Chapter 1051: Main pet Returns!

A waterfall fell from the high mountains, splashing everywhere and scattering a rainbow under the sunlight.

The pool was rumbling with the impact of the waterfall. A nimble deer lightly leaped over the rocks jutting out of the water and stood at the center of the pool, looking curiously at the bare-chested man under the waterfall.

The water fell ruthlessly upon the man's body, causing his face to distort under the pressure.

This was prince Chao Lengchuan, who's mind was repeatedly wounded.

He thought he had already died by Li Hong's hand, yet when he woke up, he was in a strange place with medicine over his wounds. Even Thousand Wave Beast was brought back from the verge of death.

Yet, living only made Chao Lengchuan feel more pain.

Soul pet trainers didn't need to train under a waterfall ever. He was doing it only to help his mind clear out.

However, no matter how hard the waterfall slammed into him, it couldn't wash away the grief and anger in his mind!

The cold water blasted his wounds, yet he felt no pain. This feeling caused him to nearly go insane!

“Are you giving yourself up?” A mental voice came into Chao Lengchuan’s ears under the waterfall.

The waterfall was obstructing his view. Chao Lengchuan opened his eyes to look at the hazy figure on the shore.

“Who are you, and why did you save me!” Chao Lengchuan yelled angrily.

“I just have some personal issues with Li Hong.” The man on the shore said lightly.

“Who are you!” Chao Lengchuan asked.

The figure went silent for a second before replying, “I killed a Universe Supreme and saved one. The dead one commands my respect, while the living one only deserves disdain. You already have the true power of a supreme, but your soul is a poor thing curled up in a corner.

These words revolved around Chao Lengchuan’s mind. Chao Lengchuan’s pupils dilated as he tried to see the man’s face clearer, but the man disappeared after he spoke!

“Killed one universe supreme.....” Chao Lengchuan walked out from behind the waterfall and glanced absentmindedly at the direction the figure left in.

He already knew who it was, yet the shock in his heart made him forget to think.

“In ten days, Soul Alliance is getting rid of all those who do not surrender. One person has already taken off towards Wanxiang City alone.....”

Chao Lengchuan was in shock when the voice came again, giving Chao Lengchuan a shiver!

“Going alone, this person.....” Chao Lengchuan paused.

The entire city was Soul Alliance’s territory. Daring to go ahead alone needed more than courage!!

.....

The rain fell in waves as frigid gales blew through the dark skies, ruthlessly buffeting the cold city.

The rain got larger and larger, creating water screens that obstructed the view, blurring out all far away objects.

The dark clouds loomed over a newly constructed guillotine. The massive axe hung high up as if its rope were tied to the very clouds, yet the sharpness of the blade seemed to reach the platform. From far away, it was like the grim reaper himself were in a grey cloak, one hand on the guillotine while the other on the platform. The moment it loosened its old, bony fingers, the axe will cut off the skulls of those in its palm.

The rain and wind tortured the people lined up under the axe, tied up and kneeling.

They were soaking wet and absolutely tired. Occasionally, they lifted their heads to gaze at the western skies, yet all they saw was darkness.

“Young master Teng, how does this feel? Don’t you hate your self-righteous father now?” Poison Desolation Nie Yunbing said arrogantly in front of the prisoners.

Teng Lang slowly lifted his head but didn't reply.

“If you beg, I may spare your life.” Nie Yunbing laughed and said.

As he laughed, he slowly went stiff because he noticed the man wasn’t even glancing at him.

“You really got guts. Let’s see if your bones are harder or the axe is sharper!” Nie Yunbing kicked him.

At this moment, a servant ran beside Nie Yunbing, and said something in a low voice before handing over Nie Yunbing’s name list.

Nie Yunbing laughed, “Another group of people who don’t want to die.”

Teng Lang got up and looked out wanxiang city’s western gate. Indeed, another group of surrenderers.....

“These cowards!” Teng Lang cursed under his breath.

“Keke~~~~~” Aside, Old soul teacher De coughed lightly and said, “Let it go, everyone has their own choice, they were forced as well.”

.....

The rain was falling in sheets. The cities’ streets used to be full of bustling activity that seemed to never end. Yet now, other than occasional stragglers coming to surrender, the only activity were well formed ranks of Soul Alliance soldiers. They gazed arrogantly at the Three Palace people’s lowered heads, full of a mocking smile.

Wanxiang City’s road was very long, going straight through the western plain and slope.

The long road had spots of people. It was the very last few days of the decision time. The people who surrendered are the last ones as well. Behind them, the road was empty.

At the end of the long slope, the end of the road within the rain, a white clothed man slowly walked along this straight path forwards.

The massive rain fell upon his body, yet everytime it was about to touch his clothes, it would evaporate without a reason as if he had a special layer of protection.

Aside him, a black armored battle tiger followed, the rainwater dripping down its angular armor.....

Suddenly, the white clothed man stopped his steps, and turned around to look at the dark skies!

Far away in the sheets of rain, a cyan shadow slowly appeared in his vision.

The cyan shadow was extremely quick, like a meteor that flew through the darkness towards him.

“Wuwuwu~~~~~”

Sounds of “wu”ing sounded through the rain. The cyan shadow’s speed slowed down as it flapped its tiny wings and fell into the white clothed man’s lap. It was like a wounded child returning to its family’s embrace, crying nonstop.

Chu Mu used the temperature on his hand to dry off all the rain on the little guy’s body. A smile came onto his face - what he was waiting for finally returned.

“Why are you still like before?” Chu Mu rubbed the little guy’s head, and watched as it cried in his embrace unceasingly.

Chu Mu still remembered when they had split apart, Little Hidden Dragon was crying like a child and only left because empyrean cyan hidden dragon forcefully dragged it away.

Now, seeing him again, it was crying like a child again. After this many years, this little fellow seemingly never matured.

Little Hidden Dragon wasn't afraid of being ridiculed. It was a child. Especially when it was in his embrace, feeling the familiar scent and comfortable hug, even though it was now truly a king in its own heart, it was still just a child that wanted to let out pent up emotions.

Seeing the Little Hidden Dragon sobbing from sorrow and happiness, Chu Mu knew Little Hidden Dragon had in reality grown up.

Both its power and its mind had come a long way. The only thing that hasn't changed was its heart full of reliance, where it would show its most genuine and childish side to the people most close to it.

Little Hidden Dragon was crying for its mother Empyrean Cyan Hidden Dragon. In the long time after it cried from not being able to put its mother's body back together, it had never cried a single tear again. Only when it found the person it could rely on did it finally let out the pent up emotions.

Of course, the tears were more because it returned to his side and saw that he was doing fine.....

Chu Mu had a similar emotion to Little Hidden Dragon. Not counting dead dream's reincarnation, Little Hidden Dragon was really the only soul pet that he had watched hatch, grow up, and train all the way.

Its everything relied on him. Its everything was specially brought together by Chu Mu's training - his strictness, gentleness, and forgiveness.....

And now, when he needed its power the most, it returned. These few days, the power of the enemies he was about to face and the severity of the situation caused his heart to sink. Only now did his heart warm back up with the return of the Little Hidden Dragon and its childish mannerisms.

.....

“Hou~~~~~” Zhan Ye lifted its head and roared at Little Hidden Dragon.

Little Hidden Dragon was the smallest. Though its buddies always said it was a child that never grew up, it never felt ashamed of the fact. After wiping its tears off on Chu Mu, it leaped onto Zhan Ye’s head and hopped around baring its little dragon fangs.

Zhan Ye was used to the little guy’s mischief. Calmly shaking its head, it told Little Hidden Dragon to go play with its full time maid.

After Little Hidden Dragon said hi to Zhan Ye, it leaped back onto Chu Mu’s shoulder and started yanking little Mo Xie’s tails.

Little Mo Xie, seeing the little guy crying so hard, originally wanted to comfort it. Yet, she didn't expect it to recover so quickly. Now, it could only “wu” helplessly as she signified her reluctant welcome.

Little Hidden Dragon was like a child, where happiness always came quickly and easily.

“Now we’re only missing Ye.” Chu Mu slowly said.

Already on Chu Mu’s head, Little Hidden Dragon nodded alongside little Mo Xie and Zhan Ye.

Chu Mu had no idea where the wanderer was now, but this battle was something it was about to miss.

However, with Zhan Ye and Little Hidden Dragon back, Chu Mu's heart was slowly filled.

This entire way, he felt an unprecedented calm. Even with so many enemies ahead of this path, even when he was the only person walking this path.....

.....

When his main soul pets return was when her nightmare begins!

Maybe that woman was also waiting with heavy troops. However, Chu Mu found no reason to back away from this fight.

.....

The massive Wanxiang City, tens of thousands of troops, countless spirit emperor experts!

Thirty-two scars, sixteen absolutes, eight desolations, four heroes, emperor concubine, and alliance master- the enemy had made a city into the entirety of Soul Alliance.

Yet the only reason Chu Mu was wearing white was so he could see clearly when the blood of his enemies splattered onto him!!

## Chapter 1052: Destroying an Army of Ten Thousand, Species Calamity (1)

Lifting his head up, he saw a majestic city hiding in a hazy shroud of rain.

The towering city walls stood imposingly. On the walls, people moved around

Chu Mu followed the road forward and slowly walked forward. Gradually, he could see the tidy ranks of soldiers on either side of the road. They raised their arrogant heads as they watched mockingly at the last people to decide to surrender.....

Every person walking into the city had heavy steps. Their thoughts were in shambles. Losing their stance, belief, and everything, they walked like living corpses. Even though they already stepped into the city gates, they still didn't know whether this selection was right or wrong.

"Yo, there's one more, any slower and the execution will start. Surrendering then will be meaningless." City gate general Wind Absolute said.

Wind Absolute stood on the city gate. From his height, he could see a white clothed man slowly walk over.

"You few, wait for that buddy of yours so I don't have to tell people to go to the executioning grounds twice to cross off more names." Wind Absolute glanced at the group of people surrendering at the foot of the city wall.

The few people turned around to look at the white clothed man to see what kind of person he was.

However, at this moment, from the rainfog came a white organism that quickly went towards the white clothed man.

“Is that an immortal ming bird?” a seventh level title middle aged man from soul palace said with some surprise.

One could tell that it was an emperor rank immortal ming bird. The seventh level title man found it hard to believe that some executive of soul palace was also coming to surrender.

.....

In the rain, Chu Mu lifted his head and looked at the pure white soul pet that slowly floated down.

“Brother Chu, I knew it would be you!” Chao Lengchuan jumped off the Immortal Ming Bird, and said excitedly to Chu Mu.

Seeing Chao Lengchuan fine, Chu Mu couldn’t help but smile. “I heard Shen Mo said you really got to be the hero once. However, it’s good to see you still alive, really.”

“Compared to what you’re doing today, my courage before really wasn’t much.” Chao Lengchuan was as modest as ever.

“You seem to be stronger.” Chu Mu felt that Chao Lengchuan’s soul remembrance grow stronger and also be wrapped in a special energy.

“Hehe, just a lucky occurrence. Brother Chu, I, Chao Lengchuan had something to ask of you.” Chao Lengchuan said.

Chu Mu nodded for him to continue.

“I understand my mother’s character. No matter what, she will never surrender to Soul Alliance. If Brother Chu can shatter the executioner’s platform, I hope you can save her.” Chao Lengchuan said politely.

Chu Mu was just about to agree when Chao Lengchuan’s tone suddenly became very serious. “Before that, unless I die, no one will touch a single hair of yours!”

Chu Mu looked into the firm eyes of prince chao and was moved. After a long pause, he slowly nodded.

Chao Lengchuan saw Chu Mu agree and felt more at ease.

He knew that as long as this man agreed, then he would try his absolute best to complete it. As long as he agreed, Chao Lengchuan was comfortable putting his life in his hands!

Chu Mu and Chao Lengchuan were just about to go further ahead when further chasing came from behind them. In a moment, a man flipped handsomely off a star wilderness devil colt and caught up to Chu Mu and Chao Lengchuan.

“Haha, from far away, I heard your voices. What a coincidence. Though I’m useless in front of dominator ranks, as long as I, Ye Wansheng, am here, the sixteen absolutes, eight desolation people won’t get to interrupt your heroic act. Of course, if I can’t beat them, I’ll still retreat.” Ye Wansheng laughed and said.

Chu Mu glanced at Ye Wansheng and was just about to speak when he continued calmly, “Don’t forget, I still owe you half my life.”

