

Soul Pets Bk2 1061

Chapter 1061: Blood Hourglass

“Tch, your strength isn’t ordinary!” Alliance Master Ling Chan cracked a smile.

After Meteor Dragon finished swaying, its two feet suddenly stomped on the ground. It became as steady as a boulder and its ruthless and fierce eyes stared at Little Hidden Dragon also of the dragon species.

“I can slowly play with you.” Alliance Master Ling Chan didn’t care about the two wounds Chu Mu dealt. Instead, his eyes were filled with violence and a slight amount of bloodthirst!

Alliance Master Ling Chan enjoyed the taste of blood. Indeed, his own soul pet, the Ghost Eyed Blood Devil Buddhist, had developed a terrifying enjoyment of drying its opponent of blood because of Ling Chan’s addiction.

It was rare that the son of a person he had crippled had obtained such strength in a mere span of 20 years. It had been a long time since he had enjoyed tormenting and agnering an opponent. Thus, he grew interested in this fight.

Of course, making the enemy bleed wasn’t enough to quell the anger in his heart since this brat had killed one of his soul pets.

The Fighting Heaven Horned Beast King was his only soul pet with an ancient beast soul. Its potential was limitless. Yet, it had been killed by this brat. Thus, he would have to properly ‘entertain’ this brat!

Chanting an incantation, a bloody pattern gradually appeared around Alliance Master Ling Chan!

A withered claw stretched out of the patten before crawling out of the summoning pattern.

This object was like a demon crawling out from the nine underworlds. Its ashen face was filled with sharp teeth and its entire body was filled with ulcers that were bleeding blood!

Ghost Eyed Blood Devil Buddhist!!

This monster that had a bloodthirsty fate!!!

When the senior elders and elders from the Three Great Palaces saw this monster appear, their scalps went numb.

An innumerable number of their soul pets had lost their lives at the hands of this bleeding monster. Often, they wouldn't even realize they had been targeted by this soul pet before their body began to crazily bleed. It was only when they noticed their life force had grown weak and withered that they abruptly realized that the Blood Devil Buddhist was hiding next to them!!

This was an executioner hiding in the darkness and licking the blood!!

“Although I enjoy fighting properly against others, where else is there another opponent worth me using my entire strength?” Alliance Master Ling Chan stood on Meteor Dragon's horn and spoke while extending his right hand.

Suddenly, the monster climbing out of the nine underworlds swept its claws. The sharp black claw unexpectedly slashed across Alliance Master Ling Chan's wrist!!

“Shua!!!” a deep wound was instantly cut across Alliance Master Ling Chan’s wrist all the way to his artery.

Fresh red blood spilled from his wrist and dripped onto Meteor Dragon’s head!

The members of the Three Great Palaces slowly gathering together were stunned. They didn’t know what the Alliance Master was doing.

Soul Alliance members encircling them were even more shocked .They didn’t understand why he would have his soul pet cut his wrist!

The blood was still flowing, but Alliance Masterling Chan had plastered on his face an artificial and terrifying smile.

He seemed to not care at all as he put his hand down and let the blood rapidly flow. He stared at Chu Mu and said: “In the past, I enjoyed using an hourglass to measure time. But gradually, I felt that letting blood flow wasn’t a bad method. Tch, enjoy the bloody feast I’m about to send you. Of course, if you are able to last until my blood runs dry, then it will be your victory. Hahaha!!!”

Even the deranged laughter was filled with bloodthirstiness. Chu Mu creased his brows and stared at Alliance Master Ling Chan.

This Alliance Master Ling Chan was even more messed up in the head than he thought. He was even using his blood as a timer. This essentially was a self-mutilating lunatic!

However, Chu Mu had clearly underestimated Alliance Master Ling Chan's insanity.

The Ghost Eyed Blood Devil Buddhist suddenly transformed into a fog of dense blood. This bloody fog instantly enveloped all of Three Great Palaces and Soul Alliance members!

As everyone was confused, fresh blood began to drip from everyone's bodies!!

Blood began to rapidly splurt and mix with the torrential downpour of rain. In a few seconds, the entire battlefield of ruins had transformed into a bloody lake. The smell of blood assailed everyone's noses, making it difficult to even breathe!!

"Senior Alliance Master, you..." the Dragon Absolute's face was full of fright as he looked at Alliance Master Ling Chan.

The Dragon Absolute had also been enveloped by the bloody fog, which was eerily corroding his skin. The moment cracks appeared on his skin, blood would rapidly spill out without stop!!

Aside from the Dragon Absolute, most of the other Investigator experts and the high ranking army of ten thousand had been enveloped by the bloody fog. Their blood was also continuously spilling out!

The 100 high ranking members or so of the Three Great Palaces encircled by Soul Alliance also weren't able to escape. The bloody fog corroded their bodies, causing blood to spill out!!

Presently, both sides were bleeding!

Such a psychotic method was terrifying. Watching the blood fill the ground, Soul Alliance's members descended into a state of panic.

This Alliance Master wasn't differentiating between enemy and ally!

"Tch, don't be afraid. Before you are bled dry, they will have all died by then. Aren't I also accompanying your guys' bleeding? Could it be you feel like your own blood is more precious than mine?" Alliance Master Ling Chan laughed as he looked at his subordinates.

"I... I don't dare..." the Dragon Absolute's hairs were standing on end. On the surface, he was deferential, but in his heart, he was madly cursing. The Alliance Master's heart was so twisted!

Indeed, there were over ten thousand people from Soul Alliance here, including the high ranking army!

The bloody fog was continuously spreading. Him using his own blood was already a crazy action. Yet, he even implicated over ten thousand Soul Alliance members in the bleeding. If the fight was carelessly dragged on, wouldn't they all die from bleeding dry?

Indeed, everyone knew that the Alliance Master was a godly existence. There was nobody who could fight against him. Yet, these actions that ignored the lives of others genuinely made others tremble in fear!!

"Chu Mu, look at how benevolent I am being to you. My life added on to all those other people are fairly traded for your somewhat old and weakened soldiers. If you defeat me... oh, no, I mean if you manage to not die for a long enough time, you will obtain a total victory." Alliance Master Ling Chan stared at Chu Mu.

Although the Alliance Master's method seemed stupid and arrogant, Chu Mu was certain this fellow wouldn't do such a logicless thing for no reason.

"Chu Mu, he is increasing the strength of his Ghost Eyed Blood Devil Buddhist!' at this moment, Liu Binglan's voice rang out in Chu Mu's ear.

Chu Mu turned around and glanced at Liu Binglan whose mental state had recovered.

From her eyes, Chu Mu could see that she was planning on fighting together with him.

Liu Binglan's words naturally made Chu Mu notice this. Indeed, although Chu Mu discovered that fresh blood was flowing all over the ground, the essence of the blood was surging up to the Ghost Eyed Blood Devil Buddhist!

Chu Mu remembered Old Li saying before that the Alliance Master's soul pest were all probably under the low class dominator rank, but they could use special abilities to strengthen themselves to a higher realm.

It seemed that bleeding was the method the Alliance Master could use to increase the strength of his Ghost Eyed Blood Devil Buddhist!

"Hu hu hu hu~~~~~"

As Chu Mu's attention was completely fixated on the Ghost Eyed Blood Devil Buddhist, a violent wind suddenly assailed the area. It swept through the ruins and turbidly covered the sky!

The strange streams of air picked up as a wind beast which majestic body was covered in feathers descended from the sky. It landed heavily next to Alliance Master Ling Chan and Meteor Dragon!

The wind beast was about the same size as Meteor Dragon. Its aura wasn't any inferior either. After it appeared, the streams of air around it turned abnormal. It seemed as if invisible danger was lurking in every corner, yet it couldn't be found anywhere!

"Unifying Wind Unicorn!!" Liu Binglan sucked in a breath of air and her expression instantly changed.

The Unifying Wind Unicorn was the trademark soul pet of Hero Chief Yuan Sui. It was also the strongest wind type creature of humanity!!

When Three Great Palaces and Soul Alliance had fought in Wanxiang City back then, although Hero Chief Yuan Sui's Unifying Wind Unicorn had only used a single technique, nobody would forget this terrifying unifying wind king!

This was true destructive wind which would leave no survivors wherever it passed. The appearance of Hero Chief Yuan Sui undoubtedly added a layer of frost onto the Three Great Palaces!

"Hahaha, Yuna Sui, you've come at the perfect time. You definitely cannot miss this game." Alliance Master Ling Chao glanced at the adjacent Yuan Sui and laughed.

Yuan Sui had come here because he had felt the blood flowing everywhere. This perpetually low-key Soul Alliance Chief's eyes were staring indifferently at the Soul Alliance members bleeding.

Yuan Sui knew that Alliance Master Ling Chan was using these people's lives to raise the strength of his soul pet. However, Alliance Master probably could have also summoned other soul pets to deal with Chu Fangchen. Using a method of having both sides bleed was too cruel. Although Chu Fangchen would ultimately die first, it would definitely leave an enormous psychological shadow in the hearts of all of Soul Alliance's members. This would make managing and governing a bit troublesome in the future.

However, even if Yuan Sui knew that the Alliance Master treated the lives of these people like weeds, he didn't dare say anything. He only calmly asked: "Is there anything this subordinate can do for you?"

"What do you think?" Alliance Master Ling Chan stretched out his own wrist.

Yuan Sui glanced at Alliance Master Ling Chan's bloody wrist and instantly didn't say anything more.

He had always heard how bloodthirsty the Alliance Master was; yet, he didn't imagine he would be bloodthirsty to this extent. He even used his own blood!

"If you have any consideration, then help me get rid of Liu Binglan. I can't just have you come here for nothing." faintly laughed Alliance Master Ling Chan.

Hero Chief Yuan Sui glanced at Liu Binglan and slowly nodded his head. He rode on the Unifying Wind Unicorn and flew towards the area in the sky where Liu Binglan was.

Chapter 1062: The King of Blood Pool, Blood Devil Buddhist

“Chu Mu...” Liu Binglan saw that Chief Hero Yuan Sui had already gone into the skies to cast a wind type technique and looked worriedly at Chu Mu.

Chu Mu nodded towards her, “Don’t worry, I’ll be fine.”

Liu Binglan knew that Chu Mu was still holding the trump card of half devil. Looking up at the Unifying Wind Unicorn that was stirring up the ruins, they opened their mouths and said, “Let me deal with him.”

After speaking, Liu Binglan started an incantation!

Starlight fell, breaking through the windscreen and creating a glimmering starlight veil before her.

The glimmering light screen slowly revealed a bright and spirited organism that lightly floated a meter above ground.

Liu Binglan jumped onto soul pet Star River’s body and became a meteor that dashed through the gale territory.

Chu Mu didn’t know chief hero Yuan Sui’s power well. However, Liu Binglan had the power of Supremes, and could summon another soul pet to help her. Even if she couldn’t defeat Chief Hero Yuan Sui, she shouldn’t fall into a disadvantage.

Then, Chu Mu would have to face this heartless alliance master Ling Chan herself!

“Zhan Ye, you deal with the Ghost Eyed Blood Devil Buddhist .” Chu Mu glanced at the slightly late Zhan Ye and said.

Zhan Ye’s black armor was stained with blood. It looks like in its process here, to not let its strength fall back, Zhan Ye did some fighting in the soul alliance army.

The black and mighty figure slowly walked in front of Chu Mu, its intent pupils gazing at the monster frenziedly sucking blood.

The Ghost Eyed Blood Devil Buddhist could absorb blood to gain strength, Zhan Ye could also constantly grow in strength!

“Houhouhou!!!!!!”

Zhan Ye stepped on the bloody ground. Suddenly, the blood water sprayed aside as Zhan Ye became a black beam that sped towards the Ghost Eyed Blood Devil Buddhist enjoying blood!

Ghost Eyed Blood Devil Buddhist’s claws made a grabbing motion. The blood on the ground all started flowing strangely. As Zhan Ye dashed towards them, the blood formed multiple terrifying blood spears that flew towards Zhan Ye’s stomach!

