

## Sky&Earth 231

### Chapter 231: Meeting Enemies

However, they had already spun around the Yao Luo Mountain for several days. Other than encountering some dangers, even the traces of the people from the Ancient Spirit Village, were never seen.

Count that brat lucky. Lets prepare to go back.

Hu Du felt very gloomy as this trip, had been wasted. He could only find another chance next time.

Bang bang

Howl

A beast roared while intense fighting sounds rang out with big commotions.

Su Yis figure appeared on top of a big faraway rock as he glanced down the valley.

At the moment, a total of over ten zhang giant flying beast with wings spread was fighting with a lizard beast.

Both the cultivation of the flying beast and the lizard were around the Demonic Xuan Realm Fifth Grade from their auras.

The claws of the flying beast were swift and sharp. Its body emitted a glow as the feathers on its body shone. Every time it dived down, it was incomparably fast and wherever its sharp claws went passed it would shatter the large rocks.

The lizard beast was unable to fly, yet it was very nimble. Its defense was remarkably powerful as its body, was covered with a thick armor-like meat scales that emitted black radiance. It was obviously an Earth element beast with a big long tail that was also incomparably sharp and emanated a chilling light. Under a defensive stance, the flying beast totally could not find any chance.

Hunting Wind Demonic Vulture.

Su Yi knew that the flying beast is a Hunting Wind Demonic Vulture, but he did not recognize the lizard beast.

That was also normal as there were too many beasts in this world. There were many of them that were mutated and mixed beasts, so it was impossible for someone to say that they knew every single type of beasts in the world.

However, for a strong cultivator, it was easy to grasp the level of the bloodline of the beast.

Chirp

A crisped cry transmitted over. At the top of the valley, on one side of the cliff, there was a cave with a nest.

Two small Hunting Wind Demonic Vultures were staring concernedly at the intense battle between the lizard beast and the adult Hunting Wind Demonic Vulture.

That little lizard is having thoughts about the two small Hunting Wind Demonic Vultures. But, it did not expect that it will be, caught by the big Hunting Wind Demonic Vulture. Su Tian Que said with its head raised.

That lizard is very smart. Most probably, that Hunting Wind Demonic Vulture also could not do anything to it.

Su Yi's eyes moved as he judged the far away intense battle between the lizard beast and the Hunting Wind Demonic Vulture. Although the Hunting Wind Demonic Vulture was a flying beast which held many advantages.

But, that lizard was very smart while its defense was flawless.

After a long time, once the Hunting Wind Demonic Vulture became tired, it would then be at a disadvantage.

That little lizard most likely want to swallow that big Hunting Wind Demonic Vulture even more now to gain the benefits. Su Tian Que spoke.

Lets go down. Maybe we can negotiate with that Hunting Wind Demonic Vulture.

All of a sudden, Su Yi slightly smiled as after walking down the mountain for half a day, he could not find any flying beast that he could attack while at the moment, he found this Hunting Wind Demonic Vulture to be suitable.

Bang bang bang

The eyes of the Hunting Wind Demonic Vulture were sharp as it kept diving down and blasting out swift attacks, but the once and again attack returned without accomplishing anything while the effects were minuscule.

The lizard, was focused on defending flawlessly. It totally had no idea on how to deal with the Hunting Wind Demonic Vulture while its consumption kept getting more and more.

Hiss hiss

The scarlet tongue of the lizard beast flicked while emitting a bloody aura. It could feel that the aura on the Hunting Wind Demonic Vulture was getting weaker and weaker as its fierce expression secretly revealed joy.

Hunting Wind Demonic Vulture, how about I help you to kill this lizard while you give me a lift?!

Suddenly, at this intense stalemate battle, a voice came over.

Both the Hunting Wind Demonic Vulture and the lizard beast that were fighting intensely immediately glanced over to the voice while their expressions secretly changed, locking onto a human-shaped figure with frightening light flashing on their fearsome eyes.

Looking at that human-shaped figure that still had a featherless meat chicken on its side, both the eyes of the Hunting Wind Demonic Vulture and the lizard beast were secretly surprised.

At a high ground of a cliff, two small Hunting Wind Demonic Vultures glanced at the figure that abruptly appeared. Their tiny misty eyes turned with full of curiosity.

Chirp

Hiss hiss

The Hunting Wind Demonic Vulture cried while the tongue of the lizard beast flicked, letting out a wu wu sound from its throat and vigilantly stared at Su Yi.

For the beasts, humans were always their common enemy.

Su Yi stepped out. When his words landed, he slowly walked towards the lizard beast without paying any attention to the Hunting Wind Demonic Vulture and said: If you leave right now, I will let you live otherwise you shall die!

As it watched Su Yi, such a human young man arrogantly walked over, the fearsome eyes of the lizard beast emitted a chilled light as that dark black figure abruptly directly swept out and pounced towards Su Yi with speed akin to lightning.

Its scarlet tongue spat out like lightning while its bloody aura spread which could make people retched.

Foul beast!

Su Yi abruptly lifted his head with Yuan Qi sweeping out from his feet as he went forward without retreating. A wind separating sound rang out from his body, sweeping out like a chain of afterimages. After his cultivation had skyrocketed, when initiating the Hundred Transformation Steps, his speed had also similarly skyrocketed.

With the Hundred Transformation Steps, he could cover a lot of ground in one step while his speed increased hugely. With never-ending changes, true or fake, fake or true, there was nothing to ponder over.

At the moment, Su Yi was at Yuan Xuan Realm Sixth Grade while the lizard beast was only at the Demonic Xuan Realm Fifth Grade.

Su Yi's body seemingly dragged out a chain of afterimages, appearing before the right side of the lizard beast's skull like lightning as he shook his arm, and clenched his fists tightly.

At the same time, a whiff of overbearing and mighty aura suddenly exploded simultaneously from Su Yi's body as a fist directly blasted out while faintly bringing along with wind and thunder, heavily landed onto the skull of the lizard beast.

This scene made the lizard beast and the Hunting Wind Demonic Vulture that were circling in mid-air to seemingly feel something at the same time as their gaze changed exceedingly while their bodies unknowingly shivered.

Bang!

A deep and low explosion sound rang out like thunder while a trace of enormous power directly blasted the gigantic figure of the lizard beast away. It heavily flipped around before ramming onto a cliff not far away. The cliff that got hit rumbled as rocks collapsed and rolled down.

Then, the lizard beast in the Demonic Xuan Realm Fifth Grade fell down and rolled off as its skull was directly blasted open before it could even shriek.

Circulating the Supreme Chaotic Yuan Technique, the Yuan Qi in his body flowed through his broad meridians like flowing surging water, letting out rumbling sounds.

Su Yi had only used less than half of his strength in that fist as he wanted to test his current battle strength.

The result made Su Yi very satisfied while the corner of his mouth curled up in a slight smile.

This type of powerful feeling, was incomparable, as it gave an indescribable comforting sensation to his entire body.

I have already settled your opponent for you. You only have to give me a ride. Otherwise, its ending will be your ending. Your choice!

Su Yi lifted his head while glancing and saying to the Hunting Wind Demonic Vulture flying at a low altitude.

I am willing!

The Hunting Wind Demonic Vulture looked at Su Yi before landing its large body before him. It kept both of its wings and prone on the ground. Inside its sharp and fearsome eyes, its gaze became respectful and shocked.

Su Yi kept the Supreme Chaotic Yuan Technique and revealed a smile on his face. The Supreme Chaotic Yuan Technique did not have that much of an effect to a strong beast in the Demonic Void Realm but, for those beasts in the Demonic Xuan Realm or Demonic Spirit Realm, its effect was remarkably tremendous, enough to frighten them.

Swish swish!

A wind separating sound transmitted over which even though it was not loud, the noise traveled into Su Yi's ears as there were many people.

Afterward, Su Yi followed the sound and glanced over. He then saw twenty over figures coming over along with several beasts.

Chapter 232: You Best Don't Provoke Me!

Amongst the several beasts, there was a big bear that was very eye-catching with a fierce aura. Its bear paw had a size as big as a total of two dustpans with a height around two zhang while its entire body was yellow.

Mighty Bear Tribe!

Without even looking at Xiong Lie who was in front of him, Su Yi could already know the identity of the group of people by only looking at the over twenty youngsters that dressed like a huge bear.

Is him. It is him!

Glancing at Su Yi, a young man in the group of people from the Mighty Bear Tribe that had once seen Su Yi before, loudly shouted as though he was very excited.

The ones who came over was precisely the group of people from the Mighty Bear Tribe with Xiong Lie as the leader. They initially planned to go down the mountain and returned when they suddenly heard such a commotion and was attracted over.

Yi Su

All of a sudden, a series of gazes fixedly stared at Su Yi as they became excited.

It must be, known that they had searched around the Yao Luo Mountain for many days and just when they were going to give up, they actually found the person they had been searching. How could they not be excited?

Xiong Lie glanced at Su Yi while he was somewhat surprised of the Hunting Wind Demonic Vulture standing before Su Yi. However, he did not care as he watched Su Yi with secretly glowing eyes. He slightly coldly smiled and said: Brat, we meet again?

You have a problem?

Su Yi looked at Xiong Lie and the rest that had come seeking for trouble. With safety in numbers, and also enemies often crossed each others path, they had most likely come with ill-intentions.

Xiong Lie glanced at Su Yi and shouted: Brat, spoiling my fun, you will eventually need to pay for the price!

Su Yis eyebrow slightly arched as they had indeed come with ill-intention.

Scanning his gaze over the twenty-over youngsters, all of them seems to be in the cultivation of Yuan Xuan Realm while the strongest was still Xiong Lie.

