

Soul Pets Bk2 1071

Chapter 1071: This Demon Must Be Retracted

“This.....what is this soul pet!!” Son of heaven Wu Kuang stared in shock and disbelief at this scene!

A million fairy butterflies, how massive of an army was that! The 150 thousand army was tiny compared to it.

“Pupupupu~~~~~”

Dark purple fairy butterflies covered the skies. Their bodies had dead lightning. Even without any techniques, they created shocking arcs of thunder!

The Fairy butterfly flapped its wings as it flew towards the 150 thousand soul pet army. The sky covering wings themselves had powerful cutting powers. Everywhere they passed, no matter how powerful the structure was, it would instantly shatter.

“Attack!! Quickly, attack!!!” Son of heaven Wu Kuang saw the army come, and finally recovered from his shock, yelling towards the army.

“Son of heaven, we’ll get wiped out!” the general stared at him like an idiot.

Son of heaven Wu Kuang’s command wasn’t necessarily obeyed by anyone. One had to know that it was an army ten times their size. Their world covering aura was too imposing for anyone to even think of fighting against it.

Wu Kuang was just about to roar in anger when he suddenly noticed that the general was already giving signals to retreat. His face turned steely at the sight!

“Wu Kuang, let’s retreat back from the fort first. The fairy butterfly army is too massive.” Hero Aide Lian Yan said.

Wu Kuang bit his teeth. Glancing far at where Chu Mu escaped to, his vision was completely obstructed by fairy butterfly wings. This caused the already dimly lit city to fall into complete darkness.

Lian Yan had already decided to retreat, so how would Wu Kuang dare to stay around? He immediately rode icy death king towards the fortress.

However, while alliance master’s people decided to escape, dead dream wasn’t letting them go this easily. The million fairy butterflies were still swiftly flapping their wings.

In terms of speed, fairy butterfly’s speed was much faster than soul alliance army.

“Pipa!!!!!!”

Thunder chains flew through the streets and left burning marks on the ground, going towards the soul pets behind the retreating soul pet trainers!

A fairy butterfly dead lightning technique may not have had that much aggression, but a few hundred or thousand fairy butterflies releasing lightning at the same time was enough to instantly kill the commander and monarch ranks!

Purple thunder arcs flew through the sky and chased after the soul alliance army behind. Slower enemies or ones who were struck would fall out of the retreating formation and instantly get devoured by the masses of fairy butterflies.

In front of the massive army, even hundred meter tall beasts were as tiny as ants. When the fairy butterflies' wings flew past, the hundred meter tall beast would be rendered into shreds.

The 150 thousand large army lost nearly a third of its forces during its retreat, while the giant eagle army in the skies suffered even greater losses. They were constantly attacked by advanced fairy butterflies, with at least a thousand giant eagles becoming lifeless by dead lightning blows!

The giant eagles' levels were all very high. The thousand eagles lots could make up for tens of thousands of other armies. Every time Hero Aide Lian Yan saw an eagle die, his expression became darker.

.....

"That..... What is that?" On Crown Phoenix King, Mu Qingyi watched with a shocked expression as everything was covered in darkness not far away.

"That's Chu Mu's dead dream." Ye Qingzi smiled.

Initially, in Xiangrong City, millions of fairy butterflies brought shocking visuals to the entire city. Yet now, dead dream's million fairy butterflies were much stronger than before. Their withering, weakening powers, and powerful dead lightning caused them to be unstoppable even against thousands of armies to

“Dead dream? That’s dead dream?” The rescued Teng Lang stared wide eyed.

The million fairy butterfly empire really was just Chu Mu’s dead dream? Wasn’t that soul pet too powerful to be reasonable? The entire soul alliance army in wanxiang city was but around a million, yet dead dream could create an army that large itself? Regardless of the army’s strength, this ability alone could cause enemies’ minds to collapse!

Mu Qingyi was also shocked. Low class dominator rank organisms were clearly much more powerful than she expected. If these million fairy butterflies entered battle, breaking through this inner city iron fortress wouldn’t be a problem.

The elders trapped in inner city would have to break through inner city defenses if they wanted to leave. Three palace’s armies were all slowly coming in from outside. Now that inner city also had a million butterflies on the inside helping, the soul alliance army fortress will fall no matter how sturdy it was!

.....

In wars of numbers, clearly no soul pet could do a better job than dead dream.

The million butterflies of dead dream should be able to destroy a large amount of the army and connected with the three palace people attacking the city, Chu Mu wasn’t worried.

“Chu Fangchen, why are we escaping to here?” Pang Yue asked questioningly.

Pang Yue saw dead dream become a one soul pet army to clear the way. Logically, they should go through with it. Hiding here meant a higher likelihood of getting surrounded by helping enemy forces.

Many people had the same question as Pang Yue. Yet, Pang Xing, Elder Pang, lightly patted his daughter's shoulder and pointed at some cracked surfaces, stairs, walls, and buildings.....

Pang Yue followed the finger and looked over. When she found that some bright red vines started coming out of the cracks, her face lost all its color!

She couldn't be more familiar with the vines. At the time, when three palace decided to leave wanxiang city, no one noticed the slowly writhing branches within the cracks. Yet, following was a terrifying nightmare to all of three palace.

Flower Demons came out of every inch of ground. They were as tall as ancient trees and created a path of death along the roads. It converted the city into a world for flower demons in a matter of minutes!

It was an ocean of flowers that brought only despair!

At this moment, these things appeared again!!

The other elders didn't forget the flower ocean either. Their faces slowly started changing as well.

"You stay here, wait until the fortress falls before connecting with the army." Chu Mu glanced at everyone and said.

“Where are you going?” Nightmare emperor Jiang said to Chu Mu, asking confusedly.

“I have a disobedient soul pet I have to retract.” Chu Mu’s gaze fell on wanxiang altar.

Since the flower demon army was already here, it meant the woman had noticed them here. Chu Mu used his soul remembrance to pierce through the thick clouds and gaze at the woman on the altar.

Pang Yue and Nightmare emperor Jiang were both utterly confused.

Pang Yue knew Chu Mu lost contact with many soul pets, yet she noticed that Chu Mu was gazing at Wanxiang Altar just now. Did wanxiang altar have a soul pet he had lost?

“These flower demons all come from one person. I’m going to deal with her, or else it’ll be very hard for you to leave later.” Chu Mu explained in a different way.

“But, you don’t have soul pets protecting you right now, it may be too dangerous!” Elder said.

Chu Mu shook his head and said no more, walking away outside the nightmare palace.

Walking out of nightmare palace, Chu Mu’s surroundings slowly appeared with dark purple fairy butterflies. They surrounded Chu Mu’s flying for a bit and lightly flapped its wings until they appeared in front of Chu Mu, becoming a dark purple fairy butterfly emperor.

Chu Mu jumped onto this sub-shadow of dead dream and told it to ride to wanxiang realm.

If this woman didn't appear, Chu Mu would make his way over personally!

The fairy butterfly flying speed wasn't fast. It brought Chu Mu through the clouds and slowly near the emperor concubine palaces of wanxiang altar.

The palace constantly let out alluring scents that could almost steal one's soul or at least affect one's thinking. When Chu Mu neared, he smelled it.

As Chu Mu neared this garden in the sky, he could already see a bridge covered in flower petals and branches extend from the cliff outwards.

This bridge extended for around a hundred meters and seemed almost floating in the air. At the end of the bridge was a simple fence.

It was like a leisurely corridor in the sky. If one stood there, one could see the entire majestic and powerful wanxiang city.

Chu Mu rode the dark purple fairy butterflies on the center of this bridge. When he fell, the dark purple fairy butterflies split up and became shadows that slowly disappeared aside Chu Mu.

Chu Mu didn't walk forward. He stayed in the center watching the woman at the end of the bridge.

This woman had a head of purple hair that reached her lower back. She had no adornments on her. The only thing she wore was a long purple robe that revealed a perfectly sculpted calf and delicate feet.

The fog rolled around the bridge. A purple-haired purple dress beauty stood within the bridge, graceful and elegant, seemingly immortal and pure.

This was a beautiful scene.

However, like many flowers, she was breathtakingly beautiful but the branches were covered in poisonous liquid. A mere touch could be lethal.

Chu Mu was completely immune to these attractions now. Seeing her back image, Chu Mu mocked coldly, “Standing so high up, aren’t you ever afraid of falling and dying?”

Defector young girl seemed to know Chu Mu would come. She was still looking over the nearly ruined city in reminiscence and said, “I’ve only taken a single step upwards. Oh, but for you it seems a little high.”

Just a step? Chu Mu truly couldn’t guess how ambitious this woman was.

However, this demon had to be retracted today, he couldn’t let her continue doing evil!

Chapter 1072: Empress Concubine, Chu Mu’s Soul Pet?

“Yi~~~~~”

In the sky, a gorgeous sun descended. The golden light illuminated the surroundings, gorgeous lighting everything.

The golden flaming figure beat its wings and circled above the bridge.

The person riding on the golden phoenix was Mu Qingyi. She was presently cautiously watching the purple long haired woman at the end of the bridge.

Ye Qingzi was riding with Mu Qingyi. Chu Mu glanced up at these two women. He knew that they were worried for him and had braved through danger to break out of the army encirclement to come there.

“Qingyi, wait...” Ye Qingzi saw that Mu Qingyi was planning on flying down to help Chu Mu, but told her to stop.

Mu Qingyi looked confusedly at Ye Qingzi. The one controlling the Flower Demon Empire was definitely Empress Concubine Chu Xi. Only by getting rid of her as fast as possible could the people from the Three Great Palaces successfully retreat. If things were dragged on, and the Flower Demon Army appeared, the situation could very well reverse itself. Indeed, the power of the Flower Demon Army from back then had been personally witnessed by Mu Qingyi.

“Let him deal with it himself.” said Ye Qingzi.

She had heard Chu Mu speak about the humiliation he suffered from his first pet a long time ago. Chu Mu, with his unrelenting effort, probably had always been waiting for the day he would be able to step on this defector woman.

This was a battle that Chu Mu had to fight!

This was destiny between Chu Mu and his defector soul pet. Ye Qingzi believed that Chu Mu wanted to use his own strength to retrieve his dignity!

Mu Qingyi watched the blood-clothed man, and the purple dress woman standing on the bridge. From their expressions, she could see that the grievances between the two were not just ordinarily deep. It even seemed to reach an irreconcilable extent.

Mu Qingyi remembered when she teased him about the two of them having the “Chu” surname. Now looking at them, she was extremely shocked in her heart.

“What grievances do they have between them?” Mu Qingyi looked at Ye Qingzi, hoping for an answer.

.....

“Wu wu hu hu hu~~~~~”

An ice-cold violent wind swept its way over. Ye Qingzi was about to answer when she turned around and found that Wu Kuang and Lian Yan had already caught up.

