

## **Soul Pets Bk2 1221**

### Chapter 1221: Fighting over the Land

Training was Chu Mu's life. When Liu Binglan mentioned that the Holy Realms still had a lot of room for development, Chu Mu specifically selected the Binding Wind Holy Region to train.

Binding Wind Spirit had already reached the dominator rank, and its strength was extremely powerful right now.

Binding Wind Spirit's tribe had been destroyed at the hands of the Fierce Wind Demons. It wouldn't forget this grievance.

Upon entering the Binding Wind Holy Region, The Binding Wind Spirit guided Chu Mu through the wind paths towards the place where the Binding Wind Spirit's tribe once laid.

The tribe of the past was now just an empty piece of land. It had experienced numerous things and followed Chu Mu to become stronger; however, it would never forget the loss of its tribe. No matter how strong it was, it could not obtain them back.

The present strong wind belt was of no threat to Chu Mu. When Chu Mu entered the Binding Wind Holy Region, he was curious as to what sort of a heaven and earth laid outside the enormous wind belts.

With this curiosity in mind, Chu Mu brought the Binding Wind Spirit to the Fierce Wind Demon's Empire which occupied the entire Binding Wind Holy Region.

Of course, in remembrance of it leaving its homeland and its species members that were killed in battle, as it passed through the Fierce Wind Demon Empire, Qin had conjured an angry wind!

.....

After passing through the strong wind belt, an even stronger wind belt gradually appeared.

Liu Binglan had been here before, and she had told Chu Mu that there was a fengshui mountain here. Without the strength of a dominator rank, one didn't have the qualifications to enter.

After over half a year of crazy training, Chu Mu had raised Qin to the low class dominator rank.

However, low class dominator rank was far from enough for the current Chu Mu. Therefore, Chu Mu would be the first to explore the wind treasure placed in Binding Wind Holy Region that no person had ever stepped in before.

.....

Bai Yu's training ground was Sacred Holy Region. His main goal for going there was to search for Limbo.

Sacred Holy Region was the holy land for flower type soul pets. Since creatures of the Evil Good Primogenitor would appear here, perhaps one of the five undying creatures, Limbo, would also appear.

Of course, Bai Yu also knew that even if his strength allowed him to find Limbo, he couldn't make it revive his daughter. Therefore, Bai Yu's main reason for entering Sacred Holy Region was to train.

Prince Chao and Ye Wansheng entered two different Holy Regions to bitterly train. New Moon Land was now open to a certain extent to outsiders and even if they sat in Wanxiang City, there would ultimately still be many experts who rushed here. At the end of the day, strength was the most absolute thing.

Ye Qingzi and Mu Qingyi didn't stay in Wanxiang City either. Mu Qingyi wanted to go train by herself, but Lu Yuqin genuinely wanted to take her as her disciple. After thinking it over, Mu Qingyi felt that she had to join Divine Sect, since this would be beneficial towards her strength.

As for Ye Qingzi, she possessed soul healing abilities.

After entering Cloud Realm, she had discovered that even outside New Moon Land, the soul teachers and xuan teachers were at a loss when it came to souls. This included soul force recovery medicines, soul force increase medicines, and soul healing...

Initially, Ye Qingzi had believed the soul method her teacher, Ying Rong, left her had come from outside of New Moon Land. Therefore, it would be more advanced than Cloud realm's soul methods. She didn't expect that even outside the realm, the soul method she controlled was unprecedented for normal soul teachers and xuan teachers.

When Lu Yuqin learned that Ye Qingzi had the ability to heal souls, she sincerely invited her to come with her in hopes that Ye Qingzi would be able to make a trip to Divine Sect's main altar.

In truth, the old sect master whose soul was very heavily wounded was very high ranked. The xuan method Ye Qingzi had chosen was not guaranteed to be able to heal him. Nonetheless, the problem was that even the various miraculous pills and medicines Divine Sect were using right now were unable to even lift the soul curse on the old sect master or heal his soul. Thus, Lu Yuqin invited Ye Qingzi to Divine Sect just to give it a try.

.....

“Zhengming Continent’s Divine Sect main altar is located in the Mu Family Dynasty’s southern mountains. It’s actually very close to Great Border City. When I was young and when cultivation got boring, I would secretly run off to Great Border City to bully a few people who were the same age as me. Martial Sister Mu comes from the Mu Family, so I presume that we must take a trip to Mu City, right?” said Xu Daofeng.

Right now, Xu Daofeng, Lu Yuqin, Ye Qingzi, Mu Qingyi,i and Yu Suo were on the path towards Zhengming Continent’s Mu Family Great Border City.

They had been flying for two to three months now. The entire journey had been on Lu Yuqin’s soul pet. With its speed, travelling from Cloud City to Wanxiang City didn’t take more than a month. However, their current trip had been over territories that were countless times more vast than Cloud Realm.

This was the first time Ye Qingzi and Mu Qingyi had travelled to such a distant place. This world was indeed much larger than they imagined!

“I am, but a member of a very small branch. I have no connections with the true Mu Family.” said Mu Qingyi.

“Haha, Junior Martial Sister Mu is being modest. You come from Mu Tuan. Mu Tuan is very famous in Great Border City. Also...” at this point, Xu Daofeng through a glance at Lu Yuqin and lowered his voice, “also, Mu Penghe is very famous. If it wasn’t for him being too wanton and unrestrained, causing many people to target him, he would be a person well spoken of in the Mu Family Dynasty...”

Mu Penghe was King Mu. Mu Qingyi had never seen this grandfather of hers before.

However, Mu Qingyi had heard of his stories when growing up. This extremely legendary figure that was full of character had always remained in Mu Qingyi's heart.

Now hearing many things about him again, Mu Qingyi really wanted to see her grandfather.

She knew for certain now that King Mu, Mu Penghe, was a prodigal person. He was very strong, and he did very self-indulgent things. He absolutely loathed authority and prioritized himself.

“Speaking of which, Junior Martial Sister Mu, who is the golden masked woman who's been sitting next to Ye Qingzi the whole time. Why has she not said a thing after following us for so long?” Xu Daofeng's heart was itchy and he ultimately asked this question.

Xu Daofeng had asked this question before, but Ye Qingzi and Mu Qingyi hadn't answered him.

Only Ye Qingzi and Mu Qingyi should have gone to Divine Sect's Zhengming main altar. In fact, Mu Qingyi was also curious as to why Chu Mu had let this Evil Good Queen run amok, and even follow Ye Qingzi.

Mu Qingyi had also asked Ye Qingzi, who responded that Yu Suo had been restricted and could not release attacking techniques. The main reason for bringing her was in hopes of saving an even stronger soul pet trainer's soul. She really was inseparable from Yu Suo's good type techniques.

Chu Mu wanted to kill Yu Suo, but Ye Qingzi didn't let him. Chu Mu didn't have any other plans for her.

Chu Mu also didn't enjoy using devil flames to torture this woman now. Chu Mu had known about Ye Qingzi secretly helping this woman neutralize the pain from the high devil flame temperature.

Having locked Yu Suo up for these years now had pretty much eliminated the pent up grievance Chu Mu had. As long as this woman wasn't scheming against him, Chu Mu couldn't be bothered with her.

Chu Mu had seen a few fragments of Yu Suo's memory, and he could pretty much guess what Yu Suo wanted to do.

In order to complete the "major event" in her heart, Yu Suo had ultimately chosen to compromise with Chu Mu, and shared her Heart Core with Chu Mu.

A Heart's Core was the most important thing to the Evil Good Flower, and it was equivalent to a human heart.

Chu Mu then had Yu Suo use her soul to swear that she would not harm Chu Mu or any of his people.

There was a soul pact existing between Chu Mu and Yu Suo already, so if Yu Suo used her soul to swear, she would have to agree to it.

Moreover, even if she tried to break the vow, as long as the evil intentions in her mind grew strong, Chu Mu would be able to sense it through the shared Heart Core. If that happened, Chu Mu would only have to throw a ball of devil flames on the Heart Core. It wouldn't matter where Yu Suo was. She would be instantly burned to a crisp.

In other words, after sharing the Heart Core, Yu Suo's life was truly in Chu Mu's hands. In the future, defecting again would be useless....

Chu Mu knew that Yu Suo had always wanted to flee and emancipate herself to step on him. Therefore, she absolutely had to hand over the Heart Core.

Only, he never expected that after the independence fight, this Evil Good Queen had finally lowered her proud head to him.

Although Yu Suo didn't pose any threat to him, and he would always know of her intentions to defect when they became intense, this couldn't change Chu Mu's extremely loathsome attitude towards this woman.

Therefore, Chu Mu had just given Yu Suo to Ye Qingzi to be her medicinal helper, and also to protect Ye Qingzi. As for her ambition to conquer the world that still filled her mind, that could just follow her. The world was so unimaginably big that even Chu Mu was curious how much this woman would be able to conquer.

.....

Xu Daofeng was a young and healthy man. He had been continuously inquiring about Yu Suo because even if she didn't say anything, the noble and holy aura she emanated would make one's heart itch regardless of her appearance. Thus, he wanted to go talk to her.

Mu Qingyi could see what Xu Daofeng was thinking and warmly warned him: “I suggest you don’t try and attract her attention. She is Chu Mu’s slave, but when this slave eats people, she won’t even spit out their bones!”

Mu Qingyi’s words immediately caused Xu Daofeng to glance with shock at the golden masked and seemingly gentle Yu Suo.

This pure and beautiful looking girl was truly this terrifying?

“Junior Martial Sister Mu, are you joking with me?” Xu Daofeng dryly laughed.

At this moment, Lu Yuqin glanced back at the two of them having obviously heard their conversation.

She glanced at Yu Suo before looking at Xu Daofeng. In a mental voice she calmly said to Xu daofeng: “Qingyi isn’t joking. It’s best if you don’t approach her. Remember this.”

Xu Daofeng was stunned. He didn’t expect even his teacher to say this!

Chapter 1222: Divine Sect Sacred Mountain

“This woman has a strong sixth sense.” Under the golden mask, Yu Suo ruminated.

Lu Yuqin turning around before was definitely her telling her disciples to be careful of her. Yu Suo originally thought her good side was enough to make any man or woman naturally trust her, but Lu Yuqin seems to have noticed something.

However, Yu Suo believed that Lu Yuqin at most felt something was off about her, but definitely couldn't tell that she was the Half Human species Evil Good Queen.

“Once we're at divine sect, don't have too many evil plans.” Ye Qingzi warned.

Truthfully, Ye Qingzi herself didn't even know whether bringing Yu Suo out was a bad idea.

“En.” Yu Suo nodded and seemed to be very obedient. However, what was in her heart was hard to tell.

“If the old sub sect master was a low remembrance spirit dominator, I still have hope of healing him. However, he most likely is a high remembrance spirit dominator, so I truly can't do much. Are you sure you can do something about it?” Ye Qingzi said with some skepticism.

This divine sect trip was pushed forth by Yu Suo. Ye Qingzi had no faith in it at all.

“Divine sect has countless treasures, how would they be missing any soul healing medicine? That old sect master's soul isn't faulty in that it can't be healed, but its soul was imprinted with a soul mark that corrodes his soul....” Yu Suo said.

.....

In around four months, the five of them reached the great border city.

The old sect leader's life was in danger, causing Lu Yuqin to be extremely anxious. They spent no time in the city, and went straight towards the divine sect altar.

Mu Qingyi and Ye Qingzi didn't have much of a chance to admire the city. Quickly, what entered their vision was instead palaces, immortal pagodas, altars, all shrouded in heaven like clouds.

The palaces were large and mighty, each pillar like a mountain. If one stood aside it, one would feel like a grain of sand, creating a stark contrast between the two.

The immortal palace was floating in the sky and sat between four major mountains. The massive chain like foundation shackled the four mountains together to keep the imperial palace like building in the sky!

The altar was scattered in different mountain valleys, its holy glow radiating through the entire divine sect.

The sacred altar stood high up at the edge of the cliff between the mountains. Towering sacred pagodas stood solemnly and sacredly. Their tips pierce the skies, making them seem imposing.

As for the observation decks at the tip of the mountain, they faded in and out of the clouds, mysterious and seemingly observing an ancient myth.....

Within all these structures, one could see figures darting in and out in a constant flow.....

This near miracle like scene caused Ye Qingzi and Mu Qingyi to be shocked. All the cities and natural scenes they saw along the way now seemed insignificant in comparison!

In the peoples' heaven, it was like a dream. Divine sect mountain caused everything to seem whimsical and unreal, yet the heaven-like structures indeed existed.

