Chapter 291: Golden Ancient Scorpion!

Both Su Yi and Su Tian Que looked in the direction of the noise.

In no time, a giant demon beast appeared in everyone's sight, about four or five meters tall, looking as fierce as a lion and tiger, and robust as a mountain. Its head was round and big, its whole body was red, and it was covered with a thin layer of densely packed red armor. There was golden fur on its shoulders and chest, and long mane extending to the shoulders and chest, dazzling with golden light.

This massive demon beast gives off the feeling of a young demon beast but its aura is already fierce and shocking, exuding a king's aura.

"Cold Waves Golden-Red Beast!"

When such an evil beast appeared, there were many uncontrollable cries of surprise in the crowd and the eyes of everyone changed greatly.

"Cold Waves Golden-Red Beast!"

Su Yi's eyes fiercely trembled.

This is not an ordinary demon beast. In terms of bloodline, it is much more powerful than the Serene Void Brutal Heavenly Leopard, a true member of the demon clan.

Any Cold Waves Golden-Red Beast, from birth, is destined to become strong.

Upon seeing the Cold Waves Golden-Red Beast in front of them, Su Yi estimated the cultivation level in its breath. It was at a higher level of the Demon Spirit Realm, yet its breath was chaotic. Its hair was dyed red with blood and its fine crimson scales were covered with scars, as if it had suffered from a great injury.

This Cold Waves Golden-Red Beast, suddenly appeared from the top of the hill, and was surprised to see the many humans in front of it. Its huge body stopped and its huge crimson eyes stared at Su Yi and the others.

"Boom!"

Without hesitation, Su Yi immediately activated the Supreme Chaotic Yuan Technique, hoping to shock away the Cold Waves Golden-Red Beast.

"Shout"

Suddenly, the Cold Waves Golden-Red Beast felt Su Yi's presence and its eyes twitched, staring at Su Yi intently. Its eyes were fierce and it roared in a low voice in an animal language asking Su Yi if he was a human or a demon beast.

Obviously, the Cold Waves Golden-Red Beast was shocked by Su Yi.

This human's aura was strange. It exuded a tyrannical pressure like a demon, but it was still in human form. If it were actually a demon, then it would be someone at the Demonic Emperor Realm level!

"Ouch"

Su Yi had not yet spoken, when again the sound of a beast roar echoed forth, and the ground shook in front of them as a large beast ran towards them.

"Boom boom"

The ground trembled, rocks flew, and several giant demon beasts suddenly appeared, their bodies shining with radiant light and their fierce breath engulfing the land.

When a giant golden creature suddenly appeared, painting the surroundings with its golden glow and a pair of ruthless eyes like two blood-red lanterns, its fearful gaze flowed.

This big beast had been closely watching the Cold Waves Golden-Red Beast, but seemed to have suddenly sensed the aura of Su Yi and its eyes immediately landed on Su Yi.

When this huge beast looked upon Su Yi, its vicious eyes suddenly changed color.

This is a strange and rare creature. Its body is golden, looking like a giant scorpion that is not as tall as the Cold Waves Golden-Red Beast, but it is certainly much longer -- at least tens of feet long. It coiled up with its massive golden tail hung down in the back, emitting a cold and terrifying aura, making people feel chillingly frightened.

Behind this strange beast, there were three huge savage beasts at the moment. Although the momentum on their body was not as strong as the one in front, which was carrying a kind of demon beast king's aura. Their cultivation level breath was even stronger, and all of them had reached the Demonic True Realm.

Among them, the Green Wild Panther had the strongest aura and it wouldn't be too far from the Demonic Void Realm.

"Golden Ancient Scorpion!"

But at this moment, Su Yi's gaze was drawn to the first demon beast.

That is a Golden Ancient Scorpion, its bloodline can be compared to that of the Cold Waves Golden-Red Beast.

The Golden Ancient Scorpion emitted a low growl and felt quite strange after feeling the awe-inspiring scent on Su Yi's body.

However, for some unknown reason, the Golden Ancient Scorpion was not completely subdued, its gaze sweeping past the people behind Su Yi and exuding a killing intent, as it uttered a happy roar.

These people before him are all humans and enough to satisfy his appetite.

The Golden Ancient Scorpion roared, staring at Su Yi and wanting to determine, "What kind of person are you?"

"Better not provoke me!"

Su Yi opened his mouth in a low voice. He understood the language of the beasts, and the breath of Supreme Chaotic Yuan Technique on him became even more intense, but his face was slightly gloomy in secret.

In front of him, there are several demon beasts at the level of Demonic True Realm. Even though there are three slightly older cultivators that have reached the Yuan True Realm, if they really try to fight, the three Yuan True Realm cultivators from the Mighty Bear Tribe and the Hunting Tiger Tribe will not get any advantage and will suffer a loss.

When the scent of Su Yi was felt, the Green Wild Panther trembled in response, affected by it.

"Do you understand animal language, or do you?"

The Golden Ancient Scorpion's face changed in surprise. This man didn't look like a strong demon in the Demonic Emperor Realm. Why does he understand the animal language?

"I can smell something strange on you, but you must be human. Bold indeed!"

The Golden Ancient Scorpion roared, and it seemed to have figured out what was going on. Although its senses were affected by Su Yi's presence, it managed to block him.

"Dare to provoke me, and I'll kill you!"

Su Yi was trying to remain calm, but if they were to act recklessly, they would not gain any advantage in the current situation. After all, this was the Demon Woods, filled with powerful demon beasts, so the consequences could be dire.

"Hmph, I'll take care of my opponent first, then I'll enjoy having all of you humans slowly!"

The Golden Ancient Scorpion coldly glared at Su Yi and commanded the three Demonic True Realm Demon Beasts behind him in beast language, indicating that the three Demon Beasts should guard Su Yi and the other humans. He would personally take care of the Cold Waves Golden-Red Beast!

"You ambushed me and wounded me shamefully, I will never let you go!"

The Cold Waves Golden-Red Beast roared in rage as it was ambushed and injured.

"You don't have that chance anymore!"

The Golden Ancient Scorpion laughed coldly, its body exuding a golden aura, but it also had a bloody smell, making people feel as if they could see a scene of bloody sea and corpses in front of them, making them shiver with fear.

"Trouble!"

Su Yi gazed at the three Demonic True Realm demon beasts that were already stealthily fixated on him, standing his ground in full alert and concentrating intently.

Su Yi was very puzzled that Supreme Chaotic Yuan Technique failed to completely suppress the Golden Ancient Scorpion. He speculated that this might have something to do with its bloodline, or perhaps there was something special about it.

"Boom!"

The Golden Ancient Scorpion moved with an astonishing aura, and its body caused the ground to tremble faintly. Its ten-meter-long body emitted a faint red light, permeating with a smell of blood.

"Shout!"

The Cold Waves Golden-Red Beast also stirred, roaring with a loud voice. Its body emitted a vast and mighty red light, carrying unparalleled scorching energy. The temperature of the surrounding void suddenly rose drastically as if it were a sea of fire. After just an instant, with rocks exploding, trees withered, and gravels flying, it created a scene of terror!

...

Chapter 292: Ferocious Assistance!

When these two young demon beasts were about to fight, even Shangguan Yan was trembling with fear. The aura of the Cold Waves Golden-Red Beast and Golden Ancient Scorpion was so strong.

The Cold Waves Golden-Red Beast struck first, sending out a large red claw to snatch towards the Golden Ancient Scorpion.

The claws shook the air, and the mountains and rocks around were crushed into powder, with a fierce and scorching majesty.

The Golden Ancient Scorpion didn't dodge, raising its claws high in defiance, emanating the same dreadful aura.

The two clashed together, bursting out a hot fiery breath and light that swept through all four directions.

"Second Grade of the Demonic Spirit Realm!"

Su Yi was slightly shocked, the strength of Golden Ancient Scorpion was at around the Second Grade of Demonic Spirit Realm. Its breath was much stronger than the Cold Waves Golden-Red Beast. As the Cold Waves Golden-Red Beast had been severely injured, it was suppressed immediately by the Golden Ancient Scorpion.

Sure enough, the huge body of Cold Waves Golden-Red Beast retreated far away, yet the Golden Ancient Scorpion only stepped back a few steps, and at the same time, the hook behind it was filled with cold light, as if an arrow shooting backward, targeting the retreating Cold Waves Golden-Red Beast.

The Cold Waves Golden-Red Beast seemed to be quite familiar with this Golden Ancient Scorpion, having prepared for it ahead of time; its body was bulky but agile, avoiding the hook.

The latter's huge tail hooked, shattered and withered everything in its way and hit a giant boulder, blasting it open, powerful and wild.

The Cold Waves Golden-Red Beast looked at it with solemn eyes. The Golden Ancient Scorpion by its side has three more powerful demonic beasts of the Demonic True Realm at its side; Today, it stands in a dangerous situation, unable to fight against them.

