Chapter 211: Su Tian Que Had Caused Trouble!

Even though afterward, there were some battles that were not weak, compared to the battle between Su Yi and Shangguan Ming Hou, they kept feeling that something was missing.

The celebration continued until midnight before it dispersed. This Ancient, heaven of peace and happiness, finally became peaceful and belonged to the cover of the moonlight as it became blurry and misty.

When Su Yi had thoroughly refined the benefits of the Hundred Fruits Wine, it was already late in the morning of the second day.

Hu

Inside the room, Su Yi kept his hand seal while sitting cross-legged and exhaled a breath.

His eyes opened with blinding light within them along with a faint crimson color that later resided into his brooding eyes.

When Su Yi first felt the changes within his body, he revealed an expression of joy.

The Hundred Fruits Wine, he had drunk last night not been wasted. Su Yi could evidently feel that his cultivation had a shocking improvement in just one night. The Yuan Qi in his Yuan Qi Ocean Whirlpool within his Dantian was compressed to become even more substantial.

The aura on Su Yi's body was initially at the mid-staged of Yuan Xuan Realm Second Grade, but right now, it was already at the peak of Yuan Xuan Realm Second Grade, strongly leaning onto the Third Grade.

Although he had not stepped into Yuan Xuan Realm Third Grade, indistinctly he could clearly sense that his improvement was huge which, could not be compared to previously.

Moreover, Su Yi could feel that there were many changes to his spiritual power.

The Hundred Fruits Wine is definitely a treasure!

Su Yi was secretly astounded in his heart. The Hundred Fruits Wine of the Ancient Spirit Village was indeed not bad.

The corner of his mouth unknowingly curved up in a smile as his gaze secretly moved. Su Yi was pondering in his heart that if, there was a chance, he shall take away some of the Hundred Fruits Wine from the Ancient Spirit Village and let his grandfather, Fatty Wang and the rest taste it.

Thinking of Fatty Wang, Su Yi's heart was a little stirred up. That was his best pal on the world. With Fatty Wang's talent, he might not be able to achieve greatness in the road of cultivation. If there was a chance in the future, he wanted to help him.

With the various types of treasures and great opportunity on his body, Su Yi had some confidence that he could help his best pal on the world.

And Wan Er that brat

Inside Su Yi's mind, an image emerged as he recalled that young girl that would make his heart ached. He was uncertain whether there was anyone in the Su Family that still bullied her.

Somebody has come Shangguan Xi Wei. Suddenly, Su Yi returned to his senses.

With his spiritual power, Su Yi could sense Shangguan Xi Weis aura.

As a Soul Tamer and adding on to the vigilant he had sharpened in the Forest of Demons, it was not hard for him.

Yi Su

After several breaths, came Shangguan Xi Weis voice from within the courtyard.

Su Yi leaped down from the bed and tidied his clothes before pushing open his room door.

Shangguan Xi Wei stood at the courtyard. When she heard the commotion, she glanced over.

The door pushed open as a skinny yet tall and straight figure emerged before Shangguan Xi Weis eyes.

Even though that figure was skinny, it unknowingly gave people a feeling of an unwavering determination like the chain of mountains, causing Shangguan Xi Wei to keep involuntarily looked at him.

How is it? Is there a lot of benefits? Following as she felt the aura on Su Yis body that was faintly emitting out, Shangguan Xi Wei questioned.

Su Yi smiled and nodded.

Today I will bring you around the village to look around. How about it? Shangguan Xi Wei asked.

Okay

Su Yi was precisely curious about this mysterious village. He slightly smiled and nodded his head. Then his gaze faintly turned as he looked at Shangguan Xi Wei and asked: There are a few more days before the battle, dont you need to prepare?

Shangguan Xi Wei smiled lightly and responded: The second round and third round does not have any relations to me as Shangguan Chen Feng will represent in the third round. These few days, he will also undergo secluded preparation.

Oh I see!

Su Yi had sized up that Shangguan Chen Feng before and he was indeed extraordinary.

Brother Yi Su.

A voice sounded over as figures came over.

Listening to the voice, Su Yi already knew who it was. Other than Shangguan Yan, Shangguan Yu, and Shangguan Ye, there was no one else.

I called them here to accompany you to walk around and get familiarized with the environment. Shangguan Xi Wei stated as she felt that going alone with him did not seem to be right. Despite that, in her heart, she was not thinking like that, this was after all inside the village.

Sure. Su Yi nodded his head while the three people had already excitedly rushed before him with a rosy face. Their complexions were notably good. Presumably, it must have been the great benefits from the Hundred Fruits Wine.

Have anyone seen Su Tian Que?

Su Yi asked as he had no idea where Su Tian Que had went.

That fellow had become drunk and went crazy last night.

Mentioning of Su Tian Que, Shangguan Yan and the other two suddenly glanced at each other, not knowing whether to cry or laugh.

What happened? Su Yi was stunned.

What else can you expect? That chicken is too good at eating. In one breath, it had drank the remaining six jars of the Hundred Fruits Wine. All of the Hundred Fruits Wine at the square was swept clean by it, making the elders to have a heartache.

Then Shangguan Yus voice abruptly stopped as he took a deep breath and looked at Su Yi, continuing: In the end, Su Tian Que grabbed onto a spirit beast with no intentions of letting it go, saying that it still wants to eat roast meat. That poor spirit beast is the favorite pet of an elder. Usually, it is incomparably conceited, yet all of its feathers were almost pluck out ruthlessly by Su Tian Que. Shangguan Yu felt helpless, especially when he recalled the gaze of the elder, who was the owner of the spirit beast. Even he felt heartache for the elder.

Such a beautiful spirit beast was plucked until like a balding chicken, utterly the second Su Tian Que.

This Su Yi was also struck dumb. That indeed sounded like something that Su Tian Que would do.

Where is Su Tian Que now? Su Yi felt helpless and followed up with a question.

That spirit beast has an intimate friend that is a Flaming Demonic Falcon in the Demonic Spirit Realm. It kept chasing after Su Tian Que for revenge and right now, even I have no idea where Su Tian Que had gone. Shangguan Bi felt very helpless as last night, Su Tian Que had made everything into a mess. He only knew that in the end, Su Tian Que had flown away like a chicken and jumped like a dog, escaping.

Su Yi was at a loss for words. He was most worried about Su Tian Que causing trouble and yet, that fellow had still caused trouble.

Dont worry. It will be fine. No matter what, Su Tian Que is still inside the village as it cannot leave.

Looking at Su Yis expression, Shangguan Xi Wei smilingly said.

Su Yi bitterly smiled. He was not that worried about Su Tian Que. He knew that the fellow, was also covered with mystery. Most likely, a Flaming Demonic Falcon in the Demonic Spirit Realm would not be able to do anything to Su Tian Que.

It was already late in the morning as the sun shone brightly.

The air in the Ancient Spirit Village was fresh with sky-high tree everywhere and stream water flowing endlessly.

Su Yi along with Shangguan Xi Wei and the rest head off, going to walk around the village.

The village was very big, way bigger than any villages on the outside.

Sister Xi Wei, where are you guys going?

On the road, some youngsters were curious and chased over, seemingly they wanted to follow them and play.

You wimpy kids, behave yourselves, and go aside to play!

Shangguan Yan had a serious and straight face. They could not bring along these brats with them and go around everywhere.

Shangguan Yan, what did you say? Do you dare to be imprudent to me?!

A kid around the age of 4-5 years old looking dignified and strong with a seemingly falling snot inside his nostrils pointed at Shangguan Yan and shouted with an arrogant like an elder.

Chapter 212: There Was Trouble!

Looking at the kid, Shangguan Yan suddenly had cold feet as his face instantly squeezed out a smile and said toward the kid: Ninth Uncle, how would I dare to?

Hearing this, Su Yi was stunned. That little kid was unexpectedly Shangguan Yans Ninth Uncle.

Hahaha

Shangguan Yu unbearably loudly laughed as he looked at the puzzling Su Yi and responded: Brother Yi Su, you do not know, but this Shangguan Yans biological grandfather had a son at an old age, so this fellow has a Ninth Uncle. Haha

All of you little fellows get back to training your body!

A group of muscular middle-aged men walked out and snapped at these little fellows while flashing a smile to Su Yi.

Lets go. Time to train our bodies!

The little fellows immediately left, not daring to be presumptuous.

These wimpy brats. Shangguan Yan pursed his lips.

Afterward, the group of people laughed while continuing on their way.

The village was indeed remarkably big with a bunch of steep mountains and abundant heaven and earth energy.

There were weird birds and strange beasts everywhere while they were also not afraid of humans as they wandered and soared around the village.

In conclusion, it was a heaven of peace and happiness.

Su Yi sighed secretly. No wonder the people inside here were all extraordinary. This sort of place could be called a treasure land.

On the way, from the mouths of Shangguan Yan, Shangguan Xi Wei and the rest, Su Yi found out that there was also danger inside here.

The village was still alright as it was a safe place.

Outside of the living area of the Ancient Spirit Village, Mighty Bear Tribe, and the Hunting Tiger Tribe was unsafe as many of these places were dangerous.

Some of these places had exceedingly powerful beasts, but there were also many Spiritual Herbs and spirit fruits inside.

Therefore, within the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe, they would frequently form teams to hunt. Firstly, it was to give the villages children, old and weak to nourish and strengthen their bodies. Secondly, it was to harvest the Spiritual Herbs and spirit fruits too.

However, it was still dangerous. Occasionally, there were people getting hurt, bled, and even crushed.

Go

All of a sudden, a commotion traveled from afar as a person riding a horse charged over.

