Chapter 131 Can You Take Out 1,600 dollars?

“Block your house?” Gerald asked suspiciously, “Why is he blocking the entrance of your house?”

At this time, a roar suddenly came from the earphones.

“Marry him! Marry him! Marry him.

“Is he proposing to you?” Gerald asked in surprise

“Yes, he is making a fuss. I told the people in the property management to drive them away, but I don’t know how they handled the property management The property management turned a blind eye,” Keira said.

“Where are Audrey and the others?” Gerald asked.

“They went out to play with Doreen,” Keira said helplessly “I wanted to sleep, so I didn’t go out I didn’t expect Reece to suddenly come to my house”

“Okay, I’ll take a look later,” Gerald said.

After hanging up the phone, Gerald re-entered Keira’s address and said, “Let’s go here

Jacob nodded and drove quickly toward Keira’s neighborhood. About half an hour later, they just arrived at the gate of the neighborhood and heard a burst of noise in the neighborhood.

After locking the car, the two hurried to Keira’s house.

Keira was also in a high-end residential area. There was quite a lot of empty space. There were already a lot of people gathered below the building where Keira lived. There were a lot of onlookers.

When Gerald approached, he heard a loud voice say, “Keira! Marry me!”

“Marry him! Marry him! Marry him!”

Next to Gerald, a group of people began to cheer, as if they were going to marry Reece.

Gerald and Jacob squeezed to the front with difficulty

They saw the scene in front of them clearly.

On the ground, countless roses were arranged in a heart shape. There were many young men and women kneeling on the ground. At the front was a fat man in a suit. Because of the high temperature, he was sweating.

He held a picture scroll in his left hand and a small box in his right hand. The box was opened at this time, and there was a dazzling diamond ring inside. The diamond ring was made of countless

small diamonds. It was obviously worth a lot of money!

And in front of them, Keira stood there helplessly

“Keira, this is Horace’s authentic work I told you before Don’t you want to collect it? This is the most expensive diamond ring I bought in Sacramento as a betrothal gift. It cost me 2 4 million dollars. Do you see how sincere I am?” Reece looked at Keira with anticipation and said, “As long as you say yes, I will definitely give you the most romantic wedding in the world!”

As he spoke, a large group of people around him exclaimed!

How rich was he to buy a diamond ring at the cost of about 2 4 million dollars?

Behind him, a girl said, “Keira, just say yes. You don’t know how many women have tried so hard to marry my brother My brother is only deeply in love with you!”

“Miss, yes, such a good family is not easy to find. Stop being picky. Just say yes to him!”

An old woman who was watching said.

Then, there was another sound

Keira was at a loss. She raised her eyes and looked around in the crowd, hoping that Gerald could come over earlier!

“if I had known, I wouldn’t have come down,” she pursed her lips and said.

There were too many people speaking just now, and the noise was quite loud. She wanted to come down and explain to Reece and let him leave

As a result, Reece did not listen at all and continued to propose. There was a large crowd of people around her, making her a little embarrassed.

She pursed her lips, looked at Reece, and said, “I have made it clear to you. I don’t like you, and I don’t want to marry you. Can you hurry up and leave?”

“If you don’t agree to marry me today, I won’t leave,” said Reece.

At the same time, he waved his hand, and the surrounding onlookers began to jeer again.

When Gerald saw this, he touched his nose and walked out of the crowd.

Because the middle part was empty, Gerald naturally attracted the attention of many people!

Many people looked at him.

“Who are you?” At this time, the woman who called Reece her brother stood up and said, “Can’t you see that this is a proposal?”

Keira also saw Gerald in front of her The nervous expression on her face was gone for no reason,

and she relaxed a lot

She didn't know when this started, but she was full of confidence in Gerald and felt that Gerald would definitely help her settle this matter

At the same time, Reece also turned his head. He looked at Gerald and frowned. "It's you?"

Gerald ignored him and walked directly toward Keira. Under everyone's surprised gazes, he reached out and wrapped his arm around Keira's waist.

Keira was stunned at first, then her face turned slightly red. However, she very cooperatively held Gerald's arm

Gerald glanced at Reece, then at the stunned crowd, and said with a smile, "Let's go home!"

"Damn, so she has a boyfriend!"

"This is so embarrassing!"

In the crowd, there was a burst of discussion, which made Reece so embarrassed

He gritted his teeth and said, "Stop right there Keira, stop lying. He can't be your boyfriend. How can you like such a rapist?"

The crowd that was about to disperse stopped again and looked over curiously

Gerald did not intend to pay attention to Reece, but Reece quickly ran over. When the people he brought saw Reece move, they also ran over and surrounded Gerald and Keira.

"This person is a rapist who raped a girl nine years ago," Reece shouted at the crowd.

Nine years was too long. Other than some specific people, no ordinary person would remember this.

Of course, they could not help but point at Gerald.

Gerald shrugged his shoulders. He held Keira's waist and looked at Reece and said, "No matter what I was like before, it doesn't stop me from being Keira's boyfriend now. Hurry up and get lost. Don't come and harass Keira anymore."

When he said this, Reece was so angry. "Fuck!

"Kera, don't be deceived by this kid. He has no money at all. I investigated him. His father is just a jobless person in the Universe Group. He doesn't do anything and just gets paid a little. Gerald is now Leandro's assistant. He must have helped Leandro to bid that day. He has no money at all,"

Reece quickly said.

"I have earned enough for myself I like Gerald. Don't come and harass me in the future," Keira said.

Reece was stunned and looked at Gerald in shock.

Gerald made a helpless expression at Reece as if saying that she liked him and he couldn't change it!

"Keira, this kind of incapable man cannot live with you forever," the younger sister of Reece quickly said. "Keira, you dump him and marry my brother!"

On the other hand, Reece let out a breath. He looked at Gerald and said, "I'll give you 800 thousand dollars. Leave Keira!"

Gerald raised his eyebrows and looked at him with a smile. "I'll give you 16 million dollars. Get out. of here immediately!"

"Humph, you are really hilarious. Can you take out 1,600 dollars?" Reece's sister sneered and said, "Keira, as you can see, Gerald only talks nonsense. This kind of man can't be trusted!"

Gerald raised his eyebrows and asked, "What if I take it out? If I take it out, will you run around this neighborhood naked?"

"Then what if you can't take it out? If you can't take it out, will you break up with Keira?" Reece's sister sneered and said, "If that's the case, I agree!"

Gerald touched his nose and smiled at her

"You are scared?" She sneered

Then, she saw Gerald fumble in his pocket. Then, Gerald took out a blue card and threw it directly. in front of her! It fell to the ground.

"Diamond

diamond card "The pupils of Reece and his sister shrank at the same time!

At the same time, Gerald's voice rang in their ears. "You can start taking off your clothes."

Chapter 132 Get It On!

There were dozens of people gathered in front of Keira s house. They were all watching curiously

Outside

Inside, Reece and his sister were both shocked when they stared at the blue card on the ground!

Gerald, the rapist who had been in prison for nine years, the one who had nothing, actually had the Diamond Card from New Bank.

As a paradise for the rich, New Bank had a great influence on the domestic economy This was not just about the financial industry New Bank had been involved in all kinds of businesses. In terms of the business empire hidden behind the scenes, New Bank was undoubtedly one of the largest

business empires!

Reece and his sister knew very well what the Diamond Card meant

The Saxton family was unquestionably rich. They did have tens of millions of properties. And they owned the name as the top antique dealer in the country

While compared to the Diamond Card from New Bank, it was still nothing.

“How can it be? It can’t be yours,” Reece questioned in horror.

Gerald ignored him but turned to Reece’s sister.

Reece’s sister was called Marin Saxton. At this time, she was wearing an extremely gloomy face.

Gerald said with a smile, “It doesn’t matter where I got this card. But with this card, it won’t be difficult for me to take out 16 million dollars. You can fulfill your promise

“No one knows where your card came from,” Marin sneered and said, “How can you prove that this card is yours?”

Gerald stood still and looked at Marin with a half-smile.

Marin’s face turned ashen. Right! The Diamond Card from New Bank will definitely not be given to nobodies. Besides, Keira works at New Bank! I shouldn’t have asked that question.

Reece gritted his teeth and said, “Don’t take such a stupid joke seriously.

“So, you can get lost now Otherwise, I will take down your family I can totally support another family to compete with you for the market share. You won’t be able to take it!” Gerald said calmly.

People could mobilize hundreds of billions of funds in New Bank with the Diamond Card.

Since the Saxton family held a very high status in the antique industry, it might be difficult for

Gerald to take it down immediately But if he did try to snatch the market share, the Saxton family would inevitably suffer from a great loss.

Cold sweat appeared on Reece s forehead!

