God of Slaughter

Chapter 261: Ruthless

“What has that little rascal done recently?” On top of a sky-high ancient fortress, Duo Long of the Gray Wings Clan coldly asked with an unhappy countenance.

Yu Rou and Di Shan were also at the same place with Duo Long. Both of them frowned, watching from above. They were sweeping their eyes at Duo Long from the distance but did not reply to him.

Not long after that, Ya Meng, Ka Ba, and Yi Tian Mo, the three leaders of the Demonic Sound Clan also flew into that place. After descending, they all showed unusual faces.

Three of them had an exceptional cultivating level. Their soul power was ecstatic and miraculous. They could have sensed any of the commotions on the Sound Beast Mountain even though they staying inside of the Giant Stone Ancient City.

At this moment, six of the top-class pagan warriors were standing on top of the ancient fortress, looking towards the Sound Beast Mountain from a distance, shuddering terrifyingly.

The sky over there looked like it was being torn into pieces. Each of the cracked rifts could have devoured and swallowed all of the creatures. All kinds of dazzling light interlaced at one point.

Deep inside the sky, thunder and lightning were just raging on as the surge fluctuated. Tremendous enough to have completely destroyed Heaven and Earth. It was getting more and more chaotic.

Those six pagans had a feeling that a powerful explosion could have happened any time at the Sound Beast Mountain’s peak.

Once it had exploded, this whole land would have instantly turned into a void. All the creatures living on this land would have been totally wiped out.

The six of them understood that a major incident was coming close.

Time was now rushed. Even the Sound Beasts inside of the Sound Beast Mountain seemed to have sensed the changes and started to get into a flurry. They began to act disorderly, trying to get out and survive.

“We are running out of time...” Yi Tian Mo’s eyes were very serious, “In another month, if we still cannot find the way out, I don’t think any of us will be able to escape from this catastrophe alive.”

All six of them looked extremely grave.

“Di Shan, Yu Rou, in order to help that little rascal improve faster, I’ve given you guys the Heaven Fountain Concentrated Water, as well as the female human beings. How is it going after all?” Duo Long asked with a cold-blooded voice.

“Because of our two tribes, I’ve restrained my anger and agreed to let everything go. But, if that little rascal isn’t worth it, hmm, before I die, I will definitely peel his tendons, skin him alive, then let him suffer all kinds of tortures.”

Di Shan harrumphed but did not say anything.

“He still has half of a month. After that, we will all take him to the Sound Beast Mountain.” The matriarch of the White Wings Clan seemed to be the calmest.

“Don’t worry, Shi Yan has entered the Second Sky of the Earth Realm. His knowledge and ability to control the Heaven Flame have also reached a higher level. After half a month, his cultivation would be perhaps stable. At that time, his abilities to use the powers would have been extremely skillful and profound. That is the right time for us to enter the Sound Beast Mountain.”

Yi Tian Mo looked towards Shi Yan, quietly activating his soul sense.

Yi Tian Mo’s gray-white eyes suddenly flashed up a surprising light after a short moment. It seemed he’d just found out about something.

In terms of soul aspect, Di Shan, Duo Long, and Yu Rou, the three leaders of the Wings Race could not have been compared to the Demonic Sound Clan; thus, they did not recognize Yi Tian Mo’s sneaky act. However, when Yi Tian Mo retreated his soul sense, the other two leaders of the Demonic Sound Clan, Ya Meng and KaBa, had noticed something.

“Yi ge, did you discover something?” KaBa felt that something was a bit odd, looking at Yi Tian Mo while asking.

Yi Tian Mo slowly nodded as his countenance returned to normal. He said, “That little rascal has not been idle during this time. I have to say that this guy is really extraordinary. After just scanning the ancient scriptures of the Demonic Sound Clan, he could have had already broken through all the formation technique that YaJi had placed in those human warriors’ souls. Then, he planted his own spirit seed’s inside of their souls. That genius can really shock me.”

“What?” Ya Meng’s face changed, he screamed out in shock, “Without our instructions, only relying on those ancient scriptures, how could he have known of the ways in using the spirit seed? How could he have disarmed the spirit formation technique of my son? How could he?”

Di Shan’s eyes brightened up.

“You can check it yourselves.” Yi Tian Mo coldly smiled.

Ya Meng and Ka Ba were astonished for a while. They did not hesitate to send out their soul senses to check if Yi Tian Mo was right or not.

After ten minutes, Ya Meng and Ka Ba both showed a surprised face, chucking while nodding towards Di Shan and Yu Rou.

“What does it mean?” Duo Long asked with a puzzled face, “Let’s say he could understand the essence of the spiritual Upanishads of the Demonic Sound Clan, what can it prove? How useful can it be towards breaking the shelters if he can explain the spiritual Upanishads? If it doesn’t help in breaking the shelters, his understandings will be useless, just a waste of time.”

Yi Tian Mo glanced at Duo Long with a contemptuous look, and frigidly said, "When a soul perception has reached a new level, its ability to control the surrounding circumstances are much more thorough, power handling will be more skillful, and the mental state will also develop. The Demonic Sound Clan and the Wings Race are not similar. Progress in terms of the soul will bring us many good things that we can hardly imagine of."

"He is not lazy. The stronger that his soul is, the easier it can be for him to break the shelters." Yu Rou said with a faint smile, "There are still two weeks to go. I long for his performance after that amount of time. I believe that this guy can help us get out of this damn place, returning to the Grace Mainland."

"Why do you trust him that much?"

Duo Long was very surprised. He had originally looked down on Shi Yan. Yet, he also thought that if he had been at the Earth Realm, and possessed the Heaven Flame, it would not have been easy for him to have mastered it.

"I think that God will not let our two tribes perish." Yu Rou's eyebrows knitted tightly while saying, "No matter what, we have to trust him. If we don't trust him, it means that we don't believe that we could survive. During the time when the Sound Beast Mountain had had a major change, a little rascal who can use the Heaven Flame suddenly appears out of nowhere. I have a feeling that our destiny had been settled when he showed up here. Perhaps our ancestors have heard our pleas ..."

"Destiny has been settled ..." Yi Tian Mo mumbled again with a low voice. His eyes became eccentric. After a while, his face suddenly changed. He said, "This little rascal's existence is the result of our ancestors invoking the God King?"

Ka Ba, Ya Ji, and Duo Long trembled as their faces had changed dramatically.

Only Yu Rou and Di Shan still remained calm. Yu Rou even chuckled and gently said, "Who knows, if he is really an 'autograph' of a God King, I think that I will follow the ancestor's guidance. Our ancestors used to say that if a descendant of the God Kings could bring us out of this devilish place, we would have to serve him as our master."

As soon as Ka Ba, Ya Meng, and Duo Long heard what Yu Rou had just said, they were all dazed with confused faces while their eyes kept moving. No one said anything.

... ..

"Ptsui"

Inside the cage, Pan Zhe of the Penglai Divine land suddenly gushed out a mouthful of blood, staring at Shi Yan resentfully.

In the stone room, Shi Yan was neglectfully motionless, and slowly closed his eyes. There seemed to be a vague moving nimbus on his body.

Heaven and Earth's spirit aura was attracted by the strange tattoo on his chest, quickly came and gathered. The spirit aura was constantly absorbed through this black tattoo, then turned into a purified force rolling into his body.

When condensing and refining the Qi, the meridians in his entire body quietly transported and purified the Qi which he had just absorbed from some freshly-dead warriors. He then turned it into a mysterious force and poured it right into the middle of his abdomen.

Half of a day later, Shi Yan slowly opened his eyes, indifferently shifted his look towards Pan Zhe, and calmly said, "You're lucky that you're not dead yet. Ease your mind. If you can survive more than two weeks, I will spare your life."

Currently, there were only twelve warriors of the Kyara Sea left. The rest had been dead as Shi Yan had carelessly experimented them for his studies on the spiritual Upanishads.

The Demonic Sound Clan had different kinds of magical spiritual Upanishads, which was extremely mysterious and marvelous. When he practically experimented with it, mistakes were hard to have been avoided.

When he made mistakes, he had to pay a big price, which was someone's life.

These warriors, who had been exchanged from YaJi, became the best specimens for his cultivation. By risking their lives, Shi Yan had progressed incredibly in understanding the spiritual soul as well as the different kinds of Upanishads of the Demonic Sound Clan.

For those who were his experimental objects, once their souls had been destroyed, refined Qi in their body would spread out and went into Shi Yan's body, turning into a mysterious and purified force inside of his body.

With the great progress on the spiritual soul, profound Qi in his body also had been enhanced steadily. He felt that he would soon have upgraded to a new level, entering the third sky of the Earth Realm.

"Shi Yan, you will not have a decent death." Pan Zhe clenched his teeth and angrily said, "You'd better kill me soon. Otherwise, I will definitely make you pay a big price for this!"

Pan Zhe had originally controlled his emotions very well. However, during the time his soul had been tortured, he totally collapsed.

When Shi Yan's soul consciousness actively stirred in Pan Zhe's head, Pan Zhe could clearly have felt something as Shi Yan's skill was still immature.

Every time that Shi Yan had activated his soul consciousness, Pan Zhe had a feeling of hundreds of little worms were gnawing his brain. This feeling had made a steadfast person like Pan Zhe fearfully scream out.

Pan Zhe was just better off dead as he was treated badly by Shi Yan time after time. An image of a hero in the past had no remnants left. Resentment was burning violently inside of Pan Zhe's heart. He was angry that he could not have torn Shi Yan's body apart.

"Hmm, if you can survive, I will be waiting for your revenge in the future." Shi Yan revealed a faint smile. He thought, "Even if you can survive, I will place many formation techniques in your soul. In the future, if you return to the Kyara Sea, you will be my eye in the Penglai Divine land and also possibly help me collect the latest information there."

Ignoring Pan Zhe's screams, Shi Yan deliberately stood up, frowned, and looked at the stone door closing tightly nearby with suspicion.

During this time, either because of their inability to resist Shi Yan or having other purposes, Cao Zhi Lan, Gu Ling Long, and Qi Yan Qing persistently stayed inside of the stone chamber.

After contemplating a little bit, when Shi Yan was about to go find He Qing Man to ask, he suddenly noticed that the Blood Vein Ring had just flared up a stream of light.

"Oh!?"

After activating his mind, Shi Yan immersed himself into the Blood Vein Ring. He immediately realized that the Earth Flame was slowly condensing and refining the Heaven Flame. It's living form was getting more and more flawless as it seemed to have a little of Qi energy similar to the one of the Ice Cold Flame.

"Has the evolution already been completed?" Shi Yan was astounded. He instantly sent out his soul consciousness.

"Already done. I feel like ... like I have a new life. I am really, really different." The Ice Cold Flame sent back its consciousness.

God of Slaughter

Chapter 262: Intimidating Heavenly Prestigious Power

Half of a month later.

Three headmen of the Wings Race including Di Shan, Duo Long, and Yu Rou, together with the three leaders of the Demonic Sound Clan, entered the stone hall where Shi Yan was temporarily staying.

Shi Yan was as calm as water, sitting motionlessly inside of the stone hall. Pan Zhe and the other six warriors of the Kyara Sea were standing in front of him with gloomy faces, disappointing eyes, and a dopey look.

The four girls of Cao Zhi Lan's group were hiding in the stone chamber for a long time without stepping out once.

Shi Yan opened his eyes, welcomed them with a cold face and a frigid smile, "There you are."

Yu Rou nodded and smiled, "How is it going? It's time. I think we should depart at once. How about you? Are you ready?"

Di Shan squinted as his eyes, scanned Shi Yan's body for a while with a complementation.

After two weeks, Shi Yan was only one step away from the Third Sky of the Earth Realm. His mind was stable; refined forces in his body were huge and powerful. Mature composure and confidence radiated from his attitude. It seemed that he was not bothered, even though he was undergoing a dangerous situation.

From what Di Shan had observed, Shi Yan, for sure, was very special. Not only did he have the Immortal Blood, but his body was also unimaginably sturdy. Together with Shi Yan's heartlessness and cold-blooded behaviors, Di Shan believed that Shi Yan was the sort of a man who would have definitely achieved greatness in the future.

During this time, he had been quietly watching Shi Yan. He had witnessed the warriors from the Kyara Sea become specimens for Shi Yan to experiment his soul studies. Shi Yan's countenance had remained unchanged when his specimens souls had been exploded to death, one by one.

Shi Yan's cruel deeds were actually a good trait in Di Shan's eyes.

"Everything is ready."

Shi Yan slowly stood up, raised his head looking up towards the sky and said, "The Sky and Earth on the Sound Beast Mountain are changing constantly. We should hurry."

After pausing for a little bit, he continued, "Are you ready?"

"We?" Ya Meng surprisingly said, "What should we be ready for? Isn't it only you, who will go there?"

Ka Ba's and Duo Long's expressions were also suspicious.

Duo Long, Yu Rou, and Yi Tian Mo slightly knitted their eyebrow as they seemed to have figured out what Shi Yan had meant.

"Once the shelters at the Sound Beast Mountain are destroyed, the six of you will immediately go in there." Shi Yan contemplated for a moment before speaking seriously, "Certainly, there are some anomalies inside of the Sound Beast Mountain. Maybe the gate leading to the outside world is in there. Once this gate appears, perhaps this land will also have earth-shaking transformations and quickly collapse. It is easy for you to leave, but how about your people? Won't you need to bring any of your properties that you have been saving during the past years?"

