

## Sky&Earth 771

Chapter 771: Cheng Yanhuan!

"Go ahead, you have a part to play anyway!" Su Yi exclaimed, taking big strides forward.

"I didn't even make a move," Xu Chen said with a helpless sigh as he chased after them and walked beside them.

"Whether others believe it or not will depend on them," Su Yi said with a slight meaningful tone.

"Don't threaten me. If you don't sell me the Star Cloud Ganoderma, I will go and report you," Xu Chen hesitated for a moment, but then showed no fear. After all, he didn't really care.

"Go."

Su Yi waved his hand, not taking it to heart.

"You... uh..."

Xu Chen sighed, feeling frustrated as if he had no way to deal with this guy.

Silent mountains, enveloped in darkness before dawn.

"Roarrrr..."

From somewhere unknown, a roar of a beast could be heard in the distance.

In the middle of this ancient forest, a gigantic canyon sprawled out before them. Its winding and intricate path led through steep and mysterious depths, with layers upon layers of rocks stacked together. By the meandering twists and turns of the canyon, it resembled a deep, grayish-white ribbon in the dark of the night, dancing gracefully through the heart of this ancient forest.

The mountains surrounding the canyon soared into the sky, like a series of vertical swords, as if they were separating the heavens and earth.

At the entrance of the canyon, there were no less than thirty or forty figures, each with an eager and excited expression, but also with a hint of unease.

Among them, several young men and women, their bodies stained with blood, appeared quite disheveled. Their faces were pale and they sat cross-legged on the nearby rocks, their eyes slightly closed as they rested and breathed deeply.

Mysterious blood-red hue radiated from these young men and women, giving off a faint glow that illuminated the surroundings with a hazy radiance. There was a fluctuation of extraordinary aura emanating from them, indicating that they were the cream of the crop among the younger generation.

At this moment, if Su Yi were here, he would surely recognize several familiar faces, including Gong Qi from the Divine Sword School, Jian Wuque, and Liu Xiaohu from the Tianxuan Sect.

Each and every one of these young people in the group seems extraordinary.

But at this moment, as they gathered together, everyone seemed to have some apprehension, as they huddled and whispered, discussing something with lowered heads.

This group of disciples, led by Jian Wuque from the Divine Sword School and a young girl who was not older,

This man and woman stood out exceptionally in the crowd, even Liu Xiaohu, who had the identity of a Soul Tamer, appeared slightly dull in front of them.

The young girl had a graceful figure, though she was not very old. Her face was delicate and charming, with a healthy wheatish complexion that lacked the fragility and fair complexion typically associated with women. This added a touch of elegance. She had a small, straight nose and large, bright eyes beneath her curved, long eyelashes.

What was most peculiar about this girl were her pupils, which had a faint golden color, adding a touch of enchantment.

"Someone else came."

A group of people were discussing something, when suddenly, someone's gaze turned towards the outside of the canyon. And then, another person approached.

All eyes turned and gazed towards the canyon, where two figures appeared in the distance.

"Wow, it's really Yi Su from the Overlord Sect!"

Suddenly, someone exclaimed in surprise, and among the two individuals, one of them, a seemingly ordinary young man, turned out to be the renowned Yi Su from the powerful Overlord Sect.

Yi Su from the Overlord Sect immediately captivated every gaze.

Even Jian Wuque and the captivating lady couldn't help but lift their gazes, secretly intrigued.

And the two individuals who arrived are none other than Su Yi and Xu Chen.

"What a handsome person!"

In the crowd, several young women caught sight of Xu Chen, and their eyes widened in fascination as they couldn't help but steal a few extra glances.

Feeling the presence of numerous auras ahead, figures flickered in and out. Su Yi arrived without concealing his tracks, genuinely curious to see if anyone was looking for him or if he would encounter someone from the Sacred Mountain.

"There are so many people, I wonder if anyone is looking for you."

Looking at the group of people ahead, Xu Chen said to Su Yi, his gaze flickering.

Su Yi took a step forward, as he glanced through the crowd, his gaze subtly shifted.

Gong Qi, Liu Xiaohu and others were naturally acquainted with Su Yi, and there was also a remarkable young man from the Divine Sword School, who should be Jian Wuque.

Additionally, there was a weapon refiner from the Tianxuan Sect. Su Yi had also encountered him before, back when they were testing soul quality in the Yutian Palace. His soul was of King Grade, and he seemed to be called Zhao Chuannan.

However, soon after, Su Yi's gaze became somewhat regretful. Among the dozens of people, not a single person from the Sacred Mountain could be found.

"So many people, is there something going on?"

Xu Chen looked around, curious about why so many people had gathered together. He felt certain that there must be something important happening.

Su Yi had already swept his gaze around the surroundings. Jian Wuque, Liu Xiaohu, and others were present. From what he had seen during the day, many people in the gathering were from the Five Sects and Three Schools.

Several people were injured, and they were busy taking the time to heal and breathe nearby, which proved that something significant had definitely happened there.

Without paying attention to the gazes that were directed at him, Su Yi was also a little curious. Perhaps it wasn't anything significant, and these people wouldn't gather together.

"It seems like there is something inside."

Su Yi's gaze fell upon the inside of the canyon. As the others followed suit, their gazes unintentionally or intentionally turned towards the entrance. It was evident that there was definitely something inside.

As the power of his soul was unleashed, Su Yi also sensed an extraordinary presence within the canyon. This caused the temperature in the surrounding empty space to rise significantly.

"You are Yi Su from the Overlord Sect, right? Would you please join us on this journey?"

While Su Yi was sizing up his surroundings, a clear voice reached his ears, and it asked Su Yi a question.

Following the sound, Su Yi caught sight of a stunning and enchanting woman. Wrapped in a sturdy robe, her long and slender legs were outlined, and her body possessed alluring curves, radiating a vibrant youthful aura.

Su Yi could roughly guess the woman's identity. He had seen her at the entrance of the Sanctified Martial Secret Realm, standing at the forefront of the Qiantian Sect's lineup.

Gazing at her demeanor and the intangible aura emanating from her, Su Yi speculated that this woman was likely Cheng Yanhuan, the most renowned figure in the Qiantian Sect.

Upon the sight of her long and slender legs and captivating curves, Su Yi couldn't help but sneak a second glance.

Her style and temperament, compared to Gong Qi beside her, surpassed her in every aspect. But what truly set her apart was the invisible aura emanating from her, giving her a unique and extraordinary charisma.

As Cheng Yanhuan spoke, all eyes around immediately fell upon Su Yi. If this Overlord Sect's Yi Su were to join as well, the odds would greatly increase.

"Go inside there?" Su Yi gazed at the canyon and asked Cheng Yanhuan.

"We received news that there is a vine called Flame Dragon Crystal Vine here, and the Dragon Crystal Fruit has just ripened."

Cheng Yanhuan looked at Su Yi and said, without hiding anything.

She had also heard of Yi Su, the renowned figure from the Overlord Sect. Being able to easily defeat Ouyang Jinwei had already proven his strength and qualified him to enter the sect. This would give her an additional advantage when the time came.

"Flame Dragon Crystal Vine, and Dragon Crystal Fruit!"

Upon hearing this, Xu Chen was also greatly moved.

Su Yi squinted his eyes, his gaze flickering with excitement.

Dragon Crystal Fruit, it is no ordinary thing. It is said that this Flame Dragon Crystal Vine can only grow in places where true dragon bloodline has once resided and left its essence.

It is said that when Dragon Crystal Fruits mature, they become a valuable treasure capable of enhancing the bloodline of demon beasts.

When warriors consume it, they are able to temper their physical bodies, enhance their innate abilities, and cleanse their bones and marrow.

The value of a Dragon Crystal Fruit is immeasurable, comparable to a mid-level yellow-grade elixir. However, it is also considered priceless, as these Dragon Crystal Fruits are extremely rare in the market.

Chapter 772: Provocation!

"But inside, there is a group of powerful Three-headed Dragon-horned Pythons, some of which are at the third grade level in the Demonic Spirit Realm. The strongest one among them is likely to have reached the third grade level in the Demonic Spirit Realm!"

Jian Wuque spoke, "There are several Three-headed Dragon-horned Pythons in the Demonic Spirit Realm, with the strongest one possibly reaching the third grade level. We must be wary of this lineup. Although our group is not small in size, the only ones with cultivation in the Yuan True Realm are me and Cheng Yanhuan. It is said that Yi Su was able to defeat Ouyang Jinwei at the first grade level in the Yuan True Realm, proving his strength to participate. Otherwise, it would be unlikely for just the two of us, Cheng Yanhuan and me, to have a high chance of obtaining the Dragon Crystal Fruit if we were to enter."

Su Yi squinted his eyes and finally understood why these people didn't go in. It turned out that there was a group of Three-headed Dragon-horned Pythons inside.

Su Yi knew about this kind of powerful demon beast. Its true demonic bloodline made it incredibly strong.

Rumors had it that these Three-headed Dragon-horned Pythons possessed the true bloodline of dragons, but it was very rare.

The Three-headed Dragon-horned Python guarded the Dragon Crystal Fruit, presumably wanting to enhance its bloodline. This temptation was irresistible for the demon beast as well.

"When we are together, how should we divide the Dragon Crystal Fruit?"

Su Yi asked Jian Wuque, feeling a sense of familiarity towards the people of the Divine Sword School in his heart.

"The Dragon Crystal Fruit usually comes in sets of three to seven. We will divide them equally based on each person's contribution. If there are not enough Dragon Crystal Fruits, those who didn't receive any will be given other treasures as compensation."

Jian Wuque nodded at Su Yi. This was the plan they had already discussed. Everyone would enter the canyon, but it was certain that there wouldn't be enough Dragon Crystal Fruits.

So, when the time comes, the Dragon Crystal Fruits will be divided based on each person's contribution. Those who didn't receive any Dragon Crystal Fruits will be compensated by the ones who did, with some treasures and benefits.

