Chapter 251: The Other Side Of The Village Head.

We are paying our readers now! Look at this page for more information.

In the Hunting Tiger Tribe, there was an elderly with a dignified look and temperament of power even without being angry while his status seemed high. Although he also did not wish the Mighty Bear Tribe to win, he also could not allow an outsider to challenge on behalf of the Ancient Spirit Village. That did not conform with the ancestor's rule.

"That's right, an outsider cannot challenge on behalf of the Ancient Spirit Village and cannot stay at this place for a long time."

In the Mighty Bear Tribe, the oldest elderly also spoke. He was a High Elder of the Mighty Bear Tribe with a very high status. In terms of age, he was much older than Shangguan Cheng Ya.

Shangguan Cheng Ya's gaze was tranquil as she swept her gaze passed the two elderly from the Mighty Bear Tribe and the Hunting Tiger Tribe. Then she calmly stated: "I have already said that this young man is no longer an outsider."

"Not an outsider"

When the entire square heard this, they were secretly astonished. Suddenly, whisperings could be heard from all around.

Even the people from the Ancient Spirit Village were also incomparably confused as they did not know the meaning of the village head's words.

"Yi Su, this young man has already acknowledged this old lady as his grandma, so he is my Shangguan Cheng Ya's grandson. Therefore, he is naturally not an outsider anymore." Shangguan Cheng Ya responded.

"Grandson"

The entire square was dumbfounded and abruptly in an uproar.

"This"

"Haha, Yi Su is indeed already the people of our Ancient Spirit Village."

The people of the Ancient Spirit Village was briefly stunned before someone laughed loudly and was incomparably happy.

After Su Yi was slightly astonished and confused, the corner of his mouth curled up in a smile as in his heart he had already somewhat regarded himself as a member of the Ancient Spirit Village.

"Cheng Ya, this is a little too far-fetched!"

"This indeed does not conform with the rules!"

The dignified elderly from the Hunting Tiger Tribe and the High Elder from the Mighty Bear Tribe glanced at Shangguan Cheng Ya. Even though their gazes seemed a little fearful to Shangguan Cheng Ya, this indeed did not conform with the rules.

"How is this not conform to the rules? Can it be that I, Shangguan Cheng Ya, wants to acknowledge a grandson still have to seek for your approvals?"

Shangguan Cheng Ya's initially tranquil eyes abruptly drastically changed as she looked at the dignified elderly and the High Elder of the Mighty Bear Tribe with an appearance of vowing not to give up as she said: "Come, you guys shall tell me, how is he not one of my Ancient Spirit Village people when I have acknowledged him as my grandson. If you guys don't tell me clearly by today, I will not be, done with you guys. Don't think that the Ancient Spirit Village is easy to bully just because the village head is an old lady!"

"This"

Looking at Shangguan Cheng Ya that suddenly became mad, the dignified elderly and the High Elder from the Mighty Bear Tribe glanced at each other as they felt very helpless and bitterly smiled.

Shangguan Cheng Ya was easy to bully? That was definitely a joke. Who did not know that this Shangguan Cheng Ya was hard to handle while her strength just had to be powerful too?

After she became the village head of the Ancient Spirit Village, the Hunting Tiger Tribe, and the Mighty Bear Tribe had suffered many losses.

Especially thirty years ago, for some of the elderly of the Hunting Tiger Tribe and the Mighty Bear Tribe, the scene was still vivid in their minds.

Thirty years ago, the juniors from the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe had a conflict and alarmed the seniors. Shangguan Cheng Ya, this woman, had just become the village head of the Ancient Spirit Village, yet she insisted that the Ancient Spirit Village was in the right.

The Hunting Tiger Tribe and the Mighty Bear Tribe were naturally unconvinced, and their leaders came out to talk.

Only, their leaders had not said a few words when they were beat the crap out of them by Shangguan Cheng Ya on one against two in front of everybody.

In the end, wherever Shangguan Cheng Ya was around, the two leaders would definitely not appear.

"You guys quickly speak. Come, all of you tell me, how is he not one of my Ancient Spirit Village people when I have acknowledged him as my grandson? Can it be that you guys are saying that I, Shangguan Cheng Ya is not the people of the Ancient Spirit Village? If you guys cannot tell me a reason by today, I will definitely not be polite with you guys!"

Shangguan Cheng Ya stared at the dignified elderly from the Hunting Tiger Tribe and the High Elder from the Mighty Bear Tribe with an appearance of denouncing their crimes publicly and vowing not to give up while the aura on her body slightly fluctuated, indistinctly causing the atmosphere in the entire square to also tensed up.

"Grandma Shangguan, this"

Su Yi was so surprised that his jaw almost fell. He did not expect that the kind and gentle Grandma Shangguan to actually have this side of her.

Seeing the elderly's reaction of the Hunting Tiger Tribe and the Mighty Bear Tribe, they were seemingly very dreadful and afraid of Shangguan Cheng Ya.

At this moment, Shangguan Xi Wei, Shangguan Chen Feng, and the rest of the younger generation were also absolutely dumbfounded.

They had also never seen this side of the village head granny.

"Cheng Ya, this indeed somewhat does not conform with the rules."

The dignified elderly of the Hunting Tiger Tribe felt very helpless with an expression as though he wanted to cry, yet there were no tears, along with a feeling like a scholar was always wrong when he was in front of a soldier.

"You can acknowledge him as your grandson, but challenging on behalf of the Ancient Spirit Village, this there is no such precedent!"

The High Elder of the Mighty Bear Tribe felt very gloomy and somewhat afraid. After so many years, Shangguan Cheng Ya's hot temper did not seem to have changed.

Most importantly, he knew distinctly that Shangguan Cheng Ya's might, was unquestionably not to be trifled.

"Okay, I will also not make things difficult for you guys, since there is truly no precedent case, but the ancestor's rule did not say anything about it too."

As she watched the two elderly's reaction, the aura on Shangguan Cheng Ya's body slightly became calmer as she said: "Why not like this, Yi Su, is now regarded as one of my Ancient Spirit Village people, so he naturally has the qualification to challenge. However, there is no precedent case, so my Ancient Spirit Village will take out some items. If Yi Su failed his challenge, then for one hundred years, the Ancient Spirit Village will not participate in the once every ten years competition. But if Yi Su wins, everything will be as per normal!"

"Not participate for one hundred years"

Listening to Shangguan Cheng Ya's words, the expressions of the entire people in the square changed.

The ones that had the hugest reaction was, of course, those strong elderly cultivators of the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe.

They distinctively knew what it meant for the Ancient Spirit Village to not participate for one hundred years.

Not participating for one hundred years meant that the differences between the Ancient Spirit Village with the Hunting Tiger Tribe and the Mighty Bear Tribe would get further and further away.

The Ancient Spirit Village not participating for one hundred years also meant that for the next one hundred years, the Hunting Tiger Tribe and the Mighty Bear Tribe would lose a giant competitor.

In the future, for every ten years, the Hunting Tiger Tribe and the Mighty Bear Tribe only had to deal with one competitor, which widely increased their chances to win.

"Grandma Shangguan"

Su Yi was also shocked. If he lost, the Ancient Spirit Village would not participate for one hundred years. The price to pay was too huge as this was betting on the future of the entire Ancient Spirit Village.

"No need for any more words. Grandma believes in you."

Shangguan Cheng Ya's gaze trembled and shot Su Yi a slight smile as her eyes recovered back her kindness.

"But"

In Su Yi's heart, he was, on the contrary, not afraid that he could not defeat Xiong Zhan and the Scarlet Searing Raging Bear, only that this bet was absolutely too big which also meant responsibility while the entire future of the Ancient Spirit Village unmistakably fell onto his shoulders.

"Can it be that you are afraid? Afraid that you cannot defeat Xiong Zhan? If you are afraid because of this, then how can you be a strong cultivator in the future?"

Shangguan Cheng Ya stared at Su Yi and interrupted his words. In her kind gaze, there was some strictness.

...

Chapter 252: Why Should I Be Afraid?!

We are paying our readers now! Look at this page for more information.

Looking at Shangguan Cheng Ya, Su Yi's pupils slightly shrank.

It was only just a Yuan Xuan Realm Seventh Grade, so what was there to be afraid? Su Yi was also already at the Yuan Xuan Realm Sixth Grade, and from the beginning, he had never once been frightened. He was only worried that the responsibility was too huge.

Although Xiong Zhan should be slightly older than him, he was also considered the same generation as him. If he could not even win against someone from the same generation, then he should not talk about stepping into the Sacred Mountain, such a colossal, in the future.

"Why should I be afraid?!"

Su Yi exclaimed as he nodded his head. In his eyes, there was also a battle intent surging. From the day he started cultivating till now, Xiong Zhan was also the most powerful person in the same generation that he had ever met.

"Good, that is more like it."

A smile spread on Shangguan Cheng Ya's face. Then, she turned her head around and glanced at the dignified elderly from the Hunting Tiger Tribe and the High Elder from the Mighty Bear Tribe, saying: "I think the Hunting Tiger Tribe and the Mighty Bear Tribe shouldn't have a problem now right?"

"Of course, Yi Su is also regarded as the people of the Ancient Spirit Village. Then it will be like this. But, if Yi Su is defeated, then within one hundred years time, the Ancient Spirit Village will not participate in the once every ten years competition."

After the dignified elderly from the Hunting Tiger Tribe discussed with a few elderly that appeared like an elder, he nodded his head and replied.

Obviously, these elders from the Hunting Tiger Tribe were initially a little afraid of Shangguan Cheng Ya. But, adding on that the Ancient Spirit Village will not participate in the competition for one hundred years, this brought benefits and no harm to the Hunting Tiger Tribe.

Even if the Ancient Spirit Village won, the Hunting Tiger Tribe also did not have any losses.

"Xiong Zhan, what is your opinion?"

The High Elder of the Mighty Bear Tribe lifted his head and looked at Xiong Zhan in the arena. To be safe, he still needed to ask for Xiong Zhan's opinion.