But the Golden Ancient Scorpion attacked fiercely, suppressing Cold Waves Golden-Red Beast in succession, sweeping horizontally with its giant tail and pincers and directly crushing many towering trees and huge boulders.

"Very troublesome!"

Su Yi had a pensive look on his face; this was the Demon Woods, full of powerful demon beasts everywhere and already a very dangerous situation ahead.

This Golden Ancient Scorpion seems to not let anyone off, if they were to attract another powerful Demon Beast, the crisis would be even greater, they must think of a way out as soon as possible.

"Shit"

Cold Waves Golden-Red Beast was finally pierced through by the giant tail hook. Its hard red scales acted like a coat of armor, yet it still bled from the wounds, worsening its injury.

"Shit"

At that moment, Su Yi suddenly moved and his foot palm surged with energy, his figure fluttering like pulling out a continuous stream of phantoms, with an inconceivable speed, so that the three Demonic True Realm Demonic beasts had no time to react, and he immediately rushed towards the Golden Ancient Scorpion.

The Golden Ancient Scorpion wanted to continue suppressing the Cold Waves Golden-Red Beast, but suddenly sensed the movement of Su Yi, its vicious eyes turning red with a fierce aura. The large and powerful pincers exploded downwards like scissors toward Su Yi.

"Overlord's Fist!"

Su Yi had this prepared long ago; when the figure appeared, facing that huge scorpion pincer, he didn't back away but instead moved forward. In an instant, his face was ferocious, with his blue veins exposed; he shouted in his heart, and with his right fist raised he hard struck the scorpion pincer.

The fist and the scorpion pincer looked very small.

But a terrifying force of vigor burst forth like a volcano, exploding in front of Su Yi's fist in an instant.

Everything happened in the blink of an eye. Su Yi's fist swelled up and thundered in the wind, like a low rumbling thunder that resounded loudly with a great pressure, as if an emperor was awakening and descending upon the land.

With a loud bang, sand and stones flew in all directions, and the ground trembled faintly.

"Click"

What was seen with the naked eye was that the cracks appeared directly on the scorpion pincer and were opened by the rebound.

Then Su Yi stomped the ground with her foot, and the Earth attribute energy gathered around her right foot.

"Eight Desolate Roars, One Kick to Subdue the Mountains and Rivers!"

Su Yi's shout was like thunder, and suddenly her eyes shone like lightning, her hair billowing and dancing backward. He had a thunderous fury, and with one step of her right foot, a vortex of energy was unleashed like a storm.

In a split second, Su Yi kicked the ground and jumped down!

The ground shook and the air roared with a "Boom"!

"Roar" The three Demonic True Realm demon beasts originally found out Su Yi was escaping and quickly rushed forward to kill him, but under this pressure, they trembled and roared, their bodies cowering in fear.

"Rumble"

Since Su Yi arrived, a circle of black earthen elemental energy, like waves, spread open and caused the ground to crack. Cracks as thick as arms spread out like spider webs and attacked the Golden Ancient Scorpion.

The Golden Ancient Scorpion's expression changed drastically, its huge body staggering, its ferocious eyes filled with shock. Under the force of this tremendous power, it kept retreating, blood spewing from its sinister mouth.

"Ow!"

But this Golden Ancient Scorpion was indeed a young demon beast, the cold light behind its bloody vomit, like an arrow, pierced through the air, and in the urgent sound of breaking wind, it stabbed towards Su Yi.

Su Yi's eyes lit up, not expecting that the Golden Ancient Scorpion could still move after enduring his Overlord's Fist and Wrath of the Eight Wastelands. He couldn't delay anymore, he had to act quickly. He moved with the flow, putting out both hands which were covered in energy.

"His vitality is so strong, he just broke through to the Yuan Spirit Realm!"

Everyone was surprised by Su Yi's quick movements.

A visible aura is a sign of a cultivator of the Yuan Xuan Realm.

If the aura is condensed, that is a sign of a cultivator in the Yuan Spirit Realm.

Exuding vitality and condensing vitality are two completely different concepts.

Not long ago, in the great contest, everyone knew that Su Yi had broken through from Yuan Xuan Realm Six Grade to Yuan Xuan Realm Eight Grade. This was already terrifying, and now, how short a time has it been? Su Yi has already reached Yuan Spirit Realm First Grade.

"Gugu"

Someone gagged, only the cultivation of the Yuan Spirit Realm can do the step of externalizing aura. Is this guy's cultivation speed flying?

The red energy covered Su Yi's hand palm, sparkling and crystal clear. This was the first time that Su Yi had taken action after breaking through to the Yuan Spirit Realm.

With a wave of his hand, Su Yi stepped forward quickly without hesitation. His fingers slightly curved and grabbed onto the cold hook tail of the Golden Ancient Scorpion directly. He tightened his grip and then fiercely lifted it with one hand, and then tightly held the giant tail and crazily swung it around.

"Hula"

The giant body of more than ten meters long, with a reddish glow covering its whole body, was thrown around in midair by the tiny figure of Su Yi uncontrollably.

"This"

Such a scene, Shangguan Yan, Hu Chi, Xiong Zhan, etc., all astonished. Then such a huge Golden Ancient Scorpion was actually being thrown around in circles.

The Cold Waves Golden-Red Beast trembled, very impressive!

That should be a human in front of him, yet it is so terrifying.

They are demon beasts, but these little humans seem more like a demon beast than them.

"Bang!"

Subsequently, Su Yi gripped the giant tail of the Golden Ancient Scorpion and spun it around several times. When the Golden Ancient Scorpion was dazed and dizzy, a loud bang was heard as it heavily crashed onto the ground.

...

Chapter 293: The Token!

"Click"

The ground cracked continuously, sand and stones flew everywhere, the Golden Ancient Scorpion spurted fresh blood wildly, eyes dulled, completely unable to move anymore.

"Shit!"

Su Yi leaped up and, with a stomp, his body directly jumped onto the back of the Golden Ancient Scorpion. His blade was pointed directly at the head of the Golden Ancient Scorpion.

"Gugu"

The Cold Waves Golden-Red Beast was stunned, its eyes widening in shock at the ferocity of this human before it.

"Ouch"

At this moment, the three Demonic True Realm demon beasts just recovered and roared, their eyes filled with fear. If the young master in front of them died, they would be killed even if they fled back.

"Scoundrels, do you want it to die?"

Su Yi's eyes were blazing red, and the air was filled with the aura of the Supreme Chaotic Yuan Technique as he stared at three Demonic True Realm demon beasts.

"Roarrrrr!"

Three Demonic True Realm demon beasts roared angrily, none daring to take a step forward, their eyes filled with fear.

"Take it with you, don't bother us anymore or else I'll kill it."

Su Yi said to the three Demonic True Realm demon beasts, that he didn't want to kill the Golden Ancient Scorpion.

This is the Demon Woods, and this Golden Ancient Scorpion is a child of the demon clan. Its parents must be very strong.

At this moment with so many people here, Su Yi didn't dare to attack the Golden Ancient Scorpion, but could not leave it alone.

Therefore, Su Yi wanted to contain the Golden Ancient Scorpion in his hands in exchange for everyone's safety, at least leaving this place first.

"Ouch"

Three Demonic True Realm demon beasts nodded, with no other choice.

Su Yi believed in these three Demonic True Realm demon beasts, and the Golden Ancient Scorpion seemed to be severely injured. Now, the three Demonic True Realm demon beasts dared not make another move.

As Su Yi expected, the three Demonic True Realm demon beasts immediately left with the Golden Ancient Scorpion and didn't dare to stay.

"Thank you, human!"

Watching the Golden Ancient Scorpion leave, the Cold Waves Golden-Red Beast roared, its beastly language opening to Su Yi, its gaze looking at Su Yi with an unbearable hint of shock.

The huge body of the Cold Waves Golden-Red Beast immediately shrank, its red and gold color spreading, becoming about two meters in size, several times smaller than before.

It is not surprising that the young of the demon clan and regular beasts have a very big difference.

Some powerful demons of the demon clan can shrink their bodies, which has great benefits for cultivation and consumption.

"No need to be polite, we are just here for self-preservation. Let's go our separate ways!" Su Yi spoke, not wanting to have much contact with the Cold Waves Golden-Red Beast.

"Hold on"

The Cold Waves Golden-Red Beast called out to Su Yi, with a glint in his eyes, saying, "You are humans, and it is not safe here. You have saved me and I can offer no reparation, so please keep this item. In these surroundings, if you encounter any trouble, take out this item. It may be of use!"

When the voice fell, the Cold Waves Golden-Red Beast glowed in front of its chest and a red light swept in front of Su Yi.

Su Yi reached out and grabbed a dazzlingly red lock of hair, which glowed and exuded an aura of might.

"My name is Chi Zu. Within this square and circle, holding this thing to proclaim my name, it is somewhat of a face-saving reputation. If there is a chance to meet again, please accept my appreciation for your help."

The Cold Waves Golden-Red Beast finished speaking and then departed.