Su Yi smiled faintly and glanced at the canyon. He shook his head at Jian Wuque and said, "I'm not interested, you guys can go together."

Su Yi was not foolish when it came to Jian Wuque's suggestion.

Several Demonic True Realm Three-headed Dragon-horned Pythons, with the strongest one possibly being at the Third Grade of Yuan True Realm, were present. Although everyone there was not weak and considered outstanding among the younger generation, they were all exceptional individuals. However, Su Yi estimated that only a few of them had the strength to battle against a Demonic True Realm Three-headed Dragon-horned Python.

Among those present, the most powerful were Jian Wuque and Cheng Yanhuan, disciples of the Qiantian Sect. It seemed more certain to him that he would have a better chance of success if he fought alone.

Moreover, besides the few disciples from the Divine Sword School, Su Yi was not familiar with the other people, and there was no trust between them.

Listening to Su Yi's words, the group became visibly moved. Initially, they had hopes that Su Yi would join them, adding an extra chance of victory.

However, now, Yi Su from the Overlord Sect seemed to lack interest in joining forces with the others.

Jian Wuque and Cheng Yanhuan felt a slight tremor in their hearts, their eyes filled with hidden emotions.

"What a lack of interest! Since you don't care about anyone, let's go then. We won't force you, but don't think you can take advantage of us. No one here is foolish!"

With a gentle and chilly voice, Liu Xiaohu spoke. He was dressed in splendid robes, looking quite handsome. His eyes, filled with a hint of coldness, stared directly at Su Yi.

In his heart, Liu Xiaohu felt displeasure towards Su Yi. Every time he saw him, he resented him more, yet there seemed to be a hint of fear deep inside.

Liu Xiaohu had always been unhappy with Su Yi, ever since the detection at the Yutian Palace to the auction. From jealousy, hatred arose. Just now, when he saw Su Yi, he thought they would join forces, so he didn't have much to say. It would be even better if he could get the Three-headed Dragon-horned Python to attack and kill him.

Little did they know, Su Yi had no intention of going there. As they observed Su Yi's expression, it seemed like he wanted to go alone. Liu Xiaohu couldn't hold back any longer.

Liu Xiaohu's words not only won over everyone but also aimed to make Su Yi leave, so that Su Yi couldn't take advantage of the situation.

Listening to Liu Xiaohu's words, the gazes of those present indeed began to subtly shift, becoming more complicated.

Someone had already been persuaded, but Yi Su refused to join, refusing to team up with everyone else. Undoubtedly, this showed a hint of looking down on everyone present, which naturally made these young people, who were already proud and haughty, feel displeased.

And if Su Yi were to follow along into the canyon, but refused to cooperate, it would indeed be suspicious of taking advantage of the situation.

If, at that time, Yi Su from the Overlord Sect were to acquire the Dragon Crystal Fruit, he wouldn't share it equally with everyone else. That would be a huge advantage for him.

Su Yi turned his head and locked his gaze onto the figure of Liu Xiaohu.

Su Yi's deep gaze faintly flickered with a gentle red light in the darkness before dawn, giving off a chilling sensation that grew stronger.

Regarding Liu Xiaohu, Su Yi had a strong impression. Back in the Yutian Palace, if it weren't for Jian Wannian and others intervening, he would have already taken action.

Su Yi hadn't forgotten the expressions and actions of Liu Xiaohu at the auction.

"What did you say? Say it again, please."

Su Yi stared at Liu Xiaohu and spoke calmly.

Feeling Su Yi's gaze, Liu Xiaohu inexplicably began to feel a chill and his heart started pounding.

But with so many people present at the moment, Liu Xiaohu found it difficult to back down due to his pride. In addition, he sensed that with so many people around, everyone had already joined forces. Yi Su was indeed powerful, but no one dared to do anything to him.

Gritted his teeth silently, Liu Xiaohu mustered up his courage and looked directly at Su Yi. He said, "Don't think of us all as fools, looking down on us and refusing to work together. But if you don't want to join forces with us, then don't think about taking advantage of us. We won't force you!"

"You only got half of it right."

Su Yi's gaze remained fixed on Liu Xiaohu as he slowly approached him. He said, "I don't look down on everyone, I'm just looking down on you!"

"What do you want to do?"

Seeing Su Yi approaching directly, Liu Xiaohu instinctively felt fear, and involuntarily took a few steps backwards, his face changing dramatically.

The naming tree's influence on people, Liu Xiaohu understood it well. He knew his own strength was probably inferior to Ouyang Jinwei of Sacred Mountain. Yi Su could defeat Ouyang Jinwei with just one move, so if they were to fight, Liu Xiaohu would definitely be at a disadvantage.

"What do you think, will there still be people from the Tianxuan Sect protecting you here?"

Su Yi stared at Liu Xiaohu. Originally, he didn't pay much attention to Liu Xiaohu, but this person kept provoking him again and again. This was happening inside the Sanctified Martial Secret Realm. He couldn't let himself be bullied by this clown anymore.

"Yi Su, don't be too rude! Do you want to fight with all of us?"

Liu Xiaohu was shocked. Seeing the other party's momentum, it was obvious that they were planning to deal with him. He felt a tremor in his heart and wanted to rally everyone present. If Cheng Yanhuan and Jian Wuque could make a move, they would have no fear of this guy at all today.

"Stop involving everyone else! I only want to deal with you and no one else. It has nothing to do with anyone else. I already told you when we were in Yutian Palace that I don't even consider you significant!"

Su Yi gave a cold smile. He had already stopped a few steps away from Liu Xiaohu, with a faint coldness filling his eyes. He looked at the reactions of everyone present and didn't mind if someone wanted to intervene.

Chapter 773: A Lesson Taught!

Listening to Su Yi's words, his disdain and contempt were evident.

Su Yi was only targeting Liu Xiaohu, and many eyes around immediately exchanged glances, instinctively stepping back a bit, eagerly waiting to see what would unfold.

Upon hearing this, everyone present could sense the longstanding conflict between Liu Xiaohu and Yi Su from Overlord Sect. No wonder Liu Xiaohu wanted everyone to gather.

The people who could come here at this time wouldn't be fools, not a single one of them.

Yi Su from the renowned Overlord Sect, was well-known, and they would never take Liu Xiaohu's side.

Feeling that the people around were not being swayed, but rather stepping back to watch the commotion, Liu Xiaohu's eyes flickered with a faint sense of hatred. He gritted his teeth, realizing that these guys were truly unreliable.

And Su Yi's words made Liu Xiaohu's face darken with a mix of green and red, while a chilling aura emerged in his cold gaze.

Liu Xiaohu was indeed apprehensive, but he was also one of the most prominent figures among the younger generation of the Tianxuan Sect. Within the Tianxuan Sect, he always held a high position. Being publicly humiliated and scorned like this, he couldn't bear it in his heart.

"Boy, you shouldn't be so mean. If you actually start a fight, you will regret it, as you won't have a good outcome!"

Liu Xiaohu's face twitched slightly, his teeth clenched tightly, and a hint of threat could be seen in his eyes. This was within the Sanctified Martial Secret Realm, and the Tianxuan Sect still had even stronger disciples in this place.

"Is that so? Well, what if I insist on taking action today!" Su Yi said calmly.

"Let's get started!"

As the words were spoken, Liu Xiaohu suddenly turned cold, and his figure immediately lunged towards Su Yi. With his cultivation of the Yuan True Realm, he unleashed his full aura, and a surge of elemental energy swept through the air.

"Buzz!"

In that moment, Su Yi saw that Liu Xiaohu tightly grasped a large sword. The blade crackled with the power of wind and thunder, enveloped in elemental energy. It gleamed brightly, as without any hesitation, he fiercely swung the sword towards Su Yi.

Liu Xiaohu knew that Yi Su might attack him today, so he secretly prepared himself. To take the initiative, he had a small chance of success if he went all out.

In that instant, a wicked smile crept onto Liu Xiaohu's cold face.

This kid is really strong, but so what? When it comes to playing with him, I'm still a little bit more experienced.

The winner becomes the king, and the loser becomes the outcast. This truth has always been an enduring principle throughout the ages.

The big knife in Liu Xiaohu's hand possesses a formidable presence, with an intimidating and sharp aura. Unleashing his full power, the blade flashes, transforming into a vast wave of dazzling knife light that envelops the surroundings. Like lightning, the brilliant edges of the knife glimmer and resonate with a howling wind, trapping Su Yi and instantly slashing towards him.

In an instant, Liu Xiaohu made a sudden move, which surprised everyone around him.

Many people's faces turned pale, as they hadn't expected someone of Liu Xiaohu's status to launch such a sneak attack. It made even Su Yi gasp in astonishment.

Everything happened quickly, as the gleaming blade sealed off the vital points on Su Yi's body in an instant.

Su Yi looked up, his deep eyes flickered with a red glow, radiating a chilling light.

When it came to being crafty, Su Yi had always been the one doing the scheming - he had never been on the receiving end. He had long been prepared for any attempts to trick him since he was a child.

"Zoom, zoom, zoom!"

A flash of lightning-like sword lights slashed fiercely, instantly reducing Su Yi's figure into fragments.

"Oh my goodness..."

Someone couldn't help but exclaim in astonishment. Many eyes were filled with shock. Yi Su from the renowned Overlord Sect, known far and wide, was brutally slain by Liu Xiaohu.

However, in the crowd, a wave stirred in the eyes of Jian Wuque and Cheng Yanhuan. Their eyes instantly radiated with brilliance.

Only Xu Chen remained completely unresponsive, staying calm and composed throughout.

Xu Chen understood this the best: how could Liu Xiaohu possibly be a match for that guy, given his limited strength.

"Fancy sword techniques, they are not useful. Is this all the strength you have?"

But at that very moment, a familiar voice echoed as the shattered figure of Su Yi mysteriously appeared by Liu Xiaohu's side.

