

Sky&Earth 321

Chapter 321: Five Years

The Demon Woods is the paradise of demon beasts, a great place for the likes of Golden Pangs to hone their skills. Su Yi hopes Chi Qin will take good care of them.

"You're talking about the Spectral Mouse, Golden Python, White Jade Swallow Bird, and a few other demon beasts, right?"

Chi Qin's eyes lit up and he said to Su Yi, "I have noticed those several demon beasts, they seem to have something extraordinary. Cang Lan City is also looking for useful people right now, I'll notice it when the time comes."

"Thank you, the Demon Emperor!"

Su Yi thanked, and bowed again.

Su Yi is well aware of the potential of the Fire-Eyes Beast Tiger and others, the Demon Emperor Chi Qin will certainly not regret protecting them.

Su Yi immediately turned and left.

"Pay more attention, some big events have occurred in this area recently, causing a lot of commotion. You must stay more alert when you're traveling on your own."

The Demon Emperor Chi Qin called out to Su Yi, speaking in a reminder to him.

"Thank you, the Demon Emperor." Su Yi thanked and then left.

"Big Brother, is this kid planning to run off on his own? The Divine Demonic Sect must have something on him."

As Su Yi left, the old man in a yellow robe came out, staring in the direction Su Yi left, his eyes glinting and brows slightly furrowed.

Chi Qin smiled, "This kid didn't want to slip away. Though all of humanity is greedy, scared of death, and cunningly deceitful, but this kid isn't like that!"

"Big brother, how can you be so sure? If this kid takes away the Divine Demonic Sect's legacy and doesn't come back, we won't easily get it back," said the old man in the yellow robe.

"Rest assured, what he has taught those humans, the martial arts he has been cultivating these days, and everything he has done is only to prove his potential to me. He will come back."

Chi Qin gave a faint smile, watching Su Yi depart with a hint of admiration in his eyes.

"However, this kid is indeed not simple, a young age yet with such cultivation bases, if there are no surprises, it won't be long before he will become a formidable force among humans!"

The old man in the yellow robe said, his eyes could not help but show a look of shock. He had been snooping around a lot lately, and the more he snooped, the more he was shocked. The martial arts cultivated by this human boy were extraordinary and powerful enough to crush all opponents at the same age.

"I'm actually quite looking forward to it. Five years from now how far this kid can grow?" Chi Qin said with a glimmer in his eyes, with an ambiguous meaning.

After Su Yi said goodbye to the Demon Emperor Chi Qin, he went to look for Chi Zu.

"Brother Su Yi, are you leaving?"

Chi Zu was surprised; it still wanted to have a battle with Su Yi after a few days to sharpen itself.

Su Yi smiled and said, "I'll be back, and then we can fight again!"

Okay, during this period of time, I also need to go out and hone my skills! Chi Zu said, even though he encountered the Golden Ancient Scorpion on his last outing to hone himself, he still needs to constantly hone himself if he wants to become stronger.

Su Yi begged Chi Zu to take care of Da Bao and Xiao Ling. Even though the Demon Emperor Chi Qin had promised to look after them. After all, the Demon Emperor was busy and probably wouldn't have much time to pay attention to a few Demonic Spirit Realm demon beasts. Su Yi wanted Chi Zu to look after them.

"Don't worry, everything is on me." Chi Zu spoke firmly and promised with certainty.

"Keep this and take it, it will do you great good. I hope that when I come back, we can fight together!" Finally, Su Yi took out a small jade bottle, which contained the mysterious Spiritual Essence from the mysterious space.

His clothes were destroyed before, but fortunately, the space bag survived and fell to the ground with a bottle of Spiritual Essence inside.

Su Yi had given the Demon Emperor Chi Qin a bottle of Spiritual Essence, but this bottle was for Chi Zu, and Chi Qin wasn't informed.

Su Yi believes that when the time comes the Demon Emperor Chi Qin will also be aware of the effect of the Spiritual Essence on demon beasts. Su Yi is very clear that it will be a great opportunity and he hopes that in these years, the Demon Emperor Chi Qin can protect more disciples from the Divine Demonic Sect.

"I'm not being polite to you. Although you are human, from now on, you are my brother!" Chi Zu was not being courteous. Knowing Su Yi was not ordinary, the things he took out would not be simple. Moreover, it already felt a kind of shocking energy through the jade bottle, there was definitely something precious inside.

Su Yi smiled and said goodbye to Chi Zu.

Moments later, Su Yi found some disciples of the Divine Demonic Sect, only a few children. Most of the disciples of the Divine Demonic Sect were still busy in seclusion during this time.

Su Yi didn't disturb the people who were in seclusion, it was just a short goodbye. He just said some words to the young children.

Under the blood-like setting sun.

Su Yi and Su Tian Que left.

"Master!"

The Golden Python, Fire-Eyes Beast Tiger, Fiery Red Demonic Mink, White Jade Swallow Bird, Da Bao, and Xiao Ling looked at his leaving back reluctantly and sorrowfully.

In Cang Lan City, there were vast amounts of burning clouds in the sky.

One person and a chicken silhouette dragged out a long shadow in the twilight and gradually faded away in the mountain path.

"In five years, I'd like to see how far you can go."

In Cang Lan City, atop towering mountains, Chi Qin watched with interest.

As the sun set in the west.

A teenage boy appeared, seemingly slender in stature, but straight and upright. His face was not fair but his features were extremely three-dimensional.

The boy was not very old, his skin was tinged with a bronze hue, but was as clear and translucent as jade; his eyes shone with a bright light; his long robe couldn't hide his special aura.

This temperament is very complex, a bit proud, a bit wicked, with a kind of unyieldingness!

This kind of temperament seems to come from within, carefully looking at it, will give people a spiritual shock!

What's even more eye-catching is that this teenage boy also had a rusty, broken, and incomplete sword and a big knife on his back.

The knife has a sheath, and the sword has no sheath, but they were intertwined with a thin and tough tree vine, crossed over the shoulders.

Behind the boy was a chicken, a scruffy-looking chicken with short legs waddling and flesh wings flapping. Its look was truly worth beholding.

The boy in this dress and the scruffy chicken gave anyone who looked at them a special impact.

"Five years, after five years, how strong will I be?!"

Looking at the setting sun, the young man muttered to himself. He then raised a faint sinister arc from his mouth corners, with a self-confidence that could be seen in his eyes, and a tenaciousness.

"How about finding a place to roast some meat first?"

The chicken opened its mouth and turned its eyes, thinking about the taste of roast meat. Its saliva was almost flowing out.

"Would you like to be eaten as a turkey by another demon beast?"

The boy glanced at the chicken. This was the Demon Woods. Roasting a demon beast to eat would be no different from looking for one's own death.

...

Chapter 322: Encountering a Wave of Beasts!

One night passed, the morning glow pervaded, and the rising sun rose in the east.

Su Yi stopped snoring, stretched out a lazy waist, got up, and looked at the rising sun.

Su Tian Que fluffed his downy wings and asked, "Where are we going now? It's not very safe in the Demon Woods."

"Leave the Demon Woods!"

Su Yi spoke, already having plans in his heart. The Demon Woods wasn't a place he could easily wander around, after all, it was the paradise of demon beasts and the land of the demon clan.

As a human being, he has many inconveniences here.

Su Tian Que asked, "Where do you plan to go?"

"Chaos Realm!"

Su Yi answered.

Su Yi originally planned to go to the Chaos Realm, but then he went deeper and deeper into the forest until he reached the Demon Woods.

Su Tian Que was puzzled, "Chaos Realm, what is that place? It seems as if I have never heard of it before."

Su Yi asked Su Tian Que, "You don't know about the Chaos Realm?"

Su Tian Que shook his head, appearing somewhat disoriented, and said, "I don't know, this place doesn't seem to be in my memory."

"Anyway, it's a great place!"

Su Yi smiled and whispered that the legend said the Chaos Realm was like the demon forest, full of special beings.

Strictly speaking, the Chaos Realm is even more peculiar than the Forest of Demons.

According to Su Yi, the Chaos Realm is vast, not much different from places like six lands, three continents, and one ocean.

But for some reason, the Chaos Realm was an area independent from the One Mountain, Two Religious Sects, Three Sects, and Four Schools.

At the same time, Chaos Realm is more chaotic than the Forest of Demons.