"Based on his strength, he does not have the qualifications to challenge me, but I am willing to give him this chance!"

Xiong Zhan had an ugly expression as he, had been ignored.

When that brat came to the arena, he did not seem to have placed him on his heart.

However, feeling the aura on this Yi Su's body before him, it did not appear to be on par as his. He initially also wanted to seek a chance to take revenge for his younger brother, Xiong Lie's severe injuries, so Xiong Zhan would naturally not let go of this chance.

Glancing at Su Yi, Xiong Zhan continued word by word with a cold expression as he said: "No need for my mount to attack, I, alone will be enough!"

"They are going to battle!"

"Yi Su versus Xiong Zhan. I wonder who will win and who will lose!"

"That Yi Su does not appear to be old. Does he really have the strength to contend against Xiong Zhan and his mount?"

"The Ancient Spirit Village's bet this time is not small!"

The surrounding strong cultivators of the Hunting Tiger Tribe and the Mighty Bear Tribe started to discuss softly as the bet was not small.

No one doubted on Xiong Zhan's words, and no one thought that Xiong Zhan was arrogant.

Based on Xiong Zhan's gifted talent, it had been a long time that such a talented person had emerged.

"Okay, as promised, the Ancient Spirit Village will need to defeat Xiong Zhan and his mount at the same time!"

The High Elder of the Mighty Bear Tribe glanced at Shangguan Cheng Ya and gritted his teeth. He knew that he had no choice but to agree while he also believed in Xiong Zhan's strength.

That brat that came from the outside seemed a little mysterious, but no one in the Mighty Bear Tribe believed that he had the strength to defeat the Scarlet Searing Raging Bear. Moreover, he had to fight the Scarlet Searing Raging Bear with Xiong Zhan around. That was definitely an impossible feat.

"Of course, every word of this old lady has always carried weight!"

Shangguan Cheng Ya nodded her head and looked at Su Yi with a smile on her rosy cheeks, saying:
"Go, just do your best!"

When the words landed, Shangguan Cheng Ya's foot stepped forward. Her footsteps were evidently soft and slow, yet her figure flashed while that slightly hunched body was already in the Ancient Spirit Village's lineup.

"What a fast speed. It seems a little similar to Shrink The Earth Into Inches"

Su Yi's eyes moved. The village head's speed caused Su Yi to be in thought as it seemed a little similar to Shrink The Earth Into Inches of the Hundred Transformation Steps.

Only, when it was cast, by the village head, Shangguan Cheng Ya, it was this terrifying.

"Xiong Zhan, battle according to the rules!"

Following as Shangguan Cheng Ya got off the arena, the High Elder of Mighty Bear Tribe also spoke.

However, there were hidden meanings in the High Elder's words. He was reminding Xiong Zhan not to be careless, and the interpretation of according to the rule meant that he must join hands together with the Scarlet Searing Raging Bear.

"Yes, High Elder!"

On the back of the Scarlet Searing Raging Bear, Xiong Zhan bowed down and nodded his head.

"After discussion, the final decision is that Yi Su has the qualification to challenge. The rules are as per normal, no attacking too severely on purpose while Yi Su must challenge both Xiong Zhan and his mount, the Scarlet Searing Raging Bear at the same time. The final winner will also be the winner of this competition. Do you guys understand?"

The elderly from the Mighty Bear Tribe that has been hosting the competition once again spoke. His tone, was calmed, yet it resounded in the entire square. His gaze intentionally and unintentionally kept sizing up Su Yi from afar.

"Understood!"

Su Yi and Xiong Zhan nodded their heads at the same time.

"Then, I will now declare that your battle starts now!"

The tone of the elderly became slightly heavier, and his voice resounded in the square.

"Boom!"

Following as the elderly declared the start of the battle, the auras in the entire square also unknowingly trembled.

"Sha sha"

All of a sudden, the surrounding gazes in the square unitedly 'sha sha' landed onto both Su Yi and Xiong Zhan.

"This is the first challenge!"

There were gazes filled with anticipation, and nervousness especially, the people from the Ancient Spirit Village as they held their breaths, and watched. Not mentioning Shangguan Chen Feng and the rest of the youngsters, even some middle-aged people were also nervously clenching their fists tightly.

It must be known that this battle concerned the future of the Ancient Spirit Village as it was a grand gamble.

"Humph, just that brat, and he actually want to challenge Brother Xiong Zhan and the Scarlet Searing Raging Bear. He is seeking for humiliation!"

"Overestimating his ability!"

In the Mighty Bear Tribe, many people did not mind as their gazes watched Su Yi from afar with ridicule and disdain.

Ignoring the surrounding gazes, Su Yi, Xiong Zhan, and that Scarlet Searing Raging Bear glanced at each other from afar.

At the moment, the battle intent was brewing and boiling inside the two youngsters' chests.

"Howl!"

The bell-like eyes of the Scarlet Searing Raging Bear glared at Su Yi on high ground with fierce splendor glow. With one howl, the airwaves shook the surrounding air and assaulted towards Su Yi, causing the dust at the arena around Su Yi to fly while his robe fluttered.

But, Su Yi stood unwavering that even his eyes had not blinked once.

"Brat, I have to say that you are notably brave, however, sometimes bravery is useless!"

Xiong Zhan looked at Su Yi while the armor on his body glowed with dark black earth element Yuan Qi moving, emitting a frantic aura that seemingly had a connection to his cultivation technique, revealing some overbearing and bravery.

Towards Xiong Zhan's words, there were no fluctuations on Su Yi's face as he faintly glanced at Xiong Zhan, who was on the shoulder of the Scarlet Searing Raging Bear while he said: "Just attack together. I hope that you are slightly stronger than your younger brother. Otherwise, I will be a little disappointed!"

"Yi Su, this brat. He is really"

Listening to Yi Su's words, some of the strong elderly cultivators in the Ancient Spirit Village glanced at each other. This brat was truly arrogant. Could it be that he was really unafraid of Xiong Zhan?

It must be known that there must be no mistakes as the entire hope of the Ancient Spirit Village depended on this brat.

...

Chapter 253: Mightily Overturned!

We are paying our readers now! Look at this page for more information.

"Brat, you indeed have courage!"

Listening to Su Yi's words, Xiong Zhan's complexion abruptly sunk as Su Yi had touched his reverse scale, daring to mention about his younger brother.

The aura on his body surged with dark black Yuan Qi glow overflowing from Xiong Zhan's body.

All of a sudden, the formerly atmosphere at swords' points abruptly tensed up.

"No need for joining hands. My mount is enough to pummel you under its foot!"

Following as the last word fell from Xiong Zhan's mouth, his foot stepped onto the shoulder of the Scarlet Searing Raging Bear as he waved his hand, pointing at Su Yi with a gaze looking down on him along with disdain and arrogant!

"Howl!"

Beast roared like thunder as the Scarlet Searing Raging Bear howled. It instantly attacked with a scarlet glow abruptly erupting out like the waves. The aura was scorching hot and frantic as it lifted its giant foot and directly stomped towards Su Yi.

The foot stomped out with might and unreasonable arrogance!

As it was looking down on Su Yi.

The Scarlet Searing Raging Bear listened to Xiong Zhan's word and was going to trample Su Yi under its foot with such a humiliating method to entirely defeat its opponent.

The Scarlet Searing Raging Bear attacked. The aura of Demonic Xuan Realm Seventh Grade on its body swept out without any reservation along with a raging wind that caused the flagstones on the surrounding arena, starting to lift as rocks flew.

"Boom!"

The giant bear foot stomped down and instantly landed towards Su Yi's head.

Under the bear foot, there was a brilliant scarlet glow as though there was a naked flame whistling, trying to crush everything under its foot into powder. It was remarkably mighty and terrifying!

With such foot, it had also made Su Yi furious.

His gaze sunk, and Yuan Qi gushed out from within his body. Su Yi's head full of black hair flew back as he shook his arm. His five fingers tightly clenched into a fist as the fist abruptly detonated towards the sky.

Without retreating and instead, going forward, Su Yi's fist toughly contended against the foot of the Scarlet Searing Raging Bear.

"Wow"

Looking at Su Yi's action, the entire square was in an uproar as he actually planned to contend toughly against a Scarlet Searing Raging Bear in the Demonic Xuan Realm Seventh Grade that was using its full force.

Some people watched with bated breaths.

While some people were in great terror.

Many people couldn't help but suck in a cold breath for Su Yi, as they were worried that he would be stomped into meat paste by the foot.

In comparison, Su Yi's entire person appeared tiny to the foot of the Scarlet Searing Raging Bear. Furthermore, it was a fist. Compared to the foot, it was almost negligible.

There were even some people that involuntarily shut their eyes tightly, not daring to watch as they were afraid to see Su Yi got stomped into a gory meat paste.

"Boom!"

A fist and a foot collided, abruptly letting out a sound like an explosion with airwaves sweeping all around.

"Eh"

Somebody found it weird as it did not appear like what they had expected that Su Yi would be, stomped into a meat paste.

From the naked eyes, on the arena, that clean and skinny, yet upright figure lifted the giant foot of the Scarlet Searing Raging Bear with one hand while his entire body, was covered with Yuan Qi light shield that emitted a faint crimson glow. Under the foot, the ground of the arena cracked, but he had evidently lifted the foot of the Scarlet Searing Raging Bear up, making it unable to continue stomping down any further.

Such a scene made people marveled as many of them could not believe it.

"Presumptuous foul beast!"

While the entire square was stunned, an unusual battle intent gushed in Su Yi's sterned eyes as a black Yuan Qi surged on his fist. The moment his fist retracted and pushed out, a mighty and raging force once again directly detonated out.

"Bang!"

An energy explosion sound like a frightening thunder rang out. The fearsome eyes of the Scarlet Searing Raging Bear abruptly trembled as its giant foot, was directly raised up while its massive body staggered. It totally did not have the time to maneuver before it was flown away with its head down.

At this moment, Xiong Zhan, who initially thought that it was enough to crush his opponent under the foot, drastically changed his complexion while Yuan Qi swept out under his feet as he scurrying jumped down from the shoulder of the Scarlet Searing Raging Bear.