Su Yi truly did not put any of it in his heart as back, when he was in the Yuan Xuan Realm Second Grade, he could already easily defeat Xiong Lie, nonetheless about now.

You do not seem to be my opponent, correct? Can it be that all of you want to come together?

Su Yi shot a glance at this group of young men and women. He had used his spiritual power to probe the surroundings secretly. There did not seem to have any presence of a powerful cultivator from the Mighty Bear Tribe which reassured him a lot.

And although the numbers of people in this group were many, Su Yi was likewise unafraid.

This fellow is so arrogant!

Haha, later you will be in trouble. Lets see if you can be so arrogant then!

Looking at Su Yis expression as if he did not care, some of the youngsters from the Might Bear Tribe was furious, but all of them had heard that the young man that came from the outside was remarkably strong that even Xiong Lie was also not his opponent. Hence, even though they were furious, nobody dared to go forward and attack him.

Its just you alone?

Xiong Lies expression also secretly slightly darkened. This young man that came from the outside, actually did not place him in his eyes. Xiong Lie scanned his gaze around and found it weird that why would this fellow be alone while he could not see any people from the Ancient Spirit Village.

Thats right. There is only me. Su Yi nodded his head.

That is also good, saving me a lot of trouble!

Xiong Lie coldly smiled. If, the people from the Ancient Spirit Village was here, it would be slightly troublesome. However, right now, only this fellow was here, which was undoubtedly much easier to handle.

I warn you. You best dont provoke me!

Su Yi faintly waved his hand and said while glancing at the group of youngsters from the Mighty Bear Tribe before him with some arrogance in his calm expression.

Spoiling my fun, you will eventually pay for the price! If you knee down and kowtow your head while admitting your wrongs and also become my attendant from now on, I might forgive you this time!

Xiong Lie stated. If he could keep this person that came from the outside as his attendant, that should be an extremely prestige thing.

Su Yi was briefly stunned. This fellow actually wants to keep him as his attendant. Did he not know that he, was formerly defeated by him? Looked like the lesson last time was a little too soft. The corner of his mouth curled up in a cold smile as he stared straightly at Xiong Lie and firmly responded: Just come up together. This time, you will be very miserable!

No need for us to attack. You will naturally have an opponent!

The corners of Xiong Lies eyes twitched as he was a little aggrieved. He distinctly knew that he was not his opponent, much less to be said, of the group of people beside him. But, this time, he had come prepared. There would naturally be an opponent to deal with this fellow.

Go and teach that brat a lesson. Leaving him alive will do!

Xiong Lie waved his hands and commanded the big bear that had been standing behind him with cold intent gushing out from his eyes.

Roar

After hearing that, the big bear had long could not endure it as it deeply growled. Its bear paws stepped out while its enormous body was seemingly like a giant looking down on Su Yi with chilling light emitting out from its fearsome eyes.

Feeling the aura that was currently emitted out from the big bear, the Hunting Wind Demonic Vulture standing behind Su Yi was fearful, yet it did not step back and continued to stand behind Su Yi.

Earth Hill Fierce Bear. You guys want to use this Earth Hill Fierce Bear to deal with me?

Su Yi had long noticed this big bear. That was an Earth Hill Fierce Bear with not an exceptionally high bloodline.

From its aura, this was also an Earth Hill Fierce Bear that had yet to reach the Demonic Spirit Realm.

Glancing at the Earth Hill Fierce Bear before him, Su Yi had already known it long ago that without someone to rely on, how would this Xiong Lie dared to find him. It looked like this Earth Hill Fierce Bear was their reliance.

Only, Su Yi was honestly unafraid of this Earth Hill Fierce Bear that had yet to reach the Demonic Spirit Realm and was even looking forward to it as he could take this chance to really test out his current strength.

The lizard beast from before was not enough to test out his strength.

Brat, you have brought all of this on yourself!

Xiong Lie coldly laughed. He had brought this Earth Hill Fierce Bear out from the tribe, and it should be enough to deal with this brat. The revenge for the humiliation last time must be avenged.

The taste of a bear paw should be quite good!

Su Yi sized up the Earth Hill Fierce Bear. The taste of its bear paw should be quite delicious.

Roar!

Listening to Su Yi's words, the Earth Hill Fierce Bear was also furious. Its roar was frightening as it quivered the ground.

Attack!

Xiong Lie did not want to delay any longer. He needed to quickly take action on that fellow as he still needed to go back to the tribe.

Roar!

The Earth Hill Fierce Bear roared as its bear paws stomped on the floor causing the surrounding dust to fly while the ground to keep trembling. Its entire body glowed while revealing sharp snow-white teeth that were ferocious and fierce as a violent aura emitted out with terrifying might.

Foul beast, get back or else I don't mind eating your bear paws!

Su Yi lifted his head and berated the Earth Hill Fierce Bear. Usually, before he fought with a beast, he would always warn them beforehand.

Only, as they listened to Su Yi's words, the group of young men and women from the Mighty Bear Tribe were dazed and shocked while they thought that they had heard wrongly.

That was an Earth Hill Fierce Bear in the peak of Demonic Xuan Realm Eight Grade. Did the brat actually did not place it in his eyes?

Roar!

The Earth Hill Fierce Bear was also briefly stunned before it furiously roared. The enormous body directly stepped out with glow gushing out from its body as a trace of dark black earth element energy fluctuated. The aura in the peak of Demonic Xuan Realm Eight Grade went all out without reservation while its huge bear paw directly smacked towards Su Yi.

Boom!

The huge bear paw dropped down like a small mountain covering towards Su Yi with an incomparably frantic and shockingly fierce aura, causing the surrounding dust to fly with raging wind whistling!

Foul beast!

Chapter 233: Tidying Up!

Foul Beast!

Su Yi's gaze abruptly sank, while the Yuan Qi inside his body instantly gushed out from his meridians.

In an instant, Su Yi's aura of Yuan Xuan Realm Sixth Grade also went all out without any reservation as though the entire Yuan Qi in his Yuan Qi Ocean of his Dantian, were condensed onto his fist.

He raised his arm and shook as a fist blasted out with radiance glowing brilliantly.

Overlords Fist!

Also at the same time, Su Yi hushedly roared in his heart as a fist directly clashed over, colliding with the palm of the big bear.

Boom!

When both of them just contacted, Su Yi's fist that was brilliantly glowing seemed to have inflated as a clear wind and thunder rang through like a thunderclap rumbling, bringing with it a feeling as if a king had awoken to descend, producing a tremendous pressure that reverberated throughout.

A trace of frightening Yuan Qi power like a volcano eruption abruptly charged out from Su Yi's fist.

At this moment, the several beasts behind the group of people from the Mighty Bear Tribe felt the aura on Su Yi's body. Their entire bodies unknowingly trembled with expressions of fear!

Hong!

In an instant, under the watch of everyone, there was a fluctuation feeling around the surrounding space.

A trace of frantic energy abruptly blasted out from the clash between Su Yi's fist and the palm of the Earth Hill Fierce Bear.

Enormous raging wind formed into airwaves like a hurricane and directly shot over.

The raging wind swept through like a hurricane passing by.

Pat pat

The group of youngsters from the Mighty Bear Tribe kept shockingly scurrying retreated while some of them directly fell onto the ground in shock.

Pu pu

The Earth Hill Fierce Bear that was two zhang tall immediately spat out blood while its body scaled through the air before landing heavily onto the ground.

The palm of the bear that clashed over was, horribly mangled while the fearsome eyes of the Earth Hill Fierce Bear revealed fear as its pupil shrank before it tightly closed its eyes in terror. It actually got directly killed.

The group of stumbling and miserable youngsters from the Mighty Bear Tribe initially thought that Su Yi, would be trampled by the Earth Hill Fierce Bear. No one expected that the outcome would be this unbelievable that an Earth Hill Fierce Bear in the peak of Demonic Xuan Realm Eighth Grade, would actually be killed in one punch.

Xiong Lie was even more perplexed. The formerly gaze that was coldly smiling was instantly replaced by shocked as though he had seen a ghost as he could not accept this outcome.

As for the strength of this punch, Su Yi was also secretly stunned before becoming very satisfied.

However, Su Yi was not especially happy killing an Earth Hill Fierce Bear in the peak of Demonic Xuan Realm Eighth Grade in one punch.

Firstly, the bloodline of the Earth Hill Fierce Bear among the beasts, could not be compared to the Serene Void Brutal Heavenly Leopard.

Additionally, Su Yi had the intention to test as he went all out with his cultivation of Yuan Xuan Realm Sixth Grade and had even used Overlords Fist.

I have said before that you best dont provoke me!

Su Yi coldly smirked as he swept his gaze and glared at the people from the Mighty Bear Tribe. Then, he walked over with huge steps towards Xiong Lie.

What are you trying to do?

Watching as Su Yi walked over, Xiong Lies heart suddenly palpitated as his heart still had a lingering fear.

The hearts of the group of youngsters from the Mighty Bear Tribe was also scared.

What a strong young man that came from the outside with such a young age. In just a punch, he had killed an Earth Hill Fierce Bear in the peak of Demonic Xuan Realm Eighth Grade.

That was too powerful!

Daring to provoke me, then you must pay for the price!

When Su Yis words landed, his figure abruptly accelerated with a palm akin to lightning, directly smacking towards Xiong Lie.

Boom!

The complexion of Xiong Lie changed exceedingly while he subconsciously directly initiated the Mighty Desolate Verse. His eyes gushed out with a glimmer like a whirlpool while a whiff of frightening aura emitted an ancient air as though it could suppress the surroundings.

Bang!

However, everything was already too late. When Xiong Lie just initiated the Mighty Desolate Verse, Su Yis palm had already landed onto his chest.