"I'm not afraid of you making fun of me, but the first time I came to the divine sect main altar, I nearly fainted from excitement, haha. Lady Ye, Sister Mu, you will fall in love with this place." Xu Daofeng laughed and said.

"Come with me first. The main altar will be something you can see at any time." Lu Yuqin was hurried, and naturally didn't want them to loiter around sightseeing.

After speaking, Lu Yuqin told the Cloud Immortal Dragon Tail Phoenix to speed up and fly towards the palace in the center.

The main palace had no door but instead had criss crossing blades. The massive front entrance only had two guards, causing it to seem empty.

When stepping into the palace, Lu Yuqin respectfully saluted towards the two guards standing proudly in there and stated her intentions:

"Elder Wang, Elder Cha, Yuqin has brought an extra-ordinary person that may be able to do something for the old sect master."

The two guards glanced over the rest of them lightly. The old guard named Elder Wang spoke, "Old Sect Master only has a breath of life left. All types of xuan teachers have come and gone. Currently, the Xuan Sect's top disciple Lu Fengnan is trying to extend his life. However, he seems young, I don't favor his chances. What great teacher's disciple are you bringing this time? If she comes from no background, let's not trouble the old sect master further. The coming and going of people

recently has not made the situation any better. In fact, its caused the old sect master to feel discomforted that his last breaths on this world are plagued with constant hurry.

“This.....” Lu Yuqin glanced at Ye Qingzi.

Ye Qingzi indeed comes from no background. If she said Ye Qingzi came from a third rank realm, the two elders definitely won’t allow them in.

After hesitating for a moment, Lu Yuqin saulted again and said, “Please, two elders, let Yuqin try her best.”

“Whatever, you may enter.” The elder named Cha seemed more amiable, and waved his hand to allow them in.

When entering the palace, Ye Qingzi and Mu Qingyi were both confused at why the powerful Lu Yuqin was so respectful to the two guards.

“These two elders are not any weaker than teacher is, both true experts among the elites. Li Xu and Wu Zhen are like kids in front of them.” Xu Daofeng saw their confusion and explained in a small voice.

.....

The palace was like a small city inside, easily able to lose one’s way.

Lu Yuqin brought them along for a very long time and finally arrived at a place with a sign saying Soul Nurturing Palace.

Outside the palace, there were still two guards.

These two guards didn't let Lu Yuqin in, and instead told them to wait outside.

"If you continue to use soul treasures, he may last two months, but you have to know that old sect master's life is nearing its end....." A man's voice came out from inside.

"Is there really no way?"

"No, this curse is too ancient. Organisms able to understand it are nearly extinct." The man said very surely.

"Ai, my time is up. Don't waste all these xuan items on an old man like me.....more young people will need them." A weak and old voice came out.

The palace went silent for a while with no one talking.

"At that, I, Lu Feng will take my leave. My teacher and I have tried our best." The man said.

After he finished, the pearl curtains were pushed aside, and a tall and handsome man walked out.

Following him was a divine sect dark yellow clothed official. His face was very somber, clearly sad and helpless.

The divine sect official saw Lu Yuqin outside and his eyes lit up. He quickly came up and asked, “Yuqin, are you here with the devil soul?”

Lu Yuqin shook her head sadly.

The yellow clothed man’s face dropped. Looking over at the three women behind her, he asked, “And these are?”

“These are people I brought back from the Double Monument Land. She has some special insights in soul healing, so I hope you can let her in to check on old sect master.” Lu Yuqin said.

Before the dark yellow clothed old man could even say anything, Lu Feng looked over at Ye Qingzi arrogantly and said in a somewhat cold tone, “No matter where you come from, do you really think some random person could fix him? I suggested Master Han to stop giving old sect master random medicine. If not for the useless doctors beforehand, I could at least extend the old sect master’s life by three months....”

Lu Feng said this in front of everyone with a hard tone, as if he was irrefutable.

However, Ye Qingzi heard it as extremely hurting words!

Lu Feng didn’t care whether his words were hard to accept or not, and walked away.

“This person, why can’t he learn to mind his manners.” Mu Qingyi furrowed her eyebrows at Ye Qingzi’s injustice.

“It’s fine, he’s the lead disciple of xuan sect, he’s famous for being arrogant. Don’t mind him.” Lu Yuqin comforted.

The Han Sect Master was slightly embarrassed and didn’t know what to say.

In reality, the Han sect master had a headache too. He didn't know whether he should let lu Yuqin in with the soul teacher she brought. After all, by experience and authority, the lead disciple of Xuan Sect has to be trusted.

Ye Qingzi has heard many harsh words so she didn't mind. After all, she had no duty to save old sect master.

“Ai, go in and check him out, but really, don’t use medicine.” Han Sect Master finally sighed and brought Lu Yuqin into the soul nurturing palace.

The palace had a dozen servants yet they were dressed so well they didn’t look anything like servants. They were even prettier than many princesses.

At the center was an old man, only skins and bones now, laying on a light yellow bed.

At this moment, a middle aged man had his head lowered near the bed listening to the old man's words carefully.

Seeing someone enter, the middle aged man politely stood up and nodded towards them. His face was expressionless, but his brows hid sorrow.

The middle aged man didn't stop Ye Qingzi again but continued to let Ye Qingzi watch.

Ye Qingzi only needed to use her remembrance briefly to figure out the situation.

In this situation, if her soul remembrance and soul pets were a bit higher level, though she couldn't cure the old man, she could delay it indefinitely. However, at her current stage, she was truly helpless.

However, Yu Suo glanced at the weak old man and smiled confidently, "It really is the devouring curse."

The old sect master was ambushed by dark sect, and was hit by a soul curse from an expert. This was something Yu Suo learned from darkness sect master Wan Chong already.

This soul curse was very special, coming from the most ancient flower type organism. In this day and age, organisms that can solve it are nearly extinct. Even the Limbo Flower wouldn't be able to do much.

Yet, luckily, Yu Suo's Evil Good Queen was of the most ancient level!

Without bragging, one could say that she was the only person in the world that could cure the curse!

Chapter 1223: Western Sect Master

“Tell them this old man is saved.” Yu Suo used her mental remembrance to say to Ye Qingzi.

Yu Suo was the ancestor of flower types. Having some powerful techniques wasn't out of the ordinary and so Ye Qingzi didn't find it strange.

Ye Qingzi nodded, retracted her soul remembrance, and noticed everyone around her looking at her. She slowly opened her mouth to speak, “The old man's illness can be cured.”

Ye Qingzi just finished when the slightly numb middle aged man nodded and subconsciously said, “Thank you for trying, xuan teacher.....”

This sentence was something Xiao Xueang has said countless times. Almost every xuan teacher that had come saying they were an expert was treated with this sentence from Han Xueang.

Out of habit, Xiao Xueang said the same thing politely this time.

Truthfully, if even the lead disciple of Xuan Sect had no cure, there truly was no reason for Xiao Xueang to believe such a young female xuan teacher.

“Sect Master Xiao, she.... She said the old sect master can be healed!” After a few seconds, Master Han reminded Xiao Xueang in a small voice.

"Xiao Xueang paused but then his unfocused eyes suddenly became spirited. He stared closely at Ye Qingzi and asked solemnly, "You're saying.... My father can be cured?" "En, he's cureable." Ye Qingzi nodded.

"Completely cured and not just have his life extended?" Xiao Xueang added.

"Yes, completely cured!" Ye Qingzi affirmed.

Ye Qingzi's words caused master Han, Xiao Xueang, and even the old sect master on the bed to be extremely shocked. Many servant girls nearby were exchanging surprised glances too as they started discussing in small voices.

"Little girl, I.... I'm not afflicted by just any soul curse...." Old sect master propped himself up slightly and said very weakly to Ye Qingzi.

"En, my father's wounds are very peculiar. I urge this xuan teacher to reconsider the possibility before giving a conclusion in case you give us false hope." Xiao Xueang was relatively calm at this news.

"Then I beg for everyone to leave for a second. I will heal the elder now. Whether I succeed or not will be something everyone will see for themselves." Ye Qingzi said.

Xuan teachers' healing can't be disturbed, this was a rule that everyone knew.

Master Han, Xiao Xueang and Lu Yuqin were still all doubtful, but since she said it could be cured, they still had some hope.

One had to know that in the past year, countless xuan teachers have come forth including the lead disciple of xuan sect, yet none have ever said they could completely cure the old man!

Master Han and Xiao Xueang immediately left the Soul Nurturing Palace, and told the servants to back off too.

Yu Suo saw that everyone had already left. Glancing over at the bony old man on the bed, she simply waved her hand and threw over some flower pollen to put the weak old sect master to sleep.

The old sect master wanted to say something more but fell asleep.

“What now?” ye Qingzi asked.

Ye Qingzi couldn't do anything about old sect master's soul.

“I'll lighten the curse a little first so the old man won't die on us.” As she spoke, Yu Suo was already at the side of the bed.

Yu Suo stood there and started an incantation.

The incantation was incredibly long. Ye Qingzi didn't even know how long she stood there for before Yu Suo let out a soft utterance that prompted a very special sacred blue flower to grow out from Yu Suo's palm.

Yu Suo slowly pushed her two hands forth, sending the special sacred lily slowly forward onto the old man's heart. It gradually melted into old sect master's body.

"Good, now we just have to sit here for an hour and tell them to come back." Yu Suo said.

"You cured him this easily?" Ye Qingzi was somewhat doubtful.

Yu Suo shook her head, "I just weakened it a little. Completely curing it will take a few more casts."

When she got here, Yu Suo smiled slyly, "The old sect master is an important character in divine sect. There's no need to finish curing him so quickly. Even if we directly cured him, with your ability to cure his soul, it would take a year or two for him to completely recover. In this time, they'll treat you as important as the old sect master himself. As a Xuan teacher, to become more powerful faster, you need large amounts of xuan items to support you. In this time of healing the old sect master, you can take whatever xuan items you need to improve, and they'll be more than willing to provide."

Ye Qingzi laughed bitterly. She originally thought Yu Suo's strength wasn't enough to fully cure it, yet she never thought Yu Suo was simply plotting ahead again. This woman truly couldn't be judged with normal logic.

Ye Qingzi wasn't an inflexible person either. She wasn't tied to Divine Set in any way and so there indeed wasn't a reason for her to instantly cure the old sect master.

Of course, curing the old man completely wasn't an easy thing.

Yu Suo indeed could weaken the curse, but the old man's soul was still weak. This needed Ye Qingzi to slowly heal him. Ye Qingzi's soul remembrance wasn't high, so to completely recover a top tier spirit dominator rank old man indeed needed a year or two.

Ye Qingzi was ultimately more good-hearted. Seeing the old man bony and weak, she cast an incantation and started healing the old man's tattered soul.....

.....

Outside the palace, having waited an hour, Master Han and Xiao Xuehan slowly started getting worried.

"Yuqin, where does the young female xuan teacher come from?" Master Han couldn't help but ask.

"Double Monument Land." Lu Yuqin replied truthfully.

"Double Monument Land, you mean New Moon ground?" The steel faced middle aged man said.

Lu Yuqin nodded.

"There? En..... I remember something recently happening about them." Master Han said.

"Independence, New Moon Ground, becoming our Zhenming Continent's only independent territory." Xiao Xueang said.

“Judge Xiao, you often have a lot to worry about, yet you still managed to notice such a small thing?” Xu Daofeng laughed.

Xiao Xueang nodded.

“This young woman, how sure do you think your friend is?” At this point, Xiao Xueang asked.

This directly affected his father’s life. No matter how unflustered Xiao Xueang was, after waiting for an hour, he couldn’t help but be slightly anxious.

“Qingzi would never say things she couldn’t achieve, and would often stay on the conservative side. If she says she has a chance of curing it, it usually means a success rate of above 70%. Since she just said she can cure it, that usually means she’s 100% sure. Your father will be fine.” Knowing her for this long, Mu Qingyi had a good grasp on Ye Qingzi’s personality.

“100%?” Master Han looked at Mu Qingyi. From his expression, one could tell he wasn’t at all convinced by what Mu Qingyi said. After all, Ye Qingzi truly looked too young. When even ancient family xuan experts had no cure, could a female xuan teacher from New Moon Ground really do it?

Xiao Xueang was less questioning. He knew that xuan art was always a subtle thing. Many times, strange conditions could easily stump most old xuan teachers, yet younger and more daring xuan teachers could cure them. Xiao Xueang thought that Ye Qingzi was one of the latter kind.