"Pat pat"

As he wanted to avoid the falling Scarlet Searing Raging Bear, Xiong Zhan's foot kept scraping against the ground as he directly retreated staggeringly while his complexion shockingly changed.

"Howl!"

"Bang"

With a screaming roar, the massive body of the Scarlet Searing Raging Bear harshly flew and fell onto the square harshly.

"Ka ka"

The place where the Scarlet Searing Raging Bear landed cracked while its hideous mouth spurted out blood.

The foot that stomped towards Su Yi appeared as though it got blown up with blood dripping out from the cracks.

The entire square was in an uproar as they were astounded!

Within the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe, even the seated elderly and strong cultivators abruptly stood up.

Looking at the Scarlet Searing Raging Bear on the floor, all of the onlookers glanced at each other.

Even if Shangguan Yan, Shangguan Xi Wei, and the rest that already knew of Su Yi's strength, their entire bodies uncontrollably shivered.

That was a Scarlet Searing Raging Bear in the Demonic Xuan Realm Seventh Grade that even a typical cultivator in the Yuan Xuan Realm Seventh Grade would find it tough to handle.

However, right now, in just one move, the Scarlet Searing Raging Bear got severely wounded and blown away.

At this moment, even the formerly disdained and arrogant Xiong Zhan's eyes had drastically changed.

As he was previously on the back of the Scarlet Searing Raging Bear, he could feel it the most. That fist previously, contained an exceptionally mighty and frightening power as if it was assaulting layer by layer continuously and endlessly.

That fist was remarkably strange as it contained many different types of forces. Perhaps hard, perhaps gentle, perhaps hard but gentle, perhaps gentle but hard, perhaps going horizontally, perhaps going vertically, perhaps retracting

The Scarlet Searing Raging Bear entirely could not withstand that force that flowed endlessly as it instantly got blown away and severely wounded.

"Your turn!"

After blasting away the Scarlet Searing Raging Bear in one punch, Su Yi did not stop.

It was also within Su Yi's expectation that the Scarlet Searing Raging Bear, would be blown away.

Although the Scarlet Searing Raging Bear was mighty, it was also not the opponent of the Splitting Rock Demonic Tiger in the peak of Demonic Xuan Realm Ninth Grade.

Even though Su Yi did not use his hidden cards, with the Seven Injuries Fist going all out, it was enough to knock down the Scarlet Searing Raging Bear.

"Pu!"

When his words landed, Su Yi's foot stepped onto the ground, and his figure abruptly swept out, heading towards Xiong Zhan.

"Boom!"

The moment he saw Su Yi's figure sweeping out, the shocked Xiong Zhan quickly came back to senses while the aura on his body instantly climbed to the peak and the initial earth element Yuan Qi abruptly switched into fire element Yuan Qi.

"Mighty Desolate Verse, Scarlet Ancient Seal!"

A deep cry rang out from Xiong Zhan's mouth, along with fire element Yuan Qi surging out. All of a sudden, scorching Yuan Qi was whirling out from his palm with a whistling sound like the wave that lastly converged together as though infinite flames had gathered together to form a small sea of fire.

The aura of the glistening hand seal was frighteningly hot, burning the air along with a trace of an ancient pressure sweeping out.

"Scarlet Ancient Seal, this is the hidden card of Xiong Zhan!"

"This Scarlet Ancient Seal was the ultimate technique of the Mighty Desolate Verse that even Xiong Lie has yet to cultivate it successfully. In the entire younger generation of the Mighty Bear Tribe, only Xiong Zhan alone has cultivated it successfully!"

"Rumour has it that this Scarlet Ancient Seal, was impossible to cultivate successfully for those that had not reached the Yuan Spirit Realm. To think that Xiong Zhan has cultivated it. How frightening is his talent!"

When such a hand seal condensed within Xiong Zhan's hand, the faces of the strong elderly cultivators in the entire square changed.

That was the ultimate technique of the Mighty Bear TribeMighty Desolate Versewhich was incomparably powerful. To think that Xiong Zhan had actually cultivated it successfully.

Outside the square, the gazes of Shangguan Cheng Feng and Hu Chi trembled.

That was the real might of Xiong Zhan. They then asked themselves and knew that they could not contend against it.

Especially Hu Chi. He knew even distinctively in his heart that if Xiong Zhan had previously used this Scarlet Ancient Seal, his condition now would be much worse.

...

Chapter 254: The Strongest Duel!

We are paying our readers now! Look at this page for more information.

Xiong Zhan's mighty and powerful punch also abruptly caused Su Yi to lift his head and looked.

However, such a mighty and powerful punch made the battle intent in Su Yi's heart to boil even more.

When glancing at the fist like a small sea of fire, Su Yi's eyes also abruptly gushed out with a glimmer like the crimson flames as Yuan Qi traversed in his meridians and then converged onto his right fist.

"Rumble rumble!"

All of a sudden, when Su Yi shook his arm, the glow on his right fist became brilliant, as though inflated along with a clear wind and thunder ranging through like a thunderclap rumbling!

At this instant, there was a feeling from Su Yi's body as if a king had awoken to descend, producing a tremendous pressure that swept out.

"Howl"

At the moment, in the canyon, the surrounding beasts appeared to feel something as they kept howling while their entire bodies shivered.

Such frightening mighty pressure swept through and spread in the square.

The ones who felt this pressure first were those seated elderly and strong cultivators of the Hunting Tiger Tribe, Mighty Bear Tribe, and the Ancient Spirit Village.

At the moment, their complexions had some changes.

A series of gazes almost at the same time, unitedly landed onto Su Yi as they stared at him.

These elderly and strong cultivators felt that the source of the frightening might precisely came from the young man called Yi Su, who came from the outside.

They could feel that currently, the aura on that young man was seemingly not as strong as Xiong Zhan's aura, yet indistinctively, it was much mightier by many times.

It was like a young wolf and a young tiger. Not mentioning about their battle strength, the momentum of the young tiger was naturally much stronger with a natural-born presence of a king of the beasts.

"This martial art technique is not simple!"

There were strong elderly cultivators glancing at each other as their throats were boiling hot, feeling that the aura on that young man who came from the outside was too overly mighty.

"This martial art technique is most probably at least in Emperor Grade, right?"

A strong cultivator exclaimed as the aura presently on that young man, Yi Su, might be because he had most probably used an Emperor Grade and above martial art technique.

"The techniques of the young man were incomparably odd. Most likely, all of them are Emperor Grades, while this martial art technique has definitely surpassed Emperor Grade!"

A strong cultivator's eyes were vicious as he could see that the techniques Su Yi used were already exceptional while this fist martial art technique had definitely surpassed an Emperor Grade.

"That aura might be from his cultivation technique and not his martial art technique. That young man is, after all, only in the Yuan Xuan Realm. The people that can cultivate King Grade martial techniques are already extraordinary, while those that can cultivate Emperor Grade martial techniques are already destined to be a genius and not a human. If it is a stronger martial art technique, it is impossible to cultivate it successfully."

An elderly shockingly exclaimed as he had seen through the signs.

A young man in the Yuan Xuan Realm, even if his talent was powerful, to be able to cultivate an Emperor Grade martial techniques were already a miracle.

Even if a Yuan Xuan Realm cultivator could cultivate an Emperor Grade martial art technique, it was also hard to cast the real might of the Emperor Grade martial art technique, while on the contrary, the consumption would be enormous, and the might would not be enough leading to the martial art technique not as powerful as the lower grades sometimes.

As for the higher grades martial art technique, it was impossible for a Yuan Xuan Realm cultivator to cultivate it successfully.

Therefore, the frightening aura on that young man currently might have a connection to his cultivation technique.

It was a long story, but the speed in the arena was akin to lightning.

When Su Yi's fist punched out, the surrounding heaven and earth energy were presently fluctuating.

Strands of real-like heaven and earth energy suddenly seeped out from the empty space and converged onto Su Yi's fist.

"Gulp gulp"

In the square, when Hu Chi and Shangguan Chen Feng saw Su Yi had wounded the Scarlet Searing Raging Bear severely in one punch, they were already dumbfounded.

At this instant, even from afar, they could also feel the terrifying might rising once again on Su Yi's body as they sucked in a cold breath.

Both of them could feel that the current fist of the young man that came from the outside, was much more terrifying than the earlier fist.

The might that spread from afar had already made their hearts unknowingly turned cold.

Su Yi currently, naturally did not know that when he initiated the Overlord's Fist, it had already caused the surrounding people to be very astounded.

At the moment, he was only staring closely at Xiong Zhan's fist. The Overlord's Fist simultaneously emitted an intense crimson glow like the sun, which made it hard for people to look directly on it as it harshly clashed over.

Xiong Zhan was incredibly powerful, the most powerful person in the same generation that Su Yi had ever met.

However, his Yuan Xuan Realm Seventh Grade had never once make Su Yi nervous. Instead, it had incited the battle intent and blood in his heart. If he could not even defeat Xiong Zhan, who was in front of him, then he should not talk about stepping into that dominating and tall, Sacred Mountain.

Under the watchful gaze from the surrounding thousands of people, the two fists harshly collided.

There were no fanciful techniques while it was the most direct collision.

The moment the two fists clashed, the space abruptly quivered while the surrounding air was as though a bomb was thrown into the peaceful water, which suddenly detonated with monstrous airwaves.

"Ka ka.."

With the two people as the center, the floor of the surrounding arena had lines of cracks rapidly extending, while along the way, crushed rocks, were directly turned into powder under the series of astounded gazes.

The two fists collided, with two traces of red glows respectively breaking forth.

The scarlet glow on Xiong Zhan's fist was like the incomparably scorching flames.

Whereas the glow on Su Yi's fist, was brilliantly crimson that was overbearing and destructive.

The glows broke forth with a raging wind sweeping through as the arena kept cracking with monstrous airwaves in the space.

This horrifying destructive power caused the surrounding onlookers to be perplexed and filled with shock.

