Chapter 661: Demon Clan's Aura!

Looking at Su Xiaoshuai, who looked pitiful, Su Yi's anger inexplicably disappeared. He could only glare at Su Xiaoshuai and say, "Alright, next time don't touch anything inside here, whether it's medicinal herbs or anything else, got it?"

"I understand."

Su Xiaoshuai lowered his head, with his big innocent eyes.

"Come with me, but you can't wander off. Stay by my side obediently."

Su Yi pondered for a moment. He couldn't keep Su Xiaoshuai locked inside the mysterious space forever, and he was also afraid that the remaining medicinal herbs and spiritual plants would be ruined by him.

"Really? Thanks, boss."

Upon hearing this, Su Xiaoshuai fluttered his wings excitedly, instantly replacing his pitiful look with excitement.

Seeing this, Su Yi couldn't help but suspect that Su Xiaoshuai's pitiful act from just now was totally fake.

After a moment, Su Yi brought Su Xiaoshuai out from the mysterious space.

Looking at the outside world, Su Xiaoshuai was excited and flapped his wings, cheering and leaping.

"Don't run around."

Su Yi had to be nervous, as this guy could very well be a baby phoenix. He couldn't afford any accidents.

Su Xiaoshuai was too excited and didn't listen much to Su Yi .

"Howl."

Riding on a Wolfbat, Su Yi could only chase after Su Xiaoshuai from behind.

"If you keep running around, I'll lock you up in there."

In the end, Su Yi resorted to his final move, which made Su Xiaoshuai obediently land on his shoulder.

But Su Xiaoshuai 's curious eyes were constantly scanning the surroundings, full of curiosity about everything.

"Swoosh..."

The calm void was broken by the sound of the wind. A figure swiftly departed, leaving behind a space mark and causing the airflow to fluctuate, leaving a long trail in the sky.

"Xi Wuqing , this time you won't be able to escape, so just accept your fate!"

The voice was gloomy, coming from the void.

"Swoosh..."

Behind that figure, another figure followed closely.

Both figures moved like lightning and disappeared into the sky.

"What do you eat when you're hungry?"

In the calm sky, Wolf-headed Demon Bat flew by, with Su Yi sitting cross-legged on its back. Su Xiaoshuai poked his head out from Su Yi's shoulder and asked.

"I can eat spiritual medicine, spiritual fruits, and meat."

Su Xiaoshuai said seriously to Su Yi, feeling a bit hungry, his little tongue flickering as if drooling.

"Spiritual medicine, spiritual fruits..."

Su Yi gave Su Tianque a disdainful look. This guy is so difficult to raise. Last time, this little guy destroyed almost half of my medicinal field in one go. With his appetite, who can afford to raise him?

"Meat, that can be arranged. I'll find you some to eat later."

Su Yi's gaze flickered, it seemed like it had been a while since he had eaten meat, and he was starting to crave it.

The phoenix is a powerful creature among the demons. It feeds on the flesh and blood of the demon beasts, but regular demon beast flesh is useless to it.

Ling Qianxue's soft voice echoed in Su Yi's ears, gentle and alluring, as if it carried a hint of charm.

"Feeding on the flesh and blood of demons..."

Su Yi was amazed, staring at Su Xiaoshuai. Who could afford to feed it with spiritual medicines and demon beast flesh?

"Big brother, I'm hungry."

At the mention of food, Su Xiaoshuai instantly felt hungry, his eyes pleadingly looking at Su Yi.

"I'm hungry too, but we have to endure."

Su Yi scolded Su Xiaoshuai, annoyed that he was already hungry again after such a short time.

"Su Yi, I'm hungry. Don't you still have a lot of spiritual medicines?"

Su Xiaoshuai's pleading eyes turned towards Su Yi.

"Don't even think about it. Those spiritual medicines cannot be wasted any further."

Su Yi, without hesitation, refused. He had spent a long time collecting those spiritual herbs and medicines, and they had finally improved in the mysterious space. But now, they had been wasted by Su Xiaoshuai, with only half of them remaining. Su Yi was determined not to let Su Xiaoshuai ruin the rest.

"Can you give me the Blood Spiritual Ginseng now, as you promised?" Su Xiaoshuai shifted his gaze and asked Su Yi.

Su Yi rolled his eyes and replied, "No, not now at least."

Shaking his head, Su Yi explained that the Blood Spiritual Ginseng was still recovering, and all the spiritual whiskers on his body had been given to the Su family. He didn't have any left for himself.

"Su Yi, are you lying to me?" Su Xiaoshuai stared at Su Yi, feeling deceived.

"In the future, I will give it to you. You've eaten so many of my spiritual medicines, and I haven't asked you to repay me yet!" Su Yi's gaze became somewhat embarrassed, as he did indeed promise this little guy.

"Alright," Su Xiaoshuai said reluctantly. Mentioning the spiritual medicines made him feel like a defeated rooster.

"Hmm, it seems like there's a magical creature nearby."

Suddenly, Su Xiaoshuai's eyes widened, and they looked around with excitement, as if they sensed something.

"Magical creatures..."

Upon hearing this, Su Yi's eyes widened too. Magical creatures were not ordinary demon beasts.

"Wolfbat, hide."

Without delay, Su Yi commanded the Wolf-headed Demon Bat to land in the jungle and conceal itself among the towering trees. Its spiritual energy was released quietly as it carefully searched the surroundings.

But strangely, besides a few ordinary demon beasts nearby, Su Yi couldn't sense any traces of magical creatures.

"Su Xiaoshuai, did you really sense the presence of a magical creature?"

Doubt crept into Su Yi's mind, and they asked Su Xiaoshuai.

"It was right up ahead."

Su Xiaoshuai nodded seriously, certain that their feelings were not mistaken. They raised their eyebrow and continued, "But now it seems to have disappeared, how strange."

The little creature is a baby phoenix and it's normal for it to sense things that normal people can't. Ling Qianxue said inside Su Yi.

"Have you sensed the presence of any monsters?" Su Yi asked Ling Qianxue.

"I said it's up ahead, but now it's gone." Su Xiaoshuai thought Su Yi was asking it and gave Su Yi a white eye weakly.

"I wasn't asking you." Su Yi glanced at Su Xiaoshuai, helplessly smiling.

"Then who were you asking?"

Su Xiaoshuai stared at Su Yi, as if carefully searching for something. Suddenly, there was a glimmer of light in its eyes, and it exclaimed in surprise, "You have the presence of a monster on you, how strange."

"I'll tell you later."

Su Yi was shocked. This little creature, being a baby phoenix, was truly something else.

"I didn't sense the presence of any monsters either, but if the little one sensed it, then there must be someone from the monster clan ahead."

Ling Qianxue looked at Su Yi and said, her voice filled with surprise and disbelief that Su Xiaoshuai could actually sense her presence.

"Could you please move aside a bit?"

Without hesitation, Su Yi decided to change his path and avoid Ling Qianxue. After all, it would be better to keep some distance.

"Now that we've met, you want to leave? Don't you think it's a bit late for that?"

A dark voice sounded, and a figure quietly appeared tens of yards away from Su Yi.

Chapter 662: Farewell to the Green Emperor!

The person who appeared was middle-aged, tall and slim, wearing a long green robe. His narrow eyes and cold demeanor gave off an eerie and chilling vibe.

As this person appeared, the surrounding space seemed to tremble slightly, and the air felt frozen.

"It's you..."

When Su Yi saw this figure, his heart trembled.

Looking at the middle-aged man in the green robe, Su Yi could only think of one person who had escaped from Man City, the Green Emperor.

"The Green Emperor!"

Su Yi's eyes trembled, and he immediately became alert. This was a strong the Demon Emperor, a member of the Crying Snake clan.

"It's him, the breath just now was from this guy."

As Su Xiaoshuai looked at the Green Emperor, he couldn't contain his excitement. It was the aura he had just sensed from this person.

"You, kid, so you're the one. It's like you deliberately came even though there's a way to heaven and you're not going there, and there's no way to hell, yet here you are!"

The Green Emperor looked at Su Yi, but secretly eyed Su Xiaoshuai, with a look of surprise on his face.

His soul power was secretly released, and the Green Emperor was also probing, wanting to confirm if there were any Yuan Emperor Realm experts from the Sacred Mountain accompanying Su Yi.

"Phew..."

Su Yi took a deep breath, always avoiding the Green Emperor because he didn't want to encounter him.

Unexpectedly, luck was on his side, and he had encountered him. It seemed that the Green Emperor had long since set his sights on him.

"The Green Emperor, there are powerful people from the Sacred Mountain behind us. If I were you, I wouldn't waste any more time here!"

Su Yi, a young man, looked at the Green Emperor and wondered what he was thinking. It seemed that the Green Emperor had set his sights on Su Yi and wouldn't easily give up. But Su Yi knew that he stood no chance against the Green Emperor with his normal strength.

