Chapter 241: I Will Defeat You Later!

"Okay, everybody. Let's set off!"

Seeing that Shangguan Chen Feng had come over, an elderly spoke with smiles on his face, yet his gaze was secretly a little nervous along with anticipation.

"Chirp"

The Cold Jade Demonic Eagle cried and spread its wings, flying into the clouds first towards the outside of the village.

"Howl"

Inside the Ancient Spirit Village, many strong beastmounts had also appeared.

Some strong cultivators and elderly leaped onto the mounts, but most of the people were required to walk there.

Su Yi did not ride the Serene Void Brutal Heavenly Leopard and accompanied Shangguan Ye and the rest to walk.

However, Su Tian Que was very discourteous as it flapped its short wings with some comical expression. It finally climbed onto the back of the Serene Void Brutal Heavenly Leopard, and leisurely leaned, causing people to keep involuntarily glancing at it.

"Let's go"

A group of vast and mighty people set off to the place where the competition held.

From the mouths of Shangguan Yan and the rest, Su Yi found out that the decennial competition was held in a vast square in the middle of the Ancient Spirit Village, Mighty Bear Tribe and Hunting Tiger Tribe.

After more than an hour, the group of vast and mighty people had almost reached the destination.

At the front in two directions, also emerged a group of vast and mighty people.

There were flying beastmounts flying at a low altitude, and beastmounts galloping on the ground with frightening auras.

The ones riding them were some mighty figures, while all of them were strong cultivators.

A big bear roared while a fearsome tiger deeply howled.

"The people from the Mighty Bear Tribe and the Hunting Tiger Tribe has also arrived."

Shangguan Yan glanced at the two massives teams in front. These were the people from the Hunting Tiger Tribe and the Mighty Bear Tribe.

Su Yi swept his gaze over the two teams. The number of people was seemingly comparable to the Ancient Spirit Village while he could feel many powerful auras from afar.

Within the Hunting Tiger Tribe and the Mighty Bear Tribe, many strong cultivators had also come.

Afterward, Su Yi's gaze landed onto the vast square not far away that encompassed a large area.

However, in front of the square was a big towering lofty mountain that rose into the clouds as the peak of the mountain was covered by the drifting fog.

All three teams had reached the square at almost the same time.

All of a sudden, the surroundings of the square were filled with bustling people as it began to be lively and noisy.

This time, the Ancient Spirit Village was in charge of the square while the people from the Ancient Spirit Village had long planned for all the arrangements and placed many big backrest chairs on one side of the high ground with many fresh fruits, fine wines, and aroma of meats assailing the nostrils.

"Eh, it is the Cold Jade Demonic Eagle."

Within the group of people from the Hunting Tiger Tribe, on top of a fearsome tiger with its entire body covered in scales sat a middle-aged man with two little girls around the age of 6-7 years old that were beautiful and adorable with big innocent eyes, curiously glancing at the Cold Jade Demonic Eagle that Shangguan Chen Feng sat on which was circling at a low altitude.

"The Serene Void Brutal Heavenly Leopard. The Ancient Spirit Village has great luck."

Within the Mighty Bear Tribe, a middle-aged man landed down from a big bear's shoulder as he sized up the Serene Void Brutal Heavenly Leopard before the people of the Ancient Spirit Village.

"Roar"

A beast roared like the thunder. Within the Mighty Bear Tribe, on the shoulder of an almost two-zhang tall big bear with crimson hair all over its body and a fearsome aura, stood a young man as muscular as a bear.

The young man had a broad back like the tiger and a waist as thick and robust as the bear. His entire body, was filled with bulging muscles while he wore an armor that revealed his shoulder, and on his chest, there was a golden breastplate that emitted a mysterious pattern with a sparkling glow as though he was the ancient young battle god from the legends. It was precisely Xiong Zhan and the Scarlet Searing Raging Bear that he had subdued.

Within the Hunting Tiger Tribe, Hu Chi was also currently at the front line, attracting the people's gaze.

Hu Chi wore a battle suit as usual, while on the face with defined edges, there was an unknowingly sharp and dignified temperament. He rode a several zhang big black tiger that had a fierce gaze as its body permeated a brilliant black glow. With a glance, it could make people's hearts tremble. It was precisely the Black Profound Demonic Tiger.

However, at the moment, Su Yi's gaze had landed onto the lofty mountain peak at the front of the square. At a closer glance, the mountain peak appeared even more magnificent, glorious, and boundless.

"A strange great presence"

Even though it was, separated by a vast distance, Su Yi could feel a whiff of an extremely special aura from the lofty mountain peak.

That sort of feeling was very intriguing, but it was gone in an instant and immediately returned to normal, no longer anything wrong with it.

"Brother Su Yi, let's head over there." Shangguan Yan's voice traveled into Su Yi's ear.

Su Yi returned to his senses and lightly nodded his head as he followed behind Shangguan Yan.

Nevertheless, under the perception of his spiritual power, it was not hard for Su Yi to feel that there were many strong cultivators within the Hunting Tiger Tribe and the Mighty Bear Tribe.

"Hu Chi and Xiong Lie."

Su Yi saw Hu Chi and Xiong Zhan. Both of them were number one amongst the younger generation of the Hunting Tiger Tribe and the Mighty Bear Tribe, respectively. But, it was also not the first time that Su Yi had seen them.

Only sensing from afar, Su Yi found that the auras on both Hu Chi and Xiong Zhan were different from the last time.

From their complexion, both Hu Chi and Xiong Zhan were in their peak condition. It looked like, in these few days, these two people had also been preparing.

"It seems like all of them have become a little different"

Su Yi secretly mumbled in his heart as the auras of Hu Chi's Black Profound Demonic Tiger and Xiong Zhan's Scarlet Searing Raging Bear were also seemingly different from the past.

But, Su Yi was not too surprised as the Serene Void Brutal Heavenly Leopard had also seemingly improved a lot in just a few days under the resources and full help of the Ancient Spirit Village.

Presumably, the Hunting Tiger Tribe and the Mighty Bear Tribe had also likewise put down many painstaking efforts towards the Black Profound Demonic Tiger and the Scarlet Searing Raging Bear in these few days.

At the backrest seats, there were already some elderly and strong cultivators from the Hunting Tiger Tribe, Mighty Bear Tribe, and the Ancient Spirit Village sitting on it.

For example, amongst them were Elder Hu Ben and Elder Xiong San that Su Yi had previously seen before.

Some of the people with a high status would then stood behind these strong cultivators and elders.

Like Shangguan Yan, Shangguan Xi Wei, Su Yi, and the rest.

Even Hu Chi, Xiong Zhan, Shangguan Chen Feng, and the rest had all presently alighted from their beast mount and stood behind their respective strong cultivators.

"Eh, this beast meat does not seem to be simple. It is tiger meat, right?!"

"And the bear paws. Looks like the juniors of the Ancient Spirit Village had a rather good harvest this time."

These strong cultivators and elders sat down and saw the fresh fruits, fine wine, and roasted meat placed before them.

Their eyes were vicious and could recognize that these beasts meats were not that simple, unlike an ordinary beast.

"Shangguan Qing Ming, the juniors of your Ancient Spirit Village, will not fake it, right? Did they really bring these back from the Yao Luo Mountain?"

Xiong San curled his lips and questioned Shangguan Qing Ming. He somewhat did not believe that these were brought back by the juniors of the Ancient Village Spirit from the Yao Luo Mountain.

"Humph, the juniors of my Ancient Spirit Village will not fake it!"

Shangguan Qing Ming coldly humphed, while in his heart, he was laughing coldly as the bear paw was from their Mighty Bear Tribe.

"Xi Wei, if I win today, how about marrying me?"

Just at this moment, Xiong Zhan's gaze directly landed onto Shangguan Xi Wei. His motive was simple and direct as his gaze had undisguised intent of pursuing while his voice also spread wide.

"Haha, Xi Wei, that girl is indeed not bad. Why not just marry over to my Mighty Bear Tribe!"

Listening to Xiong Zhan's words, the elderly and strong cultivators of the Mighty Bear Tribe did not have any opinions and were instead exceedingly happy.

...

"Haha, after marrying Shangguan Xi Wei, in the future, she will be our Mighty Bear Tribe's people!"

Within the Mighty Bear Tribe, many youngsters momentarily jeered with loud voices.

However, this made all of the people from the Ancient Spirit Village felt unhappy.

Shangguan Xi Wei's tender face flushed red while she glared at Xiong Zhan. She was so angry that she wanted to stomp her feet as she revealed an unhappy expression, yet not knowing what to say.

"You cannot win."

Shangguan Chen Feng stared at Xiong Lie while his eyes started to become sharp.

"Shangguan Chen Feng, I will defeat you later!"

Xiong Lie faintly smiled while he reached his hand out and pointed towards Shangguan Chen Feng. The entire muscles on his body bulged as he said it fiercely and arrogantly.

"You are not enough!"

Shangguan Chen Feng replied tit for tat while his hair gently danced.

"Haha, youngsters having a temper is a good thing. After twenty years, all of this will be yours, but today, we shall see which one of you is better!"

An elderly from the Mighty Bear Tribe got up and swept his gaze around the square. After glancing at the sun in the sky, a faint voice traveled out as he said: "It is about time. As for the rules of the competition that happened once every ten years between the Mighty Bear Tribe, Hunting Tiger Tribe, and the Ancient Spirit Village, presumably, everyone already knows them clearly, so I will

not waste time to repeat it again. The Ancient Spirit Tribe has won the first round. Now, let's begin the second round!"

The faint voice mingled with Yuan Qi as it clearly transmitted into the ears of the two to three thousand people on the scene.

Following as the voice of the elderly from the Mighty Bear Tribe traveled out, the boiling and rumpus square also became silent.

Even the surrounding beasts mounts had also become quiet.

"Boom"

But, when the voice had landed for a moment, the entire square once again boiled up as the sound waves charged up into the clouds.

"Roar!"

"Howl!"

At the same time, beasts roared like thunder as the Scarlet Searing Raging Bear, and the Black Profound Demonic Tiger roared like the thunder while their enormous bodies walked out together with frightening auras.

"Make the Serene Void Brutal Heavenly Leopard go. They will have a free fight which whoever remains in the square last will be the final winner."