Ka Ba's and Ya Meng's complexion had suddenly changed.

"You should prepare. Later, don't blame me for not telling you." Shi Yan neglectfully said, "You'd better bring your people to the foot of the Sound Beast Mountain. When things tragically change, you all should leave at once. If this space collapses and you still haven't left yet, you've already known what the consequences will be off."

Ka Ba, Ya Meng, and Duo Long did not say anything further, immediately turned around and left hastily with a little panic.

"You ..." Shi Yan looked at Di Shan, Yu Rou, and Yi Tian Mo with surprise as they still stayed.

"Don't need you to be worried. I have already prepared, as soon as you leave the city, my people will catch up." Yi Tian Mo said.

"Di Shan and I have planned everything. Once we send out our message, the people of the two tribes will depart at the same time with us. Our Wings Race is quite close to the Sound Beast Mountain. When we arrive there, perhaps our people might have already been there." Yu Rou said with a smile, seemed

not to be worried, “Shi Yan, I did not expect that you were that provident. You’ve known that the termination day of the Sound Beast Mountain is also the day that we have to leave.”

“It’s obvious.” Shi Yan said with a smiley face, looking ahead and continued, “It seems like we have to delay one or two days for Ka Ba and the others to prepare. Whenever they are ready, we can depart right away.”

“We can go now.” Di Shan seemed a little impatient.

“No need to worry about the other guys. Breaking the shelter also needs some time. Perhaps when you are done with it, they should have already been there.”

“So, ...” Shi Yan thought for a moment, then said, “That’s good.”

Shi Yan spoke to Yi Tian Mo while looking at Pan Zhe, the other warriors, and the four frightened girls who were just walking out of the stone chamber, “You help me take them along. They are still useful to me.”

Yi Tian Mo raised his eyebrows, and coldly said, “Didn’t you need to use these four virgins in order to have prevented your backfire energy?”

Shi Yan nodded, “My fortune is still good. I have not encountered any anomalies while cultivating. However, after breaking the shelter, I don’t know if it will occur. That’s why I’ve asked you to help me bring them along. In short, those girls are my possessions. Do you have any problem with that?”

Di Shan and Yu Rou both looked at Yi Tian Mo with a questioning look.

Yi Tian Mo slightly harrumphed then replied with a frigid face, “I will have them come along. Do you have any other requests?”

“None other.”

Shi Yan glanced at the four girls then turned to Di Shan, Yu Rou, and said, “We can go now.”

“Let’s go.”

Yu Rou walked over to Shi Yan and placed her white hand on Shi Yan’s shoulder. Her snow-white wings flapped slightly; she gently leaped up at the same time and quickly disappeared out of others’ sight.

“I’ll let you handle these people.” Di Shan said to Yi Tian Mo before leaving.

Yi Tian Mo raked over Cao Zhi Lan, Pan Zhe and the others with a somber countenance. His white-gray pupils flared up some strange lights.

Flows of his soul consciousness, one by one, flew out from his eyes, quietly sneaked into their heads.

The way that Yi Tian Mo used his spiritual forces were much more skillful than Shi Yan’s. When his soul consciousness penetrated into their souls, even Cao Zhi Lan totally did not realize nor felt it at all.

His soul sensing did not leave any clear traces like Shi Yan’s, but it made the others feel as if there were hundreds of worms creeping in, bringing them a great deal of fear.

Cao Zhi Lan, He Qing Man and the others were very insecure. They did not dare to look at Yi Tian Mo, as they did not know what he had wanted to do to them.

A long time later.

Yi Tian Mo deliberately retreated his soul consciousness, coldly harrumphed and said, "You guys follow me."

After having investigated for a while, he discovered that Shi Yan had removed the soul formation technique planted in them. Even inside the four girls' heads, there were no formation technique that bounded their powers.

However, there appeared many mysterious formation techniques which had been placed deeply in the other male warriors' souls that the ordinary people could have had hardly felt them.

The three girls, that included Cao Zhi Lan, Gu Ling Long, and Qi Yan Qing could not have avoided it either.

Shi Yan had also planted the spirit seeds in the three girls' souls. Those three spirit seeds were going to germinate, which meant, that in the future, once they left Shi Yan, Shi Yan's soul consciousness could have been able to sense every single move of theirs.

Only He Qing Man's soul had not been touched.

Yi Tian Mo could certainly have removed those spirit seeds before they rooted. However, he was worried when he saw Shi Yan again, Shi Yan would not easily let it go, but would have definitely troubled him.

While thinking to himself how cruel Shi Yan was, he leaped up and flew away.

Not long after that, Yi Tian Mo's message was sent to Yi Feng's group. Following Yi Tian Mo's order, they alternatively brought Pan Zhe and the others along, flying up to the sky towards the Sound Beast Mountain.

Inside the Ancient City.

All the Demonic Sound Clan's people started the preparations after receiving their leaders' direct order. Yi Tian Mo's flock were already departing in line out of the city.

Meanwhile, Ka Ba's and Ya Meng's people were very anxious. Under the pressure of their leaders' shouts and urges, they hurriedly packed their stuff, cleaned up their properties in panic. Everything became a mess.

Even though many of the Demonic Sound Clan's people were nervous, confused and busy, all of them had a cheerful face as if they seemed not to realize the danger ahead. The only thing in their minds was that they finally could have returned to their ancestral land.

The three leaders kept putting a lot of good things about their ancestral land into their people's minds. Therefore, every single of them had imagined that the ancestral land to be a holy place where they could have everything; they felt that all of the good things there belonged to them.

... ..

At the Sound Beast Mountain, where its peak pierced straight up to the sky.

Numerous Sound Beasts had spread out at every corner. Hundreds, thousands of them were gathering, feeling extremely insecure. They all got out of their caves all in a sudden as if they felt that the danger was coming closer.

Deep in the sky, lightning was striking and the wild wind was growling. All were furious.

Dazzling lightning, one by one, flashed, on and off quickly in the sky. Deep inside of the lightning, many brilliant colorful lights segregated, which were actually the rifts of the time and space continuum; they contained the tremendous heavenly power that could have eradicated all life.

Any pagans of the Demonic Sound Clan or the Wings Race knew that in the sky above the Sound Beast Mountains' peak, there concealed Heavenly powers, which were capable of destroying any warriors of the True God Realm. They all knew that the Heavenly power's existence was the warriors' nemesis, that prevented the pagans of the two tribes from ever getting out of this place.

The phenomenal scene in the sky scared the Sound Beasts out of their wits, as well as panicked the two tribes' pagans who were having feelings that a murderous accident could come at any time.

"Boom"

A flow of dazzling Heavenly light suddenly projected from the sky. The Heavenly light was like a giant sickle, striking down straight into the Sound Beast Mountain's peak. As soon as the Heavenly light visibly appeared, a block of hundreds-meter-long ancient stone had been cut off from the Sound Beast Mountain's peak, violently falling down.

Right when the Heavenly light swept over a growling giant Sound Beast, the beast turned into a mist of blood just in a blink, leaving nothing behind. That was an extremely catastrophic death.

Many of the Sound Beasts terrifyingly growled and howled, instinctively retreated into the Sound Beast Mountain. They didn't dare to have stuck their heads out.

While the Heaven was showing its intimidation and mightiness, Shi Yan, who was brought here by Yu Rou, arrived at the foot of the Sound Beast Mountain with a somber face.

Chapter 263: Watch me!

A flash of Heavenly light struck down, turning the giant and aggressive Sound Beasts instantly into ashes. It had even cut off a huge block of stone from the Sound Beast Mountain's peak.

That was the Heaven's solemn.

Deep inside the sky where the thunders were exploding, the Heavenly light flashed up dazzlingly.

This Heaven's solemn strike shocked every single person of the Wings Race's warriors, scared all the Sound Beasts on the Sound Beast Mountain.

Di Shan, Yu Rou, Yi Tian Mo, and even Shi Yan all had extremely serious countenances. They looked up to the major changes happening in the sky and instantly did not know what else to say.

"That is the Punishment Force. Every ten thousand years, whenever the two tribes had warriors entering the True God Realm, this Heavenly light from the sky would strike and burn the warriors into ashes, that nothing remained; their souls and spirits both perished." Yu Rou looked up to the sky with resentful eyes, "This bloody Heavenly light has confined the two tribes for tens thousand of years."

Di Shan and Yi Tian Mo contemplated, their faces were somber.

Shi Yan knitted his eyebrows looking at the sky above the Sound Beast Mountain with a distressed feeling. He could feel the severely horrendous power there, which likely destroyed both Heaven and Earth. He even did not dare to send out his soul consciousness to observe around.

He felt that once he released his soul consciousness, it would be struck into ashes before it could reach that deep place in the sky.

Inside of that place existed the destructive powers that could vanish the warriors at the True God Realm. As only being at the Earth Realm, if he had riskily gone for a confrontation, death was undoubtedly the only consequence for him.

"Are you confident?" Di Shan contemplated for a while. His two eyes squinted, creating a straight line. There seemed to be a spike of electricity that flashed up inside of them.

"No matter what, you have to break the shelter at the entrance of Sound Beast Mountain. Otherwise, even if we don't attack you when this space is destroyed, you are still unable to escape from this catastrophe."

"No worries, if I were not sure, I could not have had been calm like this." Shi Yan revealed a faint smile, nodded to Yu Rou, "Bring me to the entrance of one cave on the Sound Beast Mountain. Then you guys watch me."

"Are you sure?"

"Sure!"

The matriarch of the White Wings Clan nodded. Her snow-white hands grabbed Shi Yan and instantly flew up to the sky. A white light emerged as Yu Rou's figure appeared right at the foot of Sound Beast Mountain.

"Thud thud thud"

Explosive thunder sounds reverberated from the gloomy sky. Each flash of the lightning from the nine tiers of the sky, which was as big as a dragon flying and twisting, struck straight at Yu Rou.

Di Shan and Yi Tian Mo were already floating in the air. As they saw lightning striking down, their faces dramatically changed, they immediately prepared to deal with it.

“Bang”

Thunder and lightning struck down at the flank of the mountain. Rocks were smashed into pieces. When the lightning struck some of the Sound Beasts, who had not prepared yet, instantly got incinerated.

Yu Rou reacted rapidly. As soon as that lightning released, she had already teleported to another cave, then quickly let Shi Yan down.

“Boom boom boom”

Up there, the thunderclap exploded massively as lightning flashed up tearing off the sky. More and more lightning appeared as if they had to burn everything on earth.

“Yu Rou, those flashes of lightning were aiming for you. You should leave.”

Yi Tian Mo lifted his head looking up, quietly observing for a while. He suddenly shouted, “You have not reached the True God Realm, so there is no Heavenly light striking down at you yet. However, don’t underestimate its power. You should not come close to Shi Yan because even if you could have avoided it, he would not.” Being reminded by Yi Tian Mo, Yu Rou finally understood. She did not dare to stay with Shi Yan; instead, she teleported back outside the mountain.

Soon after that, her delicate and heart-touching body appeared beside Di Shan and Yi Tian Mo.

The thunder and thunderbolt seemed to have instincts. While she was leaving, they kept chasing after her, turning into an electric dragon storming towards her.

When the three people, Di Shan, Yi Tian Mo, and Yu Rou saw that the electric dragon was terrifyingly dashing forward, they were all ready to confront it.

Colorful lights which came from the void were congealed and refined; transpicuous flows of light emerged from their hands, collided with the twisting electric dragon, and broke it into pieces. It turned out to be tiny streaks of lightning retreating deep into the sky.

“The shelter over there has been aiming at our two tribes indeed.”

Di Shan squinted, raised his head looking up to the sky, then said with a low voice, “As long as we approach closer to the Sound Beast Mountain, the shelter outside will be immediately activated, and constantly attack us without letting us off. On the contrary, Shi Yan is still unharmed.”

Yu Rou and Yi Tian Mo sent out their consciousness to observe. They realized that Shi Yan had not been attacked by lightning. In the area that he was standing, there weren’t any changes, the lightning which had previously been aimed at Yu Rou also disappeared without leaving any trace.

“As he is human, he seems not to be struck by the lightning ...”

Yi Tian Mo nodded and said, “But, it seems that those Sound Beasts are also afraid of the lightning’s attack. Our two tribes are not the only target, so are those Sound Beasts.”

“Hmm, don’t know why those Sound Beasts have suddenly become that strange.”

Di Shan nodded, guessing, "There surely occurred a major change inside of the Sound Beast Mountain. Otherwise, the Sound Beasts should not have had such strange behaviors. Those Sound Beasts that have been struck to death by the Heavenly light had already reached the seventh level, the strongest ones of all the Sound Beasts. They were unexpectedly attacked by the shelter. It is very anomalous indeed..."

"Don't mess with them. Wait until Shi Yan breaks the shelter, we will then enter the Sound Beast Mountain and see why the Sound Beasts have behaved that strange." Yu Rou said with a smile.

Di Shan and Yi Tian Mo slowly nodded. Their eyes were full of hope, looking towards Shi Yan's direction.

... ..

