have already rushed up.

City Master Liu Zong Yuan only has one daughter. Su Yi calling him Father-in-law, there was no doubt that it signified that Su Yi was still going after Liu Ruoxi. This was something they could never allow.

Su Jing Ting was also slightly stunned. Afterward, there was movement within his eyes and he did not say anything.

Everyones eyes now fell upon City Master Liu Zong Yuan.

The engagement three years ago made between the Old Master of the Su Family and the Liu Family, everyone in the city knew about it.

Only the masses did not expect Su Yi to bring it up now in front of everyone.

My good nephew, I think you addressed me wrong. You should go back early. Though you were unable to go to Sacred Mountain, who knows about the future. You still have hope to become one of the strong, Liu Zong Yuan looked at Su Yi's face and squeezed out a smile. He had never imagined the kid to bring up this matter right now.

Three years ago, my grandfather made a deal with the Liu Family. If I were to return three years later alive and had established my Foundation successfully, then Liu Ruoxi and I would be engaged. Now I am already in the Yuan Soul Realm, so the deal must be effective. Hence allow me to now call you, father-in-law, Su Yi looked at Liu Zong Yuan and said loudly, enough for the sound to travel through the venue.

Not being able to enter Sacred Mountain then at most I shall think of another way. But because of Liu Ruoxi that little girl, I have lived an inhuman life for three whole years and had almost died a few times. Of course, I would not let that little girl off.

Furthermore, Sacred Mountain doesn't want me. I heard Fatty Wang said that Liu Ruoxi had a high position in Sacred Mountain. Then this engagement should cause Sacred Mountain to feel uncomfortable. It could be considered revenge taken.

Su Yi was always someone who would take revenge.

Hearing Su Yi's words, the upper ranks of the big families on the platform all looked at each other, no one said a word.

Everyone knew about this matter three years ago. It was just that no one had expected Su Yi to not only return from the Forest of Demons alive but that good-for-nothing who could not store Yuan Qi had also miraculously entered the Yuan Soul Realm.

The upper ranks of the respective big families all looked at Liu Zong Yuan. Everyone understood that the deal three years ago was made because of the Old Master Su Yun Tian so that everyone would look nicer when the matter ended.

But who would have thought that everything would lead to this scenario?

If they knew that Su Yi would be able to enter the Yuan Soul Realm three years later, the Liu Family may also not agree to deal made at that time.

Furthermore, now Liu Ruoxi had an extremely high position at Sacred Mountain and Su Yi had just been tested out to have the talent of a mere errand boy.

Thinking from any perspective, the Liu Family would have a greater desire to null the engagement.

Liu Zong Yuan was slightly awkward. The deal he made with the Old Master Su Yun Tian back then, everyone knew about it. He had nothing more to say.

If Su Yi was tested out to have good talent today, there would be nothing wrong with accepting the engagement.

But Su Yi had to have an average talent even if he was already in the Yuan Soul Realm and he was not a person from a large and influential power. There were many things in the way. He was also very helpless. Just trying to have Liu Ruoxi like him, that would already be impossible.

City Master Liu, what is this matter? Does it have something to do with Ruoxi? Dharma Protector Wang could not resist any longer. If this matter had something to do with Liu Ruoxi, then he must understand the entire situation.

This-

Liu Zong Yuan smiled awkwardly and said to Dharma Protector Wang, Three years ago I had made a deal with the Old Master of the Su Family that if after three years Su Yi was able to establish his Foundation, then there would be an engagement between my daughter, Liu Ruoxi, and him.

Not possible!

Liu Zong Yuan had not even finished his words and Wang Quan De straight away cut him off and said sternly, This engagement must not be valid.

Su Yi looked at Wang Quan De and said, The engagement between the Su Family and the Liu Family was part of the deal made back then. Sacred Mountain has no right to interfere with this!

Ruoxi is a disciple of Sacred Mountain, naturally Sacred Mountain can interfere in this engagement. With your errand boys talent, you can dream all you like about being able to be worthy of a disciple of Sacred Mountain. A toad lusting after a swans flesh, Wang Quan De looked at Su Yi. A shapeless aura started spreading from him, there were mockery and coldness in his eyes.

How could a piece of trash like this be worthy of a disciple of Sacred Mountain?

Furthermore, with Liu Ruoxis position and future, if she had any relations with this brat and it gets out, the Sacred Mountain would be shamed.

Wang Quan De was very clear that no matter at what cost, this matter had to be solved.

On the platform, the youths from Sacred Mountain heard Su Yis words. Their eyes showed disdain and ridicule.

A toad dares to lust after a swans flesh. You do not know your place!

A young man in white clothes, around 15-16 years old age said coldly. His face had a cold grin.

The upper ranks of the big families on the platform started becoming nervous. The faces of Su Familys Grand Elder and others had an expression more serious than ever.

Su Yi, do not mess around, back off now!

Feeling Wang Quan Des aura, Su Jing Ting scolded Su Yi again. This kid has made enough trouble today. He had gone against the experts from Sacred Mountain time and time again. If the experts from Sacred Mountain became angry for real, the consequences would be unthinkable.

Uncle, I did not mess about for this matter!

Su Yi told Su Jing Ting. He looked at Wang Quan De. Under the pressure of that shapeless aura, the surroundings seemed to have been chained, like there was a ton of weight crushing down on him, making it even hard to breathe.

But at this moment, Su Yi became stubborn, he looked at Wang Quan De and said, How my talent was, everything was said by you. I personally think that I have more talent than the rest and would not be beneath anyones talent at Sacred Mountain and regarding a toad lusting after a swans flesh,

that was still better than a frog At least a toad has dreams while a frog can only sit in the well and gaze at the sky!

Saying this, Su Yi turned his eyes and looked at Liu Zong Yuan, he said, Father-in-law, I have already entered the Yuan Soul Realm, this was the agreement made back then. No matter whether you admit it or not, the engagement is already valid.

Hearing his words, Liu Zong Yuan looked at Su Yi, emotions swirled in his heart.

Hahahahaha!

Wang Quan De laughed, he laughed out loud, but anyone could tell that this laughter had rage in it, not just plain displeasure.