Shangguan Xi Wei softly spoke beside Su Yi's ears, as with Su Yi around, the Serene Void Brutal Heavenly Leopard would only listen to him alone.

"Be careful of the Scarlet Searing Raging Bear and the Black Profound Demonic Tiger joining hands to defeat you. With the fastest speed, handle the Black Profound Demonic Tiger first!"

Su Yi reached the side of the Serene Void Brutal Heavenly Leopard and softly whispered into its ears.

"Roar!"

The Serene Void Brutal Heavenly Leopard roared while the dark black scales on its entire body twinkled with radiance and incomparable profound as it slowly walked towards the vast arena.

Amongst the size of both the Scarlet Searing Raging and the Black Profound Demonic Tiger, the body of the Serene Void Brutal Heavenly Leopard appeared the smallest, but the indistinctive momentum on its body revealed a sort of manner of the king that unknowingly made all the beasts to be fearful.

The three beasts walked to the arena and stood orderly far apart, facing each other at three positions with the momentum of the tripartite balance of forces.

In this second round of the battle of the three beasts, inside the free fight arena, whoever could remain last would be the final winner.

"All of them are exceptional. If they are to grow up, in the future, all of them will be the kings amongst the beasts."

Seeing the three beasts, a strong cultivator discussed.

Whether it was the Black Profound Demonic Tiger, Scarlet Searing Raging Bear, or the Serene Void Brutal Heavenly Leopard, if they could fully grow up, they would become the kings amongst the beasts.

Su Yi glanced at the three beasts in the square that were all exceptional.

But, in this free fight, it was hard to say which beast would win in the end.

The elderly from the Mighty Bear Tribe watched as the three beasts walked to the arena and revealed a face of smiles. While looking at the surrounding, his voice was slow yet drawn out like muffled thunder as he gradually lifted his palm and said: "The second round will start now!"

When his words landed, the lifted palm also abruptly dropped.

"Howl!"

Simultaneously, the Scarlet Searing Raging Bear suddenly stood upright and roared like thunder, seemingly showing its might to the Black Profound Demonic Tiger and the Serene Void Brutal Heavenly Leopard.

"Howl!"

"Roar!"

However, how would the Serene Void Brutal Heavenly Leopard and the Black Profound Demonic Tiger cowered as they unitedly kept roaring!

The tiger howled like thunder, and the leopard roared terrifyingly!

The sound waves deafened the ears, causing people's hot blood to boil without reason!

"Roar!"

The Serene Void Brutal Heavenly Leopard roared. A dark black profound color abruptly gushed out from its body as it headed directly to the Black Profound Demonic Tiger and dashed over.

In a few days, the might of the Serene Void Brutal Heavenly Leopard had improved tremendously as its robust body pounced out with a horrifying aura. The profound black glow on its body was like a fog hovering around with sparkling radiance.

"Howl!"

The Scarlet Searing Raging Bear howled which shook the empty space. Almost simultaneously, as though it had long prepared for it, it directly pounced towards the Black Profound Demonic Tiger.

As if the Black Profound Demonic Tiger initially did not have any plans to take action, when it suddenly saw the Serene Void Brutal Heavenly Leopard pounced over, it abruptly glared with hostility while its aura instantly became fierce.

Only, when it saw the Scarlet Searing Raging Bear also directly pounced over, the fearsome gaze of the Black Profound Demonic Tiger had some changes.

For the strong cultivators of Hunting Tiger Tribe, their expressions changed even drastically.

The original plan for the Hunting Tiger Tribe was to let the Black Profound Demonic Tiger standby and watched them battle. Afterward, it would then take advantage when both the Serene Void Brutal

Heavenly Leopard and the Scarlet Searing Raging Bear had worn each other out as that was also the best chance for winning.

However, right now, the Scarlet Searing Raging and the Serene Void Brutal Heavenly Leopard both as though had the same plans as they actually directly pounced towards the Black Profound Demonic Tiger.

That caused the strong cultivators of the Hunting Tiger Tribe to have no choice but to have a somewhat imposing expressions.

Su Yi was also watching the arena as his expression secretly moved.

The Serene Void Brutal Heavenly Leopard had won the first round, and if it won again, then this time in the big competition of the Ancient Spirit Tribe, Hunting Tiger Tribe and the Mighty Bear Tribe that occurred once every ten years, would land onto the Ancient Spirit Village in advance.

Therefore, Su Yi had no choice but to take caution, afraid that the Black Profound Demonic Tiger and the Scarlet Searing Raging Bear would join hands to deal with the Serene Void Brutal Heavenly Leopard.

Unquestionably, under this sort of situation, the Serene Void Brutal Heavenly Leopard would surely become the prime target.

But the Serene Void Brutal Heavenly Leopard was already going to attack the Black Profound Demonic Tiger, yet the target of the Scarlet Searing Raging Bear was still the Black Profound Demonic as it unmistakably directly pounced towards the Black Profound Demonic. Su Yi had no choice but to be a little surprised.

Dealing with the Black Profound Demonic Tiger while leaving the Serene Void Brutal Heavenly Leopard behind, this should not be a good thing for the Scarlet Searing Raging Bear.

Why would this Scarlet Searing Raging Bear still pounced towards the Black Profound Demonic Tiger together with the Serene Void Brutal Heavenly Leopard? That made Su Yi suspicious.

"Roar!"

With one deafening roar, the speed of the Serene Void Brutal Heavenly Leopard was akin to lightning as its body leaped out, directly pouncing towards the Black Profound Demonic Tiger.

The Serene Void Brutal Heavenly Leopard launched a fierce attack while the aura on its body suppressed the surrounding. The four hook-like claws were incomparably sharp.

The Black Profound Demonic Tiger angrily roared as the black glow on its entire body surged. It almost stood upright as it waved its claws to welcome the attack. It opened its big blood-dripping mouth with sharp teeth as if it was going to spat out a glow inside its mouth with terrifying momentum.

"They are at the peak of Demonic Xuan Realm Fifth Grade!"

The surrounding onlookers had a change of expression as the Serene Void Brutal Heavenly Leopard, and the Black Profound Demonic Tiger had reached the peak of Demonic Xuan Realm Fifth Grade. Their attacks were incomparably fierce, while the two of them revealed auras of the king of the beasts.

"Crack"

Instantly, the two of them clashed. They touched and went with frightening airwaves sweeping through, assaulting the surroundings as the sand flew and rocks rolled.

"Boom!"

The fierce aura erupted with energy airwaves charging over, turning to a raging tide while covering the entire big empty space with frantic and fearsome momentum.

...

Chapter 243: The Strength Of The Scarlet Searing Raging Bear!

We are paying our readers now! Look at this page for more information.

The Scarlet Searing Raging Bear also attacked while its target was the Black Profound Demonic Tiger!

The expression of the Black Profound Demonic Tiger became imposing, but it had no choice but to welcome it. Like a ferocious tiger pouncing onto its prey, a black glow emitted out from its body that even its tiger claws had black smoke. Wherever its feet had stepped before, there would be cracks on the ground.

"Roar"

After striking once, the robust body of the Serene Void Brutal Heavenly Leopard maneuver around while the dark black glow on its body charged through the clouds. With one leaped, it levitated in the air for over ten zhang as its sharp claws once again landed towards the Black Profound Demonic Leopard.

"Rumbling"

The moment the three beasts stepped into the arena, it was an intense free fight with clashing metal sounds kept ringing non-stop.

"Pu"

The Black Profound Demonic Tiger and the Scarlet Searing Raging Bear toughly contended with one strike while the enormous body of the tiger then shockingly retreated. Inside the big blood-dripping mouth, tiger blood was spat out.

The Serene Void Brutal Heavenly Leopard already had frightening speed. Presently, its attack also landed down with incomparable fierceness as its sharp claws descended onto the back of the Black Profound Demonic Tiger.

"Crack"

The Serene Void Brutal Heavenly Leopard tore through several deep wounds on the back of the Black Profound Demonic Tiger, which bones were visible while blood dripped down in torrents.

"Roar"

A tiger roar shrieked with pain and anger in its voice. The profound black glow submerged itself while it continuously staggered scurrying as its big blood-dripping mouth kept spitting out blood.

"Howl!"

But the Scarlet Searing Raging Bear did not stop. With fierce momentum and frantic fearsome sharpness, the bear paw smacked down as the glow erupted along with wind and thunder-like sound and surging airwaves.

The Black Profound Demonic Tiger angrily roared and contended with fierceness as it no longer had the strength to avoid.

"Crack"

However, the result was the large tiger body of the Black Profound Demonic Tiger got directly blasted away as fresh blood kept spurting out from its mouth while it landed heavily onto the ground of the arena.

The Black Profound Demonic Tiger had been severely wounded with grave injuries, leaving only a faint breath of life!

"My Hunting Tiger Tribe has lost this round!"

With this outcome, the expression of an elderly from the Hunting Tiger Tribe changed exceedingly as he abruptly shouted.

The Black Profound Demonic Tiger was already heavily wounded with no power to fight anymore while they could not lose another Black Profound Demonic Tiger.

Such Black Profound Demonic Tiger, when letting it grew, it would become a king amongst the beasts in the future.

"Mighty Bear Tribe and the Ancient Spirit Village, did you guys collude with one another?!"

Elder Hu Ben's complexion was very ugly. That was completely different from the Hunting Tiger Tribe's plan. The battle had just begun, and the Black Profound Demonic Tiger, was directly attacked from all sides by the Scarlet Searing Raging Bear and the Serene Void Brutal Heavenly Leopard as though they had long prepared for it.

Therefore, Elder Hu Ben had no choice but to be suspicious about whether the Mighty Bear Tribe and the Ancient Spirit Village had already planned this as they secretly allied.

"What alliance? The Black Profound Demonic Tiger is just too weak!"

Elder Xiong San from the Mighty Bear Tribe glared at Elder Hu Ben and gave a disdainful smile. He had long expected this outcome in his mind.

He knew long ago that the Scarlet Searing Raging Bear would win this round.

"Okay, solved one. The chances to win are now bigger!"

