Chapter 1471: Desolate Territory's Outer Layer

Deep inside the chaotic space basin, some silhouettes were gliding in cold and desolate area. They all looked exhausted and dispirited.

Surprisingly, they were Xuan He, Frederick, Adele, DeCarlos, Lei Di, and Azure Dragon. They were Immortal Realm experts, the peerless existences in Desolate Territory.

That year, they had tried to worm through the space door that Shi Yan had opened. Hui had changed their destination. They didn't enter the Sea Domain of Nihilicity; they were teleported to a strange and remote area in the chaotic space basin. As DeCarlos also cultivated Space power Upanishad, he had tried to break the space to return to Desolate Territory.

Unfortunately, the door between Desolate Territory and the chaotic space basin was closed. DeCarlos had reached the Immortal Realm, but he couldn't enter Desolate Territory once again.

This group of experts could only wander through the space basin and try to get out of here. After dozens of years, they were still here and had no clue.

At this moment, they all looked glum as they were trying to resist the attacks from outer space streamers. The turbulent space basin didn't have earth and heaven energy. They couldn't refill the energy they had consumed. After dozens of years, half of their power was used.

"DeCarlos, what's the relationship between Desolate Territory and the chaotic space basin?" Xuan He stood by Adele, his eyes restless and bitter.

At first, he had been calm. The knot between him and Adele was untied, so it wasn't really troublesome to stay here.

Then, as his God power got drained, he recognized that this was a dangerous situation and tried to find a way to survive.

Thunder Dragon Lei Di and Holy Beast Azure Dragon couldn't get along still. They moved away from each other and quarreled all the time.

But now, they were all calm and they didn't want to talk or argue anymore.

"Right, what's between the Desolate Territory and the turbulent space basin? As you cultivate Space power Upanishad, I assume you know it," asked Adele.

DeCarlos contemplated for a while and then used his God power to create a globe. The globe slowly ballooned until it was the size of a room. DeCarlos cut the space inside the globe and they became misty areas. Slowly, those areas began to have light dots...

"Desolate Territory looks like this globe. Each of the immense gray areas is a star area. Agate Star Area, Ancient God Star Area, and Sirius Star Area are all in there. They're parts of the globe. Those light dots are the suns and moons of each star area."

After DeCarlos explained, his power changed and beams of light shone inside the globe, creating many nodes as the beams crossed each other.

“The points where the light beams cross are space nodes that connect to each other. Warriors with Space power Upanishad can use those nodes to move from one star area to another. Each star area has countless space nodes. Warriors with a profound Space power Upanishad can use a space node to move to another space node in any corner of Desolate Territory. Leaping through the star areas actually means jumping through space nodes.”

He wore a pensive face as he changed his power.

So many misty areas appeared outside the globe like the atmosphere on a planet. “The misty spaces form the chaotic space basin is separated from Desolate Territory. They are separated by the territory barrier or that wall. That barrier was created by Desolate. It’s hard to pierce through it. Until we reach Desolate’s level, we can’t tear its barrier. Previously, I could use the space nodes inside Desolate Territory to jump and hide in the chaotic space basin. When the space nodes shatter, they will create space cracks leading to the space basin. Also, when I am in the space basin, I can use my Space power Upanishad to jump back to Desolate Territory through the space nodes...”

Pausing for a while, DeCarlos looked begrudging. “But now, I can’t connect with the space nodes inside Desolate Territory. It’s not that the space nodes are broken. Desolate’s barrier has stopped my Soul Consciousness from piercing through. To be more exact, the entire Desolate Territory is closed. We can’t get in or get out.”

“If Desolate is a globe and the space basin is outside this globe, from where did we enter Sea Domain of Nihilicity?” asked Xuan He.

“I’m looking for it. I think we’re close. The territory entrance is the adjoining area between Desolate Territory and the Sea Domain of Nihilicity. The Sea Domain of Nihilicity has so many wonders. Perhaps we can find a way,” said DeCarlos.

Everybody was silent as they followed DeCarlos and wandered.

After a long time, they had reached a place where mist and smoke hovered. The Soul Consciousness was blocked and DeCarlos had never visited this area before. “The chaotic space basin is open. It’s not smaller than Sea Domain of Nihilicity. After I’ve reached the Immortal Realm, I often came here, but I have never explored it completely. I don’t know many places, so it’s easy to get lost...”

DeCarlos explained as he took people to that foggy area. “This area has some strange and fierce energy fluctuations. Perhaps we may find something. Let’s get in there and see.”

They moved through the thick mist. After several months, they crossed the area and a vast sea appeared in their vision.

That sea bobbed in the chaotic space basin as if it was a living being. There was no end.

However, as soon as Xuan He and the others saw the sea, they were excited and screaming. “It’s the river! We had followed this river to get to the Sea Domain of Nihilicity!”

Listening to him, everybody was stimulated. They entered the sea and used the power Upanishads and God power to fly fast.

There was no island on this sea. There was no rock, either. The water was really shallow; they could see the bottom. The seabed looked vast and misty like a cloud, which was somehow marvelous.

People flew through the sea and found the entrance to Desolate. Everybody now had hope.

One day, as they were gliding fast, their faces changed. They had to lift their heads to observe.

Far away from them, halos flashed. Then, they saw some figures surfing.

Xuan He was surprised. He tried to run at his fastest speed in that direction. Everybody was hesitant as they followed the figures, their faces surprised.

Shortly after, Xuan He was the first one to arrive at that area. At a first glance, Xuan He gawked and his jaw dropped

Three people were unconsciously floating in the sea. They were Shi Yan, Audrey, and God Lord Brian. They were still breathing steadily, but they seemed to be in some strange condition where they couldn't wake up.

Ming Hao was there too. He was still in his soul form. But he looked baffled as if his soul was hurt severely. He was dumbly whining about something.

Shortly after, Adele, Frederick, DeCarlos, Lei Di, and Azure Dragon gathered by him.

"Ming Hao!"

"Shi Yan!"

"God Lord!"

"Audrey!"

They all screamed as they were astonished. That year, they had followed Shi Yan to escape, but they were scattered and had lost contact.

Today, seeing Shi Yan and the others, they instinctively thought that Hui had put them into the space basin too. They had to use their energy and now, they were exhausted.

Ming Hao was baffled, but he was awakened from their screaming. He lifted his head and became completely bewildered. "Why are you here?" Ming Hao screamed in fear.

"We're always here!" Xuan He answered. "How about you guys? What happened to you? You've been trapped here and you have consumed all of your energy?"

"We?" Ming Hao thought for a while and then shook his head with a bitter smile. "It's a lot more interesting. Sigh, I can't tell you in just one breath. We've just returned from the Sea Domain of Nihilicity."

"The Sea Domain of Nihilicity?" Xuan He and Adele screamed in unison.

"Brother! What happened? Why is Audrey unconsciousness?" cried Adele.

Ming Hao looked at Shi Yan, Audrey, and the God Lord, his face complicated. "I can't tell you in just a breath."

"We've been trapped here for dozens of years. We have plenty of time. You can take your time and explain!" shouted DeCarlos.

Ming Hao pondered for a while and then nodded with a forced smile. He explained everything in detail from the time he and the God Lord were locked on the seabed of the Sea of Annihilation. They couldn't escape until Shi Yan came. Shi Yan had the Absolute Beginning Original Symbol and the Power Upanishad Symbol Tower, which had made so many warriors of the Sea of Annihilation vie for and rose the battle between the Territory Ancestors. Eventually, Shi Yan's, Audrey's, and God Lord's souls had gathered and turned into a massive shadow, which had overturned the entire situation single-handedly.

Xuan He and the others were astonished as they listened to him.

"If it wasn't told by you, I would never have bought it. I can't believe that the Sea Domain of Nihility is much more wonderful than what we had thought," Xuan He sighed. "I've visited the Sea Domain of Nihility but I have never seen any warrior. According to you, perhaps, we were all wrong. Because we had taken the shortcut, we didn't appear on the seabed of the Sea of Annihilation. We deviated..."

Xuan He looked regretful.

DeCarlos and the others also sighed. They were shocked by what Ming Hao had told them and they sighed because of the adventure the others had taken. Eventually, they became quiet. After a while, Holy Beast Azure Dragon broke the silence. "So, it's Desolate who rescued you and brought you back here. How... is it now?"

Everybody was suspicious.

Ming Hao turned to Shi Yan and said bitterly. "That shadow had separated into three parts and disappeared into their bodies once again. They are still unconscious now. I guess we have to wait until they wake up to know what happened."

"You say that you've been trapped here for dozens of years. Do you know the current situation of Desolate Territory?" Ming Hao changed the topic.

This time, Xuan He and the others forced a smile. "No, we know nothing. Before we've caught you here, we'd been wandering around and trying to find the entrance to Desolate Territory. We haven't seen anyone. We're just wasting our time here."

"Only the ghosts know what's going on in Desolate Territory. Perhaps, Hui has destroyed or even swallowed Desolate Territory," sighed Adele.

"We must find a way to come back!" shouted Ming Hao.

"Shi Yan!" DeCarlos looked shocked. "He's the key! He cultivates Space power Upanishad and he fused with Grace Mainland. He can do what I can't. He can rely on the connection with the Origin to make his power Upanishad pierce through the barrier!"

"We'll wait for him then!" Everybody agreed with him.

God of Slaughter

Chapter 1472: Awaken 2

Shi Yan, Audrey, and the God Lord floated on the river; their breathing was long and their vitality was surging. However, they hadn't woken up yet.

Xuan He and Ming Hao hovered by them and tried to find a solution.

"The God Lord hasn't woken up yet. It's a good chance. We've been fighting against the God Clan for ten thousand years. As long as we kill him, the God Clan can't rise again." Frederick had ruthless light in his eyes, his face filled with murderous intentions. "We can take revenge for our Master. What do you think?"

He turned to Xuan He and Ming Hao, the two leaders of the Bloodthirsty Force

Xuan He shrugged and said, "Well, it seems that Ming Hao was happy when he stayed with the God Lord. Perhaps he doesn't want to take revenge for our Master."

Adele and the others turned to look at Ming Hao.

Ming Hao's eyes were so deep as he pondered. After a while, he said coldly, "Right, I don't support killing Brian now because we don't know the situation in Desolate Territory. If Desolate Territory is now something in Hui and Tian Xie's pocket, we need the God Lord to bond with the God Clan!"

"You think so?" Xuan He discolored.

"I think after we had disappeared from Desolate Territory, perhaps the God Clan is subject to Hui. See, the Great Four Heavenly Kings weren't here. They didn't leave with us. With their realms, they weren't equal opponents to Hui and Tian Xin. They didn't have another option but death if they didn't surrender," said Ming Hao.

They all kept silent after Ming Hao had explained it to them.

Time flew hurriedly.

Several months had passed like a blink of an eye. They still guarded the area and waited for Shi Yan to wake up.

However, it wasn't Shi Yan who woke up the first. It was Audrey.

Audrey had a long dream. She was so intimidating in her dream. She had fought and killed a lot of experts. In her dream, she had everything...

After opening her eyes, she was bewildered as she found an item in her head.

Her Soul Consciousness gathered and she was surprised as she saw a little jade cauldron in her head, which, unexpectedly, used to belong to Neptune.

"Soul Refining Cauldron! An Absolute Beginning divine weapon!"

Audrey was so thrilled. The aura from the jade cauldron vaguely matched with her breathing, will, and thought. Also, it had even connected to her blood.

That jade cauldron seemed to become her heart and limbs. It was the sign of a complete fusion.

She sent a wisp of her soul to the inside of the cauldron. It was a wonderful world with countless soul drawings on the horizon of an immense, gray sky, creating a thick mesh net where so many souls were cultivating...

The Soul Refining Cauldron could keep, nourish, refine, and make souls cultivate themselves to upgrade!

Audrey's cold face blushed in excitement. She squeezed her fists and almost screamed.

"Cough! Cough!"

Ming Hao gave a slight cough to remind Audrey, waking her up from the world inside her head.

Audrey's consciousness came back to her. She saw her mother, Adele, Xuan He, and Frederick. She couldn't help but cry in astonishment. "Why are you here?"

"Do you know what happened to you?" asked Ming Hao.

Audrey was bewildered. She tried to recall, but her mind was empty. "I don't know. It felt like my soul was sucked out. It was like a dream and I just woke up now."