“Everyone, why are you all waiting outside the gate?” A man wearing a large golden robe walked over.

The man looked very young but his hair was white already. With a dazzling golden robe and silver hair reaching the shoulders, he emanated the dignity of a person of high rank!

“And who is this?” Mu Qingyi asked curiously to Xu Daofeng.

Xu Daofeng saluted first and said with mental voice to Ye Qingzi, “He’s the Western Sect Master.”

“Western Sect?” Mu Qingyi didn’t understand the positions in divine sect at all.

“Us Zhengming Divine Sect’s highest position is the Great Sect Master. Under him are four sub sect masters that govern the four parts of Zhengming Continent. The old man laying in the bed is the Eastern Sect Master. The silver haired one is the Western Sect Master. Territory He and the nearby territory are all under his control, and als.... He’s my teacher’s older brother.” Xu Daofeng said with mental voice.

“How powerful are sub sect masters?” Mu Qingyi continued.

“This.... My teacher is a master official. Above that is a judge official, and then above that is the sub sect master. You can make the judgment yourself. If you truly compared them, we may be at the tip of the mountain, but he’s already put a foot into heaven....” Xu Daofeng said with utmost respect.

.....

Sect Master Han explained the situation to Sect Master Lu, which caused him to show some astonishment.

However, one could see that Sect Master Lu didn't show much joy or surprise. It wasn't clear whether he was just apathetic over the old sect master's life or whether he had no faith in Ye Qingzi.

"Little sister, how have you been?" Sect Master Lu smiled as his gaze fell on Lu Yuqin.

"Good." Lu Yuqin kept her cold face. In fact, Mu Qingyi noticed that Lu Yuqin didn't seem to want to talk to Sect Master Lu.

Sect Master Lu was going to continue when a sound inside told them they could enter now.

Xiao Xueang and Lu Yuqin were the most hurried, entering the Soul Nurturing Palace first.

When they walked in, the two immediately noticed the old man already asleep on the bed with very even breathing, no longer looking like he was nearing the end of his life.

Most importantly, the old man clearly recovered somewhat. His face went from paper white to somewhat flushed now. This was the first improvement Xiao Xueang had seen in the past year!

In the past year, old sect master was constantly tortured by this sickness, getting thinner and paler by the day. This was something Xiao Xueang had seen. This aging and sickness was also torture for Xiao Xueang.

Now that the old man finally recovered slightly, even if it were just a little, Xiao Xueang was too excited for words!

The old man's spiritual well being was something easily seen with their soul remembrances. Feeling that the old man's soul was indeed recovered, she was surprised but at the same time glanced at Ye Qingzi in shock!

In reality, even Lu Yuqin didn't have much faith in Ye Qingzi, so she never expected her to actually be able to help old sect master recover. After all, she also heard the xuan sect lead disciple's words of the curse being incurable!

#### Chapter 1224: The Dangerous Lu Fengnan Part 1

Inside the guest palace, Xuan Gate's head disciple, Lu Fengnan, was leisurely enjoying a cup of tea. Beside him was a Divine Sect female official attending to him. This female official looked very flirtatious.

Although Lu Fengnan seemed to be ignoring her, while he drank his tea, he would occasionally throw a glance at the female official's curvy body.

"Master Lu, sect master... is sect master's condition taking a turn for the better? Just, now when I came over, I heard a few female servants saying that the old sect master's condition took a turn for the better." inquired the female official

Xuan Gate's head disciple, Lu Fengnan calmly replied: "I've looked over the old sect master's condition several times. How could it be possible for him to take a turn for the better, and I not know about it?"

"Master Lu, it seems like you aren't really hoping for the old sect master to recover." at this moment, a cold voice rang out from outside.

Lu Fengnan was stunned, and saw the simple yet elegant and beautiful Lu Yuqin walk in. The arrogance on his face faintly changed.

However, he was ultimately quite prideful and continued to speak in a sanctimonious tone: “Us xuan teachers have seen life and death countless times. If someone manages to survive in our hands, we won’t be gratified, nor will we be elated because this is the practice we have learned. As for those that die, we have no need to feel bad or pity...”

Lu Fengnan’s words definitely had a second meaning. Lu Yuqin knew for certain that this man was one of those people that would save a sick person and then smile with joy and be immensely pleased with himself.

“The old sect master’s condition actually did take a turn for the better. If you don’t believe it, you can go look yourself.” Lu Yuqin had no good will towards Lu Fengnan. Added on the fact this man hadn’t done anything to help the old sect master, she spared no politeness towards him.

“I’ve already examined him several times...”

Before Lu Fengnan had finished speaking, he saw a few others walk in. One of them happened to be the female xuan teacher he had scorned earlier.

It seemed that this xuan teacher was fine. Moreover, Lu Fengnan was astonished because Magistrate Xiao that normally didn’t give anyone face was treating her as an honored guest. Magistrate Xiao looked extremely grateful.

Indeed, when Magistrate Xiao faced Lu Fengnan, he was never this genuinely polite.

Every xuan teacher wished to obtain respect, especially those like Lu Fengnan. When he saw the power and authoritative magistrate Xiao treat this young female xuan teacher who came from an unknown place so respectfully, Lu Fengnan felt uncomfortable.

“Xiao Chan, the guest is a bit tired. Bring her to rest. In the future, you will follow alongside Young Lady Ye. If she has any requests, do as she says.” Magistrate Xiao glanced at the female official next to Lu Fengnan and spoke.

Xiao Chan was Magistrate Xiao’s half adopted daughter. Her status was not very high, nor was it low. However, the first time Lu Fengnan came, he took a liking to her figure.

Lu Fengnan was planning on using the remainder of his time here to make a move on her. He never expected Magistrate Xiao to immediately give Xiao Chan to the insignificant female xuan teacher.

Lu Fengnan felt humiliated. He had painstakingly come here to help the old sect master prolong his life. He had expended much of his soul remembrance. It was fine that Divine Sect hadn’t given him a huge gift as thanks, yet they had gone so far as to send away the girl he had taken a liking to. Lu Fengnan wasn’t some Jianghu doctor that they could just send away whenever they pleased!

“Magistrate Xiao, Xiao Chan is the person accompanying me. Moreover, she is a Middle Official in Divine Sect at the end of the day. How can you make her the attendant of some country bumpkin xuan teacher?” said Lu Fengnan.

“Master Lu, please be more respectful with your words. This Young Lady Ye is my benefactor. Any words of ridicule towards her are words of ridicult towards me.” Xiao Xueang’s tone turned sharp and his eyes were ice-cold like snow!

Xiao Xueang's change practically caused a layer of frost to freeze over in the guest palace. Lu Fengnan was so frightened that he didn't dare say anything. He just looked stupefied at Xiao Xueang.

The atmosphere had instantly become strange. Under Xiao Xueang's aura, even Lu Yuqin didn't dare say anything.

"Xiao Chan, did you not hear my words?" finally, Xiao Xueang coldly harrumphed and dispelled his frozen aura.

"Yes, adoptive father." Xiao Chan hastily nodded her head and ran over to Ye Qingzi.

Xiao Chan was smart, and from the tone of voice and anger of her adoptive father, this Young Lady Ye could have really changed the fortunes of the old sect master's illness!

Therefore, saying that Young Lady Ye was Xiao Xueang's benefactor was not excessive because Xiao Chan knew for certain that the person Xiao Xueang most respected was his father!

"Young Lady Ye, please follow me." Xiao Chan said in a low voice and extremely respectfully.

Ye Qingzi really was a bit tired right now. Healing the soul expended a lot of soul force. Thus, she ignored that head disciple of Xuan Gate and followed Xiao Chan towards a mountain villa where various plants and flowers grew.

Xiao Xueang still had things to do. Thus, he didn't linger and turned around and walked to another immortal palace.

As for Lu Yuqin and Xu Daofeng, they didn't spare more attention on Lu Fengnan and walked in the direction Ye Qingzi had gone. In truth, they still couldn't really believe in Ye Qingzi's miraculous abilities.

"Gate Master Han, although your Divine Sect is powerful and you can see our small Xuan Gate as insignificant, but due to the words Magistrate Xiao just said to me, if something happens in the future, then there's no need for Gate Master Han to come request doctoral assistance from our Xuan Gate. At least I, Lu Fengnan, will not come!" after Xiao Xueang left, Lu Fengnan finally spoke in anger and humiliation.

Gate Master Han forced a smile. Seeing that Lu Fengnan was going to turn around and leave in a huff, he hastily grabbed him and said: "Master Lu, there's something you don't know. That Young Lady Ye truly did make the old sect master's illness take a turn for the better!"

"You also don't know about Xiao Xueang's temper. For those that save his father's life, the favor he owes them is as big as Mount Tai! How could Xiao Xueang tolerate you debasing Young Lady Ye?"

"Im... Impossible! How could she possibly cure an illness that our Xuan Sect is helpless in front of?!" Lu Fengnan stubbornly refused to believe this. He then came to a sudden understanding and said: "I know. She must have used some dark xuan method and extracted the old man's final two months of life to today. For the next few days, the old man will look much better, and his condition will be very good, but in a week, the old man will have reached the end of the tunnel!"

"This... this doesn't seem likely. How about you go and look yourself." said Gate Master Han.

As he spoke, Gate Master Han brought Lu Fengnan to the old man's resting room.

Pulling back the pearl curtain, Gate Master Han indicated for the guards and servant girls to retreat, letting Lu Fengnan examine himself.

“Hmph, that woman definitely is not a good person. Watch me expose her!” said Lu Fengnan.

Lu Fengnan glanced at the comfortably sleeping old man, and discovered that his complexion had actually taken a turn for the better. Most importantly, his soul had slightly recovered. Although it wasn't much, it visibly hadn't worsened.

Lu Fengnan furrowed his brows and immediately used soul remembrance to peer into the old man's body.

Before his soul remembrance entered, Lu Fengnan's face was still full of anger, contempt and conceit. However, once he finished fully examining the old man's soul and body, his expression froze. A moment later, it slowly turned to disbelief!

“It... it truly took a turn for the better...” Lu Fengnan's heart was in turmoil and for a while, he was stunned in place!

How was this possible?

Lu Fengnan refused to believe this and after his bout of shock, he checked and checked again.

However, the truth was in front of his eyes, and it was no longer tolerant of Lu Fengnan's disbelief.

A random xuan teacher, moreover such a young woman, had managed to heal an illness that countless xuan teacher experts had been helpless towards!!

If others were to find out about this, how would those reputable and famous old xuan teachers still have any face left?

“This cannot happen. I cannot let her heal the old sect master!”

Lu Fengnan gritted his teeth!

The jealous, angry, and unwilling Lu Fengnan couldn't care any less because he had to stop this!

A no-name young woman was really able to heal the old sect master. This would definitely astound the xuan teacher world. The only person who should be able to do this had to be him, Lu Fengnan. How could it be a woman who came from god knows where?!

“What's the matter Master Lu?” the adjacent Gate Master Han saw that Lu Fengnan's expression was dark and he couldn't help but ask.

Lu Fengnan returned to his senses and hastily hid his expression. He then feigned incomparable anger and said: “What turn for the better? It's just as I said. The old man has a week at most to live!”

“Huh? Then... then weren't we just tricked by that girl?!” Gate Master Han had some friendly relations with Lu Fengnan and believed in his words.

“Hurry and keep watch outside. Don’t let others enter and disturb me. I’m going to try and help the old man recover as best as I can!” Lu Fengnan said with a grave expression.

“This... Magistrate Xiao instructed that nobody was permitted to touch the old man... it’s best if I inform Magistrate Xiao first.” said Gate Master Han.

“By the time you inform him, the old man won’t have his life left!” said Lu Fengnan, very gravely.

For a moment, Gate Master Han didn’t know what to do. But after thinking carefully, Lu Fengnan was ultimately the head disciple of Xuan Gate. He wouldn’t have the guts to lie.

Thus, Gate Master Han nodded his head and went outside to guard the place.

After Gate Master Han left, Lu Fengnan intentionally walked to the door and implemented a barrier, sealing him off.

This barrier was necessary because if what Lu Fengnan was about to do were to be discovered by anyone, he would meet a tragic end.

In truth, Lu Fengnan was feeling slightly regretful right now.

He was about to take action on a vice sect master of Divine Sect! Moreover, from the ice-cold aura that Xiao Xueang had just exuded, Lu Fengnan could be 10,000% certain that the moment he was exposed, he would be caught even if he fled to the end of earth and would suffer the most terrifying punishment.

