### Chapter 1011: Stepping on Two Corpses (2)

“Did you not notice this Mo Ye’s strength is increasing?” Old mister Tan De said.

No one noticed before Tan De mentioned it, but upon closer inspection, everyone was shocked!

The Mo Ye indeed was getting more and more powerful!!

This increase in power definitely wasn’t the limited effects of Bloodthirsty Berserk Transformation. It was an increase in all facets of strength, including power, defense, speed, and life force.....

The strength increase was very evident after the second broken limb rebirth. Its strength was likely that of a normal dominator rank now!!

Nearly dominator rank to normal pseudo dominator rank was about a rank in difference, but the difference in strength was still very evident. At least, everyone could tell that black battle tiger’s strength was clearly stronger than Mu Qingyi’s white tiger!!

After being attacked this many times against two nearly undefeatable dominator rank organisms, not only did the Mo Ye not lose, but it became dominator rank- how surprising was this!!

A moment ago, countless people were feeling sad about this crazy Mo ye. They thought that the raw fighting method would only cause this Mo Ye to die quicker.

However, who would still think this Mo Ye was looking for death?

Its black armor was dyed with burning blood. Facing two dominator rank organisms, Zhan Ye seemed to start burning its life, and put its proud soul at the forefront of battle!

Chu Mu had seen Zhan Ye fight with his life against its enemies many times, but never has it been this without restraint!

Zhan Ye was releasing his power completely. It once lived in a forest as a weakling, barely surviving. Now that it was dominator rank, it wanted to release all its power without restraint in front of the man that made it powerful!

In the past, Chu Mu had never seen Zhan Ye like so!

.....

Without taking any defensive measures and dodging, Zhan Ye's wounds stacked on very quickly. The time between each broken limb rebirth was much shorter than usual too.

However, this didn't affect its brave stinging heart growth. By the fourth broken limb rebirth, Zhan Ye's strength was already near the icy death king. Every attack could leave a heavy mark on the icy death king!

Wu Kuang's icy death king was getting more and more beaten up. As an elemental world soul pet, it needed a certain amount of chant time at first. However, against this crazy soul pet, Icy Death King couldn't even finish a single powerful incantation.

As for the Fighting Heaven Horned Beast King with a soul shadow, Zhan Ye didn't even look at it despite its powerful ancient beast soul powers. Even though it was nearly killed by the soul shadow, the wild beast would get back up and stare right back at the icy death king!

Zhan Ye's lack of fear and death caused Fighting Heaven Horned Beast King to seem like a clown. Other than knocking it away and providing some obstruction, it couldn't do anything else. This caused the Fighting Heaven Horned Beast King to feel slightly scared of the unkillable Zhan Ye. At least, it had never seen much an oppressive and crazy enemy!

Zhan Ye's bloodthirsty berserk transformation had long since disappeared, but it was still red from the blood on its body. Its blood red body pierced through the Fighting Heaven Horned Beast King's defenses and, using the beast's stamping power, it became a blood red arrow that darted straight for the icy death king!!

Seeing this nightmarish red shadow come again, Wu Kuang's face turned steel green!!

“Shua!!!!!!”

Wu Kuang hadn't had the chance to give Icy Death King a command when the blood red beast stabbed right through the clearly shattered heavenly ice armor of the icy death king!

Icy death king flew backwards a few thousand meters before finally dealing with the force. When it lowered its head, it suddenly noticed that the crazy Mo Ye was still pinned to its chest!

“Houhouhou!!!!”

Zhan Ye let out a bloodthirsty roar. The claws it stabbed into the armor ripped towards the sides, threatening to rip the icy death king into two with raw force!!

The icy death king's chest plate started screeching. As Zhan Ye was using more and more force, Icy Death King's chest groaned like a collapsing iceberg. Its chest was ripped apart, revealing the internal ice of the icy death king!

“Mu~~~~~”

Fighting Heaven Horned Beast King was furious. Seeing Zhan Ye about to rip ice death king's chest, it also turned red eyed and morphed its soul shadow to its strongest offensive form, the horn, and charged towards Zhan Ye!!!

Soul shadow's aura was massive. It brought with it a destructive power as it charged towards Zhan Ye hanging off icy death king's chest!!

Wu Kuang saw this and clenched his jaws, not telling icy death king dodge!

Zhan Ye's Mo ye clearly had broken limb rebirth. However, as long as it could deal lethal damage in one blow, it couldn't use broken limb rebirth again!

“Kill it!” Wu Kuang's rage was burning through his entire body. As long as it could get rid of Mo ye, it was acceptable for icy death king to get wounded!

Wu Kuang gave icy death king a command. Icy Death King's internal ice crystal suddenly welled out of its body, becoming a freezing force that tried to stop Zhan ye!

Zhan Ye felt the arrival of both the powers. Suddenly, Zhan ye gave up the chance to heavily damage icy death king and pulled its claws out to leap upwards!

Zhan Ye that had been ignoring attacks the entire battle suddenly chose to dodge this time. Seeing the bloody figure dart into the sky, Wu Kuang was stunned.

“Stop!!” Wu Kuang suddenly realized he fell for the trap. When he lowered his head, he saw the massive soul shadow horn slam right into the icy death king’s body!!

Fighting Heaven Horned Beast King wasn’t Wu Kuang’s soul pet, so Wu Kuang couldn’t tell it to stop immediately!

“Pu!!!!!!”

Two horns, four tips, they pierced through icy death king’s ripped chest and went straight into icy death king’s chest!

“Mou~~~~~”

Fighting Heaven Horned Beast King’s painful roar jolted all the shocked spectators. Very quickly, they found the Fighting Heaven Horned Beast King’s horn gain a thick layer of ice, becoming a frozen horn!

This ice effect was supposed to freeze Zhan Ye, causing it to brittle before killing it in one blow. However, because these two dominator ranks didn’t both belong to him, the lack of communication

not only caused the Fighting Heaven Horned Beast King to heavily injure Icy Death King, it also caused Icy Death King to freeze the beast king's horn!

“Hoiu~~~~~”

Suddenly, a tiger roar came from the skies. While the two dominator ranks hurt each other, Zhan ye became a massive axe that was surrounded by beast type, bug type, and dark type energy!!

The vast axe fell down with a speed that seemed to split the entire world into two!

“Honghong!!!”

The axe split shockingly down on the two dominator rank organisms!

There was no dazzling gleam, only the purest of power!

“Peng!!!”

“Beng!!!!”

After the heavy axe hit, two sounds rang out. The first sound was the horn of Fighting Heaven Horned Beast King getting snapped in two!

The second sound as icy death king's chest becoming countless shards as it collapsed!!

The shocking scene caused the entire plain to go silent. The only sound reverberating through were those two, along with the rapid palpitation of everyone's hearts!

How shocking of a scene was this? One of the two dominator ranks lost its strongest weapon, while the other shattered and was possibly dead!!!

The battle situation changed instantly, yet who was willing to believe this change!

Icy death king, Fighting Heaven Horned Beast King. These were two powerful soul pets that equated to the strongest person in human realm aside from alliance master!

Yet, they were heavily wounded, wounded by a Mo Ye that wasn't even at dominator rank!!!

Powerful life force, continuous broken limb rebirth, and steady power growth allowed the weak Mo Ye to step them below its feet. How shocking and unbelievable was this true king of soul pets!!

Such a wild, unruly, powerful king belonged to the young man in the battlefield. With just the white nightmare, the young man was already amongst the strongest. Now, it was truly at the tip of humanity!!

Mu Qingyi was beside Chu Mu through all this. While battling Mo Ling, her attention was firmly on Chu Mu's Mo Ye, and the shock never faded from her face!

Owning Dead Dream allowed this man to look down upon everyone. Mu Qingyi already put his future potential beyond anything people could imagine. Now, with the returning soul pet that wasn't any weaker than the forgiven fox thunder monarch, her heart was shaking from his power!!

Mu Qingyi's mind was wavering. First, the silver devil man merged with Chu Fangchen, and soon following that, his returned soul pet put on a startling act.....

This person was completely mysterious. Mu Qingyi originally thought that after figuring out his true identity, she finally knew him well, but Zhan Ye's appearance again overthrew her preconceptions.

At this moment, Mu Qingyi realized something!

He was a spirit emperor but only had one soul. Even with the Mo Ye, it was only two. What were the other three soul pets then?

Were they as powerful as this battle tiger? If so, wouldn't that mean this man had the power to compete against "that person"?

The person that stood at the forefront of humanity like a godking, looking down upon the world!

In the past, Mu Qingyi never would have imagined someone being able to compete against that person, nor did she believe anyone could surpass him.....

However, for some reason, Mu Qingyi now believed Chu Fangchen would be the person to surpass him!!

Chapter 1012: Alliance Master's Soul Pet!

The battle hadn't ended. After the Fighting Heaven Horned Beast King's horn was snapped, the proud and indignant dominator went completely crazy. Its eyes became pure red and it went into a craze!

Bloody, violent!

The Fighting Heaven Horned Beast King grabbed the landed Zhan Ye and both its arms conjured powerful soul shadows, threatening to rip Zhan Ye into two!

“Gezhi!!!!!!”

Zhan Ye's bones were clearly ripped apart. The angry Zhan Ye gathered beams of destruction and sent them into the Fighting Heaven Horned Beast King's face!

The Fighting Heaven Horned Beast King didn't avoid it at all, and allowed the destruction to blast its face in. Its soul shadow beast claw still held onto Zhan Ye's fore and rear limbs, forcefully pulling it apart!!

Zhan Ye, under the effects of brave stinging heart, its strength was similar to icy death king now. The Fighting Heaven Horned Beast King couldn't rip it into two. Even if its power was overwhelming, it could at most break Zhan Ye's bones!

Zhan Ye constantly conjured destruction beams that slammed into Fighting Heaven Horned Beast King's face. Zhan Ye had powerful life force and regeneration so it wasn't scared of fighting like this at all!!

A dozen destructive beams flew into the Fighting Heaven Horned Beast King's head. Its face was already smashed up, bloody and awfully terrifying!

Finally, Fighting Heaven Horned Beast King could no longer withstand the attacks, and angrily threw out the broken Zhan Ye!

“Mou~~~~~” Blood poured forth. The Fighting Heaven Horned Beast King lifted its head up in a painful roar as the destructive beams on its face split open, threatening to break its entire face!!

Such a gory scene caused everyone to be stunned. The unruly nature of dominator ranks were unbelievable!

“Houhou~~~~~”

Far away, Zhan Ye landed but its body was clearly misshapen. With a low roar, however, its bones seemed to grow back, slowly writhing under Zhan Ye's skin.