"Kid, don't try to deceive me. That old man from Sacred Mountain didn't actually come, haha," the Green Emperor sneered. He became even more certain that the cultivator from the Yuan Emperor Realm did not accompany Su Yi, and only this young man was present.

"Hey, who do you think you are, daring to shout at my big brother like that? Believe me, I'll eat you!" Su Xiaoshuai, a brave young man, didn't show any fear in the face of the Green Emperor. He looked directly at him and said confidently.

"A little bird..." The Green Emperor's eyes widened in surprise as he stared at Su Xiaoshuai. He had been astonished to see Su Xiaoshuai, a small bird that could speak like a human. It was at least of the Demonic Void Realm, but it didn't seem like an ordinary bird as he couldn't sense any aura or fluctuations from it.

"Behave yourself and stay put!" The Green Emperor warned, demanding that Su Xiaoshuai behave and stay obedient.

Su Yi's face changed drastically, and he immediately grabbed Su Xiaoshuai and stuffed him into his front pocket.

Firstly, Su Yi was afraid that the Green Emperor would really recognize Su Xiaoshuai's identity, which would cause a lot of trouble.

Secondly, he was worried that the Green Emperor would attack him, leaving him no time to take care of Su Xiaoshuai.

Su Yi quickly unsheathed his sword, holding the broken sword wrapped in a piece of cloth. He looked directly at the Green Emperor with a slightly darker expression and said, "Green Emperor, it seems your injuries are not light. You're probably just forcing yourself. In your current condition, do you really think you stand a chance against me?"

Su Yi understood the Green Emperor's situation. If what those demon beasts said was correct, the Green Emperor had been injured by the powerful experts from the Yuan Emperor Realm of Sacred Mountain and had also fought a fierce battle with Emperor Blazing Dragon. His injuries seemed severe.

From the Green Emperor's hidden alertness, Su Yi speculated that the Green Emperor had indeed been seriously wounded.

In Man City, Su Yi had once relied on a broken sword with external power to defeat Zhuba Yi, who was already comparable to the Yuan Emperor Realm. The Green Emperor also noticed this. Su Yi hoped that the Green Emperor would have concerns.

If they were to really fight, it would bring a lot of trouble to himself.

Listening to Su Yi's words, the Green Emperor's face remained unchanged, but he was deeply shaken inside.

He held back his emotions, not expecting that the boy could see how severely wounded he was.

The Green Emperor now realized that he had overlooked the strange sword wrapped in cloth in Su Yi's hand.

That human relied on the external power within the strange sword to fight against Zhuba Yi!

This boy had many mysterious qualities about him.

To be honest, with his current injuries, the Green Emperor had some fear, but it was only slight fear.

Under normal circumstances, he wouldn't bother taking risks.

However, this human before him had too many secrets, even the sword itself was a valuable treasure.

Because of this, the Green Emperor really does not want to let this young man go.

Even if he is from the Demonic Emperor Realm, is he afraid of not being able to handle this young man?

"Hahaha, young man, do you think you can threaten me like this? There are many strange things about you, perhaps the secret of Man City lies within you!"

The Green Emperor laughed, the more this young man acted this way, the more he seemed afraid. Perhaps the secret of Man City is on this young man. Without the Immortality Gate, this could be a stroke of great luck for him.

Thinking of this, the Green Emperor's fear decreased slightly.

Even if this young man has some extraordinary power, so what? He is already severely injured, and it should be enough to deal with this young man quickly.

"This is troublesome, do you have any solutions?"

Su Yi whispered to Ling Qianxue and asked.

Su Yi looked closely at the Green Emperor. The broken and incomplete sword was only meant to intimidate the Green Emperor. It wasn't always able to harness the power of killing intent within it.

Moreover, even with the power of killing intent from the broken sword, it would be difficult to deal with the true imperial-level powerhouse like the Green Emperor.

Not to mention, the Green Emperor in the Demonic Emperor Realm also had the terrifying secret move of self-detonating the demonic core.

"He has already been heavily injured, with a chaotic aura. If I were in my prime, I could easily handle him with just a finger. But now, my strength is not fully restored. I have consumed a lot during the battle in Man City. Even if I assist you with all my might, it will be difficult to withstand a few moves against him. This guy won't hold back if he wants to deal with you. He'll be quick and decisive, leaving no chance to escape!"

Ling Qianxue spoke with a serious tone. The Green Emperor Crying Snake in its demonic form may be heavily injured, but it's not easy to deal with. She knew firsthand how strong the cultivators in the Demonic Emperor Realm are, as she was once part of it herself.

"This is really big trouble now!"

Su Yi's face turned serious. This was indeed a big problem. He thought hard for a possible solution. Even if he used his Sacred Tool, the Terrifying Star Blade, with his strength, he wouldn't be able to deal with a true Demonic Emperor Realm expert. And it seemed like the Green Emperor had targeted him. Escaping seemed impossible.

"You boy, you brought this upon yourself!"

The Green Emperor sneered with a sly smile, no longer wasting time. He wanted a quick and decisive battle.

This place was not a place to stay for long. He had originally wanted to leave, but unexpectedly encountered such a great opportunity. He couldn't miss it.

Boom!

As soon as his words fell, the Green Emperor's figure suddenly stepped forward. A burst of radiant green light erupted from him, sealing the void with an immense and invisible power, crushing towards Su Yi from all directions.

Chapter 663: A Risky Adventure!

Sss...

In an instant, the Green Emperor appeared right in front of Su Yi . He reached out his hand and it landed directly on Su Yi's body.

A fierce and icy cold aura immediately surrounded Su Yi, making his soul shiver uncontrollably.

"Swoosh..."

In the blink of an eye, a handprint rapidly expanded in Su Yi's eyes. The powerful gust of wind came rushing towards him, pressuring the empty space and almost imprisoning Su Yi, causing his energy to stagnate.

But in that moment, a new energy surged inside Su Yi's body.

"Swoosh..."

As the handprint moved, Su Yi's figure shattered into pieces. Ripples spread through space, and although his body was torn apart, no blood flowed.

"He's so fast! Such external force!"

At that moment, the corners of the Green Emperor's narrow eyes trembled fiercely. The speed of this kid was unexpectedly fast. His gaze lifted and he looked up.

"Boom!"

A powerful force made the air shake. The Green Emperor looked ahead and saw a bright red light shining like a sun in the sky. It was dazzling.

Su Yi appeared from above. He was surrounded by a red light, giving off an ancient and imposing aura. His wings flapped behind him, and a radiant light shone beneath his feet. It was incredibly beautiful. Mysterious ancient patterns flowed on his feet, with unfamiliar symbols appearing. A tremendous force surged.

In that moment, Su Yi's eyes sparkled like lightning, sharp and intimidating. He seemed to awaken like a god or demon, his robe fluttering, and his black hair swinging back. The aura around him seemed to carry the fury of thunder, making him appear powerful and terrifying.

"How is he so strong?"

The Green Emperor trembled, shocked and pale. This force was too terrifying, causing fear to fill his beastly soul. His eyes were filled with shock.

"This kid is too mysterious. He must be hiding a great secret!"

In a state of shock, the Green Emperor's eyes burned with excitement. He was convinced that this boy in front of him had something to do with the treasure of Man City. Perhaps the secret of Man City was hidden within this boy.

"You boy, even with external help, you are still too weak!" said the Green Emperor coldly. His voice was eerie. Just as his previous handprint missed its target, it transformed into a clenched fist and he launched a powerful punch towards Su Yi.

Above his fist, a bright green light shone. The Green Emperor wanted to end the fight quickly and didn't hold back. In front of his fist, amidst the brilliant green light, a giant shadow of the Crying Snake with four wings emerged menacingly, exuding a terrifying aura.

"Wrath of the Eight Wastelands, Rampage Shadow Shatter the Nine Yaos!"

At the same moment, Su Yi let out a low roar. He kicked with lightning speed, as if countless footprints emerged in an instant. The light gathered and exploded like a small sun.

Unmatched dominance, destructive majesty!

"Boom, boom, boom..."

The void rumbled, and under those footprints, the space twisted. Brilliant energy waves surged, causing the earth to crack and the void to tremble.

"Woo woo..."

The shadow of the Crying Snake let out a roar, disrupting the void as a green light spread, with an overwhelming aura.

"Boom!"

The fierce shadow of the Crying Snake shattered amidst the countless footprints, a chilling aura rushing straight towards Su Yi .

"Puh..."

Without any hesitation, a mouthful of blood spewed out from Su Yi , and the chilling aura entered his body, stirring his qi and blood, and most importantly, affecting his soul.

Fortunately, Su Yi possessed the Heavenly Yuan Demonic Soul, which minimized the impact of this chilling aura and allowed him to resist it.

His body retreated straight from the void, his face pale, his expression solemn. A glimpse of fierceness flashed in his eyes, as he formed hand seals.