"This Cold Waves Golden-Red Beast has good bloodlines." Su Tian Que just watched the hustle and bustle without any intention of joining in.

"What does the Cold Waves Golden-Red Beast say?"

Watching the Cold Waves Golden-Red Beast leave, Shangguan Yan, Xiong Zhan, Hu Chi, and the others curiously walked up to Su Yi. They didn't understand beast language, but it was easy to see that the Cold Waves Golden-Red Beast seemed to be thanking Su Yi for his intervention.

"Nothing, we need to leave this place quickly, or else we will be in big trouble."

Su Yi put the hair into his embrace, and at the same time took out a pill, putting it in his mouth; the energy he spent was not small to suppress the Golden Ancient Scorpion.

Everyone immediately accelerated away; they had just severely wounded a Golden Ancient Scorpion, which was a young demon. There must be a powerful being behind it, and they all knew this wasn't a place to stay for long, so they had to leave quickly.

After a day and a night, after traversing many mountains, Su Yi finally arrived at their destination with everyone.

This is a flourishing canyon amidst rolling mountains, shrouded by mist and fog, yet inside is an otherworldly paradise capable of sustaining the livelihoods of thousands.

"How is the family?"

Looking at Hu Chi, Xiong Zhan, Su Yi and the others who had come, there were already two hundred people who had gathered around. Almost all of them were young children, some of the bigger ones being only twelve or thirteen years old. These were the future of the Ancient Spirit Village, the Mighty Bear Tribe, and the Hunting Tiger Tribe.

Among this group, there were a few strong leaders, and the three strongest of them all were elderly persons who had just reached the first stage of Yuan Void Realm.

They were originally determined to stay and fight alongside their homeland, but the responsibility to protect the futures of their clans was even greater.

"Wuwu"

Gathering everyone together was originally a happy occasion, but hearing this inquiry, someone could no longer bear it and shed tears to inform everyone of the situation.

"Why?"

"Are they all dead? Why are those people so cruel!"

"Father, mother!"

....

Suddenly, everyone was crying and filled with grief.

The young people were crying and wanted to seek revenge, but the strong ones from each tribe held them back. Everyone had moist eyes and said, "You are still too young, you won't be a match for them. You are the future, you are our hope. Only when you become strong someday can you seek revenge!"

After a long time, these children finally calmed down, all with sadness in their hearts.

"Settle down first."

Three powerful cultivators of the Yuan Void Realm, all in their 40s or 50s, one from the Ancient Spirit Village, one from the Hunting Tiger Tribe, and one from the Mighty Bear Tribe, spoke up and asked everyone to settle down.

"This place doesn't seem particularly safe, we need to leave quickly."

Su Yi opened his mouth and said that the purpose of gathering everyone here was to fear that this place would not be too safe. Those powerful enemies were determined to get what is left by the Divine Demonic Sect. Seeing Su Tian Que leading everyone to escape, they would definitely not stop.

If those big enemies find this place, it will be a disaster, and the Divine Demonic Sect can no longer withstand any disaster.

"This secret place was sought by our forefathers, storing plenty of food and training resources, just in case this day came. It's currently safe here, plus, we have nowhere else to go. You are an outsider, watch your words!"

The cultivator of the Mighty Bear Tribe, Xiong Liu, spoke up. He was Xiong Zhan's uncle. This was the Mighty Bear Tribe's affair, and he wouldn't listen to an outsider kid. If it wasn't for the fact that during the great competition, he found out how amazing Su Yi was, he might not have bothered replying at all.

"Uncle Liu"

Xiong Zhan and Xiong Lie etc all wanted to say something, but were stopped by Su Yi waving his hand, nodding slightly, and said, "Then let's settle down here first, and talk about other things later."

Seeing the situation, Xiong Zhan held back and didn't say anything more.

...

Chapter 294: Close the Gates!

When they saw Su Yi, neither of them said anything. Su Tian Que walked straight inside, taking small steps with his short legs, looking around curiously.

Afterward, everyone went forward together with the people of each tribe who had arrived first to set up camp.

This place is very secret, and was handled by the predecessors of each generation of the Divine Demonic Sect. It has stockpiled many food and training resources, repaired many houses, and opened up many caves that are suitable for living in, enough to accommodate thousands of people here.

Now Divine Demonic Sect only has around 300 people left, mostly children and adolescents. If nothing unexpected happened, they can stay here for several years with ease.

Su Yi settled down, and lived in a cluster of houses with the remaining people of the Ancient Spirit Village.

The dormitory is a bit simple, but it's enough to live in.

Shangguan Yan, Shangguan Yu, Shangguan Xi Wei and others went to join the villagers who had arrived earlier and informed them of the situation of the current Ancient Spirit Village.

Su Yi stayed in the dormitory and sat at one end of the room with a slight frown.

This place is not far away from the original location of the Divine Demonic Sect. Although it is very hidden, it is definitely not a safe place, and he needs to leave as soon as possible.

Su Yi was aware that leaving this place, the more than 300 people, mostly young ones, all needed protection and were within the Demon Woods. Where could they go?

Su Yi was still somewhat stunned after suddenly becoming the new Sect Leader of Divine Demonic Sect.

But since he already has the Divine Demonic Ancient Verse and intends to cultivate the methods within it, Su Yi knows that he must take up the responsibility no matter what.

Given Su Yi's character, even if he is not the new Sect Leader of the Divine Demonic Sect at this moment, upon seeing so many young children from the Ancient Spirit Village and some young boys and girls who had gathered around himself, how could Su Yi leave them behind and not care?

Although still very small, with Su Yi's personality, at least he will do his best.

Not to mention that Su Yi has now become the new Sect Leader of Divine Demonic Sect, giving him an invisible responsibility, which he must bear!

"Although this place is hidden, it won't be too safe. What are you planning to do?"

Su Tian Que jumped onto a chair, leaning against the back of the chair and lifting his head up, asking Su Yi.

"There is no place to go at present."

Su Yi bitterly smiled. This place was still inside the Demon Woods. More than 300 people were almost all novices, and there was no place for them to settle down.

"This is the Demon Woods, the domain of the demon clan, and the enemies of the Divine Demonic Sect are humans. Causing that huge commotion before, it seems that they have also alarmed the powerful demon beasts. After all, this is the Demon Woods and they must have considerations. Perhaps this place can remain safe for some time."

Su Tian Que said to Su Yi with a relaxed tone, "We are so many people, I'm afraid some demon beasts might find us. The thing we should be most wary of right now is those demon beasts."

Su Yi's eyes looked serious. Su Tian Que's words were indeed reasonable.

So many people suddenly appeared here. Even in this secret place, it is difficult to completely escape the discovery of all demon beasts. As far as demon beasts are concerned, humans are just food.

"Let's settle for now and figure out a way."

Finally, Su Yi said, there was nothing else to do but to slowly think of a countermeasure.

The setting sun shone on the ground.

A few teenagers and youths, as well as a fifty-year-old-looking Yuan Void Realm cultivator, came before Su Yi.

They heard from Shangguan Xi Wei and Shangguan Yan that Su Yi had become the new Sect Leader.

When they left, they already had heard what the Demon Sovereign said about the new Sect Leader.

But they had not expected that Su Yi would become the new Sect Leader of the Divine Demonic Sect.

"Sect Leader"

Some young people hesitate whether to bow or not.

The cultivator of the Yuan Void Realm was also hesitating. At this moment, only a group of youngsters were left in the Ancient Spirit Village. All the strong people and elders were dead. Such a big thing, he didn't know how to choose to face it at this time.

When they left, they realized that the Ancient Spirit Village, the Hunting Tiger Tribe, and the Mighty Bear Tribe all belonged to the Divine Demonic Sect and had a common ancestor.

"No problem, Elder Shangguan, is there a quiet place here where I can go into seclusion for a few days?"

She smiled faintly and said to the Elder of the Yuan Void Realm, without needing anyone to bow.

This elder, Su Yi, was originally acquainted with, the name was Shangguan Xu, and now is the last elder of the Ancient Spirit Village.

"Yes, it's rather secluded, suitable for closing the door and no one will disturb you."

Although Shangguan Xu was unsure of what to do or whether to accept the new sect leader of the Divine Demonic Sect, as it was a major issue, it was easy to find a quiet place for him to take refuge. This place had been taken care of for many generations prior and everything had already been set up.

Su Yi nodded, wanting to take a few days to meditate and organize his thoughts. He also wanted to think deeply about what to do next and which direction to take everyone in.

"It's just a bit hard to accept for everyone, but it will get better in a while, don't be surprised!"

After a moment, Shangguan Xi Wei found Su Yi alone and whispered to him.

She knew that for a while, not only was everyone unfamiliar with the new sect leader, but even with the Divine Demonic Sect.

"I understand, it doesn't matter."

Su Yi gave a helpless smile. The identity of the new Sect Leader of the Divine Demonic Sect suddenly fell upon him and he was still in shock, let alone everyone else.