Most importantly, Chaos Realm is not only chaotic, but also exposed to endless dangers.

Chaos Realm is rumored to be a place where one person eats another, pure strong devouring the weak, no reason could be said, it is a paradise for solo cultivators.

The term "solo cultivator" is a term used for those who cultivate but don't join any force.

Su Yi is a sole cultivator too. Strictly speaking, apart from the Divine Demonic Sect, he doesn't belong to any sect. In the Chaos Realm, Su Yi wants to make a name for himself, although it is more brutal there, it can also help him become stronger faster.

Chaos Realm is a paradise for tempering oneself.

In five years' time, Su Yi knew that he had to keep honing himself in order to rapidly break through and become a strong one.

With their Supreme Chaotic Yuan Technique and as a Soul Tamer, as well as the mysterious space, he can fully display it without too much hesitation in the Chaos Realm.

Su Yi was confident that once he reaches the Chaos Realm, he can gradually grow and eventually become a powerful being.

Moreover, it is impossible to stay in Demon Woods. Su Yi would not be foolish enough to stay in the Forest of Demons after killing the Young Sect Master of Black Fiend School.

"So it's a good place, I'd like to see it for myself."

Su Tian Que was excited, as he had been stifled for the past period of time. All he needed was to leave this Demon Woods.

"Grandpa, I'm going to the Chaos Realm now. Take care of yourself and don't worry, I'll definitely come back to Man City soon!"

Su Yi's eyes were a little red as he looked in the direction of the Chaos Realm. He had been gone for so long and didn't know how his grandfather was doing, but there was still no way for him to go back. Although he had the Blood Spiritual Ginseng, he didn't know if it would be enough to heal his grandfather.

Subsequently, Su Yi's gaze was resolute, and his hands made a mark, behind him was a faint red light that flickered like flames, becoming brighter and brighter, like a red glow.

In an instant, a pair of scarlet red wings coalesced behind Su Yi, extending about a dozen feet and radiating a glorious glow, as thin as cicada wings, with an attractive arc.

"Hula-la"

With a flap of his wings, Su Yi's body suddenly rose up, accompanied by the dust and stones flying around, as if a bird was floating in mid-air.

"Let's go"

At this moment, Su Yi wanted to try the mystery of his Hundred Transformations Step. With a flap of his wings, his body suddenly slid through the air.

"Wait for me."

Su Tian Que tried his best, flapping his short wings, but he couldn't lift off. He shouted out loud for help.

"Roar!"

In the rolling Mngmng Mountains, a low rumble of thunder was heard.

"How come there are so many Demon Beasts everywhere!"

In the thick thorns, Su Yi and Su Tian Que hid themselves, restraining their breath, not daring to gasp even a bit.

The mountains and forests swayed, the towering trees swayed, many huge demon beasts swept across, crushing the tree branches, and wafting a fierce breath.

Su Tian Que raised his eyes, his small eyes searching among the bushes. "I don't know, it feels like something has happened."

"Are they looking for the Divine Demonic Sect?"

Su Yi frowned. There were so many demon beasts in a flock, it was not normal, he suspected they were still searching for the Divine Demonic Sect.

"It should not be."

Su Tian Que shook his head; these demon beasts didn't seem to be looking for someone.

"Ow!"

There was a ferocious beast appearing, standing and walking, about several meters high, with a longhorn, moving at a very fast speed.

"Ooh!"

There were birds with wingspans of dozens of meters, flying through the sky.

"Roar!"

Following close behind, a vast number of Demon Beasts surged out, roaring like thunder and shaking the ground. A massive horde of Demon Beasts roared past like a hillside flooding.

"It's the Beast Tide!"

Su Yi was stunned as the ground trembled and many towering trees were knocked down. The demon beast roared and galloped, flattening many mountain tops to form a wave of beasts.

"How come there are so many Demon Beasts, is it time for a battle?" Su Tian Que was very puzzled.

"Roar!"

Everywhere there were earth-shaking animal roars, stones shooting, and mountains collapsing, creating a terrifying scene.

"There are powerful Demonic Void Realm demon beasts!"

Su Yi hid in the thorns, lifted his head from the crack and saw a huge strange beast hovering overhead, with a body full of black light and an intimidating aura.

Behind the beast, there was another fierce bird, its entire body glowing red and its wings brightly colored, gorgeous like fire, fanning out a sky full of flames.

"Stay away."

Su Tian Que took a few steps back, not daring to raise his head, afraid that the galloping beast tide would trample past him. Luckily, their hiding place was very remote.

Despite this, the Beast Wave was still too horrible. The after waves caused by their moves were like an earthquake.

When the beasts swept by in a roar, Su Yi and Su Tian Que were also engulfed in the dust.

One person and one chicken crawl out of a pile of dirt, looking disheveled and embarrassed.

...

Chapter 323: The Demon Emperor Who Was Bathing!

"What exactly happened?"

Su Tian Que trembled and fluttered his short wings, shaking the dirt and stones off his body.

Su Yi frowned, recalling what the Demon Emperor Chi Qin had said before his departure. It seems like there has been a big incident in the vicinity recently, causing a lot of commotion. Could this chaos be related to it?

"Let's go around and avoid this a bit!"

After some contemplation, Su Yi decided to take a detour. It would be best to avoid the places the Beast Tide passed through, for fear of running into the same Beast Tide again.

Su Yi knows the general direction of the Chaos Realm and, after calculating the route, they continue on their journey.

This time, Su Yi is determined to go to Chaos Realm, where he might be better able to develop himself.

In the Chaos Realm, everyone is a sole cultivator, so there is no need to worry about the Black Fiend School or behemoth organizations such as the One Mountain, Two Religious Sects, Three Sects, and Four Schools.

As for the Hundred Transformations Step being able to fly, Su Yi was afraid to recklessly use it and didn't dare to be so ostentatious in the Demon Woods.

Without mentioning the attention it may draw from the powerful Demon Beasts, there are also large swatches of Demon Beasts flying in this sky. If his human identity was to be discovered, he would immediately be surrounded and attacked.

Generally speaking, the common Demon Beasts are controllable with the Supreme Chaotic Yuan Technique. However, this is the Demon Woods, and powerful Demon Beasts often appear out of nowhere. If that happens, then it would be very troublesome.

Change the route and keep going.

But this is the Demon Woods, no matter what, Su Yi will inevitably encounter demon beasts.

Good thing is that these demon beasts are usually in the Demonic Spirit Realm and Demonic True Realm.

Strong beast demons from the Demonic Void Realm are not everywhere.

Releasing the breath of the Supreme Chaotic Yuan Technique on his body, Su Yi didn't suffer too much obstruction along the way.

The demon beasts, sensing the air that Su Yi was emitting from far away, immediately moved away and didn't dare to approach.

"Do you want to roast some meat? I haven't eaten meat for a long time"

Su Tian Que was standing on Su Yi's shoulder, muttering to himself on Su Yi's shoulder.

As Su Tian Que slowly meandered along the way, Su Yi ultimately had to put him on his shoulder.

Su Yi side-eyed Su Tian Que, is this guy really a peacock? Is it possible peacocks like to eat meat so much?

After taking a look at the sky, another safe day has passed. Su Yi said, "Let's find a place to rest, and continue on the road tomorrow."

Under the setting sun, the mountain range beneath the evening glow took on a dark purple hue.

Su Yi found a secret hideaway as the night sky began to fall.

"We're far away from Cang Lan City now, so I guess nobody is paying attention to us anymore."

Su Yi has been away from Cang Lan City for several days. Although his traveling speed wasn't fast, it is probably far enough that no powerful beings will take notice.

His soul power released, feeling the quietness around, not even a trace of Demon Beasts, Su Yi then summoned the mysterious space in his mind.

Su Yi has already reached Yuan Spirit Realm Three Grade. He wants to see what changes have occurred in the mysterious space.

Every time there is progress in his cultivation, there are many changes in the mysterious space.

As Su Yi expected, the mysterious space has expanded a lot. The energy in it is still quite rich, it is far stronger than that in the outside world.

It seems that if there is no Yuan Stone, the mysterious space will store the energy of Heaven and Earth automatically, but the Spiritual Essence is already nearly depleted.

Within the mysterious space, Blood Spiritual Ginseng was still absorbing energy and cultivating, with little reaction to Su Yi's arrival.

