Chapter 1111: Devil Tree Against Two Dominators (1)

When training bitterly, Chu Mu often forgot time easily. This was because every time he went into training, he set an approximate goal for himself and worked towards it, only noticing the time when he arrived at the goal.

After Devil Tree Battle Soldier reached dominator rank, Chu Mu's next goal was to let the Devil Tree Battle Soldier reach eighty percent of the training he needed in pseudo dominator rank.

From initially defeating the thousand eyed treant empire, Chu Mu continued to act within lost desolation garden.

Lost desolation garden's largest empire was the third rank empire of Ten Thousand Eyed Pupil. This third rank empire still had some smaller empires without armies. These little empires are usually some dominator rank organisms leading a few subordinates taking over a territory. These army-less armies are easily disbanded once the most powerful organism is defeated.

After defeating the thousand eyed treant king, Chu Mu didn't bring Devil Tree Battle Soldier around continuously in the territory, instead going to other places to continue to find dominator rank organisms to fight against.

Lost Desolation Garden had quite a few pseudo dominator rank organisms. After all, it was Lost Desolation Garden was a bewildering world that juxtaposed Wanxiang Realm. If Wanxiang Realm were a third rank realm, then Eastern Wild Forest was a third rank soul pet empire. Lost Desolation Garden was a similar existence to human's Wanxiang City.

Chu Mu's lost desolation garden roam was always to look for pseudo dominator rank organisms. This could ensure that Devil Tree Battle Soldier won't lose. If they got surrounded by all the dominator rank organisms of Lost Desolation Garden, the fight would be equivalent to fighting all

the dominator rank experts of human realm in one battle. This wasn't something Chu Mu would do recklessly.

Of course, being considerate of Wanxiang City's development, Chu Mu wouldn't easily kill the dominator ranks of Lost Desolation Garden. After all, the dominator rank organisms' innard crystals were very limited in use for Chu Mu as well.

Chu Mu's current strength was already beyond the level of the third rank realm and empire. Old Han also specially told Chu Mu to no destroy this balance. Once all the dominator ranks of this third rank empire were killed, the empire will no longer exist.

And without this empire, in the following era, the entirety of Wanxiang Realm will progressively weaken due to the lack of training and competition nearby.

Chu Mu was now beyond realms and empires, as if a living god. He could easily alter the situation like that. However, unless he was addicted to killing, caring about the development of humanity, the dominator ranks in lost desolation garden had to survive.

Devil Tree Battle Soldier's training process was very successful. Mainly, after fifty percent increased burning, the Evil Good Queen very obediently cast Evil Good Ceremony to raise Devil Tree Battle Soldier's power by around a rank.

This Evil Good Ceremony improved plant type potential, giving its roots poisonous spikes. These spikes greatly improved the Devil Tree Battle Soldier's offensive power. Its maximum power was nearly equivalent to a beast type organism's attacks.

Wood type organisms had outstanding defense and double the life force, along with powerful restrictions. Its only weakness was its attack power was weak, barely giving its enemy a lethal blow.

Evil Good Queen's Evil Good Ceremony caused Devil Tree Battle Soldier to learn these poison spikes, perfectly mitigating this weakness and allowing Devil Tree Battle Soldier to be able to defeat similar level opponents with relative ease.

.....

"We're around eighty percent there. You're now in charge of Ten Thousand Eyed Treant army while I go steal the Xuan root." Chu Mu stood by the massive tree, and said as he glanced at the green forest.

Chu Mu didn't know how long he trained for, but he knew this was the last battle.

That devil tree battles soldier was about a rank below Ten Thousand Eyed Treant. Chu Mu didn't expect it to go right against the Ten Thousand Eyed Treant. It was instead in charge of dealing with the hundred kilometers worth of treants and the two pseudo dominator ranks.

Chu Mu already scouted ahead. In the hundred kilometers where the ten thousand eyed treant laid, there was a Empress Heavenly Thunder Snake and a Forest Giant, both of which were pseudo dominator rank organisms.

The two dominator rank organisms and the entire treant army was Devil Tree Battle Soldier's task. Of course, to give the other soul pets training, Ning, Qin, and Ghost Monarch King were participating to reduce the stress on the Devil Tree Battle Soldier.

Chu Mu just had to worry about the ten thousand eyed treant. He was much stronger than the treant now, so all he had to do now was restrain it while he stole the treasure.

.....

Chanting an incantation, Chu Mu summoned Devil Tree Battle Soldier, Ning, Qin, and Ghost Monarch King in one go. If Ye came back, Chu Mu could even summon a fifth soul pet.

Four was enough for Chu Mu to use. With a command, the four of the soul pets jumped into the endless treant army full of fighting intent. They casted all sorts of techniques and started a frenzied wipe out.

“Ning, Qin, and Ghost Monarch King were all already top tier emperor rank, Qin’s ancient will makes it the most powerful. It and Ning both stood aside Ghost Monarch King’s giant body as they cast spells recklessly. Oftimes, a single spell would cause a large forest of bodies to be destroyed and even fly into the world.

Qin and Ning’s techniques were enough to kill five or six commander rank tribes.

After Devil Tree Battle Soldier’s attacks strengthened, its techniques were even scarier. With a casual arm swipe, it could wipe entire tribes off the face of the earth.

After not too long, a tenth rank tribe had been destroyed, rendered into escapees that went towards other places.

The leaders naturally couldn’t allow this to happen. When the four soul pets stepped into the second tenth rank tribe, they suddenly noticed a massive mountain start shaking.

The mountain slowly stood up as the ground shook. The plants on its body all fell off, and rerooted on the flat forest below.

“Nong!!!!!!”

A cave appeared in the mountain. It was the organism’s mouth letting out a furious roar!

Slowly, the green covered mountain stood up fully and became a four limbed, three eyed giant!!

It was the dominator rank commander of this land - Forest Giant!

Chu Mu had looked at the land in the past, and knew that the Forest Giant loved to sleep in the forest usually. When it slept, many plant world soul pets took root on it and became a companion, making it seem like a mountain.

Lost Desolation Garden’s organisms were always unreasonably large. A normal Forest Giant was around 100 meters tall, yet this one was near five hundred meters already. This meant even the giant trees could only reach its thighs.

Devil Tree Battle Soldier was a mere four meters. Compared to the towering five hundred meters, it was like an ant.

Naturally, size didn’t determine power. Even though Devil Tree Battle Soldier didn’t even reach its ankles, it still stood without fear. Its dominator rank aura was enough to make it just as powerful as a mountain, suppressing all the army and the massive Forest Giant.

Forest Giant had heard that this year, there was a dominator rank Devil Tree Battle Soldier that was running amok within the Lost Desolation Garden. When all three of its eyes locked onto it, its face showed a cold laugh and disregard.

Though other places may allow this Devil Tree Battle Soldier to go rogue, this was ten thousand eye treant's territory. Coming here was looking for death!

Qin, Ning, and Ghost Monarch King saw the Forest Giant make its way over, and all decisively retreated behind Devil Tree Battle Soldier.

Devil Tree Battle Soldier similarly took a step forth, pushing away the dense plants before it, like waves parting.

“Ao!!!!!!”

Devil Tree Battle Soldier let out a roar, approaching the Forest Giant head on.

As long as it defeated the Forest Giant, it could reach eighty percent training, getting a step closer to low class dominator rank. This was why Devil Tree Battle Soldier was very full of fighting intent. Facing the Forest Giant, it gave up playing safe and went on the offense!

Devil Tree Battle Soldier's attacks were all spiked with poison. Even with the Forest Giant's powerful defense, it was still hurt by the roots!

In the first exchange, Forest Giant already suffered many poisonous wounds. One had to know that the defensive Forest Giant had often times not even had its defense broken against other dominator ranks. Yet, this Devil Tree Battle Soldier could do it, causing Forest Giant to be surprised.

It looked like this Devil Tree Battle Soldier actually had the strength to run amok in Lost Desolation Garden. The Forest Giant no longer dared to underestimate its opponent. Stepping a few steps back, it let out a roar to its side!

Forest Giant's roar seemed to be summoning something. Devil Tree Battle Soldier glanced over to find a massive purple lightning suddenly appear between the green canopy and white clouds!

The purple thunder snaked down, making even the unbelievably high trees seem tiny in comparison.....

With such a towering body, the organism could only be one thing - the powerful species Empress Heavenly Thunder Snake!!

Chapter 1112: Devil Tree Against Two Dominators (2)

Once the Empress Heavenly Thunder Snake propped its body up, its head was practically touching the cloud layer. Its aura was indeed extremely terrifying.

It slowly wriggled its body, and rapidly slithered through the lush forest, quickly approaching the Devil Tree Battle Soldier!

“Si si si~~~~”

The Empress Heavenly Thunder Snake spat out a bloody red snake letter that scattered through the forest, transforming into even smaller lightning snakes on the ground.

“Pi pa!!!”

An electric bolt flitted across, and an ancient tree was instantly cut in half as the bolt continued to fly towards the Devil Tree Battle Soldier!

Towards the onslaughting lightning bolts, the Devil Tree battle Soldier's right fist formed a fist. It kneeled down on one knee and smashed its fist into the ground!

The ground in front of the Devil Tree Battle Soldier split apart, and from within emerged a mountain rampart-like wood array. It blocked all of the lightning on the outside!

Devil Tree battle Soldier could simultaneously release several techniques. After blocking the Empress Heavenly Thunder Snake's attack, it naturally was its turn to counterattack!

Its other hand suddenly opened and a root lock shot out, flying towards the Empress Heavenly Thunder Snake!

This root lock was like a thin wire in the Empress Heavenly Thunder Snake's eyes. It looked like nothing significant. However, the root lock managed to enter its scales!

Growth!

The seemingly simple-looking root lock began to absorb the Empress Heavenly Thunder Snake's blood and rapidly grew. In an instant, countless flexible and thin branches grew out of the Empress Heavenly Thunder Snake's body. It was like a huge boston ivy plant covering the Empress Heavenly Thunder Snake's body in green!

“O!!!!”

The Devil Tree Battle Soldier let out a wild roar. Both of its hands grabbed the rope-like root lock and fiercely pulled back!

The strength in its two arms instantly erupted, hauling the heavenly snake to the ground after it was caught!

The pulling down force ostensibly caused the the surrounding earth to cave in from Devil Tree Battle Soldier’s stomp down. Empress Heavenly Thunder Snake’s body began to bend and after Devil Tree Battle Soldier gave another wild roar, the enormous Empress Heavenly Thunder Snake was pulled up from the ground, and flew up into the air like a mountain range. It terrifyingly flew across the sky above the forest, leaving a terrifying shadow. It then heavily smashed into the Forest Giant in the process of using a technique!

The moment Forest Giant planned on releasing its technique, it saw the enormous Empress Heavenly Thunder Snake fly over, covering the sky. It hastily cut off its technique, and rolled to the side, dodging the Empress Heavenly Thunder Snake’s crash!

“Hong hong hong~~~~~”

As it tumbled a few times on the ground, Empress Heavenly Thunder Snake crushed tens of thousands of low class creatures in its wake. From a distance, a large amount of trees could be seen crushed on the ground. It was a huge mess.

“Si si si!!!!”

Empress Heavenly Thunder Snake crawled up, and its yellow triangular eyes angrily stared at Forest Giant that had dodged to the side.