The battle between the two young men in the Yuan Xuan Realm had actually stirred up such a horrifying might. How frightening!

"The difference is too huge!"

Some of the youngsters in the same generation glanced at the two young men in the arena while their hearts secretly trembled and turned cold as they deemed that they did not even have the qualifications to touch them.

They were similarly in the younger generation, yet the difference between them was too huge.

This sort of difference was not purely on the cultivation levels, but more on the charisma and might on them presently!

Within the thousands of shocked gazes, the two fists were like two meteorites colliding.

Under such horrifying destructive power and might, everyone involuntarily watched with bated breaths.

It was unknown that under such terrifying confrontation, who would become the final winner.

Everything happened quickly. In the eruption of glows, the two fists collided and were only in a short stalemate. Afterward, under the stares of the people, the space between the two fists was like boiling water vigorously fluctuating as it stormingly swelled and then finally directly exploded.

Bang bang bang"

Continuous explosion sounds rang out with blinding crimson glow charging straightly to the sky while the surrounding frantic raging wind swept out from the arena as though forming into a hurricane, causing the square to shake.

"Retreat"

At the surrounding square, some younger generations subconsciously secretly retreated as that spreading energy of raging wind made them afraid.

"Pu chi"

Under all of the gazes that watched with bated breaths, a muscular figure directly flown out along with blood spurting out from his mouth. Within the energy glow, that body only crashed onto the ground after several zhang, crushing the surrounding arena.

...

Chapter 255: The Raging Transformation Of The Scarlet Searing Raging Bear!

We are paying our readers now! Look at this page for more information.

Obviously, the body that flown out was Xiong Zhan.

Everyone was dumbfounded.

Xiong Zhan, who defeated Hu Chi, such a strong cultivator with one punch, was now also defeated with the same method.

Adding on to his beast mount, Xiong Zhan had undoubtedly lost even more miserably!

The strong cultivators and the elderly of the Mighty Bear Tribe had already stood up, looking at Xiong Zhan in the arena, who got blown away. Their expressions were sluggish as they could not believe in it.

"Yuan Xuan Realm Sixth Grade against Xiong Zhan's Yuan Xuan Realm Seventh Grade. How is this possible?!"

A strong cultivator from the Mighty Bear Tribe spoke with a pale complexion.

At this moment, everyone could feel that the young man who came from the outside, only had an undisguised aura of the Yuan Xuan Realm Sixth Grade, yet he could actually severely injure Xiong Zhan in the Yuan Xuan Realm Seventh Grade with one move. How could they believe in something like this?

"Pu chi"

Xiong Zhan, who crashed onto the ground, climbed up while the corner of his mouth once again spilled out blood. His fist was a little smashed and was dripping blood.

The armor on his body had dimmed a lot while his complexion was horribly white with disheveled hair, appearing very miserable.

As he looked at Su Yi, the shock in Xiong Zhan's eyes was much stronger than anyone in the square.

He was in the Yuan Xuan Realm Seventh Grade and had cultivated the Mighty Desolate Verse with a technique that fortified his physique. Even on the same cultivation level, he could also sweep away any opponent.

Furthermore, that young man who came from the outside, presently only had the aura in the cultivation of Yuan Xuan Realm Sixth Grade on his body.

Xiong Zhan's gaze was somewhat shocked into sluggish and was in a daze.

Mightily defeating Hu Chi and sweeping his opponent, he initially thought that he was the number one person in the same generation, yet the sudden changes made Xiong Zhan unable to react over as he found it hard to accept.

Su Yi looked at Xiong Zhan while his eyes still had the faint crimson glow.

"You"

Su Yi glanced at Xiong Zhan and spoke. All of a sudden, his back unknowingly shivered and he subconsciously turned around, only to see a massive object standing up with fearsome glowing eyes that were looking down at him.

"Howl!"

Beast roared like thunder. At this instant, the fallen Scarlet Searing Raging Bear had stood up.

For an unknown reason, the wounds on the Scarlet Searing Raging Bear's foot glowed with a scarlet light and recovered its wounds at a speed that could be seen with the naked eyes.

The wilted aura on its body was also escalating.

The aura had escalated so quickly that it spurred on a sort of heaven and earth energy into fluctuating, causing the outer of the Scarlet Searing Raging Bear to be, covered in a scarlet light that was brilliant and blinding.

"This is"

Su Yi's eyes trembled as he could feel that the previously still severely wounded with a wilted aura, Scarlet Searing Raging Bear had seemingly recovered in a blink of an eye and was speedily escalating as though it was going to breakthrough.

"This is"

Within the Mighty Bear Tribe, the gazes of those elderly and strong cultivators suddenly moved to the body of the Scarlet Searing Raging Bear. In their stunned expression, their shocked gazes immediately gushed with joy.

"The Scarlet Searing Raging Bear is undergoing a raging transformation, inciting that great benefit. It is forcefully breaking through!"

There was light fluctuating in the High Elder's eyes of the Mighty Bear Tribe, while people could tell that his heart was surging extremely.

"There is a chance. We still have a chance. The Scarlet Searing Raging Bear is undergoing a raging transformation, inciting that great benefit!"

A strong cultivator started to become anxious and excited. After seeing Xiong Zhan got blown away and severely wounded by one punch, the formerly feeling as though dropped from the heaven to the bottom of the ground, had now once again gushed with excitement.

They knew precisely that inside the Scarlet Searing Raging Bear's body, it still contained that powerful energy.

Presently, the Scarlet Searing Raging Bear that was undergoing a raging transformation seemed to have incited that great benefit. Hence, the outcome now was different as the Mighty Bear Tribe still had a hope of winning.

"The Scarlet Searing Raging Bear has undergone the raging transformation!"

"A Scarlet Searing Raging Bear after the raging transformation is the scariest!"

On the square, the commotions of the Scarlet Searing Raging Bear also instantly attracted everyone's gaze while someone shockingly shouted.

Everybody knew that the Scarlet Searing Raging Bear was incredibly powerful.

However, what made people truly daunting of the Scarlet Searing Raging Bear was its unique talent for undergoing a raging transformation.

Rumors had it that after the Scarlet Searing Raging Bear had undergone the raging transformation, its battle strength would stormily increase by numerous times.

It was, reported that after a Scarlet Searing Raging Bear had undergone the raging transformation, it could surpass and contend against its opponent.

"Something doesn't seem right. The raging transformation of this Scarlet Searing Raging Bear appears a little different!"

In the Hunting Tiger Tribe, Hu Ben, the dignified elderly and the rest of the elderly and strong cultivators all revealed astonished expressions.

With their cultivations and eyesight, they could naturally sense that currently, the aura on the Scarlet Searing Raging Bear was extremely abnormal.

"Boom!"

On top of the square, a scarlet light charged through the clouds as the aura of the Scarlet Searing Raging Bear exploded. The scorching aura was like a flash flood breaking out along with a 'rumbling' sound, surging turbulently.

"Howl!"

On the frightening scarlet light, it faintly revealed an even bigger shadow of a several hundred meters tall Scarlet Searing Raging Bear. The howl was like thunder as it quivered the entire square, further unveiling the descending of a massive beast's might.

"Howl"

Such beast's might caused the surrounding beasts mounts in the square to shiver and howl while revealing expressions of fear.

"Demonic Xuan Realm Eighth Grade. No, this is not normal!"

The seated elderly, Shangguan Qing Ming and the rest of the strong cultivators of the Ancient Spirit Village, also stood up as they felt that something was odd.

No matter what, a Scarlet Searing Raging Bear after the raging transformation also could not directly breakthrough right under their eyes.

"High Elder, has this Scarlet Searing Raging Bear taken the blood essence that is left behind by that old bear of your Mighty Bear Tribe?"

The gaze of Shangguan Cheng Ya directly glanced at the High Elder of the Mighty Bear Tribe from the body of the Scarlet Searing Raging Bear.

"Good eyesight. That's correct."

The High Elder of the Mighty Bear Tribe nodded his head as there was nothing to hide. With a slight smile on his face, he said to Shangguan Cheng Ya: "I don't think that there is anything that doesn't conform with the rules, right?"

"Your Mighty Bear Tribe is so generous!"

The appearance of Shangguan Cheng Ya, was calmed, yet anybody could tell that her expression started to reveal some imposingness.

"As expected, it is the blood essence of that old bear!"

The expression of an elderly in the Ancient Spirit Village moved as he had guessed correctly from the start as there was a Scarlet Searing Raging Bear in the Demonic Emperor Realm in the Mighty Bear Tribe that had died of old age.

If that Scarlet Searing Raging Bear could leave behind its blood essence, it would be enough to utterly make a second Scarlet Searing Raging Bear in the Demonic Emperor Realm.

After gaining the blood essence of the Scarlet Searing Raging Bear in the Demonic Emperor Realm, this small Scarlet Searing Raging Bear would become even more mighty in the future.

And right now, the commotions on the body of the Scarlet Searing Raging Bear clearly had a connection to that Scarlet Searing Raging Bear in the Demonic Emperor Realm.

"Demonic Xuan Realm Eighth Grade. What a strong aura!"

In the square, presently, the one that could distinctly feel the strong beast's might was still Su Yi, who was the closest to it. In only a short time, he had watched the Scarlet Searing Raging Bear directly escalated into the Demonic Xuan Realm Eighth Grade under his eyes, forcefully breaking through one grade.

What made Su Yi even more shocked was that currently, the aura on the Scarlet Searing Raging Bear was remarkably strange.

Especially, its body had condensed a looming shadow of a Scarlet Searing Raging Bear that was incomparably huge with splendor beast's might that could seemingly resist against the aura of the Supreme Chaotic Yuan Technique on his body which was extremely abnormal.

"Howl!"

The Scarlet Searing Raging Bear attacked. The aura on its body was still escalating as it directly attacked Su Yi. Its eyes were scarlet while the aura on its body was frantic as its giant bear paw directly smacked towards Su Yi.

The bear paw buckled down with raging wind assaulting. The floor of the arena quivered as the momentum was so outrageous with scarlet light fluctuating and whistling, trying to submerge Su Yi.

