

Slumdog 1021

Chapter 1021 Moves of the Four Ancient Families

The day in the City of Phoenix was obviously unable to calm down, and the meeting of the Four Ancient Families quickly started.

This time, the Guerrero did not act arrogantly,

He did look down on the Abandoned Land, but when he heard that there were more than a dozen people calling for the Supreme Flame Decayer inside, he stopped being arrogant.

The soldiers of the Four Ancient Families were constantly gathering, the City Defense was also informed, and Leon Ingersoll had already started rushing towards the

Abandoned Land with his men!

At the entrance of Abandoned Land, Gerald and the others had arranged for someone to keep an eye on the entrance.

There were hundreds of thousands of people in Abandoned Land. Gerald had been giving speeches and promoting the event. He was able to predict the leak.

However, what they bet on was that the Four Ancient Families didn't care about such a place at all.

And the answer was the same. Maybe some news leaked out, but this news probably didn't take it seriously!

It's just Abandoned Land. What kind of waves can they make?

Any Purple Elite Ghost from the Four Ancient Families could completely suppress it.

So no one took it seriously.

However, Gerald and Kenneth were still relatively cautious. Jacob had arranged for some people to keep an eye on them at the entrance of Abandoned Land. If anything happened at the entrance of

Abandoned Land, they would report back immediately.

At this moment, at the door, a man was looking outside.

The crowd outside surged, and a large number of City Defense began to block the ad Land

The faces of the people who witnessed this changed, and then quickly retreated. backward!

The other side!

Gerald and Kenneth were sitting together. The closer they got to the start of the war, the more complicated their mood became. They were making all the preparations.

Gerald said calmly, "From what I see now, the information I got from the Rho Guild, the Four Ancient Families, and now there are 23 Flame Decayers. There are not many Supreme Flame Decayers left,

only the two of them, Sauven Guerrero and Arvin Ingram! Of course, we have to include Leon Ingersoll, and he is also the Supreme Flame Decayer!"

"But we already have an absolute advantage in terms of cutting-edge combat power." Gerald said calmly, "The person, Sauven Guerrero, is quite strong, and I can deal with him. Our current combat power excluding Anabel, is five Supreme Flame Decayers int total."

The five ultimate Flame Decayers were him, Carolyn Berry, Valery Manning, Hector

Ingram, and Blaine Villanueve!

"An ordinary Flame Decayer!" Gerald said, "Carolyn has the ability to kill ordinary Flame Decayers with one strike. The six of us are the main forces in this battle."

Speaking of this, he said calmly, "If Leon Ingersoll makes a move, then I will personally deal with Leon Ingersoll and Sauven Guerrero. What you are responsible for is the remaining Flame Decayer-level masters and Purple Elite Ghost!"

"Right now, we can't figure out the number of people in Yair. It's the Purple Elite Ghost,"

Gerald continued.

Of course, the people in Abandoned Land had to take advantage of it. The people they were mainly responsible for were naturally the other members of the Four Ancient

Families. In this battle, Gerald planned to surround and not attack. These people in Abandoned Land would form the first camp to prevent the people from leaving.

Most of the members of the Four Ancient Families were in the center.

The Pierce family of Rime City was the second line of defense, which surrounded the whole city.

“The Pierce family should be arriving today.” Gerald said calmly, “I made an appointment with them to arrive two days early to give those ordinary people in the City of Phoenix a signal of war in case they are affected!”

After saying that, he looked at Jacob Eden and said, “You also have to give orders about this matter. Most of the people in Abandoned Land are resentful. Once the war starts, after we fight out, they may kill and rob all places outside Abandoned Land. It will affect the innocent! This is not what I want to see. You can restrain them at that time. If there are such people, once the report is found, the whistleblower will be rewarded, and the person who is found will be beheaded directly!”

Rules have to be followed!

“Understood!” Jacob’s eyes lit up. “There are still less than two days left.”

“Report!”

Just then, a figure ran over quickly outside.

“What’s wrong?” Jacob asked in a hurry.

“A large number of City Defenders have appeared at the entrance of Abandoned Land.

They have sealed off the entrance,” the man said.

“What?” Gerald’s expression changed slightly.

“What should we do?” Theo asked. “Could it be that we’re exposed?”

“It’s only a matter of time before they’re exposed. However, City Defense is showing up in large numbers. It’s most likely that they’re trying to suppress them.” Gerald pondered for a moment and continued, “I’m just not sure if the Four Ancient Families will make a move. Let’s go over and take a look first.”

After saying that, he looked at Theo and the others and said, "Theo, you'd better not get involved in this battle. You are responsible for the safety of Claude and Jacob. Claude, find the sniper position at the city gate by yourself. Triston, you accompany Jacob to mobilize first. We have to prepare for the worst."

If the City Defense was to suppress it, then the war would most likely start early!

"Carolyn, Valery, let's go to the city gate first, Gerald said.

The three of them walked toward the city gate.

At this time, in the City of Phoenix

On the streets, countless hovering cars began to stop quickly Inside the Four Ancient

Families, there were many figures, either driving the Elite Ghost or carrying weapons.

They were extremely large!

At the front two teams of Lightchaser led dozens of Purple Pioneers forward.

Such a scale was unimaginably large. Over the years, the Four Ancient Families must have had some foundation, and they had accumulated a lot of Purple Pioneers.

They were all Flame Decayer-level fighters.

Ordinary supreme Flame Decayers, three ordinary Flame Decayers, and five Flame Decayers would probably be able to restrain them, and they would have a chance to kill them! The lineup of dozens of Purple Pioneers, a team of six from Lightchaser, and Leon's Ingersoll was incredible.

This time, he did not underestimate the Four Ancient Families. Instead, he planned to suppress the Abandoned Land issue and wait for Jovanni to return. Liam and the Pierce. family would join forces to invade the Earth to find Bone of Eternity and train the Flame

Decayers of the Four Ancient Families.

Then... live on the satellite and stay away from the war!

On the street, many people saw this scene and they began to be shocked.

The appearance of the troops of the Four Ancient Families on such a large scale was rare in the history of the City of Phoenix, and many people began to hide in their homes. and did not go out.

In Rime City, the aircraft docked at a stop. At this time, large aircraft rose into the sky one by one, and at the same time, there were more than a hundred of them with purple Elite Ghost.

This was the foundation of the Rime City. They were too rich. Although Purple Elite

Ghost was relatively rare, after all, it could be produced, so they could spend money to buy it.

And the Pierce family also mobilized quite a number of people!

It was a large-scale battle, and the city was surrounded by hundreds of millions of people.

Countless aircraft flew in the direction of the City of Phoenix.

Chapter 1022 Enlightenment

At the entrance of the Abandoned Land of the City of Phoenix! Countless City Defenders quickly scattered towards both sides. The weapons of City Defenders were the same

Ordinary City Defenders were mostly blue weapons.

It was the same material as the weapon used by Blue Elite Ghost.

The number of city guards was huge, and they scattered completely, as if they wanted to surround the entire Abandoned Land.

Leon stood at the entrance of Abandoned Land, and next to him was a group of people from the level of peak half-step Flame Decay.

He was a supreme Flame Decayer and the only person above the level of Flame Decayer in the City of Phoenix Defense!

To be precise, Leon Ingersoll belonged to the royal family!

The royal family of Solein Kingdom was named Leacock.

Although they nominally ruled the entire Solein Kingdom, their rule was relative. For example, cities like the City of Phoenix and Rime City were almost equivalent to self-governance.

Of course, the City Defense was still from Solein Kingdom, but the number of Flame Decayers in the royal family was actually quite limited, so in cities like this, most of them. sent only one Flame Decayer

to put on a show, which was a bit like an ambassador to put it bluntly.

Leon Ingersoll, on the other hand, was almost assimilated into the Four Ancient Families.

He looked at the Abandoned Land with a faint smile on his face and said, "The Marquis of Walund is really... ridiculous!"

"Yeah, a group of people with incomplete genes wants to rebel. They almost made me laugh to death." Next to Leon, a man said, "grown ups, are we going to kill them all this. time?"

"Massacre..." Leon shook his head and said, "Most likely not, but it is inevitable to suppress it. A group of people should die. As for the others, they will be exploited in fear in the future. After all, this group of

people is still a good productivity. The food they produce is still worth it."

"Shall we go in now?" The man asked.

"There's no hurry. Let's wait until the people from the Four Ancient Families come!" Leon said calmly.

Gerald, Carolyn, and Valery had arrived at the entrance of Abandoned Land.

Inside Abandoned Land, Jacob Eden kept informing everyone that the war might have to start early!

Some were excited, and some were scared!

Someone began to walk up the street with their weapons and began to converge towards the entrance of Abandoned Land.

At the entrance of Abandoned Land, Gerald stood there and looked outside. He frowned. and said, "Judging from the situation, the news is indeed leaked, and Leon Ingersoll is also at the front. I'm afraid the Four Ancient Families take it seriously."