He thought of all the disdain he had for Gerald before If Gerald did make it come true what he said. just now, Reece would be the sinner of the family

“Also, stay away from Keira in the future. Understand?” Gerald said indifferently

As he spoke, Gerald held Keira’s waist and walked to the nearby elevator Then he pressed the button and walked in!

Gerald no longer took a look at Reece and the others.

Reece was a businessman and knew how to weigh the pros and cons. After this, Gerald believed that Reece would not continue to harass Keira.

Walking into the elevator, Gerald found that Keira blushed.

“What is it?” Gerald asked.

“Only you and I are here now,” Keira said with her head bent, “You can let go of me.”

Gerald was stunned. He removed his hand from Keira’s waist. Then, he rubbed his nose. He coughed and changed the topic. “He won’t come to you anymore.”

“Thank you,” Keira looked at Gerald gratefully and said, “I am the one that takes charge of the service for you, but you have helped me a lot since we met. You have given me a birthday gift as well as such a precious thing. This time, you even helped me get rid of Reece. All I want to say is

‘thank you’ ”

“We’re friends. That’s what a friend should do. No big deal.” Gerald smiled and waved his hand. “By the way, I also need you to do me a favor”

“Huh?” Keira asked, “What is it?”

“Tell Sterling to stop the cooperation between the Kenneth Group and New Bank’s businesses in Sacramento under the condition that the interests of New Bank will not be harmed,” Gerald said.

Keira was shocked. She looked at Gerald in surprise and said, “So it’s on? The revenge on the Kenneth family?”

As they talked, the elevator arrived at the ground floor. The two walked out of the elevator. Gerald touched his nose and nodded. “I have found out the truth about what happened nine years ago, The Kenneth family was heartless to me, so I won’t let them off.”

“But!” Keira said worriedly. “The Kenneth family has their businesses all over the country...”

Gerald smiled and said, “How do you know that I have no business empire behind me which is stronger than theirs?”

Keira looked at Gerald in amazement

She did not doubt Gerald’s words.

In her eyes, Gerald was extremely mysterious. Even now, she still couldn’t figure out Gerald’s background. She did not know why Gerald had the Diamond Card.

She was even used to the shock Gerald brought her!

After he opened the room, Gerald sat down. Then he took out his phone and called Leandro once again

Soon, on the other side of the line, Leandro picked up the phone and asked, “Hey, what’s up?”

"I found out what happened nine years ago," Gerald said.

"Huh?" Leandro asked, "Who did it?"

"Several families are involved. Of course, the real mastermind is the Kenneth family. Contact that side and calculate how many assets I have all around the world. At the same time, contact Dr. Manning and ask her to help," Gerald said calmly. "Then begin the revenge on the Kenneth family!"

Leandro pondered, "Even so, it is difficult to make the Kenneth family fall. They had a strong foundation."

"I know," Gerald touched his nose and said, "I just need to wait for the weekend. I have control over the key witnesses. Everything I do is to tell the Kenneth family that since they chose to target me and sacrifice me, they will have to pay the price! I don't know business. You will take charge. The Kenneth family will hold the end-of-year meeting next week. So make them suffer the greatest loss.

this week. I want to see them cry at the end-of-year meeting!"

On the other side, Leandro licked his lips and said excitedly, "OK. Leave it to me. I will make the Kenneth family cry!"

At the same time, in the Kenneth's house in Sacramento...

The whole direct line of descent of the Kenneth family lived in the Kenneth's huge house. In one of the study rooms, Holden was now sitting there. Cole and Ricky were standing beside him.

Holden waved his hand and said, "Ricky, go out for a while."

"Dad, you need to teach Gerald a lesson. He had put on airs in front of me that day. I am so angry," Ricky said.

"OK. I will," Holden said. "By the way, get rid of your green hair. I don't like it at all!"

"This is art!" Ricky said.

Holden glared at him coldly.

Only then did Ricky shrug his neck and say, "As long as you help me teach Gerald a lesson, I will immediately do what you told me to!"

Cole patted Ricky's shoulder and said, "OK. Just go out. Dad and I have something to discuss."

"Oh!" Ricky nodded and left the room.

After Ricky left, Cole turned to Holden and said, "Dad, how is it? You still can't get in touch?"

"No."

Holden said, "Last night, he said that he would call us after the matter was settled, but he never contacted us. Today, I have called him countless times, but he didn't pick up! My people have checked several of his houses, but we didn't find him. I'm afraid something happened to him."

Cole frowned and asked, "Then what should we do?"

"Just wait and see," Holden said. "Maybe he has just gotten carried away with girls last night and hasn't woken up yet

Cole nodded and said, "That's all we can do now

At the same time, in the Dobbin's house in Sacramento, a grey-haired old man was looking at Koen. whose head was covered in gauze.

Seemed not affected by his age, the old man was in high spirits and good health.

This person was Darian, a person with an extremely high status in Sacramento, and also the owner of the New Bank Diamond Card

"Grandpa, you have to help me. Gerald is Leandro's man. No matter what, you have to make him kneel down and apologize to me," Koen said in a tearful voice

Chapter 133 A Traitor in the Night Watch

A young girl with a hot figure was in the room. She glared at Koen and said, "You deserve it. You have been practicing with grandpa for so many years, but you can't even beat an ordinary person. Instead, you are beaten up like this."

The one who spoke was Koen's younger sister, Clare Dobbin.

She was not the kind of girl with a very hot figure, but she looked very well-proportioned. Her hair was tied in a ponytail, and her skin was tanned, fair, and elastic.

Darian sat beside them. He looked at Clare, then looked at Koen and said, "He is Leandro's man, right?"

Koen nodded and said, "Yes, his relationship with Leandro is definitely not simple. Moreover, it's not that I can't beat him. He seems to be born with strong strength. I was supposed to sneak attack him, but he suddenly pressed my head against the ground. He is very strong, and I couldn't react at all."

Darian let out a breath and said, "He bullied the descendants of the Dobbin family. No matter who he is, we have to let them pay the price. Clare, take my Diamond Card to Universe Group to see Leandro on Monday and tell him to make up for it. If he is unwilling to apologize, let him consider the consequences."

Clare mumbled, "Alright, I understand

Koen, who was lying on the sofa, had a look of ecstasy on his face and sneered. He had already thought about how he would humiliate Gerald.

Gerald did not know all of this. He stayed at Keira's house for a while, and then Audrey called Keira and asked her to go out for fun.

Keira asked Gerald to go with her, but Gerald did not plan to go. If he went over, he would have to eat dinner with them. But Valery and Macy would arrive in Sacramento tonight. He had to receive them

Keira left by herself Gerald called Jacob, who picked up the phone and immediately scolded, "Shit' You don't care about your friends when you are with girls.

Gerald scratched his head

Just now, they arrived at the community together Gerald ran over to help Keira, while Jacob stood there and watched them. Later, Gerald and Keira went upstairs together

Jacob originally called Gerald, but Gerald happened to be calling Leandro at that time, so he missed Jacob's phone.

"Two hours. Amazing," Jacob said again a moment later

Gerald was speechless. He knew that Jacob was thinking something dirty Gerald cursed and said, "Dont talk nonsense I just stayed at her house for a while and came over to help her by the way. Have you gone back?"

"Yes, I'm already back. Are you coming over?" Jacob asked

"No, it s fine if you go back," Gerald said. "I was just afraid that you were still waiting for me downstairs, so I called to ask

"Fuck you," Jacob cursed, "you bastard. You only thought of me after you had a good time"

Gerald touched his nose. He knew that he couldn't explain it clearly, so he didn't take that to heart and hung up the phone.

Then he contacted Valery and confirmed when she would arrive After that, he ran to an internet café to play games for a while

At nine o'clock in the evening, Gerald walked out of the internet café An off-road vehicle was parked outside the café Macy smiled sweetly at Gerald, "Get in the car "

Gerald nodded He looked at Valery and said, "Dr Manning, I haven't seen you for a long time. I miss you very much."

She still looked cold and asked, looking at Gerald, "Have you found Watchman No. 2?"

Gerald nodded.

"Give me her contact information," Valery said.

Gerald shook his head. "That won't do. Watchman No. 2 doesn't want to go back now. She still has things to do."

Valery started the car. She looked at Gerald through the rearview mirror and said, "Since we have found her, we should let her go back."

"We have to get revenge for what happened three years ago. Watchman No. 7 can't die in vain. We can't let those who were involved in that event escape. Watchman No. 2 and I are in the city. If the two of us cooperated, we would slowly get rid of the people one by one," said Gerald.

Valery frowned slightly. Seeing that Gerald was unwilling to tell her where Watchman No. 2 was,

Gerald asked, "Oh right, why did you come to Washington this time?"

Valery nodded. "Well, the Hermit has appeared."

Gerald narrowed his eyes and asked with a hint of killing intent, "Really?"