Hearing this, Chu Mu knew that he couldn’t stop Ye Wansheng’s decision anymore.

However, the battle was no longer him fighting alone!

.....

“Stop being slow, if you don’t want your family to die then climb up quickly!!” Wind Absolute stood on the city wall, and yelled at the three of them lagging behind.

“Report your name and identity!” Wind Absolute said impatiently.

The three walked to the bottom of the wall. Only Ye Wansheng lifted his head, replying with a smile, “My name is Ima, last name Hoare.”

“Ima Hoare, what a bizarre name.” Wind Absolute cursed and was just about to ask for the others' titles when he suddenly realized what he had just said, and turned cyan in anger!

“Capture these bastards!” Wind Absolute yelled out angrily.

After giving the command, the armies both in and out of the city all surrounded them.

Though most people who came to hand over surrender letters were emissaries, there were some higher level people who came themselves to surrender. To prevent these people from going berserk, there were quite a lot of troops outside.

Immediately, there were three circles of people around them staring at them viciously.

Ye Wansheng maintained his smile. When Chao Lengchuan and Chu Mu just walked into the vicinity of the city, they didn't even lift their heads, choosing to continue emotionlessly.

“Bastards, I, your grandfather, am here to put you in your graves!” Ye Wansheng indeed had no mercy in his language, setting the entire army into anger with a single sentence of his.

“Chop him up!” Wind Absolute was even more furious. A failure daring to be this arrogant was truly just looking for death!!

After giving the command, a beast uproar sounded. Hundreds of beast type soul pets pounced forth, threatening to rip the three of them into pieces.

Ye Wansheng's Star Wilderness Devil Colt lifted its forepaws, and heavily slammed them down towards the city bridge!!

“Beng!!!!!!”

The bridge snapped and shook. With the stamp, the hundred beast type soul pets all went flying, crushing a large part of the army behind them. As for those who were at the forefront of the charge, they were directly crushed by the stamp's power!

Shrieks sounded all over. The army was rendered into bushels of wheat as they flew out through the air in a mess under the might of the star wilderness devil colt's multiple stomps. Falling into other people, into the city wall, falling into the city moat, they were all flimsy!

Wind Absolute's face instantly blackened as he was standing on the city wall. He didn't expect this young man to be a top tier emperor rank expert. Looks like he had to fight himself!

"How about the other two?" Wind Absolute was just about to attack when he noticed the other two were gone.

"Boss, they entered the city already." Sub commander ran to the other side of the wall and pointed at the two figures who kept going forth without cease.

Wind Absolute's entire face was twitching.

These two people never even looked over at them a single time from beginning to end. They took no one seriously. This was truly a display of how little they cared for anyone there!!!

Wind Absolute was livid. Not only did the city gate he watched over get in trouble, two people even got in unauthorized. Even worse was the two seemingly just strolled in!

"Surround them!!" Wind Absolute roared as he quickly started an incantation too.

“Other than yelling your head off, what else can you do?” Suddenly, a cold laugh came into Wind Absolute’s ear.

Wind Absolute suddenly turned his head around just to find the man who previously insulted him now right in front of him. The star wilderness devil colt he rode was now a more powerful Multi Colored Devil Tiger!!

“Paragon...paragon emperor rank!” Wind Absolute was shocked. Paragon emperor rank aura coming caused Wind Absolute’s incantation to be interrupted, yet he had no time to redo it anymore.

“I heard Wind Absolute was the worst of the sixteen absolutes, looks like they were right.” Ye Wansheng smiled ruthlessly and gave a command!

“Shua!!!!!!!!!!”

Devil Tiger’s claw fell down onto the Wind Absolute’s head. Before the Wind Absolute could cast anything, he was ripped into two by the paragon emperor rank tiger, sloshing blood everywhere.

“Hong!!!!!!!!!!”

The same time Wind Absolute was ripped in half, the entire towering city wall was collapsed by a large tiger claw mark, pushing the structure itself down!

The outer city building was a hundred meters tall. To normal soul pet trainers, it was like a mountain. Yet, with one attack of the Multi Colored Devil Tiger, it collapsed. The soldiers posted around the city building all held their heads and fled frantically!

“Honghong!!!!!!!!!!”

The building finally fell completely. A wave of turbidity lifted up in the rain. Blood leaked from between the ruins as corpses were scattered throughout.

In a moment, the outer city defending army was shocked. They started shivering as they watched the man smile as he walked by with his Multi Colored Devil Tiger.

This time, no one dared to stop him. They could only watch as this man slightly quickened his pace to catch up to the two people who walked ahead.....

.....

“The middle city will probably be more difficult, right?” Ye Wansheng turned around to glance at the ruined walls and rain-washed blood.

“At least a desolation ranked expert.” Chao Lengchuan said.

Chu Mu nodded. “Such small destruction won’t even raise their attention.”

“Speaking of which, we have four or five thousand people around us, should we clean them up first?” Ye Wansheng looked around.

The streets had long since been densely surrounded. Even the little alleyways alongside the main road were packed with people. This lower rank army's average strength was warrior rank, most of them posted within outer city.

After Ye Wansheng created such a large commotion, a scar level expert immediately moved troops over, pushing their numbers over five thousand!!

The massive group of people stood in the rain, watching the three of them as their greatest enemies.

However, none of them dared enter the fifty meter radius around these three people!!

"Let me do it." Chu Mu said calmly.

As he spoke, he gave Mo Xie on his shoulders a glance.

Mo Xie nodded and leaped off his shoulder. Her demonic pupils suddenly reflected a phantom world, a world where a single flame of fury was burning silently!

Ye Wansheng was about to deal with these troops himself, but upon seeing Mo Xie's pupils, he slowly showed surprise.

Soul Alliance soldiers looked shakily at the strangely attracting pupils and, unknowingly, the nearest ring of soul pet trainers near Mo Xie gained a flame of anger within their eyes as well.....

.....

## Species Calamity!!!

What else was better than this technique to defeat enemy forces?

### Chapter 1053: Destroying an Army of Ten Thousand, Species Calamity (2)

The flames in eyes burned down to her heart. As long as there was a bit of jealousy, hatred, or disgust in one's heart, it would infinitely expand before transforming into an irreconcilable hatred. These eyes of hatred would slaughter anyone who angered her!

The minds of the soul pet trainers around her went into complete chaos. They suddenly roared at the other people around them like savage beasts and gave their soul pets orders!

The anger of the master became the anger of the soul pet. The eyes of these savage beasts were filled with flames as they toppled others to the ground and started ripping them apart. Instantly, fresh blood flew everywhere!!

"You, you guys are crazy!!" the captain of the small team watched the soldiers lined up in front of him attacking each other and let out a sudden cry.

His roar caused a slight haze to appear in the men slaughtering each other. However, the captain of the small team's intimidation was unable to wake them from this illusion technique. In their eyes, the world had been engulfed in flames of disaster. They themselves had transformed into devils that danced in the flames. Due to the anger in their hearts and destruction in their bones, the only thing in their eyes was slaughter and destruction!

Species Calamity had a rare proliferation effect. Moreover, even those not affected by the illusion would become confused and angry after being attacked by their comrades; they would have no choice but to fight back!

As the Species Calamity proliferated, the entire district transformed into a terrifying purgatory. Blood sprayed and corpses rolled!

A terrifying aura instantly covered the low ranking army of four to five thousand people. The officers and soldiers further away were stunned as they watched these people kill each other.

They had no idea what had happened and could only stand there in terror, waiting for the smell of blood to make its way over...

The miserable cries didn't stop. The three people walking on the avenue didn't use any techniques and easily passed through this cruel battlefield.

"Can this Species Calamity infinitely proliferate?" Chao Lengchuan turned around and looked at the disordered army still stuck in a state of mutual slaughter.

Chu Mu shook his head: "If a high emperor leader exists, they will be intimidated into waking up. But if we get rid of these people..."

"Then leave that to me!" a smile rose on Ye Wansheng's face.

Ye Wansheng's job was to prevent those useless soldiers from obstructing Chu Mu and Chao Lengchuan's path. Moreover, he didn't want their soul pet's physical strength to be wasted on the army.

If he could get rid of the enemies at the high class emperor rank or above, the Species Calamity would continue to proliferate. There clearly were not any dominator rank experts in the outer city so it wouldn't be too difficult for Ye Wansheng to get rid of them.

The city was very large. It would probably take an entire day to reach the middle city from the outer city by foot.

However, Chu Mu wasn't anxious.

If they charged into the enemy's army, the Four Heroes wouldn't even need to take action. The tide-like army would be able to continually exhaust their fighting strength. By the time they fought the Four Heroes, they wouldn't have much physical strength left.

Therefore, what they needed to do was ensure the Species Calamity proliferated. At the very least, they couldn't let the army from the middle and outer city obstruct them too much.

Thus they had to kill all the high class emperor experts!

Ye Wansheng would do this. Chu Mu didn't mind this Species Calamity expanding, causing even more Soul Alliance members to die at the hands of their comrades!

.....

It was a downpour of heavy rain that fell onto the execution stage. Those kneeled on the ground waiting for their execution were drenched through their clothes. Sometimes they weren't even able to open their eyes.

They were situated high off the ground and from their level, they were able to see the heavy rain wash the outer city.

The streets on the outer city were tiny like small lattices. They laid there, densely packing the distance. Indistinctly, they were able to make out a black mass of an army moving around. Occasionally, splots of red would emerge on the street.

"What's going on in the outer city?" Poison Desolation Nie Yunbin, who was defending the execution stage, creased his brows and used his soul remembrance to look at the distant outer city.

The assistant commanders were all standing around the execution stage. A moment later, they remarked in shock: "It seems that the army is in a chaotic fight..."

"Nonsense!" Nie Yunbing harrumphed.

Just now, when he looked over, the black mass of an army was clearly only wearing Soul Alliance uniforms. In other words, these were all Soul Alliance army members. How could they be engaging in a fight? This wasn't a performance put on by the army either!

"Hu hu hu hu~~~~~"

A wave of violent wind and rain arrived onslaughted them. Through the curtain of rain, a scout riding an enormous eagle flew over in the sky. He landed in front of Nie Yunbin and flusteredly said: “Senior, the outer city army is in chaos. They are wantonly killing each other.”

Nie Yunbin’s face went ashen and he glared at his vice commanders. He angrily said: “Who is the commander? How can he not even administer a division of an army properly?!”

“It’s the Wind Absolute... however, from the news just now, he has already been killed. Moreover, the mutual killing of the outer city army is because the soul pets of those three people used some demon technique.” said the enormous eagle scout.

“The Wind Absolute was killed?” Nie Yunbin was stunned. He quickly realized that the people that stirred up the chaos in the outer city were very likely to be genuine experts from the Three Great Palaces. He quickly asked: “Who are they?”

“We aren’t sure for the time being, but someone pointed out that one of them strikingly resembles the wanted Soul Palace Crown Prince Chao Lengchuan.” said the enormous eagle scout.

“Chao Lengchuan, hmph. That fellow really must charge through an exitless hell. Order someone to inform the Heroes!” said Nie Yunbin.

“Yes.” the enormous eagle scout bowed before jumping onto the enormous eagle and flying into the air.

As he flew through the air, a black cloud suddenly appeared among the other clouds. At a closer glance, there unexpectedly was a black cloud formed by an enormous group of enormous eagles. They numbered approximately 3000!

The Three Great Palaces members who were familiar with Soul Alliance information all knew that this enormous eagle army of 3000 was the corps directly subordinate to the Hero Aide Lian Yan. Even a peak emperor rank creature probably wouldn't be able to survive two waves of attack from the 3000 enormous eagles. This was one of Soul Alliance's genuinely threatening high ranking corps!

Presently, these 3000 enormous creatures were flying above Wanxiang City's inner city, looking down upon the city. Any signs of irregular movement would not escape their eyes!

Teng Lang looked up and saw the enormous figures in the air before looking at the streets of the outer city that flowed with blood. He quietly sighed: "The Crown Prince is so stubborn..."

When Old Soul Teacher De heard about the mutual killing, the first person he thought of wasn't Chao Lengchuan but Chu Mu's Seven Sins Fox with the rare Species Calamity technique.

He remembered in Tianxia City that Chu Mu's Seven Sins Fox had used this terrifying technique.

Now that Soul Alliance's army in the outer city was staging such a slaughter, this meant that one of the three people was Chu Mu!

The middle and low ranking army was composed of millions of members while the high ranking army had over 50 thousand. Merely the strength of an army was enough to deal with a dominator rank creature. Moreover, Soul Alliance itself had many dominator experts. Thus, Old Soul Teacher De didn't know what to say about the three people that dared to step into this city.

