

Soul Pets Bk2 1001

Chapter 1001: If You Want Someone to Die, It Will Be Difficult

In the three days before the duel, all of Wanxiang City had heard of the news.

The repercussions of this duel was far greater than Chu Mu and Mo Ling's fight. Not only would these two people appear, but the arisen Mu Qingyi and the mysterious Son of Heaven would also appear. Presumably, more people would want to find out what powerful soul pets these two experts who already stood in the dominator rank possessed!

The entire Wanxiang City was in a hubbub over this. There were even people spreading rumors that the first fight could break out between the two factions because of this. The winner and loser could directly affect which of the two factions controlled Wanxiang Realm!

Regardless of the rumors, the importance of this duel was far greater than any fight in the past!

Soul Alliance and the three great palaces were both preparing for this fight, setting up defenses beforehand.

Only, as everyone was busy and nervous, the crux of the matter, Chu Mu himself, was languidly accompanying his wife in the forest outside the city, talking and laughing, extremely in love with each other. His happy and content manner was completely unlike a person who was about to face a fierce battle.

Outside the city, Chu Mu naturally had to train the small Dead Dream, who was a very good fighter. Moreover, as a nirvana phoenix, it seemed to inherit a few of the fighting skills of the dark Dead Dream; its fighting experience could even be described as ample. In the past, when Chu Mu had trained the Little Hidden Dragon, he had to teach it one step at a time, while also imbuing it with knowledge. However, the Dark Lightning Dead Dream was an innate small monster at fighting. While it was in the first phase, it had already challenged all of the hegemonies in the forest outside the city. Now, when these hegemonies saw Dead Dream, they would all hide, no longer daring to act

tyrannical in the forest outside the city. In fact, Dead Dream felt that the phase and stage and ranks of the soul pets here were a bit low. They didn't provide enough stimulus.

In the three days that Chu Mu and Ye Qingzi flirted with each other, the Dead Dream rose from the first stage to the first phase seventh stage.

This speed of growth was slightly slow. Once the duel was finished, Chu Mu would immediately head over to the eastern side and retrieve the Growth Spring. Indeed, the conflict between Soul Alliance and the three great palaces was growing increasingly deep. It was said that just a little while ago in another city, a senior elder had perished.

.....

Freezing snow was wantonly dancing in the biting wind. Normally in a winter like this, the average person would be unwilling to come out of the house unless there was a special occasion.

Today, there was a huge snowstorm. By noon, the ground and sky was covered in a boundless snowstorm that showed no signs of slowing down. The snow continuously whipped into the trees outside the city...

The eastern side of Wanxiang City had a plain. On the plain were several trees, but they had begun to sag under the heavy snow.

The thick snow could probably even engulf a person. The whistling wind and dancing snowflakes weaved through the air, covering everything in a boundless white!

It was a snowy scenery with only one color; a quiet alluring beauty of the season, making people yearn for nature. Simultaneously, the color, intensity and ferocity of the moving scenery filled people with reverence towards nature!

At noontime on this plain of heavy wind and snow, there were countless soul pet trainers gathered here.

The wind and snow greatly affected the low ranking soul pet trainers; but as their ranks rose, the snow and wind would just become decoration. Soul pet trainers learned how to take advantage of the environment they were in to fight, unless the environment was extremely dangerous...

The three great palaces, Soul Alliance and the neutral faction. The Wanxiang City of present had visibly been divided into three.

Of course, the neutral faction was composed of countless scattered and small factions. In the future, they would inevitably be swallowed up by Soul Alliance and the three great palaces.

“Son of Heaven, they’ve arrived.” Mo Ling quietly spoke in Wu Kuang’s ear.

The present Wu Kuang had completely degraded into Wu Kuang’s attendant. His lowly and reverent attitude was a bit artificial!

“Only she has come. The other person is someone who is destined to die by arriving here.” laughed Wu Kuang.

Very unexpectedly, Chu Fangchen had appeared. This put Wu Kuang in a good mood. He was truly afraid that Chu Fangchen would choose to run away. If that happened, then he would have exposed his strength for no reason!

“That person is Chu Fangchen?” Hero Support Xia Zhixian quietly stood to the side. Her flirtatious and pretty eyes were sizing up Chu Fangchen, whose reputation had most recently been surging.

“Could you be interested in him?” Wu Kuang raised his eyebrows as he spoke.

“Son of Heaven must be joking. This Chu Fangchen emerged in Snow City and swept through the heavens; after, he defeated Zhu Chao in Soul City and a year ago he nearly caused our Fourth Hero to lose his favorite pet...” Xia Zhixian warmly and elegantly laughed. Her warm tone seemed to be almost praising him.

Son of Heaven Wu Kuang felt a bit uncomfortable listening to that. He indifferently said: “Could Flower Master Xia really think that today he will be able to obtain a huge victory like in the past? Then do you dare make a bet with me?”

“Make a bet?” Xia Zhixian didn’t know what Wu Kuang meant.

“You can bet on Chu Fangchen and Mu Qingyi winning. If that happens, I will gift an incomplete flower type xuan item from my master to Flower Master Xia.” Wu Kuang wore a confident smile as he spoke.

“An incomplete xuan item?” Xia Zhixian’s eyes lit up.

A xuan item couldn't just be found anywhere. Back then, the Empress Concubine had expended a huge amount in Xiangrong City just to obtain the xuan item. Who would have predicted the silver devil stealing it away. It was because of this that the Empress Concubine was unwilling to eat for a long while.

Although Wu Kuang was only speaking of an incomplete xuan item, as long as the method to restore and fix this item could be found, it would be a true xuan item that could create a dominator rank soul pet!

How could Xia Zhixian not be moved for this item?

However, Xia Zhixian wasn't some young lady who could be easily enticed. She put on a bit smile and asked: "And if I lose?"

Wu Kuang also laughed. However, his eyes were filled with a bit of desire and he didn't cover it up: "Flower Master Xia can use your body. I'm sure that the reason why Flower Master Xia hasn't been able to find Mr. Right after such a long time is only because I, Wu Kuang, haven't appeared before you yet. After today, Flower Master Xia will no longer have to be alone."

Wu Kuang's words caused Fourth Hero Mo Ling, Eight Desolations Ju Que, Dragon Absolute Wen Luo, and other Scar and Investigator experts to all let out a sigh. Only Son of Heaven Wu Kuang would dare to flirt with Flower Hero Xia Zhixian. If it were anyone else, they would meet a splendid death under Xia Zhixian's elegant and refined smiling face!

"Let's forget it then. The winner of this fight has already been decided. What's the point in making a bet?" Xia Zhixian faintly laughed, tactfully declining the bait Wu Kuang had thrown at her.

Xia Zhixian's ability to talk was very skillful. She had both declined while also indicating that Wu Kuang would inevitably win. This made Wu Kuang still comfortable with what he was hearing.

Thus, he continued to flirt: “The truth is that I am always generous to women. It doesn’t matter who wins or loses this bet, Flower Master Xia will still obtain the item you want.”

Xia Zhixian laughed but didn’t say anything. She didn’t believe that a mere incomplete xuan item was worth her own body.

.....

There naturally was a huge group of experts cheering on Soul Alliances side. The three great palaces didn’t lack experts either and imperceptibly, this transformed into a contest between the two big factions.

Last time, Fourth Hero Mo Ling had suffered a great defeat, severely affecting Soul Alliance’s morale. This time, Son of Heaven Wu Kuang had appeared. Naturally he wanted to wash away the humiliation and deliver everyone from the three great palaces the shadow of a defeat they would be unable to forget!

On the other side, Chu Mu and Mu Qingyi had already walked into the fighting barrier.

The destruction power of dominator rank soul pets was nothing to be trifled with. A single technique was destructive and if it flew directly at Wanxiang City, the explosion of energy afterwards would kill a huge amount of people. Therefore, the neutral faction had to do a good job of constructing the barrier.

Of course, the barrier was only a safety measure. Whether it could actually stop a dominator rank technique was hard to say. Therefore, the location of the fight was to occur as far away from the city as possible. Moreover, 50 kilometers away from the city, a large group of earth type soul pet trainers erected a man made mountain that would block energy.

This had all been prepared starting three days ago.

“Chu Fangchen, do you see the woman in the yellow windbreaker standing in Soul Alliance’s faction?” Mu Qingyi quietly spoke to Chu Mu.

“You mean the one who looks pretty good?” Chu Mu swept his eyes across and discovered a woman wearing a yellow windbreaker there. Her charm and mature beauty was particularly outstanding. That happened to be Flower Hero Xia Zhixian!

“You use that kind of method to differentiate women?” Mu Qingyi didn’t expect Chu Mu to describe her like that, and couldn’t help but mutter.

“Haha, it was only what I thought after taking a glance.” casually said Chu Mu.

“That person is Xia Zhixian. If she happens to fight with Son of Heaven Wu Kuang, we won’t have any chance of victory.” said Mu Qingyi.

“Yes, I witnessed her supporting abilities in Xiangrong City. Eight Desolation Bin Liao’s strength shouldn’t be much stronger than the Poison Desolation, but after her support, he was able to fight a dominator rank soul pet head on.” Chu Mu nodded his head.

Part of the reason Xia Zhixian had appeared here was to protect Fourth Hero Mo Ling. With her present, it would be hard for their side to die.

“It seems that killing Mo Ling this time will be hard.” Mu Qingyi was a bit disappointed.

“We have Qingzi. Your and my soul pets will not be in any life threatening danger.” said Chu Mu.

Even if Ye Qingzi wasn't as strong as Xia Zhixian, she was also a soul teacher and combining her supporting soul pets and her soul methods, it would be difficult to die in her hands. Especially in this fight, where the difference in strength wasn't too big.

In this type of situation, unless one side could make the other instantly die, the moment one side's life was in danger, that side's experts would immediately appear and prevent any more. Immediately after, a soul teacher or support soul pet trainer would have time to save that side. With Ye Qingzi and Xia Zhixian's abilities, as long as they were still breathing, they would be able to be saved...

As he spoke, Chu Mu and Mu Qingyi had already reached the center of the battlefield.

At this point, Fourth Hero Mo Ling and Son of Heaven Wu Kuang walked over. The two of them looked at each other with no fear in their eyes. In fact, a bit of giddiness could be seen in their eyes.

Chapter 1002: Icy Death King

The violent wind whistled and urged the snow flowers along. Fields of view were all hazy.

Wu Kuang looked at Mu Qingyi who was only wearing a neither thin nor thick robe and a trace of playfulness flashed through his eyes: “Isn't Young Lady Mu cold dressed like that?”

As he spoke, he began to examine Mu Qingyi's figure. Under the dancing snow, the simple yet elegantly dressed Mu Qingyi's figure she was proud of was accentuated. Especially under such a simple piece of clothing in the winter, when her robe fluttered in the wind, it couldn't help but make people fantasize about the magnificent allure underneath the glossy clothing.

As Wu Kuang spoke, Mo Ling was also examining Mu Qingyi. Indeed, he had already had desires towards her. Unfortunately, his strength was inferior to her's, and trying to take this woman for himself was harder than climbing the heavens itself. Thus in the past, he hadn't dared asked for this trouble.

Towards the Son of Heaven's undisguised lecherous gazes, Mu Qingyi was as calm as an ice sculpture. Her eyes contained a bit of contempt towards him; clearly this Wu Kuang was not a good fellow!

Subconsciously, Mu Qingyi began to compare the adjacent Chu Mu with Wu Kuang. When compared, she preferred Chu Mu's calm even in front of breathtaking beauties. As for Wu Kuang who looked extremely frivolous, he was actually both careless and restless!

Mu Qingyi ignored Wu Kuang's intentional teases. However, she did glance at Chu Mu, wanting to know what his reaction was. Back in Wanxiang Altar, Wu Kuang had clearly wanted to approach Ye Qingzi, but had been met with Chu Mu's evil actions and words. His face had even been broken. Now that Wu Kuang was acting immorally towards her, shouldn't this man also show something too?