"Stomp stomp..."

The Green Emperor stumbled in his footsteps, the terrifying power he wielded, and most importantly, his terrifying aura, akin to the supreme beings of the demonic race.

"Speedy resolution!"

The Green Emperor's face grew even darker as he failed to defeat that young man with two consecutive moves. This place is not suitable for a long stay, as Emperor Blazing Dragon is looking for him. He must capture this young man.

The Green Emperor could sense that the young man possesses a mysterious power, but he cannot truly contend with him.

But the Green Emperor also knows that he is in a similar situation, at the end of his strength. If he delays any longer, it will be difficult to deal with this strange young man today.

"Shh..."

Without any hesitation, the Green Emperor stomped his foot and steadied himself. Using the momentum, he leapt into the air and pounced straight towards Su Yi.

The experts of the Demonic Emperor Realm are incredibly fast. The Green Emperor's figure darted out, emitting a green light like lightning. In an instant, he arrived in front of Su Yi, his fingers slightly curved. A sharp claw mark seemed to distort the air, descending towards Su Yi.

"Let's make a bet!"

Just as things were on the brink of crisis, Su Yi's eyes glinted with determination. At the same time, a brilliant light burst forth from his forehead. As the crushing force of the claw mark bore down on him, Su Yi's figure was immediately enveloped and then disappeared without a trace.

"What's going on!"

The Green Emperor witnessed this bizarre change right before his eyes. The young boy had vanished right in front of him, leaving him shocked and bewildered.

The empty space shimmered with radiant light, pulsating with powerful energy.

"It's so terrifying..."

The Green Emperor felt it, his gaze fixated on the pulsating and radiant light. His eyes were filled with awe and fear, causing his body to tremble and his heart to desire to kneel before it.

"This is a treasure, an absolute gem!"

The Green Emperor's eyes sparked with excitement. He knew instinctively that if he could obtain the object before him, he would become unstoppable.

"Roar..."

Wolfbat screeched and swooped into the hazy light, disappearing in an instant.

The Green Emperor clenched his teeth and stared at the fluctuating hazy light in front of him. Perhaps the precious treasure in Man City was on this person. If he obtained it, he would dominate all around him!

"Swoosh..."

Unable to resist his desires, his eyes burning with anticipation, fearing any delay might lead to unexpected changes, the Green Emperor watched as the Wolf-headed Demon Bat also entered. Unable to tolerate it any longer, he gritted his teeth and stepped forward, entering it as well.

"Swoosh..."

When the Green Emperor's figure appeared once again, he found himself in a mysterious space, filled with abundant energy of heaven and earth.

"This is a hidden paradise!"

As a powerful being from the Demonic Emperor Realm, the Green Emperor instantly felt the tremendous benefits of this place. His excited expression replaced the burning desire in his eyes.

Su Yi, with his wings of vital energy retracted behind his back, blood dripping from the corner of his mouth, tightly focused his gaze on the Green Emperor. This Crying Snake really couldn't resist barging in.

Chapter 664: The Pitiful Green Emperor!

Su Yi's face looked serious, his eyes filled with a fierce determination. With no other choice, he brought the Green Emperor into the mysterious space. He didn't know what would happen. In the past, the mysterious space had made the Golden Python and the Wolf-headed Demon Bat submit, but it was unknown if it would have any effect on the Green Emperor from the Demonic Emperor Realm. This was his trump card, and if it failed, the consequences would be unimaginable!

The Wolf-headed Demon Bat and the Dark Golden Demon Falcon also looked serious. They hovered around Su Yi, their cold eyes filled with a dangerous glint. Their strength was not as strong as the Green Emperor's, but the invisible aura emanating from them was not inferior to the Green Emperor.

"This guy actually caught up!"

Su Xiaoshuai couldn't hold back anymore. He popped out of Su Yi's pocket, flapping his little wings. His gaze was fixed on the Green Emperor.

"You think this little guy is your backup? Where do you think you can escape to?!"

The Green Emperor looked around, his gaze finally fixed on Su Yi, with a cold smile on his face. The moment has come for his great opportunity.

Su Yi remained silent, and there was no movement in the mysterious space.

"Why aren't you speaking? You'll have your chance to speak later!"

The Green Emperor said coldly. This boy has too many secrets, and when he falls into his hands, he won't be able to stay silent.

"Ha...!"

A green light flashed, and the Green Emperor's figure darted towards Su Yi like lightning. His figure enlarged rapidly in Su Yi's eyes.

Su Yi's eyes tightened, his heart heavy. Could it be that the mysterious space is really useless for powerful beings in the Demonic Emperor Realm? It seems like today he can only fight to the death.

"Boy, now you have nowhere to run..."

The Green Emperor laughed coldly. This time, the boy won't be able to escape, and this great opportunity will fall into his hands.

"Boom!"

Suddenly, in the mysterious space above, there was a rumble. From the depths of the void, a dazzling red lightning bolt emerged, like a thunderbolt, with a terrifying force that crashed down from the sky, landing directly on the Green Emperor.

"Boom..."

Flashes of lightning and thunder echoed through the space, shaking everything. Starting from the top of the Green Emperor's head, arcs of red electricity surged from head to toe.

"Splat..."

Without any hesitation, the Green Emperor was directly struck by the red lightning bolt and sent flying, crashing heavily onto the ground. He continuously spat out blood, his eyes filled with astonishment and fear.

"What's happening..."

Su Yi, a man who had already prepared himself to fight to the death, was suddenly confronted with this scene, leaving him utterly bewildered and clueless about what was going on.

"Who dares to attack me!"

Startled, the Green Emperor suddenly stood up, raising his head to stare directly into the void. His aura surged instantly.

"Boom!"

With a resounding clang of wind and thunder, a brilliant red lightning emerged from the void. It appeared as a majestic red lightning python, descending with unmatched power.

The Green Emperor's eyes widened in horror, wanting to avoid it, but at this moment, he seemed completely unable to escape.

"Crash! Crash!"

The red lightning struck down, spreading from above the Green Emperor's head and covering his entire body.

"Poof, poof..."

The Green Emperor coughed up blood, parts of his body instantly charred by the thunder, and his body was once again sent flying backwards.

"You bastard! Who are you!"

The Green Emperor was shocked and angry, blood stains filled his mouth. His previously bright green eyes now had a chilling blood-red color, resembling two blood moons hidden within.

"Ooo, ooo..."

At the same time, the Green Emperor's body emitted a bright green light, expanding rapidly. With a terrifying voice that reverberated, it transformed into a colossal Crying Snake spanning tens of feet long.

The Crying Snake is fierce-looking, with a green-scaled body and a pair of large wings with slightly smaller wings. Its four wings flap like a bell, giving off a sharp aura.

"Woo-woo..."

The Crying Snake takes flight, while the Green Emperor, in its true form, hovers above. It emits a powerful aura, shaking the empty space, and looks towards the void, seemingly wanting to know who is attacking it.

"Boom!"

Suddenly, the mysterious space starts trembling, as if it has been provoked. In an instant, there are shimmering lights bursting forth from the depths of the void, like a waterfall.

"Boom..."

The sound of wind and thunder echoes, creating a resonating and imposing aura that surpasses ancient time and space. It makes all living beings tremble and can subdue the world!

"Roar!"

"Grr!"

The tremendous aura causes the Wolf-headed Demon Bat and the Dark Golden Demon Falcon to immediately bow down.

Su Xiaoshuai also looks in awe, with a radiant light emanating from his body, and it immediately falls on the shoulder of Su Yi, another man.

"What's going on? What's happening?"

The Blood Spiritual Ginseng, who was in the process of cultivation, crawled out of the soil. Overwhelmed by a tremendous aura, it couldn't help but kneel down, its expression changing drastically.

"Boom..."

A hazy divine radiance spread, causing the entire space to tremble. Flashes of lightning and rumbling thunder were visible to the naked eye. In the depths of the void, red lightning and thunder rolled down like furious pythons.

In that moment, fear replaced the bloodthirsty gaze of the Green Emperor in its crimson eyes. Even its beastly soul was filled with terror, trembling uncontrollably.

"Bang! Bang! Bang!"

The red lightning and thunder descended, with none of them missing their target, all striking the body of the Green Emperor Crying Snake. With each strike, its body tore apart, bloodied holes appearing, its skin charred and blackened, blood flowing incessantly, exposing its eerie white bones.

"Boom..."

Thunder continued to rain down, not quite taking the life of the Green Emperor, but also preventing it from escaping.

"Puff, puff..."

The Green Emperor's gruesome mouth spewed out a large amount of blood, creating a mist of blood that covered his body. His body was scorched black and in a pitiful state from being struck by lightning.

What was most terrifying was the immense power that imprisoned the Green Emperor, frightening even the souls of beasts!

Seeing this scene before them, Wolf-headed Demon Bat, Dark Golden Demon Falcon, Su Xiaoshuai, and Blood Spiritual Ginseng couldn't help but gasp in shock.