.....

On Wanxiang Altar, an enormous eagle scout beat its wings, and flew higher up into the air again to investigate.

In the Hero Chief's great palace, the Hero Chief and the Empress Concubine were sitting down, looking down from above and the groups of officials.

Below the Hero Chief and the Empress Concubine were Son of Heaven Wu Kuang, Hero Aide Lian Yan, Fourth Hero Mo Ling, Underground Palace King Yi Jun and the traitor Li Hong!

These people were all dominator rank experts that had surpassed the profane. Any one of them was capable of shaking both Tianxia and Wanxiang with a single stomp.

Even below them sat Ju Que, Bin Liao and Lin Yin of the Eight Desolations. Sitting alongside them were ten Investigator experts. Presumably after this fight, some of them would become the new Desolations.

At the same rank, but of a different group, with the Dragon Absolute as the head sat a total of eight Absolute experts. Sitting alongside them were a new group of peak emperor rank soul pet Investigator experts. If things went as planned, the Sixteen Absolutes would have new members!

After them were the Thirty Two Scars, Investigator experts and numerous spirit emperors who defected or were neutral.

These people who appeared in the great hall today would be the future backbone of Soul Alliance. There were some of them who even knew about the future positions and great kingdoms they would obtain!

Virtually all the important members were gathered here and it was the strongest group of people in human territory!!

“Chu Fangchen, Chao Lengchuan... it seems that we must delay the rewards from the king.” Hero Chief Yuan Sui slowly stood up and swept his eyes over the great hall filled with experts devoted to Soul Alliance.

“Senior Hero Chief, I’ve gone crazy walking around in the darkness. I feel like it will be hard to bear if I have to wait another day. There’s no need to delay; we can deal with it in a moment.” standing next to Son of Heaven Wu Kuang, Underground Palace King Yi Jun smiled and calmly spoke.

Hero Chief glanced at Yi Jun. He knew that the Underground King wanted to use this opportunity to establish his prestige.

“We don’t need to be afraid of Chao Lengchuan, but Chu Fangchen’s strength isn’t ordinary. Lian Yan, Wu Kuang, Li Hong, and Mo Ling, go and take a look. Yi Jun, go and report this to Alliance Master.” said Hero Chief.

“Senior Hero Chief, you really think highly of Chu Fangchen.” remarked Yi Jun.

The Hero Chief wanted four dominator rank experts dispatched to deal with Chu Fangchen’s appearance. Who wouldn’t they be able to take down with such a team?

Yi Jun didn’t disobey, but he felt slightly uncomfortable in his heart.

The Alliance Master was presently in the palaces of the Three Great Palaces. Yi Jun knew that the Hero Chief, by sending him there, wanted him to kill those people trapped in the underground holy palace.

Yet, Alliance Master Ling Chan was already there. There probably wouldn't even be an opportunity to take action.

"Hero Chief, in my opinion, even if we don't take action, they will be killed by the army in the middle city. What's the need for such action?" said Mo Ling.

The moment he finished speaking, an enormous eagle scout suddenly rushed into the great palace. He then prostrated himself on the ground and said in a slightly fearful voice: "Your Majesty, Senior, our.... Our outer city's 50 thousand low ranking army has been annihilated!"

These words made the Scars, Investigators, Absolutes, and Desolates all wear shocked expressions!

Although dominator ranks could indeed easily annihilate a low ranking army, being able to do so in such a short period of time was too terrifying of a slaughtering speed!

#### Chapter 1054: Bloody Flag!

In the curtain of rain, the outer city and the main avenue, as well as the streets branching off, were soaked in blood water. The conspicuous red color could be clearly seen by everyone on the execution stage.

The rain struck their hopeless faces. Most of those dragged onto the execution stage were higher ups of the three great palaces. They knelt there, carrying the humiliation of defeat. In front of them was the dark curtain of rain, and when they lifted their heads, all they could see was the sharp and threatening executioner's blade. They didn't have much hope left.

However, in the corner of their eyes were three people whom they watched walk forth along the main street from the outer city wall. They watched them face the army of over ten thousand without slowing down at all. When they saw the main street and its surroundings run red with blood, waves of shock broke out in their hearts!

Their vision was getting hazier and hazier. Teng Lang, whose face was filled with rain and tears watched those three people, and felt like his throat had been blocked by something.

“Brother Chu, Prince Chao, Brother Ye...” Teng Lang couldn’t say anything because he didn’t know where these three people gathered the courage to face an entire army and all of Soul Alliance’s experts. The entire outer city was red as if it was burning with blood. This meant that they had an unwavering intent to fight!!

Senior Elder Xiao, the old hermit, and Elder Yang were also trapped on the execution stage. They looked with disbelief at the three people that slaughtered their way through the enemy’s camp in the heavy rain. They didn’t know whether to sigh at their attempt of the impossible or whether to admire their soul-shaking fighting intent!

“Long long long long long~~~~~”

Suddenly, the execution stage faintly trembled.

The trembling seemed to grow closer and more powerful as the murky horizon seemed to grow closer!

Everyone looked up and abruptly discovered that at the edge of the curtain of rain was a beast tide that had come out of nowhere!!

The onslaught of the beast tide caused the earth to tremble. Even if they were very far away, the people on the execution stage could still feel the boundless and majestic aura!

The violent wind and rain seemed so quiet and insignificant right now in the face of the roars and cries of ten thousand beasts that formed an intimidating storm that slowly swept over from the distance!!

“This... this is...” Old Soul Teacher De and the other senior elders and elders were stunned again.

They wanted to use their hands to wipe the rain off their faces, but their hands were bound. They could barely open their eyes and discern the hazy flag in the distance!!

The flag that was fluttering didn't have the insignia of Soul Palace's Seven Diagram Saint Pets, Nightmare Palace's Nightmare insignia or Soul Pet Palace's crown. Instead, it was a golden flag with a splotch of fresh red blood in the shape of a bloody sword!

This was a flag that had never been seen before, but everyone knew that it was the flag of the three great palaces. The blood red sword symbolized their resolution to fight till the end!!

They had seen too many familiar people enter the city with their heads down and branches of the three great palace army being enlisted into Soul Alliance's faction. Everyone on the execution stage felt both mentally and physically exhausted. However, when they saw this army and the flag, everyone felt their blood boil!!

In this instant, they suddenly realized: that's right, the war was still happening. It wouldn't stop because they had been defeated, nor would it end because of the defectors! There were at least three people that dared face Soul Alliance's army of a million and thousands of emperors. Behind them

was moreover an army of high morale that followed the footsteps of these three people and slaughtered their way into Wanxiang City!!

Their hearts and blood were ignited. When these hopeless and exhausted people saw this scene, they all wanted to free themselves from their binds, throw themselves into the white colored army and dye their bodies with the blood of their enemies!

“Are... are they coming to send themselves to death?!!” watching the grand three great palaces army in the horizon, Nie Yunbin angrily roared!

The three great palaces had already lost the majority of its higher ups. What else could they rely on to fight Soul Alliance? Could it be those scattered sand-like army members in the western area?

However, no matter how angry or contemptuous he was, Nie Yunbin knew that the roaring army in the distance wasn't like scattered sand. Their courage was unprecedented, and their uplifting moral had caused even the mighty and dignified Wanxiang City to tremble!!

.....

As the rain and blood mixed together on the main street, Chu Mu and Chao Lengchuan turned around. They looked at the distant hills outside the city and at the army dressed in all white.

“This...” said Chu Mu, somewhat absent-mindedly.

“It's our army!” Chao Lengchuan had a rapturous expression!

The three great palaces' army! This was definitely the three great palaces' army!!

There was only one reason for wearing white armor. It was to engage in a bloody fight with the enemy till the end!

Chu Mu's emotions soared. One month ago when he had seen Soul Alliance threaten them to surrender, he had realized that the three great palaces' army could very well collapse because of this. This fight could end up becoming his fight, alone.

He never expected that while leaderless and spiritless, there still existed a group of brave warriors who were like those on the execution stage. They would rather die than stand on Soul Alliance's side!

They didn't need to go and organize themselves. They had decided that today was the signal to gather and rushed from all sides to gather under Wanxiang City!

Among these people were those wholeheartedly devoted to the three great palaces, those that had irreconcilable anger towards Soul Alliance and those that resolved to save their captured comrades, colleagues, friends, family....

This was an army that had thrown aside any considerations about life or death. No matter what their reason was, they all had the same goal: fight till the end!

The surging tide of an army instantaneously swept past the hills and approached the outer city of Wanxiang City!

Chu Mu turned around and saw Senior Elder Teng in the distance leading the charge!

On that day, Chu Mu had personally seen Senior Elder Teng turn his back on the city wall. Not a single tear was shed.

Chu Mu thought that in a decision between family and the palace, Senior Elder Teng had chosen the later. Yet, in reality, Senior Elder Teng didn't choose the latter.

He had chosen to use his own fight to devote himself to the palace while also using his life to rescue his family. In that majestic army was also a large group of people who had made the same choice!

“Can you guys see?!! Tell me, what are you still afraid of?!!” Senior Elder Teng used a mental voice to loudly roar!

When the army had quietly gathered outside Wanxiang City, they had discussed how to break into the city.

However, when they saw the blood being to flow out of Wanxiang City from the distance and saw those three people shatter an army of ten thousand, therein lay the answer to their discussion!

How would they break into the city?

Obviously by slaughtering their way in!!

The killing intent from Chu Mu, Chao Lengchuan, and Ye Wansheng had ignited their blood. They had come here to fight till the end. Those three people had even dared to enter Wanxiang City alone, so what did they, an army of over ten thousand, have to fear?

Therefore, when the leading Senior Elder Teng let out his roar, everyone's answer was the same!

“Long long long long~~~~~”

The western side of the city had been broken through already. The three great palaces' high ranking army easily stepped over the weakened city walls, onto the bloody water and into Wanxiang City. Along the main street, they chased after the footsteps of those three people!!

“Chu Fangchen, Prince Chao, leave the army for us!!” Senior Elder Teng was further away on the long main street, so he used a mental voice to speak to them.

Chu Mu had been watching this brave army charge in and an elated smile had arisen on his face. It seemed that this fight wouldn't just be the three of them!

A low ranking army would have no threat towards Chu Mu because of Mo Xie.

However, Mo Xie's Species Calamity would be suppressed by a middle or high ranking army because they had high class emperor experts. Ye Wansheng wouldn't be able to kill all of them!

Perhaps a single one of Chu Mu's techniques could annihilate thousands in a middle or high ranking army. However, Chu Mu's enemies were not limited to these armies. Instead, there were those overbearing dominator rank experts from Soul Alliance!! If he wasted too much energy on these armies, how would he fight against the Four Heroes, Li Hong, Wu Kuang and Yi Jun?

The appearance of the three great palaces army was undoubtedly help in his hour of need. It also made Chu Mu realize that the true three great palaces wouldn't collapse because the higher ups were defeated. Chu Mu also believed that even if the three great palaces would no longer exist in the future, there would still be a group of people who would always oppose Soul Alliance!

"Senior Elder Teng, I'll leave it to you then!" Chu Mu nodded his head.

Chu Mu knew that in an army against army fight, there would be countless sacrifices. However, in front of such a lofty execution stage, would they really retreat?

Chu Mu didn't count the number of people in the three great palaces' army because these people were already enough!

.....

The middle city had already been constructed into a well-fortified stronghold. This stronghold was covered by countless plants and couldn't be compared to those decorative walls on the outer city!

Atop the stronghold, Soul Alliance's army was lined up in rows, standing there in defense. As they looked down from above, they watched the flood of white in the outer city!

Most of them were sneering. Sneering at their overestimation of capabilities.

However, the enormous army in the stronghold hadn't realized that the boundless rain was no longer colorless. Instead, it was now a slightly blue and odorless medicine rain!

When the medicine rain landed on middle city, it dispersed through the damp air along with the wind and rain...

Nobody knew what usage this medicine rain had, nor did anyone discover that the air they were breathing in was mixed with a smell that was difficult to discern. This was because their entire attention was focused on the three great palaces army.

As the large army approaching, the atmosphere turned abnormally tense. As the downpour of rain dripped down on them, it was like swords and halberds crying out!

Blood and water filled the air, but what was inextinguishable was the flames of war!!!

Chapter 1055: Bloody Path!