At this moment, his hands couldn't help but tremble.

Only, it would be hard to retract the words he spoke out of anger just now.

“Hmph, the methods I use definitely will not be seen by anyone else. Even if they are seen... there's still one place I can go!”

Gritting his teeth, Lu Fengnan began to chant an incantation...

#### Chapter 1224: Unending Trouble Part 2

During her two days of rest, Ye Qingzi discovered that the xuan atmosphere was extremely thick. Even a soul pet with normal aptitude wouldn't weaken after staying a long time here.

Yu Suo also enjoyed this place. The most important reason was because she could absorb the good type energy here.

This divine and sanctified place was the embodiment of good. Yu Suo wanted one to two years to fully remove the old sec master's cure because she planned on cultivating here for that long and raise her own phase and stage.

After resting for about two days, Xiao Chan suddenly hastily ran in, requesting Ye Qingzi to come.

When Ye Qingzi and Yu Suo reached the recuperating soul palace, Xiao Xueang stood there. Just like when Ye Qingzi had first seen him, he was expressionless but seemed slightly more depressed.

Ye Qingzi was confused. The old man's condition should have taken a turn for the better. It shouldn't be like this.

Besides Xiao Xueang, there were three golden armored guards standing next to the old man's bed with solemn and cold expressions. When Ye Qingzi walked in, they all looked at her with coldness.

"What's the matter?" Ye Qingzi asked.

"His conditions has worsened." Xiao Xueang creased his brows.

Ye Qingzi was stunned and quickly walked up to the old man, planning on using soul remembrance to search.

However, the six golden guards simultaneously used soul remembrance to suppress Ye Qingzi, preventing her from using soul remembrance to search.

Ye Qingzi recalled her soul remembrance and looked confusedly at Xiao Xueang, Lu Yuqina and Gate Master Han.

Xiao Xueang waved his hands, indicating that the golden guards should retreat. He remained courteous and said: "Young Lady Ye, please take a look."

Ye Qingzi realized something wasn't right, but still used her soul remembrance to check.

The moment she checked the old man's soul, she furrowed her brows and examined everyone around her.

"After me, was there anyone else who treated the old man?" asked Ye Qingzi.

Xiao Xueang shook his head. Lu Yuqin shook her head as well. Gate Master Han hesitated, but ultimately shook his head too.

"The old man's condition worsened..." Gate Master Han reminded Ye Qingzi.

Ye Qingzi felt everyone's suspicious gaze and felt uncomfortable. She said: "After me there was definitely someone who used a curse on the old man; otherwise, it is impossible for this to happen."

"But after you, there was no one who treated the old sect master." Gate Master Han felt a bit guilty, but still spoke righteously.

Gate Master Han had a reason for doing so.

On that day when Lu Fengnan had done something to the old man, Gate Master Han who was guarding outside kept feeling that something wasn't right. Thus, he secretly broke open the barrier in an attempt to see what Lu Fengnan was doing.

He discovered that Lu Fengnan was visibly using a technique similar to a poisonous curse. This had greatly frightened Gate Master Han who immediately wanted to arrest him.

Lu Fengnan knew that in order for his lie to work, he had to have Gate Master Han's cooperation so told him about his plan.

Lu Fengnan couldn't stop half way so he dragged Gate Master Han with him, telling him that he already performed the curse. If something happened to the old man, Gate Master Han wouldn't be able to absolve himself of implication.

Moreover, Lu Fengnan knew that if the old sect master were to survive, Gate Master Han would be promoted.

"Gate Master Han, I accidentally came to know from others that the reason the old sect master was ambushed by Darkness Sect has a lot to do with you..."

Lu Fengnan's words had since lingered in Gate Master Han's ears. In an attempt to prevent himself from losing his reputation and to protect himself, Gate Master Han made a choice.

.....

Ye Qingzi knew for certain that someone had done something here. This person likely had authority in Divine Sect that was capable of hiding the truth of poisoning.

Ye Qingzi was very meticulous herself, and knew that trying to figure out whether someone after her had done something to the old man was of no use. This was not her territory and she wouldn't be able to find out.

“There are a few xuan methods that can extract a person’s soul and temporarily cause a person’s life force to take a turn for the better. However, this situation will only last for a week. After a week, the life force will reach its end...” the leader of the golden guards said with a suspicious face.

“Yes, Lu Fengnan also spoke of this xuan method.” said Gate Master Han, very timely.

Ye Qingzi’s expression sank.

Obviously, someone wanted to frame her. Ye Qingzi could pretty much determine who was doing this.

Ye Qingzi ignored the questioning of those two people. She turned to Magistrate Xiao and said:

“Magistrate Xiao, only a week remains for the old man’s life force.”

Xiao Xuehan’s expression didn’t change as he nodded his head.

“Let’s assume I had the intentions of poisoning the old man. This may be a bit unpleasant to hear, but the truth is it wouldn’t matter if I tried to save him or not since the old man is very difficult to save anyways. There would be no need for me to come here at all.” despite everyone’s suspicion of her, Ye Qingzi felt disdain towards this.

“Perhaps you intentionally infiltrated our Divine Sect in an attempt to gain our trust...” said the leader of the golden guards.

Ye Qingzi threw a glance at this man and determined that this guard was a problem.

She ignored him, turning to Xiao Xuehan and asking: “Then in your opinion, do you agree with what they’re saying?”

Xiao Xueang shook his head and said: “I trust Young Lady Ye.”

Ye Qingzi nodded her head. If Xiao Xueang had the same view as others, Ye Qingzi would just ignore this matter. The old man’s life or death had nothing to do with her and there was no need to be schemed against by others.

“I will continue to save the old man. I hope you all understand that this is the second time I will be saving the old man’s life. Because the second curse, if I’m correct, came from the hands of an excellent xuan teacher, could Magistrate Xiao please appoint a few trustworthy people to guard the old man?” Ye Qingzi word a trace of cold anger as she spoke.

Since Magistrate Xiao chose to believe Ye Qingzi, he naturally agreed to her saving him and ordered everyone to leave.

.....

Ye Qingzi and Yu Suo remained in the room. Ye Qingzi’s heart still carried a trace of anger.

This was the first time she had come to Divine Sect, yet she had nearly been set up by some bastard. The feeling of being questioned by others was very uncomfortable.

“Hmph, I can’t believe there’s someone who tried to scheme against me!” Yu Suo was the first to speak with a cold voice.

“It should have been the doing of the head disciple, Lu Fengnan. I knew from first glance that he wasn’t some broad-minded person.” said Ye Qingzi.

“I don’t know how to undo the second curse he used. Do you?” asked Yu Suo.

“I can’t fully undo it. I can only delay the outbreak of the poison curse. I have to reach the middle remembrance spirit dominator in order to undo it.” said Ye Qingzi.

“Then delay it for a year for now. That Lu Fengnan isn’t an idiot. He knew first to make connections with people and make a good first impression. If I’m correct, Lu Fengnan will hide the thing he did and continuously cause trouble for you. He could even link you with people from Darkness Sect because if he paints you as a chess piece that Darkness Sect placed in Divine Sect, he can explain why you were willing to save the old man.” said Yu Suo.

Ye Qingzi rubbed her temples. How did she end up in such a troublesome situation after just getting here. If she had known about this, she wouldn’t have come, and just peacefully stayed in Wanxiang City to cultivate.

“But it’s perfect. You also need to raise your strength. Once you reach the middle remembrance spirit dominator rank, you will be able to clear up this situation. Just focus on cultivating and try and defend against Lu Fengnan’s various methods of dealing with you.” said Yu Suo.

“Lu Fengnan is the head disciple of Xuan Gate, and his status isn’t much lower than Magistrate Xiao’s. Chu Mu, that bastard, imprisoned me for so many years so the plans I had originally deployed in Cloud Realm, He Border, and Great Border Kingdom have been thrown into disorder

by him. I practically have nothing now so I naturally can't deal with him. What I need to do now is slowly build back up my influence. If I clash with these types of people too early, it will bring huge trouble to me. However, you don't need to worry either. When I have enough power, I will easily be able to crush Lu Fengnan to death!" said Yu Suo.

Ye Qingzi forced a smile. She couldn't complete undo the second curse and probably before she undid it, she would have to stay inside Divine Sect and guarantee the old sect master's life.

Indeed, in order to hide his evil doing, Lu Fengnan would think of all kinds of methods to set her up. Only by maintaining the old sect master's life could Ye Qingzi remain out of trouble.

Ye Qingzi expended even more soul power this time. She had no choice but to admit that Lu Fengnan's xuan methods were above her's. Moreover, they were much stronger. With her current strength, getting rid of the poison curse would require a lot of effort.

After two hours of treatment, the old master's condition gradually recovered to the state before Ye Qingzi had done any treating. His life force would be able to last for one or two months.

.....

"Hmph, has anything even changed?" the leader of the golden guards coldly harrumphed.

"A week to live and half a month to live. Isn't this a good change?" Ye Qingzi didn't like the leader of the golden guard's questioning gaze.

Xiao Xueang saw that the situation was more optimistic than before and was slightly more relieved.

The truth was that he had more belief that someone had secretly harmed the old man.

He walked up to Ye Qingzi and said in a mental voice: “Young Lady Ye, unfortunately I’ll have to ask you to stay in our Divine Sect for a while longer. Whether or not you are able to heal the old man, we will treat you as an honored guest.”

Xiao Xueang’s words were quite comforting and Ye Qingzi didn’t say anything further.

“I’ll start a third treatment in three days that will be able to prolong the old man’s life to three months. In order to treat the root, I will have to use continuous treatments.” Ye Qingzi said to Xiao Xueang.

“Mm, many thanks.” Xiao Xueang nodded his head. He turned to Xiao Chan and said: “Bring Young Lady Ye back to rest then go to the pavillion to retrieve a few xuan items for Young Lady Ye to recover with.”

Chapter 1225: The Sacred Realm Wind Tunnel that Lead Towards Universe Ice Gate

.....

Speaking of which, Chu Mu had entered the binding wind sacred region for about half of a year.

It wasn’t that Chu Mu wanted to train for so long; he simply accidentally stepped into a directionless chaotic wind belt and couldn’t find the way back anymore.

Since he couldn't get out, Chu Mu decided to just train there. However, after a while Chu Mu slowly noticed that all the hegemon and overlords of the region seemed to recognize him. The moment they saw Qin and him, they would run their fastest to get away away, not giving Chu Mu and Qin a chance to train at all.

Chu Mu laughed bitterly. Was he really that scary?

Of course, this also proved another thing. He has been in the same wind belt for this entire time, entering a wind maze.

“Let’s catch one and ask them.”

Finally, Chu Mu put in quite a bit of effort, and caught a great leader of this wind belt.

The wind type great leader was utterly depressed. He had always tried hiding from this demon that entered his territory, yet he still ended up in his hands.

After Chu Mu asked for the directions, he let the wind type great leader go.

The sacred region needed a certain balance in ranks. Chu Mu won’t kill them excessively, causing the wind type great leader to be scared stiff for no reason!

If it knew the demon of a human was simply lost in his territory, it would have just jumped out and led the way a while back. He and his other leaders didn’t have to suffer through the terrifying game of hide and seek.

Of course, the wind type great leader actually had sly intentions when he showed Chu Mu the way. He didn’t lead Chu Mu towards the path back but instead pointed Chu Mu towards the even scarier dead wind belt.

The dead wind belt was somewhere the wind type commander didn't even dare enter. Legend says there were wind tunnels there that can easily transport people to strange locations.

Wind tunnels were a terrifying natural phenomenon to wind type dominator ranks in this realm. The wind tunnels didn't have powerful energy that could instantly rip up one's life, but it had a strange spatial distortion effect. One misstep and you would be thrown to a place outside of the sacred realm. To them, those places must be either Hell or some End of the World location.....

Chu Mu naturally didn't expect a damned wild soul pet to point him in the wrong direction like a crafty human.

After walking out of the chaotic wind belt, he slowly entered the dead wind belt. Chu Mu sensed the wind aura here was stronger than before. This, to a certain degree, meant the soul pets here were stronger.

Chu Mu had the intent on continuing his training so he stepped in gratefully.

Accidentally, Chu Mu lost all concept of time. He only knew that with the right xuan items, Binding Wind Spirit could reach middle class dominator rank.

Xuan items were a problem left for Qingzi. Chu Mu also trained Ning and ghost monarch king who were both dominator rank. With the right xuan items, they could reach low class dominator rank too.

"En? The wind ahead seems turbulent." Chu Mu stood in place and felt the wind blow over from ahead.

