Chapter 261: Tian Yao Cave!

We are paying our readers now! Look at this page for more information.

"Fortunately, his physique is exceptional, and adding on that his foundation is very firmed, after giving him an elixir to stabilize his cultivation, the problem should not be big. As for the future, it will depend on him." Shangguan Cheng Ya responded.

After hearing this, Shangguan Xi Wei's heart calmed as she sighed with relief.

Looking at her granddaughter, Shangguan Cheng Ya slightly smiled with full of adoration on her kind face.

"Grandma, what are you looking at?"

As she got looked at, Shangguan Xi Wei was a little inexplicably nervous with embarrassment.

"Say, if Yi Su can always stay at the Ancient Spirit Village, how good will that be." Shangguan Cheng Ya spoke.

"Grandma, he will be leaving soon. He has said before that the outside is exceedingly big, so his world should not be at the Ancient Spirit Village as the space inside here might be too little for him."

Within Shangguan Xi Wei's eyes, a faint sadness flashed pass that was hard to be detected. Her voice was like clear water as though a breeze on top of a summer night lake.

"Yes, it is too small here and cannot contain him. Your father"

Shangguan Cheng Ya's voice was drawn-out. She wanted to speak, yet hesitated while a faint smile emerged on her face as she said to Shangguan Xi Wei: "Alright, go and arrange for people to get ready to enter the Tian Yao Cave."

At night with a bright moon and dark stars, the moonlight was like silk as it enveloped the group of mountains.

"Back, we are finally back."

At the entrance of the Hunting Tiger Tribe, a group of more than twenty youngsters had a mournful face while their emotions were at the lowest point.

However, their outfits were even more eye-catching.

The girls were still okay, but the boys had their chests and backs exposed while their private parts were wrapped, with leaves and tree vines along with disheveled hair like a wild man.

The group of people was precisely Hu Du and the rest from the Hunting Tiger Tribe that got tied up by Su Yi at the bottom of the mountain. They were covered in wounds and incomparably miserable as they tramped over hills and mountains in order to come back to the tribe.

"Hu Du, you guys are finally back. Where have you guys been these few days" Someone walked out, and when they saw the appearance of the group of people, they were dumbfounded.

Outside of the Mighty Bear Tribe, Xiong Lie and the rest had also come back with disheveled hair and bruises all over their bodies. Leaves and grass wrapped their bodies as though they were wild men.

"Xiong Lie, what is this"

In the Mighty Bear Tribe, someone walked out. When they saw Xiong Lie and the rest, they almost did not dare to recognize them.

Very quickly, in the Mighty Bear Tribe, furious shouts were heard.

"They have gone too far. That is a humiliation!"

"My Earth Hill Fierce Bear mount, I will not be done with the Ancient Spirit Village!"

Early in the morning of the next day, many people from the Hunting Tiger Tribe and the Mighty Bear Tribe gathered outside of the Ancient Spirit Village.

"Humiliation. That is definitely a humiliation!"

"Stripping off their clothes. That is a humiliation!"

The people of the Hunting Tiger Tribe and the Mighty Bear Tribe came with full of righteous rage as Su Yi had actually stripped Hu Du, Xiong Lie, and the rest of the people and tied them at the bottom of the Yao Luo Mountain. That was a humiliation to the Hunting Tiger Tribe and the Mighty Bear Tribe.

Dense crowds surrounded the entrance of the Ancient Spirit Village while they had only just found out about this matter.

Shangguan Yan, Shangguan Ye, and the rest glanced at each other.

No wonder Yi Su never thoroughly described how he dealt with Hu Du, Xiong Lie, and the rest while it was also no wonder that at the grand meeting yesterday, they had never seen Xiong Lie, Hu Du, and the rest of the people. It turned out that these fellows, were stripped at the Yao Luo Mountain.

"Hahahaha"

Afterward, the entire villagers of the Ancient Spirit Village roared with laughter as they could not endure it. In their minds, they were, filled with the sight of Xiong Lie, Hu Du, and the rest after being stripped.

"Today, you must give me an explanation. Killing my mount, that has gone too far!"

"My Splitting Rock Demonic Tiger ah. The Ancient Spirit Village must give me an explanation today!"

In the Hunting Tiger Tribe and the Mighty Bear Tribe, someone shouted aloud as the Splitting Rock Demonic Tiger and the Earth Hill Fierce Bear were their mounts, yet they got killed by that Yi Su.

"Didn't you guys ate the bear paws and the tiger bones? After finishing it, yet you still come to my Ancient Spirit Village for it. When you are eating it, why didn't you say so?"

Shangguan Qing Ming shouted loudly with an arrogant air.

"That bear paws is the Earth Hill Fierce Bear's while those beast meats are the Splitting Rock Demonic Tiger's. Didn't you guys eat it with great relish?"

An elderly from the Ancient Spirit Village faintly responded with an appearance of not taking it entirely serious.

"What"

"That bear paws are the Earth Hill Fierce Bear's!"

"The beast meats I ate were the Splitting Rock Demonic Tiger's!"

The people that came from the Hunting Tiger Tribe and the Mighty Bear Tribe were perplexed with an expression of wanting to cry, but there were no tears.

"Conniving the juniors to bring beasts up the Yao Luo Mountain to seek trouble, yet you guys still have cheeks to come to my Ancient Spirit Village to make a fool of yourselves!" An elderly from the Ancient Spirit Village reprimanded.

Finally, those people from the Hunting Tiger Tribe and the Mighty Bear Tribe that came could only unwillingly return. It was totally unsensible while what could they do when they already ate the bear paws, and the meat of the Splitting Rock Demonic Tiger.

By the time Su Yi woke up, it was already dusk of the second day.

Opening his eyes, the aura on his body was still a little weak, but he could feel that there was a medicinal power traversing inside his body. Recalling about the situation before he passed out, someone must have given him an elixir to take, which except for the people of the Ancient Spirit Village, there was no one else.

"Are you awake?!"

A crisped voice sounded. When Su Yi saw Su Tian Que, his small eyes were emitting radiance as it mistily moved and looked at him.

"How many days have I been out?"

Su Yi climbed up and sensed that everything inside his body was quite ordinary. The cultivation aura on his body had also stabilized at the Yuan Xuan Realm Eighth Realm while his saber and sword, were neatly placed on the bed at one side, which was brought back by the people of the Ancient Spirit Village.

"Only just one day. Such a crazy breakthrough, your gut is not small."

Su Tian Que rolled its eyes at Su Yi. It knew the clearest that Su Yi had just broken through from the Yuan Xuan Realm Second Grade to the Yuan Xuan Realm Sixth Grade a few days ago at the Yao Luo Mountain. And he had nie broken through two more times again. This sort of breakthrough was utterly appalling to hear, and if it was an average person, then the person would absolutely be unable to endure it.

"There is no other way."

Su Yi bitterly laughed. In that situation, if he didn't think of ways to break through, although it was okay if he lost, this concerned the future of the Ancient Spirit Village.

"The people of the Ancient Spirit Village have given you an elixir to take, which should be to stabilize your cultivation. It is extremely beneficial for you as it helped you to solve many future problems. Adding on, that your physique is remarkably strong, and your foundation is good, but this does not completely eliminate future troubles. In the future, you must think of ways to stabilize your cultivation, or else it will not be good for you when you cultivate later." Su Tian Que rarely talked to Su Yi seriously.

Su Yi nodded his head and somewhat looked at Su Tian Que strangely as this fellow had suddenly become so solemn.

"Oh ya, this time, you have achieved a great accomplishment on behalf of Ancient Spirit Village. If you ask, the Ancient Spirit Village will definitely bring out the Hundred Fruits Wine for us. You"

Su Yi rolled his eyes at Su Tian Que, and directly left the room. Earlier, he had still thought that this fellow had become solemn, but it turned out that it was for him to ask for the Hundred Fruits Wine.

"Hey, why did you leave? I haven't finished my sentence. It is not that I am greedy, but that Hundred Fruits Wine is very addictive"

Su Tian Que chased after as he kept thinking about the Hundred Fruits Wine.

...

## Chapter 262: A Fearsome Name For Ten Thousand Years!

We are paying our readers now! Look at this page for more information.

"It's a good thing that you are alright. Grandma said that you had broken through too fast and affected your foundation. Although she has given you an elixir to eat, you still have to pay attention in the future."

Outside the courtyard, Shangguan Xi Wei glanced at Su Yi and carefully sized him up. Seeing that Su Yi was perfectly fine, she then entirely relaxed while her eyes still had an unbearable shock.

This fellow had actually broken through so many times in a short period. It was simply insane.

"Okay."

Su Yi nodded his head while he could also feel the backlash from breaking through too fast as the Yuan Qi inside his body was not as pure as before. In the future, he could not let himself breakthrough again, and as expected, the medicinal power inside his body came from the village head's elixir.

"Initially, I am still worried when you would wake up, but luckily, you have woken up just in time. Tomorrow morning, we will be setting off for the Tian Yao Cave, which is the benefits that we have promised you." Shangguan Xi Wei glanced at Su Yi and said.

"Tian Yao Cave."

Su Yi's gaze slightly moved. It looks like the place where it had tremendous benefits to the spiritual power was at the Tian Yao Cave.

"Tian Yao Cave is the common restricted area for the Ancient Spirit Village, Mighty Bear Tribe, and the Hunting Tiger Tribe. The competition that occurs once every ten years for the younger generation decides who will take control of the Tian Yao Cave for the next ten years."

Shangguan Xi Wei told Su Yi about some of the situations, but the information she knew was not much, except that the Tian Yao Cave was the common restricted area for the Ancient Spirit Tribe, Hunting Tiger Tribe, and the Mighty Bear Tribe.