What a good toad having dreams. A small errand boy dares to speak such words. You do not know your place in the world! After his laughter, Wang Quan De stared at Su Yi, the shapeless aura around him became even more powerful and hostile.

Under the terrifying aura, Su Yi stumbled backward, like his body was getting crushed by five thousand kilograms of stone. His Yuan Qi seemed to come to a still, his body softened involuntarily like he was about to collapse.

Stomp!

At this instant, Su Yi clenched his teeth. His foot stepped back once and stomped on the ground. He bit down on his teeth even harder and supported his body. His face at this moment turned pale white in a flash.

Su Yi, hurry up and apologize to Dharma Protector Wang. If not, I will punish you now! Su Jing Tings expression changed completely. His body immediately stood in front of Su Yi and blocked him. Quickly, he bowed down and said to Wang Quan De, Dharma Protector Wang, great people are magnanimous. This little bastard has lacked discipline since young. I implore Dharma Protector Wang to forgive him. I will discipline him even harder in the future!

Chapter 25: Old Ginger is still the Spiciest

When Su Jing Ting blocked the attack with his body, Su Yi immediately felt that the pressure in the surroundings which was chaining him down had decreased a lot. He knew that this was his Uncle helping him to take on the pressure instead.

Dharma Protector Wang, Su Yi is still young and lacks discipline. Please calm down, Liu Zong Yuan also opened his mouth to plead for Su Yi.

Humph!

Wang Quan De groaned coldly, his eyes full of hostility as his gaze landed on Su Yi and said to Su Jing Ting, Please discipline him well in the future. This engagement will not be valid. Liu Ruoxi is now a disciple of Sacred Mountain. Her marriage must naturally be agreed to by Sacred Mountain. Do not bring up this matter in the future, or else, humph!

Of course, of course! Su Jing Ting frantically nodded.

Hahahahaha!

Su Yi laughed. His laughter was dry and tainted with rage. He walked in front of Su Jing Ting and stared at Wang Quan De in the eyes, saying, Why, all because Sacred Mountain is strong? I refuse to accept this!

Little brat, do you want to die?!

Wang Quan De was really enraged now. He looked at Su Yi, his eyes filled with bloodlust.

Su Yi!

Su Jing Ting shouted. This kid was stubborn to such an extent.

You are just throwing your weight around. The engagement between the Su and the Liu has nothing to do with Sacred Mountain. I consider it valid today, what can others do to me!

Su Yi faced Wang Quan De, his thin figure was like a sharp sword which was being pulled by a strong rope. Withstanding the force, he stood resolutely. His eyes were as if there was a flickering of light in them.

Good, good, good.

Wang Quan De cried good three times. His face fell in an instant. When his final good came out, a streak of cold light flashed in his eyes, Since you do not know your place, I shall teach you a lesson in place of your elders in the Su Family!

Finishing his sentence, the aura of Wang Quan De burst out. He lifted his hand and sent a palm flying Su Yis way.

Dharma Protector Wang, please calm down, Su Jing Ting raised his arm, blazing Yuan Qi flowed around his body. This was the fire attribute Yuan Qi, and he tried to block the attack.

Bam!

A dull sound formed from the impact between the two palms. The air in the surroundings turned violent.

Pew!

Straight after, as Su Jing Ting staggered backward, a mouthful of blood sprayed from his mouth, his face turning pale white in an instant.

Father!

Head of the House!

Shouting, Su Wei who was not far away fiercely stared at Su Yi and ran to Su Jing Tings side.

On the platform, the people of the Su Family also grew worried and rushed down.

The face upper ranks of the respective families all started turning serious and wrinkled.

Uncle!

Su Yi also changed greatly in expression. Seeing Su Wei and the family elders already rushing to him, he did not go forth. Instead, he turned around and stared at Wang Quan De, coldness leaking from his eyes, both fists tightly clenched.

Humph!

Hurting Su Jing Ting, Dharma Protector Wang did not give a care, not even bothering to take a look. He raised his hand and went once again for Su Yi.

Boom!

With such a slap, turbulent winds took the lead. Under the shapeless aura, Su Yi's body was chained to the floor. The Yuan Qi in his body had also hardened under the pressure.

Too strong! At this moment, Su Yi realized how strong this Wang Quan De truly was. If not for his Uncle Su Jing Ting helping him take the blow, he should already be dead by now. With his Uncle's ability, he even got hurt under the blow just now. It was enough to see that Wang Quan De wanted his life.

With your position and cultivation, being so ruthless to a young one, is this how Sacred Mountain throw its weight around?!

Suddenly, an old voice traveled through the air.

It was at the same time, a figure mysteriously appeared in front of Su Yi, with it a fiery aura exploded out like a tornado.

Feeling this fiery aura, Wang Quan De's eyes squinted slightly. He raised his eyes as an old figure had already appeared in front of Su Yi and a fist covered with flames going straight for his.

Boom!

Everything happened as quick as lightning. In a flash, a low sound of an explosion was heard, violent winds shook the entire place.

The youths present on the stage were blown backward due to the raging winds, some even falling onto the floor.

Stomp, stomp.

Simultaneously, the old figure which just appeared staggered three steps back before he stabilized himself.

Wang Quan De was also pushed back a step but he managed to stabilize himself immediately.

This sudden change in events shocked everyone present. All eyes fell upon that old figure.

They saw an old body whose white hair was flowing in the wind. On his wrinkled face, you could see the features of a handsome man during his prime. He stood upright, his robe slightly fluttering. His eyes exerted a form of authority.

Greetings, Old Master Su!

When such an old man appeared, everyone's face changed and the eyes on him gushed with respect.

This was Su Yun Tian, back then he went out on a slaughter for the city, killing the leader of the enemies and leading everyone to battle, that scene was still engraved clearly in the hearts of all.

Those who were younger in the city had heard the stories of his feats since young.

Old Master Su!

Liu Zong Yuan also clasped his hands and bowed. On the platform, all the upper ranks and heads of the families also shot up.

This kind of elder had the respect of the entire city.