Unfortunately, Chu Mu made Mu Qingyi disappointed. He just stood there like an ice sculpture...

"Truly no elegance." Mu Qingyi muttered somewhat unhappily.

Unless he intentionally wanted to provoke the enemy before a fight, Chu Mu normally wouldn't talk nonsense. As for Mu Qingyi's thoughts, how would Chu Mu understand them?

Chu Mu didn't notice, but Wu Kuang noticed Mu Qingyi's small actions. The rumors were that War Goddess Mu Qingyi and Soul Palace's Chu Fangchen didn't have an ordinary relationship; now, he was even sure that there was something adulterous going on between the two of them.

Wu Kuang was indeed charming. However, he had never obtained a woman of Mu Qingyi, Xia Zhixian, and Ye Qingzi's level. Seeing Mu Qingyi ostensibly with feelings towards this brat, jealousy quickly rose in his heart. He glared at Chu Mu.

"Hmph, aren't you just someone with a White Nightmare nearing the dominator rank? Me trampling you to death will be as easy as flipping my hand. Today I'll waste you then take all of your woman away with me." silently said Wu Kuang in his heart!

Imagining him holding a beauty in either arm and then watching this Chu Fangchen, who didn't even care about him, crawl in the snow like a dead dog, Wu Kuang's mood turned happy.

.....

This duel would ultimately be adjudicated by an experienced neutral faction member.

Since both sides were ready, the old adjudicator began to read out the rules.

The reality was that rules had no meaning here. All four members had surpassed the emperor rank and their method of fighting wouldn't be restrained by some worldly rules. This included the proviso about not harming the lives of any of the members.

Normally, a duel required both sides to simultaneously summon soul pets. However, this time, the fight this time was a contest between dominator ranks. Emperor rank soul pets would have

extremely little use and could very well be instakilled. Therefore, the adjudicator merely said the words “the fight begins”, skipping the summoning stage.

After the adjudicator gave his instructions, Chu Mu was the first to chant an incantation.

Silver white devil flames jumped out under Chu Mu legs, slowly igniting his entire body. When the imposing devil flames covered his entire body, Chu Mu took a slow step back. The devil flames covering his body transformed into a reflection of himself that continued to burn in the air...

His originally stoic face, in the ostentatious devil flames, opened evilly phantomic eyes before cracking a sinister and dark smile!

The silver white devil flames exuded a bone chilling cold in the violent snowstorm, causing the spectating soul pet trainers to tremble.

“This is the White Nightmare that inherited the Nightmare Ancestor’s power!!”

“The devil flame is still a unique silver white color. Back then, its Worldly Devil Swords were astonishing, and nearly killed Mo Ling’s Titan Giant!”

“Yes. This White Nightmare is close to the dominator rank.”

Seeing Chu Mu summon the White Nightmare, numerous soul pet trainers that hadn’t seen the White Nightmare before began to exclaim.

Surpassing the emperor rank was a qualitative leap. This was a step that many soul pet trainers who believed they were abnormally talented still hadn't reached even after growing white hair. However, the man standing in the snowstorm battlefield in front of them was only so young and had already stepped into a realm they would be unable to their entire lives. This made these older generation members feel bitter!

"Just this White Nightmare?" Wu Kuang glanced at Mo Ling and indifferently laughed, "You lost to this White Nightmare. It seems that your Fourth Hero position.."

Mo Ling's expression changed and he hastily said: "His White Nightmare isn't simple. Its techniques are extremely terrifying."

Purely in terms of fighting ability, the Tai Mountain Giant was probably equivalent to the White nightmare. However, Mo Ling had lost to its dominator rank techniques which its Tai Mountain Giant was unable to use.

"Don't bother explaining. Summon your soul pets. I'll give you another chance to deal with him." said Wu Kuang.

Mo Ling nodded his head and didn't dare say anything. He quickly chanted, summoning his Tai Mountain Giant.

Mo Ling knew that his Tai Mountain Giant probably wasn't the opponent of Chu Fangchen's White Nightmare. However, in this dual person duel, there was no limitation on the number of soul pets. He had already planned on having his other four soul pets deal with Chu Fangchen. He didn't believe that the power of Chu Fangchen's other soul pets was stronger than his own.

After finishing the incantation, a surge of power suddenly arose in the snowy ground. A towering Tai Mountain Giant split the earth and appeared like a towering mountain on the snowy white ground.

The Tai Mountain Giant was towering down, carrying an insufferable arrogance. However, when this mountain-like giant saw the silver white colored devil flame creature cracking an evil smile, a trace of anger and fear flickered in its large eyes!

In that fight, the third devil sword had caused it to take a step into hell. Ultimately, it had been saved by the Empress Concubine.

The pain from the devil sword piercing its heart still left a slight lingering pain in its chest and head. Now that it had to face this terrifying devil flaming Nightmare again, it truly wasn't able to maintain its arrogance!

"I must wash away the humiliation with blood!" Mo Ling grit his teeth and spoke savagely.

If they were fighting alone, perhaps the Tai Mountain Giant wasn't the White Nightmare's opponent. However, in this duel, Wu Kuang had brought one of the Alliance Master's soul pets. He would definitely retrieve his reputation!

Mu Qingyi saw both people summon their soul pets. Everyone knew what her soul pets were and Wu Kuang had probably collected information on her before this fight. Therefore, there was nothing to hide.

Mu Qingyi chanted an incantation and a golden light began to proliferate. Scorching hot tongues of flame began to dance in the several kilometers around Mu Qingyi!

The ardent flame easily transformed the pure white snow into water that evaporated into the air.

Under the golden illumination, the torrential flames' aura precluded the spectators from feeling the biting cold; in fact, the lashing flames were so hot that they couldn't feel anything.

It was impossible to stare directly at the golden light. The Crown Phoenix King's flaming body gradually appeared, hovering high above Mu Qingyi, accentuating her beauty and grandeur!

Wu Kuang used his hand to cover the dazzling light. When the Crown Phoenix King had carried out its execution by fire a few days ago, he had realized that this dominator rank soul pet wasn't easy to deal with. Now that the Crown Phoenix King was staring at him with hostility, the might and power it carried told him that the information he had gathered earlier was unable to describe exactly how powerful the Crown Phoenix King was!

The appearance of the Crown Phoenix King stunned the entire crowd. Among them, numerous people had already witnessed the Crown Phoenix King use techniques; however, each time they did, they would still feel shock in their hearts!

"Can Son of Heaven Wu Kuang truly deal with this unparalleled fire type phoenix?"

"Indeed. This is the highest ranking soul pet in our human realm!"

Discussions rang out. A dominator rank fight was rare, so presumably the soul pet trainers this time would be able to enjoy an incomparable shocking feast for their eyes!

Mu Qingyi had summoned her Crown Phoenix King so Wu Kuang, despite his arrogance, couldn't just stand there alone after the opponent had summoned her dominator rank soul pet.

His mouth curved into a smile and he adeptly began to chant.

A frosty aura slowly proliferated. An icy energy faintly began to suppress the Crown Phoenix King's scorching hot energy...

When the Crown Phoenix King appeared, a golden light illuminated a huge area of space, causing the area of ten kilometers of light to no longer snow. However, when Wu Kuang summoned his soul pet, the icy snow once more descended from the sky. The biting winter aura once more engulfed the plains battlefield!

The earth froze over once more. In front of Wu Kuang, an enormous icy snow summoning array appeared. A creature covered in an ice king armor quietly emerged in the center of the battlefield!

This was the Icy Death Devil with absolute icy snow power that after reaching the dominator rank, became the Icy Death King!!

Its appearance caused the snowstorm to fly even more violently, even turning it into substantive attacks that lashed at the sky and earth!!

The stare from its eyes was capable of freezing anything it looked at. Any creature would thus die in its absolute ice!

"This... this is an ice type dominator..." seeing Wu Kuang summon his soul pet, Mu Qingyi immediately creased her eyebrows and her heart also went cold!

“This is a bit of trouble.” Chu Mu couldn’t help but rub his temples.

An ice type dominator rank was undoubtedly fatal pressure on the Crown Phoenix King.

Moreover, Chu Mu’s White Nightmare had the secondary fire attribute, making it probably very hard for it to fight the Icy Death King head on. While Mu Qingyi’s White Tiger was also an ice type creature, it ultimately hadn’t reached the dominator rank...

“No wonder Wu Kuang was so confident. This is going to put us on the defensive.” said Mu Qingyi.

Chapter 1003: Fighting Tai Mountain Giant Again

Icy Death King was covered in ice crystals that were heavenly immortal ice. Its defense was definitely stronger than even tai mountain giant’s defense!

Icy Death King was an elemental world soul pet. It controlled absolute ice type energy and the ice type techniques it cast are definitely extremely lethal for Mu Qingyi’s crown phoenix king. The appearance of this king of ice caused everyone in three palace to lament!

A type advantage appeared in such an important battle!

More importantly, Chu Mu relied on white nightmare which had fire type, which also was restricted!

Wu Kuang’s summon caused everyone to feel as if the battle was decided. The elders were all sighing, as they wanted Mo Ling to die, but the hope wasn’t high. Chu Fangchen and Mu Qingyi may even fall into danger.

Three palace people all got weaker in spirit while the soul alliance people couldn't hold back their smiles. Seems like no matter how powerful goddess Mu was, she wouldn't be able to change the outcome of this match. In fact, even protecting Chu Fangchen would be difficult.

"That's why. Thankfully Xia Flower Master didn't bet with Wu Kuang." Eight Desolation Bing Liao realized and said.

The appearance of icy death king truly sealed the battle. Mu Qingyi's crown phoenix king and Chu Fangchen's white nightmare together may not even be the match of the icy death king and its absolute ice prowess!

Xia Zhixian glanced at Bing Liao. Did he really want her as a side wife of son of heaven?

Such a bet was a loss for her no matter how you looked at it. Xia Zhixian would never play such a stupid game with Wu Kuang. Let alone, in Xia Zhixian's eyes, Wu Kuang was just a somewhat powerful yet frivolous disciple. She wasn't interested in a man like that at all. Most importantly, Xia Zhixian wanted to know that without alliance master, would Wu Kuang still have his current strength?

The snow flew like countless blades through the sky. Icy Death King stepped forth mightily and lifted up its arm full of icy blades!

Immediately, all the ice and snow in fifty kilometers gathered quickly towards the icy death king!!

In the vast skies, the constantly gathering snowflakes were like bladed bats, covering the skies and flying to icy death king's arm, quickly spiralling and expanding as they joined!

In a few moments time, icy death king's had already had a whirlpool created by icy bats. The blades occasionally collided with each other, creating metallic clashes.

Mu Qingyi saw the icy death king launch an assault first and didn't dare underestimate it. She jumped onto crown phoenix king and told it to cast sun phoenix shield!

The crown phoenix king flapped its wings, sending golden flames from its body ahead of it to create a massive sun shield.

At the same time, icy death king's bladed bat army gathered together. The world covering aura seemed like a natural disaster that threatened to destroy everything in its path!

"Huhuhuhu~~~~~"

The burning phoenix shield blocked ahead. Chu Mu knew this technique wasn't easy to block and ran behind the crown phoenix's shield along with White Nightmare.

However, though the flaming phoenix shield was incredibly hot, when the icy bat army fell down like a barrage of rain, the piercing coldness still made its way into their bones. If they dared to walk into the direct path of the icy bats, they would definitely be ripped into shreds!

The golden flames slowly extinguished under the barrage of ice. Without flames, the phoenix shield quickly lost its defensive power. If it were any other dominator rank, this phoenix shield could definitely block an attack. However, the damned type counter made it so the crown phoenix king had to conjure another flame protection to stop the icy bat army!

“Step on them!” End hero Mo Ling was full of resentment. Seeing Chu Mu and Mu Qingyi fall into such a passive position after Wu Kuang’s first attack, he laughed out loud and commanded tai mountain giant to lift its massive leg up and step on them as if an avalanche were unleashed upon them!

The tai mountain giant’s step created a rock type shockwave that sent crown phoenix king and White Nightmare far away!