After tidying up, Su Yi left the mysterious space, pondering where to look for Yuan Stones. When the energy in the mysterious space reached its most intense level, cultivating there could yield twice the result with half the effort.

Su Yi looked up at the sky, folding away the mysterious space.

This is still within the Demon Woods, not knowing when they could reach the Chaos Realm. Even though he can fly, he doesn't dare to do it within the Demon Woods.

"Wow, there's a water source!"

Suddenly, in the still of night, Su Yi heard the sound of water nearby.

Thinking about the last few days spent outdoors and having close encounters with Beast Tide, Su Yi wanted to take a good shower.

Su Yi's figure was like a ghost in the night, gradually approaching the source of the water by the moonlight.

Su Yi traveled through the dense forest and found a water source, a pool surrounded by four rock walls.

The pond area was not small, the water surface was clear and clean, and the environment was serene.

"Wash and gargle"

Su Yi was delighted, it had been a long time since he had a good clean up.

"Puff!"

Taking off the clothes and swords from his body, Su Yi jumped into the pool.

The water temperature was icy cool, but not freezing cold, bringing great relief to Su Yi who hadn't washed in a long time.

"Hula"

Suddenly, just as Su Yi plunged headfirst into the pool, a loud splash came from the center of the pool.

Droplets of water splashed around, beneath the moonlight, a figure emerged from the water.

When Su Yi saw the figure emerging from the water pool, he was astonished, with a blank and bewildered gaze.

Under the hazy moonlight hazy, that figure was graceful. Strands of wet hair sticking to the snow-white jade-like fragrant shoulder, a drop of water droplets sliding down from the breakable skin.

These strands of hair are very special, showing a light silver hue.

Ripples stirred in the water, revealing an irresistible charm and a petite waist.

Accompanied by ripples in the water, her graceful figure leaped out of the surface. Her long and straight legs were as white as jade, and as water droplets dripped down, each drop tapping upon Su Yi's heart, arousing his blood-boiling passion.

Such a scene would be enough to make any man become crazy.

This is a perfect body, without any flaws, soft and boneless, with tight luster, natural curvature, and incomparably touching.

Su Yi was astonished, almost to the point of bleeding from his nose.

Heaven knows Su Yi was a lifetime bachelor before, and he's never encountered such a thing in this lifetime.

Su Yi immediately looked at the perfect physique's owner's face.

In the humid and cool air, under the moonlight, the face of a young girl not more than sixteen or seventeen looked dazzling. Her eyes were bright and her eyelashes were dense. Her sexy and plump lips seemed to always be revealing all kinds of emotions.

When Su Yi saw the young girl's delicate and naturally beautiful face, his excitement seemed to turn from boiling to icy cold in a split second, and his complexion changed drastically.

"The Demon Emperor!"

A startled voice exclaimed from Su Yi's mouth involuntarily.

Su Yi could never forget the girl's face, having personally witnessed her tremendous strength before.

Hei Ming of Black Fiend School was injured by her with just one move.

She is a Demon Emperor, Nine Lives Cat Demon!

...

Chapter 324: Do You Have a Penchant for Exposure?

"It's you, human kid!"

Nine Lives Cat Demon recognized Su Yi. Her thin eyebrows were filled with a kind of chill at this moment.

"It's not me, sister, you've mistaken the person!"

Su Yi was horrified, he spun around and ran, energy surged through his feet and he was as fast as lightning.

In a split second, Su Yi ran up to the shore with his backside exposed, picking up the sword and clothes lying on the ground. Before he could put the clothes on, he rushed off with them in his arms and disappeared into the dense jungle.

The Nine Lives Cat Demon is a strong Demonic Emperor. Su Yi has personally witnessed her terror and was even chased after by her. In the end, luckily she was intercepted by Deadly King of Hell, Xi Wu Qing.

Seeing each other again at this moment, Su Yi didn't have the confidence to fight back. All he could think of was running away as fast as possible; there was no need for a confrontation at all, he was certainly not her opponent.

"Boy, stop!"

Behind Su Yi, Nine Lives Cat Demon's tender yells resounded, seemingly having not thought that Su Yi would run away so quickly, with bare buttocks.

Nine Lives Cat Demon stared for a moment at the smooth buttock in the distance, and then quickly chased after Su Yi.

Su Yi had no time to pay attention to the shouts behind him, and he ran away at the fastest speed he could.

"Su Yi, what's going on?"

Su Tian Que was startled awake. Upon seeing Su Yi running towards him, bare-bottomed, he stared blankly, and asked, "Why are you running around naked again? Do you have an exhibitionism fetish?"

"Cut the crap! There is a Demon Emperor chasing after me!"

Su Yi completely didn't stop and fled in the blink of an eye like a puff of smoke.

Since Su Yi entered the Yuan Spirit Realm Three Grade and combined it with Hundreds Transformations Step, his progress has been remarkable, and his speed has increased greatly.

"The Demon Emperor is chasing after you what have you done to provoke such a powerful being?"

Su Tian Que was stunned, instinctively wanting to flee the next moment, wishing he had two more legs.

"You can't escape, kid!"

Nine Lives Cat Demon chased after them, hovering in midair. She was wearing a white low-cut long dress with a short hemline barely covering her knees. Her silver-wave long hair had lost its moisture and was flowing behind her like a fluttering fan. Her delicate face was pale and her eyes were cold.

"Damn it"

A light shone from Nine Lives Cat Demon's hand, like an arrow shooting through space and blasting away at the fleeing Su Yi.

Su Yi felt an arrow-like power light flying at him. Instantly, his feet moved, as if there were eyes behind him, and he dodged instantly.

"Damn it"

Su Tian Que followed Su Yi's back, Su Yi dodged the arrow-like attack, but it was hit.

This arrow-like energy light was like an arrow, accurately falling on Su Tian Que's butt.

"Ah"

Screams echoed in the night sky as Su Tian Que's small body flew forward and crashed in front of Su Yi. The small body staggered and rolled twice, screaming and wailing pitifully. A wound the size of a thumb could be seen on the butt, making the scene even more tragic.

However, the wound was not too serious, just some bloodstains leaked out.

Su Yi took Su Tian Que up with ease and threw him over his shoulder, asking "Are you alright?"

"Oh my goodness, who is that woman? She's so ruthless! Ouch, my butt"

Su Tian Que tightly grabbed Su Yi's shoulder and looked back at the Nine Lives Cat Demon that was chasing from the sky behind him, his eyes filled with fury.

"She is the Nine Lives Cat Demon."

Su Yi opened his mouth, not daring to turn his head, and ran away with all his might. His vigor was like a whirlpool under his feet, and his speed was astonishing.

"Nine Lives Cat Demon, is there a bloodline left behind?"

Upon hearing this, Su Tian Que seemed a little surprised, but only for a moment. His face swiftly changed back to one of grumpiness and anger as he said, "I'm a peacock! How dares she hurt my butt like that. It hurt so bad. . ."

One man, one chicken.

A bare-bottomed young teenager, a bald-headed chicken, a dark and windy night, running away in a hurry.

"Be quiet, let's see if the cat monster is coming closer."

Su Yi ran away, cutting off Su Tian Que's mutterings, not knowing if the Nine Lives Cat Demon behind him had caught up.

"I don't think so."

Su Tian Que looked back into the empty sky and through the dense forest but didn't see any sign of the woman.

"Strange"

Su Yi was surprised, but he didn't slow down, only had a strange feeling in his heart.

The Nine Lives Cat Demon is a powerful figure of the Demon Emperor level, and logically speaking, no matter how fast one might run, it is unlikely that one would be able to escape.

"It appears that the Nine Lives Cat Demon is somewhat special and is of Demonic Emperor Realm, but its strength seems to have been affected."

Su Tian Que was surprised to not see the Nine Lives Cat Demon catching up too. Although his buttocks still stung from the pain, he knew, if the Nine Lives Cat Demon was in the Demonic Emperor Realm, the injury would have been even more severe.

Su Yi ran for a while again and felt that there was no movement behind him.

Su Yi cautiously let out a sigh of relief and slowed down his pace. Looking back, he saw that there was no trace of the Nine Lives Cat Demon in the dense and dark forest. The moonlight shone through the tall trees, casting mottled light and shadow on the ground covered with dry leaves.

Su Yi stopped completely in his tracks, surprised, wondering why the cat demon had not caught up.