Swoosh!

Ming Hong appeared on her shoulder like a little bat. He glanced at Audrey and said, "You've reached the Immortal Realm..."

"AH!"

Audrey and Adele screamed at the same time. Xuan He and the others were also surprised.

"You... you are..." Adele pointed at Ming Hong.

Ming Hong nodded, "Right, I am Ming Hong from Imperial Dark Tribe. Twenty thousand years ago, I was your grandfather's comrade. We'd accompanied each other for many years. Bloodthirsty had damaged us a lot. He also ended the ruling time of Imperial Dark Tribe. After that, the Bloodthirsty Force had risen."

"As you were with her all the time, you could know more. What...What happened?" asked Ming Hao.

Everybody put on a curious face.

Ming Hong pondered, his voice deep. "Shi Yan's life was threatened by Neptune's Dark Energy attack. Desolate's blurry consciousness alerted that its host could be destroyed, so it burst out instinctively. Also, Audrey and Brian happened to be parts of Desolate. Their Origins have independent consciousness. They found that Audrey and Brian could be killed in that circumstance. Thus, they proactively joined Desolate's clone in Shi Yan...."

"You mean... The fusion of the Origin of Grace Mainland, God-blessed Mainland, and Ancient God Continent is also the fusion of Desolate's body parts? Desolate's three clones recognized the dangerous

situation, so they had to join each other temporarily to use Desolate's supernatural power?" Ming Hao was surprised. "So, it wasn't Desolate itself who had appeared all of a sudden and gathered its clones?"

"The real Desolate is still in Desolate Territory. Perhaps it isn't in a good condition, either. It wasn't free to care about the clones, right?" Ming Hong shook his head. "Desolate's three clones have independent consciousness although they could be dormant while being fused with Shi Yan, Audrey, and the God Lord. Anyway, they still have complete intellect. They originated from Desolate, but they are independent of Desolate. Of course, if they gather together, they are Desolate..."

Ming Hong's words weren't so clear. However, they were all smart people as they understood what he wanted to say.

"The three clones knew the threat. They joined each other to get a part of Desolate's supernatural power to overturn the situation. Audrey's part had seized the Soul Refining Cauldron on behalf of her. Brian's part had taken the qualification to advance to the Territory Ancestor Realm. At this moment, God Lord Brian has Dark Energy..." explained Ming Hong.

Everybody was frightened. They turned to look at the God Lord and they found him awake and sitting above the sea. He opened his eyes and looked at the others, talking calmly with a nod, "Precursor Ming Hong is correct. I've experienced many things in a dream. I've perceived something. And now, I understand Dark Energy..."

"How about Shi Yan?" Xuan He and Frederick screamed.

What did Shi Yan get?

They all wanted to know this.

Ming Hong forced a smile and shook his head. "Logically, Shi Yan's consciousness is the strongest. Because when Desolate's three clones gather, Audrey's and Brian's had proactively come to join his Origin. Audrey got the Soul Refining Cauldron and she had entered the Immortal Realm. The God Lord got the Dark Energy that he had yearned for. As for Shi Yan, I actually don't know. Perhaps we have to wait until he woke up to know what he had harvested."

The remarks made people speechless and more curious. They hoped that Shi Yan would wake up a little early.

"When did I swallow the Immortal Pellet?" Audrey was shaken hard as she sensed the changes of her body and the magical transformation of her power Upanishad.

"In your dream. It... has done everything it could." Ming Hong's eyes were filled with respect. "After it had appeared, I stayed hidden in your Incipient Extent. I could vaguely see it using the Immortal Pellet to help you break through fast and enter the Immortal Realm directly."

"Don't think of anything else. Take a decent rest to carefully check the changes in your body and soul," Adele was so happy. She grabbed Audrey's hand and pulled her aside. "Good child, it seems that you got the biggest harvest in the Sea Domain of Nihilism this time. Excellent. With you here, our Imperial Dark Tribe will thrive fast!"

“I got all of Singh’s slave souls from the Soul Clan. I know many secrets and techniques of the Soul Clan. They happened to match perfectly with our Imperial Dark Tribe’s power Upanishad,” Audrey’s eyes brightened. “I believe what I got can push Imperial Dark Tribe to another height!”

“Excellent!” Adele cheered.

“Brian, can you sense the situation of your Ancient God Continent?” asked Ming Hao.

The God Lord lifted his head, his eyes glum. “You’re right. My clan... has followed Hui. The situation of Ancient God Continent isn’t right. I can vaguely check it. The Four Great Heavenly Kings now have an intimidating aura. I think they got Dark Energy too.” Xuan He, Frederick, and Lei Di paled.

Carefree, Light, and the others were at Second Sky of Immortal Realm. They were strong already. Once they got Dark Energy, their competences were going to rocket. They would become the most terrifying opponents.

“Hui and Tian Xie must have done some business with them and enticed them with Dark Energy. Otherwise, with their nature and learning ability, they would never have been able to learn Dark Energy in just a short time like that,” said the God Lord.

Can you use the body of someone in your clan to get through the barrier and get back there?” asked Ming Hao.

Brian shook his head, “I don’t cultivate Space power Upanishad. Otherwise, I can try. Desolate Territory is closed now. Only Shi Yan has a chance to take us out of here. He has the Origin of Grace Mainland and the Space power Upanishad. They are the advantages that we don’t have.”

“So we still have to wait for him to wake up?” Lei Di forced a smile. “You two have awakened. He’s still unconscious. We have to wait until when? Do we have any method to wake him up?”

“No,” Ming Hao snorted, “His condition only happens once in a blue moon. He must be learning something. If we wake him up, it will be dangerous somehow. We should just wait then.”

“Right, we have to wait,” said Xuan He.

And they continued to wait for him.

Time flew as fast as a shuttle. Several years had passed in the outer layer of the Desolate Territory.

Xuan He and Ming Hao gradually went numb.

They scattered to different areas of the river and discussed the power Upanishads or meditating alone. They had to wait for Shi Yan. They didn’t have any alternative.

Until Shi Yan began to shake. A terrifying energy fluctuated through his glabella. Then, the blood mark appeared on Xuan He’s, Ming Hao’s, and Frederick’s forehead.

“Shi Yan has finally finished refining the energy he got from the seabed! This power is so amazing. He can’t endure it, so our mark now emerges!” screamed Ming Hao, looking so thrilled.

Xuan He and Frederick were also excited. They gathered and sat cross-legged in front of Shi Yan to receive the enormous flood of energy that Shi Yan couldn’t digest by himself.

God of Slaughter

Chapter 1473: Apprehend the Creation

Ming Hao, Xuan He, and Frederick sat in a triangular formation in front of Shi Yan. They closed their eyes, focusing and releasing their Soul Consciousness.

The blood mark emerged on their foreheads. At first, it was blurry but then, it became beautifully crimson.

Shi Yan was still unconscious. Energy fluctuated terrifyingly in his body, especially deep in his brain. Waves of aura that could distort the soul made people worried about him. They thought that his soul would collapse soon.

“What’s going on?” DeCarlos looked at Ming Hong in the distance with the hope that he would answer.

Adele was bewildered. She looked at Ming Hao and Xuan He and felt worried.

Ming Hao was her blood brother and Xuan He was her lover. Of course, she didn’t want anything bad to happen to them. Thus, she turned to ask Ming Hong. “What do you think?”

Not far from them, DeCarlos, Lei Di, and Azure Dragon also looked at Ming Hong and waited for his explanation.

“The battle on the seabed of the Sea of Annihilation had killed dozens of experts at the Immortal Realm. Shi Yan had quietly taken in the Essence Qi and even their soul altars after they died. Those people had astonishing God power and powerful soul altars. I think the reason why Shi Yan has been unconscious for a long time is that he has to digest an enormous amount of energy.”

Ming Hong pondered for a few seconds and then said, “After such a long time, his Devouring power Upanishad would work again to release the energy. Shi Yan’s body can’t absorb all of them. He has to bestow the extra energy to the warriors cultivating the eight great evil power Upanishads. Yeah, with their cultivation base, Ming Hao, Xuan He, and Frederick will receive great benefits from sharing the energy with him.”

Then, Ming Hong stopped and looked at the God Lord in vigilance.

Although he didn’t say anything, Adele, DeCarlos, Lei Di, and Azure Dragon understood him. They then pulled serious faces.

God Lord Brian opened his eyes, his face cold and dark. “You think I would seize this chance to attack them? While I was dormant, you didn’t assault me. Would I do that now?”

Snorting, he said, his voice stiff and cold, “I’ve been slaughtering everywhere for my whole life. I’ve killed a lot of people and destroyed a lot of planets. But I have never done such despicable deeds. When I killed Bloodthirsty that year, I didn’t know that he was hurt severely. Although I like killing, I’m always straightforward. I have never done anything contemptible!”

“I think he knows how to behave,” DeCarlos curled his lips. “Today, we don’t know the situation of Desolate Territory. The God Clan has subjected to Hui and Tian Xie. He... also needs our force.”

“Harrumph!” the God Lord didn’t have a friendly face. He looked as if he ridiculed their doubt.

They could finally relax, but they were still careful enough to surround Shi Yan and the others in case the God Lord was going to launch his ambush.

Swish! Swish! Swish!

Wisps of gray energy flew out of Shi Yan’s acupuncture points and glabella. There were hundreds of streams, which were divided into three parts and entered Ming Hao, Xuan He, and Frederick through the marks on their foreheads.

Ming Hao and the others shuddered slightly. They couldn’t help but grin excitedly when they received the pure energy.

Xuan He sensed carefully...

The stream of energy from Shi Yan’s acupuncture points had turned into a cool stream, deluging his veins and running toward his God power Ancient Tree as soon as it got through the blood mark.

His Soul Consciousness checked his body and he saw that the branches of the God power Ancient Tree had become crystal like jade, each branch filled with pure energy. The Ancient Tree now looked like it was made of gemstone, sparkling beautifully and marvelously in his lower abdomen as the source of his enormous energy!

As soon as the immense, gray streams of energy from Shi Yan’s glabella had poured through the blood mark; it became the tonic to his soul, nourishing his soul altar and strengthening his Sea of Consciousness. At the same time, it helped his host soul discharge the dregs and contaminants. Eventually, his soul altar became sparkingly crystal clear.

Frederick had the same feelings.

The energy emitted from Shi Yan had strengthened their God power Ancient Tree, cared for their Soul Altars, and helped them refine their body and restructure their soul altars.

Ming Hao was shaken. He felt so wonderful that he couldn’t describe it...

Ming Hao cultivated the soul altar and his soul. His Sea of Consciousness was immensely vast. Each wisp of his Soul Consciousness connected to a clone. In his Sea of Consciousness, so many souls were bobbing like merpeople.

The soul energy from Shi Yan had entered his Sea of Consciousness after it got through the blood mark. His soul altar had been quenched for hundreds of years and his host soul had cultivated for tens of thousands of years. Suddenly, he felt a vibe. The energy that had entered his Sea of Consciousness carried true soul power, which was ultimately pure. Instantly, it mingled with his Sea of Consciousness.

Ming Hao sensed for a while and what Neptune had explained about the God power, Dark Energy, and the positive and negative energy suddenly became clear to him!

Dark Energy was the most refined and purest soul energy!

The energy in the Sea of Consciousness had become clear as he had cultivated it with his own method. And now, it got the mysterious but intimidating energy!

“Oh! I got it!”

Ming Hao was so excited. He had a rare smile on his face.

Dark Energy was the soul energy! The real, pure soul energy! It was the refined God power, which then condensed and ascended to a whole new kind of soul energy!

It was similar to his previous phrases. Before he had broken through to a new realm, the energy moving in his body was the Original power. The Original power was the energy of the low-realm warriors. After they had broken through to profound realms, their power Upanishad and God body had transformed, and it was when they got their Original power that they transformed to the God power.

The God power was the Original power that was condensed hundreds of times!

The origin of the God power was the Original power. In the same way, the origin of Dark Energy was the soul energy or the Soul Consciousness. It was a higher form of soul energy and Soul Consciousness. In short, Dark Energy was the true soul energy!

He suddenly got the truth from his profound realm and what Neptune had explained about Dark Energy together with the energy Shi Yan had gifted him this time. The soul energy Shi Yan was sending him now had the aura of Dark Energy, which provided him with a better chance to observe and learn.