"In order to give these people the courage, we have shown the aura of the flame Decayer. Is it because of this, so..." Valery Manning asked. supreme

“That’s not ruled out!” Gerald nodded. “In short, this day will come sooner or later. The Pierce family will probably arrive within this day too. Let’s move forward by two days. It’s just that our combat power has weakened a lot without the old man and Hector Ingram.”

“You... still don’t need Anabel?” Carolyn asked.

Yes, when Gerald made the plan, he still excluded Anabel and Sylvie. First of all, once the fight started, they were all ready to die. They knew that the Four Ancient Families were more than twenty Flame Decayers, but they knew if the Four Ancient Families had a hidden trump card!

If anything happened to Anabel and Sylvie, Gerald did not want to see them. Secondly, they were the Archaic Tribe after all. If the news of the Earth leaked out by

Sauven Guerrero and the others in the end, no one knew what they would do after hearing it.

Therefore, Gerald’s plan was to place the battlefield in the heart of the four ancient families, which was the center of the city of Phoenix.

In this way, the Pierce family was in charge of the periphery of the city. Even if the Sauven Guerrero died in the end, the people of the Pierce family couldn’t hear it.

“If we start a war! First, we have to delay until the Pierce family arrives. Second...” After saying that, he looked at Carolyn and said, “We have to be prepared to fight to death.

Without the old man and Hector Ingram, the pressure on the three of us will be much greater!”

“Got it!” Carolyn nodded and said, “Be ready to die at any time.”

Inside, Anabel mumbled, “I can’t believe Gerald didn’t bring me along!”

“He has his own considerations. We’ll just watch,” Sylvie said with a smile.

“Are we really not going to make a move?” Anabel gritted her teeth and asked, “I’m worried that they can’t hold on! Some of the people they promised to meet didn’t show up! They only have four Flame Decayers now. Although Gerald and Carolyn are indeed powerful now, there are many Pioneers from the Four Ancient Families! They are under too much pressure in this battle.” “Don’t underestimate Dragon Bone and Phoenix Bone!” Sylvie smiled, as if she was not worried at all!

In front of them, people kept coming out of their rooms on the dilapidated street of Abandoned Land.

The weapons in their hands were shabby.

There were no weapons in the Abandoned Land, and they were only responsible for production.

The reason why they were allowed to cultivate was probably that they felt that their physical strength would be better after cultivation.

So in terms of weapons, there were all kinds of weapons. Ordinary kitchen sabers, iron. weapons... Someone even walked out with a pot.

When these people walked out, they all looked a little nervous and scared!

But when they saw shadows appearing on the streets, their eyes slowly became firm.

They walked out one by one, gathered into a crowd, and converged towards the entrance of Abandoned Land!

Not long after, a large number of abandoned people gathered at the entrance of Abandoned Land. Some of them were standing on the roof, and some were standing on the street. Gerald and Kenneth were standing at the front.

“Ha!” Up ahead, there was a look of interest on Leon’s face. “It seems that it’s true!”

“I’m going to play with them!” At this time, a man at the level of half-step Flame Decay said next to Leon Ingersoll.

Leon did not stop them.

There were actually masters in Abandoned Land. Some of them could reach the half-step Flame Decayer level, but because of the genetic defect, they still had no power.

It was just that they would live a better life in Abandoned Land.

But there were always a few people like that!

In Gerald’s opinion, being able to practice half-step Flame Decayer in Abandoned Land was already an absolute genius.

After all, he didn’t have resources or even much time here.

The man walked to the front and used Vital Energy, roaring in a loud voice, "You scumbags, I thought you were joking, but looking at you like this, it seems to be true! You want to overthrow the ruling?"

With that, he grinned and said, "I warn you guys that if you retreat now, you may still survive. Stay here. When the people from the Four Ancient Families arrive, your lives will be lost!"

"Oh, by the way, I heard that someone seems to be calling on you to reveal the person who called on you!" He yelled loudly.

As expected, there was a hint of fear on the faces of the people from Abandoned Land behind Gerald.

"Brothers!"

Just then, Gerald spoke calmly.

His voice spread all over the rear.

"Do you... still want to continue living like this in this place?" Gerald roared.

"Our birth is not something we can decide. Why should we be abandoned in this place when we are born? Just because of the so-called genetic defect?" Gerald roared, "Just because of the so-called genetic defect, we have to work endlessly here for the bastards of the Four Ancient Families and these dogs of the Four Ancient Families?"

The moment Gerald's words rang out, the people behind him fell silent once again, and a trace of anger began to appear on someone's face.

"Today, we're going to fight! The Four Ancient Families are nothing but dogs. There's no need to be afraid of them!"

"Zing!"

Gerald pulled out his saber and pointed ahead.

He roared, "Today, we fight for equality and freedom!"

"For freedom!" The people behind seemed to have been moved, and they began to shout. loudly!

Fear? Death?

Living in Abandoned Land was nothing more than a living hell!

“We shall never give it up!” Gerald roared.

“We shall never give up!”

The shout resounded through the Abandoned Land and spread throughout the entire City of Phoenix.

The voice was magnificent. Even Leon Ingersoll was shocked by the loud sound, which contained endless anger.

“You... are courting death!” The man in front sneered.

Swoosh!

Just then, a bullet flew to his head and pierced it in an instant!

In front of them, three powerful auras suddenly burst out.

Watch at night!

We shall never give up!

It was not just a slogan!

It was also a sign of war!

Jacob Eden’s shot marked the beginning of the battle in the City of Phoenix.

Chapter 1023

Leon Ingersoll in Shock

Bang!

Claude’s shot would undoubtedly be remembered by the history of the City of Phoenix.

The person who went up to flirt with the Abandoned Land didn’t seem to know that there was a supreme Flame Decayer in it, let alone that he would be sniped!

Yes, sniper!

Half Step Flame Decayer or above, or super level, was already quite difficult to be sniped.

The sniper rifle techniques in this world were quite good, and there were also snipers, but there was no such top sniper as Claude. Most of their snipers were equipped when they were developing or going to the wild to use it as a distraction when they encountered large beasts.

In terms of bullets, they didn't have the technology to suppress energy stone energy! Judging from this aspect, Dr. T is indeed a talent.

Of course, if this kind of bullet that could threaten the Flame Decayer level was introduced in the science of the Havotune, the profession of a sniper would definitely become popular quickly in the Havotune.

But before that, Claude was undoubtedly the strongest sniper. Now that he had a new sniper rifle, he could even threaten the Supreme Flame Decayer.

Of course, he had to be able to hit the nail on the head.

Claude still had problems with his own strength, and it was still a bit difficult to predict and keep up with the speed of the supreme Flame Decayer.

However, setting a target was different. Even the supreme flame Decayer might not be able to react.

The moment that person died, a terrifying aura suddenly emanated from Gerald,

Kenneth, Carolyn, and Valery.

“Spare no mercy and slaughter!” Gerald roared. He looked at Leon in the distance,

surrounded by thunder attributes, and headed straight for the latter.

Buzz!

At this moment, Gerald did not hide his strength at all. On his back, his wings suddenly spread out. After running a few steps, he jumped up, his wings shook, and combined

with the wind attribute, he rushed to the front of Leon Ingersoll in an instant!

“Okay.”

Leon’s expression changed slightly.

Gerald felt a familiar sensation on his body.

“It’s you?” Looking at Gerald’s lightning and wind attributes, Kenneth combined them with

his wings.

Although Gerald was wearing a mask back then, he recognized his identity.

“You’re a dog of the Four Ancient Families! Go to hell!” Gerald roared. The terrifying Vital

Energy surrounded him, and he slashed down with his saber!

“Spread out! Everyone, disperse!” Leon roared.

None of the people around him could handle a battle at the Supreme Flame Decayer

level. If they were in the center of the battle, they would probably be directly killed by the

thunder attribute.

What shocked Leon the most was Gerald’s terrifying strength.

The last time he saw Gerald, he was on the run. At that time, he could feel that Gerald

could put pressure on him, but at most, it would only be five fifths.

However, this time was completely different. In just a few months, Gerald's strength

suddenly increased by a large part.

Although Leon was shocked, he was a senior in the Supreme Flame Decayer after all. His reaction was extremely fast. In his hand, there was a long, silver-white slender

sword, which was not ordinary at first glance.

He lifted his sword, and a flash of light appeared. The terrifying Vital Energy collided with

Gerald's saber light.

The next moment, Leon's Ingersoll attributes burst out.

There was a layer of mist surrounding Gerald that was infatuated with Aydan. In an

instant, it covered Gerald's sight.

The surroundings instantly turned white.

Back then, when Gerald and Leon were about to make a move, the Purple Elite Ghost

that Leon stepped on blew itself up and then fell to the ground.

At that time, Gerald did not even know about Kenneth's attributes.

"Brat, I didn't expect that you were hiding in Abandoned Land. I also didn't expect that the

unrest in Abandoned Land was caused by you." Leon's voice came from outside, "I have

to admit that your talent is indeed impressive, Lightning, wind, and dual attributes!"