Over ten thousand peoples’ blood and rain mixed together, causing it to become a sea of blood. The Ghost Eyed Blood Devil Buddhist was a ghost type organism that could control blood. This sea of blood was its perfect weapon!!

Bloody spears constantly flew out of the water. From the original spikes to a dense coverage, it didn’t leave any room for Zhan Ye to dodge.

Facing such a technique, Zhan Ye could only run forward like normal; dodging was meaningless!!

The blood spear was far sharper than a blade. Almost every spear could break through Zhan Ye's defense, but what was scary wasn't its piercing effect. Instead, it was its ability to take some blood every time it flew through!!!

This was a failsafe way of taking away life force. After such a dense coverage of spears, even real dominator rank organisms could probably become an empty corpse!

Zhan Ye's blood and life disappeared very swiftly. Luckily, its life force was much larger than a normal soul pet, so even taking the entire technique's brunt wouldn't immediately drain it!

Passing through the blood spear obstacle, Zhan Ye already appeared in front of the Ghost Eyed Blood Devil Buddhist!

The black figure suddenly sped up. The running Zhan Ye became two that flew by the left and right side of Ghost Eyed Blood Devil Buddhist, ripping out an arc that closed off all the space behind Ghost Eyed Blood Devil Buddhist!

The black path suddenly glinted and became two black and cold scythes!

The two cold knives scissored towards the Ghost Eyed Blood Devil Buddhist. It lifted its two palms upwards, causing the blood to rise and became two blood shields. Right before the blades hit them, it blocked the way to Ghost Eyed Blood Devil Buddhist.

Zhan Ye's attack only barely left a mark upon the bloody shield. The Ghost Eyed Blood Devil Buddhist quickly flashed with an expression of distaste and mockery.

Before Zhan Ye's strength got stronger, its attack wouldn't do much to the Ghost Eyed Blood Devil Buddhist. Even the Ghost Eyed Blood Devil Buddhist felt that using two blood shields to block the attack was slightly overdoing it.

Its long blood tongue licked the corner of its mouth. Flipping its skeleton-like claws, the two blood shields became two large blood blades!

One hand with each, the Ghost Eyed Blood Devil Buddhist leaped upwards and lifted both blades over its head!

“Ku~~~~~”

The Ghost Eyed Blood Devil Buddhist let out a deep breath. Immediately, the blood ocean lifted with a roaring blood tide!

“Hua!!! Hua!”

Two blood blades fell down, the massive blood tides fell down alongside this attack!!!

The shocking technique caused the ten thousand bleeding people to gawk at. Under such an attack, even tens of thousands of organisms bundled together would instantly die!!

“Zhan Ye, broken limb rebirth!”

Chu Mu suddenly gave Zhan Ye a command!

With Chu Mu’s judgment of this technique, Zhan Ye’s life force was already weakened once by the blood spears, and was it likely to get instantly killed by this ghost wave blood knife technique!!

Zhan Ye didn’t dare to hesitate at all. Before the blood knife even fell, it casted broken limb rebirth to quickly regenerate its life force!

As its wounds were healing, its blood was also being replenished. Yet, the two ghost tide blood knives fell on two sides of Zhan Ye’s skull, cutting it from shoulder to chest!!

Zhan Ye was nearly slashed into three parts by this attack. Thankfully, the blood blade’s energy slowly disappeared after slashing into Zhan Ye’s sturdy ribs. The following tide only sent Zhan Ye flying away with its shoulder and ribs exposed!

This attack was grisly. Seeing Zhan Ye’s wounds, almost everyone thought that Zhan Ye would become a bloody corpse!!

If not for Chu Mu making the correct judgment in time, Zhan Ye may truly have been instantly killed. After all, the Ghost Eyed Blood Devil Buddhist’s rank was very high. Adding on the blood covering the ground, any technique was very terrifying!

“Houhouhou!!!!!”

In the ruins submerged in blood, Zhan Ye let out an angry roar, stabilizing its body within the fierce tides!

Its ribs and shoulder bones were quickly healing, covered over by muscle fibers and skin that was growing at visible rates. Slowly, the black armor completely covered over Zhan Ye's body again.

Seeing Zhan Ye recover, Alliance Master Chan Ling's expression slightly shifted.

The Ghost Eyed Blood Devil Buddhist with a blood pool was definitely low class emperor rank. Yet, this Mo Ye clearly hadn't even reached dominator rank. The blood spear before should have been enough to kill it instantly, yet he didn't expect this thing to be completely unharmed after two attacks!

"Looks like it was this broken limb rebirth thing that killed my beloved soul pet?" Alliance Master Ling Chan said to himself.

One could already tell that this was an organism that was hard to handle.

"En, not enough blood yet, not enough." Alliance master Ling Chan glanced at the other soul alliance members in the blood and gave Ghost Eyed Blood Devil Buddhist a command!

The Ghost Eyed Blood Devil Buddhist's two pupils glinted and immediately, the blood fog became thick!!

The direct result of the blood becoming thicker was everyone started losing blood faster!

Alliance Master Ling Chan's move made everyone's expressions change!

Many of these ten thousand people saw Chu Mu's battle against son of heaven Wu Kuang. In their eyes, this Mo Ye was an unkillable being. The terrifying five broken limb rebirths nearly caused Wu Kuang to go insane.

One could say that when Chu Mu told Zhan Ye to deal with the Ghost Eyed Blood Devil Buddhist, everyone in soul alliance lost their minds.

And now that Alliance Master Ling Chan wanted their blood to flow faster, it was like taking their lives. They were all losing their blood, yet they didn't have five broken limb rebirths!

"Dragon..... Dragon Absolute, let's..... let's leave here. At this rate, we're all going to die!" An expert said shakily to him.

Dragon Absolute had cursed out Ling Chan in his mind over and over again, but when even Hero Chief Yuan Sui could only remain silent, how could a small "leader of sixteen absolutes" say anything.

As for leaving there, Dragon Absolute didn't even dare to think about it. If they left, the perverted Alliance Master Ling Chan definitely wouldn't mind killing them and bleeding them out completely at once!!

"Alliance master's Ghost Eyed Blood Devil Buddhist should be able to kill it." Dragon absolute could only comfort himself with this now.

In reality, from the looks of it, Ghost Eyed Blood Devil Buddhist indeed had the power. Its destructive power was three or four times stronger than the Icy Death King and Fighting Heaven Horned Beast King!

“Shua!!!!!!!!!!”

This time, the blood blades became scythes that swiped across, again giving Zhan Ye a heavy blow!

“Hua~~~~~”

Zhan Ye fell into the bloody ocean, sliding backwards and lifting up a large slash of blood, before ending up in front of Chu Mu.

Zhan Ye was, in reality, almost dominator rank. However, against the Zhan Ye with six times life power, the Ghost Eyed Blood Devil Buddhist was very clearly more powerful. Zhan Ye was falling in two mere techniques. With a small misstep, it may even die without getting the chance to cast broken limb rebirth!

“Ao~~~~”

In the sky, Little Hidden Dragon fighting Meteor Dragon glanced at Zhan Ye and wanted to come down to help.

However, Chu Mu didn't let Little Hidden Dragon join. After all, Ling Chan's Meteor Dragon wasn't that easy to deal with either. If Little Hidden Dragon split its attention, its initial advantage could easily be lost.

Chu Mu looked at Zhan Ye stand up shakily from the blood water, and slowly his expression turned grave.

Having the blood ocean, Ghost Eyed Blood Devil Buddhist's strength was definitely at low class dominator rank. Its attacks were way too terrifying. Zhan Ye couldn't block them many times. Even if Zhan Ye wasn't instantly killed, at this rate, Zhan Ye would have used all six broken limb rebirths and still not be its match.

"Do I have to summon dead dream now?" A sliver of hesitation appeared in Chu Mu's heart.

Chapter 1063: Monument Tear, Ancient Power Awakening

Ghost Eyed Blood Devil Buddhist was already at low class dominator rank. Indeed, only Dead Dream could handle it.

However, if this card were played now, Chu Mu truly wouldn't know what to do next to deal with Alliance Master Ling Chan's following soul pets. After all, he had only summoned two soul pets so far!

Chu Mu quickly thought through his head. He had to figure out a way to deal with the Ghost Eyed Blood Devil Buddhist somehow.

"Yes, don't I still have the monument tear?" Seeing Zhan Ye's steady gaze, Chu Mu suddenly remembered this very important mysterious item!!!

Zhan Ye's tear crystal hadn't been used by Chu Mu yet. Although he had no idea what the monument tear would do, Chu Mu could only put his hope in it, or else the battle following will be very difficult!!

“Zhan Ye, come to me.” Chu Mu said to Zhan Ye.

Zhan Ye paused but still ran over the blood water to Chu Mu.

Chu Mu lifted his hand, and set up an illusion to slightly confuse the Ghost Eyed Blood Devil Buddhist while he had time to melt the tear crystal.

“Hou~~~” Zhan Ye ran to Chu Mu, its eyes revealing its determination.

Chu Mu knew it was trying to tell him he could win for sure!

Chu Mu also believed Zhan Ye could do it. However, Chu Mu couldn’t let Zhan Ye risk its life like that. He pulled out the tear crystal in his spatial ring.

This teardrop was made with Zhan Ye’s proud and unyielding soul. Chu Mu held it in his palm, and pressed it against Zhan Ye’s cold forehead.

At first Zhan Ye was confused, but when the tear crystal started melting and memories flowed into its head, its expression slowly shifted!

The tear melted very quickly. Chu Mu’s palm went from warm, to wet, to cold.

This process was very short, but their souls seemed to have re-experienced all the memories within!

After all their memories went through their minds, Chu Mu was surprised to find a special energy rolling within his soul, causing his soul to slowly elevate!!

“This.....this is....” Chu Mu was stunned.

After the tear crystal melted, streams of warmth flowed through his entire body, causing Chu Mu’s soul to raise!

Promotion. What caused Chu Mu to be in disbelief was that his soul ranked up, reaching ninth remembrance spirit emperor territory!!

The tear crystals’ energy was unpredictable. When Mo Xie used it, she became an atoned sin fox. This time, the crystal’s powers seemed to be used on him, causing him to become ninth remembrance spirit emperor!!

“Ku!!!!”

Just then, a shriek broke through Chu Mu’s joy.

The situation wasn’t worthy of joy yet. Chu Mu quickly retracted that thought and cast other pupil to gaze at the Ghost Eyed Blood Devil Buddhist that broke through the illusion layer he set up!

“Houhou!!!!”

Zhan Ye roared. Following Chu Mu's command, it leaped into the air, barely missing the blood scythe as it leaped towards the Ghost Eyed Blood Devil Buddhist's head!

Death God's Dawn Blade

Two dark flashes criss-crossed, leaving two wounds on the vicious face of the Blood Devil Buddhist!

Blood immediately poured out of the Ghost Eyed Blood Devil Buddhist. However, the low class dominator rank monster wasn't afraid of Zhan Ye's scratches at all.

After Zhan Ye attacked, it suddenly turned around and opened its mouth wide, spewing a beam of blood towards Zhan Ye!

The blood light blasted Zhan Ye, nearly breaking through Zhan Ye's stomach.

Blood splattered out. The already heavily wounded Zhan Ye fell to the ground after this hit, unable to get up in the moment!

Chu Mu's heart tightened. Zhan Ye's power didn't increase at all. Did the tear crystals' effects go all to to him?

"Hahaha, die!!!" Alliance Master Ling Chan saw the opportunity, and quickly gave a command to Ghost Eyed Blood Devil Buddhist for a followup attack while laughing!

The Ghost Eyed Blood Devil Buddhist lifted a large claw, creating a massive blood claw above Zhan ye!

Seeing the monster start a followup attack, Chu Mu's heart shook even more. Zhan Ye couldn't possibly finish Broken Limb Rebirth in this situation!

“Aohou!!!!!!”

Just before the blood claw fell, from within the water came a dragon's roar. A ghostly blue dragon shadow darted out bizarrely, slamming its soul-wreathed horn into the Ghost Eyed Blood Devil Buddhist's back!!

“Beng!!!!!!”