Seeing that the Black Profound Demonic Tiger, had been defeated, the people from the Ancient Spirit Village was exceedingly happy as only the Scarlet Searing Raging Bear remained while the chances for the Serene Void Brutal Heavenly Leopard were extremely high.

"Only left with one more. Serene Void Brutal Heavenly Leopard good job!"

Shangguan Yan, Shangguan Yu and the rest of the youngsters were very excited as they clenched their fists tightly.

Shangguan Chen Feng was also closely looking at the arena with eyes like the sword.

However, at this moment, Su Yi was not happy as his heart kept feeling that something was amiss as his gaze continued to stare closely at that Scarlet Searing Raging Bear.

"Howl!"

The Scarlet Searing Raging Bear roared and stared at the Serene Void Brutal Heavenly Leopard. With a frantic aura and massive size, it was enough to make many onlookers to secretly had goosebumps.

"Roar!"

The Serene Void Brutal Heavenly Leopard had no fear, revealing an air of a king, refusing to admit being the inferior one as it directly pounced towards the Scarlet Searing Raging Bear. With a faint profound black glow and sharp claws, everywhere it passed, the ground would crack.

"Boom!"

The Scarlet Searing Raging Bear raised its head and stood upright. Suddenly, a whiff of strong aura was escalating, which shook the surrounding empty space while producing a faint wind and thunder sound as the bear paw collided over to the sharp claws of the Serene Void Brutal Heavenly Leopard.

"Bang"

Deep explosion sound rang out like a frightening thunder while the square rumbled with a glow bursting forth.

"Whoosh"

Raging wind like the hurricane swept over, causing the square to also vigorously shook.

"Pu"

Under many shocking gazes, the body of the Serene Void Brutal Heavenly Leopard directly flew out with fresh blood spewing out from its mouth as it landed heavily onto the arena.

The physical body of the Serene Void Brutal Heavenly Leopard was remarkably hard, but presently, its sharp claws, were cracked with blood seeping out. Fresh blood in its mouth dripped while the entire glow on its body grew dim with bloodstains.

"Why will it be like this?"

The previously exceedingly excited people from the Ancient Spirit Village abruptly had tremendous changes in their gazes. The Serene Void Brutal Heavenly Leopard was actually heavily wounded in one move.

The onlookers from the Mighty Bear Tribe were also astonished. Evidently, they also did not expect that the Scarlet Searing Raging Bear to be this strong.

Only the strong cultivators and the elders of the Mighty Bear Tribe did not find it shocking as their faces had smiles of having their plans all worked out.

Only they knew what had exactly happened. In the Mighty Bear Tribe, they coincidentally had a type of treasure, which was the blood essence of a Scarlet Searing Raging Bear in the Demonic Emperor Realm.

In order to win the second round since the Mighty Bear Tribe could not have any more defeat, they gave the blood essence of the Scarlet Searing Raging Bear in the Demonic Emperor Realm to this Scarlet Searing Raging Bear.

In these short seven days, the formerly Scarlet Searing Raging Bear in the Demonic Xuan Realm Fifth Grade had now reached the Demonic Xuan Realm Seventh Grade while it could still continue to breakthrough.

And most importantly, with the blood essence of the Scarlet Searing Raging Bear in the Demonic Emperor Realm, this small Scarlet Searing Raging Bear would be much stronger in the future, with boundless prospects.

"Demonic Xuan Realm Seventh Grade!"

Su Yi's eyes moved. He could feel the real aura on the body of the Scarlet Searing Raging Bear was in the Demonic Xuan Realm Seventh Grade. That Scarlet Searing Raging Bear must have gotten far more benefits than the Serene Void Brutal Heavenly Leopard from the Mighty Bear Tribe to actually be able to break through two grades in just a short few days.

"Roar!"

The Scarlet Searing Raging Bear roared. Following as the Serene Void Brutal Heavenly Leopard landed onto the ground, it once again pounced over, wanting to kill the Serene Void Brutal Heavenly Leopard completely.

"Quicky retreat!"

Su Yi yelled to the Serene Void Brutal Heavenly Leopard.

Bloodline was only the slight advantage of the Serene Void Brutal Heavenly Leopard. Even if it was already at the peak of Demonic Xuan Realm Fifth Grade, it still had not reached the Demonic Xuan Realm Sixth Grade. Therefore, it was definitely not the opponent of the Scarlet Searing Raging Bear, who was in the Demonic Xuan Realm Seventh Grade.

Right now, Su Yi had also understood why the Scarlet Searing Raging Bear had absolutely no intention in dealing with the Serene Void Brutal Heavenly Leopard from the start, and instead, dealt with the Black Profound Demonic Tiger together with the Serene Void Brutal Heavenly Leopard. It turned out that it had long prepared for it, knowing that it could crush everything.

"Stop, the Mighty Bear Tribe has won this round!"

Shangguan Qing Ming spoke as he could already feel the aura on the Scarlet Searing Raging Bear while the Serene Void Brutal Heavenly Leopard was already not its opponent.

"Stop!"

An elderly from the Mighty Bear Tribe shouted. Following as the voice landed, the Scarlet Searing Raging Bear stagnated with surging aura. It glanced at the Serene Void Brutal Heavenly Leopard with some unwillingness, but it no longer continued to attack.

The Serene Void Brutal Heavenly Leopard climbed up with bloodstained on its entire body. A fierce glow twinkled in its eyes as it was also very unwilling and furiously roared.

"Back off."

Su Yi made the Serene Void Brutal Heavenly Leopard backed off as he needed to help it to recover quickly.

"Win, we've won!"

"Hahaha, good job."

The Mighty Bear Tribe boiled up with extreme excitement.

The onlookers from the Hunting Tiger Tribe had mixed gazes as the Black Profound Demonic Tiger had lost, losing the chance for the second round while the situation now was extremely not optimistic.

However, in the Hunting Tiger Tribe, some of them had mixed happiness and worry.

What they were worried about was that the Hunting Tiger Tribe had lost the second chance, and the situation now was already very grave.

However, they were also happy as luckily, it was not the Ancient Spirit Village that had won. If the Serene Void Brutal Heavenly Leopard had won, then this time, the Ancient Spirit Village would have directly won the competition, whereas the battle on the last round would not affect anything.

...

Chapter 244: Tit For Tat!

We are paying our readers now! Look at this page for more information.

"Why did the might of the Scarlet Searing Raging Bear suddenly increase so much?"

"The Mighty Bear Tribe must have invested a tremendous amount of treasures into the Scarlet Searing Raging Bear, that's why the strength of the Scarlet Searing Raging Bear could have skyrocketed in such a short time."

In the Ancient Spirit Village, many people were discussing. There were some regrets as initially, the Ancient Spirit Village, could have directly won the competition if the Serene Void Brutal Heavenly Leopard triumphed, yet unexpectedly, this unforeseen accident had suddenly happened.

"Looks like the Serene Void Brutal Heavenly Leopard is only like that." Xiong San laughed loudly.

"Inside the Mighty Bear Tribe, there is once a Demon Emperor Scarlet Searing Raging Bear that died of old age. Perhaps that might have a connection."

Within the Ancient Spirit Village, an elderly softly muttered as he saw through the signs. That matter had already passed for a long time, and only some elderly could still remember.

"Chen Feng, you must win the third round, or else our Ancient Spirit Village will be finished for good with a huge impact!" In the village, a strong cultivator said to Shangguan Chen Feng with sincere words and earnest wishes.

The Ancient Spirit Village had already lost for several dozens years, and if they lose this chance again, there would be a tremendous impact on the Ancient Spirit Village.

Right now, the Ancient Spirit Village had won the first round, so the chances were still on their side, but they could not miss it again.

"I will!"

Shangguan Chen Feng nodded his head with a gaze like a sword and surging sharpness.

In the Hunting Tiger Tribe, currently, there was a group of elderly and strong cultivators with imposing expressions as the situation now was unfavorable to the Hunting Tiger Tribe.

Whether it was the Ancient Spirit Tribe or the Mighty Bear Tribe, as long as they could take down the third round, they would entirely win this competition.

"Hu Chi, later, it will all depend on you. You must hold on!"

Inside the Hunting Tiger Tribe, an elderly spoke.

The Hunting Tiger Tribe, was already left with only one last chance. If the Hunting Tiger Tribe could win the third round, then the Hunting Tiger Tribe, Mighty Bear Tribe, and the Ancient Spirit Village would have one win each.

Under a draw, the Hunting Tiger Tribe still had a chance.

"I will defeat them!"

Within Hu Chi's eyes, a battle intent rose.

Within the Mighty Bear Tribe, a strong cultivator was also lowering his head, telling Xiong Zhan something.

"They will be defeated by me, and won't be my rivals!"

Xiong Zhan swept his gaze past Hu Chi in the Hunting Tiger Tribe and Shangguan Chen Feng in the Ancient Spirit Village with confidence and fierceness in his eyes.

"Alright, the third round will start now. Everyone should already know the rules clearly, but I must still strongly emphasize that when in battle, no attacking too severely on purpose and no using of killing moves on purpose or else you will be disqualified and punished harshly!"

The elderly from the Mighty Bear Tribe got up with a slight smile on his face. He once again spoke as his voice resounded in the entire square and said: "Now, we shall invite the Hunting Tiger Tribe to send out their keeper onto the arena."

"Hu Chi, you must hold on!"

Following as the words from the elderly of the Mighty Bear Tribe landed, an elderly within the Hunting Tiger Tribe instructed Hu Chi.

Hu Chi did not say anything and directly walked up to the arena. His battle suit slightly fluttered while the outline of his face was dimensional like the edge of the knife, causing many young girls at the scene to secretly lightly moved their eyes.

"Ten years ago, the Hunting Tiger Tribe has won. According to the rules, in this third round, the Hunting Tiger Tribe will send out their keeper and accept the challenge from the Mighty Bear Tribe and the Ancient Spirit Tribe. The arrangement, shall be decided by the Hunting Tiger Tribe!"

Shangguan Xi Wei said beside Su Yi's ears, telling him the rules of the third round.

Su Yi nodded his head as he did not know about the rules of the third round. He had also just found out that the Hunting Tiger Tribe was actually the winner of the competition ten years ago.

"This rule, won't the Hunting Tiger Tribe be at a disadvantage?"