Within the massive iron fortress, Hero Aide Lian Yan stood at the top and watched the white army well in from outside the city. He looked around for Chu Mu and Chao Lengchuan's figure.

Lian Yan was the only hero who never bothered with factions, power, or status. He was like a hermit that existed in a corner of Wanxiang realm. Because of his long time in the outdoors, some people call him the king of wilderness.

He was filled with beast aura. Standing aside him was like standing under a beast claw that could rip you apart at any moment.

Once he reached dominator rank, he rarely fought against human experts. As wilderness training slowly lost its challenge, he decided to return to human realm and find experts within the human realm so he could feel the same wild fight.

Lian Yan was at the front while beside him were Wu Kuang, Li Hong, and Mo Ling!

The Heroes were about to be reordered. Hero Chief Yuan Sui was becoming the king of wanxiang realm. Lian Yan was to become Hero Chief, Wu Kuang as Hero Aide, Xia Zhixian as Hero Support, Li Hong as End Hero, and Mo Ling was the fifth Hero.

This meant that the four people standing on the center city fortress were four of the five heroes in the future, and their sole goal was to take down Chu Fangchen and Chao Lengchuan.

“He killed a soul pet of Soul Alliance master?” Lian Yang pointed at the man riding a black battle tiger within the army and asked.

“Yes, him.” Wu Kuang looked coldly at Chu Mu, a venomous anger and hint of joy flashing through his eyes!

Even if Chu Mu was burnt to ashes, Wu Kuang would recognize him. He was angry because of the shame he suffered from their last encounter, causing him to step down as potential Hero Chief and be Hero Aide instead.

He was joyous because Chu Fangchen really dared to come. That meant he could wash away his previous shame and follow through on his word and step over him!

“Lian Yan, that kid’s Mo Ye is very powerful.” End Hero Mo Ling said.

Lian Yan nodded and glanced at Wu Kuang, saying, “Wu Kuang, can I hand it to you?”

Wu Kuang’s face went stiff, “It’d be better if we combine forces.”

Wu Kuang only had an icy death king now. At the time, even combining icy death king with Fighting Heaven Horned Beast King wasn’t enough to defeat the Mo Ye, so wouldn’t him going alone be looking for death?

And, to say the truth, Mo Ye still left a pretty significant scar in Wu Kuang’s mind. Wu Kuang wanted to redeem himself, but the condition was that he had someone with him or else he really didn’t dare to against Chu Fangchen himself.

“Then you can give Chao Lengchuan to little brother.” Mo Ling said slightly flatteringly.

“Chao Lengchuan is on my list.” Li Hong glanced apathetically at Mo Ling and said.

Mo Ling’s face was slightly twisted. Only his tai mountain giant was barely dominator rank in the five heroes. In front of them, he had to be careful even when just speaking. What made him even angrier was his end hero spot was taken by Li Hong. His current fifth hero spot was probably only in name!

“Haha, Mo Ling, Chu Fangchen’s white nightmare is yours to handle. I have no interest in a near dominator rank organism.” Lian Yan laughed and said.

Sending four heroes for two people seemed overdone in its own right. However, to faster ensure Soul Alliance’s victory, it was better to get rid of these threats in case Three Palace is reborn from ashes.

As the four of them were casually splitting up their responsibilities, the Three Palace army was already at the bottom of the center city plant fortress. Countless beasts started casting techniques, shaking the sturdy fortress.

They stood high up to watch these beasts. In their eyes, these were just slightly larger ants. A single step from them could crush a large amount. They didn't care to waste their soul pets' stamina upon these armies. Their eyes were already on the only person that could realistically pose a threat to soul palace.

.....

The two armies collided. The sky filled with fire, ice, thunder, falling rocks, and gales. The elemental energy had shocked the rain to a stop as the unceasing barrage of elemental techniques created a storm that ravaged the already damaged city.

Elder Teng rode his ice beast onto the fortress. The rage and suppressed emotions he had bottled up finally erupted. Just Moments after battle broke out, his body was dyed with the blood of multiple spirit emperors!

Ever since he stepped up as a senior elder, he had never bathed in blood like this. However, some abilities don't fade with age. When the smell of enemies' blood stimulated his heart, killing no longer felt foreign at all!!

“Kill our way through!!!!”

Elder Kuang yelled out from under the fortress. He gazed up the wall filled with death brambles. He immediately saw Yang Scar who he had fought against for many years, the executioner that had rendered him without any family or friends!!

Vengeance filled his mind as he rode his demon upwards. He ignored all the death brambles and went through the densely packed techniques towards Yang Scar's location!

Death bramble wasn't very useful to spirit emperor experts, but to an army whose majority was below spirit emperor, these death brambles were sharp spears. They could extend over a hundred meters to attack organisms. In the moments that battle erupted, the fortress was already hanging with numerous dead bodies.

The following army stepped on their companions' corpses as they went up the fortress. This wasn't disrespect towards the dead; they were stepping upon their backs to complete their death wish and kill more enemies, saving their family.

The cruel battle continued within the fortress. This was Chu Mu's first time seeing such a large scale human on human war.

He could let his dominator rank organisms help utterly destroy the fortress but he didn't do this because, like those who were stepping over companion corpses forward, he had more important things to do.

If the enemy were standing arrogantly upon the executioner's platform, then these warriors were using their lives to set the stairs for him. Chu Mu had to step forward resolutely!

The thick blood scent emanated around Chu Mu, to which Chu Mu sucked in greedily.

“Prince Chao, let’s go over.” Chu Mu gave Prince Chao aside him a look and said.

Chao Lengchuan nodded, riding Thousand Wave Beast forward towards the fortress.

As Chu Mu and Chao Legnchuan went forth, the people around them organized a group of Sacred Guards dressed in clothes white as snow. They all rode soul palace Lin Yin Beasts, their armored plates matching the white clothes perfectly!

The fortress was slowly forced open with a crack. The Sacred Guards’ were like a long sword that pierced through the formation and continued to make way for the two people.

Passing through the fortress was, in reality, a very short process but when these Sacred Guards managed to get through that layer of defense, both the Sacred Guards and their Lin Yin Beasts were painted a bright, burning red.

There started to be less people, but their steps didn’t pause to rest at all. The white Sacred Guard convoy became red warriors that continued to make way for Chu Mu and Chao Lengchuan.

A group of them stayed back in the fortress to continue fighting, while the rest went through the opening to continue forward.

In center city, Soul Alliance’s army slowly became more elite. There were constantly bloodied warriors entering the advancing ranks, but similarly there were constantly people falling in the main streetway, washed down by rain in their last moments.

Without them even realizing, the inner city's massive executioner's platform was now clearly visible. Under its huge shadow, all the warriors felt an immense mental pressure.

The inner city's fortress was nicknamed the iron fortress. Behind this fortress was the executioner's platform that held the goals of many of their struggles.

On the platform, all the people kneeling there getting battered by the rain and wind were now soaked with both rain and tears.

From their height, they could see half of the city, but importantly they could see the spacious main street that went from city center all the way to outer city.

From the original three people bloodying all of outer city, to now ten thousand people strong hammering the inner city, this long street was washed over by blood countless times and was covered in countless corpses!

Those killing in the moment were completely numb, having only "going forward" in their minds as they stepped forward. Yet, those on the executioner's platform saw the tragic path of blood behind all these people.....

Slowly, Three Palace army appeared in their vision. They could clearly see who was at the forefront and who fell down alongside their soul pets, never to get back up.

The skies were still raining down sheets of rain. When those lost in killing lifted their heads, they were surprised to see that the inner city iron fortress and executioner's platform was right before them.

At this moment, the sturdy fortress and tall guillotine gave everyone immense pressure; it wasn't only because of the rows of Soul Alliance's most advanced army lined up tidily on the platform. It was also because, at the highest point of the fortress, on the ice bridge connecting it to the executioner's platform, the four people who stood there were Soul Alliance's two heroes, son of heaven, and betrayed king Li Hong!

Dominator rank experts!

Four dominator rank appeared. They only needed to cast down their gazes to exert mountains of pressure upon everyone, stopping all their advances!!

"Chu Fangchen, Prince Chao....." Sacred Guard leader Zhuo Nong glanced at the two and said in a grave voice.

Chu Mu recognized Sacred Guard Leader Zhuo Nong. This was Tianxia City's Sacred Guard. Chu Mu didn't know when he had moved to Wanxiang City, but this middle aged man's passion moved Chu Mu.

Chu Mu gave him a nod.

Zhuo Nong didn't say much more. A Sacred Guard's duty ended here. In front of a dominator rank expert, they couldn't do much. Now was their time to fight!

Chao Lengchuan stared deadly at Li Hong on the ice bridge. His most respected person becoming his most hated person, such hatred was way beyond the magnitude of his original respect.

Chu Mu glanced at Chao Lengchuan, who was already fuming, and said, "Don't lose this time."

Chao Lengchuan nodded. He believed Chu Mu could definitely win one versus three, so his job was just to make sure Li Hong couldn't interfere with Chu Mu's battle at all!!

Chapter 1056: Ten Minutes, One Drop of the Axe

Zhan Ye darted through the bloody battlefield. No matter how well defended the fortress was, it couldn't stop its wild advance. In a moment, it was already at the top of the fortress, staring down at the four people on the ice bridge.

On the ice bridge, Icy Death King was already standing there arrogantly. This dominator rank that controlled the ice around it stared angrily at Zhan Ye.

Icy Death King and its master were both angry yet scared of the Zhan Ye at the same time. Seeing the black battle tiger leap towards them, their expressions turned grave.

Wu Kuang and Mo Ling saw Chu Mu ride Zhan Ye towards them and took a few steps back. In their eyes, this man was absolutely despicable, but was far scarier than a thousand man army!

"So you're Chu Fangchen." Hero Aide Lian Yan had an unruly smile.

"Just you three?" Chu Mu glanced over Hero Aide Lian Yan, son of heaven Wu Kuang, and Hero Mo Ling and said lightly

"It's already more than we need." Hero Aide Lian Yan smiled back coldly.

Sending four of the five heroes was already something that Hero Aide thought was too much.

Just as Underground King Yi Yun had said, after solving his issue with Chao Lengchuan, he still had to discuss the matters of receiving his title.

After speaking, Hero Aide Lian Yan started an incantation!

The grey symbols revolved around Hero Aide Lian Yan. A massive totem appeared on the arched ice bridge, causing tremors to slowly go through the bridge.

Within the symbol, grey feathers quivered as a pair of mighty eagle wings opened up from within the symbol. With a light flap, it lifted up the rest of the body covered in tidy, grey feathers!

The feathers were like swords, sharp and biting. Its body was full of an angular, iron power. When its wings opened up, the grey steel giant eagle was like a floating iron fortress!

This was an eagle king made of steel!

The sharp and wild pupils, sword-like feathers that had ripped through countless lives, dyed countless times in the past with blood. Its claws that reaped lives seemed to be sharp enough to crush anything!!

“Gezhi!!!”

The steel claw fell on the ice bridge. With a slight grasp, the entire ice bridge would probably be shattered!

Acute, fierce, covered in sharp weapons, the moment this Steel Eagle King appeared, the three palace prisoners on the executioner's platform all sucked in a breath. If such an organism were to fly through the ranks of their army, countless people would get ripped apart!

"This Steel Eagle King is even stronger than Goddess Mu's Crown Phoenix King, brother Chu you have to be careful!" On the prisoner's platform, Teng Lang secretly started to worry.

Initially, the battle between Hero Aide and Mu Qingyi was witnessed by Teng Lang. Even the crown phoenix king was suppressed in the air battle against this Steel Eagle King. Now that Wu Kuang and Hero Aide Lian Yan combined forces against Chu Mu, it was indeed worrying.

As Teng Lang was worrying, suddenly a group of Soul Alliance soldiers came over and forcefully dragged their entire row of prisoners over to below the axe.

"What.....what are you doing!!" Teng Lang immediately yelled out in anger.

The others also started shouting out but in the chaos, about a hundred people were brought to the axe. They were spread apart in a line and forced to kneel over, their heads all over the guillotine line!!

A hundred necks were exposed under the axe now, meaning if the axe fell, all one hundred of these heads will roll off from the chopping block!!

Seeing this scene, Chu Mu immediately furrowed his brows. Were they starting the punishments now?

“Hehe, a battle with nothing at stake is never interesting. Don’t you want to save them? Then, I, Lian Yan give you a chance.” Hero Aide Lian Yan stood on the back of his Steel Eagle King and pointed at the hundred heads below the guillotine and laughed, “We’ll drop the axe once every ten minutes. Depending on which ten minute interval you defeat us in, you can save the rest of them.”