Not expecting the attack at all, Little Hidden Dragon's most powerful weapon and technique slammed into the Ghost Eyed Blood Devil Buddhist's back. The Ghost Eyed Blood Devil Buddhist was sent flying and suffered great damage to its soul due to the biting of ten thousand ghouls!

Ghost Eyed Blood Devil Buddhist flew out very far, falling into the deep blood pool!

“Damned Ghost Dragon!!” Alliance Master Ling Chan yelled out, revealing a venomous fury in his eyes!

The ghost dragon could pass freely through all mirrored surfaces, so the blood sea gave it perfect mobility. With a small mishap from the meteor dragon, Little Hidden Dragon escaped combat!

Ghost Eyed Blood Devil Buddhist didn't mind getting attacked. What Ling Chan was furious about was missing the opportunity to kill the Mo Ye with broken limb rebirth. Losing this opportunity meant the Mo Ye definitely completed Broken Limb Rebirth again!

Indeed, in the blood water, Zhan Ye full of wounds stood up with the help of Little Hidden Dragon and its wounds healed, again ready to fight!

Seeing Zhan Ye again fully recovered, Ling Chan at most got a little more angry and annoyed. After all, it was a fellow that was going to die even if it has five broken limb rebirths.

Yet, after the Soul Alliance members saw Zhan Ye recover, their faces turned steely!

Time was life. If they continue wasting time, their blood will run dry!!

Now, the people who were constantly losing blood could already feel mentally weak, and physically dizzy. These were all signs of losing too much blood!

Most painfully, no matter what medicine they used, as long as they were deep in the blood pond, they wouldn't stop bleeding!

The Soul Alliance people were all sullen while Three Palace people were joyous. They never expected to live on, so using their lives to trade off ten thousand Soul Alliance members was unbelievably worth!

“Hou!!!!!!”

A powerful roar came out. Recovering its power, Zhan Ye showed a clear increase in strength, having an even more imposing roar!

Its dark armor covered over Zhan Ye's body. The ancient beast marks slowly became clearer and went along Zhan Ye's body as it became an ancient symbol!

The picture would flash at almost every joint of Zhan Ye, disappearing after a single flash. And through this process, Zhan Ye's power, which was increased by brave stinging heart to pseudo dominator rank, got even stronger!

This meant that Zhan Ye's broken limb rebirth virtually rose its power by half a rank. This improvement was huge. After all, Zhan Ye still had four broken limb rebirths!!

“This.....” Seeing Zhan Ye grow stronger, Chu Mu himself was dumbfounded.

He remembered that back in great broken sting valley, Chu Mu also met an organism with broken limb rebirth. In fact, it had another special technique aside of broken limb rebirth.

It was a technique that could greatly improve one's strength after healing from a heavy wound, a technique called “Ancient Power Awakening”!

After healing up heavy wounds, the rejuvenation of muscles and cells would increase the soul pet's power, speed, defense, and life force. To most soul pets, this was useless, because there wasn't that much time in combat to heal.

However, to soul pets with broken limb rebirth, it was a godly technique, especially for soul pets like Zhan Ye with outstanding life force talent!!

And clearly, Zhan Ye's greatly increased power after broken limb rebirth was because of Ancient Power Awakening!!!

Zhan Ye used a broken limb rebirth in its fight against Icy Death King and Steel Eagle King. After Ye Qingzi came, she gave it a life force technique that allowed Zhan Ye to cast another broken limb rebirth!

This meant that Zhan Ye now had four broken limb rebirths left still, along with four ancient power awakenings!

Other than ancient power awakening, Zhan Ye's brave stinging heart would continuously increase its strength still. Such a combination was terrifying!!

At this moment, CHu Mu's heart palpitated heavily!!

.....

The effects of monument tear was two ways. Chu Mu gained a lift in his soul while Zhan Ye gained ancient power awakening!!

In reality, when Old LI was training Zhan Ye, he was trying his absolute hardest to give Zhan Ye ancient power awakening. However, after going through endless locations, Old Li could never find the last item, an item even Old Li wasn't sure of.....

When Chu Mu used monument tear, it was the last push to the solid foundation that Old Li had built for Zhan Ye, causing it to learn Ancient Power Awakening amidst the washing of the soul!

Looking at the much stronger Zhan ye, Chu Mu's confidence was also boosted as his eyes started to glow again.

It seemed like the arrogant Alliance Master and the Soul Alliance members were about to run out of blood, yet Ghost Eyed Blood Devil Buddhist would now find it nearly impossible to instantly kill the now dominator rank Zhan Ye!

This battle would definitely get prolonged indefinitely. Especially after Zhan Ye's last broken limb rebirth. Its life force was six times that of a normal organism. Even if it stood there for the Ghost Eyed Blood Devil Buddhist to attack, it would need a while to kill Zhan Ye!

One could imagine that, the arrogant Ling Chan that used his own blood as a timer would definitely start twitching from anger and loss of blood after seeing just how many times Zhan Ye could use broken limb rebirth!!!

Chapter 1064: Zhan Ye That Drives Enemies Mad (1)

Blood flowed like a spring. Although the physical constitution of soul pet trainers was different than normal people having their arteries flow wasn't easy to bear.

Ling Chan looked at Zhan Ye, whose strength had increased and showed an expression of shock.

"That's fine too. Being too easy to kill is too boring." confidently said Ling Chan.

The Ghost Eyed Blood Devil Buddhist had already stood up from the watery blood. There were two bloody holes in its back from the Little Hidden Dragon's gorgeous dragon horn attack.

However, its ability was indeed powerful, as when it stood up, the sea of blood on the ground began to weirdly circulate and flow against the current, going up its legs and into its bodies like it was being absorbed.

As the blood flowed against the current, the Ghost Eyed Blood Devil Buddhist's back wound began to heal. When the sea of blood neared half its amount, the wound was completely healed.

The bloody fog was the Ghost Eyed Blood Devil Buddhist's realm and the continuously spilling blood from the people was an endless source of life force and strength. It would be extremely difficult to kill it like this.

“Ku~~~~”

An ugly, ghostly howl rang out from the basin of blood. The Ghost Eyed Blood Devil Buddhist reached out its claw. After raising it high in the air, it abruptly smashed it into the sea of blood!

A bloody ripple proliferated from the Ghost Eyed Blood Devil Buddhist.

“Gulu Gulu Gulu~~~~”

The bloody water began to boil, and bubbles of blood began to explode!

The blood turned scalding, and the red sea of blood seemed to transform into an enormous cauldron!

Blood Smelt!

In the sea of blood, impetuous blood snakes burst out and streaked past Zhan Ye, scalding blood splashing onto Zhan Ye's armor.

Even more terrifying than magma, the smelting blood burned open Zhan Ye's armor. If it managed to cover its entire body, Zhan Ye would probably become a pool of smelted blood!

Zhan Ye began to charge. Behind it, over a hundred interweaving blood snakes attempted to completely refine it.

“Hou!!!!”

As it charged, Zhan Ye released a Destructive Ray behind it.

The Destructive Ray's power didn't even manage to destroy ten blood snakes. The other blood snakes grew closer and closer. If they all managed to catch up, Zhan Ye's bones probably wouldn't even be left!

“Hahaha, enjoy the feeling of being chased by death.” loudly laughed Ling Chan.

What did it matter if its strength rose. Wasn't it still like a dead dog?

The blood snakes gradually caught up. They twisted their malevolent bodies, bared their teeth and brandished their claws.

Zhan Ye continuously changed locations, passing through the blood snakes; the moment it found an opportunity, it would spit out a Destructive Ray and destroy these greedy snake dragons.

Its armor had already been smelted. The Ghost eyed Blood Devil Buddhist's technique lasted an extremely long time. Zhan Ye continuously dodged, but its skin was eventually exposed.

Zhan Ye's skin didn't have any defensive properties. After being lightly rubbed by the blood snakes, a large piece of skin and flesh could be smelted.

When the Ghost Eyed Blood Devil Buddhist saw that this technique had wonderous effects, it let out an excited expression. It slammed its blood palm into the blood water again and created even more blood snakes!

When the blood snakes appeared, it caused the blood pool to drop again. However, seeing a chance to kill this Warbeast Mo Ye, why would it care how much blood was left?

After managing to destroy 50 blood snakes with great difficulty, another group of these things appeared and mightily danced around Zhan Ye.

However, Zhan Ye displayed calm. Even without armor, it managed to stay dodging.

Its enormous life force allowed Zhan Ye to maintain sufficient fighting strength despite its wounds. Watching the blood pool continuously drop, Chu Mu couldn't help but smile.

Clearly, this Ghost Eyed Blood Devil Buddhist's strength and life force could not be limitless. What he had to do now was exhaust the blood pool's blood energy to a sufficiently low amount!

"Zhan Ye, Broken Limb Rebirth!"

Chu Mu gave Zhan Ye an order.

The blood snakes continuously increased. If Zhan Ye were to use this technique while on the verge of death, it probably would become a puddle of blood before managing to rebirth. Therefore, Chu Mu wasn't greedy about this amount of life force, and decisively had Zhan Ye use Broken Limb Rebirth!

Zhan Ye still had a certain amount of life force left, and using Broken Limb Rebirth under this circumstance wouldn't put his life in danger.

"Hou~~~~~"

Zhan Ye leapt up and its bloody body transformed into a battle hatchet with restrained black light. The battle hatchet swept up a torrential dark tide that struck the area it was on!!!

"Beng!!!!!!!"

The battle hatchet's energy exploded. Several tens of blood snakes were knocked flying and some of them were evaporated.

After knocking away the blood snakes, Zhan Ye immediately used Broken Limb Rebirth. It allowed liquid to seep over its entire body, transforming into bones, muscles, blood, flesh, skin...

Finally, it was the shiny black and sharp armor!

After being covered by armor, the ancient lines on Zhan Ye's body let out a dark flicker of light, weaving together on its body and transforming its body, causing it to become even stronger!

When fighting the blood snakes just now, Brave Stinging Heart's effect had gradually increased Zhan Ye's strength. Adding on this Ancient Power Awakening, Zhan Ye's strength had arisen over half a level.

Thus, Zhan Ye's present strength was over a level stronger than a pseudo emperor rank!

After obtaining strength, Zhan Ye swept its eyes over the blood snakes around it pressuring it like ghosts. It rapidly swept past ten blood snakes, using its claws with ancient imprints to rip apart the blood snakes' stomachs

Instantly, ten blood snakes were destroyed. As lithe as a swallow, Zhan Ye's speed didn't slow. It launched itself at the other blood snakes!!

“Shua!!!!”

Another ten blood snakes were destroyed!!!

Clearly, Zhan Ye's rise in strength allowed its dodging abilities and close combat methods to combine to a state of perfection. The blood snake dragons could no longer pose a sufficient threat. It didn't matter how malevolent or fierce the blood snakes were; they could not escape Zhan Ye's claws!

Sounds of sharp claws continuously rang out. Alliance master Ling Chan watched the blood snakes continuously be defeated and his expression turned slightly ugly.

One reason for his ugly expression was because of the loss of blood. Right now, Alliance Master Ling Chan could feel that his body was unwell, and he was growing vexed with this Warbeast Mo Ye that could use Broken Limb Rebirth!

"Senior... Senior Dragon Absolute, I know that the Alliance Master is an unparalleled existence, but Chu Fangchen's Warbeast Mo Ye is an abnormal existence." Left Scar suppressed his voice as he spoke to the adjacent Dragon Absolute.

While the Dragon Absolute had been cursing from the beginning, he was absolutely confident the Alliance Master could kill Chu Fangchen. However, after the Left Scar spoke to him like this, even his heart was feeling slightly nervous.

"The Alliance Master's Ghost Eyed Blood Devil Buddhist's attacks are powerful. It will soon be able to force out all of its Broken Limb Rebirth abilities. Yes, Yes. I remember it had five Broken Limb Rebirths. It has used it three times already, so there are only two times left. Don't worry, don't worry..." as the Dragon Absolute spoke, he simultaneously calmed his worried heart.

From the initial playfulness to the present vexation, Alliance Master Ling Chan evidently didn't think Chu Mu's Warbeast Mo Ye would be so difficult to deal with!

"Kill it!" Alliance Master Ling Chan coldly ordered.