Xuan He and Frederick were at only Second Sky of Immortal Realm, so their bodies and soul altars hadn't advanced enough to perceive Dark Energy. They didn't know the mysterious features of Dark Energy, so they couldn't learn Dark Energy this time like Ming Hao.

The energy that flew out of Shi Yan's labella hadn't ceased after several days.

Adele had always noticed the God Lord as she was afraid that something unexpected would happen.

Today, the God Lord, who had closed his eyes all the time, suddenly opened his eyes, revealing a pair of bright pupils.

Adele, Lei Di, and the others changed their visages slightly. They couldn't help but turn tense and vigilant.

Brian looked strange when he observed Ming Hao and grinned, “Yeah, he's Ming Hao. Just half a step behind me. He has Dark Energy. He's truly the leader of the eight chiefs. He hopes to break through to the Territory Ancestor Realm then. He's my lifetime rival.”

Hearing him, Lei Di, Azure Dragon, and DeCarlos were very surprised. They then sighed and envied the others.

They exchanged looks and saw the complicated thought on each other's faces. When they looked at Shi Yan again, Ming Hao and Xuan He looked odd.

Many years ago, in this vast Desolate Territory, only Bloodthirsty had Dark Energy. It was also the reason why he had become the overlord of the sea of stars, the most acknowledged powerful expert!

After he was gone, his body scattered in many places. The God Lord, Ling Xiang, Caesar, and Lorraine had used his bones to study the power of Dark Energy. However, none of them could figure out anything.

Ling Xiang, Caesar, and Lorraine were at the First Sky of Immortal Realm. Their bodies and soul weren't strong enough to perceive the energy. Thus, they were just wasting their efforts.

As Brian and Ming Hao had known nothing about Dark Energy, they couldn't get the key from Bloodthirsty's remains. It was like the blind groping on things but didn't know what they were.

Quite the contrary, Shi Yan, unknowingly, had used the Devouring power Upanishad and become the first expert to get Dark Energy after Bloodthirsty. After Brian and Ming Hao had come to the Sea Domain of Nihilism, they knew how vast the world was. They knew about the Territory Ancestors and what they talked about was Dark Energy. As they were the two outstanding and talented experts, they somehow got the key after listening to Neptune.

Today, as Desolate's clones had affected them and with Dark Energy from Shi Yan, these two had cleared the thick mist in their heads to perceive this advanced form of energy.

After Shi Yan, Brian and Ming Hao had successfully received Dark Energy. At their Third Sky of Immortal Realm, once they got Dark Energy, they were just one step away from the Territory Ancestor Realm.

Sizzle! Sizzle! Sizzle!

The acupuncture points and the glabella in Shi Yan's body sounded strange. Eventually, the streams of energy emitted from him ceased. Xuan He, Frederick, and Ming Hao pulled themselves together to check their bodies and absorb the energy.

At the same time, when the extra energy was discharged, Shi Yan's acupuncture points and the black hole, which were his sluggish delicate tools, were now moving again at a fast speed. Finally, Shi Yan's consciousness returned to him.

Refined energy from seven-hundred-and-twenty acupuncture points in his entire body had entered his Incipient Extent.

A marvelous wonder slowly unfolded in his galaxy Incipient Extent...

The streams of energy in his acupuncture points swarmed into his Incipient Extent. Slowly, his Incipient Extent looked emptier as it expanded...

The misty air hovered as if it was earth and heaven energy; it looked like a cluster of something chaotic. Slowly, that chaotic area had some changes. The pure earth and heaven energy slowly condensed and became brilliant stars with mountains, lakes, and foliage...

Shi Yan was shaken as if he had seen the images of a newborn world. He felt so touched that he wanted to cry.

The earth and heaven energy in his Incipient Extent was clusters of moving air. When they expanded, they also widened the area. When they gathered, they created planets with mountains, lakes, and plants... Vaguely, he saw some shapes of creatures...

However, all of them didn't have a soul. Whether it was the stars, the mountains, or an animal, they were just like a stone table: They were dead things...

Until the black hole released pure Dark Energy, a mysterious soul aura was poured into the Incipient Extent. All of a sudden, some stars in his Incipient Extent seemed to get their soul flames ignited. They now had a feeble consciousness!

At this moment, his host soul felt like the Creator. He could feel the naive and shy consciousness of the newborn stars, and the muffled, bewildered thoughts when their intellect had just formed...

God of Slaughter

Chapter 1474

The heaven and earth original energy had turned into the planets and other entities. The Dark Energy had improved lives with souls; it was the way of creation.

Today, Shi Yan's Incipient Extent had played the way of creation. Heaven and earth energy from his acupuncture points flooded the Incipient Extent, expanding it. Next, the cluster of chaotic gas was created, which then generated the planets, mountains, and rivers. The Dark Energy gushed from the black hole as the source of the soul, granting the feeble Soul Consciousness to those planets.

Shi Yan was the master of this world: his consciousness could reach everywhere to check the smallest of changes...

He quietly observed everything...

Gradually, his comprehension became deeper, and he finally understood the origins and marvels of God power and Dark Energy. The God power existed in the abdomen of the warriors, which they had created by collecting and condensing the energy from heaven and earth or divine crystals.

The Essence Qi from the dead that his acupuncture points had absorbed was also a kind of heaven and earth energy. It was the God power remaining in the warriors he had absorbed right before it vanished, returning to the heaven and earth. After it was filtered and refined in his acupuncture points, it turned into the basic pure energy of the world. This basic energy of heaven and earth was the root of creating everything. When he brought it in his Incipient Extent, he could create many things.

The soul altars and the soul energy the black hole had taken up would turn into the Dark Energy after the refining process inside, which was also a truly pure soul energy.

The origin of the Dark Energy stayed in the soul and Soul Consciousness of the warriors. After it had entered his Incipient Extent with the soul energy magnetic field, it could deliver life to the stars there.

He quietly sensed and observed his Incipient Extent, finding that the Dark Energy in his Incipient Extent was just enough to give an immature consciousness to a few stars. However, it couldn't grant intellect to the animals he had created or create the new races with a flesh body and soul. Shi Yan thought that it was because his realm and understanding of the Dark Energy weren't profound enough.

He suddenly understood that having real creatures in his Incipient Extent was the key of transforming it into a Territory.

The Territory Ancestor Realm!

Unfortunately, he was just at the Second Sky of Immortal Realm. He was still a distance away from the Territory Ancestor Realm, which was neither short nor long.

Sensing the changes of his body, soul, and Incipient Extent, his consciousness lingered in his Sea of Consciousness and found a strange pond there. That pond was jet black, and it was just the size of a lower millstone. It wasn't even one-billionth the area of the Sea of Consciousness. The thing that was moving inside the pond was the pure Dark Energy; it was the true soul energy!

The tiny soul pond had occupied a bit of area, but was the core of the entire Sea of Consciousness.

The black hole was moving above the pond. Sometimes, a drop of energy fell from the black hole like a raindrop; it was the purest Dark Energy that was refined out.

The black hole had swallowed so many soul altars of the Immortal Realm experts, and after a long time of refining, the extra soul energy that hadn't turned into Dark Energy had poured into Ming Hao, Xuan He, and Frederick.

After thousands of refinements, the Dark Energy was finally created. A part of it had arrived at the Sea of Consciousness, and the other part was dripping into the newly formed soul pond, which was Shi Yan's Dark Energy.

Retrieving the Soul Consciousness, he found his God power Ancient Tree filled with rolling, crystal clear God power. The tree's branches had become sparkingly fulgent.

His thought flickered, and he immediately recognized that he had reached the upper limit of the Second Sky of Immortal Realm. His entire God power Ancient Tree was filled with God power, and his fleshy body had been quenched one more time. Each of his muscle fibers was brimming with vitality!

He hadn't reached the Third Sky of Immortal Realm, so his understanding of power Upanishads wasn't enough. However, when he observed the God power Ancient Tree in his lower abdomen and the soul pond of Dark Energy in his Sea of Consciousness, he was still satisfied.

He suddenly recognized that the soul pond in his Sea of Consciousness was the key to opening his door to the Territory Ancestor Realm. The Dark Energy could grant souls to the creatures in his Incipient Extent, which would make him the real owner of a Territory. That was how he could create his old universe.

He sat cross-legged, perceiving the slightest changes in his body as time flew hurriedly.

In the long river without days and nights, Adele, Lei Di, and Azure Dragon were restless as if they had a flame burning their hearts. To them, each day was as long as an entire year.

The God Lord, Xuan He, Frederick, Ming Hao, and Audrey were calm. They all had harvested something; at the critical path of their cultivation, they didn't hurry to return to the Desolate Territory.

Audrey had just entered the Immortal Realm, and she had obtained the Soul Refining Cauldron. She had taken time to get used to it as well as her new realm. She also studied the power Upanishads of the Soul Clan, sinking happily in new concepts and knowledge all the time.

The God Lord and Ming Hao had obtained the magical Dark Energy. They wanted to spend all of their efforts in exploring the new energy and its wonderful features.

Xuan He and Frederick had made them even more astonished. After they got the energy from Shi Yan, they had a new level of understanding of the power Upanishads. From the Second Sky of Immortal Realm, they had powerfully leaped to the next realm, finally entering the Third Sky of Immortal Realm. Xuan He and Frederick were so thrilled that they wanted to spend more efforts to obtain the new powers of the new realm.

Shi Yan was like a rock. He sat still, but nobody knew the earth-shaking changes inside him.

Long, long afterward, Audrey, God Lord, and Ming Hao woke up. They talked and waited for a while, then Xuan He, and Frederick woke up as well.

“From the time Shi Yan gave us the energy until we broke through to the Third Sky of Immortal Realm and stabilized our realm, how long has it been?” When Xuan He opened his eyes, he knew that a long time had passed. He smiled while turning to Adele.

Adele’s eyes were glum, “Almost thirty years.”

“Thirty years...” Xuan He muttered something and then got up, stretching his body. “Not really long. Adding the time we were locked here for, it’s around one hundred years. Short, though.”

“Yeah, it’s short. But, with the unclear situation of Desolate Territory and the fact that we didn’t cultivate like you guys, it was really tough for us to wait for thirty years,” Adele’s voice was bitter.

“Then, what should we do?” Xuan He shrugged, pointing at Shi Yan. “If he doesn’t wake up, no one can return to Desolate Territory.”

Everybody quieted down.

Only Shi Yan was the warrior with an Origin and the Space power Upanishad. They had to count on him.

They continued to wait for three more years. Eventually, Shi Yan opened his eyes, with two galaxies moving in them at this moment. He gave people an impression of something deep and unimaginable.

After dozens of years of meditation, Shi Yan had observed the mysteries of the word at its finest dawn. He felt it had been hundreds of thousands of years, as if he had gone through the heaven and earth’s process of a whole era.

After he had awakened, he felt that his body and mind were a little tired. This kind of tiredness only happened to the aged warriors. It was the feeling of seeing hundreds of thousands of lives and countless times of rising and lowering tides...

Xuan He and the others turned to Shi Yan, their mind shivering. They all felt something archaic and melancholic from him. They knew he was pretty young; but looking at him now, they had a strange feeling that he was even older than them, and that he had experienced so many eras.

Even Holy Beast Azure Dragon, the oldest expert in this group, was startled for a while. He shook his head, talking skeptically, “Why do I feel like he’s been living even longer than me? It’s just around one hundred years we didn’t meet, right? His bearing has changed greatly.”

“Before he went dormant, he didn’t have this aura. Seems like after this deep slumber, he underwent something more magical than us...” The God Lord pondered and then asked all of a sudden. “Shi Yan, what did you get?”

Desolate’s clones had helped Audrey get the Soul Refining Cauldron and the Immortal Realm, and the God Lord had gotten the Dark Energy he had yearned for. Brian believed that Shi Yan had obtained a bigger harvest!

“What did I get?” Shi Yan was a little bewildered. “I’m still at the Immortal Realm. Seems like I don’t have any significant changes. Talking about harvest, perhaps it’s...”

He didn’t talk more.

Everybody was so curious. They gazed at him with their feelings boiling, as if they wanted to eat him.

“Yeah, I may have vaguely seen the principle of the Great Path. I saw the changes of the world at its finest dawn, and I’ve experienced the wealth and decline of an era...” Shi Yan wasn’t so certain.