On the flank of the mountain, Shi Yan held his breath, calmed his consciousness with a serious face. He slowly gathered forces and released his spirit to make contact with the Earth Flame inside of the Blood Vein Ring.

"Right now, I need your powers to break this damn shelter."

"Okay, I have finished my evolution. My forces now are much stronger than before. I can definitely break that shelter. Ah, if it's not because my soul is still feeble as it has just formed, only do I need to go out of this ring, I can already burn that shelter quickly."

"Your soul is not stable now, plus there are many warriors of the Demonic Sound Clan who have a profound understanding about the souls. As soon as you go out of the Blood Vein Ring, they will attack your soul. They are only afraid of your burning fire powers. But now, your soul has not fused with the burning fire; it's not sure whether you will be able to withstand their soul attack. You should not be reckless. Before your soul and the burning fire could fuse together, don't get out of the Blood Vein Ring."

"Got it."

After discussing with the Earth flame, Shi Yan slowly stretched out his hands towards the cave entrance.

"Sizzling"

Small flames flickered from his fingertips as if there was a spiritual snake curling up out on his palms. Because of this, scorching burning fire hovered around his hands with the extreme heat.

The host soul inside the sea of consciousness quietly moved. Flows of soul consciousness, one by one, scattered from the sea of consciousness, observing small transformations of burning fire on his hands.

The Blood Vein Ring was dazzling with red light as each of the fire snakes crawled out of the ring.

As soon as fire snakes had got out, Shi Yan sent his soul consciousness into them. When the fire snakes wrapped around the backs of his hands and his palms, profound Qi massively rolled out and assembled with these fire snakes.

The solid cave's shelter was burned up by the scorching fire from his hands. Mists of gray smoke came up one by one, dense yin Qi also spread out inaudibly.

Many of the Sound Beasts retracted their heads staying inside of the cave and frighteningly watched the Heavenly Flame flared up from Shi Yan's hands. They didn't dare to come any closer.

Time had been passing by. Both of Shi Yan's hands were wiggling with the shelter for a long while.

The powerful burning fire of the ten-thousand-year Earth Flame in the Blood Vein Ring emitted constantly, converging with his soul consciousness. His profound Qi turned to the raging Heavenly Flame, which could have wiped out everything. It was now wildly incinerating that shelter.

The invisible shelter, which was being burned by the powerful burning fire, seemed to be broken little by little.

Around the stone cave, other forces appeared to support and enhance the shelter's strength; however, they could not resist the Heavenly Flame's burning power. The shelter, which Shi Yan's hands were placed on, was getting weaker. The defending forces hidden inside were being consumed bit by bit, about to be completely broken.

Ka Ba, Duo Long, and Ya Meng also arrived at the Sound Beast Mountain, standing together with the other three people including Di Shan, Yu Rou, and Yi Tian Mo. They all stared at Shi Yan attentively without a second of negligence.

Wings Race's pagans and Ka Ba, Ya Meng, the youth of the Demonic Sound Clan were all gathering at this place. With just a quick glance, the pagans of the Wings Race and the Demonic Sound Clan were flooding towards the Sound Beast Mountain from all directions.

After realizing that the two pagan tribes were bringing all of their members here, many of the Sound Beasts scattering outside went back into the Sound Beast Mountain in fear. They didn't dare to confront these two tribes.

Numerous Sound Beasts hopelessly hid inside of the Sound Beast Mountain after seeing their leaders being struck into ashes by a flow of the Heavenly light from the sky.

Hiding inside of the cave, the Sound Beasts were extremely nervous. They had wanted to go out but were scared of being ambushed by the people of the Wings Race and the Demonic Sound Clan. They were indeed in a dilemma.

Anyone of these two pagan tribes could have somehow figured out that inside of the Sound Beasts Mountain that there was a major occurrence which could have frightened the Sound Beasts that much. Otherwise, those Sound Beasts would not have been so terrified that they had to hurriedly go out of the caves.

Knowing clearly that things were changing abnormally inside of the Sound Beast Mountain, those pagans still hoped that Shi Yan could have broken the shelter soon.

After their six leaders had explained to them, these pagans understood that the perdition was coming. If they could not have gotten out of this land, they would have completely disappeared from the world's history.

Everybody was frightened.

“Cao jie, do you think we can go back to the Kyara Sea?” Inside the rattan cage, Gu Ling Long’s eyes brightened with a hopeful look.

“I don’t know. Let’s see what he can do.” Cao Zhi Lan miserably smiled, pointing to Shi Yan, and said, “If I can return to the Kyara Sea and recover my forces, I will definitely torture him to death.”

Gu Ling Long clenched her teeth with full of resentment, “Without our family’s support, none of us is strong enough to be his opponent.”

Cao Zhi Lan slightly whined and groaned, “Yang Qing Emperor is such a genius. He has found that rascal from nowhere. That rascal is such a monster. Even if the Yang family perishes, unless that guy is dead, they still can rebel again. Hmm ...”

After Pan Zhe, Qu Yang Qin, and Gu Ling Long listened to Cao Zhi Lan, the look on their faces all changed into those of fear.

Obviously, they all admitted what Cao Zhi Lan had said was true. All of them had to accept Shi Yan’s intimidating strength.

Chapter 264: Breaking the shelter

Scorching flames, one by one, flew out from Shi Yan’s hands, all rolling in the cave in front of him.

After pulling one another about, the shelter at the cave entrance, which had been blazingly burned by Heaven flame, finally seemed not to be able to resist any longer, exposing a small burnt hole.

Everybody’s faces were excited.

Shi Yan’s eyes also brightened up as if he could see a ray of glory through that small hole. He put all his efforts to continuously pour the Heaven Flame’s blistering power into that hole.

After all the flames of the Heaven Flame entered that hole, they eroded the cave entrance little by little, quickly enlarged the hole. Di Shan, Yu Rou and other leaders of two pagan tribes showed an extreme joy.

It was obvious that with that burning speed, the cave would be soon broken; the hole would be broadened enough for everyone to get in.

Lightning flashed up in Di Shan’s eyes. He contemplated for a while before quietly coming closer to Shi Yan.

Duo Long and his fellows also followed behind without much hesitation. They all gathered thirty meters away from Shi Yan and kept staring at every single move from him.

If they didn’t enter the Sound Beast Mountain, they would not have been struck by the lightning from the sky above the peak.

The miraculous shelter in the sky seemed to have its own consciousness. It had a duty to make sure that no top-class warriors of the two tribes were able to have penetrated into the Sound Beast Mountain. As

soon as they moved one step in, this shelter would have been instantly activated, striking down tremendous lightning.

“Let’s wait for a while. Once the cave entrance is enlarged enough, we will enter right away.” Di Shan turned around, glancing at the other five leaders, then said with a serious face, “Everyone should watch out. There is certainly an anomalous change in there. It may be a fatal danger, you should not be contemptuous.”

Five of them nodded, implicating they’d already understood.

Those six peak leaders of two tribes were glaring at every move of Shi Yan with stony eyes from a distance of thirty meters away. They were ready to enter at any time.

Sweat beaded on Shi Yan’s forehead; the fabric on his back was also wet. This was the result of consuming too much power.

His body had been trained by the Heaven Flame for a long time as his vessels and blood were adapting more with the Heaven Flame’s heat. However, burning fires spreading out from the Blood Vein Ring this time were much hotter than any previous times. The extreme heat of the Earth Flame had successfully transformed, being several times stronger than before. Until now, Shi Yan got to know that the Earth Flame previously had not been considered as the Heaven Flame. At best, it had been only considered to be mutated Earth Flame that hadn’t reached the Heaven Flame’s temperature just yet.

Nevertheless, the current Earth flame had a huge transformation after having absorbed the Sun Refined Spirits. Not only did it have a complete soul and a perfect living form, but its burning fire power had also been enhanced to another new level.

The ten thousand years Earth Flame somehow had transformed to make a balance with the Icy Cold Flame, which owned a miraculous earth-shaking power.

As the Earth Flame had been enhanced, its burning power was also much stronger than before. Shi Yan almost could not stand it. When he poured profound Qi into each flame, a lot of his power had been drained, including his soul consciousness.

The Heaven Flame evaporated his sweat quickly as soon as it continued pouring out again.

Even though Shi Yan’s whole body was not comfortable, he still tried to restrain it, focused his mind, and kept releasing his soul consciousness. He let his profound Qi massively roll into his palms to fuse with flames of the Heaven Flame to create Heaven Flame’s power with a tremendous attack strength.

“Sizzling”

The Heaven Flame was burning furiously making the hole in front of him bigger. Gradually, it was getting as big as a human’s head.

Shi Yan’s face was joyful but he did not dare to relax now. He kept urging the profound Qi inside of his body to pour into the conflagrate burning fires on his hands. The burning fires then flew straight into the hole.

Torrential Heaven Flame was blazing on his hands. There was as if a fire snake wrapping around each of his fingers, twisting and sticking its tongue out. Miraculously, inside of those vivid-red flames appeared a

faint purple color. That was a strange color resulted by the fusion of the Heaven Flame, his soul consciousness, and the profound Qi.

Shi Yan stretched out his hands through the hole, sending powerful burning fires of the Heaven Flame to cover them and then forcefully tore the hole apart.

More and more Heaven Flame's burning fires flew up from the backs of his hands and his palms. The Thousand Year Earth Flame had sensed his urge, emitting stronger burning fires to support Shi Yan tearing the hole.

"Swoosh"

A crispy sound suddenly came up from that hole. Shi Yan's hands had violently pulled and tore that hole, which had been originally as big as a human head size. Now the hole was big enough for an adult to get through.

"Go!" Di Shan shouted as his black wings flapped hastily. He flashed up like a black lightning and disappeared instantly.

Shi Yan got bewildered for a while. Before he could realize what was happening, Di Shan had already gone through the shelter, getting inside of the Sound Beast Mountain.

Not far from that, after seeing Di Shan's action, Yu Rou and Yi Tian Mo also turned into flows of light without hesitation, going inside of the Sound Beast Mountain with a blinding speed.

At the foot of the Sound Beast Mountain, people of the Wings Race and the Demonic Sound Clan began to cheer and applaud. All of them were extremely joyful. They soon congratulated each other. Some of them even started drinking to celebrate. A few of the high-class warriors leaped up and flew towards Shi Yan's direction. At this moment, cheerful sounds and noises echoed crazily.

After being dazed, Shi Yan saw the ten warriors of two tribes approaching closely. They were about to jump into the cave entrance.

"Boom boom boom"

An earth-shaking thunder sound suddenly came up from deep inside the sky. Horrendous streaks of lightning covered the entire Sound Beast Mountain entirely all in a sudden just like a heavy shower.

Simultaneously, the Sound Beast Mountain was immersed in a dense net of lightning. With a quick glance, that net of lightning looked like a curtain being pulled down.

The scream like ghost's wail and wolves' howl also followed the lightning piercing into people's ears.

Being struck constantly by those streaks of lightning, the bodies of those Wings Race's and Demonic Sound Clan's top-class warriors were immediately incinerated, then fell down not long after having wiggled fiercely in the air. Their bodies exploded before they could have reached the ground. Flesh and blood were scattered everywhere.

The ten warriors of the two tribes were dead without leaving any bones in just a short moment.

All the pagans, who were standing everywhere around the Sound Beast Mountain, immediately changed their countenances dramatically after seeing the terrifying scene. The cheering noises had also died out.

No one could have ever imagined that the ten Sky Realm warriors could have been struck to death that fast. There was not a single sign, nor a minute spared for preparations. Those ten warriors were dead, just like that.

Those pagans, who had been cheerful, dazedly watched flesh and bones falling down like a heavy blood shower. Everybody ceased suddenly.

Some of the other warriors, who had originally wanted to enter the cave, were flying in the air, hurriedly stopped, as they didn't dare to come any closer to the Sound Beast Mountain.

Shi Yan's complexion had also changed tragically. Soon after that, he realized that while he got dazed, the hole, which had been torn apart, was slowly shrinking.

After raising his eyebrows with a little hesitation, he then suddenly jumped through the shelter, entering inside of the Sound Beast Mountain.

"Shriek Shriek Shriek"

Ear-piercing growls of Sound Beasts resounded as soon as he got into the Sound Beast Mountain.

Echoing growls of Sound Beasts were not less loud than the ones of thunderbolts outside. While earth-shaking sounds kept coming up, six figures of Di Shan and other five leaders were getting further and further, dashing towards the center of the mountain.

Yu Rou was the last one of the line.

The matriarch of the White Wings Clan held a charming figure, waiting for the other five figures to disappear. She looked at Shi Yan from a distance then gently said, "Let's go in there together."

Shi Yan was startled, he hesitated a little before saying, "Don't you need me to keep this shelter open?"

Yu Rou revealed a faint smile, gently shaking her head, "If you've been able to break it, you can also do the same from the inside. Wait until we solve the problem inside the mountain, then you will break this shelter again. With the thunder and lightning outside that close the cliff, no one else can go in. You only uselessly waste your powers if you stay here. We don't know how long it would take in there. Until we can solve the problem inside, if your powers have been already been drained by that time, it would have really been such a waste."

Shi Yan nodded, determinedly stopped holding the shelter open. He zoomed towards Yu Rou.

"Shi Yan ..." Yu Rou suddenly lowered her voice when he arrived next to her.