"In just a few months, you have reached the level of the supreme flame Decayer,

half-step of the Flame Decay. You are one step away from the level of the eternal flame

Decayer, but you are still in too much of a hurry!" Leon chuckled. "If you get to the level.

of the eternal flame Decayer and come out again, no one in the City of Phoenix, or even the entire Solein Kingdom will be your opponent!”

“But now, you don’t have a chance. You will be trapped in my attribute. When the people from the Four Ancient Families come, I will catch all of you!” Leon said faintly, “And the group of peasants behind you!”

“They will pay a huge price for following you!” Leon sneered, “When you come out, you will see blood all over the ground, and countless corpses!”

Gerald sneered in the mist.

“Of course, before that, we can have a good chat!” Leon said with a smile, “I’m more curious. I suspected you were from the Pierce family of Rime City before, but now it seems that you are not. What exactly are you?”

“Who am I?” Gerald asked with a smile. “You’ll find out when you ask Lord of Death!”

The next moment, Gerald’s third attribute burst out.

Ice attribute!

The fog around the place where Vital Energy passed quickly condensed and turned into

Uber water droplets dripping down towards the ground.

The mist disappeared in an instant.

“What?” Leon was shocked. “How could that be? How did you get the third attribute?”

“The third attribute?” Gerald grinned at him. “You’re underestimating me.”

The ice attribute was obviously of great restraint to Leon’s Ingersoll. Gerald’s wrist shook a little, and thunder and lightning surrounded his body. His left hand was cold, and his right hand was full of magma attribute.

He wanted to kill Leon Ingersoll and the City Defense as soon as possible. Then... he would fight back the people who were supported by the Four Ancient Families and send

them back to the center of the city of Phoenix, ending their lives there.

Boom!+

At the same time, Carolyn let out a roar, and a phoenix shadow suddenly appeared in the void. Carolyn was like a female slaughterer, and the City Defense couldn't even make a scream before it turned into ashes!

"Our enemies only have the Four Ancient Families. Those who don't want to die, drop your weapons and get out!" Carolyn roared.

At this moment, Leon's head was about to explode.

The Phoenix Shadow meant that Carolyn Berry, who was far away, was the owner of Phoenix Bone.

Four attributes had appeared on Gerald, who pounced on him. There was no doubt that he was the owner of Dragon Bone.

Phoenix Bone, the Dragon Bone, had appeared in Underground Palace. The news that the Alcoholic took the two as disciples had long spread throughout the Havotune.

Galaxy.

Naturally, Leon Ingersoll belonged to Yair as well.

At this moment, he understood a lot of things.

He finally understood who the old man was.

That's Alcoholic! It was him who helped Gerald and Kenneth leave the City of Phoenix. He did not know why Gerald targeted the members of the City of Phoenix's Four Ancient

Families, but he knew that he would be doomed in Yair.

“Kill!”

“Kill!”

“Kill!”

Behind Gerald, the abandoned people in Abandoned Land rushed out of the exit for the first time in their lives and rushed into the streets outside. They shouted and rushed.

towards the crowd of City Defense.

On a tall building next to Abandoned Land, Anabel Pierce and Sylvie Pierce came here at some point, and they looked at the other side of the building with great interest.

Half-Step Flame Decayer? A sniper?

It happened to be Claude’s sniper position.

They were here to watch the battle. If Gerald and Kenneth were in danger, Anabel would definitely choose to fight.

Both of them were stunned when they saw Claude holding a sniper rifle.

At the same time, they scrutinized Theo and the others beside Claude.

For some reason, they felt that Theo and the others were completely different from the ones they had encountered before.

Theo and the others were not fully armed before, but at this time, they were all carrying at long and short double saber. In the face of war, their eyes were extremely firm.

“Night Watch!” Sylvie murmured.

Her voice was drowned out by the cries of killing.

But Sylvie’s eyes became more and more excited. She felt that joining the Night Watch might be a very cool thing.

Theo and the others were lying on the rooftop. Gerald told them not to participate in the battle for the time being to protect Claude.

The winner of this battle was determined by the cutting-edge combat power. As long as the opponent's Flame Decayer-level masters and Purple Elite Ghost were all killed, the battle would end.

Including the people rushing out of the Abandoned Land, they would not participate in the real battle. Their role would only surround the entire central area of the city of Phoenix.

Anabel looked down and said, "It shouldn't be dangerous for now."

Sylvie smiled. She looked in Claude's direction and asked, "Is a sniper really useful?"

None of them had seen Claude sniping before. It was their first time seeing it.

Anabel shook her head and said, "I don't know. Gerald said he could threaten the existence of the Supreme Flame Decayer. I don't know if it's true or not."

"The Four Ancient Families are here." Anabel suddenly looked into the distance!

In the distance, two teams of Lightchaser from the Four Ancient Families were approaching the Abandoned Land with thousands of Pioneers.

Two teams of Lightchaser and twelve Flame Decayers. Although there was no supreme. flame Decayer leading the team, this was already more than half of the combat power of the Four Ancient Families now.

This was really not worth it!

Even if the other party had three Supreme Flame Decayers, they could only bow their heads at such a scale. After all, they had sent out dozens of Purple Elite Ghost.

"This scale!" Anabel's Adam's apple bobbed as she said, "Even if it's Gerald Kenneth and

Chantar 1094 Tha Dawat al Ionandaru Salmar

09.82%

Carolyn Berry, I'm afraid they will be in big trouble."

Sylvie smiled faintly. Suddenly, he heard a loud bang!

Claude pulled the trigger.

The next moment, Flame Decayer, who was standing on top of the Purple Pioneer, suddenly exploded in the distance.

"Huh?"

Both Anabel and Sylvie's expressions changed slightly.

Crack!

Then, Claude pulled the bolt, got up, and changed his position. He stared at the scope. and fired another shot.

The Four Ancient Families had rushed over. Naturally, they heard the monstrous roar, so they sped up.

However, the moment Flame Decayer was killed, everyone couldn't help but stop!

"Hide!" someone yelled.

But this was in the city, and their scale and number were quite large, not in the wild, how to hide.

With a sneer, Claude pulled the second shot.

Gerald had always said that Claude would not be less effective than him under certain circumstances.

Claude stood up and pulled the trigger again.

Bang!

Bang!

Bang!

He fired one shot after another.

Chapter Chanter 1024 The Power of Legendar SnineE

Below, among the Lightchaser Squad of the Four Ancient Families, the remaining eleven.

Flame Decayers quickly retreated and dodged, but they exposed the purple Elite Ghost.

Boom!

Boom!

Boom!

The bullet that was comparable to a Flame Decayer attack was compressed by the

sniper rifle, and its attack power increased a lot. After it penetrated the Purple Elite Ghost, it fell behind and exploded directly.

In a very short time, four or five Purple Elite Ghost exploded.

The members of the Four Ancient Families were shocked. Before they could get close,so many people

had died in the battle. For a while, the members of the Lightchaser

Squad began to instruct their men to retreat.

They had never seen such a long-distance attack on Flame Decayer and Purple Pioneer,so they couldn't even figure out what was going on with Yair for a while.

“Awesome! Claude, your sniping skills have become stronger again!” Theo exclaimed ashe watched the scene unfold.

Everyone, including Theo, was shocked at this moment. Claude fired a shot each, and the Four Ancient Families immediately retreated, not daring to step forward.

One of the troops from the Four Ancient Families made a phone call and kept communicating with the Sauven Guerrero.

His eyes were full of shock, not only because a few people had been sniped just now, but also because he saw the shadows of the two Dragon Bones and Phoenix Bones floating in the far sky.

“Mr. Guerrero!” the person in charge who led the team this time shouted, “There are dragon and phoenix shadows outside Abandoned Land. The people who attacked with

Leon are Dragon and Phoenix Bones. They don’t know what they have that can kill Flame

Decayer masters and purple Pioneers from a distance.”

“Got it!” The voice of the Sauven Guerrero on the phone was so gloomy that it was dripping with water. At the same time, he commanded internally. “The drones are up and running. Find out what’s going on with Yair. You guys find a way to support Leon first! I’ll mobilize the rest of the people to support him immediately.”

“Understood!” the leader replied.

He was from the Guerrero family and was a master close to the Supreme Flame Decayer. His name was Oriental Trick.

“The rest of you continue to find a place to hide. All purple level Pioneers, activate the source energy, and lift off. All Flame Decayer level masters, follow the Pioneers and support Leon Ingersoll,” he roared loudly.

As soon as he finished speaking, all the purple Pioneers began to lift off.

And in the sky of the City of Phoenix, the drones soared into the sky. These drones were fast and

dense, flooding into the sky above Abandoned Land, looking at the situation below clearly.

Bang!

Bang!

Bang!

Claude continued to pull the trigger and fired one shot after another.

However, when the Purple Elite Ghost took off and began to move with all his might, his accuracy was greatly reduced.

The sniper rifle and the bullet were not locked after all.

This was also Claude's limit.