Empress Heavenly Thunder Snake was grumbling that the Forest Giant didn't act as a brace for its fall. Even if it didn't completely brace its fall, it should have at least eased the falling force. That way it wouldn't have tumbled so chaotically.

Forest Giant had a blank expression, as if it was saying "Should I not have dodged?"

After the two dominators complained at each other, they reentered their fighting state and simultaneously attacked the Devil Tree Battle Soldier.

In order to increase its strength, the Devil Tree Battle Soldier's fighting spirit was high. It took the initiative to take on the two dominator rank creatures. Its tiny body weaved between the two dominators, yet its arm exploded with terrifying power, and was able to knock the two giant mountain-like dominators flying!

"Pi pa!!!!!"

Empress Heavenly Thunder Snake's lightning power once more descended from the sky. The purple lightning transformed all of the plants in a ten kilometer radius around it to ashes.

Devil Tree Battle Soldier's arms were crossed in front of it, over the now open stretch of scorched land.

Its arms had turned a scorched black from the lightning attack, but this didn't affect its fighting power.

The roots under its feet, as it willed, began to spread through this scorched black earth, noiselessly, wriggling up to the Empress Heavenly Thunder Snake.

When the Empress Heavenly Thunder Snake saw that the Devil Tree Battle Soldier had been hit by its lightning, it planned on rushing over, but its tail was suddenly stuck to the ground. Thus, only its upper body shot forth, resulting in an unbalanced movement where it crashed to the ground.

Empress Heavenly Thunder Snake angrily turned around, and abruptly discovered that at some point, a dense matting of plant roots had bound up its tail!

The plant roots were continuously growing and proliferating. As Empress Heavenly Thunder Snake was in a state of shock, the roots covered a third of its body, preventing it from moving!

Empress Heavenly Thunder Snake angrily roared. Instantly, its body was filled with powerful lightning, in an attempt to destroy all of the Devil Tree Battle Soldier's plants!

However, the Empress Heavenly Thunder Snake's techniques were released a bit too late. The tiny poison spikes on the roots had already rapidly entered the back one-third of its scales. Simultaneously, the poison was continuously absorbing its life force.

Empress Heavenly Thunder Snake let out a painful cry. The stabbing pain, poison, and loss of life force dealt huge damage to it. Even though its whole body was covered in flying lightning, it was unable to destroy the dense matting of plants.

As Empress Heavenly Thunder Snake's life was slipping away, Devil Tree Battle Soldier's lightning scorched arm was rapidly healing. By the time the Empress Heavenly Thunder Snake had destroyed all of the plants, Devil Tree Battle Soldier's fighting state had returned to full.

The Devil Tree Battle Soldier initially wanted to keep attacking, but at this moment, Forest Giant's meteor fists began to rain down. Devil Tree Battle Soldier didn't meet it head on. Instead, its two arms suddenly extended, and wrapped around a 500 meter tall tree in the distance!

The two arms rapidly shrunk, pulling the Devil Tree Battle Soldier's body along with it and rapidly retreating.

“Beng!! Beng!! Beng!! beng!!!”

The empty patch of land was once more pierced by a thousand blows, changed beyond recognition. Unfortunately, none of the attacks landed on the Devil Tree Battle Soldier.

“Si si si si si!!!!!!!”

Empress Heavenly Thunder Snake coldly glared at the Forest Giant again.

Forest Giant had always been half a beat slow in its few attacks. Moreover, Devil Tree Battle Soldier's techniques had focused it, leaving Empress Heavenly Thunder Snake riddled with wounds.

Aside from the flashy techniques Forest Giant used each time, it didn't actually do much damage to Devil Tree Battle Soldier. This fellow was a model example of powerful yet dumb!

"O~~~~~" Forest Giant rubbed its head. After another techniques missed, this fellow was indeed a bit embarrassed and felt bad for Empress Heavenly Thunder Snake. After all, a wood type soul pet's dodging abilities were extremely lacking. Yet a great pseudo emperor wasn't even able to hit even a wood type creature, which was truly embarrassing.

In order to make up for its mistakes, Forest Giant became the vanguard this time. After a few successive jumps, it landed heavily in front of Devil Tree Battle Soldier.

Suddenly, Forest Giant's four limbs and head mysteriously disappeared. Its green mountain body of flesh transformed into a rolling stone!

This rolling stone wasn't a normal stone. Instead, it was a terrifying body that was capable of crushing things into meat paste!

With the rolling stone attacking so tyrannically at shocking speed, Devil Tree Battle Soldier had nowhere to dodge. It could only reach out its arms, and push back against the enormous rolling stone about to crush its body.

The rolling stone was spinning extremely quickly, grinding away at the Devil Tree Battle Soldier's created arms.

The rolling stone continued to press forward while Devil Tree Battle Soldier was continuously pushed back. The moment its strength was unable to withstand the enormous crushing force, it would be crushed into sawdust!!

An enormous gulch appeared in the forest. Devil Tree Battle Soldier swept its eyes at the hill behind it.

If it hit the hill, it would be crushed by the terrifying rolling stone. Thus, Devil Tree Battle Soldier hastily controlled the roots under its feet.

The roots rapidly latched onto the area four to five kilometers behind Devil Tree Battle Soldier, forming an enormous plant net.

As the giant rolling stone pressed on, the giant net began to sink in, flexibly cushioning the rolling stone's crushing force.

The enormous plant net continued to sink in. Although most of Devil Tree Battle Soldier's armor was splintered, it still didn't remove the enormous net. Instead, when the rolling stone began to crush its body, it continued to reinforce the plant net.

The rolling stone's momentum continuously weakened while the enormous net's tension became extremely terrifying!

“O!!!!!!”

Finally, Devil Tree Battle Soldier gave a roar. When the rolling stone's force reached its limit, its two arms suddenly grabbed the strings of the enormous net, tightening the enormous net!

The grab caused the tension of the enormous net to become even more terrifying. Forest Giant evidently hadn't realized it was in an extremely dangerous plant net. It was still trying to crush Devil Tree Battle Soldier.

Only, no matter how much it pushed, the crushing stone was still being pushed back by some other force!

“Bu~~~~~”

The tension of the enormous net was released and before Forest Giant reacted, it was met by a large rebound. Its rolling stone body left the ground and flew a hundred meters up and away!

The rebound force was powerful, launching the rolling stone at over double its original speed. As for the Devil Tree Battle Soldier that had intentionally changed the enormous net's angle, it launched Forest Giant towards the enormous Empress Heavenly Thunder Snake!

The rebound force was two times stronger than the Forest Giant's rolling stone technique. At this speed, Empress Heavenly Thunder Snake would not be able to dodge with its enormous body even if it realized!

Empress Heavenly Thunder Snake flusteredly squirmed its body, but Forest Giant was moving too fast. Empress Heavenly Thunder Snake could only watch with eyes wide open as Forest Giant smash towards its severely injured lower body. It didn't know what to do!!!

Chapter 1113: Low Class Dominator, Devil Tree Battle Soldier!

“Beng!!!!”

Empress Heavenly Thunder Snake was knocked flying by the rolling stone. Its long body flew a long way away before crashing down near Ten Thousand Eyed Devil Tree.

Empress Heavenly Thunder Snake's tail was nearly crushed flat. It painfully and frantically writhed its body, forcibly pushing Forest Giant which was squashing its lower half.

Fresh blood was spilling out, as Empress Heavenly Thunder Snake's tail had practically become a piece of mushy flesh. It let out continuous sharp cries as its body swayed and bore its way into an even higher and lushier piece of forest.

Without its tail, Empress Heavenly Thunder Snake had seriously lost its balance. As it traversed between the enormous heavenly trees, it was swaying from left to right, knocking against things and causing a mess. Staggering along, it fled into a deeper part of the forest.

After Empress Heavenly Thunder Snake fled, Forest Giant finally stood up in a daze.

The larger the body was, the more force of impact there was. Forest Giant's crash hadn't been light. Its innards had nearly been shattered on impact.

At this moment, Devil Tree Battle Soldier's roots rapidly bound around Forest Giant's body. Without any warning, Forest Giant's four limbs were lifted high into the air, before being heavily smashed back to the ground.

“Beng!!! Beng!!!! Beng!!!!!!!”

After three successive smashes, Forest Giant's innards and skeleton had been shattered into pieces. Crawling to its feet was even difficult.

Forest Giant trembled as it crawled to its feet. Its three eyes saw Devil Tree Battle Soldier berserkly rushing at it, and it instantly trembled in fear.

It had never seen such a formidable warrior rank creature before. Forest Giant no longer had any courage to fight. It took huge steps and fled into the distance. It couldn't afford to even consider the army of the empire.

After Devil Tree Battle Soldier chased for a while, Forest Giant's enormous body disappeared in the meandering forest of different heights.

“O!!!!!!!!!!”

Once Lost Desolate Garden's two great dominator rank creatures had fled in defeat, Devil Tree Battle Soldier let out a spirited roar.

This roar was as large as a tide and stunned the plant army. Regardless of how many the army numbered, they could only scamper away like mice. They didn't have the courage to fight.

Devil Tree Battle Soldier's confidence soared from this fight. Its training level had probably reached 90%.

Not long after the empire's huge army began to retreat, a thunderous, angry roar resounded from Ten Thousand Eyed Devil Tree's location. In the distant horizon where the land of plant connected with the sky, a large hazy silhouette abruptly stood up and rapidly ran in this direction.

Devil Tree Battle Soldier, Qin, Ning, and the Ghost King all stared in that direction. Not long after, Chu Mu who was ablaze with silver devil flames streaked across the sky like a meteor, landing in front of all his soul pets.

“You can all go back. We’ve obtained a huge profit this time.” Chu Mu chanted an incantation, quickly recalling his four soul pets to their soul pet spaces.

“Dead Dream.” after recalling all of his soul pets, Chu Mu chanted an incantation, summoning Dead Dream.

Countless dark purple colored Fairy Butterflies came together in front of Chu Mu, rapidly forming the lightning and thunder Dead Dream’s tyrannical body.

Chu Mu jumped onto the Dead Dream’s back as it beat its wings, quickly ascending into the air.

A thousand meters behind the Dead Dream, countless tree roots were intertwining in the earth and air, forming an extremely terrifying digestive tract.

The pitch black sky was completely covered by these wriggling roots and Devil Tree eyes. Among all this was an incomparably large and terrifying creature. Its ten thousand eyes all carried extreme hatred and grievance!!

The one chasing at the very front was Ten Thousand Eyed Devil Tree. It had immediately recognized this silver devil. Approximately two years ago, this fellow had invaded its territory and stolen half of its Life Fruits. Ten Thousand Eyed Devil Tree had blown its top out of anger.

Unexpectedly, not even two years later, this bandit had appeared again. Even more hateful was that this fellow managed to steal the spirit items it was using to upgrade to a low class dominator rank, while also stealing away its remaining Life Fruits!

It could no longer tolerate it!

This hatred was irreconcilable, and Ten Thousand Eyed Devil Tree had gone completely berserk. It didn't care if it had to leave its nest or even chase it out of Lost Desolate Garden, this Ten Thousand Eyed Devil Tree could not let this wretched silver devil escape!

They weren't even a thousand meters apart. Although the Phoenix seemed to be more powerful than last time, Ten Thousand Eyed Devil Tree had mobilized an army of several tens of thousands. How could it be afraid of the silver devil and dark purple phoenix?