Not far away, the Icy Death King circled around and the Steel Eagle King were flying side by side. The two men were looking fearfully at Chu Mu and only dared to fly above the bridge.

“Your majesty, you’re fine, right?” the two of them asked. Their voices contained traces of flattery.

The Empress Concubine didn’t answer them. Her eyes remained fixated on Chu Mu with coldness.

The flower vines on the wooden railings began to slowly move. The defector woman took a step forward and instantly, the flower sprays began to extend outwards towards Chu Mu.

Her mind was able to control any flower type plant at will. Moreover, all of these flower type plants had been planted where nobody knew, and would mysteriously grow and blossom.

Her aura also contained enormous life force and wherever she went, all living things would feel recovered and filled with life. Moreover, all living things would serve her, becoming a devoted soldier, listening to their queen’s orders.

Compared to the time in Xiangrong City, she had grown much stronger, and the power she possessed had become even stranger and mysterious.

The Empress Concubine ignored those two men and continued to slowly walk towards Chu Mu.

“You simply don’t understand anything, yet still barge straight through like a madman, ruining my plans and obstructing my matters...” the original calm in the defector woman’s eyes slowly turned to ice cold and anger.

The flowers began to move faster, and Chu Mu could even feel the sprays behind him in the grand palace restlessly move!

“Right now, you are nothing more than someone who managed to climb out of a well with a spurt of energy. You don’t realize that the sky is even higher than you can see!” the defector woman pressed closer step by step. Her voice was abnormally cold.

The moment her voice faded, countless dancing sprays appeared on the immortal bridge. Like colorful enormous dragons, they wildly danced around the bridge in the skies!!

Each one of the holy blue-colored death flowers emitting dangerous auras blossomed. These holy flowers didn’t have malevolent and sharp teeth, nor did they have imposing eyes. However, they were much more terrifying than savage beasts!!

When the deathly flower domain was released, Chu Mu, who was covered in fresh blood, continued to stand there. The defector woman’s overbearing and contemptuous attitude made Chu Mu think of Tianxia City, when her puppet had spoken to him with that attitude. Indeed, that puppet was a genuine illumination of this woman’s heart!

Chu Mu’s expression was very calm, but Son of Heaven Wu Kuang and Hero Aide Lian Yan were both shocked!

They had hastily rushed over in order to protect the outstanding Flower Queen. However, they presently felt that the aura on her was stronger than theirs.

Until now, either Xia Zhixian or Hero Chief Yuan Sui had accompanied Empress Concubine Chu Xi. Practically everyone believed that Empress Concubine only had a special ability to control flowers, but no fighting strength.

However, when they felt the dangerous flower aura, these two men who had planned on flattering and currying favors felt quite a bit of disbelief!

This woman who looked as if she would seem very sad over the death of an ant was now emitting such a terrifying aura!

On the golden phoenix, Mu Qingyi also showed shock.

Until now, she had been crowned as humanity's strongest female soul pet trainer. Even she had believed in this. How would she expect the Empress Concubine Chu Xi to be able to make her heart palpitate merely by releasing her aura.

"This woman has hidden herself too deeply!" Mu Qingyi took in a deep breath.

Ye Qingzi had obviously witnessed the power of the defector woman. Only, she felt that this defector woman was much stronger than in Xiangrong City.

"Didn't you ask me how Chu Mu's first, second, third, and fourth souls were lost?" softly asked Ye Qingzi. She began to say what she was going to say before being interrupted.

Mu Qingyi nodded her head. Chu Mu's lost souls were something Mu Qingyi had always been confused about.

It was after knowing Chu Mu's identity as Tianxia's King that she came to know Chu Mu had three soul pets scattered in the wilderness.

Of these three soul pets, the first one to return was the Warbeast Mo Ye. It had powerfully defeated Son of Heaven Wu Kuang's Icy Death King and killed the Fighting Heaven Horned Beast King. Mu Qingyi had witnessed this, and the shock from that fight was still deeply imprinted in Mu Qingyi.

The second to return was the dragon that Chu Mu had mentioned before. Mu Qingyi thought that it was a Empyrean Cyan Hidden Dragon, but after learning it was an offspring of an Empyrean Cyan Hidden Dragon, she had let out a slight sigh of relief. She thought that if Chu Mu had an Empyrean Cyan Hidden Dragon, his strength would be too terrifying.

However, what she never expected that Little Hidden Dragon who returned was even more terrifying than Empyrean Cyan Hidden Dragon. With a single technique, it instakilled Fourth Hero Mo Ling's Tai Mountain Giant!

As for the third soul pet, Ye Qingzi had mentioned it was a Night Thunder Dream Beast that was still probably wandering in the wild. It would be difficult for it to return for the time being.

As Chu Mu's soul pets gradually returned, Mu Qingyi felt continuous shock.

At the same time, she realized something very strange: Chu Mu clearly had five souls ,and if he kept one soul on him and three souls were wandering in the wild, that was only a total of four souls. Wasn't there still one more soul?

Mu Qingyi had naturally asked Chu Mu this, but Chu Mu had seemed like he didn't want to answer this. When she had inquired with Ye Qingzi, Ye Qingzi had also seemed hesitant. She told her that this matter was a bit complicated, and didn't say anything else.

Right now, from Ye Qingzi's words, it seemed that she was going to explain how the first soul was lost.

But Mu Qingyi was unable to figure out how the first soul had anything to do with Empress Concubine Chu Xi.

“Chu Mu’s first soul has actually always been occupied, but he’s been unable to summon it.” Ye Qingzi finally said.

“Occupied? A defector soul pet?” Mu Qingyi’s reaction was very fast, and she instantly guessed this possibility.

“Yes, it defected not long after he stepped into the soul pet trainer realm. It has always occupied his first soul, almost preventing him from becoming a soul pet trainer.” said Ye Qingzi.

The soul pet trainer’s first soul was very important. If it defected at the very beginning, then the soul pet trainer which needed to rely on soul pets to increase their soul remembrance would have extreme difficulty climbing up the ranks. There was a high chance they would become a useless person.

Mu Qingyi was extremely shocked to learn that Chu Mu’s first pet had defected the moment he had stepped into the soul pet trainer realm. Thus, this meant that Chu Mu had spent much more effort than normal people to reach where he was today!

“Could his defector soul pet be related to Empress Concubine Chu Xi?” asked Mu Qingyi.

“Not related...” Ye Qingzi shook her head and pointed at the purple hair and purple dressed, beautiful woman on the immortal bridge and said: “The defector soul pet is her!”

Mu Qingyi was stunned and questioned whether she had heard incorrectly. She asked: “You’re saying that Empress Concubine Chu Xi is Chu Mu’s soul pet?”

Ye Qingzi nodded her head.

“She... she is a person. How... how could she sign a soul pact with a soul pet trainer?” Mu Qingyi bitterly laughed and naturally didn’t believe it!

A human type soul pet? Didn’t these normally only appear in children's stories?

Aside from the Empress Concubine Chu Xi possessing a few flower type soul techniques, no matter from which angle you looked, she was exactly the same as a normal human. How could she be a soul pet?

Mover, how could there be such a human soul pet with looks that neared a demoness and with terrifying intellect?!

“Qingyi, you aren’t joking, right? Empress Concubine Chu Xi is Chu Mu’s soul pet...” said Mu Qingyi.

In reality, when Ye Qingzi learned of this herself, she also was in slight disbelief. Only, whether this was reality or not would quickly be disclosed.

.....

Ye Qingzi and Mu Qingyi's discussion had been spoken aloud. Son of Heaven Wu Kuang and Hero Aide Lian Yan could both hear.

"Truly a bunch of rubbish. If you continue using these words to slander our Flower Queen, I, Wu Kuang, will be the first to not let you off!" at this moment, Wu Kuang roared with a red face.

What kind of a joke was this? The perfect goddess Empress Concubine was Chu Fangchen's soul pet??

Wu Kuang and Lian Yan had both heard preposterous stories, but never heard a story this preposterous!!

Chapter 1073: I've Said Before That You Will Become A Slave

"Zhi zhi zhi zhi~~~~"

Underneath the Wanxiang Altar, the surface of the ground mysteriously fissured. Purple colored sprays filled with thorns slowly extended up the stairs, mountain paths of stony roads of Wanxiang Altar.

The entire Wanxiang Altar was several thousands of meter tall, reaching the clouds. The sprays, vines and thorns slowly and strangely pierced through and covered the palaces.

They continuously grew and developed. Unknowingly, half of the magnificent and enormous Wanxiang Altar had been covered by the plants.

These items seemed like the devilish claws of starving creatures. At any moment, they could drag someone into their thickets and while crisscrossing in the thickets, terrifyingly rip them apart.

Chu Mu glanced at the blue plants that were unceasingly growing, before staring coldly at the woman walking step by step towards him.

From the eyes of this woman, Chu Mu could see a profound anger.

This woman had reneged on an agreement and violated a soul promise. Yet, she still blamed him. This evinced that the defector woman was sick in the head, arrogant, narcissistic, and delusional.

“Hu hu hu hu hu~~~~~”

A violent wind swept past, blowing the fragrance from her body to Chu Mu.

But what Chu Mu smelled was not an infatuating fragrance, but a dangerous smell. It was even more terrifying than the soul pets Alliance Master Ling Chan had summoned!

Simultaneously, Chu Mu could feel the first pact, which was normally like stagnant water, ripple. It made his heart beat!

The mental ripple transferred the emotions, coldness, and anger of the Empress Concubine!

It seemed that she had already removed the soul restriction. Chu Mu could clearly feel the mental rebelliousness and violation from the agreement!

All of Chu Mu's other soul pact gave Chu Mu a warmth, familiarity, and spiritual connection. Only the first pact, a full soul, gave him a prickling sensation all over and prevented Chu Mu's mind from entering!

Chu Mu watched her walk close and unknowingly, the surrounding coiling sprays and flowers began to eye him like a tiger watching its prey.

“Sou sou~~~~~”

Suddenly, the sound of an extremely fast running rang out behind Chu Mu.

A completely red demon without any fur outlandishly appeared behind Chu Mu and almost instantly reached his side.

In an instant, the suddenly appearing demon swept past Chu Mu, its long and bloody claws pressed down on Chu Mu's neck. It seemed like it was going to pierce Chu Mu's blood vessels.

The appearance of the blood red demon stunned Mu Qingyi and Ye Qingzi. They clearly didn't notice when this soul pet had appeared.

The demon's imposing and cold claws gripped Chu Mu's neck. At this moment, a piercing laughter rang out from behind Chu Mu.

“Tch, did you know that I don't have any addictions except for hiding in a chaotic fight, and then choosing the most optimal time to get rid of the most important person. Of course, it is because of this that many hostile deadlocks were broken because of me. However, I enjoy this feeling of

change, reversing the situation and surprise.” the man behind him let out a sinister laughter. His voice gave others a very uncomfortable feeling.

