Chapter 301: The Demon Emperor's Command!

"Young Lord!"

Su Yi's eyes moved darkly, it looks like Chi Zu really has an immense status, and seems to be enough to make the Black Flying Lizard wary of him.

"Not long ago, Chi Zu was surrounded by a Golden Ancient Scorpion. I happened to pass by and helped Chi Zu." Su Yi stared at the Black Flying Lizard, his eyes flashing crimson light with an imposing aura.

The Black Flying Lizard's face changed darkly; it knew of the story of how Chi Zu had recently been ambushed and attacked by the Golden Ancient Scorpion, which had already spread, and the Demon Emperor was truly enraged, so how could it not know?

Looking at the human teenager in front of him, the Black Flying Lizard became more and more strange.

Such a human teenager, unknowingly, brings an invisible pressure to it.

The longer he faced it, the greater the invisible pressure is, gradually giving him a sense that the young man was a demon king rather than a human teenager in front of him.

"The Young Master was certainly ambushed and hurt by the Golden Ancient Scorpion a few days ago." On the ground, the Black Ya Beast reminded the Black Flying Lizard.

The Black Flying Lizard glared threateningly at Su Yi.

The Black Flying Lizard said to Su Yi, "Human teenager, you may not know this, but it is the Demon Emperor who wants you humans. Even if you have a relationship with the Lord, it won't do any good. Moreover, it's still uncertain whether you are acquainted with the Lord and where did you get the Lord's token from."

"The Demon Emperor!"

Su Yi's eyes sunk, as he remembered he did encounter a group of demon emperors in the Demon Woods. Each one was incredibly powerful.

"Even if he is the Demon Emperor, so what?!"

On the Serene Void Brutal Heavenly Leopard's back, with its head held high, Su Tian Que opened its mouth angrily.

"Who are you?"

Following the sound, the Black Flying Lizard and the Black Ya Beast, among other Demon Beasts, were shocked to find a small bald chicken who could speak human languages. Could it be a strong demon beast in the Demonic Void Realm?

"Who am I? You don't have the qualifications to know. Get out of here if you know what's good for you!"

Su Tian Que held his head high, with his chest out and a pair of meaty wings, exuding a sense of might.

Though the look on Su Tian Que's face now was rather comical, making one entirely overlook the momentum he had.

"No matter who you are, if you mix with humans, that makes you an enemy!"

The Black Flying Lizard looked down at Su Tian Que, as if it could sense an unusual aroma emanating from Su Tian Que that made it apprehensive. It didn't immediately take action.

"Why does the Demon Emperor want to find us?"

Su Yi indicated to Su Tian Que not to interfere anymore, or the consequences will be unimaginable if the Black Flying Lizard takes action.

"How are we supposed to know the thoughts of the Demon Emperor? We just follow orders!" said the Black Flying Lizard.

The Black Ya Beast hesitated for a moment and said to Su Yi from afar, "Humans, the Demon Emperor has ordered that there may be humans nearby, so I am here to bring all of you back."

Su Yi frowned. This place was very hidden, and had been managed and arranged by the ancestors of the Ancient Spirit Village, the Mighty Bear Tribe, and the Hunting Tiger Tribe, but it had not been discovered by the demon beasts.

After everyone arrived this time, they were found so quickly by the demon beasts.

Although there may be hundreds of people coming, which may attract the attention of the Demon Beasts, it was too fast. Everyone entered cautiously before.

But now it's clear, the Demon Emperor had issued an order to search for humans, no wonder they were discovered.

"Human, no matter what your relationship with Lord Chi Zu is, you have to come with us today and otherwise I won't be polite!"

The Black Flying Lizard was staring at Su Yi, although its expression was fierce, it was much more polite towards Su Yi.

Su Tian Que was not satisfied and was about to say something.

Su Yi waved his hand to stop Su Tian Que and looked at the Black Flying Lizard, saying, "What do you say if I go back with you alone to meet the Demon Emperor?"

""

Upon hearing Su Yi's words, everyone was horrified; to have one person go meet the demon emperor, wasn't that a risk of never coming back?

The Black Flying Lizard and the Black Ya Beast were also quite unexpected, staring at Su Yi in bewilderment.

"You also don't know why the Demon Emperor is looking for us. If we fight, it will be a draw at best, and I guarantee you won't gain any advantage!"

Su Yi put on an act of being calm, saying "I am indeed a friend of your young master Chi Zu. Take me back so that we don't both suffer a loss. If anything happens, the Demon Emperor will not blame you; I will take full responsibility!"

"This!"

The Black Flying Lizard raised its eyebrows, feeling an invisible authority from the young man that made it uneasy.

Facing it at this moment, the teenager was still unfazed, combined with the tension from the Black Ya Beast, even the Black Flying Lizard felt somewhat apprehensive. Could this youngster really be a fearsome human being?

"That's not bad either, we can go back and clarify his relationship with Lord Chi Zu."

The Black Ya Beast opened its mouth, undoubtedly the best result. It was wary of the young man in front of it.

"Alright, it won't delay us for too long. But if you follow us back, no one can leave, or else there will be no mercy!"

The Black Flying Lizard nodded, but feared that this was a human trick, and then ordered the Black Ya Beast and the demon beasts it brought to keep blocking the exit, allowing no one to leave.

"OK!"

The Black Ya Beast nodded in agreement, because it didn't want to provoke the human teen. It wasn't sure what the Demon Emperor's attitude would be if it took the teen back; staying here, it would have nothing to do with the situation, naturally it wouldn't be responsible to anything that might happen.

"Brother Su Yi, do you really want to go there alone?"

Shangguan Yan, Xiong Zhan, Hu Chi and others looked at Su Yi, very worried, their faces were gravely tense. Su Yi was going to go see the Demon Emperor alone and his fate was uncertain, they feared it would be more bad than good!

"It's fine, I have my own plans," Su Yi said with a faint smile, pretending to be calm.

In his heart, Su Yi was also very nervous, but there was no way at this moment. If the stalemate continued, the Black Flying Lizard would really take action, and the disciples of the Divine Demonic Sect would be unable to withstand it; even the three elders would be unable to stop it.

As for the mysterious power within his own secret space, and the power within the broken sword he doesn't know if he can have that much luck again.

Perhaps the power within the mysterious space and broken sword has its limits and may have been completely consumed.

Su Yi also wanted to know why the Demon Emperor was looking for them, guessing that he had offered some help to Chi Zu. From Chi Zu's attitude, if he could see Chi Zu and get his help, it would be better than the current situation.

"Elders, may I have a word?"

Subsequently, Su Yi gestured to the three elders and they moved aside. Lowering his voice, he spoke in a whisper, "If I haven't returned after a long timethen"

Su Yi didn't explicitly explain it. He believes that the three elders understand what he means.

If he can't come back, then it's likely that he is dead. Then, the elders and the disciples would have to fight it out and do whatever they can to escape.

...

Chapter 302: Audience With the Demon Emperor!

"Be careful."

Shangguan Xi Wei was very tense, her face serious and worried about Su Yi.

Su Yi nodded with a smile on his face.

"I'll go with you."

Upon seeing that Su Yi was going alone, Su Tian Que gritted his teeth and ultimately decided to accompany Su Yi.

"You can stay here and perhaps be of help."

Su Yi shook his head, knowing that Su Tian Que was quite mysterious. This time he was going to see the Demon Emperor, and he didn't want Su Tian Que to go and risk it.

Su Tian Que has made up his mind, "You are the one who needs help the most, and I might be able to bluff the Demon Emperor."

Finally, Su Yi could only nod and go with Su Tian Que.

"Lead the way."

Su Yi immediately said to the Black Flying Lizard, and let the Black Flying Lizard lead the way.

"You can't fly?!"

When the Black Flying Lizard spread its wings and led the way, it became somewhat uneasy when it discovered that Su Yi and Su Tian Que were leisurely walking behind.

"I must admit I haven't reached Yuan Void Realm yet!"

Su Yi didn't hide it either: He couldn't fly freely unless he reached the Yuan Void Realm, only those who have reached the Yuan Void Realm have this ability.

"You"

The Black Flying Lizard was speechless; if it had to go back by walking, it didn't know when it would arrive.

"Come here, you better be a friend of Lord Chi Zu or otherwise I will make it so that you can neither live nor die!"