It was a spiritual horse with robust posture and snow-white body like the jade.

On top of it was a 15-16 years old young girl with comeliness face and big bright eyes. Her beautiful black hair was tied up highly.

It is Shangguan Xiu.

Looking at the person riding on a horse and charging over, Shangguan Xi Wei, Shangguan Yan and the rest revealed astonished expressions.

Sister Xi Wei, not good

When she saw Shangguan Xi Wei and the rest, Shangguan Xiu momentarily revealed joy as she hurriedly stopped the horse before Shangguan Xi Wei and the rest while her expression was urgent with imposing eyes.

Xiu Xiu, whats wrong?

Shangguan Xi Wei secretly arched her eyebrows. Looking at Shangguan Xiu's expression, she seemingly must have met with something.

Shangguan Xiu swept her glance across Su Yi and was a little surprised. Last night, she was also at the square and saw the astonishing scene where Su Yi had defeated Shangguan Ming Hou.

Afterward, Shangguan Xiu returned to her senses and recalled the business on hand. With an urgent voice, she said: Not good, Brother Zhang Hong and Hu Mo from the Hunting Tiger Tribe has fought.

Hu Mo!

Hearing this, the complexion of Shangguan Yan, Shangguan Yu, and the rest changed drastically.

We had found a Green Frost Grass at the Bao Ling Valley, but we did not expect that the people from the Hunting Tiger Tribe to be there too. We obviously found it first, yet they claimed that they saw it first. The one leading the Hunting Tiger Tribe is Hu Mo and is now fighting with Brother Zhang Hong. I see that they have more people on their side, so I decided to return to the village to report the news.

Shangguan Xiu said. She distinctly knew that Brother Zhang Hong was not the opponent of Hu Mo and the other party had more people on their side too. Therefore, she took the chance to sneakily report back to find people in the village to help.

Lets go.

Shangguan Xi Wei frowned. Before the words of Shangguan Xiu had landed thoroughly, Yuan Qi surged under her feet as her figure urgently rushed out.

Sister Xi Wei, wait for me. Shangguan Xiu instantly rode her horse chasing after her.

Not good. Shangguan Yan and the rest also had slightly imposing expression.

Whats wrong? Su Yi was still a little confused and asked the three people.

Brother Yi Su, we should go and have a look. We cannot let Brother Zhang Hong to suffer a loss. We will tell you more on the road. Replied Shangguan Yu.

Whoosh whoosh

The four of them circulated Yuan Qi and immediately hurried over.

On the way, Su Yi found out from Shangguan Yu and the rest that the Hunting Tiger Tribe, Mighty Bear Tribe, and Ancient Spirit Village actually lived very close to each other. Although they usually maintained the trading of goods, there would also be many disputes from the younger generation.

The disputes between these younger generations, as long as the matter was not serious, their respective seniors would not care about it even if they were bleeding or injured.

Like the matter of stealing the Spiritual Herbs, commonly, everything was settled with their strength.

The problem was, this time the Ancient Spirit Village had met with Hu Mo.

Instead, the one leading the Ancient Spirit Village was only Shangguan Zhang Hong.

Even though Shangguan Zhang Hong, could be regarded as having an exceptional existence among the younger generation, his cultivation and strength were only within the top ten in the Ancient Spirit Village.

On the other hand, the ranking of Hu Mo was only below Hu Chi which, could be regarded as the second rank in the younger generation of the Hunting Tiger Tribe with remarkably powerful strength.

Su Yi finally understood. No wonder Shangguan Xi Wei would secretly frown just now. Looks like, that Hu Mo was also a strong character.

The Bao Ling Valley was not far. Very quickly, Su Yi with Shangguan Yan and the rest had already reached.

The Bao Ling Valley was not far from the Ancient Spirit Village and separated the Hunting Tiger Tribe. It was a big piece of a deep valley with many beasts inside and of course, many medicinal herbs.

The cultivation of the beasts inside the Bao Ling Valley was not that high as the powerful beasts were already get rid of or killed by their strong cultivators.

Therefore, in the Bao Ling Valley, many youngsters from the Ancient Spirit Village and Hunting Tiger Tribe, even the Mighty Bear Tribe would frequently come to the Bao Ling Valley in search for medicinal herbs, considering it as a type of training.

Bang bang bang

Separated by a distance, a low and deep sound of energy colliding, rang out from the front.

Within the enveloping crowded figures, four figures were fighting intensely.

When Su Yi had arrived, he swept his gaze across and recognized the people from the Ancient Spirit Village on the scene, including Shangguan Xiu who he had just met. There were a total of eight people with several beasts mounts.

The remaining 13-14 young men and women on the scene should be the people from the Hunting Tiger Tribe. The men were muscular while the women exhibited a sort of wildness.

Some of the youngsters from the Hunting Tiger Tribe, Su Yi seemingly still had some impression of them from yesterday when he entered this heaven of peace and happiness.

Brother Hu Mo keep up the good work! Shangguan Zhang Hong is not your opponent!

Brother Hu Yue keep up the good work and defeat Shangguan Xi Wei!

The shouting emitted from the Hunting Tiger Tribe was the total opposite from the Ancient Spirit Villages imposingness and silence.

At the moment, the people from the Ancient Spirit Village including Shangguan Yan and the two others who had finally arrived, when they glanced at the four figures that were presently fighting, they also frowned while their expression became imposing too.

Why is Hu Yue also here!

The eyes of Shangguan Yan and the rest trembled with an expression of surprise.

We are in trouble. To think that Hu Yue is also here! Shangguan Yu softly muttered to Su Yi.

Hu Yue is also from the Hunting Tiger Tribe, right? Su Yi softly responded while his gaze had sized up the four figures fighting at the field.

Within these four people, Shangguan Xi Wei was one of them. She was currently fighting with a young man in a tight blue shirt.

That young man was about the same age as Shangguan Xi Wei, but his attacks were sharp and swift while his hand was holding onto a long twinkling rod against Shangguan Xi Weis pair of curved sabers as clang of metals ranged out with continuous explosion sounds as though they were on par.

Chapter 213: A Fat Toad!

As for the other pair of figures, Su Yi had seen one of them before.

A young man was wearing a long robe. Su Yi had an impression of him from the night before, so he should be Shangguan Zhang Hong.

Only, at the moment, the situation of Shangguan Zhang Hong was a little not great as his robe had ragged and his complexion was pale. There was already a bloodstain at the corner of his mouth.

Whereas the young man that Shangguan Zhang Hong was battling, he had a round figure while wearing a vest that exposed his arms. He was not tall and had short black hair, yet there was a blinding light in his eyes along with a strong aura on his body.

Hu Yue is on par with Hu Mo. The two of them are biological brothers with powerful strength. When the two of them join hands, their strengths are even more terrifying!

Shangguan Yan replied Su Yi. He distinctly knew the strength of these two brothers. When the two brothers were around, in the entire same generations of the Ancient Spirit Village, most likely only Brother Chen Feng could handle them.

Bang!

In a blink of an eye, Shangguan Zhang Hong's back got hit by another punch while his body staggered forward. The blood in his mouth once again spewed out.

Swoosh!

With movement akin to lightning, the speed of the young man was incomparably agile despite his round and plump figure. In an instant, he arrived before Shangguan Zhang Hong's body and with an unclenched fist, another palm print instantly landed.

Puchi

Shangguan Zhang Hong could no longer hang on as his figure flew backward while dripping blood, landing heavily onto the ground, and finding it hard to climb up again.

Brother Zhang Hong!

Shangguan Xiu and the rest hurriedly rushed forward to carry Shangguan Zhang Hong.

Shangguan Zhang Hong, collapsing at the first blow!

The round young man faintly glimpsed at Shangguan Zhang Hong.

Hu Mo, you have gone too far in bullying others!

Shangguan Yan and the rest of the youngsters rushed forward with boiling anger.

What, your helpers have come? Why not all of you come at me!

Hu Mo indifferently glimpsed at the people from the Ancient Spirit Village, without placing them in his eyes.

Hahaha, come out together and let's fight!

The ten over young men and young women from the Hunting Tiger Tribe laughed loudly, totally not fearful of the people from the Ancient Spirit Village.

We saw the Green Frost Grass first! Let's fight them!

They were precisely at the age full of vigor and vitality while it was the Ancient Spirit Village who saw the Green Frost Grass first. The youngsters from the Ancient Spirit Tribe could not endure this anger as every one of them drew their swords, preparing to fight.

Stop! Step back!

After landing an attack, Shangguan Xi Wei took the chance to step back and lengthened the distance between Hu Yue. She turned her head back and looked at Shangguan Zhang Hong, who got carried. Her face became imposing.

Sister Xi Wei, they have gone too far in bullying others. Brother Zhang Hong got severely injured!

Several young men and young women were not convinced. The wounds on Shangguan Zhang Hong, was so severe that without a few months of healing, it would not be able to nurse back.

I said, step back!

Shangguan Xi Wei tenderly reprimanded. How could she not understand that once they attacked, the situation would be even more out of control?

The people from the Ancient Spirit Village on the scene was not the opponent of the Hunting Tiger Tribe. She had also only found out that Hu Yue was actually here when she arrived.

Today this loss, they might have to suffer it.

A person who understands the signs of the times is wise. We have already seen this Green Frost Grass long ago, but we merely did not harvest it. Shangguan Xi Wei, if you guys are not convinced, then all of you can come out together. I will give you guys a chance, either one on one battle or everyone together and I will go according to your preference. I am only afraid that your Ancient Spirit Village does not have the guts!