"My butt, women nowadays are so cruel - why?!"

Su Tian Que felt aggrieved, the last time he was grilled by a woman and almost turned into a roasted turkey, and this time he was hurt again by another woman, and he had a shadow in his heart.

"Get down quickly!"

Su Yi threw away Su Tian Que, immediately putting on the clothes he was holding, and quickly strapped the sword and knife to his back. He ran bare-bottomed in the middle of the night, fortunately, this was the Demon Woods and no one saw him.

"Be careful"

Suddenly, Su Tian Que exclaimed, and a dazzling red light burst out of his limpid eyes. His whole body was bathed in a glow of light.

Su Yi felt it too, following the movement of the spiritual power. His gaze suddenly looked to one side and a graceful silhouette appeared.

The silhouette looked naturally graceful and charming, especially her eyes, they looked like the most beautiful amber in the night, radiating brilliance. Once looked upon it can make one linger in their thoughts and make one palpitate inexplicably.

This figure appeared silently, without a trace, as if it had appeared out of thin air.

"Nine Lives Cat Demon, no no no"

Su Yi was scared when he suddenly realized the Nine Lives Cat Demon was following him, so he quickly ran away again.

"Still want to escape?"

...

Chapter 325: Little Cat Demon, You Have Offended Me!

Nine Lives Cat Demon opened her mouth, raised her red lip slightly, and in her amber eyes, as a cold light flashed, her slender jade fingers lifted up. Several energy rays, just like a number of snakes, swept directly toward Su Yi, blocking Su Yi's escape route directly.

As Nine Lives Cat Demon took action, the air around trembled and an eerie cold energy ripple was felt.

Su Yi was surprised. There were several energy rays with an evil aura. He stepped out using Hundred Transformations Step, and immediately condensed a Yuan Qi light shield on himself, emerging miraculously from the energy rays with an evil aura.

But one energy ray was not avoided by Su Yi, circling around his back, and in an instant tearing through the spiritual energy shield condensed by Su Yi.

Su Yi felt a sinister energy coming from behind, his face suddenly shocked and he quickly spun around, his hands already covered with energy as he quickly threw out a palm to control the cold energy.

"What the hell"

The cold and gloomy energy burst through Su Yi's palm, fiercely striking Su Yi's palm.

"Push"

Su Yi stumbled backwards, and a sharp pain came from his palm. A trace of blood was left but it only scratched the surface and didn't hurt any bone or muscle in his hand.

"You are in the Yuan Spirit Realm! It is quite something!"

Nine Lives Cat Demon seems somewhat surprised by Su Yi's strength, she still remembers not too long ago, this human boy was still weak and powerless. Yet not too long since, he managed to ascend to the Yuan Spirit Realm.

And by rights, it is unlikely that a human in the Yuan Spirit Realm would be able to withstand her just-delivered blow.

For some reason, Nine Lives Cat Demon's moving face had become a bit paler.

"But it's all useless, do you have the Blood Spiritual Ginseng? Give me the Blood Spiritual Ginseng and I can spare your life!"

Nine Lives Cat Demon stared at Su Yi, her eyes shimmering with a captivating light, but the coldness it radiated sent chills down one's spine.

"I don't know either, it's not on me."

Su Yi shook his head, Nine Lives Cat Demon was indeed still yearning for Blood Spiritual Ginseng. In order to treat Grandpa's injury, Su Yi naturally won't give up the Blood Spiritual Ginseng.

"Kid, you may have been able to deceive others last time, but you can't trick me. I know the Blood Spiritual Ginseng is with you. This time, there's no one to protect you. Give up the Blood Spiritual Ginseng, or else you die!"

There was a murderous intent emanating from the cat demon's eyes.

"Little Cat Demon, you have angered me!"

A loud shout echoed out, a fierce blaze of fire rose up suddenly, engulfing the area.

Nine Lives Cat Demon seemed to sense something, and suddenly turned around quickly.

She only saw a fierce flame pervading the air at this moment, and a terrible flame spreading out.

In the flames, the tiny figure of Su Tian Que could be seen. His entire body was enveloped in lava-like flames, emanating an extremely intimidating aura.

"This is"

Nine Lives Cat Demon was unsure of Su Tian Que's origin and identity.

But a subtle, invisible breath filled the air, causing her heart to tremble. It was clear that this seemingly unremarkable little chicken had a special history and its life would not be simple.

"You hurt my butt! I'm not finished with you!"

Su Tian Que was enraged and could sense that there was something wrong with this Cat Demon in the Demonic Emperor Realm. Surrounding him was a rolling flame that spread out from the void and burned down the tall trees around him into nothingness.

The scorching flames were terrifying, causing the entire space to ripple and roar towards Nine Lives Cat Demon.

"What is your background?!"

The face of Nine Lives Cat Demon showed a startled expression. She quickly retreated, with a brilliant light spread out from her hands and condensed into a palm print, slapping towards the rolling flames.

Within this palm imprint, there was a menacing air exuding out. When it touched the rolling flames, it seemed to be suppressed. Yet, its own intimidating power wiped out the flames that blanketed the sky.

"BOOM BOOM"

The ground began to crack, and the towering trees around it were destroyed.

"So you were seriously injured, don't act so arrogant."

Su Tian Que roared loudly, flapping his short wings happily and shouted towards Su Yi, "Su Yi, this kitten demon is severely injured!"

When the words fell, Su Tian Que's momentum increased even more. Although his small figure was surrounded by roaring flames, their scorching breath was becoming more and more intense.

"Boom!"

At the same time, the earth shook, with a terrifying aura rushing across the sky!

Su Yi activated the Supreme Chaotic Yuan Technique with full force, and a crimson aura enveloped his body as a domineering and destructive aura spread out in all directions.

Turning around with an eye on Su Yi, Nine Lives Cat Demon's eyes looked surprised, as if feeling some kind of breath, which was very shocking.

Glancing at Su Yi and Su Tian Que, Nine Lives Cat Demon's eyes were filled with intense emotion.

"Humph, daring to hurt my butt, I'm not done with you!"

Looking at Nine Lives Cat Demon, who seemed to be wary, Su Tian Que's aura was even more terrifying, flames rushed out from its body, gathering around and surging, and the intense heat made people's skin burn painfully!

"Wow"

Su Tian Que spread his wings and leapt into the air, though short, it seemed to send forth a sea of flames, covering the sky and earth as it surged towards Nine Lives Cat Demon in an instant.

"Buzz"

Su Yi moved, and with a flip of his wrist, his Spirit Weapon sword came out of its sheath. He channeled his power and the sword sliced through the air, accompanied by a faint stream of crimson-red flame-type energy. The flames filled the area as if the substance had been created out of nothingness, swirling around the sword and creating a fierce.

"Boom!"

At that moment, Su Yi instantaneously created a small blazing storm, an intense and fierce sharp aura coming from within, causing the air around to begin to distort.

Su Yi's Spirit Weapon was also covered with a layer of crimson glow, as if flames were about to spread and molten metal was flowing along the edge of the blade.

"The Roaring Dragon Emperor Strikes!"

With a loud shout from his heart, Su Yi slashed fiercely at the same time. Immediately, a long red lightning burst out with a streak of blade light.

The bright blades were accompanied by red light, like a volcano erupting suddenly, spreading a shocking red breath that swept across the sky.

"Ow"

Within the glint of the sword, there seemed to be the illusion of a red dragon appearing and disappearing, its fierce and sharp force exploding, as if it could split the sky.

Two prongs of attack, coming from left and right.

On Nine Lives Cat Demon's pale face, her eyes were icy cold, her eyebrows furrowed tightly. She never thought she would be attacked by a bald chicken and a human teenager.

...

Chapter 326: Concealed Space

Nine Lives Cat Demon acted out, her pale long fingers danced in the air, dense and dark cold energy light rays flew out, blocking Su Yi's blade and Su Tian Que's offensive.

"Scoffing"

Energy echoed back and forth, like a tornado of energy rippling out from the collision, spreading out and soaring to the sky, flames shooting through the clouds.

Gigantic rocks around were blasted into pieces, deep pits were blown apart, fire waves roared and burned everything around, and everything was destroyed.

The terror of the destruction was overwhelming, with chaos all around!

Nine Lives Cat Demon swayed, its eyebrows furrowed, seemingly greatly affected.