Pu chi

A massive power surged, and Xiong Lie spat out a mouthful of blood. The body that appeared like a mighty small bear directly flew out and crashed onto the ground while he could not struggle to climb up anymore.

Everyone on the scene was stunned. The remaining group of youngsters from the Mighty Bear Tribe glanced at each other while revealing expressions of shock.

Quick, lets go up together!

Lets go up and attack together!

Some of the older young men returned to their senses, and their complexion exceedingly changed. Weapons appeared in their hands with auras surging as they planned to attack together.

Rumble

The group of youngsters from the Mighty Bear Tribe returned to their senses and series of auras abruptly surged. With the advantage in numbers, when they gathered together, their auras were also exceptional.

Humph!

Su Yi's gaze sunk as Yuan Qi surged out from under his feet. With a cold shout, his figure swept out as though dragging out a chain of afterimages.

Bang!

Bang bang!

Pu

His figure was akin to lightning with unpredictable changes as deep explosion sounds kept ranging out.

The Hundred Transformation Steps swept out from under Su Yi's feet. His hand opened and closed that whenever a fist and palm landed, a young man or a young girl from the Mighty Bear Tribe would fly away while spewing out blood.

Although there were many of them, the strongest was only Xiong Lie with the cultivation of peak Yuan Xuan Realm Fourth Grade which already gotten severely wounded by Su Yi back when he was in Yuan Xuan Realm Second Grade.

Now that Su Yi had fully stepped into Yuan Xuan Realm Sixth Grade, even though these youngsters from the Mighty Bear Tribe were all exceptional, how could they be Su Yi's opponent?

With the mysterious changes of the Hundred Transformation Steps, the youngsters from the Mighty Bear Tribe could not even touch the corners of Su Yi's robe.

Thump thump thump

Figures one by one crashed onto the ground and spewed out blood while all of them found it hard to climb up again.

Within a short time, the twenty over people had laid on the floor, too powerless to move.

All of their eyes, were filled with incomparable shock. Before they head out, none of them had ever thought that the young man that came from the outside was actually this strong.

They initially thought that an Earth Hill Fierce Bear in the peak of Demonic Xuan Realm Eighth Grade would already be enough. No one had expected this outcome.

Roar

Far away, there was a tiger roar that deafened the ears with the sounds of wind separating.

After Su Yi defeated the last young man, he lifted his head and glanced in the direction of the tiger roar.

Very quickly, a gigantic ferocious tiger galloped over while on the back of the tiger, sat a young man about the age of 15-16 years old.

Behind this young man and tiger, there were many fearsome beasts mounts that sat over twenty young men and women.

It is the people from the Mighty Bear Tribe!

Its Xiong Lie, and he seems to be severely wounded!

Its him, that is the brat. He is Yi Su!

The group of youngsters appeared and glanced at the ruined valley. Immediately, they saw the people from the Mighty Bear Tribe, which were bloodstained and filled with wounds.

The youngsters that had seen Su Yi before abruptly shouted out in shock.

Presently, it was precisely Hu Dus group of people that had come over.

Hu Du and the rest were also preparing to get down the mountain when they coincidentally passed by and heard this huge commotion and came over.

They initially thought that perhaps the people from the Ancient Spirit Village were still hunting but who knew that the ones they would saw were Xiong Lie from the Mighty Bear Tribe and the brat that came from the outside.

Are you the one who injured them?

Hu Du who was on the back of the ferocious tiger was secretly in shock when he saw Xiong Lie lying on the ground and could no longer climb up with an Earth Hill Fierce Bear that seemingly got killed while he glanced at Su Yi and asked.

Thats right. Did you guys came here to find me too?

Su Yi looked at Hu Du and the rest of the group. They were not the people from the Ancient Spirit Village and the Mighty Bear Tribe, so naturally, it could only be the Hunting Tiger Tribe while he also recognized some of the young men that he had seen before.

Chapter 234: A Tiger's P\*\*\*\*s Should Be Great!

Listening to Su Yis words, the complexion of Hu Du and the rest of the youngsters from the Hunting Tiger Tribe secretly changed, but they were also not too surprised.

The alliance of the two brothers, Brother Hu Mo and Brother Hu Yue, had also failed, so although the strength of Xiong Lie was not weak and could battle against Brother Hu Mo or Brother Hu Yue alone, he was definitely not the opponent for both Brother Hu Mo and Brother Hu Yue under their alliance.

What made Hu Du and the rest of them shocked was the Earth Hill Fierce Bear that got killed and the over twenty people from the Mighty Bear Tribe spread all over on the ground. That was exceedingly impactful and shocking.

It was you who had stolen my Hunting Tiger Tribes Green Frost Grass?

The name of the person like the shadow of the tree. Hu Du secretly suppressed the sudden trembling of his heart and glanced at Su Yi as he questioned him.

However, this time, he had brought something to rely on while he also did not believe that it would not be able to handle a brat that came from the outside.

Staring at Hu Du and the rest from the Hunting Tiger Tribe that had arrived, the youngsters from the Mighty Bear Tribe laid on the ground, and did not say anything. Looking at the atmosphere, they even hoped that the people from the Hunting Tiger Tribe could battle with that brat.

If that brat was defeated, it could be considered that they had taken revenge. If the people from the Hunting Tiger Tribe had also suffered losses, it could also be regarded as bearing the shame together.

Indeed, you are seeking for trouble. Is this Splitting Rock Demonic Tiger what you guys are relying on?

Su Yi swept his gaze across the group of young men and women from the Hunting Tiger Tribe before his gaze finally landed on the ferocious tiger at the frontline.

The body of the ferocious tiger shone while appearing a little golden with fearful glow in its eyes that were incomparably terrifying and hostile, revealing an air of a king.

That was the Splitting Rock Demonic Tiger with a bloodline that was numerous times stronger than the Earth Hill Fierce Bear. It was a gold element beast that was very powerful with horrifying attack power and acute speed.

Feeling the aura on the Splitting Rock Demonic Tiger, it most likely was not that far off from the Demonic Spirit Realm.

It seemed like they were the same as the Mighty Bear Tribe as the group of wimpy kids from the Hunting Tiger Tribe had also brought a beast over.

The Splitting Rock Demonic Tiger was what these wimpy kids were relying on.

Since you know that this is the Splitting Rock Demonic Tiger, then you should know the consequences. Today, you must pay for the price. We must take vengeance for Brother Hu Mo and Brother Hu Yue!

Hu Du straightly glanced at Su Yi. Since he had already said to this extent, then there was nothing to avoid. To think that they could actually meet this brat at this place, naturally, they would not let him go.

Is that so? Then lets start. Its tiger bones, p\*\*\*s, and meat should be quite worthy, right

Su Yi faintly smiled before walking towards the Splitting Rock Demonic Tiger. He did not retreat and instead went forward, appearing very valiant.

Killing the Earth Hill Fierce Bear in one punch, Su Yi knew his battle strength clearly in his heart.

Although the Splitting Rock Demonic Tiger was much stronger than the Earth Hill Fierce Bear, it was not to the extent where Su Yi would be afraid of it.

Since these wimpy kids from the Hunting Tiger Tribe also dared to seek trouble with him, he naturally would not be polite too.

Seeing that Su Yi did not retreat and had instead gone forward, the group of people from the Hunting Tiger Tribe glanced at each other.

All of this seemed to be different from what they had expected.

In their imagination, when the brat saw the Splitting Rock Demonic Tiger, he would be so frightened into kneeling onto the ground and begged for forgiveness.

However, from what they saw now, the situation seemed totally opposite from their imagination.

Brat, are you courting death? Attack!

Hu Du was briefly stunned. Then, his gaze sunk as he gave out a command to the Splitting Rock Demonic Tiger, who was sitting down.

Roar!

The Splitting Rock Demonic Tiger with eyes of hostility had long could not bear it and gave a deep tiger roar. Its body was not specifically large, but its entire body appeared a little yellow while giving off a brilliant light. With fearsome momentum like a big mountain oppressing people, a whiff of fierce aura swept out followed by a tiger roar like the thunder that deafened the eardrums. Its stance that urged to pounce immediately leaped out and directly flounced towards Su Yi.

As though a ferocious tiger springing onto its prey, its fierce aura swept through while the aura of the peak of Demonic Xuan Realm Ninth Grade instantly erupted.

Foul beast, you are courting death!

Su Yi's gaze sunk. That foul beast had attacked with its full force without reservation, treating him like a prey which had angered Su Yi.

Boom!

The Supreme Chaotic Yuan Technique circulated while all of a sudden, a black color Yuan Qi from inside Su Yi's body abruptly invoked. A trace of earth element energy Yuan Qi converged onto his right foot with all his aura of Yuan Xuan Realm Sixth Grade without reservation. A brilliant glow shone within his eyes like the blinding flashes of lightning as his black hair flew and danced with unknown momentum as though carrying along with the wrath of thunder.

Wrath of the Eight Wastelands, Oppressing the Mountains and Rivers with a single foot! Su Yi deeply roared in his heart. At the same time, his right foot stormily stepped down with Yuan Qi whirlpool underneath his foot like a windstorm engulfing everything.

Rumble The ground shook as the empty air roared. From where Su Yi's foot had landed, there were circles of black earth element Yuan Qi energy that spiraled outwards like a wave sweeping through.

Lines with the thickness of an arm cracked on the ground like a spider web, as it spread and extended everywhere

Ka ka

The surrounding rocks and snapped trees, were instantly shattered into powder.

Howl At this instant, the surrounding beasts mounts that followed the Mighty Bear Tribe and the Hunting Tiger Tribe including the Hunting Wind Demonic Vulture, had trembling gazes as they shiveringly roared.