Many people were shocked, and only then did some notice that the shattered body of Su Yi, which was just disintegrated, didn't even have a trace of blood. It was merely an afterimage.

Liu Xiaohu was startled, and on his grimacing face, the gleam in his eyes was instantly replaced by a look of shock.

At the same time, as Su Yi spoke, he made his move. With a chilly gaze and his energy radiating, he unleashed a powerful punch that exploded with a burst of light, shaking the very space and sending waves of energy in all directions!

"Oh no!"

Liu Xiaohu's expression changed, everything was happening too quickly. He didn't have time to draw his sword, so he could only shake his left arm and raise his hand, bringing his palm forward with all his might.

"Bam!"

With a muffled bang, a burst of energy exploded, illuminating the darkness before dawn with a dazzling radiance.

A powerful force surged in all directions, causing sand and stones to fly.

"Click!"

"Plop..."

A barely audible crack echoed out. In full view of everyone, Liu Xiaohu staggered backwards, his body trembling. With each step he took, the ground beneath him cracked open. A gush of fresh blood spurted from his mouth, and the heavy sword in his right hand, 'Ding Dang', fell to the ground.

On top of Liu Xiaohu's left hand, blood trickled down. His face had turned as pale as a ghost, and cold sweat dripped from his forehead. He suppressed a painful moan in his throat.

The sudden and dramatic change left everyone stunned and speechless.

Anyone could see that Liu Xiaohu was defeated in just one move, and he was defeated so miserably.

"I said that I didn't regard you as important and you were weak!"

Su Yi waved his hand, looking at Liu Xiaohu intently. He didn't really pay attention to Liu Xiaohu's cultivation level, which had never truly reached the Yuan True Realm.

On Liu Xiaohu's pale face, there was a mixture of shock and resentment in his eyes, causing them to twitch uncontrollably. A cold light flickered as his handprints instantly solidified. A powerful soul

energy surged from within him, spreading outwards. An invisible soul storm took shape around him, causing the surrounding space to appear distorted.

"Boom!"

Soon, a powerful soul energy surged abruptly, centered around Liu Xiaohu. It caused the people around him to inexplicably feel dizzy, as if their souls were trembling.

"What a powerful spirit force..."

Someone exclaimed, "Liu Xiaohu is a Soul Tamer, everyone knows it. With such a remarkable soul power, his soul quality truly matches that of an Emperor Grade."

"Soul Tamers, I am one too!"

Almost at the same time, Su Yi made a move. He looked cold and mocking, never really stopping. With a swift surge of energy from his footsteps and a flash of red light, he leaped forward. His figure instantly appeared in front of Liu Xiaohu like a ghostly lightning, completely unaffected by the soul-stirring storm that had astounded everyone nearby. His deep gaze filled with icy determination, he was well-prepared and directly struck out with his palm.

Everything flowed smoothly and harmoniously!

Everyone could see that Su Yi seemed prepared as if he had been waiting for Liu Xiaohu.

Too fast! Liu Xiaohu didn't have time to react, and could only gather his energy in front of him with a shocked expression. The soul-stirring storm surrounding him was greatly affected as well.

Everything was as fast as lightning. Su Yi, who was solidly prepared, delivered a palm strike that penetrated Liu Xiaohu's soul-stirring storm and landed heavily on him.

Chapter 774: Don't Bother Me Again in the Future!

On the palm imprint, a flickering red energy radiated, as a powerful force erupted and poured out like a volcanic eruption, shattering Liu Xiaohu's leaked energy defense.

"Bang!"

The energy surged, powerful winds rushing in all directions, the muffled sound resembling the explosion of distant thunder.

The terrifying power of the soul dispersed, energy scattered in all directions, spreading and sweeping away.

"Puff..."

A large mouthful of fresh blood sprayed from his mouth, and Liu Xiaohu's body flew backwards uncontrollably, crashing heavily in the distance.

Wherever the former's body landed, the ground cracked, and from its center, cracks spread like spiderwebs.

Liu Xiaohu truly lived up to his reputation as one of the most outstanding young talents of the Tianxuan Sect. Despite the immense damage he suffered, he was shocked to the core but instinctively gritted his teeth, desperately attempting to crawl to his feet and escape.

But before Liu Xiaohu could manage to do so, in the instant that his body had just started to rise, a hand with slightly curved fingers, like eagle claws, enveloped in a crimson light, landed directly on his neck.

The paw print exerted an enormous force, like a mountain pressing down, making it impossible for Liu Xiaohu to move an inch.

Under that sharp and fierce aura, Liu Xiaohu felt a lump in his throat, his internal energy was blocked, and he instantly turned red with difficulty breathing. He was as helpless as a small chick being held in someone's hand.

"Too weak to withstand a single blow, even weaker than I had imagined!"

Su Yi gazed at Liu Xiaohu, who was being held in his hand like a little chick, with a determined look in his eyes.

\*Sound effect, "Crack..."\*

A crisp sound echoed, and five finger marks instantly appeared on Liu Xiaohu's cheek, turning red and swollen.

"Three times you have provoked me, thinking that Tianxuan Sect can always protect you!"

"Bang!..."

Su Yi's voice turned deep as he tightly grasped Liu Xiaohu's neck like a little chicken, swinging his hand fiercely and landing multiple hard slaps.

The surroundings were filled with wide-eyed astonishment and speechlessness, as everyone was greatly shocked and turned pale.

Before everyone could recover from the shock, Liu Xiaohu's face had already become swollen and disfigured, a horrifying sight. His mouth was dripping with blood from being slapped so hard.

Poor Liu Xiaohu was completely dumbfounded, never having experienced such humiliation before. Who would dare to treat him in such a manner?

But everything at this moment left Liu Xiaohu completely stunned and unable to regain his senses. He felt a blockage in his energy, struggling to breathe, and his face turned bruised from the build-up of pressure, with veins bulging and a look of terrifying fierceness added to his expression.

"If you dare to provoke me again in the future, you will bear the consequences!"

After Su Yi found several space bags in Liu Xiaohu's arms, a hidden force surged within him. In an instant, he threw Liu Xiaohu's body out as if he were a tiny chick.

"Puff..."

Poor Liu Xiaohu, his face turned pale and dark, crashing heavily onto the ground. He spat out blood from his mouth, along with a few dislodged teeth.

With disheveled hair and blood stains, Liu Xiaohu, unable to determine whether he was severely injured and unable to move, or simply too shocked to regain his senses, lay motionless on the ground.

All around, there was an inexplicable silence in the air, as if the entire world beyond the canyon had suddenly fallen into a deep stillness.

"Huff..."

Some people looked at each other in shock, and many eyes suddenly seemed as if they had seen a ghost, all landing on Su Yi at once.

Even Jian Wuque and Cheng Yanhuan were greatly shaken by this, Liu Xiaohu was at least the most outstanding young generation of the Tianxuan Sect, representing the honor of the Tianxuan Sect. This guy, Yi Su from the Overlord Sect, doesn't even regard the Tianxuan Sect.

"Too bossy!"

"Unfathomable strength, incredibly powerful!"

Someone whispered, "This Yi Su from the Overlord Sect is incredibly domineering and powerful, his strength is unmatched."

With one foot stepping into the Yuan True Realm, Liu Xiaohu, a Soul Tamer, could easily be defeated.

In addition to the presence of Tianxuan Sect, there was a disciple named Zhao Chuannan, who was a skilled craftsman. At this moment, his face also turned pale.

Watching the scene before him, Zhao Chuannan didn't dare to approach. He was afraid that this fierce fellow would not spare even him in the end.

Su Yi calmly tucked several space bags into his embrace.

Although Su Yi knew deep down that Liu Xiaohu would likely hold a grudge, he didn't dare to take his life in front of all the onlookers.

After all, Liu Xiaohu was an important disciple of the Tianxuan Sect. If he were to be truly killed, the Tianxuan Sect would definitely be thrown into turmoil.

Su Yi already had enough enemies, and although adding one more from the Tianxuan Sect wouldn't make much of a difference to him, it would be better to have one less enemy if possible.

Gazing into the canyon, Su Yi squinted his eyes in anticipation. If he had discovered something as precious as the Dragon Crystal Fruit, he couldn't possibly let it slip away.

The presence of several Demonic True Realm beings poses a major threat to the Three-headed Dragon-horned Python. For anyone inside the Sanctified Martial Secret Realm, even a slight carelessness could be a matter of life and death.

However, Su Yi knew his advantages. If there were several experts in the Yuan True Realm, and especially if there were those who had reached the Third Grade of Yuan True Realm, it would indeed be a formidable challenge.

But Su Yi possessed the Supreme Chaotic Yuan Technique, and with his current cultivation, he had quite a strong suppressing effect on the Demonic True Realm's demon beasts.

"Swoosh..."

Without much hesitation, Su Yi had no intentions of joining forces with Jian Wuque, Cheng Yanhuan, and others. He had his own advantages and immediately darted into the canyon.

Su Yi, with his own plans and advantages, knew he couldn't miss out on the Dragon Crystal Fruit. It presented a great opportunity for him to obtain such a fortunate encounter.

Watching Su Yi enter the canyon, the gazes of those present immediately became moved. The fate of Liu Xiaohu served as a warning, and no one dared to speak further.

"Wait for me."

Upon seeing this, Xu Chen immediately followed Su Yi into the canyon.

Jian Wuque, Cheng Yanhuan, and the others were filled with excitement. Without hesitation, the two figures swiftly darted out, following closely behind.

"Go..."

As everyone watched, Jian Wuque and Cheng Yanhuan entered the canyon. One by one, the others immediately followed closely behind, afraid of missing out on the opportunity.

With Yi Su, Jian Wuque, Cheng Yanhuan, and others present, the group felt relieved of many worries. When it came to those Demonic True Realm Three-headed Dragon-horned Pythons, they knew Jian Wuque and the others would handle them.