The ones around him didn’t get it either.

“It’s the understanding of power Upanishad, principles, and progress of heaven and earth! It’s a harvest we can’t measure! They’re the priceless experiences in this world. They’ll benefit you greatly in your realm, power Upanishads, and even body! You’ll know soon!” DeCarlos said.

Hearing him, people thought carefully; although they all got something, they still showed a crazily envious countenance toward Shi Yan.

“Brian and Ming Hao got the Dark Energy, Xuan He and Frederick have entered the Third Sky of Immortal Realm, and Audrey’s broken through the Immortal Realm. Wonderful! It’s excellent, guys!” Shi Yan turned to them, smiling relaxedly. “You guys are waiting for me to open the door to Desolate Territory, aren’t you?”

Everybody felt magical as they nodded.

“Alright, we should go home. I still have a connection with the Grace Mainland,” Shi Yan grinned. He didn’t wait for the others to talk more, using the Space power Upanishad to create a light door, then walking through it.

Everybody was stunned.

Seeing Shi Yan create a light door and leave, Adele, Lei Di, and the others, who had been waiting for this moment for a long time, were suddenly hesitant.

“It has been more than one hundred years. I don’t know how Desolate Territory has changed. I... I don’t dare to face it. I’m afraid it’d be a bowl of rice on Hui’s table now.” Lei Di was a little scared.

Not only him, the God Lord and Ming Hao were also a little afraid. When the door emerged, this feeling became clearer.

It was the fear they felt toward the unknown.

“As it has come to this, what can we do if we’re fearful? The Four Heavenly Kings have betrayed me. I’m not afraid. What are you afraid of?” The God Lord snorted. As the others were hesitating, he was the second one walking through the door.

Ming Hao and Audrey followed him.

Xuan He, Frederick, and the others had been stuck here for many years. During the course, they had thought a lot and worried a lot. They hadn’t come to the Sea Domain of Nihility to see the Territory Ancestors, and they hadn’t seen the bigger world. They were scared, so they didn’t dare to move.

“This door has a time limit. If you linger, it will...close!” DeCarlos shivered as he changed his face while screaming, then resolutely jumped into the door.

Xuan He, Frederick, and Adele didn’t hesitate, jumping into the door one after another.

The light door slowly closed, eventually turning into beams of light and vanishing.

Chapter 1475: Return!

Immortal Island, Endless Sea, Grace Mainland...

The Immortal Island today had become the area with the thickest heaven and earth energy on the Grace Mainland, and the liveliest city.

The Immortal Island was managed by the Yang and Shi Families. Many strong forces of the Agate Star Area were based on the surrounding islands. Those forces were submitted to the Immortal Island.

Inside a small valley on the island, a light door suddenly appeared, Shi Yan walking out of the door in the next second. He faced the sky, closing his eyes to sense with a calm face.

The Grace Mainland didn’t have anything abnormal.

As soon as he landed, his co-soul immediately contacted the entire continent. As his soul flickered, every slightest commotion in the continent had been projected in his mind like a clear picture. It was the privilege that only the Master had.

“Oh?”

He couldn’t help but scream. He found that the warriors of the Bloodthirsty Force like Yang Tian Emperor, Blood Devil, Leona, Fei Lan, and Ka Tuo had gathered by the island. Xia Xin Yan, Feng Han, Ling Xing, Gu Te, and Bath were also on the Grace Mainland.

He pondered for a while and then released the Soul Consciousness, calling his friends and family.

Yang Tian Emperor and Blood Devil were cultivating. They lifted their heads and found Shi Yan’s giant face created by the clouds in the sky. Shi Yan was like a God floating in the sky, sending his soul message. “Come to the mountain on the Immortal Island.”

At the same time, the clouds in the sky where Xia Xin Yan, Feng Han, Gu Te, and Bath were cultivating also created Shi Yan’s face with the same message.

The Heavenly Monster Mountain Range in the Vault of Heaven Sea Area also had the same call.

At the same time, in different corners of the Grace Mainland, the warriors who were related to Shi Yan also found his face in the sky. Shi Yan was like a God calling for his disciples. He asked his followers to come behind the mountain on the Immortal Island.

When they received the message, they dropped all the activities they were performing to rush toward the meeting place.

Swoosh! Swoosh! Swoosh!

The God Lord and Audrey walked out of the light door; Adele was the last one to arrive. The light behind Shi Yan closed and vanished.

“Something’s wrong!”

As soon as God Lord Brian had descended, his face changed. His eyes gazed at the horizon as if he could cut through layers of spaces. “The connection between the Ancient God Continent and I is completely cut off. I have no way to sense the commotion on the Ancient God Continent. I can’t feel the aura of the God fellows!”

“Me neither!” Audrey screamed bewilderedly.

Audrey and the God Lord had fused with the Origin of the God-blessed Mainland and the Ancient God Continent. Logically, as long as they were in Desolate Territory, no matter how far they were from their homeland, they could still sense the aura of the two continents.

At God Lord Brian’s level, his soul could even contact the members on the Ancient God Continent.

However, the connection between them and the Origin was cut off.

Being the leaders but they couldn’t sense the commotions on their own homelands, which scared them to the point of discoloring. They didn’t know what had happened.

“Cang Yun is dead!” Azure Dragon sensed for a while and then turned ashen. “His Origin was robbed. Who did that?”

“Seems like many things have happened to the Desolate Territory. So strange!” Right after DeCarlos arrived, his body flashed and then disappeared as if he had pierced through the space to leave.

Shi Yan wanted to confirm the situation of the Agate Star Area. Seeing DeCarlos leaving, he didn’t want to waste his efforts. He just needed to wait for DeCarlos then.

After several minutes, DeCarlos reappeared in a flash. His face was heavy, and his eyes astonished.

“So many star areas have merged with each other in the Desolate Territory. The barriers between the star areas have shattered as they came close together. And now, we have only three great star areas. There are so many layers of barriers between these three star areas. It seems all the available barriers of the star areas have piled up to protect the three star areas. It’s really difficult for me to get through those barriers.” DeCarlos bewilderedly said.

“Provide more details!” Shi Yan snorted.

If Shi Yan were rude like that earlier, DeCarlos would have taught him a lesson for sure. But, Shi Yan was at the Second Sky of Immortal Realm now, just like him; and the former could be even slightly stronger. DeCarlos didn't dare to look down on Shi Yan. He wasn't enraged; instead, he explained seriously.

"Agate Star Area, Fiery Rain Star Area, Fantasy Misty Star Area, Dry Bone Star Area, Fearsome Hollow Star Area, Prosaic Star Area, Sirius Star Area, Black River Star Area, and Earth Eye Star Area have merged together. They are now a single great star area. Besides the Grace Mainland, I can vaguely feel Desolate around. Seems like it stays within this inter-star-area."

Listening to him, everybody was frightened. Shi Yan closed his eyes to sense for a while. His Soul Consciousness pierced through space, moving around.

A new star map emerged in his Sea of Consciousness. This inter-star-area consisted of so many star areas, with countless suns and moons, as well as billions of warriors dwelling on countless life stars.

The forces from the Agate Star Area like the Drifting Fire, Gu God Sect, Bai Family, Wu Family, and Xiao Family, were scattered in the new spectacular star area. They seemed ready for a great war that could burst out at any minute.

"True...Many star areas have merged with each other." Shi Yan said with surprise.

Swoosh! Swoosh! Swoosh!

Finally, his fellows had arrived. Yang Tian Emperor, Blood Devil, and the others had arrived first. They were so excited when they saw Shi Yan. Yang Tian Emperor had tears in his eyes, choking on his words, "You're still alive, boy..."

Soon, Xia Xin Yan, Fu Wei, Ling Xing, Gu Te, and Bath arrived.

Shi Yan was also emotional that many words were stuck in his throat. He didn't know how and what to tell them.

"What happened?" Ming Hao saw Yang Tian Emperor and Blood Devil come, his face turning ferocious. "Why didn't you guys stay in the blood sea, our forbidden land?"

"We had run away from there. I'm afraid we can't get in there again." Blood Devil forced a smile. He had also entered the Immortal Realm, and the life energy on him was fierce. He glanced at Xuan He while shaking his head, "I'm afraid you guys can't go there either."

As soon as he said that, the three chiefs of the Bloodthirsty Force including Xuan He, Ming Hao, and Frederick urged their power Upanishads to activate the mark.

After a while, their faces discolored, turning heavy and dark.

Just like Blood Devil had said, they had lost the connection with the blood sea, their forbidden land. They had lost the Bloodthirsty Force's headquarters.

"Give it a try!" They turned to Shi Yan.

Shi Yan used the method he used to trigger the blood mark with, trying to connect to the whirlpool in the blood sea; but he got nothing.

“What happened?” Shi Yan was so surprised.

“One hundred years ago, Wederson came to the blood sea, our forbidden land. He had suddenly become so fierce and unrivaled, ruling over the entire blood sea. He said that he was the true heir of Bloodthirsty. He can use eight power Upanishads and the Devouring power Upanishad as well. He said that Shi Yan and the three great Chiefs were dead, and he was the new master. After we found that things went wrong as many people had fought him and were devoured, we could only run away. He killed all the rebellious warriors...” Blood Devil explained.

“Wederson!” God Lord, Ming Hao, and Xuan He screamed in unison. “He was dead, wasn’t he?”

Wederson was a hybrid between the God Clan and the Man Tribe. When he was young, he had swallowed Bloodthirsty’s bone that Gado had eroded. He then successfully transformed and obtained the terrifying Corrosion power Upanishad.

While fighting against Hui, the God Lord and Ming Hao had made use of him by implanting Bloodthirsty’s bones into his body, which had maximized his Corrosion power Upanishad. He had wounded Hui and given Shi Yan a chance to get the Dark Energy and ascend his lifeform.

At that time, Wederson’s soul energy was burned, and he was dead when his energy ran out. How could he be resurrected?

“... Mastered the eight great evil powers and the Devouring power Upanishad... He’s not Wederson! He’s the ring spirit, the soul that Xuan Shan had summoned on the Ancient God Continent! He’s the Young Master of the Devouring Clan, Devour’s later descendant. After Hui unsealed him, he had run away. He obtained Wederson’s body, I suppose. At that time, Wederson’s soul was destroyed, leaving a body full with Bloodthirsty’s remains. He has occupied the body.” Shi Yan pondered and then continued, “ had fought against some Devouring Clan warriors in the Sea of Annihilation. I knew that some Young Master of the said clan had begun something. He has come to our Desolate Territory. Perhaps, he’s Devour’s heir.”

The members of the Devouring Clan understood the eight great evil powers, and Xuan Shan’s Ring Spirit had the inheritance of the Devouring power Upanishad.

When that one entered the Blood Vein Ring and swallowed the original Ring Spirit, he had obtained the inheritance. He had enticed Shi Yan, trying to seize his body with many evil tricks.

Eventually, Ming Hao had sealed him inside the Blood Vein Ring.

During the fight with Hui, Hui’s power had helped him tear the seal, and that person had run away with the Blood Vein Ring. He got Wederson’s body, so now, he could exist in Desolate Territory as a real entity with a fleshy body and soul.

“Turns out it’s him,” Ming Hao and Xuan He wore a heavy complexion. “How about Bloodthirsty Force?”

“He has become the new master of Bloodthirsty Force. Besides us who ran away, the eight branches of the Bloodthirsty Force have followed him. He’s so intimidating...He’s getting stronger day after day. Today, under his command, the dark abyss is towering over the Ancient Demon Continent. That dark abyss seems to have a consciousness, slowly devouring the Ancient Demon Continent.” Blood Devil said. “The Imperial Dark Tribe and the members of the Immortal Demon Clan are submitted to him. The

Imperial Dark Tribe's star area and the Immortal Demon Clan's star area are adjoined along with many other smaller star areas. They are his territory now."

"The dark abyss seems to have life and consciousness?" Ming Hao was so shocked that he couldn't help but yell, "It has awakened!"

"Who?" Many people didn't know the details; Ling Xing and the others were confused.

"Devour has awakened! The one that has occupied Wederson has awakened it! The Ancient Demon Continent's a part of Desolate. As the dark abyss is corroding the Ancient Demon Continent, Devour's attempting to refine Desolate's body parts!" Ming Hao shouted.