"What happened?" Shi Yan asked with a low voice, a suspicious look showed up on his face.

"Be careful."

Yu Rou gently spoke up after hesitating, "You should not keep yourself too far away from me to avoid any unexpected events. You also need to be aware of Duo Long and the other three leaders of the Demonic Sound Clan. Perhaps you will be their target there..."

Shi Yan frowned and said, "Don't they need me to break the shelter?"

"It's hard to say ..." Yu Rou's face got serious, "You've probably realized that when thunder and lightning cover the outside of the mountain, the shelter inside of the Sound Beast Mountain starts to be weakened. If we can enter here, it means the shelter is not effective anymore. After we solve the problems inside of the mountain, the oppressive forces of the shelter may no longer exist. Until then, you don't have any value to them ..."

Shi Yan's face suddenly changed. He nodded firmly after thinking for a while, "I understand."

"As I have promised, as long as you break the shelter, I will try my best to protect you. I will keep my words."

Even though Yu Rou was inside of a dark dull cave, her eyes, on the contrary, were very bright.

"I will try my best, but, if it does not happen as I wanted, don't blame me ..."

Shi Yan still felt warm although he was inside of a chilly dark cave. He bravely placed his hands on Yu Rou's wings and honestly said, "I will still be grateful to you."

Suddenly, the body of the matriarch of the White Wings Clan reddened as her charming face also blushed. Her beautiful eyes got mused while her body was slightly shivering.

"Oh?!" Shi Yan asked with surprise, "Are you ok?"

"Little pervert!" Yu Rou angrily stared at him. However, she had no power to resist. She was even more exquisitely dainty and ravishingly beautiful that all men would have surely committed a crime.

Clenching her teeth tightly, Yu Rou scolded, "Don't you really know that the wings of the Wings Race's girls are even more sensitive than our breasts and preserved area? We are not allowed to let any of the opposite genders touch them."

"I didn't know" Shi Yan looked shocked, innocently shaking his head.

Chapter 265: The Nine Serenities Soul Devouring Flame

In the dark stone cave, while the matriarch of the White Wings Clan looked at Shi Yan's innocent appearance, she felt so angry that she just wanted to smash him down. However, thinking about the unknown problems inside of the mountain, she had to restrain her irritations. She stared at him with her impetuous eyes, forcefully pulled his hands, and flew deep into the center of the mountain.

With the flame of anger inside, Yu Rou's movements were not gentle at all. Her small hands were like a pair of metal pincers secretly squeezed Shi Yan's hands forcefully.

"Oh!?"

Although Yu Rou constantly put more strength to the squeeze, she realized that Shi Yan did not utter a word as if he did not feel the pain. With her astonishment, she kept tensioning her clamp.

Yu Rou was surprised. The strength that she was using was enough to break the Nirvana Realm warriors' bones. Nevertheless, even though Shi Yan was just ranked Second Sky of the Earth Realm, he was still all right, and only knitted his eyebrows slightly.

"Do you think it is enough?" As Yu Rou kept squeezing harder and harder, Shi Yan had to reluctantly say, "If you keep doing that, I can't help but scream. You have already discharged your anger, don't continue torturing me."

"You little rascal, you are not ordinary indeed. Your meridians seem to transform and contract constantly. Each of them is very peculiar as if some strange spirit energy keeps condensing and refining inside of it ..."

Yu Rou still clamped his hands tightly. She did not have any intentions to reduce the strength of her fingers. She continued to speak with a gentle voice and a very strange look, "Shi Yan, your body is not the same as ordinary people's. I have a vague feeling that the meridians in your whole body seem to have great differences compared to the normal ones. What did you do after all?"

She still wanted to explore all secrets inside of Shi Yan's body. Last time when she had returned to the Ancient City, she had found out that there were peculiar forces in Shi Yan's blood and vessels which repressed his Immortal Blood. She had some understanding about the antiquity time's secrets as she couldn't imagine if there were any forces that could have dominated the Immortal Blood in the Immortal God King's descendant.

She guessed that Shi Yan was still hiding an earth-shaking secret since she somehow realized that there were miraculous forces whose strength were as strong as the one of the Immortal Blood inside of his body; otherwise, the Immortal Blood could not be easily dominated like this.

"Nothing ..." Shi Yan shook his head.

He had to keep anything related to The Mystery Martial Spirit on the down low. He would not disclose anything to anyone. Not to mention it was Yu Rou, even if Xia Xinyan asked him, he would have still shut his mouth.

"Shi Yan, maybe you don't know yet, but I have told Di Shan about your situation." Yu Rou suddenly spoke up after contemplating for a while. "Di Shan is an arrogant person who has a high-level cultivation and brutal means. In the Demonic Sound Clan and the Wings Race, Di Shan can be considered the number one of all the top-class warriors. Even I myself could hardly be his rival. If you can have Di Shan's support, once he decides to follow the ancestor's guidance, he will accept you to be his master. Moreover, he will also protect your life, so you don't need to worry about your safety. After leaving this abandoned land, you will have tremendously powerful backup forces. With the unity of Di Shan and me, as well as your Heaven Flame, which is the nemesis of the Demonic Sound Clan, perhaps you will be able to subdue the Demonic Sound Clan. Don't you understand what this means?"

"What?" Shi Yan looked shocked, his eyes brightened up. Apparently, he had been touched.

“However, Di Shan is extremely arrogant. Even though you are the Immortal God King’s descendant, you are just an Earth Realm warrior. Obviously, it’s not easy to make him obey you.” Yu Rou continued, “Therefore, if you want to get Di Shan’s agreement, you have to show more of your capabilities, you shouldn’t keep hiding them. Otherwise, unless Di Shan sees your true competencies, he will not respect you nor treat you like a future top-class warrior.” Yu Rou gently explained to him the situation.

Shi Yan listened attentively. After Yu Rou had finished talking, he nodded slowly and said, “I understood.”

As Shi Yan looked like he had really grasped the seriousness of the situation, Yu Rou said no more, and slightly smiled. She suddenly accelerated, turned into a white halo and dashed towards the center of the mountain.

... ..

“Roam Roam”

“Shriek Shriek”

Deep inside of the mountain, the Sound Beasts’ growls resounded constantly. The earth was shaken by those ear-splitting sounds together with the thunders outside of the mountain.

Yu Rou, with Shi Yan being grabbed along, flew straight inside of the mountain. The originally gloomy cave turned to be as black as ink as it was impossible to see the surroundings.

However, as Yu Rou knew every single path inside of the mountain, she could still follow the directions of Di Shan and Yi Tian Mo. She was rapidly chasing after them.

It was uncertain of how much time had passed as Shi Yan suddenly heard, besides the Sound Beasts’ growls, a big explosion that was caused by some attacking forces.

At the same time, Yu Rou’s figure slowed down. A faint silver light was approaching them lighting up the dark cave.

“Di Shan!” Yu Rou shouted in shock, letting go of Shi Yan and stormed forwards.

“Boom Boom Boom”

Extremely horrendous powers collided, exploded consecutively in the cave. Huge blocks of lava rock instantly turned into ashes dispersing everywhere in the cave after being hit by those forces.

Shi Yan stood on a solid lava rock. He wanted to clearly see the scene in front of him, but heavy gray dust totally blocked his vision. A lot of dust had flown into his eyes, causing the irritating itchiness.

His soul consciousness, which had just been sent out, suddenly recognized a kind of soul’s magnetic field revolving inside of the cave.

That soul’s magnetic field instantly crushed down his soul consciousness.

He immediately got himself together in fear. He did not dare to send out his soul consciousness again. Instead, he just circulated profound Qi to his eyes, covering his pupils with a white profound Qi shield.

Even when he could not see what was happening inside of the cave, nor sent out his soul consciousness, it didn't mean that he could not sense anything.

There were furious forces striking and destroying numerous blocks of rock of the Sound Beast Mountain. Rock fragments scattered, dust was everywhere. Through the surging tremor, he was certain that there were top-class warriors fighting somewhere in the cave.

Yu Rou had shouted terrifyingly as she had seen Di Shan's enemy. Therefore, she let go of Shi Yan urgently and dashed towards Di Shan.

Even though Di Shan was the best of the top-class warrior of the Demonic Sound Clan and the Wings Race, with the given brutal situation, his opponent was definitely either the Sound Beasts' supreme leader or the most ferocious monster of the world. Regardless of who it was, Di Shan's enemy was not the one whom he had the ability to defeat.

Therefore, Shi Yan stood right at his place motionlessly, calming himself and waiting.

... ..

A faint red light appeared in the dark cave. It flickered then scattered around. Dust and ashes blocking his vision were blown away by invisible forces. So were the dust and ashes around Shi Yan.

"Oh!?" Shi Yan got astonished, surprisingly looked at the Blood Vein Ring on his finger. He saw that the pink light had flew out from the Blood Vein Ring.

Wherever the red light swept over, Shi Yan's vision was not blocked anymore. Everything around him became clearer.

This was a huge cave. The red light kept diffusing further, clearing all the dust and ashes. Shi Yan was watching the cave expanding endlessly following that red light.

A brown jade was hanging at thirty meters above his head. Its surface was full of holes which were as big as fingertips. Dense Heaven and Earth Yin aura hovered around it.

This place was certainly the core of the Sound Beast Mountain.

His eyes followed the red light, which was expanding further. Until the red light could cover an area that as large as five football fields combined, he suddenly saw many pairs of eyes flashing up different colored lights. As the red light continued diffusing, figures of those who possessed those eccentric eyes gradually appeared.

Sound Beasts were everywhere, hundreds or thousands of them. From a distance, each of them was staring at him, full of hatred.

Shi Yan was not frightened obviously, revealing a faint smile. A red halo of burning fire suddenly emerged from his palms; the Heaven Flame's power emitted from his body. The Sound Beasts were clearly scared, moving backward little by little.

“Where is this place?”

The icy aura of the Ice Cold Flame flew out from the Blood Vein Ring all in a sudden. The Ice Cold Flame sent out its consciousness, “The Heaven and Earth Yin aura here is very dense. Inside of it contains the Icy Yin aura that could destroy souls. This is, this is ...”

“Has the Blood Vein Ring removed the restraint on you already?” Shi Yan promptly replied in joy.

“The Blood Vein Ring has realized the danger that is coming. Moreover, because of the current living form of the Earth Flame, it no longer controls me.” The Ice Cold Flame quickly answered him. Then, it suddenly urged Shi Yan, “Leave this place. It’s extremely dangerous here. The Yin aura here could destroy the souls of any creatures. It is ...”

“What?”

“It is the Nine Serenities Soul Devouring Flame, one of the Heaven Flames, the most parlous one. Its burning fire cannot inflame real entities, but it can destroy all souls of any kind of creatures. Any subject that has a life can hardly resist its Devouring Fire. As soon as the Devouring Fire touches your body, your soul will be immediately burned to ashes.”

“Have you said that it’s there?”

“It is right there. I can feel it. You’d better leave right away.”

“Boom Boom Boom”

Aggressively fighting sounds, along with Yu Rou’s screams, came up from the earth-shaking growls and howls.

Shi Yan’s face changed dramatically, immediately looked towards that direction.

The Blood Vein Ring’s red light spread out, blowing away dust and ashes around Shi Yan. His vision became gradually clearer.

With a careful look, he realized that there were some figures fighting with several Sound Beasts in which the explosion had occurred. This flock of Sound Beasts was extremely aggressive, as they had no fear of death. Their giant bodies were covered with scales, which looked terrifying and ferocious.

Those beasts were emitting heavy Yin aura. Their eyes’ color were all silver attached on the body that was greatly vigorous as if they were made of cast iron. These Sound Beasts were not the same as the ordinary ones. Although they were very mighty, there was no streak of vitality in them as if their souls had been completely withdrawn. Their entire bodies were full of deadly aura.

These Sound Beasts were giving the pagan leaders, Di Shan, Yu Rou, Duo Long, a very hard time in fighting with them.

“That is The Nine Serenities Spirit Beasts. The Nine Serenities Soul Devouring Flame have used the Nine Serenities Yin Qi to condensed and refined those Sound Beasts. They don’t have souls so they won’t feel painful or being wary of death. Their powers are even stronger when they are dead. It is very hard to deal with these Zombie Spirit Breasts. Except turning them into ashes, otherwise even with only a bone

remaining, still, the Nine Serenities Soul Devouring Flame could still control them to attack other people.” The Ice Cold Flame explained.

A beam of fear appeared in Shi Yan’s eyes.

God of Slaughter

Chapter 266: Peculiar treasure appeared

The Seven Dead Spirit Beasts looked as if they were made of cast iron with furious powers and full of benevolent energy.

None of them had the aura of a living thing. However, they had lightning speed and tremendous strength. When they leaped up, they pulled the Heaven and Earth yin along with them, which led to the increase of their energies and the horrendous destructive powers.

The Seven Dead Spirit Beasts seemed to protect something. A dark and sinister area was behind them, from which extremely dense fluctuating yin aura spread out, floating in the air. It was like many flows of the soul oppressive forces were dispersing, subduing the others’ minds and bodies, bringing them violently feelings of insecurities.