Su Yi and Su Tian Que were equally forced back, neither feeling any better.

"Boom!" Su Tian Que stopped, a phantom seemed to appear around his small body, vaguely revealed, a terror that could not be described burst wildly, as if he was truly angry, ready to burst out with all his might.

Su Tian Que's transformation caused a look of surprise to again silently emerge on the moving pale face of Nine Lives Cat Demon.

"Boom!"

Su Yi halted, his internal qi and blood surging, almost spewing out a mouthful of fresh blood, but in the end, he gritted his teeth and held it in, his body's Supreme Chaotic Yuan Technique reaching an ultimate level.

Su Yi was thinking that there was indeed a big problem with Nine Lives Cat Demon right now, but with all his efforts today with Su Tian Que, there might still be a slim chance.

Nine Lives Cat Demon watched Su Yi and Su Tian Que, feeling the aura exuding from Su Tian Que's illusory figure and the breath from Su Yi's body. Her brows furrowed even tighter.

Out of the blue, Nine Lives Cat Demon seemed to sense something and suddenly raised her head, gazing towards the distant void with her face suddenly grimacing to the utmost.

In the next moment, Nine Lives Cat Demon made a handprint, with a hint of misty light, making the surrounding space become blur, as if the void was sinking.

Seeing the commotion created by Nine Lives Cat Demon, Su Yi and Su Tian Que were both surprised. At the same time, the voice of Nine Lives Cat Demon came from it, "If you don't want to die, then hold your breath."

The air around them began to twist and blur.

The moonlight disappeared and the scope of thousands of yards began to blur, as if it were plunged into chaos, and even the air no longer flowed like before, falling into a deathly silence.

Only the scent of Su Yi and Su Tian Que still lingered in the air.

"I have a bad feeling"

Su Yi stared, astonished. He didn't know what kind of means Nine Lives Cat Demon used to envelop the space around them. Grasping his Spirit Weapon tightly in his hand, he was ready for battle.

"If you don't want to die, all of you need to stay quiet and hold your breath, otherwise you'll all be dead."

Nine Lives Cat Demon felt Su Yi's breath, and her pale face became anxious.

Su Yi said coldly, "Do I have to surrender? You won't be able to butcher me!" His authoritative pressure filled the air and, at this point, he had to fight till his last breath.

"Tiny humans, do you want to die!?"

Cold light filled Nine Lives Cat Demon's eyes, but feeling the breath of Su Yi and Su Tian Que, she had to bite her tooth and stared at Su Yi and said, "Hold your breath, I promise not to kill you. My means is just to hide this space, if a great enemy comes, your breath will expose this place, and no one will be able to escape then!"

"Hidden space, there is a great enemy coming"

"It seems like a cat demon's means of concealment," Su Tian Que looked around, and his small figure emerged in the flames.

Su Yi looked at the Nine Lives Cat Demon and said tentatively, "This big enemy is looking for you, it has nothing to do with us!"

"Act fast or it will be too late; ignorant humans, once exposed, try to see if you can survive. They will kill you like stepping on an ant!"

The Nine Lives Cat Demon's face had turned deathly pale, staring intently at Su Yi. If her eyes had the power to kill at this moment, Su Yi would have been slashed to pieces by now.

Su Yi was worried that Nine Lives Cat Demon was already so powerful, her enemy must be stronger. He feared that if her enemy showed up here, anyone present would be killed.

Su Yi thought for a moment and looked at Nine Lives Cat Demon, saying, "Swear not to have any ill intention towards us, otherwise, we'll all die together."

"You" Nine Lives Cat Demon had a cold expression and her amber-like eyes shone like daggers.

"OK, I swear I won't lay a hand on you."

Nine Lives Cat Demon's teeth were clenched tight, her words seeming to burst out from the gaps in her silver teeth, with an expression of hatred in her eyes.

"Ok, I believe you this one time!"

Su Yi nodded to Su Tian Que, and the two of them immediately reined in their emotions and breathes.

Upon seeing this, the Nine Lives Cat Demon glanced at Su Yi and Su Tian Que before paying them no more attention. Looking up into the void, she seemed as if she could see through the hazy void that had been shrouded over the moment.

Su Yi and Su Tian Que were also looking around, everywhere was blurry, like it had returned to chaos, without the moonlight, without the wind, only a dead silence that seemed endless.

"Boom!"

In the silent moonlit night, atop the towering mountains, a massive beast appeared, surrounded by radiance, too hazy to make out its true form, yet the breath it spread was immensely intimidating, shaking the forest and making the mountains tremble.

Suddenly, in this deep forest, all birds and beasts crawled and trembled!

This huge beast shadow was huge, standing in the void. Its eyes were like blood moons set in the sky, covering the true bright moonlight. Its breath was intimidating, and its fierce eyes had a shocking cold light.

Such a terrible beastly figure appeared here, luckily it wasn't in the outside world, otherwise, it would be hard to imagine how many people would be scared out of their wits!

"The scent of the Cat Demon has appeared here, and there are also two strange scents, which seem to be far from simple!"

The animalistic voice of such a huge figure was low and deep, slowly reverberating like thunder in the night, shaking the mountains, making the demon beasts in this forest tremble!

"Look, she has suffered a severe blow and cannot escape far!"

A faint voice pierced the clouds like stone, the voice was icy cold. A fierce bird spread its wings, as if a dark cloud that eclipsed the sun had come, radiating with brilliance as it swept across the sky. Its deep eyes emitted a powerful and threatening aura.

"Beware of the cat demon's tricks of concealment."

A giant beast flew through the sky, half its body suspended in the night clouds; its black light spread everywhere, stretching across the sky; its two huge eyes were like two bloody moons, exuding a fierce and oppressive aura.

Such three huge fierce beasts appeared, staring down below, shaking this world, far away all the beasts were trembling in fear.

"Cut the grass to its roots, we must slaughter the whole clan! The one who escapes will be a big problem, so must be killed!"

The first huge beast opened its mouth, its bloody moon eyes were murderous and cold.

In an instant, the three huge beasts flew away and disappeared into the sky.

...

Chapter 327: Forgetting Right and Wrong in the Face of Beauty

Everything settled down, and then it disappeared.

Su Yi couldn't see the commotion outside, but he could feel a terrifying presence, three invisible forces scanning through this space, and he could hear three voices.

But for some unknown reason, the three powerful auras had not discovered this place.

This elicited Su Yi's admiration. The concealment skills of the Cat Demon were truly formidable.

"Pooh"

While Su Yi was thinking, Nine Lives Cat Demon suddenly spurted a mouthful of fresh blood and then fell to the ground.

Everything around began to become clear again, and the hidden space was revealed. Moonlight shone down, restoring everything back to normal.

"Let's go"

This is a great opportunity for Su Yi and he doesn't want to linger.

There are three super strong beasts nearby, and the Nine Lives Cat Demon is there too. If they don't leave now, when will they leave?

Although the Nine Lives Cat Demon has sworn not to lay a hand on him, Su Yi didn't completely trust it.

"She suffered a heavy blow and the injury was too severe; it looks like her luck will run out!"

Su Tian Que arrived at Nine Lives Cat Demon's side, inspecting it. His eyes glowed and he said, "You deserved it, for hurting my butt, you little cat demon."

"Is she dying?"

Hearing this, Su Yi, who was about to leave, stopped in his tracks and went to Nine Lives Cat Demon's unconscious body.

At the moment, Nine Lives Cat Demon's face was pale to the extreme, without any blood color, and the corners of her mouth were bright red, adding a touch of sorrow to her beautiful and charming face, but still gorgeous.

"Good opportunity, this is a Nine Lives Cat Demon of the Demonic Emperor Realm, her demonic core is of great value. Let's each take half, we'll make a fortune, hurry up and take action" Su Tian Que's eyes twinkled and his face was filled with delight, trying to encourage Su Yi to take action quickly.

"This"

Su Yi stared at Nine Lives Cat Demon, instinctively blocking Su Tian Que.

"What's wrong? This is a Demonic Core of the Demonic Emperor Realm."

Su Tian Que grumbled. His mouth was about to start salivating, his gaze shifted and he gave Su Yi a glare, saying "Don't tell me you're starting to think this cat demon looks good, so you don't want to kill her? Don't forget that she just tried to kill us!"