Several young men and women who were originally meditating with eyes closed could no longer sit still. In order to obtain the Dragon Crystal Fruit, they had already suffered injuries, and they were also the first ones to know about the news of the Dragon Crystal Fruit. At this moment, naturally, they couldn't let others have the opportunity.

Zhao Chuannan's face turned slightly pale. He hesitated for a moment, and in the end, he approached Liu Xiaohu.

...

The darkness before dawn was especially profound.

Inside the canyon, it was dark and mysterious.

The rocks twisted and turned in layers, with patches of thick moss covering certain areas.

Not far away, there was the sound of water dripping rhythmically, making a gentle pitter-patter as it flowed from the cracks in the rocks.

Su Yi, being cautious, knew that inside there lurked a Three-headed Dragon-horned Python, so he dared not be careless.

The Three-headed Dragon-horned Python, a type of formidable demon beast, was not easy to deal with, as it possessed a highly advanced lineage.

At first, the entrance to the gorge was narrow, but after a while, it gradually became wider.

All around, gigantic stones stood upright, forming layers upon layers of rocks.

The temperature inside also grew hotter and hotter, while a subtle mist filled the air, creating a burning sensation.

"It's so hot!"

The group of people following behind, some of whom were slightly weaker, were already drenched in sweat.

Chapter 775: The Three-Headed Dragon-Horned Python!

"I can't believe there is such a place."

Xu Chen, following alongside Su Yi, appeared much more relaxed. Amidst the scorching heat, he looked around with a hint of curiosity.

The deeper they ventured into the canyon, the higher the temperature became. The rocks turned a reddish-brown color, and a faint heat rose in the air, where not even a blade of grass could grow.

Soon after, a radiant light began to shine brightly ahead. All around, the rocks turned a deep reddish-brown color, and heat emanated from them, rising into the air. The high temperature was enough to ignite anything that touched the ground.

Everyone was already surrounded by vital energy, warding off the high temperature. The ground was simply not meant to be stepped on by ordinary people.

"There is a treasure!"

Suddenly, Su Yi caught a strong scent of medicinal herbs wafting through the canyon. In the blink of an eye, he spotted a small pond nestled among numerous towering rocks.

Strangely, the water inside the pond was like molten lava, bubbling and constantly releasing bubbles. The scorching heat had reached a terrifying level.

Inside the water, a red spirit vine as thick as an adult's calf was crawling on the giant rocks of the cliff, winding around and stretching for dozens of yards. It had a strong and twisted appearance.

This spirit vine resembled a coiled dragon, with branches and leaves spreading all around. It was entirely crimson, as if it were continually releasing sparks. Its leaves were about the size of a palm and sparkingly clear.

"Flame Dragon Crystal Vine!"

Su Yi squinted his eyes in awe. This was the Flame Dragon Crystal Vine.

The Flame Dragon Crystal Vine, itself, was a precious treasure of great value and extreme rarity.

And the Dragon Crystal Fruit it bore, was an even more valuable treasure.

With his eyes scanning, Su Yi spotted them amidst the rocky walls - six fruit, about the size of baby fists, hanging from the Flame Dragon Crystal Vine. They glistened brightly, like tiny fireballs, emanating a rich medicinal fragrance that made one's mouth water.

"Dragon Crystal Fruit, that is truly Dragon Crystal Fruit!"

Someone couldn't help but exclaim, recognizing the Dragon Crystal Fruit. It was a precious treasure rumored to directly enhance one's talent and increase strength. For anyone, it was an irresistible temptation that was hard to resist.

"Huff, huff!"

A wave of stench suddenly wafted in the air, silently, as fierce auras spread.

"Be careful!"

Someone spoke up, their expression changing drastically.

Only now did the fiery gazes of the crowd shift away from the Dragon Crystal Fruit, as they looked around and saw several massive Three-headed Dragon-horned Pythons silently slithering and emerging from the numerous towering boulders and cliffs.

Su Yi had long set his gaze upon the surrounding Three-headed Dragon-horned Pythons. They were immense in size, entirely red in color, and covered in thick scales.

These scales were thick, covering the body of the Three-headed Dragon-horned Python like bulging little pouches. On its three fierce snake heads, there were six menacing pupils that emitted a daunting glare. Each snake head also had a pair of fleshy horns.

"Ow-ow!"

The deep roar sounded like the roar of a snake dragon. Ever since the encounter with the Flame Dragon Crystal Vine, four even more massive Three-headed Dragon-horned Pythons emerged. Their twelve pairs of eyes, like bronze gongs, peered down at the approaching crowd, emitting a sinister and dim red glow, filled with chilling murderous intent.

"Hiss!"

From all directions and sides, a line of massive Three-headed Dragon-horned Pythons started moving together. They raised their heads and let out a majestic roar, causing a surge of bloody and chilling aura to fill the canyon, making the temperature even hotter.

"Oh no!"

"Why are there so many Three-headed Dragon-horned Pythons!"

The temptation of the Dragon Crystal Fruit was irresistible, but at this moment, seeing so many Three-headed Dragon-horned Pythons, there must be hundreds of them, many of which possessed the aura of the Demonic Spirit Realm. Some were even at the eighth or ninth level of the Demonic Spirit Realm. This caused many people present to turn pale with fear.

The fierce, bloody and chilling aura affected both their vitality and souls alike.

Those few young men and women who were already injured were even more shocked and astonished at this moment.

They were originally just outside, encountering only a few Three-headed Dragon-horned Pythons that they quickly escaped from. But little did they know, the Three-headed Dragon-horned Pythons inside were so terrifying in such large numbers.

"Four realms of demons!"

Su Yi furrowed his brow in concern. The other Three-headed Dragon-horned Pythons were manageable, but these four snake-dragon-like Three-headed Dragon-horned Pythons ahead had reached the level of the Demonic True Realm.

In the middle, a Three-headed Dragon-horned Python glowed with a radiant red light. Its fleshy horns on top of its head were thicker and stronger. Su Yi estimated that this particular python truly possessed the cultivation of the third grade in the Demonic True Realm.

The Three-headed Dragon-horned Python from the third grade of the Demonic True Realm, in normal cases, even ordinary fourth grade warriors from the Yuan True Realm would find it difficult to deal with. You see, this Python is definitely not easy to handle.

"Four Demonic True Realms' Three-headed Dragon-horned Pythons, they are quite formidable."

Xu Chen's gaze also fell upon the Four Demonic True Realms' Three-headed Dragon-horned Pythons. His eyebrows slightly furrowed, but he didn't show an overly serious expression.

"Dragon Crystal Fruit, I want to order it!"

Su Yi chuckled, the Four Demonic True Realms' Three-headed Dragon-horned Python was indeed difficult to deal with. However, that was for others, not for himself.

Xu Chen looked intently, this fellow was really confident enough.

"Oh no!"

Gazing at Su Yi, Jian Wuque, Cheng Yanhuan, and others, in the center, the Three-headed Dragon-horned Python, with its formidable and awe-inspiring presence, roared fiercely. Its six serpent-like eyes emitted a chilling glare as it raised its head and roared.

The Three-headed Dragon-horned Python can be considered a true monster race. Its intelligence is not inferior to humans. Seeing these people approaching, it knows they have come for the Dragon Crystal Fruit.

"Hiss..."

In an instant, Three-headed Dragon-horned Pythons surged from all directions, erupting with intense heat and a terrifying presence. Their grotesque mouths emitted a bloody scent, as they menacingly charged towards the crowd, ready to attack.

These Three-headed Dragon-horned Pythons, beneath their thick scales, had powerful bodies. The searing heat and overwhelming stench they emitted could even affect a person's soul and vitality, making them formidable and difficult to deal with.

"Oh no!"

From all directions, Three-headed Dragon-horned Pythons sprang forward, ready to attack. The people's faces turned pale with fear.

However, not a single person in this group was weak, they were all exceptional. Although they felt cautious and serious, they didn't panic too much. They immediately launched their attack.

"Boom, boom..."

A surge of energy swept through, weapons unsheathed, blades and swords glimmering, gathering together with astonishing momentum.

"Roarrrr..."

Someone transformed directly with their vital energy, condensing into the shape of a beast.

The moment of a great battle about to commence, a deafening boom echoed, powerful gusts swept through, impacting all directions. In an instant, rocks were shattered, and sand and stones flew into the air.

"Ah!"

The three-headed Dragon-horned Pythons in the Yuan True Realm also stirred. Their intelligence was not inferior to that of humans. They sensed the strongest presence of Su Yi, Xu Chen, Cheng Yanhuan, and Jian Wuque among the four. Their snake-like pupils were intimidating as their colossal bodies lunged forward like snake dragons.

Jian Wuque's luck was not so good. He was targeted by the strongest three-headed Dragon-horned Python in the third grade of the Yuan True Realm. The three heads of the python viciously spat out a stench, as its colossal body swept towards him. It was covered in a crimson glow, with its snake scales quivering.

Jian Wuque focused his gaze, but he didn't step back. In an instant, his body was surrounded by swirling vital energy, and a sharp aura erupted. He tightly gripped a precious sword in his hand, and a surge of wind and thunder filled the air. Suddenly, sword radiance shot out rapidly, releasing a fierce aura.

Chapter 776: Obtaining the Dragon Crystal Fruit!

The mighty flesh of the Three-headed Dragon-horned Python was its greatest strength. With a sweep of its massive tail, it shattered several sword radiance.

At the same time, the Three-headed Dragon-horned Python, with its three fierce heads held high, displayed an unparalleled ferocity. The middle snake head, with its opened monstrous mouth, released a noxious odor. Inside the mouth, a red light flickered, resembling a blazing fire that seared the ground and caused unbearable pain. It lunged towards Jian Wuque, ready to bite.

"Zoom!"

Jian Wuque's figure constantly shifted, with his sword radiance sharp and blooming sword radiance after sword radiance, blocking the ferocious snake head.

"Roar!"

The most powerful Three-headed Dragon-horned Python was hindered and sensed Jian Wuque's strength. It let out a furious roar, unleashing another round of attacks.