The Ghost Eyed Blood Devil Buddhist let out a series of ghostly howls. Its body transformed into a bloody light that flew towards Zhan Ye!

With a torrential fiendish aura, this ghost type creature was radiating in a deathly aura as well, making it seem both fiendish and terrifying.

However, Chu Mu wouldn't be led astray by the Ghost Eyed Blood Devil Buddhist's aura. It hadn't used a technique that absorbed blood, meaning that the amount of blood in the sea of blood wasn't enough!

In a close combat fight, who would Zhan Ye be afraid of?

Without requiring Chu Mu's order, Zhan Ye which had achieved a slight amount of success met it head on and engaged in a close combat fight with this ghost type creature!!

Without the support of the blood sea, the Ghost Eyed Blood Devil Buddhist's strength was only a level higher than Zhan Ye. In this situation, the Ghost Eyed Blood Devil Buddhist's attacks were no longer as fierce. Zhan Ye felt that dodging here was a waste of time and decided to just exchange blows with the Ghost Eyed Blood Devil Buddhist!

In this fight of flesh against flesh without using any defenses, Zhan Ye was much more experienced than the Ghost Eyed Blood Devil Buddhist. Most importantly, with Zhan Ye's crazy mindset of

having to bite off a piece of its enemy's flesh despite being hit by serious blow, this would create enormous fear and pressure in the hearts of enemies!!

After a round of close combat fighting, Zhan Ye became riddled with wounds. However, the Ghost Eyed Blood Devil Buddhist wasn't unscathed. Its malevolent body was covered in bone-deep claw marks!

"Zhan Ye, retreat" suddenly, Chu Mu gave Zhan Ye, in a bloody fight, an order to retreat.

Zhan Ye had already caused blood to flow and with its ink armor spikes, it could ignore the enemy's defense and pierce through. Thus, it already had the advantage. When the Three Great Palaces' members saw Chu Mu have Zhan Ye retreat, they were very confused.

However, in the next instant, the blood sea abruptly exploded and an imposing, large mouth opened its mouth of fierce teeth at Zhan Ye!

"Ga!!!"

The shocking blood jaw snapped shut and people could even see space being bitten off!

The sudden scene shocked everyone. If Zhan Ye had continued fighting the Ghost Eyed Blood Devil Buddhist, Zhan Ye would have been bitten into two pieces; immediately after, any one of the Ghost Eyed Blood Devil Buddhist's techniques would be able to kill it!

Everyone sucked in a breath of cold air and couldn't help but praise Chu Mu's calm and decisiveness.

A peculiar silver color flashed through Chu Mu's eyes. As Zhan Ye was engaged in a flesh fight, Chu Mu had kept note of the blood sea.

The Ghost Eyed Blood Devil Buddhist's strongest attacks were supported by the blood sea. As Zhan Ye was engaged in a fight with it, the blood sea grew even more dense from the flowing blood of ten thousand people. Moreover, if at that moment, the Ghost Eyed Blood Devil Buddhist suddenly launched an attack at Zhan Ye, which had lost a sufficient level of life force, it would be able to instakill Zhan Ye.

Alliance Master Ling Chan was indeed scarily cunning. He had intentionally used this method to have Zhan Ye relax its guard and even intentionally put himself into a disadvantageous position. Then, when the blood reached a sufficient amount, he instantly used a fatal attack!

If Chu Mu hadn't been aware of the level of blood and continuously maintained his other pupil effect, Zhan Ye probably would have been killed.

Chapter 1065: Zhan Ye That Drives Enemies Mad (2)

"Broken Limb Rebirth!"

Chu Mu still didn't hesitate, and had Zhan Ye use Broken Limb Rebirth!

At Zhan Ye's present state, it could easily be instakilled by the Ghost Eyed Blood Devil Buddhist. Especially when the blood density was so high and the sea of blood was rising.

"Hmph, this is already its fourth Broken Limb Rebirth." Alliance Master Ling Chan looked at Zhan Ye, whose fighting strength had rapidly recovered and sneered.

However, after this Broken Limb Rebirth, the Warbeast Mo Ye's aura had increased once again, causing the meat in his face to faintly twitch.

The increase in strength caused the battle to prolong. Even if the Ghost Eyed Blood Devil Buddhist were to use its most powerful techniques, it wouldn't be able to kill this abnormally tenacious creature in under two to three techniques.

Ling Chan glanced at his wrist. Fresh blood continued to spill.

His physical constitution was much stronger than normal soul pet trainers. However, even this amount of blood spilled much of his life force. He had to quickly finish this fight!

Giving an order, the Ghost Eyed Blood Devil Buddhist became even more terrifying after accumulating an enormous amount of blood from ten thousand people. Under its control, a torrential wave of blood transformed into devils that would devour everything and launched themselves at Zhan Ye!

Zhan Ye's present resistant abilities were extremely strong. It didn't need to dodge like before. Facing the onslaught of terrifying devils in the blood wave, it gave an angry roar and bravely faced the blood sea head on!

In the shocking blood red, the black body was small yet fierce. Standing on the blood wave, Zhan Ye searched for the Ghost Eyed Blood Devil Buddhist in the red wave. It stretched out its tiger teeth and formed an enormous dark mouth, attempting to swallow the monster controlling the blood in one gulp!

The Ghost Eyed Blood Devil Buddhist was holding a blood bone spear. It dodged Zhan Ye's technique before throwing it towards the sky!

The blood bone spear pierced towards the dark and gloomy sky, instantly turning the clouds into a red color!

“Ku~~~”

The blood devils raised the heads and let out a howl. Suddenly, a wave of soul shocking blood lights appeared from the red clouds!

Dense droplets fell from the red clouds. These droplets were incomparably large and when they fell down, the astonishingly transformed into a blood monuments!!

The blood monuments smashed to the ground. The entire blood ocean was splashed upwards, leaving the ground!

The blood ocean coiled around the blood monument, instantly transforming into a blood sea vortex, absorbing all of the blood around it into the blood monument!

Zhan Ye knew that this technique was powerful, and hastily retreated outside the vortex. However, as the vortex was rapidly spinning, it caused continuous blood waves to rise that smashed into Zhan Ye's body and forcibly sucked Zhan Ye into the vortex.

The blood waves were powerful, and Zhan Ye knew that it wouldn't be able to escape. Thus, its eyes instantly locked onto the Ghost Eyed Blood Devil Buddhist standing on the blood monument!

Its eyes narrowed, and it ran in the direction the vortex was spinning!

Riding the waves, Zhan Ye's speed exponentially rose, and as it was about to be pulled into the blood monument, Zhan Ye transformed into a battle axe that slashed at the Ghost Eyed Blood Devil Buddhist!!

“Shua!!!!”

The battle axe carried ancient imprint powers. After being sped up, its might have also become significantly more powerful. This axe landed on the Ghost Eyed Blood Devil Buddhist's abdomen!!

“Hua hua hua hua~~~”

After completing this attack, Zhan Ye was instantly pulled into the blood wave, and into the blood monument. It had to withstand the terrifying blood-extraction powers!

Zhan Ye's life force was rather full and even while withstanding this attack, it wouldn't be killed.

On the other hand, when the Ghost Eyed Blood Devil Buddhist was struck by the battle axe, fresh blood spilled everywhere, and it let out an ugly and pained ghostly howl!

“Hua!!!!!!”

The vortex violently stirred, and after Zhan Ye bore the brunt of the destructive force, it immediately and rapidly pulled away from the Ghost Eyed Blood Devil Buddhist.

When the Ghost Eyed Blood Devil Buddhist saw Zhan Ye run away dripping in blood, it became even more angry. It controlled the remaining blood waves to chase after Zhan Ye.

Zhan Ye ran as it completed a Broken Limb Rebirth. Its armor that had been ravaged by the blood monument vortex shed off its body and gradually it was covered by insect fluid. Then, quickly, a new ink colored battle armor was condensed on its body!

From its originally jolting run, it gradually morphed into a full speed run. This was the Broken Limb Rebirth healing it from a heavily injured state to a fully recovered state. Once its life force was full again, the running Zhan Ye suddenly stopped. It turned around and stepped on the ruins. Then, unexpectedly, it beautifully jumped backwards, flipped over and launched a Death God's Dawn Blade at the pursuing Ghost Eyed Blood Devil Buddhist!

The ink blades transformed into two cold moons. The sudden attack was completely unexpected by the Ghost Eyed Blood Devil Buddhist!

The Ghost Eyed Blood Devil Buddhist held the blood blade in its hands in front of it. When the ink colored cold moons arrived, however, they instantly destroyed the blood blades and the remnant force struck the Ghost Eyed Blood Devil Buddhist, knocking it backwards!!

The Ghost Eyed Blood Devil Buddhist was knocked back, creating a huge blood wave in its wake. It slid all the way back into another district before barely being able to stop itself. Its ghostly eyes angrily stared at this hateful Warbeast Mo Ye!!

"Good!" Chu Mu immediately let out a pleased expression!

After two more Broken Limb Rebirths, Zhan Ye's strength had risen over a level, and it was presently very close to the low class dominator rank!!

From its initial strength that really only tickled, until now where it could clearly deal damage on the Ghost Eyed Blood Devil Buddhist, Zhan Ye had finally overcome its weaker stage. Now, it was time to counterattack!!

“Dida~~~ Dida~~~~~”

Blood was dripping. Alliance Master Ling Chan glanced at his wrist, and then glanced at the Warbeast Mo Ye, which strength had risen to near the low class dominator realm. His face immediately turned ashen!!

Right now, Alliance Master Ling Chan would not be laughing because his life force had reached a slightly serious point!

“Alliance... Alliance Master... perhaps... perhaps you should dispel the blood fog... there are many of us who have already fainted.” the Dragon Absolute mustered his courage and spoke to Alliance Master Ling Chan with a mental voice.

The Dragon Absolute was speaking the truth. One third of the people were no longer standing steadily, and a few people with weaker physical constitutions had already fainted. If they kept losing blood like this, their lives would be in danger!

“Shut up!!” angrily roared Alliance Master Ling Chan!

The yell caused the Dragon Absolute to tremble. He didn’t dare to say anything further.

The Alliance Master coldly swept his gaze over the anxious Soul Alliance members in the distance.

Originally, he thought that after raising the Ghost Eyed Blood Devil Buddhist to the low class dominator rank, he would be able to quickly get rid of Chu Mu. He never expected the fight to last this long.

Ling Chan coldly glanced at Zhan Ye that had taken the initiative to attack. He feigned calm and coldly laughed. It no longer had any more Broken Limb Rebirths left, and had only neared the low class dominator rank; it hadn't actually reached this rank yet. This meant that it could not be his Ghost Eyed Blood Devil Buddhist's opponent!!

The gap in strength was no longer as large. Zhan Ye's attacks became even more savage. Its power, quickness, defense and life force were increased so that the combination of its attacks, defenses and dodging abilities grew even more smooth. Although it did not firmly suppress the Ghost Eyed Blood Devil Buddhist, the latter would have to pay a painful price in order to wound Zhan Ye!

With their power level being close, this fight became extremely drawn-out. This was especially the case to the bleeding Soul Alliance Members. It was even harder to bear than being killed!

Soul Alliance's people collapsed one after the other. When they discovered that this Warbeast Mo Ye still possessed powerful self-healing abilities while fighting, and that its Brave Stinging Heart could still increase its power, Soul Alliance's people felt like killing themselves!!

Alliance Master Ling Chan's face grew increasingly pale, but he could only grit his teeth and command the fight now!

Finally, an opportunity came!!

A savage glint flashed in Alliance Master Ling Chan's eyes. No matter what, he was going to get rid of this Warbeast Mo Ye this time!!

The Ghost Eyed Blood Devil Buddhist's eyes narrowed. Suddenly, countless ghost hands reached out of the blood sea and firmly grasped onto Zhan Ye, which had just used a technique and was unable to steady itself!

Blood sickles instantly appeared in the hands of the Ghost Eyed Blood Devil Buddhist. Filled with anger, the Ghost Eyed Blood Devil Buddhist fiercely swung at Zhan Ye!!