As he got here, Son of Heaven Wu Kuang and End Hero Mo Ling also laughed.

Hero Aide indeed was Hero Aide, able to think of such a method. The two of them could almost see Chu Fangchen’s twisted face of anger after ten minutes!

Chu Mu lifted his head and looked through the crowd of hundred people. Of the hundred people, he saw the old hermit, saw Elder Xiao, saw Princess Wan Ning. She was glancing at him with a complicated expression, as if she had something to tell him.

“Chu Fangchen, Prince Chao!!” Even if my head falls to the ground, I’ll have my eyes wide open to watch as the dog of a person Li Hong get ripped to pieces. I’ll watch as Wu Kuang gets destroyed again, and I’ll watch again when the pretentious Lian Yan get squashed!!!” Old Hermit yelled out!

Unable to use his soul remembrance, he could only yell physically. Old Hermit wasn’t sure if his old voice could reach Chu Fangchen and Chao Lengchuan.

Chu Mu’s gaze fell on Old Hermit’s body. It was rare that the harsh old man was this heroic when threatened with death.

Ten minutes, a hundred lives.

Chu Mu recognized only a few of them, but the others may be the wives and parents of the sacred guards that had fallen.

One had to say that Hero Aide Lian yan was very vicious. Even if they were of the same power, if they were subject to the pressure of losing a hundred lives every ten minutes, they likely couldn't perform their full strength and collapse as the axes fell again and again.

"Lian Yan, you.....you won't die well!!" Chao Lengchuan's eyes turned bright red!

Of the hundred people, his mother and sister were all there. The axe falling in ten minutes would be enough to cut Chao Lengchuan's heart in two!!

"Brother Chu." Chao Lengchuan gazed at Chu Mu.

He knew Chu Mu could definitely defeat the three people, but ten minutes was truly too short. Watching his mother and sister's necks under the guillotine, how could Chao Lengchuan remain calm?

Chu Mu glanced at Chao Lengchuan and motioned for him to calm down.

Chu Mu turned around to look at Hero Aide and the other three and said coldly, "Let's hope you can even last ten minutes."

"Heng, arrogant. Let me see what kind of powers do you have to back that up!" Lian Yan laughed coldly.

As he spoke, Lian Yan already rode his Steel Eagle King into the skies, its sharp steel body spiralling above Chu Mu!

Son of heaven Wu Kuang saw that Lian Yan already attacked and immediately gave Icy Death King a command!

Chu Mu came down from Zhan Ye's body and glanced at the two dominator rank organisms.

"Hou~~~~~" Zhan Ye let out a roar. Without needing any command, the black figure leaped into the sky and took the initiative to assault the Steel Eagle King and icy death king!!

The Steel Eagle King's wings flapped extremely quickly. It could change its position and orientation in the air however it wanted. Scarier still was that around its body there were always sharp steel feathers. They flew in a certain path around its body, transforming the air space around it into a feather storm that could shred through anything!

Surrounded in such a feather storm, no organism could even near Steel Eagle King!

Icy Death King was still standing on the ice bridge that spanned two kilometers. When its icy pupils were flashing, the two kilometers of space between the fortress and the executioner's platform was instantly covered in countless icy structures!

These structures came up from the city below. They were massive like glacial mountains, or like stalactites and stalagmites, extending from all directions!

When it cast the technique, the entire space was like a sealed off cave. After the wind whistled through, everyone felt cold to their core!

Between the hanging ice mountain and rising glacier, the Icy Death King stood formidably, unmatched in stature!

“Hero aide, Chu Fangchen’s Mo Ye has broken limb rebirth and brave stinging heart, which means its strength will continue to increase. The best way to deal with it is to defeat it in one blow or else the longer we drag the fight, the stronger this Mo Ye becomes.” Son of heaven Wu Kuang reminded Hero Aide Lian yan.

“Dragging it on, from what I see he doesn’t have much time.” Lian Yan pointed at the executioner’s platform.

“You’re right.” Wu Kuang started laughing as well.

As the two communicated mentally, the black figure already leaped into the sky, standing upon the icy mountain that had been lifted from the grounds!

“Houhouhou……. Zhan Ye’s deep eyes gazed at the Steel Eagle King and Icy Death King and let out a provoking roar!

Still going one against two, the proud Zhan Ye couldn’t wait to start battling!!

The Steel Eagle King traversed through the icy terrain smoothly yet swiftly.

The feathers surrounding the Steel Eagle King suddenly stopped within the air after a flap of its wings, their points all directed towards Zhan Ye!

“Yi!!!!!!!” Steel Eagle King called out.

Immediately, as if thousands of swords rained down, the feathers densely barraged towards Zhan Ye!!

“Dingdingding.....” The feather swords pierced into the icy mountain, immediately obliterating the mountain that Zhan Ye stood upon.

Zhan Ye leaped aside and fell nimbly upon another icy mountain.

At this moment, the icy mountain suddenly loosened and, while it was shaking, it became like a massive spear that pierced towards the mountain Zhan Ye was on!

This time, Zhan Ye didn’t avoid it, instead lifting up its forelimbs and slamming them down in front of it!

“Beng....” With this stomp, the rapidly raising spear mountain broke off, casting chunks of ice from the skies to the streets below, throwing the city into complete disarray!!

Chapter 1057: Instakilling the Tai Mountain Giant Part 1

Chu Mu’s Warbeast Mo Ye fought the Eagle King and Icy Death King, while Chao Lengchuan stared with his bloodshot eyes at Li Hong!

Li Hong's eyes showed no fear. His eyes instead carried arrogance and apathy.

He chose Chao Lengchuan as his opponent not because he was worth fighting, but because he didn't like people who he had put onto a death list to stand around in front of him.

"There's no one to save you this time." Li Hong chanted an incantation, summoning a Nine Winged Dragon Snake!

The Nine Winged Dragon Snake was Li Hong's iconic soul pet. After this malevolent and savage creature was summoned, its coiling body wrapped around the icy arch bridge, covering one third of it. A human was probably only the size of one of its scales!

Its nine pairs of wings expanded and instantly, a putrid wind surged towards Chao Lengchuan and his Thousand Wave Beast. Its might was domineering!

Chao Lengchuan stood on Thousand Wave Beast's head. This mighty saint beast was only the size of a snake apricot in front of this enormous dragon snake.

However, in front of this Nine Winged Dragon Snake that had previously wounded it, Thousand Wave Beast displayed more calmness and steadiness than last time!

Chanting an incantation, Chao Lengchuan's body was gradually covered by a holy light.

A special imprint appeared amidst the light, branding itself on Thousand Wave Beast.

Under the illumination of the golden light, a layer of godly armor was added to Thousand Wave Beast. The armor was even equipped with a golden horn. Covering its mighty body, Thousand Wave Beast transformed into Beast King completely covered in golden armor!

After undergoing a huge tragedy, Chao Lengchuan had truly stimulated the Eternity Supreme's strength he had inherited. Even though Thousand Wave Beast was still approaching the dominator rank, with the Eternity Supreme's power, it increased its level by one to two!!

Seeing this, Li Hong creased his brows.

This Chao Lengchuan had unexpectedly obtained a fortune amidst misfortune. With genuine Eternity Supreme power, killing him would take a bit of effort.

"I'm here to take your dog traitor life!" Chao Lengchuan's voice was imposing and cold. The present him had become a true Supreme, Thousand wave Eternity Supreme!

The order been given, Thousand Wave Beast stepped forward, stomping heavily on the icy bridge and launching itself at the scarlet Nine Winged Dragon Snake!!

A golden light flashed on its feet and as it stepped forward, a sudden golden energy exploded on the icy bridge. It caused cracks to spread on the icy bridge, the might of which extending to the stronghold. It caused a group of elemental soul pet trainers from Soul Alliance to fall off the trembling tall wall.

With the addition of the Supreme's power, Thousand Wave Beast had become a genuine dominator. In terms of pure strength, Thousand Wave Beast didn't have to fear the Nine Winged Dragon Snake!!

“Si si si!!!!!!!”

Its scales, having transformed into blades, when the Nine Winged Dragon Snake was knocked flying, it lashed out with its dragon tail. Instantly, the terrifying blades streaked across Thousand Wave Beast!!!

“Keng!!!!!!!”

The scales seemed to have struck incomparably tough metal. It didn’t leave any blood marks on Thousand Wave Beast!

In the last fight on the hill, the Dragon Snake’s scale blades had easily ripped through Thousand Wave Beast’s defenses, exposing its flesh. However, this time, with the golden armor, the Nine Winged Dragon Snake would be hard pressed to truly deal damage!

Chao Lengchuan harrumphed and gave Thousand Wave Beast an order.

Thousand Wave Beast’s golden horn was instantly covered by molecules of energy. As the Nine Winged Dragon Snake pulled back its tail, it fiercely struck the Nine Winged Dragon Snake’s tail!

The Nine Winged Dragon Snake couldn’t dodge in time as the molecular energy struck its tail. The scales were instantly shattered. With no alternative, the Nine Winged Dragon Snake quickly beat its wings and ascended to the sky, preventing Thousand Wave Beast from using any followup technique!

Although this attack didn't deal any serious damage, it meant that Thousand Wave Beast with the Supreme's power, was no longer inferior to Li Hong's Nine Winged Dragon Snake!!

At this moment, a sliver of ruthlessness arose in Li Hong's heart.

This was a person who had been easy to kill. But he had been given the chance to change his fortunes. It seemed that this time he had to eradicate him otherwise there would be no end to trouble!

When Fourth Hero Mo Ling, standing at the edge of the icy bridge saw Chao Lengchuan's surge in power, he was greatly shocked. He was silently rejoicing that he hadn't brazenly chosen to fight the weaker Chao Lengchuan. Otherwise, his death would be very miserable.

Mo Ling's strength had always been near the low class emperor rank. Just as Mu Qingyi had said, he had been afflicted by worldly riches and forgotten how to advance. He didn't know how to push himself, but knew how to scheme and manipulate. He was comfortable with his position and even if he could step out of the emperor rank, he would never be able to truly reach the dominator rank.

The grievance in Mo Ling's heart was very deep. Although the war with the Three Great Palaces had neared victory, he not only had not obtained any benefits, but had even become a hero only in name. The person who had caused all of this was that young man who made him grit his teeth.

Two continuous defeats had tarnished Mo Ling's name. He was no longer viewed as important by the Hero Chief, Empress Concubine, or the Alliance Master. Perhaps, even if he could take down Chu Fangchen this time, he wouldn't be able to change the reality of being cast aside. However, he still was unable to swallow all of this!

The more he thought, the angrier he became. Mo Ling chanted an incantation, summoning the Tai Mountain Giant!

The Tai Mountain Giant was enormous. Standing on the lofty execution stage, it nearly caused the stage to tilt!

This enormous mountain-like giant only had to slightly lift its leg from up high and could deal a destructive blow to this city!

“Chu Fangchen, five minutes has already passed. I want to see how you can save these people. Don’t worry, I will definitely abide by our agreement. It will be every ten minutes. The execution blade will not fall earlier or later. I want you to personally witness 100 heads roll on the ground and blood splatter everywhere!” Mo Ling stood on the shoulder of the Tai Mountain Giant and looked down at Chu Mu, who was as small as an ant, as he loudly laughed!

Mo Ling couldn’t wait to see Chu Mu’s pained look. The best would be to also place him on the execution stage where he could personally deliver the executioner’s blade. He wanted Chu Mu alone to feel the taste of a blade that could decapitate 100 people, then watch his head roll on the ground!!

Thinking about this, Fourth Hero Mo Ling’s spirits soared and he ordered the Tai Mountain Giant to kill Chu Mu!

“Summon your White Nightmare. This time, my Tai Mountain Giant will step on it to pieces!!” Fourth Hero Mo Ling loudly yelled at Chu Mu.

The reason why Fourth Hero Mo Ling was so arrogant was because he had added a soul armor onto the Tai Mountain Giant/

He had gone through myraid of troubles just to obtain this treasured soul armor. With it, his Tai Mountain Giant could avoid suffering from soul attacks. This meant that the White Nightmare's soul devil flames would have difficulty burning its soul!

Without the soul devil flames, what else was there to be afraid of from this White Nightmare?

Stepping on the air, the Tai Mountain Giant appeared in front of Chu Mu in two to three steps. Its pair of enormous eyes looked down on the bug-like Chu Mu.