But Su Yi's serious expression turned into a smile. It seemed that the mysterious space was indeed the nemesis of these demon beasts. Taking the risk was worth it after all.

"Please spare me, spare me!"

The Green Emperor cried out in anguish, his fierce eyes replaced by pure fear.

"Boom..."

As if the mysterious space could listen, the flashes of lightning and thunder in the empty void gradually disappeared, bringing about calmness.

"Poof!"

The Green Emperor spat out a mouthful of blood, his body covered in flowing blood, with black smoke rising from many parts. His four wings were tattered and torn, resembling broken sails. The enormous body of the Crying Snake was now pitiful to behold, and its life force was already on the verge of extinguishing.

"Please spare my life, let me go, and we won't bother each other again!"

The Green Emperor lay weakly on the ground, looking at Su Yi and spoke.

Su Yi pondered. The Green Emperor was heavily injured, and it seemed like it was really on its last breath. This appearance was definitely not an act.

But to kill a powerful Demonic Emperor Realm creature, Su Yi had no idea how to proceed. After all, Demonic Emperor Realm creatures could protect themselves. If he pushed this guy too far, there was a risk of it self-destructing with a demonic core, and that was not a joke.

Su Yi approached, looking at the body of the Green Emperor Crying Snake. If he let the Green Emperor go, news of the mysterious space might spread. So, he absolutely cannot let the Green Emperor go.

"Boy, prepare to die!"

Suddenly, while Su Yi was deep in thought, the Green Emperor's eyes burst with fierce light. Its terrifying mouth opened wide, and its bloodstained body leaped forward, aiming to bite Su Yi in one go!

Chapter 665: The Tragic Green Emperor!

In an instant, it happened so quickly.

Even the Dark Golden Demon Falcon and the Wolf-headed Demon Bat were shocked.

Su Yi, feeling uneasy, prepared himself and quickly retreated using the Hundred Transformations Step.

"Boom..."

The empty space was filled with lightning and thunder, and bolts of red lightning struck directly at the body of the Green Emperor Crying Snake.

"Sizzle..."

"Splash..."

Electric arcs wreaked havoc, overwhelming the creature's spirit, causing the Green Emperor to instantly spurt blood and leaving its body in a pitiful state.

But then, everything in the empty space disappeared once again.

Su Yi stepped back, still in shock, taking a deep breath as he narrowly escaped the Green Emperor's deadly attack.

The Green Emperor was too cunning, pretending to compromise, forcing Su Yi to be even more cautious.

"This little snake is so wicked."

Su Xiaoshuai cursed loudly, his small eyes filled with disgust and disdain as he looked at the pitiful body of the Green Emperor Crying Snake.

The Green Emperor was filled with fear, reaching the epitome of misery.

The Demonic Emperor Realm thought that by swiftly killing the boy, everything would disappear and this mysterious place would belong to it.

But the Green Emperor never expected to be defeated again with just one blow.

"It seems... "

Looking at the Green Emperor, Su Yi looked puzzled, as if he sensed something unusual.

"Let's give it a try!"

Gritting his teeth, Su Yi took a step towards the pitiful Green Emperor.

"What are you trying to do?"

As Su Yi approached, the Green Emperor's expression turned wary. It believed that Su Yi was controlling the terrible red lightning.

"Just the Demonic Emperor Realm, huh? You just wanted to kill me."

Su Yi sneered, forming hand seals, activating the Supreme Chaotic Yuan Technique. A hand seal directly struck towards the Green Emperor.

"Kid, you dare to be so disrespectful!"

The Green Emperor felt wary, but as a prestigious Demonic Emperor Realm, it couldn't tolerate being underestimated by this boy. Its aura surged, its colossal tail thrashed, and it was about to strike back at Su Yi .

Boom...

But in just an instant, the void once again flashed with lightning, accompanied by a powerful gust of wind. A multitude of red thunderbolts descended from the sky.

The red lightning bolts, dense like scarlet threads, struck the body of the Green Emperor's Crying Snake.

Boom boom boom...

The Green Emperor was engulfed in raging thunder, his skin torn, and blood flowing.

Waa...

Unable to withstand the lightning, the Green Emperor let out a miserable cry.

Crash!

Su Yi also landed a palm strike on the Green Emperor. Despite being a powerful being from the Demonic Emperor Realm, he was now injured and bleeding from the impact of Su Yi's strike.

Huh.

Noticing this, Su Yi's eyes filled with delight. He formed a fist, enveloped in red light, and launched another punch.

"Kid, I won't let you get away with this!"

The Green Emperor roared angrily. As a formidable being from the Demonic Emperor Realm, he had never suffered such humiliation, especially at the hands of a human from the Yuan Spirit Realm. His rage surged within him.

Boom...

The empty space rumbled, with constant flashes of lightning and thunder, and large patches of red lightning seemed to fall like electric pythons.

"Boom boom boom boom..."

"Wo wo..."

"Boom!"

The Green Emperor's body, which was already extremely tragic, exploded one after another, with blood and flesh splattering, leaving behind a skeleton, and the sound of screams never stopped.

Su Yi, with a punch, directly smashed the Green Emperor's shattered body, causing a bloody hole to appear, with chunks of flesh turning over.

"How terrifying!"

The Blood Spiritual Ginseng, Wolf-headed Demon Bat, and Dark Golden Demon Falcon, who were not far away, were amazed and trembling with fear.

They could all feel the horror of the red lightning.

Especially the Blood Spiritual Ginseng, this red lightning was even more terrifying than the lightning it faced during its tribulation.

The body of the Green Emperor Crying Snake churned, in unbearable pain, and its eyes, like blood moons, were completely replaced by fear.

At this moment, only the Green Emperor itself knew best the terror of the red lightning, and even more terrifying was the immense oppressive aura contained in the red lightning.

The power of thunder accompanied by a terrifying presence, with each strike crushing the Green Emperor's spirit, making it unbearable, as if its spirit would be directly shattered.

"Just as I thought."

Su Yi laughed, as he had expected. Once inside this mysterious space, if the Green Emperor wanted to harm him, the presence would immediately punish it.

The thunder wouldn't take the Green Emperor's life, but it would leave it badly injured.

"It seems that the Crying Snake is suppressed by this space."

Ling Qianxue spoke inside Su Yi's mind, sensing something and sounding surprised.

"May good people always be safe, haha."

Su Yi laughed, with a smile, and left the mysterious space directly.

The commotion outside might attract some demon beasts. After all, within the Forest of Demons, there are still many strong individuals. The mysterious space cannot be exposed.

Walking out of the mysterious space, Su Yi looked around carefully and was relieved to see that there were no living beings nearby. He immediately leaped away.

As for the Green Emperor, Su Yi was now completely at ease knowing that he was still inside the mysterious space.

The Green Emperor, trapped inside the mysterious space, had no chance of escape.

Inside the mysterious space, the Green Emperor looked dreadful as he watched Su Yi disappear. His fearful eyes fell upon the Blood Spiritual Ginseng, the Wolf-headed Demon Bat, and the Dark Golden Demon Falcon.

As a powerful member of the Demonic Emperor Realm, the Green Emperor carefully observed the Wolf-headed Demon Bat and the Dark Golden Demon Falcon, sensing their extraordinary presence.

The Blood Spiritual Ginseng from the Demonic Void Realm also emitted an unusual aura.

After carefully surveying everything in this space, the Green Emperor's eyes widened with surprise.

The Green Emperor wanted to escape, to leave this strange space, but he realized that there seemed to be no way out.

"What about the big snake? Did we take care of it?"

In the jungle, Su Yi leaped in the air, while Su Xiaoshuai stood on Su Yi's shoulder, excitedly talking.

"Let's eat snake soup later," Su Xiaoshuai said.

Su Yi smiled faintly. Right now, the most important thing is to find a safe place.

"What is snake soup? Is it delicious?" Su Xiaoshuai suddenly became interested when food was mentioned.

After about an hour, the sun had set and a red glow covered the endless jungle.

There were towering mountains and interconnected valleys.

Su Yi appeared and searched for some big rocks, knocking and tapping on them.

"What are you looking for, boss?" Su Xiaoshuai flapped his wings and followed by Su Yi's side, full of curiosity.

"We didn't bring a pot, so we need to find something to stew the snake soup in," Su Yi said seriously.

After a while, Su Yi felt satisfied. He found a large rock and took out a sharp tool from the space bag. He directly dug a hole in the rock, creating a big pot.

This is a type of volcanic rock that transfers heat very quickly, and Su Yi is looking for this type of rock.

Then, below a cliff, Su Yi quietly went to an inconspicuous natural hidden cave after making sure that the surroundings were safe.

Based on Su Yi, the man's three years of survival experience in the Forest of Demons, finding a safe hiding place like this is definitely a sign of great experience.