When night fell, after Su Yi and Su Tian Que bid each other farewell, they went with Shangguan Xu to a remote and secluded place in the back mountain.

There is a large secluded rock wall, with many natural caves, suitable for seclusion and quiet meditation.

"This place is very secluded, so you can rest assured to relax here. I have already given the order that no one will disturb you!"

At the entrance of the cave, outside the room, Shangguan Xuxu said to Su Yi.

"Excellent, thank you, Elder Shangguan." Su Yi bowed and it looked like the place was good and quiet, suitable for seclusion.

Shangguan Xu didn't immediately leave. With a desire to say something but hesitating, he stared at Su Yi and eventually mustered the courage to ask, "I have heard that the biggest benefit in the Tian Yao Cave has already been obtained by you. Is this true?"

"I don't know what the greatest benefit of the rumor about the Tian Yao Cave is, but I did get some things left behind by the last Sect Leader of the Divine Demonic Sect. Once I figure it out, I'll pass it on to everyone." Su Yi nodded without hiding anything.

"What the previous sect leader left behind?"

Upon hearing the words, Lord Shangguan's eyes lit up and were filled with radiance, he was quite excited.

"Some cultivation methods." Su Yi said, there was no need to hide it - this was originally from the Divine Demonic Sect.

...

Chapter 295: The Area of the Mysterious Space!

"Then I won't disturb you, goodbye."

Shangguan Xu was very excited and took his leave, the cultivation methods left behind by the previous sect leader were certainly not going to be simple.

Su Yi watched Shuangguan Xu Changle leave, closed the stone gate and set up a seal.

Within the cave, everything is simple, there's only a stone platform. The area is pretty spacious, indeed it is a great place for meditation and seclusion.

Cross-legged, Su Yi's expression began to grow expectant. His handprint formed and his forehead glimmered with a halo, opening a mysterious space.

"Boom!"

A mysterious space appeared, Su Yi was engulfed within it and appeared inside the mysterious space.

In that moment, an immense domineering aura descended from the ancient times and enveloped Su Yi. The entire space was filled with a brilliant, rippling visual, rippling in Su Yi's eyes and slowly fluctuating as he thought to himself, "Is it already this vast?"

At the same time, Su Yi surveyed the area of this mysterious space, which was originally a thousand feet in area. Now it had expanded to twice that size.

Looking around, the area of the mysterious space is not small. Within a space of two to three thousand steps in radius, Su Yi can now see mountain ranges undulating and a faint glow emanating from the surrounding mist.

Just as Su Yi remembered, when he initially swallowed the Demonic Core of the Iron Armor Demonic Rhinoceros, and broke through to the sixth grade of the Yuan Xuan Realm, there was an area of a thousand meters in space. Although the energy of Heaven and Earth was much weaker inside space, it was still very dense and much better than the Ancient Spirit Village was in.

At this moment, the energy of heaven and earth has been thinned out quite a bit, but it's still good, compared to the energy of the outside world, it is still much dense.

"Master! Our master has arrived!"

As Su Yi appeared, there was a roar of beast language coming from afar, and a group of demon beasts suddenly gathered in front of him.

"Whoosh"

Two golden small figures fluttered out, like two yellow lights, rushing to Su Yi first and directly falling on Su Yi's shoulders, quite affectionately.

These two yellow figures are exactly Da Bao and Xiao Ling.

Other demon beasts were naturally Fire-Eyes Beast Tiger, White Jade Swallow Bird, Golden Python, Fiery Red Demonic Mink, Flaming Beast Eagle, etc. who have been cultivating in the mysterious space.

"Not bad, not bad!"

Su Yi's gaze passed over each Demon Beast, sensing a wave of energy. His eyes showed a tint of shock.

For this period of time, all the Demon Beasts that were closed up and cultivated in the secret space could be seen from the breath emanating from their bodies that they had all made breakthroughs.

"Eight grades of the Demonic Spirit Realm!"

"Seventh grade of the Demonic Spirit Realm!"

Roughly, the Golden Python has already reached the Eighth Grade of the Demonic Spirit Realm, while the Fire-Eyes Beast Tiger, Fiery Red Demonic Mink, and White Jade Swallow Bird, and so on have all arrived at the Seventh Grade of the Demonic Spirit Realm.

On the other hand, the two demon beasts, Flaming Beast Eagle and Snow Jade Ape, were slightly weaker, just reaching the sixth grade of the Demonic Spirit Realm.

"Wow!!" But what shocked Su Yi the most still were Da Bao and Xiao Ling.

Last time, Su Yi still remembered the two little guys, Big Bao and Xiao Ling, had a cultivation level of one grade of the Demon Xuan Realm. Now, somehow, they have already reached the fourth grade of the Demon Xuan Realm.

The training speed of these two little fellows is absolutely fast!

Demon beasts and humans are not the same; demon beasts have naturally strong bodies or innate gifts, so it takes them much longer to cultivate than it does for humans.

However, the speed of cultivation for Da Bao and Xiao Ling now, is still much faster than the most outstanding human geniuses.

Since Su Yi broke through from the sixth grade of the Yuan Xuan Realm to now, he remembered that he had only been in Tian Yao Cave for about two months. However, these two little fellows had gone from Yao Xuan Realm First Grade to Yao Xuan Realm Fourth Grade, which was truly terrifying!

"Not bad, not bad!" Su Yi was delighted. Da Bao, Xiao Ling, Fire-Eyes Beast Tiger, Golden Python, and others all had great benefits in this mysterious space at the beginning, and then they have become different.

If things go on like this, it won't be too long before the Golden Python, Fire-Eyes Beast Tiger, and others will be able to become the strong ones.

Given time, with the magical effect of this mysterious space and mysterious origins, this bunch of demon beasts would be able to become a powerful force.

Later, Su Yi saw the Blood Spiritual Ginseng.

The Blood Spiritual Ginseng was still in the old place, and its spirit must have been thrust into the soil, radiating light, with several leaves above the head emitting a brilliance, becoming greener and greener.

When Su Yi thought of his precious Spiritual Essence and went to check on it, he found that the remaining Spiritual Essence left only a thin layer in the center.

Overall, there is still a small amount of Spiritual Essence left over.

Within the mysterious space, the Spiritual Essence continues to thrive and grow, radiating with brilliance and the fragrance of medicines in the air.

Su Yi carefully examined the Spiritual Essence and was delighted with what he saw. These herbs had exceeded the normal grade and were still getting stronger. If all of them could be sold, it would be enough to make a big profit.

The medicine pills originally placed in this mysterious space have also advanced in general and have been continually upgraded.

For this period of time, the medicine pills carried in the space bag on his body have been almost fully consumed, and the medicine pills in the mysterious space are also not much now.

Su Yi wanted to sell this batch of herbs, but unfortunately there was no way to do it here.

"Master, when can we go out?"

It has been a long time since the Golden Python, Fire-Eyes Beast Tiger, etc., haven't gone out; they have recently made a lot of progress and it is time to stretch their muscles by going out.

"You still need to keep up your training for a while before you can leave. When that time comes, I will take you out myself." Su Yi was also helpless as the Golden Python was not yet ready to set out.

After checking everywhere, Su Yi frowned.

Looking at the situation, it is not clear how many runes are needed to restore the original rich energy in the secret space.

"Yuan Stone!"

Su Yi lamented, it looks like he needs to find a way to get some Yuan Stones recently.

Only when the energy within this space becomes increasingly dense, the speed of cultivating in it can become faster and faster.

Finally, Su Yi sat cross-legged on the ground.

At that moment, Su Yi didn't know where to take the rest of the Divine Demonic Sect, so he could only ponder slowly. But the Divine Demonic Ancient Verse could be considered first.

There is a direct relationship between the Divine Demonic Ancient Verse and the Divine Demonic Sect, in which are the Mighty Desolate Verse, Demonic Spirit Truth Interpretation and Heavenly Tiger Art, which are the cultivation techniques cultivated by the Mighty Bear Tribe, the Ancient Spirit Village, and the Hunting Tiger Tribe.

Su Yi felt that the methods of cultivation cultivated by the Mighty Bear Tribe, the Ancient Spirit Village and the Hunting Tiger Tribe seemed to differ from the ones he cultivated from within the Divine Demonic Ancient Verse.

The Demonic Spirit Truth Interpretation in the Divine Demonic Ancient Verse is obviously much stronger.

Therefore, Su Yi wanted to study it carefully; if he could understand it thoroughly, then he could completely pass the skill to the Ancient Spirit Village, which would also reinforce the power of the Divine Demonic Sect.

Now in the Divine Demonic Sect, what is most urgently needed, as always, is strength!

...

Chapter 296: Transforming Cultivation?

If Su Yi wants to cultivate the Divine Demonic Ancient Verse, he will first need to cultivate the Mighty Desolate Verse, Heavenly Tiger Art and Demonic Spirit Truth Interpretation. Su Yi wants to first understand the Mighty Desolate Verse, Heavenly Tiger Art and Demonic Spirit Truth Interpretation.