God of Slaughter

Chapter 1476: New structure

"The Imperial Dark Tribe has followed him. Does it mean the God-blessed Mainland has merged with that new star area too?" Adele cried ear-piercingly.

"Yeah, right! The God-blessed Mainland is right next to the Ancient Demon Continent." Blood Devil explained.

"Devour is swallowing the Ancient Demon Continent. Once it is finished, it will continue with the God-blessed Mainland. The Ancient Demon Continent and the God-blessed Mainland are parts of Desolate. After Devour's done with it, I wonder what earth-shaking transformation would happen to the Desolate Territory," Ming Hao wore a grimace.

"What about the other great star area?" God Lord Brian shouted.

Yang Tian Emperor looked at him oddly. "The center of that star area is the Ancient God Star Area. The Ancient God Star Area has merged with the Fantasy Sky Star Area, Broken Hall's star area, Heavenly River Temple's star areas, and dozens of major star areas the God Clan has conquered. It's the biggest star area now. The God Clan, the Tsunami Chamber of Commerce, the Broken Hall, and the Heavenly River Temple manage that inter-star-area. They worship Goddess Mother, and Tian Xie is their spokesman. The Four Great Heavenly Kings also serve the Goddess Mother. At this moment, they're the strongest force in this sea of stars."

The God Lord paled, his eyes burning with a flame of wrath.

"Devour is eroding the Ancient Demon Continent while Hui's attacking the Ancient God Continent. Seems the two Absolute Beginning creatures have eaten Desolate's clones throughout the recent one hundred years." DeCarlos sighed.

The group of warriors from the space basin returning to the Grace Mainland looked grave when they understood the current situation of Desolate Territory. A black cluster of clouds shadowed their souls, suffocating them. It was the threat from the two Absolute Beginning creatures.

Hui and Devour were the two existences at the same level as Desolate. Because of many reasons, the two great Absolute Beginning creatures had been dormant for so many years. As they had finally

awakened, they wouldn't want to stay quiet anymore. They would raise a storm in Desolate Territory, stirring up the entire universe.

"Why have so many star areas joined together?" Xuan He was panic-stricken. "It was just a short period of one hundred years. How could Desolate Territory change so much? What happened after all?"

"As the star areas are changing greatly, I'm afraid Desolate is losing its control. Desolate's losing its supreme power over its own Territory. It's not a good sign," Ming Hao remarked.

"Where's Cang Yun?" Azure Dragon wore a cold face, looking at the members of the Heavenly Monster Tribe. He asked Hugo, "The connection I lay on him is gone. Has something bad happened to him?"

Azure Dragon had high expectations from Cang Yun. He worried that the latter would be killed, so he had laid a wisp of his Soul Consciousness on him to get updated with his situation.

During the time he had wandered in the chaotic space basin, because Desolate was closed, he couldn't sense Cang Yun's commotions.

Today, as he had entered Desolate Territory once again, he should have been able to find Cang Yun easily with his realm.

However, the connection was gone.

"Cang Yun is dead," Hugo stooped, not daring to look at him.

"How did he die?" Azure Dragon was enraged.

"Cang Yun had a dispute with Ghost Hunter. They burst out fighting furiously, and Ghost Hunter killed him in that fight. He...Ghost Hunter had swallowed him." Hugo remembered the old story, causing his face to panic. The other members of the Heavenly Monster Tribe who came with him also had a grimace.

It seemed they didn't want to recall that incident.

"Ghost Hunter swallowed him? How could it happen?" Shi Yan was also panic-stricken.

"It's true. Ghost Hunter's competence has been increasing rapidly and vigorously. It seems like he would never stop growing." Hugo winced. "That year, you had spent a lot of efforts on Ghost Hunter. You wanted him to become the next Chief of the Heavenly Monster Tribe. Cang Yun was... discontented, apparently."

Holy Beast Azure Dragon went numb, his face bitter. "I was wrong. I should have predicted their conflict. Too bad I wasn't here. Otherwise, I could have stopped them." Pausing for a while, he suddenly remembered him, shouting, "Where's Ghost Hunter?"

"Missing..." Hugo shook his head, "After he had swallowed Cang Yun, we tried to capture him and wait until you came back to solve the situation. But, his animal instinct burst out, and he escaped the Grace Mainland. We haven't seen him ever since. No one knows where he is."

"Missing..."

Azure Dragon was baffled. He was shocked, not knowing how to deal with this.

“We bid farewell here.” God Lord Brian resumed his cold, arrogant appearance after keeping silent for a long time. He nodded at Shi Yan and Ming Hao, but didn’t regard anybody else. He flew out of the Grace Mainland, turning into a jet of light and zooming away quickly.

“Xuan He, I’m going to the blood sea forbidden land. What about you guys?” Ming Hao turned to Xuan He and Frederick.

“Of course, we have to go back there and check. We want to observe that Wederson,” said Xuan He.

“Our Imperial Dark Tribe has submitted to him. I also want to go there and see. I can’t believe that he’s the one Xuan Shan had summoned from outer space.” Adele sighed.

“I want to go with them,” Audrey’s clear eyes looked at Shi Yan, who gave her a slight nod.

“You’re not going to the blood sea forbidden land?” Ming Hao was surprised.

“To me, my family and friends on the Grace Mainland are more important than anything else. Until now, I’ve never been interested in being the master of the Bloodthirsty Force. I am used to working alone. I don’t have the talent to direct a force.” Shi Yan thought and then smiled. “Ming Hao, you’re at the Peak of Immortal Realm, just one step away from the Territory Ancestor Realm. I think it wouldn’t be a problem when you go back there with Xuan He and Frederick, as long as you don’t rebel against Devour...”

“At your current realm, I can’t force you anymore. Stay here as you wish,” Ming Hao didn’t want to talk him into this.

God Lord Brian, Ming Hao, Xuan He, Frederick, Audrey and the Imperial Dark Tribe experts left the Grace Mainland immediately. As Ming Hao was a master in Space power Upanishad, he created many space passages after they had leaped up. Shortly after, their auras disappeared.

“What about you guys?” Shi Yan turned to DeCarlos.

“I’m going to see if I can find Desolate. I want to check its brain.” DeCarlos looked pensive. “I can feel that Desolate is right in this star area. I know it has to mind the change of the sea of stars more than anybody else. I want to pry and see what it thinks about this.”

“Sounds good,” Shi Yan nodded.

With that, DeCarlos and Lei Di left the Grace Mainland as well. Shortly after, only Holy Beast Azure Dragon stayed.

The Grace Mainland was the ancestral land of the Heavenly Monster Tribe, and Azure Dragon was one of the holy ancestors of this tribe. He had to stay here and protect the Heavenly Monster Tribe. He needed to use the force of the tribe and his power to find Ghost Hunter.

He thought that Ghost Hunter was stronger than Cang Yun, so he was more suitable to become the next Chief of the Heavenly Monster Tribe.

“Shi Yan, what happened? Why had you guys disappear for one hundred years?” After all those people had left, Xia Xin Yan’s eyes showed her deepest affection while asking. Yang Tian Emperor, Blood Devil, Leona, and Fei Lan looked at him as well, waiting for his explanation.

“It’s a long story.”

Behind the mountain in the Immortal Island, Shi Yan forced a smile, telling the others his experiences. He met Hui in the chaotic space basin, who defeated him and then sent him to the Sea Domain of Nihilicity. Shi Yan told them every detail of the story.

The ones who stayed here were all his friends and family. Shi Yan trusted them, so he didn’t need to conceal things.

They listened to what he had experienced during one hundred years and sighed in fear. They were touched when they heard about the marvels of the Sea Domain of Nihilicity, and the intimidating warriors there.

It was the first time they knew that Desolate Territory was just one of the hundreds of thousands of territories; it was just a drop in the sea.

However, they were astounded when they found that Shi Yan had reached the Second Sky of Immortal Realm. At his age, it was incredible as he could break through from the Incipient God Realm to the Second Sky of Immortal Realm in just one hundred years. People felt minute compared to him, knowing that their realm was too low.

Shi Yan talked for a long time. He had told them everything he had experienced in one hundred years; it seemed he had replayed the events one more time.

Eventually, he turned to the others, talking happily, “It’s good to see that you guys are safe and have made good progress. Yeah, I need time to re-organize my thoughts and think about the changes of the three great star areas. I need time...to rest.”

People nodded, indicating their understanding. They knew he was baffled on seeing the changes of Desolate Territory. He would need time to adjust himself.

They began to leave, but some chose to stay, cultivating in the cave near the valley. They were waiting for him to give them directions after he woke up.

He really had a lot of things to think and clarify.

He vaguely felt that the earth-shaking changes of Desolate Territory weren’t simply because of Desolate losing control of the territory. Perhaps, it was because of Hui and Devour. In his Incipient Extent, he had experienced a lot of things. He had seen a similar structure of heaven and earth at its very dawn. He had learned a lot, and now, he needed time to rearrange his thoughts.

He had a seal in his host soul, which had been there since he got the Devouring power Upanishad. That seal stayed in his soul, and he could use it to send the energy to the warriors cultivating the eight great evil power Upanishads.

What was that blood mark...? He had thought for a long time, and had finally come to a conclusion...

He guessed it was the Absolute Beginning Original Symbol of Devouring power Upanishad that Bloodthirsty had got. When he received his inheritance, it had entered his soul as well.

He wanted to break that blood mark to understand the root. He needed to comprehend the Origin in his co-soul to seize the memory of the clone and know what had happened between Hui, Desolate, and Devour.

Hui, Devour, and Desolate were the Absolute Beginning creatures. Why did these three have to entangle with each other for billions of years? Why had Hui been dormant in the chaotic space basin? Why had Devour left the Devouring Clan in the Sea Domain of Nihility to fight against Desolate? Why had Desolate been divided into five pieces, the five ancient continents?

There were so many secrets, so many knots he needed to untie. That was the only way he could deal with the complicated, knotty situation of Desolate Territory.

[God of Slaughter](#)

Chapter 1477: Goddess Mother

Ancient God Star Area...

Countless stars sparkled like diamonds, decorating the dark outer space. Those stars twinkled magnificently as if they were the eyes peeking at the world.

The Ancient God Star Area today was peerlessly vast, created by dozens of star areas. There was no barrier between the star areas. The battleships, space shuttles, war chariots, and warriors moved around freely. The God Clan, the Tsunami Chamber of Commerce, the Broken Hall, and Heavenly River Temple, as well as dozens of strong forces now served a new Goddess.

This Goddess was called 'Mother Goddess'. Tian Xie was the spokesman of Mother Goddess. The four great Heavenly Kings were her loyal henchmen, and the chiefs of the twelve families of the God Clan had become her God Guards.

In a corner of the star area, a silhouette appeared. He was baffled, watching the brand new star area as he looked lost and worried.

He was God Lord Brian, who had commanded the God Clan and so many experts to kill Bloodthirsty. He had helped the God Clan thrive for ten thousand years. Today, Desolate Territory had only three star areas: The Ancient God Star Area, the Ancient Demon Star Area, and the Grace Mainland Star Area. The three new star areas had been named after the three great ancient continents. The barriers between the three star areas were extremely thick and terrifying.

The ordinary Immortal Realm experts couldn't even pierce through the barriers to move between the three star areas.

Brian was at the Peak of Immortal Realm, and he also had the Dark Energy. As time flew, he had transformed his Incipient Extent to approach the Territory Ancestor Realm.

He was an entirely worthy expert.

After one hundred years, he had finally returned to the Ancient God Star Area, the ancestral land he had pushed to the peak of glory. But now, everything was beyond his reach.

Today, the Ancient God Star Area was even more immensely vast than when the God Clan was at their peak of glory. The stars here were as many as the sand grains, where dwelled countless creatures and warriors

Unfortunately, he didn't have a place here.

Lingering in the corner for a while, he had so many thoughts, but he didn't forget the reason why he was here. A beam of holy light extended from his body, and he then disappeared.

Above the Ancient God Continent, Brian's body seemed like it was made of pieces of broken stars; it was his real body.

He observed the Ancient God Continent, his face pale. He felt like a sharp knife had just stabbed into his head. It was a terrible pain to him.