The restricted area had a great benefit. When entered the cave to cultivate, not only could people get twice the result with only half the effort, it could also fortify the spiritual soul.

In the future, the people who entered the Tian Yao Cave would walk further beyond compared to the rest in the same generation while their might would also be much stronger too.

Only, the Tian Yao Cave had limitations where the people who could enter must not be too many. There were limits to the spots, therefore the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe would have such a competition once every ten years.

"Setting off tomorrow"

Su Yi's gaze, was filled with expectation. Back then, he came to the Ancient Spirit Village was because of what Shangguan Xi Wei had said that by only borrowing the Serene Void Brutal Heavenly Leopard, he would get a chance to increase his strength and most importantly, he would also get a type of spiritual power that could fortify his.

Fortifying the spiritual power means so much to Su Yi. It must be, known that regardless of an Alchemist, Tool Refiner, or a Soul Tamer, it would be, exceeding hard to strengthen ones spiritual power, much less to be, said of an ordinary cultivator.

As it was extremely tough to strengthen the spiritual power.

For Su Yi, it was extremely urgent for him to fortify his spiritual soul. To get a type of spiritual power to fortify his spiritual soul, this was undeniably the condition required for the Heavenly Yuan Demonic Soul.

The First Level of Chaotic Yuan Demonic Body was the Indestructible Vajra Body, which Su Yi had already cultivated successfully, but the Second Level, the Heavenly Yuan Demonic Soul, kept stagnating without moving forward.

To take away the souls of all beings to strengthen his own was the method to cultivate the Heavenly Yuan Demonic Soul.

Heavenly Yuan Demonic Soul, absorbing all spiritual souls and refined them with the Supreme Chaotic Yuan Technique to strengthen and fortify his spiritual soul.

Su Yi knew distinctively that with his cultivation now, it was far from enough to absorb someone else's spiritual soul.

Hence, when Shangguan Xi Wei said that it could fortify the spiritual power, Su Yi unhesitantly entered this place with risks, thinking that he might be able to use that benefit to cultivate his Heavenly Yuan Demonic Soul.

Following from the previous cultivation of the Heavenly Yuan Demonic Soul, Su Yi could distinctly feel that this would have tremendous benefits to him being a Soul Tamer as they could complement each other.

"Tian Yao Cave, what kind of place is it? I also want to go." Su Tian Que, who had been following beside Su Yi, moved its small eyes as it also wants to enter the Tian Yao Cave.

"That will not do. There is a quota of eight people, and we really cannot take out one more person. Moreover, the ancestor's instructions have rules that no beasts can enter the Tian Yao Cave."

Shangguan Xi Wei bitterly smiled. The Tian Yao Cave was not only the restricted area of the Ancient Spirit Village but also the restricted area of the Hunting Tiger Tribe and the Mighty Bear Tribe.

Not mentioning that the Ancient Spirit Village indeed could not take out another person, even if the Ancient Spirit Village allowed Su Tian Que to enter, the people of the Hunting Tiger Tribe and the Mighty Bear Tribe would also not agree.

That was because the ancestor's instruction had clearly mentioned that no beasts could be allowed to enter the Tian Yao Cave.

"Why beasts cannot enter? Furthermore, I am not a beast. I am."

Su Tian Que wanted to say something yet hesitated. It raised its head to protest while it flapped its featherless wings as it unconvincingly objected: "This is discrimination, definitely a discrimination."

"Go play at one side and stop fooling around." Su Yi rolled his eyes at Su Tian Que and then asked Shangguan Xi Wei: "How long are we going to stay at the Tiao Yao Cave?"

"Half a year. We can only stay for half a year as reportedly, people cannot stay for too long in the Tian Yao Cave as the spiritual soul will not be able to endure it. At then, there will be harm and no benefit."

Shangguan Xi Wei smiled and told Su Yi about some of the situations.

Although the Tian Yao Cave had benefits to increase might, and most importantly, fortified the spiritual power.

Once the time surpassed half a year, there would be, harmed and no benefit as there would be a trace of indistinctive energy that made the spiritual soul unable to endure it.

"There is still such a thing"

Su Yi felt strange and curious. Looks like the Tian Yao Cave, which was the common restricted area for the Ancient Spirit Village, Mighty Bear Tribe, and the Hunting Tiger Tribe, had its own wonders.

"Take a good rest as tomorrow morning we will be, setting off." Shangguan Xi Wei then left.

Outside the courtyard, the sky had already turned dark. Tonight, the moon was bright while the stars were dark.

"Grandfather, are you still alright? I will try to hurry back to help you recover. I will never forgive the people who have hurt you back then!"

Looking at the Manchurian wild rice and the bright moon, Su Yi softly mumbled in his heart. The sharpening in this period, from the Forest of Demons to the Grand Beast Canyon, not only were it on his strength and physique, but it was also indistinctively sharpening his mind.

The things he saw, heard, and experience along the way allowed Su Yi to understand that there was no reason at all in this world.

The strong were respected while the weak would be eaten by the strong.

If you were weak, then you would be the meat on somebody's chopping board. Strength was the real truth.

"Stronger, to become a strong cultivator!"

Su Yi slightly clenched his fists while his gaze sparkled in the night, emitting out a blinding glow.

From his previous life, in this life, he definitely could not be a dull and useless person again. If he could not have a good reputation flowing down for long ages, then he shall have a fearsome name for ten thousand years, which was much better than a busy and ordinary life, since anyway, this life was also suddenly earned.

And for him to become a strong cultivator, Su Yi knew very clearly that what he relied on was the identity of a cultivator and a Soul Tamer.

One day, when he reached the cultivation level of the legends, then he would step into the Sacred Mountain.

"You seem to have something in your mind?"

Su Tian Que lifted its head while it leaned slanted on something not far away as it pretended to be serious with its featherless wings placed behind its back, faintly glancing at Su Yi.

"Do you know about the Sacred Mountain?" Su Yi looked at it and asked Su Tian Que.

"Sacred Mountain. I don't know." Su Tian Que shook its head.

"Then it's alright. I will be going to the Tian Yao Cave for half a year. You better not cause any trouble in the Ancient Spirit Village, or else if you get roasted and eaten by people, I also have no ways to save you." Su Yi was a little worried about Su Tian Que as this fellow was never idle while he was also afraid that it would cause trouble.

"I am a dignified peacock. Do I still need your rescue?" Su Tian Que rolled its eyes at Su Yi, displaying its disdain.

...

Chapter 263: Setting Off To The Tian Yao Cave!

We are paying our readers now! Look at this page for more information.

"Peacock"

Su Yi shot a glance at Su Tian Que while the suspicion in his eyes was undisguised. Then he left.

"You, what is the meaning of this? Do you still not believe me?!"

Su Tian Que angrily looked at Su Yi's back in a huff, yet there was nothing it could do.

Inside the room, Su Yi sat cross-legged while circulating his Yuan Qi and meditating to stabilize his cultivation.

The recent speed of his breakthrough made Su Yi unbearably honestly happy in his heart.

However, the speed of this breakthrough was too fast, and he was a little worried that his foundation was unstable.

Otherwise, those big schools and sects, no matter what level of the foundation, most likely there were countless and unexhausted amounts of cultivation resources and high cultivation treasures that could entirely allow their disciples to increase their cultivation and their speed of breakthroughs.

Not long after, on top of the bed, Su Yi's body was covered in radiance as though his entire person was bathing in a holy light.

A night without words. Early in the morning of the next day, when the darkness before the dawn had just passed, it was already lively inside of the Ancient Spirit Village.

At the square of the Ancient Spirit Village, a flying beast mount was waiting on order while Shangguan Xi Wei, Shangguan Chen Feng, Shangguan Yan, Shangguan Ye, and the rest stood at the square with an elderly softly instructing them something. People could tell from their expressions that they were nervous, yet at the same time, looking forward.

"After entering the Tian Yao Cave, you guys will walk to the audience hall, which is the Demon Hall. There will be eight positions where you guys will find yourself a place to cultivate. After half a year, there will be people to take over you."

Su Yi had also been awoken by Shangguan Xi Wei early in the morning and reached the square. He had changed into a new robe and was now listening to Elder Shangguan Qing Ming's instructions.

Su Yi nodded his head, not daring to be careless as he listened attentively.

"Child, how are your wounds? Are you a little better?!"

"Brother Yi Su, you are so incredible. Too powerful!"

Many villagers came over and surrounded Su Yi with concerned eyes.

Even though on that day, they did not go to the square to witness the scene with their own eyes, they had heard about Su Yi's accomplishments.

Especially when they heard that Su Yi got heavily injured to the state of dripping with fresh blood, yet he once and again climbed up to battle for the Ancient Spirit Village, caused some women and children to be anxious while listening.

Right now, as they saw Su Yi, they couldn't help but see how was he.

"I am alright. My wounds have already recovered."

Su Yi bitterly smiled and deliberately spun a few rounds in front of the people to prove that he had already recovered. Those injuries had long healed when he refined the energy of the demonic core.

"Child, you are the benefactor of the Ancient Spirit Village. Why not just stay here in the future?!"

An elderly said as he had already treated Su Yi as the people of the Ancient Spirit Village, trying to persuade him to stay.

"I am still not gone yet." Su Yi bitterly smiled while his heart felt very warm, feeling that these villagers were particularly honest.

"Yi Su."

All of a sudden, Shangguan Chen Feng walked over and reached Su Yi's side. He still wore a clean white robe that set off his entire person with extraordinary handsomeness. Then, he directly kneeled on one leg towards Su Yi.

"What are you doing?" Su Yi reached out with one hand and grabbed Shangguan Chen Feng.

Some people were shocked while some people seemed to understand something. For example, Shangguan Yan, Shangguan Xiu, and the rest glanced at each other while not saying anything.