“Gegege~~~~~”

The sound of bones reconnecting sent shivers down people's spines!

Broken limb rebirth, the fifth broken limb rebirth!!

Just when everyone thought this battle would end with both sides losing, Mo Ye's fifth broken limb rebirth caused everyone to stare stupefied!!

Wu Kuang, who landed in the icy shards, saw the Mo Ye stand up completely healed yet again and his pupils dilated. The belittling and ridicule in his eyes disappeared, slowly replaced with fear and despair!

A nightmare - this battle was like a nightmare to Wu Kuang. It tightly grasped his mind, unable to be shaken away, bringing him terror and shivers that reached his soul. All of Wu Kuang's confidence and pride was shattered.

Wu Kuang many times absentmindedly shut his eyes to try to wake up from this nightmare. However, when his eyes reopened, he didn't see a woman laying in his lap in bed. The only thing in his vision was still the bloody creature that had shattered his mental defenses!

“Houhouhou~~~~”

An angry roar came from Wu Kuang's side. Wu Kuang was still immersed in the nightmare when he suddenly realized the nightmarish dominator rank became a beam of black light that flew towards the Fighting Heaven Horned Beast King's skull!!

The Fighting Heaven Horned Beast King's frenzied close combat with Zhan Ye left it with very heavy wounds. It was still in a dazed state teetering on the edge of consciousness, but the Mo Ye clearly was even more powerful after healing as it gathered a powerful attack towards it!

“No!! No!!!!!!” Wu Kuang let out a call, his voice filled with an utter terror and despair!!

If this attack hits the Fighting Heaven Horned Beast King's skull, it was dead for sure. After all, without the soul shadow, the Fighting Heaven Horned Beast King was just a normal pseudo emperor rank!

Icy death king could die, but Fighting Heaven Horned Beast King definitely couldn't die because..... Because it was soul alliance's master soul pet!!

However, no matter how Wu Kuang yelled, the ruthless Zhan ye didn't even slow down. Its tiger form passed straight through the bloody face of the Fighting Heaven Horned Beast King!

“Beng!!!!!!!!!!!!”

Its massive skull blew up on impact, sending bits of blood, brains, and skull bone towards the surrounding!!

After the head exploded, the neck spurt out a shocking pillar of blood as it.....

Its teetering body finally lost its balance. While the blood was spouting out of its neck, it slowly fell backwards and toppled onto the ground, blood continuously welling out!

The Fighting Heaven Horned Beast King's body was still twitching, but it quickly lost its life force, becoming a stiff body in the cold winter!

“Huhuhuhu~~~~~”

The wind kept blowing, but everything went silent. The only thing that remained was Wu Kuang's crazed shout echoing through the wind and snow.

It was dead, the dominator rank organism was really dead!!

Both factions' members had faces etched with the deepest disbelief and shock!!

"Xia Zhixian!!!! Go and save it!!" The only sound remaining was Wu Kuang!

Xia Zhixian was momentarily distracted. After a moment's hesitation, she summoned her Sky Butterfly Queen and flew towards the battlefield!

The entire battlefield was frozen for a few seconds before all the soul alliance members reacted. They quickly summoned their soul pets and broke through the protective barrier, running towards the battlefield!

The dominator rank organism had to be protected at all costs, even if they had to start the war with three palaces!

Eight desolation Bing Liao, Dragon absolute lead the other absolutes, scars, and experts into the battlefield, not to fight Chu Mu but instead to protect Wu Kuang and give Xia Zhixian time to revive.

Soul alliance had swarmed up already, so how could three palaces stay around? With a command from Diagram Supreme Ke Yin, all the elders and sacred guards charged forth and protected Chu Mu and Mu Qingyi. In a moment, everyone was staring at each other with hostility, a war threatening to break out with the slightest spark!

“Zhan Ye, come back.” Chu Mu didn’t continue lighting the fire and instead told Zhan Ye to come back.

Facing soul alliance welling forth, Chu Mu was very calm because he knew that soul alliance was imposing, but didn’t dare to fight him. A single technique of Zhan Ye could wipe out a huge chunk of them. Even if other hero experts came, they still had to weigh whether it was worth it to suffer a huge loss to hurt Chu Mu!!

.....

“How is it, can it be saved?!” Wu Kuang yelled at Xia Zhixian.

Xia Zhixian coldly glanced at Wu Kuang, and didn’t mind the fellow.

With a few spells, Fighting Heaven Horned Beast King shook slightly, but what was completely shattered was its head. The chances a beast type organism survives a direct hit to its skull was very low.

After a while, Xia Zhixian stood up and shook her head, “You can take the corpse.”

With Xia Zhixian’s words, Wu Kuang was scared stiff and fell onto the ground!

“Son of Heaven, your icy death king didn’t die, you don’t have to be this dejected.....”

“Yes, we’ll take revenge for you. Alliance master won’t do nothing either, he’ll definitely come and bring you justice.” Eight desolation Bing Liao said.

Offending son of heaven Wu Kuang was like directly offending alliance master. One thing everyone knew was for sure; no matter how powerful Chu Fangchen was, he was dead for sure because he offended someone he shouldn’t have!

“Hahahaha!!!!” Suddenly, Wu Kuang laughed out crazily, confusing everyone nearby!

Wu Kuang’s laughter flew through three palace and Teng Lang laughed alongside, “Great, looks like the son of heaven Wu Kuang went crazy too!”

“Crazy? So what if I’m crazy, you’re all going to die, not a single one will be left alive! Chu Fangchen, you could kill my icy death king, or even kill me, but you should never have killed that Fighting Heaven Horned Beast King. Do you know that you’re no different than a dead person to me now!!” Wu Kuang stood up after laughing, and said to Chu Mu with a sinister face.

Chu Mu wasn’t moved, only watching Wu Kuang silently.

“You know why my soul isn’t wounded after Fighting Heaven Horned Beast King died?” Wu Kuang pointed at Chu Mu.

Everyone looked at Wu Kuang, and found that he showed no symptoms!

Did the Fighting Heaven Horned Beast King not die? Xia Zhixian already said it was dead though!

“This Fighting Heaven Horned Beast King isn’t my soul pet, you’re all dead! Everyone!!! Hahahahah!!!!” Wu Kuang laughed out shrilly!

Everyone in three palace were baffled. After a long while, female supreme Liu Binglan seemed to realize something and said, “This Fighting Heaven Horned Beast King is alliance master’s soul pet.”

“Hahaha, you’re right! This is soul alliance master’s soul pet. Chu Fangchen, you’ve killed it and wounded not my soul, but alliance master’s soul! Chu Fangchen, do you know that in the past countless years, no one who hurt alliance master had a good end no matter how powerful their faction was or how strong their guardian was. Alliance master is the utmost god of humanity. You’ve offended god, so just wait to be destroyed!!” Wu Kuang yelled.

With this, the entire field went silent!!

Alliance master soul pet!!

This Fighting Heaven Horned Beast King was alliance master’s soul pet!!!

A huge disaster!! Chu Fangchen truly went and did it this time!!

Three palace members faces all blanched as they felt a shadow of death shroud them.

Mu Qingyi lightly shivered. Looking at Chu Mu, she couldn't say anything. Mu Qingyi believed that Chu Mu could go beyond that man, but it didn't mean Chu Mu currently could compete with him.

Of course, Mu Qingyi didn't think alliance master truly dared to go on a killing spree because soul palace had a final trump card, the forbidden power!!!!

Chapter 1013: Declaring War, Incompatible as Fire and Water

"If I save it, will there be any chance of easing the situation?" Ye Qingzi softly said to Liu Binglan.

Ye Qingzi knew that Chu Mu needed a bit of time to raise the phase and stage of his Dead Dream. This way, the three great palaces would have an even higher chance of victory against Soul Alliance.

Liu Binglan glanced at Ye Qingzi before sweeping her eyes over the corpse. She didn't respond to her question. Instead, she slowly walked forward in front of the entire faction and stared at Soul Alliance's experts.

"Starting from today, I represent Soul Palace in declaring war on Soul Alliance! We will be incompatible as fire and water!" Liu Binglan's words were like a glacier exploding on these plains, stunning the members from all three factions!

Declaring war!!

Just as everyone was afraid of the forthcoming Alliance Master's anger, Soul Alliance's Female Supreme declared war on Soul Alliance!!

How bold!!

Everyone stared with disbelief at the Female Supreme. Even the members from the three great palaces didn't realize that she would choose to declare war at this occasion!!

Chu Mu stared at Liu Binglan whose majesty was suppressing the crowd. He was initially a bit hesitant, but suddenly came to an understanding!

Since they had already reached this point, they may as well fight!

In the present three great palaces, besides himself, those with dominator rank creatures were Liu Binglan, Chao Lengchuan, Li Hong as well as Mu Qingyi who chose to ally with them!

Such a lineup didn't need to fear the Four Heroes of Soul Alliance. It could even be said that the three great palaces now had strength in the higher ups!

As for Soul Alliance's Alliance Master, if he wanted to come, Soul Palace probably wouldn't hesitate to awaken the Seven Great Saint Kings and fight to the death!!

They would either win or perish!

"Nightmare Emperor Jiang, will you listen to my command?" Chu Mu turned around, and glanced at Nightmare Palace's Nightmare Emperor Jiang.

"Nightmare Palace takes Chu Fangchen as our Supreme!" Nightmare Emperor Jiang didn't hesitate at all and resolutely spoke.

The man in front of him had killed a thousand year old Nightmare and tidied up Nightmare Holy region that no one had dared try for a thousand years. He had provided Nightmare Palace a never ending stream of resources which would inevitably make them more prosperous. After seeing his soul pet so powerfully fight one versus two, Nightmare Emperor Jiang no longer had any objections in his heart. He would be absolutely loyal!!

“Ok! Starting from today, I represent Nightmare Palace in declaring war on Soul Alliance! We will be incompatible as fire and water!” Chu Mu pointed at Son of Heaven Wu Kuang and Xia Zhixian. His tone was imposing and his voice spread through the entire plains!

Soul Palace and Nightmare Palace had simultaneously declared war on Soul Alliance!!

Liu Binglan and Chu Mu’s choices reverberated in everyone’s ears for a long time. Soul Alliance had been taking joy in their disaster, but now their faces had turned ashen.

They should have been the ones declaring war on the three great palaces. They never expected that the three great palaces would rely on the boost in morale after this fight to do so first!!

With two of the palaces declaring war, how could Soul Pet Palace not do the same!

The day had finally arrived. Having to passively accept challenges was nowhere near as good as fighting to the very end like the Female Supreme and Chu Fangchen!!