For the Watchmen, the Hermit was the one who brought them the greatest pain.

The Hermit was the top killer on the underground killer list, and his strength was extremely terrifying.

The most important thing was that he was one of the Watchmen, and he enjoyed an extremely high position at that time.

The Hermit was still a child when the seniors of Night Watch picked him up by the roadside. He showed extraordinary talent from a young age. When he was 32 years old, he became Watchman No. 0 in Night Watch. So he was more than ten years earlier than Gerald joining Night Watch and

was his senior.

Later, for some reason, the Hermit suddenly turned traitor. He left Night Watch and became a killer, and soon he became one of the top killers on the underground killer list.

He rarely made a move, but when he did, there must be important people who died.

He was very mysterious. No one knew where he was or when he attacked. Therefore, the people of the underground world called him the Hermit.

Of course, Gerald knew his name, and he was Dax Wynger.

All Watchmen knew his name. Every person who became Watchman No. 0 was tasked with killing Dax.

Gerald and Triston were also tasked to do so.

During the period when Gerald became Watchman No. 0, Dax also attacked several times. But after that, he would disappear and could not be found.

“He attacked someone in Sacramento?” Gerald asked.

“No, I learned it from Blood Lotus. Dax and Franklin cooperated. Their goal was to control the Maddox family in Washington. They want to kill a girl who is still a student. Her name is Ingrid Maddox,” Valery explained.

Gerald’s expression changed slightly

The Maddox family was a first-class aristocratic family in Washington, and it was different from the Kenneth family. The Maddox family was not only powerful in business, but their core figures also worked in the underground world.

Gerald asked in surprise, “Ingrid?”

“Huh? You know her?” A cold smile appeared on Valery’s face

“I think I’ve seen her before She studies drawing, right?” Gerald asked.

“Tsk tsk. Dr Manning, you are right Gerald always hooks up with beautiful girls,” Macy said

Valery snorted coldly

Gerald looked embarrassed and hurriedly said, “It was a big misunderstanding. When I was in Sacramento, I coincidentally met Jessica and Daphne from Goldsun Group Daphne invited me to be a model for her Coincidentally, Ingrid and she are best friends. She was also there at that time.”

“Well, mother and daughter. How impressive,” Valery chuckled.

Gerald was stunned and hurriedly said, “Dr. Manning, you have to keep in mind that you are the only one in my heart But you have never paid attention to me.”

Valery smiled and said, “I didn’t feel it at all. Let’s get down to business. If they want to control Ingrid, it is very likely that Blood Lotus will send Dax to do it The Maddox family sent a master to protect Ingrid, but we are still not at ease. If we let Blood Lotus cooperate with the Maddox family or control the Maddox family, it will be big trouble for us.”

Gerald asked, “So?”

Valery said, “Triston went out on a mission and won’t be able to return in a short period of time If Dax appears, you have to rise to the occasion.”

“This is my mission,” Gerald said as he rubbed his nose.

In Gerald’s heart, he was still Watchman No. 0. As for Triston, he was just a green hand.

Valery nodded. "By the way, have you found out the truth nine years ago? Are you planning to attack the Kenneth family?"

Gerald nodded.

"I will do my best to help you." Valery nodded calmly

Chapter 134 An Encounter

Gerald chuckled when he heard what Valery said.

Gerald had already obtained the name list of several families who had participated in the event from Stephen.

For Gerald, the real challenge was the Kenneth family and the Zumthor family. Blood Lotus was behind the Zumthor family.

But now, on behalf of Blood Lotus, Red Rose was in charge of Sacramento's affairs. Right now, Red Rose and Gerald were in cooperation. It should not be difficult to ask Red Rose to ignore the Zumthor family. The Zumthor family would be easy to deal with if Blood Lotus no longer helped them. The most difficult thing was dealing with the Kenneth family!

Gerald did not want the Kenneth family to go bankrupt. It was not realistic to completely make the Kenneth family go bankrupt. After all, the Kenneth family had developed for many years.

However, Gerald wanted the Kenneth family to suffer a loss this week. No matter what, at the very least, Gerald had to make the Kenneth family lose a large amount of money!

Gerald's chance was on the weekend! The Kenneth family's end-of-year meeting would be held!

Their end-of-year meeting was different. The Kenneth family would conduct the end-of-year meeting in the middle of June. They would usually invite many large companies in Sacramento to attend their meeting.

At that time, Gerald would appear with Stephen and reveal the truth to the public.

At that time, it would be a good time to teach the Kenneth family a lesson.

After Valery drove into a community and parked the car in the garage, Valery said, "Go. Macy and I will live here for the time being!"

Gerald nodded and chuckled. "The house should be big enough. After I explain to my family, I will also move over to live with you."

"Up to you! I don't care!" Valery said.

"Help me move these things!" Valery said as she stopped the car

Her trunk was filled with some medical supplies. Gerald helped her move them upstairs.

Their house was quite large. It was not a big problem if Gerald moved in!

After a simple cleaning, Valery sat down on the sofa. Gerald pondered and asked, "By the way, I heard from Dennis that you had a bad time with those old men and women. What's wrong?"

"It's none of your business!" Valery glared at him.

Gerald scratched his head in embarrassment.

After staying at Valery's for a while, Gerald left. He inquired about the exit and walked towards the entrance of the community.

"Gerald!" Just as Gerald walked to the entrance of the community, a voice suddenly sounded behind him.

Gerald looked back and saw a beautiful long-haired girl running towards him. The girl said, "Wow, it's really you. I followed you for a long time. I thought I made a mistake!"

Gerald was also stunned.

The girl in front of him was Ingrid.

Gerald touched his nose and asked, "Don't you live in school?"

Ingrid said, "No. The school's dormitory is uncomfortable. My school is near here. So my parents bought a house in this community. As for you, what are you doing here?"

Gerald was speechless. He finally knew why Valery and Macy chose this place. Ingrid lived in this community. If there was any accident, they could provide support immediately.

However, Gerald was still surprised. Ingrid was from the Maddox family, and her family was so rich. Gerald didn't expect that Ingrid's parents would actually buy a house here just because the community was near Ingrid's school.

"I came to see the house, and I will move in here later," Gerald said with a smile.

Ingrid was stunned, and then asked in surprise, "Really?"

Gerald nodded.

"That's fine. We'll be neighbors in the future. In order to show the friendliness of neighbors, I'll treat you to a meal. Would you like it?" Ingrid smiled, revealing her white and neat teeth!

Gerald nodded "No problem!"

Ingrid smiled, "Then come with me. There is a super delicious kebab shop outside my school!"

As she spoke, she led Gerald to the school!

Ingrid studied at California State University. Her major was arts. Many famous artists graduated

from this university

It had been nine years since Gerald last came to California State University. When he passed by the entrance to the university, he could not help but sigh in his heart.

Ingrid pulled Gerald to the kebab store and then ordered a lot of food. As she nodded, she said, "Let me tell you, this kebab restaurant is the best outside our school."

Gerald smiled. This restaurant had been open for many years. When he was still in school, the business of the restaurant was quite good. But at that time, he did not come to eat often because Doreen did not like to eat these things.

But the taste was really good. He looked at the kebab and thought of Carolyn. If she came, she would definitely eat lots of kebabs.

After sitting down, Ingrid smiled and asked, "Gerald, you have been a soldier before, right?"

"Huh?" Gerald asked in surprise, "Why do you think so?"

"When you were a model that day, you sat for more than an hour without moving. If you had never been a soldier, you wouldn't have this kind of willpower. Or maybe you have practiced martial arts before," Ingrid said.

Gerald looked at Ingrid, and his expression changed slightly.

He thought, this little girl comes from the Maddox family, so she should have practiced martial arts. Maybe her skills are better than Hazel's.

"Sort of," Gerald touched his nose.

At this time, Ingrid said, "I just know! But Daphne did not believe it

Ingrid asked again, "Is the one who called you that day your girlfriend? After you left, Daphne was sad for a long time!"

Gerald said speechlessly, "I don't believe you. She's not my girlfriend, just a friend who has been missing for a long time. I don't have a girlfriend."

"Ingrid!" At this time, Gerald heard a voice "Ingrid, why didn't you call me when you came here to eat kebab? I'll treat you!"

Gerald saw that Ingrid put on an impatient look. Then he turned to look and found a tall and handsome young man in a basketball uniform standing beside him. When Gerald saw the young boy, he also saw Gerald. Then the young boy frowned and asked, "Who are you, and what is your relationship with Ingrid?"

Ingrid said impatiently, "It has nothing to do with you! Don't stand in front of us, okay!"

The young man ignored Ingrid. He looked at Gerald and raised his hand, saying, "Get up and then get away from Ingrid. Do you understand?"