In the end, the Black Flying Lizard had no choice but to let Su Yi and Su Tian Que get on its back. It, a proud Demon Void Realm demon beast, surprisingly became a mount for humans. It would never let humans ride on its back if they were not friends of Lord Chi Zu.

Through the majestic mountains, there were rolling hills below and undulating forests.

The sky ahead was filled with more and more flying demonic beasts, swirling in the void.

Below, an ominous aura emanated into the sky, with many powerful demon beasts present.

Endless mountains, soaring into the clouds, majestic and magnificent, with waterfalls cascading, rivers winding, clouds and mist pervading, breathtakingly beautiful, just like a Chinese painting of mountains and rivers.

"Ao~" In the dense forest, a deafening roar of Demon Beasts echoed throughout the area. Numerous powerful Demon Beasts stood erect in a brilliant light, each of them cultivating themselves on the mountaintops and emanating a powerful aura.

Not far away, there was a place full of energy between heaven and earth, where the scent of medicine pervades, as if some rare ancient elixirs exist.

"Is this the Demon Woods?!"

Su Yi was deeply shocked, even though he had been in the Demon Woods for some time, this was still his first time facing the Demon Woods in this way.

The Black Flying Lizard said, "We're almost there!"

Following the words of the Black Flying Lizard, Su Yi looked ahead and was quite surprised. He saw a vast mountain range in front of him, shrouded in clouds and mist, with an ancient big city perched on it, seeming to be suspended in the air.

Upon closer inspection, it turned out to be a huge city built on the mountain range, its gigantic stones exquisitely arranged and extremely majestic.

This massive city's walls enveloped many mountain ranges, how spectacular!

A wide stone path extended from the huge city to the foot of the mountain, with many demon beasts standing guard on both sides.

But Su Yi and Su Tian Que, riding the Black Flying Lizard, flew directly to the grand city, and only landed when they reached the city gate.

Faced with the ancient giant city, Su Yi was even more shocked. The giant city was so grand that it was shocking. Standing under the towering city walls almost a hundred meters high, he felt like he was just a small ant. Above the city gate, the three characters of "Cang Lan City" were hung high, and engraved on the huge stone, full of vigor.

"Is this where the Demon Emperor lives?!"

Su Yi was shocked at the sight of the Demon Emperor's dwelling. It lacked the hustle and bustle of a human city, yet its grandeur was unmatched by any human city.

It seems that it is not easy to enter the city gate, where there are strong demon beasts examining at the city gate.

It seems that the identity of the Black Flying Lizard is not low, and with it leading the way, the journey is also very smooth.

Within Cang Lan City, there are not a large amount of buildings, but rather scenic mountains and caves. However, there are also quite a few grand palace buildings, all built of giant stones.

Finally, Su Yi was led by the Black Flying Lizard into a grand hall, where powerful Demon Beasts stood guard all around, the atmosphere tense and serious. All the Demon Beasts had looks of hostility in their eyes, as they stared intently at Su Yi.

The Black Flying Lizard went to report to the Demon Emperor. Before leaving, it informed Su Yi and Su Tian Que that they must not run around everywhere, otherwise, they will have to face the consequences.

"How big and shocking!"

As the Black Flying Lizard flew away, Su Yi looked around the great hall and was taken aback by what he saw. He hadn't expected that the residence of the Demon Emperor would be so grand. It was no wonder why the Demon Emperor was regarded as a powerful creature in legends.

"It's not worth mentioning, even the place where I used to store clutter in my manor was much better than this place."

Su Tian Que paid no mind and lazily leaned against one of the giant stone columns in the great hall. Since the hall had nothing in it, not even chairs, Su Tian Que couldn't find a place to settle down.

"Blow it!"

Su Yi had already been used to Su Tian Que's tone, though everytime Su Tian Que seemed to have something extraordinary, especially the last time when Su Tian Que escaped with hundreds of Divine Demonic Sect Disciples, he couldn't truly believe that he was the legendary peacock.

Peacock, what an existence it is, just look at the current state of Su Tian Que and the difference is just so great.

"So you are the one who saved Chi Zu, human?"

Suddenly, when this voice spread, a figure silently and suddenly appeared in the main hall.

This figure was tall and majestic, with reddish skin. The features were distinct and profound, especially the pair of deep, faint red eyes, exuding a power to awe the world. He wore a broad red-gold robe, reflecting his extraordinary splendor.

This person, who looks no more than fifty years old, has a king-like aura emanating from within. His deep gaze unknowingly gives people a sense of oppressiveness!

When this figure appeared, Su Yi suddenly felt that his internal Yuan Qi had solidified inexplicably, his heart trembled inexplicably, as if the air around him had tightened, and the gaze looking at himself seemed to be able to see through himself.

When this person appeared, Su Tian Que's sluggish eyes also suddenly changed, and a faint glimmer of light flashed out.

"He is the Demon Emperor!"

This feeling, Su Yi had felt it before. An imposing air with a demonic aura - this is a strong demon, the Demon Emperor!

"Boom!"

Suddenly, under an inexplicable invisible pressure, the Supreme Chaotic Yuan Technique in Su Yi's body automatically operated, and a majestic aura of destruction permeated out as if there was an undefiable ruler. A faint crimson light quietly emerged deep in Su Yi's eyes.

The Supreme Chaotic Yuan Technique automatically ran, and the tremendous pressure was instantly removed, which greatly made Su Yi more comfortable.

...

Chapter 303: The Demon Emperor, Chi Qin!

In that moment, the tall figure was secretly changing color, looking intently at Su Yi as if to try and discover something.

Suddenly, the gaze of this figure, who seemed to have sensed something, shifted to the side to Su Tian Que.

"Are you the Demon Emperor of this place?"

Su Tian Que opened his mouth and stared directly at the former. It seemed he wasn't affected by any kind of pressure when facing this Demon Emperor.

Looking at Su Tian Que, the figure asked, "Where are you from?"

"You wouldn't even know if I told you, who are you and what did you send those demon beasts to find us for?" Su Tian Que had an old-fashioned look, his fleshy wings on both sides pressed tightly against his body, arms crossed, and standing straight with his small head raised high, staring at the mighty being and asking.

"Others refer to me as Chi Qin."

The tall figure stared at Su Tian Que and Su Yi, looking back and forth.

"You"

"Su Tian Que, don't be reckless!"

Before Su Tian Que had a chance to say anything, he was cut off by Su Yi. Su Yi bowed to the middle-aged man in front of him, who claimed to be Chi Qin, and said, "Greetings to the Demon Emperor!"

Su Tian Que muttered to himself quietly, but his voice was scarcely audible, "Demon Emperor? So what"

Chi Qin's gaze fell on Su Yi. His tall figure was two heads taller than the average height of Su Yi's peers. "Are you the human who saved my child Chi Zu?"

"Exactly, it was only luck that helped us, nothing to boast about!"

Su Yi opened his mouth, although the invisible pressure in his body had been eliminated, the pressure from the surrounding space still existed, with a feeling that could not be felt through the air. Withstanding the pressure, he stood straight without wavering.

"Chi Zu has told me the whole thing. Looking at you, what he said was undoubtedly true, it shouldn't be a lie!"

Chi Qin opened his mouth, not knowing why, there seemed to be a hint of admiration in his red eyes, then he quietly looked at Su Yi and continued, "So, half a month ago, there was an earth-shattering battle outside this place. Some demon beasts saw that some humans had escaped; it should have been you guys, right?"

""

When Chi Qin said these words, Su Yi's heart suddenly tightened. In Su Tian Que's limpid eyes, there was a flash of light.

"Is it exposed?"

Su Yi's heart trembled. Could his secret be revealed?

When initially the descendants of the Divine Demonic Sect were obliterated, so many super strong people and Demon Sages waged such a shocking war. As guessed by Su Tian Que, it already drew the attention of the strong demon beasts, therefore the Demon Emperor ordered demon beasts to search for humans around.

Su Yi pondered, wondering what the purpose of Chi Qin's search for the Divine Demonic Sect was.

Su Yi and Su Tian Que had subtle changes in their expressions which were all seen by Chi Qin. He calmly said, "It appears that this big battle is indeed related to you all!"

Su Yi took a deep breath to himself, looked up, and stared at Chi Qin, saying, "I won't hide it from you, it is indeed related to us."

Su Tian Que opened his mouth and pressed close to Su Yi, with a hint of crimson light fluctuating in his eyes. "Are you also related to that big battle?"