In this first exchange, the stronger and weaker was already clear and Wu Kuang smiled, pleased.

Without showing his strength, did they really think I, Wu Kuang, was easy to mess with?

“Kill it!” Wu Kuang said to icy death king.

Icy death king’s armor covered legs suddenly lifted off the ground. Below its feet, a blizzard appeared and it rode it towards the crown phoenix king and White Nightmare.

With such an imposing manner, Wu Kuang wanted to end the battle as soon as possible!

Icy death king came again, causing crown phoenix to have to take flight into the skies!

Crown phoenix king’s main type is wing type. As long as it has enough flight space, it may get some type advantage back.

Of course, because its very blood was flames, any ice type technique would cause double damage to it. This battle must be fought very carefully by Mu Qingyi.

“You deal with the kid well, at least don’t lose before I defeat Mu Qingyi.” Wu Kuang glanced at Mo Ling and humphed.

“Don’t worry, I won’t lose this time!” Mo Ling said.

Wu Kuang didn’t anticipate Mo Ling to defeat Chu Fangchen. After all, the white nightmare was still more than enough to defeat Mo Ling. However, Wu Kuang couldn’t really let white nightmare and crown phoenix king join forces or else his icy death king would have trouble winning. He had to split them apart!

After Wu Kuang finished warning him, he jumped onto Icy Death King’s shoulder and rode the powerful glacial storm into the skies.

After Wu Kuang chased crown phoenix king into the skies, Mo Ling’s eyes became vicious, as he stared at the young man that brought him shame!

“Make him and his white nightmare into mincemeat!” Mo Ling said to Tai Mountain giant!

Tai Mountain Giant stepped forth heavily and lifted both hands up high while letting out an angry roar!

The power of rock type gathered in tai mountain giant’s arms. Its palms swiftly conjured a massive mountain that was thrown towards the White Nightmare!!

Such a mountain falling from the skies was an immense power. How could the ground withstand such a landing?

“Hong!!!!!!!!!!!!!!”

A massive sound reverberated through the space. Unable to dodge in time, White Nightmare was smashed beneath the shattered mountain. The entire mountain caused the ground to collapse underneath it. However, the mountain itself was incredibly sturdy, not even sustaining a single crack. One could tell that it was formed from an incredibly dense rock energy crystal, meaning it was also hundreds of times heavier than normal mountains!!

The mountain landing created stifling pressure on everyone. The dominator rank technique caused all the spectators to realize just how weak they were!

However, everyone wanted to know whether the white nightmare, who didn't seem to have much defense, would be heavily wounded!

Everyone gazed at the massive mountain, Suddenly, a White Nightmare flame sprouted from some of the cracks in the mountain!

“Gezhi~~ Gezhi~~~~~”

The mountain started making cracking sounds. From far away, one could see clearly that at the top, a lightning bold like route appeared that snapped the massive mountain into two!

“Beng!!!!!!”

With a large sound, people saw the White Nightmare floating within the shattering rocks. The silver figure had used its brute force to shatter the entire mountain and float above the slowly collapsing structure. It gazed emotionlessly at tai mountain giant!!

“Give it some pressure!” Chu Mu said to white nightmare.

White Nightmare’s pupils flashed once, seeming incredibly demonic.

After chanting a strange incantation, White Nightmare suddenly pushed its palm downwards!

“Peng!!!!!!!”

Tai mountain giant couldn’t even react before its legs suddenly sank into the ground as if it got pushed downwards by some heavy force!

“What’s wrong?” End hero Mo Ling was surprised and glanced back. However, the moment he lowered his head, he felt his skull was abnormally heavy. He tripped and was nearly pressed into tai mountain giant’s shoulder by the strange force.

“It’s other type powers!” Mo Ling bit down and thought.

Mo Ling felt his body become incredibly heavy. Clearly, this was a gravity imposed upon them through spatial control. Such gravity was more evident the larger the organism was. No wonder it

could cause his tai mountain giant to sink into the ground without being able to get back up with a simple gesture!

Changing gravity was something rock type could do as well. Tai mountain giant quickly cast a technique to change the dirt structure under its feet so tai mountain giant wouldn't sink down.

Once the dirt was restructured, the gravity became weaker and tai mountain giant stepped forth to escape the gravity field.

"Explosive space!" Suddenly, a sound came through coldly.

Tai mountain giant had just escaped the gravity space when the region it stepped into blew up with energy, causing tai mountain giant to fly out and slam into the manmade mountain, collapsing it in the process.....

Tai mountain giant stood up slowly. On its shoulder, Mo Ling gazed frustrated at the unpredictable white nightmare.

Last time, Mo Ling wasn't aware of the powerful techniques it had, and so lost in one fell swoop. Yet this time, after a few exchanges, Mo Ling couldn't help but admit that his tai mountain giant indeed wasn't this white nightmare's match. However, Mo Ling couldn't be stupid enough to only let White Nightmare fight alone.

After falling into disadvantage, Mo Ling casted an incantation and summoned two more, bringing out the invincible emperor black winged devil bird and Thunder Roar!

“Heng, I don’t expect someone your age to have this many invincible and top tier emperor ranks!” Mo Ling said.

Seeing Mo Ling summon more, Prince Chao, Teng Lang, and Pang Yue all were more worried.

Chu Fangchen was an abnormal single control freak!

Chapter 1004: Another Dominator Rank

“This is even more trouble.” Chao Lengchuan was secretly worried for Chu Mu.

Chao Lengchuan, Shen Mo, Teng Lang, and Pang Yue had been with Chu Mu day and night for over a year, and never seen him even summon a second soul pet.

Initially, people thought Chu Mu’s soul was still wounded and couldn’t summon his soul pet. However, after a year, no matter what wound it was, it should have healed. Thus, everyone guessed that Chu Mu probably released his soul pets.

Once they were higher rank, occasionally they would notice breeding situations, but letting multiple soul pets go away for many years was never seen.

What caused them to be really speechless was, even if he wanted to let a few soul pets go, he shouldn’t let four soul pets go at once. How could he, a spirit emperor, run around like a spirit disciple and roam the world with just single control!

Yet, one control clearly was an issue now. Mo Ling already summoned two main soul pets of invincible emperor rank, yet he still had two more soul pets and could even switch soul pets out. A Tai Mountain giant and four top tier emperor ranks/invincible emperor ranks was definitely enough to compete against white nightmare!

On the battlefield, Chu Mu was always extremely calm. Seeing the opponent summon other soul pets, they decisively backed off and pulled further from the battle, avoiding directly getting hit by Mo Ling's soul pets.

Mo ling's summoning didn't stop. After double summoning, he did it again to bring out two more main soul pets.

In a moment, Mo Ling already had five soul pets appearing around tai Mountain Giant, overbearing.

"Hahaha, you really only have one soul!!" Mo Ling saw Chu Mu didn't even try to summon and laughed out loud.

"I like beating more with less." Chu Mu was calm, maybe even casual.

Chu Mu being so casual caused three palaces to worry for him even more.

"Beating more with less..... can't he take it more seriously? If he has more trump cards, he should use them now or else he's in trouble!" Pang Yue said.

"Ugh, the truth is he indeed is a spirit disciple with a dominator rank!" Teng Lang said in a low whisper.

Mo Ling didn't think Chu Mu truly wanted to use less to beat more. Clearly, he could only summon one soul pet, or he didn't have enough top tier emperor rank soul pets, and summoning others was meaningless.

“Sounds like this time I can take revenge for myself!” Mo Ling laughed.

The command was given and the four soul pets with tai mountain giant as lead killed their way towards the white devil!

The white nightmare’s attitude was truly to try to beat more with less. This challenging fight was finally exciting enough for it, able to truly bring out all its fighting passion!

“Nie!!!!”

Instead of backing off, white devil advanced. Everywhere its devil phantom passed by, silver white flames sprouted out like the color of snow.

Snow had a cold that seeped into one’s bones, but devil flames had a coldness that pierced straight to one’s soul. White devil’s devil flames morphed into whips that raged forth like flaming pythons writhing violently.

The black wing devil bird was the closest to the whip. This wing type organism didn’t even get to use a technique before getting slammed into the ground by a swing of the devil python.

On the ground, the Thunder Roar was incredibly confident. It actually used its thick thunder claws to grab the devil whip. However, this sturdy organism clearly overestimated its paw’s thickness. The devil flames immediately dashed into its soul and started burning it.

“Hou!!!!!!” Thunder roar roared out in pain, but relying on its determination, it held on and pulled, trying to pull white devil out of the skies.

White devil loved going head to head against others. Seeing the thunder roar so barbaric, it also yelled out and pulled its arms back, instead bringing the thunder roar’s massive beast body into the sky!

“Evil slash!” Chu Mu couldn’t let white devil do everything itself, and immediately commanded white devil to cast a technique.

White devil wanted to compete in pure strength against that arrogant but slow organism, but Chu Mu gave a command. It grudgingly followed Chu Mu’s orders and threw the whip away, instead slashing its two arms down as dark blades towards the thunder roar!

The evil slash flew through the sky. The thunder roar couldn’t even defend itself. The evil slash flew through its shoulder and two bloody arms flew off the thunder roar’s body.

“Attack.” Mo Ling saw his soul pet was wounded and his pride quickly disappeared, his mouth corner twitching anxiously.

Tai mountain giant, under the cover of its two partners, finally found a suitable attack opportunity. It lifted its huge fist and slammed it straight towards the white devil!

“Beng!!!!!!”

With a huge sound, white devil’s location blew up under the fist’s power. The fist’s impact was like a small meteor splitting, sending out a terrifying shockwave that sent the white devil flying!

Quickly following, Mo Ling's other two elemental main soul pets finished their techniques and cast ice beams and wind scythes as white devil flew backwards.

Ice beam flew through the distance in an instant, slashing into the imbalanced body. The wind scythe was massive and cut the white devil into the ground too!

Seeing the white devil finally wounded, Mo Ling smiled.

It looked like white devil was strong but definitely not match for his five soul pets!

"Indeed, still a disadvantage. There's trouble now!" Elder Teng furrowed his brow and his face turned stern.

Nightmare Emperor Jiang said angrily, "Heng, if Chu Fangchen's white nightmare stepped into dominator rank, Mo Ling's five soul pets would turn into corpses within minutes!"

It wasn't clear. Chu Mu was going one versus five and was clearly very restricted.

Mu qingyi's crown phoenix king was heavily countered by icy death king. Even though it was using its air advantage, it was still losing exchanges constantly. If she couldn't find any other way, this battle will snowball in the opponent's favor. Crown phoenix king and white devil will not have a chance in that case.

In the sky, golden flames showed that Mu Qingyi was still rather calm. She looked down and specially checked on Chu Mu's side.

"He can't win either?" Mu Qingyi thought.

If Chu Fangchen lost, Mu Qingyi truly couldn't win. After all, Mo Ling's Tai Mountain giant wasn't just a decoration.

Now, Mu Qingyi didn't dare to save her strength and chanted an incantation.

An ice diagram appeared and let out a deafening roar. Afterwards, the handsome white tiger leaped out, bringing with it an icy aura that collided with the icy death king's!

Clearly, the icy death king was definitely better at controlling ice type than white tiger. After all, white tiger's ice was a sub type while its main type was beast type!

With crown phoenix king and white tiger, she finally had enough to battle the icy death king!

However, Wu Kuang who knew Mu Qingyi had a powerful white tiger, only smiled and said, "I thought you thought your white tiger was too bad at controlling ice to summon in front of my icy death king....."

Mu Qingyi obviously didn't think that. The reason she allowed crown phoenix king to fight for so long against the icy death king was because she wanted to know just how large the difference between crown phoenix king and icy death king with the type disadvantage. Now that Mu Qingyi knew, she knew how to defeat the icy death king.

Of course, Mu Qingyi couldn't just worry about her own fight. She had to give a helping hand to Chu Mu.

After summoning the white tiger, Mu Qingyi summoned her nine colored phoenix and thunder sword winged tiger to help Chu Mu.