Su Yi asked Shangguan Xi Wei softly, feeling that the Hunting Tiger Tribe was seemingly at a somewhat disadvantage. Undoubtedly, the Hunting Tiger Tribe would suffer a lot of losses from depletion and injuries under the challenges of the two people.

"This is the rule, and moreover, the Hunting Tiger Tribe has won the last time, so all of them can go in to gain the benefits in these ten years' time. All of the younger generations, have been fortified, so they will not suffer any losses." Shangguan Xi Wei responded as the Hunting Tiger Tribe indeed would not suffer any losses.

In the square, when Hu Chi walked up, the rumpus square also gradually quiet down.

All of the gazes landed onto that figure with a face of defined edges.

No one had ever belittled Hu Chi, including the strong cultivators of the Mighty Bear Tribe and the Ancient Spirit Village.

Hu Chi, although still young, as the number one person in the younger generations of the Hunting Tiger Tribe, it was enough to explain everything!

"Greeting to all seniors. Hu Chi will be the keeper of the Hunting Tiger Tribe this time!"

Hu Chi glanced at the surroundings, and then bowed down towards the elders and strong cultivators of the Ancient Spirit Village and Mighty Bear Tribe, greeting them. His attitude was neither haughty or humble with an extraordinary temperament.

"Not bad!"

Looking at Hu Chi, some of the strong cultivators from the Mighty Bear Tribe and Ancient Spirit Village uncontrollably praised him as they had no choice but to admit that this Hu Chi was not bad.

"The challengers from the Ancient Spirit Village and Mighty Bear Tribe come on up." The elderly from the Mighty Bear Tribe continued.

"Brother Chen Feng, good luck!"

"Brother Chen Feng, you must win!"

Shangguan Yan, Shangguan Yu, Shangguan Xiu, and the rest clenched their fists tightly as they cheered for Shangguan Chen Feng.

"Go."

The gazes of the strong elderly cultivators of the Ancient Spirit Village were secretly nervous as this time, whether or not the Ancient Spirit Village could win, all depends on Shangguan Chen Feng.

Shangguan Chen Feng did not say anything while the figure under the white robe was straight as he slowly walked out with his hair slightly moving. With an elegant temperament, he was like a sharp sword that, once it was out of its sheath, it would be razor-sharp.

Within the Mighty Bear Tribe, a figure as muscular as a bear had already walked out. With a broad back like the tiger and a waist as thick and robust as the bear, his entire body, was filled with bulging muscles while his temperament was fierce and bold.

That figure was precisely Xiong Zhan while he wore an armor that revealed his shoulder, and on his chest, there was a golden breastplate that emitted a mysterious pattern with a sparkling glow as though he was the ancient young battle god from the legends!

When such three pre-eminent figures walked onto the square, it caused everyone's gaze to tremble.

"Brother Hu Chi is the strongest!"

"Brother Xiong Zhan, sweep them!"

"Brother Chen Feng, good luck!"

At the surrounding of the square, a series of shouting sound waves immediately converged and shot through the clouds, resounding throughout the whole area.

With the battle between the strongest in the younger generation and sound waves deafening the ears, it made the people unbearably surge immediately with their blood boiling!

"Then"

In the middle of the arena, Hu Chi's gaze was brilliant as he watched Shangguan Chen Feng and Xiong Lie walked up to the arena. Finally, his gaze locked onto Shangguan Chen Feng while he reached his hand out and pointed at Shangguan Chen Feng, saying: "Shangguan Chen Feng, you will go first."

When such words landed, Shangguan Chen Feng lifted his head as he directly glanced at Hu Chi with blinding light in his eyes abruptly flashing out. At this instant, the aura on his body was like an unsheathing treasure sword while his white robes fluttered, quivering the surrounding square.

Hu Chi first chose Shangguan Chen Feng as he undoubtedly deemed Xiong Zhan to be much harder to deal with than Shangguan Chen Feng. In this sort of battle, everyone would choose to finish off the weaker one first.

Seeing that Hu Chi had already chosen Shangguan Chen Feng, Xiong Zhan faintly smiled and stood at one side.

"I respect your choice, but you are going to regret your choice later!"

Shangguan Chen Feng glanced at Hu Chi. Inside the thin lips, his voice was also particularly sharp as though seeping with a kind of sharpness.

"Let me see what kind of stage your might has reached. Everything relies on strength to speak. Come on!" Hu Chi looked at Shangguan Chen Feng while his expression did not change.

When Hu Chi's word landed, the atmosphere in the square also unknowingly became frozen as their tit for tat had reached the peak!

"You will know soon!"

Shangguan Chen Feng spoke while his face was not angry, but instead, happy as a faint smile even emerged.

However, everyone could feel that currently, the sharp aura on Shangguan Chen Feng's body was getting thicker and thicker.

Following the tit for tat from the two people, the onlookers at the square were, however, extremely quiet.

Facing the two youngsters in the arena, even some of the proud and arrogant youngsters from the Ancient Spirit Village, Mighty Bear Tribe and Hunting Tiger Tribe would have some respect for them.

Strength was respected, even in this heaven of peace and happiness-like place, it was also the same.

The two people in the arena stared at each other with their gazes interweaving that even began to emit a glow. Although they no longer spoke, the atmosphere became much tenser.

Su Yi looked at the two people in the arena. From their auras, it was hard to tell who had a better advantage.

Whether it was Hu Chi or Shangguan Chen Feng, they were the best amongst the younger generations. If they were at the outside, they would most likely have a rare and precious-like existence anywhere.

"You guys can start now. Remember, no attacking too severely on purpose!"

The voice of the elderly from the Mighty Bear Tribe faintly traveled out.

"Let's start and use your strength to speak!"

At the same time, when the words of the elderly from the Mighty Bear Tribe landed, Hu Chi's foot suddenly stomped one step forward. When his foot stepped down, a deep explosion sound suddenly blasted out from under his foot.

"Boom!"

The place where Hu Chi's foot landed down, under the trembling gazes of everyone, the surrounding sands flew, and rock rolled with tiny little cracks extending out on the floor of the arena. An indistinctive raging wind spread, heading towards Shangguan Chen Feng's feet and permeated.

At this instant, Shangguan Chen Feng lifted his head while his gaze sank. A whiff of vigorous and firmed Yuan Qi flooded out from his body with Yuan Qi spilling out, forming into a Yuan Qi light shield. Likewise, his foot also stomped down with Yuan Qi gushing out and colliding over.

"Boom!"

Two whiffs of Yuan Qi clashed and instantly surged out.

At this instant, the fierce aura on Hu Chi's body erupted with a crimson Yuan Qi stormingly gushing out from his body. At the same time, when it formed into Yuan Qi light shield and enveloped his body, a vast and mighty aura also broke forth.

"Very strong. Indeed the number one amongst the younger generation."

Many strong cultivators in the square, including some elderly and strong cultivators from the Mighty Bear Tribe, expressed praises towards the two youngsters in the arena.

After their probing, the arena once again became weirdly quiet.

However, after a moment of this type of silence, it finally detonated.

"Crack"

Following as the glow in Shangguan Chen Feng's and Hu Chi's eyes shone brightly at the same time, the tense atmosphere that was all set for a showdown entirely exploded as the two figures were like light shadows, directly shooting out.

The speed was so fast that anybody that had not reached the Yuan Spirit Realm would find it difficult to see clearly.

In an instant, the two figures like an arrow shooting out from a bow and crashed harshly in the arena, creating an enormous assaulting energy that directly swept out.

"Bang bang bang"

Their speed was so fast while both of the figures were unbelievably quick. Fists crashed, and palms collided, going to and fro with a feeling as though every punch hit.

Yuan Qi kept colliding and sweeping through the surrounding.

Circles of raging wind energy permeated and spread in all directions.

"Bang!"

Deep explosion sound blasted out while two blurry figures shockingly crisscrossed by as each of them moved a few steps forward to stabilize their bodies.

The two figures stood back to back. Shangguan Chen Feng had disheveled hair over his shoulder as his white robe fluttered.

Hu Chi's figure stopped while the ground under his feet had some little cracks appearing.

"Ding!"

A treasure sword was unsheathed within Shangguan Chen Feng's hand. Instilling his Yuan Qi into the sword, it abruptly gave a dense glow with a whiff of sharp aura that swept out.

In the aura, it brought along a sort of chilling aura that caused the surrounding temperature to suddenly dropped a little.

Su Yi glanced at the treasure sword in Shangguan Chen Feng's hand. He sensed that the sword was much stronger than the Yuan Weapon saber he carried on his back.

"Hong!"

Wind and thunder clanged, which quivered the empty space. In Hu Chi's hand, he clenched a long scarlet rod with mysterious twinkling patterns tightly.

"They are no longer probing and are going to use their full force!"

On the square, a strong cultivator spoke.

The entire square was quiet while the people from the Ancient Spirit Village and Hunting Tiger Tribe closely watched the two young figures in the arena with bated breath.

"Continue!"

When the long rod, and treasure sword got unsheathed, Yuan Qi under their feet also swept out as they turned around and once again harshly crashed over, having a confrontation.

"Crack"

A sword glow swept out, and a long rod straightly struck with sparks flying about while circles of energy abruptly spread through.

"Wild Ancient Scarlet Fire Rod. That is the King Grade Martial Technique of the Hunting Tiger Tribe. For Hu Chi to be able to cultivate it successfully and to also initiate it until such a degree, he is indeed extraordinary!"

"What Shangguan Chen Feng cast is the Iced Shadows Sword Style of the Ancient Spirit Village, which is also a King Grade Martial Technique."

"Sadly, Shangguan Chen Feng will be at a slight disadvantage as Hu Chi's main element is fire, which is a little unfavorable to him."

Strong cultivators in the surroundings were secretly discussing, but from their words, it was all praises for the two extraordinary youngsters in the arena.

"Dang dang"

In a non-stop confrontation, Hu Chi's attacks were fast and violent while the long rod in his hand brought along a mighty raging wind that tore through the air, making people's eardrums to feel a stinging pain.

Shangguan Chen Feng's sword light was like a frost while the chilling air suppressed people. In the blinding sword light, it as if spurred a path of frost.