Chi Qin gazed at Su Yi and Su Tian Que, his eyes shifting back and forth while his face remained expressionless, giving no indication of his thoughts.

"No need to be anxious, if I wanted to kill you all, you wouldn't be standing in front of me now!" After a moment, a smile appeared on Chi Qin's face as he said to Su Yi and Su Tian Que, "I just want to understand why there are strong people appearing in the Demon Woods, causing a big wave and alarming many powerful demon beasts. Everyone wants to know the reason, I wonder if you two can tell me something about it?"

When Su Yi heard the words, he looked at Chi Qin, hesitated for a moment, and nodded.

Subsequently, Su Yi informed Chi Qin of some information regarding the Divine Demonic Sect. The descendants of the Divine Demonic Sect had gone into hiding in the Demon Woods for many years, yet they were incessantly pursued by their vengeful enemies; most of the powerful ones were killed, and only a few youngsters managed to escape.

Su Yi knew that there was no need for him to hide anything; the news of the great battle would have already spread, and he estimated that the matters of the Divine Demonic Sect could not be hidden

either. Chi Qin was looking for himself, so naturally he must have heard something. If he was trying to hide it now, then he would be making a blunder, and all he could do was to tell the truth and accept his fate.

Chi Qin gazed at Su Yi and nodded with a knowing look, "I see. The battle was extraordinary, each side composed of powerful individuals. I was wondering who could possibly cause such a great battle, but it turns out the Divine Demonic Sect is still active in the world!"

Su Yi was surprised that Chi Qin seemed to know about the existence of the Divine Demonic Sect.

"I've lived for thousands of years, so I've heard a lot of things. I have also heard about the Divine Demonic Sect, although not much. I only know that it was a major sect from long ago." Chi Qin spoke up.

"For thousands of years"

Despite knowing that the world was vastly different from his past life, with many powerful people having long lifespans and some powerful demon species having even longer, Su Yi couldn't help but be shocked as the Demon Emperor stood before him; a man who claimed to have lived for thousands of years, yet still looking like he was in his middle age.

"Young man, you dare to come to see me alone, what is your identity in the Divine Demonic Sect?" Chi Qin looked at Su Yi with interest, the younger human made him feel an indescribable shock.

"To be honest, I'm the new sect leader of the Divine Demonic Sect."

Having arrived here, Su Yi also had plans; the future is yet to be known, so he asked Chi Qin, "The Demon Emperor, why do you want to find us?"

"This news has alarmed many powerful monsters, not just me. Many powerful demon beasts are now looking for you everywhere."

Chi Qin smiled and looked at Su Yi, saying, "It's no wonder you dare to come to find me; you are so young and ambitious. So you are the Sect Leader of the Divine Demonic Sect."

"They are all looking for!"

Upon hearing Chi Qin's words, Su Yi felt tense in his heart.

Not only is the Demon Emperor looking for someone from Divine Demonic Sect, but there are also many powerful demon beasts around looking for the people from Divine Demonic Sect.

So, even if the Divine Demonic Sect's people managed to escape once, in these Demon Woods, the Divine Demonic Sect's disciples probably would not be able to get away very far and have no way to escape.

Su Yi's mood was heavy. This was the Demon Woods and he was powerless to do anything. With his own strength, he couldn't even protect himself, let alone protect the remaining disciples of the Divine Demonic Sect.

...

Chapter 304: Seek!

"Hearing that the Divine Demonic Sect has some treasure, many strong figures were attracted." Chi Qin looked at Su Yi with interest and asked again, "Young friend, since you're the new leader of the Divine Demonic Sect, what is this thing that the Divine Demonic Sect keeps that enticing so many powerful people to search for it obsessively for thousands of years?"

Su Yi trembled secretly. This must be the purpose of the Demon Emperor Chi Qin, no wonder he was looking for the disciples from the Divine Demonic Sect.

"If the Divine Demonic Sect has something left, how could it have come to this point of hiding everywhere, and how could it be blood-washed by people? The Demon Emperor, are you looking for us just to get the so-called treasure? With our strengths, we are not worth mentioning in front of you. You can kill me now!"

Su Yi gazed at Chi Qin, eyes straight and a faint light red glow in his eyes. He said, "As the new leader of the Divine Demonic Sect, I can't get justice for my predecessors, take revenge, or protect my followers. I feel ashamed that, despite being a man, I'm unable to get justice for myself, and after having vainly lived this life, I regret it!"

Su Yi's words were passionate and true; if he really dies today, then there is indeed regret in his heart.

Looking at Su Yi's expression, Chi Qin still had a very calm demeanor. His eyes were deep, making one feel unable to penetrate him.

"I am curious about the Divine Demonic Sect, but I won't kill the benefactor who saved my son. On the contrary, I must thank you again."

Soon afterwards, Chi Qin had a faint smile on his face as he looked at Su Yi and said, "It's quite lively around here with plenty of powerful demons looking for you. I believe you but I don't know if other demons would. The place you are staying at is admittedly not within my jurisdiction. I think it won't be long before other powerful demons find the area. In return for saving my son Chi Zu, you can stay in my city for a while. Once things settle down, I'll arrange for you to leave the Demon Woods!"

Su Yi shifted his gaze and exchanged a glance with Su Tian Que, "Stay in Cang Lan City!"

Su Yi was pondering if staying in Cang Lan City is indeed quite safe as suggested by the Demon Emperor.

Without talking about whether or not the Demon Emperor Chi Qin is reliable, there are powerful monsters searching for Divine Demonic Sect disciples everywhere right now. According to what he has seen and heard so far, it is safer to stay in Cang Lan City than to fall into the hands of other powerful monsters.

After some consideration, Su Yi also knew that the Demon Emperor Chi Qin had said something credible.

The place where the disciples of the Divine Demonic Sect are currently settling down is not a territory of Chi Qin, otherwise Chi Zu wouldn't have been ambushed and killed by the Golden Ancient Scorpion.

Even though the Divine Demonic Sect managed to avoid disaster today, they would be soon discovered by other powerful demonic beings. Where could a large group of rookies escape within the Demon Woods, even if they wanted to avoid being found?

Chi Qin seemed to have noticed Su Yi's consideration and didn't insist. He waved his hand and said, "You are free to go. If you don't want to stay here, I won't make any more moves on you."

"Let's go!"

Upon hearing the words, Su Tian Que's tail wagged slightly, and his little eyes glowed dimly. He was about to take Su Yi away.

"The Demon Emperor!"

Su Yi was lost in thought and didn't leave with Su Tian Que, instead, he bowed to the Demon Emperor Chi Qin and asked, "Can I ask something?"

"Do you want medicine or treasure? You saved Chi Zu, you can say it with pride," Chi Qin said with a smile.

Su Yi raised his head and asked the Demon Emperor Chi Qin, "I don't want any medicine or treasure. I just ask for one thing - can the disciples of the Divine Demonic Sect stay in Cang Lan City for a short period of time until it's slightly safer and then we'll leave?"

Regarding Su Yi's words, Chi Qin's gaze was filled with surprise, and even Su Tian Que was surprised. Bringing the people from Divine Demonic Sect here? Wasn't this like taking the sheep into a tiger's den?

"Young man, aren't you afraid that I will kill all of you when the time comes? Not to mention this is Cang Lan City, and you people are humans, yet you dare to try to come in here to find refuge?" Chi Qin looked at Su Yi, his eyes filled with emotion and a ripple of energy.

"If you agree, there's nothing for me to be scared of."

Su Yi smiled. Everywhere in Cang Lan City was full of demon beasts, and humans and the demon clan have never been able to get along. But there was no difference between the Demon Woods, either. If Chi Qin offered his protection in Cang Lan City, things would be much better.

"Young man, you are special and bold, which surprises me. I have to say that you have such courage at a young age, which I appreciate very much."

The Demon Emperor Chi Qin looked at Su Yi with a stern expression and said, "Give me a reason that can protect all the humans of your Divine Demonic Sect, or alternatively, give me something I can't refuse; otherwise, why should I risk offending other demons for people I'm not related to?"

Su Yi looked upon the Demon Emperor Chi Zu, feeling oppressed by an invisible pressure. Although his seemingly thin physique was like a blade held tightly with immense power, there was a glimmering light flickering within his gaze as he said, "I can't give you any benefits that you can't refuse, or a reason for you to protect the Divine Demonic Sect. But, I can give you a promise - after twenty years, the Divine Demonic Sect will repay the kindness of your protection today."