“Starting from today, I represent Soul Pet Palace in declaring war on Soul Alliance! We will be as incompatible as fire and water!!” Pang Xing stood up and represented the last faction!!

Everyone knew that the three great palaces were in an alliance. Although the three declarations of war seemed superfluous, the meaning was completely different.

The declarations of war meant that no matter which faction perished in this fight, the other factions would continue to fight Soul Alliance. A fight to the very end; as incompatible as fire and water!!

“Wu Kuang, inform Alliance Master. If he is truly able to ignore the secular after reaching the peak, just like King Mu, he will still be the strongest human whom we respect and revere. However, if he plans on interfering with this war and retaliates against anyone, our Soul Palace’s Seven Saint Kings and Six Dawn Space masters will wait for his graces!!” Female Supreme Liu Binglan’s tone carried no traces of sentiment. Today, she possessed the highest influence of power in the three great palaces. Whether it was her status or strength, only she had the qualifications to say something like this!

Declaring war had already caused the neutral faction and Soul Alliance to be stunned. Nobody expected female Majesty Liu Binglan to dare warn Soul Alliance. This required not only courage!!

Liu Binglan had said a total of two things, but Soul Alliance had been suppressed by her majesty of an expert surpassing the emperor rank. They could only look in reverence and fear at the abnormally cold woman.

“So it turns out Her Majesty Female Supreme has already broken into the realm no person can enter. No wonder she dares to be so heroic. I hope that Her Majesty Female Supreme can truly take responsibility for her words!” finally, Xia Zhixian spoke up!

“Take Wu Kuang, this piece of trash that even had to use underhanded methods in a duel, and scam. Prepare to fight!” the courage had already been lit in Nightmare Emperor Jiang, and he spoke without any trace of politeness!

Wu Kuang's face was growing uglier and uglier. He was fiercely staring at Chu Mu, wanting nothing more than to rip him to pieces!

Chu Mu couldn't be bothered to look at this fellow right now. He had originally thought Son of Heaven Wu Kuang would be hard to deal with, but it turned out he was just a fox exploiting the tiger's might. If Soul Alliance's large group of experts hadn't rushed over, Chu Mu wouldn't have hesitated to kill him!

Soul Alliance was ablaze with anger. They had initially occupied the advantage in the fight between the higher ups. However, now they had been suppressed to this state!

The Desolates, Absolutes, Scars and Investigators were definitely stronger than the three great palace's elders and senior elders. If they were to fight, they would slaughter them until not even a single chicken or dog remained. Instantly, the experts of these four ranks grew restless, wanting to declare war!!

“Hou hou hou!!!!!”

Suddenly, a wild and imposing roar engulfed the area, making everyone's ears ring and causing them to feel as if their hearts were about to shatter!!

This was Zhan Ye's roar. Presently, Zhan Ye was standing in between the two factions. Its abnormally cold eyes were staring at Soul Alliance's experts that were about to summon soul pets!

When these experts saw this powerful warbeast, they seemed to be frozen and completely stunned. Not a single one dared step forward!

The bloody and inane fight from just now was still stuck in their minds. In the face of a one versus two, it had even managed to kill the Alliance Master's powerful soul pet. There was nobody with the courage to continue fighting; they were even afraid that this fearless creature would charge at them and begin to slaughter!

Wu Kuang genuinely wanted to order everyone to charge forward and kill Chu Fangchen, regardless of the cost.

However, when he saw the Warbeast Mo Ye, he no longer dared too. He could only stare at Chu Mu with hatred.

"Return to Wanxiang Altar!" a while later, Xia Zhixian calmly spoke.

Compared to Wu Kuang's gritting his teeth through anger and humiliation, Xia Zhixian was much more calm. Moreover, the reality was that the Desolations and Absolutes would only listen to Xia Zhixian, and not Son of Heaven Wu Kuang, especially after this huge defeat!

Soul Alliance's choice to retreat was something the three great palace's hadn't anticipated. A number of the senior elders and elders had already begun to chant, ready for them to start fighting.

"Your Majesty, should we charge over?!" said Senior Elder Chao.

Liu Binglan shook her head and said: "Hero Chief and Hero Aide are already heading over. Fighting will not necessarily end up in our favor. We should start in the other cities."

Mu Qingyi's White Tiger was injured and the Crown Phoenix King didn't have much fighting strength left. Chu Mu's White Nightmare was also not in perfect condition. They would only be

able to rely on Zhan Ye who had completed Broken Limb Rebirth five times as well as Liu Binglan's soul pets. Fighting against Soul Alliance's higher ups right now would be too negligent. Moreover, the three great palaces' advantage lay in their middle class and lower class members. There was no need to start fighting because the rise of their higher ups would allow them to soon engage in a slaughter with them. They had to first expand their advantage in the middle and lower classes.

"We'll act according to our original plan. We'll first swallow up the few kingdoms bordering Wanxiang Realm's southern side and Tianxia Realm, before continuing step by step!" said Diagram Supreme Ke Yin.

They had naturally already prepared a strategy. A single sentence from today would inevitably leave the majority of cities in Wanxiang Realm in a bloodbath; a mix of water and fire!

"We'll speak after we return to the palaces." Liu Binglan glanced at Diagram Supreme and indicated for everyone to return.

The huge victory this time had caused the morale of the three great palaces' higher ups to soar. While en route back, there were even a few neutral factions who pledged to stand on the side of the three great palaces when it was necessary.

This news was undoubtedly worth celebrating for the three great palaces because clearly the neutral factions were greatly approving of the three great palaces' strength!

The three great palaces had been established for a thousand years and practically every expert had some connection with the three great palaces. Originally these people had thought the three great palaces would be struck with disaster in a fight with Soul Alliance.

However, after this fight, there probably would be countless neutral members, who originally wanted to help the three great palaces but were also afraid of Soul Alliance, that would decide to stand on the three great palaces' side. Therefore, their victory in this fight had huge implications!

All of this was because of a world-shocking young man, Chu Fangchen!

He had won an unwinnable fight. With him here, would they also ultimately win this unwinnable war?!!

En route back, Chu Mu could already feel that the assurance of the three great palaces' higher ups towards him was genuine reverence and respect!!

.....

“Brother Chu, you are without equal under the heavens. This time, you were truly without equal under the heavens!!!” Teng Lang shouted with incomparable excitement next to Chu Mu!

“Do you still remember the two dreams that men have? If you tell me now that you will be able to realize them, I will definitely believe you! Speaking of which, how many times can your Warbeast Mo Ye use Broken Limb Rebirth? What's the strongest realm it can reach? Is it even stronger than the Forgiven Fox Thunder Monarch? Also, also, are the other soul pets you have raised as strong as this Warbeast Mo Ye?” Teng Lang asked question after question, not leaving any room for Chao Lengchuan, Shen Mo, or Pang Yue to speak up. The other senior elders, shocked by the events today, even occasionally threw glances over because they also really wanted to know the answers to Teng Lang's questions.

Chu Mu gave a faint smile, appearing mysterious and unfathomable. He let these people guess for themselves.

Chu Mu stopped paying attention to Teng Lang and instead used his hands to stroke the small Mo Xie on his shoulders. He then glanced at Zhan Ye, now beside him. He said: “In the future we will face even stronger opponents!”

"Wu wu wu~~~~~"

“Hou hou~~~~~” the small Mo Xie and Zhan Ye let out cries at the same time.

They were telling Chu Mu that they couldn’t wait anymore!!

A smile rose on Chu Mu’s face. Now that Zhan Ye had returned with such power and the fact that the Alliance Master would be restricted by the Seven Saint Kings and Six Dawn Space Masters, didn’t that mean that the nightmare of some woman acting as a holier than thou goddess was about to arrive?!!

Chapter 1014: Wanxiang Realm’s War

In the distant Eastern Region.

A surging and rolling waterfall hung in the sky as clouds lingered around it. It seemed to fly down from above the sky, looking incomparably gorgeous!

The waterfall rang down from a steep cliff. Next to the rapid falling screen of water, a mighty and imposing palace sat there. It was ancient and reverent, seeming even more majestic under the falling snow!

Outside the palace, a middle aged man sat on the edge of the cliff. His determined and grave face seemed more pale!

This man's eyes were extremely strange. His left eye was normal, but his right eye didn't move at all. It was an eyeball without any life!

"Dead... it unexpectedly died!" the man's voice was low and terrifying. From his twitching face, it could be seen that he was trying his utmost to restrain his anger!!

His left eye was filled with veins, but his right eye was like stagnant water. The man's chest heaved and he took in deep breaths!!

"Who!! Who killed my soul pet!!!"

Suddenly, the man abruptly stood up. His roar was like a wild beast's, and his seething anger resembled a devil king from a world of chaos!!!

.....

Wanxiang Altar, Empress Concubine Palace.

Xia Zhixian stood underneath the pavilion and stared at the golden masked woman beside the bed who was holding a small golden pot and watering the plants growing on the windowsill. She seemed rather relaxed.

"They declared war. This was unexpected." the Empress Concubine stretched out her hand and felt the damp flower petals, slowly speaking.

“Yes, Chu Fangchen ostensibly surpassed our estimations of his strength.” said Xia Zhixian.

“No matter. However, my good adviser, could you truly not save the Fighting Heaven Horned Beast King?” calmly asked the Empress Concubine.

Xia Zhixian was stunned before quickly kneeling. Somewhat frightened, she said: “I can’t hide anything from you!”

“You’re playing with fire.” said the Empress Concubine.

Xia Zhixian lowered her head, not daring to say anything.

“You will be in charge of the middle class and lower class fights. Don’t lose too badly. You don’t need to worry about the rest.” the Empress Concubine said to Xia Zhixian.

Xia Zhixian gave a bow before slowly retreating.

.....

After the declaration of war, all of the countless big and small cities in Wanxiang Realm were in an uproar. Various letters were sent from city to city and legions that lay in ambush in certain locations would attack cities, mount a raid or defend when it was least expected. A few cities which clearly belonged to one faction seemingly instantly entered a state of war preparation and began to launch attacks on the nearest opposing city!

The news of war spread level after level, filling the skies and the maps on the desks of the higher ups. On the densely cloistered cities, countless red indicators were drawn. As these cities fell or were captured, the expressions of the senior elders, elders and palace lords changed along with the indicators on the map.

Chu Mu stood beside an enormous map and looked at Wanxiang Realm. He knew that each indicator on the map meant that the flames of war had filled the city and blood was running like a river.

In this war that was about to engulf the entirety of Wanxiang Realm, Chu Mu knew he was helpless. He could only wait for information from the various places!