“O o o o o!!!!!!!”

Innumerable Devil Trees let out their roars. Their roots that covered the heaven and sun covered the world in darkness. Under this display of power, emperor rank creatures were incomparably insignificant!

When Chu Mu landed on the Dead Dream's body, he glanced back at the chasing Ten Thousand Eyed Devil Tree.

“I didn't want to fight you. Do you really think I'm afraid of you?” Chu Mu sneered and two balls of silver devil flames rapidly condensed in his hands.

Chu Mu didn't want to end up in a miserable state again after being chased by Devil Trees. Devil flames soared into the air from between his two hands, and he threw it at Ten Thousand Eyed Devil Tree!

The two balls of devil flame were insignificant in comparison to the esophagus of roots that covered the sky and earth. However, when Ten Thousand Eyed Devil Tree saw them, the two balls of

terrifying exploded, erupting from the size of a fist to an enormous fireball with ten kilometers in diameter.

All of Devil Tree army within the range of the fireball was burnt to a crisp. Two enormous holes were also burnt into its digestive tract. Moreover, Devil Flames were still terrifyingly spreading.

Ten Thousand Eyed Devil Tree used its roots to interweave around it, forming a barrier. Within Ten kilometer range, it was the only one still alive. Its armor had also been burned to ulceration and its body and soul had received serious damage and flame injuries.

Its ten thousand eyes turned from extreme anger to extreme shock. It remembered the last time when this silver devil had come to steal its Life Fruits, it, along with the golden phoenix had been chased and only managed to escape in a very miserable state. Although those two creatures were very strong last time, in front of an enormous empire, they didn't dare fight back.

However, not even two years later, the silver devil had paid another visit, yet managed to destroy an army of nearly 50 thousand. Even more terrifying was that even Ten Thousand Eyed Devil Tree had been injured.

If the entire technique had landed on it, Ten Thousand Eyed Devil Tree could have been seriously injured. Moreover, it was impossible to block this attack.

Ten Thousand Eyed Devil Tree never expected the silver devil's strength to have become so powerful!

As it was in shock, the silver devil, riding on the dark purple phoenix, had already turned around, and the two of them transformed into a gorgeous and imposing bolt of lightning. They pierced through the sky and instantly disappeared from the field of view of Ten Thousand Eyed Devil Tree

and Devil Tree army. The speed they were travelling at probably couldn't even be stopped if all of Lost Desolate Garden's creatures were mobilized to intercept them.

A while later, looking at the remaining trail in the distance, Ten Thousand Eyed Devil Tree finally realized that the silver devil didn't choose to flee because it couldn't beat it. Instead, it couldn't be bothered to fight with this puny and weak Devil Tree Empire!

When Chu Mu had come last time with Mu Qingyi, his strength was approximately near the low class dominator rank. If he fell into the empire, he would only be able to flee.

But this time Chu Mu had reached the ninth remembrance, and the White Nightmare had become a genuine dominator rank. His strength was much stronger than last time, and it would be no difficult matter for him to annihilate Devil Tree Empire.

After all, Chu Mu had obtained the thing he had come for. Naturally, he wouldn't waste any more time here.

.....

After leaving Lost Desolate Garden, Chu Mu looked for a quieter area. After waiting for his soul remembrance to completely recover, he began to strengthen Devil Tree Battle Soldier to a low class dominator rank.

After spending over a year in Lost Desolate Garden, Devil Tree Battle Soldier had reached 90%. The quality of the wood type xuan item had also neared perfection. The chances of successful strengthening were extremely high. As long as Chu Mu didn't make a mistake when guiding the energy, he would have another low class dominator rank. Moreover, it was a plant world dominator!

Although the chances of success were high, Chu Mu would still be careful. He didn't want his year of hard work to be wasted because of negligence.

As per usual, he went step by step guiding the energy. This time, after the energy poured into Devil Tree Battle Soldier's body, there was no species restriction like last time that caused a loss of energy. The excited Devil Tree Battle Soldier was able to absorb all of the xuan item's energy into its body.

“Gezhi gezhi!!!”

Devil Tree Battle Soldier's skeleton let out a resounding noise. Its arms became even more robust, and powerful while the poison spikes hidden under its wooden skin became even sharper!

Its aura would still fluctuate between strong and weak. As Chu Mu watched Devil Tree Battle Soldier's minute changes, he was somewhat nervous.

Reason dictated that the transformation from a pseudo dominator to low class dominator should be extremely prominent; it should have been a leap in quality. Yet, only the wood skeleton and poison spikes of Devil Tree Battle Soldier had grown stronger. To a certain extent, this meant that Devil Tree Battle Soldier's strengthening had failed since only part of its power had increased.

“The chances of failure are so low. Could it have been an accident by me?” Chu Mu nervously muttered.

However, the moment he finished muttering, Devil Tree Battle Soldier's aura abruptly increased. This made the somewhat disappointed Chu Mu jump in fright before he was quickly overcome by rapture!

The increase in strength was an indicator of a strength crossover. Moreover, Chu Mu could feel his soul remembrance increase!!

“Low class... low class dominator rank. Success!!!”

Chu Mu was incomparably excited in his heart. Indeed, in the several thousand years of human civilization, a warrior rank species had never and could not become a dominator rank. This was a heavenly barrier that could never be crossed.

However, Chu Mu had done it today. Not only had the warrior rank Devil Tree Battle Soldier become a dominant or rank, but it had even reached the low class dominator rank level.

The significance of this was huge. Presumably, when the learned Old Han saw the low class dominator rank Devil Tree Battle Soldier, he would be stunned!

Chapter 1114: Humans as Soul Pets?

After the training ended, Chu Mu's mood was great. He rode dead dream straight towards Old Han's wooden room, wanting to try out Old Wen's savory game stew.

Chu Mu didn't care much about eating, but he recently was craving Old Wen's cooking.

Not being able to fly fly through the air no longer applied to dominator ranks. With dead dream's current rank, over any tribe and empire, which commander dared to yell out in complaint? They should instead be happy that dead dream was ONLY flying over their territory.

The dark purple lightning flash flew by and suddenly stopped at a place, where it proceeded to dive right down into a wooden hut's air.

After landing, Chu Mu jumped off Dead Dream's body. Dead Dream's body quickly dissipated into countless dark purple fairy butterflies that scattered into the forest nearby, while the dark purple paradise bird that remained fluttered onto Chu Mu's shoulder, following Chu Mu into the two old people's hut.

"This child truly is determined. He's been gone for over a year." Old Wen's voice slowly came.

"En, being determined is good, but being determined on such unnecessary things..... He's just like his father, not wanting to switch soul pets. The warrior rank soul pets that he once captured will start to heavily drag him behind. After all, his main soul pets were all dominator rank." Old Han said.

They clearly didn't hear Chu Mu coming. Only when Chu Mu stepped up the wooden steps did they realize someone was here.

"Ai, I really am getting old, not sensing you until this close." Old Han laughed bitterly as he saw Chu Mu at the door.

Old Wen instead smiled and said, "You came after smelling this?"

Chu Mu glanced over, and saw a pot of hot stew and laughed. He sure did come at the perfect time.

Little dead dream was even more eager than Chu Mu, flapping its wings and landing on the table hobbling over to Old Wen with blinking eyes.

Seeing it so eager, Old Wen was grinning from ear to ear and got it a bowl too, along with some other fruits.

“So, what kind of things did you accomplish this past year?” No matter what, Old Han admired Chu Mu’s determination, able to spend this long to train his secondary soul pets even when he was this powerful.

“En, I’ve had great breakthroughs.” Chu Mu laughed.

“Great breakthrough? Didn’t you go train your Devil Tree Battle Soldier?” Old Han asked confused.

Chu Mu nodded and said, “It’s dominator rank now.”

Old Han was just about to speak more when he heard this from Chu Mu, and swallowed all his words back, staring blankly instead.

Chu Mu knew Old Han didn’t believe him so he quickly casted an incantation to summon devil tree battle soldier.

Though its aura was hidden, Old Han wasn’t truly too old to tell if an organism was dominator rank if it stood right before him!

“It…… it really is dominator rank…… You…… How did you do it!” Old Han yelled out of shock after a while.

Beside him, Old Wen also stared blankly at dominator rank Devil tree Battle Soldier, forgetting to even give more soup to the ravenous little dead dream.

“No.....not only that..... this is a low class dominator rank!” Old Han quickly discovered something else that turned his world view upside down again!

Low class dominator rank! There was a low class dominator rank devil tree battle soldier!!

Unbelievable. In the thousands of years of human history, this was one rule that no organism ever broke, yet Chu Mu had just broken it. How??!

“Chu Mu, how did you do it??” Old Han asked a second time.

Chu Mu didn't hide anything and told Old Han the situation with Ning Maner.

In reality, Chu Mu didn't know too much about Ning Maner either. He wanted to see if Old Han could add more information.

After hearing Chu Mu's description, Old Han's face was even more filled with shock. Even he didn't think that a little girl could be this powerful, able to use her own spirit source to nurture soul pets, and could communicate with almost all wild soul pets.

Ning Maner's abilities completely surpassed all of Old Han's understanding. He couldn't give a complete answer at the time either.

“Old Han, are there more human territories on that side of Dark Sky Ocean World?” Chu Mu asked.

“I’ve never been to the other side and don’t know much about it, but with the little girl you mentioned, it most likely proves that there is an even larger empire there, or maybe something even larger than the concept of an empire.” Old Han said.

“What’s larger than an empire?” Chu Mua sked.

After reaching emperor rank, Chu Mu knew the differences between clans, tribes, and empires for soul pets, in addition to regions, kingdoms, and realms for humans.

“This I don’t know. One thing is for sure though: According to the levels left by our ancestors, Tianxia Realm is a first rank Realm. Wanxiang Realm is a third rank realm. Of course, with your appearance, it’s probably a fourth rank realm now. As for the other side of Dark Sky Ocean World, I have never researched whether their territories are above or below us in ranking.” Old Han said.

“Fourth rank realm.....”Chu Mu muttered.

Fourth rank realms corresponded to fourth rank empires. With a Hades Fox Noble Purple Emperor appearing along with a few others, it meant the soul pet world must have empires above fourth rank. Old Han himself had said that Seven Sin Fox’s most powerful member was likely beyond even dominator rank.

Thinking back to the arrogant, despicable attitude of Senior Border Commander Zhen Wu when he took Ning Maner away, one could imagine that the other realm across the Dark Sky Ocean World was most likely even stronger than Wanxiang Realm!

“Dong~~ Dong~ Dong~~”

A few light steps came. Just as Chu Mu turned around, he saw a short-limbed raccoon run over.

“Haha, there’s soup!” Old Li immediately jumped onto the table and wanted to stuff his face into the soup when dead dream, pouting, sent a little arc of lightning that immobilized him.

“Little thing, don’t forget that I was the one that dug you out. Don’t think that you’re so great just because you reincarnated!” Old Li pointed a finger at little dead dream and started yelling.

Chu Mu stared at the Old Li that had just appeared and blanked, wondering why this fellow was here.

Old Li slowly drank some soup and sat down on the table. Looking at Chu Mu and Old Han, he rubbed his soup drenched beard and said with profound mystery, “Hei hei, looks like you guys need my help right now.”

Old Li clearly heard the conversation between Chu Mu and Old Han and was pleased at himself again.