"Twenty years is indeed not long."

Chi Qin smiled at Su Yi and shook his head, saying, "But this kind of empty promise is too much. Your so-called Divine Demonic Sect is facing so many enemies today, hiding here and there like a

stray dog. How can I believe that after twenty years, the Divine Demonic Sect can do me any good? What can be done in twenty years?"

Su Yi fixed his gaze on Chi Qin and looked him in the eye without avoiding him. He said, "This is the only promise I can give you. If you don't believe me, I will go. Today, you can be frank with me and no longer bother the disciples of the Divine Demonic Sect, I am already grateful. There's nothing I can do to repay you. This object was obtained unintentionally, please don't reject it!"

...

Chapter 305: Gambling!

As soon as the voice fell, Su Yi reached into his pocket and took out a jade bottle, handing it to Chi Qin in front of him.

Chi Qin was astonished and hesitated for a brief moment. He raised his hand and a ray of red light shone out from his palm, an invisible force enveloped the jade bottle in Su Yi's hand and lifted it back into his own.

Chi Qin's gaze was focused on the jade bottle in his hand. There seemed to be something flowing in his eyes as he removed the bottle stopper.

"Farewell."

Su Yi turned around and gestured for Su Tian Que to leave together. In his expression and gaze, he was secretly waiting, yet a hint of anxiousness flashed by without a trace.

"Wait!"

Suddenly, Chi Qin's voice came through, and there was a distinct wave in the sound.

In this moment, Su Yi's waiting gaze moved subtly, turning around, and it was obvious that Chi Qin's expression was making a great effort to maintain calmness.

"Friend, where did this come from?"

Su Yi calmly replied, "I inadvertently gained it, and it is the most precious thing I have. Thank you, the Demon Emperor, for your honesty today. This is all I have."

At this moment, Su Yi's heart was anything but calm. The bottle contained not any other thing, but the mysterious Spiritual Essence from the mysterious space.

This time coming out of the mysterious space, Su Yi brought a lot of medicinal pills just in case, and also took the mysterious Spiritual Essence with him, in case there is any emergency.

The Demon Emperor was powerful, and Su Yi knew it well. However, the effect of the Spiritual Essence was even more apparent to Su Yi. Everything within the mysterious space seemed to have a great effect on the demon clan.

Su Yi knows the danger but at this moment, for the sake of the Divine Demonic Sect, he has to do this. If this bottle of Spiritual Essence can make the Demon Emperor move, maybe the disciples of the Divine Demonic Sect can get away with it this time.

This is a gambling game, where Su Yi bets against himself, gambling on the reliability of the Demon Emperor Chi Qin and his own luck.

Chi Qin held the jade bottle in his hands, looking at Su Yi. His gaze fluctuated and after a few seconds, a smile appeared on his face and she said, "May I know your name?"

"My name is Su Yi," said Su Yi.

"Su Yi."

Chi Qin smiled and put the jade bottle into his chest, saying, "Twenty years isn't long but it's not short either. I will protect the humans from Divine Demonic Sect for twenty years, but remember, if you haven't kept your promise after twenty years, I will not protect them anymore."

"So, you agreed?" Su Yi looked at Chi Qin with joy in his eyes.

"I will bring the remaining people from your Divine Demonic Sect here, and we will arrange things accordingly." Chi Qin nodded.

"Thank you, the Demon Emperor." Su Yi was moved and his happiness was evident on his face.

"No need to thank me, and no need to hide it from you. Although your Spiritual Essence is not a great treasure, I can feel that it would have a great use for the demon clan. I will of course have to pay the price in return for taking advantage of you."

Chi Qin was very candid, not hiding anything. He clearly felt the power of the Spiritual Essence in the jade bottle, which could be greatly beneficial to the demons, and a certain effect on himself. He then looked at Su Yi and continued, "But you should also remember what you promised me. Twenty years, I hope that the risk I take today is worthwhile."

Su Yi nodded. Twenty years was the bet with Chi Qin, as well as with himself. In this desperate situation, Cang Lan City indeed was the best place to hide for members of the Divine Demonic Sect -- sometimes, the more dangerous a place, the safer it was.

Chi Qin promised to protect Divine Demonic Sect disciples for twenty years, and Su Yi felt Chi Qin's straightforwardness and hoped he could make the right bet.

Chi Qin said, "You don't need to go back, I'll arrange it so that people from your Divine Demonic Sect are brought to Cang Lan City."

Su Yi giving a wry smile, told Chi Qin that he had to go back to inform them; otherwise, the three elders wouldn't believe it.

Upon learning this, Chi Qin silently allowed it, with a glimmer of light in his eyes that vanished without a trace.

Subsequently, at Chi Qin's arrangement, Su Yi, Su Tian Que, and the Black Flying Lizard returned.

On the way, the Black Flying Lizard was surprised and was very polite to Su Yi. The Demon Emperor gave orders to let it take those humans to Cang Lan City. Although it had many doubts in its heart, it didn't ask too much.

Actually, Su Tian Que was quite surprised along the way, as if wanting to ask Su Yi something but with the Black Flying Lizard around, he didn't ask much.

Cang Lan City, Grand Audience Hall.

As Su Yi and Su Tian Que left, Chi Qin once again clasped the jade bottle that Su Yi had taken out, with a radiant light in his eyes.

"Big brother, he is just a human kid, you don't really believe his words, do you? Will you really protect these humans?"

A tall and slim figure came quietly. It was an old man in his sixties wearing a yellow robe, with bright eyes. He looked older than Chi Qin, but he called Chi Qin "big brother".

"He is not an ordinary human; if what Chi Zu said was true, Su Yi is more mysterious than we thought."

Chi Qin smiled faintly and looked at the old man in yellow robes and said, "He is the new Sect Leader of the Divine Demonic Sect. I didn't expect that Divine Demonic Sect still exists. The Divine Demonic Sect back then was so powerful!"

"If that kid really is the new Sect Leader of Divine Demonic Sect, why wouldn't he have the thing left behind by the Divine Demonic Sect? Wouldn't it be better for us if we killed these humans directly and take advantage of them?" The old man in a yellow robe spoke up, puzzled.

"The boy said that there wasn't much benefit from the Divine Demonic Sect," Chi Qin smiled in response.

"Impossible, humans are always cunning. If Divine Demonic Sect has nothing left, how could so many powerful people look for it for thousands of years?" The yellow-robed old man disbelieved, convinced that the Divine Demonic Sect must have left something behind. Humans definitely cannot be trusted, that kid must be lying.

Chi Qin gazed at the jade bottle in his hand with a meaningful look and said, "If it had been so easy to obtain something left by the Divine Demonic Sect, it would have been taken by others long ago. Whether the Divine Demonic Sect left something or not doesn't matter. What surprises me is Su Yi."

The old man in the yellow robe asked, "Big brother, have you seen something?"

"His cultivation base is only in the Yuan Spirit Realm, but his breath is too weird, and his courage and demeanor are unparalleled among humans."

Chi Qin seemed to be thinking about something, and said to the old man in a yellow robe, "Also, even I can't figure out the origin of that chicken, it's strange, very strange"

"Big Brother, if others know that we have someone from the Divine Demonic Sect, it could cause endless trouble later."

The yellow-robed elder said to Chi Qin, he was very worried; now there were many powerful demonic forces searching for any survivors of the Divine Demonic Sect. Someone had seen with their own eyes that survivors of the Divine Demonic Sect had escaped and were currently searching everywhere.

Chi Qin said, looking at the old man in a yellow robe, "I have this matter under control."

...

Chapter 306: The Demon Emperor's Profound Meaning!

The old man in the yellow robe said no more.

Chi Qin put the jade bottle back in his embrace and looked at the old man in the yellow robe with interest. He asked, "What do you think of that human young man?"

"That human kid?"

The old man in the yellow robe had a surprised look on his face. He didn't have a good opinion of humans, but since his elder brother had spoken, it was likely he had a deeper meaning. After a moment of silence, he finally spoke, "From what I've seen, there seems to be something extraordinary about this young Yuan Spirit Realm human cultivator. Even though he is still slightly immature, for his age and level of cultivation, he is already very good!"