Handprints formed and the mysterious space was summoned once again.

Chapter 666: Snake Soup!

The Green Emperor lay on the ground, covered in blood, resting with his eyes closed.

"Sir," Su Yi said as he walked in. Upon seeing him, the Wolf-headed Demon Bat and the Dark Golden Demon Falcon immediately stepped forward and greeted him.

But at that moment, when they saw Su Yi carrying a large stone pot, a few bowls made from hollowed out fruit shells, and a big bucket of water, the Blood Spiritual Ginseng, the Dark Golden Demon Falcon, and the Wolf-headed Demon Bat all looked at him with suspicion and curiosity.

The Green Emperor stared at Su Yi with his eyes wide open, starting to feel wary instinctively. He said, "Human, what do you want? If you release me, I promise to never trouble you again."

"You think I'd believe you, you wicked creature?" Su Yi looked directly at the Green Emperor, a faint smirk on his face. This cunning and treacherous Crying Snake had deceived him once before, but he wouldn't be fooled a second time.

"Well then, what do you want?"

The Green Emperor hesitated. He felt a sense of fear in this strange space, where his calls to the heavens went unanswered. It seemed like everything was under the control of that young human boy.

"What should I do..." he wondered aloud.

Su Yi looked at the bloody body of the crying snake belonging to the Green Emperor. He squinted his eyes and thought for a moment. Finally, he smiled slightly, raised an eyebrow, and said, "Let's discuss this later. For now, let's have some snake soup."

Then, much to the surprise and confusion of the Green Emperor, Su Yi took out a sharp weapon and approached him.

"What are you planning to do?" the Green Emperor exclaimed, fear evident in his eyes as his energy surged.

"Boom!" Suddenly, the empty space trembled and changed color. A bright red lightning bolt struck down, crackling and sizzling around the Green Emperor.

There were a series of muffled explosions as the Green Emperor spat out blood and let out a painful scream. Any movement of his energy resulted in being struck by lightning.

The intense pain on his body was unbearable for the Green Emperor, but the most unbearable pain was caused by the lightning strikes on his soul.

"I advise you not to act recklessly, or you will suffer the consequences!"

Su Yi said calmly, slowly walking towards the body of the Green Emperor Crying Snake. Then, he raised his hand and prepared to cut the meat for stewing snake soup.

"Young man, I will fight you..."

The Green Emperor roared in anger, unwilling to let this human dare to cut his meat right in front of him.

"Boom, boom, boom..."

But before the Green Emperor could finish speaking, a series of lightning strikes came down.

"Wu wu..."

The pitiful Green Emperor cried out in pain, his voice getting weaker and weaker, on the verge of death.

Then, a large piece of snake meat was directly cut off by Su Yi.

"This meat has a bit of a burnt taste."

Su Yi sniffed the snake meat in his hand, smelling the charred scent of the lightning strikes.

After rinsing the meat with water, Su Yi sliced it and placed it on a stone pot.

Without any ingredients, Su Yi looked for some fragrant herbs and spiritual medicines in the medicinal field and put them into a stone pot.

"Sizzle..."

Then, Su Yi formed hand seals and used his fire elemental energy to cook the meat.

The Green Emperor could clearly see everything happening right before his eyes.

The humans cut the meat in front of it and started cooking, which made the Green Emperor unable to hold back and spurt out fresh blood again.

"So this is snake soup!"

Su Xiaoshuai finally understood what snake soup was about. It turned out they were going to eat this big snake.

The Wolf-headed Demon Bat, Blood Spiritual Ginseng, and Dark Golden Demon Falcon were dumbfounded.

Cutting the meat of the Crying Snake from the Demonic Emperor Realm and cooking it right in front of it, this was too bold and powerful.

Soon, the stone pot was filled with a mouthwatering aroma and the scent of the meat wafted through the air.

The spiritual medicines and herbs in the stone pot emitted a radiant glow, accompanied by a strong wave of energy, making everyone crave it.

Inside the stone pot, the snake soup was simmering. The fragrance of the various medicinal herbs and ingredients has completely removed its fishy smell, leaving only the aroma of the meat.

The Crying Snake, belonging to the Demonic Emperor Realm, contains a powerful energy within its flesh. Stewed with medicinal herbs, it becomes snake soup, clear and shiny, with sparkling colors and a delightful fragrance that fills the entire mysterious space.

"Oh, it smells so good!"

Su Xiaoshuai, unable to resist any longer, finds the fragrance incredibly tempting.

"Gurgle..."

The Dark Golden Demon Falcon and the Wolf-headed Demon Bat, upon smelling the aroma, couldn't help but salivate.

Even the Blood Spiritual Ginseng caught a whiff of it, its leaves shimmering.

"Boss, do you think adding some ginseng roots would make it even more delicious?"

Su Xiaoshuai had his eyes on the Blood Spiritual Ginseng, constantly longing for its taste.

"Little bird, don't even think about it."

The Blood Spiritual Ginseng's eyes widened in fear when it saw the fiery look in Su Xiaoshuai's eyes, and it quickly burrowed underground, afraid that Su Xiaoshuai would attack it directly.

"Sigh... I was just saying it casually," Su Xiaoshuai said somewhat regretfully.

"Alright, let's start eating!"

The snake soup was ready, and as Su Yi closed his hands in a gesture, he smelled the savory aroma and couldn't help but lick his lips. It had been a long time since he had eaten meat.

Using a bowl made of fruit shell, Su Yi filled it with a bowl of soup. The soup was slightly cool, and as he took a sip, he could taste its smooth texture and delicious flavor, rich and fragrant.

"I want to eat too," Su Xiaoshuai couldn't contain his excitement anymore, he was eager.

"Here you go," Su Yi gave Su Xiaoshuai a large bowl and also prepared a portion for the Dark Golden Demon Falcon and the Wolf-headed Demon Bat.

"It's delicious, so delicious!" Su Xiaoshuai gulped it down, eating with great delight.

"The flesh and blood of the Crying Snake from the Demonic Emperor Realm is a treasure."

The voice of Ling Qianxue echoed in Su Yi's mind. At this moment, the aroma of meat was tempting him, and Ling Qianxue only knew about Su Yi's cooking skills.

"Woo, woo..."

The Green Emperor cried out miserably not far away, watching helplessly as his own meat became snake soup, being devoured by someone with great delight. You can imagine the frustration in his heart.

But what made the Green Emperor even more frustrated was that he couldn't resist salivating at the smell of the meat. It was his own meat, after all.

"I still want to eat, it's so delicious."

A large bowl of snake soup went straight into Su Xiaoshuai's stomach in three gulps.

"Here."

Su Yi reluctantly served the Green Emperor another big bowl.

After consuming the snake soup, Su Yi felt a warm energy spreading inside his body after a while.

The flesh and blood of the Crying Snake from the Demonic Emperor Realm contained energy. Combined with several medicinal herbs and spiritual medicines, Su Yi knew the benefits of the snake soup.

"I still want to eat."

Su Xiaoshuai gobbled and swallowed down a bowl of snake soup, then he went straight to devouring the stone pot as well.

"Leave me some!"

Su Yi, also a man, rushed to save some, but could only manage to fill up another bowl.

That big pot of stone pot, with dozens of pounds of snake meat, except for a small portion for the Dark Golden Demon Falcon and the Wolf-headed Demon Bat, and two bowls for Su Yi, the rest was devoured by Su Xiaoshuai.

Chapter 667: The Despair of the Green Emperor!

Su Xiaoshuai's little belly was like a bottomless pit.

It is truly hard to imagine how Su Xiaoshuai's little belly could fit so much snake soup.

After eating and drinking enough, Su Yi sat cross-legged on the spot. The snake soup did him good, and he also had some lingering injuries inflicted by the Green Emperor at the beginning that needed healing.

"Ah..."

Su Xiaoshuai let out a satisfied burp, flapping his wings and patting his round tummy. Then, he moved aside, closed his eyes slightly, and his body began to emit a radiant glow.

The Wolf-headed Demon Bat and the Dark Golden Demon Falcon also seemed to have gained some benefits. They each moved aside and began to meditate, absorbing the advantages of the snake stew.

Time passed slowly, and everything in the mysterious space became calm.

The Green Emperor Crying Snake's body was bleeding profusely and twitching in intense pain. Its bronze-like eyes occasionally blinked, seeming weak and pondering something.

"Ooo..."

At a certain moment, a fierce light flashed in the Green Emperor's eyes. At the same time, it suddenly rose up, emitting another burst of light. It opened its fierce mouth wide and lunged straight at Su Yi.

"Boom boom boom!"

Suddenly, a series of bright red lightning struck again. The poor Green Emperor was knocked over, with blood holes all over his body, his four wings shattered, and not a single part of him unharmed.

"Woo...woo..." The Green Emperor cried out in agony. This series of lightning completely frightened him, and his beastly soul trembled.