But this was enough to shock Anabel and Sylvie.

In their perception, snipers in this world could not pose the slightest threat to Flame Decayer-level masters, but Claude had put on another show for them!

"Kill!"

"Kill!"

The monstrous roar resounded through the Abandoned Land. Countless people rushed out and collided with the City Defense in green!

This was a collision of over 100 people!

There were a lot of people in the City Defense, but they didn't gather all of them. They didn't expect that there would be so many people in the Abandoned Land who rebelled together.

Among them were Half-Step Flame Decayer and a super level master.

They suddenly realized that the number and quality of these people in Abandoned Land seemed to be no less than theirs. If they had to count poorly, it was because their weapons were a little poor.

But it was enough to make up for it with the number of people!

The people of the City Defense surrounded the Abandoned Land. At this moment, the people in the entire Abandoned Land collided with the people of the City Defense!

Sounds of fighting!

Shout!

At this moment, it resounded through the entire City of Phoenix.

Chapter 1025 Let the Dragon Bone Phoenix Bone Die Today

On top of the building, at this time, Triston brought Jacob upstairs.

Sweating profusely, Jacob went upstairs and sat down, panting heavily.

So far, he was still a primary level Musha, and he was actually tired of going around to inform others.

After Triston threw him to the ground, he hurriedly asked, "How is it?"

Theo said solemnly, "The support of the Four Ancient Families is here. There are dozens of Purple Elite Ghost. Look, there are probably two teams of Lightchaser! Claude shot one, but now there are more

than a dozen. The battlefield is placed near the Abandoned

Land, and the ordinary battle line has been completely opened!"

"We can't just watch!" Kristen gritted his teeth and said, "Let's fight!"

Since Gerald and Kenneth were not around, Jacob was the one who made the decision.

Jacob took a few breaths and said, "The scale of this battle is too large, and the Four

Ancient Families will definitely have follow-up support. Things have not gone according to our plan."

The battlefield they booked was supposed to be in the central area of the city of Phoenix, but now, the war had been put into Abandoned Land.

This was the outer area of the city. Now that the Pierce family hadn't arrived yet, they were still outside the city. If the Sauven Guerrero shouted in the end, maybe they would be able to hear it.

"But we can't just stand by and watch." Theo said, "We are all at the peak of Half-Step Flame Decay! We have to go and support them!"

"Claude is the key," said Jacob. "Protect him."

"We are responsible for their safety." At this time, Anabel said, "Gerald doesn't allow me. to join the battle. I can protect your snipers here."

Jacob frowned and looked at Anabel. He then let out a sigh and said, "Okay, then you must remember to protect yourselves and don't get involved in the battle at the Flame Decayer level!"

"Got it!"

Theo's face lit up with excitement.

Milo Pledgers took a sip of wine and drew his saber at the same time.

"For every being who is breathing!" Theo said in a deep voice.

"We urge ourselves to the future!"

"We shall never give up!"

They shouted in unison, and then they swooped down directly from upstairs.

They rushed into the crowd of City Defense.

The level of the peak half-step Flame Decay. Without the interference of the Flame

Decayer level and Purple Elite Ghost, their lethality for ordinary City Defense was also obvious.

At the moment they joined, a dozen of people came out of nowhere!

The main battlefield was still on Gerald's side. He was fighting against Leon alone, but when Leon defended with all his might and was only focused on escaping, Gerald still failed to kill him in a short

time.

After all, he used to be the third on the City of Phoenix Flame Decayer List.

“The Four Ancient Families are here!” Leon Ingersoll said ecstatically, “Do you really want. to fight to the death with us? Why don’t we sit down and talk about your request?”

Leon was indeed a little scared.

Firstly, Gerald was indeed very strong.

Secondly, it was Alcoholic standing behind Gerald.

The Eight Forces were afraid of him. If something happened to Gerald and Kenneth here, would the alcohol armors let them go?

“There’s nothing to talk about. Either the Four Ancient Families are destroyed today, or I die here.” Gerald sneered.

Swoosh!

Swoosh!

At this time, the Purple Elite Ghost flew over. Gerald frowned, and the Vital Energy on his body quickly enveloped him!

“Don’t let them enter other battlefields! Resist them all!” Gerald roared.

There were dozens of Purple Elite Ghost and eleven Flame Decayer-level masters. Even Gerald and Carolyn were under pressure now.

However, they had no choice. If they let the Purple Elite Ghost enter an ordinary battlefield, it would be a one-sided massacre.

“Formation!” Oriental roared teasingly.

There was a lineup of six Purple Ghost in total.

Gerald furrowed his brows when he saw that.

He had seen this scene before.

Back then, when Elite Ghost invaded Earth for the first time, Gerald, who was at the peak of the Flame Decay, had no choice but to rely on Claude's gun to break through their formation to kill the others!

At this time, the six Purple Elite Ghost formed a formation, and the energy they emitted was infinitely close to the supreme Flame Decayer.

"war!"

However, Carolyn was not afraid. She held a double saber and won directly!

Valery, too, held a Soul Saber in one hand and charged forward.

Boom!

The energy and Vital Energy collided instantly.

"Gerald Kenneth!" he yelled.

Gerald Kenneth, the owner of Dragon Bone, had long been known throughout the entire Havotune.

He surrounded Valery and roared, "I wonder where the Four Ancient Families have offended you and why they want to attack us!"

Just as Leon Ingersoll was worried about Alcoholic, so were the members of the Four Ancient Families.

Compared to the Eight Forces, they were like ants to him. If he wanted to kill them, it was just a matter of moving his fingers.

"Everyone from the Four Ancient Families has the right to punish them!" Gerald sneered.

"There's nothing to talk about between us. Today, we will fight to the death!"

Now that the war had begun, Gerald was bound to destroy the Four Ancient Families.

As for what the Four Ancient Families were worried about now, it was none of his business!

Gerald's voice traveled through the phone to the Guerrero family's command center.

Inside, the color drained from the man's face.

When he knew that the people who staged this turmoil were the owners of Dragon Bone and Phoenix Bone, his heart sank to the bottom.

Therefore, he was thinking of seeking a truce.

Gerald, on the other hand, did not give them any chance to explain.

Countless light screens were flashing inside the command center, which were pictures taken by the drones!

Suddenly, a figure appeared in the shooting scene.

“Homeowner!” The person who shot him from a distance was found. He seemed to be a sniper, and there were two people in cloaks next to him.

In order not to expose themselves, Anabel and Sylvie were wearing cloaks. After all, their hair was too conspicuous.

After a while, he gritted his teeth and asked, “How many people are there on the other side now?”

“Three Supreme Flame Decayers did it!” Oriental’s mocking voice rang out again.

The color drained from his face. After a while, he seemed to have made up his mind.

“Gerald!” He looked at him with burning eyes and continued, “You’re the one who forced us to do this. Since you want to fight to the death with me, I’ll go all out to kill you. I’ll give the City of Phoenix and move to that planet with the Bone of Eternity with the power of the entire Four Families! I’ll come back after it’s developed!”

Thinking of this, he seemed to have made up his mind!

“Hold on. Our followers will be here soon! Today, let the Dragon Bone Phoenix Bone die

in the City of Phoenix!” The Guerrero snorted coldly.

After saying that, he disappeared into the command hall. He quickly shuttled through the Guerrero residence. Soon, he arrived in front of a quiet courtyard.

Then he knelt down in front of the yard and murmured, “Father, it’s time for us to come Out!”

In the courtyard, a sigh resounded!

Immediately afterwards, the door of the courtyard suddenly opened, and a hunched figure walked out of it.

#### Chapter 1026 Benson Arrives

The old man seemed to be completely in his twilight years, as if there was only skin and bones left all over his body. If one paid attention, one would notice that near his feet, there was a layer of fine ice condensing under his feet, and then it kept dissipating.

The temperature of the old man's body was also quite low, and there was a trace of cold aura emanating from him in the room next to him.

Anyone who knew the history of the City of Phoenix or the Guerrero family would definitely be able to call this old man by his name.

Raphael.

Previously, he was the head of the Guerrero family and the biological father of Sauven.

More than a hundred years ago, he handed over the Guerrero family to the Sauven

Guerrero, and then disappeared from the City of Phoenix. Most people thought he was dead.

No one had expected that he would always be in the Guerrero residence.

"Hey!" The old man sighed and said, "Is it time to die?"

A trace of cold sweat appeared on his forehead, and then he nodded and said, "We found a planet with a large number of Bone of Eternity in Foliage Manor, but we haven't attacked it over the years. Over

the year, a mysterious person suddenly appeared and began to hunt the people of the Four Ancient Families in the City of Phoenix. Over half of our Flame Decayer was lost in a year! Now there are only more than 20 people left. It's far from the target to the satellite."

The old man raised his head, looked at the three satellites in the sky, and murmured, "It is the greatest wish of the Four Ancient Clans to go to the satellite. In order to stay away from the war in the Havotune

and give our people a stable living environment, our ancestors united to form the Four Ancient Families! Then, we attacked the City of Phoenix!”