"I have said before that as long as you helped and won, I, Shangguan Chen Feng, in this life shall follow you everywhere." Shangguan Chen Feng was very serious. The words he said back then, must naturally be, fulfilled.

"But, I have accepted the Yuan Stone and did the work. I don't do a bad bargain. Besides today I am also going into the Tian Yao Cave, so this is naturally something I must do."

Su Yi knew what Shangguan Chen Feng was referring to and pulled him up while slightly smiling and said: "You are Shangguan Yan's, Shangguan Ye's, and Shangguan Yu's brother, so you should be older than me. If you do not despise it, I should also naturally call you Brother Chen Feng."

"This"

Shangguan Chen Feng was stunned and dumbfoundedly looked at Su Yi. He secretly bit his lips while a glow swept passed in his eyes without leaving a trace as he solemnly nodded his head and responded: "Thank you!"

"Brother Chen Feng, everyone is family, so no need to be polite!"

"Brother Yi Su is now also one of our Ancient Spirit Village people, so no need to stand on ceremony."

Shangguan Yan, Shangguan Ye, and the rest witnessed the situation and abruptly came over while smiling.

"Okay, get ready to set off. Someone will aid you guys at the outside of the Tian Yao Cave, telling you guys how to enter."

An elderly from the Ancient Spirit Village glanced at Su Yi with full of praises in his eyes. Then looking at the sky, he stated to the group of youngsters that were about to set off.

"Let's go!"

Shangguan Xi Wei waved her sleeves while Yuan Qi surged under her feet as that enchanting figure directly leaped onto the back of the flying beast mount waiting at one side.

"Whoosh whoosh"

Afterward, several figures unitedly swept out and leaped onto the back of the flying beast mount.

The Ancient Spirit Village had not won for a very long time. Therefore, for over twenty years, no one had entered the Tian Yao Cave to fortify, so the first group to enter was naturally those outstanding people in the younger generation.

No one in the Ancient Spirit Village had any objection with Su Yi on the slot.

The remaining seven slots, naturally Shangguan Chen Feng, and Shangguan Xi Wei were amongst them.

Other than that, there were Shangguan Yan, Shangguan Yu, Shangguan Ye, Shangguan Xiu, and another young man that Su Yi had seen before.

Within the Ancient Spirit Village, under the sunlight at a back mountain, several old figures appeared at the mountain peak.

In the several old figures, the one leading was precisely the village head, Shangguan Cheng Ya, and some aged discipline elders of the Ancient Spirit Village.

"They have left. This time, I wonder if there is any hope"

Looking at the flying beast mount leaving and spreading its wing while carrying the eight young men and women, on the old face of an elderly, his eyes slightly squinted as it emitted some radiance.

"It has already been so long. Perhaps everything is only just a legend. Otherwise, for so many years, why has no one succeeded before?"

Another old elder shook his head and somewhat sighed. He softly muttered: "The ancestor's instructions have mentioned that we cannot leave this place, or else the entire clan, will be eliminated by the enemies. If the juniors can take the biggest benefits of the Tian Yao Cave, we can then emerged to the outside world. But, after so many years, no one could get it. Nobody even knows what is that biggest benefit"

"If there are truly enemies, after so many years, those enemies have most probably long been dead." The elder who spoke first responded.

"If it is just a legend, then we will stay at this place forever." An elderly sighed.

"Everything is up to fate." Shangguan Cheng Ya spoke faintly. Then there was a glow slightly fluctuating on her entire body as her figure disappeared from the mountain peak.

On the back of the flying beast mount, all of the eight people were nervous and looking forward.

"I have heard that after coming out of the Tian Yao Cae, those in the Yuan Xuan Realm will increase by three or four grades on average. I am really looking forward to it!"

Shangguan Yan was a little excited. He had heard from his dad that as long as they came out from the Yao Luo Mountain, everyone would increase by three or four grades on average.

In the time of half a year, increasing by three or four grades, that was definitely very frightening.

And furthermore, everyone knew that the biggest benefit of the Tian Yao Cave was still the fortifying of spiritual power.

...

Chapter 264: The Biggest Benefit!

We are paying our readers now! Look at this page for more information.

Hearing this, on the contrary, Su Yi was not mysteriously, especially looking forward to it.

Because of the recent broke through, Su Yi was precisely worried that his foundation was not stable. He was most afraid of breaking through again in a short time while his highest anticipation to the Tian Yao Cave, was to fortify his spiritual soul.

"I heard that the biggest benefit in the Tian Yao Cave was to fortify the spiritual soul, especially for Alchemist and Tool Refiner, the benefit was notably tremendous." Shangguan Ye stated while his gaze was looking forward to it a little, but sadly, he could not become an Alchemist or a Tool Refiner.

"Unfortunately, no one amongst us can become an Alchemist or a Tool Refiner."

Shangguan Xiu felt a little regretful as in their generations, the Ancient Spirit Village, did not have any Alchemist or a Tool Refiner emerging. If they wanted to become an Alchemist or a Tool Refiner, there were too many requirements, and these requirements appeared very demanding to them.

"Alchemist and Tool Refiner is too rare."

Shangguan Yu spoke. According to what he knew, adding up the entire Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe, the current amount of Alchemists, and Tool Refiners, could be counted with his fingers while any one of them was a treasure.

"Yi Su, are there many Alchemists and Tool Refiners on the outside world?" Suddenly, Shangguan Xiu glanced at Su Yi and asked.

"Alchemists and Tool Refiners have an extremely high status. The people that can become an Alchemist and a Tool Refiner are notably little." Su Yi shook his head as even on the outside, Alchemists and Tool Refiners were also remarkably few.

"That's true, Alchemists and Tool Refiners are too rare. I have heard that there is another type that is even harder to become, which is the Soul Tamer. Does the outside world have it?"

Shangguan Xiu asked Su Yi. Soul Tamer seemed to have a legendary existence within the Ancient Spirit Village, Mighty Bear Tribe, and the Hunting Tiger Tribe. At least she had never seen them before.

"Soul Tamer, there does not seem to be many too. They should be even rarer than Alchemist and Tool Refiner."

Su Yi faintly smiled. He could not become an Alchemist or a Tool Refiner, but just the identity of Soul Tamer alone was enough as it was an existence that was even rarer than the Alchemist and Tool Refiner.

Just solely based on the battle strength, a Soul Tamer should be even stronger than an Alchemist and a Tool Refiner.

"It will be great if there are Alchemists and Tool Refiners amongst us so that the benefit they can get is even greater."

Shangguan Yan said a little regretfully. An Alchemist and a Tool Refiner had even more demanding requirements on spiritual power, so if they could strengthen their spiritual power, the benefit they could get would also be higher.

"Too bad, the Tian Yao Cave can only allow eight people to go in every time. It will be better if more people can go in."

Shangguan Ye exclaimed. In half a year, only eight people could enter. Although the Ancient Spirit Village had won this time, they only had ten years to enter the Tian Yao Cave.

"Rumors have it that the Tian Yao Cave was left by, the joint ancestor of the Ancient Spirit Village, Mighty Bear Tribe, and the Hunting Tiger Tribe. There is still the biggest benefit in the Tian Yao Cave. Only, unfortunately, nobody has ever gotten it."

Shangguan Chen Feng's figure sat as straight as a pencil. On the flying beast mount, his white robe fluttered while his eyes slightly squinted. He had heard before from some elderly when they inadvertently spoke about the secret of the Tian Yao Cave that it still had the biggest benefit. Only, unfortunately, nobody had ever gotten it.

"Biggest benefit?"

Hearing this, the gazes of Shangguan Yan, Shangguan Ye, and the rest trembled as it was their first time hearing this.

"Perhaps that biggest benefit is a legend, or perhaps it is waiting for the destined one."

Shangguan Chen Feng said. He wanted to get the biggest benefit of the Tian Yao Cave, but he also knew very clearly that wanting to get the biggest benefit, most likely, it was waiting for the destined one.

"The biggest benefit"

Su Yi did not think too much of it. In this half a year, he only hoped to improve his spiritual power. Far away at the front, a giant towering mountain stood, rising into the clouds with its peak covered by the spreading fog.

"We have reached."

Shangguan Xi Wei looked at that giant towering mountain and spoke.

"Is it there"

Su Yi lifted his head and looked over. He secretly felt shocked as that giant towering mountain in front, that was not far from the competition square two days ago, he had felt an unusual special aura from it back then, but that aura had disappeared in an instant.

Very quickly, the flying beast mount landed at the bottom of that giant towering mountain.

"Chirp"

When that flying beast mount faced that giant towering mountain, as though it felt a type of aura, its gaze secretly trembled a little as it seemed very frightened.

When everyone landed down from the flying beast mount, it quickly spread its wings and left with fright.

The giant towering mountain that rose into the cloud was incomparably enormous like an enormous ancient beast collapsing face-on, so tall that it looked as though it was going to collapsed aggressively.

The greens on the mountain overlapped with an endless immense forest like the undulating waves of the sea, surging turbulently. It was magnificent while it revealed a type of ancient aura that seemingly came from the ancient times.

"An especially strange aura"

At this moment, standing beneath the mountain, Su Yi once again felt an unusual special aura from the inside of the towering mountain peak before him.

The feeling was especially strange, but it once again disappeared in an instant and returned to normal, no longer unusual.

Lifting his head and glancing over from afar, on a two-people wide boundless meandering stone road from the bottom of the mountain to the waist, within the undulating verdant immense forest, he could faintly see a cave on the waist of the mountain.

"We have to walk up. The Tian Yao Cave is the common restricted area of the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe, so nobody must be blasphemy."

Shangguan Xi Wei said to Su Yi. The flying beast mount could only land at the bottom of the mountain, so to go up, they must walk by themselves.