The day had finally arrived where either Soul Alliance or the three great palaces would make one of them completely disappear from this map of the human realm!

“Chu Mu, do you have a low class dominator rank soul pet?” Liu Binglan walked up to Chu Mu and asked him a question.

“Yes, but its phase is a bit low right now.” Chu Mu nodded his head.

“The wars between the cities should last one to two years. The Alliance Master’s soul will also probably take one to two years to heal. You should take advantage of this time to raise the strength of your new soul pet. This way, we’ll have a higher chance of victory in our final fight.” said Liu Binglan.

Chu Mu knew that his top priority was to raise his strength.

“I know. But I’m not too reassured to leave you guys in Wanxiang City.” said Chu MU.

In Wanxiang City there was still hidden the most terrifying schemer: the defector woman. Chu Mu was certain that with her wild ambitions, she would definitely have something prepared.

“After we declared war, all of the three great palace members retreated from Wanxiang Altar, treating it as a boundary. Our three great palaces occupies the western side while Soul Alliance occupies the east. Our western side is already prepared and anything that dares step within these boundaries, even a dominator rank, will be killed. This place is very safe.” Liu Binglan warmly smiled.

“Then what if the Alliance Master comes...” Chu Mu was still not reassured.

“Don’t worry. Although the Seven Great Holy Regions are not in the main Soul Palace, we can summon them at any time through the holy regions’ summoning arrays. Unless the Alliance Master wants both sides to lose, he will not attack us in these next one to two years.” said Liu Binglan.

Chu Mu really didn’t know that Soul Palace’s Seven Diagram Saint Kings could be summoned to Wanxiang City through summoning arrays. If this was the case, he was much more relieved.

It seemed that even without his emergence or Mu Qingyi’s assistance, the three great palaces would still be able to dependably occupy Wanxiang City. This meant that the three great palaces weren’t something Soul Alliance could topple so easily!

“Mu Qingyi has a Growth Spring that can allow a soul pet’s phase to increase faster. Moreover, the eastern side also has a place called the Fox Temple. That place probably has a method to allow my Mo Xie to complete her forgiveness mutation. If any of them grow stronger, our chances of victory

will be extremely high. Therefore, in the next one to two years, I plan on travelling to the eastern side to raise my strength and return as quickly as possible.” Chu Mu said to Liu Binglan.

“Go, but don’t let anyone know of your whereabouts this time.” said Liu Binglan.

If they knew of his whereabouts, Soul Alliance definitely would spend the highest price just to kill him. Therefore, he had to be careful. Moreover, if the Alliance Master found out that the person who killed his soul pet was wandering on the outside, he wouldn’t hesitate to come over and kill him.

“Yes.” Chu Mu nodded his head.

He had to travel, so he could only rely on the three great palaces for the war.

There were several war geniuses in the three great places and they could ensure that the three great palaces would be undefeatable in the next two to three years. Thus he didn’t need to worry about this.

His top priority was to increase his own strength!!

“Soul Alliance Alliance Master, Ling Chan!” Chu Mu recited this name in his heart.

It wasn’t long after Chu Mu had left Prison Island that he came to know of this person’s existence!

It was because of him that Chu Mu had to conceal his identity and never allowed Mo Xie to truly reveal her continuous mutation ability. It was because of him that the Empyrean Cyan Hidden Dragon had experienced the most arduous life. It was because of him that his father had fallen from the pride of a generation to a normal person and suffered the heartwrenching pain of his three great soul pest committing suicide!

In the past, people had always told him that this person stood above the clouds and that in front of him, he was as small as an ant!

But now, Chu Mu knew that his strength was already near this person. Moreover, not long ago, he had even personally killed one of his soul pets!!

Chapter 1015: Go towards East Side

“Young master, young master truly is filled with fortune. Old Li always believed that you wouldn’t get defeated by the devil. There had to be a day where you would awaken your soul. See, everything was as I guessed, young master woke up, truly……I…… I don’t know what to say……”

Old Li laid on Chu Mu’s leg, and sobbed into his pants while pestering him non-stop.

“Alright alright, wipe your nose off.” Chu Mu saw Old Li was like this, and smiled bittersweetly.

“Young master, you have to hear me finish speaking. I brought Zhan Ye towards Northern Barren World until the deepest part of northern forbidden realm……” Old Li continued spewing without stopping.

Chu Mu’s face turned black. At first, when he saw Old Li run over and hug his leg sobbing, Chu Mu felt a warmth reach his heart. After all, this old man was his teacher on his journey as a soul pet trainer. Though his character and morals were questionable, it indeed was worthy of respect.

But now, however much Chu Mu respected the old fellow, he couldn't stand the old man holding onto his leg and crying and talking for three hours!

"Speaking of which, Old Li, what level is soul alliance master's strength around? Don't tell me you don't know either." Chu Mu lifted Old Li up and onto the table. It looked like he had to throw out this pair of pants that Ye Qingzi had custom made for him.....

"Hei hei, young master, I didn't tell you in the past because I was afraid you would lose motivation once you had an overly powerful goal. Now that young master is much stronger and also has the undefeatable Zhan Ye that I brought up, I can finally....." Old Li always had a lengthy introduction to any answer he gave.

Chu Mu had long since gotten used to this pace. When he heard Old Li say a load of useless talk, he acted like he heard nothing and started cleaning his nails, waiting for Old Li to get to the point.

"First, alliance master definitely didn't break through spirit emperor realm!"

Hearing Old Li say that, Chu Mu immediately became serious again and asked, "He should have quite a few dominator rank soul pets, why did he not break through?"

"I can give young master an explanation about this after. Let's talk about his strength first." Old Li rubbed his silver mustache and half closed his eyes, "Since he didn't break through spirit emperor, his soul pets are all under low class dominator rank. That means no matter how many dominator ranks he has, because his soul remembrance is always at ninth remembrance spirit emperor, his soul pets can't have reached low class dominator rank."

Old Li's words caused Chu Mu to stare blankly!

If alliance master didn't reach low class dominator rank, why the hell would he be afraid of him at all?

However, from Old Li's gaze, Chu Mu knew that alliance master definitely wasn't that simple. After all, if alliance master didn't have low class dominator rank soul pets, then his five soul pets definitely couldn't compare to seven sacred kings and soul palace would have the advantage in the war.

"Haha, young master you can tell." Old Li laughed, "Of course the man isn't that simple or else he wouldn't be considered a God."

"You remember the soul shadow of Fighting Heaven Horned Beast King right? This species technique effect doubles Fighting Heaven Horned Beast King's power, raising its rank due to this....."

"You mean all of his soul pets are pseudo dominator rank, but due to techniques and many main types, they all can reach low class dominator rank?" Chu Mu said.

"En, it's because of that. The Fighting Heaven Horned Beast King is alliance master's secondary soul pet. I heard from some old fellows that in the last sealing mouth event, this Fighting Heaven Horned Beast King was still a young soul pet. This was also the reason Wu Kuang dared to bring it out, because it isn't a soul pet that soul alliance is known for." Old Li said.

"It may be low class dominator rank....." Chu Mu got lost in thought. It sounded like to compete against alliance master, he still had to rely on seven sacred kings, because he still needed a while before he could reach the same level.

“Young master doesn’t have to worry. Your opponent is the other experts of soul alliance. As long as you can defeat them, its likely that you will win this war. Also, hero aide and hero chief haven’t shown their strength in a while. Mu Qingyi is a new generation expert and can at most go even against hero chief ten years ago, so young master shouldn’t underestimate the four heroes.” Old Li said.

Chu Mu nodded. After all, the more he improved, the better. While he still had room for improvement, he should at least make sure he tried his best.

“What should young master do next?” old Li asked.

“I’m going east to raise dead dream’s strength first.” Chu Mu said.

“En. Then young master has to be careful, and not show your tracks.” Old Li said.

“What, are you not coming with me?” Chu Mu stared and said.

“Hei hei, young master I Old Li know a lot and have a unique perspective about war, strategy, and situations. Female supreme wants me to be the strategist of this war and stay around.....” Old Li said and laughed.

“Oh, that’s good.” Chu Mu knew Old Li had the ability. He was at least a two hundred year old monster, his experience and wisdom was something no one else could match!

.....

The spring of growth was on the east side of wanxiang city, and was around thirty kingdoms apart. This trip will be a rather long journey again.

This journey would only be three people, Chu Mu, his wife, and another beauty.

Chu Mu remembered when he used to go training alone all the time. There was a period of time he was with Ye Qingzi, but other than that, he was always alone. Now, with two female companions, he seemed to have luck with women.

Of course, Chu Mu didn't have any thoughts. Even if he did, his wife was right beside him.

On the way, Chu Mu didn't take many pauses, instead going directly towards Mu Qingyi's growth fountain.

"The war on the east side broke out. Let's not enter the city in case we get seen by soul alliance people, and our whereabouts are discovered." Chu Mu said.

The east side cities, other than the neutral ones, were filled with smoke and war. Everytime Mu Qingyi saw the mountains of corpses in the battlefields, she would lightly sigh.

"Hopefully the war end soon." Mu Qingyi said.

This was only the beginning of the battle and it was already filled with corpses. After this battle, human civilization's strength will fall back countless years. If a forbidden realm empire struck then, humans will face a truly disastrous result!

The person able to end this war was in reality right beside Mu Qingyi. When she first saw him in snow city, Mu Qingyi didn't even feel like the man was anything special. She never would have expected that today, the fate of human civilization laid on this man's shoulders.

"Will the city with the growth fountain be affected by war?" Chu Mu asked.

Chu Mu was now worried that the growth fountain was destroyed. This meant that in a year or two, raising dead dream to a higher phase was too hard.

"I'm not sure. After I was framed by emperor concubine, the city that belonged to me probably was taken over by soul alliance. I remember that there is a ninth level kingdom capital near spring city, so I'm assuming the two cities are fighting for its control right now." Mu Qingyi said.

"Is the spring water in the city too?" Ye Qingzi asked.

Mu Qingyi nodded, "It's an underground palace under where I live. My home is probably undamaged, but its at the center of the city, and is probably surrounded by soul alliance members.

"This might prove to be troublesome. Your dominator rank soul pets are known to everyone. If you summon them in spring city, our whereabouts will be revealed." Ye Qingzi said.

"No worries, we can deal with it even if we don't summon. A ninth rank kingdom capital doesn't have that many experts." Chu Mu said.