The nine colored phoenix's power was higher than Immortal Ming bird, so restricting one or two of Mo Ling's main soul pets shouldn't be a problem. Thunder sword winged tiger could fight one main soul pet too. This way, Chu Fangchen could handle the pressure of five soul pets.

"Lady Mu, you have confidence. Do you really think you don't need to go all out to fight me?" Son of heaven Wu Kuang saw Mu Qingyi's gesture and laughed.

If Mu Qingyi hated someone, she felt that even speaking half a sentence was disgusting so Mu Qingyi never replied.

Wu Kuang again didn't get a response. The entire time, he was simply talking to himself. The feeling of being utterly ignored caused the son of heaven to feel very uncomfortable!

Alliance master disciple was an identity that allowed him to stand above all of human realm. No one dared to be disrespectful to him. This Mu Qingyi was just trying to stay clean by relying on her strength. No wonder emperor concubine wanted to get rid of her. This person was truly ignorant!

Wu Kuang laughed on the inside. He didn't want to waste time within the battle. White tiger's appearance definitely didn't mean Mu Qingyi could flip the situation around. Instead, it caused her to fall into imminent defeat because Wu Kuang had a trump card!

A chant started and Wu Kuang acted like he was summoning a soul pet!

“Go die!” Wu Kuang was in reality saying that over and over again as he released a seal that unleashed the alliance master’s soul pet!

Under such a situation, no one could tell that Wu Kuang was fake summoning. When everyone looked up and saw the dark seal in the sky, they didn’t even have time to figure out what summoning diagram it was when a sky shattering aura fell upon everyone’s hearts.

Many of the lower remembrance soul pet trainers spectating from afar fainted instantly!

With a large clump of spectators falling over unconscious, all the three palace, soul alliance, and neutral party members stared in shock!

What soul pet was son of heaven Wu Kuang summoning, powerful enough to have an aura that spanned near hundred kilometers!!

“Another.....another dominator rank!!”

Some elder yelled out while everyone was experiencing the pressure, instantly silencing the crowd with astonishment!

Chapter 1005: Ancient Beast Soul Power

Two dominators!

The entire crowd was stunned. No one expected Son of Heaven Wu Kuang to have two dominator rank soul pets!

Indeed, even the strongest Hero Chief only had two dominator soul pets; yet, Wu Kuang had stepped into this realm too!!

If the strongest person, aside from the Alliance Master, had two genuine dominator rank soul pets, there would no longer be just a single strongest person!

In this moment, all of the three great palace's higher ups trembled. Another expert appeared with two dominator rank creatures. It was already hard for them to have experts that neared the dominator rank. Now, they were only filled with bitterness and helplessness; they didn't know how to describe their emotions.

"Is it in the heavens that want our palaces to perish?" Old Hermit Jiang's face was filled with anguish.

"The Four Heroes and Wu Kuang. Even if Mu Qingyi is willing to help us, we're still unable to oppose them..."

Full of grief and bitterness, the three great palaces were in a depressed mood.

Liu Binglan stood in the crowd and faintly felt that she had seen Son of Heaven's second dominator rank soul pet somewhere before.

This was a beast king with an enormous horn that ostentatiously flaunted its pride. From the front of the armor on its forehead, the extremely sharp horn continuously extended upwards as if it was going to breakthrough the blue sky!

Its flesh was filled with power. Its body was covered with countless dark colored ancient imprints. They were numerous and malevolent, as if countless poisonous centipedes were crawling on its body while its flesh would twitch!

Its entire body exuded a stunningly powerful wildness, savagery and feeling of invincibility. Indeed, its horn that pierced the sky and wild beast aura that could smash the ground caused the soul pet trainers who had weak mental fortitude to pass out!

Fighting Heaven Horned Beast King!

The emperor of horned beasts and the strongest creature among the beast type species!!

After reaching the dominator rank, the Fighting Heaven Horned Beast King would become even more savage and powerful. There was probably no soul pet that could compare to it in this aspect!

“So he still had another dominator rank soul pet.” Xia Zhixian stared at the Fighting Heaven Horned Beast King and quietly muttered.

Around Xia Zhixian, Bin Liao, the Dragon Absolute and the other Soul Alliance experts were all staring with fervor at this dominator rank soul pet!

In this fight, Son of Heaven Wu Kuang already had the slight advantage. Although Mu Qingyi had summoned the White Tiger, the Fighting Heaven Horned Beast King was visibly much stronger than the White Tiger!

He would not only be able to obtain a huge victory in this fight, but even Chu Fangchen and Mu Qingyi could perish!

If these two people could be disposed of, the three great palaces would have nothing more to rely on. There was even a high chance that after the victor of this fight was decided, Soul Alliance could launch a full scale attack!

“Hahaha, Young Lady Mu, if you have the mind to worry about that brat, it’s better if you worry about yourself!” Wu Kuang loudly laughed!

Mu Qingyi’s heart sank. She initially believed Wu Kuang was willing to challenge her because he had an ice type dominator. She never expected him to have two dominator rank soul pets!

Such strength was enough to laugh arrogantly over Wanxiang Realm. However, despite Mu Qingyi’s being shocked, she was more so suspicious.

According to her understanding of Wu Kuang, he should only have a single dominator. Where did the second one come from? Could the Alliance Master have gifted his disciple a xuan item?

Xuan items were rare and valuable. The Alliance Master should have left it for himself to raise his own strength. Why would he have so generously gifted it to his own disciple?

Mu Qingyi couldn't understand this. However, the two dominators were now charging at her, not giving her any more time to consider this. She quickly changed fighting tactics, having the White Tiger face the Icy Death King while the Crown Phoenix King faced the Fighting Heaven Horned Beast King!

When fighting like this, the Crown Phoenix King would be able to obtain a slight advantage. However, the White Tiger would be in extreme danger. Mu Qingyi couldn't be certain that the White Tiger would last long under the Icy Death King's attacks.

“Hou!!!!”

The Fighting Heaven Horned Beast stepped up to the clouds and a beast light emerged from its horns. The aura that broke through the sky was probably capable of directly piercing any creature!

The Crown Phoenix King relied on its aerial advantage to dodge its attack. Its golden body suddenly flew into the distant horizon!

Under the rays of the sun, the Crown Phoenix King happened to fly where the sun and the Fighting Heaven Horned Beast King lined up!

The sun's rays were blocked by the Crown Phoenix King and it abruptly opened its wings!!

“Yi!!!!”

The scorching sunlight disappeared after the phoenix gave its cry. All people could see when they looked up was a mass of darkness and the phoenix's corona that covered the sun!

“Phoenix Sun Scorch!” Mu Qingyi read out the name of a technique.

Suddenly, the Crown Phoenix King’s golden flames were amplified by 50%, and the scorching golden flames surged down on the sunlight’s rays!!!

The Fighting heaven Horned Beast King raised its head. The golden amplified sun struck its head; the enormous beast had no choice but to raise its arms above its head to block the golden surging flames!

“Hu hu hu hu hu~~~~~”

As the flames swooped down, the Fighting Heaven Horned Beast King was knocked from the sky to the ground. The golden flames were like a sun falling to the people, creating a stunning golden purgatory that covered the plains!!

“Hou hou hou!!!!”

After being burned, the Fighting Heaven Horned Beast King let out an angry roar that transformed into a hurricane that blew away the ardent flames.

However, during its process, its body was burned!

Seeing the Fighting Heaven Horned Beast King wounded, Mu Qingyi became slightly relieved.

It seemed that this Fighting Heaven Horned Beast King was only a normal pseudo emperor, a level lower than her Crown Phoenix King. This meant that there was still a chance of victory in this fight!

The three great palaces saw that the Crown Phoenix King was visibly stronger, and also let out a sigh of relief. It seemed that this fight wasn't over yet.

.....

Glancing at the three great palace members sighing in relief in the distance, a mocking smile rose on Wu Kuang's face.

"I'll have you know what a true dominator is!" Son of Heaven Wu Kuang gave an order to the Fighting Heaven Horned Beast King!

"Hou!!!!!!!!!!"

The Fighting Heaven Horned Beast King let out a bloodthirsty roar. The ancient imprints densely packing its body suddenly flashed with a dark light. It was as if an array was being opened. The ancient lines connected to form some ancient beast force that snaked up the vein-like imprints and condensed on the Fighting Heaven Horned Beast King's firmament horns!

The addition of the ancient force on the horns unexpectedly cause an enormous horn soul shadow to appear!

Mu Qingyi shockingly watched the horn soul shadow that practically reached her space. She had never seen this soul shadow technique before!

Once the Fighting Heaven Horned Beast King created its soul shadow, it became even more terrifying and savage. It practically dominated the entire space around it!

Such a technique was stunning. The Fighting Heaven Horned Beast was already massive, towering over things like a mountain. However, the horn soul shadow created was three to four times larger than it! This spectacle had never been seen before. Witnessing right now brought everyone incomparable shock in their hearts!

“This... could this be an Ancient Beast Soul Force...” the neutral faction Elder Tan raised his head and spoke in disbelief.

“Old Tan, what is an Ancient Beast Soul Force?” numerous older soul pet trainer with extremely ample knowledge have never heard of this before and hastily inquired.

“You should have heard of Elemental Ancient Willpower right?” said Tan De.

“How could we not have heard of it? That is the perfect species technique for elemental soul pets.”

“The Ancient Beast Soul Force is similar to the Elemental Ancient Willpower. However, it is much stronger than the Elemental Ancient Willpower. It is an extremely rare species technique among beast type soul pets. The very first Ancient Beast Soul Power was a technique similar to brute force that increased offensive power. Those techniques still appear on a few ancient beast type creature; however, that can only be considered the embryo of the Ancient Beast Soul Power. The most pure form of the Ancient Beast Soul Power is able to create something out of nothing. Just like the Fighting Heaven Horned Beast King, it simulates the ancient power in the bloodline and transforms it into a substantive beast soul weapon. The offensive force created is several times higher!”

Tan De stared closely at the illusory enormous horn soul shadow. He would unexpectedly be able to witness the ultimate beast type technique in his lifetime. Tan De felt extremely moved. He remembered back when he had stepped into the dominator realm, he had never seen this type of soul shadow power that could create something out of nothing. Now, as he was about to exit the soul pet stage, he was able to witness it.

As Tan De explained the Ancient Beast Soul Power to the neutral faction, Old Hermit Jiang also explained the Fighting Heaven Horned Beast King's unique power to the three great palace's experts.

"It can amplify offensive power by over double its original amount... this Fighting Heaven horned Beast King is already a dominator. With double the offensive power, its strength will be raised by at least two levels!" after Senior Elder Shen heard this, he didn't know what to say.

"This is truly troublesome. I initially thought that the Crown Phoenix King, possessing flames, would be able to suppress the Fighting Heaven Horned Beast King by itself..." Diagram Supreme Ke Yin's face sank to its lowest point.

He swept his gaze over the senior elders of the three great palace whose faces were extremely unsightly and even strange.

"Your Majesty, how is this good?" a senior elder quietly asked.

"This information may not be true. It may be Soul Alliance intentionally bluffing." said Diagram Supreme Ke Yin.

"But the information brought by Li Hong probably won't be wrong. If we lose this duel, Soul Alliance really will rely on the appearance of Son of Heaven Wu Kuang and his two dominator rank soul pets."

Chapter 1006: White Nightmare? Silver Devil?

Chu Mu didn't know something very important.

It was that Li Hong had sent someone to deliver information that Soul Alliance was planning on attacking. They seemed to have realized that the three great palaces was constantly pushing out experts like Chu Fangchen and if this continued, it would gradually grow disadvantageous for them.

Therefore, they were searching for an opportunity. The appearance of Wu Kuang was just this; it amplified the morale of Soul Alliance and if Chu Fangchen, who represented the strongest young generation of the three great palaces, and Mu Qingyi, who was their strongest ally, lost under the witness of the neutral factions and both sides, Soul Alliance could use this victory to launch an all out attack on the three great palaces.