“However, if we want to enter the satellite, we can either rely on the Eight Forces and become their collateral relatives of the direct descendants, or have a hundred Flame

Decayers, which can become a separate force, or there will be an eternal Flame.

Decayer!” Raphael sighed and said, “We are not like the branch of the Eight Forces, but the other two conditions have not been fulfilled over the years.”

“Dad, have you still not made that move over the years?” asked Sauven.

“This step is so difficult. There have been many supreme Flame Decayers in the history of Havotune, but there are only so many eternal Flame Decayers. I have been working hard for a hundred years, but there is a big gap.” The old man sighed again and shook his head. “How strong the opponent is, your plan!”

“The other party... is the owner of Dragon Bone and Phoenix Bone!” He gritted his teeth and said with a gloomy face, “Moreover, they are also the disciples of Alcoholic.”

“What!” When Raphael heard the word ‘Alcoholic’, his body trembled with fear.

“The alcoholic wasn’t there. The one who did it was the owner of Dragon Bone Phoenix Bone,” said Sauven Guerrero hurriedly. “I don’t know why they attacked us. I wanted to negotiate with them and ask, but they didn’t give me any room to talk. They just wanted to kill us!”

“So... I plan to kill them. After dealing with them, we just give up the City of Phoenix and wander into the Nebula of the Four Ancient Families. We’ll go to the place that has a lot of Bone of Eternity,

conquer them, and find Bone of Eternity. When we have enough Flame Decayers, we’ll go back to Havotune,” said Sauven.

“Since you’ve made up your mind, go ahead and do it, Dragon Bone Phoenix Bone. Maybe... this is also my chance to break through!” Raphael said, “Let me go meet the owner of this Dragon Bone Phoenix Bone!”

On the main battlefield, the battle continued. Gerald, Kenneth, and Carolyn were like War Dominators

at this time. Even if the Four Ancient Families supported them, they still took the initiative!

Gerald and Carolyn were too aggressive.

Gerald was surrounded by four Purple Elite Ghost groups. They formed a formation with six Purple Ghosts, keeping one in one. In addition, they were besieged by a Lightchaser team and Leon!

However, Gerald was still incredibly strong. At this time, his aura was vividly displayed, and the Purple Elite Ghosts exploded under his saber one by one!

This was also the reason why Leon was able to defend Gerald.

On the other hand, Carolyn was the same. His phoenix flame was too strong, and there was no supreme flame Decayer like Leon Ingersoll on his side. Most of those Purple.

Elite Ghosts and Lightchasers were only involved in fleeing, and they didn't dare to fight with Carolyn head-on.

Valery, on the other hand, was having a hard time.

Valery's combat experience was not as good as Gerald's, Kenneth's, and Carolyn's.

Valery's attribute was not the type of combat attribute, but more of an auxiliary one.

Despite that, they still had the upper hand. Under Gerald and Carolyn's horrifying pressure, Claude, who was on top of the building, fired one shot after another.

The City Defenders and the Four Ancient Families showed a defeated posture, and the battle circle was constantly compressed towards the center of the city!

Gerald could not care less about hurting the innocent. Fortunately, most people had already started to run away when they saw the battlefield spreading toward them.

The nearby people were already on the run when the war started.

Leon spat out a mouthful of blood. He felt that he was at the end of his rope. He never thought that Gerald and Carolyn would be so brave.

"Fight back!"

"Go back to the city center!"

At that moment, Gerald only had one thought, which was to constantly oppress the battlefield toward the center of the city of Phoenix.

Just as Gerald and Carolyn were defeating the Four Ancient Families and the City Defenders,

At that moment, there was a commotion inside the Rho Guild. Cohn was standing there, and he was constantly communicating with the others.

“What’s going on?” Cohn looked at a screen and asked.

“Someone brought the artificial rebellion in Abandoned Land, and the Four Ancient Families and the City Defenders came over to quell the rebellion. Now they are being violently beaten up. The person

leading Abandoned Land is the owner of Dragon Bone and Phoenix Bone!” A masked man was speaking on the screen.

“Dragon Bone Phoenix Bone... Did you attack the Four Ancient Families?” Cohn’s expression changed slightly!

He seemed to have thought of something, then gritted his teeth and said, “This is our chance!”

“How many people have the Four Ancient Families killed?” asked Cohn.

“Two teams of Lightchaser went to the first batch of the Four Ancient Families. There are nearly fifty Purple Pioneers, and Gold Pioneers...” The masked man on the screen kept reporting intelligence, “Now that the second batch is going to be sent out, and the Sauven Guerrero will lead the team personally, and the entire Four Ancient Families will be ready to fight!”

“This means that there’s nothing inside the Four Ancient Families!” Cohn licked his lips. and said, “Shadow, inform the others that we’re going to the Foliage Manor!”

“There was a fire at Foliage Manor before. Although the repairs have been completed in the past few months, do you think that thing is still there?” Shadow gritted his teeth and said, “Why don’t we follow the Dragon Bone Phoenix Bone and overturn the Four Ancient Families?”

Cohn shook his head and said, “The Four Ancient Families are not important. If we get that thing, we can... return to Nether Palace.”

“Okay! I’ll inform them right away!” Shadow also nodded.

Inside the Rho Guild, figures began to surge, and powerful intelligence networks from the Rho Guild also surfaced in various places of the City of Phoenix. They began to rush towards the suburbs of

Foliage Manor!

At the same time, countless aircraft appeared outside the City of Phoenix.

Upon reaching the vicinity of the City of Phoenix, the aircraft quickly scattered.

There was a logo on the aircraft that represented the Pierce family of Rime City.

At the same time, the entire City of Phoenix trembled, and a metal wall rose up ground.

Just like the previous beast attack of the Rime City, these walls quickly surrounded the entire City of Phoenix!

Meanwhile, the Pierce family's aircraft did not enter the city directly. Instead, they landed outside.

They blocked almost all the exits and exits of the City of Phoenix. One by one, the Purple

Elite Ghosts walked down from it!

At the same time, a voice sounded from one of the aircraft.

"The Four Ancient Families, Benson Pierce is here for revenge. Is the Sauven Guerrero ready?"

The sound was as loud as thunder and exploded throughout the entire City of Phoenix!

The sound shocked everyone.

On this day, the Abandoned Land rebelled, and the Pierce family's army approached the city of Phoenix!

Chapter 1027 For Freedom

When the battlefield was constantly forced and compressed, the whole battlefield turned into an alley battle!

When the people from Abandoned Land came out and found that the Four Ancient

Families were losing, they became more and more courageous.

They seemed to see the hope of freedom, and they smelled the smell of freedom.

The people who rushed out quickly scattered. From the beginning of Abandoned Land, millions of people were fighting in the streets.

War was cruel.

The Four Ancient Families knew in advance about this battle, and the loss caused by taking one step ahead of Gerald and the others was also quite huge.

Gerald's party had originally planned to surround the city of Phoenix when Benson and the others arrived, and then he would directly start a counterattack from the Abandoned Land and surround the core area of the city before the Four Ancient Families could react!

However, their plan was known to the Four Ancient Families in advance. Their choice was to suppress the Abandoned Land, which also... led to the early arrival of this battle.

Many people in Abandoned Land would die as a result.

War meant death. Gerald was sure that this battle would be cruel.

Just like the first full-scale invasion of Elite Ghost. At that time on Earth, tens of thousands of people died around the world, including hundreds of thousands of

Watchmen who died a glorious death in the battle of defense.

And today, the City of Phoenix would definitely have a river of blood.

On top of the roof, Claude kept adjusting his position as Gerald and Carolyn oppressed the Four Ancient Families and City Defenders to retreat.

Gerald had given him a Silver Wings for him to protect himself, as well as used it to shoot in the air.

As for Jacob, Sylvie carried him and followed closely behind Claude.

When Benson's voice rang out, Jacob looked at Sylvie who was holding him and asked,

"Well, can you take me outside to look for Benson?"

Sylvie glanced at Jacob and said in a daze, "Who is Benson?"

"Just now, he asked Sauven to wash his neck and wait for death." Jacob coughed and said, "He works with us, so I have to go over and talk to him about something."

"Okay!" Sylvie nodded. She spread her wings and flew out of the city with Jacob in her arms.

The war was still ongoing.

Compared with the one-sided slaughter on the side of Gerald and Carolyn, the battle between the people of Abandoned Land, City Defenders, and the Four Ancient Families was much crueler!

The people from Abandoned Land didn't have much combat experience. They were fighting with courage and with a wave of inner hope, but with the momentum brought by

Gerald and Carolyn, their battle spirit was high!

As the war began, the people of Abandoned Land began to split up. At this time, the people of Abandoned Land began to separate themselves into small groups.

And the leaders were naturally the strongest.

Theo and the others each led a group. They all had rich combat experience, in both street and large-scale battles, and they were at the level of peak Half-Step Flame Decay.