"Rumble, rumble!"

At the same time, the remaining three Demonic True Realm Three-headed Dragon-horned Pythons were about to clash with Su Yi, Xu Chen, and Cheng Yanhuan.

All around, the colossal stones crumbled, as a mighty energy swept through, causing the earth to tremble and the mountains to shake!

"Boom!"

Su Yi forced back a Three-headed Dragon-horned Python, unknowingly emitting a dominant and destructive aura, which brought astonishment and fear to the snake's six-eyed serpent-like gaze.

Although Su Yi subdued his aura from the Supreme Chaotic Yuan Technique, it still made him feel a sense of dread.

However, Su Yi managed to conceal his presence. The Three-headed Dragon-horned Python, with its impressive bloodline, was pushed back by Su Yi's attack. Its massive body staggered back, crashing into a giant rock. Nevertheless, its menacing head swiftly rotated and dove down once more, emitting a deep roar. From its ferocious gaping jaws, a gust of bloody breath gushed forth, filled with scorching heat. Its entire body glowed with a fiery red light, and its colossal tail lashed out directly towards Su Yi.

"Evil creature,"

Su Yi let out a low roar. He had prepared himself well and instead of retreating, he moved forward. With swift steps, he leaped into the air, his fist enveloped in a fiery glow. He didn't bother with any fancy moves, but instead, directly collided with the sweeping giant tail covered in snake scales.

With a muffled explosion, accompanied by a distinct clang like that of a golden lance, sparks flew and a blaze of fiery light soared into the sky.

Chunks of snake scales exploded and fell off from the colossal tail of the Three-headed Dragon-horned Python. Blood spurted out, and with a pained howl, the massive tail swung wide, smashing a large crater into the nearby cliff. Debris tumbled down, causing a resounding rumble that echoed through the air.

"Ouch!"

The Demonic True Realm's Three-headed Dragon-horned Python, at the first level, roared in pain and fury. Its massive tail slammed against the rock wall. Seizing the opportunity, the ferocious triple snake heads lunged towards Su Yi like a bolt of lightning. Its gaping mouths emitted a nauseating stench, evoking wickedness. Radiating a blazing, scorching light, hot as fire.

Su Yi's eyes flickered as he didn't want to delay any longer, fearing that things might change if he were late. At the same time, within his body, the Supreme Chaotic Yuan Technique's aura was released, albeit subtly concealed. In his eyes, within his pupils, a sudden surge of crimson light covered them, accompanied by a wave of dominating and destructive aura.

"Evil beast, get out of my way!" Su Yi uttered in a low and commanding voice.

In that instant, the three-headed Dragon-horned Python from the Demonic True Realm trembled with fear, its snake eyes widened, and its entire body quivered, as if its beastly soul was in turmoil.

The overwhelming destructive power was simply too much for it to withstand. In an instant, its massive body cowered and slithered down, prostrating itself on the ground, emitting a fearful hissing sound from its mouth. The three-headed, six-eyed snake eyes were now replaced with sheer terror.

Observing the reaction of the Three-headed Dragon-horned Python, everything went as expected, and Su Yi wasn't too surprised. At the same time, the energy beneath his feet surged, and in an instant, his figure dashed directly towards the Flame Dragon Crystal Vine.

"Hiss, hiss!"

As Su Yi's figure passed by, other Three-headed Dragon-horned Pythons emerged from the surrounding rocks. They could sense Su Yi's presence and quickly slithered fearfully, their eyes filled with astonishment.

The molten lava in the volcanic pool boiled, emitting a scorching aura mixed with a pungent smell. It seemed impossible for an ordinary cultivator to cross it.

The intense heat and the pungent smell were enough to make one plummet. If one were to fall into this pool of water, they would immediately turn into bones.

Su Yi was fearless. At this moment, as the Supreme Chaotic Yuan Technique circulated silently, his Heavenly Yuan Demonic Soul in his mind disregarded the influence of the pungent smell. With a light tap of his foot on a huge rock at the edge of the pool, he soared into the air, crossing a distance of twenty Zhang. This display left everyone astonished, exceeding all expectations.

"Snap, snap!"

Su Yi landed on the rocky wall where the Flame Dragon Crystal Vine was climbing. As he stepped on a protruding rock, it instantly cracked and fell down.

Su Yi's feet brimmed with vitality as he propelled himself upward. With a gentle tap of his foot against the rocky wall, he landed lightly on a nearby protruding ledge.

A fist-sized Dragon Crystal Fruit, shimmering and transparent, as if engulfed in fiery flames, appeared before Su Yi.

"Yi Su has obtained the Dragon Crystal Fruit!"

Amidst the intense battle, everyone's attention was fixed on the Dragon Crystal Fruit. After all, it was the purpose of everyone's adventure to come here. Seeing Su Yi approaching the Dragon Crystal Fruit directly, someone couldn't help but shout out.

Gong Qi's long black hair fluttered, surrounded by a shimmering green mist. Her robe rustled, emitting a dazzling green light. The mist filled the air, creating a watery veil around her, enveloping her graceful figure. From afar, it appeared as if layers of water waves were surging and boiling, with a powerful and intense presence. She was in a fierce battle with a three-headed Dragon-horned Python in the Demonic Spirit Realm. In the corner of her eye, she also sensed Su Yi approaching the Dragon Crystal Fruit, causing her eyes to widen with astonishment.

In that moment, Jian Wuque and Cheng Yanhuan's eyes also underwent subtle changes. They couldn't believe that Yi Su could approach the Dragon Crystal Fruit so quickly.

Xu Chen's luck wasn't very good either. He encountered a ferocious Three-headed Dragon-horned Python at the Demonic True Realm's second level, whose cultivation and strength were far beyond what could be compared to the first level.

"Boom!"

But this ferocious Three-headed Dragon-horned Python at the second grade of the Demonic True Realm was startled and forced back by Xu Chen. Its scales were damaged and it let out a howl of agony.

"Ah-woo-woo..."

But at the same time, the most powerful Three-headed Dragon-horned Python at the third grade of the Demonic True Realm roared incessantly. Its fierce eyes changed dramatically, and it immediately retreated by swaying its tail, no longer paying attention to Jian Wuque. It swiftly pounced towards the Flame Dragon Crystal Vine.

Facing Xu Chen and Cheng Yanhuan, the two Three-headed Dragon-horned Pythons at the Demonic True Realm level, they also turned away from Xu Chen and Cheng Yanhuan at that same moment.

The three colossal bodies of the Three-headed Dragon-horned Pythons, in a furious and ferocious rage, lunged directly at Su Yi.

And as Su Yi, who was already close to the Dragon Crystal Fruit, saw it, he became delighted. He immediately picked the first Dragon Crystal Fruit, not hesitating to take more. Like a nimble monkey, he climbed and jumped, and soon the second Dragon Crystal Fruit was also in his hands.

"Yi Su, please don't harm nature like this...!"

At the same time, Xu Chen's figure leaped out as well, his eyes wide with change. He shouted loudly, as if trying to stop Su Yi from picking the Dragon Crystal Fruit.

"Ow, ow..."

The three-headed Dragon-horned Pythons from the Demonic True Realm jumped back in unison, emitting three powerful and awe-inspiring auras. The red light shone brightly in the darkness before dawn, illuminating the gorge.

"Evil creature, how dare you!"

Three-headed Dragon-horned Pythons from the Demonic True Realm lunged forward. One of them even possessed the cultivation of the third grade in the Demonic True Realm. Su Yi shouted loudly, his eyes shining brightly, emitting a dazzling red light. His black hair flew backwards, and his robe fluttered in the wind. An overwhelming and destructive aura filled the air, like turbulent waves capable of suppressing everything in all directions. It surged towards the three Three-headed Dragon-horned Pythons, engulfing them completely.

Chapter 777: Annihilation of the Forbidden Artifact!

The three fierce and ferocious Three-headed Dragon-horned Pythons were charging forward angrily. Suddenly, they sensed the aura emanating from Su Yi's body. Their originally intimidating coldness was instantly replaced by a look of astonishment and fear.

"Howl, howl, howl..."

The three Three-headed Dragon-horned Pythons let out a simultaneous hiss and roar, and their colossal bodies descended swiftly, plunging directly into the rolling pool of magma-like water.

"Whoosh..."

Molten lava splashed and began raining down in all directions, filling the air with billowing smoke, resembling vibrant red fireworks bursting in the sky. Amidst the splendid display, there was an underlying sense of the terrifying heat that could incinerate everything.

"Oh no..."

This torrential downpour of lava was too dangerous for anyone to approach. They immediately retreated, hurriedly seeking shelter and preparing defensive measures.

"Ah..."

Someone let out a miserable scream, while others, in their panic, failed to dodge. The scorching lava from the pool descended, capable of shattering protective barriers, corroding everything in its path, and seeping into their bodies, unleashing bright flames that burned their flesh. Many instantly suffered charred wounds, causing them to cry out in agony.

Xu Chen, who had just leaped forward, had to quickly retreat under this torrential downpour of lava. He swept his sleeve, shaking off a large amount of lava in front of him.

"Ow ow..."

The Three-headed Dragon-horned Pythons from the Demonic True Realm descended into the pool. Fearless, their thick snake scales expanded, unaffected by the lava-like water. They raised their nine heads high and let out a chilling roar, their sinister snake eyes fixed upon Su Yi, who was now overwhelmed by fear and awe.

"Hiss hiss..."

From all directions, numerous Three-headed Dragon-horned Pythons instantly began hissing, flicking their tongues, and coiling around. In an instant, they crawled towards the edge of the pool.

One by one, massive bodies sprawled in every direction, crawling and hissing towards Su Yi, who was lying near the Flame Dragon Crystal Vine.

All of this left everyone astonished and wide-eyed, completely taken by surprise!

"This scent, so familiar, so strange, just like that fellow..."

In the crowd, Gong Qi's eyes widened with surprise. The scent emanating from Yi Su in the distance was so familiar to her, it matched that guy's scent perfectly.