This was information Li Hong had sent. Diagram Supreme Ke Yin obtained it yesterday.

Diagram Supreme Ke Yin had discussed it with Liu Binglan, and Liu Binglan had summoned all of the senior elders to the great hall that night to discuss.

The three great palaces clearly weren't fully prepared to fight, especially with the Four Heroes on the opposing side. The three great palaces would only be able to obtain advantages in fights in the cities and other territories.

Therefore, the later the war broke out for the three great palaces, the better it was for them.

Unfortunately, after many years of probing, Soul Alliance ultimately came to understand the bottomline for the three great palaces. When this happened and if they had accumulated enough strength, they wouldn't hesitate to start a war!

Of course, the outbreak of war needed to have a good start!

This duel, to a certain extent, was believed by Soul Alliance as a fight to boost morale. Once Chu Fangchen and Mu Qingyi, these two huge obstacles, were disposed of, Soul Alliance could rely on the victory to launch an all out attack...

Liu Binglan and Ke Yin chose not to tell Chu Mu this.

If they won this fight, Soul Alliance wouldn't make any rash moves. There was no leader that would try and start a war after suffering two consecutive defeats since their morale would be low.

Thus, if they won, this would buy more time to prepare for the three great palaces. This was discussed that night and the hope was that they would win because the war was extremely important.

If they could win, Chu Fangchen and Mu Qingyi would presumably use their full strength.

By telling them the serious repercussions of the fight beforehand, this could make them stubbornly insisting on fighting till the end which could lead to serious injury or death.

Both of these people were vital to the three great palaces. If they perished, they would have no hope of winning in the subsequent war.

"If the situation is unfavorable, have them give up. If we need to fight, then let's fight. That day has finally arrived." Diagram Supreme Ke Ying sighed.

Liu Binglan's eyes were fixed in on Chu Mu. She felt that not telling Chu Mu was correct. The opponent was too strong. If he insisted on fighting, it would cause him harm, and she wouldn't allow anything to happen to her son again.

The higher ups of the three great palaces were filled with gloom as they quietly spoke. While this was happening, the Fighting Heaven Horned Beast King with its beast soul force had charged at the Crown Phoenix King!

Space began to tremble from its charge. The enormous horn soul shadow approached the Crown Phoenix King. Even if the Crown Phoenix King's ability to dodge was better, it still wouldn't be able to dodge this soul shadow attack. Its flying figure was knocked flying with a tragic cry after being struck by the horned soul shadow.

“Hou Hou!!!!!!”

The Fighting Heaven Horned Beast King let out a roar. Its horned soul shadow suddenly split from its real horn, transforming into a flying horn that flew towards the ground the moment when the Crown Phoenix King landed!!

The horn soul shadow didn't deal any destruction on the ground. However, the Crown Phoenix King, after being struck by the enormous soul shadow and falling from the sky, was painfully struggling and was pierced by the horn, nailing it to the ground.

Just as the Crown Phoenix King was defeated, the snow and frost White Tiger was unable to keep up with the dominator rank Icy Death King. It was knocked to the ground by the powerful dominator's ice type techniques. Its body was filled with wounds.

The White Tiger ultimately hadn't reached the dominator rank and could not persevere against the Icy Death King for a long time.

Chu Mu, due to receiving the assistance of Mu Qingyi's two soul pets, gradually was able to suppress Mo Ling's arrogance. Seeing Mu Qingyi fall into a disadvantaged state, he hastily had the White Nightmare assist and lessen the pressure on the White Tiger and Crown Phoenix King.

"It's not an optimistic situation. The soul shadow force is very dominating. My phoenix was struck by it once. It will be difficult to continue fighting." said Mu Qingyi.

Of the two dominators, one was an ice type which completely countered Mu Qingyi's Crown Phoenix King.

The other was a beast king with the rare Ancient Beast Soul Force. It was also hard to deal with and its advantage was visible!

"This Wu Kuang is truly hard to deal with. If you can't keep going, we can give up." said Chu Mu.

Chu Mu had already prepared to do this. Wu Kuang's strength had indeed made him shocked. However, once his Dead Dream reached the tenth phase, it wouldn't be a problem for the Dead Dream to face both the Icy Death King and Horned Beast King by itself. If needed, they didn't need to win here.

As for Mo Ling's life. They could take it at any time later. There was no rush now.

Mu Qingyi looked with a bit of shock at Chu Mu. She didn't know why he was willing to give up so fast.

“Just give up like this? Soul Alliance has drummed up killing intent from this; you and I will still have to face these two people...” Mu Qingyi spoke through her mental voice.

“What do you mean by drumming up killing intent?” Chu Mu didn’t understand.

“You don’t know? You really don’t know that it’s likely that Soul Alliance will launch an all out attack on the three great palaces if they win this fight?” asked Mu Qingyi.

Chu Mu obviously didn’t know about this. He was about to ask for the details when he suddenly saw the Icy Death King and Fighting Heaven Horned Beast King drop from the sky, causing the sky filled with snowflakes to turn into an icy downpour. It charged towards the ground with its incomparably large soul shadow horn heavily smashing down!

Chu Mu’s heart tightened. Mu Qingyi would probably have trouble dealing with the techniques from these two dominator ranks while his White Nightmare would not be able to bear with their strength.

“White Nightmare, Visual Obstruction Space!” Chu Mu hastily ordered the White Nightmare.

The White Nightmare quickly chanted an incantation, extending its arms. Suddenly, a huge portion of space began to warp and everyone’s vision of that space turned hazy!

“Hu hu hu hu hu~~~~~”

A silver white devil flame suddenly proliferated in that space. The devil flame ocean attack had a wide range of attack. However, it was very unlikely to deal damage to a dominator rank creature.

In the devil flames, Mu Qingyi looked confusedly at Chu Mu. She didn't understand why he would use a technique that merely dazzle one's eyes.

Of course, she couldn't think about it any longer because the one flying at them from the sky was an incomparably strong dominator. A slight bit of inattentiveness could cause them to lose their lives. She quickly ordered the White Tiger and Crown Phoenix King to put up defenses.

Neither the White Tiger nor Crown Phoenix King were defensive type soul pets. Thus, she knew that it was very likely that both of them would be injured this time...

It seemed that this fight was truly unwinnable.

The White Tiger and Crown Phoenix King were different attributes: one ice and one fire. They completely two different attributed defenses. However, Mu Qingyi was shocked because when the vast and powerful techniques of the two dominator rank creatures came, they mysteriously entered the White Nightmare's warped space, unexpectedly only leaving a light ripple?

Mu Qingyi was stunned. She didn't know what Chu Mu's White Nightmare had used to stop the techniques from the two dominator rank creatures. When she glanced over at Chu Mu, she discovered that he had at some point disappeared in the devil flame ocean!

She quickly condensed soul remembrance to search for Chu Mu in the silver white devil flames. After surveying the area, she was unable to see him; instead, in the incomparably sturdy defense of the space, Mu Qingyi found a pillar of silver devil flames!

“How is it a completely silver color?” Mu Qingyi was stunned.

Did the White Nightmare advance to a genuine dominator rank? Otherwise, why would it have silver colored devil flames?!

“Hu hu~~~~~”

The torrential devil flames danced with flaming tongues. A silver evil figure suddenly flashed through Mu Qingyi’s vision. Immediately afterwards, Mu Qingyi saw the evil figure extend an arm in the chaotic devil flames!

The evil figure’s devil hand grabbed the air. Space immediately crumbled and its left and right devil hands proceeded to pull out two gradually expanding spatial windstorms from a dimensional space!

Mu Qingyi seemed to hear the silver figure let out a low roar. Two destructive windstorms from other worlds respectively surged at the Icy Death King and Fighting Heaven Horned Beast King. The two dominators were unable to detect that the opponent had instantaneously managed to create such a powerful technique. They were unable to retaliate against the spatial windstorms that were filled with crushing power. In an instant, their bodies were swallowed and fiercely knocked up, torn away at and flung around!

Mu Qingyi was stunned. Even if the White Tiger and Crown Phoenix King combined forces, they probably would be unable to create such a powerful technique!

Seeing the two dominators knocked flying by the windstrom and the blurry figure in the silver devil flames, a feeling of familiarity abruptly arose within Mu Qingyi. As this feeling grew more powerful, a huge wave suddenly arose in her heart!

The silver devil!

This evil figure was extremely similar to the silver devil!!

But how could the silver devil appear here!

The scene in front of her seemed to flash by, but it left an indelible picture in her heart.

Was it a special soul technique used by Chu Mu, or was it Chu Mu's White Nightmare or was it the mysterious and dangerous silver devil?

The silver devil flames had appeared too quickly and disappeared too quickly. Mu Qingyi knew that it had happened the moment the Icy Death King and Fighting Heaven Horned Beast King's techniques had been neutralized, and the subsequent powerful Spatial Windstorm retaliation!

“Hu hu hu hu hu~~~~~”

The devil flames continued to burn beside Mu Qingyi, blocking her vision. For some reason, space began to strangely distort, preventing her from seeing outside the distortion.

An unknown period of time passed before Mu Qingyi discovered that the man who had just disappeared had now reappeared near her. Moreover, he looked like he was commanding the fight.

Only, Mu Qingyi had genuinely felt and seen that in the short two seconds he had disappeared, inconceivable things had occurred!

“Chu Fangchen, you...” Mu Qingyi looked at Chu Mu, stunned.

Chu Mu returned to his senses. His eyes passed through the devil flames and saw Mu Qingyi looking at him like that. He was able to guess that she should have seen something.

His face didn’t change, but the demonic silver light in his eyes had been shed. His expression was serious as he said: “Quick, take advantage and attack!”

Chapter 1007: Done saying your last words?

Mu Qingyi was still suspicious, but seeing Chu Mu ‘s unfazed face, she started being skeptical as to whether she was just seeing things.

Mu Qingyi knew what was wrong, and first gave a command to white tiger and crown phoenix king.

White tiger and crown phoenix darted forth at the same time and cast techniques towards the icy death king and Fighting Heaven Horned Beast King, giving them another heavy injury to handle.

“I saw a silver devil flame.....” Mu Qingyi stared tightly at Chu Mu.

Mu Qingyi wanted an explanation. She wanted Chu Mu to tell her that what she saw was just a hallucination, and that he simply used a powerful soul technique.

Chu Mu knew that Mu Qingyi definitely saw the devilized form of his. The devil flame sea and the visual obstruction space blocked everyone's view, but Mu Qingyi wouldn't be affected by it too much.

"I'll explain in the future." Chu Mu knew that if he lied right now, Mu Qingyi would be even more suspicious. If she knew, it wouldn't matter. He had been with this woman for a while and Chu Mu felt that she was trustworthy.

Mu Qingyi was about to say something but stopped, showing even more disbelief!

He didn't deny it!

This meant that the silver devil man she saw was real. This man that she spent nearly two years around was actually the silver devil man that injured her in the first place!!

However, was he human or devil, and why could he switch between the two so easily?

If he were the devil man, why would he have the soul pact powers of a soul pet trainer, and if not, what was this power?

Many feelings flowed into Mu Qingyi's mind as the confusion overwhelmed her. Her gaze changed from shock and disbelief slowly to complicated and aloof.

All along, this man seemed mysterious and impenetrable to Mu Qingyi. However, no matter how she guessed, she never would have thought that under this man's appearance, there was a powerful, evil devil!

“Longlong!!!!!!”

A huge shock sounded out, and caused the nearby space to shake, pulling Mu Qingyi from her thoughts back to the present. She turned around and found that tai mountain giant had since some time appeared outside the visual obstruction space and gathered its massive fist into a punch towards her!

Mu Qingyi’s heart shook; her momentary daze caused her to forget the tai mountain giant!

White tiger and crown phoenix king already chased icy death king and Fighting Heaven Horned Beast King. Mu Qingyi didn’t even have time to cast an incantation, let alone call them back.

“White Nightmare!” Chu Mu saw things weren’t going well and immediately commanded white nightmare to block it. Since the visual obstruction space already shattered, Chu Mu didn’t dare use his half devil powers.