Zhan Ye angrily roared, shaking off the ghost hands under its feet. However, it was unable to dodge the blood sickles in time!!

“Hua!!!!”

The blood sickles slashed down, instantly splitting the earth!

After being heavily struck by the sickles, Zhan Ye was knocked flying and landed in the blood sea!

This attack had ostensibly even slashed its bones. No matter what, it would be unable to crawl back up. Seeing this, Alliance Master Ling Chan let out a loud laugh!

“Hahaha, die for me!!!”

After giving an order, the Ghost Eyed Blood Devil Buddhist brandished its blood sickles. Leaping up, it transformed into a true ghostly devil that descended from the skies. Its blood sickles slashed towards where Zhan Ye had landed to deliver the final blow!

Seeing the Warbeast Mo Ye finally be knocked down, Soul Alliance's members seemed to come alive again, and their eyes all lit up!

“Hou hou hou!!!!”

However, a sonorous roar instantly destroyed their mental states. The moment the Ghost Eyed Blood Devil Buddhist slashed down, that evil ink colored body unexpectedly shot forth and knocked the Ghost Eyed Blood Devil Buddhist flying!

The Ghost Eyed Blood Devil Buddhist's sickles were unable to hit anything before it was launched in an arc into a pile of ruins. It caused a bit of a splash of blood that made Soul Alliance's members let out a sigh of despair!!!

“Pai~~”

Zhan Ye landed in the shallow sea of blood. Filled with fighting intent, its ink colored spiked armor twinkled with a lustre that caused Soul Alliance's members that were rapidly turning into mummies to feel dizzy!

“Heavens. This Warbeast Mo Ye has six Broken Limb Rebirths!!!” Left Absolute let out a cry of shock!

His voice was like a lightning bolt out of the blue. It caused those who were still clinging onto hope to completely lose hope. The huge loss of blood caused their vision to go dark!!

Last time when it had fought Wu Kuang, it had only used five Broken Limb Rebirths. Five Broken Limb Rebirths was already the absolute limit, and everyone had subconsciously believed Zhan Ye could only use it five times. Indeed, the internal intelligence Alliance Master Ling Chan had received also said five rebirths.

“Bastard!!” Alliance Master Ling Chan cursed.

His face was extremely pale now. His previous deranged demeanor had already disappeared from his face.

Instead, his face was filled with annoyance, anger, fury, humiliation, and various other complicated emotions. His face was violently twitching and his chest was like a volcano that was about to erupt and it kept heaving!!

What did it mean to say “to crush one’s own foot while trying to maneuver a rock”? This, right here, was the definition. Moreover, that rock that crushed his foot was larger than normal!

Chapter 1066: Defeat Ghost Eyed Blood Devil Buddhist

With the final broken limb rebirth, ancient power awakening’s effects again made Zhan Ye’s power increase. Though one could tell that Zhan Ye wasn’t truly low class dominator rank yet, it definitely wasn’t far away.

More importantly, Zhan Ye still had a trump card it hadn’t used yet!

“Hou!!!!!!”

Zhan Ye roared, his black eyes instantly becoming blood red!

A layer of blood fog appeared from the blood sea, covering up Zhan Ye and excited the blood within Zhan Ye, cloaking Zhan Ye in a blood red layer of armor!

Bloodthirsty Berserk Transformation!!!

Only now did Zhan Ye cast this technique!

After going bloodthirsty berserk transformation, Zhan Ye's strength again rose, truly reaching low class dominator rank.

Going from near dominator rank to low class dominator rank was a huge leap in strength. Everyone saw Zhan Ye's process of getting powerful, but when they truly felt the threatening aura of the low class dominator rank, it still felt unbelievable!

Alliance Master Ling Chan's current expression was already ugly. Being used to ignoring everything, this was an unprecedented shame!

Ghost Eyed Blood Devil Buddhist was like its owner. Annoyed, angry, driven mad- this ghost type dominator rank let out a "wuwu" of terror.

The blood fog instantly became even thicker. Everyone's blood loss quickened. Everyone was in the weakened body state, so with the quickened drop of blood, it was as if it were taking their lives!

Alliance Master was already angry from being embarrassed. To him, their lives were worth nothing, and he especially didn't want anyone spreading news of his embarrassment outwards!

With the blood sea becoming red again, half of soul Alliance fell within the blood pool.

Terror and death shrouded these defenseless humans. At this moment, soul Alliance people would never have thought that their Alliance master, the leader of soul Alliance, would become their grim reaper, taking their lives as well!

The Hero Chief Yuan Sui rode his Unifying Wind Unicorn and watched the blood covered region. He watched while the advanced members died from loss of blood and could do nothing.

In reality, Alliance Master Ling Chan could summon other soul pets and destroy Chu Fangchen, but Yuan Sui knew that was equivalent to making Ling Chan admit his Ghost Eyed Blood Devil Buddhist wasn't as good as their Zhan Ye. It was better for him to wash away this shame even if it meant sacrificing thousands of lives.

"Is this someone worth your loyalty?" Liu Binglan glanced at the slightly unwilling Yuan Sui and said coldly.

Chu Mu's performance caused Liu Binglan to be shocked. Clearly, she was very proud that her child could be like this. After all, he was bringing the nearly collapsed Three Palace a silver of true hope!

"It's only reverence." Yuan Sui said calmly.

Liu Binglan didn't say more, riding his soul pet Xing He towards higher grounds.

Unifying Wind Unicorn's strength was still stronger than Star River with the energy of a supreme. Continuous fighting wasn't smart. Now, Liu Binglan had to use the geography to win or delay time.

The geography she meant was the second level of sky, the dark frozen skies.

The dark frozen skies' gales become extremely strong, which gives the Unifying Wind Unicorn an advantage, but at the same time the space movement and spatial technique of the star river became better. As long as it could evade attacks, there was hope.

.....

Blood sea had many corpses within it. Three Palace slowly had people fall within it too.

Chu Mu saw the weakened old soul pet trainers. Chu Mu didn't care about soul Alliance people' deaths, but these elders were people that Chu Mu wanted to keep alive.

Looks like it was time to quickly get rid of the Ghost Eyed Blood Devil buddhist!

The Bloodthirsty Berserk Transformation of Zhan Ye no longer was scared of the wounded Ghost Eyed Blood Devil Buddhist. Its powerful body flew past the blood sea in a streak without disturbing the water at all. Immediately, it appeared in front of the Ghost Eyed Blood Devil Buddhist!

The Ghost Eyed Blood Devil Buddhist used the blood to heal its wounds. Its wounds were indeed healing, but without enough blood, it was only an organism near low class dominator rank. It was a rank lower than the bloodthirsty berserk transformation Zhan Ye!

Ancient Mark Claw!

Zhan Ye exploded with speed and power as its black claws were covered in a blood red power. An ancient mark floated upwards, creating a starlight freckle that glowed on its claws!

Ancient Power Awakening seemed to power up the ancient markings on Zhan Ye's body too, causing its energy to become purer and larger, empowering this claw!

“Shua!!!!”

The claw appeared and heavily hit the air. The blinking glow instantly became a fierce devil tiger mark that fell on the Ghost Pupil Blood Devil Buddhist!

The Ghost Eyed Blood Devil Buddhist used its shroud to block it, yet it quickly tore down like real cloth, becoming tatters!

The cloth was definitely not enough to stop Zhan Ye's attack. Its Ghost Eyed Blood Devil Buddhist's body quickly flew back, but the imprint chased after and landed solidly on its body.

“Peng~~~~~”

Its flesh burst out as a tiger shaped hole appeared on the Ghost Eyed Blood Devil Buddhist. Its bones, skin, blood, and flesh were all blasted into smithereens!

“Ku!!!!!!!!!!”

Ghost Eyed Blood Devil Buddhist flew back, and let out a shriek!

Clearly, even if the Ghost Eyed Blood Devil Buddhist used the blood sea to heal itself, its defenses weren't enough for Zhan Ye's current attacks!

“Hou~~~~~”

Zhan Ye's attacks weren't finished. When the Ghost Eyed Blood Devil Buddhist flew back, it lifted its head and gathered a death beam!

This time, it took its time to channel it. When the glow was nearly about to escape, Zhan Ye let go the destructive ray many times stronger than regular!

The destructive beam flew out and directly landed on the Ghost Eyed Blood Devil Buddhist's trajectory. Before it could even land, it got hit by another blast!!

Flesh flew everywhere. The Ghost Eyed Blood Devil Buddhist seemed to become a flimsy piece of flesh.

“Gulu~~~~~”

The blood water slowly roiled as bits of essence flowed into the Ghost Eyed Blood Devil Buddhist's heavily wounded body.

Yet, no matter how thick the blood was or how fast it recovered, it couldn't make up for the wounds it suffered.

Alliance Master Ling Chan was already slughtly demented. Clearly, his Ghost Eyed Blood Devil Buddhist was no longer the Mo Ye's match, and his blood was nearly gone. Any more, and his life was in great danger.

Ling Chan bit down, and took a potion out of his ring to quickly ingest.

His blood stopped very quickly. In a second, the poison and wound that the Ghost Eyed Blood Devil Buddhist left on its wrist was gone. Slowly, the blood started flowing out as the skin started healing.

After the wound healed, Ling Chan casted another technique to retract the Ghost Eyed Blood Devil Buddhist before it suffered another attack.

Of course, retracting a lost soul pet, especially Ghost Eyed Blood Devil Buddhist, caused Ling Chan to become gloomy- the result of a soul pet of its losing.

After the Ghost Eyed Blood Devil Buddhist was retracted, the blood flog dissipated. Immediately, the soul Alliance people were saved. Many of them quickly took out blood stopping medicine and then quickly found spirit items that strengthened one's production of blood.

People who fell straight into the blood pool were nearly helpless. There were four thousand people like that. The remaining six hundred were in weak states. They may not even have the power to summon their soul pets. After all, soul remembrance was based on a healthy physical body.

Three Palace before killed around fifty people. Of the remaining hundred, only four died in the bleeding.

The reason such a difference appeared was because all five hundred people were spirit emperors. On the other hand, because Zhan Ye kept getting stronger, it gave the hope and faith to wait until he broke open the situation.

This gave Soul Alliance internal conflict. Overall, every healing of Zhan Ye was a major blow to the soul Alliance!

.....

“Since it wasted this much of our time, my patience is used up!” Alliance Master Ling Chan was frigid!

No longer laughing rampantly and no longer arrogant like before, Alliance Master Ling Chan was truly furious!

No one had required a third soul pet for a while now.

The strength of this young man was truly impressive to Ling Chan.

Yet, so what? Having a dominator rank made one nearly invincible in Wanxiang Realm. However, with even a few secondary soul pets reaching dominator rank, how could he lose?

There was no concept of losing in Ling Chan's mind. The only thing in his mind was which enemies could last longer.

Chu Fangchen lasted far longer than he expected, but so what? He had to die eventually. The previous two controls was just him having fun with a child!

Chu Mu didn't tell Zhan Ye to continue attacking, instead selecting to tell Zhan Ye to retreat. He was already staring at Ling Chan's chanting.

Ling Chan was summoning a main soul pet!

Chapter 1067

Chanting an incantation, Alliance Master Ling Chan showed two symbols.

On the left, a cyan symbol appeared. The soul within the diagram wasn't the usual glow, instead it was a strange vine depicting a symbol!

The vines were full of poisonous thorns, with each thorn long as a sword.

They constantly writhed and slowly extended out of the symbol, falling upon the ruins full of blood.

The ruins were its perfect landing place. More and more vines came out of the roots, appearing within the ruins!

These ruins slowly gathered, creating a head like shape.

Soon following that, the vines created a huMan body and finally four limbs. Its four limbs didn't disconnect from the extended vines.

This way, a vine devil full of vines and poisonous thorns appeared in front of everyone!

Clearly, it was a vine type dominator arnk!!

“Deal with it!” Alliance Master Lign Chan said to the poisonous vine devil!

The poisonous vine devil's cyan eyes immediately locked onto Zhan Ye. Its massive arms flung outwards, sending massive vines towards it.

The vines passed through the edge of the city, breaking through hundreds of roads and ruining the already destroyed city further. When the vines passed by, the city's original barebones framework was finally completely demolished!