There was no member of the God Clan operating on the Ancient God Continent. The ancestral land of the God Clan, the land that gave birth to his clan, was now covered in layers of brilliant halos. People who didn't know the situation would think it was so magnificent, and the Ancient God Clan was beautiful beyond comparison.

However, his eyes could pierce through the layers of halos to see the situation of the continent.

The massive snake body of Absolute Beginning creature Hui was coiling around the Ancient God Continent under the rainbow halos. The twelve snakeheads of Hui were digging in different areas on the Ancient God Continent. The heads dug into the caves, sea, and mountains, nibbling the continent.

The Ancient God Continent was shrunk to one-third; many lakes and mountains were gone. Just like a horde of beasts having a feast, they were eating the Ancient God Continent, a part of Desolate.

He observed the Ancient God Continent, his heart bitter cold like the winter. A flame of anger moved in his eyes as he looked a Hui nibbling at the continent. His soul felt cold and painful; it was the scream and cry of the Origin in his soul.

He understood clearly that the Ancient God Continent was the body of the Origin just like the flesh body of a creature. Today, the twelve heads of Hui were the leeches that were sucking blood and Origin's energy of the Ancient God Continent. The mountains and rivers had disappeared as their energy, the basic energy of heaven and earth, was consumed.

"I won't let you satisfy yourself. I'm back, and I will take back everything that belongs to me." The God Lord muttered, his eyes bright. He turned into a dazzling sun with a scorching light and heat.

The heating light emerged dazzlingly above the Ancient God Continent. The holy energy rippled, making many experts of the Ancient God Continent scream in fear.

"Er?"

"He's back!"

"He wants to attack Goddess Mother!"

"He shouldn't return!"

The warriors scattered on the stars around the Ancient God Continent looked at the blazing flame, wearing different countenances. Some looked complicated; some were unaffected; some looked bitter and painful.

Magically, the Tsunami Star and the Heavenly Fantasy Star were around the Ancient God Continent. The host stars of the big forces were pulled here, surrounding the Ancient God Continent altogether. They protected the Ancient God Continent in the center like thousands of stars protecting the moon.

Tian Xie inside the subterranean world on the Tsunami Star opened his eyes, wearing a cold face. "I didn't expect you to come back. Anyway, what can you do now? Goddess Mother is refining the Ancient God Continent. Nobody should disturb her. Seems like I have to get there..."

With that, he disappeared from the pond.

In the next moment, Tian Xin reappeared above the Ancient God Continent. "Brian, how are you doing? Oh, you're fast! It took you only one hundred years to come back. Hey, did you get anything from the Absolute Beginning vestige under the Sea of Annihilation? Goddess Mother sent her hope with you. We did hope that you would bring something magical back here."

The God Lord was shocked. "Tian Xie, Hui had thrown Ming Hao and me to the Absolute Beginning vestige on the seabed of the Sea of Annihilation to..."

His face changed instantly.

"Mother Goddess wanted you and Ming Hao to bring the Power Upanishad Symbol Tower back here. I wonder if you succeeded..." Tian Xie remarked.

He ignored the Light power from the God Lord which had turned the latter into a burning sun. With the Dark Energy, the fierce, holy light expanded invisibly toward the halos above the Ancient God Continent. He attempted to dissolve the barriers Hui had created.

Brian wore a cold face, but didn't answer. At this moment, he finally knew that it wasn't an accident that he and Ming Hao were trapped in the Absolute Beginning vestige. Hui did that on purpose.

Hui knew the Power Upanishad Symbol Tower was there. It hoped that Brian and Ming Hao could get the Power Upanishad Symbol Tower. After he got the Power Upanishad Symbol Tower, he would return to Desolate Territory to find Hui and take revenge, as well as everything they had lost in Desolate Territory.

A light of realization flashed in Brian's head, causing him to discolor as he got the key.

Hui needed the Power Upanishad Symbol Tower, but it couldn't go to the Sea of Annihilation's seabed to get it. It threw him and Ming Hao there. It understood that he and Ming Hao would absolutely return to Desolate Territory. If they got the Power Upanishad Symbol Tower, Hui would take it as soon as they came to Desolate Territory.

He finally got it now.

"Unfortunately, Goddess Mother had overestimated you guys. It's obvious that you failed." Tian Xie gazed at him while shaking his head. "You don't have that aura. You didn't return with the Power

Upanishad Symbol Tower. It's really bad, you know? If you have failed, I'm sure Ming Hao has failed too."

Pausing for a while Tian Xie snorted while shouting. "Why are you still hiding? Show yourself and have fun with your old master!"

So many figures appeared around Brian. Unexpectedly, they were Carefree, Easygoing, Light, and Divine Martial—the four Heavenly Kings. They had reached the Third Sky of Immortal Realm, and slightly understood the Dark Energy. At this moment, they had a fern green snake mark on their foreheads.

The Great Four Heavenly Kings looked unnatural. As soon as they appeared, they sighed, slightly bowing to greet Brian.

"Excellent! You're really excellent!" Brian shook his head with a sneer. "You helped the enemy and offered our ancestral land to Hui. Don't you care about our clan's future anymore?"

"We just want to preserve our clan," Easygoing sighed emotionally. "If we don't surrender, the God Clan will be erased from his sea of stars. They will kill all of us. We don't have a choice."

"We failed you." Carefree and the others lowered their heads as well.

"However, it happened. I hope you will understand and forgive us." Easygoing looked awkward. "If Goddess Mother faces problems, we will be annihilated altogether. While she's refining the Ancient God Continent, we must ensure that she's safe. So...I'm sorry!"

Boom!

And just like that, Easygoing took action, causing many meteors to shoot out. They looked as if they were piercing through the river of Time from the past to future, darting toward Brian's chest.

Almost at the same time, Carefree took out a crescent moon, pouring the star energy into it. The Crescent moon sparkled and looked partially visible, quietly flying toward the God Lord.

Light and Divine Martial didn't say anything. They looked bitter when they activated their horrible energy. Light had turned into hundreds of dazzling light beams while Divine Martial swelled up like a mountain, attacking the God Lord furiously.

His loyal subordinates were attacking him today; Brian felt so sorrowful that he couldn't even talk.

"He didn't bring the Power Upanishad Symbol Tower. He doesn't have any value staying alive. Four Heavenly Kings, kill him. After he's killed, the bond in your hearts will be lifted. That's how you can enter the Territory Ancestor Realm!" Tian Xie enticed them.

The Four Heavenly Kings heard him and became fiercer. They did want to kill the God Lord at this moment.

Just like what Tian Xie had said, the God Lord was the Mara in their hearts. This former master was like a mountain or a thick layer of black clouds that had shadowed their hearts.

As long as the God Lord was alive, they would always feel the threat. They thought that the God Lord would kill them one day.

As long as this threat existed, they could never ease their minds. The Mara would bind their hearts and affect their breakthrough in the future.

Today, the God Lord had to die. The death of this former master would end every fear in their souls.

Inside the seven-colored halos, a massive snakehead appeared above the God Zenith, the peak of glory that belonged to the God Clan. This snakehead supported a magnificent throne where was seated an enchanting figure: she was Zi Yao.

Zi Yao of today had a pair of seven-colored eyes. She was wearing an amethyst purple dress which was draped loosely on the throne. She observed the battle between the God Lord and the Four Heavenly Kings. It wasn't that she didn't have human emotions in her eyes like before. She looked as though she was very interested in watching the battle.

Zi Yao today seemed to have human emotions, and had become more like the 'Zi Yao' from the past.

God of Slaughter

Chapter 1478: The Dark Abyss

The Four Heavenly Kings—Light, Divine Martial, Easygoing, and Carefree, had taken action altogether, surrounding God Lord Brian. They brutally showed him the power of the Third Sky of Immortal Realm that they had just attained not long ago!

A cold crescent moon flew out, capable of piercing through the sky. The water of the heavenly river rose torrentially, swarming toward the God Lord.

Heavenly King Light was hovering in the center of a sea of golden light. The sea of lights had so many mirrors that reflected the lights, making them even more dazzling. Each bunch of his light could crush an entire star. At this moment, so many bunches of light were aiming at the God Lord, covering him.

At the same time, Heavenly King Easygoing and Divine Martial looked like ferocious statues. They had become tall like the giant Gods that could tear the sky and crush the space into pieces.

Tian Xie observed all this coldly. He didn't join this battle, his eyes sparkling maliciously.

Meanwhile, the Chiefs of the twelve families of the God Clan had arrived. They used to be the God Lord's henchmen, and now, they emerged, looking at him with a complicated face.

The Chiefs of the twelve families and many experts at the Incipient God Realm all had a fern green snake mark on their foreheads.

It was the slave mark!

Today, they were the slaves of Absolute Beginning creature Hui. They had to give Hui a wisp of their soul. As long as Hui flickered her mind, she could use the Soul Seal to kill them.

If Hui were killed, the snake mark would explode, which would kill them altogether.

God Lord Brian was fighting against the Four Heavenly Kings. Seeing the familiar faces and the snake marks on their foreheads, he felt bitter and sorrowful. They were...his fellows. Some of them were his later generation. They used to worship him as their ancestor, and he was their pride.

But today, they were all Hui's slaves. They were here to kill him.

The biggest pain in this world was seeing one's family try to kill oneself. To Brian, the wound in his soul this time would never fade away for the rest of his life.

"Why are you still idle?" Tian Xie snorted. "Goddess Mother down there is watching you. Don't you think you should do something for her?"

The Chiefs of the twelve families turned to look at the Ancient God Continent instinctively. They did see a charming figure on the God Zenith. It felt like someone was watching them; they felt shivers run down their spines instantly.

"Goddess Mother's refining the Ancient God Continent. She can't be disturbed. Your life and soul are related to her. If she suffers any damage, you will be doomed as well. I think I've made myself clear." Tian Xie said indifferently.

The Chiefs of the twelve families pondered for seconds, then gritted their teeth while hissing, "Guys, join hands. We must force him to retreat."

"Wrong! It's not 'force him to retreat'...It's 'kill'. Kill him!" Tian Xie corrected them coldly. "If Brian isn't dead, he will come and bother Goddess Mother. You can't sleep well then either. So, he must die!"

"Move!" They stooped, their faces glum; the order was delivered.

Many experts of the God Clan had joined hands with the Four Heavenly Kings to attack Brian. Brian was facing the burning fire, sharp icicles, and lightning net alone. He was battling against several hundred warriors all by himself.

The Four Heavenly Kings were at the Third Sky of Immortal Realm, and had the Dark Energy too. Now, they could use the soul to build barriers. Moreover, Brian had dedicatedly taught them, so they had mastered the cooperative techniques in fighting. When the four of them confronted one warrior, their combined power was incredible.

Under the attack of the four Heavenly Kings, Brian felt greatly hurt. He was in the same situation as Bloodthirsty that year. So many experts were surrounding and attacking him...

Compared to Bloodthirsty, his situation was worse, because he had just reached the Peak of Immortal Realm. That year, Bloodthirsty had entered the Territory Ancestor Realm. Moreover, his own kind was attacking him, so he couldn't heartlessly assault anyone. His hands were tied.

"Ptui!"

He spurted blood; looking at a light lance in his chest, he shifted his cold look toward Heavenly King Light.

Light was looking at him with an indifferent look. He didn't look ashamed; only coldness stayed in his eyes.

His line of sight swept over Divine Martial, Easygoing, and the juniors at the Incipient God Realm from his clan. He found them all having cold eyes. They didn't consider him as their leader; they looked as though they hated the fact that they couldn't kill him earlier.

Boom! Boom!

Brian's heart felt colder and more desperate as all sorts of energy attacks shelled on him. Finally, he had recognized that the God Clan today wasn't his clan anymore, and the members of the clan weren't his fellows, his kind anymore. The more wounds he received, the number he got. The pain in his body was far behind the agony in his heart.

"Good! Very good!"

Brian faced the sky and laughed, looking disheveled. The precious gleam of indifference and pride had left him. He coldly glanced at Tian Xie and then the charming, lazy figure underneath while shouting, "Today, I, Brian, pledge that I will not remember the old relationship. When I've entered the Territory Ancestor Realm, I will come back."

Then, he turned into a jet of light, flying toward the barriers ahead.

Along his way, several Incipient God Realm experts of the twelve families were crushed into pieces, falling.

It was the first time he had taken action!

This assault meant that he had totally woken up. He no longer treated them as his fellows or remembered the old solidarity.