“Nie!!!!!!”

White Nightmare was just about to cast displacement specter when suddenly Mo Ling’s three soul pets broke through the obstruction space and appeared beside White Nightmare and Mu Qingyi.

White Nightmare was just about to cast a defensive technique when it was interrupted by the three main soul pets. Its movement clearly slowed down. It was this lethal stop that caused Tai Mountain giant’s punch to get even closer. The shadow of death fell upon Chu Mu and ye Qingzi!

Seeing the massive fist about to fall, Chu Mu didn't dare hesitate anymore. He used a displacement specter and moved before Mu Qingyi.

Mu Qingyi was just about to do something when she saw Chu Mu appear against her. Before she could react, the man's arms suddenly hugged her.

The lingering evil aura mixed with his masculine scent fell into Mu Qingyi. While Mu Qingyi was panicking, she suddenly felt that the lethal mountain fist suddenly lost its destructive powers, as if she fell into a place of absolute safety.....

“Beng!!!!!!!!!!”

The massive sound almost shattered her eardrums. Mu Qingyi felt the arms around her hug tighter. Within the violent rock type energy, her soul and body constantly wavered, causing her to be dizzyed.....

The devil flame sea instantly extinguished. Within the massive rock type energy, two figures flew backwards. When they fell, they made a deep gouge within the snow ground!

The three palace people all saw this and their hearts started beating frenziedly.

The most lethal thing in a battle was if a soul pet trainer got directly attacked by a soul pet. At this moment, Chu Fangchen and Mu Qingyi clearly were hit by the tai mountain giant's fist. If they had no defensive measures, they were definitely dead!

Seeing the two deeply wounded figures, Liu Binglan tightened her fist. As long as Mo Ling dared to chase after the defenseless Chu Mu and Mu Qingyi, she would shatter Mo Ling's tai Mountain Giant without hesitation!

"Qingzi, get ready to heal them." Liu Binglan said to Ye Qingzi.

Ye Qingzi was indeed worried; however, she wasn't worried for Chu Mu, she was worried for Mu Qingyi.

Ye Qingzi knew Chu Mu's abilities well. He nearly had the defense of a low class dominator rank, so such an attack from tai mountain giant would at most send him flying and give him a few scratches, but it wouldn't wound him.

Mu Qingyi, on the other hand, was a very defenseless soul pet trainer. The shock from the fist was enough to shatter Mu Qingyi's organs. Ye Qingzi wasn't sure how much Chu Mu could protect her.

Ye Qingzi knew this, but others didn't. Seeing Chu Mu and Mu Qingyi both wounded, their hearts were held in suspense.

Looks like they still couldn't beat son of heaven Wu Kuang and Mo Ling!

At the end of the gouge, Chu Mu helped Mu Qingyi stand up slowly. His silver eyes stared at the tai mountain giant as a flash of anger appeared within them.

Chu Mu retracted his gaze and looked at the disheveled Mu Qingyi and asked, "Are you alright?"

Mu Qingyi's ears were still ringing and she hadn't fully regained her consciousness. After a moment, she slowly recovered and her pupils gazed at the nearly undamaged Chu mu.

Just now, Chu Mu blocked almost all of the blow. She simply hid in his embrace. However, this man seemed completely fine while she was still hurting from the shock alone.....

"I'mI'm fine" Mu Qingyi was a ninth remembrance soul emperor after all. Chu Mu helped her block most of the damage, but the remaining couldn't cause much of threat to her.

As they spoke, crown phoenix king was already above Chu Mu and Mu Qingyi to ensure they wouldn't directly get hit.

"Your white tiger....." Chu Mu looked up at the heavily wounded white tiger, full of injuries from the icy death king, and reminded Mu Qingyi.

Its strength was one or two ranks lower. White tiger being able to stay around for this long should be its limit. Any longer and white tiger may be killed.

Mu Qingyi knew that white tiger had done its best and cast an incantation to retract it.

From afar, Wu Kuang saw white tiger disappear and first was stunned. However, he quickly realized what had happened and laughed out loud, his arrogant and shrill laughter spiralling down from the skies and into Chu Mu and Mu Qingyi's ears!

"You guys aren't much!" Wu Kuang jumped onto the icy death king's body. Riding this massive ice devil on the ground, he gazed down upon the grounded Chu Mu and Ye Qingzi.

Chu Mu glanced at icy death king but didn't mind the fool.

“What did you just say, our battle determines the main attack of soul alliance?” Chu Mu asked Mu Qingyi using mental voice.

Mental communication was much faster and smoother than vocal. An instant was enough to convey one's thoughts.

Mu Qingyi heard it from one of the elders. Originally, she thought chu Mu was told already so she told Chu Mu the basics.

Chu Mu furrowed his brows. Though he was still watching White Nightmare get caught by tai mountain giant, he was thinking about the reliability of this message.

“Chu Fanghcn, I told you, anywhere I may be, you have to go around!” Icy Death King Wu Kuang laughed mockingly.

“Of course, I'll try to appear around Ye Qingzi. Then, I wouldn't have to stay far away from your girl, you would have to stay far away from mine.” Wu Kuang said again.

This voice was as shrill as possible, almost allowing everyone to hear!

Such a naked threat caused everyone to fall into discussion. Everyone's gaze fell on ye QIngzi.

“Oh, oh, I forgot, lady Mu too. These two are both rare beauties. How could you fall into this trash’s hands? I originally wanted to kill you today. However, I thought about it and realized that killing you will lose me fun. I want to make you into a useless man and force you to watch as I hug your woman and walk over your face, hahahah!” Wu Kuang’s words spread out again, falling to everyone’s ears!

After saying that, the entire stadium erupted. What sort of grudge did Wu Kuang and Chu Fangchen have, daring to say such a thing in public!!

“This Wu Kuang, he’s too arrogant!!” Teng Lang yelled.

“I want to rip his mouth open!!” Pang Yue bit down and said.

“Sister, don’t worry, this guy won’t have a good outcome. If he dares to come, even three palaces will definitely rip him apart!” Teng Lang said angrily.

Ye Qingzi’s expression didn’t change much as she still maintained her calm. This caused the angered three palace members to praise her. Chu Fangchen’s fiancée truly was too calm and collected, not even caring about such an ill-willed tease?

Ye Qingzi went with Ye Wansheng through many journeys and had heard many ugly phrased alley talks. She knew how to treat all enemy’s cruel words as simply dog barks.

Of course, most importantly, Ye Qingzi knew clearly that Wu Kuang wasn’t saying this completely out of arrogance. His true method was to anger Chu Mu to continue fighting, so he had a chance to kill them.

Ye Qingzi definitely knew Chu Mu though to this, so she kept watching Chu Mu.

Facing such words, Chu Mu didn't become angry like everyone expected. Instead, he just stood there, his expression incredibly cold!

After a while, Chu Mu gazed at Wu Kuang and said some cold words.

“Done saying your last words?”

Last words!!

The two short words caused the entire stadium to go silent aside from Wu Kuang's twitching facial muscles!!

Chapter 1008: It's Already a King, Zhan Ye

Last words?

What was Chu Fangchen about to do, was he about to kill son of heaven Wu Kuang?

Putting aside whether he could kill son of heaven Wu Kuang, his power alone wasn't matched by anyone other than soul alliance master. How could Chu Fangchen ensure Wu Kuang's words were his last?

“Chu Fangchen, don't be impulsive.....” Mu Qingyi glanced at the cold man and felt killing aura spread out.

She grabbed Chu Mu's arm and shook her head seriously.

Once the silver devil man appeared, it would definitely lift up a massive commotion through the human realm. Chu Fangchen definitely couldn't become the devil man while so many people were watching!

"He's intentionally aggravating you. If we continue fighting, the goal will be to kill you!" Mu Qingyi said.

"I know." Chu Mu nodded.

"Then you still....." Mu Qingyi hesitated.

"If he wants to fight and wants to die, then I'll grant his wish." Chu Mu said coldly.

Mu Qingyi heard Chu Mu and was even more worried.

After she retracted white tiger, no one could deal with the icy death king. This fight was meaningless now unless he became the silver devil man.....

"Mo Ling's tai mountain giant, can you deal with it and take revenge for your evernight emperor?" Chu Mu said calmly to Mu Qingyi.

“Now’s not the time to take revenge.....”

“Can you do it?” Chu Mu didn’t allow Mu Qingyi to continue and interrupted by asking again.

Mu Qingyi paused and looked into Chu Mu’s firm gaze, as if nothing could change it.

“Yes, but.....” Mu Qingyi nodded. Facing just an end hero Mo Ling, she had more than enough!

“That’s enough. As long as you take revenge for your evernight emperor, Wu Kuang’s soul pet I will handle.” Chu Mu said.

“You really want to become devil man under so many people’s eyes.....” Mu Qingyi knew she couldn’t change the man’s resolve and could only watch him with complicated eyes.

Chu Mu’s stern face showed a rare smile and said, “I’m a soul pet trainer.”

After speaking, Chu Mu turned around and gazed at Wanxiang City’s position, his expression instantly changing!

Mu Qingyi didn’t understand Chu Mu’s actions, and glanced over at where Chu Mu was looking but noticed that, where the damaged mountains were, a black and mighty figure leaped across the entire mountain range and ran extremely fast towards them!!

“That’s.....” Mu Qingyi’s gaze became perplexed!

It was a black battle tiger, with a similar appearance to her white tiger. They both had powerful and explosive bodies. However, it was different from the black and shining armor that covered its entire body!

Powerful, Wild, Steadfast!

This was the feeling Mu Qingyi got from this black figure!

The black fighting tiger was very quick and immediately appeared in front of the spectating three palace people. With one leap, it easily passed through everyone and leaped straight into the barrier the neutral faction set up!

“Peng~~~~~”

The barrier was easily shattered by the powerful tiger, as if no power could stop its running!

“You still have the time to look left and right... die!” End hero Mo Ling gave Tai Mountain Giant a command as Chu Mu and Mu Qingyi both had their attentions on the battle tiger!

Tai mountain giant’s two fists lifted up into the sky as it kneeled down and it slammed its arms into the ground!!

“Beng!!! Beng!!! Beng!!!!!!”

The ground shattered, and out of the cracks darted a giant rock dragon, roaring and dashing towards Mu Qingyi and Chu Fangchen!

“Houhouhou!!!!”

The black battle tiger dashed towards them in an angry roar, suddenly speeding up. A black flash went through Chu Mu and Mu Qingyi. As it ran towards the rock dragon, it became a black shattering battle axe that slammed into the rock dragon!

The massive dragon seemed fierce, but what shocked everyone was the powerful rock technique shattered without any resistance when it touched the black battle ax from the tiger!

The rock dragon disappeared halfway through, yet the battle axe’s strength didn’t diminish in the slightest. It continued forth and sent the massive and unprepared tai mountain giant flying back!

“Hong~~~~~”

Tai mountain giant fell down and lifted up a huge wave of dust.

Seeing the thousand meter tall turbid air, the spectators all stared in shock!

In this battle, Tai Mountain Giant’s strength was the weakest of the dominator ranks, but was still formidable in all of human realm. Yet, this mysterious organism knocked it down in such a dominating fashion!

“Houhou!!!!!!”

The black battle tiger stood proudly on the ground and let out an even more imposing roar at the tai mountain giant as if to warn it.

Tai Mountain Giant won't be able to get up in a short. And End Hero Mo Ling, who nearly died from being crushed under the tai mountain giant, was furious.

After the attack, the black battle tiger didn't continue and instead stepped towards Chu Mu.

At first, it was walking, but it slowly sped up until it broke into a full out sprint, unable to wait any longer!

Chu Mu stood in place. Seeing this familiar black figure run towards him, his cold pupils instantly melted with warmth.

On a similar plain that was covered in greens, Chu Mu watched as it ran far away determined, not turning its head around at all.

It didn't turn its head around because it was afraid once it turned its head around, it wouldn't have the courage to leave anymore. Its heart was incredibly firm, yet its resolution would still get shattered by this farewell. It couldn't look back, so it could only look forward into the distance!