The sword and rod collided with sparks flying about along with crisped and intensive sound.

The surrounding onlookers watched with a fixed gaze, closely staring at the scene.

Su Yi had always been watching it seriously. The martial art techniques that Shangguan Chen Feng and Hu Chi cast were all exceptional with an ancient aura.

"Brother Yi Su, do you think that Brother Chen Feng can win?"

Shangguan Yan was very nervous and softly asked Su Yi, seeing that he was also carefully sizing up the battle.

When he heard this, Su Yi's gaze slightly moved and shook his head as it was hard to determine who would win.

The two people on the square were both not simple. Until this moment, both of them had seemingly used their full force, but Su Yi could feel that both of them had not displayed their real strength, leaving some reservations.

"If you are only like this, then let's end it!"

All of a sudden, the arena suddenly had an unforeseen situation. The aura on Shangguan Chen Feng once again surged while abruptly, the aura on his body rose to the peak. With his body as the center, the air, was seemingly filled with frost.

"Yuan Xuan Realm Sixth Grade. Shangguan Chen Feng has actually reached Yuan Xuan Realm Sixth Grade!"

When such an aura swept through without any reservation, many shocked voices were abruptly emitted out from the entire square.

And when he saw Shangguan Chen Feng's current aura without any reservation, inside Hu Chi's eyes, a light was revealed without leaving any traces as though he did not care much.

"Yuan Xuan Realm Sixth Grade. Brother Chen Feng has reached Yuan Xuan Realm Sixth Grade!"

When they felt the aura of Yuan Xuan Realm Sixth Grade on Shangguan Chen Feng's body, Shangguan Yan, Shangguan Xiu, and the rest of the youngsters from the Ancient Spirit Village were boiling with excitement as they were notably happy.

Although Su Yi was also shocked that Shangguan Chen Feng had actually reached the cultivation of Yuan Xuan Realm Sixth Grade, a sense of worry was on his brows.

...

Chapter 246: Shangguan Chen Feng Defeated!

Shangguan Chen Feng revealed himself first, which seemed a little impatient.

From Hu Chi's expression, he did not seem to be moved much by it. Perhaps the outcome might not be great.

Towards the competition today, Su Yi naturally hoped that the Ancient Spirit Village could win as firstly, he had some feelings to the Ancient Spirit Village.

Furthermore, if Shangguan Chen Feng got defeated, Su Yi knew that he would not be able to get the promise that could have vast benefits to his spiritual power.

Hence, at the moment, Su Yi was also worried.

"Iced Shadows, kill!"

When his aura went all out, a white radiance also swept out from Shangguan Chen Feng's eyes while his palm tightly clenched the treasure sword. The sword light went forward, and instantly, a series of sword lights shot out.

"Swish swish"

The sword lights converged as though turning into a blooming flower along with an icy aura as it enveloped towards Hu Chi.

At the same time, Hu Chi's eyes sank, while revealing a cold smile of having a card up his sleeve. The long rod in his hands was like a dragon charging out as he flashed an icy smile to Shangguan Chen Feng and said in a faint voice: "Yuan Xuan Realm Sixth Grade. You have only just firmly stepped into it, right? As for me, I am already at the Yuan Xuan Realm Sixth Grade ten months ago!"

When such words landed, the aura on Hu Chi's body also abruptly erupted.

"Boom!"

A scorching aura blasted out like a small windstorm. In an instant, Hu Chi's aura in the peak of Yuan Xuan Realm Sixth Grade swept out without any reservation.

An unforeseen event once again happened and attracted the attention of the people. At this moment, many gazes abruptly became shocked.

Su Yi's eyebrows also frowned. Presently, the aura on Hu Chi's body suddenly became stronger, turning incomparably strong. Compared to just now, he was much stronger by more than twice.

"As expected, he is also reserving, waiting for the opportunity to strike in one hit!"

Su Yi softly mumbled with an imposing expression. This Hu Chi was definitely not a coward as he had always been waiting for a chance until Shangguan Chen Feng could no longer endure it.

"Break!"

Hu Chi shouted out as the long rod in his hand let out a scorching aura that erupted with strands of scorching hot energy along with a naked flame-like glow wobbling on his body and the long rod like a bunch of tiny fiery snakes. A mighty smile hung on the corner of his lips as the long rod harshly swung with a terrifying force accompanied by a scorching hot raging wind.

"Bang bang!"

The sudden changes happened extremely fast that even some of the onlookers with low cultivation had not returned to their senses.

"Ding ding dang dang"

Metal clangs rang out with sparks flying about.

The long rod and sword light kept colliding together. In every single clash, Shangguan Chen Feng's foot would step back with tiny cracks on the ground under his foot.

"Pat pat"

After continuous thirteen steps, Shangguan Chen Feng's foot fiercely landed while the ground under his foot entirely cracked. Following after, the sword light in his hand dimmed as a mouthful of blood also spewed out from his lips.

"Pu"

The bloodstains were dark red. When fresh blood was spewed out, Shangguan Chen Feng's body also stumbled back as he retreated shockingly for continuously three steps before stabilizing his body.

At this time, the treasure sword in Shangguan Chen Feng's hand also appeared powerless while strands of fresh blood spilled along the edges of his mouth that were incomparably scarlet red.

When this scene emerged, the eyes of the strong cultivators and elders of the Ancient Spirit Village abruptly trembled. The light in their eyes lost their luster while the bodies that sat on the chairs also became somewhat slacked.

This time, the Ancient Spirit Village had still lost.

"Defeated"

Su Yi's gaze secretly moved. Hu Chi's attack was exceedingly strong, which made Su Yi astonished.

Su Yi had also seen cultivators in the Yuan Xuan Realm Eighth and Ninth Grade in the past, but currently feeling the power of Hu Chi's attack, his heart couldn't help but uncontrollably tremble.

Hu Chi's attack was enough to compare to an average cultivator in the Yuan Xuan Realm Seventh Grade.

In the square, Hu Chi kept his long rod. The aura on his body surged as he glanced at Shangguan Chen Feng and faintly spoke: "Shangguan Chen Feng, you have lost!"

"Give me another three months, and you won't be able to break my Iced Shadows!"

Shangguan Chen Feng lifted his head. His complexion had already turned pale as he glanced at Hu Chi and said with a somewhat vacant gaze.

"Sadly, lost is lost. You are already powerless to fight again!"

Hu Chi spoke. His complexion also revealed some paleness while he did not refute Shangguan Chen Feng's word, seemingly regarded as admitting Shangguan Chen Feng's strength in his heart. If Shangguan Chen Feng had another three months, maybe he would not be able to defeat him just now.

"That's correct. Lost is lost." Shangguan Chen Feng's words landed while he turned his body around and retreated.

"Brother Chen Feng is defeated!"

Within the Ancient Spirit Village, all of the youngsters were a little lost.

"Brother Hu Chi is invincible!"

"Brother Hu Chi is too awesome!"

In contrast, the younger generation of the Hunting Tiger Tribe was all boiling with hot blood and exceedingly excited.

In the entire square, many gazes were also astonished.

"To think that Hu Chi has already reached the peak of Yuan Xuan Realm Sixth Grade!"

"Not bad!"

"Hu Chi has been fortified since small and gained the benefits while Shangguan Chen Feng did not. Their ages are also about the same. If Shangguan Chen Feng has likewise been fortified, the outcome might be different."

There were strong cultivators and elderly discussing, praising Hu Chi's strength while no one had ever thought that Shangguan Chen Feng was weak.

After all, for the younger generation to reach this stage, it was already notably hard.

"Sorry. I have lost."

Shangguan Chen Feng walked down the arena and slowly reached before the line-up of the Ancient Spirit Village. Looking at the elders, strong cultivators, and everyone else, he bowed down and greeted while the glow in his eyes grew dim.

"This is not your fault. You have already tried your best."

Shangguan Qing Ming responded. The recovery elixir in his hand was also delivered before Shangguan Chen Feng as he said: "Quickly take this and recover."

Shangguan Chen Feng did not speak and took the elixir as he popped it into his mouth.

Su Yi evidently saw that Shangguan Chen Feng had previously pinched the elixir very hard in his palm. At this instant, the Ancient Spirit Village had lost. Most likely, Shangguan Chen Feng was more disappointed and helpless than anyone else.

"Brother Chen Feng, it is alright."

Shangguan Yan, Shangguan Xiu, and the rest also came forward and softly said to Shangguan Chen Feng.

"Sorry, the things I promised you most likely are unable to accomplish. At then, I will let grandma compensate you a little." Shangguan Xi Wei softly said to Su Yi.

"It's alright."

Su Yi shook his head. Although he was a little sad in his heart, the strange thing was that currently, Su Yi felt that his own little disappointment was not because he could no longer get the benefits for the spiritual power, but was because the Ancient Spirit Village did not win.

In these short few days, it had allowed Su Yi to have a remarkably good feeling with the Ancient Spirit Village, allowing him to mix in with them.

Looking at Su Yi's face, Shangguan Xi Wei did not say anything else. Later as she glanced at the arena, she spoke: "To think that Hu Chi has already reached the peak of Yuan Xuan Realm Sixth Grade."

"Indeed, very strong."

Su Yi nodded his head. That Hu Chi was undeniably strong.

"If it is you, can you win against Hu Chi?" Shangguan looked at Su Yi and inquired.

"This"

Su Yi mulled over the thought in his mind. He had now also reached the cultivation of Yuan Xuan Realm Sixth Grade, while Hu Chi was at the peak of Yuan Xuan Realm Sixth Grade. However, since he could already kill a beast in the peak of Demonic Xuan Realm Ninth Grade, he seemed to be able to fight against him.

...

Chapter 247: Ending The Battle Quickly!

From the previous attacks in the battle, Su Yi had also been weighing himself on whether he could contend against Hu Chi if he was to go up.

And Su Yi's final conclusion was that if he was to face against Hu Chi's attacks, he should be able to contend against it.

Although Hu Chi's martial techniques were all not that simple, he similarly also had Hundred Transformation Steps, Seven Injuries Fist, Overlord's Fist, Three Sabres of the Raging Dragon, Wrath of the Eight Wastelands and the rest on him that were likewise exceptional martial techniques and his hidden cards.