Su Yi stood on the rocky cliff, gazing at the three-headed Dragon-horned Python from the Demonic True Realm, which had already been suppressed. A look of great joy crossed his face as he was about to continue collecting the remaining four Dragon Crystal Fruits.

Suddenly, a searing heat radiated from Su Yi's hand. He could clearly feel that the two Dragon Crystal Fruits in his right hand were melting away in that moment.

In plain sight, the two Dragon Crystal Fruits softened, with red Spiritual Essence overflowing from them. However, instead of gathering together, it transformed into wisps of red smoke, rising and vanishing into thin air in the palm of his hand, dissipating into nothingness.

"What's going on?"

This change made Su Yi's face undergo a drastic change, and he didn't know how to make sense of it.

"Yi Su, you are wasting precious things! Dragon Crystal Fruit cannot be directly picked, otherwise it will vanish into nothingness. You must use the leaves of the Flame Dragon Crystal Vine to carefully wrap and pick it!"

Xu Chen shouted loudly from a distance, his heart filled with pain. This guy actually picked the Dragon Crystal Fruit with his bare hands, which was a terrible waste! Instantly, his body rushed out again.

Jian Wuque and Cheng Yanhuan's faces also changed drastically. They faced the torrential rain of magma, then simultaneously displayed their agility and rushed forward, eager to compete for the Dragon Crystal Fruit.

"Wow!"

In the pool of lava, three Demonic True Realm creatures, along with the Three-headed Dragon-horned Python that Su Yi had previously repelled, launched a counterattack at the same time. They screamed and roared, causing large amounts of lava to splash up, blocking the path of the three individuals.

On the rock wall, Su Yi's eyes flickered with intensity as he realized that the Dragon Crystal Fruit couldn't be directly picked.

As Su Yi watched the two Dragon Crystal Fruits slowly dissolve in his hands, disappearing into nothingness, he couldn't worry about it any longer. Such precious treasures couldn't be wasted like this! Without hesitation, he raised his hand and placed the dissolved Dragon Crystal Fruits into his mouth, swallowing them in one gulp.

At the same time, Su Yi didn't waste any time. He glanced at Jian Wuque, Cheng Yanhuan, and the others who were already rushing towards him. His figure resembled that of a nimble monkey as he effortlessly pulled off a few leaves from the Flame Dragon Crystal Vine, swiftly harvesting them. In the quickest manner possible, he gathered all four Dragon Crystal Fruits and placed them safely in his embrace.

"Bang! Bang! Bang!"

The energy impact roared like thunder, causing the magma in the surrounding pools to boil and surge. Giant rocks crumbled as the four Demonic True Realm Three-headed Dragon-horned Pythons blocked the path of Jian Wuque, Xu Chen, and Cheng Yanhuan.

Although Jian Wuque, Xu Chen, and Cheng Yanhuan were formidable, they were now determined to compete for the Dragon Crystal Fruit, leaving nothing behind. They were enveloped in a dazzling radiance, exuding an astonishing temperament and surging aura. However, it was still difficult for them to overcome the obstruction posed by these several Demonic True Realm Three-headed Dragon-horned Pythons.

"Hiss!"

From all directions, each and every Three-headed Dragon-horned Python raised its head with full force, bursting with crimson light.

"Ah..."

Just at this moment, as Su Yi the male character's hand reached into the space bag to put away the last Dragon Crystal Fruit, he suddenly let out a cry of pain. His entire body plummeted down and crashed into the molten-like pool of water.

"Boom..."

Water from the pool splashed, accompanied by waves of burning heat.

Everyone's eyes were wide open, filled with astonishment.

Jian Wuque, Xu Chen, and Cheng Yanhuan, who had originally intended to continue their attack, suddenly stopped and gazed at Su Yi, who was falling into the pool.

"What is happening?"

"All the Dragon Crystal Fruits were taken by Yi Su from the Overlord Sect!"

Someone exclaimed as they avoided the splashing lava from the pool. Many witnessed it with their own eyes, all the Dragon Crystal Fruits were swiftly collected and stored in Yi Su's magical space bag. He alone obtained all of them.

But at this moment, a group of dozens of people, three of them had already fallen into a pool of blood, killed by the splashing lava. Their bodies were bleeding from wounds.

And there were more than ten people, some suffering minor injuries while others were severely wounded, looking disheveled and distressed.

Inside the pool of lava, Su Yi's body descended, instantly enveloped by the molten rock. The scorching hot water boiled all around him, threatening to burn and destroy everything.

Unconsciously, Su Yi had no other concerns. The Supreme Chaotic Yuan Technique surged within his body, with vitality radiating outward, enveloping his entire being. The Indestructible Vajra Body immediately emanated a brilliant red glow.

Su Yi's face twisted crimson, as he swallowed the Spiritual Essence transformed from the two Dragon Crystal Fruits. At first, Su Yi didn't feel anything, but after just a few breaths, the Spiritual Essence formed by the two Dragon Crystal Fruits began to spread within his body, like a fiery dragon surging and expanding inside him.

The energy was immense, as if a fierce dragon was colliding inside his body.

Su Yi felt a scorching aura, as if a blazing fire was about to spread throughout his entire body, engulfing his organs, limbs, and every fiber of his being.

Su Yi had undergone all sorts of trials and challenges, but this energy was too overwhelming. The aura was incredibly intense, surging within him from the depths of his being, causing Su Yi to let out a few pained screams.

But soon, Su Yi realized what had happened. The Supreme Chaotic Yuan Technique activated, creating a barrier that blocked the molten lava pool. He sat suspended in the pool, engulfed in a crimson glow. At the same time, he spoke to the several Three-headed Dragon-horned Pythons, saying, "You shall serve as my Dharma Protectors!"

Under the aura of the Supreme Chaotic Yuan Technique, the four Demonic True Realm Three-headed Dragon-horned Pythons swiftly coiled back, encircling Su Yi and protecting him within the pool's perimeter.

Chapter 778: Refinement!

A pair of serpent-like eyes stared intently at Jian Wuque, Xu Zhu, and Cheng Yanhuan, emitting sounds reminiscent of dragon roars.

"Hiss..."

Three-Headed Dragon-Horned Pythons slithered and coiled in all directions, surrounding the area with their layered presences. Their eerie snake-like eyes emitted a chilling and intimidating glow.

"What is happening here?"

"These Three-headed Dragon-horned Pythons, how could they be helping Yi Su?"

Everyone was astonished, their eyes wide open, staring at everything before them in bewilderment and confusion.

These fierce Three-headed Dragon-horned Pythons, at this very moment, were actually guarding Yi Su, the Dharma Protector.

Jian Wuque's and Cheng Yanhuan's eyes secretly changed when they saw that all the Dragon Crystal Fruits had fallen into Yi Su's possession.

Looking at Yi Su's reaction, it seemed like he had just swallowed two Dragon Crystal Fruits whole and was now in the critical stage of refining them. This was the perfect moment to make a move, with a great chance of success.

But with these few Demonic True Realm Three-headed Dragon-horned Pythons around, it posed a great trouble.

The gaze of the two individuals immediately and involuntarily shifted towards Xu Chen, as they had recognized his strength. Being able to repel a Demonic True Realm Second Stage Three-headed Dragon-horned Python had already verified his abilities. If they were to join forces with him, perhaps there was a chance to seize the Dragon Crystal Fruit from Yi Su.

"Who dares to make a move, don't blame me for being impolite!"

Sensing the gazes of Jian Wuque and Cheng Yanhuan, Xu Chen understood. Despite his extremely handsome face, his eyes revealed a hint of sharpness. His voice resonated and spread throughout the canyon.

Afterward, Xu Chen turned his gaze towards Su Yi, who was immersed in the scorching pool water that resembled molten lava. His eyebrows slightly furrowed, and he murmured softly, "Does this fellow not value his own life?"

The crowd looked at each other, their gazes filled with complexity, as they focused on Su Yi in the center of the pool. Suddenly, someone clenched their teeth in frustration.

All of the Dragon Crystal Fruits, unbelievably, were obtained by that person alone. Not only did he eat two of them directly, but what was even more mysterious was that he had a Three-headed Dragon-horned Python as his Dharma Protector, leaving them completely powerless.

"It's too much, the one who arrived last actually took away all the Dragon Crystal Fruits!"

"This person is completely disregarding everyone else. Clearly, everyone made a move, yet this individual single-handedly took away all the Dragon Crystal Fruits!"

In the face of the temptation of the Dragon Crystal Fruit, everyone found themselves unable to resist and started whispering among themselves.

Eyes inadvertently shifted towards Jian Wuque and Cheng Yanhuan. Everyone was well aware that, at this moment, the only ones with a chance to obtain the Dragon Crystal Fruit were Jian Wuque and Cheng Yanhuan.

They not only couldn't handle Yi Su, but these Three-headed Dragon-horned Pythons had already made them tremble in fear.

Unfortunately, even though Cheng Yanhuan and Jian Wuque furrowed their brows and kept their eyes fixed on Su Yi and the group of Three-headed Dragon-horned Pythons in the pond, as well as occasionally casting glances at Xu Chen, it didn't take long before they silently and mutually understood each other, turning around and leaving.

Jian Wuque and Cheng Yanhuan understood very well that with their own strength, along with Xu Chen seemingly protecting Yi Su, they themselves knew that they wouldn't have any chance.

All of this was too strange, leaving them completely clueless, and unable to delay any longer. They had to set foot on the Sanctified Martial Platform of the Void, but for now, they could only leave first.

Watching Jian Wuque depart, Gong Qi looked into the distance at Su Yi, with a flicker of light in her eyes. Finally, she left with a hint of doubt.

"It's too much!"

"Too much, how could they be so excessive!"

Many people felt deep resentment and frustration.

Jian Wuque and Cheng Yanhuan also left, they didn't even dare to stay, and could only leave this gorge. They were afraid of sudden attacks from the Three-headed Dragon-horned Python's Dharma Tool. If that happened, they would be in big trouble, as they wouldn't stand a chance against it.

