Still Loving You Nonetheless By Snow de Eira Chapter 1449

Meredith and Josiah left.

Liam sat in the hospital all night and didn't close his eyes all night.

In the recesses of his mind, there were memories of Ivy and him together, both recently and in the past.

He was really worried that he would never be able to have a good time with her in the future.

Even if it was stolen time like what they had recently, he was reluctant to bear the thought of losing it.

When the sky broke and dawn started to emerge, there was no news about Ivy.

When the sun came out, there was still no news about Ivy.

This continued for four days and four nights.

When Madam Sheldon saw such an infatuated side of her son, she felt ashamed in her heart.

After she ordered someone to forcibly bring Liam home, she took his hand and said, "Liam, your brother has already left US, do you want to leave US too?"

Watching her tears flow down, Liam said quietly, "Mom, what are you talking about, how could I leave you, how could I leave Ivy."

"But look at how you look now, you will be disabled if you stay in the hospital pining after her for two more days."

"Am I so bad?"

Liam glanced down at himself, but he did not feel that anything was wrong.

His brain was empty, and his heart was empty, so naturally he could not feel what his body looks like.

Madam Sheldon nodded. "If you don't eat and sleep well, you will really be hurting your body."

Madam Sheldon paused and threatened, "Liam, let me warn you, if you hurt yourself, not only will Ivy, who you have been worrying after, not be taken care of, I will even ask her to pay for what she has done, do you understand?"

"Mom, don't hurt her." Liam wanted to beg.

"The premise is that you don't hurt yourself, otherwise you know my methods." In order to force him to eat and sleep, Madam Sheldon had no choice but to do this.

Sure enough, Liam ate something under her threat and was forced to sleep.

He slept until noon the next day, and when he woke up, the first thing he did was run out the door.

While running, he called the doctor to ask about Ivy.

When he heard the news that Ivy woke up, he thought he had heard it wrong. He froze at the door.

After a long while, he asked in a daze, "What you are saying is true? Ivy has woken up?"

The doctor knew how much he cared about Ivy, so he smiled and said, "Mr. Sheldon, can I joke about this kind of thing?"

Only then did Liam happily ask, "Then how is she now? Has she come out of the intensive care unit?"

"Not yet. I plan to observe her for another day. If there are no problems, I can transfer her to the general ward."

"Okay, thank you doctor, I'll go there right away."

Liam hung up the phone and looked down at himself as he was about to go out.

He was taken home by Madam Sheldon last night, forced to eat something, and then fell asleep. He did not take a bath or change her clothes.

How could he meet Ivy in such a sloppy sight?

He went back to the room to take a bath and change his clothes, cleaned himself up before going downstairs again.

Madam Sheldon has been paying attention to Ivy's condition, and she knew the news that Ivy had woken up.

Seeing her son rush out so impatiently, she sighed helplessly.

“Look at your son, it’s really hopeless.” Madam Sheldon said to her husband beside her.

Fabian was eating breakfast, and he spit out a sentence in a hurry, “ Which young man has no impulses, let him go.”

“Why aren’t you worried at all? Don’t you worry that Liam is really going to spend ten years in jail?”

“Why am I not in a hurry? I have done everything I should, but what can Liam do if he is not under our control?”

Madam Sheldon was silenced by him.

That was right, everything that needs to be said has been said, everything has been tried, but Liam just doesn’t listen, what can they do!

Liam rushed to the hospital. He first looked at Ivy through the glass for a while, then came to the hospital office and asked, “May I go in and see her?”

“Yes, but you have to wear protective clothing, and you can’t take too long.” The doctor said.

“Okay, sorry for the trouble.”

Guided by the nurse, Liam entered the intensive care unit.

“Miss Ivy woke up just now, but she may have gone back to sleep again. Mr. Sheldon, take it easy.” said the nurse.

“I know, I’ll be quiet.”

After the nurse left, Liam stepped closer to Ivy’s hospital bed. Seeing her lifeless face, Liam felt extremely distressed.

He gently held her little hand. Fortunately, it was still warm.

“Ivy.” He called softly, wanting to wake her up, but he was afraid of disturbing her.

Ivy did not respond, as if she fell asleep.

Liam did not interfere with her anymore, just stayed by her side silently, looking at her peaceful sleeping face.

Although she was not her most beautiful self after the injury, he seemed to see past all of that.

When the nurse came in to urge him to go out, he said to Ivy again, “Ivy, you have a good rest, I’ll go out first.”

It was not until he walked out of the door that Ivy’s eyelids trembled slightly, and she opened her eyes little by little...

Ivy’s situation finally stabilized.

Meredith finally felt relieved, and she brought Liam a special meal.

Liam was finally able to eat. After taking a bite, he raised his head and said to Meredith and Josiah, “You two have worked hard these days. Stay with me.”

“What kind of hard work is there, it is not difficult at all.” Meredith said, “Eat more, don’t waste my efforts.”

Josiah said quietly, “It’s very hard work.”

Meredith gave him a sideways look. “If you think it’s hard, you don’t have to come.”

“Do you think I want to see Liam’s stinky face?” Josiah complained in his voice, “ It is said that men are most easily moved when they are vulnerable. You are so kind to him, what if he is moved by you?”

“Josiah, you are talking nonsense again!” Meredith stabbed Josiah’s chest with her elbow.

Josiah said innocently, “The heart of defending my loved one is not to be faulted.”

“Well, it’s not just about Miss Leighton’s charm. It’s about whether Liam can actually be moved, since his heart is taken.”

Now Liam’s heart was full of Ivy and Ivy alone, it would be a wonder for Meredith to impress upon it.

Liam looked up at her and showed her the first smile they have seen in so many days. “Meredith is still very attractive and likable. If there was no Ivy, I would have taken you away from Josiah.”