"Do you have a favorable opinion too?"

Chi Qin smiled faintly and said, with a mysterious smile in his eyes, making it hard for people to discern.

"When it comes to the matter at hand, that human kid isn't going to be easygoing."

The yellow-robed old man had a serious expression.

Other things can be faked, but some qualities are impossible to pretend.

"That human kid is certainly not simple."

Chi Qin opened his mouth and he could feel the special temperament that emanated from the young man, something that could never be disguised from within his bones.

"Even if he's not simple, it's still human. Big brother, do you really want to protect that group of humans for twenty years? This is big trouble."

Since his big brother has brought it up again, the old man in the yellow robe could not help but mention it again.

"Although there are some differences between our demon clan and humans, if you calculate it, Chi Zu is not much older than that human child. I have heard some legends about the Divine Demonic Sect. If one day the Divine Demonic Sect can revive, it will be a great help to my Cang Lan City. When we old folks are gone, Chi Zu will also have some friends." Chi Qin's eyes flashed with a bright light, and his brows were low, as if he was thinking about something.

"Big brother, do you want to let this kid be Chi Zu's friend?"

The old man in yellow robe suddenly realized, very shocked, and said, "No matter how it is, the Divine Demonic Sect is a human sect, and we are demons. If one day, the so-called Divine Demonic Sect rises again in the world, it will also be a strong force for mankind, which is not good for our demon clan!"

"How much can humans do? Many are now keeping an eye on Cang Lan City, waiting for the chance to capitalize on it. As soon as the opportunity presents itself, they won't be polite. Therefore, right now the danger posed to Cang Lan City by humans is far less than that of our own demon races. If that kid is really something special, he might just have a chance to soar up to the sky!"

Chi Qin remembered the young human in his mind.

The more Chi Qin is in contact, the stronger the feeling in his heart.

Of course, how it will turn out in the end depends on whether the young kid is really extraordinary or not," Chi Qin said softly.

The old man in the yellow robe didn't ask any more questions, worrying about Chi Zu. He said, "How is Chi Zu? What the golden scorpion said sounds nice, but I don't think it'll be that simple. It's very likely that it was the golden scorpion who gave the order to hurt Chi Zu himself."

"Chi Zu is ok."

Chi Qin's eyes gradually sunk and a cold light swept through his eyes. He said, "It seems that some people really think that I, Chi Qin, am now gentle. Someone must pay the price for this!"

Elder Shangguan Xu and others have already become increasingly worried. Especially the three elders, have started to hesitate, whether or not to start fighting for their lives.

"It's all right."

When Su Yi returned and said these words, cheers erupted from the crowd. Shangguan Xu, Xiong Liu and Hu Bu, the three elders, all breathed a sigh of relief.

"What, we're going to Cang Lan City, to the place of the Demon Emperor!"

When it was later known that Su Yi had made the decision to go to the Demon Emperor's territory and live amongst the demon beasts day and night, everyone was shocked beyond belief, unable to imagine what it would be like.

"The news of the Divine Demonic Sect spreading has caused many powerful demon clan warriors to come looking for us." Su Yi wasn't surprised and informed everyone of the news.

Everyone was discussing, whispering, and knowing how serious the matter was.

But if they were to go to Cang Lan City, everyone would be wary and no one would believe the Demon Emperor Chi Qin.

"If we ever meet any other powerful demon forces, our chances of winning are slim to none, so we might as well go to Cang Lan City. I don't believe in the Demon Emperor, but I believe in Su Yi!"

Hu Chi opened his mouth, he didn't believe those powerful demonic race members, but he trusted Su Yi.

"I also believe Su Yi, if there's really nowhere else to go, why not go to Cang Lan City!"

Subsequently, Xiong Zhan and other young people all expressed their stances.

They don't believe in the Demon Emperor Chi Qin, but they believe in Su Yi, so they believe that Su Yi won't make a mistake in judgment.

"Three elders, if there is no better way, I suggest we can go to Cang Lan City. The more dangerous the place, the safer it may be."

Su Yi knows that the ultimate decision-making power, as of now, lies in the hands of the three elders.

Although Su Yi is the new Sect Leader of the Divine Demonic Sect, he understands that the three elders have the highest prestige in the current Divine Demonic Sect, and although he is the Sect Leader, he is just a figurehead.

Now, the Divine Demonic Sect only has these people left, and they are all rookies. Su Yi doesn't wish for any more accidents to happen.

"Can you assure us that the Demon Emperor Chi Qin is not trying to catch us all in one net?"

Elder Hu Bu raised his eyes and looked at Su Yi, asking.

Few of the Hunting Tiger Tribe's young people remain. He must make sure no more accidents occurred.

"If the Demon Emperor Chi Qin wants to catch us all, now is the best time."

Su Yi nodded, understanding Elder Hu Bu's worry and caution. Although he couldn't be absolutely certain, he trusted his own judgment.

The Demon Emperor Chi Qin isn't exactly a kind person, but he is trustworthy for the time being. If he wanted to take everyone down, he could have done it already.

"This place is already exposed, it's not safe anymore. In the end, it will be life or death anyway, so why not go to Cang Lan City and give it a try? At least there's still a slim chance."

Su Tian Que could not bear to look any longer. His gaze swept over the three elders, Shangguan Xu, Xiong Liu, and Hu Bu, with a hint of impatience.

...

Chapter 307: The Beasts Emerge From the Pass!

"If it is really like this, it's either death or life anyway. It's better to give it a try!"

Finally, Elder Xiong Liu, Elder Hu Bu, and Elder Shangguan Xu all nodded. They were aware that at present apart from Cang Lan City, there was no other road for them to take.

"Elders, everyone please hurry up and get ready, the sooner the better."

Seeing the three elders nod their heads, Su Yi also secretly let out a sigh of relief, asking everyone to hurry up and finish packing.

Just the string deep in Su Yi's heart tightened even more.

The future of the entire Divine Demonic Sect is in his own hands right now. If he makes the wrong decision, it will be the end of the entire Divine Demonic Sect.

After a moment, beyond the canyon, there was only Su Tian Que and Su Yi.

"Do you believe in that Chi Qin?"

Su Tian Que asked Su Yi on the way back.

"Half and half, that Demon Emperor, must have other plans in mind, mostly for the Divine Demonic Sect!"

Su Yi shook his head, at best he could only half-heartedly believe what Chi Qin said, and he also knew that Chi Qin didn't really believe what he said.

Su Tian Que looked at Su Yi with interest, as if he really wanted to know everything. "You clearly know, so why do you still want to go to Cang Lan City?"

"If I had left just then, I'm afraid that Chi Qin would have been suspicious and thought the Divine Demonic Sect was really keeping something. That would be truly dangerous!"

Su Yi looked at Su Tian Que. If when they were in Cang Lan City, they really turned around and left, Chi Qin would surely think that he was trying to hide something. How would that end up? It was easy to imagine. Even though he had saved Chi Zu, such sentiment could hardly compare with an invaluable treasure.

Su Tian Que chuckled and his eyes narrowed slightly as he asked, "Do you think Chi Qin wouldn't be suspicious now?"

"Of course he feels suspicious, very suspicious."

Su Yi smiled, her gaze carrying a hint of confidence, and said, "If we really went to Cang Lan City, we would actually be safe. Everyone is in Cang Lan City so Chi Qin wouldn't be anxious. Everything would be in his control. He would slowly look for opportunities and secretly pay attention. As long as the people from the Divine Demonic Sect are in Cang Lan City, we would be safe, at least for a certain period of time."

As the voice fell, a hint of a smile curved up at the corners of Su Yi's mouth.

"Ha ha, I get it, I understand."

Su Tian Que had a stunned expression when Su Yi finished speaking. Suddenly, an amused look appeared on his face and he said, "It's like two birds with one stone! Leveraging their power, if people from the Divine Demonic Sect are in Cang Lan City, Chi Qin will believe that even if the Divine Demonic Sect has some treasure, it will eventually become his possession, so he will protect the Divine Demonic Sect before he gets it."

"Not bad."

Su Yi nodded and smiled. Handing Chi Qin a bottle of Spiritual Essence to make Chi Qin believe that the Divine Demonic Sect had indeed left something behind.

Recently, the shocking battle between these powerful beings probably made Chi Qin hesitate to try getting what the Divine Demonic Sect left behind. It would not be easy if he tried forcing it, as it might backfire in the end. However, as long as they are in Cang Lan City, he will have a chance and he will be patient.