Chu Mu's last impression of Zhan Ye was this back image; one where it was trying its absolute hardest to not turn around, determined and silent, as it left.

Today, again on a plain, covered in snow, this black figure was still determined and steadfast, but today it was much stronger than it was!

Though its armor was so bright people didn't dare look at it, Chu Mu could see countless battle scars, as if it was hundredfold steel that constantly gained wounds and healed up to become the armor it was today.

Its claws were shrouded by countless dead lives, beaming from the blood of its enemies.

Its black eyes were always emotionless and silent. Through this outer layer, Chu Mu saw deep within its pupils a character of its soul, a dignity of becoming a king!

It was the dignity hidden in its heart that couldn't be infringed. Once touched, this organism will explode like a volcano!

Chu Mu took a deep breath but no matter how he tried repressing it, he couldn't control the most sincere emotions he was feeling in his heart!

Seeing the running Zhan Ye, Chu Mu seemed to see the centipede abyss, the tired figure sitting upon the mountain of corpses. At that moment, Chu Mu saw an undefeatable soul of a king. And in a few years time apart, it had truly become a king!!!

It was back, Zhan Ye was back!

From the moment he became a devil, Chu Mu thought he would never see it become a true king.

Now, he finally saw it. It was the king that could be beaten but could never lose!!

Chu Mu half-kneeled. At this height, he could be face to face with Zhan Ye. Extending his arms, he rubbed its cheeks and ears.

Zhan Ye stood before Chu Mu, lowering its proud head and laid its cold forehead against Chu Mu's.

The black battle tiger with its head lowered and the kneeling man touched foreheads. This may be a completely normal friendly gesture between soul pets and their trainers, but it revealed a truly sincere and genuine emotion between them. There was no need for anyone else to understand it. As long as the soul pet and the trainer felt the emotions in this simple gesture, it could reveal the story belonging uniquely to them.....

Tens of thousands of people saw this scene, yet only Ye Qingzi, Liu Binglan, and Elder Liu could understand why Chu Mu, after undergoing a switch between devil and human, was crying from joy; the bitterness and unyielding experiences they each went through were immeasurable!

Mu Qingzi stood right beside Chu Mu. Without even explaining, Mu Qingyi knew that the Mo ye that knocked back the tai mountain giant was Chu Mu's lost soul pet.

And this was the first time Mu Qingyi saw this secretive man show such a genuine feeling. At this moment, she believed Chu Mu.

He was a soul pet trainer, one that used his sincere soul to rewrite his fate!

.....

“Chu Fangchen, this is your soul pet?” Wu Kuang stared down and his disdainful eyes shined with a hint of jealousy!

Clearly, this was a nearly dominator rank organism. Having two soul pets like that at such a young age was indeed a huge threat!

“Yes, it is your grim reaper.” Chu Mu slowly stood up, his clear eyes becoming cold and piercing!

“Hahahaha, Chu Fangchen, good one. Your soul pet at most matches Mu Qingyi’s white tiger. Against others, it’s more than enough, but your opponent is I, Wu Kuang!”

“Chu Fangchen, no matter how powerful you are, you will be a stepping stone of mine that I shatter. I want to see how you use a Mo Ye to make my words my last. If you can’t do it, you have to watch as I step over you with your girl!” Wu Kuang laughed and didn’t even try to hide his arrogant attitude!

Chu Mu gazed at Wu Kuang coldly. If he wanted to fight then Chu Mu would fight. Chu Mu wouldn’t say even an extra word.

Aside Chu Mu was Zhan ye’s black pupils similarly apathetic. Its gaze was locked onto Wu Kuang’s icy death king!

“You can deal with it, right?” Chu Mu looked at Zhan Ye and asked calmly.

Zhan ye didn’t respond and simply walked forth, choosing to use its actions to tell Chu Mu!

Near dominator rank?

Zhan Ye’s aura was near dominator rank, so what its true strength was, even Chu Mu couldn’t estimate!

But one thing was for sure- Wu Kuang’s two dominator ranks were going to die a horrible death!

Chapter 1009: One vs Two

“That is Chu Fangchen’s soul pet. It unexpectedly is near the dominator rank!” seeing the mighty Warbeast Mo Ye, Teng Lang and the others didn’t know what to say!

Chu Fangchen was someone who had climbed to a realm tens of thousands of people had been unable to reach; moreover, he made it look easy. All together, this made it seem like he would have a total of three dominator rank soul pets in the future!

“However, his Warbeast Mo Ye should only be as strong as Mu Qingyi. If the White Tiger still has fighting strength, perhaps they have a chance at victory, but purely relying on the Warbeast Mo Ye, the chance shouldn’t be very big.” said Shen Mo.

People began to quietly discuss; only Pang Yue stared at the Warbeast. For a while she didn’t say anything. Instead, she stared at her father, Pang Xing.

Pang Xing was also in a state of shock, because this soul pet was the one that had defeated the Blood Barbarian Hidden Dragon in the Northern Barren Land before entering Soul Pet Palace's Holy Region to train!

Pang Xing had publicized this matter among the three great palace's higher ups. In his proud state, he initially thought they would soon obtain a powerful ally; he never expected that once this Warbeast Mo Ye appeared, it would immediately enter the holy region and be forgotten by the higher ups.

Pang Xing wanted to say that the Warbeast Mo Ye was the Tianxia King Chu Mu's soul pet, but after seeing this scene, he suddenly understood something and shut up!

Pang Xing already had an answer in his heart. Clearly, this absolute genius, Chu Fangchen, that had emerged from Soul Palace, was the Tianxia King Chu Mu that had left a legend among the people when he transformed into a devil!!

Once this news was spread, it would absolutely raise an upheaval!

"Senior Elder Pang, this Warbeast Mo Ye..." an elder looked at Pang Xing and asked somewhat hesitantly. Clearly, he still remembered Pang Xing previously telling them about a powerful ally.

"Pang Xing shook his head and said: "I've never seen it before."

After speaking, he turned his eyes to the fearless Warbeast Mo Ye.

Zhan Ye had taken a step forward, and was facing the two imposing dominator rank creatures.

This fight was one that Zhan Ye had to use to explain to Chu Mu. It had waited a long time for this day to arrive, so it had to completely reveal the fruits of its bitter training!

“Jie jie~~~~~”

The White Nightmare slowly floated up to Zhan Ye and let out a laugh. It seemed to be welcoming back Zhan Ye.

Zhan Ye threw a glance at this fellow, but let out a low roar.

The White Nightmare understood it, but its face immediately displayed a trace of unwillingness!

“White Nightmare, come back. Let Zhan Ye deal with them.” Chu Mu said to the White Nightmare.

The White Nightmare unhappily flew back to Chu Mu. Now, it had become Zhan Ye alone against two dominator ranks!!

One versus two??

This made everyone stunned!

Was Chu Fangchen crazy? He was going to let his Warbeast Mo Ye fight two dominator rank creatures? Regardless if it was the Icy Death King or Fighting Heaven Horned Beast King, neither was inferior to Mu Qingyi's Crow Phoenix King. They were both genuine dominator rank creatures!!

The difference in strength between a genuine dominator and a near dominator had been seen in the fight between the Icy Death King and the White Tiger. With this definite disparity in strength, a slight moment of inattentiveness would lead to its demise.

In this situation, one against one was hard enough. Even if both of their physical strengths had been slightly exhausted, this Warbeast Mo Ye would die if it had to fight them!

"Chu Fangchen, what are you doing?" nervously said Mu Qingyi.

"Believing in my soul pet." Chu Mu indifferently said.

After speaking, Chu Mu narrowed his gaze, transforming it into killing intent that flew towards Wu Kuang's soul pet.

Zhan Ye understood Chu Mu's intention, and unexpectedly launched the attack first. Its black figure flew across the snowy ground, charging at the Fighting Heaven Horned Beast King first!!

"Overestimating your capabilities! I'll kill your soul pet first then!" Wu Kuang sneered. A soul pet of this level dared to fantasize about taking his life. This was practically a joke!

The Fighting Heaven Horned Beast King took a heavy step forward. Its wild beast aura was released and the Ancient Beast Soul Force attached to its explosive arm muscles instantly doubled its strength!

The Fighting Heaven Horned Beast King's cold and lonely eyes stared down at this weak Warbeast Mo Ye. The soul shadow wrapping around its arms transformed into an undefeatable weapon that smashed towards Zhan Ye!!

Zhan Ye took a step to the side in the air. Its black body transformed into an afterimage as it nimbly evaded the Fighting Heaven Horned Beast King's attack!

The black light on Zhan Ye's claws flashed. Ancient imprints also congealed on its front limbs, causing its strength rise by several tenths. Afterwards, its sturdy claws swiped at the Fighting Heaven Horned Beast King's arm!

The claws left several deep bloody wounds on the Fighting Heaven Horned Beast King's arm. However, this type of wound was nothing to the horned beast. The soul shadow on its arm quickly disappeared before congealing on its mighty horn - the strongest part of its body. It transformed into an enormous horned soul shadow that swept at Zhan Ye!

Zhan Ye knew that it would be unable to dodge and instead of retreating, it advanced. The ink armor spikes on its back appeared like rows of blades before shooting out of its back!

The present ink armor spikes were no longer limited to hand-to-hand fights. At a certain distance, they would still be able to be used to attack and Zhan Ye was going to use this to retaliate against its opponent!

“Beng!!!!”

The horned soul shadow landed on Zhan Ye, causing countless cracks to appear on its ink colored armor.

“Chi!!!!!” Zhan Ye’s defense ignoring ink armor spikes pierced into the horned beast king’s abdomen. After being pierced by the dark energy, it let out an angry roar, and the defensive skin on its abdomen was quickly corroded!

“Hu hu hu hu hu~~~~~”

The moment the horned beast king’s soul shadow attack ended, a cold aura abruptly poured over while Zhan Ye was still defenseless. A shocking icy halberd descended from the heavens, shooting towards Zhan ye!

The icy halberd was enormous, and Zhan Ye’s body was like a tiny black insect in comparison to the blade of the halberd!

Zhan Ye naturally could not continue trading blows with the horned beast king. It turned into an ink colored afterimage as it attempted to dodge this technique!

“Hong!!!!!!!!!”

When the heavenly icy halberd descended, a wave of ice was swept towards all sides. Within the icy wave was mixed countless frozen blades. Even if Zhan Ye dodged the main attack, it would still be left injury riddled by the icy blades in the ice wave.

Zhan Ye didn't stop running. Quickly, it pulled apart a distance with the two dominators and ran out of the range of the icy blade wave, landing in the snow.

In the first confrontation, the Warbeast Mo Ye was left with many wounds. The three great palace's people couldn't help but sigh and shake their heads. In their hearts, the victor of this fight had already been decided.

"There's no point in struggling like this. Why not just give up? Chu Fangchen has another creature that is close to the dominator rank. Thus, there's not necessarily a reason for us to fear Soul Alliance." Diagram Supreme Ke Yin glanced at Liu Binglan as he spoke.

Liu Binglan didn't say anything. She merely quietly watched the Warbeast Mo Ye that didn't seem to be anything special.

Although she had never seen Chu Mu's Warbeast Mo Ye fight, she vaguely remembered the Warbeast Mo Ye possessing an extremely powerful ability. As for what exactly it was, she would only find out as the fight continued.

"Let's believe in Chu Fangchen." at this point, Senior Elder Pang Xing spoke up.

Everyone looked at him confused.

Senior Elder Pang realized what he said may have been harmful to Chu Mu and closed his mouth. However, he remembered back to when the Warbeast Mo Ye was still at the emperor rank when it challenged the Blood Barbarian Hidden Beast. He muttered in his heart: "What realm will it reach this time?"

On the Icy Death King's shoulder, the look of contempt on Wu Kuang's face was even more entrenched. He had figured this Warbeast Mo Ye would be very powerful; it turned out to be just this. This Chu Fangchen really understood how to bluff!