The group of people went up the mountain while everyone started to be serious and respectful.

That was the Tian Yao Cave, the restricted area of the Ancient Spirit Village, so there must not be any ounce of disrespectful.

Su Yi followed after the group of people and went up the mountain. Unknowingly, he could feel that especially strange aura from time to time, only that it was unpredictable.

Although the stone road was not winding, it was very meandering. To the waist of the mountain, estimated, it should be more than one thousand zhang long while it was also quite steep.

However, everyone was a cultivator. Hence, this stone road did not mean anything to them.

After a total of two hours, the group of people then reached the waist of the mountain.

A small broad square laid across while on top of the waist of the mountain, there was a massive cave around twenty over zhang tall.

On two sides of the cave, there was a massive life-like ferocious and fierce stone tiger and stone bear sculpture attached on both sides of the mountain wall. Their entire bodies were thick and heavy, as though carrying ten thousand years of vicissitude.

The stone door of the cave shut tightly with some Sanskrit marks and a mysterious pattern on it.

On top of the cave, the three big words 'Tian Yao Cave' were lively and vigorously flourished in calligraphy. Carefully sizing up, it was like the radiance of the saber and the glow of the sword that would make people's hearts grew cold.

"Boom!"

When Su Yi stepped onto the small square, that strange aura once again, distinctively came over, which caused his heart to tremble for an unknown reason.

"The people of the Ancient Spirit Village!" Such a voice faintly traveled over.

Shangguan Chen Feng, Shangguan Xi Wei, and the rest who had a respectful face to the Tian Yao Cave and were bowing to it, abruptly heard the voice and lifted their heads to look over.

On one side of the Tian Yao Cave, eight figures appeared before the group of people.

The one leading was a youth that appeared around 22 years old. His figure was skinny and tall with a long shirt that clung to his body, polishing out that graceful and elegant line. His long black hair reached his shoulder while his face had defined features, especially those pair of eyes that sparkled with stars-like radiance.

...

Chapter 265: Giving A Warning!

We are paying our readers now! Look at this page for more information.

At the side of this youth, there were seven young men and women who appeared somewhat younger than Shangguan Chen Feng, Shangguan Yan, and the rest with an appearance around 16-17 years old and had extraordinary momentum and exceptional temperament.

"Hu Ming"

When they saw the eight young men and women, especially the 22 years old, skinny, tall, and handsome youth, the complexions of Shangguan Chen Feng, Shangguan Xi Wei, Shangguan Yan, and the rest secretly slightly changed.

At the moment, Su Yi's gaze also landed onto the eight youngsters, before locking onto that skinny and tall youth, feeling that the aura on his body was the strongest.

"It seems that something is a little not good."

Shangguan Xiu softly muttered beside Su Yi while her eyes had some helplessness.

"What is going on?" Su Yi sized up that eight people and softly asked Shangguan Xiu.

"They are the people of the Hunting Tiger Tribe. This time, our Ancient Spirit Village has won and come to take over to enter the Tian Yao Cave, but the people of the Hunting Tiger Tribe will not give it to us easily and let us suffer a bit." The corner of Shangguan Xiu's mouth bitterly curled up as she already made preparation to have a hard time.

"Brother Yi Su, that fellow is Hu Ming, who is slightly older than Hu Chi by a few years, yet from his seniority, he is Hu Chi's biological uncle. His age is older than all of us, and his seniority is also high. Reportedly, half a year ago, he has entered the Tian Yao Cave and did not participate in the competition this time. Rumors have it that he was already in the peak of Yuan Xuan Realm Eighth Grade half a year ago, so he should be much stronger now. There might be a possibility that he has already stepped into the Yuan Spirit Realm!"

Hearing Shangguan Xiu and Su Yi conversation, Shangguan Yan lowered his head and softly whispered to Su Yi's ear: "They have come with ill-intentions. This time, our Ancient Spirit Village has won, so this fellow will definitely not let us go easily. I'm afraid we have to suffer a bit, but they will also not dare to be too overboard!"

When his words landed, Shangguan Yan's complexion was also a little bitter.

Shangguan Yan knew very clearly that Su Yi was remarkably strong as earlier, he could defeat a Scarlet Searing Raging Bear at the peak of Demonic Xuan Realm Ninth Grade.

However, this Hu Ming before them had spent half a year inside the Tian Yao Cave. Most probably, he had already stepped into the Yuan Spirit Realm.

The Yuan Spirit Realm and the Yuan Xuan Realm were two different realms which none of them could go beyond.

"Does nobody cares about it?"

Su Yi swept his gaze across the figures of the eight people from the Hunting Tiger Tribe. The aura on Hu Ming's body was the strongest, while the aura that indistinctively spread made Su Yi sensed that he had most likely reached the Yuan Spirit Realm.

However, the rest of the seven people from the Hunting Tiger Tribe were much weaker, but on average, they were around Yuan Xuan Realm Fifth or Sixth Grade, which overall, were much stronger than Shangguan Yan, Shangguan Xiu and the rest.

"Uhhthis is an unwritten rule. If ten years later, the Hunting Tiger Tribe or the Mighty Bear Tribe has won, and someone came to the Tian Yao Cave, at then, our people from the Ancient Spirit Village will also give them a warning."

Shangguan Yan bitterly smiled. It was an unwritten rule, so each respective seniors would also not say anything as every generation had also experienced this.

It was called giving them a warning, letting them suffer a bit, but fortunately, everyone knew this, so they would not be too overboard.

While Su Yi was sizing them up, all of the young men and women of the Hunting Tiger Tribe were also sizing up Shangguan Chen Feng, Shangguan Xi Wei, and the rest. Only, the complexions on their faces were ugly, and their eyes did not have any good intentions.

For these young men and women of the Hunting Tiger Tribe, they naturally hoped that the Hunting Tiger Tribe could continue to win, but as they saw the people of the Ancient Spirit Village coming over, it proved that the competition this time that occurred every ten years, the Hunting Tiger Tribe had already lost. Their mood could be, imagined.

"Shangguan Chen Feng, Shangguan Xi Wei"

The leading Hu Ming swept his gaze through every one of the Ancient Spirit Village before finally landing onto Shangguan Chen Feng and Shangguan Xi Wei. Towards Shangguan Yu, Shangguan Yan, and the rest, he did not seem to put them on his heart, much less in his eyes.

"This time, the Ancient Spirit Village has won, and we come here to enter the Tian Yao Cave!"

Shangguan Chen Feng looked at Hu Ming with an unchanging expression and a forceful voice.

"Is that so? The Ancient Spirit Village seemingly has not entered the Tian Yao Cave for thirty years, right? To think that this time, you can actually win. What a surprise!"

Hu Ming faintly looked at Shangguan Chen Feng and paid more attention to him. In his heart, he reckoned that this time the Ancient Spirit Village could win, was naturally because of Shangguan Chen Feng. It looks like Hu Chi and Xiong Zhan of the Mighty Bear Tribe had both lost to him.

"Wanting to enter the Tian Yao Cave, then we will have to see if you guys have the capability or not. Don't say that we bully you guys who have never come to the Tian Yao Cave. Let's have a one-on-one battle. In these eight rounds, as long as you guys can win one round, it will be considered as your win!" At the side of Hu Ming, a young man with an appearance of about 16-17 years old swept his gaze across Shangguan Xiu, Shangguan Yan, and the rest with disdain.

"That's right, as long as you guys can win one round, it will be, considered as your win and you guys can enter the Tian Yao Cave!"

The remaining people of the Hunting Tiger Tribe abruptly laughed loudly. Although their ages were slightly younger than Shangguan Yan and the rest, every one of them seemingly did not place Shangguan Yu, Shangguan Yan, and the rest in their eyes.

However, these youngsters of the Hunting Tiger Tribe were a little fearful of Shangguan Chen Feng, but they were not too afraid as they knew in their hearts, there was still Hu Ming here, which was enough to trample Shangguan Chen Feng.

"That is also good. You have eight people while we are also eight people. As long as you guys win one round, you will be able to get the key to open the Tian Yao Cave, if not, you guys also do not have the qualifications to enter this Tian Yao Cave and better return back!"

Hu Ming faintly spoke, telling the eight people of the Ancient Spirit Village while an ancient key appeared in his hands.

Looking at the key in Hu Ming's hand, the expressions of Shangguan Chen Feng, Shangguan Xi Wei, and the rest became even more imposing as, without the key, they indeed could not enter the Tian Yao Cave.

"Which one of you will go first? Stop dilly-dallying, or do the people of the Ancient Spirit Village does not even have the courage to fight?!" A young man coldly laughed with disdain eyes sweeping over the people from the Ancient Spirit Village.

"Hu Qiu, you are only just a defeated opponent. What are you acting arrogant for?"

Shangguan Yan stared at the young man that spoke and deeply responded. Back then, this Hu Qiu was once defeated by him, yet right now, he was so arrogant.

"Humph!"

Glancing at Shangguan Yan, the complexion of the young man called Hu Qiu abruptly became a little ugly as back then, he was indeed defeated by Shangguan Yan and had suffered horribly.

"Shangguan Yan, if you have the capability, then do you dare to battle now?!"

Afterward, Hu Qiu's complexion sank. He was now different from the past as he had spent half a year in the Tian Yao Cave while his cultivation strength had rapidly advanced. Currently, he was already at the cultivation of Yuan Xuan Realm Sixth Grade. How was this Shangguan Yan still be his opponent? It was just perfect that he could take revenge for back then.

"Battle then battle. Can I be scared of you? I will like to see how much you have improved in the Tian Yao Cave!"

Shangguan Yan deeply roared and stepped forward, unsheathing his sword.