"A Demonic Emperor Realm being's Demonic Core"

Why wouldn't Su Yi be moved by a Demonic Emperor Realm being's Demonic Core? Its value is so shocking and immeasurable, it's unimaginable to any ordinary person.

This Nine Lives Cat Demon seems to be in an extremely serious state right now, collapsing in front of their eyes. Now, if he was to make a move, it would be almost effortless to obtain her demonic core.

Upon seeing the face before him, Su Yi furrowed his brows. From the words of the three powerful figures, it seems that the Nine Lives Cat Demon's clan had been wiped out, similar to the Divine Demonic Sect.

But this is Nine Lives Cat Demon, after all, a demon beast, who tried to kill him twice. If he could get her demonic core, it should be enough to exchange for a high-grade pill medicine that could heal his grandfather's injuries.

"You do it."

Su Yi clenched his teeth, feeling some reluctance. First, he cultivates the Supreme Chaotic Yuan Technique as he has a kind of affinity for demon beasts.

Second, Su Yi thought of the Nine Lives Cat Demon's clan being massacred, and she was chased by strong enemies. Looking at the pale faces in front of him, he felt a bit unbearable, so he just looked away and let Su Tian Que finish it.

Su Tian Que muttered, his eyes flickering, "No. You do it."

"Why does it have to be me?" Su Yi stared at Su Tian Que, sensing something was wrong.

"This"

Su Tian Que hesitated, eyes flickering, and smiled bashfully at last, saying, "I seem to have a good relationship with the Nine Spirit Heavenly Cat clan in my memory. This cat demon is a descendant of the Nine Spirit Heavenly Cat clan. I feel a bit guilty about this."

"Nine Spirit Heavenly Cat!"

Su Yi knew of this clan, which was the pinnacle of the demon clans, but it seemed like there were no traces of the Nine Spirit Heavenly Cat clan left in recent years. Even if there were, they were very rare.

"If you're not going to do it, why do you want me to?"

Su Yi raised his eyebrows and looked at the sadly pale, motionless face; he was reluctant to hurt it.

"Forget it, let's leave." Su Tian Que was reluctant, but in the end, he made his decision, gritting his teeth and fighting back tears to depart.

"What should we do about this cat demon?"

Su Yi asked, "She is severely injured and unconscious, if these powerful enemies come back, the consequences can be well imagined."

Su Tian Que said, "Anyway, she's dying and isn't likely to survive. The injury is too serious. This isn't the place to stay for long, let's leave first."

About an hour later, a hidden cave was found.

A slender and graceful woman was lying in it, her face ashen and eyes tightly shut, unconscious.

"You're not falling in love with this cat demon, are you? It may look nice but after all it is a member of the Nine Spirit Heavenly Cat clan. When they change their form to human form, they are all quite impressive. But it is still a demon after all, it's a kitten! You are a human" Su Tian Que murmured.

Su Yi gazed at the cat demon before him, and gave Su Tian Que a glance, saying, "Is there any way to save her?"

"If I could recover to my original strength, there would be no problem naturally; however, it is somewhat difficult for me now."

Su Tian Que said to Su Yi, "Do you still have the Spiritual Essence? It should have some effect on her."

"Spiritual Essence"

Su Yi knew that Su Tian Que was talking about the Spiritual Essence inside the mysterious space, and hesitated for a moment. He then took out a jade bottle from his space bag. He held her pale lips and slightly opened them.

"Well"

Nine Lives Cat Demon seemed to feel something. Her lips were slightly open, and there was a slight hum from her throat. The tender lips pinched by Su Yi looked very sweet.

Su Yi was touched. It was just a cat demon but was so seductive and charming that he could hardly resist kissing it.

Su Yi held back the impulse in his heart and muttered to himself. What was he thinking? This is a cat demon after all! He carefully poured the Spiritual Essence from the jade bottle into the tender lips that had arisen.

"Didn't you say there was none left? I asked you and you said there was none. Now you see this cat demon, and you can take out a bottle again! You are too shameless"

Su Tian Que was taken aback. It had asked Su Yi if he still had the Spiritual Essence, but remembered Su Yi's adamant reply that he didn't.

At this moment, seeing the Spiritual Essence that Su Yi produced, Su Tian Que suddenly jumped in rage and glared at Su Yi furiously.

"That's the last one, there's none left," Su Yi said as he collected the empty bottle, speaking softly to Su Tian Que.

Su Tian Que was very angry, sternly telling Su Yi, "You! You have no sense of loyalty. Wait for me!"

Su Yi is too lazy to pay attention to Su Tian Que. It is still dark outside and the three monsters may not have gone far yet. Everything must be done with caution.

Looking at the pale face of the Nine Lives Cat Demon, whose eyes shut tight, it seemed that the reaction from taking the Spiritual Essence was coming on; a faint glow began to emanate from her body and a barely perceptible breath fluctuated.

...

Chapter 328: Accompany Each Other!

"A cat demon, surprisingly charming all the mortals like this. I hope I won't regret what I did today."

Su Yi muttered to himself, it was unimaginable that a cat demon could charm everyone with such grace and beauty.

Immediately, Su Yi sat cross-legged and closed his eyes to meditate, daring not to take a deep breath to avoid attracting attention.

Su Yi didn't leave. He couldn't just leave the unconscious cat demon in the wild and desolate mountain.

Throw the Nine Lives Cat Demon here; if a human saw it no, even a demon beast wouldn't hesitate to kill it and devour its demonic core.

A Demonic Emperor Realm being's demonic core is a priceless treasure for humans, and it is also a priceless treasure for other demon beasts.

Su Tian Que stomped over to the side, feeling very aggrieved.

"Roar!"

Time passes slowly, amidst the mountains, with the sound of animal roars echoing constantly.

Su Yi felt the presence of a Demon Beast approaching, and occasionally released the aura of the Supreme Chaotic Yuan Technique, which shocked the nearby Demon Beast and made it flee.

The next day at dusk, Nine Lives Cat Demon finally woke up, her tightly closed eyelashes quivered slightly, then she opened her eyes.

At first, the Nine Lives Cat Demon struggled to stand up, but its body was too weak; it could only half-sit up, its face still pale as ash, but much better than before it had fainted. Its gaze quickly swept over its surroundings.

"Are you awake yet?"

Su Yi immediately stood up, vigilantly watching Nine Lives Cat Demon, afraid that the woman would suddenly attack out of revenge.

Su Tian Que suddenly arrived by Su Yi's side; his gaze full of suspicion.

"Did you guys save me?"

Scanning around, Nine Lives Cat Demon's gaze finally fell on Su Yi and Su Tian Que. There was a powerful force surging within her, not something ordinary. There was only one person and one chicken here; there would be no one else.

"Of course it's us, who else would be so kind to save you and even feed you a precious treasure?" Su Tian Que pursed his lips and said to Nine Lives Cat Demon.

Nine Lives Cat Demon was amazed and could sense that what she had taken was extraordinary.

Not only did this person kill her, but he gave her a treasure to heal her wound, which was beyond her imagination.

In her heart, humans are not like this, how can they face her demonic core without greed?

"How long have I been unconscious?"

Nine Lives Cat Demon struggled to its feet, feeling some of its strength returning, and asked Su Yi and Su Tian Que.

"One day and one night."

Su Yi replied, and then Su Tian Que said, "Let's go!"

Su Yi felt that it was best to leave upon the awakening of Nine Lives Cat Demon, so as to avoid trouble. He could get involved in this level of trouble.

"Slow down, this is not a place we can stay for long. There are many powerful monsters from the demon clan chasing after us. With your strength, I'm afraid it will be difficult for you to get out of this area, especially you as a human."

Nine Lives Cat Demon looked at Su Yi and said, "Follow me and it will give you a few more chances. I will take you out of the Demon Woods."

"Those powerful monsters are after you, so even if we meet them, there's no need to put us in difficulty, right?"

Su Yi whispered, "I'm not too comfortable about staying close to the Nine Lives Cat Demon."

"What an ignorant human."

Ignoring Su Yi, Nine Lives Cat Demon seemed to regain some strength and stood up to leave the cave.

"It sounded like it made sense."

Su Tian Que watched Nine Lives Cat Demon's departing figure at the entrance of the cave, and said to Su Yi.

Su Yi understood that it was very dangerous for a human to be in the Demon Woods.

If he was discovered by the powerful demon clan members, with his human identity, it would probably be more bad than good.

"Go!"