"Reagan, are you insane?" Ingrid glared at Reagan Carey and shouted

Reagan still ignored Ingrid's threat. He looked at Gerald and said, "Hey! Do you hear me? Look at yourself! You don't deserve to eat with Ingrid Get up now Do you understand?"

His loud voice quickly attracted the attention of the crowd.

"Isn't that Ingrid, the most beautiful girl in our school?"

"Who is the person opposite her? He actually dares to eat with her Reagan is also there!*

This guy is probably finished! Someone who had a good relationship with Ingrid would be beaten up by Reagan.

"Yes, Reagan's family is rich. And they have power. No one dares to provoke Reagan in Sacramento?"

Reagan was from the Carey family, and he was Arnold's younger brother

Hearing the gossip, Gerald figured out what was going on.

He smiled and glanced at Reagan. "Can't you see that Ingrid doesn't like you and even hates you""

Reagan said indifferently, "That is our business. Don't talk nonsense with me. Get up and get out of here"

Gerald touched his nose, then raised his head and looked at Reagan with a smile. It seems that your teachers did not teach you well!"

"Are you going to get lost or not?" Reagan's face darkened. He glared fiercely at Gerald. He did not care about the gazes around him Reagan directly picked up a stool next to him and pointed at Gerald with one finger Reagan asked, "I'll ask you again Get lost or not?"

Ingrid's expression changed slightly and she was about to say something'

A voice sounded from the side "Put the stool down!"

Gerald looked over and saw Arnold running over from the crowd in a panic Arnold grabbed

Reagan's hand and said, "Hurry up and apologize!"

Reagan and the people around were all stunned at this moment

Chapter 135 Are You Hiding Something From Me?

Gerald and Ingrid were sitting at a kebab shop not far from the entrance of California State University Ingrid looked at Arnold, who rushed out in surprise and did not know what was going

1.

Arnold just played basketball at California State University Then, he asked Reagan to order something at the kebab shop while he put the ball in the car Later, Arnold came over and saw Reagan having a conflict with someone!

At first, Arnold didn't care. It was common for them to bully people.

But when Arnold saw that the person sitting there was Gerald, he was so scared

In fact, after he returned home and told his father about this matter, Javier had a different reaction from that of the Dobbin family after he heard that Gerald knew Leandro.

The Dobbin family wanted to question the Universe Group!

However, Javier never dared to provoke Leandro. Arnold was beaten up by Javier, and Javier even asked him to go to the Universe Group on Monday to apologize to Gerald!

But before Arnold apologized, Reagan picked up a stool and was about to hit Gerald

Arnold thought of Koen, who had provoked Gerald. He knew that if Reagan hit Gerald, Reagan might get a worse consequence. Arnold hurriedly stepped forward to stop Reagan. "Reagan, apologize to Gerald!"

Reagan was stunned. He looked at Gerald and said, "Arnold, are you crazy? You want me to apologize to such a fool? Why are you so timid.

"Smack!"

When Arnold heard his words, he slapped Reagan in the face Then, Arnold hurriedly smiled at Gerald and said, "Gerald, my younger brother was arrogant and stupid. He didn't speak properly Don't take it to heart""

Gerald looked at Arnold and Reagan with a smile, saying nothing.

Arnold's expression changed slightly Then, he whispered something into Reagan's ear Reagan. was shocked. "He is Gerald"

Arnold nodded and said, "So hurry up and apologize Cut the crap. If you have any grudges against him, deal with it later Now, don't provoke him!"

Although the kebab shop was very noisy and their voices were low, Gerald heard everything clearly

Gerald smiled secretly and did not care about it

Around them, many students of California State University were watching. Reagan was embarrassed, but he still hurriedly said, "Gerald, I'm sorry I didn't recognize you just now. I was too

impulsive just now I hope you can forgive me!"

Gerald waved his hand and said, "I just want to enjoy the kebab It's okay Get away

The surrounding students of California State University were all shocked.

After all, Reagan was fearless at California State University, and he didn't even respect the teachers and headmasters of the school. Now he actually apologized to Gerald

Moreover, Gerald, who was sitting there wearing ordinary clothes, looked impatient. They could not help but wonder who Gerald was.

Of course, no one answered them.

After apologizing, Reagan heard the discussions around him. He felt that he could not stay in this place anymore and left with Arnold quickly.

At this time, the kebab was also brought to the table. Gerald and Ingrid began to eat

The farce ended, and the onlookers dispersed.

When everyone left, Ingrid looked at Gerald and asked suspiciously, "Gerald, what exactly are you doing? Arnold is actually afraid of you! He and his brother are notorious. Their family used to be in the underworld in Sacramento, and they are actually afraid of you!"

Speaking of this, Ingrid revealed a smile and said, "Tell me, why are they afraid of you?"

"Just eat the kebab." Gerald didn't want to talk about it.

Ingrid's eyes lit up slightly She looked around and then said carefully, "You are not from the underground, are you?"

Gerald was surprised He did not expect Ingrid to know about the underground However, he showed a blank look and said, "What do you mean?"

"Tsk, boring Ingrid curled her lips.

After they finished their meal, Ingrid went to settle the bill and said, "Let's go. Do you want to go to school for a walk?"

Gerald looked at the time. It was already past ten o'clock in the evening. He shook his head and said, "Forget it. I have to go home soon."

If not for the fact that someone had been following Gerald, Gerald would not mind walking with her. However, he could not stand the feeling of being followed.

In fact, from the moment they left the community, Gerald had felt that there was a person following them all the time. Gerald guessed that the Maddox family had called someone to protect Ingrid, so he did not say anything.

However, he did not like the feeling of having someone staring at him from behind.

"Alright, then I will go back. In the future, we will become neighbors. Friend me on Line When you have time, we can often chill together, maybe with Daphne," Ingrid said with a smile

Gerald nodded and friended her After seeing Ingrid off, Gerald did not go home Instead, he took out his mobile phone and called Carolyn!

The Hermit might have something to do in Sacramento, so he had to tell Watchman No. 2.

The call connected very quickly, and it was very noisy on the phone. Carolyn asked, "What's the matter?"

"Where are you? I have something to tell you," Gerald said.

“I’m at Flame Bar “Carolyn nodded.

“I’ll be right there.” Gerald nodded.

Soon, he arrived at Flame Bar This was the third time he had been here

This time, no one stopped him at the door. He walked into the bar

Inside the bar, the lights flickered and loud music continuously resounded. Gerald looked around.

Soon, he saw Carolyn. Beside her were two men holding wine glasses!

Gerald frowned slightly and secretly felt worried about the men.

“Miss, have a drink with us.”

“Friend us on Line!”

Gerald quickly walked over and patted their shoulders.

The two men turned around. When they saw Gerald, they frowned and said, “What is it?”

“I just want you to stay away from my woman,” Gerald smiled at them.

As he spoke, he held Carolyn by the waist. Carolyn leaned on Gerald naturally.

The two men frowned and said, “Boring!”

When they left, Gerald released Carolyn and said with a smile, “What do you plan to do if I don’t come?”

“Just give them a beating What else can I do?” Carolyn held a glass of wine and said with a smile,

“What do you want to tell me?”

Gerald looked around, then called the waiter and said, “We need another seat!”

They chose a remote seat Gerald frowned and asked, “Why did you come to a bar? Don’t you hate this kind of place the most? Is there a target here? Do you need me to help?”

“It’s just a piece of cake I can do it Why are you looking for me?”

Because it was very noisy in the bar, they had to be very close to each other

Gerald let out a breath and looked around. Then he leaned over and whispered in Carolyn’s ear,

“The Hermit has appeared. He is cooperating with Blood Lotus. He wants to attack a girl in

Sacramento from the Maddox family

“What?” Carolyn frowned and asked, “Really?”

“Yes!” Gerald nodded and said, “Now Dr. Manning and the others have also arrived in Sacramento.

She asked me for your phone number!”

Carolyn frowned. "You gave them my phone number?"

"I gave it to her. She probably has something to talk to you about She may not be able to fight. against the Hermit and will probably ask you for help," Gerald said.

Carolyn said calmly, "Before I take revenge, I will not go back, nor will I deal with anyone in the Night Watch."

Gerald's expression changed slightly He felt that Carolyn was a little strange. He thought for a while and asked, "Watchman No. 2, are you hiding something from me?"

Carolyn's expression changed as she looked at Gerald.

At the same time, in the private room on the second floor of the bar, the window of one of the private rooms opened. The windows on the second floor of Flame Bar were fitted with soundproof glass. If the windows were opened, one could feel the atmosphere on the first floor. If they closed, it would be very quiet inside. And from the position of the second floor, one could see most of the places on the first floor clearly.

In this private room were Audrey, Doreen, and the others.

At this time, Audrey opened the window and looked down. Suddenly, her eyes moved slightly as she saw Gerald and Carolyn not far away. She also saw them talking very intimately She could not help but frown slightly.