Hu Mo indifferently said. Then he glanced at Shangguan Xi Wei as the corner of his mouth curved into a smile and stated: Why not like this, we no longer want this Green Frost Grass. I will give it to you and consider it as the betrothal gift for you. When the time comes that you are married to me, our Hunting Tiger Tribe and Ancient Spirit Village will also be family in the future

F\*\*k you! A toad lusting after a swans flesh!

Shangguan Yu let loose a torrent of insults while pointing at Hu Mo and exclaimed: Hu Mo, why dont you look at your own appearance? So round. Which part of you are worthy of our Sister Xi Wei?

Shangguan Yu, good, very good!

Hearing that, the complexion of Hu Mo abruptly darkened as his gaze landed on Shangguan Yu.

Hu Mo, the Green Frost Grass will be yours. This debt, I will come back for it in the future!

Shangguan Xi Weis big beautiful eyes slightly fluctuated. With both Hu Mo and Hu Yue here, it would be hard for her to handle. This loss, she had to suffer it and could only get it back in the future.

I want the Green Frost Grass, and I also want Shangguan Yu to explain clearly to me, how am I a toad. Otherwise, all of you cannot leave!

Hu Mo stared at Shangguan Yu with a dark complexion. He would not endure such a shame.

Shangguan Xi Weis eyebrows secretly scowled. Initially, she also wanted to scold him, but she found it a little embarrassing. Shangguan Yus scolding secretly relieved quite a lot of her anger. However, at the moment, Hu Mo seemingly refused to give up and instead, gave them some trouble.

With your appearance, you also want to marry Sister Xi Wei. Why dont you take a piss and look at your own pee? Otherwise, you will find out long ago that you are a toad! Shangguan Yan was fearless as he also let loose another torrent of insults.

The people of the Hunting Tiger Tribe is truly shameless, strongly robbing away the Green Frost Grass while a toad still wants to lust after a swans flesh.

Shangguan Ye was also discourteous. The three of them had the closest relationship. Although Hu Mo was very mighty, the three of them, brothers, would not cower.

Good. Shangguan Yu, Shangguan Ye, and Shangguan Yan, if you have the capability, then come out!

Hu Mo coldly stared at Shangguan Yu as his complexion had become livid.

Come out then, come out. We are also not afraid of you.

Shangguan Yu, Shangguan Ye, and Shangguan Yan spoke in unison and unitedly stood out.

Despite that they knew even with the three of them together they were still not Hu Mo's opponent, they were not afraid.

You three

The color of Shangguan Xi Wei's complexion changed while her expression became imposing. She knew that with the three of them together, they would still not be Hu Mo's opponent and they were only going up to seek humiliation.

Only in an instant, before Shangguan Xi Wei's words could finish, she suddenly stopped as the imposing expression abruptly revealed a strange curved smile.

That was because, presently at the side of the three of them, there was another fourth youth

As she stared at the fourth youth, Shangguan Xi Wei's eyes revealed a slight smile. She had almost forgotten that the fellow was also here

Initially, the youngsters of the Ancient Spirit Village were all thinking to advance and retreat together with Shangguan Yan and the rest until they also saw the fourth youth beside Shangguan Yan, Shangguan Yu, and Shangguan Ye.

Hehe

When they saw the fourth youth, all of the young men and young women from the Ancient Spirit Village smiled intently while their gazes, were filled with expectation.

Feeling that there was something wrong by their side, the three of them looked to one side and saw the fourth youth.

When they glanced at this fourth youth, all three of them were briefly stunned before they respectively smiled. The smiles on their faces were undisguised.

Brother Yi Su Shangguan Yan spoke.

I also feel that the fellow looks like a toad.

Su Yi interrupted Shangguan Yan's words and looked at Hu Mo. With undisguised gaze, he said towards the three of them: Can you see the roundness? It is even a fat toad. Although it lusts for the swan's flesh, it is too fat that it definitely cannot catch up.

Fat toad. Haha

Too fat and it cannot catch up. Hahahaha

When the youngsters from the Ancient Spirit Village heard it, all of them abruptly burst into laughter. They finally understood in their hearts that this Yi Su also had a glib tongue. He was far stronger than Shangguan Yu and the rest in slandering people.

Pu

Hearing Su Yi's words, Shangguan Xi Wei's eyes also uncontrollably revealed a smile as she nearly burst into laughter.

Chapter 214: Come Together!

The field was full of laughter while the eyes of Hu Mo and Hu Yue stared at Su Yi.

At this moment, including all of the young men and young women from the Hunting Tiger Tribe, every one of them was glancing at Su Yi shockingly.

For so many years, this fellow was definitely the first person that dared to not place Hu Mo into his eyes.

The complexion of Hu Mo entirely became dark as the corner of his eyes twitched.

He had seen Su Yi before at the entrance of the valley the previous day. This fellow was an outsider.

I know you. You are the one that came from the outside!

Hu Mo spoke as his complexion got darker and darker while a chilling light was surging in his eyes.

If this fellow was from the Ancient Spirit Village, then he could only at most teach him a lesson, not daring to be too harsh.

After all, for so many years, although the Hunting Tiger Tribe, Mighty Bear Tribe, and the Ancient Spirit Village had many disputes and fights among the youngsters, all of them knew in their hearts that even if one side had the absolute advantage, they would also not be too harsh.

However, right now, this was an outsider, so the situation would be different.

For nineteen years, you are the first one and will be the last one who dares to speak to me like this. Therefore, today, no matter what, you will become disabled!

The moment Hu Mo's words landed, a whiff of powerful aura emitted out from his round body with a faint black earth element Yuan Qi emanated out like the tide, shaking the surrounding!

Can it be that the toad is going to bite people?

Su Yi glanced at Hu Mo and slightly smiled. However, his heart was a little surprised as the aura on Hu Mo's body seemed to be a little stronger than Shangguan Ming Hou, as though he had reached the peak of Yuan Xuan Realm Fourth Grade.

However, Su Yi had a clear idea about his own strength. This Hu Mo was at most stronger than Shangguan Ming Hou by a bit. With his battle might, there should be no problem.

The toad wants to bite people

Hahaha

The young men and young women from the Ancient Spirit Village once again burst into laughter. Facing with the turbulent aura from Hu Mo's body presently, they did not have any worries.

This Yi Su had defeated Shangguan Ming Hou with breeze last night, so Hu Mo would not be able to gain any advantages.

Brat, you are courting death. If you have the capability, then come fight with me one-on-one!

Hu Mo angrily cried while his complexion was livid. He was thoroughly furious that the brat had actually utterly not place him in his eyes.

Su Yi marched forward three steps and glanced at Hu Mo. He lifted his hand and moved, yet it was directly pointed to Hu Yue as he said: I heard that you two are brothers. Come together and allow me to see the might of the Hunting Tiger Tribe!

Uh

Following as Su Yi's words landed, the previously laughing young men and young women from the Ancient Spirit Village, abruptly became quiet.

All of them glanced at Su Yi as their faces involuntarily twitched.

What was this fellow trying to do? He actually wanted to deal with Hu Mo and Hu Yue at the same time?

It was to be known that if Hu Mo and Hu Yue were to join hands, even if, Brother Chen Feng was here, he would not dare to be so reckless!

Shangguan Xi Wei, Shangguan Yan, Shangguan Yu, and Shangguan Ye, the four of them were also stunned.

Either one of Hu Mo or Hu Yue had even greater strength than Shangguan Ming Hou.

Especially Shangguan Xi Wei, she was even more clear that just Hu Yue alone, he was not below her, but instead above her by a little.

Most importantly, when the Hu Mo and Hu Yue brothers joined hands, their battle strength would skyrocket.

However, thinking carefully, Shangguan Xi Wei, Shangguan Yan, and the rest were not too worried.

That was because the Serene Void Brutal Heavenly Leopard in the Demonic Xuan Realm Fifth Grade had also been beaten into submission by this fellow.

Even if the Hu Mo and Hu Yue two brothers joined hands, seemingly they would also find it challenging to handle a Serene Void Brutal Heavenly Leopard in the Demonic Xuan Realm Fifth Grade.

Thinking till here, Shangguan Xi Wei, Shangguan Yu and the rest once again revealed expression of smiles while within their gazes, there was somewhat an added expectation.

While, at the moment, the people from the Hunting Tiger Tribe were astounded as every one of them were incomparably surprised.

This young man that came from the outside actually wanted to deal with Hu Mo and Hu Yue at the same time. Was he trying to court death?

Brat, you are too arrogant!

Glancing at the young man that had come from the outside and had actually pointed at him, Hu Yue's complexion also became slightly chilly. The Yuan Qi within his body surged, as his foot stepped forward. His aura trembled bringing along with a whiff of a powerful force, directly sweeping towards Su Yi.

The aura swept through, blowing the ground as the sand flew and the rocks rolled. However, Su Yi's figure did not move a single bit while his robe slightly fluttered.

Glancing at Hu Yue, the corner of Su Yi's mouth lifted in a curved smile as he said with slight arrogance: You should better come together with your elder brother. You alone are not my opponent!

Su Yi was genuinely not arrogant. It just that, he knew distinctly that this Hu Yue was indeed not his opponent. The Supreme Chaotic Yuan Technique he had cultivated, allowed him to have the battle strength to contend against higher level cultivators.

Right now, Su Yi wanted to battle both Hu Yue and Hu Mo as well as to understand the might of the Hunting Tiger tribe.

Su Yi was very curious towards this mysterious heaven of peace and happiness. He had already fought against Xiong Lie from the Mighty Bear Tribe, compared notes with Shangguan Ming Hou from the Ancient Spirit Village and all that was left now was the Hunting Tiger Tribe.