Under the enormous shadow, Chu Mu stood in place. He didn't even look up. He treated the terrifying giant in front of him like air. It just didn't exist!

When Mo Ling saw that Chu Mu didn't even look at him, his eyes practically spewed flames. He was one of the mighty Four Heroes. Ignoring having lost to him two consecutive times, he was being ignored now. How disgraceful was this?!!

"Die for me!" even Mo Ling's lungs were going to explode as he roared like a savage beast!

The area around the Tai Mountain Giant's fist transformed into large ringed pieces of rocks. As the Tai Mountain Giant roared, the rocks suddenly descended like meteors. They chafed against the air while smashing at Chu Mu!!

It was only when the rock type technique's boundless might smashed down that Chu Mu looked up. His black eyes watched the meteor rocks covering his head, but there was no trace of movement in his eyes. It was as if this powerful technique wasn't even dust in his eyes.

“Little Hidden Dragon, it’s been a pain in my eyes for a long while now.” Chu MU glanced at the Little Hidden Dragon lying on his shoulders and spoke.

This wasn’t the first time the Tai Mountain Giant had shown itself in front of him. Towards this enormous yet laughable creature, Chu Mu had lost his patience.

Chapter 1057: Instakilling the Tai Mountain Giant Part 2

“Wu wu wu~~~~~”

Little Hidden Dragon lifted its small head, and when it saw the countless meteors slam down, its eyes were filled with boredom.

Suddenly, Little Hidden Dragon opened its mouth and took in a deep breath!

“Ao~~~~~”

A dragon aura roared out from its fat and small body!!

The dragon breath spat out in the air, forming a wanton energy pierced the skies.

At the same time, the flying meteors that covered the sky and sun were disintegrated under the breath and the tiny pieces were blown away in the direction of the breath!!

This meteor technique had been blown apart!

A normal breath had dispelled Tai Mountain Giant's anger-gathered attack. It hadn't even touched a piece of Chu Mu's clothing.

On the execution stage, everyone was wide eyed, shocked by this scene.

Could a breath truly be counted as a technique?

The little cyan dragon standing on Chu Mu's shoulder seemed to only be yawning, yet Tai Mountain Giant's technique was blown away!

Tai Mountain Giant was stunned. Mo Ling as also stunned. The master and servant never expected such an insignificant looking creature to be so terrifying!

"Crush it." Chu Mu's voice was like iron as he spoke to Little Hidden Dragon on his shoulders!

Little Hidden Dragon's cute eyes suddenly turned fierce after Chu Mu's orders. It beat its wings and flew in front of Chu Mu.

A cyan light covered Little Hidden Dragon's body. Its body began to expand. In the light, the first thing that expanded was a pair of domineering and imposing dragon wings!

As the light expanded, Little Hidden Dragon's body became mighty and imposing!!

Indigo colored scales were now covering its body, making it look even more formidable and godly. The unparalleled dragon species explosive aura instantly erupted, forming a small cyan spatial windstorm that expanded around Little Hidden Dragon!!

Tai Mountain Dragon was enormous, over five times larger than Little Hidden Dragon. However, in front of this extremely oppressive Empyrean Cyan Hidden Dragon, it couldn't help but retreat a few steps!

“Ao hou hou hou!!!!”

A sky shaking roar erupted from its dragon mouth filled with sharp teeth. Tai Mountain Giant wasn't even able to stand properly under the intimidation!

After Little Hidden Dragon's roar, a strange spectral blue light emerged from its scales. Only Little Hidden Dragon and Chu Mu could see spirits suddenly begin to coil around Little Hidden Dragon!!

The wailing of ten thousand souls! The fiendish aura caused Little Hidden Dragon's dragon species aura to turn even more terrifying!!

Ten Thousand Spectral Strikes!!!

Under the Spectral Dragon's soul order, the ten thousand souls stopped their wanton coiling and condensed on Little Hidden Dragon's claws!

A cyan dragon light and the spectral blue colored ten thousand souls transformed Little Hidden Dragon's claws into a destructive dragon claw!

Abruptly beating its wings, Little Hidden Dragon flew forth, transforming into a spectral blue stream of light. However, when it flew near Tai Mountain Giant, it strangely disappeared as if it had entered another space!

Tai Mountain Giant had just formed its defense, but suddenly couldn't see this terrifying Hidden Dragon. As it was searching for it, ten thousand souls suddenly began to wail in its ears, causing its mental state to enter a disarray!

“Ao hou hou!!!!!!”

When the dragon roar appeared, an image of the Hidden Dragon's body appeared in the icy pillar behind it!

The Spectral Hidden Dragon flew out of another space, and the destructive dragon claw formed by bug, beast, and spectral type energy swept up the ten thousand souls and attacked the back of Tai Mountain Giant!!!

The back of Tai Mountain Giant exploded under the dragon light energy. Countless cracks appeared on its rock crystal body, instantly spreading all over its mountain-like body!

As the cracks gathered, the follow-up dragon energy surged forth, causing its back to explode. The shattering force then spread over its entire body!!

“Beng!!!!!!!!!!”

Shattered pieces flew everywhere. Under this destructive claw, its mountain-like body was blown to pieces!

Even more terrifying, when its body was shattered, the ten thousand souls took flight, transforming into incomparably starved ghouls that madly chased after the shattered pieces of Tai Mountain Giant that flew in all directions before frighteningly devouring them!!

Ten Thousand Soul Devour. Despite its enormous body, Tai Mountain Giant wasn't able to be evenly split among these starved ghouls. From the moment its body was shattered to pieces until it disappeared in the air, it didn't even take a few seconds!!

Pieces of remnant specks could be seen floating through the air. In these few seconds, the people on the execution stage were all dumbstruck!

Cracks, shattering, collapsing, devouring...

A near low class emperor rank Tai Mountain Giant had been crushed to pieces and disappeared under a single technique from that spectral cyan colored Hidden Dragon!!!

Instakill!!

Tai Mountain Giant had been instakilled!!!

"Ah wu wu wu~~~~"

Ghostly voices were seemingly still sobbing in their ears. Including the thousands of soldiers from Soul Alliance on the execution stage, everyone was able to see the remnant specks of Tai Mountain Giant.

They were still in somewhat disbelief over their own eyes, because the instakilled Fourth Hero Mo Ling's Tai Mountain Giant was a near low class dominator rank creature!!!

Nobody could have thought that an invincible dominator rank creature could be instakilled!

Such shock surpassed their imagination. After stepping into the soul pet realm, they never realized that there would be a moment when a dominator rank creature would be unable to withstand a single blow!!

"This dragon... this dragon...." Old Soul Teacher De was thoroughly stunned; he couldn't even get the words out of his mouth!!

Old Soul Teacher De remembered this dragon. During the Tianxia City crisis, when the seven heroes had summoned the Seven Diagram Saint Pets, Chu Mu had forcefully turned the situation around and saved Tianxia City. And the one who had greatly contributed to this was the Hidden Dragon with the spectral attribute!!

This dragon had only been a low class to middle class emperors back then.

In the span of a few years, it had grown so strong that it was able to instakill Fourth Hero Mo Ling's Tai Mountain Giant!!

Inconceivable. This was truly inconceivable. Old Soul Teacher De was unable to find any words to describe the power of this Spectral Hidden Dragon. He could only excitedly repeat his words.

“Could... could this be Chu Fangchen’s other lost soul pet...” Teng Lang’s face was filled with shock, just like Old Soul Teacher De.

The billows in his heart had reached a thousand levels. Teng Lang even felt that it was hard to think properly.

He had known Chu Mu for a long time now, and had only ever seen him single control. He had initially thought this was because his soul had been injured.

However, he gradually came to know that this fellow lost touch with his soul pets and thus could only single control.

Back on the Wanxiang plains, Chu Mu’s main pet, the Warbeast Mo Ye, had returned and fought one versus two, shocking the whole stage. It had left an indelible impression in Teng Lang and everyone else’s heart.

Now, another one of Chu Fangchen’s soul pets had returned, and this soul pet was able to instakill Tai Mountain Giant with a single attack.

In the past, they needed three senior elders and five elders combined to barely be able to stop Tai Mountain Giant. Teng Lang was unable to guess how strong the Spectral Hidden Dragon was. At the very least, it was the strongest creature he had seen!

Teng Lang stared closely at the blood clothed man hovering in the air. The shock he gave him was too much. Each time he was shocked, he couldn't really believe that this was the Chu Fangchen he knew.

“Who... who on earth is this person?” muttered Teng Lang, absentmindedly.

To the side, Old Soul Teacher De glanced at Teng Lang. He knew that Chu Mu's identity would no longer be able to remain hidden after this fight. Thus, he looked with complex and gratified eyes at Chu Mu as he said: “The first time I saw him, he was the same as most other young men - struggling to become stronger. The only difference was that he never stopped his bitter training...”

“A few years ago, Tianxia City's calamity caused everyone in the city to descend into panic. We were hopeless. It was him, however, that allowed us to see a sliver of life and eventually hope through his bravery and unyielding nature.

Teng Lang was slightly absentminded as he looked at Old Soul Teacher De.

Nobody knew where Chu Fangchen came from. He had genuinely swept the world out of nowhere.

But after listening to Old Soul Teacher De's words and hearing him describe the Tianxia City crisis, Teng Lang's calm heart suddenly began to violently beat!!

“He is the king. He's only twenty something years old, yet a king that everyone in Tianxia City incomparably reveres and admires. After awakening from his devil transformation, he became the current Chu Fangchen.”

Tianxia Realm's King!!

The previous Tianxia Realm King was in front of him. He was a traitor who countless people disdained; practically everyone wanted nothing more than to drink his blood and eat his flesh! On the other hand, the current Tianxia Realm King only added value upon his death. Ostensibly, no one in Wanxiang Realm had seen him, but everyone had heard of his achievements!

Only, Teng Lang never expected that the person he had been calling “Brother Chu”, was Tianxia Realm’s king!

“He... he is Chu Mu... the person who transformed into a devil!!” Teng Lang was stunned again.

A person who had transformed into a devil!

Chu Fangchen hadn’t swept the world out of nowhere. Instead, he was the return of Chu Mu, who had saved Tianxia City, after his soul had recovered!

.....

In the dust, akin to the distance he had fallen from Tai Mountain Giant’s shoulder, Mo Ling became even more insignificant in the eyes of dominator ranks after losing Tai Mountain Giant!

After falling onto the glacier, Mo Ling looked like he had lost his soul as he watched the remnants of Tai Mountain Giant’s corpse flutter through the air. As if he had died, hopelessness filled his eyes!

A hero of a generation had been destroyed in one strike. Not only had his soul pet been destroyed, but also his entire pride and ego!

#### Chapter 1058: The Strongest Three Enemies

“Drop the Axe, Drop the Axe!!!!!!”

Suddenly, the desperate Mo Ling roared at the executioner’s platform!!

After seeing his Tai Mountain Giant getting instantly killed, the only thing that could let Mo Ling feel slightly redeemed was if he saw the hundred skulls fall to the ground.

Having his most precious soul pet killed, he would condemn his enemies to watch as a hundred people die!

The executioner’s platform soldiers were all still stock still. Only after Mo Ling yelled it three times did Poison Desolation Nie Yunbing react.

“Drop the axe!” Nie Yunbing yelled to the soldiers.

The ten soldiers shivered as they unleashed the thick chains. There were ten chains. When they reached the ninth chain, the tenth was automatically broken loose by the weight of the axe!

“Pa!!!!!!” The chain snapped and the massive axe became the grim reaper’s scythe as it fell from above!

Afar, Chao Lengchuan went stiff. His mother and sister’s necks were both exposed under the axe. Did he have to watch as their heads were separated from their bodies?

In this moment of inattention, Li Hong's Nine Winged Dragon Snake opened its wings up and created a powerful gust that blew Chao Lengchuan and Thousand Wave Beast aside.

Having been hit, Chao Lengchuan's heart truly sank to the bottom.

“Suosuosuo~~~~~”

The sound of falling chains was sharp and piercing.

With the coldness going straight for his neck, the old hermit defiantly closed his eyes. Able to see End Hero Mo Ling's Tai Mountain Giant getting instantly killed, he didn't die in vain. However, if he could stay around to see Chu Fangchen truly destroy Soul Alliance, he was willing to be consigned to eternal damnation!

Princess Wan Ning knew the axe had already been released. However, she didn't close her eyes; she simply looked slightly tiredly at Chu Mu.