Zhan Ye turned around and dashed away. Its body was swiftly dashing through the city ruins that were disturbed!

Plant type soul pets could clearly counter beast type organisms. This Poison Vine Devil Man was summoned by Alliance Master to deal with Zhan Ye. Though it wasn't low class Emperor rank, its type advantage made it handle Zhan Ye easily!

Chu Mu glanced at Zhan Ye running around looking for an opportunity to strike. Zhan Ye's power was at its peak right now. Chu Mu trusted it could deal with it.

Quickly, Chu Mu's gaze fell upon Ling Chan's right hand.

A dangerous aura came from this symbol. Clearly, Ling Chan's soul pet here was the hardest to deal with.

Within the symbol, flames burned, yet it stayed within the symbols' reach.

The flames weren't rampant, yet it strangely caused the rain near it to all disappear.

The flames calmly moved around. Within the redness, one could see a pair of eyes slowly open and gaze directly at Chu Mu.

When Chu Mu looked at it, he felt as if his pupils were being burned.

“Tsi~~~ Tsi~~~~~”

The temperature constantly rose. The blood sea left by the previous battles slowly evaporated, creating a blood fog.

Without even noticing, the wetness disappeared, replaced by a cracked surface and flames that sprouted from underneath the chaotic structures.

“Huhuhu!!!”

More and more flames dashed upwards and burned the surrounding, their temperature causing people to sweat and their skin to crack.

Chu Mu looked around. The flames were as widespread as a forest, causing them to fall into a furnace like environment.

Within the symbol, the flames were still burning. It had no shape or appearance. It was just a ball of flame. The only reason it could be ascertained as an organism was the pair of eyes hidden under the blazing red!

Chu Mu furrowed his brows. This was definitely a fire type organism, but Chu Mu didn't know what fire type species it was, whether it was fairy species or something else!

Unable to determine its species, Chu Mu didn't know what techniques it had. This would cause him to fall to a disadvantage in battle. Most importantly, Chu Mu could only summon Dead dream now. Telling Dead Dream to face such a formless organism was very unwise.

Facing such a shapeless organism, the best way was a type counter. Yet, Ning was still Emperor rank. Its ice type energy couldn't effectively counter it.

The flames were quiet, but everywhere. Slowly, other than the Poison Vine Devil Man and Zhan Ye's battle ground, everywhere else was rendered a flame forest!

"In reality, as long as I summon it, I can destroy any of your soul pets. However, soul pet trainers should give other soul pets the opportunity to train, right?" Ling Chan's arrogance seemed to be rebuilt upon this soul pet.

There was a simple explanation to Ling Chan becoming arrogant again. This Fire God Servant controlled a powerful fire type energy crystal, but also had an elemental soul pet's ancient will, so it was even stronger than a normal low class dominator rank!

According to Ling Chan, Chu Mu's dominator rank was very limited. Able to have two low class dominator ranks was already very rare. He wanted to see what other soul pet Chu Mu could summon to fight his fire type mian soul pet.

If there was nothing, this kid's life would be taken by him. After all, Wanxiang City getting such a person was a development he didn't know about. If he had a few more years to develop, he would be an immense threat to him.

Chu Mu glanced at the flame baked Three Palace elders and his heart slowly sank, not sure how to defeat this fire type dominator rank.

While thinking, suddenly, Chu Mu slowly felt a wave of refreshing aura come from above.

Chu Mu lifted his head to find white snow falling from the skies!

The snow came with a comfortable coolness that removed the heat in the air.

The rain and snow fell larger and larger, slowly pushing down the flame forest and removing the dry aura in the air!

Alliance Master Ling Chan's face again stiffened. He used his evil eyes to stare into the skies!

The Fire God Servant was stronger than even a low class dominator rank, and was the most powerful fire type organism in Wanxiang City, how was it getting suppressed!

Alliance Master Ling Chan was angry, but at the same time Chu Mu was surprised!

The strongest ice type organisms Chu Mu has ever seen was Wu Kuang's Icy Death King. Let's not discuss whether Wu Kuang's Icy Death King could even suppress fire type low class dominator rank, but Wu Kuang wouldn't even oppose Ling Chan!

"Is it Mu Qingyi's White Tiger?" Chu Mu wondered.

White Tiger wasn't even as good as Icy Death King, would it have this powerful of an aura? Was it some hermit expert?

Just as Chu Mu was curious, Ling Chan already roared out angrily, "Who dares oppose I, Ling Chan!!"

Alliance Master Ling Chan's dignified voice echoed through the battlefield and heard no response.

“What do you plan on using as timer this time?”

Suddenly, a cold voice came from above Wanxiang Altar!

Use as timer?

Soul Alliance members all paused when they heard this!!

This person truly was brave, daring to poke at Alliance Master's scars. Didn't he know the Alliance Master was angry and anyone who angered him would die?

Ling Chan's face again twitched. The blood timer indeed caused him much shame before. He originally wanted to use his Fire God Servant to wash away his anger and shame, but he didn't expect such a brave Man to appear!!

Staring straight ahead, Ling Chan coldly glared at the figure that walked forward.

Chu Mu turned around too, to see the Man coming.

Daring to say such things to provoke Ling Chan, it had to be an ally. However, Chu Mu had no idea who would have this strength!

Finally, the figure slowly became clear within the rain. It was a stern looking Man!

For some reason, in the foggy air, Chu Mu felt this figure was very familiar, yet when he saw the Mans' face, Chu Mu didn't recognize it.

Having a thin yet tall figure, he had a young and handsome face. It wasn't an old man who had one's appearance solidified, but one could see the effects time had on his face. His eyes especially looked deep like one of an old, lonely Man.

Chu Mu himself seemed old because he was used to being reserved and training alone in silence. However, no matter how silent and steady, one could find traces of young aura, occasional brashness and confidence.

This person didn't have any sign of a young man. It was an unbelievably old soul within a young husk.....

Chu Mu slowly lost focus as he stared at him because of his complex, special, familiar, yet strange features.

Three Palace also glared at this Man, except they were too shocked to speak.

Nightmare Emperor Jiang, Elder Shen, and the others were shocked but also had expressions of complicated disbelief!

“Bai..... Bai Yu!!!!”

Finally, Nightmare Emperor Jiang's voice shouted out first!!

Nightmare Palace's previous generation of nightmare Emperor, who would forget him. When Nightmare Emperor Jiang yelled out Bai Yu, everyone shook!

This was the Man that led the rise of Nightmare Palace that everyone respected, but he was also the main cause of the instant fall of Three Palaces!!

"Bai Yu...." Chu Mu was also dazed!

This person was the strongest half devil that sent Tianxia City into disaster twice!!

In Tianxia City, half devil Bai Yu was definitely the strongest person Chu Mu had ever seen. From Old Han, he found out that the bai Yu that he saw wasn't even his full form. Just how strong he was, even Chu Mu didn't know!

And now, the person he saw that seemed young but was old was half devil Bai Yu's huMan form!

Chapter 1068: Bai Yu, Ice Pupil Unicorn

His gaze flitting past Bai Yu, Chu Mu quickly noticed the incomparably grim Ice Pupil Unicorn!!

With icy pupils, it had a unicorn-like body. Its outer body resembled the Unifying Wind Unicorn, but its frost aura was much stronger than the Unifying Wind Unicorn. Even Alliance Master Ling Chan's Fire God Servant's fire aura was heavily suppressed!

After seeing this Ice Pupil unicorn, Chu Mu remembered that Old Han had said Bai Yu possessed an ice type soul pet!

Immortal City's Dormant World was a land of extreme ice. When Bai Yu was sealed by ice in the Xuan Demonic Ice Peak, his fire type abilities had been suppressed, but his ice type soul pet had obtained enormous profits.

After a long twenty years, this soul pet's power would definitely reach an extremely high realm!

It seemed that Old Han was referring to the Ice Pupil Unicorn now by Bai Yu's side!

"Bai Yu... hmph. So it's just Crazy Man Bai Yu...I thought some great figure had appeared." harrumphed Ling Chan.

During Bai Yu's time, Ling Chan had already been extremely strong. Of course, Ling Chan also had to thank Bai Yu. if Bai Yu hadn't transformed into a devil and killed or injured the Supremes of the Three Great Palaces, Ling Chan would not have been able to reach his invincible position within the Seven Diagram Saint Kings.

"I, Bai Yu, am indeed crazy. Therefore, I just happened to destroy the Ten Thousand Cave Diagrams." Bai Yu glanced at the Wanxiang Altar and calmly spoke.

Chu Mu showed confusion, unsure of what the Ten Thousand Cave Diagrams were.

However, after Alliance Master Ling Chan heard this, his face began to twitch again. Instantly, his eyes began to spit flames. It seemed that he was extremely angry!

“Bai Yu, you’re courting death!!” Alliance Master Ling Chan’s expression grew increasingly gloomy.

Bai Yu ignored Alliance Master Ling Chan and glanced at the adjacent Chu Mu. Softly, he explained: “He has a soul pet that can steal the Sealed Tower’s energy through this diagram. You helped buy enough time for me to destroy the diagram.”

Chu Mu nodded his head. It seemed that Bai Yu had been surveying the situation in the darkness the entire time.

“How is Princess Jin Rou?” asked Chu Mu.

Bai Yu’s eyes flickered with a trace of frustration as he slowly shook his head. He didn’t bring it up. Instead, he used a low mental voice to communicate with Chu Mu: “Everyone here will die. Save as many as you can.”

“If we combine forces, we can deal with him.” said Chu Mu.

“I’m not afraid of Ling Chan, but the woman who awakened me.” said Bai Yu.

“The Empress Concubine?” Chu Mu was stunned.

“You know her?” Bai Yu was slightly shocked. He promptly pointed at Wanxiang Altar and said: “She is placing a diagram array there right now. I don’t know what it is, but it’s making me feel uneasy. That diagram array will soon be completed and there’s a chance that it will trap all of us here. The might of that diagram array is nearly equal to a middle class dominator rank.”

Chu Mu's heart sank. Alliance Master Ling Chan and Hero Chief Yuan Sui had both already appeared; yet, the defector woman was still hiding somewhere.

Knowing that girl's disposition, she could not stay quiet. The only explanation was that she was preparing a scheme!

"Do you know things about that woman?" asked Bai Yu.

After Bai Yu had awakened, he had searched for who had set up Tianxia City's plot. Ultimately, the evidence pointed at the Empress Concubine.

However, after finding out about this, there were no more trails of clues for Bai Yu to follow. This woman was incomparably mysterious. One thing that was certain, however, was that while this woman on the exterior ostensibly received the adoration of all Wanxiang City citizens, she was extremely ambitious and dangerous!

"Do you have another dominator rank soul pet?" asked Bai Yu.

"Yes." Chu Mu nodded his head.

"Have your two soul pets stay here and help me. I can stop Ling Chan for a while. Take these people and flee here first. Regardless of anything else, this place is extremely dangerous." Bai Yu didn't continue inquiring and spoke to Chu Mu seriously.

Perhaps Chu Mu would have a chance of dealing with Alliance Master Ling Chan if he combined hands with Bai Yu. However, the other people were in extremely weak states due to the loss of

blood. Due to the other experts from Soul Alliance surrounding this area, it was difficult for them to flee. Most importantly, the defector woman had yet to appear. This indeed made Chu Mu extremely nervous. This woman was definitely not easy to deal with.

Chu Mu didn't say anything more. He chanted an incantation and summoned Dead Dream in front of him.

Dead lightning flashed and violent bolts of lightning began to hurtle around, crushing the surrounding objects to pieces!

Sixteen wings gorgeously expanded. Instantly, the entire horizon was filled with shocking and thick bolts of dark purple lightning. They were clustered densely together and interweaving with one another!

The Dead Dream had reached a true low class dominator rank. Its lightning field could intimidate the entire battlefield, making both Alliance Master Ling Chan and Nightmare Emperor Bai Yu show expressions of shock!

"This brat still has a thunder type phoenix!" Alliance Master Ling Chan gritted his teeth. When he saw Dead Dream, his eyes were filled with jealousy and anger.