In truth, the wind in the dead wind belt had never been calm or normal. If Chu Mu pointed it out as turbulent, it meant it truly was exceptionally aberrant.

“Qin~~~~~”

Binding Wind Spirit flew around Chu Mu, its eyes glancing curiously ahead.

With a slight swipe of a finger, it created a spiral wind that pushed open the turbulent wind ahead as if opening a door.

Chu Mu was daring and adventurous, so he did not even hesitate to step into the strange wind current.

With Qin creating a windshield around him, Chu Mu didn't have to worry about the wind hurting him. Walking along, Chu Mu vaguely started noticing something.

“Strange, the space here doesn't seem very stable.” Chu Mu said to himself.

Chu Mu controlled space, and was naturally very sensitive to any spatial phenomenons.

After another while, Chu Mu slowly realized that this dead wind belt was very similar to a spatial whirlpool!

“Does this lead to another world?” Chu Mu was somewhat pleasantly surprised as he stared at the focal point of the spatial whirlpool.

Spatial whirlpools had a powerful spatial ripping force. Normal people would probably be ripped into pieces before even nearing the center of the spatial whirlpool.

However, Chu Mu had other type techniques, and was also nearly high class dominator rank. Such a whirlpool couldn't threaten Chu Mu's life.

Chu Mu didn't care too much. After burning up with silver devil flames, he flew right into the wind tunnel.

The wind tunnel was like a spatial gate. Chu Mu was really curious where the spatial door in binding wind sacred realm lead to.

“Huhuhuhu~~~~~”

The roaring winds whistled by Chu Mu as his silver devil flames were nearly extinguished.

When he finally reached the wind tunnel, Chu Mu looked at his body slowly light back up with silver devil flames and forced a smile. He still underestimated this spatial whirlpool's power. If not for Qin's ability to stop wind, he would definitely be heavily wounded by now.

Can't be brash, can't be brash. Chu Mu reminded himself in his heart.

After reaching the wind tunnel, all the wind power disappeared. Chu Mu followed the spatial tunnel towards the other world.

The spatial tunnel was long. Chu Mu couldn't even keep track of how long he had spent walking. It even brought back memories of having to go through the damned underground tunnel with Mu Qingyi.

Finally, Chu Mu felt ripples of energy ahead. Clearly, there was another wind tunnel up ahead!

Walking out of the spatial tunnel, Chu Mu immediately faced the damage of spatial storms. With some experience and being stronger now, Chu Mu was no longer as hard-pressed as the first time he went into chaotic space.

He unhurriedly dodged a few powerful spatial storms and reached the wind tunnel.

Going through, there was another powerful wind whirlpool. Chu Mu of course had to get out of this spatial whirlpool now.

The whirlpool's power all pulled towards the center so entering a whirlpool was rather easy. Getting out was many times harder.

This time, Chu Mu didn't enter brashly. He told little Mo Xie and little hidden dragon to escort him in case he got pulled back in.

"What? This place seems familiar." Chu Mu looked up to see an abyss-like well.

Following that, he noticed the abyss had two caves extending out from the side!

Wasn't this the abyss that Mu Qingyi and he had entered within the ice palace?

Chu Mu remembered clearly that under the glacier that Mu Qingyi and he was in, there was a massive abyss that had a terrifying wind cave at the bottom.

At the time, Chu Mu remembered that 100 meters from the bottom was a cave that lead to the ice palace. Twenty meters away from the bottom was another cave. With their previous strength, neither of them could reach this cave because if they got any closer, they would both get sucked into the spatial tunnel at the end.

This time, Chu Mu had come out of the wind cave. The hundred meter cave was not far above him while the 20 meter wave was almost right beside him.

"Why is binding wind sacred realm and Universe Ice Gate connected?" Chu Mu's mind was filled with questions.

"Young master, this isn't really a strange phenomenon." Hiding within the soul capture ring, Old Li spoke.

"En, please explain well." Chu mu wasn't in a hurry to go to the cave.

“Young master, I mentioned before but the world is split into many layers. Between these layers are chaotic spaces that organisms cannot live in. Let us assume that this binding wind sacred realm is one level below the normal world. This Universe Ice Gate is also one level below our normal space then. This means that if young master walks in the right direction, you will eventually go from binding wind sacred region to Universe Ice Gate.

“Young master has to remember one thing, though. Other than our normal world, every other world is incomplete.”

“Living spaces are like land while chaotic spaces are like the ocean. Our normal world is like a completely interconnected land mass. All other worlds are like islands in a vast ocean. So, as long as you could swim through the vast ocean and reach another island, you can go between these independent spaces.”

This explanation of Old Li’s was well described. This meant that the wind tunnel that he found in binding wind sacred region was like a bridge that didn’t transcend dimensions but simply brought him from one island to the next.

Old Li also said to Chu Mu that similar dimension independent spaces could be connected by wind caves or spatial gates, but most of them were still independent. This bridge between binding wind sacred realm and Universe Ice Gate must have something special about it.

Chu Mu was a curious person. After understanding the situation, Chu Mu decisively dove into the 20 meter cave.

When he wasn’t strong enough, Chu Mu and Mu Qingyi didn’t even dare near the 20 meter cave. Now that Chu Mu had two high class dominator ranks escorting him, the wind no longer posed a threat to Chu mu.

Many times, being able to do things he couldn't do before caused him to be exceptionally happy. Chu Mu was currently experiencing this.

When he first entered the ice palace, Chu Mu had gotten a lot of good things. Presumably, the second cave would have even more special things!

Special opportunities were found only when one goes to places no one has ever been to, trekking regions no one dares to enter!

Of course, whether or not it was a special opportunity was still up in the air. Chu Mu just liked to daydream for a bit while he was happy.

Chapter 1226: Ancient Organism, Dragon People!

Chu Mu remembered the last time he was in the ice palace, the tunnel felt extremely long, causing Chu Mu to have a mind full of perverse thoughts.

Now, Chu Mu was much stronger than before and wouldn't get affected as much. Also, he travels much faster now and won't be as slow as before.

Anyways, after walking for a while, Chu Mu slowly felt that there were elemental ripples ahead.

Sadly, the elemental ripples were there, but Chu Mu didn't see anything he wanted to see.

Continuing forth, the elemental aura got denser and denser. If any ice type or wind type organism lived here long term, they could probably reach top tier emperor rank without any soul items.

Chu Mu lost all sense of time now as he rode Mo Xie along the path. Chu Mu slowly started feeling a piercing coldness and biting wind.

The cave was finally at an end. Chu Mu could see the tunnel open up into endless darkness ahead.

Wind, Ice, and darkness, three thick elemental auras interlaced around Chu Mu. Standing at the edge of the cave, Chu Mu gazed at the suddenly wide open world, looking at the vast unknown in front of him.

In the endless darkness, was there anything? Did it hide a terrifying creature?

Terror came from nowhere, causing Chu Mu to not dare enter the empty darkness.

“Mo Xie, light this up.” Chu Mu said to Mo Xie.

Mo Xie opened her mouth and spit out a purple flame.

The purple flame swiftly flew out, floating in place, pushing the darkness out bit by bit.

However, even if Mo Xie’s purple flames lit up a large area, Chu Mu still didn’t see anything. When the purple flames reached deeper darkness, it was slowly engulfed.

“Mo Xie, cast it that way.” Chu Mu pointed in a direction and opened his mouth.

Mo Xie nodded, and spat out another flame towards where Chu Mu pointed.

The purple flames flew out, lighting up a large area wherever they went. However, the flames got smaller yet again.

Suddenly, at the edge of the flames, a special roof corner!

Flames flew past and slowly disappeared into the darkness, hiding the roof corner again within darkness.

“Yes, there!” Chu Mu locked onto that position and told Mo Xie to continue to send flames that way.

This time, a bunch of purple flames flew out and lit up that region completely.

Within the purple flames, an angular wind palace appeared in the darkness.

The palace had outwardly protruding roof corners, each of which had a bronze bell on them. Because of the wind, the bells were constantly ringing and shaking, yet no sound came from them.

The entire wind palace in the darkness isn't very large, but having a special structure appear in this unknown space wasn't normal.

“Old Li, what do you think it is?” Chu mu said.

The 100 meter cave had an ice palace- the one that Chu Mu and Mu Qingyi both explored. It seems that Qin and Immortal Ming Bird both had gotten a strange inheritance. Now, the second wind palace appeared in an even stranger way. Was there any special secret within it?

“It could be a three palace ancient site. Maybe it has something to do with them, just go in, and check it out.” Old Li said.

Chu Mu nodded, bringing little hidden dragon, Qin, and Mo Xie towards the wind palace.

The wind palace had a gate. When Chu Mu landed on the floating high steps, they finally started hearing the bells in the air.

Chu Mu followed the steps into the wind palace. He found that the wind palace seemed to have a special restriction that could stop the darkness, wind, and ice cold. At least Chu Mu felt a little bit of warmth when they entered the wind palace.

The wind palace’s pillars and walls all had ancient carvings. It went without saying that Chu Mu understood nothing. If he brought the princess forward, maybe she could answer for him.

Strange shapes were placed in the wind palace without any pattern, as if they were placed there temporarily.

“Young master, look at that statue.” Old Li suddenly pointed at a statue and said.

Chu Mu looked at it closely and didn't notice anything out of the ordinary.

“Young master, what have you done with all the books you've read, why don't you recognize it at all. Its a dark type dominator, once known as the most powerful dark type species!” Old Li said.

“The strongest dark type species isn't the Dark Demon Ancestor?” Chu Mu said.

The dark Demon Ancestor was an organism that Chu Mu had seen in a cloud realm library. It is said that there was only one person in this world that owned it, but its strongest techniques could cause a fourth of the world to fall into endless darkness!

Chu Mu already noticed that this world was incredibly large. Mu Qingyi's Evernight Emperor was low class dominator rank and could at most send all of new moon ground into night for two days. Something able to send a fourth of the world into darkness was like a darkness god!

“Darkness Demon Ancestor is the current strongest dark type organism. Dark Demon Ancestor is a rather new species that is a mix breed between the Dark Death King and the Evernight Empress. What is before you is a statue that was once the strongest darkness organism - Dark Death King!” Old Li said very strictly.

“There's not much to be excited about, its just a statue.” Chu Mu wasn't impressed.

Old Li extended a finger and shook it, “Young master, look at this statue's feet, aren't there many sealed diagrams.”

Chu Mu looked down immediately and found that, under each statue was a diagram. If they were actually sealing diagrams, that meant the statue before him was a real and alive but sealed dark death king!

“Young master..... Young master, look at this!” Old Li suddenly yelled.

Chu Mu hadn't come back to his senses and called Old Li aside.

This time, Old Li pointed at another statue. This statue looked more familiar at first glance but Chu Mu couldn't seem to recall its name.

“You don't have to think, young master definitely has never seen it. You've at most seen its bloodline descendents, but in reality its blood is weakening.... Does young master know why its bloodline is weakening?” Old Li said.

Chu Mu, of course, didn't know. This natural law and reproduction wasn't something he could just say off the top of his head, and he wasn't exactly a researcher.

Old Li was very serious, “Because it is so powerful, it had reached a peak!”

“What is this?” Chu Mu asked.

“This is the Guang Ice Immortal! Icy Death King and Ice Pupil Unicorn are already high species rank organisms. In reality, they're all weakened descendents. Guang Ice Immortal is very close to the five undead rank legends.” Old Li said.

Chu Mu suddenly paused as he started pondering why all these organisms were sealed.

“Young master, look again, and here....”

Chu Mu didn't have time to think and was pulled aside by Old Li.

This time, Old Li pointed at a statue that Chu Mu had seen before, another wind type species that reached a peak.

The highest rank organism that Chu Mu had seen before was probably Hero Chief's Unifying Wind unicorn. This tenth phase organism was nearly top tier emperor rank. However, in cloud realm books, Chu Mu saw a wind type organism many times stronger, which was the statue before him - Wind Xie.

The Wind Xie was similar to Binding Wind Spirit, but it was a larger binding wind spirit. It was surrounded by space and had spirited eyes. It was constantly floating, including its form while sealed.

“Old Li, have we entered some ancient organism museum?” Chu Mu looked and found that the entire hall was covered in organisms of at least dominator rank species rank that had stood at the tip of their type at some point!

Old Li clearly was a scholar. It swiftly passed through all the statues and said all the organisms' names with joy and surprise.

“Young master, young master!! Another discovery!!” Suddenly, Old Li yelled out.