“We’re not too sure about this. Though its a ninth rank kingdom, spring city had a thousand year long history. The geography is the center of fifty or so kingdoms and is the hub of transportation and exchange. To a certain degree, its larger than some tenth rank kingdom capitals. People with top tier emperor ranks will exist, and more than one.” Mu Qingyi said.

“Perfect, we can train my other soul pets.” Chu Mu smiled.

Telling white nightmare to attack would be an overkill. Ning, devil tree, ghost monarch, and Qin didn’t fight much after the diagram valley and volcano. At the time, Chu Mu was also summoning them one at a time, so they didn’t get enough practice.

Ye Qingzi knew Chu Mu was looking for battles and couldn’t help but smile, “Most others get a headache when they’re met with obstacles. Why are you so excited, did the people in spring city trouble you in any way?”

“Haha, they’re just unlucky!” Chu Mu laughed.

The three of them didn’t stop much. With crown phoenix king’s speed, it only took a month to near the spring city.

Once they were near the spring city, Mu Qingyi didn’t dare to keep her crown phoenix king out. Retracting it, she summoned her immortal ming bird and gave herself a pale white veil.

Ye Qingzi also switched to her purple robed dream beast and took out a purple veil for herself.

Chu Mu glanced at the color of the veils and was secretly impressed. How could women be this detail oriented, even matching their veil with their steeds?

## Chapter 1016: Ambushing Spring City

Chu Mu didn't need a veil or mask. When he left, Old Li had already disguised his face so that no one could recognize him.

The appearance he donned was what Chu Mu usually used with the Chu Chen identity. Tianxia Realm was millions of kilometers away, so there was no chance anyone would know him. After all, changing to a different face would cause Ye Qingzi to feel uncomfortable when they tried to be intimate.

.....

After they reached spring city, the three discovered that spring city was unexpectedly peaceful.

"Strange, did the two sides agree not to fight?" Chu Mu looked far away at the silent city, and was silently curious.

Most of the cities they passed by were either at war or were preparing for it. En route, they could often see resources being funneled into key cities. Yet, when they reached this important spring city, there seemed to be no sound and was utterly unusual.

"There's no fighting here, meaning spring city must have attacked the neighboring city owned by three palace and three palaces is currently defending." Mu Qingyi said.

"I remember Elder Chao seemed to say that this city was rather important." Chu Mu said.

"Look, the side of the mountain." Ye Qingzi pointed downwards.

It was already dawn. In the shadows of the mountainside, one could see something slowly moving nearer towards spring city.

“Ambush?” Chu Mu’s eyes lit up.

Spring City’s was already under soul alliance’s control. This group of armies hidden on the side of the mountain had to be three palace’s people and, judging by the looks of it, it should be nightmare palace’s army!

“This mountain has a short path towards the underground river. Along the underground river is a natural lake that reaches the center of the city. This secret is something only people of Mu family know.” Mu QIng Yi said.

“Then maybe someone in your family chose to stand with Nightmare Palace and told them about this tunnel.” Chu Mu said.

“En, this indeed is the best way to take down spring city and judging by this situation, spring city’s large army should be surrounding three palace’s city right now.

“Let’s go down, we should enter spring city.” Chu Mu said.

.....

Along the mountain, nightmare palace and soul pet palace's army had three thousand people dressed in black. They all rode their demon and dark type soul pets sneakily through the forest.

This team of three thousand was lead by the vice city master of Wu Fang City, elder of Nightmare Palace Shen kun.

Shen Kun was elder Shen's brother in law, a top tier emperor rank expert that anchored Wu Fang City.

They originally wanted to take down spring city in one go, but soul alliance's hidden troops within spring city were much more than they expected. They lost when they attacked and had to face their pounce back, causing Wu Fang City to fall into danger.

They were almost certain they would lose when a special man appeared, and stopped the army's assault temporarily, giving Wu Fang City time to catch their breath.

Quickly following, a strategist from Mu family gave the city master a plot to let them infiltrate the city and take it down while the city was empty on the inside to take it back.

City master loved the stratagem, and immediately told their three thousand elites to make their way over!

His niece also came along. In a short few years, her strength rose greatly and with the current shortage of experts, Shen Kun brought her along to increase their chances.

"Niece, can that man really block off Demon Absolute and the other experts of soul alliance? I'm afraid that after we take down the city, Wu Fang City will lose already." Shen Kun was still worried.

Shen Kun's army was full of elites. If they took the city and defended, soul alliance would have trouble taking the city once they came back.

"Don't worry, he's very powerful. He fought against Chu Fangchen before!" Shen Kun's niece said.

"Fought against Chu Fangchen? Is that real?" Shen Kun and the other officers all stared stunned.

No one in three palaces didn't know Chu Fnagchen's name now. The snow city battle and soul city battle had spread his name far and wide. After the battle with Mo Ling and the shocking two dominator rank battle, everyone saw him as a true legend, and the strongest member of all of three palaces!!

A person who dueled against Chu Fangchen, even if it were in the past, could definitely still dominate emperor rank. With a person like that, it would be impossible for soul alliance to break through the city's defense!

"The man was so young, niece Yue, don't try to lie to an old man like me." Shen Kun was still skeptical.

"It's true!" Shen Kun's niece said.

"Then we have hope for this war." Shen Kun said.

As they spoke, they suddenly pointed into the sky and said precariously, “Elder, there are two unknown soul pets swiftly approaching here!”

Shen Kun’s expression changed and he shouted, “Oh no, we’ve been discovered!”

Shen Kun looked up, and saw two incredibly powerful organisms come down from the skies!!

“Top..... top tier emperor rank!!”

“It’s two top tier emperor ranks!!”

Shen Kun and the other officers all were stunned. Though their team was elite, two top tier emperor ranks will definitely cause them to fall into a tough fight. Most importantly, their location would be completely revealed.

“Elder, one of them is a soul palace Immortal Ming Bird!” A keen-eyed officer quickly said to the elder.

Shen Kun saw the Immortal Ming Bird land and slightly calmed down, but he didn’t drop his vigilance for a single second!

“Don’t panic everyone, we’re here to help you.” Mu Qingyi looked at the thirty armies all ready to fight and quickly shouted.

Speaking was useless. Three palaces definitely couldn't trust a foreign power so Chu Mu pulled out his tenth level commander rank decree, and threw it to the person that seemed to be the leader.

Shen Kun immediately caught the secondary decree, and found that it was the unforgeable title decree, and became much more relaxed.

After the two powerful organisms landed amongst the army, the soldiers were even more shocked!

The people riding the top tier emperor rank were two pretty women- one elegant, while the other was noble, dazzling everyone with their beauty!

"You are...." Shen Kun looked at the man and two women and couldn't figure out when three palace had such a combination of powerful experts.

Aside from Shen Kun, his niece stared at Ye Qingzi in her purple veil and recognized her after a moment, "You..... you're Ye....."

Ye Qingzi reacted very quickly and interrupted her, "Shen Yue, why are you here!"

After speaking, Ye Qingzi immediately told Shen Yue with her mental voice to not reveal her identity.

Shen Yue wasn't stupid and stopped mid-sentence. She instead just turned around and told Shen Kun that the three were absolutely trustworthy, and they need not be alert.

After dispelling Shen Kun's doubt, Shen Yun glanced at Chu Mu and Mu Qingyi.

Chu Mu already disguised his face so naturally, Shen Yue couldn't recognize him. Instead, she was just secretly curious as to why Ye Qingzi was together with a strange man.

As for the other woman shrouded in a noble aura, Shen Yue didn't recognize either but was surprised at her seemingly transcendental aura.

When Shen Yue looked over the two of them, Chu Mu also recognized the woman; it was Shen Mo's sister Shen Yue.

When they opened soul city, Shen Yue followed Ye Wansheng everywhere they went. He didn't expect to meet her here.

This caused Chu Mu to feel a little miffed; He was just saying how the chances he met someone familiar was near zero, yet here he was, meeting someone he knew!

"Where's my brother?" Ye Qingzi asked. Since Shen Yue was here, Ye Wansheng definitely wasn't far away.

"He's in Wufang city helping them defend." Shen Yue said.

Ye Qingzi nodded. She was confident in Ye Wansheng. He reached high class emperor rank a while ago, so with his training speed, there was no reason why he didn't reach top tier emperor rank already unless he wasted all his time on Shen Yue.

“You guys are friends of Ye Wansheng and are also here to help three palaces? If we can get the help of you, we can’t thank you enough!!” Shen Kun figured out the relationship and quickly said politely.

They came with two top tier emperor ranks. Anyone could tell they were very special, so how could Shen Kun not be polite?

Chu Mu was worried about his identity. If Shen Kun gave him an identity already, he could just accept it

“We wanted to grab something from spring city, and take down the city along the way.” Chu Mus aid.

The officers and leaders heard ChuMu and their faces stiffened.

“Did he just say take the city down along the way, along the way.....” The officer muttered.

“If I had two top tier emperor ranks, I would say that too!” A younger officer said.

“But do you? Look at the two beauties by his side. I can guarantee that their faces are otherworldly!” A third officer chimed in.

“Uh.....no, probably not ever in this lifetime!” The young officer laughed bitterly.

What a joke, most of the people here didn't even have emperor rank soul pets, let alone top tier emperor ranks.

#### Chapter 1017: Encountering an Ambush

"Truly strange. That strategist even gave us a map so that we can try a number of routes. He even said that the terrain is rather complex. Yet, why do I feel like it's very easy to find?" muttered Shen Kun.

Following the raiding team, the three thousand people continued along the snaking river underground, reaching the area underneath the natural lake.

The natural lake was situated in the southern side of the middle part of the city. It wasn't far from Mu Qingyi's former home.

The reason they had so easily found this place was because Mu Qingyi was extremely familiar with the underground river. With her leading the way, they walked through at least a lot fewer wrong paths and arrived directly at the natural lake.

"Send a few demons first to see if there are any guards." Shen Kun said to his aide.

One of the aides immediately brought a rather elite demon soul pet trainer to a small cliff beside the natural lake to search if there were any traps in this inner garden.

After searching, they didn't find any traces of enemies. Shen Kun took out a city map and said: "This is the place we will first attack. There should be a number of experts situated there so everyone needs to be careful."

Shen Kun ran over the offensive logistics with everyone again, before everyone emerged up to the ground level and entered the inner city garden.

Chu Mu didn't have any opinions towards these actions. He just had to follow them.

The inner city garden was very large. Originally, it was part of the Mu Family Empress' property. However, it now looked abandoned. It probably had been a long while since somebody had cleaned it up.

Beside the lake, weeds were growing which acted as a perfect cover. The three thousand people passed through the weedy lakeside to a small forest as they slowly approached the city street outside the palace walls.