He was so young, yet possessed such powerful strength. If he didn't get rid of this brat now, he would be an endless disaster!!

Bai Yu's appearance already made the Alliance Master feel slightly threatened. Now that Chu Mu had summoned another low class dominator rank phoenix, it seemed that if he didn't show his final trump card, he probably wouldn't be able to get rid of these two people that could evidently shake his position!!

However, Alliance Master Ling Chan didn't expect that after Chu Mu summoned the Dead Dream, he didn't linger on the battlefield. Instead, he flew to the weakened group of the Three Great Palaces. It seemed that he wanted to take them and flee.

But how could Alliance Master Ling Chan let Chu Mu flee? He swept his eyes over the Poison Vine Devil, and instantly gave an order!

The Poison Vine Devil's roots abruptly shot from the ground. Instantly, they flew several kilometers, transforming into thick chains that shot at Chu Mu. They wanted to haul Chu Mu back!

Bai Yu coldly stood there. Without requiring him to give an order, the Ice Pupil Unicorn next to him was already chanting an incantation!

Ice and snow began to rapidly descend. There were over a hundred roots from the Poison Vine Devil, but as they were flying, they were all frozen by a thick layer of ice!

Being frozen, the vine roots naturally could not threaten Chu Mu and the Dead Dream. The Dead Dream merely gave its wings a light wave and black dancing blades appeared. They silently sliced across, slicing apart the poison vine roots.

"Come with me." Chu Mu didn't say anything more. He brought close to a hundred people and charged out of the iron stronghold.

The senior elders and elders didn't say anything. They chanted incantations and urged their surviving soul pets to closely follow behind Chu Mu.

When Alliance Master Ling Chan saw that Chu Mu was actually bringing this group of people and fleeing, he instantly blew his top!

Fire God Servant felt the anger in its master's heart. Its terrifying eyes locked onto that group of weak humans!

If a single of the Fire God Servant's techniques landed on these people, a portion of them would die. Thus, he naturally wouldn't let them off.

Chanting an incantation, its eyes locked onto the sky and its eyes flashed with red.

A dark purple thunder cloud instantly transformed into flames. As the Fire God Servant cried out, the fire cloud began to fall from the sky!

The fire cloud was enormous and resembled a burning meteor that fell into the humans. An enormous fire figure instantly covered the elders and senior elders. An aura of death was hurtling towards them.

“Nuo!!!!” at this moment, the Ice Pupil Unicorn let out a roar!

It opened its icy mouth and a spinning icy snow windstorm spat out of its mouth, flying into the trajectory of the fire cloud!

“Hu hu hu hu~~~~”

With the icy snow windstorm sweeping through it, the fire cloud's power was instantly considerably reduced. Moreover, its falling trajectory was knocked to the side!

From the central city district, it was deviated to a residential district. Nightmare Emperor Jiang, riding a Devil Colt, felt his heart palpitate as he watched the district now a burning hell in the distance. He had an even more profound knowledge now of low class dominator rank power.

"Nightmare Emperor Jiang, try your best and charge forward with everyone. I will protect you guys." Chu Mu flew into the sky and spoke to Nightmare Emperor Jiang.

Nightmare Emperor Jiang nodded his head. He didn't hesitate and brought close to 100 people and charged out of the city.

"In front of us is a middle ranking army of ten thousand. If we charge out like this, it will be too dangerous." said Soul Pet Palace's Senior Elder Pang!

Most of these high ranking spirit emperors of Three Great Palaces had been injured. If it was a normal ten thousand middle ranking army, they would not be able to stop them. However, they knew that behind this ten thousand middle ranking army was the Soul Alliance's great army of several tens of thousands. They covered both the sky and ground. Charging out was easier said than done.

"Going forward is correct!" Nightmare Emperor Jiang absolutely trusted Chu Mu. He didn't even blink as he charged towards the Soul Alliance Army clustered outside and surrounding the area.

In midair and soaring above everyone was the Dead Dream. It suddenly sped up and flew directly at the army of ten thousand.

“Death Dance!” ordered Chu Mu!

The Dead Dream beat its wings. The feathers that covered its entire body suddenly separated from its body!

All of the separated feathers transformed into dark purple Fairy Butterflies. The wings of these Fairy Butterflies thin and transparent, yet incomparably sharp!

When the Dead Dream entered the army of ten thousand, its body instantly separated. Promptly, several hundreds of thousands of winged black dots flew across the vast army like an ocean wave!

“Shua!! Shua!!! Shua!!!!!!”

The sound of slicing rang out. The hundred thousand butterflies the Dead Dream had transformed into were extremely fast. After they passed through the army of ten thousand, they quickly came back together behind the army.

The army of ten thousand looked completely unscathed. However, a second later, fine bloody lines appeared on these people and their soul pets.

“Puchi~~~~~”

An enormous bloody cloud suddenly splurt out. The bodies of the soul pets and soul pet trainers with the fine bloody lines fell off piece by piece!!

In front of them initially was a thick army wall. However, in an instant, they had turned into a residue of blood and flesh. The bodies in the army of ten thousand had been sliced into countless pieces and all fallen apart at the same time. This was an incredibly blood and stunning scene!!

Leading the charge, Nightmare Emperor Jiang was completely stunned. The spirit emperors behind him were also completely stunned!

The ground was littered with pieces of corpses. As they stepped on the blood and flesh of their enemies, there was absolutely zero resistance. As for the Soul Alliance soldiers that had managed to luckily escape, they probably didn't even have the courage to stand up, let alone stop them!

Chapter 1069: Kill me? You're Thinking Too Much

Alliance Master Ling Chan watched Chu Mu bring the group and flee. In anger, he quickly turned back to Bai Yu.

"Hmph, Bai Yu, you meddle too much in other people's business. I'll kill you first, then get rid of that brat!" said Ling Chan.

"Kill me?" a trace of contempt rippled in Bai Yu's calm eyes. He continued, "You're thinking too much."

Alliance Master Ling Chan's lungs were about to explode. Promptly, he chanted an incantation and summoned his fourth pet.

A diagram pattern flashed in front of the Alliance Master. In the dim light, a pair of sharp eyes suddenly opened and stared at Bai Yu.

This pair of blood eyes wasn't as bloodthirsty or vicious as the Ghost Eyed Blood Devil Buddhist, but carried more reservation and demonic strangeness!

The demon eyes slowly closed and in the dim light, this creature suddenly disappeared. It travelled through the district which was covered in filth. People were unable to detect its movements!

A demon! This was an extremely fast demon!!

The Ice Pupil Unicorn stood in front of Bai Yu. When it chanted an incantation, the surrounding temperature suddenly dropped. Frost froze over the space and slowing frost covered the area.

“Sou sou~~~”

Even with the slowing frost, the Ice Pupil Unicorn was still unable to see the demon. It was about to chant a second incantation, when a cold light suddenly flashed and without warning, slashed across the Ice Pupil Unicorn's neck!

The Ice Pupil Unicorn narrowed its eyes. A spiral ice peel appeared on its body and quickly covered its neck!

“Shua!!!!!!”

The piece of ice was instantly shattered and a deep wound was left on its neck.

Fortunately, ice elemental world soul pets wouldn't spill blood. Otherwise, this Ice Pupil Unicorn's blood would have spilt everywhere.

When Ling Chan saw that Bai Yu was unexpectedly using an elemental world soul pet to stop his demon's attack, he couldn't help but silently laugh.

"Fire Punishment!" Ling Chan gave the Fire God Servant next to him an order.

The Fire God Servant's eyes flashed with a scorching, luminous gaze. A fire god punishment descended from the skies and landed where Bai Yu and the Ice Pupil Unicorn were. In an instant, an enormous pillar of fire surged up from where the light landed and beautifully, yet terrifyingly erupted like a volcano.

The Ice Pupil Unicorn stepped hard onto the fire pillar surging to the sky. The ice froze into a piece of glacier that abruptly smashed downwards and pushed the pillar of flames down!

Due to the attribute counter, the Ice Pupil Unicorn's techniques were able to suppress the Fire God Servant. After destroying the fire pillar, the Ice Pupil unicorn floated into the sky.

Countless ice clouds were already floating in the sky, raining down white snow that filled the air against the violent wind above this ruined city.

The Ice Pupil Unicorn's eyes slowly changed, turning from icy snow into vacuous eyes. Its mental power filled the sky filled with flying snow.

Under its mental control, the icy clouds and icy snow turned biting cold from their original softness!

The huge snow was everywhere. The violent wind was unable to shake it. The snowstorm condensed in the air, transforming into various icy snow weapons that were enormous and imposing!

Large icy snow blades, icy snow heavenly swords, icy snow earth axes, icy snow spears and various other sharp icy weapons hung, glitteringly, in the sky. In between the heaven and hearth, they let out low hums.

With a single order, these enormous weapons whistled across and flew towards the Fire God Servant and Alliance Master Ling Chan!

The Fire God Servant began to chant, transforming its body into a fire shield that hovered in front of Alliance Master Ling Chan.

The icy weapons struck one after another. Each time the Fire God Servant-transformed fire shield received an attack, its body would slightly morph while the torrential flames would clearly dim.

An icy cold aura passed through the fire shield and struck Alliance Master Ling Chan.

Ling Chan couldn't help but shiver, and his face turned pale.

The loss of blood earlier took away much of his life force, and his resistance abilities had clearly dropped quite a bit. Now being struck by the cold air, it made him feel an indescribable bone-piercing cold.

The technique that filled the sky slowly dissipated. Ling Chan's lips had already been frozen purple. After waiting for the technique to end, his eyes suddenly turned venomous!

"Kill him!" Ling Chan gave his demon dominator an order!

The Ice Pupil Unicorn had just used an ice type technique and would not be able to give Bai Yu adequate defense. Although Ling Chan was angry, he understood that the moment he had an opportunity, he couldn't hesitate to attack this soul pet trainer. A defenseless soul pet trainer standing on the battlefield was extremely fragile!

Ling Chan's demon dominator was a Ghastly Bone Demon. The most terrifying ability of this creature was that after a single attack, only ghastly white bones would be left of the opponent!

Demon type techniques were not as boundless as beast or rock types. Nor were they as beautiful as elemental types. However, their single-target damage was extremely terrifying. Fatal single-attack strikes were all something attack type demons were experts at.

Ling Chan's demon didn't know any mental techniques. It was a pure offensive demon. Any prey that it targeted had yet to escape its fate of transforming into white bones!

Ling Chan, who was frozen like an icicle saw that the Ghastly Bone Demon had already unknowingly approached Bai Yu and a smile surfaced on his frozen purple lips.

At this distance, even the Ice Pupil Unicorn could not block or dodge. Bai Yu was also unable to summon other soul pets. Therefore, he was going to die!

"It seems that your mind has gone slow after being frozen. Die!" sneered Ling Chan.

Life or death was often determined in an instant in demon fights. Bai Yu had thought that Ling Chan's demon dominator had already retreated. He never expected this crafty fellow to unknowingly use a technique to slink around him!

If this demon had attacked his Ice Pupil Unicorn, then things would indeed be troublesome. Indeed, Bai Yu would be unable to take action and stop it. However, this laughable Alliance Master Ling Chan wanted to kill him?

“Shua!!!”

The sharp blade once more aimed for the throat. It was outlandish, quick and violent and fierce. Moreover, from this angle, it was impossible to dodge!

An evil silver light appeared in Bai Yu's eyes. In his eyes, the Ghastly Bone Demon's movements became a lot slower.

When the blade was aimed at him, Bai Yu didn't take a step. However, his body demonically shifted to the side as if he was just barely dodging the demon's throat strike!

After dodging, a deep silver devil flames suddenly ignited in Bai Yu's hands and he rapidly grabbed onto the Ghastly Bone Demon's tail!

The Ghastly Bone Demon's movements came to a sudden halt. Its demonic eyes looked in shock at the human that had grabbed its tail. Instantly, a soul-piercing cold passed through its whole body from its tail.

“Zhi zhi!!!!” the Ghastly Bone Demon painfully let out a sharp cry. Unexpectedly, it forcibly pulled and snapped off its tail. It then miserably fled back to its master!