After Wang Quan De stopped staggering back, his gaze also fell upon Old Master Su Yun Tian, slightly surprised in his heart.

Dharma Protector Wang!

At the same time, the youths and men on the platform could not stay put any longer. They jumped off the platform and headed to Wang Quan Des side.

Old Master!

Father!

The elders of the Su Family and Su Jing Ting also headed to Su Yun Tians side.

Greetings to all, Su Yun Tian looked at the surroundings and nodded to acknowledge them.

Grandfather.

Su Yi walked forth. In front of him was his grandfather who had loved him the most since young, but he was not ecstatic now. Instead, his face was solemn. From what he could see just now, his grandfather was at a disadvantage.

Good! Good! Good!

Su Yun Tian turned his head and looked at Su Yi. His wide palm patted on Su Yis shoulder. White hair drifting in the wind, his face smiling and after saying good three times, he then said, No doubt that you are my, Su Yun Tians grandson. You are just as proud as your father. Truly the bloodline of my Su Family!

Grandfather, I-

You need not say more.

Su Yi wanted to say something, but Su Yun Tian interrupted him. He grinned, Liu Ruoxi that little girl, I watched her grow up and I like her a lot as well. The two of you are childhood friends, playing innocently together since young. The Su and the Liu had an agreement as well. Since you have completed your Foundation successfully, then this agreement must be upheld. In the future, once you marry Liu Ruoxi, birth a few more great-grandsons for me. I will be delighted!

When Su Yun Tian said those words, the atmosphere in the area began to become strange.

Where on earth did that come from. Childhood friends playing together innocently since young? If not for Su Yi being so perverted and shameless to dope the girl, how would there be this agreement?!

The Old Master is also a bit too shameless. What does this have to do with childhood friends playing together!

Obviously it was Su Yi which was perverted and shameless. How did it become childhood friends playing together happily? This is a lie to confuse everyone!

Afterward, He San, Mo Bu Fan and Song Wu Qiu were all mad.

But in front of Su Yun Tian, they dare not say anything.

If there is such a grandson, there would be the same grandfather!

So, Su Yi's shamelessness was inherited.

Everyone hearing the Old Master's words felt a bit helpless in their hearts.

It was obvious that it was Su Yi which was perverted but coming from the Old Master, it turned into childhood friends playing together happily. Old ginger is still the spiciest, Su Yi's personality was inherited.

Everyone present was a bit stunned. Old Master was the Old Master, once he spoke, everything would change.

Liu Zong Yuan was now smiling bitterly and felt so wronged, but he couldn't air his grievances. He already knew that this Old Master was not easy to deal with. He had learned his lesson three years ago.

The entire city says that he, Liu Zong Yuan was not easy to deal with, he was a slippery snake.

But Liu Zong Yuan himself knew best, compared to this Old Master Su, he was only a primary student.

Old Master Su was the slyest among all. Under his stern face was an old fox.

Chapter 26: Ji Chao!

City Master, the agreement made back then between the Su and the Liu was witnessed by the entire city. Su Yi also made it back from the Forest of Demons after three years. This is enough to prove that he is fated to be with that little girl, Liu Ruoxi. Let this matter end per our initial arrangements, Su Yun Tian looked at Liu Zong Yuan. The wrinkles on his face were as if flowing water mercilessly carved them on his face as time passed over the years, but his eyes were deep and exerted an air of authority.

Liu Zong Yuan understood. The Old Master was trying to hint that Su Yi received no help from the Su Family in the three years during his exile in the Forest of Demons and now that Su Yi had returned alive, naturally, it could not be forgotten about easily.

Old Master, I-

Liu Zong Yuan opened his mouth and started talking before Wang Quan De cut him short, his face fallen. He looked at Su Yun Tian and said, Liu Ruoxi's marriage will not be valid!

What a Sacred Mountain! This matter was set in stone ages ago. If Sacred Mountain continues throwing its weight around like this and be unreasonable, I do not think that it will be good for you when this matter gets out, Su Yun Tian looked straight at Wang Quan De and said.

Wang Quan De's expression changed in his heart. From the faces of everyone in the area, this Su Yun Tian's position in the city was extremely high.

Wang Quan De does not fear Su Yun Tian, but if he forces a hand in this today, it truly does not benefit Sacred Mountain.

Even though this city was only a small place, but because of Liu Ruoxi's position in Sacred Mountain, this was a matter of high importance. If he does not settle this well today or stir up a huge trouble in the city, it would also be hard for him to report back.

A toad lusting for swans' flesh. How could junior Liu Ruoxi be someone that trash like you could dream of having!

At this moment, behind Wang Quan De, a young man in white clothes, around 15-16 years old walked out. His clothes fluttered in the wind, his face handsome. Under his long eyebrows, a pair of eyes stared at Su Yi. Disdain and mockery not even being hidden. He said, Don't you want a retest? I'll give you a chance. If you can take three blows from me, no, two blows would be enough. If you can take on two blows from me, that would prove that you are qualified to enter Sacred Mountain.

When such a youth walked out, the eyes of everyone fell on him.

On Wang Quan De's somber face, a flash of emotion shined past his eyes without leaving any traces. He remained silent, consenting to the young man's words.

That beautiful young lady around 15-16 years of age was also on the stage now. Thoughts brewed behind her eyes as she continued observing Su Yi.

This is also fine. Ji Chao and your age are similar. If you can take two blows, that would mean that you have the right to enter Sacred Mountain. If not, then even if this engagement is valid, null it! After pondering, Wang Quan De opened his mouth. He looked at Su Yi and grinned coldly. Maybe this matter should be left to the young ones.

Wang Quan De was very clear about Ji Chao's ability. Just a piece of trash like him, do not even talk about two blows, he might not even be able to take a single blow.

If this matter could be settled like this, then all will be well.

The entire venue was silent. All eyes were on Su Yi, wondering if he will choose to spar with the disciple from Sacred Mountain.

Old Master Su Yun Tian said nothing, his eyes still calm.

So, kid, do you dare or not. If you don't even have the guts for this, then don't even dream about having swans' flesh. How about this, I'll give way, just one blow, how about that!