Although in Shangguan Yan's heart, he could already sense that Hu Chi's strength had rapidly increased in the Tian Yao Cave, he also could not escape from the situation now. Just perfect that he could test out how much this Hu Qiu had improved in the Tian Yao Cave.

The gazes of Shangguan Chen Feng and Shangguan Xi Wei fluctuated. They wanted to say something, yet hesitated as even though they knew that Shangguan Yan was not his opponent, they also did not have any other ways. The matter today, they could not avoid it.

"Haha, you somewhat have the guts. This is considered the first round. Let me deal with Shangguan Yan!"

Hu Qiu laughed loudly and stepped forward with full of confidence as the him now, was enough to deal with Shangguan Yan.

...

Chapter 266: Let Me Do It!

We are paying our readers now! Look at this page for more information.

Okay, you will deal with this one. Just let us handle the rest.

The remaining young men and women laughed loudly, totally not caring about Shangguan Yan.

These half a year in the Tian Yao Cave, all of them knew how much they had improved. After coming out, it was enough to deal with Shangguan Yan and the rest.

Hu Ming did not say anything while he faintly glanced at the people of the Ancient Spirit Village. He only had one target, which was Shangguan Chen Feng. As for the rest, most likely, Hu Qiu and the rest were enough to deal with them with an overwhelming advantage.

The arrow on the bow had no choice but to release as Shangguan Yan has no ways to decline. He secretly gritted his teeth and held the sword tightly in his hand, preparing for the battle.

Wait.

Right at this moment, Su Yi spoke. He slowly stepped out and flashed a smile to Shangguan Yan as he said: For the first round, let me do it.

After listening to Su Yi's words, there was a glow in the eyes of Shangguan Yu, Shangguan Ye, Shangguan Xi Wei, and even Shangguan Chen Feng, that secretly fluctuated and flashed without leaving any traces.

Yi

My strength is the weakest, so for this first round, it is better to let me do it.

Shangguan Yan wanted to say something, but Su Yi walked over and patted his shoulders as his eyes silently winked, hiddenly giving him a look and interrupting his words.

Alright, I shall hand it over to you.

Shangguan Yan realized the situation and abruptly smiled. He instantly stepped back while a smiling intent secretly flashed passed in his eyes without leaving any traces as he waited to watch the show.

This

Shangguan Yu, Shangguan Ye, Shangguan Xiu, and the rest glanced at each other with a glow of spurious laughter in their eyes gushing out.

Who are you? I have never seen you before.

Seeing that presently Su Yi was walking up, Hu Qiu's gaze was a little unhappy.

He was rather well acquainted with the people of the Ancient Spirit Village, yet he seemingly had never seen this young man in front of him before.

Currently, the rest of the people of the Hunting Tiger Tribe were looking at the young man with a weird style while carrying a saber and sword on his back, curiously sizing Su Yi up, who seemed slightly younger than them, yet had actually taken the initiative to fight.

Hu Ming initially did not especially notice Su Yi, but seeing as he walked out, he was also curiously looking at him.

Only, looking at his age, Hu Ming also did not care too much.

Who am I? Even if I tell you, you will also not recognize. After I have defeated you, you will then naturally know!

The corner of Su Yi's mouth curled up, as though he entirely did not care about Hu Qiu, revealing an arrogant gaze while looking down on him. The curve of his mouth and the face with defined edges exhibited an evil aura.

Defeat me? Hahaha

Hu Qiu was briefly stunned before he laughed loudly and exclaimed: Are all of the people of the Ancient Spirit Village now, so arrogant?

Just laugh, later you will cry!

Hearing Hu Qiu's laughter, Shangguan Yan, Shangguan Yu, and the rest secretly laughed as they couldn't help but feel a little pity for Hu Qiu.

Most likely, after a while, this Hu Qiu would not be able to laugh anymore.

So long-winded. Are you going to fight? If you keep dilly-dallying and does not dare, then you guys might as well come up together and stop wasting my time!

Su Yi faintly glanced at Hu Qiu before his gaze slowly swept through the eight people of the Hunting Tiger Tribe. His gaze slightly turned as he said: Why not like this, I will let you guys go down the mountain if you hand over the key of the Tian Yao Cave and all of your interspatial bags on you guys to me. Or else, I will throw every one of you down from here.

Listening to Su Yi's words, the entire people at the scene couldn't help but be dumbfounded and silent for an instant as everyone thought that they had heard wrongly.

As well as the people of the Ancient Spirit Village. Right now, as they listened to Su Yi's words, they involuntarily abruptly trembled as they were secretly dumbfounded.

Initially, Shangguan Yan, Shangguan Chen Feng, and the rest thought that Su Yi wanted to fight in the first round so that he would be unexpected and won the first round to get the key.

However, they had never guessed that Su Yi did not have this intention. On the contrary, he was trying to aim for the interspatial bags on the bodies of Hu Qiu and the rest.

Recalling that Su Yi had forcefully snatched the interspatial bags of Hu Mo, Hu Yue, and the rest, Shangguan Yan, Shangguan Xi Wei, and the rest were secretly stunned as they felt that Su Yi was definitely not joking.

Brat, say that one more time?

While being dumbfounded, Hu Qiu somewhat curiously stared at Su Yi and asked as he seriously thought that he had heard wrongly.

"Hand over the key of the Tian Yao Cave and the interspatial bags on you, or else, I will throw every one of you down from here. Do you understand?"

Su Yi pointed at a steep stone road down the mountain not far from him and faintly seriously spoke.

"Good. So overbearing!"

When Su Yi's words landed, Hu Qiu's complexion also gradually sank. Initially, he thought that after coming out of the Tian Yao Cave, he would be able to handle Shangguan Yan and the rest, and intended to avenge the insult, but who knew that a brat would suddenly emerge out that actually completely did not place him in his eyes. His feeling, could be imagined.

"Boom!"

When those words landed, Hu Qiu's complexion abruptly became slightly chilled as a foot stomped onto the ground. As Yuan Qi surged, he lifted his hand and clenched them into a fist while his figure suddenly swept out with a mighty raging wind, heading towards Su Yi.

His speed was very fast without any reservation, seemingly going all out as he wanted to give a warning and teach this brat a good lesson.

Instead, at this moment, facing Hu Qiu's attack, Su Yi was seemingly not in a hurry that even his expression did not change at all.

"You are seeking for torture!"

With a slightly chilled voice and a strong fist, Hu Qiu had already directly appeared before Su Yi.

Yuan Qi covered his fist, revealing a scarlet color, along with scorching aura that as though already arrived at Su Yi's chest.

"Overestimating your power!"

Hu Qiu's attack caused the group of people from the Hunting Tiger Tribe to secretly coldly smiled. From his momentum, that young man was absolutely overestimating his power and full of himself.

Only the people of the Ancient Spirit Village knew distinctively in their hearts.

The present Su Yi, except for Hu Ming, even if the people of the Hunting Tiger Tribe helped each other, they were still indeed not his opponent.

In an instant, under the different gazes from both sides, Hu Qiu's fist akin to lightning had already directly reached before Su Yi's chest.

When the people of the Hunting Tiger Tribe thought that Su Yi would be blown away in one fist, they shockingly saw that Hu Qiu's fist, was forcefully stagnated before Su Yi, and suddenly became stiff, unable to move another inch further.

The gazes of the ten over people abruptly changed, glancing at Hu Qiu's fist, trying to find the reason.

Then the series of gazes saw that currently, in front of Hu Qiu's fist, a palm gently blocked before the fist. Then the five fingers slightly closed, covering Hu Qiu's fist.

Hu Qiu's fist had seemingly gone all out without any reservation, yet right now, it got forcefully stagnated and blocked.

"What is going on"

At the moment, the complexion of the people from the Hunting Tiger Tribe abruptly changed exceedingly.

Only the people of the Ancient Spirit Village had smiles in their eyes that were no longer hidden.

...

Chapter 267: Thrown Down The Mountain!

We are paying our readers now! Look at this page for more information.

At this instant, as the party involved, Hu Qiu's complexion also changed drastically.

At this lightning instant, Su Yi glanced at Hu Qiu, who was before him with a sudden change of complexion while the curve at the corner of his mouth became even deeper as he faintly said: "Come, and give me your interspatial bag."

"What are you going to do"

Hu Qiu now then shockingly felt that the terrifying young man before him already had one hand on his arm. He abruptly cried when another hand instantly reached out.

However, it was too late. Su Yi slightly bent his waist and raised up with force from the ground as he shook his arms while a fearsome strength simultaneously released from his hands.

Hu Qiu had not come back to his senses when his body suddenly got lifted up while at the same time, a trace of monstrous power swept into his body, causing him to lose balance. Then, a sharp wind separating sound traveled into his ears as he felt as though he had suddenly flew up.

"Chi"

A wind separating sound rang out, and everyone saw an unbelievable scene as the body of Hu Qiu fiercely flown out. He got directly hurled down like a kite with a broken string as he fell down the mountain.

"Bang bang bang"

"Ah"

After a few breaths, the stone road below them transmitted over 'bang bang bang' rolling sounds and screams while the noise got farther and farther away.

Su Yi's figure slightly moved, and an interspatial bag appeared in his hand. He unceremoniously kept it with him with a calm expression as if everything had happened as a matter of course.

"Hu Qiu has been thrown down the mountain"

Although Shangguan Yan, Shangguan Yu, Shangguan Ye, Shangguan Chen Feng, and the rest already knew that Hu Qiu was absolutely not Yi Su's opponent, they never expected that Hu Qiu would be defeated in this method. Yi Su had really forcefully thrown Hu Qiu down the mountain.

Whereas the people of the Hunting Tiger Tribe, presently, every one of them was perplexed with astonished eyes, a stark contrast to the earlier disdain and arrogance.