Among the six leaders of the two pagan tribes, Yi Tian Mo, Ka Ba, and Ya Meng all had the Spirit Realm soul cultivations. Although their bodies were feeble, their soul powers were enough to fearlessly deal with most of the creatures there.

However, when confronting those soulless Dead Spirit Beasts, the three leaders of the Demonic Sound Clan with tremendous soul power became inefficient just like something that was used to decorate their powers. The only thing they could do now was to intertwine those seven Spirit Beasts with their feeble bodies.

The consequences could not have been easily imagined.

Losing the biggest advantage, together with their weak bodies, the three leaders of the Demonic Sound Clan were having a tough time fighting with those beasts. Once those beasts attacked them, they couldn’t do anything but dodge and didn’t dare to directly confront them.

As the result, the pressure of fighting against the seven Dead Spirit Beasts obviously fell on the other three leaders of the Wings Race. Although the three of them, Di Shan, Yu Rou, and Duo Long were much better than the other three, they still could not have gained the initiative in the combat.

The Dead Spirit Beasts originally had no souls but had a sturdy build. Moreover, these seven beasts had used the bodies of the seventh-level Sound Beasts that have cultivated for thousands of years. Thanks to this fact, their mighty bodies’ advantages were amplified several times; they were not scared of any weapons or different kinds of energy attacks.

Among the three leaders of the Wings Race, Duo Long was at the Third level of the Sky Realm, half a step away from the Spirit Realm. With his sturdy build and furious strength, he was definitely a first-class warrior outside of the mountain.

The other two, Di Shan and Yu Rou were stronger than Duo Long. They were both at the reputable First Sky of the Spirit Realm warriors.

However, they were still struggling with those beasts strenuously despite their unity.

Their attacking forces unlikely crushed those Spirit Beasts into pieces. If those beasts were not smashed into ashes, they would not have gotten injured. With the support of the Heaven and Earth yin from behind, they would have continued receiving energy from endless sources.

As long as the Heaven and Earth yin was everlasting, and the Spirit Beasts' bodies were not completely destroyed, their energy would never have been depleted, and their attacks would have kept going on.

The seven Spirit Beasts' movements were as fast as the lightning. Their speed was even faster than that of the Wings Race's leaders. Their energies were extremely ferocious.

Shi Yan used his sense to carefully observe the situation. He realized that the seven Dead Spirit Beasts could have gone through the mountain effortlessly; their movements were lightning-like. Every time that they moved forward, their giant bodies had unexpectedly traveled dozens of meters deep through the lava rock mountain wall. It was like a huge drill, which could easily pierce through the hard and solid mountain wall.

At this moment, he understood that because the Dead Spirit Beasts' attacking strength were so tremendous that they were able to break through everything, like perforating the mountain wall.

The Seven Dead Spirit Beasts violently surrounded and pursued to kill the six leaders in the cave. Under the attack of the beasts, it was as if they were encountering their archenemies, their faces were extremely somber while trying to use all kinds of forces to kill the beasts.

Di Shan's and Yu Rou's strikes on the beasts were as if they had collided with a three-hundred-thousand-kilogram mountain wall. Those beasts were shot out more than a hundred meters away, their bodies were devastated into pieces, yet unable to have been completely destroyed.

As their soul attack was not efficient, the three leaders of the Demonic Sound Clan were in a strenuous situation. Their feeble bodies were not able to resist the Dead Spirit Beasts' attacks. If they were not very flexible and agile in dodging, they should have been out of breath and dead in no time.

“Swoosh, swoosh, swoosh”

Suddenly, the dense Heaven and Earth yin emitted from the seven Dead Spirit Beasts. The space was immediately filled with peculiar dead spirit aura.

Some of the Sound Beasts, which were hiding from a distance, all scattered away as soon as they saw the dispersing Heaven and Earth yin.

More than ten of the Sound Beasts that weren't able to avoid it were completely enveloped by this peculiar yin.

With their miserable growls, their fluctuating souls became very strange. Their living aura was disappearing, which was being replaced with the intensified dead spirit aura little by little.

Not long after that, more than ten of the Sound Beasts under the cover of the peculiar yin aura started to get crazy. They seemed to have transformed into the Dead Spirit Beasts and began to attack the six leaders. These Dead Spirit Beasts, which had just been transformed from the Sound Beasts, could not have obviously been compared to the other seven ones. Their bodies were not as sturdy and their strength was far less than the others'. That was why when these new-formed beasts were attacked by the six leaders, they were soon completely smashed until their blood scattered everywhere.

But very soon after that, those seven Dead Spirit Beasts leaped up quickly. More and more of the Heaven and Earth yin emitted surrounding them.

Hundreds of the Sound Beasts ran away outwards from the cave in fear. However, they quickly got covered by the Heaven and Earth yin before being able to have gotten away.

All the Sound Beasts inside of the mountain had been turned into Dead Spirit Beasts after a short while. They started to aggressively attack the six leaders without fear of death.

The burning fires of the Heaven Flame emitted abruptly from Shi Yan's body. His face was grievous.

He had figured out that the Sound Beasts had to run away out of the mountain because they were scared of the Dead Spirit Beasts inside of the mountain, to be more exact, the Nine Serenities Soul Devouring Flame that those Dead Spirit Beasts were protecting.

It was because the Nine Serenities Soul Devouring Flame could destroy their souls and turned them into the soulless Dead Spirit Beasts.

These Sound Beasts obviously knew the power of that Nine Serenities Soul Devouring Flame. After the shelter inside of the mountain had been weakened, they felt insecure, realized that the Nine Serenities Soul Devouring Flame was getting developed. Therefore, they ran out of the mountain to avoid being turned into the Dead Spirit Beasts by the Nine Serenities Soul Devouring Flame.

If the Demonic Sound Clan's and the Wings Race' people hadn't invaded it, the Sound Beasts certainly would not have stayed inside of the mountain. Currently, inside of the mountain, hundreds of the Sound Beasts who were close to the Nine Serenities Soul Devouring Flame could not have avoided its attack.

Their souls were destroyed as they were turned into the Dead Spirit Beasts.

In such a short time, the Spirit Beasts were packed inside of the cave. After the Sound Beasts' souls had been destroyed, they were no longer being fearful. They were not even scared of the Heaven Flame's power on Shi Yan's body, storming towards him.

"Let's go!" The Ice Cold Flame sent out its message.

"Let me help you." The Thousand Earth Flame also communicated with him from the Blood Vein Ring.

"Boom"

Scorching burning fires from Shi Yan expanded everywhere.

The Thousand Earth Flame flew out from the Blood Vein Ring all of a sudden, emitting its inflammable power when it saw more than ten of the Spirit Beasts were approaching.

The temperature of the mountain plummeted several times instantly with burning fires everywhere.

Every time the Dead Spirit Beasts advanced, they were completely swallowed by the thousand Earth Flame in no time. Once these beasts fell into the sea of fire, they had no more strength to resist and turned to the scattered shower of blood. All of them were dead.

The burning fires of the Heaven Flame continued spreading out.

The Heaven Flame devoured more and more Dead Spirit Beasts. Once being burned by the Thousand Earth Flame, none of the Dead Spirit Beasts could withstand it.

Everywhere that the Heaven Flame had passed by the Spirit Beasts, they were incinerated into ashes that nothing remained.

Even the Seven Dead Spirit Beasts which had been tempered by the Nine Serenities Soul Devouring Flame could not have prevented the horrendous burning fires of the Thousand Earth Flame. Three of them had been wrapped up in the flames. They were wriggling, and being dissolved little by little into dark red masses; then the heating power would evaporate them into a mist of smoke.

As the other four Dead Spirit Beasts seemed to sense the danger, even before the burning fires of the Thousand Earth Flame came close, they all hid together deep inside of the dark without lingering.

“Stop!” From deep inside of Shi Yan’s soul, a strong vibration came up. Shi Yan was very frightened; his head was in extreme pain.

At the same time, he saw two strange flows of souls approaching towards the Thousand Earth Flame. The Earth Flame’s soul immediately returned to the Blood Vein Ring as soon as it realized that danger was coming.

The burning fires also withdrew into the Blood Vein Ring after the Thousand Earth Flame’s soul went back into it.

Those two flows of souls belonged to Ka Ba and Ya Meng. After hovering around the Blood Vein Ring and realizing it was not easy to have penetrated it, the two flows were retrieved.

Shi Yan harrumphed, coldly looked at Yi Tian Mo, who was standing one hundred meters away from him.

“The Heaven Flame’s power is indeed terrifying. Even though it can be used to deal with those peculiar dead spirit creatures here, the three of us cannot endure it either. If you let it expand, the three of us will be burned into ashes.” Yi Tian Mo said.

Shi Yan’s eyes remained frigid.

“Little rascal, don’t you want to kill us all? If your Heaven Flame doesn’t have the ability to dominate these strange creatures, I would have savaged your soul already.” Ya Meng wiped his sweat off. He was the one who was standing closest to Shi Yan. When the Heaven Flame diffused towards his direction, he

got really frightened. His powers had been drained more than half even though the Heaven Flame hadn't come close to him yet. That was why he got angry with Shi Yan the most.

“Hiss Hiss Hiss Hiss”

Four Dead Spirit Beasts, which had just hidden in the dark, released bizarre whistles.

A Flying Shuttle flashed up a sparkling light which was on and off inside of the darkness. It seemingly wanted to get out but was detained by some unknown forces. It kept struggling as it was not able to escape.

A flow of anomalous soul came out from the dark where the four Dead Spirit Beasts were hiding.

“It's the Nine Serenities Soul Devouring Flame! That thing seems to be sealed. Right now, its forces are increasing, the seal power will get weakened soon. Leave now. Once it wakes up, no one can resist him.” The Ice Cold Flame hurriedly communicated with Shi Yan.

Shi Yan was still motionless as if he did not hear what the Ice Cold Flame had said. He kept looking forward with a contemplating face.

His eyes lit up, wide-open, as he was looking at the Flying Shuttle, which was hovering around in the dark. He seemed to consider something.

Five seconds later, Shi Yan was crazily cheerful; his entire body was shaking. He couldn't help but shout, “Sky-breaking Shuttle!”

Hope you are still enjoying the thrilling novel. See you guys again on Wednesday. I need resttt.

[God of Slaughter](#)

Chapter 267: I can help you

Sky-breaking Shuttle was an extraordinary treasure in the legends. It could tear off the sky or break any kind of shelters.

It kept flying around in the darkness and emitted sharp lights consecutively. Each stream of the lights seemed to be able to destroy everything. They were dispelling the darkness, shattering the wall of the cave into pieces. Eventually, it hollowed out the Sound Beast Mountain creating a huge bottomless hole.

As the darkness had been dispersed, the scene inside there was gradually revealed.

The first thing that struck Shi Yan's eyes was the three sparkling small silver strings which were wrapping around the end of the shuttle, pulling it so that it could not fly away.

The other end of the three silver strings hid inside the darkness so they could not be seen as of now.

Being wrapped around by the three silver strings, the Sky-breaking Shuttle, as it had lost its owner, no longer promoted its true attributes; instead, it could only fly disorderly in the air. It wasn't able to escape from the three silver strings.

Those six leaders were standing one hundred meters away from the Sky-breaking Shuttle. They all had a somber countenance; all were motionlessly concentrating at that area.

Yu Rou had heard his shout from the distance. She turned around and asked, "Shi Yan, do you know it?"

She Yan nodded and replied honestly, "That is the Sky-breaking Shuttle. I had entered the Chasm Battlefield because of it. It is said that this thing can tear off every partition of space and break all kinds of shelters. Because its owner has been lost, otherwise, it would not have been restrained by anything.

The six leaders' faces brightened up in joy.

"The ancestor's guidance was not fake indeed. At the time the Sound Beast Mountain vanishes, we can find a way to go back." Duo Long laughed out loud while pointing to the shuttle, which was wriggling nonstop, "That thing was obviously prepared for us. As long as we can get it, we will be able to get out of this damn place for real."

"There is Heaven Flame over there, but it is the most brutal and anomalous of the Heaven Flames." Shi Yan warned them after musing for a while.

"What?" Yi Tian Mo's expression changed dramatically. He could not help but move backward a few steps. It looked obvious that he was extremely scared of something that was hiding inside the darkness over there, "You've just said that another kind of Heaven Flame exists inside there?"

"How could you know?" Di Shan asked.

The other people were also suspicious, looking at Shi Yan, waiting for his explanation.

"Heaven Flames could sense each other; thus, they know of each other's existence." Shi Yan walked forward slowly. He was cautious when he looked at Yi Tian Mo, Di Shan, and Yu Rou. He explained, "The Heaven Flame there should be the Nine Serenities Soul Devouring Flame. In legends, it has existed since the beginning of the Heaven and Earth. It cannot burn substances, but it can burn any creatures' souls."

"The Nine Serenities Soul Devouring Flame!"

The three leaders of the Demonic Sound Clan screamed out simultaneously with a traumatic change on their faces. They all moved backward to Shi Yan's direction.

"Not good ..." Di Shan's eyes sparked out a solemn light. A crystal suddenly flew out from his hand. As soon as it came out, it exploded and resulted in a faint blue color which then dispersed quickly, covering him and Yu Rou inside of it.

As Duo Long saw Di Shan taking out the blue crystal, he was a little astonished. He seemed to remember something and walked over to Di Shan's place.