These dozens of people were quite brave. Wherever they passed, the City Defenders spread out like birds and beasts, and more than ten groups of people attacked the center of the City of Phoenix all the way.

The rest of them also started to fight fiercely in the street behind the Half-Step Flame Decayers.

"Attack!"

Outside the City of Phoenix, dozens of people were rushing with a middle-aged man.

This middle-aged man was called Vincent Zimmerman. He was one of the first people to attend Jacob's speech and was also newly recruited by Jacob into Night Watch during this period.

Those who were recruited into Night Watch were all above the super level and one of the captains of this battle! This was Jacob's plan. Each person above the super level led a team of dozens of people, so that they could have a certain level of unity..

In the entire Abandoned Land, the number of people of super level was close to 200.

There were a total of seven Half-Step Flame Decayers!

And Vincent was one of the Half-Step Flame Decayers.

Being able to obtain half-step Flame Decayer in a place like Abandoned Land and looking to be in his forties, he was definitely one of the most outstanding geniuses.

However, he had a congenital defect. He was born deaf in his left ear and was abandoned in Abandoned Land. Now, he was No. 19 of the City of Phoenix Night Watch.

As the battle line continued to oppress the city center of Phoenix, Vincent's eyes lit up.

In his hand was a saber snatched from the City Defenders. The Vital Energy on him was majestic. He saw hope to walk out of Abandoned Land.

At first, he was skeptical, but after Carolyn and Gerald showed their terrifying strength, he was convinced.

"We shall never give up!"

He shouted loudly and walked forward with an unstoppable momentum.

"Sizzle! Sizzle!"

At this time, golden light shone in front of them. On the other side of the street, a woman appeared on the street with four or five Gold Elite Ghosts.

"The level of peak Half-Step Flame Decay!" When Vincent saw the front, his pupils suddenly shrank!

He could merely handle a peak Half-Step Flame Decayer, yet the difficulty of the situation before him was augmented with a few Gold Elite Ghosts.

His rationality told him that he was no match for the woman in front of him.

But at this time, he had lost his mind. From the beginning of the war to now, he had gone crazy from killing.

“For freedom!” he yelled.

The people behind him were equally resolute and fearless.

The woman in front of him looked at Vincent with anger and disgust and cursed, “You bastards! You are born with genetic defects. How dare you rebel against our ruling? You deserve to die!”

With reddened eyes, Vincent glared at the woman and roared, “I have no resources in

Abandoned Land, but I can still achieve Half-Step Flame Decayer. If I lived outside and had some resources, killing you would be a cakewalk for me. What’s so superior about you? The Four Ancient Families! It will become the history of the City of Phoenix!”

“Die!” As the woman spoke, she suddenly pulled out the saber in her hand. Her body shook slightly, and she went straight to Vincent.

Elite Ghosts also moved. They raised the red weapons in their hands and rushed toward the crowd of people from the Abandoned Land.

“Bang!”

Vincent’s saber collided with this woman’s saber!

There was still a huge gap between the Half-Step Flame Decayer and the peak Half-Step

Flame Decayer. With only one move, Vincent spit out blood and flew backwards.

“Ah!”

“Ah!”

“Ah!”

The Gold Elite Ghosts swarmed into the crowd and began to slaughter, and the figures kept collapsing in a pool of blood.

Vincent felt like his whole body was about to crack. He looked ahead, and the woman was constantly walking towards him.

“For freedom!” Vincent gritted his teeth and stood up again with his saber in his hand, regardless of the injuries on his body.

But at this time, a figure flashed in front of him. When the woman came to him, the longsword in the woman’s hand instantly went through his chest.

“Pfft!”

Vincent’s blood trickled down the corner of his mouth.

“Lowlife! You deserve to die. How dare you even try to defy the Four Ancient Families? Today, everyone from Abandoned Land will die!” The woman held the saber and stood next to Vincent.

“For... For...” Vincent felt as if his life was slipping away.

But... he had never been afraid or regretful. At least, he resisted, instead of hiding in

Abandoned Land for the rest of his life!

At the very least, he was breathing the air outside Abandoned Land.

He felt that his life, at the end, was brilliant.

“Fuck!”

Just then, an angry roar resounded. Then, a blue light flashed by, and a lance pierced through several Gold Elite Ghosts in one go!

The woman’s expression changed. She saw Triston looking at her angrily not far away.

“Flame Decayer!” The woman was shocked.

“Bang!”

Before she could react, Triston had already arrived in front of her, surrounded by terrifying Vital Energy. Triston held the woman’s head and smashed it directly under the wall next to him!

On the main battlefield, Leon was already at the end of his rope. He was covered in blood. If it weren’t for the Purple Elite Ghosts and Lightchaser of the Four Ancient

Families that kept lowering his pressure, he would have died many times.

As the supreme Flame Decayer, he and Gerald were worlds apart.

But even so, he felt that he would die sooner or later. There were originally twenty-four Purple Elite Ghosts who besieged Gerald, but now, more than a dozen of them had died in the battle.

Sauven, if you don't show up soon, I'm going to die! Leon wailed in his heart.

"Stop!"

Just then, a roar sounded from a distance, and at the same time, the aura of two Supreme Flame Decayers rapidly approached this side.

Chapter 1028 The Trump Card of the Four Ancient Families

Two auras, one cold and one hot, were rushing over.

They were Arvin and Sauven. Arvin rushed towards Carolyn, while the latter rushed towards Gerald!

At the same time, dozens of Purple Elite Ghosts and two teams of Lightchasers arrived. Behind them, there were even more members of the Four Ancient Families. They gathered together and were rushing to this place!

The Four Ancient Families had been developing for so many years, their direct descendants and collateral relatives added up to more than one million!

They were the rulers of the City of Phoenix.

And by this time, the war had reached its climax!

"Boom!"

"Boom!"

Once again, the battles between Supreme Flame Decayers showed up.

After a hundred years, Sauven struck again with all his might.

Even Gerald could not help but freeze slightly.

The collision between Gerald and Sauven and the collision between Arvin and Carolyn resounded in an instant, and then Arvin and Sauven stepped back!

The Four Ancient Families and Leon retreated quickly.

“How is it?” Sauven stood still and glanced at Gerald in shock before turning to Leon, who was covered in blood.

“If you come a little later, I’m afraid I’ll be dead. This guy... is the person you chased a few months ago.” Leon said.

With a solemn expression, Sauven looked at Gerald in the distance and asked, “Owner of Dragon Bone, if I remember correctly, your name is Gerald Kenneth. I wonder when the Four Ancient Families offended you!”

Gerald’s body trembled slightly when he saw Sauven.

Sauven Guerrero, the number one in the City of Phoenix Flame Decayer List, the number one in the Four Ancient Families, was also the true nominal ruler of the Four Ancient Families.

The hundred-year-old invasion of Earth was the order given by the man in front of him.

Gerald had no choice but to run away the last time he saw him. However, he was different now.

Scene after scene flashed across his mind.

Terry, who was killed by the Blood Lotus, and his colleagues, who died under Agepsta Mountain.

During the first full-scale invasion of Elite Ghosts, the Watchmen activated Death one by one, trying to win the battle of Washington.

Also, when tens of millions of ordinary people were killed in indiscriminate killings.

At that time, everyone on Earth lived in fear.

And the culprit of everything was right in front of him!

Now, he had enough strength to kill his nemesis.

“You... deserved to die!” Gerald lifted his Dragon Saber and pointed at Sauven not far away. “Today is the end of the Four Ancient Families!”

With a darkened expression, he said, “Gerald, I know your master is Alcoholic, so I show you some respect. The Four Ancient Families have never provoked you, yet you’re pushing your luck. If you want to die, then don’t blame me for it!”

“Young man, why do you have to force me?” Just then, a sigh resounded.

The back crowd of the Four Ancient Families parted, and a rickety old man slowly walked out. With every step he took, the surrounding temperature seemed to be going to drop.

At that moment, the surrounding houses were covered in ice.

This... was the ultimate performance of the attribute.

“Supreme Flame Decayer!” Gerald’s pupils constricted.

There was no doubt that the person in front of him was stronger than Sauven. This was a master hidden in the dark, the real trump card of the Four Ancient Families.

The old man looked at Gerald with an envious expression on his face and said, “As expected of the owner of Dragon Bone. It’s really enviable that you are already a supreme peak Flame Decayer at such a young age. It should be sooner or later that you reach the eternal level of Flame Decay. Unfortunately, for a commoner like me, it’s been over a hundred years while I still haven’t reached the eternal level!”

With that, the old man muttered to himself, “If I make it, we can also live on the satellite and become one of the cutting-edge forces under the Eight Forces. Pity, the difference between one step and

another is vast.”

“Actually, I’ve always hated geniuses like you. The body of the Dragon Bone, the battle.. Well, the body of the Dragon Bone, the blood of the Dragon Bone.” The old man muttered to himself, “It should be

able to help me break through to the level of the eternal flame Decayer!”

“Is this old man crazy?” Next to him, Carolyn took a breath!