Hero Aide Lian Yan and Son of Heaven Wu Kuang were both stunned. They also didn't foresee this person to appear at this time. It indeed was without warning and without preparation.

The person sneak attacking Chu Mu was Underground King Yi Jun.

From the very start of Chu Mu's fight with Soul Alliance, Yi Jun had been hiding in the dark. He hadn't taken action because Chu Mu's continuous summoning of powerful creatures had made him slightly afraid.

It wasn't until now when Chu Mu faced off against the Empress Concubine that he sensed Chu Mu's entire attention focused on the Empress Concubine. Nobody noticed his existence.

This was definitely the most optimal opportunity to assassinate him. Therefore, he didn't hesitate to summon his Blood Drinking Demon King.

Yi Jun wasn't sure if Chu Mu still had other soul pets, but since his demon had already placed its claws on his neck, having other soul pets was of no avail. He only needed to slightly move his soul remembrance and blood would definitely fill the stage.

“Haha, Yi Jun, you are truly patient!” seeing Chu Mu's throat being gripped, Son of Heaven Wu Kuang instantly let out a loud laugh.

He had figured Chu Mu had another trump card. Yet, this fellow ended up being caught. This Yi Jun was indeed the Underground King - a proficient killer.

Yi Jun laughed in satisfaction. He slowly walked past Chu Mu, clearly walking up to the Empress Concubine to receive credit.

Presently, everyone in the Soul Alliance higher ups knew that the person with true authority wasn't the Hero Chief, but rather the woman in front who didn't have a speck of blemish on her. Underground King Yi Jun was unwilling to forever remain underground. He wanted to become a Hero!

"How can I trouble Your Majesty to take action for such an enemy. I have already taken him down and Your Majesty can do whatever you like with him." Yi Jun gave a respectful bow and spoke with flattery.

The first group to have ever devoted themselves to the Empress Concubine was Yi Jun's Underground Palace. Therefore, their sincerity was even higher than other people. Yi Jun was also one of the very few people who knew how powerful and scary this female master was.

Yi Jun was half-kneeling and waiting for the Empress Concubine's praise when he suddenly discovered the purple dress float past him.

Yi Jun was stunned, and watched this bewitching figure slowly walk past.

She didn't even look at him!

"Mi!!!!!"

Suddenly, a miserable cry rang out from behind him. It was mournful and in pain!

Yi Jun was extremely familiar with this cry because it was his demon's voice!!

Yi Jun turned around full of shock and abruptly saw the demon now being grasped with one hand by the head.

“Beng!!!!”

Underground King Yi Jun wasn't able to react as he watched this demon, originally restraining that man, have its head gripped until exploded by that man using his arm strength!!

Brain and blood flew everywhere, pasting the immortal bridge filled with flower petals. It splashed over Chu Mu's clothing which had dried to a dark-brown color.

Splattering blood dripped from between Chu Mu's fingers. As if Chu Mu was throwing away trash, he threw the demon which head had exploded under the bridge. His cold and arrogant silver pupil eyes didn't even glance at it!

Yi Jun was completely stunned!!!!

The soul rupture surged into his mental world, and Yi Jun dropped to a full kneel as his face instantly paled.

Even if this had happened, Yi Jun's face was full of disbelief: A soul pet trainer had used a hand to crush his soul pet!

Wu Kuang and Lian Yan who were about to come down from the skies were also stunned. They looked at the corpse dropped down from the floating bridge with wide eyes!

The Blood Drinking Demon King was the dominator demon Yi Jun was most proud of. It was humanity's strongest assassination soul pet. Even if it was only a normal dominator rank, it was still the strongest demon in human territory aside from the Alliance Master's demon!!

Yet it had been instakilled!!!

Even more shocking was that it had been killed with a single movement of Chu Mu's hands!!!

Presently, Wu Kuang and Lian Yan's conception of ranks had been turned on their heads!!!

“Hu hu hu hu hu~~~~~”

A silver devil flame quietly ignited underneath Chu Mu's feet. The ghastly cold covered Chu Mu's body.

His upright body transformed into a mercury-cast body, looking extremely demonic. He resembled a devil god from another world that had descended onto the humans!

His demonically silver pupils blossomed with an imposing lightning and his face was filled with silver devil flames. He clearly wore a serious and stern expression, but for some reason, one could feel a mysterious smile hidden underneath this silver mask.

“What... what is this!!!” Wu Kuang looked at the half devil transformed Chu Mu. Once again, he was so shocked by the scene in front that his thinking went chaotic!

Transforming into a devil from a human. The devil flame aura released was so cold it reached his bones and penetrated his soul!

Hero Aide Lian Yan glanced at the silver devil Chu Mu. Abruptly, he remembered that when Ye Qingzi and Mu Qingyi had been talking about Chu Fangchen, they had called him Chu Mu, not Chu Fangchen.

"Chu Mu... Chu Mu..." Hero Aide Lian Yan repeated a few times as his face slowly froze.

“He... He is Tianxia King Chu Mu!” finally, Lian Yan had a flash of understanding.

“Tianxia King Chu Mu. That person transformed into a devil!” Yi Jun slowly stood up. His heart was in shock!

A devil transformed person. This was that devil transformed person!!

“Hu hu hu hu hu~~~~~”

The silver devil flames ostentatiously danced about. The surrounding restless flowers of death no longer dared move forward. The branches under Chu Mu's feet also voluntarily retreated in fear to the Empress Concubine's side.

"It indeed is you!!" the anger in the Empress Concubine's eyes was even deeper!

Chu Fangchen, Chu Mu, and the silver devil. This fellow had ruined her major event, injured her, and engaged in a huge slaughter in Wanxiang City, stopping her from controlling everything. The anger in the Empress Concubine's heart was even deeper!

After transforming into a half devil, Chu Mu's entire being exuded an evil aura, completely the opposite of the defector woman's holy flower aura.

A feeling of hatred surged up in Chu Mu's heart. Last time in Xiangrong City, Chu Mu had been able to fight to his utmost.

"When I was in Tianxia City, I told you that as long as I, Chu Mu, was still living, there would be a day when I slaughtered my way into Wanxiang City and kicked you off your arrogant godly altar." Chu Mu's mouth curved into a smile while exuding a deeply evil and devilish expression. His silver eyes seemed even more mysterious and terrifying.

"Moreover, I also said that I wouldn't kill you, but capture you into my soul pet space and degrade you into my slave!"

"The things I, Chu Mu, have said, will absolutely be done!"

Empress Concubine Chu Xi took a deep breath in order to quell the nearly unrestrained anger in her heart.

She had indeed underestimated this mans' patience. Nor did she ever expect Chu Mu to genuinely stand in front of her one day. Moreover, this was also the same silver madman who had injured her in Xiangrong City and killed countless of her flower demons!

Perhaps, because in her heart she never believed that Chu Mu would reach the heights of today that she never linked him to that silver devil.

Yet, reality evidenced that he truly had appeared!

The word slave was exceptionally piercing in Empress Concubine Chu Xi's ears! Only others would submit to her! She would never become the slave of others!!

Chapter 1074: Sacred Flower Devil Flame Duel

The silver devil flames were even darker now. The raise in soul remembrance caused Chu Mu's power to raise as well. Half devil Chu Mu himself was already not far from low class dominator rank. This raise in soul remembrance caused him to become three ranks higher than normal pseudo dominator ranks.

If Yi Jun's demon hid far away, Chu Mu may not have been able to attack it. However, this thing stood right in front of him, which was no different from looking for death.

“Zhizhi~~~~~”

Vines and branches started knotting together behind Chu Mu. The plants were already wrapped in the entire Wanxiang Altar. The countless structures of palaces were now covered in plant mountains reaching the skies with blue deadly flowers hanging off the side.

The defector young woman was only ten meters away from Chu Mu. Her cold eyes blinked with a purple blue glow!

Everywhere, the deadly flowers opened up like the reaper's gaze. Deep within the flower grew a deep blue glow of energy!

“Bu~~~~Bu~~~Bu~~~~~”

All the death flowers released a blue energy pulse. The blue energy burst through the space and all went towards Chu Mu. These rings of blue rippled outwards like the ocean. At the same time, this energy was filled with destructive force. The entire bridge disintegrated into countless pieces and fell from the skies.

All the energy intersected where Chu Mu was. Chu Mu glanced at the Emperor Concubine just ten meters away, and glanced using his other pupils at the blue pulses that went towards him from behind.

Chu Mu coldly laughed, the devil flames on his body suddenly becoming powerful. His body also quickly disintegrated under the devil flames.

Behind Emperor Concubine Chu Xi's appeared silently burning with devil flames. From within the flames showed an evil face slowly appear. Soon following, the silver body and slender arms came.

In the devil flames, Chu Mu extended his hand. The palm was directly faced towards Chu Xi's neck!

At this moment, the technique defector young girl cast was flying straight towards her, while behind her, the silver half devil's palm was gathering a restless energy!

Spatial Burst!

The space within the palm suddenly distorted and exploded!

The energy was enough to destroy a body of flesh completely. After the shrill sound, Chu Mu saw the defector young girl's body blast into countless pieces because of the spatial explosion.

However, blood didn't spill outwards. Her body's fragments slowly disappeared with flickers of light.

Chu Mu lifted her head to find the defector young girl appearing at the top of the Wanxiang altar, covered in plants.

"A fake one." Chu Mu humphed. Clearly, this woman also had a technique to instantly switch spots.

With the defector young woman gone, all the energy pulses from the flowers of death again attacked Chu Mu. This time, he couldn't cast displacement specter in time anymore.

Chu Mu's right hand that cast spatial burst didn't retract. Suddenly flipping his palm, a spatial whirl appeared in his palm, spinning rhythmically!

Wind cave!

The space became a whirlpool that ended within Chu Mu's balm. The thousands of energies became streams of power that poured into Chu Mu's hand.

Absorbing all the energy into another space, Chu Mu tightened his grasp, letting slivers of black energy slowly leak out from his fingers.

Reversal!!

The blue energy was made black and was imbued with a dark corrosive power.

The layers of black energy flipped around and shot towards Wanxiang Altar's tangle of plants!

“Weng~~~~~”

Wanxiang altar started shaking. The top part of the plants were disintegrated, leaving a large part bare.

Chu Mu flew into the air. With a slight wave of his hand, Chu Mu summoned nine silver devil flame dragons into existence!

These dragons were a few thousand meters long. When they travelled around Wanxiang altar, lighting up the air around Wanxiang altar!

The dragons flew through imposingly, spreading devil flames everywhere. Immediately, the skies of Wanxiang altar became a magnificent sea of flames!

The clouds were below while the sea of flames were above, creating a duo layer of darkness and flames. Between the cloud and flame sea was the highest point of Wanxiang altar. Emperor Concubine stared at the flames and her expression turned grave.