"Brother Xiong Zhan is invincible!"

"Defeat the Hunting Tiger Tribe!"

The racket and boiling voices had interrupted Su Yi's thoughts.

Su Yi lifted his head, and he could see that Xiong Zhan, who had been waiting at the side, had already walked up to the arena. His figure was muscular like a small bear with bulging muscles while he wore an armor that revealed his shoulder, and on his chest, there was a golden breastplate that emitted a mysterious pattern as though he was the ancient young battle god from the legends!

The gazes of the entire people also suddenly shifted as series of gazes immediately landed onto Xiong Zhan.

Walking up to the arena, Xiong Zhan did not care about the surrounding gazes as a trace of bold and vigor momentum suddenly gushed out like an awaking fierce beast.

Xiong Zhan, the number one in the younger generation of the Mighty Bear Tribe.

Within the younger generation, he was an existence that no one dared to belittle.

Su Yi glanced at Xiong Zhan, feeling the aura on his body. His eyes secretly moved as that indistinctive aura was bold and vigor, yet drawn-out with a sort of domineering air. With this type of talent and momentum if, Xiong Zhan was on the outside world, in the future, he would most likely become a leading figure.

"There is a human beyond another human and a sky beyond another sky!"

Su Yi softly muttered in his heart. At this moment, seeing Xiong Zhan, Shangguan Chen Feng, Hu Chi, and the rest of the extraordinary youngsters with ages similar to him, his heart also inevitably somewhat boiled up. Leaving everything aside, him coming to this world and reincarnated into a human again, he could not disappoint his new life.

"Do you want to rest for a while? I can wait for you!"

Xiong Zhan walked up and looked at Hu Chi with a frightening indistinctive momentum of bold and arrogance.

"No need!"

Hu Chi glanced at Xiong Zhan while burning battle intent also gushed up in his eyes. All along in the younger generation, there were only Shangguan Chen Feng and Xiong Zhan that really made his heart imposing and wary.

And earlier, he had already defeated Shangguan Chen Feng. Right now, if he could defeat Xiong Zhan, he would also become the number one person of the entire younger generation.

"Actually, whether you rest or don't believe in it, you will still lose."

Xiong Zhan glanced at Hu Chi and faintly smiled.

As they watched the scene, the formerly rumpus square also became silent.

At the moment, this was the most crucial fight. If Xiong Zhan could defeat Hu Chi, then this time, the Mighty Bear Tribe would win.

If Hu Chi won, then the Hunting Tiger Tribe would still have another chance.

The entire square was quiet, but the surrounding gazes were burning and filled with expectations.

Looking at Xiong Zhan, Hu Chi took a deep breath. His gaze was not careless as his consumption was still tremendous since he had just defeated Shangguan Chen Feng.

Hu Chi clenched the long rod tightly in his hand as scorching aura emitted out with fire glow overflowing. Facing Xiong Zhan, Hu Chi did not have any carelessness.

"Why not like this, we will not use our weapons. I have already seen through your Ancient Wild Scarlet Fire Rod, which is a disadvantage to you. Do you dare to fight with just our fists?"

Xiong Zhan looked at Hu Chi and said as he had already understood Hu Chi's rod technique fully at a glance. He much preferred to fight with their fists than using weapons and taking advantage of his opponent.

With a long rod in his hand, Hu Chi's gaze pulsed while whiffs of crimson Yuan Qi gushed out from within his body and along his arm, covering the long rod in his hand, causing the radiance on the long rod to overflow.

Xiong Zhan's words revealed a sort of contempt, making Hu Chi's battle intent in his heart to surge and burn.

"I know that you rely on your physique to battle. Since you choose to fight with your fists, then I shall fulfill your wishes!"

Following after, Hu Chi nodded his head and kept the long rod. While pointing at Xiong Zhan, he said: "Even, fighting with our fists, I will still defeat you!"

Feeling the momentum on Hu Chi's body, Xiong Zhan's eyes gradually gushed up with a glow while his body slightly twisted around as 'pitter-patter' sounds abruptly came from his muscular body. A pair of palms reached out, which were broad, thick, and different from the average people.

Su Yi's gaze moved from afar. Looking at Xiong Zhan's palms that were different from the average people, this fellow's physique must definitely be robust to the extreme. He must have specialized cultivating in a type of physical technique that was similar to his Chaotic Yuan Demonic Body of the Supreme Chaotic Yuan Technique.

"Come on. I will let you attack me first so that you won't say that I have taken advantage of you while you are exhausted."

Xiong Zhan glanced at Hu Chi and faintly smiled as he said: "Although, no matter what, you will still lose for sure!"

"Use your strength to speak. No use of talking wildly!"

Hu Chi coldly said while vigorous and firm fire element Yuan Qi gushed out from his body like waves as his battle suit fluttered and hair danced. He abruptly stepped out, and the moment his body moved, with force on the ground and strength on his waist, in an instant, like a ferocious tiger pouncing on its prey, his power and speed had reached to the extreme.

"Crack"

In a short ten over zhang distance, Hu Chi instantly crossed it while his aura in the peak of Yuan Xuan Realm Sixth Grade went all out without any reservation from the start as he pushed to the

extreme. He tightly clenched his fist and directly blasted towards Xiong Zhan with scorching hot airwaves that were already leading and gushing out.

"Tiger Flaming Palm!"

With a low cry, the aura on Hu Chi's body was monstrously hot while the raging wind before the fist seemingly had a tiger shadow that appeared looming.

The tiger shadow glared with hostility with a stance wanting to pounce over like a ferocious tiger pouncing on its prey, along with a fierce, yet scorching and valiant aura.

"Tiger Flaming Palm. That is Brother Hu Chi's hidden card!"

A youngster in the Hunting Tiger Tribe secretly mumbled while his heart was also racing.

Tiger Flaming Palm, one of the most crucial techniques of the Hunting Tiger Tribe that ordinary people could not cultivate it successfully.

However, Hu Chi did it. Tiger Flaming Palm, that was also the ultimate technique of Hu Chi.

"Very smart. He wants to end the battle quickly!"

Su Yi glanced at Hu Chi. This fellow had immediately struck with such an attack and was seemingly already going all out. That was because he knew that he had already depleted a lot in the battle against Shangguan Chen Feng previously and was not suitable for a long fight as his depletion would be too big, so he wanted to end it quickly.

"Boom!"

A fist blasted out and instantly arrived before his eyes. Hu Chi's fist brought along a scorching aura that swept out as if blotting out the sky and covering the ground while the square abruptly became incomparably hot with a smell of flames drifting in the air.

Facing against that sort of strong attack, Xiong Zhan's complexion, however, did not have any changes or finding it strange.

Staring at the incoming head-on fist that was rapidly enlarging in his pupil, Xiong Zhan's palm started to lift up with dark black Yuan Qi emitting out.

"Boom!"

The fist had already reached before his eyes, no farther than three feet. At this instant, Xiong Zhan abruptly raised his right arm. His palm had already been covered with dark black Yuan Qi as his right palm suddenly pushed out akin to lightning, directly clashing with that fist.

The fist and palm clashed. On Xiong Zhan's palm, it was as if covered with a layer of dark black crystal glow, while an incomparably overbearing and bold momentum, like a big mountain, collapsed over.

...

Chapter 248: Xiong Zhan's Strength!

The palm and fist clashed with a series of radiance sweeping out.

It could be seen with the naked eyes, that the tiger shadow glow on Hu Chi's fist only stagnated for a moment before it got assaulted over.

"Crack"

There was a dark black radiance before Xiong Zhan's palm as it charged out waves after waves, scattering the tiger shadow away.

At this instant, Hu Chi seemingly felt something as his expression changed drastically.

At the same time, the strong elderly cultivators of the Hunting Tiger Tribe and Ancient Spirit Village all had gazes flooding with astonishment.

Only the elderly, Xiong San, and the rest of the strong cultivators of the Mighty Bear Tribe secretly revealed smiles of having gotten it all worked out.

These strong cultivators and elderly of the Mighty Bear Tribe naturally knew Xiong Zhan's real strength well.

Xiong Zhan, with his cultivation of Yuan Xuan Realm Seventh Grade, was enough to sweep everything, and crushed the people in the same generation. This time, the Mighty Bear Tribe could have initially won if it wasn't for the Serene Void Brutal Heavenly Leopard that suddenly appeared, or else all of the three rounds would have belong to the Mighty Bear Tribe.

"Peak of the Yuan Xuan Realm Sixth Grade is still only in the Yuan Xuan Realm Sixth Grade. Let's end this!"

The instant when Hu Chi's expression changed drastically, overbearing words came out from Xiong Zhan's mouth.

"Boom!"

Following after, in front of Xiong Zhan's palm, the dark black radiance glowed brilliantly with a trace of berserk, bold and mighty raging wind surging out that abruptly exploded.

"Pu"

Hu Chi's complexion instantly became pale while at the same time, his footsteps staggered backward as a mouthful of fresh blood directly spewed out.

After several steps, Hu Chi then stabilized his body. When the last step stomped down, the floor of the arena under his foot cracked with crushed stones coming out before he could finally steady his body.

However, after that, Hu Chi's body swayed, and he almost fell down on his butt.

Presently as they watched Hu Chi spewing out blood, the entire square sank into a dead silence.

Almost all of the gazes glanced at each other, dumb like a wooden chicken.

Hu Chi, who had defeated Shangguan Chen Feng, the number one of the Hunting Tiger Tribe in the peak of Yuan Xuan Realm Sixth Grade, was actually defeated in one move!

"Hu hu"

After a few pauses, sounds of sucking in cold air rang out one after another in the entire square.

"Yuan Xuan Realm Seventh Grade!"

Su Yi glanced at Xiong Zhan, who was in the square while his gaze also jumped.

At this moment, the aura fluctuating on Xiong Zhan's body had clearly reached the Yuan Xuan Realm Seventh Grade, surpassing Hu Chi's peak of Yuan Xuan Realm Sixth Grade.

"Xiong Zhan is already in the Yuan Xuan Realm Seventh Grade!"

Regardless, was it the elderly and strong cultivators of the Ancient Spirit Village, or the Hunting Tiger Tribe, at the moment, all of them had trembling eyes.