Su Yi clenched his teeth and made the decision to follow the Nine Lives Cat Demon.

Su Yi felt that Nine Lives Cat Demon was not the type to hold a grudge. Although Nine Lives Cat Demon was severely injured, she was still stronger than him, and following this Nine Lives Cat Demon should be much safer.

Su Yi and Su Tian Que exited the cave, following after Nine Lives Cat Demon.

But not getting too close, Su Yi and Su Tian Que just followed from a distance, maintaining a distance of dozens of meters.

Feeling Su Yi and Su Tian Que following behind her, Nine Lives Cat Demon's face remained calm and she didn't look back. Her silhouette moved through the mountains and forests without flying.

The sky gradually darkened, and the stars and the moon were covered behind dark clouds.

There were demon beasts around, but they were kept away by the Nine Lives Cat Demon from a distance.

Su Yi and Su Tian Que followed behind her, with saved a lot of trouble.

Nine Lives Cat Demon didn't stop at a secret forest until late at night.

The terrain around was wide and flat, with tall towering trees, dark and deep.

In front of a towering tree, Nine Lives Cat Demon leaped into the tree, cross-legged, closed her eyes and began to meditate.

Su Yi and Su Tian Que stopped far away.

"Take a break."

Su Yi spoke up, Nine Lives Cat Demon had closed her eyes and was meditating, so this place should be relatively safe. He found a large rock nearby, sat with his legs crossed, formed a hand seal, and started to meditate.

Su Tian Que didn't speak, but began to take deep breaths beside him.

After a moment, three figures were shrouded in a layer of brilliance and three breaths filled the air.

In the depths of the thicket, a pair of dark blue eyes stared intently and silently at Su Yi, keeping this posture seemingly for a long time.

It seemed to feel something from the scent of Su Yi, containing both dread and temptation.

Its eyes remained motionless for a long time, as if it was hesitating, but there was no sound, no breath of any movement, hidden in its natural state.

Before dawn, a moment of darkness silently descended.

"Shala"

Right there and then, that figure could no longer be restrained. Its figure, like a streak of lightning, suddenly lanced towards Su Yi, who was seated in a cross-legged position. Its opening large, bloody maw looked terrifying and dazzling.

This is a python with a length of 10 meters, but its body is dark blue in color, and its small scales are like blades, with sharp fangs.

Suddenly, Su Yi was startled awake and his eyes snapped open.

"Demonic True Realm!"

Su Yi was shocked. But the python moved too quickly. In an instant, it had reached behind him, its huge bloody mouth already above his head.

"Swoosh"

Suddenly, at the moment, a graceful silhouette appeared faster than the former. With her slender jade fingers rose, a gust of cold energy directly swept toward the python's body.

"Whirr"

In that moment, the python's fierce eyes widened in shock as its neck was pierced with a bloody hole, and its body fell directly behind Su Yi.

Su Yi and Su Tian Que had already been startled, and had quickly leaped forward to avoid it. When Su Yi turned back, he saw the dead python, feeling a lingering fear.

...

Chapter 329: Bamboo Grove!

"What a close call!"

Su Yi was uneasy; it was a Green Bloody Python, which was good at hiding, and it had reached the Demonic True Realm, making him unable to notice its approach ahead of time; it would have been a big trouble if he missed it by a bit.

"Thank you."

Su Yi looked up, and who else could have offered help besides Nine Lives Cat Demon? At this moment, Nine Lives Cat Demon's complexion had improved somewhat, though it was still pale, it was much better than before.

Just in his heart, Su Yi was secretly more cautious. Judging from the fact that she killed the Demonic True Realm Green Bloody Python with just one move, Nine Lives Cat Demon had recovered significantly. If she suddenly attacked him and Su Tian Que, then things would not be good.

Nine Lives Cat Demon completely ignored Su Yi, and continued her journey before dawn.

"Why be so cold?"

Su Yi raised an eyebrow. For the sake of the cat demon that had just come to his rescue, he wasn't angry.

"Take this snake meat with you, it's a good thing. It's been a while since I've had any meat."

When Su Tian Que approached the python's corpse, saliva quickly started dripping from his small body.

Su Yi's eyes lit up when he saw the corpse of the Green Bloody Python; it was indeed a treasure. The snake skin alone was worth a lot, the energy contained within the snake meat was a good nourishment for strengthening the body, and the snake blood was also quite valuable.

Su Yi drew out the spirit weapon greatsword from behind him and began to dissect the snake's body.

Looking at Su Yi and Su Tian Que, Nine Lives Cat Demon furrowed her eyebrows, but she slowed her steps involuntarily.

Su Yi acted quickly and eventually chopped the snake into several segments before putting it in his space bag, then he hurriedly went after the Nine Lives Cat Demon.

Two people and a chicken, still keeping a certain distance from each other, traveling through the hills and dense forests.

This speed cannot compare to flying. Although Nine Lives Cat Demon's cultivation base has recovered a bit, it seems to be wary of something and was hiding all the way.

However, the pace of the two people and one chicken is not slow either. The Nine Lives Cat Demon had energy fluctuations in its paws and its graceful figure moved in the mountain forests like a white ghost.

Su Yi's feet were supported by a rush of energy; he stepped out with the Hundred Transformations Step and his figure flickered as he kept a distance behind the Nine Lives Cat Demon.

As for Su Tian Que, he had already jumped onto Su Yi's shoulders.

Su Yi only felt that the speed of Nine Lives Cat Demon seemed to be getting faster and faster, but luckily he had made a lot of progress recently, and with his vigorous internal energy, he could just barely keep up with her when putting in all his effort.

If Nine Lives Cat Demon was just a bit faster, Su Yi would be in trouble.

Right now Su Yi didn't know, but Nine Lives Cat Demon was shocked in her heart.

A human from the Yuan Spirit Realm seemingly only has the Yuan Spirit Realm Three Grade cultivation, but his speed is incredibly fast.

On the boring journey, Nine Lives Cat Demon took a moment to test how fast the human behind her could go.

Nine Lives Cat Demon gradually accelerated her speed, but she was increasingly surprised as the speed of Su Yi didn't seem like something that a normal Yuan Spirit Realm Three-Grade cultivator could possess.

Finally, Nine Lives Cat Demon will stay at a pace to see how far the human can keep up.

When Su Yi kept closely following behind her, Nine Lives Cat Demon was secretly startled.

Twilight had arrived and the sky was slowly darkening.

At a hidden deep valley, Nine Lives Cat Demon stopped and decided to rest.

Nine Lives Cat Demon inexplicably felt down, but she ignored Su Yi who had already climbed down and entered a rock-wall cave to take a rest.

But after an hour, Nine Lives Cat Demon, whose body was covered in a shroud of light, was startled awake. Its eyes opened wide and emitted a brilliant glow, smelling a strong aroma of meat.

The aroma of this meat was simply too delicious, making her drool just from smelling it.

Following the smell, Nine Lives Cat Demon came out of the cave and saw a big piece of roasted meat wrapped in tree leaves at the entrance of the cave, with a golden brown color. Grease splashed everywhere, making the smell very fragrant.

In the valley ahead, she could only see the human boy and the bald meat chicken, eagerly feasting around a pile of bonfires.

Her eyebrows were slightly furrowed; Nine Lives Cat Demon knew that this was the meat of the python killed in the morning.

Nine Lives Cat Demon wanted to go into the cave, but upon smelling the meaty scent and seeing the roasted meat, she hesitated for a moment.

"This meat can help to restore."

Nine Lives Cat Demon said to herself, taking the roast meat and walking into the cave.

Inside the cave, Nine Lives Cat Demon's face had a faint blush to it.

"Can this be eaten?"

Nine Lives Cat Demon muttered softly, but she couldn't help but smell the enticing grilled meat in her hand. In the end, she couldn't help herself and took a light bite.

When the roast meat was tasted, Nine Lives Cat Demon's eyes changed a little. It smelled fragrant and it was not greasy but flavorful. The meat was tender and delicious; the aftertaste was endless.

In the valley, Su Yi and Su Tian Que feasted on the huge python's meat, which was enough for both of them.

"It tastes so good! It's been a while since I had meat, still, meat tastes the best."

Su Tian Que wolfed down the snake meat with a satisfied expression on his face; even though his body was small, it seemed bottomless. It had already crammed in far more than he had been able to take in.