"Kill it within a minute!" Wu Kuang ordered his soul pets!

The Icy Death King floated above millions of snow petals. With its absolute control over the ice and snow, it sent a wave of calamity-level ice shower towards Zhan Ye's location!

The merciless icy snow transformed into a most terrifying wave of icy blades. Blade after blade couldn't help but make the spectators tremble. It was as if these blades were raining down on them!

Amidst the icy snow blades, the Fighting Heaven Horned Beast King continued to rely on its destructive soul shadow. It launched consecutive attacks. Instantly, the sky was filled with icy snow blades and a horned soul shadow. The terrifying power caused space to crack and turned the area Zhan Ye was in into a chaotic ground!!

Seeing Chu Mu's Zhan Ye receive consecutive attacks, Mu Qingyi silently turned anxious for Chu Mu and glanced at him.

However, she discovered that he didn't move at all during this process. In fact, his mouth even curved into a cold smile, as if he was mocking the enemy's ignorance and stupidity!

Mu Qingyi didn't know where Chu Mu's confidence came from. Indeed, even her Crown Phoenix King was unable to stop the power of two dominators. If this Warbeast Mo Ye didn't do something, it would be killed!

“Hou hou hou!!!!!!”

Just as Mu Qingyi was extremely anxious and confused, the Warbeast Mo Ye lifted its head and let out a wild roar that rang through the chaos!

Immediately after, Mu Qingyi discovered an ink color that pierced out of the overlaying of techniques. It flew towards the Fighting Heaven Horned Beast King!

“Shua!!!!!!”

The light of a death god flashed past and accurately streaked across the Fighting Heaven Horned Beast King’s corroded abdomen. Instantly, a large amount of blood spurted out like water!!!

“Mou~~~~” the Fighting Heaven Horned Beast King immediately let out a pained roar. Its body teetered and nearly fell to the ground!

Seeing the Fighting Heaven Horned Beast King wounded from the sudden attack, those people who thought the Warbeast Mo Ye would die were stunned!

Under the consecutive technique attacks of the two dominators, the Warbeast Mo Ye was still unexpectedly able to retaliate? Could those attacks have been ineffective on it?

However, there were many wounds on the Warbeast Mo Ye’s body. Clearly, the attacks had all landed on it!!

Wu Kuang's face was even more unsightly. In that one minute, not only had the opponent not died, but it had also launched a counterattack!!

Chapter 1010: Stepping on Two Corpses (1)

“Hou Hou!!!!!!”

Zhan Ye's attack didn't stop. Taking of the Fighting Heaven Horned Beast King's teetering, it took a hard step on the ground, instantly breaking the thick icy ground frozen over by the Icy Death King!

The Fighting Heaven Horned Beast King wanted to step up into the air; however, the might from Zhan Ye's steps not only caused the ground to crack, but also caused spatial vibrations that knocked the Fighting Heaven Horned Beast King back down!

After being affected by the spatial vibrations, the Fighting Heaven Horned Beast King became off balance. Zhan Ye took advantage of this to pounce over. Its black body transformed into an imposing black blade that ran along the ground and sliced at the Fighting Heaven Horned Beast King's abdomen!

“You have an inch, and now you want a foot!!” a trace of anger flashed in Wu Kuang's eyes. He gave the Fighting Heaven Horned Beast King an order!

The ancient imprints interweaving on the Fighting Heaven Horned Beast King dazzled once again. This time, however, instead of creating an offensive weapon, the soul shadow wrapped around its abdomen, the ancient light forming a soul shadow armor that protected its bleeding wound!

“Keng!!!!!!”

Zhan Ye's claws seemed to scratch against metal, letting out a low piercing sound.

A wound was left on the soul shadow armor; however, the wound on its abdomen did not expand. Clearly, Zhan Ye's skillful attack had been blocked by the special soul shadow!

"Zhan Ye, dodge the attack behind you!" at this moment, Chu Mu gave an order.

When Zhan Ye saw the soul shadow take the form of an armor, it had already planned on retreating. Indeed, the Icy Death King wasn't just for show. Its dominator rank elemental technique's destructive power would still be extremely painful if it struck its body!

Zhan Ye's movements were rapid. Having been through hundreds of fights, it was used to fighting creatures of a higher rank of it. It quickly disappeared from in front of the Fighting Heaven Horned Beast King!

As expected, a moment later, the Icy Death King's icy technique roared over, practically brushing past Zhan Ye.

Seeing Zhan Ye dodge the attack, Chu Mu quietly nodded his head. Zhan Ye's battle sense was extremely strong. It probably didn't even need him to tell it that, and would have already realized that it would be stuck in a sandwich after its technique didn't succeed.

However, Chu Mu possessed other pupils and could clearly see the movement of the two great dominators. Being able to survey the fight and conduct the fight from what he saw gave Zhan Ye more benefits!

"It runs rather fast!" Wu Kuang stood on the Icy Death King and stared unwaveringly at the black colored warbeast as he sneered.

What did it matter if it ran quickly? If it hadn't reached the dominator rank, it ultimately could not be the Icy Death King's opponent. Wu Kuang would even dare swear that within a minute, this Warbeast Mo Ye would turn into a corpse!

"Hmm? What happened? Why did that thing's aura suddenly become stronger?" Wu Kuang was stunned and looked confused.

However, quickly his confusion was wiped away since the increase in strength couldn't change the outcome of this fight!

"It still dares to fight head on! Courting death!!" Wu Kuang was about to attack when suddenly, the Warbeast Mo Ye charged over. Wu Kuang, in anger, felt that this Warbeast Mo Ye was looking down on his two soul pets!

.....

Brave Stinging Heart's effect had caused Zhan Ye's strength to rise. The wounds on Zhan Ye couldn't be considered serious. Its life force of six times the normal amount allowed it to withstand, even when defenseless, a dominator's technique and not die!

The previous attack could be described as feeling out the opponents. Zhan Ye now understood approximately how strong the two dominators were. Thus, in the subsequent amount of time, Zhan Ye who would walk out of a bloody battle, would make them descend into a nightmare in which they were perpetually in fear and in a tangle with death!!

"Hou hou hou!!!!!!!!!"

The snowy wind roared and violently danced around Zhan Ye. Zhan Ye sped up once more and after giving a roar, a bloody mist covered its body. The bloody mist transformed into Zhan Ye's armor, turning its body into a bloody color. Its deep dark pupils were now filled with cruelty and savagery!

Bloodthirsty Berserk Transformation!!

Zhan Ye's muscles began to bulge and facing the Icy Death King's wave of icy blades, it unexpectedly met it head on. It formed a bloody light that charged at the Icy Death King!

Seeing the Warbeast Mo Ye suddenly use Bloodthirsty Berserk Transformation and charge over, Wu Kuang sneered!

An icy snow scepter suddenly appeared between the Icy Death King's hands. The scepter fiercely stabbed the ground!

"Hou hou hou hou~~~~~"

With the icy snow scepter as the center, a roaring icy snowstorm, like a white wild dragon, surged into the sky, right in front of where Zhan Ye was running!!

The windstorm was filled with icy blades. If one entered the windstorm, one would be made into mincemeat. Moreover, the scale of the windstorm was enormous. It was impossible to avoid this technique in such a short period of time!

"Come here and die!" fiercely said Wu Kuang!

Zhan Ye, completely covered in blood clothing, was still intensely staring at the Icy Death King with its red eyes. It surprisingly ignored the wild dragon of icy snow windstorm. It didn't slow down at all as it charged into the windstorm!!

“Shua Shua Shua Shua Shua!!!!”

People could hear a body being ripped apart by the icy blades, and a huge mist of blood seeped out of the windstorm.

However, before everyone could let out a sigh, the bloody and crazy figure relied on its powerful body to pass through the wild dragon windstorm!

Covered in blood, it was radiating terror. The blood didn't stop dripping, but as Zhan Ye savagely opened its tiger mouth, all of the blood gathered in front of it, forming an enormous blood colored tiger mouth phantom!

The blood colored hunting teeth on the top and bottom of its jaws were lifelike. The enormous blood phantom tiger mouth resembled a genuine blood tiger baring its fangs as it bit the Icy Death King!!

Wu Kuang's expression changed. It never occurred to him that this monster would be able to survive the windstorm, and he hastily had the Icy Death King use Icy Death Shield!

“Beng!!!!”

The blood tiger mouth's biting force was stunning. The hastily formed Icy Death Shield was bitten to pieces and on its ice crystal body, two tiger teeth marks appeared, reaching deep into its bones!!

"Kill it!!!" Wu Kuang grew even angrier. To him, his Icy Death King being wounded by the bite of a weak little emperor was humiliating!!

The Icy Death King wasn't too severely wounded. It immediately attacked from the other side of the Fighting Heaven Horned Beast King and simultaneously used a technique!!

This time, Zhan Ye didn't choose to dodge. As everyone cried out in shock, it faced the two dominators. Its pair of bloody eyes showed no traces of fear. The only thing present in its eyes were burning dominance and ruthlessness!!

The techniques of both dominators landed on Zhan Ye. Zhan Ye had no intentions of dodging. After protecting its vitals, it allowed the techniques to ravage it. Unexpectedly, it shot out its ink armor spikes again, stabbing into the Icy Death King's body, corroding its natural ice armor!

"Why won't it die?!!" Wu Kuang revealed an impatient expression!

This Warbeast Mo Ye's life force was incomparably tenacious. If it were Mu Qingyi's White tiger, it would have already died numerous times already!

"Hou hou hou!!!!!!!" Zhan Ye, in high fighting spirits and anger, roared at Wu Kuang, telling him that it was still alive and well!

In the chaotic ice and snow, Wu Kuang discovered that its glossy black light still shimmered. The black Warbeast Mo Ye, after being knocked flying, bravely charged forward again without any fear!!!

“Impossible... impossible. It was just heavily injured!!” Wu Kuang was stunned. He refused to believe the Warbeast Mo Ye that looked unscathed now was uninjured!

Zhan Ye didn't give Wu Kuang any time to revel in shock. It once more used its body to block the Fighting Heaven Horned Beast King's attacks and didn't slow down at all as it charged at the Icy Death King!

The Fighting Heaven Horned Beast King was nowhere to be found in Zhan Ye's bloody barbaric eyes. Its torrential killing intent was purely focused on Wu Kuang's Icy Death King. It would fight it until its last gasp!!

It was wild and tyrannical. After Broken Limb Rebirth, Zhan Ye's strength rose once again; moreover, it showed no signs of pausing. It completely ignored the attacks of both dominators just to leave a wound on the Icy Death King's body. Even if it was knocked back flying, it wouldn't be another second before the crazy war tiger would rush back over!

It was wave after wave of charging; fearless tears and bites in a close combat situation. It allowed every technique to hit itself. Even if it was injured, it would immediately climb back up and attack. Such insanity caused the Icy Death King to show a fearful expression. It couldn't help but continuously retreat, as it didn't dare approach Zhan Ye!!

As the Icy Death King was forced back, the entire crowd was flabbergasted!

Who would have expected that the Warbeast Mo Ye would be fearless under the combined attacks of two dominators. It was like the most terrifying undead that kept getting up and charging!!!

“Broken Limb Rebirth!! This Warbeast Mo Ye possesses the Broken Limb Rebirth ability; moreover, its life force is abnormally tenacious!!” finally, the silence was broken by an old soul pet trainer’s voice!

These words woke everyone up!

Wasn’t rapid healing after suffering serious wounds the bug type Broken Limb Rebirth technique?!!

Chu Mu stood where he was, wanting to say something, but hesitating. He could only watch the Bloodthirsty Berserk Transformed tenacious figure, despite the blood spilling, wildly rip and bite at the two stronger creatures!

Chu Mu no longer had to command the fight because Zhan Ye was proving that it was strong enough to hold up on its own through its spilling hot blood, along with its domineering and wild fighting style!!!

Its eyes ignited with a blood color were even telling Chu Mu that it was a fully deserving Mo Ye King. These two dominators were merely one of the numerous corpses under its feet that would ultimately be trampled on!!