They continued to send a group of demons forward to scout the route ahead before they would follow.

After ensuring there were no ambushes, the three thousand demons all entered stealth modes in the night, quietly passing through the street outside the palace walls.

Outside the Mu Family's property, countless impressive buildings had been constructed by Soul Palace. There were various pavilions, high walls and profound courtyards. They were sumptuous and not lacking in elegance. Fortunately, most of the soul pet trainers who lived here had already gone to attack Five Fragrance City so most of what was left here was the family members of the soul pet trainers.

Due to the existence of the neutral factions, neither side slaughtered innocent people. Yet, throughout history, there were many wars with different armies and regimes where even if there were only two sides, neither engaged in innocent slaughter.. One reason for this was that if that city was captured, the leader would have to take charge of these citizens in the future. Another reason was that there were an innumerable number of soul pet trainers who didn't care for worldly affairs. A particular city could be closely tied to an expert because of his or her relatives. While this soul pet

trainer would not be able to oppose the entire faction, he or she would at least be able to kill a few of the faction's leaders with the flip of their hand.

Of course, small-scale slaughters, hostages and revenge tactics still existed. A war couldn't be that civilized. Normally in the eyes of an opposing faction, lives were seen akin to livestock.

The raiding team naturally didn't have the intention of attacking the family members of those soul pets. They hid in the darkness and slowly approached the very center of this area of the city. That place was their target for tonight - the city lord's residence.

As long as they could take down the enemy city lord and destroy a few crucial locations, the collapsing Spring City army would have no path of retreat and would suffer a total collapse!

The city lord's residence was situated at the very center, and there were numerous sentry mounds located there.

The sentries were easily disposed of by Nightmare Palace's assassin experts, and they quickly arrived in front of the city lord's residence.

The area in front of the city lord residence's entrance was spacious. In the middle there was only one recently built water fountain that could be seen.

"Why is this place so spacious?" softly muttered Shen Yue.

"Yes, there are a few guards, but it shouldn't be hard to get rid of them. Just charge!" said Shen Kun.

Although there were still a few more lines of defenses before they could reach the city lord's residence, these lines of defenses definitely wouldn't be able to stop three thousand elite troops of the three great palaces!

“Kill!!!!”

Shen Kun gave the order and instantly, all of the soul pet trainers chanted an incantation, summoning their soul pets!

Their sudden raid this time was composed of a majority of demon world soul pets. All different colored summoning arrays flashed and the entire street was immediately filled with ferocious-looking and incomparably malevolent soul pets!

“Hou hou hou hou!!!!!!!!!!”

“Ao ao ao ao ao!!!!!!!!!!”

The killing intent was torrential as the wild beasts violently charged. The silent night was instantly blown apart as terrifying balls of energy blew up the street to pieces. The buildings on either side began to teeter and collapse with a bang!

Instantly, the sky was covered by a murky color as the savage beasts charged towards the magnificent city lord's residence like a flood!!

Quickly, all of the soul pets and soul pet trainers managed to enter the spacious area in front of the city lord's residence. These savage beasts roared and smashed into the tall rocky wall of the city lord's residence in an attempt to smash the city lord's residence to pieces!!

“Beng!!!!!! Beng!!!!!!!!!!”

Continuous waves of techniques blew up, easily knocking down the outer wall.

Seeing the outer wall defense fall so easily, a smile couldn't help but emerge on Shen Kun's face. He let out a loud “Kill” order!

However, as he yelled out his order, Shen Kun abruptly saw what was behind the wall in the murky air. Unexpectedly a plant wall had appeared!!

The plant wall was extremely thick, composed of countless roots and vines. The densely packed and thick plant objects resembled a group of interweaving snakes with a boundless majesty!!

When the plant wall appeared, Shen Kun's smile immediately froze. He glanced at the recently constructed spacious ground and abruptly realized something!

Practically at the same time, identical plant walls appeared on the other three sides around the spacious ground in front of the city lord residence!!

The four plant walls trapped half of the soul pet trainers and their soul pets within. Immediately after, screams of “Kill” rang out from the surrounding silent buildings. Promptly, countless elemental soul pets appeared on the roofs!

Chanting incantations, multicolored elemental techniques rained down on the soul pet trainers trapped in the plant walls. Terrifying explosions rang out, causing flesh and blood to fly everywhere as miserable screams assailed one's ears!!

"We... we've fallen into a trap!" Shen Yue's face was pale!

Shen Kun was stunned. He never expected there to be an ambush in the city lord residence!

Identically, Chu Mu, Mu Qingyi and Ye Qingzi never expected this sudden change. Moreover, they had even used their soul remembrance earlier to scout, not discovering any enemy in ambush...

Obviously, this place had a barrier that prevented soul remembrance detection and would cause them to enter the trap!

Seeing countless blood flowers emerge from the plant wall, Chu Mu's face sank and his eyes turned cold!

Chapter 1018: Group Revival Technique?

"Hahaha, you still dared to come. Today, you will all die here!" a mad laughter echoed from the city lord's residence.

On top of the tall plant wall, a middle-aged man could be seen standing there. His eyes carried a trace of cruelty and especially when he saw the pool of blood and flesh within the plant walls, he resembled a bloodthirsty wild beast!

This person was the present Spring City City Lord, Feng Sheng. He was considered a strategist, so naturally he had already prepared this trap. As for the underground river path, he had learned about it from a Mu Family member who had defected.

There were extremely few people that knew of the secret path. Moreover, it was used as a form of retreat; nonetheless, Feng Sheng had created an ingenious plan to intentionally leak this information to the three great palaces, and lure their elite attack team into a trap!

Once the elite team was killed here, taking over the opposing city wouldn't be difficult at all!

"Senior City Lord, there will be entertainment for you tonight." an adjacent Scar eccentrically laughed.

Whenever City Lord Feng Sheng could witness slaughter, seeing blood spill, it was a form of entertainment for him.

However, tonight City Lord Feng Sheng was ostensibly already fed up with this form of entertainment and he whispered something quietly in the Scar's ear.

When the Scar heard his words, he suddenly laughed and said: "City Lord is a genius!"

After speaking, the Scar swept his gaze on the surrounded three great palace members and used a mental voice to say: "You should understand that you will certainly die tonight. However, City Lord is a kindhearted person and has given you a method to survive and safely leave this place. This method is that you must kill a team member, and the City Lord will grant you pardon!"

Once he finished speaking, the ugly laughter of the Scar and City Lord could be heard!

Shen Kun's face was ashen. Even after losing 1/3rd of their members, they were still being humiliated like this!!

“Kill those dog things!!” Shen Kun knew that there was no path to retreat anymore. He also had absolute faith that this kind of humiliating and treacherous game wouldn't arise in his team!

Hearing the words of the Scar, Chu Mu sneered.

If he hadn't entered this surprise attack team, their plot tonight indeed could have caused the entire team's defeat. It was unfortunate...

Chanting an incantation, the Devil Tree Battle Soldier and Ice Air Fairy simultaneously appeared!

Both had already reached the peak emperor rank. With their existence, what did it matter if they had been ambushed?!

“Kill your way over!” Chu Mu ordered the Devil Tree Battle Soldier and Ice Air Fairy.

It had been a long time since the Devil Tree Battle Soldier had engaged in a group fight. It stepped forward and in front of its allies. Its thick roots buried underground.

When the Soul Alliance members saw a warrior species rank Devil Tree Battle Soldier step forward in front without any awareness of danger, they began to let out mocking laughter. Immediately, a series of elemental techniques bombarded its location!

“O~~~~~”the Devil Tree Battle Soldier let out a roar. Its hands abruptly slammed the ground and roots rapidly began to grow up from underground, coiling into an enormous plant wall!!

“Hong hong hong hong hong!!!”

Several hundred elemental techniques landed on the plant wall, but the plant wall still stood strong, protecting all of the elite team members!

Shen Kung and the team members were all stunned. They never expected a Devil Tree Battle Soldier to be able to command the area!

“O!!!!”

Before everyone had reacted, the Devil Tree Battle Soldier let out a roar!

In an instant, the surface of the earth terrifyingly ruptured and countless roots transformed into thousand meter long pythons that shot out of the ground, moving their bodies as they pleased. They caused a large number of soul pet trainers standing on the buildings to spit out blood after striking them!

The wildly dancing snakes left the remaining number of soul pet trainers and soul pets as well as buildings a considerably less amount. The Soul Alliance elemental soul pets hiding in ambush were also met with a horrible death!

A single technique caused miserable cries to ring out from the ambushing army. Seeing the enormous vines sweep through a huge area, the elite team was stunned!

“Ling~~~~~”

As the Devil Tree Battle Soldier was displaying its might, the Ice Air Fairy completed its incantation.

Star Falling Frost!

Ning’s pair of hands pointed at the sky and a frosty cloud condensed in the dark night.

The frosty cloud began to rain down starlight-like frost that softly fell on the northern side of the ambushing army. It then quietly melded onto the skin of the Soul Alliance army members...

“Gezhi Gezhi Gezhi~~~~~”

Freezing noises began to ring out. After the star frost filled the area, the originally high spirited ambushing army mysteriously froze up. After one of the aide’s soul pet’s wind type techniques slashed across, suddenly hundreds of soul pets shattered, transforming into destroyed frozen flesh!

Such a horrifying scene caused the ambushing army to turn pale with fright. Nobody expected two warrior species ranked soul pets to release such terrifying techniques. In an instant, the army went into chaos!

However, all of this had yet to end. After Ye Qingzi and Mu Qingyi summoned their soul pets, the state of the fight instantly changed. The cries of misery no longer rang out from the three great palace members. Instead, they came from the ambushing army of Soul Alliance!

“Qingzi, can you see how many people you can save? I’ll deal with the city lord.” Chu Mu said to Ye Qingzi.

Ye Qingzi nodded her head. Immediately, she brought a number of support soul pets to the plant walls.

The plant walls were covered in blood, resembling a huge pile of messy corpses.

“Yin, Flower Life!” Ye Qingzi gave the Bell Noise Concubine an order.

The Bell Noise Concubine quickly chanted an incantation. Like a little girl swaying its skirt, its flower petals began to dance and a soft light halo rose up!

Flower Life was the Bell Noise Concubine’s group healing technique. Its mere incantation took an entire 10 seconds!

Once the incantation finished, the enormous halo of light suddenly transformed into a large flower bud that enveloped all of the members, dead or alive, in the plant wall inside!

“Life Exchange!” Ye Qingzi chanted.