"Therefore, within a short period of time, the Divine Demonic Sect will be safe, but if the time is long, Chi Qin may find that he cannot get any benefit at all, and then he may do something."

Su Tian Que was quite surprised but soon began to worry.

"Time, what we need now is time!"

The smile on Su Yi's lips gradually faded and was replaced by a determined expression. Everything takes time, but he knew that if he could become a strong person in a short amount of time, one who even Chi Qin would fear, it would be enough to resolve everything.

If nothing has been improved by then, that would be a real danger.

Time, what he needs is some time, which makes Su Yi anxious but also slightly confident.

Having Supreme Chaotic Yuan Technique, the mysterious space, plus the Divine Demonic Sect's Divine Demonic Ancient Verse, Su Yi believes that as long as he gives himself some time, he will be able to rise up and become a powerful one.

"I will also recover as soon as possible, and then a Little Demon Emperor will be nothing to me."

As if knowing what Su Yi was thinking, with a domineering look, Su Tian Que stared at Su Yi and said, "You find me some spiritual medicine or something, after I take it, I can recover faster"

"Ah Su Yi, how dare you to kick my butt"

Su Tian Que's voice had not finished yet, when suddenly a miserable scream broke out, and his body flew out like a parabola in mid-air, not knowing how far it had fallen.

Later, in the cave, Su Yi summoned the mysterious space inside again.

"A good news and a bad news."

In the mysterious space, Su Yi spoke to the crowd of demon beasts, informing them of the complicated situation outside.

Su Yi is about to go to Cang Lan City. He guessed that he would stay there for a while. The Fiery Red Demonic Mink and others have already been in the Mystery Space for a long time, but they can't stay in the mysterious space forever.

Cang Lan City is within the Demon Woods, a paradise for demon beasts, also the best place to hone oneself; Su Yi hopes that the Golden Python and White Jade Swallow Bird could all be honed accordingly.

In a short period of time, Su Yi hopes to become stronger, not just himself but also the strength of those around him.

Su Yi is most clearly aware that the Gold King Cobra, White Jade Swallow Bird, Fiery Red Demonic Mink and so on were originally ordinary demon beasts in terms of bloodline, but now they have already mutated and have the chance to become a powerful member of the demon clan.

"We will always follow you, master!"

The Golden Python, Fiery Red Demonic Mink and others expressed their emotions with a surging breath, their voices like thunder.

"Finally, I can go out!"

Da Bao and Xiao Ling were delighted that after hiding in the mysterious space in for so long, now they could finally go out.

In the blink of an eye, when Su Yi appeared from the back mountain with about 10 demon beasts, the people of Divine Demonic Sect were stunned. It was unknown where and when Su Yi had conquered these demon beasts, as on the way here, it seemed that nobody had noticed Su Yi taming these demon beasts.

"I will explain it to you later. Are you all ready to go to Cang Lan City?" Su Yi explained to the group, having already expected their surprise.

"There's not much to pack up, but some physical items can't be taken with us."

Elder Hu Bu said, "We haven't been here for long and we don't have many things with us. Many of the resources for cultivation are actually in the space bags of the three elders."

The space bag is limited in space, so many lost items are stored here in advance, but there is not much to take away now.

"Let's go to Cang Lan City first!"

Su Yi nodded. The food problem was easily solved once they reached Cang Lan City. Though they can't hunt demon beasts anymore, they should not starve.

Later, the Black Flying Lizard had arranged a lot of powerful demon beasts waiting outside the canyon to carry the disciples of the Divine Demonic Sect to Cang Lan City.

...

Chapter 308: Settle Down!

"Send the order down: No one is to come here today or they will be killed without mercy!"

With Su Yi behind him, the Black Flying Lizard ordered several powerful demon beasts.

Su Yi didn't take the Black Flying Lizard's arranged demon beasts, but instead rode on the back of the White Jade Swallow Bird.

"This White Jade Swallow Bird seems very different."

Shangguan Xi Wei and Shangguan Xiu accompanied Su Yi on the back of the White Jade Swallow Bird.

They had been familiar with demon beasts since they were young, feeling that this White Jade Swallow Bird was vastly different than other ordinary White Jade Swallow Birds.

With their eyes fixed on the Silver Spirit Demon Butterfly, Spectral Mouse, Da Bao, and Xiao Ling on the back of the White Jade Swallow Bird, Shangguan Xi Wei and Shangguan Xiu both had a hint of confusion in their eyes.

These demon beasts obviously don't have high bloodlines, but their breath is extraordinary and one can sense something special about them, but they just can't put a finger on it.

Su Yi sat cross-legged, closed his eyes and meditates. The Flaming Beast Eagle and White Jade Swallow Bird could fly, as well as the Silver Spirit Demon Butterfly.

The Spectral Mouse, the Fiery Red Demonic Mink, Da Bao and Xiao Ling were small enough to ride on the White Jade Swallow Bird.

But Fire-Eyes Beast Tiger, Golden Python, Snow Jade Ape, Serene Void Brutal Heavenly Leopard are huge in size, yet unable to fly. They could only follow Chi Qin's demon beast team back to Cang Lan City.

"Is this Cang Lan City where the Demon Emperor resides?"

At dusk, when the disciples of the Divine Demonic Sect arrived at Cang Lan City, they were shocked by the grandeur of the large city.

They had never been out before, let alone seen such a grand city.

Led by the Black Flying Lizard and the Black Ya Beast, Su Yi and the disciples of the Divine Demonic Sect finally arrived at a mountaintop in the depths of Cang Lan City.

Between the mountains, there are some simple buildings.

Twilight, the setting sun, a veil of evening glow enveloping, illuminating this mountain forest.

This place is very large, with several mountains.

There is a small river flowing, the water is blue and clear, with strange flowers and exotic plants, and birds chirping and flowers fragrant.

There are also high mountain waterfalls, like a galaxy pouring down.

"What a beautiful place."

Shangguan Xiu and other girls, such as Shangguan Xi Wei, exclaimed that this place was very beautiful and the scenery was pleasant.

Shangguan Yan, Xiong Zhan and the others were all dumbfounded; they didn't expect that even in Cang Lan City, which was full of demon beasts, there would be such a beautiful place.

"The Demon Emperor commanded that you all can settle down here and no wandering around, otherwise the consequences will be on your own head." After a few words from the Black Flying Lizard and the Black Ya Beast, they left.

"Is this place really safe?"

Elder Shangguan Xu, Elder Xiong Liu and Elder Hu Bu were all still a bit worried.

After all, this is the land of the demons; when they entered Cang Lan City, they sensed the presence of many powerful demons.

If the Demon Emperor Chi Qin were to start a fight with them right now, they would probably not even have a chance to resist.

"Now that we are here, let us settle in since we will be here for a while. Let us tidy up first," Su Yi said.

Immediately, everyone began to tidy up and settle in.

These mountain peaks, deep in Cang Lan City, are places for the disciples of the Divine Demonic Sect to settle down. It seems that humans once lived here and left behind some simple buildings.

After a quick tidying up, night had already fallen, so everyone had to settle for a makeshift night.

The next day, all the people in the courtyard began to help build the houses.

Some three or four year old kids are helping out as well. These kids may be young, but they are martial artists and have been cultivating since they were small.

Even a three-year-old child has impressive strength; carrying bricks and stones is not a problem.

Many hands make light work. In just five days, a large area of houses have been remodeled, with courtyards connected to each other in a harmonious way.

No Demon Beasts have come these past few days.

Even within this range, no demon beasts have appeared.

But Snow Jade Ape, Fire-Eyes Beast Tiger, and Golden Python have all come.

"Finished!"

Looking at the houses and courtyards, Su Yi felt a sense of satisfaction.

The remaining disciples finally had a place to settle down.

"Roarr!"

There was a roar of a mystic beast, and a nimble one appeared, like a lion, like a tiger, with a strong body, a round and large head, a red overall body, and its entire body was covered with a thin layer of dense red armor, and its golden mane covered the shoulders and chest.

This is a young demon beast of the demon clan, but the aura emanating from its body is already fierce and alarming, with a regal majesty.

"Cold Waves Golden-Red Beast!"

When such a young monster appeared, there were exclamations of surprise among the disciples of the Divine Demonic Sect.