Without waiting for Duo Long to come closer, Di Shan harrumphed and looked towards him with displeased eyes.

Duo Long felt ashamed, changed his direction embarrassingly, and did not continued approaching that blue aureole.

“Blue Star Crystal!” The Ice Cold Flame’s sense was suddenly sent out. “It is one of the extraordinary treasures which is able to resist the Nine Serenities Soul Devouring Flame. The Blue Star Crystal is said to be the most mysterious crystal of the Blue Planet in the galaxy. It projects Blue Star Heaven Light, which could prevent the penetration of all kinds of souls’ forces. Even if it is the Nine Serenities Soul Devouring Flame, it cannot immediately break the Blue Star Heaven Light. If you can get inside of its protection, you are certainly able to sustain the Nine Serenities Soul Devouring Flame for a while.”

“I’ve actually prepared this crystal to deal with your Demonic Sound Clan. I didn’t expect that I have to use it now.” Di Shan caressed the precious crystal, pouring more of his powerful forces into it to stimulate the miraculous halo inside it. He said with a regretful tone, “The Blue Star Crystal is the consuming object. Its power is limited. The longer it is used, the more power it consumes. I am not sure how long this Blue Star Crystal can last ...”

“We can use this Blue Star Light to enter that place over there. Even the Nine Serenities Soul Devouring Flame cannot instantly destroy our souls. As long as we can prevent it long enough to get the shuttle out, we will go back immediately. What do you think?” Yu Rou suggested.

Di Shan nodded after contemplating for a while. He said nothing more, stepped towards the shuttle, which was flying deep inside the darkness.

Duo Long and the other three leaders of the Demonic Sound Clan all showed their surprise. They wanted to advance with Di Shan and Yu Rou, but they were still scared; thus, they had to stay at their location with confused faces.

“You can go as well. If you hide inside the Blue Star Light’s protection, the Nine Serenities Soul Devouring Flame cannot harm you. Who knows, perhaps you would be able to tame it?” The Ice Cold Flame communicated with Shi Yan.

“What?” Shi Yan’s face changed slightly. “Is it possible to tame the Nine Serenities Soul Devouring Flame? How could it be?”

“I don’t know, but your devilish ring does.” The Ice Cold Flame continued, “Heaven Flame, Earth Flame, and I are all confined inside of this ring. If it’s not because the ring’s spirit has loosened, none of my forces can be released. If this ring can confine both of us, it must be strong enough to deal with the Nine Serenities Soul Devouring Flame. As long as your soul is not instantly destroyed, you actually have a chance.”

“Sounds right.” Shi Yan felt excited. He suddenly walked faster towards Di Shan and Yu Rou.

Di Shan, who was leading, stopped abruptly. He turned his head looking at Shi Yan, and shouted with a cold face, “What did you come here for?”

“I can help you.”

“What?”

“The Nine Serenities Soul Devouring Flame is extremely dangerous. Even though you have the Blue Star Crystal, you are still scared of its soul devouring ability. Hmm, I think I have a way to deal with it. If you let me in, if the Nine Serenities Soul Devouring Flame appears and behaves perversely, I can probably detain it!”

“Do you have the ability to detain it?”

“I can’t guarantee one hundred percent, but I am still very certain about it. We need to try to see if it’s possible or not.” Shi Yan was extremely honest when explaining, “Currently, I have two kinds of Heaven Flames at hand. Because I can keep these two Flames with me, I surely have the experience to deal with that kind of Flame there. You should trust me ...”

“What?” The six pagan leaders all screamed out at the same time. They looked at Shi Yan as if he was a monster.

Yu Rou covered her mouth; her beautiful eyes were extremely frightened. She said with suspicion, “Did you just say that you have two kinds of Heaven Flame? Aren’t you kidding?”

Di Shan’s breath was heavy; his eyes rolled up like a buffalo’s eyes.

Shi Yan nodded, and replied calmly, “That’s right. Besides the Earth Flame, the other one is the Ice Cold Flame. Watch it.”

In a moment, the Icy Qi of the Ice Cold Flame spread out over Shi Yan’s body. His body was quickly frozen, turning into a big transparent ice chunk, which was sparking out glorious and splendid lights.

Six pagan leaders goggled their eyes with their mouth wide opened.

Di Shan reacted after a long while. He waved at Shi Yan and said, “You, you can come here ...”

While saying, Di Shan urged more forces to pour into the Blue Star Crystal. More misty blue lights projected from inside of the Blue Star Crystal. These blue lights seemed to be gradually controlled, condensed into a chunk of lights, forming a human body shape.

“Thank you.”

Shi Yan was very determined. He retrieved the icy power of his body, and quickly returned to normal. He got inside of the chunk of blue lights instantly and leaned closely against Yu Rou.

As standing inside the blue lights, Shi Yan felt as if he was soaking in an ocean. It felt really comfortable.

“Let’s go.” Di Shan waited for Shi Yan to get in before advancing forwards. He did not want to waste any more powers of the Blue Star Crystal.

The other four people, Dua Long, Yi Tian Mo, Ya Meng, and Ka Ba, could only stare at the other three getting into the mysterious darkness. Their eyes beamed out a greedy light. They were also interested in the thing called “Sky-breaking Shuttle”. However, as they knew how dangerous the Nine Serenities Soul Devouring Flame was, they could only watch it from a distance.

Until the three people of Di Shan disappeared into the darkness, the four of them gathered and discussed with each other quietly.

The three of them, Di Shan, Yu Rou, Shi Yan, kept walking further in the dark. The distance between them and the shuttle got shortened. Some lights ahead became visible. When three of them could see the shuttle clearly, a dazzling halo suddenly emitted in the dark. It was unknown where this halo had come from.

A huge block of stone appeared in front of their eyes.

The stone platform had an octagonal shape, looked like it was made from some kind of strange inky-black lava. The block was as huge as half of a basketball field. A sparkling white chunk of the crystal was as big as a washbasin lay in the center of the stone platform. Inside of this crystal chunk, there was a stirring silver burning flame.

Miraculous heaven light struck down to the acute angle of the octagon-shaped platform, which connected to the sky above the Sound Beast Mountain. The Heaven Light covered the stone and created forces that sealed the crystal chunk as well as the silver flame inside of it.

Dense Heaven and Earth yin aura from everywhere inside of the Sound Beast Mountain was like they just found a way out, they urgently stormed towards the stone platform, joining the burning fires inside of the crystal chunk, making the silver burning flame become livelier. More and more of the forces were gathering...

The four Dead Spirit Beasts that had escaped the sea of fire created by the Thousand Earth Flame were hiding behind that huge stone platform quietly. Their murderous eyes stared at the invaders who daringly intruded here.

The shuttle which was as long as an arm was circling around the huge stone, as the three radiant silver strings wrapping it connected to the crystal chunk. Despite how much the shuttle was struggling, the three silver strings still got it tied tightly that it couldn't be able to get out of the huge stone.

"That's good. Your souls would help us get out of this place." An ambiguous peculiar spirit suddenly came out from inside of the stone. The silver burning flames inside of the crystal chunk condensed into a blurry human face. After receiving more Heaven and Earth yin, that face was exposed clearer little by little."

Chapter 268: The Great Destruction

Many flows of silver lights blindingly flashed out from the white crystal chunk in the center of the stone. Those silver lights pierced through the seal forces outside of the stone and darted towards Shi Yan, Di Shan, and Yu Rou like a shower of arrows.

Di Shan and Yu Rou were extremely terrified.

Without thinking too much, the two leaders of the Wings Race instantly stretched out their black and white wings. Black and white waves rippled out from their wings one by one, fused with the faint blue lights of the Blue Star Crystal.

After all the silver lights hit the cover of blue light, numerous dazzling colorful beams of light instantly radiated all of a sudden. The colorful lights scattered everywhere. Wherever they had zoomed over, the Sound Beasts ceased frighteningly and the cave's wall exploded.

An earth-shaking explosion resounded inside of the cave. The ten-thousand-meter tall mountain couldn't help but violently shake. Abnormal vibrations appeared on the ground; the massive mountain was shaking as if it was about to collapse.

The Demonic Sound Clan's and the Wings Race's people who were standing outside of the Sound Beast Mountain showed their horrified faces while looking at the mighty mountain.

Beneath the sky where the mountain dominated the skyline, a violent explosive sound reverberated together with countless of giant rocks scattering and flashing lights.

"Boom boom boom"

The ear-piercing crash kept coming up, the enormous mountain seemed as if it was about to gradually collapsed. The mountain flanks were shaking as hundred-meter-long blocks of rock were rolling down to the mountain foot. People of the two tribes were scared out of their wits.

Some of the people who were slow got hit by the giant rocks. They were crushed into a mashing pulp of flesh on the spot.

Inside of the mountain, Duo Long, Yi Tian Mo, Ka Ba, and Ya Meng were wearing solemn faces. They wanted to move forward to thoroughly understand; but, at the same time, they were scared of the destructive power of the Nine Serenities Soul Devouring Flame. They did not dare to act recklessly, except passively waiting there.

However, as time had passed, the upheaval of the Sound Beast Mountain didn't stop. It even became more brutal.

In the sky, the dense interlocking thunder net was slowly contracting.

The mountain collapsed and numerous giant rocks were rolling down. Strange streams of lights in the gray clouds flashed up and disappeared. The whole world encountered a great change while the Sound Beast Mountain was crashing.

It was as if the sky was falling down.

Clouds of dense ashes fully covered the earth and sky. The entire abandoned gloomy dark land was like it was being completely swallowed by the bright lights.

From a very far distance, many seismic upheavals consecutively happened. The ground turned to be an irritating ocean that was roaring and surging violently nonstop.

People of the two tribes at the foot of the Sound Beast Mountain felt that the apocalypse was coming. Warriors with high cultivation were floating in the air looking far ahead as they could see layers of gray clouds adjoining the ground already.

With the severe tremor, at the place where the ground had been wrecked, appeared a bottomless abyss, in which the destructive aura emitted constantly.

Space crumbled.

As some of the high-class warriors with a little knowledge promptly knew what was about to happen, their faces exposed a disappointing look while looking up to the Sound Beast Mountain, which was sealed with thunders now.

“Blue Star Crystal!” Inside of the mountain, the face in the crystal chunk appeared with fine eyebrows and sharp eyes; its pupils beamed out a devilish silver light. That face opened its mouth and uttered a frigid human voice, “Even the Blue Star Crystal cannot resist for long.”

“Swoosh swoosh swoosh”

More and more of the silver lights radiated from the white crystal chunk striking on the blue aureole that was projected by the Blue Star Crystal.

The blue halo was twisting as its power was draining faster as they were being hit by the silver lights.

Although the Blue Star Crystal in Di Shan’s hand was still emitting dazzling aureole, its power was being quickly consumed. The Blue Star Crystal had shrunk one-fifth in such a short of time and continued shrinking rapidly.

Di Shan’s eyes expressed coldness and cruelty. While he kept looking ahead, a smirk appeared on his face, he suddenly said, “Shi Yan, you said you could help me. Now it’s time.”

Shi Yan got stunned with embarrassment, “What?”

Di Shan’s face got more furious. He stared at Shi Yan and shouted, “So did you just want to fool me?”

Yu Rou looked very worried. While urging more power from her wings to pour into the blue halo, she looked towards Shi Yan anxiously, “Time is very tight now. If you really can oppress that Nine Serenities Soul Devouring Flame, bring it on. As you see, even though it is still under the control of the seal forces, it is already that dangerous. If it can totally be free, no one can stop it. Don’t waste any more time, do it now.”

“It’s too far. I am not sure if it works or not.” Shi Yan miserably smiled, “I thought I could have touched it, but with this far distance, I have no way ...”

“Don’t waste time.” Di Shan shouted with an annoyed face. “The Blue Star Crystal’s power is getting drained every single second. Once it dries out, Yu Rou’s and my souls cannot prevent its Soul Devouring Flame. We cannot do anything except in running. If it’s impossible to deal with it right now, we will die here together!”

“I know.” Shi Yan nodded, his face seemed to be more serious.

“Little rascal, you’ve not even reached the Sky Realm and you still dare to confront me? Such a dream!” The Nine Serenities Soul Devouring Flame inside the white crystal chunk burst into wicked laughter.

“Not even mentioning you, even the Spirit Realm third sky warriors are still unable to prevent my soul destructive burning fires. In this space, there is no True God Realm warrior. No one can resist my soul destructive power. Don’t waste your energy.”

“Do you have any other solutions?” Shi Yan did not bother with the mocking words of the Nine Serenities Soul Devouring Flame. He took a deep breath to calm himself down and communicated with the Blood Vein Ring.

“My living form has just formed, so I am still far less than that dangerous thing. Its soul is extremely powerful, its forces are also very terrifying. My burning fires can only prevent the Heaven and Earth yin aura surrounding it, but can't destroy its life seal...” The thousand Earth Flame sent out its first reluctant message.

“The Nine Serenities Soul Devouring Flame is one of the Heaven Flames, whose rank is much higher than mine. Among the nine Heaven Flames, it is ranked the third while I am ranked at eight. Its living form and life have been evolved more perfectly than mine. In addition, my forces have been recently drained too much. Even if I were not sealed by this ring, I could only protect myself when confronting it. I am not its match for sure, now it's even worse ...” The Ice Cold Flame sent out a dilemmatic message after a little hesitation. “Among the nine Heaven Flames, it is the most difficult to cope with. I've never heard of anyone that could ever have conquered it. Its forces keep increasing. It does not seem like it has been tempered by anyone. I am not a match for it ...”