"Next!"

With Hundred Transformation Steps under his feet, Su Yi's figure directly charged out as though turning into an afterimage as he straightly dashed over to the front of the nearest perplexed young man from the Hunting Tiger Tribe.

Going all out with his current cultivation's might while adding onto the speed of the Hundred Transformation Steps, how would the young man have the time to avoid it?

That young man only saw a blur, and that face which made him astonished had already appeared before him.

"Pu"

"Bang bang!"

The young man had not come back to his senses when he felt the robe in front suddenly became tight. Following after, a trace of enormous power gushed into his chest, and his entire person directly flown up with fresh blood dripping. The bottom of the mountain once again transmitted over rolling sounds.

"Hu Zhi"

The youngsters of the Hunting Tiger Tribe shockingly yelled, yet it was too late to save him. Moreover, they were still in shock and had not come back to senses.

"Brat, you have hidden quite deep. Courting death!"

A furious shout sounded, and a figure akin to lightning with speed comparable to Su Yi instantly appeared behind his back along with a trace of the sharp and mighty raging wind.

At this moment, Su Yi's complexion also secretly changed while a strand of crimson color silently flashed within his eyes.

"Swish.."

Without turning his head back, the Yuan Qi beneath Su Yi's feet seemingly formed into a whirlpool while his figure as if imaginary and as if real leaned forward on one side with an unbelievable arc.

"Chi"

The sharp and mighty raging wind behind him struck close to his ears and passed by his shoulders. The few strands of hair near Su Yi's ear broke while a bit of stinging pain transmitted from his cheeks.

Su Yi turned around, and another interspatial bag, was kept with him, yet his expression became serious. However, the curve at the corner of his mouth still slightly lifted up as he glanced at the exceptional youth before him.

The one who had just instantly attacked was precisely Hu Ming of the Hunting Tiger Tribe.

Hu Ming looked at the young man before him. He had actually avoided his move while his secretly astounded gaze involuntary became even denser. His gaze closely stared at Su Yi as he said: "You did not appear to have ever shown yourself in the Ancient Spirit Village, right? It seems like you have hidden quite deeply. Xiong Zhan and Hu Chi are both defeated by you and not by Shangguan Chen Feng, correct?!"

At this moment, Hu Ming finally realized that he had been staring at the wrong person from the start.

According to what he knew, initially, he thought that the Ancient Spirit Village won was naturally because the strongest of the Hunting Tiger Tribe, Hu Chi, and the strongest of Mighty Bear Tribe, Xiong Zhan, were defeated by Shangguan Chen Feng.

Hu Ming was also secretly finding it strange in his heart. According to what he knew, Shangguan Chen Feng should not be able to defeat Hu Chi and Xiong Zhan.

But, from what he saw now, the Ancient Spirit Village must have always been hiding this young man, locking every information about this strongest young man before him in order to win this time. Hence, Xiong Zhan and Hu Chi would be defeated.

Looking at the might of the earlier attack of this young man, it was indeed powerful. Hu Ming reckoned that the young man before him surely should be above Hu Chi and Xiong Zhan.

"Uncle Hu Ming, go deal with that brat!"

The remaining five young men and women from the Hunting Tiger Tribe finally came back to their senses now. Seeing that Hu Ming had already attacked, they abruptly shouted loudly with lingering fear in their hearts while they hoped that Hu Ming could take revenge and deal with that brat.

"You guess correctly."

Su Yi glanced at Hu Ming while he ignored the shouts of the youngsters from the Hunting Tiger Village. His expression then returned to calmness as he faintly smiled and said: "I will give you another last chance. Hand over the key of the Tian Yao Cave and the interspatial bag with you, so that you guys can go down the mountain!"

"Indeed, very arrogant. Only you have chosen the wrong person today!"

Entirely without any leeway, Hu Ming did not say much as this brat had thrown Hu Qiu and Hu Zhi before him. If he did not deal with this brat today, he would also not have any face to go down the mountain.

Furthermore, Hu Ming had a hundred reasons why he definitely could not let this brat off today.

In Hu Ming's heart, he honestly did not believe that with his cultivation now, he could not handle this brat in front of him.

Even though this brat appeared to also have an extraordinary might.

"Boom!"

The Yuan Qi in his body surged. When his words landed, Hu Ming's foot stomped on the ground. On the surrounding of the foot, cracking sounds kept ringing out from the tough stone road with tiny cracks extending and spreading on the ground from the foot. His figure was also akin to lightning as he directly pounced over to Su Yi.

The color of Shangguan Chen Feng, Shangguan Xi Wei, and the rest complexions secretly changed as even though they knew that the rest was not Yi Su's opponent, Hu Ming was different.

Hu Ming, that was an existence that might be in the Yuan Spirit Realm.

"Chi"

Sharp wind separating sounds rang out. Following as Hu Ming's figure dashed out, two running lights, one at the front and one at the back, abruptly swept out.

Hu Ming did not dare to be careless as the brat before him seemed to be exceptional and strange. Martial art techniques cast out as he dodged the two running lights at sideways, yet the figure that just pounced over got forcefully stagnated.

"Ka ka"

The ground cracked, and the stone quivered. The two running lights landed and stabbed into the ground. It was precisely the saber and sword on Su Yi's back, which he had thrown out.

Facing a cultivator that was most likely in the Yuan Spirit Realm while he was only at the Yuan Xuan Realm Eighth Grade, Su Yi unhesitatingly threw away the restraints, so that he could go all out!

...

Chapter 268: Battling The Yuan Spirit Realm!

We are paying our readers now! Look at this page for more information.

"Brother Yi Su is going to go all out!"

Seeing that Yi Su had put down the saber and the sword on his back, the expressions of Shangguan Yan and the rest also began to be imposing.

All of them distinctively knew that the broken sword on Su Yi's back was not any ordinary item, weighting above thousand kilograms.

After throwing off the enormous weight, Su Yi's battle strength would then reached the real peak.

When his two consecutive moves suffered a setback, and he actually could not even touch the corners of the robe of the brat before him, especially when he saw that the brat had actually threw away the saber and sword behind his back, for Hu Ming, it was clear that the brat did not place him in his eyes as he absolutely did not have any plan to use his weapons.

As he looked at Su Yi, there was an added slight cold appearance on Hu Ming's face.

"Allow me to see what kind of extraordinary fellow the Ancient Spirit Village has!"

When Hu Ming's words landed, the Yuan Qi under his feet swept out as he once again pounced towards Su Yi with speed akin to lightning.

Although he felt strange about Su Yi's strength, Hu Ming was not too worried about Su Yi as, after all, he knew precisely about his current might.

"Boom!"

Hu Ming's fist blasted out at a rapid speed while his fist speedily enlarged within Su Yi's eyes.

Su Yi's gaze twitched while the faint smiling intent that was always on his face also resided as Yuan Qi surged from the inside to the outside with a crimson Yuan Qi spilling out to condense into a Yuan Qi shield.

Yuan Qi spilled out and condensed into a Yuan Qi shield as an extra layer of defense.

At the same time, Su Yi also did not pause as his arm shook while his five fingers trembled, tightly forming into a fist.

"Boom!"

At this instant, Su Yi's aura of Yuan Xuan Realm Eighth Grade went all out without reservation while all of the Yuan Qi in his Yuan Qi Ocean converged onto the fist, making the radiance on the fist to glow brilliantly. Then, the fist directly collided over with Hu Ming's fist.

That was the Overlord's Fist, while Su Yi did not try to probe as he directly went all out.

Against someone that most probably was already in the Yuan Spirit Realm with his cultivation of Yuan Xuan Realm Eighth Grade, Su Yi did not want to risk it and wanted to end the battle quickly with all of his might.

When Su Yi did not retreat and had instead gone forward, chosen to contend toughly, a surprise flashed passed Hu Ming's eyes before revealing a cold smile.

Presently, this brat seemed to be at the Yuan Xuan Realm Eighth Grade, while with his current cultivation, even if he's at the peak of Yuan Xuan Realm Ninth Grade, that brat would also not be his opponent.

"Rumble!"

The two fists touched, and the next instant, the radiance on Su Yi's fist glowed brilliantly as though inflated as a clear wind and thunder rang through like a thunderclap rumbling.

At the same time, as if an overlord had awoken, a tremendous pressure like the descending of a king emitted out from within Su Yi's body while a whiff of frightening Yuan Qi energy as though an erupting volcano assaulted from his fist.

"Hong!"

Frantic energy abruptly exploded between Su Yi's and Hu Ming's fist while enormous raging wind formed into airwaves like a windstorm as it directly shot through.

"Pat pat"

Su Yi's body staggered as his figure retreated a few steps back before stabilizing.

"Chi!"

At this moment, Hu Ming's body continuously staggering retreated as his foot rubbed against the ground for several zhang before stabilizing while the gaze with a cold smile, was instantly replaced by shock.

Not far away at the surrounding, when they saw Hu Ming got blown back, the faces of the remaining youngsters from the Hunting Tiger Tribe also turned into shock.

Initially, the faces of Shangguan Chen Feng, Shangguan Xi Wei, and the rest also secretly revealed imposingness, but when they saw the scene before their eyes, they were also shocked.

Obviously, from the earlier exchange between the two of them, Hu Ming seemed to not gain any advantage and was, on the contrary, at a slight disadvantage.

Su Yi shook his palm as his fist felt a little numb. Looking at Hu Ming with a dandy appearance, his physique seemed to be quite tough too.

However, in terms of battle strength, Su Yi was also a little surprised. Could it be that this Hu Ming had not stepped into the Yuan Spirit Realm?

Or perhaps, was the Yuan Spirit Realm only like this? It did not seem to be any much stronger!