Bai Yu didn’t chase. In terms of speed, he wouldn’t necessarily be able to beat this demon.

Holding onto half a bone tail in his hands, he casually gripped his hand. Instantly, a silver devil flame ignited and burned this tail to ashes.

Wiping off the ashes in his hand, Bai Yu looked at the pale-faced Alliance Master Ling Chan. With an evil and cold smile, he said: “It seems that you’ve bled too much, and your mind isn’t clear.”

The previous Four Supremes weren’t even able to kill this person despite combining forces. Thus, Ling Chan was too confident in attempting to use a single dominator rank demon to kill him.

However, it was hard to blame him too. Because he had used a “blood hourglass”, it wasn’t surprising that he would do some overconfident things.

Bai Yu sprinkled salt again on the Alliance Master’s humiliated wound, making Ling Chan, who thought he was unrivalled under the heavens, unable to spit blood even if he wanted to.

“Half Devil Bai Yu. I never expected you still had the half devil abilities!” Alliance Master Ling Chan sucked in a deep breath, and unexpectedly calmed the anger in his heart.

Since Bai Yu still possessed his half devil ability, then this fellow would become the greatest threat to him ruling over everything!!

“Hmph, but what does it matter. I don’t mind spending a bit more time to get rid of you.” said Alliance Master Ling Chan.

“Your Slaughter Beast was accidentally trapped in the Sealed Tower by me. To tell you the truth, I really can’t think of what soul pet your foolishly conceited person has to kill me.” fearlessly said Bai Yu.

Bai Yu needed Chu Mu’s two soul pets to help with the fight in order to buy enough time for the Three Great Palace’s people. Perhaps he wouldn’t be able to kill the Alliance Master, but if he wanted to leave, nobody would be able to stop him.

Alliance Master Ling Chan’s eyes flashed with anger. If the Slaughter Beast were here, Ling Chan would definitely be able to wipe out Chu Mu, Bai Yu and their soul pets.

However, Ling Chan never expected Bai Yu would have already schemed against him and taken advantage of his Slaughter Beast that was stealing the energy from the Sealed Tower to trap his soul pet inside.

There were only two people that could open the Sealed Tower. One was Mu Qingyi of the Mu Family and the other was Hero Chief Yuan Sui.

Right now, Hero Chief Yuan Sui had been tricked by Liu Binglan into fighting in the second layer of the sky. For a short while, he would not be able to open the Sealed Tower.

Bai Yu seemed to know everything about him. If his soul pets didn’t combine forces, he indeed would be unable to keep Bai Yu here.

Just as Bai Yu was silently pondering how to deal with the troublesome Bai Yu, a pained dragon cry rang out in the sky!

This dragon cry was not from Chu Mu's Spectral Hidden Dragon, but his Meteor Dragon!

The Meteor Dragon had lost!

Ling Chan hadn't paid too much attention to the Meteor Dragon's fight, because he was confident that absolute strength and defense of the Meteor Dragon would not be defeated by a small dragon.

He never expected that Chu Mu's Spectral Hidden Dragon was so strong that it could even defeat his Meteor Dragon!

Bai Yu looked up at this point at the spectral type Hidden Dragon. In his heart, he sighed with more praise towards Chu Mu.

In this fight, Three Great Palaces were indeed in a situation of inevitable loss, especially since after being struck by the heavy blow of being unable to summon the Seven Diagram Saint Kings.

The only reason Bai Yu had returned here was feeling guilty towards a few old fellows of Three Great Palaces. After repaying this favor, he would leave.

However, he never expected that the young half devil that had defeated him in Tianxia City had such outstanding strength now. Unexpectedly, he was able to fight Alliance Master Ling Chan alone.

Originally, Bai Yu only planned on saving a few people and then leaving. After all, him alone was not the opponent of the entire Soul Alliance. Now that Chu Mu, this freak, had appeared- this allowed Bai Yu to put his all into the fight.

Chapter 1070: Hundred Thousand Army of Soul Alliance? Million Strong Fairy Butterfly

The top of the prisoner platform was covered heavily in dark clouds.

These black clouds were completely made of grey eagles - dense- and constantly letting out shrill thunder-like calls, they were unbelievably cacophonous.

This was Hero Aide Lian Yan's army. This army was even more elite than their advanced army. Taking over the skies, the steel eagle king completely dominated the skies of the city.

Fighting hero aide Lian Yan was Mu Qingyi. Mu Qingyi's crown phoenix king wasn't much weaker in strength, but the three thousand eagle army provided a large obstacle to Mu Qingyi.

Furthermore, the icy death king was still an extremely large restriction towards the crown phoenix king. Though she had Ye Qingzi as her support, completely defeating these two people was still difficult.

"Qingyi, go look at the city center." Suddenly, Ye Qingzi warned Mu Qingyi.

Mu Qingyi used her soul remembrance to look over and indeed found an organism filled with dark purple thunder flying towards them. Following the organism, a group of emperor rank organisms followed!

Dead thunder type definitely was unique in this world, meaning the man on the dark purple organism is Chu Mu, while the people behind him were three palace elders!

“Chu Mu saved them.” Mu Qingyi showed joy.

Ye Qingzi was clearly relieved, but she quickly furrowed her brows.

Son of Heaven Wu Kuang and Hero Aide Lian Yan both weren't easy to deal with. Them combined were only enough to control them, and there was a giant eagle army much larger than the advanced army. If Chu Mu came from center city here to the undefeated inner city, he may quickly get surrounded by a hundred thousand strong army and stopped by Wu KUang and Lian Yan.

“We can't get in, so we won't be able to provide support for them.” Ye Qingzi glanced at the chock full iron fortress.

Now, the entire iron fortress already was a massive battleground. The army had transformed the fortress into a terrifying place to be. Ye Qingzi's poison rain already weakened a lot of their power, but the following army caused three palace to stop.

.....

At the same time Ye Qingzi and Mu Qingyi noticed Chu Mu, Wu Kuang and Lian Yan saw him as well.

“How did he escape? Alliance Master was guarding there!” Lian Yan said astonished.

“Let’s block him first!” Wu Kuang said annoyed. How was this Chu Mu still not dead, and dared to escape from his teacher.

As he spoke, Wu Kuang and Lian Yan no longer cared about Ye Qingzi and Mu Qingyi. They knew the two females didn’t dare to jump into the hundred thousand army while they watched, going straight into inner city and center city.

Wu Kuang and Lian Yan was slightly worried about Chu Mu now. After all, he instantly killed Mo Ling’s Tai Mountain Giant. That moment shocked even them.

So, this time when they went to stop Chu Mu, they specially lead 50 thousand troops with them as well.

The fifty thousand people had an average of three soul pets, meaning 150 thousand soul pets. With such a large amount, they stampeded through the city area and rendered all the structures into ruins.

“Longlonglong~~~~~”

The entire army caused the city to shake. On the thick streetways, they were full of beats. The skies of the city area were filled with wing type soul pet wings and a colorful elemental soul pet army floating with different energies!

The dense and imposing army created a massive tide of bodies, causing the elders to all become stern.

Flying in the air, Chu Mu furrowed his brows.

150 thousand soul pets casting techniques at the same time definitely wasn't any weaker than dominator rank.

Chu Mu could dare to go through anyways because dead dream could create a million fairy butterflies, while his own defense was unbeatable. The army wasn't too big of a problem for him.

However, the elders behind him were all elders. These elders were all wounded and weakened, so how could they withstand this?

Chu Mu naturally didn't go straight against this army. He brought the elders to a sudden new path, and went towards the nightmare palace's position.

"Want to run? Block him!" Son of heaven Wu Kuang was angered. Flying at the front of the entire team, he tried to use icy death king's ice territory to stop the three palace members.

Hero Aide Lian Yan wasn't slow as well. Behind him were three thousand eagles, so his steel eagle king was even more imposing!

Two dominator rank organisms were naturally much faster than the rest. Very quickly, the icy death king and steel eagle king were already behind Chu Mu and the other hundred.

"You enter nightmare palace first, I'll go delay them." Chu Mu said to the elders behind him.

Nightmare Emperor Jiang nodded and lead the others immediately to nightmare palace.

Nightmare palace's palaces were rather well protected. Nightmare emperor jiang knows the geography very well. He lead the others through the massive palace and quickly entered the inner parts of the palace.

Nightmare palace was already taken over by some soul alliance members, but these people were quickly taken over by soul emperor.

.....

"His soul pets don't seem to be beside him, its good time to kill him!" Wu Kuang glanced at Hero Aide Lian Yan and said.

Lian Yan nodded. He indeed didn't see Chu Mu meaning to summon. This meant his other soul pets should be in different places!

Without the Mo Ye, without the hidden dragon that could instantly kill Tai Mountain Giant, what was there to be afraid of?

Seeing Wu Kuang and Lian Yan run forward brainlessly, Chu Mu laughed.

They truly thought they were strong. Did they think Dead Dream was easy to defeat just because its aura wasn't released?

“Yi!!!!!!”

Dead Dream let out a call. Immediately, a sky covering screen of purple thunder appeared. The rolling city area and the vast skies were instantly dead dream’s territory now!

“Hong!!!!!!”

The massive dead lightning interlaced in the skies. Icy death king and steel eagle king frantically tried to dodge, yet the denseness of thunder and power was beyond their imagination. After the steel eagle king was hit, it fell heavily from the skies. The thunder strike caused it to lose the ability to even flap its wings.

The icy death king thought its powerful defense could easily block the thunder power, yet every dead lightning blow caused a shattering effect on icy death king. After a few hundred blows, its body was full of wounds, falling onto the ground like the steel eagle king.

Two dominator rank soul pets unable to block even a single technique, son of heaven Wu Kuang and Lian Yan were shocked again.

Where did Chu Fangchen get all these powerful dominator ranks!!

“Hong!!! Hong!!!!”

Dead lightning fell interlaced, creating a destructive aura that sent shivers down Wu Kuang and Hero Aide’s back. At this point, who dared to go against Chu Mu head on? They swiftly retracted icy death king and steel eagle king.

150 thousand soul pet army was much slower than Wu Kuang and Lian Yan. They saw the dominator rank soul pets get destroyed by dark purple phoenix. At once, their forward momentum was slowed by the sky covering dark purple thunder!

“Kill your way over! What are you waiting for, kill them!!” Son of heaven Wu Kuang saw the massive army hesitate and immediately got angry. No matter how powerful they were, it was just one soul pet. What did an army of 150 thousand army have to be afraid of?

Son of heaven Wu kuang yelled, but Lian Yan learned this time. He didn’t dare to run upwards and instead waited for the three thousand elite eagles to go forth before the army went towards the dead dream.

The feathers in the sky were like a cloud. They let out screeches as they pounced forward. On the ground, a tide of soul pets went forth, introducing a massive aura that filled all the streets. Chu Mu and Dead Dream stood between the three palace members and 150 thousand soul pets. They only stood in a crossroad. Compared to the massive army, they were tiny.

“Dead dream, deal with them.” Chu Mu leaped off and said calmly.

Dead dream nodded slowly and let its feathers disperse from its body, floating into the air.

“Pupupupu~~~~~”

Wings started flapping. Dead dream’s dark purple body of feathers all became dead thunder fairy butterflies. This fairy butterfly swiftly covered the roads densely!

Dead dream got shrouded in mottled light as more and more fairy butterflies, going from the original thousand to a few tens of thousands!

The fairy butterflies covered the nearby region. However, after the few thousands of fairy butterflies, even more fairy butterflies came out. They flapped their wings as they flew through the air in an orderly fashion, covering all the streets and nearly stacking to the clouds!

Far away, the hundred thousand fairy butterflies fell down like clouds, pressuring the entire city, unbelievably magnificent!

Clearly, the hundred thousand fairy butterflies weren't dead dream's max. Its black wings were still expanding. The roads were truly becoming a purple sea, eating towards the rest of the city!!

The fairy butterfly amount got more and more until it reached a few million!

A million fairy butterflies, this was more than ten times the amount of the 150 thousand soul pet army. Seeing the fairy butterflies stack up to the clouds, the soul alliance army were shocked, no longer having the courage to go forth!!