Su Yi, sitting cross-legged, opened his closed eyes and glanced indifferently at the Green Emperor, who had been blasted away by the lightning. Then, he continued to close his eyes and breathe calmly.

The Green Emperor was horrified, his eyes filled with fear. The energy within his body couldn't circulate at all. Once the energy fluctuated, it would immediately be struck by the terrifying lightning. His body was already in a pitiful state, and even if he wanted to self-detonate the demonic core at this moment, it would be impossible. Once his aura fluctuated, he would be mercilessly bombarded by the lightning.

After several hours, the bright red light around Su Yi's body dissipated, and he opened his eyes.

Feeling the changes in his body, Su Yi smiled faintly. This snake soup is indeed delicious and brings many benefits, allowing him to gain further improvements in his cultivation in the Yuan Spirit Realm's ninth level.

Su Xiaoshuai, the Dark Golden Demon Falcon, and the Wolf-headed Demon Bat are still absorbing and refining the benefits.

Su Yi looked at the body of the Green Emperor Crying Snake, his gaze causing the Green Emperor to instinctively show fear, thinking that Su Yi was going to deal with it again.

"What do you want to do?" the Green Emperor spoke, looking at Su Yi with genuine fear.

The pitiful Green Emperor originally thought this was a great opportunity, a chance for it to dominate the world. Now it realizes that it's just had a stroke of bad luck, encountering this kid. Because it underestimated and didn't consider a mere human boy in the Yuan Spirit Realm, it has ended up in such a miserable situation. Even as a Demonic Emperor Realm, it doesn't even have a chance to self-detonate its demonic core.

"What do I want to do?"

Su Yi, upon hearing this, raised an eyebrow slightly, unsure of what he should do at the moment. He originally wanted to kill the Crying Snake to protect Man City, but now he saw that the Green Emperor had no choice but to be honest within this space. Su Yi couldn't help but feel a bit regretful about killing the Green Emperor.

"How about I give you a chance to submit to me?" Su Yi asked, looking at the Green Emperor. He pondered that even if he obtained a demonic core, it would be much stronger to have a formidable Demonic Emperor Realm expert by his side if he could make the Green Emperor submit.

Since leaving Man City until now, Su Yi increasingly understood that relying on himself alone was not enough. He wondered why people were most fearful of Sacred Mountain, a massive entity. Generally, it wasn't just one person from Sacred Mountain that people feared, but a group of powerful individuals. It was this group that made Sacred Mountain formidable.

"Kid, you're dreaming. I am the Demon Emperor, how could I submit to a mere human like you," said the Green Emperor coldly. Even if it was in a pitiful state, it would never submit to a small human, even in death. It is Crying Snake, it is the Demon Emperor, and it has its own pride.

"If you won't submit, that's alright too."

Su Yi shook his head. It didn't matter anyway, even if the Green Emperor were to submit now, he wouldn't easily believe it.

"Boss!"

"Sir."

Su Xiaoshuai, Wolfbat, and Dark Golden Demon Falcon all woke up and stood before Su Yi.

"The taste is good, when can we have snake soup again?" Su Xiaoshuai blinked his eyes, looking at the Green Emperor, remembering the taste of that snake soup, his mouth started to water.

Looking at Su Xiaoshuai, the Green Emperor couldn't help but feel fearful. It had seen firsthand how big the appetite of this little bird was. What's more, for some unknown reason, its animal spirit was stirring.

"Let's eat later, first we need to hurry on our way," said Su Yi. This was the Forest of Demons, not a friendly place. It was better to leave early. The Black Fiend School, Emperor Blazing Dragon, encountering any of them would be disadvantageous. Especially Emperor Blazing Dragon, who could trick the Green Emperor into a mysterious space. But the same might not be true for Emperor Blazing Dragon.

After a moment, in the valley, Wolfbat spread its wings and carried Su Yi away. Su Yi sat cross-legged on the back of the Wolf-headed Demon Bat, forming hand seals and continued with his meditation.

Su Xiaoshuai, perched on Su Yi's shoulder, curiously surveyed the surroundings. Occasionally, it would spread its wings and flutter faster than Wolfbat.

Su Yi couldn't let Su Xiaoshuai roam freely in the mysterious space anymore, afraid that it might not be able to resist the temptation and eat the Green Emperor.

After all, Ling Qianxue had mentioned that Su Xiaoshuai, this little guy, needed to consume the flesh and blood of the demon race, which is his food.

In the vast sky, within the Forest of Demons, occasionally there were fierce birds passing by. They could sense the aura emanating from Wolfbat from a distance and would avoid getting too close.

Having Wolfbat as a means of transportation made things much easier for Su Yi.

As another day came to an end, Su Yi found a safe and hidden spot to rest. He planned to stay in the mysterious space overnight and continue his journey the next day. Wolfbat also needed to rest.

"Young man, we're not done yet..."

A scream echoed within the mysterious space. The pitiable Green Emperor had several pounds of flesh and blood forcefully torn from his body by Su Yi. Just as he tried to resist, he was struck by a fierce bolt of lightning.

With skillful expertise, it didn't take long for a big pot of snake soup to once again fill the air with a tantalizing aroma.

"So delicious!" Su Xiaoshuai drooled, his mouth watering.

Soon, Su Yi, Su Xiaoshuai, Wolf-headed Demon Bat, and Dark Golden Demon Falcon enjoyed their feast. Then, one by one, they took deep breaths and absorbed the benefits contained in the flesh of the Crying Snake and the spiritual medicine.

"Oh, oh..." cried the Green Emperor in agony, wailing uncontrollably. It was a heartbreaking sight.

The next morning, Wolfbat continued to carry Su Yi towards the Chaos Realm.

Su Xiaoshuai spread his wings and soared through the sky, sometimes hovering and sometimes diving, filled with excitement.

Chapter 668: The Mercenary Team!

Su Yi looked at Su Xiaoshuai with a smile in his eyes, then closed his eyes and continued to breathe deeply.

As night fell, everything continued.

Inside the mysterious space, the Green Emperor screamed and howled in pain as large chunks of flesh were mercilessly cut from its body.

The Green Emperor wanted to resist, but it had reached a point where it was too weak to fight back. It was barely clinging to life, forced to watch as Su Yi cut meat from its body.

To make matters worse, Su Yi collected every drop of its blood as he cut its flesh.

The powerful beings of the Demonic Emperor Realm, the strong ones from the Crying Snake clan, are now as helpless as captive birds. Their treatment is even worse than that of domesticated birds. If other powerful beings were to see this, they would surely be shocked.

"Let's have grilled meat today, to try a different flavor."

After eating snake soup for two consecutive days, Su Yi was starting to get tired of it. Although snake meat is not ideal for grilling, it can still be done. After some cleaning and using medicinal herbs to remove the gamey taste, the delicious smell of grilled meat quickly filled the air.

"It smells so good..." Su Xiaoshuai couldn't stop the drool from flowing. He had been eagerly waiting for this.

The Dark Golden Demon Falcon and the Wolf-headed Demon Bat were also salivating.

Finally, they all devoured the food eagerly.

The Green Emperor looked hopeless. Its flesh was being enjoyed in different ways, and even under the tempting aroma, it couldn't help but drool.

"Sigh..."

Ling Qianxue sighed for the Green Emperor. Not many of the mighty beings from the Demonic Emperor Realm would end up in such a pitiful state.

The next day, Su Yi stopped meditating and noticed that Wolfbat and the Dark Golden Demon Falcon, as well as Su Tianque, were still meditating. They had fluctuations in their energy, as if they were about to make a breakthrough.

"You, kid, just kill me!"

The Green Emperor looked at Su Yi with despair. Even though it was a powerful creature from the Demonic Emperor Realm, it now only wished for death. It felt better to die than to suffer like this.

"The flesh of the Demonic Emperor Realm is a treasure. Don't you dare die. I want to have a few more meals." Su Yi said and then left, disappearing into the space.

The Green Emperor's eyes were filled with despair. It hated itself for encountering this human kid.

Wolfbat and the Dark Golden Demon Falcon seemed to show signs of breaking through again, and Su Yi didn't want to disturb them.

The Green Emperor, as a powerful being from the Demonic Emperor Realm, had a lot of energy stored in its flesh. It would be of great benefit to Wolfbat and the Dark Golden Demon Falcon. After a few days of eating snake soup and roasted meat, both Wolfbat and the Dark Golden Demon Falcon had gained tremendous benefits.

Even Su Yi had benefited greatly in the past two days, gaining enormous advantages.

The vast forest rose and fell with rolling hills.

During these two days, Su Yi made sure to stay on the outskirts of the Forest of Demons, not daring to venture too deep. Although it meant a longer distance, it was safer than taking risks.

Without the Wolf-headed Demon Bat to rely on for transportation, Su Yi had no choice but to navigate through the Forest of Demons on foot, which significantly slowed him down.