“In reality, many ancient scholars of humans have already pointed out that there are other human territories outside of forbidden realm. After all, any human with above average intelligence should be able to take the human territory map and guess that.” Old Li said slowly.

The human territory map was crescent shaped. At the western end of the crescent was the endless eternal ocean. The south end was southern forbidden realm, which was split by human territory’s

tendrils to little south forbidden realm to large south forbidden realm. Little south forbidden realm was Nightmare One's territory, while Large South Forbidden Realm is much larger, where the only known entity is an even larger nightmare empire.

On the north side, the left has a bug type empire that is massive while the east side a glacial world. Going further north east was the endless heavenly mountain.

The glacial mountain extended southwards while forests aside it were the famous Eastern Wild Forest, which was where Chu Mu was.

This was Eastern Forbidden Realm. Past Lost Desolation Garden was an endless forest and Chu Mu hadn't searched further before.

"With your human eyes, humans are the center of the world, while everything beyond was forbidden realm, bewildering worlds, lost desolation grounds, whatever. This is normal; all species use their own territory as the center and expand outwards. Anything they can't see is unknown, so after a while your whole world becomes the visible locations. The unknown slowly become non-existent, like the idiom of the frog at the bottom of the well." Old Li said while rubbing his beard.

Old Li's theory was something Chu Mu had vaguely heard before. It seems that this old fellow used to tell him not to see humans from the viewpoint of humans.

In the past, Chu Mu was still deeply stuck as one of the humans and never had the right to discuss humanity as a whole. Even if humanity was small, he was just an even more miniscule part of small.

Now that Chu Mu was the most powerful human, it was time to understand this.

“I agree with this. I know outside of Heavenly Mountains are a very broad territory. Tianmang brought Ying Rong back, who was clearly from outside heavenly mountain. His soul arts are also clearly more advanced than ours.” Old Han nodded.

“You don’t need to confirm it, since reality has proved it already.” Old Li said.

“What reality?” Chu Mu asked questioningly

“I’ll say it later since we aren’t in a hurry. Let me first say something that may be a great blow to you as humans..... This isn’t your fault either....” Old Li became serious.

Both Chu Mu and Old Han remained silent as they watched Old Li.

Old Li is a soul pet, so his gaze was completely different from humans and naturally saw further as well.

“Young master, remember when I said humans could be seen as soul pets, while soul pacts are your techniques?” Old Li said.

Chu Mu nodded, remembering Old Li’s theory.

“I think this is enough. You know why no one has ever broken through ninth remembrance spirit emperor and stepped into spirit dominator rank yet?” Old Li asked.

Both Chu Mu and Old Han found the question to be strange.

Yet, after a moment, both of them seemed to realize something as their confusion was replaced with shock and disbelief!!!!

Chapter 1115: Human Subspecies

No matter how powerful, no matter how many dominator ranks there, they still couldn't enter spirit dominator rank. This problem disturbed Chu Mu for a very long time.

In the past, every rank had a barrier to overcome. If a spirit master wanted to become a spirit emperor, the bottleneck made it seem impossible for many people. However, as long as one's soul pets could reach a certain level, added with personal power, the cage could be overcome.

Yet, with spirit dominator rank, human history had shown that no matter how powerful one's soul pet got, no matter how hard one trained, no one had a chance of getting over this barrier. It was just like a natural restriction.

Before Old Li spoke, both Old Han and Chu Mu understood the concept of species restriction.

Yet, when he categorized humans as soul pets, Chu Mu and Old Han both remembered the situation seemed to be very similar with humans for species restriction!

Warrior ranks could not step into dominator rank!

Wasn't this very similar from humans being unable to step into spirit dominator rank?

Old Li said that humans could be seen as soul pets, meaning the ultimate reason why humans couldn't enter spirit dominator rank was a species restriction.

This was because a humans' species rank was warrior rank!

"Humans.....humans have species rank??" Chu Mu stared at Old Li and only said something after a while.

A human's basic strength was spirit soldier, while average strength was between spirit soldier and spirit teacher. This was similar to soul pets being between warrior rank and commander rank!

With Old Li's reminder, shock came to Chu Mu and Old Li. They started connecting the dots and realized that humans' spirit disciple, soldier, teacher, emperor, and dominator ranks perfectly corresponded to a soul pets' servant rank, warrior, commander, monarch, emperor, and dominator ranks. Then wouldn't it be possible to use servant rank and warrior rank to describe human strength too?

"No, soul pets need a ten phase maturity phase, but humans don't have that." Old Han immediately pointed out a discrepancy.

Old Li shook his finger and continued, "Of course there is. Age and cultivation are your phases. Let me give an example: A normal human under average cultivation can reach around spirit soldier at thirty years old, right? That's humanity's basic power level."

Old Han nodded. When a soul pet trainer reached thirty, their basic strength was spirit soldier. Of course, some occasionally were spirit disciple or even worse than that, but those were outliers.

“Then, thirty years is your maturity age. With normal training, your species can reach spirit soldier without problem like most warrior rank organisms. They reach warrior rank with normal training from first to tenth phase.” Old Li continued.

“Another strong piece of evidence, and it's something you've heard elders say: People who reach thirty years old rarely improve their spirit remembrance after, right?”

Chu Mu nodded, having heard this in the past in Tianxia City.

“According to soul pet measures, you've gotten to tenth phase.” Old Li said.

Chu Mu and Old Han glanced at each other. Thirty years old was tenth phase. Human species rank was warrior rank. The reason why they couldn't enter spirit dominator was then similar to how all warrior ranks had trouble entering dominator rank. All this evidence pointed to prove Old Li as correct. Humanity was also a soul pet.....

However, Chu Mu and Old Han still felt it beyond belief, feeling something was off yet not being able to find any evidence against it.....

“In other soul pets' eyes, humans could also be put into the category of soul pets. Humans just have a specialty for creating their own civilization and to a certain extent, throwing away the low intelligence slaughter and barbaric nature, reproducing.”

“And afterwards, the battle techniques are your soul pacts. You humans can use your special wisdom to create soul pacts and, by training, domesticating, and restraining other species and creating inseparable bonds. By training them in battle, their own strength becomes stronger too. It can be counted as a mental technique that can't be used on their own species.”

Old Li's theory was something Chu Mu had heard before, so he had some mental preparation. However, last time Chu Mu only heard it as a theory, not taking it seriously. This time, he had to actually push away previous beliefs, which made it harder to accept.

"Then..... What type do you call us?" Old Han clearly still didn't accept this perspective.

"You don't have a type. Plant World, Beast World, Elemental World, Undead World, and Human World, you would have to be in a different lot.

"Humans have only two types, human type and half human type. Like Old Han, his classification is human world - human type - human species - normal human subspecies." Of course, the human type only had one large species type.

"Young master's classification would be human world - half human type - half devil species."

"Emperor concubine Yu Sha's classification is human world - half human type - flower woman species. Of course, each of your species probably only has one person."

Theoretically, according to Old Li, the classification could work. Even Ning Maner had said that half devil Chu Mu was no longer human, so splitting him aside from pure humans was reasonable. After all, normal humans couldn't be like Chu Mu, Bai Yu, and Yu Sha, fighting directly like a soul pet.

"Wait, why did you give us subspecies?" Old Han quickly noticed this detail.

"That still needs explaining?" Old Li asked back.

Old Han paused, and his sunken eyes got wider

“You mean humans have different subspecies? Can it be the difference in family names?” Old Han asked, stunned.

“Of course not. Family names are something you created for your little species. Didn’t I say before, your species rank is warrior rank. The entire human species - normal human subspecies is warrior rank. Your subspecies are spread out on this “New Moon Land”, which is your Tianxia Realm and Wanxiang Realm.

“And now we’re back to our initial question. Are there other humans outside of Tianxia Realm and Wanxiang Realm? I presume you have an answer in your minds now.” Old Li said.

Just as Old Li finished, Old Wen’s ladle fell from her hand onto the floor, clanking as it settled on the floor.

Chu Mu, Old Han, and Old Wen all stared in shock, no longer able to utter any words!!

“You..... you mean..... outside of our territory, there are other human subspecies with higher species rank than ours!” Chu Mu blurted out.

There were other human subspecies!

Most importantly, Tianxia Realm and Wanxiang Realm's human species rank was only warrior rank. Does that mean that, outside of this "New Moon Land", there were humans with species rank of commander rank, monarch rank, and even emperor rank?"

Like wolf species, the lowest subspecies was servant rank Hunting Wolf, then warrior rank Dire Wolf, then commander rank Terror Wolf.....

If Humans had different species ranks, then commander ranks could reach spirit teacher, monarch ranks could reach spirit master, and emperor rank humans could reach spirit emperor without breaking a sweat by the time they turned thirty!

Old Li's words caused Chu Mu and Old Han's souls to shiver. This was just a simple question of taking a different perspective. Human ranks had been set in place long ago, yet no one had thought of this, nor had anyone brought up the concept of servant rank and warrior rank humans!

"Young master, have you forgotten an incredibly important person?" Old Li watched Chu Mu stare blankly and slowly asked.

"Who?" Chu Mu's heart was still uneasy and his mind was in chaos.

"Your mom, female supreme, she's the only human in your realm to reach spirit dominator." Old Li said.

That sentence hit Chu Mu like a bolt of thunder!

"You mean my mother is a human of higher species rank?" Chu Mu couldn't even believe what he was saying.

“En. This is why she can enter spirit dominator rank while those stronger than her can’t. Her species rank is higher than you all, so without the restriction, once she had a dominator rank soul pet, she was going to find it easier than anyone to step into dominator rank. And, her entrance into spirit emperor rank was extremely early too. Even if she trained normally, she could easily step into spirit emperor. Of course, if she weren’t restricted, she would be even more powerful.” Old Li said.

Chu Mu didn’t speak anymore. He finally knew why his mother had abnormally good cultivation talent. Or, maybe it shouldn’t be called talent. It was a noble bloodline. Ning Maner seemed to have the same deal, becoming a spirit emperor at age 14!

Yet, this was all too hard to accept; the world seemed to be in chaos!

Old Li looked at the speechless Chu Mu and Old Han. The reason he never said it earlier was because even if he did, no one would believe him.

“Just like warrior rank organisms, there ultimately will be invincible emperor ranks. Young master, you are a special type in the human subspecies. Of course, like soul pets, the higher the species rank, the less the number. Humans with high species ranks have similar natural restrictions in reproduction.

“And, the higher the species rank doesn’t mean the more powerful the person. Though young master is warrior rank in species rank, your power is stronger than many emperor rank humans. As a special half human type along with having Hades Purple Fox Noble Emperor and an Evil Good Queen, young master’s power and potential remain at the top of the pyramid, so beating them up won’t be a problem.....”

Chapter 1116: Outside Cloud Gates

“Wu wu wu~~~~~”

The small Mo Xie ran out herself from Chu Mu's soul pet space, and looked on with confusion at the three silent men.

After looking for a while and seeing that for some reason they weren't speaking, she ignored them and with a few small hops, jumped to the bowl of wonderful warm soup.

The small Dead Dream looked up at Mo Xie. After giving her some room, it put its head down and continued to greedily drink.

The small Mo Xie was thinking that there was such a great bowl of soup here that they weren't drinking; instead, they just felt like talking. Thus, Mo Xie put her face into the soup...