Ji Chao coldly smiled. He lifted his hand and pointed at Su Yi. This time when he came out for experience, he only thought that this was just a simple task. Never would he have thought that he would meet something like this.

A person with errand boy's talent dares to lust after junior Liu Ruoxi. If this was on Sacred Mountain, everyone would have laughed their teeth off.

Su Yi slightly raised his eyebrows. Under the gazes of everyone, this battle must be fought.

So what if you came from Sacred Mountain. One blow? You think too highly of yourself!

Slightly smiling, Su Yi walked forth with a grin on his face.

Since this battle could not be avoided, then just march on bravely. For the past three years, it was not as if he did not fight with any strong people.

When Su Yi walked out, the Old Master Su Yun Tians calm eyes finally showed some change, but without leaving any traces, his eyes regained its calm.

I knew it. How would Su Yi not dare? Challenging us on our home turf, let him have it! Amid the dense crowd, Fatty Wang was squeezed inside. On his chubby face, his eyes squinted into a thin line. Seeing that Su Yi would respond to the challenge, he grew excited immediately. He was already not cool with that young mans arrogance.

But afterward, a middle-aged man sitting beside Fatty Wang stared at him. Fatty Wang lowered his hand and did not dare say another word.

Following Su Yis agreement to the fight, the emotions in the hearts of the upper ranks of each big family changed greatly.

Even though Su Yi had entered the Yuan Soul Realm, but this Ji Chao was a disciple of Sacred Mountain. One look was enough for people to tell that Ji Chao was far stronger than Su Yi.

Furthermore, everyone could tell that although Wang Quan De said Ji Chaos and Su Yis age were similar, it was obvious that Ji Chao was still older. Along with Sacred Mountains nurturing, Su Yi and he would have a difference of heaven and earth.

The corner of Su Jing Tings mouth bled. Seeing Su Yi walk out, he wanted to say something, but seeing that the Old Master remained silent, he stopped.

Su Wei stood beside Su Jing Ting. Seeing all of this, his gaze was very cold.

When Ji Chao saw Su Yi walk forth, a cold smile crept up his face. He did not think that this kid did have some guts and dared to respond. Maybe it was just recklessness.

But afterward, Ji Chaos face also fell. It seems like this kid is not putting him in his eye after all.

I thought everyone in the city other than Liu Ruoxi were all trash, but you have some guts. This surprised me. Make your move. If not, you may not even have the chance to!

Ji Chao smirked. He did not express his mockery on his face. How would he put some brat from a tiny remote city in his eyes?

Thats too much!

Is he saying that we are all trash?!

Ji Chaos words instantaneously made the youths present unhappy. He was scolding everyone.

What was your talent back then? Su Yi looked at Ji Chao and asked casually.

Hehe, King Grade!

Ji Chao replied. His eyes having pride in them. King Grade Talent, even at Sacred Mountain, it was also a rare sight.

King Grade!

Hearing his words, the youths in the surroundings were shocked. Even though they were unhappy with that Ji Chao, but their eyes leaked yearning and jealousy of his talent.

King Grade Talent, destined to become an expert.

King Grade Talent. So in the eyes of a person with Emperor Grade Talent, you are nothing more than a piece of trash!

Su Yi opened his mouth, looking at Ji Chao, he gently smiled and said.

Haha!

Su Yi, nice one!

When Su Yi's words rippled outwards, many people in the surroundings started guffawing, like they were taking revenge. From this second forth, many people had a better impression of Su Yi.

The eyes of the upper ranks of the big families also showed movement.

This Ji Chao had insulted the entire city. Due to Sacred Mountain, they could not say anything.

But as a part of the city, of course, they were unhappy. Hence, they could not help but feel good at Su Yi's retort.

#### Chapter 27: Unexpected

Everyone knew Su Yi's personality. People had never gotten the better of him since young. He San, Song Wu Qiu and the rest of the people from his generation, which one of them had never been bullied by him since young?

Though this Ji Chao may have come from Sacred Mountain and he may be far stronger, but when talking about who gets the better of whom, everyone in the city knew in their hearts that this fellow Su Yi had never lost in a mockery battle.

Hearing Su Yi's words, Ji Chao's mocking face instantly turned into ugly as he stared coldly at Su Yi.

Looking at Ji Chao, Su Yi's eyes were very calm, but his body became straighter.

Hostility emanated from Ji Chao. Aura gradually flowed out from him. His white clothes fluttered slightly. His icy voice traveled, Kid, I will have to say that you really do not know your place, but I am going to tell you where your place is very soon!

That icy voice rippled outwards through the entire plaza, turning the atmosphere colder.

Finishing his words, Yuan Qi burst out from beneath his feet. With a stomp, he shot towards Su Yi, light black Yuan Qi gushed out from his palm.

In a flash, Ji Chao raised his right arm and curved it slightly, black Yuan Qi moved around his fingers, converging at his fingertips. With a screech from the air tearing, his arm went for a clutch on Su Yi's neck sharply.

Hearing that screech of air tearing apart, Su Yi's eyes slightly squinted. A flash of light burst from his feet at the same time. With one foot slightly stepping in front, the Yuan Qi on the soles of his feet turned into a force of repulsion and instantly his body shot backward.

Eh?

Seeing Su Yi's action, though this could be said as a retreat, there were quite a few people present who had keen eyesight and what could be seen as Su Yi retreating easily was actually reflexes which were fast beyond comparison.

This level of swift reaction was not at all normal.

Ji Chao face fell. He had never thought that Su Yi would react so fast. His body which lunged out landed on the ground. He turned his hand which was in the form of an eagles claw into a palm. The black colored Earth attribute Yuan Qi surged out even more violently. Bloodlust gushed out from his eyes as Yuan Qi gathered in his palm as if there was a layer of black light on it.

Earth Palm!

Some youths from Sacred Mountain were surprised. Ji Chao actually used the Earth Palm.

Coldly staring at everything, Wang Quan De sneered. Looks like this is the end. With the blow from Earth Palm, even if that brat Su Yi is not dead, he would be crippled.