Su Yi said nothing but he had already missed the meaty smell a long time ago. Moreover, the meat of Demonic True Realm demon beasts had plenty of energy.

After feasting heartily, Su Yi burped, then sat cross-legged and began to take deep breaths for relaxation.

Su Tian Que was also satisfied, exuding in the distance; his body bathed in a red light, and giving off a hot breath.

This night, there were no demon beasts to disturb them.

The next morning when the sky was faintly bright, the two people and one chicken continued on the road.

It seemed that Nine Lives Cat Demon had recovered quite a bit, moving faster now, with Su Yi desperately trying to keep up behind her.

"This little kitty seems to have recovered somewhat, your Spiritual Essence should have played a big role." Su Tian Que stood on Su Yi's shoulders, softly muttering.

Su Yi looked at the beautiful silhouette in front of him. It was a young girl but she was also a really strong Demonic Emperor Realm demon.

It is apparent that Nine Lives Cat Demon is true to her word, at least till now, she hasn't intended to do anything to him and Su Tian Que, and even saved him once.

Another day passed, with Nine Lives Cat Demon ahead, all the way was safe and sound.

Just as Su Yi was already having difficulty keeping up, the Nine Lives Cat Demon's speed was increasing.

As night fell, the bamboo forest was dense. The bamboo forest was peculiar, the bamboos here were even larger than the towering trees.

Nine Lives Cat Demon seemed to be planning to rest here for the night, in order to continue healing her wounds.

Su Yi threw Su Tian Que down, panting heavily. He came a bit closer and asked Nine Lives Cat Demon, "How long until we can get out of the Demon Woods?"

"Seven or eight days at your pace."

Su Yi was answered by Nine Lives Cat Demon, but it was only a single phrase. Nine Lives Cat Demon then found a clean place, sat in the lotus position, and continued her self-treatment of trauma.

...

Chapter 330: The Twin-Headed Ice and Fire Dragon!

"Seven or eight days, ok."

Su Yi was thinking to himself that as long as he left the Demon Woods he would be much safer.

Although he still has many enemies in the Forest of Demons, at least it is easier than being inside the Demon Woods.

But Su Yi was also not careless when it came to the Forest of Demons.

First of all, let's not talk about the gigantic Black Fiend School yet, that Blazing Heavenly Dragon is also a Demon Emperor; if it successfully passes the Transforming Tribulation then it will truly be a Demon Emperor.

When Su Yi thought about the Blazing Heavenly Dragon, he felt a little frustrated.

He stole the Blazing Heavenly Dragon's egg, risking his life in the process. Who would have thought that it would eventually fall into the hands of that woman?

Altogether, it was the second time he suffered a loss facing that woman.

Su Yi furiously muttered to himself, "Don't let me run into you again."

Immediately, Su Yi stopped thinking about it and decided to leave the Demon Woods first.

Once reaching the Chaos Realm, there would be his paradise.

He sat cross-legged, closed his eyes, and took deep breaths.

Moonlight spilled down from the sky, falling into this deep bamboo forest where the light was mottled and twinkling, making the whole bamboo forest glint dimly and silently.

The stars twinkled; from the distant mountain range, occasionally echoing with the sound of beasts roaring.

The sound of rustling disturbed the peace, and there was a demon beast approaching, but from far away it felt something and didn't dare approach anymore.

Beneath the multitude of stars, two dark silhouettes suddenly appeared in the void quietly side by side.

These two figures stood close together in the void, not stirring any ripples.

Two figures, two pairs of eyes with a faint hint of chilling color, shimmering light, like stars embedded in the sky.

"Ha ha, I guessed right. She really wants to leave the Demon Woods!"

Such a sound echoed through the night sky, but no one heard it.

Two figures soon flashed away and disappeared into the night sky as if they had never appeared at all.

"Whew!"

In no time at all, two figures appeared outside the bamboo grove, their eyes blazing as they looked warily into the dark depths of the bamboo grove with a cold smirks on their faces.

In the bamboo forest, Nine Lives Cat Demon, who was resting and recovering, suddenly snapped her hands together. Her tightly closed eyes opened at the same time and her vision changed drastically in an instant.

The silhouette of Nine Lives Cat Demon came out, accompanied by an energy that permeated from the bamboo forest, engulfing Su Yi and Su Tian Que in it.

"Hold your breath, hurry!"

Nine Lives Cat Demon's voice was urgent, and as it faded away, the void around her began to warp and blur, becoming more ethereal, as if sinking into chaos.

Su Yi was startled awake with a grave expression, knowing that this was Nine Lives Cat Demon's secret method.

Su Yi didn't have to guess and already know that Nine Lives Cat Demon's enemy had come.

Two figures suddenly appeared outside the bamboo forest, looking into the deep and hazy forest and showing a cold smile. They softly said, "It's too late, you can fool them, but you can't fool us. Come out, why hide?"

When the voice fell, two figures rushed into the bamboo forest at the same time. The figure on the left side waved his robe and a green light burst out, like a green thunderbolt shuttling through the bamboo forest, illuminating the dazzling bamboo forest light.

"Swoosh"

Deep in the bamboo forest, energy waves surged and the void trembled.

"Boom, boom, boom"

In the next instant, the vast void around exploded and burst open with a rumble of energy, and countless bamboo were broken and shattered.

"Roar"

In the distance, demon beasts roared like thunder, startled by the sudden change.

"Push"

The hazy void quivered, and Nine Lives Cat Demon stumbled back several steps, her face turning pale, her gaze solemn to the extreme.

"It's a Twin-Headed Ice and Fire Dragon at Demonic Emperor Realm Sixth Grade. Even in my prime, I'm not sure I could contend with it. You saved me once and I wanted to get you out of the Demon Woods, but it looks like that won't happen now. You guys should go. The farther you go, the better; from now on, I don't owe you anything!" Nine Lives Cat Demon said to Su Yi and Su Tian Que as she looked at them.

"Boom, boom, boom"

As Nine Lives Cat Demon's voice fell, the surroundings exploded again, the hot breath filled the air, the red light pierced through the sky, and the distorted space began to crack.

"Push"

Nine Lives Cat Demon staggered back again, her delicate expression now looking more intense than ever.

"Bang!"

The twisted void couldn't resist being completely shattered, revealing itself.

Just then, Su Yi saw two figures appearing in the sky outside; their bodies glowing with alternating red and green lights, their breath intermixing like ice and fire.

Su Yi was shocked when he saw it, upon closer inspection, the two figures turned out to be one person with two heads and four arms, but connected from the waist downward with two legs.

The aura from the two-headed humanoid shook Su Yi to the core; one side was a fire-type aura, and the other side was a water-type aura. Water and fire shifted between each other, and the aura was immense.

This scent made Su Yi feel uneasy in his heart, and he was affected by it.

But at this moment, under the oppressive icy-hot breath, Su Yi's Supreme Chaotic Yuan Technique faintly began to rise and seemed to be running automatically.

"Demonic Emperor Realm Sixth Grade, Twin-Headed Ice and Fire Dragon!"

Su Yi felt heavy in his heart. Under this terrible oppressive atmosphere, it must be the Twin-Headed Ice and Fire Dragon that Nine Lives Cat Demon had just mentioned.

The Twin-Headed Ice and Fire Dragon hovering in the void had four eyes, emanating a vermilion color. It stared at Nine Lives Cat Demon, and also kept an eye on Su Yi and Su Tian Que, but without paying too much attention.

"You can't escape, no one can escape!"

The voices were cold and evil. The Twin-Headed Ice and Fire Dragon's vermilion eyes were fixed on Nine Lives Cat Demon, accompanied by a repulsive smile. It said, "The Nine Lives Cat Demon clan are all beauties. If you follow me, I can plead on your behalf and protect the remaining members of your Nine Lives Cat Demon clan. How about it?"

"Vengeance for the extermination of my clan will be paid back tenfold one day!"

Nine Lives Cat Demon stared at the Twin-Headed Ice and Fire Dragon, her amber eyes filling with blood-red and chill apathy.

"Humph, since you don't agree, using force is not bad either. I like it. Who knows after you taste my flavor, you won't be able to resist and beg for me? Hmpf"

The Twin-Headed Ice and Fire Dragon laughed lewdly. Thinking that this beauty was about to fall into his hands and let him trample on her, he couldn't help but become even more excited.