The answers of the Thousand Earth Flame and the Ice Cold Flame stiffened Si Yan's face. Now, he knew the Nine Serenities Soul Devouring Flame was even stronger than the Ice Cold Flame. He was afraid that he could not rely on the Thousand Earth Flame and the Ice Cold Flame this time. He could only count on himself.

“Try to use the ring to deal with it. Except for that, I don't know what else you can do to be able to handle it.” The Ice Cold Flame sent out another message. “But, it is too far now while you cannot totally control this ring. If you throw the ring out recklessly, I don't know what will happen ...”

“That's the only way!” Shi Yan's pupils shrunk while he reminded them, “You two should be careful. I don't know how dangerous it is after all. I hope this solution wouldn't harm you two.”

After talking, Shi Yan took the Blood Vein Ring from his finger. After hesitating for a while, he threw it over to the crystal chunk onto the stone platform.

Live or die! Wait and see!

Shi Yan sent his spiritual sense to the Blood Vein Ring in silence.

The red light abruptly emitted from the Blood Vein Ring. As soon as the Blood Vein Ring had gotten away from Shi Yan, it turned into a beam of sparkling lights, striking straight into the stone platform.

“Boom”

As the Blood Vein Ring struck on the shield around the platform, it got prevented by the Heaven Light, and could not get through the shield to come to the stone platform.

Shi Yan's face changed dramatically.

“Cling Cling”

The Blood Vein Ring fell down on the ground. Violent blood-color lights released outwards, the delicate pattern on the Blood Vein Ring's surface started to move. A flow of solemn ancient aura slowly rose up.

“That ... is that your solution?” Di Shan's face turned into seriousness and furiousness. He looked at Shi Yan, shaking his head disappointedly. “We should leave.”

Yu Rou's beautiful eyes darkened. She bowed her head and let out a sigh, then said disappointedly, "God really wants us to perish ..."

"Leave here?" Di Shan revealed a mocking smirk. "To where? The space outside has started to break into pieces. In one day at most, this abandoned land will no longer exist. After leaving here, we will be crushed into ashes by those forces that are tearing the sky apart right now. Without the True God Realm capacity, our bodies could not withstand those forces. We will definitely die no matter what. Even in this abandoned land, God does not even spare us of a way to live ..."

The two leaders of the Wings Race were extremely hopeless at this moment. They've even had completely lost their fighting will.

However, they did not notice that after Shi Yan had thrown the ring out, the Nine Serenities Soul Devouring Flame inside of the white crystal chunk had lost its mocking intimidation. The handsome face gradually exposed an insecure look.

The devilish silver pupils stared at the Blood Vein Ring without blinking. It seemed to sense that something was unusual.

"It has some changes. There are some changes inside of it. Very strange. We have hope, we have hope!" A feeble sense of the Ice Cold Flame was sent out from the Blood Vein Ring. The Ice Cold Flame inside of the Blood Vein Ring seemed to be extremely frightened. It had seemed to figure out a major earth-shaking change.

"My God, it is ... it is building a new shelter inside of the platform based on the shape of the stone. It is ..."

"What?" Shi Yan got stunned. A blinding stream of lights shot out from his eyes.

A condensed blood aureole like fresh blood slowly spread out from the Blood Vein Ring. The Blood Vein Ring quietly dropped on the outside of the stone. The pattern on the Blood Vein Ring's surface gradually transformed, forming a mysterious formation ...

Gradually, that formation turned into a Bagua figure [1]. A flow of red lights flashed up in the middle of the formation then disappeared.

Right after that, the hilt of the mysterious giant blazing red sword hidden deep inside the Blood Vein Ring flew out all of a sudden.

The mysterious giant sword dragged the hundred-meter blood halo along, traumatically shot out destructive aura, then slashed down the shelter of the huge stone block.

"Swoosh"

The giant sword could have easily torn off the shelter, which was refined by the Heaven Light, just like it was made from thin paper. The shelter immediately shattered into pieces.

Chapter 269: Confine it!

As soon as the giant sword swung up, the shelter was torn off in a blink.

In the center of the stone platform, the handsome face of the Nine Serenities Soul Devouring Flame inside of the crystal chunk had changed dramatically.

Di Shan and Yu Rou had originally been hopeless, didn't believed in Shi Yan anymore. However, after seeing what happened when the giant sword had slashed down, they regained their hopes.

The two of them were in shock while excitedly looking at the mysterious giant sword. They were waiting for more remarkable changes that the giant sword could make.

Shi Yan's mouth opened to make a joyful smile. His face showed an exciting look as he felt that the Blood Vein Ring was miraculously getting more unpredictable.

Only one slash of the giant sword could tear off the shelter. After it flew up dragging a bloody one-hundred-meter-long halo, it struck down another slash.

This slash was like the creation of the world. The aggressiveness, the toughness could be seen in it. The body of the sword had emitted a massive murderous aura, which seemed to be able to crush everything into ashes.

“Ripping”

The splendid white crystal chunk was splashed into many small pieces just like soft tofu, releasing the Nine Serenities Soul Devouring Flame.

“Boom boom boom”

An explosive sound like thunderbolts came out from deep inside of the Sound Beast Mountain. The explosion was extremely devastating.

Even though the Sound Beast Mountain was so enormous, after that earth-shaking explosion, it violently shook and rapidly collapsed. Many huge hundred-meter-long rocks fell down massively.

Many of the high-class warriors of the Demonic Sound Clan and the Wings Race, who had come closer to the mountain intentionally, were threatened to death and ran out away from the mountain as fast as they could.

Some other high-class warriors were hovering in the air and looking over ahead. As they saw the scene in front of their eyes of dust and ashes scattered everywhere, the Sound Beast Mountain was collapsing. The world was disappearing and soon returned to the chaos as it used to be at the beginning of the universe. They started to feel hopeless, nervous, and terrified.

Cao Zhi Lan, Gu Ling Lung, Qu Yan Qing, He Qing Man, and the other warriors from the Kyara Sea who were still confined in the cage, could also feel strong vibrations and changes of the earth. They felt insecure with a shocking look on their faces.

Shi Yan had freed the soul seal that had been planted inside Cao Zhi Lan. In this critical moment, she could not wait any longer, using the Star Martial Spirit to check everywhere outside. Her sense approached towards the Sound Beast Mountain's direction.

"Not good. An extreme ferocious creature has appeared inside of the Sound Beast Mountain." After checking for a while, Cao Zhi Lan's expression abruptly changed while talking to the other three girls. "Inside of the mountain, its living form is unique. I've never seen anything like this before."

Everyone was all frightened.

"They are being screwed there..." Cao Zhi Lan mumbled to herself. An intention of escape suddenly sprang into her mind while she looked at the warriors of the Cao family.

"The Sound Beast Mountain has started to collapse."

"There is certainly a major change over there."

"Or let's go there to see?"

Duo Long, Ka Ba, Ya Meng, and Yi Tian Mo were at a corner inside of the mountain, discussing together with serious faces. They could understand each other's thoughts through their eyes.

"Once the Sound Beast Mountain collapses, according to the ancestors' guidance, this space will be also destroyed soon. When this place returns to nihility, we cannot change our fate even if we hide inside of here." Yi Tian Mo said with cold eyes. "If it is like this, we should go to see what has happened after all. Perhaps we can find a way to survive."

"That's right. If there are any ways to get out of here, it will be where the Nine Serenities Soul Devouring Flame is. We might have a chance to get out of here there. Staying here cannot do anything for us anyway, it is like waiting for death." Duo Long agreed. He was the first one who rushed towards the other three people of Shi Yan's without hesitation.

The other three leaders of the Demonic Sound Clan also instantly followed after him with only a little hesitation.

"Stupid humankind, you've just helped me to get out of the seal."

After the splendid white crystal chunk had been broken, the silver Nine Serenities Soul Devouring Flame appeared in the center of the stone platform.

The devilish faces condensed by the burning fires made others feel ambiguous and unreal. Yet, its soul destructive aura was extremely tremendous.

Anyone who had soul consciousness could feel that the murderous aura which made the others' souls tremble in fear.

The mysterious giant sword had whipped out two slashes in total. One had broken the shelter which sealed the stone, the other had broken the white crystal chunk which confined the Nine Serenities Soul Devouring Flame, facilitating it to escape from the seal.

After the Nine Serenities Soul Devouring Flame flew out, the giant sword made no moves then, as if it knew even if it could attack again, it would be useless. The giant sword that was floating in the air was emitting violent murderous aura which slowly moved towards the Blood Vein Ring.

“Woo woo”

The Nine Serenities Soul Devouring Flame did not notice this sword. As soon as it got out, it immediately dashed towards Shi Yan, Di Shan, and Yu Rou as fast as lightning.

“Swoosh swoosh swoosh”

The faint blue halo was hit by a bundle of burning fires, sprinkling embers everywhere. The Blue Star Crystal in Di Shan’s hand contracted quickly.

Di Shan’s face changed dramatically. He shouted to Shi Yan while looking at him with a severe face, “I can’t hold it any longer. You’d better find a solution.”

Just in a short time, the Blue Star Crystal in Di Shan’s hand shrank to a child-sized fist. With this reducing speed, the Blue Star Crystal would only have lasted for a few minutes more. Then its power would have been completely drained.

The Blue Star Crystal could project the powerful halo which could prevent the burning fires of the Nine Serenities Soul Devouring Flame. Di Shan had decided to come inside here because of this Blue Star Crystal. Once the Blue Star Crystal consumed all of its power, there was no more protection from the blue halo. By that time, the Nine Serenities Soul Devouring Flames burning fires would incinerate their souls to ashes instantly.

Especially Shi Yan, as he was only ranked at the Earth Realm, even if he had the sea of consciousness, he would be unable to prevent one strike from the Nine Serenities Soul Devouring Flame. He would be burned to death in no time.

“Don’t rush.” While Di Shan and Yu Rou was nervous, Shi Yan was still calm. He slowly said with a faint smile, “Wait and see. It will be unable to attack for long.”

Di Shan and Yu Rou got bewildered. With suspicion, they wondered where Shi Yan’s confidence came from.

“Di Shan, you, what are you guys doing?”

Right at this moment, a voice came up from a distance. Duo Long’s figure suddenly ceased, then moved backward immediately.

As soon as he saw the Nine Serenities Soul Devouring Flame, he could feel the soul-destructive power from it, especially when he saw it leaving Di Shan’s and the other two’s place and was now approaching towards him.

Duo Long shouted in fear, turned around, and ran away from that place while beginning to regret his decision to come here.

The three leaders of the Demonic Sound Clan were lagging behind Duo Long because of their special feeble bodies. When they were on the way coming in, seeing Duo Long fleeing fast, without thinking, they instantly turned around and ran away even faster than Duo Long.

Duo Long screamed out frighteningly and nervously, hoping that Di Shan would help him out of this deadly situation.

Di Shan ignored him.

Yu Rou's beautiful eyes lit up a cold light. She said with a smirk on her face, "He probably wanted to have a part of the treasure. Regretfully, he came here at the wrong time. It's good if he dies anyway. If he dies, we will be more peaceful. Without Duo Long, the three leaders of the Demonic Sound Clan can do nothing. Is that right Di Shan?"

Di Shan replied with frigid eyes, "He unites with the three leaders of the Demonic Sound Clan to kill Shi Yan. It means he's taken a stand against us. It looks like he will not complete his wish."

Shi Yan was astonished.

"No worries. If Duo Long dies, at least I can assure that there will be no more danger for you." Yu Rou smiled and gently said, "The other three leaders are not the match for Di Shan and me. Now you can feel at ease."

While Di Shan and Yu Rou were talking, the Nine Serenities Soul Devouring Flame was attacking towards Duo Long. The devilish handsome face quickly went into Duo Long's body and head.

Duo Long suddenly held his head and screamed out miserably. The screams were extremely sorrowful which meant that he was suffering severe pain and bitterness.

"Duo Long's doomed ..." Di Shan shook his head. He suddenly looked at Shi Yan and said, "Don't you need to hurry up? This Blue Star Crystal will die soon."

Shi Yan raised his eyebrows, bowed his head to glance at the Blue Star Crystal in Di Shan's hand, which was now as big as a soap bar.

"Uh, I know it's time to bring it on." Shi Yan said emotionlessly, but actually, he felt miserable inside while looking at the Blood Vein Ring on the ground. After hesitating for a moment, he walked to the Blood Vein Ring.

"Woo"

When he just started his first step, the Blood Vein Ring instantly flew up and turned into a flow of bloody pink lights advancing straight to him.

Shi Yan got stunned, lifted his hand to catch the Blood Vein Ring. However, as soon as his five fingers opened, he realized that the Blood Vein Ring had already been on one of his fingers.

At the same time, the giant sword, which was floating in the air, also shrank instantly and plunged towards the ring dragging the devastating aura along.

Di Shan's and Yu Rou's pupils shrank instantly, showing an insecure feeling.