...

Chapter 256: Going To Risk It!

The might of this Scarlet Searing Raging Bear was much stronger than before by numerous times.

Even though the difference between Demonic Xuan Realm Seventh Grade and Demonic Xuan Realm Eighth Grade appeared to be only one small grade, the actual difference was huge. For ordinary people, it was a distance that could not be, crossed.

"Hundred Transformation Steps!"

Su Yi's figure moved. Presently, the Scarlet Searing Raging Bear was very strange with turbulent aura, so Su Yi did not want to be rushed.

Yuan Qi swept out from under his feet as the Hundred Transformation Steps treaded out. His figure speedily moved akin to lightning with many changes, directly charging out from the energy glow that was going to submerge him.

"Ka ka"

At the place where Su Yi previously stood, the surrounding ground, was cracked as rocks shattered into powder and dust flew around, causing Su Yi's figure to appear as though charging out from rubble.

The glow on his body surged, and Su Yi was, enveloped in a crimson light.

Right now, Su Yi also did not dare to be careless as this concerned the entire future of the Ancient Spirit Village for the next one hundred years while the Supreme Chaotic Yuan Technique circulated.

Only at the moment, the aura of the Supreme Chaotic Yuan Technique on Su Yi's body that could frighten the surrounding beasts mounts in the square had seemingly lost its effect on the frantic Scarlet Searing Raging Bear.

That massive looming shadow at the surrounding of the Scarlet Searing Raging Bear emitted a powerful beast's might that could as if resist against the aura of the Supreme Chaotic Yuan Technique on Su Yi's body.

As it watched Su Yi escaped from under its bear paw, the Scarlet Searing Raging Bear kept its hand while its fearsome scarlet eyes looked down on Su Yi. At this instant, its entire body glistened with a scarlet light as though emitting a type of holy radiance while its frantic aura emanated a terrifying fluctuation.

The aura of the Scarlet Searing Raging Bear was still escalating, but at the same time, it did not stop with its attacks as it stepped out with one foot along with a frightening aura like the tide while its bear paw fiercely scaled across the air and smacked towards Su Yi again.

The bear paw dived down and drew a curved in the air as though wanting to directly seized Su Yi into its palm.

"Crimson Flame Palm, explode!"

Su Yi's eyes sank as it was also not a way by avoiding it while he prepared to contend toughly against it and probe. His head full of black hair flew while the Crimson Flame Palm directly shot out and toughly fight with it!

"Bang!"

The very contradictory giant palm and the small fist collided together, letting out a shocking explosion sound with a loud blast like the frightening thunder.

"Pat pat!"

The Scarlet Searing Raging Bear was blown back by several steps, but this time, Su Yi was also likewise blown back as his body staggering retreated, while the places where his foot had landed would crack. At the last few steps, his foot swiveled, gently tapping on the ground with force to

unload the power. That was the 'unload' method of the Hundred Transformation Steps, which then stabilized his body.

Su Yi was super surprised. The Scarlet Searing Raging Bear seemed to be still continuing to strengthen while it added a sort of an incomparable frantic momentum to it.

However, Su Yi was not afraid as he could already handle a Splitting Rock Demonic Tiger in the peak of Demonic Xuan Realm Ninth Grade, whereas this Scarlet Searing Raging Bear was still in the Demonic Xuan Realm Eighth Grade currently.

The Scarlet Searing Raging Bear, was blown back, but in its scarlet eyes, there were no fluctuations of shock. Instead, it became even more frantic.

The pair of fearsome eyes kept letting out scarlet light as the glow in the eyes of the Scarlet Searing Raging Bear seemingly transformed into two red thunderbolt-like electric awns. Its massive body once again leaped out while it lifted its giant bear paw and grabbed towards Su Yi.

"Getting impatient, is it?!"

Su Yi's complexion sank, and he charged out again. Hand seals kept condensing in his hands as he once again confronted it.

Even though the martial art techniques that Su Yi cultivated, were not many, only those few types.

However, as he reached till this point now, and adding onto the Hundred Transformation Steps, he could easily counter against anyone.

A human and a bear kept confronting each other under the shocked gazes of the entire square as they watched fixedly. The two of them made the whole square glowed brilliantly with energy raging wind intertwining while the sand flew, and rocks rolled everywhere as sound waves kept rumbling non-stop.

In an instant, both parties had already toughly contended with each other for more than ten times.

But, the strangest thing happened. In the beginning, Su Yi still seemingly had a slight advantage, but after more than ten clashes, the Scarlet Searing Raging Bear was getting more and more mighty.

Adding onto the blessing of the beast's might of the shadow on the Scarlet Searing Raging Bear and that weird frantic power, it as though was not afraid of death which caused Su Yi to be, gradually suppressed until a disadvantageous position.

Su Yi had killed a Splitting Rock Demonic Tiger in the Demonic Xuan Realm Ninth Grade before, but that was also because he possessed the advantage of the aura of the Supreme Chaotic Yuan Technique.

Right now, the Scarlet Searing Raging Bear was very strange. The splendor beast's might of the shadow seemingly could resist against the aura of the Supreme Chaotic Yuan Technique on Su Yi's body while at the same time, its aura was still continuing to escalate.

Since Su Yi had depleted his energy when he initially used the Overlord's Fist and the first strike to wound the Scarlet Searing Raging Bear, in the long run, Su Yi was finding it harder and harder to keep up.

"Bang!"

A human and a bear clashed again. This time, Su Yi's footsteps staggered as his body once again blown back in a straight line. Blood surged in his chest while his throat felt sweet. A mouthful of blood was going to spew out but got forcefully endured.

And this time, the Scarlet Searing Raging Bear only staggered back one step and had already stabilized its body.

"Boom"

Simultaneously, the aura on the Scarlet Searing Raging Bear continued to escalate as if it had once again reached a critical point. A whiff of aura frantically surged, and after a short moment, as though it had broken through its bottleneck, it abruptly went up another grade.

"Demonic Xuan Realm Ninth Grade!"

"Oh my god, what is going on with that Scarlet Searing Raging Bear?!"

In the surrounding square, some of the people with low cultivation levels could feel that the escalating aura on the Scarlet Searing Raging Bear's body had in a short time actually jumped from the Demonic Xuan Realm Eighth Grade to the Demonic Xuan Realm Ninth Grade. Their already shocked jaws could no longer close up as they stare dumbfoundedly with mouth hanging ajar.

"Haha, the heaven is truly helping my Mighty Bear Tribe!"

In the Mighty Bear Tribe, Elder Xiong San and the rest of the strong cultivators secretly smiled. After the Scarlet Searing Raging Bear underwent the raging transformation, it could actually still spurn on this great benefit and kept breaking through. The heaven was certainly helping the Mighty Bear Tribe.

"That Scarlet Searing Raging Bear is still escalating. We are in deep trouble!"

The feelings of the strong elderly cultivators of the Ancient Spirit Village today was as though sitting in a rollercoaster as it kept fluctuating. From the start of the advantageous position, until the defeat of the Serene Void Brutal Heavenly Leopard, Shangguan Chen Feng's lost, to Su Yi severely wounded the Scarlet Searing Raging Bear and defeated Xiong Zhan in one move, it could be, said that their feelings had undulated enough.

But now, who would have thought that the Scarlet Searing Raging Bear could actually emerge with such an unforeseen event.

"This Scarlet Searing Raging Bear is still breaking through. That is cheating!"

Shangguan Qing Ming glanced at the line-up of the Mighty Bear Tribe and shouted loudly. That was equivalent to cheating, entirely unlike a typical situation.

"Shangguan Qing Ming, don't be so shameless when you guys saw that you are going to lose and want to back out. Who says that you can't breakthrough during a battle? How have we cheated? Your Ancient Spirit Village has still found an outsider to challenge on your behalf!"

Elder Xiong San responded with tit for tat. In comparison, the Ancient Spirit Village letting an outsider challenge on their behalf, was more like cheating.

Shangguan Qing Ming was a little speechless. Technically speaking, the Mighty Bear Tribe indeed had not cheated and did not breach any rules.

Shangguan Chen Feng, Shangguan Xi Wei and the rest had already watched with bated breaths, and with their hearts in their throats.

Currently, anyone could see that Su Yi's situation seemed to be getting worse.

...

Chapter 257: Getting Wounded!

Xiong Zhan had long popped a recovery elixir into his mouth and retreated far away. He did not join the battle as he looked at Su Yi and the Scarlet Searing Raging Bear in the arena while he was also powerless to retaliate. His expression at this moment was still sluggish and shocked, a little hard to accept the fact that he got defeated in one move.

"Demonic Xuan Realm Ninth Grade!"

Su Yi stabilized his body. When he saw that the aura of the Scarlet Searing Raging Bear had reached the Demonic Xuan Realm Ninth Grade, his gaze also revealed shock. This Scarlet Searing Raging Bear was continually breaking through madly.

"Looks like I must risk it today!"

However, after being shocked, his gaze revealed a flaming battle intent as he was never once afraid and directly took down the saber and sword behind his back while he inserted them into the square.

Some people did not understand his actions. From his appearance, the young man that came from the outside had weapons, yet why presently, when he had obviously gradually fallen into a disadvantageous position, he still abandoned the saber and sword behind his back?

Nobody knew that Su Yi's battle intent had truly ignited. It wasn't like he had not confronted with a beast in the Demonic Xuan Realm Ninth Grade before, while the broken sword behind his back was over 1500-kilograms. Having it on his back, whether it was speed or strength, he had always gotten restricted by the sword, which affected a lot.

"Clack clack"

When the saber and sword were off, Su Yi twisted his neck while the entire joints in his body rang out with 'clack' sounds with an indescribable relaxation.

The Scarlet Searing Raging Bear closely stared at Su Yi. At the moment, the scarlet glow in its eyes became richer while at the same time, the scarlet light on its body got even brilliant as though there were flames ragingly burning within. The massive enveloping shadow was like the king of the beasts, a demon king, looking down on Su Yi. Its aura had gotten stronger by many times than when it was at the Demonic Xuan Realm Eighth Grade.