In the world, there are countless ways to cultivate power and one need not stick to a single method forever.

While martial artists are in the process of cultivation, if the level of their original cultivation art is high enough, naturally there is no need to change to other arts. Even if the other arts are just slightly higher in level, martial artists would not easily change. First of all, it's risky; for changing to another cultivation art, one needs to start all over again and there is great risk involved. During the process, even the slightest mishap could cause one to go astray and become demented, or worse, make it impossible to cultivate any further.

However, for some martial artists whose cultivation level is relatively low, if they obtained a higher-level cultivation art, they would most likely take the risk. Higher-level cultivation arts not only have more powerful capabilities but also can go further on their path of cultivation.

Generally speaking, it would take a miracle to become a strong cultivator relying on a low level cultivation method, and even if one cultivates a middle-grade cultivation method, becoming a cultivator in the Yuan Spirit Realm would be quite difficult. If one starts out from cultivating an Emperor Grade cultivation method, or even a Heavenly Grade cultivation method mentioned in legends, then entering into the Yuan Emperor Realm, or even higher cultivation realm, will be just a matter of time given all goes smoothly.

Just like those young monsters from noble bloodlines, as long as they go smoothly, breaking through to the Demonic Void Realm level and becoming a member of the demon clan is almost a done deal.

Those of lowly bloodline beastly tribes, wanting to step into higher realms than the Demonic Void Realm, can only hope for a miracle.

Su Yi currently wants to understand the Divine Demonic Ancient Verse, not because they think it can surpass the Supreme Chaotic Yuan Technique, nor does he intend to actually cultivate the Divine Demonic Ancient Verse.

Su Yi is very clear that Supreme Chaotic Yuan Technique is his root. He feels that Supreme Chaotic Yuan Technique is even more powerful than the Divine Demonic Ancient Verse. When he was first unable to store his Yuan Qi, it was because the mysterious space in his mind had secretly absorbed it, causing his cultivation to be ineffective.

The Supreme Chaotic Yuan Technique comes from the mysterious space, it is the first time he heard of a technique that requires absorbing Yuan Qi in order to cultivate.

Now Su Yi is somewhat worried that he can't give up on Supreme Chaotic Yuan Technique, but the powerful methods of Divine Demonic Ancient Verse, especially the Divine Demonic Phenomenon, are as if they were tailored specifically for him. If he can't cultivate them, it would be too much of a regret.

But he won't choose to give up the Supreme Chaotic Yuan Technique to specialize in the Divine Demonic Ancient Verse for the sake of the Divine Demonic Phenomenon. It would not only be risky but also not very likely.

Su Yi furrowed his brows, at least now he had the Divine Demonic Ancient Verse and even if he didn't cultivate it, he could at least get a general understanding, which would do no harm and bring benefits.

"The Divine Demonic Phenomenon, the image of all beasts, the image of creation, the image of Heaven, Earth, and Man" Soon, Su Yi began to comprehend the Divine Demonic Ancient Verse, starting from the Mighty Desolate Verse, and gaining a deeper understanding.

The more Su Yi pondered, the more shocked he was; the Mighty Desolate Verse alone from the Divine Demonic Ancient Verse was already immensely powerful, even more so than he had originally imagined.

Mighty Desolate Verse, emphasizing 'power', one force breaks through all rules, containing everything within it, not just relying on ordinary brute force, yet profoundly mysterious.

Heavenly Tiger Art, focusing on "power", dominating for thousands of years, able to break down and overcome anything, crushing all enemies.

Demonic Spirit Truth Interpretation, relying on the power of 'spirits', one can summon the authority of all beasts. When attacking, it is filled with spirit attacks, using the force of all beasts, both eerie and awe-inspiring, sweeping across all sides!

Demonic Spirit Truth Interpretation focuses on cultivating the spirit, but martial artists can also cultivate it.

Time slowly passed and Su Yi was immersed in contemplation. The more he contemplated, the more shocked he became!

"He called Su Yi, who has already got the greatest benefit from the Tian Yao Cave and is the new Sect Leader of the Divine Demonic Sect. Could it be true?!"

The next day, several elders of the Mighty Bear Tribe and the Hunting Tiger Tribe came to Shangguan Xu early in the morning to inquire about the matter.

The sole Elder of the Hunting Tiger Tribe is known as Elder Hu Bu, and the sole Elder of the Mighty Bear Tribe is known as Elder Xiong Liu.

They were shocked at what they heard from Hu Chi and Xiong Zhan about the situation.

"Yes!" Elder Shangguan Xu nodded and told everyone that what Su Yi got from Tian Yao Cave was the cultivation methods left by the previous sect leader.

"What cultivation methods?!"

"Are there only cultivation methods?"

Everyone speculated that it was left behind by the previous Sect Leader of the Divine Demonic Sect. Not knowing if there were any Magical Tools or Sacred Tools as rumored, if there were, it would be a great treasure.

"Everything is still unknown, we need to wait until he finished cultivating and coming out."

Shangguan Xu shook his head. He still didn't know what kind of cultivation method it was, let alone whether there were Magical Tools or Sacred Tools.

"Has he really become the sect leader?"

Elder Xiong Liu and Elder Hu Bu were hesitating. They were the only remaining elders of the Hunting Tiger Tribe and the Mighty Bear Tribe, so they couldn't be careless about this. Although they had already heard the news of the Divine Demonic Sect and its new sect leader, they couldn't be sure that it was Su Yi, especially since he was an outsider.

Elder Shangguan Xu said, "This should be true, and we are the only left of the Divine Demonic Sect."

"Let's make a conclusion after we have a better understanding of it later."

Finally, Elder Xiong Liu and Elder Hu Bu left, waiting for Su Yi to come out. They had a lot of questions they wanted to ask Su Yi.

Time passes quickly, in the blink of an eye it's been several days.

Su Yi, who had secluded himself in the cave to ponder, was stunned for days after continuously experiencing revelations of Mighty Desolate Verse, Heavenly Tiger Art, and Demonic Spirit Truth Interpretation.

Suddenly, Su Yi's eyes, which had been tightly closed, opened. There was a sparkle in his eyes and a look of shock on his face. "Heavenly Tiger Art is the basis and Mighty Desolate Verse is the force, Demonic Spirit Truth Interpretation is the spirit, the heavens is the basis, the force arises from the ground, and the spirit is the ancestor of mankind!"

Su Yi was shaken to the core, muttering to himself. The Divine Demonic Ancient Verse was immensely profound, shocking Heaven and Earth, making gods and ghosts weep. Even the Mighty Desolate Verse, Demonic Spirit Truth Interpretation, and Heavenly Tiger Art were all mighty in their own right.

"Do I really need to stop cultivating Divine Demonic Ancient Verse and began to cultivate the Divine Demonic Ancient Verse?"

Su Yi was in doubt, always feeling that he could cultivate everything within the Divine Demonic Ancient Verse without having to disperse his energy and switch his current cultivation method to it.

Supreme Chaotic Yuan Technique is mysterious and powerful, it might even be possible to cultivate the Divine Demonic Ancient Verse at the same time without having to give Supreme Chaotic Yuan Technique up.

...

Chapter 297: Successful Cultivation!

Moreover, the Divine Demonic Ancient Verse contains Mighty Desolate Verse, Demonic Spirit Truth Interpretation, and Heavenly Tiger Art within. In order to cultivate the Divine Demonic Ancient Verse, one must cultivate Mighty Desolate Verse, Demonic Spirit Truth Interpretation, and Heavenly Tiger Art simultaneously.

The Divine Demonic Ancient Verse is too tempting for Su Yi, leaving him speechless with emotion.

But the Supreme Chaotic Yuan Technique was also very mysterious, which made Su Yi so impatient that he wanted to give it a try without giving up the Supreme Chaotic Yuan Technique.

After thinking it through for a while, Su Yi eventually succumbed to the temptations of the Divine Demonic Ancient Verse and wanted to give it a try.

Su Yi took the lead in attempting the Mighty Desolate Verse, which has an extremely strict requirement on the flesh, requiring the tempering of the body. But Su Yi has already cultivated the First Grade Golden Body of the Chaotic Yuan Demonic Body, so it was just right to give it a try.

Su Yi took the first step and started cultivating Mighty Desolate Verse, running the technique and posturing the handprint. He began attempting to cultivate according to the technique he had been pondering in his mind for a long time.

"Boom!"

Su Yi's body emitted a thunderous sound, with dazzling light radiating around it, flickering constantly, emanating an ancient pressure all around.

But all this, within this mysterious space, there was no leakage of breath.

"Ow!"

In three days, Su Yi, who was sitting cross-legged, had a brilliant light around him, with an ancient beast roar, as if emanating from within his body.