Boom!

The palm followed with the sound of air roaring as turbulent winds swept the dust and broken stones present all into the air.

Now, Su Yi had already lost his repulsion force and his figure came to a halt. Feeling the powerful winds, his face gradually became serious.

Everything was happening as fast as lightning. There was no time for hesitation.

The palm had already arrived in front of him. Su Yi raised his arm and Yuan Qi formed in front of his palm.

Is he going to meet it with brute force?!

Seeing Su Yis action, the upper ranks of the families and the spectators present were all in an uproar.

No matter from which perspective, if he was going to meet it head on, Su Yi would be at a disadvantage. This was not a smart decision.

Ji Chao sneered. Wanting to meet it head on, this kid is courting death.

When everyone was holding their breath in anticipation, that palm had almost arrived in front of Su Yis chest.

Su Yis eyebrows rose. In a blink of an eye, his feet stepped against the side, his body dodging in the other direction.

Kid, you are too slow. There is no way for you to dodge it!

Ji Chao grinned. How could this kid still be able to dodge? His palm just had to shake once and it would already hit him.

Su Yi dodged the blow on his chest, but Ji Chaos attack landed ruthlessly on his left shoulder.

Boom!

A low and muffled explosion was heard. In that instance, everyones face changed. Their hearts were in their mouths. In the end, Su Yi was not an opponent for Ji Chao.

But it was also in that instance, the corners of Su Yis mouth curved to form a cold grin. With a stroke of ruthlessness, his body let the gigantic impact on his left shoulder to turn to the right.

At the same time, a cold light flashed from within Su Yi's sleeve. He threw his right arm out and with a speed faster than sound. The light flashed across Ji Chao's face.

Puhh!

As the palm print landed on his shoulder, a mouthful of fresh blood sprayed out from Su Yi's mouth. His body blown back. Only after staggering for around 7-8 steps did he manage to stabilize himself.

Riip!

Simultaneously, on Ji Chao's left face, an injury a whole finger-long extended downward from the corner of his eye. Fresh blood gradually seeped out, staining his entire left face.

Ahh!

The intense pain forced Ji Chao to grab his face and cry in pain.

That sight astonished everyone.

Initially, everyone thought that Su Yi would lose, but who would have thought that it would end like this.

It was at this moment that everyone understood. Su Yi was not trying to meet him head-on, instead, he was trying to draw Ji Chao's attention and make an underhanded move in the end.

Seeing Ji Chao's blood-stained face, everyone looked at Su Yi. In his right hand was a blood-stained dagger, light reflecting off it.

It was obvious that Su Yi suddenly used his dagger and it was from out of nowhere. With the method of both sides being injured, he had also hurt Ji Chao.

The faces of the few youths from Sacred Mountain changed greatly. They had never thought of this ending.

Su Yi stabilized himself and slightly lifted his gaze. Looking at the wailing Ji Chao, the dagger in his hand secretly vanished. Using his sleeve to wipe away the blood at the corner of his mouth, he said, You lost. If not for me holding back, this blade would have landed in your throat and you would be a dead man by now!

Su Yi's words rippled outwards crisp and clear. The gazes of everyone turned into those filled with astonishment as they looked at the young man who still had blood on the corner of his mouth.

Taking a blow from Ji Chao and still being able to stand back up. He seems to be a bit special.

The young lady from Sacred Mountain who was around 15-16 years old, seemed not to care much about Ji Chao being injured. Instead, she seemed to have found an interest in Su Yi.

Bastard, you actually used weapons!

Wang Quan De recovered from his daze. His face changing immensely. He never thought Su Yi would make such an underhanded move.

You never said that weapons were not allowed. Is Sacred Mountain unable to take a defeat?

Old Master Su Yun Tian spoke. There was finally movement in his eyes. Seeing the blown-back Su Yi, his eyes were filled with happiness and shock.

No, I did not lose! I have not lost! You rascal, I will never let you off!

A voice filled with hate came out from Ji Chaos mouth. His blood-stained face looked savage and his eyes were brimming with bloodlust as he stared at Su Yi.

As he finished his words, black Yuan Qi gushed out of his body like fog. The aura on him also burst out without restraints.

Peak of Yuan Soul Realm, almost entering the Yuan Xuan Realm! When the aura on Ji Chaos body burst out without restraints, feeling such a powerful presence, the upper ranks of the big families were all shocked and could not help exclaiming aloud.

Chapter 28: Mysterious Aura

Each of the upper ranks and experts of the big families was currently astounded.

Although they could feel that Ji Chao was already near the end of the Yuan Soul Realm, they had never imagined that Ji Chao was already at the Peak of Yuan Soul Realm and may already be almost at the Yuan Xuan Realm.

A 15-16 years old Yuan Xuan Realm. This was terrifying for the experts and upper ranks of the families present. His future was limitless.

Currently, as the aura surged out from Ji Chao, a strange feeling shrouded over Su Yis body.

The hairs of Su Yi all stood on their end. He could clearly feel that he had been locked on by Ji Chao.

At that moment, from within Su Yis body, there was a strange aura diffusing out quietly.

As if it was being called out by powerful aura on Ji Chao, A strange aura began to awaken from within him.

At the same time, crimson red permeated his irises unnoticed by others.

This is not fair. Su Yi has already won!

When Old Master Su Yun Tian felt the aura on Ji Chao, he started worrying.

Yuan Soul Realm First Grade to Ninth Grade, every grade was a flight of stairs. Su Yis aura showed that he had only just entered the Yuan Soul Realm whereas Ji Chao had almost entered the Yuan Xuan Realm. There was a difference of nine grades. Whoever it might be, this difference would be hard to make up. Naturally, Su Yun Tian worried about Su Yi.

What could prove that Su Yi had won. If we discuss this strictly, then the injuries on Su Yi would be more serious. Furthermore, just now it was agreed on two blows. That was only one. Did he really think that he could win by using underhanded methods? What a joke!

Wang Quan De sneered. Ji Chao still had the ability to fight and just now Su Yi had only taken advantage of Ji Chao as he was careless. Now that Ji Chao wants to fight with all his might, that brat would never be a match for him.