Chapter 136 Yes, I Can

"Humph, this guy is indeed a pervert. He actually came here to find a girl," Audrey pouted and snorted.

Seeing Audrey muttering, Doreen asked, "What is it?"

"Gerald and a woman are so lovey-dovey There's something wrong with Gerald," Audrey muttered.

Hearing her words, the girls in the room stood up curiously and then ran to the window.

"Shh."

Because they were standing by the window, the people below could also see them. They were. eye-catching.

Doreen, Keira, Audrey, and Hazel were very charming. When these four beauties appeared in the bar, men would all fall for them.

A booing sounded below.

Keira clearly saw Gerald and Carolyn below. She frowned and said, "It's her?"

Doreen asked, "Do you know her?"

Keira pondered for a moment and said, "I don't know her. When she came to my bank to handle

business, I offered service to her ”

The employees of New Bank would keep the user’s identity with the Diamond Card. If the person holding the Diamond Card was not willing to be exposed, then the employees would not say a word.

As for Darian, who was willing to expose himself, she would do as he wished.

Doreen frowned and said, “Audrey, go and call them up to play together.”

Audrey nodded. “Alright.”

Gerald was looking at Carolyn seriously

Carolyn’s reaction really surprised him.

It seemed that Carolyn did not want to contact Watchmen at all.

Carolyn was even unhappy that he gave Valery her number. Gerald did not expect that

It was not that Carolyn did not want to go back, but

she didn’t want to contact Night Watch..

Thinking of the Hermit who had once betrayed the Night Watchmen, Gerald was a little worried about what had happened to her in the past three years, so he asked, “Are you hiding something from me?”

Carolyn paused for a moment, then wrinkled her nose and said in surprise, “No Why did you suddenly ask that?”

Gerald understood Carolyn’s personality too well. They joined Night Watch at the same time and stayed in the same team for six years until something happened three years ago

She would wrinkle her nose when she lied.

However, Gerald also knew that she was very stubborn. As long as she did not want to say something, she would definitely not say it.

He remembered that when Dennis heard that he had found Carolyn, his face was also filled with astonishment. He found some connections between these matters.

Carolyn and the Night Watch should be hiding something from him.

Carolyn and the Night Watch did not tell him, which meant that the matter was related to him.

Gerald did not ask Carolyn. He knew that if she was unwilling to say it, she would not say it no matter how much he asked her

“I just feel that you are a little strange,” Gerald said. Then he held Carolyn’s shoulder and said, “Watchman No 2, remember, no matter what happens, I hope that you can tell me. I am stronger than

you and used to be the captain of our team When we return to the Night Watch, I will still be your captain of the strongest team So I hope if you have any concerns, you can tell me. I will bear it with you.”

When Carolyn heard Gerald’s words, she was close to tears. She nodded and said, “I know, but I’m fine.”

Just as Gerald wanted to say something, a voice sounded behind him. “Gerald, what are you talking about? Night Watch? Captain? The strongest team?”

Gerald and Carolyn were shocked at almost the same time Gerald suddenly turned his head and found that Audrey was standing next to the seat when he was not paying attention, looking at him curiously

Damn it Gerald cursed in his heart

There were many people in this bar, and it was very noisy. He thought that no one would be so bored as to listen to his conversation with Carolyn. He did not pay much attention to his surroundings just now, but he did not expect that someone was listening to them.

“Why are you here to eavesdrop?” Gerald rubbed his nose

Audrey sat down next to Gerald and said, “Doreen and I are playing in the private room on the second floor They saw you and planned to ask you to go up and play with them. I just came over and thought you were flirting with someone, so I didn’t disturb you.”

At this point, Audrey glared and said, “Don’t change the topic Answer my question.”

Gerald was vexed

Audrey was very curious. They got to know each other because she had been curious about how Gerald saved Bradley and constantly pestered him in Los Angeles.

Now that she heard this, she would insist on knowing the answer

Gerald was in a dilemma. He coughed and said, “Alas, you think too much. Let me introduce you to each other This is Carolyn, my best friend. We were talking about the day when I worked as a security guard with her. At that time, I was the captain of the security team, the best security guard in our team.

“Come on,” Audrey said. “Gerald, you are really good at talking nonsense. This beauty has business in New Bank. How could she be a security guard with you?”

“She just wanted to experience different jobs and have fun.” Gerald rubbed his nose.

“Hurry up and tell me ” Audrey pulled Gerald’s arm. “I beg you, just tell me. Who exactly are you? You are so mysterious. What can’t you just tell me?”

Gerald was about to explode. He hurriedly changed the topic and said, “Didn’t Doreen ask us to go.

up and play? Let's go. Let's go up."

As he spoke, he dragged Audrey to stand up. Audrey grabbed Gerald's arm tightly with all her might. She said, "No, you have to make it clear. I beg you."

Seeing this, Carolyn could not help but reveal a smile. Then she stood up and followed Gerald upstairs.

Some men in the bar saw that there were two beauties beside Gerald and one of them was hanging on Gerald. Their faces were full of envy.

Soon, they arrived at the second floor. Gerald asked, "Which private room?"

"I won't tell you. Tell me what you mean just now." Audrey released Gerald's arm with a pout.

"If you don't want to say it, then I'll leave." Gerald shrugged and pretended to walk down.

"Gerald." At this time, the door of a private room suddenly opened. Hazel poked her head out and said, "We are over here."

It had been a long time since Gerald had seen Hazel, Gerald smiled and walked over.

Audrey stomped her feet in anger and followed him into the private room.

The private room was extremely quiet. There were many fruit plates and other things inside. The window had already been closed and there was no sound inside. The private room was like a KTV room and they could sing inside.

Doreen looked at Carolyn beside Gerald. She frowned slightly and then said to Gerald, "Thank you for the matter with Henley."

She knew that Gerald was the one who had delayed her engagement with Henley.

And now, the Cousy family had chosen to beg the Kenneth family and give up on the Zumthor family. This also meant that Doreen's engagement with Henley was over.

After Gerald gave a simple introduction, they sat down on the sofa.

As soon as he sat down, the door of the private room was suddenly pushed open. Armand came in with a bottle of wine and said, "Beauties, I'm here to..."

As soon as he said this, he saw Gerald, and he instantly flared up. "Gerald, you actually dare to come here!"

Doreen frowned and said, "Armand, don't be angry. Audrey and the others are his friends. It is fine for him to come and play."

Armand frowned and said, "This guy is a rapist. Audrey, stay away from this kind of person."

He stared at Gerald and said, "Get out of here, or you'll know the consequence."

Carolyn's face flashed with anger Gerald smiled at him, stood up, and said, "Armand, some things are not what you see I said that I was framed back then."

"Humph, frame? The witness and material evidence are all there. Who framed you? Is that video fake?" Armand said with a snort

"Whether it is fake or not, you will know on Saturday At this point, Gerald said lightly. "Also, let me tell you, don't put the hope of the family on the Kenneth family. The Kenneth family will soon be busy with their own affairs."

"Busy with their own affairs?" Armand said disdainfully "The Kenneth family is so powerful. How can they fail to deal with their affairs? Do you think you can change everything just because you returned to Sacramento?"

Gerald raised his head and smiled at him, "Yes, I can."

Chapter 137 The Phone Keeps Ringing

"Yeah, me." Gerald touched his nose and looked at Armand.

Stunned, Armand put on a disdainful expression. "This is the biggest joke I have ever heard in my life. How can you land the Kenneth family in trouble? Are you going to count on your father, who has no power in Universe Group? Or are you going to do it yourself? A man who was released from prison?"

Gerald smiled and said lightly, "You will know on Monday I just want to remind you that if you have a brain, go see what industry in your family is engaged in that has conflicts with the Kenneth family. Think of a way to seize the market before next week. Your family to survive the crisis."

Gerald continued coolly, "Next week, Sacramento will reshuffle

This was also a reminder from Gerald that he did not have too much hatred for the Cousy family

Based on what Stephen said, Bree was also one of the victims.

The Cousy family was not part of it. Everything they did later was only because Bree was raped.

But Armand still did not believe him, even though Gerald was so confident

The Kenneth family might not be as influential as the Dobbin family in Sacramento. Yet in terms of business, they were massive. It was almost impossible to grab their market in a week.

Armand sneered, "You are such a bragger Gerald, I wonder who gives you the confidence to say that?"

Beside him, Doreen pursed her lips. "Armand, Gerald has a Diamond Card from New Bank"

Surprised, Armand looked at Doreen and then turned to Keira.

Keira nodded at him.