"Hiss"

In that moment, Su Yi opened his eyes simultaneously and they shone brightly with a swirling light, exuding a terrible aura of ancient atmosphere, as if it could suppress the four directions and spread throughout this space.

"I succeeded in my cultivation"

Su Yi's eyes were somewhat dull, as if he didn't believe that he had succeeded.

Right now, Su Yi could clearly feel everything inside his body - he had obviously succeeded in cultivating Mighty Desolate Verse.

Immediately, Su Yi deliberately continued to activate Mighty Desolate Verse in his body, but still, proving that he had really cultivated Mighty Desolate Verse.

"Ha ha, good people have blessings from heaven indeed!"

Su Yi smiled, delighting in his heart. He hadn't expected that he could actually cultivate Mighty Desolate Verse.

"Continue!"

Immediately, Su Yi continued to cultivate. Since Mighty Desolate Verse could be cultivated successfully, then Heavenly Tiger Art and Demonic Spirit Truth Interpretation could also naturally be cultivated.

Su Yi continued to devote himself to the cultivate of Heavenly Tiger Art.

Three days later, Su Yi opened his eyes again and a glimmer of brightness glistened in the depths of his gaze. In an instant, his aura surged like the rolling waves of the ocean, powerful and awe-inspiring.

"Roarr"

In this moment, a huge heavenly tiger phantom appeared, roaring and emanating a strong aura around Su Yi. His hair was flying in the wind, accompanied by the sound of thundering, ringing in the ears and shining with brilliance.

This is the prestige of Heavenly Tiger Art, and if there are people from the Hunting Tiger Tribe here at the moment, he doesn't know how shocked they would be. The prestige of Heavenly Tiger Art on Su Yi's body is incomparably stronger than what they have cultivated.

"Fire Shadow Fist!"

Suddenly, Su Yi let out a low yell. Radiant fire-type energy surged out from his fists, accompanied by an intimidating aura. Brilliant flames burst forth from his fists, and a violent force exploded from his palms towards the empty air in front of him.

"Boom!"

As Su Yi's fist fell, a fierce and powerful burst of heat erupted in the vacuum in front of him. Visible to the naked eye was a flurry of fire around Su Yi's fist as it crashed down, shattering space-time ripples and sending hot flames rolling towards the distant horizon.

Not far away, the Golden Python, White Jade Swallow Bird, Fiery Red Demonic Mink, etc. were startled and their gaze was shocked, feeling the terrible power of this punch.

"Success!"

Su Yi was surprised and specially waved the Fire Shadow Fist from the Heavenly Tiger Art to confirm that he had indeed cultivated the Heavenly Tiger Art.

Simultaneously achieving success in Mighty Desolate Verse and Heavenly Tiger Art, how could Su Yi let go of the last Demonic Spirit Truth Interpretation?

If one can cultivate the Mighty Desolate Verse, the Heavenly Tiger Art and the Demonic Spirit Truth Interpretation, then one can cultivate the Divine Demonic Ancient Verse.

The Mighty Desolate Verse, Demonic Spirit Truth Interpretation, and Heavenly Tiger Art are the foundations of the Divine Demonic Ancient Verse. The methods within the Divine Demonic Ancient Verse make it impossible for Su Yi to refuse.

Demonic Spirit Truth Interpretation focuses primarily on the spirit and is more complex than Mighty Desolate Verse and Heavenly Tiger Art, as it relates to soul power.

But Su Yi's cultivation speed was fast, and it seemed that no matter if it was the Mighty Desolate Verse or the Heavenly Tiger Art and even this Demonic Spirit Truth Interpretation, under the premise of the Supreme Chaotic Yuan Technique, they could easily be cultivated to success.

In just five days, when Su Yi emanated a strong ancient and ethereal aura, a slight demonic aura fluctuated and his eyes were electric, making one's heart beat faster upon catching a glimpse of him.

"I made it!"

Su Yi exhaled a mouthful of turbid air, his face full of smiles. He had also successfully cultivated Demonic Spirit Truth Interpretation.

As recorded in the Divine Demonic Ancient Verse, if one can cultivate it and achieve the ultimate level of the Divine Demonic Ancient Verse, they will be powerful enough to shock the heavens and earth.

Right now, the foundation of the Divine Demonic Ancient Verse has been set and Su Yi is looking forward to it.

This extraordinary and tear-inducing skill, how could Su Yi not be tempted? From all the signs, the Divine Demonic Ancient Verse is definitely powerful and terrifyingly fearsome.

But to be able to cultivate the Mighty Desolate Verse, Heavenly Tiger Art and Demonic Spirit Truth Interpretation from the Divine Demonic Ancient Verse so quickly, Su Yi was also surprised and astonished.

After careful thought, Su Yi guessed that there was a great connection between the Supreme Chaotic Yuan Technique and the Divine Demonic Ancient Verse. The Divine Demonic Ancient Verse cultivates the flesh and temper the body, but also cultivate the soul. However, the Supreme Chaotic Yuan Technique had all these capabilities.

In the Supreme Chaotic Yuan Technique, the Golden Body is much harsher and stronger than the Refining Body in the Mighty Desolate Verse. For the Demonic Spirit Truth Interpretation, it is necessary to temper the soul. The Heavenly Yuan Demonic Soul of the second grade of the Chaotic Yuan Demonic Body is specialized for tempering the soul.

All the strict conditions in the Divine Demonic Ancient Verse, but Supreme Chaotic Yuan Technique had them all. Su Yi estimated that he could cultivate Mighty Desolate Verse, Demonic Spirit Truth Interpretation and Heavenly Tiger Art so fast, which was related to Supreme Chaotic Yuan Technique.

"The innate qi is intangible and invisible, it can neither be seen nor heard, nor grasped. Coming from the emptiness, all creatures form a tangible reality and an intangible presence. The image of the heavenly demon will shock heavens and earth, making gods and ghosts cry" Su Yi muttered with a soft gaze filled with awe.

However, Su Yi wasn't planning on continuing to cultivate now; this retreat seemed to have taken longer than originally expected.

Su Yi was concerned about the situation outside and planned to go out and have a look before making a decision.

According to the Divine Demonic Ancient Verse, it seems that even if one has mastered the Mighty Desolate Verse, the Demonic Spirit Truth Interpretation, and the Heavenly Tiger Art, it would be still very difficult to cultivate a full version of the Divine Demonic Ancient Verse.

The full version of the Divine Demonic Ancient Verse cannot be successfully cultivated in a short amount of time.

...

Chapter 298: Beastly Ambush!

Su Yi reluctantly refused Da Bao and Xiao Ling's request to leave with him, instructed the Golden Pythons to continue to meditate in the mysterious space, and then left the mysterious space.

Su Yi left the room, but when he returned to the Ancient Spirit Village, it was strange - only a group of children were there together.

"Brother Su Yi, the masters have gone out to find a way to deal with the demon beasts!"

A child informed Su Yi that everyone else had gone to try and find a way to deal with the demon beasts.

"Demon beasts!"

Upon hearing this, Su Yi's brows furrowed.

Suddenly, Su Yi saw Su Tian Que slinking out of the dormitory.

"Su Tian Que."

Su Yi called out to Su Tian Que, feeling this guy doesn't seem to be up to any good.

"Have you come out of the room? Something big has happened here."

When Su Yi called out, Su Tian Que immediately had an embarrassed smile on his face and shook his head. He followed closely behind with his short little legs, shaking, until he got to Su Yi.

"What are you looking for?"

Su Yi inspected Su Tian Que's body. Nothing could hide on this bland chicken's body. He asked, "Did you steal something to eat?"

"Stealing food, what can I steal? Those Hundred Fruit Wine and Spirit Medicines must be carried around by Shangguan Xu."

He glared, with an imposing expression.

But immediately Su Tian Que realized that he seemed to have said too much, and suddenly hung his head low, smiling at Su Yi and saying, "I am actually doing this for the people of the Ancient Spirit Village. In case those demon beasts outside kill their way in, then the Hundred Fruit Wine and Spirit Medicines cannot be ruined by those demon beasts."

How come Su Yi can't hear it, and it turns out this guy is looking for Hundred Fruit Wine and Spirit Medicines?

Su Yi asked, "What's the demon beasts and what's going on?"

Shortly after, Su Yi heard from Su Tian Que that demon beasts had discovered people in this area several days ago and entered here, but was frightened away by Shangguan Xu, Xiong Liu, and Hu Bu.

These past few days, the number of Demon Beasts gathering here has been increasing, and they have already blocked off the exit.

"Those demon beasts want to capture all of us, waiting for a powerful demon beast to come."

Su Tian Que said to Su Yi, "Let's try to retreat first. We can go as far as we can. If we wait too long we won't be able to escape."

"Let me check the situation first."

Su Yi frowned, and suddenly his figure disappeared in the same spot.

After reaching the Demonic Spirit Realm, Su Yi's Hundred Transformations Step's speed rose up another level.