The plants that surrounded the entire Wanxiang altar was Emperor Concubine's territory. It was something she could control easily and release destructive energy,

Similarly, Chu Mu had a devil flame sea territory. This territory's power was far superior to defector young girl Chu Xi's plant mountain!

What caused defector young girl to furrow her brows was, Chu Mu's devil flames were fire type, and could directly burn her soul. Though she already gave her plants fire resistance, the flames were never powerful because of their burning power; they were powerful because of their damage to the soul.

Soul attacks couldn't be blocked by water type. This meant she likely would get her soul wounded, just like last time.

Just as she was considering the pros and cons, she suddenly noticed the silver devil man ride the massive flaming dragon downwards, pushing towards her!

Emperor Concubine Chu Xi glanced at Chu Mu. He was still fighting like in Xiangrong City, like an absolute maniac.

A hint of violence rising in her heart, defector young girl used her mind to control her plants beneath her feet.

The blue death flower suddenly blossomed with petals. The petals fell all around, leaving sharp routes behind them and becoming a storm of flower blades!!

The moment the petal storm appeared, all the clouds were completely dissipated. The devil flame dragon that Chu Mu rode was cut into countless pieces and became harmless sparks.

However, this didn't matter to Chu Mu. Chu Mu's body sprouted with even more powerful devil flames.

Devil flames raised up with even more power than before. It was as if the sun fell into the mortal realm. Even the high Wanxiang altar seemed tiny under this devil flame sun!

“Huhuhuhu~~~~~”

Devil flame aura battered Lian Yan and Wu Kuang. Seeing the two disastrous techniques fall, their faces were stiff.

Any amount of Tai Mountain Giants could get killed by these techniques!

Chapter 1075: Flower Demon Empire? Nightmare Empire!

Devil Flames covered the skies, bringing down heavy destruction onto the entire top of Wanxiang altar.

Silver flames shone, causing the entire Wanxiang city to turn pale in the light!

The flower storm was easily scattered. However, just before Wanxiang altar was destroyed, massive blue flower petals suddenly closed together, protecting defector young girl and the entire Wanxiang altar!

Wanxiang altar was a few thousand meters tall, yet this flower shield could encompass its entirety. One could see just how shockingly large the flower shield is by that!

At the center of the city was a flaming sun, while around the center was a massive flower shield that even people in outer city could see. Both three Palace members and soul alliance members stared in shock towards the Wanxiang altar.

Under the blue shield's protection, the devil flame sun became merely a pushing force that caused the entire Wanxiang altar to tilt and seem to collapse.

However, the layers of plants on the Wanxiang altar gave it surprising resilience. The few thousand meter Wanxiang altar tilted around thirty degrees, casting a long shadow upon inner city.

Nightmare Palace's position, Elder Liu, Nightmare Emperor Jiang, Elder Pang, and a few hundred other three Palace experts all lifted their heads and watched the tilted Wanxiang altar slowly stop and hover within the sky, the shock on their faces completely undisguised!

Now, they could clearly see that around Wanxiang altar's tip, a devil that seemingly came from a different world was steering the flame ocean, raining down destruction. Its special evil and other nature battered their minds!

Yet, the sacred blue flower queen with all her flowers equally sowed disbelief within them. The massive sacred blue flower shield was probably something even dominator rank organisms had trouble with!

“That is....” Nightmare Emperor Jiang’s face twitched.

Indubitably, that was a half devil!

Yet, why was such a powerful half devil here. Wasn’t that where Chu Fangchen went towards?

“Why do I feel like he seems like Chu Mu.” Pang Yue, who knew Chu Mu better, said quietly.

Her sentence immediately reminded everyone that this half devil indeed seemed similar to Chu Mu in many ways!

“He is Chu Mu.” At this moment Elder Liu, Liu Xin, slowly spoke.

Everyone’s gaze fell on Elder Liu with confusion, waiting for more.

“His original name should be Chu Mu, and he’s in his half devil state right now.” Elder Liu gazed far at the silver devil shadow.

“Chu Mu, Elder Liu, you mean Chu Fangchen is Tianxia Realm throne Chu Mu?” Nightmare Emperor Jiang said stunned.

Realm Throne King Chu Mu was someone everyone knew. However, who would think that the prodigy that came from nowhere, Chu Fangchen, was the same person that the whole world felt sorry for after turning into a devil?

Pang Yue covered her mouth in shock. No wonder he was full of secrets!

Thinking back to how she spent a whole year with a person who could change into half devil at any time, Pang Yue was even more scared.

However, just as Pang Yue was about to continue asking, she suddenly noticed her surroundings writhing!

“Elders, the vines are extending!” Just as everyone was dazed by Chu Mu’s real identity, Pang Yue suddenly yelped.

Everyone regained their senses and indeed noticed that the vines started extending into Nightmare Palace!

The ground split open, revealing soft roots that slowly crawled out of the hard rocks and grew upwards.

Starting with one or two, it quickly reached a few hundred in number around them. These roots would immediately wrap around any obstacle in its path of growth and continue to grow in further empty space!

“The flower demon army appeared!!” Elders never would forget the flower army’s appearance last time. This was identical to how it happened that day!

Blue flower demon scattered along the streets, on courtyards, over roofs, taking up any empty space possible.

These flower demons were different from normal plants. They were very invasive of sunlight, nutrients, and even the life force of nearby organisms.

The fierce flower demons grew frenziedly. Some were already towering trees. When some elders went out to scout things out, they noticed that the Nightmare Emperor Palace’s complicated streets were already the forest of flower demons, too dense to even see the sun!

The massive flowers were like a prehistoric forest that covered the entire city. Flying into the skies, Mu Qingyi and Ye Qingzi looked down to see a sea of blue. This sea of danger and beauty covered everything, causing them to be unable to guess the amount.

“Flower demon empire!” Ye Qingzi saw this terrifying empire in Xiangrong City before.

At this moment, the massive flower demon empire appeared in Wanxiang city. The three Palace armies would all die no matter how many there were!!

Mu Qingyi saw this, and her face turned pale!!

The flower demon empire's numbers and strength weren't inferior to the devil tree empire in lost desolation garden anymore. Even dominator ranks couldn't move freely through this world. A slight miss and they may even be swallowed by the flower demon tides!

Mu Qingyi looked worriedly at Chu Mu. Emperor Concubine's own strength wasn't any inferior to half devil Chu Mu. With an uncountable amount of flower demons appearing, turning the entire Wanxiang City into a flower empire. Falling deep in the flower demon empire, Chu Mu would definitely be heavily restricted!

The silver devil floated above the flames. Chu Mu watched the woman standing silently on a blue flower.

Now, Chu Mu could see an easy smile in her eyes.

"This is the result of your rash dashing in. I will dismember you into countless pieces and feed it to these flower demons that I trained." Defector young girl laughed and said.

Emperor concubine could freely control any flower demon. This meant the entire flower demon empire was her power. In this territory, her strength was equivalent to two extra ranks. These two ranks could easily destroy Chu Mu!

Almost forgot, you still have to save those people. However, they're much luckier than you. I still need their loyalty to manage this empire that I spent quite a while taking over." Chu Xi said.

Chu Mu's expression didn't change, completely ignoring the advanced flower demons around him that appeared.

Seeing the defector young girl stand there, arrogant, Chu Mu slowly smiled coldly and said, “Have you forgotten that, in Xiangrong City, you also had a flower demon empire.....”

“Heng, you think I will believe South Forbidden City’s Nightmare Army appearing in Wanxiang City?” Emperor concubine of course wasn’t afraid of the bandit like white Nightmare army.

Xiangrong City sat at the southern end of the region. It made sense that Nightmare Army could run into the human territory. However, this wasn’t xiangrong city. This was the most developed city of all of human civilization, surrounded by countless kingdoms and cities. Nightmare army couldn’t possibly make it here!

“Did I say it was the forbidden realm Nightmare army?” Chu Mu smiled mysteriously.

If he didn’t have any preparation, how would Chu Mu walk into her flower trap like this?

Defector young woman furrowed her brows. Seeing the fellow smile like that, she got angry without apparent reason.

.....

Nightmare Palace sacred Palace

The sacred Palaces had absolute defenses, and were very hard to destroy.

After the city was taken over, Nightmare Palace's sacred Palace was sealed off and protected by people.

However, the people protecting were on the ground full of blood. Their corpses were also covered by the flower demons, and were slowly being digested.

"Shen Mo, are you done, they're almost blocking the door off." Soul pet Palace Qing Yutong said.

Shen Mo on the sacred altar didn't reply to Yutong and continued chanting.

After the last part of the incantation finished, the entire sacred altar suddenly appeared with pale flames. The flames burned until the bottom of sacred altar. Even the giant spatial gate was covered in flames.

The flames created a complicated devil flame diagram!

The diagram flashed with a blinding light, and suddenly split in the middle into two.

"Though I don't know why Chu Fangchen wanted me to open the Nightmare desolation ground gate, since he told me to do it, I might as well." Shen Mo slowly opened the gate and said.

"Maybe its to tell people to hide in there temporarily?" Qing Yutong said.

"How is it possible. Sacred Region Gate is single way sealed. If we hide in there and they seal it, we would spend the rest of our day there. It's no different from going straight to hell." Shen mo said.

“Ai, whatever, shouldn’t we go help others once we’re done, I think I heard Pang Yue’s voice.” Qing Yutong said.

Shen Mo nodded. They indeed need people right now. They have to go help them.

The sacred gate opened. Shen Mo no longer looked at it. He walked down the stairs but suddenly saw Qing Yutong stare pale faced in place, looking at the sacred region gate.

“Do what? Let’s leave!” Shen Mo said impatiently.

“You.....you.....look behind you.” Qing Yutong stammered and said with a face full of shock.

Shen Mo turned around and his body went cold, falling to the ground in fear!

What came into Shen Mo’s vision was a group of teeth baring white Nightmares!!

These white Nightmares were like hungry devils that were crawling out of hell. They all poured of the gate that wasn’t even fully open. In the time it took for Shen Mo to turn around, at least a few hundred Emperor white Nightmares ran out!!

A few hundred Emperor rank white Nightmares, what kind of scene was this? Shen Mo sat dumbfounded as he watched the devils all floated over his head or beside him!

“Nie!!!!!! Nie!!!!!! Nie!!!!!!!!!!!!”

Nightmare calling instantly filled the sacred Palace. Pale devil flames covered their evil bodies. One after another Nightmare fell through the door like a flood. Shen Mo had grown up in Nightmare Palace, yet this was the first time he truly saw Nightmares pour out like a flooding river!!

Though Qing Yutong still remained standing, seeing these vile white Nightmares float by him, it was like he was frozen and a coldness seeped into his soul.

“Huhuhu~~~~~”

Some casted devil phantom, some casted displacement specter, while some ran out by stepping on the others. This massive army of white Nightmares completely ignored the two humans already scared stiff. They blasted all the flower demons obstructing them outside and flew out of the sacred Palace arrogantly!