Brian broke the besiege and dashed away, seeing which, Tian Xie was a little bewildered. His figure flashed when he crossed the seven-colored layer above the Ancient God Continent, kneeling in front of Zi Yao's throne on the God Zenith. With his head low to show respect, he asked for her direction, "Goddess Mother, what should we do to Brian?"

"Send the Four Great Heavenly Kings to kill him. It's their business. They should end it themselves." Zi Yao squinted while looking at Tian Xie and talking naturally, "He didn't bring the Power Upanishad Symbol Tower. It also means Ming Hao couldn't either. You should pay attention to the Ancient Demon Continent. We don't want Devour to rob the Power Upanishad Symbol Tower under our nose."

"I understand," Tian Xie replied.

He then flew away from the Ancient God Continent, talking to the Four Great Heavenly Kings, "Order from Goddess Mother...You are in charge of chasing and killing Brian. He's your Mara. If he doesn't die, you will never advance another step."

The Four Great Heavenly Kings kept silent. After a while, they left without a word.

The direction they left in was the one the God Lord had taken while breaking the besiege and running away. To break through further, they had made up their mind. They had to kill Brian ...

...

The Ancient Demon Star Area was also immensely vast. This new inter-star-area was composed of the God-blessed Star Area, the Ancient Demon Continent of the Immortal Demon Clan, and many other smaller star areas.

Bloodthirsty's Force managed this area as the warriors cultivating the eight evil power Upanishad gathered here.

It was a barren, isolated asteroid; Ming Hao, Xuan He, Frederick, and Adele stopped there. They observed the Ancient Demon Continent from a distance. Their faces looked so cold, as if they were about to frost.

From a distance, the two massive planets looked like a pair of conjoined twins. Darkness was shadowing the Ancient Demon Continent.

Above the Ancient Demon Continent, the Dark Abyss was like a massive black hole. It released the darkness, covering the entire Ancient Demon Continent. A flow of Ming Hao's soul approached the place to see clearly...

After ten thousand years, the Ancient Demon Continent had developed vitality again. The greenery covered the entire place, filled with lush mountains and clear lakes.

But at this moment, the thick, inky black clouds were like a massive beast opening its mouth to swallow the Ancient Demon Continent. Billions of twinkling starlight dots were moving toward the Dark Abyss.

Along the way, it looked like the transition from spring to winter. Plants and grass withered and died; rivers were droughty; insects and fish died everywhere. It was a scene of despair and desolation.

If this continent were a human, his vitality was being drawn away little by little.

The Ancient Demon Continent was heading toward death, to its extinction. At the same time, its death would nourish the Dark Abyss.

Deep inside the Dark Abyss was the endless blood sea which had the islands of Bloodthirsty's Force. At this moment, the Dark Abyss was closed; Ming Hao's soul couldn't explore further.

He retrieved his Soul Consciousness and then told the others what he had explored. "Devour's swallowing the Ancient Demon Continent. He's not free to attack the God-blessed Mainland yet. The God-blessed Mainland is sealed. Our fellows of the Imperial Dark Tribe have moved out. I think our homeland's temporarily safe."

"Should we go to the blood sea forbidden land?" asked Xuan He.

"It's Devour's body. He has awakened now. If we go there, we don't know what could happen." Adele hesitated, "Devour...should be very terrifying?"

"Our Master has attacked it and put it into dormancy. It means that the Absolute Beginning creatures aren't invincible." Ming Hao shook his head. "He has woken up, and he's swallowing the Ancient Demon Continent. During this process, I think it doesn't have the extra power to care about us. So, I think we don't need to face it directly. We just need to face Wederson."

Listening to him, Adele and the others nodded as they thought that it was logical. They discussed for a while and then decided to enter the Dark Abyss.

Several days later, they arrived at the Dark Abyss. Looking at the jet black whirlpool, they felt a little helpless.

In the past, they could get in and out there easily. But now, they didn't know how to enter. Eventually, they recognized that Dark Abyss was part of Devour, and it was almost impossible to sneak in without alerting it.

While they were hesitant, countless dark clouds churned and flew out of the Dark Abyss.

Wederson appeared first. His eyes were strange as he smiled oddly, his voice dark and sorrowful. "I've been waiting for you for a long time."

Randolph, Conley, and Split, the warriors who had submitted to Ming Hao, Xuan He, and Frederick, gathered by Wederson. They looked at Xuan He and Ming Hao with dark faces and cold eyes. There were many strangers in this group, but Ming Hao winced when his eyes raked through them.

Those strange faces were the secret pieces of chess he had arranged ten thousand years ago. He had given them the eight evil power Upanishads, making them hide in different star areas to work for him.

They were the elites of his Soul Control Force.

Today, they had followed Wederson. All of them had a small mark on their foreheads: it was a black hole, Devour's private crest. It was clear that all of them had followed Devour, and had now become Wederson's loyal warriors.

Chapter 1479: Link up the territories

"After all, who are you?"

Ming Hao looked at Wederson, his face turning dark. He knew that Wederson would have a strong support if he dared to come here. Hence, he discreetly assessed the latter, causing his visage to change.

Wederson had a brutal, terrifying aura that was thick to the point of almost materializing. It seemed like he had killed billions of creatures. His murderous aura was like a long river that could frighten even Ming Hao's soul.

Wederson had an extremely evil power which emitted an aura that could vaguely suppress Ming Hao's Soul Control power Upanishad. The latter couldn't sense his current realm.

And, the warriors surrounding him all had a profound realm. Apparently, they had made a clear breakthrough, harvesting major benefits after deciding to follow Wederson.

"Shi Yan didn't tell you anything?" Wederson laughed evilly. "Shi Yan came to the Sea of Annihilation. He met the Devouring Clan members and got the Power Upanishad Symbol Tower. He killed Gan Fu and Qi Mo of our clan. Who am I, you say?"

“Shi Yan’s right. You’re the young master something of the Devouring Clan,” Ming Hao looked shocked as he finally confirmed the truth.

Suddenly, he changed his face while shouting, “How did you know Shi Yan got the Power Upanishad Symbol Tower? How did you know we killed Gan Fu and Qi Mo?”

“You did that!!!” Wederson’s eyes were so cold. “You can’t escape death as you have killed my fellows. You think you could hide on returning to Desolate Territory?”

“I am Pu Tai, Young Chief of the Devouring Clan. When I was really young, my father had given me the power Upanishad. To contact our Ancestor and find the lost inheritance, do you know how much the Devouring Clan had to pay?” The one calling himself Pu Tai had the corners of his mouth twitched. “To contact the Ancestor, my clan had sacrificed millions of fellows. We used their blood to create the sacrificial altar, and even the Territory Ancestors of our clan had to damage themselves to contact the Ancestor.

“To enter Desolate Territory and cooperate with our Ancestor’s plan, I, the Young Chief, had to detonate myself and come here with only the soul. I had stayed inside that ring for hundreds of years! To awaken our Ancestor, for the eternal power of the Devouring Clan, we have had sacrificed too much!”

Pu Tai’s eyes raked through Ming Hao, Xuan He, and the others. “Ten thousand years ago, Bloodthirsty, the traitor, had betrayed our Ancestor! He had rebelled, ambushed, and sealed our Ancestor while he was fighting against Desolate and got hurt. His Devouring power Upanishad and the eight great evil power Upanishads were bestowed by my Ancestor. He had taken things that belonged to our Ancestor to grow you and create Bloodthirsty’s Force. Today, I, Pu Tai, will inherit everything that belongs to us. Everything’s predestined!”

The more he talked, the more furious Pu Tai got. Toward the end, he was almost frantic.

“It’s your Ancestor who made use of him first. He wanted to use him to destroy Desolate and refine it. He didn’t come with a good will. As he failed, whom should he blame?” Ming Hao signaled Xuan He and the others to keep silent. He wanted to get some more information or even secrets from Pu Tai.

“Our Ancestor had given him the inheritance! Without our Ancestor, he wouldn’t have had such intimidating abilities, and you wouldn’t have the Bloodthirsty Force, let alone your power! If you want to calculate, the Bloodthirsty Force’s a branch of our Devouring Clan with the power Upanishads from our Ancestor. You’re our servants, because the power Upanishads you got were from our clan!” Pu Tai bellowed.

“What the heck is he talking about!” Xuan He sneered.

“Arrogant and ignorant!” Frederick snorted.

“Bloodthirsty’s inheritance was bestowed by my Ancestor. Now, my Ancestor has awakened, and is eating the Ancient Demon Continent. The members of the Bloodthirsty Force with the blood mark now have another mark. The Bloodthirsty Force is now under my command. After our Ancestor has refined the Ancient Demon Continent and the God-blessed Mainland, we will surpass all the races in the Sea Domain of Nihility. We will become the race that tops and leads the sea of stars forever!” Pu Tai laughed.

“In your dream, dummy!” Ming Hao was impatient when the other didn’t provide a lot of useful information. “When Devour’s refining the Ancient Demon Continent, it can’t join the battle. Do you think you can stop us from breaking this?”

“Haha!” Pu Tai laughed like crazy while pointing at Ming Hao. “You’re only at the Immortal Realm. You’re strong in Desolate Territory, but in the Sea Domain of Nihilicity, what do you think you are?”

Pu Tai said as his face turned dark, “So, you don’t know how I know all the things that happened in the Sea Domain of Nihilicity, and the incidents under the Sea of Annihilation?”

Ming Hao was perplexed. But in the next moment, he was shaken hard as he screamed. “You’ve connected the Sea Domain of Nihilicity?”

“You’re smart.”

A cold voice arose from a dark abyss and a black cluster of clouds flew toward Pu Tai. A senile fellow of the Devouring Clan appeared. He was bony with eyes like snakes, and behind him was the endless darkness. As soon as he emerged, the entire light around him was devoured.

“Young Chief...” The old man nodded at Pu Tai, “you’ve been truly laborious. For the great plan of our race, you’ve sacrificed a lot. Yeah, it’s lucky that we’ve almost got it.”

Ming Hao felt shivers running down his spine. He looked at the old man and finally understood the situation.

“Run! Now!” Ming Hao flipped his hand, opening a light door as his voice thundered. “He’s at the Territory Ancestor Realm! Go back to the Grace Mainland and find Shi Yan!”

Countless shadows of Ming Hao forced Adele and Audrey into the door. Almost at the same time, Ming Hao bravely dashed toward the Devouring Clan old man.

He had sobered now.

Being the Chief of Soul Control Force, he had been in the blood sea forbidden land for ten thousand years. He knew that the central island was the magical station that could pierce through layers of spaces. However, it needed the Blood Vein Ring and Bloodthirsty’s heir to activate. Thus, that sacrificial altar had always been sealed.

But now, as Pu Tai got Wederson’s body, which had the aura of Bloodthirsty’s remains, and the Ring Spirit, he also had obtained the Devouring power Upanishad. As he could wake up Devour, he had controlled everything in the blood sea forbidden land, which meant he could open the sacrificial altar.

Pu Tai knew about the incidents in the Sea of Annihilation. It proved that the sacrificial altar had been opened, and also that this area had been connected to the Devouring Clan’s territory in the Sea of Annihilation.

So, it wasn’t strange that the experts of the Devouring Clan could come here. As it was one of the Seven Great Clans of the Sea Domain of Nihilicity, the Devouring Clan had Territory Ancestor Realm experts.

In Desolate Territory, Territory Ancestors were invincible existences!

As soon as he saw the bony old man, Ming Hao got it. He knew if he didn't make up his mind quickly, everybody would be killed. Thus, he decided to make time for Audrey and the others to return to the Grace Mainland and find Shi Yan without a bit of hesitation.

Shi Yan was at the Second Sky of Immortal Realm, with so many secrets and supernatural powers. The Grace Mainland was his world. In that world, he would be way more intimidating. Audrey and Adele could get rid of the Devouring Clan and Pu Tai as long as they got there.

In just a blink of an eye, Ming Hao had made a plan. He resolutely tore the space and threw Audrey's team together with Xuan He and Frederick through the light door.

He had used the Dark Energy to create his strongest attack. While he was moving toward the Devouring Clan old man, a dark abyss arose above his head.

It was his Incipient Extent, which looked like the Netherworld of Nine Serenity, with many ghosts, as well as brutal and resentful souls. Those souls rolled like waves toward the old man.