As she watched, suddenly, the man started burning with demonic silver flames. The flying flames caused everyone watching to be shocked!

“Huhuhuhu~~~~~”

The silver flames suddenly extinguished, leaving nothing behind as if his body had disintegrated.

Just as Princess Wan Ning was shocked at what had happened, a coldness that seeped into her soul appeared alongside silver flames next to her!!

In her peripheral vision, she saw a silver figure, mysterious yet familiar!

“Kuang!!!!!!”

The axe that was large enough to cut off a hundred heads fell with a soul crushing certainty. The sound caused everyone’s eyes to close and wait for the slight twinge of pain they would feel from their neck!

Yet, the steel reverberated near their ears for a few more seconds, and they still hadn’t felt any pain.

They slowly opened their eyes and tilted their heads to find that the sharp knife glinting coldly was mere two meters above their heads!

The axe was unmoving. When they looked around for the reason, they were shocked to see a bloody clothed man appear with them at the executioner’s platform. He had a single arm lifted, tightly holding the massive axe back!!!

Princess Wanning was the closest to Chu Mu. Her eyes were full of disbelief as she stared at the tall figure, her heart being unable to calm down!

“Is..... is this still a human??”

Nie Yunbing and all the Soul Alliance soldiers were dumbstruck!

With such a large axe, even a powerful emperor rank would get cut in half ruthlessly. Yet what they saw was one person holding the sharp end of the axe, holding it back with a single hand from a hundred necks!!

“Gezhi!!!!!!”

A vicious urge arose from Chu Mu’s heart as he gazed coldly at end hero Mo Ling!

His hand slowly tightened as the hard axe started cracking.

Suddenly, the guillotine rack was shattered by some energy and the axe was thrown outwards casually by Chu Mu, hurtling away at terrifying speeds!!

The massive axe flew over all the captives and went straight towards Mo Ling!!

“Shua!”

With a crisp sound, Mo Ling couldn’t even dodge as he stared wide eyed as the axe slashed through his body, slashing a huge glacier apart under them!!

A shocking smear of blood fell on the axe. Compared to the massive axe, the blood was only a small speck!

Slashing through Mo Ling's body, the axe didn't stop. It slashed through the glacier and flew straight towards the iron fortress!

“Beng!!!”

The axe slashed into the massive fortress and caused the walls to collapse!!

The Soul Alliance soldiers fighting with Three Palace were scared stiff by the flying axe, staring shocked at the empty guillotine rack!

.....

“Dead, End Hero Mo Ling..... He's dead!!” Poison Desolation Nie Yunbing stared at the man standing on the rack and an utter terror spread through his body!

Grabbing the axe and casually throwing it to cause a dominator rank power to die- was this really still a soul pet trainer??

Poison Desolation Nie Yunbing was already scared stiff from the gaze of the imposing man... The other guarding Soul Alliance soldiers couldn't even stand straight.

Noone was sure who started it, but after a scream, all of the Soul Alliance soldiers started escaping with all their might!

“Little hidden dragon, take care of them.” Chu Mu didn’t even take another glance and said emotionlessly.

Little hidden dragon flapped its wings. It had just gathered the soul of the Tai Mountain Giant to let his ghost dragon fill up. Now that there were so many souls available, even if they were low level, was better than nothing.

The highest remembrance Nie Yunbing was just about to summon soul pet to escape when half transparent Little Ghost Hidden Dragon appeared behind it and opened its mouth to bite Nie Yunbing and his soul pet.

Nie Yunbing and his soul pets’ bodies were completely fine, but Little Hidden Dragon used its dragon teeth to pull its soul out, chew it a few times, and swallowed it amidst a few screams.

Nie Yunbing and his soul pet’s body became stiff and slowly fell down. Even to death, Nie Yunbing didn’t expect to fall to have such a downfall!

Situations where perfectly fine bodies suddenly go stiff constantly happened on the executioner’s platform. In a short while, all the escaping soldiers became perfectly intact corpses and fell over.

.....

Far away, Chao Lengchuan looked at Chu Mu with an expression of utmost gratitude!

He wiped off the blood at his mouth corner and slowly became focused again. Chu Mu already carried through on his side of the promise, so he had to defeat Li Hong no matter what!

.....

“Honghonghong~~~~~”

Suddenly, a huge sound came from iron fortress!

Within the glaciers and flames, Chu Mu looked down to see an extremely beautiful figure fly through the fortress towards him.

Since she appeared, then this iron fortress probably wouldn't last long.

In a moment, the Golden Flame Phoenix flapped its wings and landed upon the platform. Above was the Phoenix was War Goddess Mu Qingyi.

Beside Mu Qingyi was Ye Qingzi. Ye Qingzi glanced at the captives on the platform and said to Chu Mu, “I'll help them unlock their soul remembrances.”

Chu Mu nodded. This was something they should handle.

Chu Mu glanced at the battling iron fortress and asked, “Are they alright?”

Ye Qingzi nodded. “The weakening powder has been seeped into the fortress through rain and air. Six of ten people would have their strengths greatly reduced. Our follow up army is still coming, so breaking through this fortress shouldn’t be much of an issue.”

In reality, Ye Qingzi and Mu Qingyi had entered this city long before Chu Mu.

They had disguised themselves and “surrendered” themselves under some high up identity so they were within inner city.

Ye Qingzi was a soul teacher, so sealing her remembrance was something no one could really do. So, after entering inner city, Mu Qingyi and her had no restrictions upon them. Of course, along with them were another group of experts. Having them inside the enemy forces was perfect.

And allowing a soul teacher that could spread sleeping powder, weakening powder, and even poison into the army had obvious implications.

Chu Mu originally just wanted Ye Qingzi to break the inner city army with her soul arts, but he didn't expect Three Palace to combine such a large force to attack the city. This meant Chu Mu could truly give his current fight his all!

“Chu Mu, I heard news that Underground Sacred Palace already is running out of energy. Soul Alliance Master is trying to forcefully break through the barrier. You should get there as soon as possible.” Mu Qingyi glanced at Wu Kuang and Lian Yan who were already trying to retreat and said, “Leave them to us.”

Chu Mu nodded. Mu Qingyi may have trouble matching Lian Yan and Wu Kuang, but with Ye Qingzi helping them, they shouldn't have much of an issue, not needing Chu Mu to worry.

"Alright, you be careful." Chu Mu said and glanced over at Three Palace.

.....

Chu Mu didn't hesitate, Li Hong, Lian Yan, Wu Kuang, and Mo Ling were still just the lackeys of the real enemy ahead!

Chief Hero Yuan Sui, Alliance Master Chan Ling, and Defector Young Girl Emperor Concubine!

Chu Mu knew these were the three most powerful opponents he has ever faced!

Chapter 1059: Only Want to Kill One Person

Underground Sacred Palace

The Underground Sacred Palace's barriers were completely maintained by the crystals embedded in the wall.

If they were still glowing, it meant they still had energy. If they went dark, it meant the crystals were completely used.

Before entering the Underground Sacred Palace, the crystals were all bright with color. Now, most of them were dark and barely lit, causing everyone in the Underground Sacred Palace to feel worried.

“Beng!!!!!!”

Suddenly, the Underground Sacred Palace shook violently. A sliver of energy came in from outside, and caused the remaining crystals to dim even further.

Nightmare Emperor Jiang furrowed his brows and glanced at the other elders.

The elders were all also showing despair.

It has been almost two months. In those two months, the entire Wanxiang City must have fallen into Soul Alliance’s control. They knew almost nothing about what happened outside.

Yet, they couldn’t do anything. In fact, they knew that even if they stayed in this Underground Sacred Palace, they were just doing last minute struggles.

“There isn’t much time left. Female Supreme, we’ll try our best to occupy the Soul Alliance Master. When the Underground Sacred Palace is broken through, summon Six Dawn Space Masters and leave!” Emperor Jiang said to Liu Binglan.

“How could I!” Liu Binglan immediately refused.

Though the power gathered here of elders was not something to underestimate, it was Alliance Master Ling Chan outside. No matter how hard they worked together, they weren’t possibly matches. To use these lives to get time to escape was something Liu Binglan could never do.

“Your majesty, don’t say more. If you’re alive, Three Palace has a chance of coming back. If you fall into their hands, what else do we have to go against Soul Alliance?” Shen Qiu said strictly.

Losing Wanxiang City, losing their elders, none of this mattered. At least they still had Tianxia realm. If Soul Alliance wanted to take all of Wanxiang realm, they needed at least five years. Gathering all their forces in Tianxia realm through these five years, Soul Alliance would definitely have a tough time taking them over. However, the prerequisite was that Three Palace must have a leader present or else Tianxia Realm would also fall apart.

So, the elders, palace masters, and senior elders all decided that when the barrier broke, they had to protect Female Supreme Liu Binglan’s retreat no matter what.

Liu Binglan had a dominator rank other type soul pet, and could summon Six Dawn Space Masters to protect her. As long as they could preoccupy Alliance Master for a small while, there was a chance she could escape.

Liu Binglan gazed at the members of Three Palace in front of her. She didn’t know when they made this decision, but simply thinking about them likely dying at Alliance Master Ling Chan’s hands, she felt as if her throat was choking up, unable to respond.

These two months of being trapped, Liu Binglan had felt an unbelievable torment. The massive pressure fell on her soldiers, yet she could do nothing about it. In fact, in the end, she even needed these older generation people to sacrifice themselves for her retreat.

“Beng~~~~~

Another vibration came through, causing all their hearts to shake alongside the building!

The crystals became even darker, and people even heard the distinct sound of something cracking.

The barrier finally broke!

After two months of an agonizing wait, they knew clearly that their family most likely were already executed by Soul Alliance. They had nothing left in this world other than the will to keep Three Palaces going!

“Binglan, leave.” Elder Liu lightly patted Liu Binglan’s shoulder and said in a light voice.

“Father, I don’t want to go.....” Liu Binglan looked at the two white haired elders.

These elders were like her own family. Losing them, Liu Binglan truly didn’t know whether she still had the courage to go and reorganise Soul Palace and face Soul Alliance.

“We can choose to die cowardly and sacrifice ourselves, but you can’t.” Elder Liu said.

At this point, death was a release. Only those who live on will have to face even heavier responsibilities. Elder Liu knew that this burden was truly too heavy for this woman who also had feelings, had family.

However, she had no other choice. As a part of Soul Palace, choosing this path meant that everyone’s lives were in her hand. When she was young, she could be selfish, but she no longer could do so- she could not even to decide to die in battle.

.....

“Beng!!!!!!!”

A massive boom nearly shattered Liu Binglan’s heart. The entire Underground Sacred Palace opened with massive cracks, leaking dust through!

Without its barrier, the Underground Sacred Palace was only slightly stronger than normal structures, but there was no way it could withstand a dominator rank organism!

“Its Meteor Dragon, everyone leave the ground!” Nightmare Emperor Jiang roared and summoned his paragon emperor rank white nightmare.

Everyone summoned their soul pets and protected Female Supreme Liu Binglan as they broke through the surface!

The ground rose up in a massive hill that erupted, releasing a large group of top tier and high class emperor ranks towards all directions.

“Want to run? You’re all going to die!” The brown Meteor Dragon was like a palace in size. Alliance Master Ling Chan stood between the cloud dragon’s two horns as a sliver of cruelty flickered through his eyes.

“Aohou!!!!!”

Meteor Dragon lifted its leg and slammed it towards the ground, creating a huge rock tide that spread towards everything in ten kilometers!

“Hong!!!!!!”

All the palaces on the surface were instantly destroyed. All the soul pets, whether middle class, high class, or even top tier emperor rank, all died with this technique, getting disintegrated!!

Countless lives were wiped out. The elders all bit their teeth as they immediately took this time to help Female Supreme Liu Binglan retreat.

Liu Binglan didn't summon the soul pet Star River because she had to blend in with all the other people.

However, Liu Binglan knew that almost all the people escaping in each direction would either get chased by Soul Alliance people, directly destroyed by Alliance Master, or caught by Soul Alliance high level experts. The Underground Sacred palace had been sieged for months. There was no way they could escape.

Seeing familiar faces instantly disintegrate within that instant, Liu Binglan felt her heart tear open. The anger in her heart wanted to turn her around and rip the cruel Meteor Dragon in two, but she could only retreat under the help of the elders around her!

“Liu Binglan, last time, to protect Chu Tianmang and your kid, Three Palace already lost a lot of lives for you. So many years have passed, yet why are they still dying for you? I already said, I just want to kill one person. They originally could have spent their last years peacefully with family, yet

your obstinance and selfishness caused all of them to lose their lives.” Soul Alliance Master Ling Chan said viciously.