Shangguan Xu, Xiong Liu, Hu Bu, etc., all had subtle changes in their eyes.

They had also heard that the Demon Emperor of Cang Lan City was a Cold Waves Golden-Red Beast, and the offspring of this Cold Waves Golden-Red Beast should be the one that Su Yi had saved originally.

"Chi Zu!"

Su Yi was moved; the one who came here now was the same Cold Waves Golden-Red Beast he had saved before.

Chi Zu was very happy to see Su Yi and said in beast language, "Human, I heard you were coming, so I specially came to take a look. I didn't expect it to be you!"

"It looks like I'm going to be here for a while, thank the Demon Emperor for taking me in."

Su Yi said.

"No need to be polite, you saved me, my father will thank you properly." Chi Zu was very kind, and thanked Su Yi again.

Chi Zu spoke in beast language, and Su Yi spoke in human language, but even so, they conversed for a long time. Elder Shangguan Xu and the others in the distance were stunned.

Chi Zu gazed at Su Yi with a spark of red light in his eyes and an air of battle, suddenly saying, "You are so powerful, even stronger than me. I want to challenge you and sharpen my skills. What do you say?"

Chi Zu knows that Su Yi's strength is formidable; originally, Su Yi was able to capture the Golden Ancient Scorpion directly, and his own strength should have been almost indistinguishable from that of the Golden Ancient Scorpion.

Chi Zu has a fighting spirit. The human cultivation in front of it is roughly the same as itself. He wants to temper himself.

"This"

After a moment of hesitation, Su Yi nodded and said he would fight with Chi Zu, "This isn't the right place, let's go somewhere else."

Although these mountain tops are not small, Su Yi knows Chi Zu's strength. Once there is a battle, it is likely that the newly built houses will be leveled to the ground.

"Ok, let's go somewhere else." Chi Zu was delighted and took Su Yi away.

"I also want to go see the excitement!" Da Bao and Xiao Ling were excited and wanted to go see the excitement with them.

"Master, I also want to go."

The Fiery Red Demonic Mink, Spectral Mouse, Serene Void Brutal Heavenly Leopard, and others were all interested and wanted to go see. A fight between the master and the young Cold Waves Golden-Red Beast. They were all curious and wanted to witness it.

"Is it convenient?"

Su Yi hesitated for a moment, and asked Chi Zu. They will be staying in Cang Lan City for a while. Fiery Red Demonic Mink and the other demon beasts are all demon beasts, if they can become familiar with the demon beasts in Cang Lan City, it'll be beneficial and harmless!

...

Chapter 309: War!

"Let's go together!"

Chi Zu nodded.

"We also want to go!"

Xiong Zhan, Hu Chi and others were also very interested, Su Yi would fight with the Cold Waves Golden-Red Beast, this fight couldn't be missed.

"No, stay here and don't go far."

Su Yi shook his head directly. He agreed to the Demon Emperor that the disciples of the Divine Demonic Sect cannot run around in Cang Lan City.

The Fiery Red Demonic Mink, and other demon beasts have no problem.

Half an hour later, in a remote corner of Cang Lan City, there is a huge canyon.

"Come on, no need for the pleasantries, let's have a battle!"

Chi Zu opened its mouth, its body glowing and radiating, then expanding multiple times, the red light shining brightly, standing tall before Su Yi like a small mountain.

"Let's fight!"

Su Yi opened his mouth, and at one point he had wanted to fight a peer monster baby one day, to test out their strength and weaknesses.

Now, a Cold Waves Golden-Red Beast is right in front of them, wanting to fight, which stirs up Su Yi's fighting spirit!

At that time, he could capture the Golden Ancient Scorpion with ease. That was because Su Yi had used his ace card from the start.

Now that Chi Zu's injuries seem to have recovered, Su Yi wants to test himself. Without using his bottom card, how far can he go?

"Roarr!"

Chi Zu moved and a vast red glow spread across his body. Suddenly a fierce and blazing air filled the atmosphere, surging wildly. In just a moment, it was like a sea of fire was rushing towards Su Yi.

"Fight!"

Su Yi let out a loud shout, his eyes shining like lightning, his hair swaying and dancing behind him. His energy flowing through his wide veins, and his fist punching through the raging fire.

"Ha ha"

Chi Zu waved its giant red claw and fire engulfed the area. With a powerful gust of wind, rocks were shattered into dust beneath its sharp claws.

Su Yi didn't retreat but advanced instead, without dodging; raising his arms with strong determination.

The two collided with each other, the strong wind swept across the four directions, rocks exploded, trees withered, gravel scattered, and the scene was shocking!

One person and one beast were engaged in a great battle, clashing continuously, with sand and stones flying around them.

"The master has made amazing progress!"

The Golden Python, Silver Spirit Fairy Butterfly, the Spectral Mouse watching from afar with a quivering gaze.

Half an hour later, the fierce duel was settled and the loud rumble around faded away.

"Well, it's really fun!"

Chi Zu's enormous body regained its normal state, panting hard, the scales on its body dim, and there were many wounds, some of which were oozing out threads of fresh blood.

Su Yi wasn't looking particularly well either; his hair was disheveled and his face was pale, but compared to Chi Zu, he was slightly better off.

Su Yi was also honing himself for the great battle, testing out the strength of Demonic Spirit Truth Interpretation, Mighty Desolate Verse, and Heavenly Tiger Art, and discovering that they could indeed suppress demonic beasts. Even Chi Zu, as a young demon beast, was affected by this, which made Su Yi very pleased.

"After I recover well, let's keep going and have fun!"

It is obvious that Chi Zu lost, but it was a great fight. It was not easy for it to temper itself. It was not easy to find a demon beast of similar age in Cang Lan City.

"OK, then continue!"

Su Yi was also very enthusiastic, and the battle against Chi Zu was also a tempering of himself.

In the faraway canyon, on top of the distant mountain, two figures silently appeared. Their breaths were hidden, standing there yet hard to make out clearly.

These two people, one an old man wearing a yellow robe, with piercing eyes.

Another one, who looks to be less than fifty years old, had a burly stature, copper-red skin, clear facial features, and a pair of dark red eyes that exuded a majestic aura of a ruler over the world.

"What do you think?"

The middle-aged man opened his mouth --it was the Demon Emperor Chi Qin.

"It's not easy, the human kid is in the first grade of Yuan Xuan Realm, but he is able to defeat Chi Zu!"

The old man in the yellow robe was shocked, almost incredulous. His gaze was filled with shock as he said to Chi Qin, "Such a human young man is really a genius."

"He seems to be much stronger than I expected!"

Chi Qin's gaze is deep and his eyes droop; as if he were thinking of something, giving off a feeling of oppressive power unconsciously!

"Such a human teenager, if one day he grows up, will be a fearsome strong man among humans. If he is killed today, it will deprive humans of a strong one in the future!"

The yellow-robed old man's eyes glowed with coldness. Such a human boy was too powerful; once he grows up, he would be a great trouble for the demon clan.

"The war between the Demon Clan and the Human Clan had already ended long ago."

Chi Qin gave a slight smile and said to the old man in the yellow robe, "Those demon beasts are not ordinary either. Silver Spirit Fairy Butterfly, Spectral Mouse, Golden Python, White Jade Swallow Bird, Fiery Red Demonic Mink, Fire-Eyes Beast Tiger. Their bloodlines are not particularly high, but their auras are quite complex, making it hard for me to understand as well."

The yellow-robed old man pondered, "Has it got something to do with the Divine Demonic Sect?"

Chi Qin said slowly, "I'm becoming increasingly curious about the Divine Demonic Sect"

Another day passed.

At night, the moon and stars were dark.

"Grandpa, how are you doing now? Father and Mother, where are you now and are you still alive?"

The river, the flowing water was bubbly; under the night sky, Su Yi sat alone by the river, looking into the rippling water, somewhat blankly, worrying about the wounds of his grandfather and also missing his parents in this world.

Not far away, Shangguan Xi Wei walked up. The moonlight accentuated her enchanting curves, which were so captivating that it lured Su Yi for a moment. Hesitating for a second, he then stepped forward.

"Why are you here?"

Su Yi snapped back to reality, and upon turning around he saw Shangguan Xi Wei. His expression returned to normal as he smiled slightly and asked.

"Seeing you here, I came to have a look."

Shangguan Xi Wei gazed at Su Yi and asked, "Are you homesick?"