Chu Mu just thought of something, and was again distracted by the old Li.

Unable to do much else, Chu Mu went to Old Li.

This time, Old Li didn't stay in the center of the field anymore and instead ran to the highest palace hall.

Just now, having a statue block his gaze, Chu Mu didn't notice a throne in the palace.

The throne was massive and didn't belong to a human. The throne had a large figure on it, as if an organism was laying there.

This organism seemed like a half human that was genderless. However, it seemed overall like a demonic man laying on his side.

It half closed its eyes, and seemed nearly asleep. Its expression was calm yet slightly ponderous, almost human.

The statue was lively and almost seemed as if it would wake up at any time.

Of course, its most special part was its lower half. It wasn't a normal human's legs, but instead was a dragon or fish like body. At first, Chu thought its body was perfectly the size of the chair, but he didn't see that there was a large portion of its long body behind the throne. It looked at least three to four times longer than its human part.

“It seemed that this dragon person is the legendary petrified dragon person?” Chu mu asked.

There were legends about the dragon people all over the world. In reality, according to Old Li’s half human half soul pet theory, dragon people probably weren’t legends. It’s likely that they existed. One had to know that a half devil Chu Mu and half flower girl Yu Suo had appeared already, so why was a dragon person impossible?

Chapter 1227: Double Monument Land, New Moon Land?

“Old Li, what creature is this?” asked Chu Mu.

The interior of the wind palace had been turned to stone. The sealed statues were pretty much all the strongest creatures from an ancient era. They were all standing like subjects in the hall and were all facing the enormous throne. Their expressions all wore reverence and fear towards the creature on the throne.

Thus, the creature on the throne was definitely unordinary, and could likely be an existence from an era that was so inconceivably strong. Otherwise, why would so many of the limited powerful species even recognized as such in today’s world become its subordinates?

“I don’t know... I’ve never seen this creature before.” Old Li shook his head and forced a smile.

“There’s a line of words under the throne. Can you understand it?” asked Chu Mu.

Old Li shook his head again and said: “It’s too ancient, and I’ve never studied this language.”

Although he couldn’t understand why things were the way they were in the wind palace, Chu Mu discovered a set of doors behind the throne.

The outer frame of the doorway was a flood dragon and the interior of the flood dragon contained various complex words and symbols. Chu Mu felt dazzled just looking at it.

Chu Mu attempted to use his hands to push the door open, but found that when he exerted strength, the words would sparkle, forming a restriction that pushed Chu Mu back.

“Young Master, you must undo the incantation on top in order to open it.” said Old Li.

Chu Mu bitterly laughed. He had seen the entire wind palace already. All there was were these statues. But behind them were a set of doors. If he couldn’t open the doors, wouldn’t he be unable to obtain any benefits?

Chu Mu dithered for a long while. Since there was nothing to be obtained so far, the true treasure was most likely behind the incantation doors. This made Chu Mu even more impatient to see what was behind the doors.

“Young master, since this place is the Universe Ice Gates, returning to Wanxiang City won’t require as much effort as returning through the Binding Wind Holy Region exit. Moreover, you know the path. How about you return to Wanxiang City and bring the young princess with you here. She has a deeper understanding of the ancient language and adding on some knowledge and memories from her dominator Devil Soul, I’m sure we’ll be able to find an answer.” said Old Li.

Chu Mu knew that just staring would be of no use. Thus, he had no choice but to return to Wanxiang City.

.....

When Chu Mu returned to the icy mirror world, Chu Mu inevitably felt he was going to go crazy from the atmosphere and walking alone. Fortunately, he could directly enter cultivation and relax his mind. With Mo Xie's speed, he could probably reach the Universe Ice Gates in a few days.

Upon exiting the Universe Ice Gates, Chu Mu took a brief rest in Snow City before having Soul Palace use a spatial talisman, so he could send word to Wanxiang City for the young princess to come to Snow City.

Princess Jinrou had nothing to do normally and occasionally would go to Nightmare Holy Region to look at the state of the Devil Souls. Most of her time, she spent in the palaces reading.

Everybody had things to do while she was a specter that just floated around. She constantly felt bored.

When Chu Mu informed her that he had found an ancient site and required her to solve a problem, her eyes lit up. Without even thinking, she immediately flew to Snow City.

Princess Jinrou had the strength of a dominator Devil Soul, so her flying speed was fast. Before long, she met up with Chu Mu in Snow City.

"Weren't you in Binding Wind Holy Region?" when Princess Jinrou saw Chu Mu, she immediately asked this question out of curiosity.

Presently, Soul Palace's Seven Great Holy Region's Holy Palaces had been transported from Tianxia City to Wanxiang City. Princess Jinrou was curious though because he had entered Binding Wind Holy Region but had then run off to some far off place without telling everyone.

“It’s a long story.” Chu Mu forced a smile.

Princess Jinrou looked in Chu Mu’s eyes. Her crescent and limpid eyes flashed with a sliver of a light blue lustre.

Subsequently, she let out a faint laugh and said: “So that’s how it was.”

Chu Mu was planning on explaining, but forgot Princess Jinrou could read minds. She could figure out mostly what he was thinking.

Chu Mu was still thinking about the objects behind the doors so didn’t stay long in Snow City before heading back to the Universe Ice Gates.

The icy mirror world was still beautiful and quiet like usual. Only this time, an awkward situation like what happened with Mu Qingyi wouldn’t happen again.

Quickly, the two of them managed to reach the wind palace.

The interior of the wind palace was the same as before. Princess Jinrou’s white tight-fitting dress floated back and forth in the hall as she attempted to comprehend the language.

Chu Mu was impatient to learn what was behind the doors so the first thing he had her do was try to see if she could open the doors.

Princess Jinrou spent a bit of time trying to understand the language. A while later, she said to Chu Mu: "Try again and see if you can push it open?"

Chu Mu placed his hands on the two doors and used his hands to push.

A crack instantly appeared between the two doors. The crack kept growing larger from which a ray of fire light seeped through.

The door was opened. The structure of the interior room was an ancient hidden chamber. There were hovering balls of flames on the walls. These flames had probably burned for several thousands of years without extinguishing.

The firelight managed to illuminate the entire hidden room. Chu Mu examined the room, and searched for treasures that flashed with light that others could not see.

Indeed, in a corner, Chu Mu spotted a special coagulating cyclone. The cyclone was thick and its strength was contained. This was definitely a wind type xuan item.

"The wind energy outside the wind palace is very thick. There is an array here that has spent a long period of time absorbing the wind energy before finally transforming into a wind pearl. This wind pearl has probably been nurtured for a thousand years." said Old Li.

"Mhm. What rank is it?" asked Chu Mu.

Currently, with the objects Chu Mu had access to, he probably didn't value a thousand year object. However, this just showed that a dominator rank xuan item wasn't easy to find. The world was so big, but the number of places that could quietly nurture a thousand year object weren't many.

"I'm not sure. Since it's a wing xuan item, young master can just use it to strengthen Qin. In my opinion, its rank won't be low." said Old LI.

Chu Mu nodded his head. He calmly put the xuan item into his pack.

There were three elements outside the wind palace: wind, dark and ice.

Chu Mu figured that since the wind had nurtured an array, there were probably also dark and ice type objects.

Indeed, a moment later, Chu Mu found a dark pearl, and an ice pearl in two respective corners. The xuan aura of these two xuan items was rather dense. According to Old Li's deductions, they were at least of the fifth rank.

"Is there anything else? There's a group of peak rank creatures outside so there can't just be these few dominator rank treasures, right? Are there any that surpass the dominator rank?" muttered Chu Mu to himself.

"To the side, Old Li rolled his eyes and said: "Young master, you're too imaginative. Xuan items that surpass the dominator rank are not called xuan items. They are called immortal items! Since it's worthy of carrying "immortal" in its name, do you think that these objects can be found wherever?"

"I was just speaking off the top of my head. There's no need to get so aggravated." said Chu Mu.

As he spoke, Chu Mu turned to Princess Jinrou who was hovering against a wall. She was focused on the words on the wall.

"To the side, Old Li's face was filled with contempt. He maintained: That's impossible. How could immortal items appear in New Moon Land?"

Princess Jinrou ignored Old Li's retort. Instead, she "pulled" Chu Mu next to her and then used her fair and translucent finger to point at the words on the wall. She said: "The wall records a few ancient things about New Moon Land. It's so ancient that it probably precedes humanity."

"Precedes humanity?" Chu Mu quickly grew interested.

"Yes. Human history in New Moon Land is only about 3000 years. This is a long time for us humans who only live for about 100 years. However, before humans occupied this piece of land, there were other creatures habituating New Moon Land. The creatures that habituated New Moon Land are likely the petrified creatures in the hall outside and their descendants." explained Princess Jinrou

"That's not likely, eh? Any one of those creatures has a dominator rank species rank. Why would those creatures habituate the infertile New Moon Land? New Moon Land's resources should be incapable of providing for them, right?" said Old Li.

"I don't understand this part either. However, I once read in a history book that our New Moon Land has another name..." said Princess Jinrou.

"What name?"

“Double Monument Land!”

Double Monument Land. For some reason when he heard this name, Chu Mu’s body faintly trembled. Two solitary and enormous monuments that towered up to the horizon subconsciously surfaced in his mind.

“Heaven Boundary Monument... our New Moon Land indeed has two Heaven Boundary Monuments.

As she spoke, Princess Jinrou once again “pulled” Chu Mu closer. She pointed to the last row of words on the wall and said to Chu Mu: “The part in front of you is a record about the Heaven Boundary Monuments. The meaning of the words is that you need to go to the Heaven Boundary Monuments and that if you can see them, then the deciphered text of the next row of words will appear on the opposite wall. I believe that the true secret of New Moon Land should be written on another wall. However, the key seems to be on the Heaven Boundary Monuments.”

“So we need to make a trip to the Heaven Boundary Monuments?” said Chu Mu.

Princess Jinrou nodded her head.

“Ok. Let’s go look. Perhaps we’ll accidentally uncover a ten thousand year old puzzle.” Chu Mu’s attitude was optimistic.

The truth was that Chu Mu was extremely curious himself. Moreover, this matter concerned the Heaven Boundary Monuments. Chu Mu had some indescribable fate tied with the Heaven Boundary Monuments so he didn’t have a reason not to pursue this matter.

Before leaving, Chu Mu swept through the wind palace once more, but ultimately didn't find anything and left disappointed.

But Chu Mu was actually very satisfied with three xuan items. Moreover, Old Li was being rather conservative with his estimates. The xuan items were probably not as simple as fifth rank xuan items. Perhaps he would be able to raise another soul pet to the high class dominator rank. He had truly made a huge profit on his long and arduous journey.

Finally, Princess Jinrou had also said that there may even be an immortal item here!

Chapter 1228: New Moon Land's Migration

Snow City was close to the second Heaven Boundary Monument, so Chu Mu and Princess Jinrou rushed there.

There were no plants growing around the Heaven Boundary Monument and on the vast and level ground, everything was barren and infertile.

Specks of yellow sand danced through the air in a haze, preventing people from seeing the path in front of them clearly. The only thing that could be seen was a lofty and towering Heaven Boundary Monument that quietly stood proud. It was unknown how many years it had been there for.

Seeing the Heaven Boundary Monument, Chu Mu's heart felt slightly touched. If it wasn't for its existence, he would probably still be lost in the world of slaughter, unable to recognize who he was.

Chu Mu looked up at the Heaven Boundary Monument. For some reason when he stood under it, he felt that he had to stay grounded. If he tried to fly up above the monument, he would be committing heresy.

“The wind palace wrote that we would be able to read the Heaven Boundary Monument... I don’t understand what that meant. Does it mean that only certain people will be able to see it?” Princess Jinrou’s words softly entered Chu Mu’s ears.

After speaking, Princess Jinrou flew about the heaven monument and looked down from above to see if there were any words that could be deciphered.

She looked very carefully and would occasionally place her finger by her lips in ponderance...

Chu Mu stood there just watching her, waiting for her to find the answer.

“Chu Mu, I’m not sure if you’ve heard of this.” Princess Jinrou’s words floated down from above.

“What words?” Chu Mu didn’t understand.

“To those that have received favor, please repay the favor.” read out Princess Jinrou.

Chu Mu was stunned. He had obtained a drop of Monument Tears from the Heaven Boundary Monument before and it was precisely because of the Monument Tears that he was able to return to his current state from being a half devil. Therefore, he was a person who had received Heaven Boundary Monument’s favor.