Furthermore, Su Yi had always been training inside the Forest of Demons, so there was hardly any chances to interact with people around the same ages as him.

At the moment, he had reached this mysterious heaven of peace and happiness while meeting with so many extraordinary people on the same generation as him. It had incited the vigor and vitality in Su Yi's heart.

If he could not sweep those in the same generation as him, then how could he think of stepping into the Sacred Mountain. It was going to be another verification!

It was neither throwing weights around or being arrogant and conceited. It was attestation!

So arrogant!

The young men and women from the Hunting Tiger Tribe could not control the throbbing in their hearts. This sort of arrogance, could most likely be compared to the famous Xiong Zhan from the Mighty Bear Tribe.

Your gut is really quite big!

Simultaneously dealing with Hu Yue and Hu Mo, can he do it?

The young men and women from the Ancient Spirit Village secretly bit their tongues while they were perturbing in their hearts. In spite of knowing that Su Yi was very mighty and even Shangguan Ming Hou was not his opponent, but right now, he was going to handle both Hu Yue and Hou Mo at the same time.

Dealing with you, there is no need for my elder brother to take action!

Hu Yue responded. The moment the words landed, a whiff of strong aura entirely swept out from his body.

Peak of Yuan Xuan Realm Fourth Grade!

Feeling the aura on Hu Yues body, Shangguan Xi Wei slightly knitted her brows as her brows arched up.

Initially, she only thought that Hu Yue would only be above her by a little, yet now, she finally understood that this Hu Yue had almost reached the Yuan Xuan Realm Fifth Grade, exceeding her by a margin.

I already said that you alone is not my opponent!

Facing with Hu Yues aura that was currently going all out, Su Yi nevertheless remained calm as the expression in his eyes, still had that sort of feeling that he did not placed Hu Yue into his eyes.

Studying Su Yis attitude, everyone from the Hunting Tiger Tribe and the Ancient Spirit Tribe abruptly became quiet, feeling that this fellow was too arrogant and conceited.

Looking at Su Yis expression, the formerly furiousness in his heart had also become livid as a whiff of fire element Yuan Qi surged scorchingly. His robe fluttered as his gaze gradually surged out a chilling light.

Courting death!

When the words landed, the crimson light from Hu Yue was monstrous. It was terrifyingly scorching while his footstep dashed forward with speed akin to lightning that was violent yet frighteningly as he instantly arrived before Su Yi.

The sands flew, and rocks rolled when the frightening aura swept by the path while the surrounding several kilograms rocks were also blown off.

Hu Yues fist had Yuan Qi spilled out as though seemingly covered in a layer of naked flames, instantly booming towards Su Yi.

The young men and young women from the Ancient Spirit Village were shocked as Hu Yues strength was actually this powerful. Just based on his momentum alone, it was like an engulfing wind storm that was frightening strong!

Chapter 215: One Move!

Come on!

At this instant, facing Hu Yues fist, Su Yi did not retreat but advance. Without dodging and making way, his black hair danced on his head while unknowingly, there was a whiff of majestic and overbearing emitted out as his arm shook while a palm was directly shot out.

Boom!

Everything happened very rapidly and adding on that Hu Yue had strike while he was in a rage, a fist, and a palm instantly collided. A deep and low energy explosion sound spontaneously reverberated out.

When the fist and palm touched, a glow overflowed everywhere with the same fire element Yuan Qi madly surging and rapidly storming out.

Ka ka

The surrounding ground was also trembling as cracks began to spread on the ground.

Facing against a speed akin to lightning and Hu Yues incomparably strong all-out attack, the men and women from the Hunting Tiger Tribe revealed smiles, waiting for that brat to be blown away.

Only, the following was beyond the expectation of the people from the Hunting Tiger Tribe.

They did not see that Su Yi got blown away, only that the touch of the fist and palm in the field was together at a stalemate.

All of the gazes suddenly moved and landed to the place where the fist and palm touched.

They could only see that before Su Yi's palm, it had fiercely resisted Hu Yues fist.

However, from what they could see with their naked eyes, the glow before Su Yi's palm started to dim as it was swallowed by the scorching fire glow on Hu Yues fist.

Hahahaha, it turns out that you only have this little might. Then it is all over!

He Yue laughed. All of a sudden, the Yuan Qi in his body, was circulated to the extreme as the scorching hot fire element Yuan Qi stormily surged out and finally formed a Yuan Qi shield on the surface of his body.

Simultaneously on Hu Yues fist, a whiff of frightening aura surged without any stagnation as though a blinding fiery light was blooming on his fist while a frantic force shot out towards Su Yi's palm print.

Fire Shadow Fist, Fire Shadows with No Trail!

After a deep roar, Hu Yue exploded out with his full force. A whiff of scorching hot fierceness erupted out powerfully while the raging power on his fist was like a series of fire shadows with a momentum akin to toppling the mountains and overturning the seas as it charged towards Su Yi.

That is Brother Hu Yues ultimate skill. That fellow is seeking for humiliation!

Looking at Hu Yues momentum, the young men and young women from the Hunting Tiger Tribe cheered.

Alternatively, the young men and young women from the Ancient Spirit Village were secretly shocked. Hu Yue indeed deserved to be called an outstanding person in the younger generation of the Hunting Tiger Tribe as the strength he displayed was enough to prove it.

Waves of scorching hot fire shadows charged over, magnifying in Su Yi's eyes. That whiff of frightening burning aura had already pounced over.

So powerful!

Su Yi secretly praised. This Hu Yue indeed was more exceptional than others.

This sort of offensive battle force, could most likely be compared to a cultivator in the Yuan Xuan Realm Fifth Grade.

However, with just this sort of battle power and offense, was still not enough to make Su Yi want to retreat.

Su Yi had also contended head-on and defeated an opponent that was much stronger than Hu Yue before.

For example, was the Serene Void Brutal Heavenly Leopard.

Su Yis palm slightly trembled. Even though the glow looked as though it had shrunk back and was swallowed, in actual fact, a red light was condensing.

Very strong, but I had already said before. You alone are not my opponent!

When the words landed, the corner of Su Yis mouth curved up in a confident smile as his palm retracted back and then abruptly shook.

All of a sudden, fire element Yuan Qi was surging as though there was a naked flame emitted before Su Yis palm print.

The scorching heat aura caused the surrounding air to seemingly burnt up, making peoples skin to sting and hairs to stand!

In an instant, Hu Yues pupils in his eyes abruptly shrank as though he had felt something.

Hu Yue careful!

At the same time, Hu Mo, who was shocked, seemed to sense something as his complexion drastically changed. A touch of surprise flashed past his face as his figure abruptly swiftly pounced out.

The chubby figure of Hu Mo was abnormally fast like a fat tiger hunting down its prey.

But it had appeared to be a little slow. When Su Yis palm retracted and shook, the corner of his mouth raised in a faint smile as he softly muttered: Explode!

Bang!

An explosion sound blasted open from Su Yis palm.

At this instant, Su Yis palm appeared to contain a small volcano with a scorching hot aura that was shrinking and inflating as it blasted open like a bomb.

Rumbling

The explosion sound rang out like thunder akin to a small erupting volcano while scorching hot air current was like a tiny tornado wind storm sweeping all around.

Puchi

When faced with such an unforeseen event, Hu Yues fist was abruptly swallowed and then blasted open while his complexion instantly became white as paper. At the same time when his body was blown away, starting from his fist, the Yuan Qi shield on his body broke into pieces inch by inch while a mouthful of blood was also violently spewed out from his mouth.

Hu Yue!

With a loud cry, Hu Mo had already pounced forward with a turbulent black earth element Yuan Qi. The black fist shadows brought along with a thick and heavy continuous power as it emerged before Su Yis body.

Wu wu

Before the fist, the air continually had a wu wu wind separating noise while an ear-piercing bursting sound formed a resonance of the air as though the space was shaking.

Come on!

Feeling the fierceness of Hu Mos fist, Su Yi seemingly had long been prepared for it as Yuan Qi surged forward in his body and his eyes also gushed out with a unique battle intent. His Yuan Qi element abruptly changed as a whiff of the same earth element Yuan Qi surged out while his aura suddenly rose explodingly.

Seven Injuries Fist!

A deep roar sounded while almost at the same time, Su Yis right arm shook and a black Yuan Qi surged. The moment his fist retracted, it contained a mighty and heavy raging wind, booming towards his opponents fist.

Bang!

The two fists instantly collided while Yuan Qi clashed. Explosion sound of energy resounded out like frightening thunder.

Rumbling

The surrounding sand flew, and rocks rolled. The dust swept around while tiny cracks on the ground kept spreading as though a spiderweb was climbing out.

Pu chi

Within the frightening raging wind along with the sound of spewing blood, a chubby figure was blown away from the raging wind, crashing heavily onto the ground.

The figure stuck close to the ground and rolled for several zhang before he banged into a large rock that finally stopped his body.

But that large rock received the impact and was almost split open.

All of the gazes followed where the figure had landed and looked over. When they saw who the person, that flew out was, the entire crowd were silent and shocked.

The person that got blown away was precisely Hu Mo.

At the moment, the vest on Hu Mos body was mostly ripped into pieces by the raging wind while his body besmeared with blood and the corner of his mouth had a trace of blood.

The skin on Hu Mos fist had already split open with blood dripping. It was evident that it was, tore by Su Yis fist.

To be able to defeat Hu Mo in one move and also broke his fist into like that, what kind of frightening battle strength was this!

All of the people on the scene was exceptional in the younger generations. The meaning was easy to read and understand that everyone knew it clearly.