"I really think about it."

Su Yi's answer was so direct; he really missed home, and was worried about his grandfather's injury, thinking of Su Wan'er and Fatty Wang, he didn't know how they are doing.

"Thanks to you for your hard work recently, without you we would still not know what to do now, I thank you on behalf of everyone!"

Shangguan Xi Wei sat beside Su Yi and looked at her, her gaze shining brightly in the dark night.

She clearly knows that so much has happened since Su Yi entered the Ancient Spirit Village, and thankfully she had Su Yi's help, otherwise everyone wouldn't know what to do now.

They were able to settle in Cang Lan City this time, all thanks to Su Yi's efforts.

"It's my duty."

Su Yi smiled. A lot of things have happened in this period of time, they encountered dangerous situations multiple times, but what they got in return was amazing.

Now the Divine Demonic Sect is also his responsibility. Having obtained the Divine Demonic Ancient Verse, and having promised the previous generation of Lord Demon, he must take responsibility all the way to the end.

...

Chapter 310: Teach

"What's the plan next? After all this is the Demon Woods, it's Cang Lan City, we can't stay here forever!"

Shangguan Xi Wei gently raised her hand, her long and graceful hands resting lightly on her knees, in the distant night sky, occasional animal roars sounded, like a wave of emotion, as if a gentle breeze had passed over the surface of a lake in early summer.

"Let's talk about it when the time comes, let's wait until this period is over first."

Su Yi furrowed his brows, knowing that staying here was not a long-term plan. But for now, with the disciples of the Divine Demonic Sect, he had nowhere else to go.

Shangguan Xi Wei looked at Su Yi, a ripple of light emanating from her clear and bright eyes, as if it could draw people's hearts into a wave.

After a moment of silence, Shangguan Xi Wei sighed, "You are already the Divine Demonic Sect's leader, but Elder Hu Bu from the Hunting Tiger Tribe, Elder Xiong Liu from the Mighty Bear Tribe, and Elder Shangguan Xu all seem to be in doubt. I don't know what they think, what do you plan to do?"

Su Yi smiled. How could he not feel it? The three elders, as well as some other people, seemed to still be hesitant and suspicious of him as the new sect leader.

It seems that in order to become the Divine Demonic Sect's leader, he must pass this level first.

But Su Yi could understand that the Ancient Spirit Village, the Hunting Tiger Tribe, and the Mighty Bear Tribe had competed for thousands of years; suddenly to say that they were all disciples of the Divine Demonic Sect and even a foreigner became the new Sect Leader, Elder Shangguan Xu, Elder Xiong Li, Elder Hu Bu and the rest all have some difficulty adjusting in their hearts.

"Take your time."

Su Yi replied to Shangguan Xi Wei, hoping that after some time, everyone will accept it.

In Su Yi's heart, he had no thought for the title of Sect Leader of the Divine Demonic Sect at all.

Just by agreeing to Lord Demon and obtaining the Divine Demonic Ancient Verse, plus treating the Ancient Spirit Village as his second home all along, Su Yi had taken on the responsibility.

Shangguan Xi Wei said nothing more. She gave Su Yi a glance and sat with him quietly, gazing at the stars in the sky as if she was thinking of something.

Su Yi was speechless, lying on the ground, hands behind his head, a withered blade of grass in his mouth, gazing up at the bright moon in the sky, wondering what could be on his mind.

After about an hour, Shangguan Xi Wei got up and looked at Su Yi lying there, smiled faintly and said softly to him, "Go get some rest."

Su Yi suddenly stood up, looking at Shangguan Xi Wei and said, "I need your help."

"What is it? Feel free to say it." Shangguan Xi Wei was a bit surprised; when did this guy become so polite?

Su Yi asked Shangguan Xi Wei, "You're cultivating the Demonic Spirit Truth Interpretation, right?"

"How do you know about Demonic Spirit Truth Interpretation"?

Shangguan Xi Wei was initially astonished, but then seemed to think of something - that Su Yi was now the sect leader of the Divine Demonic Sect, and had gained tremendous benefits in the Tian Yao Cave.

"I need a look at your Demonic Spirit Truth Interpretation."

Su Yi said to Shangguan Xi Wei, wanting to understand the "Demonic Spirit Truth Interpretation" being cultivated in the Ancient Spirit Village now, to determine if it is generally as expected and quite different from the "Demonic Spirit Truth Interpretation" obtained by him.

"Demonic Spirit Truth Interpretation is the strongest martial arts of the Ancient Spirit Village, and only people from the Ancient Spirit Village are capable of cultivating it."

Shangguan Xi Wei had a difficult expression on her face, but after just a slight hesitation, she said to Su Yi, "You are the Sect Leader of the Divine Demonic Sect, and this Demonic Spirit Truth Interpretation is also the cultivation technique of the Divine Demonic Sect. I can certainly give it to you, but Elder Shangguan Xu has this technique. If you want to cultivate it, I will go find Elder Shangguan Xu tomorrow. It shouldn't be a big problem."

Hearing that, Su Yi laughed, presumably Shangguan Xi Wei thought he wanted to cultivate "Demonic Spirit Truth Interpretation".

Su Yi said to Shangguan Xu Wei, "No need to look for Elder Shangguan Xu, I just need to take a look at the incantation of 'Demonic Spirit Truth Interpretation' and that will be enough."

"Is the incantation enough?"

Shangguan Xi Wei was quite surprised. Usually, it is impossible to just rely on them to the incantation to cultivate martial arts.

Su Yi smiled slightly, and hand prints began to condense in his hands.

"Boom!"

Suddenly, a powerful aura emerged from Su Yi, followed by a vast ancient spiritual breath and a hint of demonic energy.

"This is the Demonic Spirit Truth Interpretation"!

When this aura filled the air, and looking at Su Yi, Shangguan Xi Wei's eyes suddenly shock in surprise. This is too incredible. The aura clearly belonged to Demonic Spirit Truth Interpretation, yet it seemed to be beyond that of 'Demonic Spirit Truth Interpretation'.

"I have been cultivating the 'Demonic Spirit Truth Interpretation' left by the previous generation Sect Leader of the Divine Demonic Sect. I was suspicious and wanted to have a look at the version you're cultivating."

Su Yi restrained their aura and informed Shangguan Xi Wei of the truth of the matter. After all, he had already cultivated the Demonic Spirit Truth Interpretation, so Shangguan Xi Wei didn't need to worry about divulging the secret incantation.

"OK!"

Shangguan Xi Wei calmed down after learning that Su Yi was actually cultivating the Demonic Spirit Truth Interpretation, which was passed down from the previous generation's sect leader of the Divine Demonic Sect.

It seems that Su Yi has really become the Sect Leader of the Divine Demonic Sect.

Immediately, Shangguan Xi Wei told Su Yi the incantation of the 'Demonic Spirit Truth Interpretation' without any hesitation.

"Really!"

When Su Yi learned of Shangguan Xi Wei's cultivation incantation, he immediately found the problem.

Su Yi discovered that, for unknown reasons, the Ancient Spirit Village's cultivate of the "Demonic Spirit Truth Interpretation" was incomplete, missing some parts, so ever since cultivating "Demonic Spirit Truth Interpretation", he felt a problem.

"What's wrong? Is there something wrong with our Demonic Spirit Truth Interpretation?"

Looking at Su Yi's expression, Shangguan Xi Wei said, "I once heard my grandmother say that there were some small problems with the 'Demonic Spirit Truth Interpretation'. It seems like something was missing when it was passed down a long time ago. I heard that the same thing happened to the 'Mighty Desolate Verse' of the Mighty Bear Tribe and the 'Heavenly Tiger Art' of the Hunting Tiger Tribe. I don't know why all these works have been passed down incomplete."

"That's it," Su Yi smiled, nodding with a twinkle in his eyes.

Shangguan Xi Wei gazed at Su Yi with some surprise.

"Get some rest earlier, I'm going to go do something first."

Gazing at the sky, unknowingly an entire night had passed. With Su Yi's voice dying away, he quickly left.

It hadn't been long since the sky had just become slightly brighter when Su Yi found Hu Chi and said, "I want to meet everyone from the Hunting Tiger Tribe in the Yuan Soul Realm in the hall as soon as possible."

Hu Chi was surprised. Seeing that Su Yi had a serious look, he nodded.