The Bell Noise Concubine controlled the countless blood vessel-like stamen inside the flower bud. The stamen rapidly began to absorb the blood flowing on the outside, changing it into life force. It then reimbued it into the soul pet trainers and soul pets that were still breathing!

All of the wounded and practically dead soul pet were enveloped by an enormous life force support fluid!

As Ye Qingzi was saving them, Mu Qingyi immediately made her way over and summoned a plant world soul pet. She protected the wounded since while they were being saved by Ye Qingzi, they were still extremely weak.

“I can only save 2/3rds of them.” said Ye Qingzi.

Mu Qingyi was stunned. The people inside the plant wall had suffered from an elemental explosion from over five times the number of people. There were probably only a few hundred thousand people, and four thousand soul pets who survived. If Ye Qingzi could save 2/3rds of the perished, this meant that two or three thousand soul pet trainers and soul pets would be able to survive!

Mu Qingyi knew that Ye Qingzi’s soul and support abilities were extremely high, but she didn’t realize that they were this high. What difference was this from a group revival technique?

Ye Qingzi obviously didn’t have a revival technique because a revival technique meant bringing back someone from the dead - actual death.

However, from her teacher, Ying Rong, Ye Qingzi had learned that revival techniques genuinely existed. Unfortunately, Ye Qingzi was far away from this level, and she hadn’t found suitable revival spirit items and revival soul techniques or soul pets with revival techniques.

All she could do right now was prevent life force from escaping the wounded members and then reimbue them into their bodies.

Since the ranks of these people were rather low, their life force was rather low. The peak emperor rank Bell Noise Concubine could give them a huge life force energy with a single healing technique. Moreover, the legendary medicine Ye Qingzi would give out were priceless and could heal high class emperor ranks. A single medicine could save a monarch rank creature as long as it still had a single breath left!

In this situation, she indeed could save 2/3rds of them.

Of course, if this group suffered another one or two wave of explosions, Ye Qingzi would only be able to save an extremely small number of lucky people from the pile of bloody corpses.

.....

Once Chu Mu, Ye Qingzi, and Mu Qingyi's soul pets entered the fight, Soul Alliance's members grew nervous. They continued to send out spirit emperor experts, but they were ultimately and without any suspense instakilled by these three people that only summoned peak emperor rank soul pets. The elite team and Soul Alliance team watching were stunned!

The ambushing team had far greater numbers than the elite team. Unfortunately, with the peak emperors leading the way, it didn't matter that there were more enemies. The battle quickly turned into a one-sided slaughter!

In a short while, Chu Mu had already killed his way to the city lord's residence.

Feng Sheng and the Scar indeed had a bit of strength, but Chu Mu would only need to spend a bit more time to get rid of them.

“Who... who on earth are you?!!”

Feng Sheng’s three main pets were killed one after the other, and his face had completely changed.

As for the Scar, all five of his soul pets had died, and he had turned into a weak cripple that laid on the ground.

The two of them never expected such a well-crafted plot would completely fall apart because of three people. Watching the ruined City Lord Residence and the ground filled with Soul Alliance corpses, the bloodthirst in Feng Sheng’s eyes no longer remained. He could only stare, full of fear, at the young man with killing intent abound in front of him.

“If you go down right now and kill your subordinates, I will leave you alive.” Chu Mu calmly said to City Lord Feng Sheng.

Chapter 1019: Take Down Spring City

Feng Shen finally knew what it meant to ridicule himself. As a city master, he naturally couldn’t really kill his subordinates. With two soul pets left, he had to fight this man.

“Kill this man.” Chu Mu didn’t waste his time with such a man, and gave devil tree battle soldier a command.

Devil Tree Battle Soldier’s roots quickly passed through the last two soul pets of Feng Sheng, causing roots to writhe within the two soul pets like veins, quickly draining all their life.

In a moments time, the two soul pets lost all signs of life and laid onto the ground like a corpse. Devil tree battle soldier. Devil Tree Battle Soldier's wounds from the previous fight healed up as a result!

The Ying Scar aside saw that devil tree battle soldier completely healed up and fell into despair. He had given up multiple main soul pets just to leave a mark on this devil tree battle soldier, yet a single life force absorb caused all his efforts to be in vain!

Chu Mu didn't spare anyone. After giving a command, the city master Feng Sheng and Ying Scar both became corpses.

Having killed the two generals left in the city, the remaining soul alliance army wasn't of any threat, especially with top tier emperor ranks.

Blood started flowing through this ruin like city area. With the rainy season, the entire region became a sloshing blood pool that washed around, unable to flow into the sewers properly.

The rain fell on their faces, causing Shen Kun to finally awaken from his killing, and realize that the battle seemed to be over.

Under the lead of top tier emperor ranks, the elite team was unstoppable and didn't suffer many losses, easily beating many of their enemies. Seeing the ground full of corpses while the elite team was relatively well preserved, Shen Kun couldn't even believe it himself that they had won!

Of course, Shen Kun knew that without the three people's powerful aide, this ambush easily would have killed them all, so he was even more thankful and grateful for the three of them.

“Elder Shen Kun, bring those wounded members to city master fort. The city master fort has quite a few soul teachers that can be captured to heal your members.” Ye Qingzi said to Shen Kun.

Shen Kun hurriedly nodded and told the rather unharmed soul pet trainers to come forth and help the wounded members.

“Go save them first, they’re more wounded.” Ye Qingzi pointed at the people within the plant wall.

“They.....aren’t they dead?” Shen Kun stared blankly.

Having been absorbed in killing, Shen Kun naturally didn’t notice Ye Qingzi casting spells on the people that seemed to already be dead.

“I gave them a group healing spell, many of them should still have their lives. Let’s save them first.” ye Qingzi said.

Shen Kun nodded and quickly told everyone to bring all the wounded members into the relatively intact city master fort.

The mission hadn’t been completed. After all, once the soul alliance army received news of this, they would bring back the large army to take spring city back. That would be another tough fight.

After cleaning things up, they still had the fighting power of around 1500 people. These people had to be spread out on the city wall to prevent soul alliance from taking the city back.

“Elder Shen, the frontier team had 321 deaths and 684 survivors. They lost around a third of their soul pets. The rest have their wounds under control.” The sub commander quickly ran over to tell Shen Kun the statistics.

At first Shen Kun was ready for a heavy loss, but hearing this, he felt something was wrong.

“Are you sure you didn’t get the statistics mixed up?” Shen Kun asked.

However, even if they got it backwards, having a third survive was a miracle!

“No, Lady Ye is a very outstanding soul teacher and support soul pet trainer. She casted a group healing spell that saved everyone that had a chance at living, reducing our losses to a minimum!” The sub commander said excitedly.

Shen Kun didn’t even say another word and hurried to the medic ward.

When he saw six hundred people and thousands of soul pets receiving healing calmly, including the frontier team leader, he was too emotionally moved to speak.

It was because of a commanding error on his part that nearly caused three thousand people to die. Shen Kun was constantly guilty about it. Having six hundred people of a thousand person team still alive was the greatest news amongst the bad news!

“Unbelievable, truly unbelievable!!” Shen Kun said.

“Yes, I’ve never seen a soul teacher with such remarkable soul arts, she’s truly an angel!” The sub commander said.

.....

The following matters didn’t require Chu Mu’s attention. War was war. When it came to wanxiang realm’s tens of thousands of cities and millions of armies, Chu Mu could only affect a small area at a time. Maybe it could affect the war slightly, but it was negligible. To truly win the war, Chu Mu had to get stronger and make sure their higher powers could compete against soul alliance!

After taking the city down, the soul alliance army’s morale disappeared along with their supplies and escape route. Seeing that they couldn’t take down Wufang City after a while, they had to bring everyone back to then try to take over spring city.

After the siege, three palace regained their energy. Seeing the enemy retreat, they decisively chased up all the way to spring city.

Spring city’s door had been locked shut already and had six thousand monarch rank soul pets guarding it. The soul alliance army was locked between its own city’s high standing plant and rock walls. After a gruelling fight, they escaped towards the west!

Three palaces didn’t choose to keep chasing. When the soul alliance escapees ran towards the forest, chasing after them may not allow them to kill many. The task at hand was to ensure spring city was fortified!

The army that entered the city quickly took over the command of the city. Those unwilling to submit were naturally killed without hesitation.

“Shen Yue, I told you not to be a part of such a dangerous event, look..... If you died, where would I go to find such a pretty woman like you.” Ye Wansheng walked into city master fort and dragged Shen Yue out first.

He heard in Wufang City that Shen Yue’s army was ambushed, and killed his way out in anger, causing the morale within Wufang City to raise greatly and allowed them to retake all the ground they lost.

No matter what, seeing Shen Yue safe, Ye Wansheng was relieved.

“It’s because of your sister and her two friends that I’m fine, or else I would probably not be standing there.” Shen Yue said.

In reality, Shen Yue was fine. She herself was powerful, so even after getting ambushed, escaping wasn’t hard for her. However, others would have died without the three.

“My sister, which one?” Ye Wansheng lifted an eyebrow and asked.

Ye Wansheng roamed the world, and often had some women who had unclear relationships with him that called themselves sisters. When Shen Yue mentioned it, he naturally had to clarify.

However, the moment Ye Wansheng said that, he felt a cold breeze pass by his neck.

“You have many sisters?” Ye Qingzi said coldly.

“I wasn’t talking about those women, I meant Ye Qingzi.” Shen Yue said angrily but in her heart, she was laughing at his misfortune.

Ye Wansheng turned around to see Ye Qingzi and quickly smiled, spewing out, “My good little sister, there you are! I’ve missed you for so long..... Speaking of which, Qingzi, you’re getting even prettier. That’s strange; when you were with me, you were always just an ugly duckling, but why are you now an angel after staying with that man for a while.....”

Ye Qingzi was speechless about her blabbing brother. Originally, she felt good about seeing her only family, but his words quickly caused her to want him to leave immediately.

Ye Wansheng was also puzzled. How could he meet Ye Qingzi here? If she was here, then Chu Mu must be nearby too. Thinking of recent news, that man was like a god; Ye Wansheng couldn’t wait.

“Aha, that’s what I mean, Chu..... Fangchen you definitely are here!” Ye Wansheng quickly saw Chu Mu walk over.

Chu Mu saw Ye Wansheng and smiled, “Long time no see.”

Aside Ye Wansheng, when Shen Yue heard that the man was Chu Fangchen, she stared blankly, and looked more in detail before noticing some resemblance the figure had with Chu Fangchen.

“So you are Chu Fangchen.” Shen Yue met Chu Mu in the past but would never have expected Chu Mu to become this powerful afterwards. She was naturally even more in awe than she was previously.