"Just a short step away from the Territory Ancestor Realm...A hidden danger. We must eliminate him soon." The eyes of the old man flared strangely as he focused on Ming Hao, not minding that Xuan He and Frederick had left.

In his mind, Xuan He and the others were at only the Immortal Realm, and didn't have the Dark Energy. It would take a lot more time for them to reach the Territory Ancestor Realm.

It meant they couldn't cause any threat or effect to the Devouring Clan in the future. So, he let them escape, because he was confident that he could chase after them later. He could give them some time to live.

But, he could not give Ming Hao any time!

If Ming Hao had more time, he could break through to the Territory Ancestor Realm. And once he reached the Territory Ancestor Realm, Ming Hao would become a true threat to the Devouring Clan. He would even affect their Ancestor's refining process due to his terrifyingly destructive power.

The endless darkness expanded from the old man, and all of the light was swallowed by it. Slowly, the entire area didn't have a single beam of light left. The warriors here couldn't see anything else, not even their own fingers. Their Soul Consciousness couldn't sense anything either.

This kind of darkness didn't affect just the vision, but also the soul. It was the real power of the Dark power Upanishad.

Ming Hao and his Incipient Extent disappeared into the darkness, leaving behind nothing. There was no sound or energy fluctuation; no one knew what had happened.

...

Swoosh! Swoosh! Swoosh!

Many figures zoomed over from the horizon of the Grace Mainland, landing grumblingly. They were Xuan He, Frederick, Audrey, and Adele. They landed on the Immortal Island while thundering, "Shi Yan! Shi Yan! Shi Yan!"

Shi Yan was sitting inside a gorge behind the Immortal Island like a rock, his face nonchalant.

He had sat there for a long time.

Blood Devil, Yang Tian Emperor, and the others were sitting around him. Seeing him absorbed into his thought, they began to cultivate as well.

After the God Lord and Ming Hao had left for several days, someone was calling Shi Yan with a voice the entire Grace Mainland could hear. Everybody was surprised, and then saw Xuan He, Frederick, and Audrey crazily flying toward the Immortal Island.

“Ming Hao’s in trouble!”

Xuan He turned into a blood light, standing in front of Shi Yan and shouting, “The Territory Ancestor Realm expert of the Devouring Clan has come to Desolate Territory. Ming Hao’s captured in the Dark Abyss! He’s in danger!”

“Shi Yan! Please save my uncle! I’m begging you!” cried Adele.

“You’re the new master of Bloodthirsty. You’re responsible for us. You must fight for us!” Frederick shouted all of a sudden.

God of Slaughter

Chapter 1480: Ignite

Xuan He, Frederick, and the others had returned from the Ancient Demon Continent. They were extremely restless, as if they had a flame burning their hearts. They tried to find Shi Yan everywhere on the Immortal Island, their calls reverberating in the entire mainland.

Inside the gorge behind the Immortal Island, Shi Yan closed his eyes, his face nonchalant as if he was absorbed in his comprehension process.

Yang Tian Emperor and Blood Devil wore a cold face, stopping Xuan He. “He’s comprehending his power. He needs quietness. What has happened?” Yang Tian Emperor asked in a low voice.

“Ming Hao’s in danger in the Ancient Demon Continent. A Territory Ancestor of the Devouring Clan has captured him. I’m afraid he can’t escape.” Xuan He rarely looked this panicked. “Ming Hao used space energy to open a passage to bring us back here. But, he can’t escape...”

He simply explained the situation.

Yang Tian Emperor discolored. “Territory Ancestor Realm? Bloodthirsty’s level?”

The surrounding warriors felt chilled when they heard that. They turned to look at Xuan He with a malicious thought. “Territory Ancestor? What can Shi Yan do if he goes there? Are you telling him this to get him killed?” Xia Xin Yan’s bright eyes turned cold. “It’s your trouble. Solve it yourself!”

Swoosh! Swoosh!

A lightning-like figure conjured in the void: it was DeCarlos!

He was bewildered, asking, "Xuan He, you're here too?" He then turned to Shi Yan, "Right then, I got something to tell you. The Four Heavenly Kings are after God Lord Brian. The Four Heavenly Kings are all at the Third Sky of Immortal Realm. After they followed Hui and Tian Xie, they obtained the Dark Energy. As they've joined hands, Brian's situation isn't really good."

Pausing for a while, he asked, "Do you want to get involved in this?"

"Get involved? How?" Adele's beautiful face had an ash-gray shadow, her eyes gloomy. "My brother, Ming Hao's trapped by a Territory Ancestor from the Devouring Clan. His situation isn't good either. Who cares about God Lord Brian?"

"The Four Heavenly Kings are after the God Lord?" Yang Tian Emperor and Blood Devil had a twinge in their nerves. The series of incidents had baffled them. They suddenly recognized that after Shi Yan's team had returned, the Desolate Territory was now an ignited dynamite; it would go off soon.

The God Lord was chased by the Four Heavenly Kings, and Ming Hao was confined by the Territory Ancestor of Devouring Clan. As soon as the two peerless experts of Desolate Territory returned, they had been sunk deeply in trouble. What should they do? They followed their instincts to Immortal Island. Deep in their hearts, they had all laid their hopes on Shi Yan.

After a short time spent in the Sea Domain of Nihilicity, Shi Yan had reached the Second Sky of Immortal Realm. This mysterious young man had become their last resort!

Shi Yan had stood quietly in the gorge for a long time, and suddenly opened his eyes.

He now had a long, archaic aura, as if he had slumbered for tens of thousands of years. After a flash, he came over to Xuan He and DeCarlos, asking, "Tell me the situation one more time."

Xuan He and DeCarlos told him about the situation of Ming Hao and the God Lord in detail.

"Can't believe the Devouring Clan is connected to Desolate Territory and the incident on the seabed of the Sea of Annihilation. They know about the Power Upanishad Symbol Tower too. It's not good." After listening to the others, Shi Yan nodded and then quieted down.

The other didn't dare to disturb him, waiting for his opinion in silence.

Hui, Tian Xie, and the Four Heavenly Kings were the peerless characters in the Ancient God Star Area now. Currently, they weren't strong enough to resist such experts. The Territory Ancestor of the Devouring Clan, Pu Tai, and Devour in the Ancient Demon Star Area were even fiercer. Unless Shi Yan broke through to the Territory Ancestor Realm, they didn't know what method they could use to solve this problem. They looked at Shi Yan with hope and insecurity.

After a while, Shi Yan's face emitted a halo that chilled people. With a sharp look in his eyes, he said, "Desolate Territory today is out of our control. It's not something we can manage anymore. The Absolute Beginning creatures Hui and Devour have ruled two territories. Added with the Territory Ancestor of the Devouring Clan..."

"If so, let the entire Desolate Territory boil!"

Sizzle! Sizzle! Sizzle!

Rays of strange, magical light weaved in his eyes, congregating in one spot. All of a sudden, a light door appeared in front of his chest.

It was a space door that ran directly to the territory entrance in the space basin!

“What do you mean?” DeCarlos looked baffled.

“All the races in the Sea Domain of Nihilicity are searching for Desolate Territory and me. They’re interested in the Absolute Beginning creature Desolate. I guess they are interested in Hui and Devour too. As the Devouring Clan has come, we should open the entrance the Desolate Territory so that more experts of the Sea Domain of Nihilicity can come!” Shi Yan said crazily.

“Are you crazy?”

“You’re crazy!”

“Once the experts of the Sea Domain of Nihilicity come to Desolate Territory, the entire territory can’t live in peace. Who can stop those devils?” Xuan He, Frederick, and Audrey screamed, feeling scared and chilled. Shi Yan’s madness had frightened them.

“Isn’t it bad enough now?” Shi Yan’s voice was harsh. “Hui and Devour are nibbling and eroding Desolate’s parts. They’re attacking Desolate, and Desolate doesn’t have the power to resist. Today, the Territory Ancestor of the Devouring Clan has arrived. If we don’t stir up some changes, we will die altogether once they have finished off Desolate. What difference would there be if we let the other experts come? Would the worst consequences be different?”

Stooping to see the Grace Mainland underneath, his eyes turned strange. “Perhaps, it also wants some earth-shaking change to overturn this bad situation...”

Without more explanation, Shi Yan flashed, swaying through the light door.

The light door closed slowly.

Shi Yan reappeared in the chaotic space basin. After a gleam, he entered the Desolate Territory’s entrance precisely, as if he had done it before.

Jumping into it, the terrifying water pressure slapped him. He urged the power Upanishad, following the way Bloodthirsty had taken a long, long time ago to move deeper into the Sea of Annihilation’s seabed.

The water pressure became more horrible. After a long time, he was shaken as he recognized that he had actually entered the Sea of Annihilation’s seabed.

A thought popped up in his head. He teleported and came to the broken star field where he had collected the Little Bear Constellation. He rubbed some rocks and became surprised.

Those broken stars had a powerful soul energy fluctuation. The soul energy congregated, creating many images. Shi Yan saw Mei Ji when she was dormant. Eventually, the image changed into a little figure: it was a little girl who talked like an old woman. “This child, Mei Ji, I brought her home. She’s alright. She’s going to be the next Territory Ancestor of the Phantom Clan. If you want to contact the Phantom Clan, you can come to any base of the Phantom Clan to talk. And, Hiro from the White Bone Clan also wants to find you. He doesn’t mean harm...”

This visual soul message had been here for dozens of years, waiting for only him!

Those images were animated. Shi Yan rubbed the stone, his face filled with surprise. How fierce was the warrior who could leave a visual message that hadn't faded for dozens of years like that?"

He immediately recognized that it was the superb expert of the Phantom Clan!

Shi Yan was surprised when the other didn't seem to mean harm. It seemed she just wanted to talk to him. Shi Yan was more amazed when she mentioned Hiro of the White Bone Clan.

Pondering for a while, he disguised and moved forward.

He came to the surface of the Sea Domain of Nihilty, heading to a city to gather information he had missed during dozens of years.

The members of the White Bone Clan were trying hard to find the expert with Life power Upanishad to wake up their two precursors. That Grannie of the Phantom Clan had slaughtered and forced Ferrell and Neptune to run away, retracting their heads...

He got the direction shortly and found the base the Phantom Clan had re-established in the Sea of Annihilation. Through the Phantom Clan, he also contacted the White Bone Clan, giving them the coordinates of the Desolate Territory's entrance.

...

The Phantom Clan's fairyland headquarters...

Mei Ji was refining her territory. Today, her makings were more powerful and elegant than in the past. She had finally reached the Territory Ancestor Realm and become an important expert of the Phantom Clan. She was in charge of collecting, sorting, and distributing intelligence for the Phantom Clan.

She had always paid attention to the base in the Sea of Annihilation. Today, while she was playing with a crystal ball, flows of news came through it.

A piece of news emerged on her palm, and her sexy body shook hard.

Her body flashed, and she appeared in the holy land of the Phantom Clan. She found the little girl, talking respectfully and excitedly, "Grannie, it's Shi Yan! He sent the news and location of Desolate Territory. He said that Desolate Territory now has two Absolute Beginning creatures, and the Territory Ancestor of the Devouring Clan has come using a secret technique!"

The little girl changed her face, her eyes emitting a bright light. "Excellent! Very excellent! Summon the hotshots. You come with me to the Sea of Annihilation!"

...

Holy land, White Bone Clan...

Inside an imposing white bone mountain, Hiro was listening to a member of his clan. After a while, he nodded, his eyes shooting a divine light. "The Phantom Clan's intelligence can't be wrong. We owe the Phantom Clan this time. As Shi Yan has proactively sent the message, I think he has got good feelings for our White Bone Clan."

“What’s going on?” A clansman with a crystal clear skeleton asked.

“Shi Yan, the one with the Power Upanishad Symbol Tower, sent the news and said that he wanted to use the Life power Upanishad to help us. He also said that Desolate Territory now has three Absolute Beginning creatures, and even the Territory Ancestor of the Devouring Clan. He gave the precise coordinates and asked us to come find him there,” said Hiro.

The man got his eyes brightened, talking resolutely, “Is it true?”

“Absolutely!”

“Then, I’m going with you!”

“Call my cousin. We will take his parents to Desolate Territory together. This time, we have to wake them up in Desolate Territory. They are our biggest assets!”

“Certainly!”