Hu Yue and Hu Mo the two brothers were arduously squirming their body as though they wanted to climb up but kept failing.

The people from the Hunting Tiger Tribe could not return to their senses after a long time that all of them had forgotten to carry them.

Sha sha

All of the gazes on the scene, sha sha landed onto Su Yi's body.

That young man with a skinny figure like the chain of the mountains did not move a single bit.

Initially, those from the Hunting Tiger Tribe that did not place him in their eyes, at the moment, felt a chilling sensation sipping out from the bottom of their heart.

No one had expected that the people ranked second and third in the younger generation of the Hunting Tiger Tribe would successively get humiliatingly defeated directly by someone.

One move, with only just one move, the two brothers were directly blown off!

Chapter 216: Robbed

At the moment, for the dozens of young men and young women from the Hunting Tiger Tribe, they were even more shocked as the impact on their hearts were too big.

In their hearts, even their Brother Hu Chi would also find it hard to defeat both of them when Hu Mo and Hu Yue joined hands to attack.

Hu Mo and Hu Yue both had the existence of the second and third ranked respectively in the younger generations of the Hunting Tiger Tribe. It was their targets to strive and catch up.

However, right now, their targets for striving and catching up had been so humiliatingly defeated even when the both of them had attacked together.

Whereas the other party, was a young man that did not look old. That was hard for them to believe!

When they glanced at that skinny figure, a chilly sensation was currently sipping out from the bottom of the hearts of the dozens of young men and young women from the Hunting Tiger Tribe.

This young man was too overly terrifying!

Gulp gulp

The young men and young women from the Ancient Spirit Village were also secretly swallowing their saliva.

Right now, they finally understood that last night when that fellow had deliberately let two moves at the beginning of the battle with Shangguan Ming Hou, was actually giving face to Shangguan Ming Hou.

Otherwise, even Shangguan Ming Hou, would also definitely be unable to contend against one move from that fellow.

Ignoring Hu Mo and Hu Yue the two brothers that had been blown away, Su Yi had a clear idea about the strength that he had used.

Then, Su Yi's gaze targeted towards a crack in a huge rock. There was a stem of a palm-sized spiritual grass.

That spiritual grass was entirely crystal-cleared with light hovering around it while emitting a frosty aura as though it was, covered in a layer of frost.

That was a stem of the Green Frost Grass.

With giant steps, Su Yi leaped onto the huge rock and plucked out the Green Frost Grass.

As they watched Su Yi plucked out the Green Frost Grass, presently, the young men and young women from the Hunting Tiger Tribe did not dare to say anything.

Some of the youngsters from the Hunting Tiger Tribe had finally returned to senses and went over to carry both Hu Mo and Hu Yue.

While surging Yuan Qi, Su Yi leaped from the huge rock, arriving before Shangguan Zhang Hong and passed it to him, saying: The Green Frost Grass should belong to the Ancient Spirit Village.

You have defeated them, so the Green Frost Grass is now yours!

The eyes of Shangguan Zhang Hong was still shocked. Seeing that Su Yi had actually handed him the Green Frost Grass, he had also found it surprising.

However, Hu Mo and Hu Yue were defeated by him, so rationally the Green Frost Grass should be Yi Sus.

You are the one who saw it first, so it naturally should be yours.

Su Yi smiled and stuffed the Green Frost Grass into Shangguan Zhang Hong's hand.

It was not because Su Yi was generous. Although the value of the Green Frost Grass was not low as it was the main ingredient for the Frost Spirit Elixir at the Mirage Grade Middle-Level, Su Yi had already planted many stems of the Green Frost Grass inside the mysterious space.

Furthermore, he had drunk many of the Ancient Spirit Villages Hundred Fruits Wine the night before while Su Tian Que had caused trouble too, hence, Su Yi felt ashamed to take this Green Frost Grass.

Earlier he had chosen to fight because on, one hand, he wanted to test himself while on the another hand, he also wanted to show his appreciation.

Its okay, just take it.

Shangguan Xi Wei spoke while glancing at Su Yi. The shocked in her eyes had not subsided.

Despite the fact that she was not surprised that Su Yi had won, after all, she had seen with her eyes how the Serene Void Brutal Heavenly Leopard in the Demonic Xuan Realm Fifth Grade was beaten into submission by this fellow.

But Hu Mo and Hu Yue were defeated in such a way that they collapsed at the first blow which made Shangguan Xi Wei astounded.

Seeing that Shangguan Xi Wei had spoken, Shangguan Zhang Hong did not utter anymore as he flashed a smile at Su Yi to show his gratitude. Not for the Green Frost Grass, but for retrieving back the face of the Ancient Spirit Village today which was the most important thing.

Haha, with such little strength and you still dare to snatch the Green Frost Grass only to collapse at the first blow!

The Hunting Tiger Tribe is really getting weaker and weaker!

Hu Mo and Hu Yue are only like this. Unable to hang on after one move of Brother Yi Su!

Shangguan Yan, Shangguan Yu, and Shangguan Ye were also not excluded as they were also astounded. But afterward, they loudly laughed as it widely relieved their anger.

All these years, they had suffered many times of bullying under Hu Mo and Hu Yue from the Hunting Tiger Tribe while they could only blame themselves for not being as good as them with not enough strength. Every time they met them, they could only walk the other way.

However, today was different. They finally had the chance, so the three of them would naturally not miss it.

The Hunting Tiger Tribe is only like this!

Some of the young men and young women from the Ancient Spirit Village was very excited as it was very relieving of their anger.

Humph!

Hu Mo could already stand firmly while he coldly glanced at Shangguan Yan and the rest.

Hu Mo still had a little strength left, causing the gazes of Shangguan Yan and the rest to involuntarily avoided his eyes when they looked over.

Yi Su, I, Hu Mo, will remember this!

Hu Mos gaze lastly locked onto Su Yi as there was also astonishment in his eyes on his pale face.

Deep within Hu Mos heart, at the moment, he found it even more unacceptable to take the truth.

With his strength at Yuan Xuan Realm with almost one foot in the Fifth Grade, he was actually wounded heavily by a brat in the Yuan Xuan Realm Second Grade in just one move.

Presumably, even if Hu Chi was at the Yuan Xuan Realm Second Grade, it was also definitely impossible. This young man was too terrifyingly strong.

When his words landed, Hu Mo waved his hands to the people on his side and turned around to leave. Today, they had suffered this loss. They could only get it back the next time.

Have I allow you guys to leave?

Su Yi lifted his head and stopped Hu Mo while a smiling intent gushed out from his eyes undisguised as it landed onto Hu Mo and the rest.

The Green Frost Grass has already given to you guys. What else do you want?!

Hu Mo turned his head back and looked at Su Yi. His eyes revealed doubt with unwillingness and anger gushing out. Could it be that this fellow still wanted to humiliate them?

You guys had lost and wanted to run away just like that?

Su Yi glanced at Hu Mo as the corner of his mouth lifted in a smile and declared: Everyone must leave their things behind or else you can dont think about leaving!

When they heard Su Yis words, everyone on the scene was dumbfounded

Brother Yi Su cant be thinking of robbing them, right?

Shangguan Yan and the rest were stunned. That obviously have a somewhat intention of robbing.

You want us to leave all of our stuff behind?

Hu Mo felt that he must have heard inaccurately.

Thats right. Everything that is on your body must be left behind. That is the price of losing! Su Yi nodded his head sternly.

With Hu Mo and Hu Yue status in the Hunting Tiger Tribe, Su Yi reckoned that the two of them would definitely have something good with them.

Su Yi was very curious toward the Hunting Tiger Tribe. He could also use this to understand the Hunting Tiger Tribe.

Listening to Su Yis affirmative words, the dozens of young men and women from the Hunting Tiger Tribe were dazed.

What if we dont leave our stuff behind!

Hu Yue stared at Su Yi as the corner of his mouth still had bloodstain.

Hu Yues injuries were very severe. When Su Yis Crimson Flame Palm had exploded, it had made his fist burst opened and ragged his shirt while many places on his body were split open by the burning of the flames. With a face covered in dirt, he appeared even more miserable.

Not leaving it behind, then I can only be imprudent and get it myself!

Su Yi smiled and walked over with giant steps.

Watching as Su Yi walked over, the dozens of young men and young women from the Hunting Tiger Tribe subconsciously clenched their saber, spear, rod, and cudgel tightly, awaiting for the fight!

Brat, do not be too arrogant. Wait till Brother Hu Chi had come out, he will definitely not let you go!

A young man angrily walked out as he gritted his teeth and spoke. He firmly stared at Su Yi, but the gaze in his eyes was a little shimmering, distinctly showing that there was dread in his heart with lingering fear!

Then, I shall start with you!

When Su Yis words fell, Yuan Qi instantly surged out from his feet.

Chapter 217: The Poor Hunting Tiger Tribe!

Crack

Under the Hundred Transformation Steps, Su Yis body seemingly dragged out a series of afterimages while his figure was magnifying rapidly within the young mans pupil.

Bang!

The young man wanted to retreat, but it was already too late. He had not entirely returned to his senses when an explosion sound came from his chest. Under the assault of the tremendous power, the person had already fallen.

Glancing at Su Yi's instant attack, everyone was stunned.

They have gone too far in bullying others, let's fight them!

One can be killed but not humiliated, fight!

Ancient Spirit Village have gone too far in bullying others, attack!

The Hunting Tiger Tribe was furious as they were a group of people at the age full of vigor and vitality. Who could endure such humiliation? They certainly could no longer bear it.

Boom! Boom! Boom!