To Dead Dream and Mo Xie, it wasn't important that humans didn't have a species rank. Moreover, since their ranks were too high, it was rare that they found an opponent to exercise with. For soul pets that enjoyed fighting, if there was no fighting, it was like they had no food. They were going crazy with hunger.

If there was a fight to be had instead, that would be even more exciting. Especially for the small Mo Xie, after her species mutation, aside from the Evil Good Queen who could fight with her, the other creatures would be killed with a single claw swipe. That was extremely boring.

"Old man, do you still remember your god grandson who has disappeared for many years?" at this point, Old Wen spoke up.

"Hmph, don't mention him." Old Han's face immediately fell.

“It’s not an issue of mentioning him or not. Do you really not remember that last time he saw you, he talked about a whole load of gibberish. Moreover, he spoke like an elitist, and said that humans were divided into three, six, and nine ranks based off of bloodline?” said Old Wen.

Old Wen’s reminder made Old Han think of it.

“He probably also went to other human territories and learned about the difference in bloodline ranks.” said Old Li.

“Yes, yes. That’s possible. But that hateful grandson... I really was blind then when I decided to raise him!” Old Han spoke with anger.

“We can talk about this later. Young master, I have something good to tell you.” said Old Li.

“What good news?” asked Chu Mu.

To Chu Mu, the appearance of a new continent was the best news!

There was no more challenges left in Tianxia Realm and Wanxiang Realm for Chu Mu. Even the most terrifying Lost Desolate Garden had been swept through by Chu Mu. If this continued, then the young Chu Mu would have to enjoy an early retirement.

However, the fire in Chu Mu’s heart was still intensely burning. If this was all the world had to offer, Chu Mu would definitely feel unresigned!

“Your father appeared a year ago. Mu Qingyi met him.” said Old Li.

Chu Mu lightly trembled!

“Where... where is he!” Chu Mu was incomparably excited.

Finally... finally, there was news!

Chu Mu didn’t remember how many years it had been since he had last seen him. There was mostly worry in his heart for him since the cultivation path of every soul pet trainer was fraught with danger...

After hearing Old Li’s words, the first reaction Chu Mu had was relief, and then an intense desire to know where he was.

Now that Ling Chan had been defeated by him. The era of Soul Alliance’s omnipotence was over. There was no need for him to continue wandering around.

Old Li knew that Chu Mu really cared about his father. Promptly, he gave an account of what Mu Qingyi had said.

“You’re saying that the Strange Mane Demon that escaped from the Sealed Tower is one of my father’s main pets?” Chu Mu was stunned.

A long time ago, Chu Mu had heard that Chu Tianmang's three main pets had committed suicide in the Sealed Tower. But why had one survived, and even become a powerful dominator rank?!

"Mu Qingyi said that the Strange Mane Demon had actually been discovered before the Empress Concubine plotted against her. It seemed that the Hero Chief also knew about this. You should summon the Evil Good Woman and ask her." said Old Li.

Chu Mu nodded his head and chanted an incantation.

As per usual, it was a holy blue colored flower that blossomed, revealing a slender and elegant woman with looks that could bring down a city.

Unfortunately, this fairy-like beauty was filled with coldness, and her eyes full of hatred.

Chu Mu was already used to her would-rather-die-than-submit appearance. He ignored her expression and asked her about the Strange Mane Demon.

Towards the Strange Mane Demon, she indeed remembered a few things.

Back when she had stolen Sealed Tower's energy, she had always felt some creature hiding somewhere in the tower. After investigating, the Hero Chief discovered that from Chu Tianmang's three main pets' seals, there was one seal that wasn't obtaining refined energy. This meant that there was one seal of the three seals that didn't have a corpse in it.

Chu Tianmang's soul pet hadn't been very highly ranked then, so Empress Concubine Yu Suo wouldn't make a big deal out of this small matter. Thus, she left this matter to Mu Qingyi, having her deal with it. In the meantime, she constructed a pen and had Mu Qingyi put it inside.

“When I constructed the flower array to strengthen the Slaughter Beast, the flower array had signs of being bitten through and destroyed. It probably was the Strange Mane Demon’s doing.” truthfully said Yu Suo.

“Nobody knows what the Strange Mane Demon’s abilities are. His three soul pets probably acted like all three of them had died together. Two of them really did commit suicide, while the Strange Mane Demon hid itself somewhere in the Sealed Tower and did not die. By doing things like this, Ling Chan wouldn’t continue pursuing this matter, and the Strange Mane Demon would be able to avoid everything.” said Old Li.

Chu Mu nodded his head. He could imagine the scene Mu Qingyi had described of his father meeting with the Strange Mane Demon. After a long twenty years, the bond between soul pet and soul pet trainer was still deep, just like father and son...

“Cloud Gate.” Chu Mu muttered. It seemed that it was time for him to pass through the Cloud Gate.

“Young master, you plan on slaughtering your way to Cloud Gate?” asked Old Li.

“Of course. Do you have any issues with this?” said Chu Mu.

“No. I wanted to say that this is great!” Old Li was a bit excited.

“...” Chu Mu remembered that Old Li seemed to have told him a long time ago to help him with something. This matter didn’t have anything to do with past the Cloud Gate, right?

This old fellow really had amazing foresight. Back then he was only an emperor.

“However, it’s best if I first get rid of the so-called administrator. Otherwise, Wanxiang Realm will not be left in peace.” said Old Li.

“Yes.” Chu Mu nodded his head.

Chu Mu was about to say something, but saw someone coldly snort.

“Did you want to say something?” said Chu Mu.

Chu Mu had already stipulated that before he let Yu Suo talk, she was not allowed to do so.

“I told you before that my goal in ruling over your Tianxia Realm and Wanxia Realm was to save you.” said Empress Concubine Yu Suo.

“Talk about it.” seeing that this woman knew quite a bit, Chu Mu had an interest in hearing what she had to say.

“The history of your “New Moon Land” has a problem: your ruler has never acknowledged the existence of higher ranked humans. In reality, your New Moon Land’s Tianxia Realm belongs to one of Cloud Gate’s even larger realms. Due to the long distance from this larger realm and Tianxia Realm being surrounded by forbidden regions, Tianxia Realm has always been self-governed. Wanxiang Realm would later come to rise to power, making it a third rank empire. The moment this happened, people from beyond the Cloud Gate were sent to administer Wanxiang Realm. These people became your Mu Kings. Aren’t you curious where the Mu King went? The answer is simple: he went back to the place that used to belong to him.” said Empress Concubine Yu Suo.

Although Yu Suo really didn't want to say this much, if these people didn't understand what kind of situation they were in, she would feel increasingly uncomfortable in her heart.

Chu Mu glanced at Old Han and Old Han indicated he didn't know about this.

"Continue." said Chu Mu.

"After the Mu King, the second administrator was Alliance Master Ling Chan. He was banished by those beyond the Cloud Gate to your New Moon Land's commander rank humans." Empress Concubine Yu Suo intentionally glanced at Chu Mu after speaking before coldly continuing: "That must have been a blow to you, eh? The person who you viewed as the strongest was merely a banished man."

"Then are you the third administrator?" asked Old Han.

Old Han naturally also knew inside information about Empress Concubine Yu Suo.

"Empress Concubine Yu Suo shook her head and said: "I am unrelated to them. I only wanted to rule over this place. The reason why I said I would save you is because after I dealt with Ling Chan, I naturally had a method of dealing with the people from beyond the Cloud Gate. This way, you would still be able to continue living your normal lives, and I could make you even stronger, becoming a higher ranked empire."

As she spoke, Empress Concubine Yu Suo glanced at Chu Mu and spoke very unhappily: "now that Ling Chan has died and I have been taken prisoner by you, nobody has informed the higher ranking

ruler of the circumstances here. If not a single piece of information has come from your territory, would you not send someone new to administer this place?”

Yu Suo saw that no one was talking, but Chu Mu was staring at her.

In truth, she didn't feel obligated to actually tell them this. It would be fine if they perished on their own. But she considered that if Chu Mu died, if she was still in his soul pet space, she would also die with him.

In Yu Suo's heart, Chu Mu would always be an idiot. She was afraid Chu Mu would act recklessly and cause a mess of the situation. One careless mistake, and someone stronger than him would just kill him. Then, she would sullenly accompany him to death.

Chu Mu and Yu Suo had a mental connection, and whatever this woman was thinking about in her heart, Chu Mu could faintly understand a bit of it.

”Yet, Yu Suo didn't know what Chu Mu was thinking in his heart. As if she was afraid Chu Mu would misunderstand, she coldly said: “Cloud Gate's ruler is very strong. If you're seeking death, you can go. But don't drag me along to your death.”

“Is Cloud Gate's ruler more powerful than you?” asked Chu Mu.

Yu Suo wore her face of contempt as she said: “In a few years, he won't even be deserving of carrying my shoes.”

“You are my slave now, and if he's a person not even deserving of carrying shoes for my slave, do I need to be afraid of him?” said Chu Mu with a serious expression.

“You... you...” Yu Suo pointed at Chu Mu and wanted to curse at him, but couldn’t find the words for it.

“Just now, your tone of voice made me very uncomfortable. I’ll add 30% to the devil flame temperature. Go and reflect upon your actions before coming out again.” Chu Mu didn’t give Yu Suo the chance to curse, and threw her directly into the soul pet space to continue facing the fire while reflecting on her actions!

Chapter 1117: King Chu!

Old Li had made the trip to Lost Desolate Garden to tell Chu Mu this. Indeed, Chu Mu had spent a year and a half training, and everyone was a bit worried. Adding on the fact that someone was coming to administer their territory, this made the Three Great Palaces very worried. The feeling was that a fierce tiger was about to arrive.

Chu Mu’s training had finished, and there was no need to continue staying in eastern Wild Forest. Thus, he rode on his Dead Dream and returned.

Unexpectedly, Old Han and Old Wen decided to take a trip to the outside. Thus, they returned with Chu Mu to Wanxiang City.

.....

The Dead Dream’s flying speed was very fast. Before long, Chu Mu had entered Wanxiang City’s territory from the distant Eastern Wild Forest.

Chu Mu’s Dead Dream had practically become his trademark. When the Three Great Palace’s people saw a beautiful streak of dark purple lightning flit across the sky, they knew Chu Mu had returned. Everyone looked up, wanting to see what the human realm’s strongest human looked like.

Chu Mu didn't like showing his face in public. Although everyone from three years old to 100 years old in this world knew his name, there were only a few who had met Chu Mu before. He could genuinely be described as a reclusive hidden dragon. He was extremely mysterious and profound.

After nearly two years of reconstruction, Wanxiang City had returned to its former glory. When Chu Mu flew over in the sky, he couldn't feel any of the scars left by the war on this city.

Compared to Xiangrong City, Wanxiang City was much more majestic and boundless. It was like a vigorously beating heart. After the war, the bustle and hustle was much more prominent.

In the air, as Chu Mu looked down at the mighty and grand city, he watched the throngs of people walking through the street.

He remembered the first time he stepped into this city, he had felt a sense of overbearingness. But now it was him that was standing at the highest point...

As they flew straight across the city, the patrolling aerial guards could only shockingly watch the incomparable dark purple lightning with envy as Dead Dream beautifully and freely slowly disappeared in the distance.

Passing through the inner city, Chu Mu instantly saw the silver, gold, and blue colored palaces of Wanxiang Altar.