"Howl!"

Even until this moment, the aura on the body of the Scarlet Searing Raging Bear showed no signs of stopping while it continued to pounce forward to kill Su Yi.

The bear paw smacked down with boiling scarlet glow as though flames were going to flow out while the beast's might was fierce.

"So powerful!"

In the entire square, someone unbearably shockingly shouted out. With such a powerful beast's might, they involuntarily sucked in a cold breath for Su Yi.

"Rumble rumble!"

In just an instant, the bear paw landed down, and the surrounding rocks where Su Yi was at became powder.

"Ka ka"

Lines of cracks on the ground extended everywhere rapidly while the might, shook people's souls.

However, Su Yi escaped with unbelievable speed and changes, avoiding that paw. His body maneuvered to the back of the Scarlet Searing Raging Bear as a hand seal condensed. A fist, along with a robust and arrogant might detonated out.

"Bang bang bang"

A human and a bear once again vigorously and intensely fought together while neither would give in.

The Scarlet Searing Raging Bear was fierce and frantic with vicious attacks sweeping everything.

Su Yi's figure moved swiftly with many changes, nimble speeds, along with mighty and destructive attacks.

"Not right, Yi Su's speed and power have also suddenly become much stronger!"

"Both his speed and strength have simultaneously increased when the saber and sword, are removed while his shoulder has also become slightly straighter. Looks like the saber and sword behind his back, are definitely not light!"

"It seems like that young man, Yi Su, has been training himself, fortifying his physique. That is bitterly training!"

Sensing the changes with Su Yi, the strong cultivators with vicious eyes immediately seen through the signs and were very surprised.

It turned out that the reason why that young man had always been carrying the saber and sword, not putting them into the interspatial bag, was that he was forging his body and training his physique.

Presently, when Su Yi removed the heavy load, whether it was his speed or strength, both were rising while his entire body felt relaxed. When casting the Hundred Transformation Steps, it was even quicker.

That had caused Su Yi to be still unafraid as he got braver with each battle while Yuan Qi surged through the meridians in his body explosively.

The Scarlet Searing Raging Bear roared along with boiling beast's might as it kept pouncing forward to kill Su Yi, cooperating with its naturally gifted technique while its might was incomparably frightening.

And the aura on the Scarlet Searing Raging Bear's body was still escalating.

Another ten more confrontations had passed. Under the entirely stunned gazes of the people in the square, Su Yi's figure once again staggering retreated while his complexion got paler and paler.

Su Yi's consumption was exceedingly enormous. Even relying on the Hundred Transformation Steps, it was hard to totally avoid the raging attacks of the Scarlet Searing Raging Bear.

The number of times that the Scarlet Searing Raging Bear got blown back was getting lesser and lesser, while its aura was still getting stronger and stronger.

As one fall and another rise got even massive, Su Yi got more and more suppressed.

"Brother Yi Su hang on!"

In the line-up of the Ancient Spirit Village, Shangguan Yan, Shangguan Yu and the rest clenched their fists tightly.

"Too frightening. The Scarlet Searing Raging Bear has almost reached the peak of the Demonic Xuan Realm Ninth Grade, right? Yet, that brat can actually still contend against it!"

In the entire square, a strong cultivator softly shockingly stated as his attention was not on the body of the Scarlet Searing Raging Bear that kept escalating but was drawn by Su Yi.

Such a young man seemed younger than Hu Chi, Shangguan Chen Feng and Xiong Zhan, yet his strength was so powerful to the point of actually being able to battle with the Scarlet Searing Raging Bear almost at the peak of Demonic Xuan Realm Ninth Grade that had undergone the raging transformation to such an extent!

No one in the Ancient Spirit Village, Mighty Bear Tribe, and the Hunting Tiger Tribe could compare to such a gifted talent.

The escalating aura on the body of the Scarlet Searing Raging Bear gradually slowed down, getting slower and slower when it finally reached the peak of the Demonic Xuan Realm Ninth Grade.

However, that looming shadow of the Scarlet Searing Raging Bear became clearer while the beast's might also got even stronger.

"Howl!"

The paw of the Scarlet Searing Raging Bear smacked down with boiling scarlet glow clashing fiercely towards Su Yi.

"Pu"

This time, Su Yi could no longer bear it as a muffled sound rang out from his throat. His body directly flown back as a mouthful of blood also spat out.

"Dong!"

Su Yi's figure crashed onto the ground while the surrounding flagstone turned into powder. The aura in his body surged and also became wilted.

"Boom!"

But, the Scarlet Searing Raging Bear did not stop. It dashed frantically over while its giant foot directly stomped towards Su Yi as though wanting to trample him into a meat paste.

Su Yi speedily got up and stormily retreated, escaping from danger.

"Boom!"

The bear paw landed on the corner of Su Yi's robe, tearing off a big piece of his robe. The frantic raging wind swept through and shook, making Su Yi to directly staggeringly retreated, almost falling down again.

The eyes of the Scarlet Searing Raging Bear were scarlet while its frantic did not decrease as it chased over.

With not enough time to avoid, the complexion of Su Yi secretly changed. In an instant, all of the Yuan Qi in his Yuan Qi Whirlpool within his Dantian converted to the earth element. The last wave of turbulent Yuan Qi flowed into the specific meridians and lastly converged onto his right foot.

"Wrath of the Eight Wastelands, Oppress the Mountains and Rivers with a single foot!"

Su Yi shouted loudly in his heart. Suddenly, his eyes had a brilliant glow like the blinding flashes of lightning as the tattered robe fluttered, and his black hair flew and danced backward with unknown momentum as though carrying along with the wrath of thunder.

In an instant, Su Yi's right foot abruptly stepped out with Yuan Qi whirlpool underneath his foot like a windstorm engulfing everything as his foot directly stomped the ground!

"Boom"

When the foot landed, the entire square trembled with roars of explosion sounds!

"Howl"

Under such momentum, the surrounding beasts mounts shivered and kept howling as their bodies prone with fear and respect.

"Rumble rumble"

From the place where Su Yi's foot landed, circles of black earth element Yuan Qi energy spiraled outwards like a wave sweeping through and extended towards the Scarlet Searing Raging Bear like lightning.

"Ka ka.."

The ground split with lines like the thickness of an arm cracked on the ground like a spider web, as it spread and extended everywhere, shocking everyone.

...

Chapter 258: Do You Think That Only You Can Breakthrough?!

Strong Yuan Qi charged out along the ground and gathered from all around. Then it converged together and assaulted towards the foot of the Scarlet Searing Raging Bear.

"Howl!"

However, at this moment, the giant bear paw of Scarlet Searing Raging Bear also directly smacked down with flaming scarlet light and gruesome naked flames.

"Pat pat!"

Under the immense assaulting power, the massive body of the Scarlet Searing Raging Bear got flipped up as it staggeringly retreated. It roared with pain as its foot got hurt.

But, the Scarlet Searing Raging Bear did not fall down on its head. Only, the corner of its hideous mouth, seeped out a mouthful of blood.

"Pu"

Su Yi got assaulted, and his body once again flew away. Another mouthful of blood spurted out from his mouth as he harshly crashed onto the ground.

"Bang bang!"

The surrounding sand flew, and rocks rolled while the flagstones got lifted up. The stones, were shattered at a low altitude with frightening momentum.

"That young man, Yi Su, must have been defeated, right?!"

The gazes of the entire square trembled. No one thought that Su Yi's strength was weak. Instead, they were deeply shocked by him.

Currently, to be able to have such an intense battle with the Scarlet Searing Raging Bear in the peak of Demonic Xuan Realm Ninth Grade that had also undergone the raging transformation to such an extent, no one in the younger generation of the Hunting Tiger Tribe, Mighty Bear Tribe and the Ancient Spirit Village were able to do it!

"Brother Yi Su"

The hearts of Shangguan Yan, Shangguan Yu, and the rest were already in their throats.

Su Yi once again stood up with bloodstain all over his body. The front of his robe was already tainted with blood, while his complexion was as white as paper.

"He can still stand up!"

"Unbelievable, his physique is definitely robust!"

"To be able to withstand numerous times of the fierce attacks of the Scarlet Searing Raging Bear, his physique seems to be much stronger than Xiong Zhan. With Xiong Zhan's physique, he most probably had long ago could not stand up!"

A strong cultivator exclaimed as it could not escape from their vicious eyes. The young man that came from the outside also had such a robust physique that was unexpectedly above Xiong Zhan's.

The Scarlet Searing Raging Bear had noticed that Su Yi had once again stood up as the scarlet gaze in its eyes became even more frantic while adding onto the pain from its foot which was unbearable, it roared and pounced towards Su Yi again.

"Brother Yi Su, be careful!"

Shangguan Ye and the rest clenched their fists tightly. It was not hard to tell that Brother Yi Su could no longer hold on anymore.

Su Yi did not retreat. With no fear in his eyes, he continued to retaliate.

"Bang!"

Su Yi once again got smacked and flew away. He crashed onto the ground, spurting out fresh blood while he had already gotten defeated like the landslide.

However, later, under all of the shocked gazes, that clean and skinny young man stood up again while the clothes at the front became even brilliant.

"Oh my gosh, can he still hold on?!"

Within the onlookers, someone uncontrollably yelled out. That young man was already severely wounded to such an extent, yet he could actually still stand up.

"Brother Yi Su, forget it. You have already tried your best!"

Shangguan Yan and the rest softly cried out with tears in their eyes as Yi Su was fighting for their Ancient Spirit Village.

"Brother Yi Su, don't fight anymore!"

Shangguan Xiu and some of the young girls shouted with tears shimmering in their eyes.

Shangguan Xi Wei watched the scene closely with fluctuations in her gaze. Her pearly white teeth gently bit her tender red lips, harder and harder.

"Continue"

Su Yi's body swayed. But after getting up, he took the initiative to pounce towards the Scarlet Searing Raging Bear.

"Howl!"