All of a sudden, dozens of auras unitedly surged and erupted.

These auras were already exceptional. Now that they had gathered together, it was even more frightening while the momentum, could not be underestimated!

You have more people with you and want to bully us which have lesser people? Everyone, let's attack!

Do you think we are afraid? Everyone, attack together!

Brother Yi Su, I will help you!

Seeing such a situation, Shangguan Yan, Shangguan Ye, and Shangguan Yu immediately rushed forward.

Everyone attack together!

The remaining young men and young women of the Ancient Spirit Village also rushed forward. With Su Yi around, every one of them had unknowingly swelled with confidence.

Bang bang bang!

At the moment, Su Yi did not stand on ceremony. Without saying anything, he directly struck.

With Hundred Transformation Steps as fast as lightning, the changes were endless.

Su Yi's attacks were also unrestrained as some of the young men that had come closer, were blown away.

Attack!

Shangguan Yan and Shangguan Yu had already rushed over, instantly attacking.

Swish swish!

A young girl from the Hunting Tiger Tribe with similar age to Su Yi swept towards him with her treasure sword glowing with a frightful sword force.

Su Yi lifted his hand while his fist wrapped in black earth element Yuan Qi. With the Hundred Transformation Steps, his figure avoided the sword's edge while a fist, was directly shot to the body of the sword.

With a bang sound, the body of the sword clang with a roar as the long sword fell and the young girl also got blown away.

A young man with a long rod swept over. Su Yi seemingly had long noticed it as Yuan Qi surged under his feet. His body leaped, avoiding the rod while at the same time, a fist dived down, landing onto the young mans shoulder.

The young man got injured and shrieked in pain. His shoulder was in such agony that he could not raise his arm while he fell onto the floor.

Ah

The bone of the young mans shoulder seemed to be fractured as he laid on the ground wailing non-stop.

In the blink of an eye, the dozens of young men and young women from the Hunting Tiger Tribe, more than half of them were swept by Su Yi while the remaining were taken by Shangguan Yan and the rest when they charged over.

Bang bang!

Su Yi was unrestrained with big ups and downs. Between the shots of his fist, there would be people that got directly blown away.

Retreat, quickly retreat!

Hu Mo and Hu Yue loudly shouted. When they saw the scene before them, their gazes were furious.

However, it was too late. With Su Yi sweeping through them, the battle had ended with the momentum of an overwhelming force.

Dozens of young men and young women from the Hunting Tiger Tribe, were defeated in less than a minute.

It is now your turn

Su Yis figure then appeared before Hu Mo and Hu Yue.

Bang bang!

Poor Hu Mo and Hu Yue. They had the heart but lacked the power as their bodies were once again blown away, harshly crashing onto the ground and could no longer climb up anymore.

Yi Su, just you wait!

Hu Mo and Hu Yue furiously roared, yet they did not have the strength to resist.

I already said that I would be imprudent!

Su Yi chuckled. With vigorous strides, he reached Hu Mos side and searched his body, taking out an interspatial bag. He also did not let Hu Yue off as another interspatial bag landed in his hand.

Search, you must not let go of everything!

Looking at Su Yis movement, Shangguan Yan and the rest were briefly stunned before they also joined in.

Search, dont let go of them!

The young men and young women of the Ancient Spirit Village were stunned while they glanced at each other. But afterward, they also did the same.

Ancient Spirit Village, you are too shameful. I will not be done, with you guys!

Bastard, the Ancient Spirit Village has gone too far!

The young men and young women from the Hunting Tiger Tribe angrily roared, but they could not stop it.

Stop chattering, or I will beat you again!

Shangguan Yan, Shangguan Yu and the rest were uncourteous as they felt very proud and self-satisfied today.

All of the people from the Ancient Spirit Village was formerly a little hesitant.

The youngsters of the Hunting Tiger Tribe, Mighty Bear Tribe, and the Ancient Spirit Village always had conflict and battle for all these years with wins and losses between them.

Even in recent years, the Ancient Spirit Village had more losses than winnings and got bullied terribly. However, they had not been swept like this and searched clean of their bodies by the Hunting Tiger Tribe and the Mighty Bear Tribe. That was the same as robbing.

Still, for an unknown reason, this feeling made the young men and young women from the Ancient Spirit Village to felt secretly good.

Shangguan Xi Wei did not move. Watching the scene before her, she blinked her eyes as she thought that her eyes were blurry and seeing the wrong things.

However, the scene before her was real. That fellow had brought the people from the Ancient Spirit Village to ransack the Hunting Tiger Tribe

Everything ended quickly. The dozen of young men and young women from the Hunting Tiger Tribe laid on the ground disorderly. They got robbed to the last pin that even their weapons, were taken away. Every one of them was wailing and cursing endlessly.

In contrast, the group from Ancient Spirit Village was singing as their mood were excellent while they happily swaggered off.

So enjoyable

On the road, Shangguan Xiu rode on the spiritual horse as her heart was jumping with joy. She had never been so satisfied.

Too enjoyable. Hahaha. In the future, when the people from the Hunting Tiger Tribe saw us, I reckon that they will walk the other way!

Everyone was jumping with joy as they had never been so relieved of their anger like today.

Everyone was extremely friendly to Su Yi as they all knew that if, it wasnt for Yi Su today, their Ancient Spirit Village would have suffered an enormous loss.

Hehe

Su Yi smiled. The Ancient Spirit Village was seemingly unafraid of the Hunting Tiger Tribe. If there was any trouble, there was still the Ancient Spirit Village to cover for them. No matter what happened today, he had also helped the Ancient Spirit Village.

It was already dusk when all of them had reached the village while cheering along the way as the sun set behind the western mountain.

What happened to you guys? What is the matter that has made you guys so happy!

From afar, the people from the village could hear the sounds of cheering and came out to welcome them.

So relieving, it is so relieving of anger!

Shangguan Yan, Shangguan Xiu and the rest roughly told them about the situation with some modification of tones and vivid description.

Hu Mo and Hu Yue collapsing at one move?

Sweep all of the people from the Hunting Tiger Tribe!

So relieving of anger. I am extremely regretful that I did not go today!

Very quickly, the matter that had happened today was spread around in the village as it even shocked the elders and the strong cultivators of the village.

Brother Yi Su, did you really defeat the people from the Hunting Tiger Tribe?

Some small children came forward and asked Su Yi with their eyes filled with expectation. Their big black eyes kept blinking.

Su Yi touched the little fellows head and nodded.

Thats great! When I grow older, I also want to become powerful and defeat those fellows from the Hunting Tiger Tribe! The little fellow was very joyful as his eyes filled with admiration.

Chapter 218: Yao Luo Mountain!

Brother Yi Su, since you have defeated the people from the Hunting Tiger Tribe, I will give this to you to eat. My mother said that when you eat this, you will become clever and have strength. You must eat it, okay?

A little girl with an appearance of 3-4 years old walked up with small pigtails. Her black eyes blinked while her small hands delivered a peeled beast egg to Su Yi.

Okay.

Looking at the expression of the little girl, Su Yi nodded his head and took the beast egg over, stuffing it into his mouth in one bite.

Brother Yi Su, I still have beast meat with me!

Brother Yi Su, eat mine. I also have a beast egg!

Instantly, several little fellows surrounded him, placing him in the center.

On the tender faces, there were curiosity and admiration.

Looking from afar at the skinny figure that got enveloped by a bunch of little fellows, there was a light in Shangguan Xi Wei's eyes.

By the time Su Yi went back to his room, it was already night time.

However, when he saw that Su Tian Que had still not returned, it made him a little worried.

Inside his room, Su Yi sat cross-legged on the windowsill.

There were two interspatial bags with him which he had taken from the bodies of the two brothers, Hu Mo, and Hu Yue. The interspatial bags were not sealed and could be directly opened.

He reckoned that Hu Yue and Hu Mo had never thought that one day, the interspatial bags on them, would actually be robbed by someone.

Only, the stuff inside the interspatial bag made Su Yi a little disappointed.

Inside the interspatial bags, although there were some One-Star Yuan Stones, even Two-Star Yuan Stones, and some stalks of elixirs, the values of these things were nothing to Su Yi.

Apart from that, were some junks and medicinal herbs.

With Hu Mo and Hu Yue's status in the Hunting Tiger Tribe, Su Yi initially thought that there would be some exceptional martial techniques inside these interspatial bags.

However, there were no martial techniques inside both of their interspatial bags.

With a little disappointment, Su Yi continued to sit cross-legged and started to meditate.

Even though he was not inside the mysterious space, with just the Supreme Chaotic Yuan Technique alone, Su Yi's cultivation speed was definitely not slow.

The night was serene while the night scene covered the sky.

Howl

At a vast mountain range with beasts roaring.

In a large cave that was smooth and tidy, there were many inscribed of tiger-shaped pattern runes as though it was a living thing that added on to its sharpness and fierce might.

They have gone too far. Is the Ancient Spirit Village provoking us?!

Unprecedented, unprecedented!

The Ancient Spirit Village is definitely provoking our Hunting Tiger Tribe!

What origin does the brat from the outside have? Is he truly that strong?!

Inside the Hunting Tiger Tribe, it was presently not peaceful. Hu Mo, Hu Yue, and the over ten juniors were trampled to this miserable state by people, had shaken the entire Hunting Tiger Tribe.

A night with no talks. Early in the morning on the next day, Su Yi stopped meditating.

Hu

He pushed open the room door and stretched his waist while the sun shone gaily. Su Yi was feeling great as he had never enjoyed such a peaceful morning for a very long time.