These three altars represented the factions of the Three Great Palace's factions. However, after the great crisis, the Three Great Palaces allied together. There was no longer a barrier between the

palaces, senior elder, elder, and Palace master. Instead, there was added a corridor between them and a gorgeous aerial bridge.

When Chu Mu had left this place, the rubble had just begun its reconstruction. In the blink of an eye, it had become so majestic and boundless. The destruction had come so quickly and the reconstruction of civilization was just as quick.

At the very center of the Three Great Palaces was an imposing and majestic great palace. This great palace was composed of gold color, colored by blue and formed by pillars and angled brims to create three palaces.

Seeing the magnificent palace, Chu Mu was certain the Three Great Palace's had indeed become rich and imposing.

"Oh? Why have the Three Joined Palaces opened today? Did something big happen?" Old Li glanced at the Three Joined Palaces and spoke.

The three Joined Palaces had opened, and on the 1200 flights of stairs stood a total of 1000 guards. A majestic carpet was laid out to the bottom of the stairs, indicating that a meeting was in session!

"Could the people from beyond Cloud Gate have arrived?" muttered Chu Mu.

Coming early wasn't as fitting as coming at a timely occasion, and Chu Mu happened to have come at a timely occasion. Promptly, Chu Mu urged the Dead Dream to land outside the Three Great Palace's plaza.

Chu Mu, Old Han, Old Wen, and Old Li jumped off from the Dead Dream.

The holy guards saw the casual, cold, and fierce Dead Dream land and naturally knew who had returned. Promptly, they all kneeled on the ground for Chu Mu.

The thousand adorned holy guards had all kneeled so fast that Chu Mu wasn't even prepared for it.

"Holy Guard Captain Zhuo Nong was standing on the outside and looked at Chu Mu. A smile immediately rose on his face as he said; "King Chu, you've finally returned."

"King Chu..." Chu Mu bitterly laughed. Who had given him such a beautiful title. Even if he wanted to be low key, it was impossible.

Chu Mu waved his hand at Zhuo Nong and said: "Uncle Zhuo, have your people stand up. They scared me."

"Showing formality is a must." seriously said Holy Guard Captain Zhuo Nong.

"What's the situation inside?" asked Chu Mu.

"It's people from the Dark Heaven Ocean World." said Zhuo Nong.

"Not people from beyond the Cloud Gate?" Old Li was stunned and was silently confused.

Zhuo Nong naturally didn't know what was "beyond the Cloud Gate" and confusedly looked at Old Li.

"Whatever, let's enter." said Chu Mu.

"Should we announce it?" instantly asked Zhuo Nong.

"Announce what? I'm not used to it." Chu Mu shook his head As he spoke, he began walking along that gorgeous rug towards the incomparably imposing great palace.

Not long after Chu Mu, Old Wen, and Old Han entered the palace, the younger guards beside Holy Guard Captain Zhuo Nong made a small ruckus.

"Captain Zhuo, you really do know King Chu!" the younger holy guards were extremely excited.

"Didn't you just hear King Chu call Captain Zhuo 'Uncle Zhuo'?" another said.

After speaking, the other holy guards couldn't hold their patience and began discussing the god-like person they saw just now and the strongest phoenix species creature.

"Hmph, who permitted you to speak while standing guard. As a holy guard, you should know your duty!" Zhuo Nong didn't give anything away and rebuked those young holy guards. When holy guards were standing guard, they weren't allowed to speak. They always had to be enveloped by soul remembrance and had to comply with rules.

Nobody dared to say anything more, but those younger holy guards saw that Great Holy Guard Captain Zhuo was now wearing a smile that was hard to discern. It seemed that this old man was pleased in his heart but was pretending to keep his cool.

.....

In the great palace, three people sat in the high seats. At the very center was a kingly gold. It was majestic and imposing, resembling a crouching tiger.

To the sides of the golden main seat were silver and blue high seats. The golden main seat was empty while Liu Binglan sat on the silver seat, and Prince Chao sat on the blue seat.

Prince Chao had grown too quickly. He had shed his scholarly aura and his sword-like appearance exuded seriousness and dignity.

Prince Chao could be said to have matured a lot in the span of an evening. It was particularly his father's death that had undoubtedly incited him.

Behind the three main seats were a few other high seats. They belonged to Mu Qingyi, Bai Yu, and future-born dominators. However, today, the only person on these seats was Mu Qingyi.

Below Mu Qingyi were the Nightmare Emperor, senior elders and elders of the Three Great Palaces, arranged in that order. They were Nightmare Emperor Jiang, Senior Elder Liu, Senior Elder Shen, Senior Elder Pang, Senior Elder Xiao, Elder De, Elder Mei, Elder Xiong and outstanding younglings that included Ye Wansheng, Shen Mo, Pang Yue, Teng Lang, Qin Yutong, and Xiao Hai

There were a few empty seats, but most were occupied. Of course, there were a few new faces which were from the neutral factions and reclusive experts once oppressed by Soul Alliance.

These people formed the high level powers of the Three Great Palaces. There were about 30 people.

Behind these 30 people were elders, guest elders, great palace masters, apalace masters, holy guards and various large kingdom lords, city lords and vice-city lords.

There were about 300 of these people who all were at least spirit emperors. There were even a few lower ranked spirit emperors who didn't have the qualifications to sit there.

There were only a few people of these 300 people who recognized Chu Mu. When Chu Mu was a low ranked spirit emperors, he had transformed into a devil and after his cultivation as a devil, he had skipped these stages. His strength had greatly increased so the people of this stage that recognized him were not many.

Although Chu Mu had skipped this stage, this didn't mean these people didn't exist. From the amount of people there, it could be seen that these people formed the core force of Wanxiang Realm and Tianxia Realm. Without them, the two great realms would become a mess.

There were about 400 people in the great hall. A hall being able to accommodate 400 people was a lot and when Chu Mu walked in, he still felt it was slightly empty.

"Don't worry. Leave Cloud Gate Realm's people to us. Although we really don't want to come here, we've received orders to guard this place for five years until your territory is absorbed into ours. Of course, we won't be administering you. Our lord has ordered that we are not allowed to meddle with the development here." the young man sitting on the guest seat was wearing a frivolous smile as he spoke.

There were a total of 4 people on the guest seats and the one speaking was in the secondary seat. Liu Binglan had seen him before as he had come here once. He was the arrogant young man Ning Changqing who had taken Ning Maner away before.

Chu Mu has returned!”

“It’s King Chu!”

As Ning Changqing was speaking, everyone in the great palace focused on the three people slowly making their way in.

Ning Changqing’s eyes fell on these three people.

Chu Mu glanced at the four guests. He didn’t say anything, and walked directly to the high seat.

“King Chu?” at this moment, Ning Changqing’s gaze swept by Chu Mu and landed last on Old Han. He said: “You are the person known as the strongest of New Moon Land, King Chu?”

Old Han was confused for a moment, but discovered that these four people from Dark Sky Ocean World were staring at him. He quickly understood.

“Ke ke, you’ve got it wrong.” Old Han coughed.

Ning Changqing and the three others were all stunned. They had confused expressions when they suddenly found that the young man ignored by them had walked to the empty golden seat.

He unhurriedly sat on the most authoritative seat, and then coldly looked down on the four of them.

The four guests all showed expressions of shock. When these three people had walked in, they subconsciously figured that the older man that looked to be more qualified was “King Chu.” They never expected King Chu was the young man they had chosen to ignore!!

Chapter 1118: Who Allowed You on My Territory?

When communicating with them, Ning Changqing’s four dark sky ocean world people noticed immediately that these people were all very respectful of King Chu, and titled him the most powerful person in Wanxiang Realm.

A realm always had a most powerful person. This wasn’t much to note. Most importantly, this person had special connections with Ning Maner.

They all thought that this so called King Chu was a very grave and steady elder. Even if it wasn’t an elder, it should be a middle aged man. After all, people here can have such great strength only after that long of a period of time.

Thus, when Chu Mu, Old Han, Old Wen walked in, the four all subconsciously felt that Old Han was King Chu. Little did they imagine that the young man was the real King Chu. More shocking was the fellow seemed to be the same age as Ning Changqing!

“You’re one of Lady Ning’s protectors?” The man sitting in the center looked at Chu Mu and asked.

“Guardian.” Chu Mu corrected the man’s words and continued, “Let’s hear your identity and background first.”

“We said it before already.” Ning Changqing said.

“Then let’s hear it again.” Chu Mu wasn’t being polite to them in the slightest especially after remembering how these people took Ning Maner away without his permission, and even nearly killed Nightmare Three.

Ning Changqing and the other two immediately showed sour expressions. Only the yellow haired man in the center remained relatively calm and said, “I am Zhen Kuo, from the country on the other side of your so called Dark Sky Ocean World. This is our leader Ning Changqing, and these are our two subordinates, Wang Dan and Lan Xiao.”

When Zhen Kuo introduced themselves, Chu Mu looked over. Ning Changqing was someone Chu Mu heard of. This fellow wasn’t that powerful but was very brash and arrogant. With Ye Qingzi’s words, he was just mentally challenged.

Wang Dan was a burly man with heavy killing intent. His soul remembrance was around ninth remembrance but it wasn’t certain whether he had dominator rank soul pets.

Lan Rao was female, her charming eyes flirting with Chu Mu. However, her eyes seemed to hide a deeper, more complicated thing, making her not just a woman that only knew how to flirt.

She was ninth remembrance, and it was certain she had a dominator rank. Her aura was clearly different from Wang Dan.

As for the lead, Wang Dan, he was a ninth remembrance spirit emperor. His power was something Chu Mu couldn't quite figure out. After all, Chu mu was also ninth remembrance and couldn't see everything.

"We already introduced ourselves, so do you want us to repeat our goal here again?" Zhen Kuo's tone slightly changed.

Since they already said it, Prince Chao thought it was better for him to continue.

However, before Prince Chao could even speak, Chu Mu nodded calmly and said, "En, again."

Zhen Kuo immediately furrowed his brows this Wanxiang Realm King Chu truly wasn't giving them any respect.

The brash Ning Changqing indeed was the first to be unable to sit still. They had come countless miles here under command to help them get rid of the Cloud Gate people. Not only did they not have any respect, they dare show this attitude? This was truly debasing.

Thankfully, Zhen Kuo was rather good at keeping calm. With a worsened tone, however, he replied, "We come on command to help you drive away Cloud Gate's new commander and bring you into our country, taking over the matters. But, our superiors have given commands that we only come to provide protection, and you will remain autonomous. We four will stay for around five years and leave. Once you are formally a part of our territory, Cloud Gate will no longer come to harass you."

"Whose command?" Chu Mu asked.

"Zhen Kuo shook his head, "We simply follow our direct superiors."

“King Chu, we’re not sure if there even will be commanders from cloud gate, yet these people have questionable origins.....” Elder Xiao began.

“These Cloud Gate matters are more or less the truth.” Chu Mu interrupted.

Chu Mu’s words caused a slight commotion within the three to four hundred people in the palace. After all, living in Wanxiang Realm and Tianxia Realm, they had never heard of Cloud Gate and the situation outside of it, so how was there suddenly people outside the realm?

Most of them remained skeptical at first, yet with Chu Mu’s words, they had to believe it.

“See, I said you were being foolishly conceited. If Cloud Gate’s commander were gentle and nice, you may be fine but if they happened to send a tyrant, you will have a very ‘fun’ time.” Ning Changqing said.