But, what did “to those that have received favor, please repay the favor” mean?

Could Heaven Boundary Monument want him to help with something? But what did this have to do with the words inside Wind Palace?

Chu Mu flew up to the words on the monument Princess Jinrou was pointing at.

“Touch it to try.” said Bai Jinrou.

Chu Mu slowly extended his hand and placed it on the words.

An ice-cold feeling rapidly passed through his fingers and arms into his heart. It almost subconsciously made Chu Mu want to pull back.

However, Chu Mu faintly felt something transmitting. It seemed to be the fragment of a memory or some ancient language that mysteriously winded around Chu Mu’s heart.

“This should be the key to Wind Palace.” said Princess Jinrou.

Chu Mu bitterly laughed and said: “I’ve gone back and forth so many times now. If there’s any important information, try and remember it. That way, we won’t have to come back again.”

Princess Jinrou laughed too and said: “We won’t have to because we’ve made a grave mistake.”

“What mistake?” asked Chu Mu.

“Actually, Wind Palace is right under Heaven Boundary Monument. There’s a spatial incantation on the monument and if we read the incantation, we will be able to instantly enter Wind Palace.” said Jinrou.

“Oh, really?”

“Yes. It won’t be wrong. The world is divided into multiple planes of existence and the spatial nodes between individual planes will occasionally correspond. Are you prepared?” said Princess Jinrou.

“Prepared for what?” before Chu Mu had responded, he saw that Princess Jinrou had already begun chanting a string of incomprehensible incantations.

Simultaneously, a row of flashing words lip up at the very top of Heaven Boundary Monument. The row of words mysteriously floated down from the monument and rapidly formed a spatial vortex right at the very top of Heaven Boundary Monument.

At the same time the vortex appeared, the entire world became incomparably dusky. It was as if all the light was being sucked away. If one stretched out his hands, it would be impossible to see five fingers. The only thing that could be seen was the strange spatial vortex hanging above their heads.

Chu Mu still hadn’t understood what the relation between Wind Palace and Heaven Boundary Monument was when a force of power suddenly forcibly dragged him into the spatial vortex.

“Hurry up. Perhaps we will be able to uncover some enormous secret.” Princess Jinrou let out a pleasant laugh, as she was the first to fly into the spatial vortex.

Chu Mu naturally followed because Princess Jinrou had said there was an immortal item in Wind Palace. He was aiming for this. Even if there was no spatial pathway to Wind Palace, Chu Mu would still be willing to make a few trips back and forth there.

The spatial pathway was a bit long. It seemed that there was a slight miscalculation with the direct plane the princes had just spoken of. However, it was still much more time saving than running to Snow City to enter the Universe Ice Gates, the icy mirror world and the caves.

Princess Jinrou looked excited, resembling a girl who had found a new toy to play with. When she passed through the pathway, she didn't stop making various guesses...

As they chatted, a fire light appeared in front of them.

The fire light was very familiar. It was the light from the hidden room. Passing through the spatial pathway allowed Chu Mu and Princess Jinrou to directly arrive on an ancient slab in the hidden room.

"In the past few months, I've passed through countless spatial pathways..." Chu Mu muttered to himself.

How could normal people have the luxury like Chu Mu of passing through spaces and staying out of the normal world.

"The key. Hurry." said Princess Jinrou.

Chu Mu walked up to the wall that was hiding the words and slowly stretched out his hands. In his hands, he remembered the words “to those that have received favor, please repay the favor”.

“What does it mean? Could it be assigning some mission to me?” thought Chu Mu.

As he was thinking, Chu Mu suddenly felt the cold feeling that had entered his heart separate and rapidly transmitted to the wall without any words.

At this moment, closely packed and complex symbols appeared on the wall that Chu Mu still didn't understand.

A beautiful smile emerged on the Spectral Jinrou's face. Chu Mu rarely ever saw her smile so simply. Normally, between her eyes and eyebrows would be a sliver of apprehension...

"Let's translate it." Chu Mu helplessly looked at the large mass of dazzling words.

"I'll look first. I'll tell you after." Princess Jinrou charmingly focused her attention on the words recorded.

Princess Jinrou could understand the ancient language, but her comprehension of them was not as fast as the modern language. There were several phrases that she had to mull along time over before understanding them.

Chu Mu didn't know when she would be able to fully comprehend the words. So out of boredom, he continued to walk around the hidden room and see if he could find any other objects.

After finding nothing, Chu Mu returned to the hall, wanting to see if there were any objects left behind there.

Princess Jinrou didn't realize Chu Mu had left as she was earnestly focused on the words on the wall.

“So Dark Sky Ocean and Eternal Ocean are actually linked together...”

“That means that even further south of the small southern forbidden region south of Tianxia Realm is the ocean.” Princess Jinrou conjectured herself.

“Oh? The northern wild forbidden region is also an ocean too...”

“Eastern Wild Forest is as well?”

“Could New Moon Land have been a peninsula a long time ago? Three of its sides were surrounded by ocean?”

“Dark Sky Ocean World is a small ocean while Eternal Ocean is a boundless ocean. In other words, New Moon Land is the most peripheral border between the continent and Eternal Ocean. It's pretty much at the edge of the horizon and the corner of the ocean...”

Princess Jinrou connected her findings with the world maps she had recently seen, and felt that this was the most suitable answer.

“What are the Heaven Boundary Monuments? Could they have been a landmark some ancient person left here? But I don’t think it’s that simple.”

“So the creatures in the hall were all creatures that used to habituate New Moon Land. Probably a long time ago. New Moon Land should be an extremely special territory, otherwise why would it attract so many peak species? However, as times changed or perhaps due to species, this place became barren. It wasn’t until 3000 years ago that humans gradually began to reside here and reproduce to create a human subspecies.”

“But why did New Moon Land that once was the gathering place of so many powerful creatures deteriorate so quickly? Yes, there’s an explanation here... and here I thought they were intentionally keeping it suspenseful.” the corners of Princess Jinrou’s mouth faintly raised.

Princess Jinrou slowly read and gradually her small mouth opened in shock...

A moment later, the strong interest on her face gradually turned serious, before she finally revealed a slightly alarmed expression!

Princess Jinrou’s body faintly trembled. Her entire being seemed to be enshrouded with fear.

“Chu... Chu Mu...” Princess Jinrou panic-strickenly called out for Chu Mu.

However, when she turned around ,she discovered that Chu Mu was no longer in the hidden room.

“Chu Mu, where are you?!” Princess Jinrou was worried and anxiously searched for Chu Mu.

Chu Mu who was sifting through items in the hall heard Princess Jinrou's voice thought she encountered some danger and hastily used Displacement Specter to teleport to Princess Jinrou.

Princess Jinrou saw the silver devil flames burn in front of her before Chu Mu's body quickly appeared after. She calmed down a bit.

"What's the matter?" asked Chu Mu.

Princess Jinrou floated up to Chu Mu and hid behind him. She no longer dared to continue deciphering the words on the wall.

Chu Mu looked at her scared appearance, and a trace of compassion surfaced in his heart. He wanted to open his arms and console her, but his arms passed through her shoulders without touching anything.

Specter... Chu Mu had forgotten about Princess Jinrou's current state.

Chu Mu and Princess Jinrou spoke a few sentences before her emotions slowly began to calm.

"What did you see?" asked Chu Mu.

"I saw a pair of very terrifying eyes. I keep feeling that I've seen these eyes somewhere before." quietly said Princess Jinrou.

“Weren’t you deciphering words? Why did you see eyes? Was there something on the wall?” asked Chu Mu.

Princess Jinrou shook her head: “It’s an illusion incantation. As I read, I saw a few illusions. These illusions record the reason for the changes to New Moon Land. In the illusions, I saw a pair of eyes. The pair of eyes belonged to the main cause of the disaster. It is truly very scary. Extremely scary...”

“The feeling I got when I looked in its eyes was like I would never wake up again. My body and soul were all controlled by it.” said Princess Jinou.

“What did it look like?” asked Chu Mu.

“It’s half human... it’s lower half is somewhat flood dragon, somewhat snake and somewhat fish.... Oh! It’s the thing that was lying on the throne!!!” abruptly cried out Princess Jinrou in alarm.

Chapter 1229: If I Sleep, The World Sleeps!

Chu Mu turned around. From his position, he could see the back of the throne perfectly, with the large half of its body on the ground.

“It is sealed, and doesn’t seem to be able to move, don’t worry.” Chu Mu comforted Princess Jin Rou.

Chu Mu had been in illusions before. If they were really realistic, even if you knew it was an illusion, you could still be charged with emotions. Princess Jin Rou clearly entered an illusion just now where the organism on the throne was unsealed. From that, one could tell that the organism known as the strongest species, the dragon person, was probably a very powerful being.

Princess Jin Rou shook her head, her body still slightly shaking. She said in a very small voice, “It..... it isn’t sealed.”

“Not sealed? It’s alive?” Chu Mu paused and stared in shock at the organism.

“En.”

Chu Mu’s heart shivered. If this thing was alive.....

Even the top tier species rank organisms had to become servants for it. This already showed the dragon people’s strengths. If it was still alive, maybe a single move of a finger could cause him to become ashes!

Chu Mu no longer dared to move. A human’s mind was like that; when one was ignorant, Chu Mu dared to speak out loud in front of the dragon person. However, knowing that it was alive, Chu Mu felt that even walking had an immense pressure.

“It says here that this organism....” Princess Jin Rou was just about to speak more, when a strange noise appeared in the main hall.

Princess Jin Rou opened her mouth, but had to swallow it halfway through as she started staring wide-eyed in fear around.

Chu Mu’s heart similarly tightened and he quickly hid his own aura. Slowly walking to a shadowed area near the door, he used his peripheral vision to sweep the room.

Chu Mu's vision was blocked by the throne. Chu Mu could only see what was happening in the main hall through a reflective crystal surface.

In the center of the hall, two or three statues started to shake, their bodies slowly going from a petrified state to blood and flesh.

One of those statues was a dark death king. When the dark death king opened its eyes, it turned its head slightly and looked around, dazed, as it surveyed the surroundings.....

The dark death king and the two other organisms all recovered movement, but their body didn't seem to be able to move yet. Chu Mu could only see their heads moving from the reflection.

Suddenly, the dark death king's eyes turned to the crystal!

Chu Mu saw the dark death king through the reflection, meaning the dark death king could also see the darkness Chu Mu was in through the crystal!

Most importantly, the dark death king was an expert in dark type. Chu Mu hiding in the darkness was no different from him being directly exposed!

The dark death king's pupils were quickly turning as a pair of eyes looked at Chu Mu without emotion!

He noticed! Chu Mu quickly realized he had been discovered!!

Chu Mu's heart tightened. This dark death king's strength was definitely much more powerful than he was. If it attacked him, he would be hard pressed to run. Let alone, there were some organisms around the dark death king too.

“Gezhi~~~~~”

“Gezhi~~~~~”

Stranger sounds appeared from in the hall. Chu Mu subconsciously turned to look at the crystals on the other side and noticed even more organisms awaking!

“They.... They're all awakening!”

Chu Mu's heart sank. All the organisms in the courtyard were beings he couldn't even take on one by one. With them all awakening at once, there wasn't even a chance they could resist it!

“Chu.... Chu Mu....” Princess Jin Rou was shaking as her finger pointed towards the throne.

“Sisi~~~~~”

Suddenly, the throne organism's upper half started moving!!

Chu Mu's heart was even more seized up, as cold sweat dripped from his neck.

The Dragon Person awakened!!!

The organism able to make countless species offer their allegiance!!

Chu Mu stared blankly, and saw the lower half of its body and tail lightly wave. He felt his breathing stop.

Chu Mu and Princess Jin Rou were both stock still, unable to say a word or even communicate. They stared wide eyed at the throne, scared that the dragon person would suddenly turn around and stare at them.

Princess Jin Rou hadn't forgotten the dragon person's scary eyes yet.

The entire courtyard was in commotion as more organisms were awakening.

Chu Mu and Princess Jin Rou felt it was so silent they could hear their heartbeats.

The status lasted a few seconds. The waving of its tail got slower until it stopped moving and switched positions.

At that moment, the commotion in the courtyard slowly disappeared too.....

Chu Mu and Princess Jin Rou held their breaths. When they realized that the courtyard recovered its original silence, they still didn't dare to relax.

After a while, Chu Mu specially glanced at the crystal at the side to notice that it was completely still now.

The dark death king indeed noticed Chu Mu, and was about to speak as if to say something.

However, it was again no longer moving. It kept its mouth open as if to convey something, but it wasn't quick enough.