"Yuan Xuan Realm Eighth Grade. With such might, no wonder Hu Chi will be defeated!"

The shock in Hu Ming's eyes gradually lightened while secretly hidden. Feeling the aura on Su Yi's body presently without any reservation, his complexion sank.

With only Yuan Xuan Realm Eighth Grade, it had actually almost caused him to suffer some losses. No wonder this brat dared to be so arrogant as he did have reason to be so!

"Coming out from the Tian Yao Cave, yet you only have such might?"

Smiling intent once again emerged on Su Yi's face, but in his heart, he was not careless as he could feel that this Hu Ming seemingly did not go all out with his might and had some reservation.

"As you wish!"

When such words descended, Hu Ming's heart instead became calm as though his eyes never had any sort of carelessness and contempt.

He wasn't careless, and contempt was not because he really thought that he could not deal with Su Yi, who was in front of him.

But, it was because he knew very clearly that when he was at that age, he did not have such cultivation and battle strength.

And right now, this brat had come to the Tian Yao Cave. After half a year had passed, most likely, he could reach his stage, so he had no reason to be careless and contempt.

"Boom!"

The Yuan Qi in his body surged as from within Hu Ming's body, a new strong aura swept out with green water element Yuan Qi emanating radiance that was blinding, and brilliant, as though there was water fog on the sky, making the air to become wet as if it would rain at any time.

"Yuan Spirit Realm First Grade. He has really reached the Yuan Spirit Realm First Grade!"

When Hu Ming's aura no longer kept hidden, the gazes of Shangguan Chen Feng and Shangguan Xi Wei trembled. It was exactly what they initially expected that Hu Ming had really reached the cultivation of Yuan Spirit Realm First Grade.

"Hu Ming's main attribute is the water element. Brother Su Yi is going to suffer losses!"

There was always a scorching heat on Su Yi's aura while the glow of his Yuan Qi was also crimson. Shangguan Yan and the rest had always thought that Su Yi's main attribute was the fire element, whereas currently facing Hu Ming, his cultivation was oppressed, and on the attribute, it was also affected.

Gold, wood, water, fire, and earth, the five types of elements, everyone knew that they secretly restrict one another.

Only the wind element and the thunder element were the exceptions.

"Yuan Spirit Realm First Grade!"

Feeling the aura on Hu Ming's body currently, the expression on Su Yi's face, on the contrary, did not have any significant changes.

Firstly, Su Yi had already sensed that this Hu Ming was most probably at the Yuan Spirit Realm First Grade.

Furthermore, for the cultivation of Yuan Spirit Realm First Grade, Su Yi had been in contact with many of them before.

At the moment, within the mysterious space in his mind, Golden Python and the rest had long reached the Demonic Spirit Realm, and their speed of advancement had always been fast.

Even though, in this period of time inside the Ancient Spirit Village, Su Yi had a type of special feeling with the Ancient Spirit Village.

However, towards the mysterious space inside his mind, Su Yi did not have any plans to expose it.

Hence, Su Yi did not summon out the mysterious space to check on the situation of Golden Python and the rest while he also did not know whether or not the mysterious space had once again widened along with his series of breakthroughs.

"Let's end it. To be able to make me use the might of the Yuan Spirit Realm for the first time, it is a glorious defeat!"

When such words traveled out, the Yuan Qi within Hu Ming's body surged while his movements also did not have any stagnation. His figure directly pounced out as he stretched his hand out. The five fingers slightly trembled as there were actually tiny traces of air dents revealed as though bringing along with the residual traces of the space with blinding green glow, blasting towards Su Yi.

...

Chapter 269: Outer Condense Of Yuan Qi!

We are paying our readers now! Look at this page for more information.

"Crimson Flame Palm!"

Su Yi's eyes twitched while his palm print directly smacked out. All of a sudden, scorching aura came one wave after another like a fiery waves, immediately contending over.

Seeing that Su Yi still did not retreat, and instead went forward, the entire people on the scene were secretly in an uproar.

A Yuan Xuan Realm Eighth Grade cultivator clearly knew that he was facing a cultivator in the Yuan Spirit Realm with such a vast difference, yet he was actually still so bold. Not many people would have such a big gut.

Su Yi directly toughly contended with no fear.

Although he knew his opponent was in the Yuan Spirit Realm First Grade, from the earlier battle, Su Yi had some understanding of his opponent battle strength and had some confidence in himself.

Moreover, this was definitely a good opponent. So what if the opponent had high cultivation? He had the Supreme Chaotic Yuan Technique with him. Battle strength was the real might!

"Bang bang!"

The two clashed while the Crimson Flame Palm exploded open with fiery waves sweeping out.

Su Yi retreated in a straight line. Right now, under the full force of Hu Ming's might, he had suffered some hidden losses from the head-on confrontation.

Hu Ming was even more shocked. He thought that he would be able to handle that brat in one move, yet he never expected that things would not go his way while there was not even a wound on that brat. That had made him very shocked.

"Yuan Spirit Realm First Grade. Indeed very strong!"

Su Yi was surprised. The difference between the Yuan Spirit Realm First Grade and Yuan Xuan Realm indeed was like an enormous gulf. He felt that this Hu Ming was much stronger than the Scarlet Searing Raging Bear after it had gone through the raging transformation.

"Crack"

Hu Ming's five fingers stretched out as claws changed into a palm. A green Yuan Qi was surging on his palm as though forming a green layer of cuticle that was crystal clear with a continuous fierce aura.

"Outer condense of Yuan Qi!"

The gazes of Shangguan Chen Feng, Shangguan Xi Wei, and the rest trembled.

Yuan Qi spilled out, that was the sign of a cultivator in the Yuan Xuan Realm.

While the outer condensed of Yuan Qi, was the sign of a cultivator in the Yuan Spirit Realm.

Yuan Qi spilled out and outer condensed of Yuan Qi, were two completely different concepts.

Only a cultivator in the Yuan Spirit Realm could cast the outer condensed of Yuan Qi!

"You make me more and more surprise. But, no matter what, today, you will definitely lose!"

The green glow on the palm enveloped, which was crystal clear while faintly emitting an ancient aura. The current power he was displaying caused the corner of Hu Ming's lips to revealed a confident smile.

It was the first attack after he had broken through to the Yuan Spirit Realm. Without any delays, his palm shook as his feet stepped out, smacking towards Su Yi with a fast speed.

"Come on!"

Under the gazes of the people, Su Yi still did not retreat while seemingly a sort of the sound of the clanging of the wind and thunder faintly emitted from his body. Within his eyes, a crimson color gushed out as if flames were burning.

"Crack"

His figure was like an afterimage, real yet fake with countless transformations as he directly confronted with Hu Ming.

One was in the Yuan Xuan Realm Eighth Grade while the other was in the Yuan Spirit Realm First Grade, yet both of them instantly battled intensely with a fiery explosion as their figures crisscrossed, while from time to time, explosion sound of energy would ring out.

The remaining people of the Hunting Tiger Tribe were very perplexed. They initially thought that they could easily handle the people from the Ancient Spirit Village, giving them a warning.

However, they had never anticipated that such an insane mighty brat would suddenly appear. They formerly thought that Hu Ming would be enough to handle him, yet they never thought that currently, the brat that looked so young, could fight with Hu Ming to such an extent.

With his Yuan Xuan Realm Eighth Grade against a Yuan Spirit Realm First Grade, the brat was so powerful to this insane extent.

The two of them never stopped clashing, and in a blink of an eye, they had already exchanged moves more than ten times while their figures were akin to lightning, so fast that nobody could see clearly. But, they could vaguely see that Su Yi seemed to be at a disadvantage.

"Water Spiritual Ancient Ripple Fist!"

With a loud cry, Hu Ming's complexion had already become darker and darker.

In his mind, the brat before him could definitely not contend against him, but after they had fought, no matter how he attacked, the brat actually with only the cultivation of Yuan Xuan Realm Eighth Grade, could directly toughly contend against him. It looked as though he held many advantages, but it was absolutely not that much better.

"Bang!"

A low and deep explosion sound rang out as Su Yi and Hu Ming clashed.

The places both of them clashed, where the explosion sounds rang out, the surrounding ground would quiver with rocks shattered into powder and tiny cracks on the floor, extending like a spider web.

"Pat pat"

After the clash, Su Yi scraped against the ground as he retreated. His complexion had become a lot paler while his hair also started to become a little messy.

Hu Ming also retreated. Although he also looked miserable, his condition was much better than Su Yi.

The entire people at the scene were speechless with shock on their faces. No one had ever expected that Su Yi could actually battle with Hu Ming to such an extent where neither could gain the upper hand.

Hu Ming stagnated while his figure was straight with an exceptional temperament. Within his eyes, there was a limpid green glow.

Su Yi stabilized his body. His figure was clean and skinny, yet it was already long at a young age while his skin emitted radiance, revealing a glow like the warm jade. A crimson light gushed out from within his bright piercing eyes. Unknowingly, his body had an overbearing and mighty aura that caused people's hearts to secretly trembled, exhibiting an air that was out of the ordinary.

Hu Ming's expression secretly moved, but his entire momentum was calmed, and had instead, began to appear steady.

Su Yi's expression also started to calm down as he quietly stood, letting people feel a type of air without reason.

However, the people on the scene knew distinctively that these two were not actually becoming calm, but that they were preparing, waiting to explode. These two fellows would most likely settle the win in the next fight.

"Let's truly end it!"

A loud shout traveled over as Hu Ming once again attacked. With an explosive aura, he pounced over to Su Yi while his long sleeves fluttered. The green glow on his body was brilliant, as though bringing up the water fog all over the sky.

The water fog got denser and denser. Afterward, it seemingly formed a windstorm as the sand flew and rocks rolled with a pouring rainstorm enveloping the surroundings, while the howling raging wind whistled.