Armand stared at Gerald in disbelief. After a while, he gritted his teeth. "So what? The Kenneth family doesn't have any dependence on New Bank. There is a limit to how much business they have with New Bank"

Gerald waved his hand. "I don't want to prove anything to you, but it is your own business. If I were you, I wouldn't be here quarreling. Instead, I would go back to look into my business and see how many conflicts there are with the Kenneth family. As for the rest, you will know it on Monday"

Armand put on a grim expression.

Doreen looked at him and said, "Just believe in Gerald. He will deliver on his promise. Gerald once said that he would stop my engagement ceremony with Henley. The next day, the Zumthor family ran into a big problem.

"The Zumthor family's crisis was caused by Gerald?" Armand asked.

Doreen nodded.

Armand's jaw dropped

He knew about the major accident that struck the Zumthor family. The New Bank allied with several banks to attack the family. At the same time, the Universe Group was competing with the family for projects.

If it was Gerald who did it, then Gerald could have the ability to harm the Kenneth family now

The most important thing was that the Universe Group was also involved. The company was very important in Sacramento.

Armand gritted his teeth and stared at Gerald, who was just sitting on the sofa. Without saying a word, Armand turned around and walked out with a serious face

The one-two punch might not destroy the Kenneth family, but it was inevitable that the family would take a heavy blow

Armand didn't even have the time to ask Gerald how he could ask the Universe Group to work for his plan.

As Gerald pointed out rightly, Armand had to hurry up and find industries where he could grab more markets.

After he left, Doreen walked to Gerald, pursed her lips, and asked, "Will the truth come out?"

Gerald nodded. "Your family should have received the invitation to the Kenneth's family's end-of-year meeting on Saturday, right? It will be chosen in June. Most of the prestigious families in Sacramento will come. I will announce it at the meeting."

Beside them, Hazel and Audrey looked at Gerald in shock.

When they first got to know Gerald, he was just a worker, carrying bricks in Los Angeles for a living.

Now, Gerald told them that he was going to plot against the Kenneth family, one of the rich and powerful families in Sacramento.

Not long ago, he was just a poor worker.

Gerald had always been mysterious to them. The more they got to know him, the more they realized that they could not see through Gerald and the man was truly a mystery.

What kind of man was he? He was idle all day and dressed like a loser. But now, he was going to attack that rich Kenneth family.

They were shocked by the huge gap.

Hazel exhaled as she stared at Gerald. Suspicion slowly disappeared from her eyes.

Doreen stared at him in confusion. Gerald was so different from nine years ago that Doreen couldn't wrap her head around it.

to

Audrey sat there, gritting her teeth as she looked at Gerald with a grudge. She was more curious about Gerald.

They stayed in the bar and didn't leave before midnight.

The next day, Gerald did not go out but stayed at home for a day for his parents.

On Monday morning, as usual, he was woken up by Mason who drove Gerald to Universe Group.

Meanwhile, in the president's office of Universe Group. A girl with short hair was standing there, slapping a blue bank card on Leandro's table, and said, "Leandro, my grandfather said that Gerald is your man. He has beaten my brother. I want an explanation."

Leandro curled his lips. "What explanation? Go back and tell your grandfather that there is none. Ask him to educate his grandson well. Don't leave it to others."

"My grandfather said that if Gerald doesn't apologize to my brother, he will use the card and the New Bank will punish you." Clare glared at him.

Leandro shrugged his shoulders indifferently. "Go back and tell that old man that I don't take any threat. It doesn't work. If he wants the New Bank to punish me, let him do it. See if the bank will

listen to him."

“How dare you! Clare was pissed off

Leandro glanced at her “Don’t be so rude, girl. Off you go. I am very busy today I don’t have any time to waste on you.

As he spoke, he took a large stack of documents and said. “If you want to stay here, go ahead. I am going to have a meeting.

With that, he pushed the door open and walked out

Clare was surprised. She hadn’t expected that Leandro would not be afraid when she showed him the bank card.

She snorted, picked up the card, walked downstairs, and said, “I hope you can still act so tough. when my grandfather is here”

When Clare reached the entrance of the Universe Group, she happened to see Gerald, who was yawning while waiting for a taxi. Clare raised her eyebrows and said, “Gerald?”

She licked her lips and approached Gerald.

In the headquarters of the Kenneth family in Sacramento. At this time, Holden was sitting in a huge. office in a large office building. Cole was standing opposite him. He said with a frown, “It is half past nine But Stephen is still not here”

“What?” Holden frowned.

“He seems to have disappeared,” Cole said.

“I’m afraid something has happened to him. Where is Gerald?” Holden asked.

“I sent my men to wait at Universe Group. Someone found him. Nothing happened to him at all,” Cole answered.

“Something must have gone wrong with the killer hired by Stephen.” Holden stood up, took off his glasses, and frowned.

Beep.

As they were talking, the phone rang. Holden darted a look at Cole and then answered the phone.

There was an urgent voice coming from the phone, “Hello, Mr. Kenneth. The New Bank has allied with several banks and cut off cooperation with us, urging us to pay our debts.”

Holden asked, “What’s going on?”

“I don’t know I got calls from them when I went to work in the morning,” the man said on the phone.

“Okay, hurry up, communicate with New Bank, and ask what is going on. I need to have an early meeting, Holden said.

He hung up. But the next moment, the phone rang again.

“Hello.”

He picked it up.

“Mr. Kenneth, it doesn’t look good. The Universe Group suddenly decreased the price they offer to win project contracts. They are trying to push us out of the competition in the clothing and jewelry industries. They want to price us out “A desperate voice sounded

“All of a sudden?” Holden’s heart sank. An uneasy feeling gripped him

“I don’t know,” the man said

“Collect the information and report it to me at the morning meeting,” Holden said calmly

Having been in charge of the Kenneth family for many years, he faced many business problems. Holden was uneasy, but he would not lose his mind.

Yet just as Holden ended the call, the phone rang again.

Another one

Every time the phone rang, Holden’s expression turned grimmer.

Chapter 138 Don’t Go Overboard

In the office building of the Kenneth Group headquarters, at this time, the higher-ups of the Kenneth Group began to gather in the conference room.

Most of the higher-ups of the Kenneth Group were members of the Kenneth family. In this family. company, apart from members of the family, it was impossible to climb to the higher-ups.

At this time, their higher-ups all received a call and immediately came to the conference room for an emergency meeting.

Yes, it was not every Monday’s routine meeting, but an emergency meeting.

In the chairman’s office, Holden’s hands were trembling slightly

“Beep, beep, beep.”

On the table, the phone was still ringing, but this time, Holden did not pick it up.

In the beginning, Holden was still calm. The business world was like a battlefield. He had also encountered such an unexpected situation.

The calls came one after another, and he was about to collapse when the tenth call rang

All of the calls were targeted at the Kenneth family. It seemed to be a big conspiracy, targeting all the industries run by the Kenneth family in all the cities, not just in Sacramento.

Even Holden, who had experienced hundreds of battles, was caught unprepared at this time.

Besides Holden, Cole was also stunned. They had no energy to think about Stephen now. At this time, Cole's heart was full of seriousness.

"Could it be Leandro who is against us? For some reason, he has always disliked us," Cole said. "There was some friction and competition between us before Mason, whom we expelled, was specially kept in Leandro's company."

Holden said with an ugly expression, "Hurry up and call him."

Cole nodded. He quickly took out his phone and found Leandro's phone number. He dialed the number

Soon, the call was answered Leandro's voice sounded. "Hey, Cole, I'm in a meeting. What's the matter?"

"Mr. Hanson, why are you suddenly competing with us like this? If we continue the bidding war, no one will benefit," Cole said.

"I am willing." Leandro's voice came out. "What can you do? Universe Group has too much money. Why don't I spend some for fun?"

Cole was at a loss for words.

"I'm coming to your company now Can we have a face-to-face talk?" Cole asked hurriedly.

"There's nothing to talk about This time, we'll fight to the death." After Leandro finished speaking, he directly hung up the phone

Cole's expression changed slightly "He hung up.

Holden's expression was extremely ugly Then he let out a sigh and said, "Let's go to the conference room first and think of a way to deal with it."

Just as the Kenneth family was in a terrible situation, Gerald was standing on the roadside, yawning as he waited for the car to come over

"You are Gerald, right?" At this moment, a cold voice sounded in Gerald's ears.

Gerald turned his head to look and found that a freckled woman was walking towards him.

"Who are you?" Gerald looked at her suspiciously.

"I am Clare Dobbin, Koen's sister," Clare said indifferently

Gerald looked at her in surprise and asked, "What's the matter?"

"You're still asking this." Clare glared at him. "You hit my brother, didn't you?"

"He attacked me first I was just defending myself." Gerald looked at Clare.

Then Gerald found that Clare's appearance was just so-so.

Clare's appearance was not bad, and her figure was well-proportioned. However, her skin was not good, and she was not as charming as Hazel.