The dark death king was now back to being a statue. The organisms near it were also a statue now.

Chu Mu's gaze was on the other crystal, and he noticed that the scene was also silent.

The previously moving organisms all turned back to statues!

This process only took a few seconds, but the heart pounding experience made Chu Mu feel as if he just escaped a near death experience!

There were thirty or so statues in the hall, each able to easily destroy Chu Mu's current state. Even if he faced a single one of them, he would be in grave danger, let alone thirty more. If they started an attack, there would be no chance of victory!

Of course, even scarier is the ancient dragon person!

When it waved its tail, Chu Mu felt his breathing nearly stop. Even without releasing any aura at all, Chu Mu could smell the extreme danger!!

After everything went calm, Chu Mu's heart went even faster. This feeling of anxiety was something he had never experienced!

After a countless amount of time, Chu Mu and Princess Jin Rou slowly calmed down.

"That was terrifying." Princess Jin Rou said in a small voice.

"En. Almost lost my life there." Chu Mu laughed bitterly.

If he died here for no apparent reason, Chu Mu truly didn't know how to justify it to his loved ones.

This wind palace clearly wasn't something he could wander around in his current rank. Chu Mu wanted to leave this place first. As for whatever Immortal Item, he would wait until he had the power to take it first.

"Let's leave here first." chu Mu said.

Princess Jin Rou shook her head and floated back to the wall painting before and said to Chu Mu, "We should be fine now."

Chu Mu looked at Princess Jin Rou who suddenly had interest in reading the ancient words again, and became speechless.

Women were truly strange creatures. Just now, she was too scared to even speak, yet now she seemed to have forgotten all danger and now had the courage to stand around.

“Chu Mu, come to me.” Princess Jin Rou waved for Chu Mu.

Chu Mu walked over without a choice. Looking at the texts, he said, “I don’t understand them.”

“I feel safer with you here. You are my personal bodyguard, after all.” Princess Jin Rou smiled slyly.

“.....” Chu Mu was speechless. That was something from forever ago.

Princess Jin Rou was focused on the words above, but Chu Mu started reminiscing of past events.

At the time, Chu Mu felt that Princess Jin Rou was untouchable. Yet now, she truly was. Looking at her beautiful but half transparent spectral form, Chu Mu didn’t feel great either.

“En, that dragon person probably was stirring in its sleep, but its slumber isn’t finished.” Princess Jin Rou spoke to herself as well as to Chu Mu.

After a while, Princess Jin Rou seemed to have deciphered everything and turned to look at Chu Mu, “This last sentence is the exact same as the heavenly monument.”

“Those who receive blessings, please also bestow them on me?” Chu Mu asked.

“En.” Princess Jin Rou nodded.

“What does the large part at the top say?”

Princess Jin Rou gave a brief run down of the past of New Moon Ground to Chu Mu and told him that the species within here all lived in new Moon Ground at one point.

“So in the past, New Moon Ground was a treasured land?” Chu Mu sighed.

Since there would be powerful organisms, it meant that the land must have been very plentiful in resources!

“Afterwards, because of its appearance, the land weakened.” Princess Jin Rou pointed at the throne and said.

“Is it not their king?” Chu Mu asked questioningly.

Princess Jin Rou shook her head, “More accurately, it is their greatest disaster.”

“The gist of things is the ancient dragon person appeared and took a large amount of resources, making many existing species extinct and causing the remaining powerful ones all subservient to them.”

“This fellow for some reason was born powerful. All these powerful species were like slaves in front of their emperors when faced against him. It’s far beyond a simple disparity.”

“It was like a god, where all organisms in this world had to listen to its control.”

“It loves to sleep, and often sleeps for thousands of years.....”

“When it closes its eyes to sleep, the world sleeps with it!”

Princess Jin Rou said the description to Chu Mu.

After hearing this last sentence, Chu Mu felt his soul grow cold and suddenly turned around to look at the coiled up tail on the throne again!

“When it sleeps, the world sleeps.....”

“Does that mean that, since it keeps its eyes closed for sleeping, all these other organisms are forced to sleep with it?” Chu Mu was bewildered.

Princess Jin Rou nodded and was palpitating, “Just now, hopefully it was just stirring in its sleep.....”

## Chapter 1230: The Disastrous Rule after the Solar Eclipse!

### Stirring in Sleep!

A stirring in sleep caused Chu Mu to almost be scared to death.

And, this ancient dragon person was truly too scary. Just because it was sleeping, it forced so many high ranking organisms to sleep with it. Were these organisms just useless slaves to him?

“It says up there that on the hundredth full solar eclipse, it will truly awaken. If we count from the moment it went to sleep, it’ll wake up the next full solar eclipse.” Princess Jin Rou said.

“Full solar eclipse?” Chu Mu furrowed his brows and seemed to think of something.

Humans counted with year, mostly using the seasons. In reality, most organisms didn’t count time with that and instead use the sun and the moon.

The so called sun and moon cycle wasn’t day and night. It was a cycle of Moon Tide and Solar Eclipse!

The Moon Tides were when the moonlight is the fullest. Many plant type organisms in the world would emit reproductive pollen only when the moonlight reaches a certain height.

And the flower pollen floating through the air would also have arousing effects, causing the natural world to reproduce at a higher rate.

This period covers a long period of time, usually over two decades. It is said that ancient humans used the Moon Tides to count time too.

After one Moon Tide, there would certainly be a solar eclipse. The solar eclipse marks the end of the mass reproduction. After that, the number of organisms will decrease.

Chu Mu entered the south forbidden realm before the independence battle and fought a war for the south forbidden realm. That south forbidden realm was in the moon tide period where soul pets were reproducing like crazy!

The moon tide marks the start of reproduction, so the overpopulation must have been ten or twenty years after the start. This means the moon tide is about to end soon.

After the moon tide ended, the solar eclipse would happen. The solar eclipse should be set to happen in the upcoming few years!

Ancient Dragon Person's strength was terrifying beyond Chu Mu's imagination. However, he knew for sure that the moment it appeared, all of New Moon Ground, no, a large portion of the human territory nearby would fall under the ancient dragon person's rule!

Just thinking about it scared Chu Mu!

More importantly, why was he born at this exact moment? It had been asleep for over three thousand years!

“The wind palace was likely created by the civilization at the time. Those that wrote these words down probably wanted to remind the people of this land that disaster would strike when it awakens.” Princess Jin Rou explained.

After he got there, Chu Mu’s mind started swimming with scenes.

Because these scenes come from a long time ago, Chu Mu sometimes would see them in his dreams, but would always forget about them once he woke up.

For some reason, Chu Mu felt these images slowly become clearer in his mind.....

It was a running beast that had a powerful fighting strength, and the reputation to command an entire army. Yet, Chu Mu saw it running away begrudgingly, running for its life as if something were chasing it!

This time, Chu Mu remembered!

Chu Mu’s heart shook. Can it be that the organism that was chasing this powerful beast was the ancient dragon person?

The scenes started appearing in Chu Mu’s mind continuously. Chu Mu saw this beast run through the plains, through forests, over the great ocean, continuously running, but also seemingly searching for something.

“The mural seems to say there is something in the ocean that can continue the ancient dragon person’s slumber.” Princess Jin Rou said.

With Princess Jin Rou's reminder, Chu Mu understood. Presumably, the beast had found the special item that put the ancient dragon person into a slumber that lasted 3000 years.....

However, what was it, and if the ancient dragon person woke up in another solar eclipse, what could they use to stop the disaster this time?

"En, there's something hidden below it." Princess Jin Rou knelt down and found a hidden groove at the bottom of the wall painting.

Chu Mu touched it, and found that the hidden groove slowly opened up.

"To those that have received favor, please repay the favor." The string of ancient words floated into Chu Mu's ears.

After the hidden groove opened, a dazzling gleam came out from within!

The brilliant brown created a beautiful halo that interlaced and fell around the crystal core. The soul core laid there silently, filled with a sacred aura.

Chu Mu took the soul crystal out, and put it on her palm to examine.

"My god!!" Suddenly, Old Li yelled out at the top of his lungs.

When Chu Mu was still immersed in the glory of the glow, he was forced out of the mental state by Old Li's yelling.

"What are you yelling for!" Chu Mu yelled back, clearly annoyed.

"My god..... Heavens..... Young master, do you know what you're holding in your hands?!" Old Li yelled again.

"Isn't it just a soul core?" Chu Mu lifted an eyebrow.

"Of course it's a soul core, but can't young master use your brain for a second and see what rank it is?" Old Li yelled.

"I feel like its rank is high, but I really don't know its rank." Chu Mu said.

Soul cores are valuable, but not extremely. If it were a soul crystal, Chu Mu would be much happier because those could be used directly to strengthen soul pets.

"This is a soul core of an organism beyond dominator rank!"

Old Li said this and Chu Mu finally realized!

A soul core's value was approximately a hundredth of a similar level soul crystal. A low class dominator rank soul crystal is worth 500 xuan, a low class dominator rank soul core is only about 5-25 xuan.

5 to 25 xuan was not much for Chu Mu's rank.

However, for any emperor rank, it would be a massive wealth!

By the same principle, if the thing in his hands was truly the soul core of an organism beyond dominator rank, then to him, a person in dominator rank, it is a top tier xuan item!

"Beast, bug type soul core. Young master can go tell Ye Qingzi to split it up and create a xuan item. Zhan Ye's middle class, high class, and even top tier dominator xuan items would all be available then!" Old Li yelled excitedly.

Of Chu Mu's soul pets, Zhan Ye's xuan items were the hardest to find. After all, the many types of Little Hidden Dragon could now be improved through battle. Mo Xie's strength grew directly with his soul remembrance. Zhan Ye was low rank because he had no xuan item!

And now, beast and bug type beyond dominator rank soul cores could perfectly solve this. Chu Mu just had to tell Ye Qingzi to combine the dark sub type and Zhan Ye's strength would raise!

Chu Mu's heart was beating heavily. This time, it wasn't because of danger, and purely because of excitement.

If Zhan Ye was top tier dominator rank, just how powerful would Zhan Ye become?

Holding the sacred aura's soul core, Chu Mu's hand was slightly shaking!

Indeed, there were sacred items!

Chu Mu truly didn't expect that after they deciphered the mystery of New Moon Ground's Heaven Boundary Monument, he would get a Sacred Item! After having the sacred item and raising the strength of his soul pet, no matter how large the world is, where did he not dare to go?

"Chu Mu.... it says that those who receive the favor should also repay it...." Princess Jin Rou reminded Chu Mu in a small voice. She seemed to understand this already. Glancing at the excited Chu Mu, he continued, "If you take this soul core, it means you must get rid of this ancient dragon person's awakening."

Princess Jin Rou's words caused Chu Mu to become much more awake.

The ancient dragon person was incredibly powerful. At least, one could see that from the sealed top tier species there.

If it awoke, new moon ground would have to migrate because no one would be its foe. Possibly even divine sect would have barely anyone stronger than this ancient dragon person.

"The monument tears have already awoken me once. This was bound to be my duty anyways." Chu Mu said.

Chu Mu was quite understanding of this.

If there's a cause, there's an effect. The heaven boundary monument would never help a human for no reason.

However, this mission truly was a little too difficult.

"Young master, the most powerful species of every type is here. It may not be the most powerful water type in the world, but it definitely has one of the highest species ranks and lives at the top of the organism pyramid. This fellow isn't going to be easy to deal with. I suggest you tell this to the divine sect." Old Li said.

"Tell divine sect- would they solve it?" Chu Mu asked.

"Of course, you think a small place like New Moon Ground could contain this disaster? The reason heaven boundary monument is here means that this land once had the most powerful organism in the world. If it awakens, let alone new moon ground, the entire He Territory will sink into the ocean!"

Princess Jin Rou nodded. Such an organism is no longer something a small realm could deal with.

"Speaking of which, when is the next solar eclipse? Don't tell me it's just in the next year or two." Chu Mu asked.

"I'll have to calculate it based off the star and sun paths. I'll give you an estimate." Princess Jin Rou said.

“I saw some memories in heaven boundary monument. The owner of this soul core seemed to have put something in a very special place in the ocean. The thing seems to be used against the ancient dragon person.” Chu Mu said.

“Then let’s try our best to find it.” Princess Jin Rou said.

Chu Mu nodded and his thoughts started wandering.

On the other side of the ocean, he still had a soul pet wandering as a nomad.....

“Shouldn’t it be time that it comes back?” Chu Mu thought to himself.