"Is this the might of the Yuan Spirit Realm?!"

Such a momentum caused the hearts of Shangguan Chen Feng, Shangguan Xi Wei, and the rest to uncontrollably trembled.

Simultaneously, Su Yi attacked. A brilliant glow abruptly shone within his eyes like the blinding flashes of lightning as his robe fluttered, and black hair flew and danced with unknown momentum as though carrying along with the wrath of thunder. The element of the Yuan Qi in his body suddenly changed while Yuan Qi flowed through the specific meridians and, lastly, converged onto his right foot.

"Wrath of the Eight Wastelands, Oppressing the Mountains and Rivers with a single foot!"

Su Yi's right foot abruptly stepped down with Yuan Qi whirlpool underneath his foot like a windstorm engulfing everything as he directly stomped the ground!

"Boom"

When the foot landed, the ground shook as the empty air roared!

"Rumble rumble"

From where Su Yi's foot landed, the ground shattered with lines the thickness of an arm cracked on the ground like a spider web, as it spread and extended.

Circles of black earth element Yuan Qi energy like a wave sweeping through harshly assaulted to the windstorm that Hu Ming had brought up.

"Bang bang bang"

The clanging of explosion sound blasted open as the windstorm of water fog all over the sky exploded. A strong raging wind of energy assaulted, sweeping towards Su Yi.

"Pat pat"

After continuously retreating for more than dozens of steps, Su Yi then stabilized, but the blood in his chest surged as his throat unbearably became sweet while a strand of blood already seeped out from the corner of his mouth.

Hu Ming also got blown back, but his situation was also not that much better than Su Yi as a stuffy hummed sound rang out from his throat as he fiercely swallowed down a mouthful of fresh blood.

...

Chapter 270: Heavenly Tiger Art!

We are paying our readers now! Look at this page for more information.

"Yi Su is too strong!"

Such a scene caused Shangguan Chen Feng, Shangguan Yan, Shangguan Xiu, and the rest of the people from the Ancient Spirit Village to be dumbfounded.

No one had expected that Yi Su with his cultivation of Yuan Xuan Realm Eighth Grade could actually fight with, Hu Ming, who was in the Yuan Spirit Realm to such an extent.

Even until this moment of the fight, Yi Su was still not really defeated.

"How is he so strong? Has an insane person appeared in the Ancient Spirit Village?!"

The remaining people from the Hunting Tiger tribe, continued to be submerged in shock.

They initially wanted to give a warning to the Ancient Spirit Village as this was also an unwritten rule.

However, they never expected that this time, they had misjudged and encountered such an insane person.

"I did not expect that a Yuan Xuan Realm Eighth Grade can have such might."

Looking at Su Yi, Hu Ming's eyes no longer had any contempt and disdain while a strand of green fog flashed passed within the depth of his eyes as the aura on his body once again surged. In an instant, the surrounding empty sky on the mountain waist with cloud spreading, converged into dark clouds, covering up the sunlight.

The dark clouds gathered, making the surroundings abruptly became dim while the atmosphere unknowingly made people tense.

At this moment, the surrounding aura on Hu Ming surge like rippling waves with frightening aura.

The strong aura on Hu Ming's body condensed while his entire hair flew, especially behind him, there was a like a clanging wind and thunder sound traveling out that deafened the ears along with a brilliant green glow.

"Heavenly Tiger Art"

At the moment, glancing at the aura on Hu Ming, Shangguan Chen Feng's eyes abruptly trembled.

The Heavenly Tiger Art was the same as the Mighty Bear Tribe's Mighty Desolate Verse, which were their strongest martial art techniques. Casting the Heavenly Tiger Art also showed that Hu Ming was definitely going all out.

"Are you going to go all out in one move? It seems like I have to do the same too"

Su Yi lifted his head while ignoring the traces of blood dripping at the corner of his mouth. Instead, he slightly closed his eyes while at the same time, a strange hand seal was condensing in his hands.

"Whoosh.."

Following as Su Yi condensed the hand seals, suddenly, there was an air current fluctuating on his surroundings as though a glow was going to flashed out while strands of dark black fluctuating energy started to appear from the surrounding empty space.

The strands of dark black energy converged together as the glow got more and more profound. Finally, it seemingly converged into a dark black hurricane whirlpool in front of him.

"What is Brother Yi Su doing?"

Shangguan Yan, Shangguan Xiu, and the rest were quite uncertain. It was obvious that Hu Ming was already preparing to give it his all, but looking at Su Yi's moves, all of them could not understand.

However, they could faintly feel that Su Yi was seemingly also preparing his hidden card.

"Roar!"

Behind Hu Ming, within the clang of the wind and thunder that deafened the ears, a tiger roar suddenly transmitted out.

Inside the enveloping water fog all over the sky, a massive several zhang long brilliant green radiance of a virtual figure of a tiger charged out from Hu Ming's back like a living thing. It emanated mighty shocking pressure along with monstrous momentum like a fierce tiger pouncing on its food as it flounced towards Su Yi.

This green virtual figure of a tiger had a frightening aura as its fierce eyes shone, glancing with hostility. With one roar, it could deafen the ears.

Also at this time, the last hand seal had condensed on Su Yi's hand, and his complexion instantly became incomparably pale too.

"Roar!" All of a sudden, inside the dark black energy whirlpool that Su Yi had condensed before him, a frightening roar also transmitted out.

The glow fluctuated, and a giant strange virtual figure of a beast charged out from within.

This strange beast was like a snake, a python, and a dragon as if it was a real thing. Its entire body was pitch black and profound with a horn on its forehead emitting a radiance.

"Ancient Desolate Dragon!"

"No, this is the virtual figure of the Ancient Desolate Dragon!"

When such a strange beast emerged, Shangguan Yan, Shangguan Xiu, and the rest were even more astounded.

That was a rare Ancient Desolate Dragon while they had only seen it before in the records.

Looking carefully, they then knew that the Ancient Desolate Dragon was also a virtual figure.

The Ancient Desolate Dragon was ferocious and vicious, with brooding eyes. The surroundings clouds move while the ground quivered.

From the virtual figure of the Ancient Desolate Dragon, a whiff of a thick and powerful aura fluctuated out and swept through while the surrounding ground moved and the mountain shook as though in an earthquake.

Under the entire astonished eyes at the scene, the two virtual figures immediately fought intensely.

The frightening aura seemingly blotted out the sky and covered the earth as it swept through with mighty pressure releasing, making the people on the scene secretly shiver.

The dragon and tiger clashed, with a vast and mighty hurricane sweeping out while the sky dimmed and earth became dark as sand flew and rocks rolled.

The ground kept cracking with profound black glow and water fog emitting on the empty sky, covering up the area.

The tiger and dragon entangled and kept assaulting, erupting out glow after glow.

From the naked eyes, the black dragon seemingly could indistinctively absorb the water fog all over the sky, suppressing the tiger figure.

"Bang bang!" Frightening energy explosion sounds swept out and then exploded with an unusual energy charging in all directions, sweeping through.

"Howl!"

Finally, after one howl from the dragon, the Ancient Desolate Dragon suppressed the tiger figure and fiercely crushed it within its hand while the water fog and green glow dissipated.

"Chi"

With a figure akin to lightning, Su Yi's body dashed out with speed like that of a sudden clap of thunder, which left no time for covering one's ears as he directly reached before Hu Ming.

"Bang bang!"

Su Yi's continuous fists were akin to lightning as he used the last strand of his power and went all out without reservation, blowing Hu Ming until he spewed out fresh blood and scurrying retreated.

"So what if it is the Yuan Spirit Realm First Grade? I will still throw you down."

Lastly, Su Yi gave a loud cry as he directly carried Hu Ming up while his figure dashed out, fiercely throwing the heavily wounded Hu Ming out of the mountain waist as Hu Ming rolled down from the stone road.

Inside the square, the dark clouds dispersed while a key and an interspatial bag appeared within Su Yi's hand as he unceremoniously kept it with him.

"Soul Tamer. Yi Su is also a Soul Tamer!"

Shangguan Chen Feng spoke as he finally recognized it. Yi Su was also a Soul Tamer as he had previously used the method of the Soul Tamer to heavily wounded Hu Ming.

"Soul Tamer!"

"Oh my god, Brother Yi Su is also a Soul Tamer!"

When the two words landed into their ears, Shangguan Xi Wei, Shangguan Yan, and the rest were all stunned.

Until now, they finally found out that Yi Su still had an identity of a Soul Tamer.

Soul Tamer, that was an existence that was even rarer than the Alchemist and the Tool Refiner.

"It is your turn now!"

"Bang bang bang bang bang!"

"Ah"

Su Yi did not stop as he kept striking out under the stunned and dumbfounded gazes of the remaining youngster from the Hunting Tiger Tribe.

In the series of explosion sounds and screams, a few young men and women were thrown out from the meandering and steep stone road while they rolled down and brought along dust.

"Gulp gulp"

Watching such a fierce scene, the people from the Ancient Spirit Village swallowed their salivas as their throats felt boiling hot.

How strong was this? Most probably, Hu Ming and the rest of the people from the Hunting Tiger Tribe had never thought that once they came out of the Tian Yao Cave, they would be forcefully thrown down the mountain by someone.

Within Su Yi's hand, another few interspatial bags had unknowingly landed in his hands while he skillfully kept them.

However, the current Su Yi already long had a pale complexion while he was panting too with a strand of blood still on the corner of his mouth. His entire head of black hair was disheveled, yet it added fierceness to him.

An elixir in his hand was popped into his mouth while he took his sleeves to wipe the blood off the corner of his mouth, yet on Su Yi's pale face was smiling.