Xu Chen didn't pay attention to others, his gaze was always fixed on Su Yi. A group of Three-headed Dragon-horned Pythons, however, had a pair of chilling and menacing eyes closely watching him.

"I didn't mean any harm, I was with him!"

Xu Chen frowned as he faced this group of Three-headed Dragon-horned Pythons alone. He was truly wary, afraid that these creatures might suddenly attack.

Those several Demonic True Realm Three-headed Dragon-horned Pythons slithered with cold, sinister glints in their serpent-like eyes, observing Xu Chen. However, it seemed that they didn't actually believe Xu Chen's words. Nevertheless, they showed no intention of attacking him; instead, they encircled him, protecting Su Yi and acting as his Dharma Protectors.

Xu Chen felt helpless, being forced to wait on the sidelines, watching the changes unfolding in Su Yi. His eyebrows slightly furrowed, his expression serious, as he kept muttering to himself, "This guy is really ruthless."

Inside the magma-like pool, Su Yi sat cross-legged, surrounded by a crimson aura that shielded him from the scorching magma.

And inside Su Yi's body, the fiery dragon-like energy transformed by two Dragon Crystal Fruits surged and exploded, causing Su Yi's physical form to feel as if it were on the verge of being engulfed in flames from within and without.

Fortunately, Su Yi possessed the Indestructible Vajra Body.

The cultivation method of the Indestructible Vajra Body was originally forged with the fire from the depths of the earth. Otherwise, even a martial artist at the first stage of the ordinary Yuan True Realm would be incinerated to death by consuming a single Dragon Crystal Fruit, let alone now, where Su Yi had directly swallowed two of them.

Su Yi was quite accustomed to this situation. He gritted his teeth, enduring the pain inside his body, his face contorted in a grimace. His Supreme Chaotic Yuan Technique activated, refining the energy of the Dragon Crystal Fruit and transforming it into pure vital essence.

The refined vital essence underwent circulation throughout Su Yi's body for thirty-six cycles, before surging into the whirlpool within his Dantian, the sea of qi.

As the energy was refined, Su Yi could clearly feel a strange energy penetrating deep into his organs, muscles, and every cell of his body. It caused a mysterious transformation deep within him, as if a wondrous metamorphosis was taking place.

However, this transformation was happening very slowly.

Deep within Su Yi, from the inside out, he had long since undergone countless transformations without even realizing it.

This wondrous metamorphosis, in the beginning, made Su Yi feel something, but in the end, it seemed as if he could no longer sense it.

However, this transformation has been ongoing, and with enough time, it will naturally gather and form a river.

"Hoo-lah-lah..."

The energy of the two Dragon Crystal Fruits was incredibly immense, as a steady flow of vital energy poured into the swirling vortex within his dantian.

Su Yi's dantian sea of qi had long been extraordinary, emitting a faint radiance that shimmered with a gentle and spiritual glow. It formed a translucent film that made the vital energy inside become even more robust, condensed, and pure.

The energy was so powerful, and soon, Su Yi began to feel the desire to break through once again.

Enduring the pain within his body, Su Yi soon felt his aura gradually rising. Fiery red light flickered in his breath, resembling undulating spirit serpents.

This breathing had a special rhythm, deep and mellifluous.

"Crash..."

As Su Yi's aura rose, waves rippled across the magma-like pool outside the crimson energy barrier.

"Wow... only at the ninth level of the Yuan Spirit Realm..."

Xu Chen had found a place to sit and calm himself nearby. From his elevated position, he looked down at Su Yi, sensing the surging aura emanating from him. It was at that moment that Xu Chen truly realized that this guy, Su Yi, was only at the ninth level of the Yuan Spirit Realm in his cultivation.

Chapter 778: Refinement!

A pair of serpent-like eyes stared intently at Jian Wuque, Xu Zhu, and Cheng Yanhuan, emitting sounds reminiscent of dragon roars.

"Hiss..."

Three-Headed Dragon-Horned Pythons slithered and coiled in all directions, surrounding the area with their layered presences. Their eerie snake-like eyes emitted a chilling and intimidating glow.

"What is happening here?"

"These Three-headed Dragon-horned Pythons, how could they be helping Yi Su?"

Everyone was astonished, their eyes wide open, staring at everything before them in bewilderment and confusion.

These fierce Three-headed Dragon-horned Pythons, at this very moment, were actually guarding Yi Su, the Dharma Protector.

Jian Wuque's and Cheng Yanhuan's eyes secretly changed when they saw that all the Dragon Crystal Fruits had fallen into Yi Su's possession.

Looking at Yi Su's reaction, it seemed like he had just swallowed two Dragon Crystal Fruits whole and was now in the critical stage of refining them. This was the perfect moment to make a move, with a great chance of success.

But with these few Demonic True Realm Three-headed Dragon-horned Pythons around, it posed a great trouble.

It was at that moment that Xu Chen truly realized that this guy, Su Yi, was only at the ninth level of the Yuan Spirit Realm in his cultivation.

Chapter 779: Astonishment!

This made Xu Chen even more shocked, causing his heart to surge with waves of emotions.

Yi Su, this guy, when he fought against him before, even though he didn't truly exert all his power and held back somewhat, his true strength was only at the ninth level of the Yuan Spirit Realm.

If they were to fight at the same level, Xu Chen dared not imagine how the battle between the two would unfold. His heart was shaken with astonishment!

The molten-like pool water surged, while Su Yi's aura continued to climb. With an incredibly fast speed, the climbing aura reached a certain pinnacle and remained there.

But at this moment, Su Yi's hand seal solidified, and the vital energy within his meridians continuously emitted thunderous trembles, like a torrential flood, crashing towards the center of the vital energy vortex.

"Boom, boom!"

Surging with great strength, the vital energy surged directly into Su Yi's dantian vortex. Suddenly, a booming tremor echoed within Su Yi's dantian vortex.

At the same time, within Su Yi's body, the vast vital energy vortex trembled intensely, as if it was on the verge of collapsing and creating a vacuum.

"Splash..."

In that moment, within the canyon before dawn, the surrounding energy of the heavens and earth converged and surged into Su Yi's body. This caused the magma pool to seethe vigorously, with waves rising high.

"He actually wanted to make a breakthrough!"

Xu Chen, not far away, looked surprised. Two Dragon Crystal Fruits. That guy actually managed to resist and even make a breakthrough.

From the Yuan Spirit Realm to the Yuan True Realm, it was the dream that every being in the Yuan Spirit Realm yearned for.

Xu Chen knew clearly that the Yuan True Realm and the Yuan Spirit Realm were two different levels. If Yi Su were to step into the Yuan Spirit Realm, his power would greatly increase, becoming even more terrifying.

But soon, as they sensed a change in Su Yi's aura, Xu Chen's eyes widened in astonishment.

Xu Chen felt that the guy seemed to not be making a breakthrough, but rather forcefully preventing him from doing so.

Indeed, Su Yi was forcefully preventing himself from making a breakthrough!

Strictly speaking, Su Yi was cultivating the Void God Sea!

With the Supreme Chaotic Yuan Technique in motion, Su Yi directly isolated the Qi that was continuously pouring into the vortex of his dantian, forcefully guiding the energy of the world to refine the Qi vortex.

"Buzz!"

Within Su Yi's dantian, a loud rumble echoed, as a tremendous force of pause and rebound surged forth, causing Su Yi's entire body to tremble.

"Bang!"

A loud thud echoed through Su Yi's mind, causing his soul to tremble.

The commotion unsettled Su Yi and made it difficult for him to maintain his balance. His qi and blood surged within him, nearly causing him to cough up blood.

Although this was not Su Yi's first time practicing Void God Sea, the cultivation of Void God Sea was not something that one could easily become familiar with in one smooth attempt, even if they were already experienced.

The cultivation of Void God Sea posed increasing dangers and challenges with each attempt.

However, the previous two cultivations of Void God Sea had indeed given Su Yi a lot of experience. With a prepared heart, he wholeheartedly circulated the Supreme Chaotic Yuan Technique, directly channeling the influx of heavenly and earthly energy into the vortex of his dantian.

At this moment, the surging and tumultuous heavenly and earthly energy, without being refined, directly surged into Su Yi's dantian vortex. One careless move could destroy the dantian vortex, leaving him severely disabled or, in the worst case, causing his own demise.

Inside Su Yi's dantian, the vortex of vital energy emitted roaring sounds, as if countless beasts were galloping, attempting to break through Su Yi's dantian vortex directly.

On Su Yi's forehead, beads of cold sweat kept pouring out, causing his entire body to tremble and contort, with a fierce and menacing expression on his face.

This was self-inflicted, extremely agonizing.

This kind of pain was much more torturous compared to the overwhelming energy impact generated by the two Dragon Crystal Fruits within Su Yi's body at this moment.

Su Yi's face was swollen, his expression fierce, and his whole body twitched. At this moment, both his body and the vortex in his dantian were enduring tremendous pain, beyond what an ordinary person could bear!

He who endures hardships will rise above all others!

Su Yi gritted his teeth, knowing that he had to keep it together. Otherwise, the consequences would be unimaginable.

"Rumble, rumble..."

Inside his body, a tremor rippled through, as the Supreme Chaotic Yuan Technique activated. From Su Yi's dantian, a mysterious power surged forth, guiding the dispersion of the energy of the heavens and earth.

This process was filled with danger, as well as being a mysterious and dominant method.

Su Yi had to guide these energies of the heavens and earth, directing them to bombard every part within his Qi vortex. It was a process of refining and tempering that involved immense pain, almost a form of self-torture, akin to self-destruction.

But with each successive tempering, Su Yi's Qi vortex within his body was slowly strengthening in a peculiar and extraordinary manner.

"Ow-Ow..."