A tiger may even be teased by a dog when it leaves the remote mountains and comes to the bright and flat area; even a shrimp dares to dupe the dragon when it is in shallow water

A muttering voice traveled over, exhibiting indescribable distress.

Su Yi followed the voice and looked over, only to see that in the courtyard, Su Tian Que was tucking its tail while slowly walking in. His complexion looked okay, but his expression was a little sorrowful.

You are back Su Yi arched his eyebrow as he secretly exhaled a breath in his heart.

Of course, that foul beast had been harshly lectured by me!

Looking at Su Yi, Su Tian Que momentarily became arrogant as it raised its head and swaggeringly walked over.

Su Yi rolled his eyes on Su Tian Que as he was too lazy to pay attention to this fellow. He did not even have to ask to know the answer. Most likely, this fellow had totally not gained any advantage.

Brother Yi Su!

Someone was shouting outside the courtyard. It was the voices of Shangguan Yan and the rest.

Su Yi walked out and saw Shangguan Yan, Shangguan Ye and Shangguan Yu.

Brother Yi Su, we are going to the Yao Luo Mountain today to hunt. Do you want to go?

When they saw Su Yi, Shangguan Yan and the rest abruptly ran over.

Hunting? Su Yi was a little doubtful.

It is like this, for the gathering at every ten years, the youngsters of the Hunting Tiger Tribe, Mighty Bear Tribe and the Ancient Spirit Village will take turns to go to the Yao Luo Mountain to hunt. The beasts that are hunted will be offered, to the seniors and elders of the two tribes and one village to enjoy. This time, it is our Ancient Spirit Tribes turn. The higher the cultivation of the beast we hunt will naturally bring more glory. Looking at Su Yis doubtful expression, Shangguan Bi explained.

Is that so.

Su Yi nodded his head as it seemed interesting. Anyway, there was nothing to do in these days. Just right that he could take this chance to go out, and experience it.

Hunting, is there meat to eat? I also want to go.

Su Tian Que rushed out from its room, revealing light in its eyes.

Not long after, Su Yi met Shangguan Xi Wei at the entrance of the village. She wore a tight dress while her enchanting figure was supple and graceful, adding on to her coolness. This time, the Yao Luo Mountain was lead by Shangguan Xi Wei.

Many little fellows were also here as all of them wanted to go.

Little fellows, just honestly stay here and cultivate in the village.

An elder spoke. Going to the Yao Luo Mountain was very dangerous, so these little fellows were not permitted to go.

Kids, beware of safety. Do not be too rash and don't overdo it. Come back early! An elder spoke. The road to Yao Luo Mountain was far, needing several days to go and return.

Go

At the entrance of the village, an enormous flying beast spread its wings and left the village.

Come back early!

The little fellows all glanced at the disappearing figures in mid-air with their eyes filled with expectation.

Rumbling

Not long after Su Yi and the rest had left, at the outside of the Ancient Spirit Village, beasts mounts were dashing over, causing the ground to move and the mountain to shake!

Roar

The leading big white tiger had a large body with a fearsome momentum. Its eyes were like bells as it glanced with hostility, making the people who saw it to palpitate unknowingly.

The Ancient Spirit Village has gone too far in bullying others. It is too much!

On the back of the big white tiger, there was an elder in his sixties with a broad face, shiny eyes, and few strands of long beard floating.

Elder Hu Yan of the Hunting Tiger Tribe has come!

Elder Hu Yan is the grandfather of Hu Mo and Hu Yue. Looks like he had come here because of them!

I heard that Hu Mo and Hu Yue were humiliated by Yi Su yesterday. They must have come here to cause trouble!

Such a commotion had shocked the Ancient Spirit Village as many people instantly walked out.

Hu Yan, what is the meaning of this?

In the Ancient Spirit Village, an elder with silver-white hair and plain robes walked out while his momentum was extraordinary.

What meaning do I have, don't you guys know? It is fine that you hurt the people, but you actually robbed their interspatial bags. Does your Ancient Spirit Village still want face? That is provoking my Hunting Tiger Tribe!

Elder Hu Yan was furious as his voice had mixed with Yuan Qi, quivering the empty space.

The two most regarded biological grandsons of his were actually humiliated by someone and also got robbed cleaned. Not only was this disgracing and provoking to the Hunting Tiger Tribe, but it had also made him currently unable to somewhat lift his head up in the Hunting Tiger Tribe. How could he not be angry?

This

The entire crowd of the Ancient Spirit Village was a little speechless and glanced at each other. They were seemingly slightly in the wrong.

## Chapter 219: Not Convinced!

Unquestionably, the younger generations of the Hunting Tiger Tribe, Mighty Bear Tribe, and the Ancient Spirit Village would always have some dispute.

Everything was in the elders acceptable range to allow the youngsters to have some comparison and compete with one another.

However, they had also heard about the situation yesterday. After lecturing the people, they had actually robbed everything from the group of people from the Hunting Tiger Tribe.

That was the first time that had ever happened. No one had ever done it before.

The Ancient Spirit Village must give me an explanation today, or else my Hunting Tiger Tribe will not be done with you guys!

Elder Hu Yan came with an overbearing momentum. Naturally, he would not let go of the matter. If he could not get this pride back, how would he have the face to go back.

Elder Hu Yan, this is a misunderstanding.

In the Ancient Spirit Village, although some of the elders found yesterday to be relieving of their anger, they also felt to be in the wrong. Therefore they eased up their tone.

What misunderstanding? Hurting people and robbing them. This act is too despicable! Elder Hu Yan was absolutely unforgiving.

The kids had lost in the fight while the grandfather actually runs here. Hu Yan, you really make me think too highly of you.

All of a sudden, such a faint voice traveled out as it resounded throughout the village.

Cheng Ya

After hearing that, Hu Yans complexion turned dark with flashing eyes. The expression that was swollen with rage instantly appeared a little deflated.

Get lost, the matter between the small juniors, will naturally be solved among them, yet you are still unaware of humiliation and run out here. Dont you find it disgraceful or do you want me to send you back?! Within the faint voice, there was an added clear majestic.

Hu Yans eyes trembled while glancing inside the Ancient Spirit Village. His face seemed to be very wary.

Go

In the end, Hu Yans expression was very unsightly as he waved his hand to leave. He had come here rapidly while leaving quickly too.

The Yao Luo Mountain is remarkably huge. Even enormous than combining the Ancient Spirit Village, Mighty Bear Tribe, and the Hunting Tiger Tribe together. That is the place with the most beasts inside here. Reportedly, inside the Yao Luo Mountain, there are also powerful beasts in the Demonic Emperor Realm. But fortunately, as long as we do not go in deep, the cultivation of the beasts will not be too high.

Sitting on the back of the flying beast, Su Yi learned about some of the situations on the Yao Luo Mountain.

The distance from the Ancient Spirit Village and the Yao Luo Mountain was not close. Even by a flying beast, they would still need a day to arrive.

And this time, except for Su Yi and Su Tian Que, a total of ten people were dispatched from the Ancient Spirit Village.

There were Shangguan Xi Wei, Shangguan Yan, Shangguan Yu, Shangguan Ye with six other young men and women that Su Yi had seen yesterday.

Shangguan Zhang Hong's injuries were too severe, so he was not here.

Similarly, Shangguan Ming Hou's injuries had seemingly not fully recovered, so he was also not here. Instead, the comely little girl called Shangguan Xiu from yesterday was here.

Everyone recuperate and preserve your energy. When we reached Yao Luo Mountain, it will almost be night time and will be very dangerous! Shangguan Xi Wei warned everyone.

Although everyone was a little excited and looking forward to it, they were not careless as they started to close their eyes and recuperate. Reaching the Yao Luo Mountain at night was unquestionably even more dangerous than during the day.

Inside here, how big is it?

Su Yi did not close his eyes and recuperated. He was very curious and asked Shangguan Xi Wei.

Such a place that was isolated from the world with a large area, yet for some unknown reason, nobody had ever found out about it.

There are many places here that even we have no idea. Shangguan Xi Wei shook her head.

Have you guys never thought of going out?

Su Yu knew that the Ancient Spirit Village had the ancestors' instructions that nobody could go out, but if, it was him, it would be a difficult thing to do so.

It was also uncertain why would the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe have such a similar ancestors' instructions.

Shangguan Xi Wei's eyes stared into space as she hesitated and replied Su Yi: I had once accidentally heard the conversation between my grandma and the elders that our ancestors seem to be hiding against a powerful enemy. We must always hide here or else once we go out, we will invite a fatal disaster.

Su Yi's eyes moved. If, this was true, then the enemy of the Ancient Spirit Village, Mighty Bear Tribe, and the Hunting Tiger Tribe would be very mighty.

From the circumstances of the Ancient Spirit Village and the rest, their ancestors would unmistakably be frighteningly powerful.

And yet the person that could force them to hide and escape, the strength of it could be presumed.

Wait until the competition has finished and the village had agreed to the conditions that I have mentioned. After that, I will escort you out. Shangguan Xi Wei thought that Su Yi wanted to leave while the glimmer in her eyes became somewhat dimmed.

Su Yi did not say anything but slightly smiled as he was unsure of what to say.

It was not that Su Yi wanted to leave this village, but in contrast, he really did not want to go if he could.

Although he had come to the village for not long, what he had felt from them in these two days was incomparably warm.

The village was honest and kind. The benevolent from the seniors, the smiling faces of the children, entirely everything had move Su Yis heart, giving him an impulse to stay here.

However, Su Yi knew it very clearly. It was unknown how his grandfathers injuries were doing, and there were still some debts that he had not yet settled.