“It shouldn’t take long for the commander to come. You will believe us then.” Zhen Kuo said.

“The situation with Cloud Gate can be put aside for now.” Chu Mu stood up and slowly walked down the steps until he was right before the four of them.

None of them spoke, only glaring at this unpredictable king.

“I want to ask you first, who allowed you to walk into my territory nonchalantly!” Chu Mu’s tone became ice cold, his eyes blinking demonically silver, reflecting in the four of their pupils!

All four of them were stunned, while the weakest Ning Changqing was scared back into his seat!

Zhen Kuo's two subordinates both showed panic, not daring to look Chu Mu in the eye. Only Zhen Kuo, while showing some tumultuous emotions, remained rather calm.

"You..... what are you doing, we came to help you by command!" Ning Changqing couldn't even speak without a stutter, pointing at the intimidating Chu Mu.

Wang Dan recovered, and looked at Chu Mu full of hostility, looking loyal and ready to summon a soul pet.

Lan Rao remained speechless, only watching the now different Chu Mu, showing some interest.

"Looks like you don't welcome us." After a moment, Zhen Kuo said coldly.

After speaking, Zhen Kuo glanced at the other three and said, "Let's leave."

The other two didn't speak and immediately left with Zhen Kuo. Only Ning Changqing pointed at Chu Mu flustered and said, "How dare you treat us like so? Heng, once Cloud Gate's people come, you will deal with it yourself. I will definitely love to see you all get dealt with! You have to know that every new commander must build their respect in some way. You short sighted and arrogant people will definitely be the first to go....."

“Changqing, shut your mouth, let’s go.” Zhen Kuo didn’t let Ning Changqing finish, and yelled coldly.

Ning Changqing didn't dare continue but he remained red in the face as he quickly caught up to the other three.

Chu Mu felt it funny as he watched the flustered Ning Changqing. He was indeed mentally challenged, just like Ye Qingzi said!

Chu Mu already displayed a direct killing intent that Zhen Kuo detected as dangerous, which was why he lead everyone to leave immediately.

The other two more or less felt it. Only Ning Changqing was still blabbering. If Zhen Kuo hadn’t told him to shut up, he truly wasn’t far from death.

Chu Mu watched the four of them leave the palace. Suddenly, Zhen Kuo stopped and turned around, “Can we stay around as nomads within your city? Although it looks like you don’t need our help, we will still intervene. However, because of your attitude, we may intervene much later than you’d expect.”

“Friendly reminder, the commanders that come are usually very powerful.” Lan Rao turned around and chuckled, giving Chu Mu a complicated look before following behind Zhen Kuo outwards.

.....

After the four of them left, the entire palace went quiet.

Chu Mu returned to his spot, and glanced at the silent Liu Binglan.

“Did I do something wrong?” Chu Mu asked.

Chu Mu had always done what he wanted. However, it was after all his mother beside him. Doing what he wanted without her opinion wasn’t the best look.

Liu Binglan shook her head lightly, “It’s your territory now, everything is your decision.”

“Chu Mu, I’ve been fed up about them for a while now!” Prince Chao said with mental voice to Chu Mu while remaining solemn on the outside.

“King Chu, do we just let them hang around our city?” Elder Pang said with worry.

“Let them be, they should be actually just trying to obey commands.” Chu Mu said.

Chu Mu thought their arrival had to be connected to Ning Maner. Since it was her wish, they probably wouldn’t do anything out of step.

However, Chu Mu didn’t like their attitude at all, arrogant, thinking themselves as better, belittling everyone else. Even if they seemed relatively calm and respectful, their attitude of being superior came through from their eyes and expressions.

This was something Chu Mu felt the moment he saw them. Liu Binglan, Prince Chao, Mu Qingyi, and the other elders also felt it but they couldn't express it without having concerns.

Chu Mu's shocking question to them spoke the words in their hearts, bringing everyone a voice to them!

.....

Down the steps, Zhen Kuo and the other three took their time.

"Boss, do we just take it without complaint?" Wang Dan said.

"Yeah, boss, that King Chu is too arrogant!" Ning Changqing said.

Zhen Kuo responded, "That King Chu indeed is pretty powerful. It's rare for a place like this to have an expert like him. Feels like he could have low class dominator rank."

"Low class dominator rank? No way, he seems so young....." Wang Dan paused, and said with confusion.

"Then we really don't have to intervene?" Lan Rao said.

Zhen Kuo shook his head, "Maybe, Cloud Gate also wouldn't send any irrelevant person here."

Chapter 1119: Cloud Gate Invades

Heavenly Mountain

The silent cloud gate stood between the massive glaciers of heavenly mountain with a snow storm swirling with piercing cold.

Under the cloud gate, a white haired elder sat in an ice made house. Watching the soul pets run over with slightly muffled eyes.

“Old man, this is my border crossing decree.” The man at the front said.

The man rode a dark lion. This dark lion had long sword teeth, white fur and mane, and seemed incredibly majestic!

Old man took over the decree, casually flipped it over a few times, and then threw it back, returning to his original spot with no glow in his eyes.

The man glanced at the old man who went back to being like a dead man and said nothing more. He lead the five people behind him straight through cloud gate.

The cloud gate was actually a completely straight glacier valley. It was a very long valley that seemed to have no end, no matter how they looked.

Looking up, one could see that even the sky was pushed into a thin blue line, the horizon was also straight, creating a parallel with the glacial valley.

“Li Border General, that old man guarding cloud gate is....” The man riding an Earth Fiend Dream Demon asked.

The man called Border General Li turned around and glanced at the snowman like old man sitting and humphed, “He once fought against our Border Master on this heavenly mountain. Once he lost, he wanted to kill himself as punishment but Border Master was merciful and told him to guard here for the rest of his life instead.”

“Able to go against Border Master, wouldn’t this man be very powerful?” Earth Fiend Dream Demon asked with surprise.

“Probably.” Border General Li said and smiled. Pointing at this narrow and straight cloud gate valley, he continued, “You know where this cloud gate comes from?”

The other four all shook their heads. Other than Han Wannong, who had rode his Earth Fiend Dream Demon through here before, the other three had come here for the first time.

“This was a sword mark left by Border Master’s Sword Ghost!” Border General Li smiled.

“One sword..... one sword!” Han Wannong was subdued, watching blankly at this indescribably long valley!

The other three were also full of shock. Their soul pets were very quick and have run for a while, yet they still couldn't see the end of cloud gate. One could only imagine the length of this valley!

Yet, this was just sword ghost’s blade mark, this is shocking!!

“Heavenly mountain originally was at a height that reached second level sky, and was incredibly hard to pass over. So, there was very little command over new Moon Ground, possibly even having thousands of years without a commander, ultimately giving them autonomy.

“Border Master’s blade created a path between these two territories so we slowly started sending people over. Surprisingly, however, the ninth rank kingdom capital that was written in the ancient documents has now developed into a second, even third rank realm. Truly rare.” Border General Li said.

“Han Wannong, you’re pretty lucky, and didn’t get blocked by the old man or else you would still be narrow-minded.” The average looking woman in the team smiled.

“Hehe, that’s right, that’s right.” Han Wannong nodded and smiled.

“Speaking of which, Han Wannong’s strength is at least top ten in this New Moon Ground then. En en, almost forgot, tell us about what experts are in New Moon Ground.” Border General Li said.

“The most powerful person is Ling Chan, to the point where he dominates alone.” Han Wannong said.

“That fellow? En, somewhat of an expert. I heard he had a big break through once he came over, and had requested to return to cloud realm many times, but had been pushed away by Border Master’s soul pets that weren’t even dominator rank.” Female soul pet trainer laughed.

“The man was nearly a hundred, and hadn’t stepped into spirit dominator, how could he compare to our talented Border General Li!” Han Wannong said straight-faced.

Female soul pet trainer heard it and laughed, “You truly are good at flattering, Han Wannong you’re really getting the hang of it.”

Border General Li laughed, “Ling Chan hasn’t appeared in a long time, so he might have died a while ago. Whatever, no matter what experts there are, a few steps, and they’ll get back in line.”

“Haha, well said!” The other two agreed and laughed.

“Wanxiang Realm won’t have any of your opponents.” Han Wannong smiled.

“Maybe not. With such a hostile place, there may actually be one or two geniuses that will take me a little longer.” Border General Li smiled.

.....

Wanxiang City

When the skies brightened, Chu Mu sat on his bed meditating, and heard a massive explosion from a different courtyard.

Chu Mu furrowed his brows. The sound came from Ye Qingzi’s medicine courtyard. Chu Mu’s first reaction was who was this courageous, daring to come make trouble in his place?

Chu Mu quickly flew towards the medicine courtyard to see Ye Qingzi waving her hands in front of him as she walked out black faced from the blackened medicine making room.

Ye Qingzi's face was filled with ashes, like a little girl that dirtied herself in the mud. She looked adorable, and Chu Mu couldn't help but laugh.

Ye Qingzi gave this laughing man a glare and said, "I used the wrong recipe, heng, if you laugh again, I'll"

Chu Mu had rarely seen Ye Qingzi like this, so how could he not laugh. When Ye Qingzi threatened him, he instead laughed even louder.

Ye Qingzi wasn't happy and no longer worried about the dirt on her. She transformed into a little wild cat that pounced forward on all fours.

Chu Mu laughed as Ye Qingzi's soft body came over. He simply hugged her from the waist and said, "Alright, let me help you wipe down."

As he spoke, Chu Mu carefully used his sleeve to wipe down Ye Qingzi's face.

"Let me go, I'm going to take a bath." Ye Qingzi struggled a bit. With a body full of ashes, she truly was uncomfortable.

"Then let me help you clean it off." Chu Mu got slightly aroused and said with an evil smile.

“No.” Ye Qingzi blushed and pushed away the increasingly vulgar Chu Mu, running over to her room and closed the door.

Chu Mu was puzzled. Why did closing the door matter? All he needed was a Displacement Specter. Even a barrier was something Chu Mu could easily get in.

However, Chu Mu felt that he should enter later, when Ye Qingzi was all clean and ready.....

Chu Mu did nothing these past few days, simply waiting for Cloud Gate's people to appear.

In this time period, Chu Mu brought the life fruits from the Ten Thousand Eyed Treant to Ye Qingzi so she could create soul items to advance Wood Tray Spirit and Bell Noise Concubine.

Ye Qingzi's Wood Tray Spirit and Bell Noise Concubine didn't step directly into pseudo dominator rank but instead stayed in the realm close it.

Ye Qingzi's soul pet training had always been somewhat lacking. However, as Ye Qingzi was a soul teacher, her soul pets helping her craft soul items was also a training in it of itself. Adding on a large amount of soul medicine, Ye Qingzi completely used her wealth to raise her soul pets' rank.

Ying Long came from outside cloud gate. His soul art didn't stop just at top tier emperor rank. Ye Qingzi knew of even higher territories from the spirit vessel she received.

Chu Mu's training in a year allowed Ye Qingzi to make a break through as well. Now, as long as Chu Mu could bring back enough materials, she could craft xuan items.

Of course, Ye Qingzi's current success rate wasn't high and needed training. This explosion was definitely a failure.

"En, it should be done now." Chu Mu kept time silently and felt that Ye Qingzi was well washed now and was ready for him to enjoy!

With an incantation already ready, Chu Mu slowly burned with devil flames as an evil smile appeared on his face.....