The Splitting Rock Demonic Tiger that initially had eyes of hostility like a fierce tiger springing on its prey, its huge tiger claws headed towards Su Yi.

All of a sudden, the Splitting Rock Demonic Tiger seemed to have felt something as its fearful eyes drastically changed while the gaze that was exhibiting fierce intent, was instantly replaced by shock while its attack abruptly stagnated.

Boom!

An enormous assaulting power seeped through the ground, emitted and swept out.

In just an instant, the Splitting Rock Demonic Tiger gave out a deep and muffled painful roar as its enormous body directly scurrying retreated backward as though its body was about to flip over.

Thump

Hu Du, who was on the back of the tiger, was immediately flung out and crashed heavily onto the ground.

Overlords Fist!

With a figure akin to lightning as though with an afterimage sweeping out, at the same time when the Splitting Rock Demonic Tiger scurrying retreated, Su Yi did not stop while the Supreme Chaotic Yuan Technique circulated. The Overlords Fist condensed with Yuan Qi galloping inside his body. Su Yi used the most arrogant method as a fist blasted out and directly landed onto the skull of the Splitting Rock Demonic Tiger.

Thump!

The fist was plain and direct, emanating an explosion sound. A radiance erupted as the surrounding airwaves of raging wind swept through which caused the sand to fly and rocks to roll that even huge stones also flew up.

Roar!

The Splitting Rock Demonic Tiger shrieked and its enormous body directly laid on the ground. Blood flowed between its eyebrow as its skull, was actually cracked.

Kill!

The Splitting Rock Demonic Tiger was ferocious which had aroused Su Yi's killing intent.

Following as the Splitting Rock Demonic Tiger laid on the ground, Yuan Qi galloped as Su Yi continuously punched three more times fiercely between its eyebrows.

Bang bang bang!

The three punches were like rain, along with an overbearing and mighty immense power. The area between the Splitting Rocks Demonic Tiger eyebrows, was tattered while fresh blood stormily shot out. After a shrieked, its shocked eyes gradually tightly closed as it was completely dead.

All of the people from the Hunting Tiger Tribe was dumbfounded. The series of gazes already could not return back to senses.

Although the people from the Mighty Bear Tribe was still spread all over the floor, they had also personally seen the scene with their own eyes. Initially, they were already shocked that Su Yi could kill an Earth Hill Fierce Bear in the Demonic Xuan Realm Eighth Grade.

But now, they had witnessed a Splitting Rock Demonic Tiger in the peak of Demonic Xuan Realm Ninth Grade that actually also collapsed in one blow, directly killed by that fellow.

Chapter 235: Pay The Price.

After killing the Splitting Rock Demonic Tiger in the Demonic Xuan Realm Ninth Grade, Su Yi's complexion had entirely turned pale.

Simultaneously initiating the Overlords Fist and the Wrath of the Eight Wastelands while also adding the Overlords Fist that he had cast to kill the Earth Hill Fierce Bear, the consumption was too big.

Especially just now, Su Yi knew that if he did not go all out, most probably, he would not be able to defeat this Splitting Rock Demonic Tiger in the peak of Demonic Xuan Realm Ninth Grade.

But, Su Yi was notably satisfied with the outcome.

Going all out with the cultivation of Yuan Xuan Grade Sixth Realm to initiate the Overlords Fist and the Wrath of the Eight Wastelands could directly kill a Splitting Rock Demonic Tiger in the peak of Demonic Xuan Realm Ninth Grade. That was the strength of the Supreme Chaotic Yuan Technique.

Of course, Su Yi knew very clearly that this did not mean that he would be able to defeat a cultivator in the peak of Yuan Xuan Realm Ninth Grade.

Even though under normal circumstances, a beast in the peak of Demonic Xuan Realm Ninth Grade was definitely much stronger than a cultivator in the peak of Yuan Xuan Realm Ninth Grade.

However, Su Yi knew that for his situation, since the Supreme Chaotic Yuan Technique could suppress beasts, therefore he had gained many advantages.

If he really met with a cultivator in the peak of Yuan Xuan Realm Ninth Grade, the outcome was unknown and honestly unpredictable.

It is your turn!

Ignoring the Splitting Rock Demonic Tiger that got killed, Su Yi's long sleeves shook, and with a figure akin to lightning, he headed towards the group of youngsters from the Hunting Tiger Tribe and swept out.

Bang bang bang

All of a sudden, deep and low explosion sounds kept ringing out. Su Yi attacked with no mercy as these fellows had actually dared to come and deal with him, so he would not be polite.

His hands opened and closed as Su Yi swiftly attacked. Although the consumption was severe, facing with these group of youngsters from the Hunting Tiger Tribe that could not be, compared to the Mighty Bear Tribe, he was as though in a place where no one would put up a fight.

Following as Su Yi pounced over with frightening momentum erupting along with swiftness and fierceness, some of the people from the Hunting Tiger Tribe had not come back to senses when they got flown away.

Sand flew, and rocks rolled. Huge stones blasted open with mixed stuff turning into powder and raging wind engulfing.

Very quickly, this group of young men and women had now entirely understood in their hearts that why would the people from the Mighty Bear Tribe be spread all over the floor and unable to move.

It turned out that this young man that came from the outside called Yi Su was actually this strong.

The last young man from the Hunting Tiger Tribe got flown away while spurting blood out of his mouth. His body landed afar with dust covering his head and a pale complexion, unable to move anymore.

Howl

Some of the beasts mounts shrieked as they were also not spared and got suppressed by Su Yi as they howled miserably.

Wanting to deal with me, but sadly all of your strengths are still not enough!

Su Yi dusted off his hands. Presently, he could also be considered, as the one who had wealth which spoke louder than others as he popped a recovery elixir into his mouth. His gaze swept over the group of people and beasts mounts on the floor that could no longer climb up, feeling very satisfied with the result.

Yi Su, what more do you want!

Hu Du spoke while he struggled to sit up. Looking at Su Yi, the shock in his eyes was hard to disperse. The fresh blood in his mouth kept dripping as he gritted his teeth and asked.

Relax, at least I still wont kill you guys.

Su Yi swept his gaze over these group of people from the Mighty Bear Tribe and the Hunting Tiger Tribe. However, he did not kill them.

After all, it was not the outside, and there were many strong cultivators in the Mighty Bear Tribe and the Hunting Tiger Tribe. Attacking a little severely on the younger generation, he reckoned that the Mighty Bear Tribe and the Hunting Tiger Tribe could also not do anything with the Ancient Spirit Village hindering.

However, if, he was to kill someone today, then that would be a different case.

If you dare to kill us, the Hunting Tiger Tribe and the Mighty Bear Tribe will not let you go!

A muscular young man from the Mighty Bear Tribe had a gaze full of fear. As he glanced at the young man that came from the outside with a weird style before him, it was as though he had seen a ghost. Were all the people from the outside these strong?

I have already said that I will not kill you guys.

Su Yi responded with a faint expression. Suddenly, as if he thought of something, a spurious smile hung on his face as he said: However, a lesson is unavoidable. Wanting to deal with me, then you must pay for the price which you guys will not be able to forget for the rest of your life.

Yi Su, I swear that I will never let you off!

Yi Su, my Hunting Tiger Tribe will not let you off!

Yi Su, you are shameless and indecent. I will never let you off!

Moments later, a series of angry cries sounded inside the valley. Resentment rose with continuous violent rage, yet they were unable to do anything.

Indecent and shameless!

How can you be so shameless. Too indecent! Some of the young women also tenderly cried.

Watching the entire scene before it, the Hunting Wind Demonic Vulture was also dumbfounded as it stared blankly with its tongue-tied. The glow within its big round eyes kept flickering.

This human young man was actually this brutal and terrifying.

A bunch of wimpy kids

Su Tian Que had unknowingly reached the top of the valley, right by the side of the two small Hunting Wind Demonic Vultures. Su Tian Que leaned on the nest that appeared to be the Hunting Wind Demonic Vultures as it silently observing everything that was happening below, not taking it seriously.

At another morning with sunlight pouring down onto the ancient village.

The entire atmosphere in the Ancient Spirit Village was somewhat depressing and unknowingly oppressing.

Even some of the small children that liked to laze and play around also became quiet.

On the square at the village entrance, the figures of three young men kept standing there while glancing out the village as though waiting for something.

The three young men were young, appearing about the age of 15-16 years old. They were precisely Shangguan Yan, Shangguan Yu, and Shangguan Ye.

Children, go back. Yi Su that young man has most likely

Within the pouring of the sunlight, an elderly emerged from the village and said to the three people.

No, I want to wait for my father to return. I want to wait for Brother Yi Sus corpse, to help bury him so that he can be, laid to rest!

Shangguan Yan exclaimed while glancing out the village with firmed and stubborn eyes. He had already asked his father to bring along some of the strong cultivators in the village to head to the Yao Luo Mountain.

It had already been two days. For an unknown reason, his father had still not returned.

We shall wait together. At least until when Brother Yi Sus corpse is back! Shangguan Ye responded.

Brother Yi Su had been swallowed into the stomach of the Iron Armor Demonic Rhinoceros for us. If not for Brother Yi Su, we would have already died twice! Shangguan Yu stated.

Yi Su that young manheavens envied the talented ones.

An elderly sighed, feeling very pitiful. That young man was remarkably strong while he had saved the juniors of their village many times. All of them felt very regretful.

Children, our village will remember Yi Su, that young man. But you guys have already been standing for three days and three nights. Go back and rest. When the strong cultivators of our village have returned, we will notify you.

A woman in the village spoke, trying to persuade the three of them.

Elder Brother, has Brother Yi Su really been swallowed by the Iron Armor Demonic Rhinoceros?