"Self-defense? He is a member of the Dobbin family. No matter what the reason is, you have to give an explanation for hitting him." Clare took out the Diamond Card and said, "You work in Universe Group, right? You should know about this card. Now you come with me to my house and apologize to my brother. Otherwise, your company may suffer a great loss."

Gerald smiled, "You attacked me first, and I was not allowed to fight back. Where is the reason?"

"Think about it carefully." Clare glared at Gerald. "If you don't do as I asked, Universe Group will suffer a great loss. At that time, you will lose your job. And my family will not let you go. It is a good choice for you to apologize."

"You can do whatever you want," Gerald smiled.

At this time, a taxi came over and Gerald stopped it.

Just as Gerald opened the car door and was about to get into the car, Clare grabbed the car door and said, "You have to go back to my house with me. If you don't go, I will make a move." Seeing Clare's action, Gerald was slightly surprised.

It was obvious that Clare had practiced fighting before.

In fact, when Koen used the tennis racket to hit Gerald, Gerald felt that Koen's strength and technique were stronger than ordinary people's.

However, at that time, Gerald pushed Koen to the ground and did not think much.

Now it seemed that the reason why the Dobbin family had a high position in Sacramento was that the family members were good at fighting.

"Freckled girl, don't go overboard," Gerald looked at Clare and said.

Clare was stunned, and then her eyes almost burst out with anger. She glared and said, "Whom are you calling a freckled girl?"

Clare stared at Gerald and said, "You were able to subdue my brother at once, and I want to see what kind of ability you have. Today, you must go back with me."

Her hand that was pressing against the car door suddenly turned into a fist. Taking advantage of Gerald's inattention, Clare swung at Gerald's face at an extremely fast speed.

Gerald raised his eyebrows and slightly tilted his body. He reached out with his right hand and instantly slapped Clare's back.

Clare lost her balance and staggered forward a few steps. By the time she came back to her senses, Gerald had sat down in the car. Then Gerald closed the door and said, "Go."

Looking at the running car, Clare stamped her feet and said, "Damn it."

Gerald did not go to Keira's house this time; instead, he went to Valery's. When he made it clear to his family, he would move to Valery's house.

"Huh?" The car drove on for a while. Gerald suddenly saw a girl in a long black dress and, who was walking on the road with a small box. She was wiping her tears as she walked.

It was Gigi that Gerald met in the bar when he returned to Sacramento.

They met several times in a row and followed each other's Line account, but they never talked on Line.

"Stop the car here," Gerald said to the driver.

The taxi driver did not say anything. After the driver stopped the car, Gerald paid the bill and got out of the car. He walked over to Gigi and walked side by side with her.

Gigi didn't seem to care about everything around her. She was wiping her tears as she walked.

Gerald glanced at the box in her hand. There were many books inside.

After walking for a minute or two, Gigi felt that something was wrong. She turned around and saw

Gerald. She was slightly stunned and said, "When did you come?"

"You just found me," Gerald smiled. "What is going on with you?"

Gigi tried hard to control her emotions. Then she smiled bitterly and said, "I was dismissed by the school."

Gerald was surprised. "What?"

Generally, it was rare for a school to dismiss a teacher who didn't make a big mistake.

"What happened?" Gerald asked.

"It was because of Andrew," Gigi sighed. "He wanted to be together with me again. I didn't want to, so he kept harassing my family. Then he kept harassing me in school, which also caused a lot of trouble for the school."

Gerald's expression changed slightly. "Andrew went too far. Why were you with him back then?"

"I shouldn't have agreed to date him back then. One of my cousins worked for his company. One

time, I went to visit my cousin. Then he saw me and took my Line account from my cousin. He started to woo me,” Gigi said. “I am indeed at the age where I should get married My parents think Andrew is quite rich. Andrew is in charge of the company and has a high income. Therefore, my parents asked me to try to get along with him.”

Gerald frowned

Sure enough, in this era, most parents would choose a rich man for their daughter.

“At first, he was very good to me, but he always tried to trick me to spend the night with him outside. I felt that it was too fast, so I was unwilling. Later, I found out that... he was intimate with

other women in the car, so I proposed to break up with him. It was the time when I met you at the bar that day,” Gigi said

Chapter 139 Gigi Is in Astonishment

Gerald was shocked for a moment Then, he remembered his meeting with Gigi at Flame Bar.

Gigi became excited and couldn't hold the box in her hand steadily, so Gerald quickly took the box over

Gerald felt a bit sorry for Gigi. He realized that he had misunderstood Gigi after learning of her story with Andrew

In the past, Gerald didn't like Gigi because her boyfriend was Andrew

Gerald changed his opinion about Gigi a bit after she stood up for the pancake shop. That was all because Gerald didn't think that he would get entangled with Gigi in the future

Gigi continued, “I feel regretful. My family urged me to get back with Andrew after learning that I had broken up with him. My cousin is unhappy because he lost his job because of me. My parents. have been harassed recently. Two days ago, they got injured when taking the dog for a walk.

“My family isn't rich. I studied hard and got a job as a teacher However, I lost my job. I don't know how to break this bad news to my parents!” Gigi wiped her tears and squatted down.

Gerald looked at Gigi, and a sense of helplessness flashed through his heart

Gerald knew how helpless Gigi felt because he once had such an experience

Nine years ago, Gerald felt despair

Back then, several powerful families attacked at the same time, so Gerald didn't have the chance to defend himself. Gerald was only 18 years old then. Gigi wasn't so helpless and despaired as Gerald had been.

Looking at Gigi, who squatted on the ground, Gerald touched his nose.

She and I met because of fate Perhaps, I should help her. It is a piece of cake for me. Gerald

thought.

Gigi squatted on the ground for a while before standing up. Without makeup, she still looked beautiful. Gigi wiped her tears, looked at Gerald, and said, "Gerald, could... could you please escort me home? I'm afraid that Andrew will block me on the way again. He keeps doing so recently."

Gerald nodded and said, "No problem!"

He helped Gigi carry the box and walked toward her apartment.

Gigi did not live with her parents. Her parents lived far away from the school, so Gigi rented an apartment near the school.

Soon, Gerald and Gigi arrived at the entrance of the community. Gigi hesitated and then said, "Please escort me upstairs. I am afraid that Andrew will block me downstairs or at my door!"

"Okay" Gerald nodded.

Andrew didn't appear till Gerald and Gigi arrived at the building where Gigi lived. Gerald looked at a place not far away.

Andrew sat there with a few men, chatting and laughing.

Andrew saw Gerald and Gigi, and his face darkened slightly. Andrew came over and asked, "Gerald, why are you here?"

Gerald looked at Andrew and said, "After you two broke up, you disturbed her every day, as well as her family, and made her lose her job, didn't you?"

"None of your business!" Andrew looked at Gerald with disdain.

Andrew did not know much about Gerald. After the last reunion, Gerald and Andrew didn't see each other again. Andrew didn't know that Kian and Diya were expelled by Universe Group.

For Kian and Diya, the dismissal was shameful.

They would become a laughing stock if their classmates learned that they had been fired by Jacob, who they looked down on.

In Andrew's opinion, Gerald was a rapist who had just been released from prison. That was all.

"I just want to help the weak" Gerald looked at Andrew indifferently.

"Yes, so what?" Andrew sneered. "Well, are you going to stand up for her? Can you? Gerald, I disliked you back at school. Back then, you were still a member of the Kenneth family, but what are you now? You are nothing. Don't put on airs in front of me. Moreover, no matter how you got acquainted with Gigi, stay away from her in the future!"

Those men behind Andrew came over

Andrew sneered and said, "I will teach you a lesson this time! Beat him up

Clap!

Gerald threw the box in his hands to the ground, raised his hand, and slapped Andrew in the face

Andrew felt a burning pain on his face.

Andrew instantly flared up. He glared at Gerald and said, "How dare you slap me!"

The men behind Andrew wanted to dash forward, and Gerald reached out his left hand and pulled Andrew over He punched Andrew in the face again.

Andrew had blurry vision because of pain. His nose bridge caved in for the punch, and he got a nosebleed.

Gigi covered her mouth in astonishment. She did not expect Gerald to attack Andrew.

Looking at the miserable Andrew, Gigi felt great as if she had vented her anger

Andrew had driven her mad recently

A man behind Andrew tried to help. When he rushed over, Gerald shot a cold glance at him and then kicked him.

The commons couldn't beat Gerald. The victim flew about 16 feet away because of the kick. He lay on the ground and wailed, so his companions did not dare to move Aghast, they stood where they were.

Gerald looked at Andrew and slapped him again.

After two slaps, Andrew got a swollen face.

Blood spurted out from his nose and mouth. Soon, Andrew spat a few broken teeth on the ground.