Fortunately, with Su Yi's current speed, he wasn't too slow, and he could intimidate the demon beasts along the way by emitting his aura.

However, within the Forest of Demons, there were many adventuring teams and mercenary groups. Su Yi didn't want to attract unnecessary trouble, so he actively avoided them whenever possible.

But sometimes, he couldn't avoid them, and that happened now.

It was a small mercenary group of thirty people, each of them exuding a murderous aura, armed with weapons, bustling and seemingly successful.

"Hey, such a young lad dares to come here? Is he alone?"

As the mercenaries looked at Su Yi, they seemed surprised and were scrutinizing him.

"Look at this lad, he doesn't seem to have anything valuable on him. He's not a little girl, so he won't bring us any joy. Let's go."

Someone burst into laughter. It was normal to encounter robberies in the Forest of Demons. However, considering Su Yi's age, it seemed unlikely that he had anything valuable on him. No one paid any attention to him.

"Wait, boss. This kid doesn't seem ordinary. Being alone here, he might be a disciple from one of those prestigious sects who got separated from their masters. He might have some treasures on him."

A short and sturdy man fixed his gaze on Su Yi. He sensed that the young man before him had an extraordinary temperament. Perhaps he was a disciple from a renowned sect who got separated from his sect's powerful elders and was now experiencing challenges.

"Swish, swish..."

Upon hearing this, many gazes immediately fell upon Su Yi, a man. It was normal for disciples from prestigious schools to come to the Forest of Demons with their strong masters for training, so there was nothing strange about it.

Generally speaking, no one dares to provoke disciples from these prestigious schools.

But it's different for a lone disciple from a prestigious school.

These disciples from prestigious schools naturally had remarkable gains on them, some even had many treasures. This was an irresistible temptation for the mercenaries in the Forest of Demons.

As Su Yi scanned the area, he saw around thirty mercenaries, most of them in the Yuan Xuan Realm, and there were also three who seemed to be in the Yuan Spirit Realm. The strongest one looked like they were at the sixth or seventh level of the Yuan Spirit Realm.

"Get lost or I won't be polite!"

Seeing the puzzled gazes of the mercenaries, Su Yi already knew that this group of people had set their sights on him.

Su Yi, a young man, didn't want any trouble. But he was not afraid of the trouble that had found him.

"I didn't expect this guy to be so arrogant!"

"He must have come from a prestigious sect. He doesn't know his place. Today is a good day for him to learn his lesson!"

Hearing Su Yi's words, the mercenaries paused for a moment, then burst into laughter. They lived a dangerous life every day and did not consider Su Yi, a young boy, to be a threat. Even though he was a disciple of a prestigious sect, what could a kid like him do?

"Let me see how capable this kid is and how extraordinary this prestigious sect really is!"

A tall and strong man, with a fierce gaze, smiled indifferently. He wielded a large axe dripping with blood. The aura of the Yuan Xuan Realm, the ninth level, emanated from him as he swung the axe directly at Su Yi.

The man's attack was simple, not fancy, but it was effective and sharp. It was the result of years of honing his skills.

"You're seeking death!"

In the eyes of Su Yi a chill flickered. He had no grudge against this mercenary group, but this big man showed no mercy in his attack. If it were someone else, they might have been killed on the spot. Su Yi thought of Fatty Wang and Su Wan'er and wondered what would happen if they encountered this group in the Forest of Demons. This angered Su Yi.

"Swish!"

The big man's blade came down, directly slashing at Su Yi.

With all eyes on them, everyone was surprised to see that the young man was not cut in half and spraying blood, but instead, his figure slowly disappeared.

"Be careful!"

The leader of the group suddenly changed his face dramatically and exclaimed. With his experience, he sensed something was not right.

But it was too late. Su Yi's figure appeared beside the fierce big man who had just attacked. He landed a punch with his left hand and simultaneously grabbed the man's knife handle with his right hand.

Chapter 669: The Holy Maiden and the Saint Child!

"A loud crash!"

With a heavy thud, the burly man was sent flying like a sandbag, blood spewing from his mouth. The large knife he had been holding now lay in Su Yi's hand.

The man crashed to the ground and struggled to get up, fear in his eyes. The energy vortex within him had been violently ruptured, rendering him powerless.

The scene unfolded so quickly that the dozens of onlookers found it hard to process.

"He's not someone to be trifled with!"

Several leaders of the Yuan Spirit Realm were the first to regain their senses, realizing that this young man was no pushover. He was a formidable warrior from a prominent sect.

"Swoosh, swoosh..."

In no time, thirty mercenaries formed a tight circle, trapping Su Yi within. Their weapons were unsheathed, emanating a deadly aura.

"It seems you're all too familiar with shedding blood!"

Su Yi, a young man, looked around with a cold gaze. These mercenaries were not good people, they must have done many bad things like killing and looting.

"Get rid of this kid!"

The leader of the Yuan Spirit Realm mercenaries shouted in a low voice. No matter how strong this kid was, he couldn't possibly deal with all of them together. This talented young man likely had some valuable treasures on him, maybe even some powerful cultivation methods or martial arts from prestigious sects. It would be a fortune to have them.

"Whoosh, whoosh..."

In an instant, several figures were already rushing towards Su Yi from all directions, ready to kill him.

"Hmph!"

Su Yi snorted coldly and used his Hundred Transformations Step. His figure became like phantom shadows, swiftly moving around.

"Swoosh, swoosh..."

The blades were sharp, as fast as lightning.

"Ah..."

The sound of screams filled the air, and blood sprayed.

With Su Yi's current level of cultivation, these mercenaries may be numerous, but they are no match for him. They couldn't even touch the hem of his clothes and were all knocked down in no time.

"Whoosh..."

"Ahh..."

Screams and cries filled the air as bodies flew backwards, blood spraying everywhere.

The Yuan Spirit Realm mercenaries didn't even have a chance to use their elemental transformations before they were taken down.

"Swoosh..."

Like a bolt of lightning, Su Yi's figure stood tall in the midst of the scene.

Twenty-seven mercenaries, some missing arms, others with severed legs, cried out in pain as blood spurted out.

The whirlpools of energy within their bodies exploded, rendering them crippled from that point on.

With screams of agony and fear in their eyes, the mercenaries struggled and looked up at the young man wielding a bloodied blade. It dawned on them that this young man was not a delicate flower sheltered within the prestigious sects, but a fearsome jinx.

Su Yi's expression turned slightly cold as he thoroughly plundered the spoils from all the mercenaries. With a swift movement of his energy, he departed.

His figure moved through the jungle. Su Yi had just obtained a few unsealed space bags from these mercenaries. However, the contents inside did not hold much allure for him at the moment.

"Chaos Realm is even more chaotic than the Forest of Demons," Ling Qianxue's voice echoed in Su Yi's mind.

"I am curious to see what it's like," he replied with a faint smile. For cultivators like him, the chaos within the Chaos Realm was more like paradise.

"It may be even more complicated than you imagine," Ling Qianxue's voice said, lacking warmth. It carried a seductive and lazy charm, but after spending some time with Su Yi, she understood that with his cunning and ingenuity, very few people could take advantage of him.

"That's something you'll only know if you give it a try," said Su Yi.

"That girl from Sacred Mountain, Liu Ruoxi, seems to have a good opinion of you. She's quite talented, but she's also the Holy Maiden of Sacred Mountain. No wonder Sacred Mountain seems hesitant about divorcing you," Ling Qianxue whispered.

"The Holy Maiden, what is that?" Su Yi didn't quite understand.

"Those who become the Holy Maiden or the Saint Child of the Sacred Mountain are the most extraordinary disciples and highly valued by Sacred Mountain as the next generation," explained Ling Qianxue. "That's why Sacred Mountain doesn't think highly of you and wants to divorce you."

"But it's not up to Sacred Mountain to decide the divorce," Su Yi said calmly.

"That girl is indeed impressive, even among humans. You have set your sights on her, so it's no wonder you don't want a divorce," added Ling Qianxue.

"Why am I suddenly the villain?" Su Yi sighed.

"Sacred Mountain is a powerful force. If they insist on the divorce, what can you do?" Ling Qianxue whispered.

"Sacred Mountain, one day I will set foot on you!" A faint red light flashed in his eyes and disappeared.

Feeling the emotions in Su Yi's heart, Ling Qianxue fell silent for a moment before continuing, "You do indeed have something extraordinary about you, with many secrets in your possession, including that treasure of space. But throughout history, there have always been young talents among humans who possess exceptional abilities, yet they perish without ever soaring to the sky. How can you, alone, contend against Sacred Mountain?"

Su Yi remained silent, as he had pondered this question before. That's why he didn't kill the Crying Snake or the Green Emperor.

Even if he was powerful, Sacred Mountain was indeed a formidable force.

Deep in thought, Su Yi realized that Ling Qianxue's words made sense.

"I am not alone either, right?"