Is Brother Yi Su really not coming back? I like him a lot, and he still promises me that he will tell me many stories about the outside

The innocent and bright eyes of some of the small children were a little sad.

They were still too small to understand the meaning of life and death thoroughly.

It has already been three days and three nights. Children, go back and rest!

Children, why not we wait on behalf of you guys while you go back and rest first?

More and more figures emerged from the village, trying to persuade the three of them.

No, I want to wait personally for Brother Yi Sus corpse even if only his bones are left.

Inside Shangguan Yans firm eyes, tears were swirling around as he forcefully endured them.

Chapter 236: Brother Yi Su Is Not Dead!

We are paying our readers now! Look at this page for more information.

Shangguan Yan felt a little regretful for not pulling Yi Su at that time while he helplessly watched Yi Su get swallowed by the Iron Armor Demonic Rhinoceros as he escaped with his life. That made him unable to forgive himself.

"If the time can be rewind back, even if I will die, I will also definitely not let Brother Yi Su block that foul beast alone."

Shangguan Yan said in his heart, feeling extremely remorseful.

"Chirp....."

In the morning, under the sunlight, a Hunting Wind Demonic Vulture spread its wings while circling at a low altitude before slowly landing down.

"Bang bang....."

A massive piece of an object, was thrown from the back of the Hunting Wind Demonic Vulture and crashed onto the ground.

"Swish swish....."

Afterward, a figure leaped down from the body of the Hunting Wind Demonic Vulture. His hair slightly moved and his robe fluttered. The figure was clean and skinny, yet especially upright, revealing momentum like a big mountain.

"The Ancient Spirit Village is at the front. We finally found it."

From the back of the Hunting Wind Demonic Vulture, a talking featherless meat chicken also landed down as it flapped its short wings with an expression that would make people laugh.

"You can go back now."

The clean and skinny young man said to the Hunting Wind Demonic Vulture that was circling at a low altitude and tidied the broken sword and saber on his back before dusting off his hands.

"Chirp....."

The Hunting Wind Demonic Vulture softly cried and gently flapped its wings as though it was bowing down and revealed a respectful expression before it spread its wings and left.

The clean and skinny young man was precisely Su Yi who came back from Yao Luo Mountain. Because he got delayed for a moment and added on that he was unfamiliar with the route, so they took a little bit more time to come back.

"Let's go back to the village!"

Glancing at the distant entrance of the Ancient Spirit Village, the corner of Su Yi's mouth curled up into a smile. Except for the Su Family, it was the second time that he had the feeling of returning home.

"Why can't we eat a little first? The taste will be definitely great."

Su Tian Que had a face full of sorrow as it stared at the massive piece of object that, was previously thrown from the back of the Hunting Wind Demonic Vulture. It licked its lips as though its saliva was going to drip out.

That massive piece of object was actually an enormous tiger body.

And on top of the tiger body, four big bear paws were tied tightly onto it with tree vines.

The tiger body was the Splitting Rock Demonic Tiger that Su Yi had killed while the bear paws, were cut from the body of the Earth Hill Fierce Bear.

"You only know how to eat. What peacock. When I was, surrounded by the people from the Mighty Bear Tribe and the Hunting Tiger Tribe, where have you been? Still, want to eat."

Su Yi kicked towards Su Tian Que. This fellow clearly had an exceptional might, however when he was battling against the group of people from the Mighty Bear Tribe and the Hunting Tiger Tribe, this fellow had disappeared.

Its short wings flapped as Su Tian Que avoided Su Yi's kick. Rolling its eyes at Su Yi with an extremely innocent expression, it said: "What surrounded. You were clearly beating those wimpy kids up while my help is totally unrequired. Don't forget, if it wasn't for me, you would be swallowed by that Iron Armor Demonic Rhinoceros. I am your benefactor. In the future, you must call me big brother."

"Scram, that Iron Armor Demonic Rhinoceros, was killed by me. You are completely not the opponent of the Iron Armor Demonic Rhinoceros, okay?"

Su Yi arched his eyebrow. Taking a deep breath while slightly bending his knees, both of his hands grabbed onto the Splitting Rock Demonic Tiger as he abruptly placed the tiger body onto his shoulders.

Although the large tiger that was only a few meters long and was not especially huge, adding onto the four big bear paws, it was definitely around 2000 to 2500 kilograms.

And further adding onto the broken sword that strangely got heavier, at the moment, there was a weight around 3500 to 4000 kilograms pressing down on his body, causing his figure to start trembling.

Yuan Qi surged out from Su Yi's body, and the trembling figure became upright.

With only his brute strength, Su Yi still could not carry the weight of 3500 to 4000 kilograms while he would be flattened.

However, it would be different if he was to initiate Yuan Qi. Although he still found it a little strenuous, it was alright.

"Okay, your head. I had risked my life and disregarded my safety to save you." Su Tian Que followed behind Su Yi while rolling its eyes that seemingly was going to flip out of its eye sockets.

"That is because we have sworn to die in the same year, same month and same date. You are afraid that I will die and if, you did not die, then you will be struck by lightning....." Su Yi carried the enormous tiger body and bear paws on his back while heading towards the entrance of the village.

"Fine, next time Granddaddy Que will definitely not save you....."

Late in the morning at the entrance of the village, many people had gathered together. There were old and young while many elderly had come over.

"Brother Yan, we will accompany you."

Shangguan Xiu and the rest also came over, bringing along those young men and women that had escaped from the Yao Luo Mountain.

For the past few days, they had been meditating. When they found out that Shangguan Yan, Shangguan Ye, and Shangguan Yu the three of them had been waiting at the village entrance for three days and three nights, all of them came out and wanted to accompany them to wait.

"Without Brother Yi Su, we will be dead. It is him who has saved all of us, so at least, we should wait for his corpse to return."

A young man spoke with an expression full of sorrow.

"All of you know to repay kindness, so you are absolutely my Ancient Spirit Village juniors. Just wait. Hopefully, we can find that young man's corpse to bury him properly!"

Some elderly were impressed and revealed faces of praises. Knowing to repay kindness proved the morality and nature of these juniors.

Morality and nature were much more essential than talent and gift.

"Brother, we will wait with you together."

Some youths and little children spoke, wanting to accompany Shangguan Yan and the rest to wait.

"Yi Su is the benefactor of my Ancient Spirit Village. If his corpse can be found, then he will be buried in my village." Some elderly discussed.

"Eh, a beast is coming!"

All of a sudden, someone saw a massive figure from afar on the outside of the village entrance that was walking over slowly.

"It does not seem like a beast. Is.....quickly look, someone is coming!"

"It is not a beast. It looks like someone is carrying an enormous tiger!"

Series of gazes thoroughly stared at the outside of the village. That was not a beast. It was clearly a clean and skinny figure that was walking over while carrying a tiger.

"Sha sha....."

Series of gazes thoroughly stared at the front. While basking in the sunlight, a clean and skinny figure slowly walked as though his every step was going to sink into the ground, yet it was incomparably upright like a mountain peak.

Carefully looking ahead, that person was carrying an enormous tiger on his shoulders while both of his hands were pulling two pieces of tiger bones with four big bear paws hanging on it that seemingly was going to submerge that clean and skinny figure.

Glancing from afar, it appeared as though a beast was coming over.

"That is....."

When observing that figure, all of the gazes at the village entrance were startled.

Such a style was too visually impactful, causing people to be struck dumb.

"Is Yi Su, it is that young man. He is not dead!"

Some of the elderly's eyes, were crisped and able to see far away. After being startled, they then exclaimed.

Shangguan Yan, Shangguan Yu, and Shangguan Ye were stunned. Then they uncontrollably harshly rubbed their eyes as they thought that they had seen wrongly.

However, when they opened their eyes again and thoroughly looked at the figure, that clean and skinny figure that was upright with a familiar outline and appearance, who could it be other than Yi Su?

...

Chapter 237: Second Home!

We are paying our readers now! Look at this page for more information.

Yi Su stood far away from the village entrance and slightly lifted his head. Seeing that there were so many people standing at the village entrance, he felt a little strange. Then when he saw some of the familiar figures standing at the front, he panted heavily and shouted aloud: "Shangguan Yan, Shangguan Yu, and Shangguan Ye, you guys quickly come over and help me. Its so exhausting!"

"What are you guys standing there for? We have come back!"

A featherless meat chicken walked out with a crisped voice while tucking its tail as its short legs walked lazily.

"Yi Su. It is Brother Yi Su!"

"It is Brother Yi Su. He did not die. Brother Yi Su did not die!"

"Did not die. Brother Yi Su is still alive!"

When that familiar voice sounded over, the gazes of Shangguan Yan, Shangguan Ye, and Shangguan Yu unbearably trembled while their entire bodies shivered with a start.

Afterward, the three figures madly pounced forward with tears running out.

"Is Yi Su. He is not dead, and he has returned!"

Shangguan Xiu and the rest of the youngsters also came back to their senses after being stunned and momentarily charged forward.

"Brother Yi Su"

A bunch of wimpy kids' tender voices also sounded as they followed behind.

At the village entrance, a group of villagers glanced at each other before revealing expressions of joy.

"Brother Yi Su!"

A group of figures pounced over with excitement.

"What are you guys doing?"

Su Yi's gaze was stunned, and he momentarily threw the body of the Splitting Rock Demonic Tiger down from his shoulders as looking at the stance of the people, something did not seem to be right.

"Brother Yi Su, so you are not dead. You have frightened me!"

"Hahaha, Brother Yi Su is not dead. Not dead!"

Shangguan Yan, Shangguan Yu, and Shangguan Ye leaped over the corpse of the Splitting Rock Demonic Tiger and directly threw themselves onto Su Yi's body.