The Nightmare army seemed to be never ending. Shen Mo and Qing Yutong were always there, not even able to move. Yet the Nightmare army seemed to still last. Wave after wave came out. They weren't sure how many tens of thousands of white Nightmares came out from the gate.

Finally, the groups were getting sparse. Qing Yutong glanced at Shen Mo on the ground, and still was coping with how unreal the situation was!

“Heavens, were these white Nightmares all sitting at the gate of sacred region?” After a while, Shen Mo finally stood up and said stiffly.

Qing Yutong finally was about to speak when he noticed the gate was filled with a large blob of blue flames.

Shen Mo seemed to feel the cold behind him and went stiff again....

.....

“What....what’s the matter, why is the flower demon army backing off?” Nightmare Emperor Jiang said questioningly.

“Speaking of which, do you feel a little cold?” Elder Pang said.

The elders were all in Nightmare Palace, a few large Palaces away from the sacred region.

Originally, the entire Nightmare Palace was surrounded by the flower demon forest, yet for some reason they all scattered just now.

“It’s like they’ve seen their natural enemy, and shrank back into the dirt.” Elders repeated what they saw.

Just as everyone was questioning, suddenly sounds of devil crying came from aside them!

The calls pierced through their minds and went to their souls. They instantly turned around to look at the origin.

Yet, everyone quickly discovered in shock that pale flames nearly burned all of Nightmare Palace. These flames weren't a fire type technique, but instead was completely consisting of white Nightmare bodies, creating a large fire cloud that took over all of Nightmare Palace!!

“This is.....” Nightmare Emperor Jiang and the other Nightmare Palace elders all stared blankly!

Can this be the Nightmare empire of Nightmare desolation ground?!?

Chapter 1076: Eradicating the Flower Demon Army!

“Nie!!!!!!”

The Nightmare Ruler gave an order, and stood alone in front of Nightmare Palace's highest palace!

This evil Nightmare's eyes blossomed with a light that swept through the boundless and emonic flower ocean. It seemed exceptionally excited!!

Last time in Xiangrong City, when it had trampled over these fragile flower demons, the Nightmare Ruler had the most enjoyable day since stepping into human territory.

It never expected that the flower demons today would be even more. Moreover, there were also many high ranking Flower Demon Emperors that would be unable to withstand the formidable wreckage of White Nightmares. Instantly, an evil smile hung on his face.

“Jie~~~ jie~~~~~”

Second White and Third White were standing next to the Nightmare Ruler. These fellows ostensibly couldn't restrain the wildness in their hearts!

The White Nightmare army of several ten thousand were gathered around the Nightmare Ruler. Among them were numerous evildoers who had also followed the Nightmare Ruler in Xiangrong City.

They had been secretly cultivating in Nightmare Danger Ground for a long time now. When they heard the ruler say they could destroy a human city, these White Nightmares were extremely excited.

Therefore, the moment Shen Mo opened the Holy Region entrance, they had surged with an imposing force out.

What surprised these mischievous Nightmares was that the Flower Demon Army this time was more than last time. Moreover, this city itself was several times larger than the previous!

“Nie~~~ nie~~~~~”

The Nightmare Ruler stood at the highest point, and pointed at the enchanting and beautiful Flower Demon Army. It looked arrogant.

When these Nightmares saw the trembling flower demons retreat back to the soil, they all happily laughed. They never expected that these human territory flower demons to be so shy.

Of course, although the Nightmares right now were restless, before Chu Mu gave the order, they would temporarily suppress the destruction in their hearts.

In the air, the deep silver colored devil flame Chu Mu was floating above Nightmare Palace. Presently, Nightmare Palace was covered by the Nightmare Army; there practically were no gaps.

They were lined up in an organized fashion, like a group of soldiers waiting for inspection.

Even without using any techniques, their Nightmare bodies were already able to form an enormous burning sea on the ground. From the strongest White Nightmare Army to the lower ranking Blue Nightmare Army, the number of Nightmares was still continuously increasing.

The fire aura that was increasing had already covered several districts. It caused the Soul Alliance's enormous army of several hundred thousand guarding the stronghold to tremble in fear!

Initially, the Flower Demon Army was packed close. A gap could not be found. But now where the Nightmare Palace was, where devil flames were burning, there wasn't a single flower demon. Moreover, in the one kilometer outside the devil flame, there wasn't a single flower demon that dared act recklessly!

Nightmare Empire!

The omnipresent Flower Demon Empire occupied the entire city, but now the Nightmare Empire was slowly expanding from one location. Ultimately, a huge area of the city was occupied from Wanxiang Altar westward until Nightmare palace.

“Hu hu hu hu~~~~”

The Nightmare Ruler slowly floated to the sky and respectfully stood behind Chu Mu.

Chu Mu glanced at the Nightmare Ruler and his mouth curved into a smile. This extremely obstinate ruler had been stuck at the paragon emperor rank for countless years. Now that it had finally broken through this barrier and stepped towards the dominator rank, its strength had greatly increased. It seemed that this fellow had indeed put much effort into cultivating.

The Nightmare Ruler was presently very confident. Its eyes blossomed with a light as it looked at the defector woman leading this contingent of the Flower Demon Empire.

The Nightmare Rule clearly recognized it, and very courteously gave her the polite ‘gesture’. Although the young lady they protected was no longer here, the polite gesture she taught them would not be forgotten.

The Empress Concubine also recognized this damned White Nightmare that had made her feel humiliated and angered.

In Xiangrong City’s fight, it was this bastard White Nightmare leading the huge group of wild devils. After annihilating countless of her flower demons, she had no choice but to miserably retreat to the inner city. She had watched the flower demons she raised be slaughtered. Even more infuriating was that these wild White Nightmares had learned those ruffian provocative hand gestures from human cities, and showed them to her.

The Empress Concubine had felt like spitting blood then. She never expected these White Nightmares to appear in Wanxiang City; moreover, the number of them was much larger than before!!

Currently, the defector woman's face was somewhat unsightly. She had considered everything, but never expected Chu Mu, this wretched half devil to have hidden this group of White Nightmares in Nightmare Danger Ground!!

"It seems that my citizens really like your flower demons." Chu Mu swept his gaze over the Nightmare Army with lights in their eyes and slowly revealed a smile.

The Nightmares really did like these flower demons. Ignoring their enchanting looks, due to their attributes, bullying them would be very exciting. Normally, Nightmares would dare challenge two to three of the same rank flower demons. Most importantly, the number of flower demons was enough for them to divide up!

Hearing the word "like", Empress Concubine Chu Xi's sexy lips faintly trembled. Her large breasts heaved, as she truly wished to curse at these unruly ***!!

If she was going to rule everything here, the first thing she had to do was annihilate all of the Nightmares. There was nothing more she hated in this world besides Nightmares and half devils!

"Ok, begin the clean up!" Chu Mu looked down at the cluster of Nightmare Army below him and gave an order.

The Nightmare Ruler instantly let out an excited cry!

Now that the king had given its order, the destructive feast would begin!

The sounds of Nightmare cries rang through the heaven and earth. Enormous devil flames instantly swept through the city!

White devil flames were at the front, followed by blue and then finally cyan devil flames. Three different devil flames that were evidently ranked swallowed the already destroyed streets. They covered the ruins already ablaze and swept up to the sky filled with smoke!

The devil flames were released en masse. Instantly several ten thousand flower demons interweaved together were burned to ashes!!

The Flower Demon Army was vast and still incomparably strong. However, no matter how strong it was, it could not stop the burning devil flames that completely countered it. The flames expanded and flower demon after flower demon was annihilated in the raging flames. Not even their souls remained.

“Hu hu hu hu hu~~~~~”

The devil flames expanded and the innumerable Nightmare Army were like prisoners released from prison that excitedly and ostentatiously dispersed into the city!

They didn’t even look at the humans in the city. They were all focused on the trampling on these flower demons blossoming with shyness. They wouldn’t let a single one of them off!!

The Nightmare Ruler’s strength had already neared the dominator rank. Its terrifying habits hadn’t changed and it was still focused on finding enemies a level or two lower than it. It had never actually fought against the strongest opponent like a true ruler.

Not longer after the Nightmare Army slaughtered into the Flower Demon Army, the Nightmare Ruler happily collected a few emperor rank flower type inner crystals. Moreover, it joyfully passed through the army, and focused on finding lower ranked emperor flower demons.

Second White, Third White, and other peak emperor rank white Nightmares that were loyal to them weren't as shameless as the Nightmare Ruler. Their goals were the incomparably noble peak emperor rank flower demons, that were several hundreds of meters high.

These peak emperor rank flower demons, although there were more of them, could not even fight five vs one against the perfect emperor Second and Third White.

Of course, there were also countless paragon emperor rank Flower Demon Emperors in the Flower Demon Army. There would inevitably be injuries against these Flower Demon Emperors, but the Nightmare Ruler had already given these soldiers preventative measures. If they encountered these powerful Flower Demon Emperors, they would just flee and have stronger Nightmares deal with them. This way, they could reduce the injuries.

The Nightmare species was innately very flexible and adding on the species countering, the Flower Demon Army would be completely suppressed in a group fight.

.....

Below her was a glaring fiery sea. The Empress Concubine watched her Flower Demon Empire, developed with her own sweat and blood, be trampled on once again by the Nightmare beasts. When she stared at Chu Mu, it was as if she was about to spit out fire from her eyes.

The second time. This was already the second time she was being ruined!!

“Chu Mu, I... I definitely will not let you off!!” the defector woman was nearly mad with rage. It was a long while before she managed to spit these words out from her silver teeth!

After speaking, the defector woman had controlled sprays in the air to paint an image!

These sprays rapidly formed a shocking flower diagram array. A flower eye appeared in the diagram array and it stared at Chu Mu!!

Death Petrification!

The flower array which was originally a deep blue color suddenly turned ashe grey. When the color changed, the space was unexpectedly draped with a grey layer of substance.

Chu Mu had never seen this technique. He was planning on destroying this flower array when he suddenly his arm turn extremely stiff!

The devil flames on his arm had mysteriously been extinguished. Chu Mu’s silver arm lost its color, turning grey.

The skin, flesh and even the blood flowing inside had lost life, making it exceptionally hard for Chu Mu to even raise his arm.

The petrification continued spreading. Everywhere it reached, the devil flames would be extinguished!

Chu Mu's heart sank. This technique was too strange and for a moment, Chu Mu didn't know how to break out of it.

In the midst of his difficulty, suddenly, a gorgeous silver flame sprung up from the ground and struck this flower array.

When the flower array was ignited by the devil flames, it instantly lost the Death Petrification effect. Chu Mu's body regained its freedom.