After a moment, Su Yi smiled slightly and said to Ling Qianxue, "Don't I still have that little guy Su Xiaoshuai?"

Su Yi carried a feeling of excitement in his heart. He knew he wasn't alone anymore. Besides Su Xiaoshuai, there were also the warriors from the Divine Demonic Sect, like Hu Chi and Xiong Zhan. Given enough time, the Divine Demonic Sect would surely emerge once again in the world.

Upon hearing this, Ling Qianxue couldn't help but be amazed. Indeed, Su Yi now had Su Xiaoshuai by his side, as well as a baby Divine Bird Phoenix. Given time, they would become formidable beings.

As dusk approached, the colors grew richer. The towering mountains were bathed in a golden hue from the setting sun, shining brilliantly against the forest, creating a breathtaking sight.

As the sky darkened, Su Yi appeared on top of a towering tree, surveying his surroundings. He planned to find a safe and secluded place to rest before continuing his journey the next day.

Suddenly, a deep and muffled sound echoed from a distance within the peaceful forest, accompanied by fluctuations in energy.

"It seems like a powerful human. They have great strength," Ling Qianxue's voice echoed in Su Yi's mind.

"What happened to the powerful humans in the Forest of Demons?" Su Yi wondered.

"It's better to stay away."

Without hesitation, Su Yi made a quick decision. As a strong individual, it was best to avoid getting involved, even if something important was happening. He couldn't participate, even if it was a treasure hunt, as it had nothing to do with him.

Soon, Su Yi's figure disappeared as he deliberately moved away from the direction of the commotion.

Chapter 670: Goodbye, Xi Wuqing!

When Su Yi appeared again, he was already in a hidden little valley.

The entrance to a small hidden cave was inconspicuous, but inside, it was marvelous and spacious enough for several people.

Su Yi glanced around, then entered the cave.

Just a moment ago, there was a powerful individual nearby, so Su Yi didn't dare to summon the mysterious space. Instead, he sat cross-legged in the cave to meditate and recover his energy.

Time passed slowly, and night fell.

"Roarrrr..."

In the distance, there came the roar of a beast, its echoes reverberating through the valley.

"Whoosh..."

A ray of light filled the small valley, illuminating it. Suddenly, a figure descended and landed in the valley.

It was an old man with bright, chestnut-colored eyes. He wore a black robe, and a radiant glow surrounded him. His presence was powerful, causing tremors in the air.

But at this moment, the old man appeared extremely disheveled, with tousled hair and blood dripping from his mouth.

Inside the cave, Su Yi quickly closed his palm, instantly concealing his presence. He stealthily approached the cave's entrance and glanced outside.

Not far from the cave, there was a figure in a black robe leaning against the cave wall. The figure emitted a strong aura, but it was evident that they were in a sorry state, their robe stained with blood.

As Su Yi caught a glimpse of this figure's back, it stirred a familiar sensation in him.

"Boom!"

Soon, another powerful aura descended from the sky, and a formidable figure floated above, looking down upon the one before him.

There was an old man in a long robe, with his hair in a bun, tall in stature, with fiery eyes and a powerful presence.

"Xi Wuqing, I told you that this time you won't escape!" The newcomer spoke with a deep and menacing voice, his eyes filled with a cold smile.

"Xi Wuqing..." When these three words were uttered, Su Yi's heart trembled.

"Fire Dragon Master, are you absolutely sure that you can kill me this time? If I don't die, you will regret it!" Xi Wuqing said defiantly.

The old man in the black robe stood tall in the valley, his aura radiating, shining like a godly figure. He gazed at the Fire Dragon Master before him, despite looking disheveled, his presence was still powerful and astonishing.

"It's him, really him, Lifetaken Yama Xi Wuqing!" Su Yi's heart raced, recognizing the familiar figure from before the cave.

"Don't worry, this time I will make sure you are completely destroyed!"

The Fire Dragon Master spoke, his gaze fixed on Xi Wuqing, his eyes filled with frosty light.

"Then come, many people from your Tianlong Sect have said the same, but they all ended up dead by my hands!" Xi Wuqing's iris turned cold, a chilling aura enveloping him as he stared at the Fire Dragon Master.

"Tianlong Sect..."

Su Yi's heart trembled once again. Tianlong Sect, another formidable existence among the One Mountain, Two Religious Sects, Three Sects and Four Schools, mentioned in the same breath as the Sacred Mountain. And this opponent of Xi Wuqing is actually from Tianlong Sect.

"This time, you will fall by my hand!"

The Fire Dragon Master spoke, his energy surging and igniting a layer of bright flames on his body. In the radiance, one could see a pale complexion and faint traces of blood.

"Boom!"

Xi Wuqing did not respond, his disheveled hair swaying as he stared at the Fire Dragon Master above him, radiating brilliance and shaking the valley with his aura.

"Today, you meet your end!"

Fire Dragon Master, who had fiery elemental energy enveloping his body, unleashed a sea of flames. In an instant, the towering trees in the valley withered away, consumed by intense heat. Extending his palm, covered in flames, he moved towards Xi Wuqing, a man.

Xi Wuqing's eyes narrowed, and he swiftly moved with astonishing speed, seeming to traverse through empty space.

"Is that all you've got?" he scoffed.

Fire Dragon Master was not surprised. He transformed into a streak of light and effortlessly evaded Xi Wuqing's attack. Then, he unleashed a fiery palm imprint, wrapping it around Xi Wuqing.

"If I step into the Sixth Grade of Yuan Emperor Realm, defeating you with one hand will be child's play!" Xi Wuqing declared coldly. He focused his energy, and a powerful aura emanated from his forehead. An ancient presence surrounded him, and the illusion of a dragon emerged.

"Roar!" The dragon bellowed, radiating a dazzling light. It appeared to have traversed through ancient times, carrying a vast killing intent as it pierced through the void, charging towards Fire Dragon Master.

The shadow of a dragon soared through the sky, shaking the space with immense power. Its presence filled the night sky, resembling a real giant dragon that could sweep and destroy everything in its path.

"The remarkable power of the soul, if only you had joined my Tianlong Sect in the past, perhaps today you would be renowned throughout the world. But you underestimated your abilities!" said the Fire Dragon Master coldly. However, the slight narrowing of his eyes showed that he was not at all careless. He formed hand seals, the light around him intensified, and a massive fire dragon roared into existence.

"Roar..."

Two dragons roared, their energy spreading. One exuded ancient pressure and a pervasive killing intent, while the other burned fiercely and engulfed everything around it.

Xi Wuqing and the Fire Dragon Master clashed immediately, their figures colliding with various impacts, sparks flying, and the void echoing with dull thuds.

Inside a small cave, Su Yi dared not make a sound, holding his breath and suppressing his presence.

In a fierce battle between the two powerful emperors, Su Yi watched from inside the cave, feeling his heart race. The overwhelming strength displayed was far beyond what he could comprehend.

"It's that old guy, it seems like he's heavily injured. He's in a lot of danger!" Ling Qianxue's voice echoed in Su Yi's mind. She had encountered Xi Wuqing before.

"Did you say Xi Wuqing is going to lose?" Su Yi couldn't see clearly from the cave, only hearing the rumbling above and the ground shaking, cracks forming.

"That old guy is really strong, a third-grade Yuan Emperor Realm. He can actually fight against the Sixth Grade of Yuan Emperor Realm to this extent. If he hadn't been badly injured, he might have even escaped. As a Soul Tamer, his soul power is formidable," Ling Qianxue's voice held a hint of awe towards Xi Wuqing.

"So Xi Wuqing is also a Soul Tamer." Su Yi only just learned that Xi Wuqing was a Soul Tamer. Hearing Ling Qianxu's words, he grew even more worried for Xi Wuqing.

"Ahh..."

The dragon roared, and the dragon's shadow above shattered into pieces.

"Fire Dragon attack!"

Fire Dragon Master shouted coldly, and a huge blaze engulfed Xi Wuqing.

Xi Wuqing looked serious, radiating bright light. His defense was astonishing, blocking the raging flames.

However, within the flames, a faint fire dragon burst out, crossing the small valley and directly crashing into Xi Wuqing.

"Splat..."

Xi Wuqing coughed up blood, his body falling to the ground, staggering back a few steps, and a mouthful of blood came out of his mouth.

"You are truly at the end of your strength. Let's see how long you can hold on!"

Fire Dragon Master said coldly, his face becoming paler and paler. He left a palm imprint, and flames surged, casting a red hue over the small valley, filled with a murderous aura.

"Hiss!"

Xi Wuqing's expression became solemn, and his figure swiftly dashed away.

"You can't escape!"

Fire Dragon Master was crossing over, his palm imprints enveloping Xi Wuqing, a man. Waves of intense flames surged, expanding like a vast sea of fire, causing the small valley to tremble incessantly. The surrounding mountains cracked, and huge rocks kept rolling down.