The three of them tightly hugged the confused Su Yi, unwilling to let go. They were so happy that they cried tears of joy as hot tears gushed out from their eyes.

They were seemingly afraid that once they let go, the person before them would disappear.

"Brother Yi Su!"

A group of young men and women also rushed over. All of them were incomparably excited as the happiness on their face were undisguised.

"Su Tian Que, you two are still alive. That's too great!"

When Shangguan Xiu saw Su Tian Que, she was very excited and reached her hands out to hug Su Tian Que.

"What? Granddaddy Que has always been alive."

Su Tian Que rolled its eyes at Shangguan Xiu and directly dodged.

"Little chicken, you are also back!"

A bunch of little fellows ran over and surrounded Su Tian Que. All of them were very happy.

"Wimpy kids, quickly get lost." Su Tian Que ducked.

"Little chicken, we will no longer eat you, so don't be afraid."

A small girl with a little ponytail spoke, appearing extremely cute.

"Clueless wimpy kids. Anger me to death."

Su Tian Que felt very gloomy as it was a peacock! It momentarily flapped its short wings, dodging from left and right trying to avoid them.

"Thump."

A kid that was robust and honest yet with innocent eyes directly pounced and smashed Su Tian Que underneath him.

"Haha, I caught you. Relax, we won't eat you."

That little fellow was incomparably happy as he tightly hugged Su Tian Que, not letting it go.

"So angry"

Su Tian Que was brewing with anger while its eyeballs were about to pop out of its eye sockets.

"Don't be afraid. In the future, we will not eat you anymore, since you have saved Sister Xiu, Brother Yan, and everyone." A little kid told Su Tian Que earnestly.

"I"

Su Tian Que felt very wronged while this bunch of little fellows was too wild.

"Splitting Rock Demonic Tiger and the bear paws of Earth Hill Fierce Bear."

Some of the villagers from the village also came over. When they saw the tiger body and the bear paws on the ground, all of them felt very surprised.

"It's good that you did not die. A blessing from heaven!" An elderly kindly spoke.

"Children, quickly go back to the village. Yi Su must be tired." A woman slightly smiled and said.

A strong cultivator from the village had already easily carried the tiger body back with one hand.

"Let's go. We will go back first."

Under the clustering of the excited crowd, Su Yi got pulled back to the village while everyone was utterly happy.

"Yi Su is not dead, and he has returned!"

The news, was quickly spread around, and many villagers ran out, feeling very happy.

Su Yi this time had saved many of their juniors while disregarding his own safety which had made them very touched.

"Child, you are still alive. Thanks the heaven." An old lady thanked the heaven.

"Yi Su, look at your robe. So dirty. Later you can take it off and let auntie help you wash it clean!" A woman said.

"Brother Yi Su, what had happened? You were clearly, swallowed by that Iron Armor Demonic Rhinoceros."

Inside the village, after Shangguan Yu, Shangguan Yan and the rest had calmed their excitement, they asked Su Yi.

"It is a long story. After all, the life force of that Iron Armor Demonic Rhinoceros was about to deplete, so I took the chance and escaped. It's a pity that I had accidentally broken the demonic core."

It's not that Su Yi did not trust them. Only, it would be slightly better if the matter of the sudden eruption of the broken sword was hidden.

"To be able to come back alive and be saved by the bell, it is truly wonderful."

The people did not ask any further as they also knew that the Iron Armor Demonic Rhinoceros was initially about to die at that time.

As for the demonic core, all of them did not care. Even if the demonic core, was placed before them, all of them also felt that the demonic core was supposed to belong to the young man before them.

From everyone's mouth, Su Yi later found out that Shangguan Yan and the rest had waited at the village entrance for three days and three nights, wanting to receive his corpse.

There were already strong cultivators from the village heading to Yao Luo Mountain with Shangguan Xi Wei leading the way. Only, they had yet to return.

Seeing the pure happiness in everybody's eyes and the passionate and caring that came from within their hearts, there was a warmth flowing within Su Yi's heart.

Then, from Su Yi's mouth, everyone also found out that Xiong Lie from the Mighty Bear Tribe and Hu Du from the Hunting Tiger Tribe had actually brought powerful beasts to the Yao Luo Mountain with the motive of dealing with Su Yi.

However, when they found out that Su Yi had killed an Earth Hill Fierce Bear in the Demonic Xuan Realm Eighth Grade and a Splitting Rock Demonic Tiger almost in the Demonic Spirit Realm, everyone was even more flabbergasted.

A series of gazes stared at Su Yi. This fellow was indeed frighteningly strong with unfathomable strength.

"Too shameless. They have actually brought beasts to the Yao Luo Mountain!"

Shangguan Yan, Shangguan Yu and the rest were furious. Bringing beasts to the Yao Luo Mountain to deal with Yi Su, this Hu Du from the Hunting Tiger Tribe and Xiong Lie from the Mighty Bear Tribe were too shameless.

"Those groups of wimpy kids might still be crying now."

Su Tian Que did not pay much attention while it had already struggled free from the embraces of those wild kids as it tucked its tail and swaggeringly followed beside Su Yi.

"Brother Yi Su, how are Xiong Lie and Hu Du?"

Hearing Su Tian Que's words, Shangguan Ye and the rest glanced at each other before looking at Su Yi and asked.

Listening to Su Tian Que's tone, seemingly that Xiong Lie and Hu Du were still very miserable at this moment.

"Nothing much, I only make them learn their lesson." Su Yi snickered.

"The juniors of the Mighty Bear Tribe and the Hunting Tiger Tribe have gone a little too overboard. Later I must scold those fellows from the Mighty Bear Tribe and the Hunting Tiger Tribe!"

Some of the strong cultivators of the village were angered. This time, the Mighty Bear Tribe and the Hunting Tiger Tribe actually brought beasts to the Yao Luo Mountain which had gone a little too overboard.

Usually, the juniors knew how far to go and when to stop during a conflict, but this time, they had unmistakably gone overboard.

...

Chapter 238: Shangguan Tian Chen!

We are paying our readers now! Look at this page for more information.

"We can leave some of these bear paws and the meat of the Splitting Rock Demonic Tiger for the people of the Hunting Tiger Tribe and the Mighty Bear Tribe tomorrow to try too. What is your opinion, Yi Su?" An elderly revealed smiles and asked Su Yi.

Su Yi's eyes moved and understandingly smiled. He nodded to the elder and replied: "Everything will be, done according to senior's words."

"Then good, we will leave some while the remaining will be used to nourish you guys, juniors' bodies. The village will also make an exception and take out some Hundred Fruits Wine to celebrate Yi Su's escaped from death." An elderly spoke as he was the elder of the village with an extremely high status amongst the elders.

"Yay, we can drink the Hundred Fruits Wine again."

"And tiger meat to eat. It is too great."

A group of youngsters was endlessly happy as they could drink the Hundred Fruits Wine again.

Su Yi said goodbye to everyone and returned to the courtyard where he was staying.

The village head, Shangguan Cheng Ya, had unknowingly gone somewhere else as she was not inside the courtyard.

Su Yi went into his room. When he was about to meditate, a voice transmitted over from the door outside as someone had come.

Su Yi walked out of the courtyard and saw several aunties.

"Child, these clothes are all clean, and you can change into them. Look at your appearance, quickly go and take a bath." The aunties passed over some clothes to Su Yi.

"Thank you, aunties."

Su Yi felt very grateful. Although these clothes were not sumptuous, they were very plain and modest, causing a warmth to flow inside his heart.

After sending off the aunties, Su Yi stood at the courtyard somewhat in a trance. From those aunties, a blurry figure emerged from within his mind. He wondered where his mother was now and pondered if she was doing well.

"Those who survive a catastrophe are bound to have a good fortune later on. As long as you're back, as long as you're back."

A faint voice transmitted over into Su Yi's ear.

Su Yi turned his head back, and a kind face appeared before his eyes. The face did not have any wrinkles with a rosy complexion. The figure was hunching a little while there was some silver hair mixed within her head full of black hair. It was precisely the village head.

"Grandma Shangguan." Su Yi greeted.

"I see that you are in a daze. Are you thinking of home or your family?"

Shangguan Cheng Ya slightly smiled. On that kind face, the peaceful eyes seemingly could see through Su Yi.

"Yes." Su Yi lightly nodded his head, and embarrassingly smiled.

"After the competition tomorrow, hopefully, the Ancient Spirit Village can win so that we can fulfill the promise to you, and you can go back home early."

Shangguan Cheng Ya smilingly spoke: "Of course, in the future, the Ancient Spirit Village will also be your second home. You can just come back whenever you want."

"Many thanks to Grandma Shangguan." Su Yi nodded his head.

"No need to stand on ceremony. If you really want to thanks grandma, then accompany me to chat. For all these years, only that girl Xi Wei chat with me while we depended on each other. I only have a granddaughter, and now, I suddenly have another grandson, which makes me very happy." Shangguan Cheng Ya responded.

"Then, I will accompany Grandma Shangguan to chat." Su Yi nodded his head.

A mountain stream of flowing water with exotic flowers, rare herbs, and verdant trees.

At an ancient wooden pavilion, Su Yi accompanied Shangguan Cheng Ya and sat while glancing at the distant mountain stream as if absorbed in thought.

"Xi Wei, that girl did she told you about the matter of her parents?"

Shangguan Cheng Ya questioned with a faint voice while glancing afar with hazy eyes. If it wasn't for the indistinctly feeling of suppression from her body, she was like a normal old lady.

"I have heard a little."

Su Yi replied as he had learned of some situation from Shangguan Xi Wei that her mother had passed away while her father had left the Ancient Spirit Village. She and her grandmother had depended on each other since she was young.