These two God Realm warriors could feel an earth-shaking power from the giant sword. That surging power was extremely outrageous, which also scared them a little. They were certain that there were numerous of mysterious secrets hidden inside this sword, which could even intimidate them.

Eventually, the sword disappeared into the ring on Shi Yan's finger without leaving any trace.

Di Shan, Yu Rou slightly let out a sigh. Two of them gave each other a quick glance, implying that they had discovered more of Shi Yan's secrets.

Shi Yan did not notice the changed expression on their faces. After getting the Blood Vein Ring back on his finger, Shi Yan immediately released his soul consciousness to check on the situation inside of the Blood Vein Ring.

Inside the Blood Vein Ring, besides the Ice Cold Flame, the Earth Flame and the area of the mysterious giant sword, there was a newly created area.

In the ambiguous white blank, there was an enormous octagonal-shaped stone block, a splendid white crystal chunk, a hollow mountain ...

After looking at the scenery carefully and sensing the time inside of the Blood Vein Ring, Shi Yan's face was bizarre, his eyes kept sparking while his eyebrows were knitting tightly.

The fourth space of the Blood Vein Ring was exactly the same to where he was standing right now.

Everything in his current place, lava rock mountain flanks, the stone block, the crystal chunk, even the sealing forces on the stone, were set up exactly the same inside of the Blood Vein Ring. He did not notice any tiny differences between the scene inside and outside of the ring.

The Blood Vein Ring had prepared everything to seal the Nine Serenities Soul Devouring Flame.

"Confine it!" Shi Yan shouted while he lifted the Blood Vein Ring with the ring's surface towards the Nine Serenities Soul Devouring Flame.

The Nine Serenities Soul Devouring Flame, which had penetrated Duo Long's body, suddenly screamed out loud, "What is it? I can't believe, can't believe it can drag me out!"

[God of Slaughter](#)

Chapter 270: Make you my Master

The ear-piercing scream of the Nine Serenities Soul Devouring Flame was even louder than the sounds of the Sound Beast Mountain's collapse. It was staying inside of Duo Long's head with extreme fear.

Duo Long's eyes were gradually losing its vital signs. Deep inside of his pupils had a gloomy bold silver color. It was obvious that the soul of the patriarch of the Gray Wings Clan had been burned and he had lost his life in just a short time.

Di Shan and Yu Rou both showed their panic when they had seen Duo Long's death.

However, the ear-piercing cry of the Nine Serenities Soul Devouring Flame gave the two of them hope. They focused more on Shi Yan besides them and considered their ancestors' guidance more seriously.

Had the fates already been soon arranged!?

That thought couldn't help but come across their minds. Thinking about making that unweaned rascal their Master, the two of them did not even know whether they should cry or smile.

But they could not smile.

Di Shan knew that if Shi Yan wouldn't have come there, although the Sound Beast Mountain might not have collapsed this fast and the land here would not have been in chaos in such a short time like this, they still could not have escaped from the chain of their fates and would certainly have been confined in this place forever.

Moreover, the two of them had reached the Spirit Realm. If they had more time, they hopefully could have entered the True God Realm.

If they stayed in this devilish space, once they reached the True God Realm, what awaited them would not be applauses but the Punishment of God from deep inside of the sky.

The other three leaders including Ka Ba, Yi Tian Mo, and Ya Meng had hidden away, leaving no traces as soon as they saw that the Nine Serenities Soul Devouring Flame had gotten out.

The Sound Beast Mountain continued falling down. The earth-shaking thunder kept roaring.

Those people inside of the mountain knew better than anyone else that the space here was going to become a void, possibly in the next second. Time was extremely tight.

"Capture it!" Shi Yan coldly shouted while raising his finger with the Blood Vein Ring on, pointing the ring's surface towards Duo Long from a distance.

The Blood Vein Ring suddenly emitted the dazzling pink lights. Many flows of the pink lights that were like torrential waves of the sea stormed towards Duo Long and quickly covered his dead body in just a blink.

"No!" The handsome peculiar face hidden inside Duo Long's head was forcefully pulled out.

After it had been drawn out of Duo Long's head, it uncontrollably flew towards Shi Yan.

Di Shan's and Yu Rou's visage had greatly changed. They instinctively moved backward.

They immediately felt thrilled. After being stunned for a second, they hastily stopped receding.

There were no other ways to recede.

Only staying inside of the blue halo could help them avoid that soul attack. No matter wherever that they ran away, if they got outside of the blue halo's protection, it was impossible to prevent their souls from being incinerated.

Di Shan and Yu Rou reacted promptly. They immediately stopped.

“No! No!” The Nine Serenities Soul Devouring Flame frighteningly screamed while constantly struggling to escape from the Blood Vein Ring’s attraction.

However, despite how much it tried, it became weak and powerless when the pink light hit it.

Under the attentive look of Shi Yan, Di Shan, and Yu Rou, the miraculous Heaven Flame, which had been sealed inside of the Sound Beast Mountain for a very long time, had no more powers to fight against being drawn into the Blood Vein Ring little by little.

Shi Yan’s finger poked out of the blue halo, pointed towards that Flame from a distance.

Eventually, the Nine Serenities Soul Devouring Flame turned into a flow of silver lights, flashed up and disappeared into the Blood Vein Ring on Shi Yan’s finger.

Heaven and Earth yin aura suddenly stirred up disorderly and could not condense itself anymore.

“Boom Boom Boom”

The Sound Beast Mountain looked like it had just lost its last essential meaning of existence. It was collapsing with the speed that was even several times faster than before.

Di Shan and Yu Rou were still in a panic, looking at Shi Yan with unbelievable eyes. It was hard to believe what had just happened.

After the Nine Serenities Soul Devouring Flame had been attracted into the Blood Vein Ring, Shi Yan did not even bother to send out his consciousness to check the inside of the ring. Instead, he immediately approached the huge stone platform, picked up the Sky-breaking Shuttle on the stone and put it into the Blood Vein Ring right away.

“Let’s go.” Shi Yan looked at Di Shan and Yu Rou and said with a faint smile, “We should be safe now.”

“Swoosh swoosh swoosh”

A blinding halo was projected from the sky, which diffused a flow of extremely violent surging power.

The thunder and thunderbolts were roaming and booming. Rocky stairs suddenly appeared one by one from nowhere, linking up the huge stone platform with the sky. The rocky stairs led to the halos converging in the sky, which was like Heaven Stairway connecting with the ether.

“The Heaven Stairway appears ... The ancestors’ guidance. I can’t believe, can’t believe it is true ...” Di Shan raised his head up to the sky, mumbling to himself with an astonished face. He seemed to have been deeply immersed in some old memories that he looked dazed for a while.

Yu Rou was also amazed. Her beautiful eyes became brighter. After a moment, she suddenly burst into laughter, guffawed, and laughed until her stomach hurt. She no longer kept her usual delicate manners.

Shi Yan looked at the two people with suspicion. He wondered what had made the two of them go insane at this sensitive point of time.

“It is you indeed!” Yu Rou laughed until tears almost rolled out. She held her belly, pointing to Shi Yan while talking to Di Shan without stopping laughing, “What else do you have to say?”

Di Shan's sturdy body was shocked. His countenance was extremely complicated.

After contemplating for a while, without bothering about the collapsing mountain or scattering rubble, Di Shan suddenly got down on his knees in front of Shi Yan, bowed his head and said with a low voice, "Di Shan, the patriarch of the Black Wings Clan, from now on, I swear to make you my Master. It will never change until death."

"Yu Rou, the matriarch in power of the White Wings Clan, swear to make you my Master. It will never change until death." Yu Rou smiled gently, respectfully kneeled down with a serious face and swore.

Shi Yan was shocked with his eyes and mouth wide open.

"Boom boom boom"

The Sound Beast Mountain almost collapsed completely. The mountain looked as if it was cut and slashed by hammers and sabers, which resulted in many giant rocks and stones rolling down.

It was unknown when the compact thunderbolt net had disappeared without a trace.

The sky was getting calmer. In the dark sky, there gradually appeared an ethereal area. ...

"This, this thing?"

Shi Yan was dazed on the spot. He did not know what Di Shan and Yu Rou wanted to do after all or if they were really honest about it. At this time, he was so confused, he didn't know what else he could say.

The two of them did not wait for Shi Yan's reaction either. After kneeling down, Di Shan and Yu Rou stood up at the same time, raised their heads looking at the Heaven Stairway piercing up straight to the sky. Yu Rou said with a smile, "Master, let's take the Heaven Stairway. We can finally get out of this devilish place."

Master ...

Shi Yan thought carefully about this heavy word with his tightly knitted eyebrows.

"Are you really sincere?"

"From now on, you are the Master of our two tribes. So, even without Duo Long, we will make the other pagans earnestly follow the ancestors' guidance." Di Shan's eyes flared up a strange light. "Master, you now have three kinds of Heaven Flames. Your existence is the biggest fear of the Demonic Sound Clan. Moreover, with Yu Rou's and my pressure, I think the Demonic Sound Clan shouldn't be unlikely to be subdued."

"This thing ..."

"Master, your coming here is the God's will. We only follow the predestined fate of God." Yu Rou revealed a smile, looking at Shi Yan. "I've explained to you Master. Because you have helped our two tribes to get out of this abandoned land, as well as you have the blood of the Immortal God King, you will become the Master of the two tribes. We have to follow the ancestors' guidance."

“This place is going to collapse. Master, let’s take the Heaven Stairway first.” Di Shan lightly shouted.

Shi Yan was still not sure what the two of them wanted, but he did not feel their wickedness anyway. He immediately stepped up and stood on the Heaven Stairway after a little hesitation.

Di Shan and Yu Rou also stepped on the stairway only after Shi Yan had already stood there. They were standing two steps lower than his.

The Sound Beast Mountain tremendously exploded as expected. The explosive sound reverberated; the mountain, which had lasted for so many years, was collapsing little by little. From the Heaven Stairs that they were standing on, the mountain was tumbling down and scattered everywhere.

While Shi Yan was standing on the Heaven Stairway, he realized that even though the Sound Beast Mountain was crashing into pieces, it did not affect him at all.

To be exact, the collapse of the Sound Beast Mountain seemed to be tied up by an invisible force so that no rocks could touch the Heaven Stairway. The area surrounding the stairway was safe from all the scattering rocks and debris.

Despite the fact that that thing was abnormal and just somehow had naturally happened, it brought Shi Yan a feeling that it was originally supposed to be like this.

In no time after the explosion, the Sound Beast Mountain no longer existed.

The massive mighty mountain fell down in a very short time. Giant rocks strewed everywhere. Under the blue sky, the place, where the Sound Beasts had used to live, remained only a stairway running up to the sky. There were three people standing on it.

Outside of the Sound Beast Mountain, the top-class warriors had soon fled away very far, avoiding the mountain’s collapse, which could harm them.

After the brutal collapse, with astonishment, they now could see the Heaven Stairway piercing up to the sky, as well as three people standing at the bottom end of the stairway.

The three leaders of the Demonic Sound Clan, Yi Tian Mo, Ka Ba, and Ya Meng were really shocked with the unbelievable look in their eyes, dazedly looking at those three people on the staircase.

Di Shan frowned while glancing at those three people from the distance then shouted, “Yi Tian Mo, Ka Ba, Ya Meng, come here. I have something to tell you.”

The three of them got bewildered for a while before obediently rushing towards Di Shan.

Tens of millions of pagans surrounding, all raised their heads up to the sky, looking at the Heaven Stairway, wondering what had happened after all.

The three leaders of the Demonic Sound Clan had arrived by Di Shan’s side just in a blink. They all spoke up simultaneously, “That Nine Serenities ...”

“Has been subdued by him.” Di Shan lifted his hand. A miraculous circle of waves diffused and temporarily blockaded the surrounding area, not to let any sound out.

The expression of the three leaders changed dramatically.

“Let me introduce again to you. “Yu Rou suddenly stiffened her face, pointing at Shi Yan and said, “This is our Master who also has three kinds of Heaven Flames. The blood of the Immortal God King is running in his veins. I think you all know about the ancestors’ guidance. As being the leaders of the Demonic Sound Clan, do you know how to behave in front of him?”

“What?” Ya Meng shouted in fear.

“Did I not make myself clear?” Yu Rou frowned and said with a cold voice, “As he can bring our two tribes out of this place, together with that bloodline, we have to make him our Master. The three of you, do you want to ignore the ancestors’ guidance? Do you understand what it means?”

Yi Tian Mo’s face was shivering. He couldn’t help but ask, “Where is Duo Long?”

“He’s dead.” Di Shan frigidly looked at the three leaders, “He was incinerated to ashes by the Nine Serenities Soul Devouring Flame, which is now in our Master’s hand. Hmm, although the Nine Serenities Soul Devouring Flame cannot be used at present, the other two Heaven Flames are still enough to entirely destroy your Demonic Sound Clan.”

Yi Tian Mo’s complexion changed dramatically. He suddenly bowed towards Shi Yan respectfully after hesitating for a while and said, “I am one of the leaders of the Demonic Sound Clan, Yi Tian Mo, now take the vow to make you my Master.”

Ka Ba’s and Ya Meng’s pupils shrank. They let out a sigh, bowed their heads dolefully, bent down towards Shi Yan, “We vow to make you our Master.”