Furious, Andrew looked at Gerald and shouted, "Gerald, fuck you! How dare you hit me? Do you think I am a coward like Kyrie? I will sue you until you go bankrupt I will make you stay in prison for the rest of your life

Clap!

Clap!

Before Andrew finished speaking, Gerald gave him another two slaps.

This was the first time Gerald had been so ruthless to an ordinary person since he got his memories back.

Andrew's face was out of shape. Now, Andrew felt scared.

When Gerald raised his hand again, Andrew was intimidated.

“Stop!”

Right then, there came a loud shout from behind.

Gerald looked back and saw several security guards rushing over. They had batons in their hands and pointed them at Gerald.

Gerald frowned, let go of Andrew, and kicked him to the ground. Then, Gerald said coldly, “Don’t disturb Gigi and her family again. Otherwise, I won’t let you off easily like this time!”

Andrew’s men cursed Gerald in their hearts.

They thought, did you let Andrew off easily? You beat him up!

One security guard recognized Andrew, rushed over, and helped him up. “Mr Zumthor, are you okay? Mr Zumthor”

Gigi quickly ran to Gerald and said, “Andrew’s Company takes charge of the property management here. Andrew is in charge of the part about property management in his family business.”

Gerald thought, that is why Andrew can come to this community after causing trouble again and again. The team of property management here is his subordinates.

Andrew struggled to stand up under the support of the security guard Furious, he spat out one mouthful of blood.

Andrew was fuming with rage because of the humiliation from Gerald. The arrival of those security guards braced Andrew up.

“Gerald, you are doomed this time. You will spend the rest of your life in prison. All of you, beat him.

1.

Gerald interrupted Andrew He touched his nose and said, “It seems you didn’t learn your lesson.”

“What?”

When the others were still in shock, Gerald rushed over and kicked Andrew in the chest

Bang!

Again, Andrew flew about 16 feet away for the kick. Then, he fell onto the lawn. Gerald shot a cold glance at the security personnel and said, “I dare you to move!”

Gerald became the intimidating Watchman No. 0, so the others on the spot felt oppressed and scared.

Nobody dared to make a move. They looked at Gerald in horror

Gerald turned around, picked up the box on the ground, and said to Gigi, who was in astonishment, "Let's go!"

Chapter 140 The Hermit

Gigi lived in a single suite.

She sat on the sofa with a frown on her face, occasionally looking towards the toilet.

In the toilet, Gerald was washing his hands. Because he had beaten Andrew to bleed, his hands were stained with a lot of blood.

After the momentary pleasure and released hatred, there was a trace of worry in Gigi's heart.

Gigi knew Andrew was a rich and powerful person. He was in charge of a property company and was backed by the Zumthor family

She could not afford to offend such a person.

Gigi did not know who Gerald was, but from Andrew's words, Gerald was just a person who had just been released from prison. Gerald clearly had no background.

She was worried that Andrew would really retaliate against Gerald after being beaten up. Or, just like what Andrew had just said, he would sue Gerald in court and make Gerald spend the rest of his life in prison.

After Gerald walked out, Gigi pursed her lips and said, "Gerald, thank you, but what if Andrew really wants to sue you?"

"It's okay I don't care," Gerald shrugged indifferently and said. "It won't affect me at all. As long as your family is willing to testify that he harassed you, I will be fine."

Gerald looked at Gigi and asked, "Andrew was taught a lesson by me. He probably won't dare to continue harassing you in the future. What are you going to do? Go back to school?"

Gigi was stunned. "I don't want to go back. This whole thing has been hard on me. After yesterday's notice, I sent my resume online. I will go for an interview at 11 o'clock later. I can't make much money anyway. It is better to go to those big companies to work."

Gerald nodded. This was also a choice. He thought for a moment and asked, "Which company?"

"I will be interviewing for an administrative job at Goldsun Group. It should be okay," Gigi said.

Gerald didn't say anything. He touched his nose and said, "Okay, good luck. If there is nothing else, I will leave first."

Although Gerald was familiar with Jessica, he couldn't ask Jessica to recruit Gigi into her company.

If it were Universe Group, maybe Gerald could do something. After all, he owned that company.

Gigi nodded. After a moment of hesitation, she said, "Gerald, after my interview, can I treat you to dinner another day? I really appreciate everything you've done for me

Gerald turned to her and smiled, "Sure

Gigi blushed and said, "I'll call you.

Gerald nodded and said goodbye to Gigi. Just as he went downstairs, his phone suddenly rang

He picked it up to take a look and found that it was an unknown phone number He picked up phone and said, "Hello"

the

On the other side of the line, there was silence

"Hello?" Gerald asked again.

On the other side of the line, there was still silence Gerald said impatiently, "Who are you? Fuck

As he spoke, he was ready to hang up the phone.

At this time, a hoarse voice suddenly came from the phone and said, "Watchman No. 0"

Gerald's expression changed, and his tone became a little cold. He asked, "Who are you?"

On the other side of the line, there was another silence. It seemed that the person was thinking about something. After a long time, he said, "I'm the Hermit"

This day was destined to be an extraordinary day for Sacramento.

The Kenneth family fell into chaos and anxiety Almost all the stock prices of their listed companies plunged. In just one morning, the Kenneth family's total market value had plummeted by billions of dollars.

At this time, in the headquarters of the Cousy family, Armand was sitting in the office and looking at the stock market on the mobile phone. He was excited and shocked.

Others did not know how the chaos of the Kenneth family was caused, but he knew it.

Gerald really did it and cost the Kenneth family a lot of money.

It was only Monday. Before the Kenneth family's end-of-year meeting, no one knew how much money they would lose.

Because Armand had made preparations in advance, and he now joined in the competition, it was very likely that he would become the first person to benefit from the turmoil.

Armand was both excited and shocked.

He really couldn't figure out how Gerald, who had been in prison for nine years, did it

"Gerald

this name

Opposite Armand, Bree sat there with a hint of melancholy in her eyes as she muttered

"Did Gerald really say that he would prove his innocence in the Kenneth family's end-of-year meeting on Saturday?" Bree looked up at Armand and asked.

Armand said, "That's what he said."

Bree pursed her lips, then let out a breath. "When the time comes, I'll go too. Give me an invitation letter"

In the Dobbin family's house.

Clare ran into the house in a huff

The place where the Dobbin family lived was not a modern building, but a place similar to a country mansion. Of course, the interior decoration was relatively modern.

The country mansion occupied a large area. In Sacramento, it was worth at least several hundred thousand dollars

In the country mansion, there was a huge room. This room was called a training room.

Clare cursed as she walked into the training room.

Inside, Darian was sitting cross-legged. When he heard footsteps, he opened his eyes and asked Clare, "Is everything settled?"

"No," Clare said "Leandro said he couldn't do anything about it."

Darian raised his eyebrows and asked, "Did he really say that?"

"Yes. I met Gerald downstairs at Universe Group This guy is a bastard. He actually insulted me."

Clare's face was irritated.

"You should beat him up and drag him over" Koen's voice sounded from outside the door.

Darian waved his hand and said, "Since Leandro doesn't want to help us, then I won't treat him well either Bring me my phone."

Soon, a person came over with a phone Darian took the phone, clicked the screen, and dialed a number Soon, the call was connected A voice sounded, "Mr Dobbin, what's the matter?"

Darian signed and said, "Sterling, I haven't used this Diamond Card since I got it from you. I have to trouble you to do me a favor this time"

“Of course!” Sterling hurriedly said “Mr Dobbin, as long as I can, I will help you.”

“Here’s the thing. Koen was beaten up by a person called Gerald Kenneth. This man is Leandro’s subordinate I wanted him to apologize to my grandson, but Leandro refused. So I thought that I could ask you to put pressure on Universe Group. Of course, there is no need to completely fall out Just make Gerald come to my place to apologize,” Darian said

Koen’s cold face revealed a sneer

Koen seemed to have already seen Gerald’s submissive appearance in front of him

He was already thinking about how to deal with Gerald at that time so that he could vent the anger in his heart

At this time, Sterling’s voice came from the phone “Mr Dobbin, I’m really sorry I’m afraid that I won’t be able to handle this matter ”

Darian frowned. “Why?”

“I can’t reveal the specific reason, but I really can’t help you with this matter,” Sterling said.

Clare and Koen also heard the contents of the phone call. Both of them stood there in shock.

At the entrance of Gigi’s place.

Gerald placed his phone beside his ear and stood there, frowning. His eyes were filled with anger.

Gerald did not speak. There was also silence on the other end of the line. No one spoke.

After a moment, Gerald licked his lips and said, “You are in Sacramento, right? Come out to fight with me.”

“Fight? There is no need.” On the other side of the line, a hoarse voice sounded. “Moreover, you can’t defeat me.”

The hoarse voice continued, “Let’s meet up. I want to talk to you about Night Watch.