"As for the outside world, this old lady has also never gone out before and does not know what it is like too. When I was young, I also had thoughts about wandering the outside and ignoring the ancestor's instructions." Shangguan Cheng Ya said with some glittering lights in her eyes while her expression was also a little fluxed, as though she had remembered the times when she was young.

Su Yi did not say anything. Presumably, inside the village head's heart, he felt that for all these years, she had never blamed her own son.

"Alright, let's talk about you. Do you have many family members?" Moments later, Shangguan Cheng Ya glanced at Su Yi and asked.

"I have a grandfather back home. After I was born, my parents have left me while their whereabouts are still unknown. Since then, we have depended on each other."

Su Yi recalled his grandfather. After coming out for such a long time, he prayed that his grandfather's body could still hang on for a moment more while he must quickly become a strong cultivator before going back to heal his grandfather.

"A child with a cruel fate too like Xi Wei."

Hearing this, Shangguan Cheng Ya was a little shocked. On the kind face, her gaze exceedingly moved as she pulled Su Yi's hand and softly responded.

"Grandfather treat me very good." Su Yi said with a smile hanging on the corner of his mouth.

An old and a young person sat together and chatted a lot.

Su Yi and Shangguan Cheng Ya talked a lot about the fascinating stuff regarding the outside world as the old lady carefully listened as though she had become young again with a face full of curiosity, which from time to time, she would reveal a smile.

"Today is the happiest day in these several years for this old lady. Thank you, child."

Finally, Shangguan Cheng Ya said to Su Yi as the kind face, was filled with smiles. She had never been so happy in such a long time.

"If Grandma Shangguan likes it, I will chat with you another day." Su Yi said to Shangguan Cheng Ya.

"Okay."

Shangguan Cheng Ya nodded her head while the slightly hunched body got up. The strands of silver-like white hair were apparent within the black hair. The pair of dark brown eyes as if the telling of old age, glanced at Su Yi for a while, somewhat wanting to say something yet hesitated.

"Grandma Shangguan, is there a problem?" Su Yi questioned.

"If there is a day after you went back and met a person called Shangguan Tian Chen"

When she said halfway, Shangguan Cheng Ya's voice dropped once again as she lightly sighed and said: "Forget it, everything had passed. Only Xi Wei that girl has suffered"

"Shangguan Tian Chen, is that Sister Xi Wei's father?" Su Yi asked.

"Alright, go back and rest. Tomorrow is the big competition of the Ancient Spirit Village, Mighty Bear Tribe, and the Hunting Tiger Tribe. You can also go and watch. The Serene Void Brutal Heavenly Leopard has improved a lot, so if tomorrow we could win, then this time, our Ancient Spirit Village has basically won." Shangguan Cheng Ya stated and later urged Su Yi to rest.

Su Yi left and did not ask any further while he placed the name, Shangguan Tian Chen into his mind.

Back to his room, Su Yi found water to shower and changed into the clean robe that the aunties from the village had given him. Carrying the sword and saber onto his back again, he started to close his eyes and meditate.

After several hours, Su Yi opened his eyes and kept the hand seal. The Yuan Qi inside his body was abundant while he was full of vigor, feeling refreshed.

"I wonder what stage am I at for the Soul Tamer."

Su Yi could feel that his spiritual power had been improving non-stop in this period, especially since the previous time. But as for the Soul Tamer, he only knew a little about it and had no idea what stage was he at for the Soul Tamer.

"Brother Yi Su, everyone has been waiting for you."

Shangguan Yan's voice traveled over from the outside. The village was going to celebrate tonight with Su Yi as the main character.

When Su Yi walked out of the courtyard, it was already dusk.

"There is meat to eat again and Hundred Fruits Wine."

Su Tian Que tucked its tail and rapidly walked out. It was afraid that it would reach there late while its saliva almost dripped when it recalled the Hundred Fruits Wine and the roasted meat.

...

#### Chapter 239: Matchmaker

We are paying our readers now! Look at this page for more information.

When Su Yi reached the square, a group of villagers had already been waiting and was very friendly towards Su Yi.

"The clothes are very fitting. Initially, I made it for my boy Shangguan Ye, but Yi Su is much more suitable and looked better."

A woman walked out. She was Shangguan Ye's mother while, looking at the clothes Su Yi was wearing, she revealed an expression of smiles as the more she looked at it, the more satisfied she became.

"Child, do you have a match already? Why not just stay in the village in the future? How about auntie will become your matchmaker and let you wed a nice looking girl? What is your view of Xiu Xiu?" A woman slightly smiled and said.

"Third Aunt, I"

Not far away, Shangguan Xiu heard it, and her entire face became bashful. The area from her neck to her earlobes was throbbing red, which added a touch of feminine to her innocence.

"I think Xi Wei is more suitable. Do Yi Su like Xi Wei, that girl?" Another woman came forward and smiling said.

"Xi Wei seems to be much older than Yi Su, right? Xiu-er is better at a similar age."

"That is not necessarily true. It is reportedly that a wife that is three years older than the husband will ensure a richer life. Being older is a good thing."

Listening to the words of the aunties, Su Yi had a face full of bitter smiles and could only find an excuse to leave.

The night descended with the brilliant bonfires while the Ancient Spirit Village was incomparably lively.

"Come, Yi Su. This bear paw is yours as well as this tiger leg. It is very fragrant while it can strengthen the body, and also having a benefit for your cultivation."

A strong cultivator of the village placed the well-roasted bear paw and the tiger meat in front of Su Yi. Today, Su Yi was the main character, so he shall have the best treatment.

"And also these meats, they were picked up from the Yao Luo Mountain. After consuming it, the benefits should be tremendously great."

A strong cultivator still handed over many roasted meats of the beasts that Shangguan Xi Wei and the rest had picked up a few days back, which were killed by the Armor Iron Demonic Rhinoceros when they wanted to snatch its demonic core.

The beasts were almost at the Demonic Void Realm, therefore after consuming it, one would receive a tremendous benefit.

Su Yi wanted to decline, but he was unable to wriggle off and could only be surrounded by the people to the center, enjoying the treatment of being the main character.

"Brother Yi Su, thank you. Our lives, were saved by you. If, it wasn't for you, we will most probably be unable to come back."

A few young men went up, wanting to drink with Su Yi.

Shangguan Xiu was also amongst them as she bashfully lifted her head with her earlobes still red.

"Everyone, no need to be polite."

Su Yi was carefree as the people from the village were very honest while he put down the guard in his heart and mixed with everybody.

"Delicious"

Afterward, the tiger meat and the bear paw entered his mouth while he kept praising it profusely.

Matching with the Hundred Fruits Wine, it was utterly out of this world and a once in a lifetime opportunity.

"Delicious, delicious"

Su Tian Que had long sat in the square as he hugged a big piece of tiger meat and chowing down on it with its mouth full of dripping oil.

"Elder Qing Ming is back!"

"Sister Xi Wei is back."

All of a sudden, someone passed a message as outside the village, there were flying beasts mounts circling around before landing down. Then, several figures leaped down, who were the strong cultivators of the Ancient Spirit Village.

The ones leading were precisely Shangguan Qing Ming and Shangguan Xi Wei.

Shangguan Qing Ming, Shangguan Xi Wei, and the rest came back with heavy hearts.

This time when they went up the Yao Luo Mountain, not only had they not found the Iron Armor Demonic Rhinoceros, but they also met with some trouble.

As they looked at the brilliant faraway bonfires inside the village with a happy atmosphere, all of them were secretly surprised.

"Sister Xi Wei, Yi Su has come back. He is not dead and has come back."

Shangguan Xiu ran out and immediately told Shangguan Xi Wei the news as she knew that Shangguan Xi Wei always had the heaviest heart and was only forcefully enduring it.

"He has come back"

When Shangguan Xi Wei heard the news, the formerly somewhat fatigued eyes momentarily shone and was a little stunned.

"Sister Xi Wei, Yi Su has really come back. He did not die." Shangguan Xiu stated.

"Whoosh"

Yuan Qi surged as Shangguan Xi Wei's figure instantly charged out with speed akin to lightning.

"Yi Su did not die."

When Shangguan Qing Ming and the several strong cultivators heard it, the formerly depressed expression momentarily gushed with a pleasant surprise.

Shangguan Xi Wei's figure charged up to the square. She could see Su Yi from afar who was surrounded by a group of people with a similar age.

That familiar figure was now brimming with energy while eating meat and drinking wine in a big mouthful.

Her figure stagnated. The glow within her eyes surged before gradually resided. Shangguan Xi Wei hesitated for a moment and slowed her footsteps as she gently walked over.

"Sister Xi Wei is back."

"Sister Xi Wei."

Many people crowded over when they saw Shangguan Xi Wei.

Shangguan Xi Wei smiled and walked to the front of Su Yi. Glancing at him, she slightly smiled and said: "Those who survive a catastrophe are bound to have a good fortune later on. Thank you for saving everyone."

"I didn't see you guys, so I came back on my own."

Su Yi slightly smiled and looked at the young girl before him. Seemingly in just a few days, her complexion had haggard a lot, and she had become skinnier.

"As long as you are fine." Shangguan Xi Wei smiled.

"Yi Su, you are truly not dead."

A lively voice sounded over as Shangguan Qing Ming came up. Seeing that Su Yi had indeed returned, his face was brimming with joy.

"I'm just lucky to be alive. I have made everyone worried."

Su Yi was very touched. All of them had gone to the Yao Luo Mountain to search for him and had just returned.

"Truly a miracle, quickly tell me, what has happened?"