Every time he said a word, a Three Palace upper level would die under his Meteor Dragon’s attacks, splattering blood everywhere!!

Ling Chan’s words were like a devil’s whispers around Liu Binglna.

She knew this was Ling Chan’s plot to trick her to appear. However, the anger and sliver of kindness in her heart still caused her to waver.

Maybe sacrificing herself truly could allow the rest of them to enjoy the rest of their lives?

“Binglan, don’t listen to his nonsense. Others may live, but we definitely would die. Once you comply, we truly are doomed!” Elder Liu quickly yelled at Liu Binglan.

Elder Liu knew his daughter. There was always a sliver of kindness in the depths of her heart. Under her cold outer appearance was a pure soul. This caused her to have a certain weakness in front of death so Elder Liu was truly worried Liu Binglan would fall for Ling Chan’s words.

However, Elder Liu quickly calmed down because he saw a slight waver in Liu Binglan’s eyes that was quickly replaced with a coldness and calmness.

Under the pressure of responsibility, she truly matured a lot. Elder Liu sighed. It wasn’t because she was weak or didn’t try hard enough. Three Palace truly was at its ends and no longer have the forces to fight Soul Alliance.

Elder Liu guarded for a brief journey and stopped following. Seeing Liu Binglan's fragile back image, he suddenly seemed to see her again as the infant in a swaddle that he had found. At the time, she was wrapped in a wind breaker laying in the piercing cold snow. When he slowly lifted off the wind breaker, this little female infant blossomed with a sweet and moving smile within the world of ice and snow, and that's where her name came from.....

Now, she was a mother, and was fragile and weak from all the responsibilities they placed upon her. She lost any hint of a smile. As a father, Elder Liu felt unbounded grief and had many things he wanted to say to her, to caution her, but she could no longer say anything.

.....

Screams constantly sounded near her ear. Liu Binglan no longer had the courage to even look backwards. She could only run mindlessly towards a direction. She already forget when she should summon star river and Six Dawn Space Masters to help her escape.

In her lostness, she suddenly saw a man stand before her.

With her heart already torn with tears, her vision was going dark too. She could only see the man's approximate figure and a steadfast face.

Again, she could no longer tell if this was the man wandering through the world to reclaim his dignity, or if it was the man stepping one step at a time towards becoming a true expert, never wavering.

.....

Chu Mu stood silently in front of Liu Binglan.

In his mind, his mother was proud, cold, but Chu Mu currently only saw an extremely lost and helpless woman. The massive mental burden caused her beautiful pupils to completely lose all its spirit.....

Chu Mu walked past his mother without a word. Standing in the bloody battlefield that Liu Binglan didn't dare look back at, he glared at the violently slaughtering Alliance Master Ling Chan!

.....

Now, Chu Mu also only wanted to kill one person!

Chapter 1060

The sky was filled with falling meteors, destroying all of the palaces. This territory of the three great palaces had become a desolation.

Meteor Dragon was so strong that it couldn't be stopped. Each technique that descended left a terrifying rock catastrophe. There were even a few Soul Alliance soldiers caught in the AoE.

However, in Alliance Master Ling Chan's eyes, the lives of these people weren't worth him restraining himself for. The number of Soul Alliance members who had died under his attacks were innumerable.

Indeed, no matter whether it was the Three Great Palaces or Soul Alliance suffering from the Alliance Master's terrifying and merciless attacks, the Alliance Master wasn't the god of humanity. Instead, he was a bloodthirsty and berserk devil. The entire city resounded with his mad laughter.

The laughter rang out from high up. It carried disdain, contempt, amusement and arrogance. Seemingly wherever his laughter reached, that place would be died with blood!

Nobody knew that Alliance Master Ling Chan, revered by countless people, was such a madman. However, the madman persona made people even more scared of him. The fear seeped into their bones!

“Oh? If I don’t remember incorrectly, isn’t this Senior Elder Liu?” on Meteor Dragon, Ling Chan looked down at Senior Elder Liu.

Senior Elder Liu was standing in the same spot, accompanied by his two soul pets. These two soul pets were both peak emperors. However, they were fortunate survivors of the Sealed Mouth Event.

Ling Chan’s memory was very good, especially against people he had faced before. Senior Elder Liu, in front of him, was one of these people. Unfortunately, the people who had faced him before didn’t have a good ending. Originally, Ling Chan had planned on just killing him and all of his soul pets. However, Old Han’s appearance caused him to restrain his vicious behavior. He barely decided to let off a few people. Among them included Senior Elder Liu and at least two soul pets.

“Ling Chan, many things change. Perhaps now nobody can stop you, but maybe in another ten years, you will suffer a complete defeat!” Senior Elder Liu was without fear as he spoke.

Senior Elder Liu was old. Living another few years didn’t have much meaning to him. Stepping into the spirit emperor rank indeed made his life longer than normal people. However, every spirit emperor understood that the ninth rank spirit emperor rank wasn’t something people could cross. If nobody could cross it, they would ultimately grow old and walk towards death.

Alliance Master Ling Chan was also a ninth remembrance spirit emperor, and there would ultimately be a day when he grew old and weak!

“Your words are truly laughable. Do you think that I, Ling Chan, am the same as you low class creatures? Hahaha. You won’t understand. I’ll send you on your way. I’m sure your old friends will welcome you down there!” Ling Chan’s eyes turned sharp!

Meteor Dragon stretched out its claws covered in countless meteors and enveloped the area above Senior Elder Liu’s head!

Senior Elder Liu’s eyes turned imposing. Even if he knew he could not stop even one of Ling Chan’s techniques and even if he died, he would die with spirit!

Looking up, Senior Elder Liu gave his soul pet an order to attack!

However, just as his soul pets took flight, suddenly, a spectral cyan figure rapidly flew past them!

This figure radiated in an incomparably vast energy. Underneath this energy, Senior Elder Liu felt how insignificant his soul pets were in power.

Yet, this figure was silent and didn’t create any spatial fluctuations. The world seemed to enter a weird silence from its flight and immediately after, a complete destruction energy would be released!!

“Long!!!!”

Energy erupted from the dragon horn. Meteor Dragon wasn't able to recognize that there was a creature here could deal it damage. It didn't even use a defensive technique as its chest was shattered by the dragon horn destruction.

Its heavy body flew backwards, flying all the way from the Three Great Palaces to another district in the city. On the ground, it left a stunning gulch!!

Alliance Master's Meteor Dragon was knocked flying!!!

Everyone saw it. But was this unshakable creature really knocked flying??

Soul Alliance's members were dumbstruck and watched confoundedly at the long gulch. They watched as the enormous Meteor Dragon didn't stand up for a long while!

“Ao hou ho!!!!!!!!!!”

Finally, Meteor Dragon was able to stand back up. It opened its wings composed of rock crystals and stared venomously at the cyan colored body as it gave an angry roar!!!

It had been many years since Meteor Dragon had been wounded. Today, no matter who had angered it today, it was going to split it into pieces and then eat it!

Alliance Master Ling Chan staggered back to his feet between Meteor Dragon's horns. One of his eyes were filled with anger and ruthlessness, while the other not moving eye turned abnormally cold and terrifying!

Who was it that dared sneak attack him!!

Sweeping his eyes over, the spectral cyan colored dragon was standing on Three Great Palace's side, in front of Senior Elder Liu. And standing on top of the dragon was a young man who was staring at him.

“Empyrean Cyan Hidden Dragon...” Alliance Master's eyes slowly began to change!

Although it was covered in a spectral blue light, Ling Chan instantly was able to recognize the species!

His eyes then quickly fell on the young man.

Alliance Master Ling Chan had never seen this person before, but he knew that the only person who could mount a sliver of threat against him was the same person that had killed one of his soul pets.

“Hmph, so you are Chu Fangchen!” Alliance Master's pupils were abnormal as he looked at Chu Mu.

Chu Mu shook his head.

Alliance Master Ling Chan creased his brows and asked again: “Then who are you?”

“Chu Tianmang’s son, Chu Mu.” Chu Mu responded in a cold, resounding voice.

Alliance Master Ling Chan was briefly stunned, before letting out a wanton laughter!!

“So it was like this! This is truly interesting. Truly interesting.” Alliance Master Ling Chan restrained his violent attitude. Instead, he now was somewhat rumatory as he looked at Chu Mu.

He was certain that the person in front of him was Chu Fangchen. But he didn’t realize Chu Fagnchen was Chu Tianmang and Liu Binglan’s son!

“Don’t you know that after your father angered me, he became a cripple? Twenty years later, you’re about to walk the same path as your father! This is very good. I enjoy helping others.” said Ling Chan.

“Cripple? In a few years, a single one of his soul pets will be able to annihilate all of yours.” indifferently said Chu Mu.

Chu Mu didn’t blindly worship his father. Rather, Chu Tianmang was indeed the most knowledgeable person towards soul pets that he knew. It took a long time after Chu Mu stepped onto the soul pet path before he finally understood the true meaning of his words.

While Chu Mu was persevering on the soul pet path, Chu Tianmang was beginning to walk a new path. Chu Mu was confident that he, having already experienced countless hardships, tempering and bumps on the road, had already reached an extremely high point and could definitely surpass the Alliance Master!

Chu Mu knew the person in front of him was his father's enemy. The hatred in his heart had already seeped into his marrows. His sole goal as he travelled around was to personally kill this person!

However, his father wasn't present, so Chu Mu could only deliver this blow for him!!

"You're going to follow your father's path!" sneered Alliance Master Ling Chan. He gave his angry Meteor Dragon an order to attack!

Meteor Dragon's strength laid in its absolute strength and defense. Even Hidden Dragon species were a level lower. The attack from Little Hidden Dragon just now had given a medium amount of damage, but this level wasn't enough to affect Meteor Dragon's true fighting strength!

Flying meteors appeared and instantly, a turbid windstorm emerged around Meteor Dragon. The windstorm wasn't filled with sand but rather large pieces of rock!!

Meteor windstorm seemed to be entwining all the way to the clouds, but the bottom of the windstorm was gripped by Meteor Dragon as it smashed the windstorm down!!

Such savagery and brutality. Meteor Dragon's strength was probably above the Empyrean Cyan Hidden Dragon.

Chu Mu didn't try and face it head on. Instead, he had Little Hidden Dragon use a spectral technique to dodge into the illusory world!

Dominator rank strength was capable of easily shaking up space and could even pass through to a different space. Thus, Little Hidden Dragon's spectral hiding was unable to completely dodge the

rock type technique. The rock energy that passed through space struck Little Hidden Dragon's armor and left numerous tiny wounds on its scales.

"This Meteor Dragon is even stronger than Thunder Monarch!" Chu Mu creased his brows.

From direct attacks, Chu Mu was able to clearly judge the opponent. This meant that even if Meteor Dragon hadn't reached the low class dominator rank, it probably wasn't far off!

"Ao!!!!!!!"

Little Hidden Dragon now enjoyed fighting strong opponents. With Chu Mu commanding the fight, it didn't need to worry about lacking fighting experience.

As the might of the technique was slightly weakened, Little Hidden Dragon was able to peculiarly move to the side and float in another direction before opening its dragon mouth!

A dragon light was condensed in its mouth while the restless souls in its body began to fly around it!

"Hou!!!"

Little dragon spat out a light and the ten thousand souls tailed behind!

Others were unable to see the souls. The only thing they could see was a dense fiendish aura behind the dragon light!

Meteor Dragon retracted its wings and pushed them forwards. The two rock wings came together in front of it, forming an enormous rock dragon shield!

“Hong~~~~~”

The dragon light struck Meteor Dragon’s wings, causing Meteor Dragon to violently tremble.

However, immediately after, the ten thousand souls passed through the cracks in Meteor Dragon’s shield. Like a torrential wave, they slammed, wave after wave, into Meteor Dragon’s wounded chest!!

Meteor Dragon originally thought that it would be alright after blocking the dragon light. It never expected that the following fiendish aura’s might would be even more terrifying than the dragon light. The sudden impact caused it to slide back and nearly fall onto a pile of ruins.

This was the second time the Alliance Master’s Meteor Dragon had been injured. This was all seen by the numerous Three Great Palaces’ members fleeing under Liu Binglan’s protection!

To them, the Alliance Master was a death god who was playing with and harvesting their lives. Resisting was of no use because the enemy was too strong!

However, nobody expected a young man to be able to fight alone against this death god!!