Chu Mu was stunned. Clearly, it was a White Nightmare in the Nightmare Army that had destroyed this flower array. Only, Chu Mu didn't remember there being a dominator Nightmare with silver devil flames in Nightmare Danger Ground.

Chu Mu looked down and saw a graceful demonic figure standing alone above Nightmare Palace and instantly felt relieved.

Chapter 1077: The Second Soul Pact's Evil Remembrance!

The advancement of the Nightmare Army unexpectedly also brought out the White Nightmare sealed in the four skeleton fingers.

When Chu Mu was cleaning up Nightmare Danger Ground, he had released it. Due to Chu Mu killing the Nightmare Ancestor, Mu Menglian's White Nightmare seemed to be rather grateful towards Chu Mu.

After Chu Mu released it, this White Nightmare began to wander on its own. But it surprised Chu Mu by actually entering the dominator rank, and appearing now.

With an additional source of power, Chu Mu felt a sliver of happiness in his heart.

With the Nightmare Ruler which was approaching the dominator rank leading the army and the assistance of the female Nightmare near the pseudo dominator rank, the defector woman's high rank flower demons would have a difficult time escaping death!

As Chu Mu smiled, the Empress Concubine's anger in her eyes became even deeper. She waved her arms and controlled a special blue flower. This blue flower enveloped the area above Chu Mu's head.

The holy flower circulated with a cold lustre that carried frigid energy.

When its petals opened, the cold energy became even more bone-chilling, unexpectedly even suppressing the flames around Chu mu.

When Chu Mu saw this holy flower that could release an ice type aura, his face showed a shocked expression.

This woman shouldn't have an ice attribute. Why could she use an ice type technique?

As the cold expanded, a frozen aura surrounded Chu Mu. Afterwards, similar holy ice flowers blossomed around Chu Mu. Each time one blossomed, the cold aura became even thicker as the surrounding space showing clear signs of freezing.

Chu Mu swept his gaze over the icy flowers increasing in number. Slowly, he stretched out his hands towards the sky.

“Sila!!!!”

Black space-ripping Shattering Heaven Seals appeared without warning. Like descending snakes of lightning, they ripped through the sky and continuously flashed around these ice type holy flowers.

Shattering Heaven Seal was a pure other type technique. Even with the ice type, it wouldn't weaken the might of this technique.

Everytime one of the seals flashed by, ice would split and fall. Chu Mu thought that the ic holy flowers should have been extremely troublesome, not expecting them to be so flimsy.

It seemed that the defector woman didn't actually control ice type energy. Perhaps this technique was an attribute duplication, which was greatly reduced in terms of effect!

After shattering all of the ice holy flowers, Chu Mu strangely stepped into the air. His body transformed into a dark light, and he flew straight towards the defector woman.

Holding Evil Beheads in his hands, Chu Mu swept his hands left and right, attempting to cut off the plants attempting to bind him.

Quickly, Chu Mu neared the Empress Concubine and a bloodthirsty smile couldn't help but surface on his face!

Displacement Specter!

Devil flames sprung up, transforming Chu Mu's smile into ashes as he outlandishly disappeared in the air.

In the next instant, that cold smile revealed itself in the darkness next to the Empress Concubine!

Without devil flames burning, after Chu Mu finished the Displacement Specter, he instantly was hidden in the darkness. Afterwards, weaving himself through space, he appeared next to the defector woman.

His hands formed into a hook and he silently reached out towards the Empress Concubine's fair and alluring neck.

The Empress Concubine felt a dark coldness next to her and hastily moved to the other direction.

Her purple dress and hair beautifully fluttered and fell as the Empress Concubine came to a stop. Only, several drops of red blood had spilled out, conspicuously falling on her breasts and purple hair.

Empress Concubine Chu Xi used her hands to wipe the light wound on her neck. Her eyes flashed with an angry and humiliated expression. She stared intently at the location Chu Mu had just appeared.

However, Chu Mu disappeared again!

By controlling other type abilities and darkness abilities, Chu Mu could move and hide as he pleased in shadowy or dark areas. Moreover, it was extremely hard to detect.

Such an ability undoubtedly posed great threat to Empress Concubine Chu Xi. Indeed, in terms of instantaneous power bursts, she was unable to compare with the abnormal half devil.

Chu Xi closed her eyes, and used her mind to sense the surrounding space.

Suddenly, she felt a slight fluctuation ten meters in front of her. She instantly opened her cold eyes and softly pointed with her finger. A flower seed flew to where the spatial fluctuation was.

Space ripped apart and devil flames were quietly burning in that area. Empress Concubine Chu Xi faintly smiled and her half-clenched fist suddenly opened.

Once she opened her hands, the tiny seed buried in the space ten meters away suddenly exploded. It grew at 100 times the speed of normal flower demons. In an instant, it transformed from a seed into a blue devouring flower filled with flowers and vines!

This devouring flower's petals were filled with fierce teeth which were dripping with green poisonous liquid!

The Empress Concubine abruptly clenched her hand and the devouring flower instantly clenched shut, swallowing the smattering of devil flames that had appeared!

This devouring flower could completely ignore defenses. Even a creature of a few higher levels would be swallowed and its body ripped apart. The moment the poison entered this creature's body, it would rapidly turn into pus and become a tasty snack for the devouring flower!

The Empress Concubine knew that Chu Mu could not be killed with one technique. But as long as he was bitten by the devouring flower, his strength would be greatly weakened.

However, before the Empress Concubine could silently rejoice, she abruptly felt a cold aura behind her!!

“Do you not know that spatial fluctuations can be faked?”

A cold and ghastly voice rang out in the Empress Concubine’s ears. This voice was like someone standing behind her and placing his lips on her ears while softly speaking in a dark cold voice. She could even feel the coldness from his breath.

A silver arm, like a dead soul’s ghost claw, slowly reached around the Empress Concubine’s ear and abruptly grabbed her face.

Devil flames sprung up, violently burning. It seemed like it was going to instantly destroy her beautiful fairy-like face!!

Chu Mu’s other hands transformed into an Obliterating Heart claw and neared her beating heart from the back!

The half devil Chu Mu had unconsciously become more even and bloodthirsty. Moreover, towards those he had great enmity towards, the body and heart would become the objects Chu Mu most wanted to personally crush. The best was to have the fragrant blood slowly drip from in between his fingers.

The left hand's devil flames were to burn this woman's looks while the right hand's Obliterating Heart was to crush this woman's aggravating black heart.

This thus illustrated how deep the grievance in Chu Mu's heart was.

Feeling the half devil standing behind her and practically pasted on her, Empress Concubine Chu Xi's body shivered.

“Hu hu hu hu~~~~~”

Devil flames instantly covered her eyes and a scorching pain suddenly transmitted across her face. At the same time, the Obliterating Heart behind her ostensibly was going to rip her heart out!

Empress Concubine Chu Xi angrily closed her eyes. A simple purple pendant hanging from her neck suddenly burst with a charming purple light!

The light didn't spread outwards. Instead, it reservedly radiated an inch from her skin, resembling a water-like protective membrane.

From behind, Chu Mu could feel that this woman's face had been burned off. His fingers were about to touch her beating small heart, but an extremely pure energy suddenly appeared on this woman's body, slowly pushing him away.

This energy was incomparably soft, and it was as if he had struck the ripples on a lake. Yet, he was unable to stop this soft energy. He himself became a leaf boat that was pushed away by the ripples. Slowly, he grew further away from this woman.

“Gezhi~~~ Gezhi~~~~~”

Empress Concubine Chu Xi slowly opened her eyes. The first thing she did wasn't look at Chu Mu, but look at the purple water crystal pendant hanging by her breasts.

The pendant was already making cracking sounds and as she was looking down, it suddenly shattered into fine pieces.

The purple protection still existed around her. However, the pendant had already shattered. The Empress Concubine looked, entranced, at the shattered pieces of the pendant. Her eyes suddenly turned vacuous and lifeless.

She closed her eyes and took in a deep breath. When her eyes opened, they had already turned cold and imposing!

The Empress Concubine slowly turned around and stared at Half Devil Chu Mu. The surrounding temperature mysteriously began to drop!

Chu Mu also stared at her. Both of their eyes showed extreme hatred!

However, Chu Mu could clearly feel that this woman's temperament had changed. Her present anger was a lot more calm and collected than before. Simultaneously, it was even more terrifying!

“When I signed a soul pact with you, I told you that I needed two soul pacts.” Empress Concubine Chu Xi's voice didn't carry a sliver of emotion.

Chu Mu coldly retorted: “Initially I was very confused, but I came to understand later that a single soul pact is unable to contain your incomparably filthy soul.”

"Filthy? The people I have saved are tens of times more than the number of people in your Tianxia Realm and Wanxiang Realm combined. Did you really think that you became some noble and great sage after saving Tianxia City? Hmph, whatever. It's useless to talk about these things with you." coldly said Empress Concubine Chu Xi.

“It doesn't matter. In the future there will be a lot of time for you to eventually tell me.” said Chu Mu.

Indeed, this woman was going to become his slave. There really would be a long time for her to tell him.

“Two soul pacts. One is for me. But as for the other soul, do you really not want to feel what it is?” said Empress Concubine Chu Xi.

Chu Mu was stunned. Abruptly, he felt an extremely enormous evil intent surge from his second soul pact!!

Chu Mu's soul trembled. The soul contained in the second soul pact unexpectedly made Chu Mu feel extreme danger. He didn't even have the courage to feel what it was!!!

Chapter 1078: Flower Type Ancestor, Evil Good Queen

Chu Mu in Xiangrong City had already noticed the strangeness in the second soul pact. Yet, last time was only a vague mental pulse that transmitted over, something Chu Mu couldn't look further into.

This time, Chu Mu could clearly feel the second soul pact restriction being removed. If Chu Mu initially discovered that it was a deep pool, then now the fellow in there seemed like an unending abyss. His soul remembrance couldn't reach the bottom. The deeper he got, the more he would get stuck to the point where he couldn't even retract his remembrance.

Chu Mu's heart was shaking too. He realized that the second soul pact definitely wasn't easy. Yet, he never would have thought it would be an organism that even he, as a half devil, would find incredibly dangerous!

Chu Mu still didn't know what it was, but he could tell that his first soul pact was using some power to awaken the soul of the second soul pact.

And between these two souls, there seemed to be a stronger bond than a soul pet trainer, as if one soul controlled both.

Yet, Chu Mu could no longer tell whether emperor concubine was the main soul, or whether it was the second soul pact's organism.

"Chu Mu, even now, you don't know what I really am, right?" Emperor concubine's eyes turned colder and colder as a pure evil started taking over her eyes. This evil seemed to come from the second soul pact organism that was awakening!"

Chu Mu indeed didn't know what this woman was, only able to watch as her quality started changing.

Beforehand, she gave off an aroma of many different flowers. Every action of hers had a purity with it. It made her feel untainted, as if a flower goddess from myths, especially with her stunning appearance and figure.