"Xiong Zhan seems to be only 19, right? And he has already reached the Yuan Xuan Realm Seventh Grade. In these two hundred years, such a talented person has never appeared before!"

"Ten years ago, that place is under the Mighty Bear Tribe. When Xiong Zhan is young, he has been, fortified before, so he is much stronger than Hu Chi!"

"With such frightening talent, in this batch of youngsters, the strongest is Xiong Zhan!"

"If, Chen Feng, could also be sent in to be fortified when he was young, he will not be weaker than them!"

A strong cultivator of the Ancient Spirit Village spoke and sighed, feeling very regretful. Shangguan Chen Feng had lost the opportunity, which was precisely why the Ancient Spirit Village wanted to win this time and could not fail again.

Unfortunately, things had gone contrary to their wishes as the Ancient Spirit Village had still lost this time.

"Yuan Xuan Realm Seventh Grade!"

Within the Hunting Tiger Tribe, it was silence while many gazes could not believe in it.

Those elderly and strong cultivator felt even more shocked. To think that Xiong Zhan had hidden to such a degree, never revealing his real strength.

Today, at such a critical moment, Xiong Zhan had soared up to the sky with a start and astonished the entire square.

"Won. We won!"

"Brother Xiong Zhan is invincible!"

"Brother Xiong Zhan is mighty!"

Within the Mighty Bear Tribe, warm cheers then sounded from the surroundings as they boiled up while some elderly even revealed smiles.

On Xiong Zhan's face, there was also a smile as he lifted his head and directly looked at Hu Chi before him, saying: "You have lost. The difference between the peak of Yuan Xuan Realm Sixth Grade and Yuan Xuan Realm Seventh Grade is too huge. You can't surpass it!"

The corner of Hu Chi's mouth was stained red while his eyes appeared a little lifeless with a pale complexion. He always felt that Xiong Zhan was his toughest competitor and if Xiong Zhan was also at the peak of Yuan Xuan Realm Sixth Grade, even if his consumption was high, he had the confidence to fight him.

But now, in front of the cultivation of Yuan Xuan Realm Seventh Grade and facing Xiong Zhan, such an opponent, Hu Chi knew very clearly that he could not win.

"That's right, I have lost. But if we are at the same cultivation level, you will not win against me." Hu Chi spoke and wiped the blood-stained at the corner of his mouth.

"I do not think so. So what if you have reached the Yuan Xuan Realm Seventh Grade? You are welcome to challenge me at any time!"

Xiong Zhan responded, not paying much attention as even on the same cultivation level, he still had the absolute confidence that he could win.

"I definitely will!"

Hu Chi said these three words before turning around and walked down the arena.

"To think that Xiong Zhan is this powerful. This time, the Mighty Bear Tribe has won!"

Shangguan Xi Wei's voice traveled into Su Yi's ear.

"Xiong Zhan is indeed incredibly powerful!"

Su Yi nodded his head. Towards Xiong Zhan, he truly praised him in his heart as such talent and strength were outstanding.

"Yi Su."

A faint voice, along with an upright figure, and an exceptional grace came over. At the moment, the face with defined edges was pale, yet his eyes revealed sharpness.

Su Yi lifted his head, feeling a little strange as it was the very cold, Shangguan Chen Feng that never spoke much.

"I have heard of the matter about you on the Yao Luo Mountain. Those two beasts mounts, is it really killed by you?"

Shangguan Chen Feng glanced at Su Yi. After he had come out from seclusion, he had heard about the matter regarding the Yao Luo Mountain.

Hu Du from the Hunting Tiger Tribe and Xiong Lie from the Mighty Bear Tribe had brought beasts mounts to the Yao Luo Mountain, yet in the end, they got killed by Su Yi.

And, the cultivations of the Earth Hill Fierce Bear and the Splitting Rock Demonic Tiger were very strong.

"Yes."

Su Yi nodded his head. Towards Shangguan Chen Feng that had a cold temperament and never spoke much, he indistinctly had a good feeling for him.

Especially after Shangguan Chen Feng was defeated, Su Yi could feel that the one that felt the most regretful was Shangguan Chen Feng himself.

Only, he did not express it out and suppressed it within his heart, enduring it alone.

"The Ancient Spirit Village has received many of your kindness, but I want to request you for one more matter. If, you can accept it, I, Shangguan Chen Feng, in this life is willing to do anything for you."

Shangguan Chen Feng glanced at Su Yi, while seemingly gritting his teeth as he said these words. The eyes that revealed sharpness brought along a type of pleading, but his momentum still had a sort of pride.

Listening to Shangguan Chen Feng's words, Shangguan Xi Wei, Shangguan Yan, and the rest of the youngsters beside Su Yi felt very surprised. The strong cultivators and the elderly of the Ancient Spirit Village not far away had also noticed it and shot their gazes over.

"You are acting too serious. If it is something that I can do, I will definitely give it my best."

Su Yi nodded his head. For a guy like him to say such words, it must be an urgent matter.

"I want you to represent the Ancient Spirit Village and challenge Xiong Zhan. If you can win, then the Ancient Spirit Village will be able to get the victory this time." Shangguan Chen Feng stated.

...

Chapter 249: I Don't Do A Bad Bargain!

"But, Xiong Zhan has already won. According to the rules, the Mighty Bear Tribe has already won."

Su Yi felt weird, if he wanted him to challenge Xiong Zhan, then there would be no problem, but according to the rules, the Mighty Bear Tribe had already won this time.

"Yup, Brother Chen Feng, the Mighty Bear Tribe has already won!"

Shangguan Yan, Shangguan Yu, Shangguan Xiu, and the rest of the youngsters also felt very doubtful as it had already seemed set.

"No, there is indeed this rule, just that very few people know about it."

All of a sudden, Shangguan Xi Wei seemed to have recalled something as her eyes surged with light like the twinkling stars rising in the darkness.

"According to the rules, although the Mighty Bear Tribe has won, if someone still wants to challenge, then it is not over yet."

Shangguan Chen Feng said to Shangguan Yan and the rest. Then his gaze looked at Su Yi as he continued: "Only, Xiong Zhan has already won, so according to the rule, this challenge is very risky. It will only work if you challenge Xiong Zhan together with his Scarlet Searing Raging Bear and defeat them."

"According to the ancestor's rule, if someone in the same generation is not satisfied with the result, then that person can launch a challenge, but the person must challenge both the winner and the winner's subdued beast!"

Shangguan Xi Wei's eyes were very excited. She had actually forgotten about this rule. Initially, the Ancient Spirit Village had already lost, and the existence of this rule also had no meaning to it.

The strongest had already lost, so who else could challenge the final winner and the winner's beast mount? It was definitely an impossible matter.

Therefore, no one had ever used this rule.

However, the situation now was different. Shangguan Xi Wei knew clearly that with the young man before her, perhaps the Ancient Spirit Village still had a final chance.

"Challenging the Scarlet Searing Raging Bear and Xiong Zhan at the same time!"

Su Yi's eyes moved. On the contrary, in his heart, he was not worried about Xiong Zhan and the Scarlet Searing Raging Bear but was surprised that there was still such a rule.

Why would there still be such a challenge when the one that could defeat the winner and the beast that the winner had subdued, could already be the final winner?

"I know that this request is a little difficult since Xiong Zhan has already reached the Yuan Xuan Realm Seventh Grade, and together with that Scarlet Searing Raging Bear, it would be hard to handle them. If you lose, you might even be severely injured"

Shangguan Chen Feng glanced at Su Yi while his expression was a little vexed as he believed that if, he was to face Xiong Zhan alone, he would also be defeated in one move.

Furthermore, it was together with that Scarlet Searing Raging Bear that had already reached the Demonic Xuan Realm Seventh Grade, which was way above than a cultivator in the Yuan Xuan Realm Seventh Grade.

Initially, Shangguan Chen Feng also did not want to be like this, but after he heard about the matter of Su Yi on the Yao Luo Mountain, he wanted to take a gamble.

Looking at Su Yi, Shangguan Chen Feng's words paused for a moment as he glanced at Su Yi and continued: "Yi Su, as long as you win the challenge, in the future, I, Shangguan Chen Feng, is willing to do anything for you."

"Brother Yi Su, if you have the certainty to win, then help us."

The eyes of Shangguan Yan, Shangguan Yu, Shangguan Ye, and the rest momentarily revealed expression of pleading.

They hoped that Su Yi could help them on behalf of the Ancient Spirit Village for the final battle. That was the last chance for the Ancient Spirit Village.

Su Yi swept his gaze over Shangguan Chen Feng, Shangguan Xi Wei, Shangguan Yan, and the rest before landing onto Shangguan Chen Feng. His eyes revealed a slight smile as he said: "Do you have a Yuan Stone or any typical elixir will also do."

Hearing this, Shangguan Xi Wei, Shangguan Yan, and the rest felt a little odd and curiously looked at Su Yi, not knowing why he needed the Yuan Stone and the elixir for at the moment.

Shangguan Chen Feng also secretly felt odd, but he later took out a few pieces of One Star Yuan Stones in his hand and said: "Elixirs are very scarce in this place. In the entire Ancient Spirit Village, there are only two Alchemists. As for the Yuan Stones, I do have some of them with me."

"Brother Yi Su, what are you going to do with the Yuan Stones and elixirs? I also have some with me."

"I have some with me too."

Suddenly, Shangguan Yan, Shangguan Yu, Shangguan Xiu and the rest of the youngsters around, abruptly took out the items on them. There were Yuan Stones and some low-grade elixirs.

"One will do."

Su Yi slightly smiled and reached his hand out to take one Yuan Stone from Shangguan Chen Feng's hand, throwing it around in his palm.

"Alright, Hu Chi is regrettably defeated, and Xiong Zhan wins. The final winner for the battle this time is the Mighty Bear Tribe!"

The words of the elderly from the Mighty Bear Tribe also rang out at this moment with a soft voice, yet it resounded in the entire square.

"Howl!"

The Scarlet Searing Raging Bear howled while its massive body already stood up in the square with a howl that was deafening to the ears.

Xiong Zhan's foot stepped onto the ground with Yuan Qi sweeping out. That muscular body appeared light as a swallow as he directly leaped onto the shoulder of the Scarlet Searing Raging Bear while his armor glowed as he raised his hands in victory.