Hearing this, Su Yun Tian could not say anything.

Everyone knew that Su Yi held back just then. If that dagger had landed on Ji Chaos neck, it was enough to take his life. But talking about it seriously, Ji Chao was not yet defeated.

Su Yi had already spat out blood. His injuries looked far more serious than Ji Chao.

Ji Chao had suffered skin-deep injuries at the very most.

Bam!

Suddenly, the plaza shook. An aura was bursting out.

Feeling this aura, everyone looked at its source.

This aura came from Su Yi.

Within Su Yi, a powerful aura gushed out like a flash flood. His clothes fluttering, his hair rising, both of his eyes crimson red. If one looked closer, the crimson red looked like it was blazing flames.

At this point in time, it was as if Su Yi was an entirely different person.

Eh?

Yuan Soul Realm First Grade, how could his aura be so strong?!

Everyone was astonished.

Anyone could feel that Su Yi's aura now was not restrained. He was only Yuan Soul Realm First Grade.

But this aura and presence of Su Yi shocked people greatly.

Under the aura of Su Yi, the experts and upper ranks of the big families were all trembling slightly, their hearts palpitating wildly. There was a feeling of them being subjugated at the bottom of their hearts as if they were facing an emperor who had just awakened from his slumber.

A Yuan Soul Realm First Grade cultivator could cause such changes in them, how could they not be shocked?

This aura is too weird!

Liu Zong Yuan's eyes shook. It was obvious that the aura of Ji Chao was stronger and greater than Su Yi, but the aura of Su Yi brought along with it an unquestionable authority as if it was an emperor which do not forgive provocations, over-bearing and sharp, majestic and destructive!

With both eyes crimson red, currently within Su Yi, as if being oppressed, the Supreme Chaotic Yuan Technique started initiating itself. Waves after waves of fighting intent surged in his chest.

So what about Sacred Mountain. It is still not your turn to exert dominance here in this city!

Under the influence of the fighting intent, Su Yi hollered out those words. His thin physique stood fast and tall. His hair drifting and his robe thumping due to the turbulent winds, endlessly giving people a will to fight.

Su Yi, let him have it!

In the midst of the spectators, Fatty Wang could not help but cheer, but when he remembered his father who was sitting beside him, he suppressed his voice.

That's right Su Yi, let him have it!

Let him have it, Su Yi!

In the sea of people, it was unknown who was cheering, but one after another, there were more cheers from the young people.

Many youths were very displeased with what Ji Chao said and honestly, Su Yi's words already had an ability to incite the masses. So, all the youths in an instant had their blood boiling for a fight, standing together against a common enemy.

No matter what, Su Yi represents the city now.

Initially, everyone respected and yearned for the power of the strong, but for Ji Chao, there was no way for the people of the city to accept him. Furthermore, being all pumped up and full of spirit was part of being a youth. Naturally, they had a lower tolerance and were pissed off earlier than the rest of the crowd.

Fatty Wang secretly observed his father, seeing that his father did not intend to say anything, he became brave in a moment and continued shouting, Su Yi, let him have it!

Hearing the deafening enthusiastic cheers, Ji Chao's face became hideous to its limit. Within his body, black Yuan Qi fluctuated as if it was becoming real. It started whirling in the surroundings.

Boom!

The plaza trembled slightly and the ground shook. A horrifying aura spread from Ji Chao, sweeping the bits and pieces of rock and other materials into the air.

With such an aura, the eyes of everyone present fell upon Ji Chao again, staring in consternation.

The experts and the upper ranks of the families were shocked even more.

They all knew that with this kind of aura, no doubt that Ji Chao was a disciple of Sacred Mountain. Their cultivation techniques were not the average ones.

This cultivation technique must at least be King Grade!

Liu Zong Yuan inhaled deeply, repressing the shock in his heart.

Cultivation techniques were also separated into the good and the bad. Strictly speaking, techniques and cultivators' talents were the same. There were also Mortal Grade, Fine Grade, General Grade, Commander Grade, King Grade, Emperor Grade and the legendary Heavenly Grade.

Among the techniques, each grade had the Beginning Level, Middle Level, and High Level.

In the big families of the city, the Su Family's Purple Yuan Technique, Liu Family's Green Cloud Technique and more, they were all only barely at Fine Grade, Beginning Level. From this, one could see the difference between the City of Man and Sacred Mountain.

King Grade Technique!

The eyes of the upper ranks and experts of the families all shook.

The difference between the different kinds of techniques was humongous. For the good techniques, whether it be fighting capability or cultivation, they were all far better than the average techniques. It was incomparable.

Chapter 29: Overlord's Fist

That was why disciples which were nurtured by major sects and schools were far stronger than the average cultivator right from the start. They did not even start from the same starting line.

Hence, everyone in the City of Man wanted to send their younger generations into Sacred Mountain to get the best training.

Terrifying aura rampaged in all directions. Su Yi being right in front of him took on the full brunt of the aura as pressure pushed down on him.

But at that moment, the aura in Su Yi started to awaken and move, radiating light which was getting brighter and brighter by the second. The fierce and sharp aura which did not allow disobedience began to become thicker and thicker.

Looks like the real battle is about to begin!

Feeling the atmosphere in the plaza, everyone started to quieten down. Anyone could feel the tension in the air.

One was a disciple of Sacred Mountain, a prodigious being.

Another was the jinx of the city. Always being called a jinx by people, returning after three years as a totally different person.

Now, these two kinds of youths were having everyone quivering with excitement, holding their breath in anticipation.

Hey brat, if you are still alive later, you will forever remember my name!

Ji Chao spoke, his face ferocious. Cracks started appearing on the floor of the plaza. Some parts of it even turned into dust.

As he finished his sentence, the black Yuan Qi enveloped Ji Chaos hands and flowed around them like black liquid. Flowing from his palm and finally ending in front of his two hands, forming a black colored ring of light several meters wide. The black light was so condensed that it gave a feeling of immeasurable vastness like it had turned into an unmovable mountain.

Any sly tricks and underhanded tactics are useless in front of absolute power!