However, Chu Mu couldn't feel her alluring traits at all anymore. Rather opposite, she was filled with an evilness. The two qualities mixed together created the terrifying anger that Chu Mu currently felt!

Ghosts, zombies, and other undead creatures usually had extremely heavy resentment. Yet, the second soul pact should be a flower type organism, why did it have such deep resentment and evilness? It made no sense!

The change in quality caused this woman to go from a pure angel to a seductive devil. Those flashy eyes were no longer pure and calm, but instead releasing a dangerous bloodthirst!

Maybe this was her true nature- cold blooded, heartless, evil, and cruel!!

Accompanying these negative qualities, Chu Mu could feel that this woman's strength was greatly increasing. It wasn't limited to just doubling; the dangerous aura he had felt before was appearing on her body slowly!

When the second soul awoken, the evilness caused the entire city of flower demons to morph. Their original sacred blue branches and petals all became blood red. The shocking nature caused all of them to stare in terror!

Blood colored the entire city!

Clearly, this bloody power caused the flower demons to immediately become cruel, daring to face the nightmare army without their previous fear, launching an assault of their own!

Nightmare species was a very aggressive one as well, full of evil. Seeing these blood red flower demons become like this, their resentment gathered, and became even stronger power that powered their flaming bodies.

At once, the situation was no longer the nightmare army having an oppressive advantage. Instead, it was the two sides fighting intensely, causing the entire city to become a war between two different species. The three palace army and soul alliance army instead became near useless.

.....

Within the chaotic inner city, a short handed raccoon dog darted around holding its head before finally reaching a safe space outside nightmare palace.

It lifted its head up and stared surprised at the blood colored flower demon queen Chu Mu was faced against.

“Young master, I know what the woman is now!!” Chu Mu was just staring gravely at the transforming defector young girl, when he suddenly heard Old Li’s annoying voice.

“If you know it then say it!” Chu Mu said.

“She’s the flower type Evil Good Queen!” Old Li said.

“Evil Good Queen?” Chu Mu had never heard of such organism.

Chu Mu had a very comprehensive knowledge of soul pets now, even knowing about exceptionally rare soul pets.

Yet, he had never heard of this Evil Good Queen!

“Flower type Evil Good Queen is like this woman; it has two faces, one kind, which was the sacred blue, who is filled with a holy and pure aura. The other side is this evil side. This evil side is like the queen of evil. It’s a completely fallen organism that is beautiful but extremely deadly!”

“This Evil Good Queen is an ancient organism. It could almost be called the ancestor of flower type. Now, flower type organisms have two types due to this Evil Good Queen’s blood.” Old Li said all this information in one breath using its mental voice.

Chu Mu understood the two strains of flowers. Flower type organisms usually had two paths. One was like Ye Qingzi’s Bell Noise Concubine, used to healing, supporting, and purifying. The other was the evil flower demons who used poison, devour, and kill.

What Chu Mu didn’t know was that all these flower species had a very large difference because of this ancient flower type organism - Evil Good Queen!

“Young master, Evil Good Queen’s species rank is uncertain, but it grows incredibly slowly. One can be sure that it isn’t tenth phase yet.” Old Li said.

“Young master she, in reality, is in your state too, having two souls. One soul is a human or soul pet trainer, while the other soul is a flower type Evil Good Queen. Under normal situations, her soul is in charge and can use the good evil queen’s powers like your half devil. Now that she released her evilness, she’s giving control to the queen. This is like you becoming a full on devil. Her evil powers clearly are much stronger than her holy side!”{

“Let’s stop talking about that, and tell me how to deal with her first.” Chu Mu stopped Old Li’s information barrage.

Showing her evil side, the defector young girl raised her strength even further. She may be near middle class dominator rank now!

A middle class dominator rank organism was enough to destroy everything here. Chu Mu’s heart had already sank!

Chapter 1079: Evil King Half Devil vs Evil Good Queen (1)

Mental voices can communicate extremely fast. Though these conversations happened in a blink of an eye, to Chu Mu, it clearly was a burden. He only wanted to know a counter because if he let the queen become completely evil, he wouldn’t be the match of the middle class dominator rank queen.

“Young master, don’t get too worried. Female Supreme can’t summon seven diagram soul pets because this woman is Underworld Supreme. She controls the seven diagram’s spatial summoning. Yet, now that she allowed the Evil Good Queen to take over, her own soul will be lost to a certain extent. If young master called Female Supreme back and coordinated with Prince Chao to defeat Underworld Supreme’s seal, we can summon seven diagram sacred pets to deal with her.” Old Li said.

Old Li just finished speaking when Chu Mu noticed Evil Good Queen’s eyes staring at him!

The Evil Good Queen wasn’t as cold and resentful as Chu Mu imagined. She stared half-smilingly at Chu Mu, and a dark grin appeared on her luscious, attractive lips!

This simple expression caused Chu Mu to lose focus momentarily.

The red lips against Chu Mu's ear, a string of laughter reverberating through his body to his heart. Like how the purple hair was tickling his face, the laughter tickled at Chu Mu's heart, causing Chu Mu to feel an irresistible urge!

All Chu Mu's eyes could see was the woman's seductive body. His heart started rippling harder and harder along with her wanton yet teasing smile!

"Young master, Evil Good Queen knows charming trickery!!" Suddenly Old Li's voice echoed through Chu Mu's mind.

Yet, compared to the beauty in front of him, Old Li's voice was simply a distant raccoon call in his ears.

However, when Old Li's voice slowly disappeared, Chu Mu's body and soul both shivered, causing him to jolt awake from the illusion.

The locks of purple hair disappeared, and her sexy lips were no longer in his mind. Chu Mu saw all the charms instantly disappear. Evil Good Queen was still standing at her previous location, the smile just having disappeared.

Immediately, a coldness passed through Chu Mu's body!

A single thought, and Chu Mu felt this many illusions. This Evil Good Queen truly was scary!!

“I didn’t know our master was this handsome!” Evil Good Queen’s teasing chuckle came. Her laughter was very unique, as if a noble and elegant woman rarely showing her true self, giving it an irresistible appeal.

Chu Mu was low class dominator rank. Adding on his original vigilance for this woman and strong determination, he could still barely control his own thoughts.

Yet, when he glanced aside, he saw that son of heaven Wu Kuang and Hero Aide Lian Yan, who already had many thoughts about Emperor Concubine, were completely lost in the Evil Good Queen’s laughter, their gaze heated!

“Little owner, don’t get jealous. They’re just in an illusion, so they can see but can’t touch.” Evil Good Queen said breathily towards Chu Mu, “However, since you’re the master, you of course can get a different treatment.”

Chu Mu humphed and casually waved his hand to sweep away the breath from the woman’s lips, saying apathetically, “Using this poison powder to kill me, is this the different treatment you meant?”

Evil Good Queen’s smile didn’t change, “You actually caught that.”

“Retract your whore-like display.” Chu Mu said mockingly.

This Evil Good Queen seemed to laugh amicably and was trying to be nice, but she definitely was an evil demon girl who didn’t hesitate to kill. Since he knew she had terrifying charming abilities, Chu Mu would no longer get tricked.

Hearing Chu Mu say that, Evil Good Queen's smile instantly stiffened, and her charming eyes gradually turned frigid.

This coldness was more similar to Emperor Concubine Chu Xi. Clearly, this body was controlled by both Chu Xi and Evil Good Queen right now. The cold, angry, proud, and hostile nature should be defector young woman herself coming through. The charming, lewd, evil, and cruel side was a personality that came out as a result of the evil nature of Evil Good Queen.

Originally, Chu Mu thought this woman had split personalities. Now, with two souls, it was like she had four different personalities. No one was probably more complicated than her!

"Did you know evil soul pets can devour their masters' souls?" Evil Good Queen had no hint of charm anymore, replaced with an emotionless and cold expression!

Nightmares were the primary example of evil souls, able to devour their owners' souls. This Evil Good Queen also had an evil nature. Looks like it already knew what it wanted to do with Chu Mu!

Evil Good Queen didn't immediately attack. Chu Mu didn't know what she was waiting for.

However, the longer they could delay for, the better, because Chu Mu had already told Dead Dream to fly to second level of skies to find Liu BIngan. Chu Mu was also trying to waste time. After all, if they truly fought, Chu Mu wasn't sure how long he would actually last.

.....

Second layer of skies, cold and darkness co-existed.

The piercing gale blew, occasionally forming destructive storms that slowly dissipated in further skies.

Within the cold skies, a starlight flew past tiredly in the chaotic winds, going towards a place of weaker winds.

On the starlight soul pet, Liu Binglan glanced at Yuan Sui on his Unifying Wind Unicorn.

Using the second level of sky, Liu Binglan successfully kept hero chief Yuan Sui occupied. However, in prolonged combat, the soul pet Star River clearly wasn't Unifying Wind Unicorn's opponent and it slowly fell into disadvantage.

Seeing Hero chief near again, Liu Binglan furrowed her brows. She had to lose him or else she would have to summon Six Dawn Space Masters to deal with him.

“Yi!!!!!”

Liu Binglan was just about to give a command to Star River when suddenly a lightning-like call came from below.

Liu Binglan looked over and found a dark purple royal species flapping its sixteen wings as it darted into the skies, flying straight towards Hero Chief Yuan Sui's Unifying Wind Unicorn!

“Hong!!!!!!!!!!”

In the dark world, a deafening sound rang through. Dark purple lightning flashed through the sky and slammed into the Unifying Wind Unicorn.

The Unifying Wind Unicorn already tried to dodge, but Dead Dream's Dead Lightning powers were very potent. A slight touch of a single arc of thunder would draw all the other dead lightning over, creating a direct hit!!

Unifying Wind Unicorn couldn't do anything but run far away to where there was no thunder.

"Yi~~~~~" after Dead Dream got the Unifying Wind Unicorn to leave, it immediately called out Chu Mu's intentions to Liu Binglan.

Though Liu Binglan didn't know why Chu Mu was calling for her this urgently, she didn't think much of it and immediately dived downwards alongside Dead Dream.

.....

Center City Soul Palace Sacred Palace

Nightmare Emperor Bai Yu's devil flames quickly faded away as he watched dumbstruck at alliance master Ling Chan running away on his demon.

Ling Chan still had a few more dominator rank secondary soul pets. By his arrogant nature, there was no way he would give up like this. Yet, he suddenly decided to leave combat with his soul pets and fly towards Wanxiang Altar. This caused Bai Yu to be very confused.

“What’s wrong, these flower demons are all blood colored now.” Bai Yu glanced around and found that, since some time, the flower demon army that covered the city were all red.

The blood red flower demon army was even scarier than the sacred blue flower demons, filled with a terrifying and evil aura.

Bai Yu’s gaze turned around again. When he looked towards the western space of wanxiang altar, he immediately noticed Chu Mu also in his half devil state.