Shangguan Qing Ming patted Su Yi's shoulders. To be able to come back alive from the stomach of the Iron Armor Demonic Rhinoceros, that was definitely a miracle.

Su Yi roughly addressed about it. In general, the life force of the Iron Armor Demonic Rhinoceros had coincidentally depleted and thoroughly unable to hang on, so he was able to escape barely with his life.

"Those who survive a catastrophe are bound to have a good fortune later on."

Shangguan Qing Ming and the rest of the strong cultivators of the village felt unbelievable and also very fortunate when they heard about it.

And when Shangguan Qing Ming and the rest knew that Su Yi had still killed a Splitting Rock Demonic Tiger from the Hunting Tiger Tribe and an Earth Hill Fierce Bear from the Mighty Bear Tribe, they were even more shocked.

Afterward, Su Yi knew from Shangguan Qing Ming's mouth that the reason why they got delayed and had just returned was that they had met with a strong beast at the Yao Luo Mountain.

The strong cultivators of the Ancient Spirit Village and the beast had a big battle and were finally able to get out.

In the square, everybody finally dispersed after late in the night.

Su Tian Que hugged a big jug of the Hundred Fruits Wine and many roasted meats and had once again unknowingly gone somewhere else.

Su Yi and Shangguan Xi Wei returned to the courtyard.

"Thank you, and see you tomorrow."

Along the way, the two of them did not spoke. After they reached the courtyard, Shangguan Xi Wei later spoke.

"Your welcome."

Su Yi nodded his head and then went back to his room.

The effect of the bear paws and the meat of the Splitting Rock Demonic Tiger were good with energy spreading inside Su Yi's body.

Especially the meat of those beasts that had almost reached the Demonic Void Realm, the effect was even better.

And the Hundred Fruits Wines, Su Yi had once again drunk many of them.

Shutting his eyes to meditate, Su Yi sat cross-legged to refine the benefits.

After a short moment, the entire body of Su Yi, was covered in a faint layer of radiance.

Inside the radiance, it revealed some crimson color with a mighty aura.

At night, the color of the moon was like silver, shining everywhere. On top of the chain of mountains and dense forest, it rained down its radiance.

Chapter 240: The Miserable Xiong Lie and Hu Du

"Howl"

Deep inside the mountain forest, from time to time, a deep beast roar would sound out.

At the moment, on the bottom of the Yao Luo Mountain, there were more than thirty young men. Under the pouring of the moonlight, their entire bodies were naked and appeared shrouded with a layer of silver radiance.

All of the young men were completely naked.

Most importantly, all these young men were standing in a line around a sky-high tree and were tied up tightly with tree vines.

The young men all wanted to cry, yet there were no tears. With their disheveled hair, the scene was unbearable to look at.

Not far away, more than ten young women were also tied up tightly by tree vines onto a large rock.

However, these young women were in a much better situation. Although their hair was also disheveled, their clothes were tidy.

Glimpsing at the more than thirty naked young men that were tied up, all the young women did not even dare to lift their heads up.

A young woman accidentally saw the figures of those naked young men, and her face momentarily became entirely red.

Not far away, there were still a few beastmounts that were in even more miserable conditions.

A beast with scales had all its scales stripped off with blood still dripping on its body. The scene was too horrible to look.

A flying beast mount with feathers had all of its feathers plucked off like a big featherless bird.

These beasts mounts all laid on the ground with split skins and protruded flesh while their eyes were, filled with despair and shock.

For these beasts, even though they felt very aggrieved and innocent, they felt even more fearful.

That human was too brutal, causing their hearts to have a lingering fear from now on.

At the moment, all the young men wanted to cry, yet there were no tears. They were furious and ashamed, yet there was nothing they could do.

They were severely injured till the point where they had absolutely no energy to struggle. Additionally, everything on them was also swiped cleaned by that Su Yi .

They were tied up for almost two days while they still did not have the energy to struggle as the wounds on their bodies were very severe.

Fortunately, they were at the bottom of the Yao Luo Mountain. If not, the group of people would have long been the food of the beasts in the Yao Luo Mountain.

All of this, was naturally done by Su Yi as he also could not do much to this group of wimpy kids, yet at the same time, he did not want to let them off this easily.

Su Yi then thought about it and could only strip these fellows and tie them up here to discipline them and to teach them a lesson.

As he was afraid that these fellows, would be eaten by the beasts at the Yao Luo Mountain, Su Yi purposely let the Hunting Wind Demonic Vulture throw these wimpy kids down the Yao Luo Mountain.

"Ka ka!"

A tree vine, was tattered as Xiong Lie had recovered some of his Yuan Qi. Gritting his teeth and going all out, he finally burst through the tree vines.

The group of people then collapsed onto the floor with their entire bodies drooping as they powerlessly struggled to get up to find tree leaves or tree vines to cover their front.

"Su Yi , I will never let you off!"

A young man cried. How could they have known that Su Yi was actually this wicked; to strip them and tie them up together?

There were still so many girls at the scene. How would they be able to face the people in the future?

The darkness before the daybreak just passed while the shining stars silently disappeared from the sky.

Inside the room, the aura around Su Yi fluctuated along with a scorching heat while giving off a glow. That whiff of mighty aura also became particularly rich.

Under the faint crimson glow, Su Yi's eyes closed tightly while the entire exposed skins were crystal-cleared like a warm jade with no dust and dirt.

The rich aura fluctuated and lasted for a lengthy period.

The aura on Su Yi presently appeared more and more abundant with a crystal-cleared shine on his physical body as though changing to a sort of even more completed step.

That was the benefit that Su Yi had gained from the Hundred Fruits Wine and the meats of the beasts.

Inside Su Yi's body, there was still the remaining energy of the demonic core that was slowly refined by the Supreme Chaotic Yuan Technique.

When morning arrived, the aura on Su Yi's body started to reside as the glow dispersed.

A breath was exhaled out from his throat, and Su Yi opened his eyes. The light in his eyes was blinding with a sparkling crimson color that later became clear.

Sensing everything inside of his body, Su Yi was very content.

Because he had breakthrough too quickly last time, he had always been compressing and consolidating his cultivation.

At the moment, the aura on Su Yi's body had entirely stopped at the cultivation of Yuan Xuan Realm Sixth Grade.

"Su Yi , it is time for us to set off." Shangguan Xi Wei's voice traveled over.

Su Yi walked out of the room and met with Shangguan Xi Wei.

Shangguan Xi Wei had changed into tight clothing today that further outlined that graceful figure. This caused Su Yi to keep involuntarily glancing at her.

"Prepare to set off. Everyone has already gathered at the village entrance." Shangguan Xi Wei told Su Yi.

Moments later, at the entrance of the village, Su Yi met with Shangguan Yan, Shangguan Yu, and the rest that were preparing to set off.

There was a group of vast and mighty people in large numbers, which seemed as if half of the people in the village were going.

The ones leading were exactly Shangguan Qing Ming and the several elders that Su Yi had seen before.

"Roar!"

A beast roared like thunder. A three zhang long with a height of no more than two zhang tall Serene Void Brutal Heavenly Leopard saw Su Yi and momentarily roared. Its entire body, was covered in thick dark black sword-like scales. But, on its head that appeared like a lion and a leopard, it had a glistening golden marking.

"Serene Void Brutal Heavenly Leopard!"

Su Yi lifted his head, and a massive being had already appeared before him with a frightening aura. Inside its mouth were sharp teeth glowing with radiance, yet the gaze that glanced at Su Yi was incomparably respectful.

"It's probably about to reach the Demonic Xuan Realm Sixth Grade!"

Feeling the aura on the Serene Void Brutal Heavenly Leopard, Su Yi was also secretly surprised.

A few days ago, there were still severe wounds on the body of the Serene Void Brutal Heavenly Leopard. However, not only had it now recovered, but was probably about to reach the Demonic Xuan Realm Sixth Grade. He reckoned that it was at the peak of Demonic Xuan Realm Fifth Grade.

"Brother Su Yi ."

Shangguan Yan, Shangguan Yu, and many people came forward, passionately greeting Su Yi.

"Brother Chen Feng has come!"

The crowd was in an uproar while it created many shouts.

"Chirp"

A cry scratch through the lengthy sky as if it could deafen the eardrums.

A big eagle spread its wings and flew over. Its eyes were sharp with a pointed hook-like mouth while the feathers on its body looked similar to scales. Its entire body was snow-white like jade while emitting a frosty aura.

That was the Cold Jade Demonic Eagle as it immediately circled around the village entrance at a low altitude.

On the back of the Cold Jade Demonic Eagle, Shangguan Chen Feng wore a white robe while his figure was tall and straight with a handsome appearance about 18-19 years old. His temperament was like a sharp sword that, once it was out of its sheath, it would be razor-sharp. As he stood on the back of the circling Cold Jade Demonic Eagle, it gave people an un-neglectable impact.

"Brother Chen Feng."

Many young men and women greeted him.

Shangguan Chen Feng was number one among the young generation of the Ancient Spirit Village with an incomparable charisma amongst the youngsters. He was also the representative of this competition between the one village and two tribes that happened once every ten years.

"Roar!"

As though it could feel that the Cold Jade Demonic Eagle was circling at a low altitude, the Serene Void Brutal Heavenly Leopard raised its head and gave a deep roar, seemingly as though it was very pissed with the Cold Jade Demonic Eagle.

When the Serene Void Brutal Heavenly Leopard stared at it, the Cold Jade Demonic Eagle instinctively was a little fearful as its body trembled at a low altitude, not daring to get too close.

Su Yi lifted his head and sized up Shangguan Chen Feng. He had an extraordinary temperament that was remarkably exception, far succeeding that Ji Chao from the Sacred Mountain.