Around the pool of lava, the Three-headed Dragon-horned Python roared like a dragon. In this moment, as the aura emanating from Su Yi's body continued to spread and permeate, the snake's eyes filled with awe, and its body prostrated in reverence.

"This person is so mysterious!"

All of this made Xu Chen's eyes shimmer with constant waves.

The darkness before dawn had passed, and the sky was gradually growing brighter. In the eastern horizon, a ray of light diffused and illuminated the heavens.

Gradually, the sun started to rise, illuminating the sky which turned clear and bright. The brilliant sunlight seeped through the narrow gaps in the rocky walls, creating beams of light, both thick and thin. These beams of light gently shone upon the mist-covered gorge, creating a hazy atmosphere, like a delicate ink painting.

"Boom, boom..."

Inside the pool of magma-like water, the booming sound continued.

Su Yi had become enveloped in a radiant glow, with his exposed skin glistening and translucent, giving an impression of flawless perfection and radiant fullness.

But at that moment, Su Yi's face remained grim and his whole body trembled.

"What on earth does this fellow want? Is he trying to have some fun and get himself killed?"

Not far away, Xu Chen had already stood up, his eyes fixed on Su Yi as if he had seen a ghost.

He saw with his own eyes that Su Yi's aura was constantly becoming unstable - once, twice, thrice, four times, and this was already the fifth time.

In a short period of time, Su Yi had five opportunities to break through to the Yuan True Realm. However, all five times, Su Yi was abruptly halted, forcefully cut off.

Xu Chen was completely shocked. Even if this was a form of secret cultivation, it was still too abnormal.

Oh, the five chances for a breakthrough, all abruptly cut off. From the pained expression on Su Yi's face in this very moment, Xu Chen knew that Su Yi was enduring a torment that ordinary people simply couldn't bear. This was self-infliction.

However, amidst the astonishment, a look of shock flickered in Xu Chen's eyes.

Xu Chen could sense that with each attempt to break through the barrier, Yi Su's aura grew even more powerful and robust. Despite the repeated hindrances, his aura became increasingly formidable and profound, which was truly astonishing!

"Ahhhh..."

The Three-headed Dragon-horned Pythons slithered and hissed continuously, bowing in reverence.

Gazing at Su Yi within the lava-like pool, the pairs of serpent eyes narrowed with a sense of awe. A palpable aura emanated, causing their animal spirits to tremble in their minds.

No one knew that at this moment, Su Yi was even more amazed than Xu Chen.

Chapter 780: Awakening!

Su Yi also had no idea that he would be able to break through time and time again.

The energy of those two Dragon Crystal Fruits was unexpectedly immense and surging to such an extent that it made him break through one after another, unable to stop.

When Su Yi had just finally settled down after the third refining of the Void God Sea, the powerful energy transformed by the Dragon Crystal Fruit within his body surged once again, driving his breakthrough.

This compelled Su Yi to continue cultivating the Void God Sea, persisting in doing so. In a relatively short period of time, Su Yi experienced the phenomenon of breaking through five times.

The energy of the Dragon Crystal Fruit exceeded Su Yi's imagination.

And this Dragon Crystal Fruit did indeed contain surging energy, so much so that even cultivators in the Yuan Void Realm experienced tremendous effects when they consumed it.

What's more, Su Yi had consumed not just one, but the energy of two Dragon Crystal Fruits.

After five consecutive breakthroughs, Su Yi had trained in the Void God Sea five times, with each attempt more perilous than the last.

No one could understand the immense torment Su Yi had endured in the morning, the various dangers he faced - it was not something to be shared with others.

After five breakthroughs, the energy transformed from the Dragon Crystal Fruit within Su Yi's body finally subsided.

The once roaring energy, akin to a fiery dragon, no longer surged, but it had not been completely refined. With extensive consumption and Su Yi's imperceptible progress, it had reached a point where it could be suppressed.

Time gradually passed, and the sun rose higher in the sky.

"Is this person not planning on participating in the Saint Martial Assembly anymore?"

Xu Chen started to feel worried. Time was passing by, and given the current situation, it seemed that even if he managed to break through the Sanctified Martial Secret Realm, he wouldn't be able to enter the final showdown.

Xu Chen furrowed his brow, looking at the sky with a worried expression.

"Phew..."

Finally, inside the molten pool, the movement on Su Yi's body calmed down. His eyelashes trembled, and he opened his eyes. He let out a breath from his chest and saw a flicker of red light in his eyes.

Peering inside, Su Yi's mouth curved slightly in astonishment. This was the seventh successful refinement of the Void God Sea.

Su Yi couldn't help but feel his heart tremble, sensing the changes within his body. Inside the swirling vortex of his Qi Sea in the elixir field, a luminous glow shimmered like starlight. It had happened five times in a row.

This was a process of continuous transformation, with each instance bringing about growth and metamorphosis. It was a complete change from before.

But amidst this danger, the five refinements. Su Yi knew that in a short period of time, he had essentially experienced the perils of passing through the realm of the underworld five times. He felt fortunate to have succeeded.

In a short span of time, the Void God Sea underwent five refinements. Su Yi estimated his current battle prowess and felt a sense of confidence within himself. But it was only morning, and compared to before, the enhancements had already increased by several times over.

"This is the seventh time, only two more to go!"

Su Yi took a deep breath and a smile curved up at the corner of his mouth.

The Void God Sea has already been refined seven times, with only two more to go before the successful cultivation can be achieved. By then, one will truly step into the Yuan True Realm.

Of course, with the final two attempts, Su Yi was not careless at all. The fact that he had succeeded seven times didn't mean that the Void God Sea was already 70% complete. The remaining two attempts were even more dangerous and arduous.

"Yi Su, do you really want to participate in the Saint Martial Assembly? We are running out of time!"

While Su Yi was feeling somewhat proud in his heart, Xu Chen's voice came into his ears. The voice had a magnetic quality to it, tinged with a hint of helplessness.

Su Yi looked up, smiled slightly, and felt a surge of energy within him. He immediately soared into the air, his feet lightly tapping on the void, leaping out from the pool of magma. He landed directly on the back of the Demonic True Realm's third-grade Three-headed Dragon-horned Python at the edge of the pool.

"Ow ow..."

The Three-headed Dragon-horned Pythons all looked at Su Yi, hissing and roaring. They stood tall, but their gazes towards Su Yi were filled with immense reverence.

Seeing this, Xu Chen was secretly amazed. It was truly unbelievable. This guy seemed to have the ability to make the demon beasts submit to him.

"Swoosh!"

From high above, Xu Chen gracefully descended, his figure unfolding with elegance. However, he kept a safe distance from the Three-headed Dragon-horned Pythons, fearing that they might suddenly launch an attack.

"Sorry for the delay, thank you very much!"

Su Yi, his gaze sweeping across the surroundings, took in everything within the canyon. Deep inside, he had a general sense of the situation.

Estimating that Jian Wuque, Cheng Yanhuan, and the others had already left, the final showdown of the Saint Martial Assembly would not wait for them.

But Xu Chen didn't leave, staying behind to protect himself.

"I don't know if I can make it in time."

Xu Chen gave Su Yi a disdainful look, but his eyes concealed an unmistakable sense of astonishment.

Staring at Su Yi from a distance, Xu Chen was well aware that this guy had undergone an astonishing transformation. Although he hadn't truly broken through the Yuan True Realm, there was no doubt that he had become much stronger than he had been two hours ago.

In just a short span of less than two hours, this guy had once again become increasingly formidable. He had forcefully refrained from breaking through the Yuan True Realm, even though he had five opportunities to do so. It must be some kind of secret technique, a form of self-torturous refinement.

However, Xu Chen had no intention of asking further. Secretly, he speculated that if he were to truly engage in a battle against this ferocious guy with all his strength, he felt slightly confident in determining the outcome. This was a form of self-assurance for himself.

But now, as he gazed at that ferocious fellow from a distance, Xu Chen's self-assurance seemed somewhat lacking.

"Ha..."

Su Yi chuckled shyly, gently tapping his foot on the back of the Three-headed Dragon-horned Python. His figure swiftly dashed out, leaving behind two light droplets that landed gracefully by Xu Chen's side. In his hand, he held a Dragon Crystal Fruit wrapped in a Flame Dragon Crystal Vine, which he offered to Xu Chen, saying, "The effect of this Dragon Crystal Fruit seems quite good."

For Su Yi, this admiration towards the Dragon Crystal Fruit came from the depths of his heart. He hadn't expected the effects of the two Dragon Crystal Fruits to be so powerful. Even the surging energy had not been fully assimilated and lingered silently within his body.

The energy within the Dragon Crystal Fruit also has the effect of enhancing natural talent. Su Yi could feel the benefits it brought, but it seemed that his physical body had already been tempered to a certain extent under the Supreme Chaotic Yuan Technique, surpassing the advantages brought by the Dragon Crystal Fruit, making them less apparent.

As Xu Chen looked at the Dragon Crystal Fruit in Su Yi's hand, he didn't hesitate one bit and accepted it. His heart was also deeply moved by the tremendous energy contained within the Dragon Crystal Fruit. After all, even cultivators at the peak of the ninth stage of the Yuan True Realm wouldn't dare to swallow the Dragon Crystal Fruit like this.

But this guy just gulped them down, not just one, but two! If it were an ordinary person, they would definitely have played themselves to death. Yet, this guy is still jumping around, undergoing an astonishing transformation.

"The Dragon Crystal Fruit was originally the item you protected. Thank you, Dharma Protectors. If there is a chance in the future, I will take you away from here."

Su Yi turned around and addressed the three-headed Dragon-horned Python in the Demonic True Realm. He then threw a Dragon Crystal Fruit directly towards the strongest third-grade three-headed Dragon-horned Python in the Demonic True Realm.

These Three-headed Dragon-horned Pythons have been guarding the Dragon Crystal Fruits. Su Yi left behind a Dragon Crystal Fruit. If there is a chance in the future, he will come to take away these Three-headed Dragon-horned Pythons.