Yet, not far from Chu Mu, Bai Yu saw a woman covered in a red glow. This woman was charming with an otherworldly beauty, but her arrogance and dignity struck fear in one’s heart. The evil and cold aura gave off an extremely dangerous aura!!

“This…… this is……’ Bai Yu glanced at Evil Good Queen and fell into disbelief!

Bai Yu didn’t know what power the woman’s organism had, but Bai Yu had never felt such a dangerous flower type aura, one that was likely middle class dominator rank!!

Middle class dominator rank, this was definitely the strongest rank of the entire human realm. Bai Yu had never thought this woman had hidden such great strength!!

Seeing Half Devil Chu Mu and Evil Good Queen fall into a face off, Bai Yu dared not hesitate and immediately leaped onto his Ice Pupil Unicorn and flew towards Chu Mu.

Zhan Ye and Little Hidden Dragon already felt that Chu Mu had met someone powerful. They didn't chase after the suddenly escaping alliance master and instead followed Bai Yu towards Chu Mu to help him.

.....

In the entire Wanxiang City, the main players were no longer Three Palace and Soul Alliances. Slowly, it became a war between the massive nightmare empire and blood red flower demon empire. Countless flower demons and bizarre demons fought in different locations of the city!

Between these million soul pet empires' battles, the two kings both stood in the air.

Silver body, covered in devil flames, like a king from a different dimension, half devil Chu Mu stood as the commander of all nightmares.

Purple body, covered in a red glow, the ancestor of flower types, Evil Good Queen stood opposite to Chu Mu.

Both the evil half devil and Evil Good Queen stood in the sky of the city, two mysterious and powerful kings that imprinted their figures into everyone's minds permanently!

Chapter 1080: Evil King Half Devil vs Evil Good Queen (2)

The entire city's sky was murky as the disorderly wind swept up debris. Along with the smoke from war which pervaded the air, the originally magnificent and beautiful Wanxiang City looked like judgment day had arrived.

In the murky sky, a dark purple meteor and dark blue starlight seemed to fall from the vast sea of stars, gradually closing in on the city.

“Yi!!!!!”

The Dead Dream first flew to Chu Mu before staring cautiously at the Evil Good Queen.

The Dead Dream’s species rank was extremely high, yet it could feel that the Evil Good Queen’s rank was higher than its own. Moreover, its power was a level stronger than it.

When Liu Binglan landed on her Star River, she immediately saw Empress Concubine Chu Xi, whose temperament had changed. She felt that this woman was completely different!

“This is...” Liu Binglan was stunned as she looked at this demonically alluring evil and good queen.

“It’s the Evil Good Queen. We may not be her opponent. But I will stall for as much time.” Chu Mu seriously said to Liu Binglan while indicating that she should go now and summon the Seven Diagram Saint Kings.

Liu Binglan didn’t tarry, and immediately rode her Star River to Soul Palace’s saint palace.

The Evil Good Queen naturally knew what Liu Binglan was going to do when she appeared. She lifted up her slender hands and a blood red flower vine peculiarly grew out of the surroundings. It rapidly formed an extremely flexible rope and chased after Liu Binglan.

Chu Mu was focused on this woman, but the speed she released this attack had surpassed his expectations. In a flash, the flower vine rope had suddenly formed an enormous net that enveloped Liu Binglan.

Chu Mu chanted an incantation and Worldly Devil Swords rapidly emerged around him. Each one of them could pierce the clouds and touch the ground. Their majesty was boundless.

Chu Mu gave an order and the nine Worldly Devil Swords flew over, slashing at the blood red net.

The devil swords whistled as they flew and would outlandishly enter other spaces. Therefore, the Worldly Devil Swords would always appear incomparably strangely.

However, just as the nine Worldly Devil Swords took flight, a purple demonic slim figure suddenly appeared in the path of these swords.

These Worldly Immortal Swords could enter another space while travelling and wouldn't leave any marks in normal space. However, the Evil Good Queen appeared right where these nine devil swords flew across. Clearly, this was not a coincidence.

The Evil Good Queen stood calmly in front of these nine invisible Worldly Devil Swords. The enormity of these swords compared to her body was as if she was standing in front of an enormous mountain peak.

However, when these overbearing Worldly Devil Swords flew in front of her, they suddenly came to a halt, not moving an inch.

A flicker appeared in the Evil Good Queen's eyes. Instantly, the nine still devil swords slowly dissipated, transforming into countless light colored motley petals that floated in front of the Evil Good Queen.

The disintegration of the nine enormous devil swords also stunned Chu Mu.

Though the Worldly Devil Swords were casted hastily and didn't have full power, it was regardless still one of the most powerful techniques of Chu Mu. Yet, it had been so easily nullified!

As Chu Mu was in shock, the Evil Good Queen suddenly disappeared from in front of his eyes.

“Hu hu hu hu~~~~~”

The Worldly Devil Swords that had been broken down into petals began to strangely flutter around Chu Mu. Each petal was like a pair of terrifying eyes that continuously peered at Chu Mu.

“Ten Thousand Flower Pupils.” the Evil Good Queen's ice cold voice rang out from somewhere unknown.

In an instant, all of these petals transformed into that woman's imposing eyes!

There were over ten thousand eyes staring. Each pair of eyes contained different emotions. There was anger, warmth, hatred, familiarity, coldness, soul-attracting, emotionless, and kindness...

Even if Chu Mu didn't look at every single pair of eyes, he could feel the emotions being transmitted. All the while, his emotions continued to dither between these complex emotions, undoubtedly causing his mind to move between cold and hot!

Ten Thousand Flower Pupils was clearly only the expressing of a single glance. Yet, to Chu Mu, this was incomparably long. It was as if he was reading every single one of these ten thousand pairs of eyes that could make one's mind collapse.

Fortunately, Chu Mu's mind was extremely resilient. Especially due to the Monument Tears, his mind had grown even stronger. Otherwise, the Ten Thousand Flower Pupils would have destroyed his nerves!

The long mental torture finally disappeared, and Chu Mu looked much more exhausted.

At this moment, the Evil Good Queen's laughter rang out in Chu Mu's ears. It seemed that this woman enjoyed watching him suffer.

"Come, look at my eyes." the Evil Good Queen's eyes revealed a trace of a smile as she stared fixedly at Chu Mu.

Chu Mu swept his gaze over the Evil Good Queen and abruptly discovered that this woman's eyes bewildered him so that he was unable to look away. From time to time, it seemed like a scorching sun luminous gaze!

"There's a mental shadow!" Chu Mu grit his teeth. This mental technique of the Evil Good Queen wasn't just regularly terrifying. In these circumstances, if he didn't even dare look at her, how could he beat her?

Chu Mu moved his gaze away and looked at where Liu Binglan was going.

Indeed, she had been unable to free herself from the Evil Good Queens' technique. She was trapped by the unrippable flower vine net.

Chu Mu's heart sank, and he swept his eyes over the adjacent Dead Dream.

The Dead Dream quickly understood Chu Mu's intentions. It beat its wings and its body instantly transformed into countless high ranking Fairy Butterfly that flew at Liu Binglan.

"Hmph, it's the black phoenix again!" a trace of hatred showed itself in the Evil Good Queen's eyes. This emotion clearly came from the defector women. The Evil Good Queen's emotions and expressions were rapidly shifting between the two personalities.

After she harrumphed, the Evil Good Queen's purple long hair and skirt fluttered in the windless sky. Instantly, blood red granules began to disperse in all directions.

These tiny granules were flower seeds. A truly powerful flower type creature did not need soil to grow its seeds.

The flower seeds dispersed like sand, chasing after the Fairy Butterflies the Dead Dream had transformed into and imbued themselves into their feathers.

In an instant, all of the seeds seemed to have found a host. There were no more roaming about.

"All of them can die!" a merciless smile appeared on the Evil Good Queen's face.

She waved her hand and the closest flying Fairy Butterfly suddenly froze. Slivers of iron-like flower cottons pierced out from inside the Fairy Butterfly before rapidly absorbing the energy inside and wantonly growing.

This Fairy Butterfly let out a painful cry. Its body was gradually devoured by the unknown flower object growing inside its body. Finally, it collapsed into countless dark purple feathers that dispersed through the air.

The blood red seed that had absorbed the energy inside the Fairy Butterfly transformed into a blood red flower demon!

This flower demon's roots were able to bury itself in the air, hovering in the air.

This scene persisted with the other Fairy Butterflies flying through the air. After each Fairy Butterfly transformed into a feather, a devouring flower demon would appear and malevolently and terrifyingly shake its body in the air.

In a short period of time, over a half of the Fairy Butterflies the Dead Dream had transformed into had been completely devoured. In the space Chu Mu was in, countless flower demons had appeared in different locations.

Under the Evil Good Queen's orders, all of the devouring flower demons unfurled their bodies and opened their avaricious mouths. They began to rapidly partition up the remaining Fairy Butterflies.

The Dead Dream was very smart. It transformed the remaining Fairy Butterflies into dead lightning and took the enemy down with it. Each time a seed was about to grow out of the body or a devouring flower demon was about to catch up, the Fairy Butterfly would explode with lightning and destroy it!

Countless Fairy Butterflies exploded around Chu Mu. The recently formed devouring flower demons were quickly annihilated.

Nonetheless, these devouring flower demons were ultimately formed by devouring the Dead Dream's energy. This technique therefore destroyed much of the Dead Dream's energy while the Evil Good Queen had merely lost a few seeds.

“Pu pu pu pu~~~~~”

The remaining Fairy Butterflies came together, forming the Dead Dream's main body.

The Dead Dream's body was visibly weaker. The lightning zapping around its body was no longer as majestic as before.

Chu Mu's expression turned more serious. This Evil Good Queen was indeed worthy of nearing the middle class dominator rank. Each one of her techniques was terrifying. Without adequate assistance, he and the Dead Dream would not be her opponent.

Most importantly, Liu Binglan was presently trapped inside the flower type net. For a while, she would not be able to free herself. Chu Mu didn't know if he would be able to last until the Seven Diagram Saint Kings appeared.

The Evil Good Queen clearly didn't have the patience to slowly draw things out with Chu Mu. A fresh blood red flower was pinched between her slender white fingers. This fresh flower's color made it seem like it was dyed in blood. The red was a bit gaudy.

She suddenly threw the blood flower at Chu Mu. This blood flower instantly transformed into a rapid blood light. Its stem was like a dead needle that unexpectedly pierced towards Chu Mu's heart!!

This blood colored flower seemed to ignore all defenses. Chu Mu's devil flame shield and spatial barrier, the two overlaying defensive techniques, were unable to slow down the tiny blood flower's speed at all!

The flower seemed to be flying through a void. It was a unique flower that kept changing locations. Even after Chu Mu tried dodging it, it was still able to pierce through his arm!