After a long battle, she was actually a little tired.

Just as he was talking, the old man suddenly raised his head, looked at Gerald, and said, with a grimace, "I gave you a way to live, but you chose to give up, so... you can die here and become a stepping stone for me to break through the eternal flame Decayer!"

"Buzz!"

As soon as he finished speaking, a cold aura rose abruptly and quickly enveloped Gerald.

Gerald had heard about it more than once. After reaching the Flame Decayer level, the use of attributes determined how far one could go on the road to being a Flame Decayer.

Gerald did not know much about attributes. On the one hand, he had not been a Flame Decayer for a long time. On the other hand, he had too many attributes that he could not study at all.

He had several breakthroughs, all of which were in the core Vital Energy. After he reached Flame Decayer or Supreme Flame Decayer, his understanding of attributes naturally rose!

And at this time, the use of attribute shown by Raphael was the most terrifying one that Gerald had ever seen. He had faced the eternal Flame Decayer before.

However, Kristopher's attack was a crushing blow to his strength. When they collided later, it was also the attribute of the earth attribute. Gerald did not have much of a feeling when it came to defense.

The Eight Forces' Flame Decayer had never fought before.

Gerald did not even feel the fluctuation of the attribute on the alcohol.

Therefore, when the ice attribute enveloped him, Gerald felt that the hairs all over his body stood up.

He suddenly realized that his supreme Flame Decayer, half-step Flame Decay, seemed to be a little different from the ordinary ones.

"I'll do it!" Carolyn sneered. The phoenix flame on his body instantly dissipated.

To deal with the ice attribute, she naturally had the best choice.

"Little baby... You! Not enough!" Raphael grinned, and then he grabbed it with one hand. Leon's slender sword fell into his hand, and Raphael said faintly, "You guys, deal with that Dragon Bone's doll!"

As he stared at Gerald, a murderous glint flashed across his eyes. "All Lightchasers, heed my orders.

Let's surround Gerald together. The rest of you, kill them all!"

"Also, go to ten Purple Pioneers and kill that kid in the sky who used a sniper rifle." The Sauven Guerrero ordered!

Gerald's expression turned grim as well.

He thought that the Four Ancient Families would have a trump card, but he didn't expect that their trump card would be so powerful.

But it was already at this point, and the war could not stop! But the number of casualties in this battle would far exceed his and Jacob's expectations.

He raised his hand and swirled the bronze sword out. Gerald held the Dragon Saber and went straight for the Sauven Guerrero.

An aircraft was hovering in the sky. On top of the aircraft, Blaine looked at the planet below and asked, "Is this the Havotune?"

"Yes!" Hector nodded and said, "It's two days earlier than expected!"

In fact, it was because the duration of a day in the Havotune was much longer than the algorithm on Earth.

Counting in Earth's time, they still spent more than a month going back and forth.

Blaine said excitedly, "Is the century-old hatred finally coming to an end?"

"The aircraft is about to descend. Get ready." Hector said!

Blaine and the others nodded.

The aircraft continued to descend. After a while, they saw the Pierce family outside the City of Phoenix. They also felt the terrible aura rising inside the City of Phoenix.

"Well..." Hector's expression darkened as he said, "I'm afraid the war has begun early."

Chapter 1029 The saber

"What do you mean the war started early?" Blaine asked.

"Look, according to Gerald's plan, the war will only start when we arrive. The two of us will cooperate with Valery Manning, Triston Beck, and Gerald. We will involve each other's Flame Decayers, and

Carolyn will slaughter the Purple Elite Ghost alone.” Hector Ingram said, “But now, I don’t know why, but it’s too early.”

“Moreover... I’m afraid that there is a supreme Flame Decayer of the peak (half-step)

Flame Decay among the Four Ancient Families. He comes from the Guerrero family!”

Hector Ingram’s expression changed wildly!

“No, we can’t let Gerald be in danger!” Blaine said, “How high is the current height? I have to go down and support them!”

“After you get to a certain height later, you can go down first. I’ll take Zackary and

Benjamin to find Benson and the others outside.” Hector Ingram ordered.

Then, he looked at Zackary Benjamin, Derick Jackson, and Paul and said, “Just stay on the periphery. Don’t involve yourself in this battle.”

“Big B, I’ll fight!” Derick roared.

“Me too!” Although Joshua was over ninety years old, he also roared along.

“Why did you ask for a fight? You only have one leg left, and you even tremble when walk. I’m afraid

you’ll be scared to death if you get yelled at!” Blaine scolded.

“I was scared to death!” Joshua’s eyes widened!

“Cut the crap!” Blaine said helplessly, “This battle is not something you can participate in anymore. Stay outside!”

“I want to see the Four Ancient Families destroyed with my own eyes!” Derick said,

“Besides... I’m also a Half-Step Flame Decayer.”

“Actually, you should also clear Yair. Whether it’s the battle of the Elite Ghost invasion on

Earth or the war in this world, it’s all about cutting-edge combat. With the supreme Flame Decayer, that

is, the ultimate Flame Decayer decides to go, unless you have a large number of Flame Decayer masters besieging you, so not only will you not be able to help, but you may also distract us!" Hector reminded, "When you are about to win, I will inform you to come over!"

Blaine looked at Zackary and said, "Since it's a war, there will be a winner and a loser!"

"If... we lose, let Jacob Eden take you back and continue to live!" Blaine said, "Your plan to link up with the universe is put on hold indefinitely!" Failed?

He did not even dare to think about it before he came to this point and was able to counterattack the Four Ancient Families.

And now they had finally come to this point, in just a few years!

Over the years, Night Watch had changed a lot, and he was also clear about Yair. All these changes were caused by Gerald.

Outside the City of Phoenix, Benson Pierce was standing somewhere, frowning!

Sylvie fell from the sky with Jacob. Benson saw the wings of Sylvie and knew that she was from the

Archaic Tribe. There were about twenty masters of the Flame Decayer around him.

He signaled those people not to fight!

Sylvie and Jacob fell in front of Benson. Jacob and his men bowed to Sylvie and said,

"Greetings, Superior Envoy!"

Even if there was a war going on in the City of Phoenix at this time, there should still be rules outside.

Sylvie nodded calmly and said, "He's Gerald's subordinate."

Benson's expression changed, and he hurriedly asked, "What's the situation now? Didn't we agree to fight in two days? Why did we start the war early?"

Jacob shook his head and said, "The news must have leaked out. The City Defense and the Four

Ancient Families surrounded the Abandoned Land, and the war had to start early. Fortunately, Gerald and Carolyn have worked together to compress the main battlefield to the middle of the city.”

“Do we really just need to guard the entrance?” Benson frowned and asked.

Jacob nodded and said, “Well, just guard the entrance. If...”

Having said that, Jacob looked at Benson and said, “I mean if Gerald loses, you guys just leave.”

Hearing this, Benson frowned and said, “No way!”

“This is the worst-case scenario!” said Jacob.

Just then, someone reminded, “There are aircraft in the sky! Are they from the Four Ancient Families? Should we sink them?”

Jacob raised his head. His vision was completely different from the others.

He frowned and said, “Don’t worry about the aircraft. Actually, I have something to ask you. The firearm of Havotune is extremely advanced. Under such a war, will the Four Ancient Families start a firearm or even a nuclear strike? If we use it, I’m worried that the City of Phoenix will lose a lot...”

When he said this, he found that Benson’s expression was a little weird.

However, Benson didn’t ask too much. He just smiled slightly and said, “In this world, there are rules. War is not allowed to use firearm. This is a rule set by the Eight Forces.

Firearm can be developed, but it is absolutely not allowed to be used in battles in the Havotune because it will destroy it.”

“That’s why more firearms are used when fighting in Nebula and exploring other planets.”

Benson smiled and said, “Of course, the purpose of exploring in Nebula is to find resources. Whether you can avoid using firearm or not, Pioneer is the most commonly used thing.”

“What if after using it?” Jacob asked.

“If we use it, we will get a joint blow from the Eight Forces. No force on this planet can withstand it.” Benson said, “The Eight Forces are not against war, but they absolutely ban firearm.” battlefield to the middle of the city.”

“Do we really just need to guard the entrance?” Benson frowned and asked.

Jacob nodded and said, “Well, just guard the entrance. If...”

Having said that, Jacob looked at Benson and said, “I mean if Gerald loses, you guys just leave.”

Hearing this, Benson frowned and said, “No way!”

“What if after using it?” Jacob asked.

“If we use it, we will get a joint blow from the Eight Forces. No force on this planet can withstand it.” Benson said, “The Eight Forces are not against war, but they absolutely ban firearm.”

‘Someone jumped down from the aircraft. This is too pretentious,’ someone said at this moment.

Jacob couldn't help but look up at the sky too

In the sky, a figure in a white training uniform jumped down from the sky. His hair and eyebrows were white, and he seemed to be old. But at this moment, he fell down and maintained a posture, with a smell of dust.

"It's the old man!" Although Jacob didn't see Yair clearly, he growled excitedly.