"Won, we have won!"

"Brother Xiong Zhan, good job!"

In the Mighty Bear Tribe, everyone was wild with joy as the youngsters shouted with cheers.

Such a young man, the number one of the Mighty Bear Tribe in the younger generation, had proved himself in today's battle.

"Brother Yi Su, why do you need the Yuan Stone?"

Within the shouts of the surrounding Mighty Bear Tribe that deafened the ears, Shangguan Yan felt very puzzled with a face full of questions as he curiously asked.

On the tender and enchanting face of Shangguan Xi Wei, was also full of puzzlement.

Su Yi flashed a slight smile to Shangguan Yan and then looked at Shangguan Chen Feng while saying: "I don't do a bad bargain. With one Yuan Stone, I will help you to defeat Xiong Zhan and that Scarlet Searing Raging Bear. If I lose, I will pay you back ten thousand times."

When his words landed, Su Yi threw the Yuan Stone around in his hand while whistling. Then, he turned around and walked to the arena.

"This is"

The people glanced at each other.

"Brother Yi Su has agreed!"

Afterward, Shangguan Yan, Shangguan Yu, Shangguan Ye, and the rest became wild with joy as Brother Yi Su had agreed.

Shangguan Chen Feng's eyes moved as he looked at the back of the figure going up to the arena. That long black hair lightly stirred with a sword and saber crossed behind his back. Within his eyes, there was some glow twinkling.

"Eh, why is Yi Su going up?"

When the strong cultivators and the elderly of the Ancient Spirit Village noticed Su Yi walking up to the arena, all of them felt puzzled.

Xiong Zhan, who was cheering and celebrating as he stood on the shoulder of the Scarlet Searing Raging Bear at high ground, had also noticed Su Yi, who was leisurely walking to the arena, while there was some surprise in his eyes.

Xiong Zhan had seen Su Yi before and had a deep impression of him as his younger brother, Xiong Lie, was severely injured by that young man.

The lifted palm gradually dropped down as Xiong Zhan's eyes closely stared at Su Yi, who had walked over.

At the moment, the gazes of the people in the entire square followed Xiong Zhan's gaze as they had also sensed something. Afterward, their gazes landed onto Su Yi.

"That young man who comes from the outside, why he is going up the arena?"

"He is the young man that has come from the outside?"

"Reportedly, his name is Yi Su and is very strong. He has defeated Xiong Lie before."

"I heard that the two brothers, Hu Mo, and Hu Yue, are both defeated by him!"

All of a sudden, in the Hunting Tiger Tribe and the Mighty Bear Tribe, voices were discussing while their gazes curiously glanced at Su Yi, who was walking up to the arena.

Su Yi slowly walked up, taking his own time.

"Seems like your days in the Ancient Spirit Village is not bad. Are you looking for me?"

Looking at Su Yi, who was taking his time walking over, Xiong Zhan spoke first while his eyes were secretly a little doubtful. Such a young man that had come from the outside indistinctly gave him a feeling that he was unable to see through him, while he could sense that this young man was seemingly looking for him.

"My days are indeed not bad, and I am also here to find you."

Su Yi stopped his footsteps about several zhangs away from the Scarlet Searing Raging Bear that Xiong Zhan was on. Facing that towering Scarlet Searing Raging Bear, his body suddenly appeared a little weak and small, but that upright figure with a reserved and calm expression gave people a feeling like an unshakeable mountain.

Such a temperament caused the expressions of those elderly and strong cultivators in the square to secretly changed.

"This young man that comes from the outside has gone to the arena for Xiong Zhan. Can it be that he wants to challenge Xiong Zhan?"

Listening to Su Yi and Xiong Zhan's conversation, the gazes of the people on the square revealed uncertainty.

"I initially wanted to seek a chance to look for you, but to think that you have sent yourself up to my doorstep."

Xiong Zhan glanced at Su Yi on high ground as though he was also not too surprised.

He initially also wanted to seek a chance to look for this young man that came from the outside as he must take revenge for his younger brother. Looking at Su Yi, he continued: "Why not like this, as long as you can receive one move from me, our debt will be called off. But, if you cannot endure the move, then you shall bear with the consequences yourself!"

Su Yi lightly laughed, ignoring Xiong Zhan as he abruptly turned around and looked at the elderly and strong cultivators of the Mighty Bear Tribe, Hunting Tiger Tribe, and Ancient Spirit Village that were sitting down.

Slightly bowing down, Su Yi asked: "Can I ask that, is there a rule where if someone challenges and defeat both the winner and his subdued beast, the person will be the final winner?"

"What is going on?"

When Su Yi's words traveled out, the entire square was dumbfounded, as many people did not understand.

Only the eyes of those elderly and strong cultivators continuously secretly changed.

Especially the strong cultivators and elderly of the Mighty Bear Tribe, as they glanced at each other.

"Can it be"

Those elderly and strong cultivators of the Ancient Spirit Village were currently also dumbfounded. No wonder Shangguan Chen Feng, Shangguan Xi Wei, and the rest gathered together just now, seemingly discussing something. It must be for this matter.

"Yi Su is going to attack and challenge that Xiong Zhan?"

Some strong cultivators of the Ancient Spirit Village like Shangguan Qing Ming and the rest surged out with hope from within their dumbfounded expression.

They, however, roughly knew Su Yi's strength, so there was indeed still a last chance.

"According to the rules, if someone can challenge and defeat both the winner and the winner's subdued beast, in the end, that person will be the final winner!"

"Seemingly, no one has ever used this ancestor's rule before."

The surrounding people started to whisper, and someone spoke, helping to resolve those doubtful onlookers while telling them that there was this ancestor's rule.

Only for all these years in the Ancient Spirit Village, Hunting Tiger Tribe, Mighty Bear Tribe, no one had ever used it before, so many people did not know about it.

"There is still this ancestor's rule. Then that Yi Su wants to challenge Xiong Zhan now?"

Someone finally understood and was very shocked. Could it be that this young man that came from the outside with an appearance that was not old, had the strength to challenge both Xiong Zhan and that Scarlet Searing Raging Bear?

"Young man, you want to challenge?"

After his secretly doubtful expression returned to normal, the elderly from the Mighty Bear Tribe that had been announcing the rules spoke.

"That's right." Su Yi nodded his head.

"You want to represent the Hunting Tiger Tribe or the Ancient Spirit Village?"

Although the elderly from the Mighty Bear Tribe knew very clearly that this young man had always been in the Ancient Spirit Village and most probably want to challenge for the Ancient Spirit Village, he still looked at Su Yi and inquired.

"The Ancient Spirit Village!" Su Yi answered.

"Yi Su wants to challenge for our Ancient Spirit Village!"

"We still have a final chance!"

When they heard this, the people from the Ancient Spirit Village at the square were incomparably excited while the formerly gazes of lost hopes, momentarily gushed with a glimmer.

"We have forgotten about Yi Su. With his strength, there is indeed a chance!"

The strong cultivators and elderly of the Ancient Spirit Village also could not control the excitement in their hearts as all of them knew about the battle result of Su Yi on the Yao Luo Mountain.

Therefore, even though Xiong Zhan and that Scarlet Searing Raging Bear were incredibly powerful, once Su Yi attacked, there was indeed a chance.

The elderly and strong cultivators of the Mighty Bear Tribe glanced at each other and then exchanged confidential whispers as if they were softly discussing something.

"There is indeed this rule, but you are only an outsider and cannot represent the Ancient Spirit Village to challenge."

Afterward, an elderly from the Mighty Bear Tribe stood up from his seat with the appearance of a vulnerable age, a head full of white hairs and an old expression as he looked at Su Yi and said while indistinctly revealing a trace of might.

"He is a strong cultivator. Very powerful!"

Even though separated by a far distance, when Su Yi faced the gaze of that elderly with white hair, he could feel a tremendous might while his heart secretly shook. However, he suppressed it in his heart.

"This"

Su Yi glanced at Shangguan Chen Feng, Shangguan Xi Wei, and the rest within the Ancient Spirit Village as he did not know what to do when an outsider could not represent to challenge.

"To actually need an outsider to come and challenge, is there no one in the Ancient Spirit Village? "

Xiong San spoke and looked at the group of strong cultivators in the Ancient Spirit Village with an undisguised expression of mocking.

"This"

Shangguan Xi Wei, Shangguan Chen Feng, Shangguan Yan, and the rest of the youngsters also glanced at each other before looking towards the elderly of the Ancient Spirit Village.

Shangguan Xi Wei and Shangguan Chen Feng also only grasped a little bit about this ancestor's rule and did not know the whole thing. In the beginning, they were also not aware that an outsider could not challenge on behalf of them.

At this moment, the elderly and strong cultivators of the Ancient Spirit Village appeared slightly ashamed.

Indeed, an outsider naturally could not challenge on behalf of the Ancient Spirit Village.

"Who says that Yi Su is an outsider. He is now the people of my Ancient Spirit Village."

At this instant, a calm voice transmitted over from the top of the empty sky with a shimmering glow. Following as the last word landed, a figure silently appeared in the square.

The incomer was an old lady in her 60s with a slightly hunched back. There was some silver hair mixed within her head full of black hair while her face did not have any wrinkles with a rosy complexion and peaceful gaze.

Only, when this old lady appeared, the surrounding air of the entire square unknowingly slightly trembled.

"Village head!"

"Village head granny has come."

When they saw the old lady, within the Ancient Spirit Village, someone abruptly spoke with excitement. The incomer was no stranger, as it was precisely the village head, Shangguan Cheng Ya.

"Old village head."

At the same time, in the Hunting Tiger Tribe and the Mighty Bear Tribe, the gazes of those elderly and strong cultivators also simultaneously became incomparably surprised as they got up and greeted.

"Grandma Shangguan."

Su Yi was also very surprised. To think that the village head granny had actually come.

Shangguan Cheng Ya shot a slight smile to Su Yi with a kind expression.

"Cheng Ya, you should know that, although the ancestor's rule did not clearly specify it, absolutely no outsider can challenge on behalf of anyone and furthermore, it is already illogical for your Ancient Spirit Village to take in an outsider inside the village."