In the last dozen days of seclusion, although Su Yi was only trying to cultivate Mighty Desolate Verse, Demonic Spirit Truth Interpretation, and Heavenly Tiger Art, he felt that there had been some progress.

"How fast!"

Gazing at Su Yi's back, Su Tian Que's eyes were filled with surprise.

At the mouth of the canyon, which was covered in clouds.

At this moment, the Hunting Tiger Tribe, the Mighty Bear Tribe, and the Ancient Spirit Village were all prepared for battle, with grim faces gathered together.

"Ouch"

Outside the canyon, in the misty clouds, an enormous beast appeared vaguely, and its roar could be heard continuously.

In the sky, people occasionally saw a flying demon beast circling around, with a sharp gaze.

Shangguan Xu, Xiong Liu, and Hu Bu, the three elders had grave expressions, behind them were Shangguan Xi Wei, Xiong Zhan, Hu Chi, and Xiong Lie, all of them looked uneasy.

"Elders, what should we do now?"

Shangguan Yan asked, gripping the sword tightly in his hand and staring at the demon beasts that kept appearing in front of him, ready to strike at any moment.

"Is Heaven going to destroy the Divine Demonic Sect?!"

Shangguan Xu sighed, suddenly so many demon beasts appeared, even if the elders could escape, most of them were children, unable to escape, and also nowhere to go.

"Take action and make a breakthrough, going as far as we can, otherwise the demon beasts will become more and more, and it might be impossible to escape!"

Elder Xiong Liu spoke. There were obviously more and more Demon Beasts outside, and if this continued, it would be even more difficult to find a way out.

"Where else can we go?"

Elder Hu Bu shook his head; what could they do if they managed to drive some people away? This was the Demon Woods, and there was nowhere left to go.

"Brother Su Yi!"

Someone spotted the hurried arrival of Su Yi, and the crowd suddenly stirred.

"Master!"

Serene Void Brutal Heavenly Leopard burst forth in front of Su Yi, its fierce eyes like the bright moon, dark and sharp scales shimmering with a deep light.

"Brother Su Yi."

Shangguan Yan, Shangguan Ye, and Shangguan Xiu surrounded him and they all had solemn expressions.

"What's the situation now?"

Su Yi arrived at the exit and already felt the dense atmosphere of Demon Beasts ahead. There were flying Demon Beasts circling in the void, and many powerful Demon Beasts amongst them.

Su Yi's eyes swept past the area, and he guessed that these Demon Beasts were probably wary of the presence of the three elders, and were perhaps waiting for a stronger Demon Beast to appear.

Once a powerful Demon Beast comes, it's likely to break in.

"More and more Demon Beasts have been sensed, and the three elders have just felt the presence of a powerful Demonic Void Realm Demon Beast."

A young woman stepped forward, her black hair coiled into a gorgeous bun. Her delicate face was like a silver platter and her light yellow dress had a low neckline. It was none other than Shangguan Xiwi.

"What do we do now!"

When Xiong Zhan, Xiong Lie and Hu Chi saw Su Yi, the young people immediately stepped forward from the side of their elders.

They had seen with their own eyes Su Yi destroying the python of the Yuan Xuan Realm, sweeping across all directions, so perhaps there was a way.

"What do these demon beasts want?"

Su Yi asked, With so many demon beasts gathering together, it seems like they must be up to something.

"This is the Demon Woods, the domain of the demon beasts. The demon clan and humans are natural enemies; they just want to devour us."

Shangguan Yan said, even though there is a delicate modus vivendi between humans and the demon beasts on Yao Luo Mountain, they know that usually, humans and demon beasts are incompatible.

As Su Yi stepped forward, he gazed at the densely populated animal shadows in front of the misty clouds and slightly raised his eyebrows.

If a pack of Demon Beasts appeared in the outside world, they would probably be surrounded and hunted without reason by human warriors.

"Three elders."

At once, Su Yi greeted the three elders of the Divine Demonic Sect, since there were the three elders here at the moment, causing the demon beasts to linger outside without daring to directly break in.

"The situation is very serious!"

Shangguan Xu, Xiong Liu and Hu Bu said and also nodded to Su Yi.

...

Chapter 299: Black Ya Beast!

After learning that Su Yi is the new master of the Divine Demonic Sect, Shangguan Xu and the others were hesitating, but unconsciously they dare not talk too much, and their attitude was very subtle.

"Ow!"

"Shout!"

Suddenly, roars of beasts echoed like thunder from the valley, one after another, just like rolling thunder, accompanied by a fierce breath that dispersed the clouds and fog.

"Oh no, those beasts are about to start something!"

Shangguan Xu, Xiong Liu, and Hu Bu, the three elders, had a drastic change in their facial expressions and surging aura around them, and the surrounding void seemed to be solidified.

"Shuffle"

Figures armed with blades emerge from their sheaths, standing in formation and their faces grimly tense.

"Shout!"

Serene Void Brutal Heavenly Leopard roared, slowly approaching Su Yi and standing alongside him, it was determined to protect its master.

"They can't help it at last!"

Su Tian Que stood on the back of Serene Void Brutal Heavenly Leopard. His small head was looking fiercely ahead.

Su Yi looked straight ahead at the entrance and saw the clouds and mist shifting within his sight. The ground quivered as a large crowd of Demon Beasts slowly approached.

"Guji"

Above the void, piercing cries penetrated the clouds and skies, many ferocious birds soaring and circling low in the sky.

In the middle stood a ten-meter-long bird, with wings like an ominous cloud, covering its body not with feathers but black scales like sharp blades, radiating a chill light. Its head was like that of a lizard, chittering out blood-red tongue.

"The Black Flying Lizard!"

Shangguan Xu, Xiong Liu, and Hu Bu, the three elders, had grave expressions. This was a Black Flying Lizard, and its aura was clearly at the second grade of the Demonic Void Realm, much stronger than them. With such a powerful Black Flying Lizard, even with the three of them teaming up, it would not be easy to deal with.

"Be careful!"

There were young people below who had formed a defensive formation, huddling together, gripping their weapons.

"Roar!" The roar of the beasts was deafening, with nearly two hundred densely packed demon beasts in front of them. The vast forms of the beasts filled the surroundings, and the fierce aura was almost overwhelming.

At the very front, a huge black ferocious beast was pitch-black all over, its sparse long fur standing up like steel needles and emitting an obscure black light. With razor-sharp fangs and a snout like a pig and a wolf, it exuded an aggressive aura.

"Black Ya Beast!"

Elder Xiong Liu took a deep breath of the cool air; this is a Black Ya Beast, not seen often but immensely ferocious in slaughter.

The Black Ya Beast in front of them has also reached the Demonic Void Realm, and from the aura it gives off, it won't be weaker than the Black Flying Lizard.

Behind the Black Ya Beast, there were hundreds of demon beasts, among which there were quite a few Demonic True Realm demon beasts and even more from the Demonic Spirit Realm.

Shangguan Xu, Xiong Liu and Hu Bu, the three elders, had expressions of utmost gravity when they faced such a group of Demon Beasts.

"Look, it's not"

When the Black Ya Beast appeared, Shangguan Yan, Xiong Zhan, Hu Chi, who were originally solemn, suddenly became emotional, and couldn't help but look toward Su Yi.

Su Yi also saw that black ferocious beast and recognized it at a glance.

At first, he still had the power from the mysterious space, and he had killed a Demonic Void Realm giant python. The Black Ya Beast was present, stunned, and immediately ran away, but surprisingly it appeared again.

"Many people I can fill my stomach today"

The Black Flying Lizard spoke with human words, a murderous intention filled the air, and a fierce glow radiated.

But suddenly, the expression on the Black Ya Beast's face changed. From the crowd of humans in front of it, a teenager stepped out, carrying a sword on his back, thin but tall and straight, slowly walking towards it.

"It's you"

When this young man was seen, the words that the Black Ya Beast had just uttered died away abruptly, and a fearful look emerged from his fierce eyes instinctively.

Once it had seen with its own eyes how the young man killed the giant python with greater power than itself, but fortunately it escaped quickly.

Upon seeing Su Yi walk out, Shangguan Xu, Xiong Liu, and Hu Bu, the three elders were just about to stop him, when they suddenly saw the unusual reaction from the Black Ya Beast, and they were astonished.

The Black Flying Lizard in mid-air was also astonished, looking down with a cold light in its eyes.

When Su Yi saw the Black Ya Beast, feeling its reaction, his expression shifted and it seemed that the Black Ya Beast remembered him. Perhaps a gamble could be made of it today.

"Evil beast, do you want to die?!"

Take a step forward, and the Supreme Chaotic Yuan Technique running through his body sending out an immense and majestic air, Su Yi scolded the Black Ya Beast.

"Ouch!"

When Su Yi activated the Supreme Chaotic Yuan Technique, all the demon beasts present trembled involuntarily and looked at him with fear.

The birds in the sky were also trembling and their eyes filled with fear.

The Black Ya Beast involuntarily stepped back two steps, very shocked. It never thought that the human being would be here. The ending of the giant python made it lingeringly fearful.