As he put his foot forward, Ji Chao completed his hand seal. A powerful aura permeated the space around him causing the ground to tremble.

Great Mountain Fist!

A cold and deep voice came out from Ji Chaos mouth. The humongous black ring of light which looked like it was almost solid, exploded. Black Earth attribute Yuan Qi surged in every direction like a tidal wave, bringing with it sounds of the air trembling across the space as it encroached on Su Yi.

The black ring of light covered a huge area. Wherever it passed, the grounds of the plaza would shatter and be blasted into the air.

So strong!

I dont think that even someone at Yuan Xuan Realm First Grade would be able to take this blow!

Seeing Ji Chaos attack, he had used all his strength and that was horrifying. The people with sharp eyes could tell that someone at Yuan Xuan Realm First Grade may not be able to take on such an attack.

Now that Ji Chao had attacked without holding anything back, the faces of Su Yu Tian, Su Jing Ting and the rest were as serious as it could be.

Everyones eyes were closely following the fight, not daring to even blink and gasped with worry for Su Yi.

At the same time, the target, Su Yi, could feel it very clearly how strong the attack was.

The expansion of that black ring of light covering the entire plaza was like a great mountain bringing with it tons of raw power crushing everything in its way.

But it was because of this that Su Yis Supreme Chaotic Yuan Technique started to run amok and produced an aura. An aura which did not allow anyone to challenge its rule. That aura was overbearing and sharp, majestic and destructive!

A crimson fire raged in Su Yis eyes. The brimming Yuan Qi in his meridians were boiling, expanding the already wide meridians even further. From the surface, it looked like many tiny snakes crawling through under his skin. There were even faint sounds of thunder and raging winds roaring from Su Yis body.

Break, now!

Su Yi roared, his arm shook, and he threw a fist in front of him.

Su Yis fist was enveloped in blinding light like there was a layer of solid light on it. With the most tyrannical and swift method, he directly threw a punch out.

There were no retreats in this confrontation and following Su Yis action, the two attacks collided.

This collision, under the astonished gazes of the spectators, caused an explosion of raging winds as if a boulder was thrown into the water. The winds rippled out quickly and violently.

Cr-Crack!

Tiny cracks started appearing on the floor of the plaza like a spiders web.

This collision filled the hearts of people with spirit!

A fight between two youths could actually cause such an uproar!

Everyones mouths were agape and stunned due to the shock.

But this collision only lasted a while before the layer of Yuan Qi on Su Yis fist could not handle the pressure of the black ring of light and started showing traces of cracks.

Afterward, it exploded and was shattered completely.

Is Su Yi going to lose?! The eyes of the experts of the five big families were trembling. The difference in cultivation was too big. The gap was too wide to fill. Su Yi could never win.

Su Yi being able to produce such an aura is already unbelievable! With Su Yis cultivation level of Yuan Soul Realm First Grade, he was already able to fight like this with Ji Chao to such an extent, how could he have the talent of an errand boy? He was already not as simple as he looked.

Trash is still trash! Those who are heretics will fall with a single blow. You are dead!

Seeing how the layer of Yuan Qi on Su Yi's fist had already been shattered, Ji Chao sneered. A streak of cold light flashed in his eyes, bloodlust gushing out of him.

Ji Chao had fought with all his might since he had already intended to kill. This brat dared to injure him, no matter what, he could not let him off.

Do you really think that since you are from Sacred Mountain, you can act like you are high above everyone else. What can you do to me!

Suddenly, at this moment, a horrifying light surged out from Su Yi's crimson red eyes.

Su Yi could clearly feel that in that moment of time, the mysterious sphere of light in his mind was glowing, a strange power diffusing out from it.

This strange power was more like a signal, triggering all the Yuan Qi in Su Yi's Dantian to flow through his entire body.

This power was also like a guide, moving the Yuan Qi in Su Yi's body in a special manner. Every time it went into a new meridian, the Yuan Qi seemed to become even more tyrannical and powerful, at the same time causing Su Yi's meridians to be on the verge of exploding.

If not for the three years of forging, Su Yi's meridians had no way of withstanding such powerful Yuan Qi.

In an instant, the Yuan Qi in his meridians all gathered on Su Yi's right fist.

Su Yi's meridians were already filled to the limit. As if it was going to burst any moment. The intense pain caused his veins to appear on his face, making him look even more ferocious.

All the Yuan Qi in his Dantian converged on his fist. The layer of Yuan Qi which had been shattered was restored in the blink of an eye, radiating with intense light.

Overlords Fist!

Concurrently, Su Yi roared. From within his fist, a wave of terrifying Yuan Qi erupted like a volcano as it exploded out of the fist.

Rumble! Rumble!

At that moment, under the eyes of all, Su Yi's fist enveloped with light seemed to have expanded. With crisp sounds of wind and thunder, like the rumbles of a great storm, they resonated, giving off a feeling that a tyrant had just been awakened. The authority and majesty of an emperor descended upon the place, bringing with it an aura of destruction.

At the same time, there was a feeling that space was being ripped apart in the plaza.

A violent force exploded as Su Yi and Ji Chao's fists collided.

Bam!

The furious winds turned into a wave and shot wildly in every direction.

The furious winds swept across the place like a hurricane, causing the young men and ladies in the area who were closer to the stage to stagger backward.

## Chapter 30: Mysterious Space

Though the upper ranks and experts of the big families were not affected, their eyes were full of horror.

As they looked at the violent winds rippling outwards, they could feel the presence of tyranny and fierceness in the aura. In its majesty was a force of destruction.

Emotions swirled in the eyes of Su Yun Tian, Su Jing Ting, the Grand Elders and the rest of the upper ranks of the Su Family. This horrifying aura could not be given off by any of the Su Family's techniques.

How could there be such a strong aura?!

Wang Quan De was also astonished at this moment. He could not understand how did Su Yi, that little brat, have such a strong aura.

The aura of a Yuan Soul Realm First Grade cultivator was actually stronger than Ji Chaos aura, a cultivator at the Peak of the Yuan Soul Realm Ninth Grade.