Elder Hu Yan had returned to the Hunting Tiger Tribe. Within many of the anticipation eyes from the people of the tribe, his expression appeared ugly and exhibiting gloominess.

This debt cannot be settled just like this. My Hunting Tiger Tribe definitely cannot be a coward!

Dusk, inside the Hunting Tiger Tribe, many youngsters had gathered together with enraged faces.

Hu Du, Brother Hu Mo, and Brother Hu Yue are not his opponent while we also cannot deal with him. What else can we do?

Youngsters surrounded around a young man about 15-16 years old and questioned as they appeared helpless. Hu Mo and Hu Yue were already not their opponents, so what could they do with their cultivations?

Humph, the Ancient Spirit Village is too shameless. Do they truly think that there are no more ways to deal with them?!

The young man called Hu Du revealed a cold smile at the corner of his mouth while appearing very confident as he said: Counting the time, there should be people from the Ancient Spirit Village going to the Yao Luo Mountain.

But Hu Du, we are not their opponents!

A young man was worried. So what if they knew that the people from the Ancient Spirit Village was going to the Yao Luo Mountain? Not considering the outsider, Yi Su, they also could not defeat some of the people from the Ancient Spirit Village.

Hu Mo and Hu Yue were severely injured while Brother Hu Chi was in secluded cultivation, preparing for the battle in several days later. There was already nobody else to lead them in the fight against the people from the Ancient Spirit Village.

Third Grandpa had also suffered a loss today. This debt, must be settled. Even if we are not their opponents, can it be that there are no other ways?

Hu Du seemingly had something planned and appeared very confident as he said: Those with guts shall follow me to the Yao Luo Mountain. I promise this time I will make those fellows from the Ancient Spirit Village to suffer twice the amount!

Okay, I will go!

I will go too!

After hesitating for a moment, the youngsters glanced at each other before people started to raise their hands.

If they could really deal with the people from the Ancient Spirit Village, then their position in the tribe would be different.

Brother Xiong Lie, it had been confirmed. The brat called Yi Su had indeed gone to the Yao Luo Mountain!

Inside the Mighty Bear Tribe, a young man reported back to Xiong Lie. He had confirmed the news that the young man called Yi Su, had now gone to the Yao Luo Mountain.

Good. The debt, must be settled!

Xiong Lie clenched his fists tightly as his anger was still unresolved.

Chapter 220: A Demonic Core!

The mountain range continued with huge trees everywhere.

At dusk, the night clouds were like a red fog hovering around the mountain tops with rosy clouds slowly rising as faint beast roars transmitted over.

The flying beast mount landed as it could not enter the mountain range in front. The figures of Su Yi, Shangguan Xi Wei, Shangguan Yan and the rest then leaped down.

We have reached, this is the Yao Luo Mountain!

All of the young men and women from the Ancient Spirit Village had nervous, yet eager gazes.

After traveling from morning till dusk, they had finally reached the Yao Luo Mountain. This time, if they could hunt down some powerful beasts back, they would be able to bring a lot of glory to the Ancient Spirit Village.

There seems to be a lot of beasts.

Su Tian Que stood by Su Yis side as its tiny body held its head high with small misty eyes.

Prepare to find a place to rest at the bottom of the mountain. Tomorrow, we will climb the mountain to hunt.

Shangguan Xi Wei commanded with a decisive and experienced tone. She had no intentions to climb the mountain overnight as climbing at night would be much more dangerous than during the day. If they were not cautious enough, they would not be hunting but instead, became the prey for the beasts inside the mountain.

She did not want any accidents to happen to the people that had come here with her and shall bring all of them back.

Nobody had any objections as they also found the night to be more dangerous.

A group of people then sought for higher ground to broaden their view, planning to climb the mountain early in the morning the next day.

By the time they finished everything, the sun had already set near the western mountain with the night descending.

All of them sat together around the flickering bonfire, planning on how to hunt for the next day.

Not all the beasts can be eaten. Although some beasts have higher cultivation, their meat is so tough that it can't be softened through stewing like the meat of the Ground Rock Lizard, even other beasts will not eat it.

And also the Stinky Demonic Profound Mouse, its meat is sour and smelly that it is totally inedible!

Examples like the Eight Treasure Spiritual Rabbit, One-Horned Crimson Cow, Three-Horned Rapid Wind Goat, etc. are the best choices as their meats are fresh and tender.

The group of young men and women sat around the bonfire while Su Yi gathered a lot of hunting knowledge from them as they had to choose the beast carefully since not all beast meats, could be eaten.

Gulp gulp

Su Tian Que sat at one side as it kept unbearably swallowing its saliva.

Why is this chicken so gluttonous?

Shangguan Xiu curiously looked at Su Tian Que as it was her first time seeing such a gluttonous chicken.

Looking at the sky from the bottom of a well. Elder brother is not a chicken

Su Tian Que glared at Shangguan Xiu as it felt anguished. It did not dare to say that it was a peacock since the people from the village had grown up eating beasts. It would be in deep trouble if they had a craving for a peacock.

Yi Su, how does the outside look like?!

A young woman gathered up her courage and asked Su Yi with sparkling eyes. Her heart looked forward to the outside world, wanting to know what it was like.

The outside is exceedingly humongous with giant mountains and lakes. As for how big it is, reportedly, even until the end of the life of a strong cultivator, it still cannot be scaled.

There are also the prosperous and bustling One Mountain, Two Religious Sects, Three Sects and Four Schools on the outside

Su Yi slightly smiled as he told them some information about the outside.

Listening to Su Yi's words, every one of them was somewhat looking forward to it.

Shangguan Xi Wei did not say anything as she sat at one side, silently listening. Occasionally, her eyes that appeared even brighter in the dark would land on Su Yi.

The people on the outside, are they as mighty as you, having such a gift and talent like yours?  
Shangguan Xiu asked.

Su Yi hesitated as he faintly bitterly smiled. Looking at everyone's attentive eyes presently, he said: There is a sky beyond another sky, a human beyond another human. There are many types of talents of a cultivator on the outside.

That I also know. Within our village, the Mighty Bear Tribe and the Hunting Tiger Tribe, all of us have already tested our talent since young. Sister Xi Wei and Brother Chen Feng have King Grade Talents. I am also a King Grade. Shangguan Xiu joyfully exclaimed.

Uh.

Su Yi was secretly flabbergasted, a little unaware of how to continue the conversation.

In here, a random fellow would also seem to have a King Grade Talent. That was too terrifying!

It had to be known that even in the One Mountain, Two Religious Sects, Three Sects, and Four Schools, there would also not be, that many King Grade Talent cultivators.

I have heard before of an Emperor Grade Talent cultivator. The person might be very powerful

As Su Yi said such words, there were some fluctuations within his eyes.

Liu Ruo Xi was the cultivator with an Emperor Grade Talent, the Sacred Maiden of the Sacred Mountain.

What about you, Brother Yi Su? What kind of talent do you have? Is it also an Emperor Grade?

Shangguan Yu questioned. All of them distinctly knew that even though Su Yi was only at the cultivation of Yuan Xuan Realm Second Grade, he could already trample Hu Mo and Hu Yue, both of whom were at the peak of the Yuan Xuan Realm Fourth Grade. Such might would presumably also have a frighteningly gifted talent.

I

Su Yi was speechless and laughed bitterly. Back then, when he was tested by the Sacred Mountain, he only had an errand boys talent.

My talent is only average. Su Yi shook his head, yet he had firm eyes from the start.

So what if it was an Errand boys talent? At least until now, his persistence and choices were all correct. Those so-called King Grade Talents were only like so!

Impossible. Brother Yi Su, you must be joking, right?

Hearing that, nobody on the scene believed it. Such a terrifying fellow, how could he only have an average talent?

Roar

All of a sudden, at this instant, a loud beast roar sounded like that of a frightening thunder, quivered the group of mountains from the vast and deep mountain range in front of them.

Howl

Whoosh

Rumble rumble

When the frightening beast roar spread out, the depths of the mountain range shook while countless beasts roared with ferocious birds charging through the clouds and vicious beasts galloping.

In an instant, it was as if an earthquake had occurred there as rocks rolled down.

The sky-high trees, were hit by the running beasts while a large area of the mountain range was shaking.

Swoosh swoosh

Due to such a commotion, Su Yi, Shangguan Xi Wei and the rest abruptly stood up as their gazes sha sha unitedly looked towards the direction where the commotion was coming from.

All of their complexions drastically changed, not knowing what had happened to suddenly, cause such a frightening commotion there.

A beasts life force is depleting, and it is going to die soon!

Su Tian Que glanced over towards the area with light sweeping past within its small eyes.

How do you know? Su Yi questioned as he found it very shocking.

Because I know that when the life force of a strong beast is depleting, it will search for a resting place for itself and chase off the surrounding beasts. That beast should be at the edge of the Demonic Void Realm however it no longer has the strength to advance, and has endured until its life force is depleting, only to die of old age! Su Tian Que spoke as when it sensed that sort of commotion, all of this information had emerged in its mind.

Demonic Void Realm, then there should be a demonic core!

After listening, Su Yi abruptly jolted. A beast that was in the Demonic Void Realm would have a demonic core in its body.

And that demonic core was a precious treasure. Back then when Su Yi and that girl had gone to find the Blazing Heavenly Dragon, it was for its demonic core too.

Demonic core

The expressions of all the people at the scene changed. A demonic core was unquestionably a precious treasure.

Even if it was a demonic core that had just formed, it condensed all of the lifetimes energy of the beast and could be used to make a high-grade elixir.

If we can get that demonic core, we would strike rich! Shangguan Yan was buzzing with excitement.