"Is he one of yours?" Benson asked.

Jacob nodded and said, "Yes, he's one of our men. He's Gerald Kenneth's guide to martial arts!"

"Huh!" Sylvie raised her head and looked at Blaine in the air. A trace of surprise flashed in her eyes.

"Saber, come here!"

Just then, a roar resounded from the sky.

The corners of Jacob's mouth couldn't help but twitch when he heard this voice. Blaine actually translated this sentence into the general language of the deposited country.

"My saber will cleave the sky, but I will die. There are no more shepherds in this world!"

The next moment, there was another loud voice from the figure in the sky. Amidst the sounds of fighting, it was extremely loud.

As his voice fell, the Vital Energy of the supreme Flame Decayer exploded. With one hand raised, a blood-red long saber flew out of the aircraft and headed straight for Blaine. Blaine controlled the blood-red long saber with his Vital Energy and controlled it at his feet!

At this moment, he looked like he was falling from his saber.

"This..." Next to Benson, a Pierce family's Flame Decayer couldn't help but say, "He's too pretentious!"

Gerald felt immense pressure on the main battlefield. Although Sauven was not at the peak of the supreme Flame Decay, the difference was not that far. With the siege of

Arvin Ingram and around twenty Flame Decayers, even he was temporarily delayed!

Facing him alone, Carolyn felt great pressure on the battlefield.

Valery was the one who was under the greatest pressure.

Valery was a medical soldier who rarely appeared on the battlefield unless it was absolutely necessary.

Of course, as Night Watch, although she was not as experienced as Gerald and Carolyn, she was definitely not lacking in combat experience.

However, facing dozens of Purple Elite Ghost, she was still under too much pressure.

The Purple Elite Ghost that was freed rushed into the crowd of the Abandoned Land.

Many people from the Abandoned Land died on the spot.

“Shit!” Gerald cursed angrily and became a little anxious.

The appearance of Raphael instantly broke the balance between his plan and the battlefield.

“Saber, come here!”

At that moment, an angry roar resounded from the sky. Gerald looked up with ecstasy on his face.

“Old man!” he roared in his heart.

At the same time, he raised his head and saw that the figure in the sky was getting lower. and lower, and Blaine’s appearance slowly appeared in his vision!

At that moment, he was stunned. He then stared at Gerald and said, “You guys... are from that star ball!”

The Four Ancient Families had been quietly developing Blood Lotus on Earth!

Therefore, the information of almost everyone in Night Watch, including Gerald, at the

Chapter 1030 He Has Never Disappointed Me

I beginning was all top-secret information, and they couldn’t be found out.

Gerald would also wear masks to hide their faces when carrying out their missions.

Night Watch was sorted by number, and one of the purposes was to hide themselves!

Gerald's appearance was exposed. It was almost the time of the battle on Agepstal Mountain. At that time, the Blood Lotus was already at the end of its rope. After Elite Ghost landed on the Earth, it definitely did not have the ability to return again. Most of them were killed directly by Night Watch!

However, Blaine was different. He had been famous for hundreds of years and had a grudge against Blood Lotus. His appearance had long been passed down to the Four Ancient Families.

And the Night Watch was not strong at that time. Even Blaine was just a Half-Step Flame Decayer!

In order not to attract attention, the Four Ancient Families had not sent very powerful people to Earth. By the time they reacted, Gerald had risen.

He knew Blaine's appearance, so the moment he saw Yair's appearance, he instantly came to his senses.

And he seemed to be able to figure it out!

They invaded the Earth again and again, and most likely ended in failure.

Gerald and Carolyn were so strong that even if Nathaniel Ingram went down, there was nothing they could do.

What he didn't know was that Gerald and Carolyn had only arrived at the peak of Flame Decay a month ago.

He also did not know that Gerald's rise was actually just a matter of a few years.

However, Gerald had been in the City of Phoenix for the past year. They had been hunting down Flame Decayers from the Four Ancient Families.

Previously, they had judged that the deceased was killed by a combination of several

Flame Decayers. Now, it seemed that Gerald was the Dragon Bone, and his attributes had caused them a huge error!

At that moment, a chill ran down his spine.

According to the detection information, the Earth was just a primitive planet, but now, the people of

that

planet actually counterattacked them, and in less than a year, they forced the Four Ancient Families into a desperate situation.

“You!” He looked at Blaine, who was falling continuously in the sky, and then at Gerald, who was in front of him. He gritted his teeth and said, “No wonder you want to fight us until death!”

“Now you know?” Gerald sneered. “So, you want to negotiate with me? Go to hell!”

There was a crazy look on his face as he said, “Die? If I had known that your group would appear, I

would have directly sent a large number of people to kill you! It’s good that you came. I’ve decided to kill you, and then take the Four Ancient Clans to your planet. Since you want to die now, I’ll satisfy you, and then go and kill all the people in your planet, leaving no one alive!”

“You... You don’t stand a chance!” Gerald sneered.

The appearance of Raphael really disrupted his plan with Jacob!

But they already had a warning.

Without the appearance of Raphael, their cutting-edge combat power would have overwhelmed the other side.

The appearance of Raphael only made the Four Ancient Families draw even, or the winning rate was tilted a little.

However, Leon’s side had lost their combat power, and the other party had lost one of their ultimate levels. This was also the result of Gerald’s unexpected turn of events.

When Blaine and Hector arrived, Gerald would not hold back anymore.

Bang!

When Blaine was about to land on the ground, Vital Energy surged in his body, and he hit the ground with a backhand.

“Brat, you can’t do it without me!” He grinned at Gerald, then looked at Sauven Guerrero and the others. “Are these bastards from the Four Ancient Families?”

“Old man, I don’t have time to talk nonsense with you! You are now...”

Before Gerald could finish his sentence, Blaine interrupted him. Narrowing his eyes slightly, Blaine looked at the man and asked, “Are these the same thing as the Sauven? Or is the old man fighting Carolyn the Sauven?”

“That’s him!” Gerald replied.

“Leave him to me, and leave Arvin Ingram to Hector Ingram! You... go and deal with the rest.” Blaine said faintly.

Gerald frowned.

It had not been long since Blaine arrived at the Supreme Flame Decay, and Sauven had also been there for a long time.

“Don’t worry!” Blaine chuckled, holding the Crimson Slayer in his hand and saying, “I will kill this old man!”

While they were talking, a figure jumped up with flames all over his body. It was Hector Ingram. He jumped down from the roof and said, “I’ve already arranged them!”

After saying that, he raised his eyebrows, looked at the gloomy face of Arvin Ingram, and calmly said, “Gerald Kenneth, leave the life of Arvin Ingram to me!”

During the conversation, he looked at Arvin and said, “Mr. Ingram, you didn’t expect it, did you? I’m back!”

Gerald’s heart skipped a beat. Gritting his teeth, he could not care less. Many people would die at any second.

“Okay!” He nodded and said, “Carolyn, go hunting those Purple Elite Ghosts.”

Yes, Carolyn’s damage to Purple Elite Ghost was much stronger than Gerald’s!

Gerald could kill a Purple Elite Ghost in an instant, but he relied purely on Vital Energy. His attributes had little to no effect on the Purple Elite Ghost.

The reason why Purple Elite Ghost was powerful was that they could resolve the impact of the attribute.

Even the Purple Elite Ghost could not resist Carolyn's Phoenix Flame. She could deal a huge blow to the Purple Elite Ghost.

"I'll help you after I get rid of this old man! Faster, and minimize the casualties!" As Gerald spoke, Vital Energy exploded, enveloping all the Flame Decayer-level masters of the Four

Ancient Families. At the same time, the bronze sword swung out and circled to kill Raphael!

He wanted to fight against Raphael and all the Flame Decayers of the Four Ancient Families on his own so that Carolyn could make a move.

In the City of Phoenix, everyone was either fleeing towards the city center or hiding at home, shivering and afraid to come out!

Somewhere in the city, Triston held Vincent, who was lying in a pool of blood, and gritted his teeth and said, "Hold on! You must hold on."

Triston was not arranged to be on the battlefield. He was just at the Flame Decayer level, and he might only be able to resist a master of the Flame Decayer level. Jacob's arrangement for him was to support various battlefields and help those on the battlefield eliminate people above half-step Flame Decayer and gold-level Elite Ghost.

Vincent was injured by a saber, and he was one step late!

At this time, Vincent's aura was weak, and that saber had caused him a blow to his life! He grabbed Triston's hand tightly and blood kept spilling out of his mouth.

"I'm sorry," Triston said.

"I-I don't blame you. I-I can breathe in the fresh air outside. It's really sweet." Vincent's breathing was getting weaker and weaker.

"Don't say anything!" Triston gritted his teeth and said, "You hold on and stay alive until the war is over!"

"Can... can we... win?" Vincent asked, "Can we... win... our freedom?"

"I can win. I'm sure I can win! Gerald has never let me down, and I won't let him down this time!" Triston looked at him with red eyes.