Especially the terrifying aura that was given off by Su Yi's fist at the last moment, that overwhelming power and majesty, Wang Quan De knew in his heart that it was not normal.

Is it the cultivation technique, martial technique, or is there something strange about that kid?

Wang Quan De was deep in thought. No question asked, there was either something mysterious about Su Yi or it might be a far stronger cultivation technique or martial technique.

Ji Chaos cultivation technique and martial techniques were all of King Grade and above but the aura that burst out of Su Yi was actually far stronger than Ji Chaos.

If this was because of a cultivation technique or martial technique, then how terrifying was Su Yi's technique? Thinking about that, how could Wang Quan De not be shocked!

That frightening storm caused everyone to be filled with shock, their eyes trembling.

Even spectators far away from the stage were still able to feel just how horrifying it was from that sheer power.

The experts of each big family were all intensely staring at the two youths who were the source of that storm.

After a confrontation like that, the victor and the defeated should be clear!

Under many sharp gazes, the whirlpool of black Yuan Qi and blinding Yuan Qi were getting more intense, colliding with each other, trying to engulf one another. Afterward, the force exploded and hit the two youths.

Puh!

As the force hit them, Ji Chao and Su Yi spat out a mouthful of fresh red blood.

Riip!

The bodies of the two people were blown back. After dozens of meters while having their feet rubbing the ground did they manage to stop.

When the two sources were blown back and the turbulent winds expanded till a certain distance, the winds also halted and vanished into thin air.

Ji Chao!

Su Yi!

Concurrently, the experts of Sacred Mountain and the face of the Old Master Su Yun Tian changed greatly as they rushed to the sides of Ji Chao and Su Yi.

But at that time, the corners of the Ji Chao and Su Yi's mouth were stained with blood and they had already fallen unconscious.

Subconsciously, Su Yi felt that as he fired that mysterious one punch, his entire body felt like it had exploded and afterward his consciousness fell into a whirlpool of blinding light.

Am I going to die again?

Su Yi felt slightly sad. If he was going to die again, he may not be lucky enough to reincarnate a second time.

Even if he was able to reincarnate, Su Yi's heart could not bear to leave.

Even though he was reborn in this world with the memories of the previous life, but in this life, he had a grandfather who loved him like no one else did and he also had parents who had met difficulties.

Though some people in the Su Family were just indifferent to him, it was normal for a large family.

Su Yi knew very well that there was the Grand Elder, Su Bai Han and many others in the Su Family who treated him fairly well. Just that some felt angry about how he did not try to do better.

And there were a few aunts in the Su Family who did not distance themselves from him due to his uselessness and his playboy way of life and had cared about him a lot since young.

And then there was still that little girl, Wan Er, an orphan who had been alone since young. If he died, she would be all alone in the world again.

In a flash, Su Yi recalled many, many things. He could not allow himself to die, he must continue to live on. Before he knew it, this world already had too many things which he could not bear to leave behind.

All this while, after reincarnating in this world, Su Yi had more or less looked at everything as an outsider, like a visitor of this world.

But only now did Su Yi understand that his previous life did not matter anymore.

He was living in the present, the present was the most important.

I do not want to die, I cannot die!

Su Yi hollered out at the bottom of his heart, but he could not make any sounds.

Boom!

But it was unknown whether it was because of the unwillingness to die and desire to live, but something was triggered inside him. The whirlpool he was in suddenly exploded, the light was

blinding and dazzling beyond measure, so much that one could not even glance at it. His sensation of endless falling immediately disappeared.

When his eyesight recovered, he still could not see what was in front of him clearly. Su Yi's body was already beaten and battered, his skin burning with pain.

An extreme heat was filling the air like it was going to burn and wither away a person's soul in the blink of an eye.

This horrifying high heat was enough to burn down everything to ashes. Su Yi felt like he was going to vaporize into the thin air.

Howl!

Grumble!

The thunderous roars and howls by beasts were like they were going to tear the nine heavens asunder, piercing the clouds and shattering the rocks. They resonated in the air and felt as if they were going to blow apart eardrums and caused people to tremble with fear.

Everything became clearer in Su Yi's consciousness.

When a clear sight appeared, Su Yi's hairs stood on their ends and his bone quivered.

He could only see that his surroundings were an endless vast space. Crimson red fires blazed everywhere, illuminating the skies and the earth.

Blinding crimson light seemed to have descended from the inner reaches of the high heavens and like strings interweaved together, forming a piece of crimson red cloth which covered the void.

There were humongous demonic beasts laying firmly on the earth and in the skies, their horrifying aura surged through the entire space and everywhere was enclosed in a light as if there was a halo.

Gigantic beasts stretched their wings and filled the skies. Having a person stand in front of them was like comparing the sky with an ant, unmeasurably tiny.

There were gigantic tigers crouching, their bodies made of white light, hunching their backs in preparation for a lunge, their roars like thunder.

There were also titanic birds which filled the skies with their wings stretched. The flapping of their wings swayed the Seven-Colored Flames. Their two eyes like two seas of fire, instilling horror in one's heart, threatening to burn down everything in its path.

Huge tortoises towered in the empty space as snakes coiled around them. Monstrous jet-black light radiated endlessly from their backs as if it was oppressing that vast space.

There were gigantic dragons coiled in wait. Rays of amber light like the dawn of a new morning illuminated the heavens bringing prosperity with it, creating clouds beneath their claws which were capable of ripping the heavens and shattering the earth.

There was a figure standing tall like a skyscraper as if it was a god overseeing that space, abnormalities appeared in the surroundings non-stop.

Galaxies fell and stars rotated around the space.

A humongous faint figure stood in that space. Constellations revolved in his palm. How shocking was that! It was like the feats of gods and Buddhas!

Rumble! Rumble!

Rumbles of thunder and wind sounded in this imaginary space. The rumbles were like the relentless sounds of heavens, deafening to the ears.

That kind of presence was too frightening like it was going to rip apart that universe.

Ahh!

Under that terrifying presence, Su Yi felt like his consciousness was going to be pressured to the point of bursting. Under that crushing pressure, he once again fell unconscious.