"Chu Mu! Chu Mu!!"

Suddenly, a familiar voice came from outside the courtyard.

Chu Mu's flames immediately extinguished as he saw Young Master Teng run over like a messenger.

"Here, they're here!" Teng Lang ran aside Chu Mu and pointed to north city.

"The cloud gate people?" Chu Mu furrowed his brow.

"Yes, yes. They call themselves Border General Li with what seems like Old Han's adopted grandson, who looks like a traitor!" Teng Lang said.

“They truly didn’t come at a good time!” Chu Mu gave a dissatisfied humph!

Chu Mu had trained bitterly for over a year and had already missed Ye Qingzi a lot. Finally coming back, Ye Qingzi was busy making medicine. Chu Mu hadn’t even connected back intimately with Ye Qingzi. Finally getting an opportunity today after the beauty took a bath that provoked Chu Mu, the fellows from Cloud Gate finally came!

This was unforgivable!!

Teng Lang saw Chu Mu’s expression immediately sour, showing a light anger with cold killing intent and nodded in his heart. Now, Chu Mu was really getting the mannerisms of a king. A king should be like this, having a dominating manner whenever intruders came to Wanxiang Realm!

Of course, if Teng Lang knew the real reason why Chu Mu was angry, he definitely would be speechless!

Chapter 1120: Fight, Cloud Gate’s Four Strong

Outside the northern city’s gates, the soul pets of the soldiers were strewn disorderly underneath the city walls, letting out mournful cries.

Northern city’s great general was the young Xiao Hai. His strength was genuinely outstanding in the younger generation and he was now the general in charge of Wanxiang City’s northern city. He took charge of the city’s patrol, guard and defense.

Presently, Xiao Hai was standing on the city walls. He had a pale face and was clutching his stomach. He stared with a trace of anger at the female soul pet trainer.

The female soul pet trainer was called Xue Luan. Her age was about the same as Xiao Hai, but one of her secondary soul pets had managed to defeat all of Xiao Hai's main pets, as well as the northern city's army of 5000.

Xiao Hai had quite the ego and was somewhat conceited. After being crushed by a female soul pet trainer of the same age, this was a huge blow to him.

"Let me." Prince Chao rode on his Immortal Ming Bird and landed next to Xiao Hai.

Xiao Hai was unreconciled. Although he had heard that those from beyond Cloud Gate were extremely strong, he never expected the gap in strength to be so large.

Most importantly, Xue Luan was the weakest of the four people!

Xiao Hai, who was on Wanxiang realm's young generation outstanding ranking, wasn't even able to defeat the secondary pets of their weakest member. This was an unspeakable humiliation!

Chao Lengchuan swept his eyes over Xue Luan, and then glanced at the three spectators to the side wearing smiles.

"My name is Chao Lengchuan. I am the Eternity Supreme of Three Great Palaces!" Chao Lengchuan was rather polite and first spoke his identity.

The female soul pet trainer, Xue Luan, glanced at the nearby Han Wannong. Li Jiang and the other man also glanced at him.

“What is an Eternity Supreme?” asked Li Jiang.

“New Moon Land has factions that have been established for several thousand years. These are Soul Palace, Nightmare Palace and Soul Pet Palace. The Eternity Supreme is a Supreme of these three factions. There are a total of Four Supremes and they are the Diagram Supreme, Dawn Supreme, Eternity Supreme and Underworld Supreme. They represent the highest status. The last generation’s Four Supremes had strength that couldn’t be trifled with. However, this generation’s Supremes shouldn’t be as strong. This fellow seems to just be a novice and inexperienced brat.” explained Han Wannong.

“So he’s one of the strongest people here, eh?” Li Jiang rubbed his beard and a smile full of deep intentions appeared.

“Xue Luan, then why don’t you help me test his strength. If I have to help you with everything, it will be harmful to you.” continued Li Jiang.

“I’m willing to do so.” Xue Luan laughed, and her eyes looked with interest at Prince Chao.

Chao Lengchuan had an easy character, and was used to treating strangers with politeness. However, these four people had an arrogant attitude that made others feel extremely uncomfortable.

Chanting an incantation, Prince Chao didn’t try and hide his strength, instantly summoning his strongest soul pet, the Thousand Wave Beast!

A large golden beast slowly appeared from the array. It stood on the grand city wall. It resembled a dignified king with both majesty and an imposing character!

The Thousand Wave Beast and its natural aura had a great intimidation power. When the surrounding soldiers looked up at the enormous golden figure, they couldn't help but acknowledge their allegiance.

A dominator rank was a dominator rank at the end of the day and when the Thousand Wave Beast was summoned, Xue Luan's perfect emperor involuntarily retreated a few steps. Clearly, it was extremely scared.

"So it's a pseudo dominator rank soul pet. You've terrified a young woman." Xue Luan's tone and expression were completely different. Her false smile caused others to squirm.

"Your face is ferocious-looking, yet you're still acting like a young woman. How disgusting. Just add a beard, and tell others that you're a man and nobody will doubt you!" suddenly, a voice filled with disgust ostentatiously floated out from the city wall.

Xue Luan's false smile instantly froze. Her eyes immediately transformed into lightning bolts, locking onto the bastard who just spoke!

The person who spoke was the absolutely shameless Ye Wansheng. Just now, Ye Wansheng really wanted to take his shoe and throw it at the disgusting woman's face!

"Eh... indeed these are wicked citizens from an inhospitable environment." the border general Li Kuangdeng was stunned, before calmly speaking.

Standing next to Border General Li, Li Yi had a face full of shock. He softly said: "Sister Xue forbids people saying this the most. It seems, Border General Li, that it will be difficult to do as you wish, and shed less blood in order to administer this place."

“Li Yi, you deal with that Eternity Supreme or whatever. Sister Xue probably has something more important to do.” Border General Li Kuangdeng spoke.

Li Yi nodded his head and had his steed fly up to the city tower.

“Don’t you know that when you said those words, you were already a dead man?!” Xue Luan coldly glared at Ye Wansheng. Her entire being resembled an ice cold and sharp sword. A terrifying killing intent was slowly radiating.

Ye Wansheng had no fear. Righteously, he said: “Even if I am a dead man, that won’t change the fact that your face is disgusting!”

Ye Wansheng’s words made those on the city tower feel a bone-chilling cold. This cold was coming from the terrifying woman who was about to erupt!

“I’ll... I’ll kill you!” Xue Luan was so angry her face was all red. It looked like she was going berserk.

Chanting an incantation, Xue Luan instantly summoned a Death Turtledove and immediately charged at the city tower!

Ye Wansheng jumped with fright. When he came back to his senses, he chanted an incantation and urged his Star Wild Devil Cold to use an extremely fast speed to escape outside the city.

Xue Luan wasn't in the mood to pay attention to Prince Chao's Thousand Wave Beast. Seeing Ye Wansheng flee outside the city, the killing intent in her eyes was even deeper. She immediately ordered the Death Turtledove to give chase. She was determined to hack this wicked man to pieces!

"Crown Prince, should we dispatch people to help?" Xiao Hai looked with shock at the Death Turtledove and hastily spoke.

The Death Turtledove was clearly a dominator rank. Instakilling Ye Wansheng was definitely as easy as flipping one's hand. Given that Ye Wansheng was fleeing by himself, if no one came to help, he was certainly dead.

Chao Lengchuan hesitated before ultimately shaking his head: "Don't worry, let him deal with it."

Chao Lengchuan knew that Ye Wansheng was no longer the Ye Wansheng from two years ago. Since he was drawing that woman outside the city, he definitely had a plan and his own confidence.

"You guys really should not have annoyed he,r because not only will you have to help that person just now collect his corpse, but you'll also have to help a lot of others collect their corpses." Li Yi shook his head and sighed.

Chao Lengchuan knew his opponent had become this man. He could sense that this man's strength was clearly above Xue Luan's.

Chao Lengchuan's expression turned serious and he stared at Li Yi.

Li Yi was chanting an incantation, and from an enormous soul pet array appeared a malevolent and terrifying wild beast. It ruthlessly stood in front of the city tower.

It was unknown what species this wild beast was. Its face was not large, but half of it was a mouth filled with fierce teeth dripping with blood.

Its two shoulders, stomach, hands and feet had a face with the large mouth with fierce teeth. There were a total of seven malevolent faces!

“Hou hou hou hou hou~~~~~”

The seven faced savage beast’s seven mouths filled with fierce teeth simultaneously let out merciless roars. Each face was staring at the people in the city tower. It looked like it was going to swallow these several thousand people and their soul pets into its hungry stomach!

Chao Lengchuan had never seen this creature before. His eyebrows creased.

At this moment, Li Yi gave an order, and this monster launched itself at the Thousand Wave Beast!

The Thousand Wave Beast jumped off the city tower. In order to not impact the city, Chao Lengchuan intentionally drew the monster outside the city to fight.

Li Yi didn’t care about this. He ordered the seven faced savage beast to chase the Thousand Wave Beast. He himself was still riding on his steed, floating above the city tower. He said: “Don’t you have four Supremes? Send another one or two out.”

As he spoke, Li Yi chanted another incantation, summoning a second dominator rank soul pet!

Seeing Li Yi summon another, those in the city tower were extremely shocked.

Those in Wanxiang Realm with a dominator rank soul pet were Supremes, yet the people from Cloud Gate were all dominator rank experts!!

.....

On a watch tower, three men and a woman were standing at the top. They were staring at the situation in the northern city tower.

These four people were Zheng Tuo and the others from Dark Sky Ocean World. Before Cloud Gate's people had come, they were here first. Only, they didn't immediately take action. Instead, they were going to watch the fires burn across the river first.

"This Li Yi's strength isn't bad. Who else can they send to fight him?" asked the bodyguard-like Wang Tong.

"Haha, don't they still have King Chu who has a scary aura?" charmingly laughed Lan Rao.

"Their King Chu probably won't take action so fast. That female Supreme is stronger than the Eternity Supreme. The other woman's strength can't be looked down on either. That's the woman who was sitting below the three main seats. She still hasn't taken action." said Zheng Tuo.

“Oh, she’s come now. Eh? It unexpectedly is a fire type phoenix!” Zheng Tuo looked up and glanced at the breathtaking figure flying across the sky above Wanxiang City.

“Then we’ve underestimated her.” Lan Rao showed an expression of shock, before laughing like normal.

“This woman seems to be called Mu Qingyi, right? Her surname is Mu...” muttered Wang Tong.

.....

Li Yi’s arrogant laughter was somewhat stiff. He was presently staring at the Crown Phoenix King blazing with fire.

The golden Crown Phoenix King had outstanding beauty. When it appears above the city tower, the beauty of its blazing sun-appearance instantly became everyone’s focus. As for the slim and graceful woman with a noble aura standing on top of the Crown Phoenix King, she was even more moving.

Li Yi never expected a dominator rank phoenix to appear in this place. His expression was stiff, because he could sense that this Crown Phoenix King wasn’t weaker than his soul pet.

With such a strong enemy for Li Yi, Border General Li Kuangdeng’s eyes lit up. He seemed to have discovered a treasure, and his eyes emitted a trace of greed.

Powerful, noble, and beautiful. A woman like this wasn’t easy to find. She was several hundred times stronger than Xue Luan. Li Kuangdeng was secretly happy inside, because it seemed that coming here wasn’t a bad thing!