The aura on the body of the Scarlet Searing Raging Bear completely calmed down after reaching the critical point of the peak of the Demonic Xuan Realm Ninth Grade. Looking down at Su Yi, who had taken the initiative to pounce over, its giant foot directly kicked out, wanting to sweep Su Yi away.

"Pu chi"

The result was as expected. Su Yi's body flew out like a kite that had its string snapped. Then, a mouthful of fresh blood spurted out as he landed harshly ten over zhang away.

Su Yi once again landed harshly onto the ground. His body was, submerged within the crushed rocks as his entire person, was buried within the piles of crushed rocks.

This time, Su Yi did not climb up again and even appeared as though there were no more movements.

"Hu"

The gazes of the entire square trembled while glancing at the young man that had landed. They wondered if a miracle would happen, and the young man could still climb up.

"Too strong, and he has already done his best. However, the Scarlet Searing Raging Bear has already reached the peak of Demonic Xuan Realm Ninth Grade, so it is impossible that there is still a chance!" A strong cultivator spoke as that young man had already tried his best.

"Is he dead?!"

Someone softly asked with worry. After suffering so many times of the fierce attacks of the Scarlet Searing Raging Bear, most likely even a typical cultivator in the peak of Yuan Xuan Realm Ninth Grade could not hang on, much less that young man, who was only at the Yuan Xuan Realm Sixth Grade which was a tremendous difference between the current Scarlet Searing Raging Bear.

Within the Mighty Bear Tribe, all of the people initially hoped that the young man from the outside would lose.

However, at the moment, when they clearly saw the young man had already lost and was no longer the opponent of the Scarlet Searing Raging Bear, whether was it the younger generation or the seniors, all of them could not be excited as they were shocked.

That young man that came from the outside was frighteningly strong and had astonished the entire square!

"Grandma"

Shangguan Xi Wei had an imposing expression and spoke to her grandma at her side. The white and long five fingers had also unknowingly clenched tightly together.

The situation now was already very apparent that Yi Su could no longer continue, while whether he was dead or alive was still unknown!

Presently, Shangguan Cheng Ya's gaze also appeared very nervous as she glanced at the arena. Then she softly muttered: "He has already done his best"

Hearing this, the surrounding elders, strong cultivators, and the rest of the Ancient Spirit Village were also feeling regretful.

All of them could tell that Yi Su had indeed tried his best, but who could have thought that the Scarlet Searing Raging Bear would actually suddenly changed when battling and continuously broke through. Otherwise, Yi Su would have already won.

"We have lost"

Shangguan Cheng Ya spoke, wanting to announce the defeat before the consequences would be grave if it continued down.

"Wait, not right"

All of a sudden, Shangguan Cheng Ya seemed to have felt something. Her eyes glowed with brilliance as she looked towards the distant pile of crushed rocks.

"Whoosh"

At this time, a fluctuation came out from the pile of crushed rocks that buried Su Yi. There was a trace of crimson glow rushing out from the cracks, and instantly, an aura surged out with a light shockingly stormed out, which was very frightening.

The surrounding gazes also immediately closely stared at the commotion. The fearsome eyes of the frantic Scarlet Searing Raging Bear also simultaneously looked over at the rubble with curiosity.

Within the rubble, the aura surged more and more as the crimson glow got more and more brilliant, indistinctively as if implicated the surrounding heaven and earth energy.

Then a strange scene appeared. Inside the rubble, there was a surging aura escalating, intensely surging with a vigorous turbulent.

Along with the indistinct heaven and earth energy, the aura intertwined and madly surged.

"It is that young man!"

Someone shockingly shouted as the commotion came from those rubbles which naturally had a connection with that young man, Yi Su.

"Boom!"

Very quickly, inside the rubble, along with a deep explosion sound, the entire rubble blasted open and spread everywhere while the frightening aura swept through the square.

"Rumbling"

The glow was brilliant while the sands flew, and rocks rolled, concealing the surrounding.

When everything calmed down, a clean, skinny, and straight figure appeared as the hair behind his back danced while the tattered and dirty robes fluttered. The glow on his body was brilliant with a surging aura, that was still escalating.

And this figure, who could it be other than Su Yi!

"Yuan Xuan Realm Seventh Grade. This young man is also breaking through!"

Within the Hunting Tiger Tribe, Elder Hu Ben uncontrollably yelled out.

...

At this instant, the aura on the young man's body also directly stepped into the Yuan Xuan Realm Seventh Grade from the initially Yuan Xuan Realm Sixth Grade while his aura was still escalating.

"Yuan Xuan Realm Seventh Grade. Yi Su is breaking through!"

Inside the Ancient Spirit Village, all of the gazes of the strong elderly cultivators gushed with excitement from their previously wilted and disappointed gazes.

At this moment, Yi Su was also suddenly starting to breakthrough.

"So it turned out that he was purposely trying to stimulate the energy of the demonic core hidden inside his body."

Not far away, on a stone pier in the square, Su Tian Que, who had never spoken while tucking its tail, revealed some smiling intent as a puzzlement disappeared from its small eyes.

"Rumble"

The surrounding of the place where Su Yi stood had long turned into rocks pit while the incomparably raging aura was like a bomb that had its fuse ignited as his aura continued to rise. Inside the Yuan Qi Whirlpool within his Dantian, currently, it was like a hurricane sweeping through.

Under the public eye, that scene had made them incomparably astounded!

And everything was done on purpose by Su Yi.

As for suffering severe wounds, it was not that he wanted to seek torture for himself, but instead, to stimulate his wilful heart.

So what if it was the peak of the Demonic Xuan Realm Ninth Grade? Back then, the Splitting Rock Demonic Tiger in the peak of Demonic Xuan Realm Ninth Grade was also killed by him.

Wasn't it just continuously breakthrough? There was also likewise enormous energy of the demonic core hidden within his body.

However, this hidden energy of the demonic core was not something that Su Yi could control.

Furthermore, the energy of the demonic core also could not be used by him immediately.

Therefore, he purposely borrowed the Scarlet Searing Raging Bear to stimulate the hidden energy of the demonic core, so that when it got incited, he could cast the Supreme Chaotic Yuan Technique to forcefully broke through.

At this moment, Su Yi also could not care about the consequence of forcefully breaking through as the future of the Ancient Spirit Village, was gambled on him, so he could only win and not lose!

According to Su Yi's guess, even if he only broke through to the Yuan Xuan Realm Seventh Grade, he could already be able to defeat this Scarlet Searing Raging Bear.

But currently, when the energy of the demonic core got stimulated, it madly surged from the depths of his limbs, bones, and muscles, which could not be simply suppressed by Su Yi.

Along with the surrounding heaven and earth energy, the aura on Su Yi's body was still escalating, and the speed was getting faster and faster, and more and more frantic.

This appearance compared to the previous continuous broke through of the Scarlet Searing Raging Bear was almost the same.

"Yi Su is also breaking through without pause. Can it be that he is also going to continuous breakthrough?!"

The entire square was dumbfounded. They initially thought that the young man, Yi Su had already been regrettably defeated, and could no longer change anything, since he was already severely wounded to such an extent.

No one ever thought that at the last moment, that young man, Yi Su, could actually be the same as the Scarlet Searing Raging Bear and started to frighteningly breakthrough.

"Whoosh"

The surrounding indistinctive heaven and earth energy was still flooding in endlessly along with the energy of the demonic core inside Su Yi's body as they implicated one another, causing Yuan Qi to continue to sweep in and gush into the Yuan Qi whirlpool inside of him.

Su Yi continued to get stronger while the aura on his body continued to escalate at a frightening speed.

Feeling the aura on Su Yi's body, the fearsome scarlet eyes of the Scarlet Searing Raging was seemingly a little dumbfounded and very shocked.

Following as the aura on Su Yi's body continued to escalate frantically, the Supreme Chaotic Yuan Technique madly surged with a mighty and destructive aura, making the surrounding beasts mounts to prone and pay homage.

The Scarlet Searing Raging Bear instinctively was a little afraid while there were also fluctuations in the eyes of the massive shadow of the Scarlet Searing Raging Bear.

Su Yi could not control it as the energy of the demonic core was too insane.

The days of the energy of the demonic core spent in Su Yi's body meant that it had always been, forcefully suppressed.

Right now, as it got stimulated, it as though exploded like a volcano eruption that was hard to be suppressed by Su Yi again.

Bang

Very quickly, the Whirlpool in his Dantian once again let out an explosion sound while the area of the Yuan Qi Whirlpool within his Dantian kept getting wider with fluctuating frenzied Yuan Qi and turbulent energy while the aura on his body reached another new stage again.

Everything was like the momentum of splitting the bamboo and the thunderclap

"Yuan Xuan Realm Eighth Grade!"

All of the strong cultivators in the square were so astounded that their lower jaws could no longer close up.

"Is he a demon?!"

The young generation of the Hunting Tiger Tribe and the Mighty Bear Tribe had long been perplexed.

Even if they wanted to breakthrough one grade, it was also hard, yet presently, that Yi Su was continually breaking through right in front of them.

"Heavens, he broke through again. Yi Su has broken through again!"

The people of the Ancient Spirit Village were surprised and excited that even some elderly started to dance with excitement, finding it hard to suppress the joys in their hearts.

Yuan Xuan Realm Eighth Grade, while the escalating aura on Su Yi's body also started to slow and stagnate. Although the energy of the demonic core inside his body was initially vigorous, it now had the feeling of being entirely used up.

From Yuan Xuan Realm Sixth Grade to the Yuan Xuan Realm Eighth Grade, the energy it needed was far more than when he broke through from the Yuan Xuan Realm Second Grade to the Yuan Xuan Realm Sixth Grade.

When the escalating aura stagnated at the Yuan Xuan Realm Eighth Grade, the crimson glow around Su Yi's body also became absolutely brilliant.

The aura shook as his hair madly danced. The formerly pale complexion became rosy and glowy, which added a heroic bearing and momentum to him!

Looking at the Scarlet Searing Raging Bear before him, the battle intent in his eyes became stern as he said: "Foul beast, do you think that only you can breakthrough?!"

