Still Loving You Nonetheless Chapter 1503

'You even helped me get dressed before you left!" Liam pinched her chin. ' Ivy, aren't you embarrassed saying these things?"

'You asked me."

'Isn't it stupid?" Ivy was not afraid of him. She raised an eyebrow at him deliberately. "Liam, think about it. Were you being stupid that night?"

Liam was silent.

Yes, he was really stupid.

He was so stupid that he was too embarrassed to admit it. He did not even have the face to mention it in front of Josiah.

Looking at the woman in front of him, he wanted to laugh and be mad at the same time.

She called out to her grandparents again, causing Stanley to look at her." Little girl, are you really our granddaughter?"

"Yes, hello Grandpa and Grandma." Siena bowed with a smile and said, "My name is Siena. Daddy and Mommy said that I will be called Siena Sheldon in the future."

"Siena...Siena Sheldon?' Madam Sheldon was stunned for a while, then she laughed and said, "It sounds pretty good, but..."

She turned to Liam and Ivy and said, "What the hell is going on here? Why did I suddenly become a grandmother? And suddenly I have such a big granddaughter."

"Mom, this is a long story. I'll talk to you later when I'm free." Liam hugged Ivy, who was beside him. He said, "You just need to believe that I and Ivy have been in love with each other for more than ten years. We also gave birth to Siena."

Seeing that the elders of the Sheldon family were still in disbelief, Ivy said," Uncle, Aunt, what Liam said is true."

"I didn't tell Liam after I was pregnant with Siena back then, so he didn't know about Siena's existence for so many years. It wasn't until I went abroad to see Siena this time that they both recognized each other as father and daughter."

Madam Sheldon was puzzled. "Then why didn't you say that you gave birth to a little granddaughter for our Sheldon family? If you had said so earlier, I wouldn't have tried to force Liam to marry Miss Young."

"To be honest with you, it was only when I went abroad this time that I found out that Siena was the daughter I gave birth to back then. I thought my daughter was gone, but I didn't expect..."