There were no outsiders there. Shen Yue was Shen Mo's sister and Ye Wansheng's wife, so Chu Mu's identity didn't have to be kept an absolute secret.

"This beauty is....." Ye Wansheng's eyes were sharp and didn't bother exchanging words with Chu Mu, instead noticing Mu Qingyi.

Mu Qingzi was still wearing her veil, but the thin veil couldn't block her beauty and spirited character.

"No need to introduce yourself....." Ye Wansheng lead and quickly said, "I know, this must be the all powerful, descendant of King Mu, heavenly concubine of soul alliance, titled the "war goddess" of human realm, the strongest female soul pet trainer in human realm - Mu Qingyi!!"

Mu Qingyi gawked, not expecting ye Qingzi's brother to be this much of a clown. She simply smiled politely, and didn't say anything back.

Aside him, Shen Yue opened her mouth wide. She looked at Chu Mu and then at Mu Qingyi, still not daring to believe what she saw.

The two were truly gods now. Shen Yue didn't expect their aides in the battle to be them. No wonder soul alliance was destroyed. No wonder their top tier emperor ranks were as frequent as secondary soul pets!

"Chu Fangchen, you truly are good, sounds like the rumors were right..... At first I thought it was impossible for a brickhead like you, but now that I see it, you truly have some talent, I admire you." Ye Wansheng said without filter.

Ye Wansheng's comment caused three people's expressions to shift dramatically.

The first was Ye Qingzi. She wanted to throw him into a vat of poison for a while. The second was Chu Mu. After all, Ye Qingzi was beside him, so such words couldn't be said. Was he purposefully framing him? There was nothing between him and Mu Qingyi, and the rumors were all slander against Mu Qingyi.

Chapter 1020: Little Dead Dream Battles Heavenly Thunder Snake

Mu Qingyi didn't know Ye Qingzi's brother would be this unreliable, saying such a thing in front of his sister.

However, Mu Qingyi acted very calm, calmly explaining that they simply had a mutually helping experience, and said nothing else.

"Oh, Chu Fangchen, what new soul pet are you planning on training? It's perfect because I got a new soul pet. Let's let the two little ones fight and gain experience." Ye Wansheng laughed and said.

Chu Mu felt that Ye Wansheng's smile had a hint of satisfaction. Presumably, this fellow had a miraculous encounter, and he had gained a really great soul pet.

"En, let's take down the growth spring water, and then go east to the fox temple to train our new soul pets." Chu Mu said.

Chu Mu had to raise his soul pets' stages in a short amount of time. Because growth spring was limited, he naturally couldn't give some to Ye Wansheng.

Thankfully, Ye Wansheng seemed to have soul items that could raise his soul pet phase quickly so he didn't need the treasure.

Chu Mu and Ye Qingzi followed Mu Qingyi into her old home and went down a hidden underground tunnel through the abandoned structures.

“This path seemed to be connected to the underground river we walked through, but it had a barrier and a bewildering diagram, so others couldn't possibly find this growth fountain.” Mu Qingyi followed the stairs down and explained.

When she brought out the spring water, Mu Qingyi didn't tell him to go down with him, instead telling others to wait outside the hidden chamber. Presumably, the chamber had some barriers that prevented foreign people to enter.

After a while, Mu Qingti brought a compressed container with clear spring water out.

“There's more than I expected. The amount in here can sustain your soul pet to grow quickly for a year and a half. Reaching tenth phase is no problem.” Mu Qingyi said.

Chu Mu knew how precious this spring water was, and gave his utmost thanks.

Ye Qingzi was quite interested in this spring water and wanted to take it to research first to see if she could replicate it.

If she could replicate the spring water and mass duplicate it, Ye Qingzi was destined to become the richest woman in the world!

The spring city had nothing else to worry about. The five of them started heading towards the east Eastern Wild forest.

Eastern Wild Forest was a place Ye Qingzi and Liu Binglan had been at before, so it was relatively familiar. Mu Qingyi once came here to train. Chu Mu and Ye Wansheng couple had never been before, however, so they could only follow them.

.....

The blue skies were as clean as a huge jewel, so pure and captivating.

Ye Wansheng lifted up his leg on his wing type soul pet and looked into the sky casually.

Suddenly, he glanced over and looked at Chu Mu and Ye Qingzi both affectionately on Purple robed Dream Beast and asked, “Chu Fangchen, is your dark purple sparrow powerful?”

“You sure it looks like a sparrow?” Chu Mu asked. Chu Mu glanced at little dead dream and laughed.

“En, it looks prettier than an average sparrow bit its still a sparrow. Do you want to see my new soul pet? It’s also around second phase.” Ye Wansheng said happily.

“Summon it.” Chu Mu said.

Ye Wansheng cast an incantation and instantly purple lightning arcs formed around it, creating a beautiful halo.

Within the halo, light lightning chains appeared. Quickly following, an organism appeared covered in purple!

This organism had the body as limber as a woman's waist, while its snake cheeks seemed to have a woman's head of hair. From behind, it was like a purple beauty.

In reality, it was an extremely powerful demon snake!

"Is this an Empress Heavenly Thunder Snake?" Chu Mu instantly recognized the organism.

"Haha, you have a good eye. Indeed, this is the rare empress heavenly thunder snake, the empress of emperor ranks. It's probably the highest ranking organism humans can sign with. Do you want to know how I got it?" Ye Wanshen Laughed.

"Oh? There's a story?" Chu Mu lifted an eyebrow.

"In reality the Empress heavenly thunder snake was obtained from Zhu Yi. He had an Empress Heavenly Thunder Snake. As long as he didn't have another empress heavenly thunder snake, would three palaces really get killed? This included the Empress heavenly snake soul pet, so just be jealous!" Ye Wansheng opened his mouth wide and laughed.

The empress heavenly snake had invincible emperor rank species rank, meaning it would reach invincible emperor rank the moment it reached tenth phase and was the most likely soul pet to break into dominator rank.

Empyrean Cyan Hidden Dragon and Crown Phoenix King were both soul pets of same rank as it. Of course, crown phoenix king being slightly higher, and only one bloodline of the snakes seemed to be perfect emperor rank.

“Do you want to have your little sparrow and this empress heavenly snake foster their friendly relationship?” Ye Wansheng said.

“It’s whatever, they’re only second phase.” Chu Mu shook his head.

“No it’s fine, young soul pets need training, their both lightning type anyways.” ye Wansheng insisted.

“Fine, let’s keep it light.” Chu Mu said.

“Of course.”

When the five stopped to rest, Ye Wansheng couldn’t wait to let Empress Heavenly Thunder Snake fight Chu Mu’s little sparrow.

Little dead dream was very arrogant, not wanting to fight the little snake. However, if it was spitting its tongue and taunting, it felt the obligation to teach it a lesson.

Seeing little dead dream go against little demon snake, Chu Mu remembered when he was in nightmare island, Mo Xie’s first true opponent was a ten foot centipede.

“Let’s begin!” Ye Qingzi sat on the side, and her beautiful pupils seemed to have a smile in them as she watched the two little soul pets.

“Wansheng, you can do it, win back what you lost last time.” Shen Yue yelled aside.

Mu Qingyi laid against the tree and was feeding her crown phoenix king little fruits, not really caring about the battle.

Since the little empress heavenly thunder snake was the provoker, it naturally attacked first!

The empress heavenly thunder snake was completely different ten foot centipede. Its speed quickened and sent out a poisonous attack that could instantly kill sixth phase servant rank organisms. This was an emperor rank soul pet’s dominance!

Empress Heavenly Thunder Snake became a purple lightning arc. Little dead dream flapped its wings and easily dodged the attack.

With a light flap of its wings, the purple dead lightning flashed within its lush feathers!

“Yi!!!!!!”

Little dead dream let out a call, and returned a dead lightning attack. Immediately, the arcs hit the Empress Heavenly Thunder Snake. The snake didn’t even have a chance of fighting back. Its purple scales were blackened by the lightning, and it went slack on the ground unable to get back up!

Ye Wansheng was just about to give the next command when his face froze.

What was this!!

How did it lose in one exchange!

Empress Heavenly Thunder Snake had one of the highest species ranks, so there was nothing in its range that could match it!

And, Ye Wansheng already knew Chu Mu's soul pet was definitely different, but he had no clue the difference would be this different. If they fought, wouldn't his Empress Heavenly Thunder Snake be instantly killed?

At this moment, Ye Wansheng was suspicious as to whether Empress Heavenly Thunder Snake was real, or if he just caught a similar species!

Shen Yue cheerleading aside was also shocked. She thought it would be the most intense battle between the low phases. After all, with organisms of such high species rank yet to have such results were truly unexpected.

At this time, Ye Qingzi standing beside them burst into laughter.

When her brother wanted to challenge Chu Mu's young soul pet, Ye Qingzi was already chuckling secretly.

There probably wasn't any soul pet with higher species rank in the world. Ye Wansheng was destined to lose the moment he decided to challenge him!

Of course, Ye Qingzi couldn't just leave her brother alone. She went over to heal the heavenly empress thunder snake.

"Chu.....Chu Fangchen, what is your little sparrow, is it third phase and you just hid its phase somehow?" ye Wansheng stammered, still not fully realizing the situation.

"It's second phase." Chu Mu said very seriously.

"Then.....then it's impossible. Even if Goddess Mu's crown phoenix king became second phase, it couldn't defeat my snake in one blow!" Ye Wansheng said.

"Mister Ye, if my crown phoenix king went against this man's young soul pet at second phase, it would face the same result as your Empress Heavenly Thunder Snake."

"No way!" Ye Wansheng was dumbfounded. What monster was Chu Fangchen's little sparrow? If even Crown phoenix king could get instantly killed, is it a half devil sparrow?

"Brother, his little dead dream is dominator rank. You using your Empress Heavenly Thunder Snake to fight it is just looking to lose." Ye Qingzi said.

As she spoke, little Empress Heavenly Thunder Snake recovered. The demon snake's purple pupil was still arrogant but the moment it saw little dead dream, it ran over to Ye Wansheng's lap and didn't dare to taunt anymore.

“Dominator.....dominator rank, I..... this isn’t fair, how can you even get a dominator rank soul pet??” Ye Wansheng was shocked again.

Who has ever heard of an organism with dominator rank species rank? That was the stuff of legends!

Yet, even if a legend like that appeared, why did Chu Mu get lucky enough to get it!!

Ye Wansheng finally realized why Chu Mu didn’t want to fight. It was because his Empress Heavenly Thunder Snake never had a chance!

There was no chance an Invincible emperor rank wins against a dominator rank!