"Howl!"

As it received Su Yi's provocation, the Scarlet Searing Raging Bear angrily roared while the sound was like the clang of wind and thunder. The scarlet glow on its body flooded out with frightening and terrifying scarlet light charging through as strange energy condensed on its bear paw.

"Whoosh"

Following as the energy condensed, there was as though a layer of clear scarlet crystal coated on the bear paw of the Scarlet Searing Raging Bear, but the scorching aura suddenly stormingly increased.

It opened its big blood-dripping mouth wide as the Scarlet Searing Raging Bear directly dashed out while the bear paw coated with scarlet crystal also instantly smacked out.

At this instant, the target of the scarlet crystal bear paw was precisely Su Yi while it contained a frightening scorching aura. The surrounding massive shadow of the Scarlet Searing Raging Bear responded with a glow emitting out. Along the way, as the bear paw went past, it would leave behind a long and faint scarlet trace in the air that was as bright as the sun!

"That is the ultimate technique of the Scarlet Searing Raging Bear's natural gift!"

An elderly from the Ancient Spirit Village had an imposing gaze. At this instant, the Scarlet Searing Raging Bear had also reached the peak of frantic. With such an attack, among the Yuan Xuan Realm cultivators, only a few of them could retreat safely.

The might of this attack of the Scarlet Searing Raging Bear was too terrifying as it could shock the souls, causing the surrounding onlookers to shudder with fear.

The Scarlet Searing Raging Bear could also be considered the offspring of the demons as it's might, was frightening!

Even though everyone from the Ancient Spirit Village could also felt Su Yi's broke through, their hearts were still in their throats.

"Do you really think that I can't do anything to you, foul beast? Break!"

Su Yi loudly shouted while his gaze abruptly sternly sunk. The aura of Yuan Xuan Realm Eighth Grade that he had just broken through went all out without any reservation and swept through while the entire Yuan Qi in his Yuan Qi Ocean Whirlpool within his Dantian, also at that instant, converged onto this right hand.

He raised his arm and shook as a fist blasted out with radiance glowing brilliantly, directly crashing over to that giant bear paw.

"Rumble!"

The two collided with a clear clang of wind and thunder like a thunderclap rumbling while it brought along a feeling as though an overlord was awakening with tremendous pressure resounding out like the descent of an emperor.

A strange and frantic energy abruptly exploded between the clashed of Su Yi's fist and the bear paw's palm, sweeping through the entire square.

...

"Boom!"

Crimson glow and flames charged out from the arena. When the frantic energy swept out, the surrounding floor could not handle this sort of energy as thick layers of flagstones flipped up and danced, getting shattered inches by inches.

The terrifying energy windstorm spread while the space that it passed by would shake!

The gazes of the surrounding onlookers were stunned and then continuously retreated as they never expected that the battle between Yi Su and the Scarlet Searing Raging Bear could incite such a terrifying momentum.

The enormous raging wind formed into airwaves like the hurricane as it directly shot out.

"Howl"

"Pu"

At the same time, within a piercing howling cry, the several zhang tall massive body of the Scarlet Searing Raging Bear got directly flown away while fresh blood spurted out from its big blood-dripping mouth with sharp teeth as it landed harshly onto the ground.

"Bang bang"

The Scarlet Searing Raging Bear crashed, and the square trembled as though the ground moved, and the mountain shook. Blood dripped from its mouth while its bear paw that clashed over was, mangled.

On the body of the Scarlet Searing Raging Bear, the formerly looming shadow of the Scarlet Searing Raging Bear had also unknowingly become dimmed and disappeared while its fearsome eyes revealed shocked and fear.

On the other hand, Su Yi's body only slightly retreated three steps with glow covering his body. The crimson glow in his eyes glistened as it unknowingly had a trace of supreme might that revealed majestic and destructiveness.

The entire square was silence as they stare dumbfoundedly with their tongue-tied!

"Gulp gulp"

Moments later, the sounds of saliva, being swallowed back, could be heard one after another.

"Howl"

The Scarlet Searing Raging Bear howled as it struggled to climb up from the ground. Under the many shocking gazes, the scarlet glow in its fearsome eyes dissipated while it faced Su Yi with eyes of astonishment.

"Foul beast, how dare you to act fierce!"

A foot stomped onto the ground as Su Yi's figure swept out, directly landing onto the back of the Scarlet Searing Raging Bear.

"Howl"

The body of the Scarlet Searing Raging Bear trembled as it prone on the ground, softly roaring.

"So fierce!"

"Yi Su is so handsome!"

The entire square was shocked by that young man. In the Hunting Tiger Tribe and Mighty Bear Tribe, many young girls' hearts were moved by him.

As he looked at the young man stepping on the Scarlet Searing Raging Bear, on the pale complexion of Xiong Zhan, the arrogance in his gaze slowly disappeared, leaving behind only astonishment.

"He surpasses me way too much!" Hu Chi mumbled to himself.

"Won, we won!"

Presently, the feelings of a group of elderly and the strong cultivators of the Ancient Spirit Village were as though the rollercoaster had reached the peak as they uncontrollably yelled out with excitement.

They initially thought that they would lose for sure, never expecting that Yi Su would actually also broke through during the battle and lastly used the most simple and direct method to defeat the Scarlet Searing Raging Bear.

"Brother Yi Su, good job!"

"Yi Su!"

Shangguan Yan, Shangguan Ye, and the rest of the youngsters returned to senses from their astonishment. The formerly incomparably imposing expression was replaced with a pleasant surprise as they boiled up and raised their arms while shouting.

"I wonder where does this young man come from? He is too strong!"

The strong elderly cultivators of the Hunting Tiger Tribe exclaimed as they were deeply shocked by it!

The people from the Mighty Bear Tribe still found it a little hard to return to their senses at the moment as they initially thought that victory was within their grasp, yet they never anticipated that another unexpected event would happen again.

That young man from the outside was so terrifying to this extent!

"Still not announcing the result?"

Shangguan Qing Ming spoke loudly with excitement and laughter on his face.

"The final result the Ancient Spirit Village has won!"

The elderly from the Mighty Bear Tribe that had always been hosting this competition had only just come back to his senses from an unbelievable state. Looking at some of the companions in the Mighty Bear Tribe, although he was unwilling, there was indeed no foul play. He announced the result while his voice sounded as if he was gritting his teeth.

"Boom!"

"Won, we won!"

At this instant, the over one thousand villagers that came from the Ancient Spirit Village boiled up to the peak point as their shouts could deafen the ears.

"Living up to the promise!"

The corner of Su Yi's mouth curled up with a smiling intent. The aura on his body started to dissipate while his vision grew a little black, and his body became somewhat soft as his entire person fell with his head down from the back of the Scarlet Searing Raging Bear.

"Brother Yi Su"

Seeing that Yi Su had fallen, the voices of Shangguan Yan and the rest rang out while their figures speedily rushed out.

"Pu"

As if there was a fluctuation in the space, a figure that was slightly hunched already appeared at the side of Su Yi as she directly caught him before he fell onto the ground.

That figure was precisely the village head, Shangguan Cheng Ya, while there was a glow flowing in her hands as she condensed a series of hand seals. Then, it rapidly landed onto Su Yi's body.

The grand meeting of the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe came to an end, but the outcome had made the people hard to return to their senses after a long time.

"We won! We won!"

At dusk, the inside of the Ancient Spirit Village was lively and boiling as they cheered since the Ancient Spirit Village had never won for a very long time.

"You guys do not know, but Yi Su is too strong. Xiong Zhan was defeated in one move while he breakthrough during the battle and beat the Scarlet Searing Raging Bear in the Demonic Xuan Realm Ninth Grade into submission!"

The villagers that came back from the square gave a lively description to the people in the village of the astonishing scene in the square.

In the courtyard, the Serene Void Brutal Heavenly Leopard sat while Shangguan Qing Ming, Shangguan Yan, Shangguan Ye, and the rest were nervously waiting.

"This sword is so heavy. To think that Brother Yi Su always carries it on his back every day!"

Shangguan Yan took Su Yi's broken sword in his hand with a shocked expression.

When he went to pluck the sword out of the arena, he then found out that this seemingly inconspicuous broken sword actually weighs around several thousand kilograms. Under the

circumstance of not using his Yuan Qi and only purely his brute strength, he absolutely could not pick it up while Yi Su had carried it on his back every day. He was too strong.

"Alright, all of you go back first. There is nothing serious with Yi Su already."

Inside the courtyard, Shangguan Cheng Ya walked out and said towards the people waiting there. After hearing the village head's words, the people then rested assured and started to leave.

"Grandma, how is Yi Su now?" Shangguan Xi Wei was still a little worried while her expression was nervous.

"Girl, you seem to be a little too worried about him" Shangguan Cheng Ya slightly smiled while the gaze on her face revealed a smiling intent.

"Grandma, I"

Shangguan Xi Wei stunned. Suddenly, a flush of throbbing red uncontrollably climbed up her face, which added to her enchantingness. With a bit of shyness, she explained: "I am the one who brought him into the village while he still helps our Ancient Spirit Village with such a huge matter. If something happens to him, I will not be able to sleep well for my entire life."

"Silly girl, grandma also did not say anything."

Shangguan Cheng Ya slightly smiled and teasingly looked at Shangguan Xi Wei as she said: "Relax, because he has just broken through not long ago and this time he has continuously broken through, the Qi and blood has attacked his heart while his Yuan Qi was in chaos, so he fainted."

Her words paused slightly, and Shangguan Cheng Ya's expression became a little more serious as she said: "Yi Su should have gotten a great benefit at the Yao Luo Mountain. As he was afraid of affecting his foundation, he had suppressed that trace of energy inside his body. However, this time, he had encountered the Scarlet Searing Raging Bear, so he released out that trace of energy."

"Affecting his foundation, then grandma, what should we do? He has done it for the Ancient Spirit Village!"

Shangguan Xi Wei's expression was imposing. As a cultivator, she naturally knew what it represents by affecting the foundation.