Su Yi's eyes were red and he stared at the Black Ya Beast. It was the leader of this group of demon beasts. If he could intimidate the Black Ya Beast, perhaps everyone would be able to escape today's calamity. "What, aren't you leaving yet? Don't think I won't slash you!"

The Black Ya Beast's eyes flashed, and the aura of the Yuan Void Realm on its body surged, but at this moment it instinctively feared Su Yi.

"Black Ya Beast, are you going to defy orders?"

Low in the sky, the Black Flying Lizard opened its mouth, spouting human words. It also felt an extremely unusual aura coming from the human youth. The aura of majesty and destruction made it feel uncomfortable, so it didn't dare to act rashly.

"If you want to do it, you can go ahead yourself!"

The Black Ya Beast glared at the Black Flying Lizard, and it didn't dare to make a move. This young human was very mysterious, but it didn't dare to retreat easily, as this was the command of the Demon Emperor.

Hearing the Black Ya Beast's words, the Black Flying Lizard became even more hesitant. It was obvious that the Black Ya Beast knew something. The human teenager had a mysterious and strange aura, making the Black Ya Beast scared of something and thus not daring to act.

Xiong Liu, Shangguan Xu, and Hu Bu, the three elders, looked at each other in confusion, unable to understand why a Demonic Void Realm level Black Ya Beast would be so fearful in front of Su Yi.

"Boom!"

But soon, Elder Xiong Liu, Elder Shangguan Xu and Elder Hu Bu radiated with three strands of Yuan Void Realm aura, their figures soared into the air and their bodies shone with light.

Three streams of Yuan Void Realm qi, like a storm surging and bringing forth a roar from the four voids.

The three elders wanted to help Su Yi, trying to scare away the group of demon beasts.

Feeling the aura of the three elders; the Black Ya Beast and the Black Flying Lizard gave an ominous glance, but the one with the most fearful gaze right now was Su Yi.

"Human, I feel that there's more to you than meets the eye. But I'm curious to see whether the feeling is true!"

The Black Flying Lizard watched Su Yi closely. Although it felt the mysterious aura, it wanted to try it and didn't believe that a human teenager's strength could really be so strong!

...

Chapter 300: Token!

Upon hearing the words, Elder Xiong Liu, Elder Shangguan Xu and Elder Hu Bu locked their sights on the Black Flying Lizard hovering low in the sky.

These three elders know the strength of Su Yi and it is impossible for him to be the opponent of the Black Flying Lizard.

"What, you think you can stop me? Ha! What a joke!"

Feeling the goal of the three elders, the Black Flying Lizard didn't put it in mind. Its body flashed with black light and its huge body flapped its wings and dived towards Su Yi.

"How dare you!"

Elder Shangguan Xu roared loudly and his body seemed to expand as a massive aura radiated from his hands, producing a shining sword.

This sword is not simple, it is not ordinary. The sword's power permeates everywhere, its light and blades cover the Black Flying Lizard, cutting through the sky. Its power is awe-inspiring!

"You can't measure your strength!"

The Black Flying Lizard opened its mouth and a scarlet tongue flew out like a bolt of lightning, like a trident, thrusting directly at the sword of Elder Shangguan Xiu.

"Pang!"

When the two forces collided, a terrifying energy burst out, and the sword light was just lingering for an instant before it started to shatter. The latter's scarlet tongue was like a bright and dazzling flash, directly winding around Elder Shangguan Xu's sword and wrapping it up, with a huge force sweeping out.

"Poof!"

Elder Shangguan Xu suddenly changed his expression, his eyes shrank for an instant, a trace of blood was ejected from his mouth, his sword slipped out of his grip, and his body was shaken back in the void.

"Be careful!"

Elder Xiong Liu and Hu Bu's faces drastically changed, and they both flew into the air together.

Elder Hu Bu's body emitted an ancient aura that was oppressive. With a single palm strike, a tiger's shadow roared as the light glowed brightly.

The aura emanating from Elder Xiong Liu was so powerful that it overshadowed even that of Elder Hu Bu; dazzling light burst forth from his fist as if a meteor had fallen.

The two elders stepped forward, one on the left and one on the right, and surrounded the Black Flying Lizard!

"Humph!"

The Black Flying Lizard emitted a cold snarl, its wings spread in a dark aura with its body glistening like two blades of light that swept across.

"Boom"

With such a collision, this side seemed like it was about to be blasted apart, an energy storm swept through the valley and shocked all of the humans present, making their hearts tremble.

"Hula"

The ground was filled with shattered stones and broken wood flying in the air. The whole canyon was shaking like a storm.

"The Yuan Void Realm and the Demonic Void Realm are so powerful!"

The disciples of the Divine Demonic Sect exclaimed in admiration.

"Pooh"

But immediately afterwards, in the power storm, two elders, Xiong Liu and Hu Bu, retreated with blood at the corners of their mouths.

Su Yi's gaze was focused intently on the void. He could sense that the three elders had used Demonic Spirit Truth Interpretation, Heavenly Tiger Art, and Mighty Desolate Verse the moment they made their move.

No matter if it is Demonic Spirit Truth Interpretation, Heavenly Tiger Art, or Mighty Desolate Verse, they all have a fearsome power and effect to oppress demon beasts.

However, the Black Flying Lizard seemed to be much stronger than the three elders, so the impact was not great.

"There seems to be a shortage!"

At this moment, Su Yi has already cultivated Mighty Desolate Verse, Demonic Spirit Truth Interpretation and Heavenly Tiger Art. He can also sense from the three elders that their cultivation methods seem to have some shortcomings compared to the real Mighty Desolate Verse, otherwise the might would be more powerful.

"Little Blackbird, if I can restore my strength, you won't be qualified to be my follower!"

Su Tian Que raised his eyebrows at Serene Void Brutal Heavenly Leopard's back, but he didn't rush up; instead, he grumbled in displeasure.

"You overreached yourself!"

The Black Flying Lizard flew over the three elders and then dived again towards Su Yi below.

"Be careful!"

Three elders were terrified.

"Slow!"

Just then, Su Yi uttered a light cry, gazing as the Black Flying Lizard dove down, not retreating but instead taking something out from his bosom.

This small object is especially dazzling, emitting a blinding light.

This is a red mane, emanating beastly might.

The Black Flying Lizard, with its fierce eyes, suddenly changed its gaze when it saw the dazzling red mane in Su Yi's hand. Its body was also directly spread out in balance as it plummeted downwards.

At that moment, its enormous figure was almost in front of Su Yi. Its fierce eyes seemed to be as big as Su Yi's body and were extremely intimidating. With an expression of surprise and astonishment, it asked, "Kid, where did you get this thing from?!"

A fierce and powerful breath came over, the breath was wild and fierce, almost making Su Yi stagger back, the internal Yuan Qi surged, and there was Yuan Qi spraying from the palm of his foot, which stabilized his body.

"What's the matter?"

Elder Shangguan Xu, whose face had changed drastically, was astonished and perplexed when he saw the scene in front of him.

The disciples of the Divine Demonic Sect were all stunned and their hearts had leaped to their throats.

"That's"

When Shangguan Yan and Shangguan Xi Wei saw the object in Su Yi's hand, they recognized it as the young beast that Su Yi had saved before; it was the Cold Waves Golden-Red Beast's mane.

"I guessed right!"

Seeing the Black Flying Lizard right in front of him, Su Yi let out a sigh of relief.

It looks like he bet on the right thing, otherwise with his current strength he would not be able to compete with the Black Flying Lizard at all.

"This is a gift from Chi Zu. It says that if I encounter any harassment here, take out this object, and the other party will not dare to hurt me!"

Staring at the Black Flying Lizard, Su Yi tentatively said.

This item is indeed the Cold Waves Golden-Red Beast given to him not long ago.

Right now, Su Yi wanted to see if it could intimidate the Black Flying Lizard.

Although Chi Zu is just a Demonic Spirit Realm demon beast, the bloodline of the Cold Waves Golden-Red Beast is much stronger than that of the Black Flying Lizard.

Perhaps there is a great power behind Chi Zu, one that can intimidate the Black Flying Lizard.

The words Chi Zu said when it left, Su Yi guessed, were enough to prove that Chi Zu had a certain status nearby.

"Chi Zu!"

When Su Yi spoke, the Black Ya Beast on the ground suddenly changed its expression.

"What is your relationship with Chi Zu?"

Listening to Su Yi, the Black Flying Lizard's eyes flashed with a fierce look and it stared at Su Yi with both wariness and trepidation.

"Friend!"

Su Yi said, judging from the expression of the Black Flying Lizard, it appears that this object might really be useful, and it looks like Chi Zu has a relatively high status around here.

"You're lying! How could Lord Chi Zu become friends with a human like you!"

The Black Flying Lizard stared at Su Yi suspiciously, sure that it was impossible for the young lord Chi Zu to become friends with a human.
